Atomic Control Agreement Effort Is Off

Arab Forces Are Pressing Against Tel Aviv

Sh Capital Bombed Air This Morning

TEL AVIV (CP)—While the army of newborn Israel is near the capture of the Arab city of Haifa, the north and has struck seven miles into the Arab zone, ten lives have been taken as the cost of the air raids which have been pressed on the capital of Tel Aviv for the last three consecutive days.

It is believed that the Arab forces took part in the bombing. One of them was a medium bomber. The plane was apparently aimed at the city.

At Cairo the Arab High Command said Egyptian troops had advanced thirty miles into Palestine. It said that the Jewish High Command authorized the evacuation of the Jews from the city.

Conditions of the evacuation are that the Jews must be accompanied by their families, men, women and children be handed over to the international Red Cross office. A Middle East broadcasting station is reported as having said that Syrian and Iraq troops have joined forces in the Samakh area, on the southern tip of the Sea of Galilee.

Arab volunteers are said to have captured Lydda airport, inside Israel territory less than ten miles from Tel Aviv, also another strip at Qalandia, a Jewish colony.

At Baghdad Iraqi ministers pledged today that the Iraqi Army, together with other Arab armies, would fight to the last man to rescue Palestine irrespective of the nature and extent of foreign support for Israel.

CORRESPONDENT FOUND DROWNED

SALONIKA, Greece — A Greek cabinet minister hurried here from Athens today to investigate the death of George Polk, an American radio correspondent, whose trussed body, with a bullet in the head, was found floating in Salonika Bay yesterday.

Polk, aged 34, disappeared after telling friends he was on his way to interview the leader of the Greek communist guerrillas seven days ago.

NORTH MANITOBA GETTING FLOODS

WINNIPEG — Northwestern Manitoba buildings were prepared today to receive 135 families from The Pas district farms. The families have been forced to leave their homes by spring floods which have destroyed their 1948 crops.

Farmers, Indian trappers and game guardians in canoes and barges will assist in the evacuation.

Milking cattle that are evacuated will graze beside local cemeteries in order to use all available pasture land.

CHARLOTTE ISLANDS TO BE SERVED IN NEW SERVICE

Service between Vancouver and Prince Rupert via all Queen Charlotte Island points will be provided by the Union Steamship Co. in its scheduled summer which will bring all the combined crack liners—Coquitlam, Camosun and into Prince Rupert as well as the popular veteran Catala. The Coquitlam will carry out the Islands service, the Camosun will take the Vancouver-Prince Rupert-Stewart route and the Chilcotin will again be operated, as she was last year, on special weekly scenic cruises through here as far north as Ketchikan. The Catala will continue on the Vancouver-Skeena River-Prince Rupert route.

Tracy Barrett Is Pitcher of Fame

TRACY BARRETT, a fortyish, pitched into baseball's frater-fame Sunday with a perfect no-hit game. He led Seattle Pacific Coast League pitcher Sacramento. Not reached first base. He has been a professional player for twenty years.

WRITES PEACE

BROUGH — Emmanuel, minister of war man of the Labor League today for co-operation to end of war "before it is too late."

LOVER GIRL

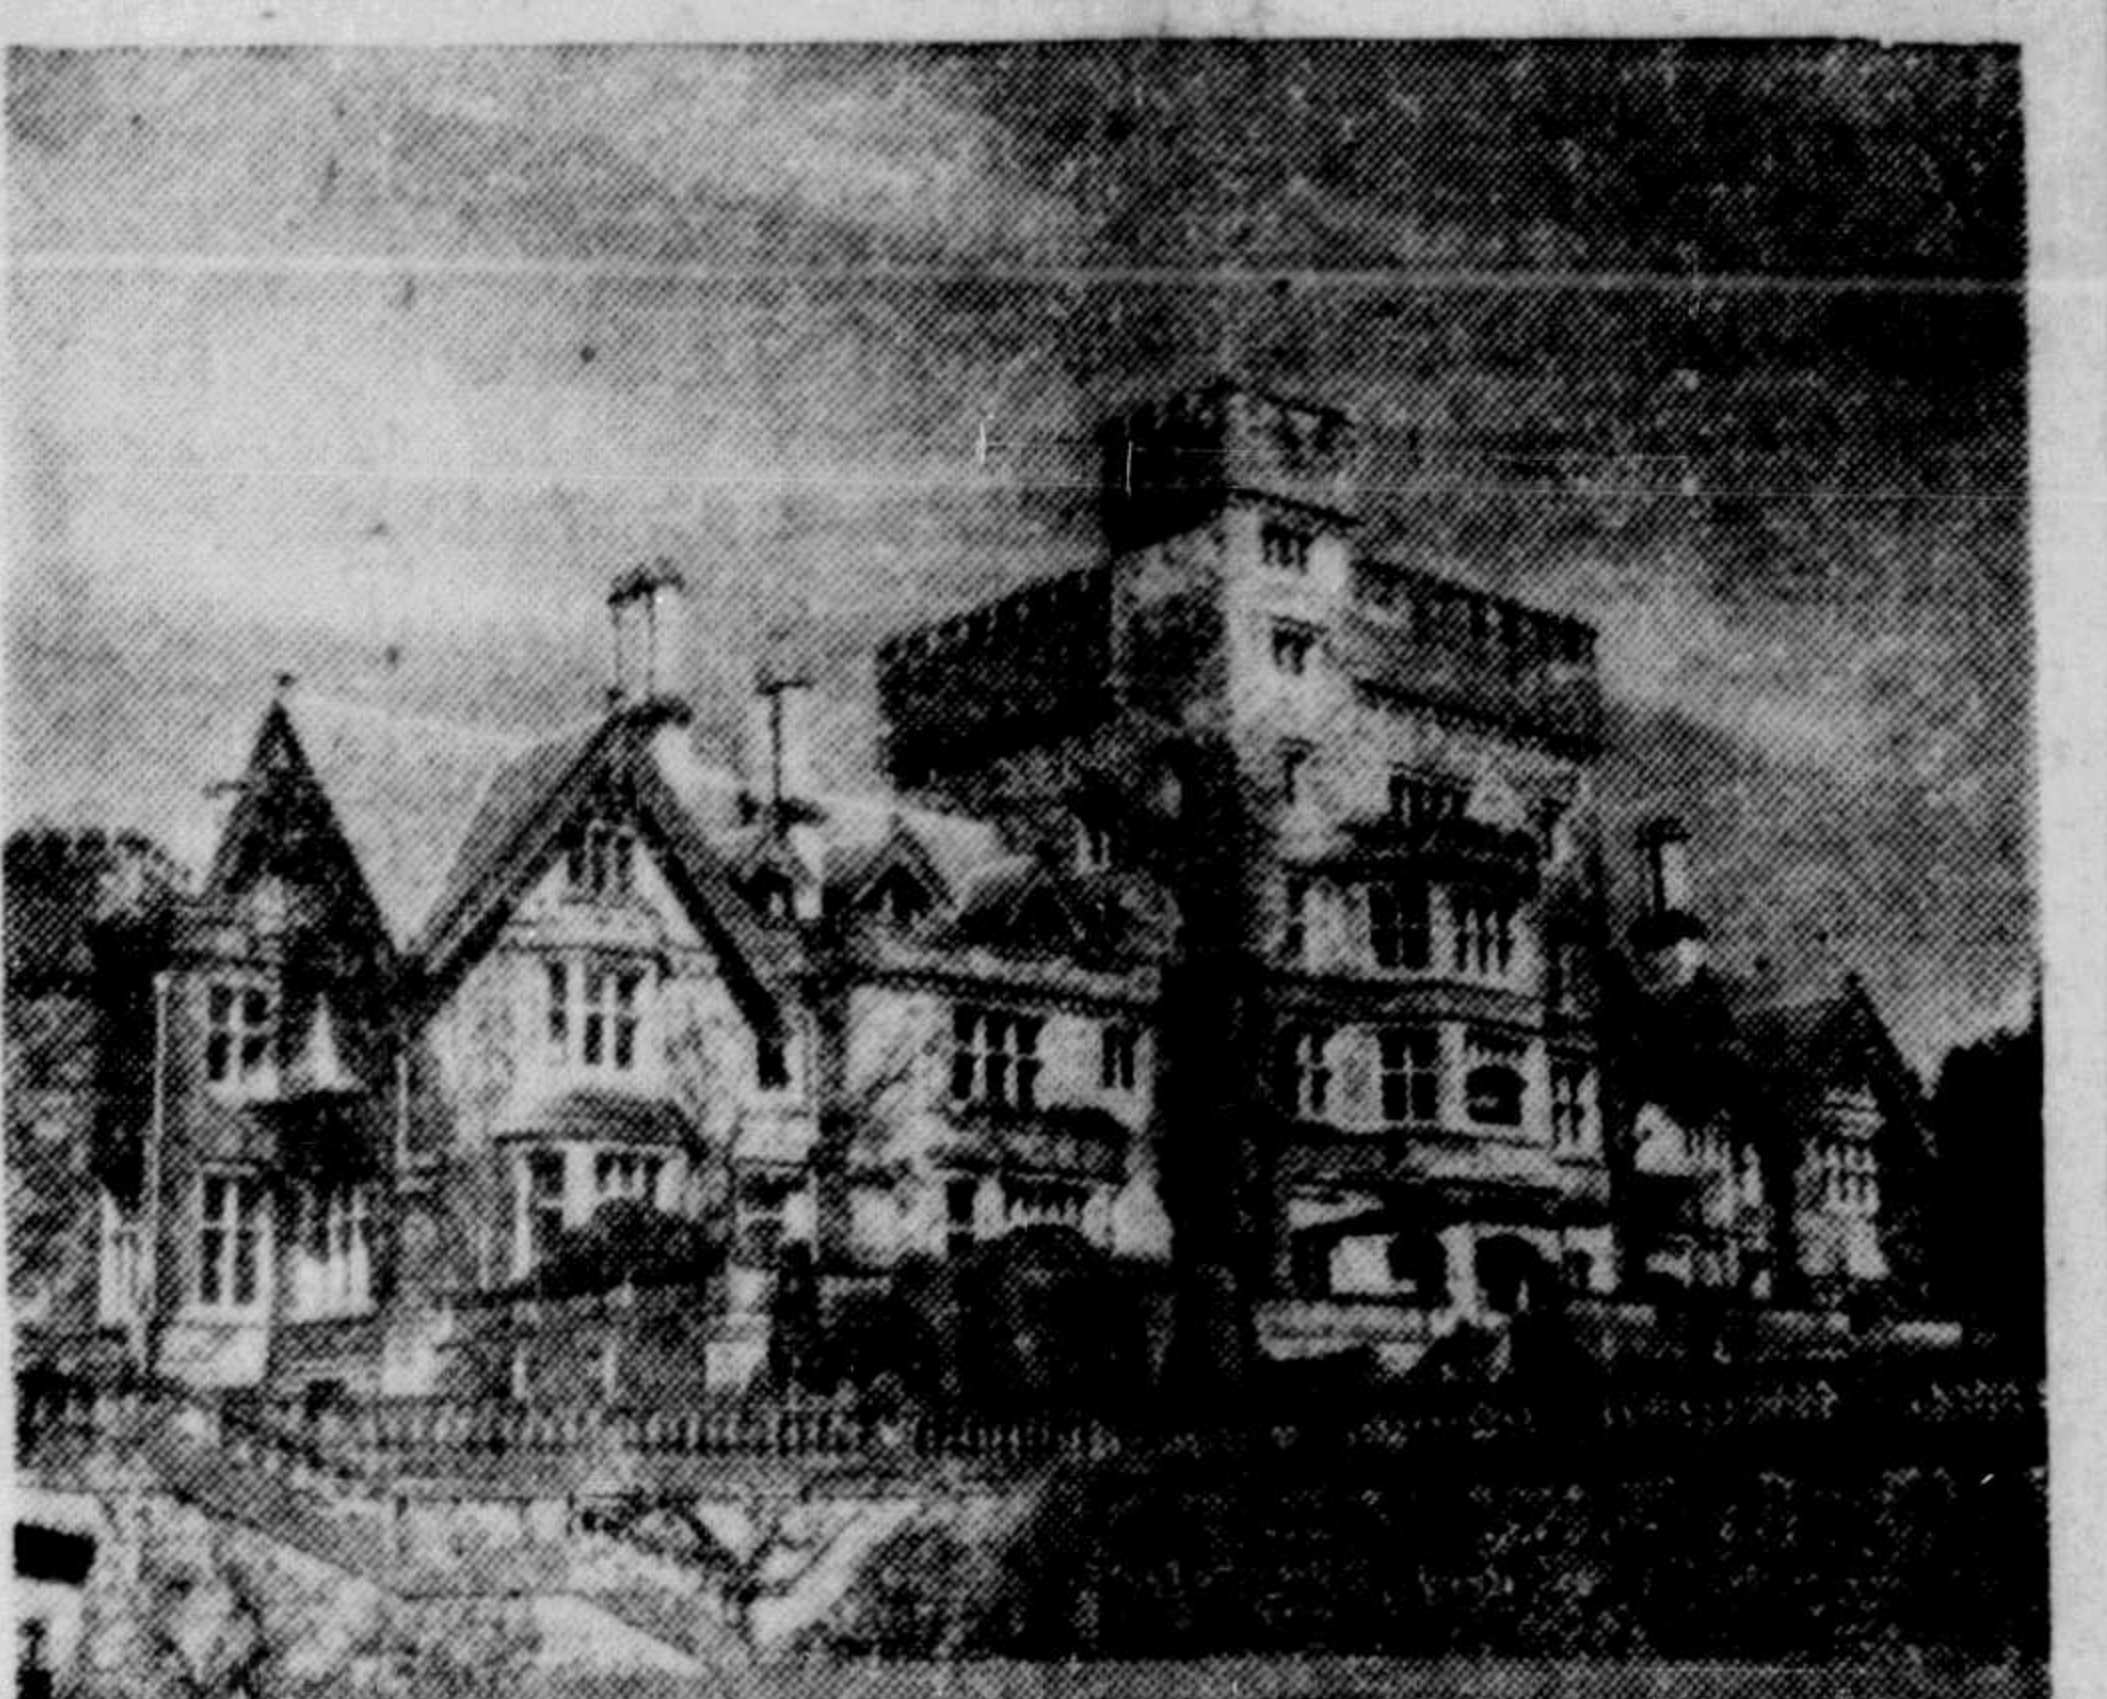

LOVER GIRL — Margaret Little, Vancouver ballet star, has Broadway and success. She is one of the leads in the new York hit show "Look Dancin'."

LET STAR

LET STAR — Margaret Little, Vancouver ballet star, has Broadway and success. She is one of the leads in the new York hit show "Look Dancin'."

LET STAR

LET STAR — Margaret Little, Vancouver ballet star, has Broadway and success. She is one of the leads in the new York hit show "Look Dancin'."

ROYAL ROADS—When "Royal Roads," the Canadian Services college near Victoria, opens for a new term in mid-September, it will be the first time in the history of the college, will take up their studies side by side. The former Royal Canadian Naval College was reorganized a year ago to form a combined R.C.N. and R.C.A.F. College. "Royal Roads" now plays a large role in the combined service colleges plan for training of officers.

(Above) The castle-like edifice comprising the combined services college "Royal Roads" is situated on the shores of the Esquimalt Lagoon near Victoria. The "Castle," shown above, houses the administration offices and sick bay as well as class rooms. It was taken over by the Royal Canadian Navy in the early part of World War II to train reserve naval officers.

(Below) When a busy day is the routine at the R.C.N.-R.C.A.F. College, H.M.C.S. "Royal Roads," plenty of good wholesome food is welcomed by the cadets. "Tucking" into it are senior term naval cadets (facing camera). Left to right, Robert J. McAllister, Westmount, P.Q.; Hartland L. Price, Quebec City, and Allan C. Rowlands, Westmount, (back to camera) Peter Shirley, Cochrane, Ont. (left), and Dennis H. Pratt, Victoria.

Queen of May Hails from North; Outdoor Girl to Reign May 24

The charming little lady, Barbara Ball, who will reign as Queen of the May when the Kinsmen hold their Victoria Day celebration, hails from Telegraph Creek. At present she is attending Conrad Street School but her home is in that little northern community which became world famous as a hopping-off point to the gold fields of the Yukon in '98. Her father, George B. Ball is well known in the north as a guide and packer.

B.C. MINISTERS TO VISIT RUPERT

At least four provincial cabinet ministers will visit Prince Rupert during the coming summer, it was learned by a Daily News representative on a recent visit to Victoria. First will be Hon. E. T. Kenney, minister of lands and forests, who will be here late this month or early in June in the course of a trip north to visit his home town of Terrace and his constituency of Skeena. Other ministers coming later are expected to be Hon. R. C. MacDonald, minister of municipal affairs; Hon. W. T. Straith, minister of education, and Hon. Frank Putnam, minister of agriculture.

TRUST MUNICIPALITIES
Local administration in Denmark is to a great extent entrusted to the municipalities, but is subject to a certain measure of supervision by the state.

ALSO COMES FROM NORTH
Dark curly-haired Bertha (Continued on Page 3)

Fishery Industry Training

At the regular monthly meeting of the Prince Rupert local Employment Advisory Committee on Friday evening last discussions and meetings that have been held for some months were crystallized into definite action when an Advisory Committee on Technical Training in connection with the fishing industry was formed.

For some months the local Employment Advisory Committee has been urging action to correlate some of the courses in the High School with technical training in the various phases of the fishing industry. Prince Rupert's most important industry. A delegation met the local school board some weeks ago. The fishing industry, both employers and employees, showed a definite interest in the proposed courses as they recognized both the need and value of such instruction.

At Friday evening's meeting the Advisory Committee on Technical Training was established with the following members accepting definite assignments covering all the aspects of fishing, from the preparations for catching the fish to the final marketing of the catch: Harold Thom, Norman Bellis, H. Robbins, J. C. Gilker, George Anderson and A. M. Hurst.

The United Fishermen's and Allied Workers' Association will be asked again to send a representative. This committee will prepare a brief on the courses needed to give the technical training and with A. M. Hurst, principal of the local High School, will make plans to co-ordinate the instruction with the practical participation in the industry.

That the industry recognizes the value of such courses is shown by the offer of the Fishing Tractor and Equipment Co. to supply instructors and machinery to enable the students to carry on the necessary practices. Qualified instructors will be sought from the industry to supplement the instruction given in the basic subjects by the teaching staff of the high school. There will be no need for much expense by the local board of school trustees as the intention is to plan the course over a three year period with ordinary basic courses in school directed towards active participation in the fishing industry. That will provide locally trained personnel for the industry as a whole and for advanced scientific positions when available.

The Employment Advisory Committee found the local unemployment situation had been greatly relieved by seasonal activities and with the progress reported in connection with the Celanese project at Port Edward, employment conditions are much brighter. Figures supplied by E. V. Whiting, local manager, showed a reduced number of applicants for unemployment insurance benefits.

Information that an order had been given for five thousand tons of structural steel to the Dominion Bridge Co. at Vancouver for the Port Edward project was an encouraging feature.

It is hoped also that local citizens who will be taking part in the "Clean-Up, Paint-Up" campaign will get in touch with the local Employment Office when they need to hire help. There are many "over forty years" of age available for such jobs. These are experienced, willing workers.

Chairman J. S. Wilson, presided at the meeting, with James Nicoll, J. S. Black, George Anderson, J. C. Gilker, Harold Thom, Norman Bellis, A. M. Hurst, Col. Hamilton Grant, E. V. Whiting and H. C. Whiffin present.

U.N. Commission Gives Up Two-Year Attempt

LAKE SUCCESS (CP)—The United Nations Atomic Energy Commission decided today to end its two-year effort to agree on world atomic control. The vote was 9 to 2. Russia and the Soviet Ukraine voted against the suspension which was proposed originally by the United States, Great Britain and France.

Russian delegate, Andrei Gromyko, declared that the Soviet stands for an international system of inspection and control. No agreement was possible, he added, under the United States control plan.

ATOMIC WEAPONS BEING IMPROVED

WASHINGTON D. C. — The White House today reported tests involving three atomic weapons of improved design had proven successful in all respects recently at Eniwetok atoll in the Pacific. The tests are called a "milestone in atomic development."

THE WEATHER

Synopsis
Weather conditions are improving generally over British Columbia today. Clearing skies and higher temperatures are expected in most regions today and tomorrow.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Cloudy, with scattered showers today. Cloudy tonight and Tuesday. Wind westerly (15 miles per hour), little change in temperature. Lows tonight and high Tuesday—Port Hardy 42 and 60, Massett 43 and 55, Prince Rupert 43 and 60.

Vancouver Board of Trade Here

Prince Rupert will be host to a party of 75 to 90 members of the Vancouver Board of Trade on Monday, June 21, if plans initiated by the Vancouver Board at the end of the week materialize. Negotiations have been opened with the Union Steamship Co. for the chartering of the steamer Camosun which would leave Vancouver on the night of June 18, calling at Ocean Falls on the way north and arriving here at 9 o'clock Monday morning, June 21. Remaining here until late that night, the party would sail for Ketchikan where a visit would be made the next day with a brief call here southbound that night. The return voyage back to Vancouver might be broken with a call at Namu or some other cannery point down the coast.

Principal interest of the visit to Prince Rupert of the leading Vancouver businessmen would be a trip to the site at Port Edward where the \$25,000,000 cellulose pulp mill of the Celanese Corporation of America is under construction. The Prince Rupert Chamber of Commerce will make arrangements for the reception of the party here as soon as advice is received of definite decision on the visit.

GREATEST FLOOD OF STOCK ORDERS

NEW YORK — The greatest flood of buying orders since 1929 swept the stock market Saturday. The high speed tape lagged as much as 15 minutes behind actual trading.

OFFICERS FOR PRINCE GEORGE

CAPT. E. B. CALDWELL

Senior officers appointed to the Canadian National's new coast passenger ship Prince George, now undergoing completion at Yarrows Limited, Esquimalt, were announced recently by Bernard Allen, C.N.R. manager for British Columbia. Chosen as master of the \$3,000,000 vessel is Captain E. B. Caldwell, of Vancouver, who has been in charge of the company's ss. Prince Rupert for several years. Leslie Wilson, Vancouver, will be chief engineer; A. H. Robson, Vancouver, will be purser, and J. Kerr, also of Vancouver, will be chief steward.

GRISLY MURDER IN LOS ANGELES

LOS ANGELES — Robert Hansen, aged 24, was booked for investigation on murder charges today following discovery of two partly-cremated human heads and four hands in an incinerator behind a radio repair shop in east Los Angeles.

The human parts were involved as being those of Ralph Dirksen, operator of the shop, and his wife, Oliva. Hansen was employed in the shop.

FORD SEEKS CUT IN WAGE

Automotive Workers Asked to Take it—Immediate C.I.O. Rejection

DETROIT — Ford Motor Co. asked its unionized automotive workers to take a wage cut today. It was the first time that a major automobile manufacturer had made such a demand.

The proposal, which met with C.I.O. rejection, came against the backdrop of a major strike in the industry and a hint, if not a threat, of a second such walk-out.

Five thousand car plant workers across the country are in some way directly involved.

Hope Transforms World

A GREAT ACT of faith in mankind has thrown rays of hope against the darkest cloud of history.

Once again the lives of men of goodwill throughout the earth are being transformed by the hope that the great moral forces will overcome the threatening evil and build a firm peace.

One of the greatest military leaders has conceived and put in motion a plan for peace which gives expression to the moral force surging up within those who are spending themselves to dyke the tide of evil.

The greatest investment in the well being of man ever made in human history may save the measure of civilization men have achieved; but should it fail to preserve the superstructure of the free world, it will remain as a firm foundation upon which men who will win freedom again can build a stronger society and a firmer peace.

Those who believe that the supreme value is human personality and who have faith in the power of the spiritual forces to generate goodwill and overcome evil, should not fail now to uphold the great humanitarian endeavors of the free world with both their spiritual and their material resources.

RECOGNIZING COMMUNISTS

IT IS WELL that the government should take steps to exclude communist agitators from Canada; but the difficulty will be to recognize a communist when we see one. If we accept the official definition of Communism and exclude only those who advocate overthrowing the government by force, we will not exclude very many, nor will they be the most dangerous ones. The real menace of communism is not the method by which it hopes to attain power but the use it will make of power when attained.

Communism has more than one string to its bow. It does not depend on force as the only means of obtaining power. It did not use force to get control of Czechoslovakia; it used the political knowhow, a much more subtle weapon. Its ability to deceive people into believing that it is their trustworthy friend and protector, while all others are traitors to the common good, is responsible for whatever strength it has in Canada today. The only defence we have against such tactics is the common sense which will enable our citizens to distinguish between genuine and spurious reforms, and the independent spirit which will not submit to arbitrary means no matter who enacts them.

Vancouver Hears Rupert Pioneer

Col. Leroy Grant Speaks
Before Southern Board
of Trade

One of Prince Rupert's first townspeople engineers back in the days of 1907 and 1908, now professor of engineering at Queen's University at Kingston after having served in both world wars was a speaker at Stanley Park, Vancouver, last Friday at a joint luncheon of the engineering bureau of the Vancouver Board of Trade and the Association of Professional Engineers of British Columbia. Grant Place, one of the city streets, was named after Col. Grant.

Col. Grant made mention of Prince Rupert on more than one occasion in the course of his discourse and disclosed that it was here that he had met his wife who was a daughter of Mayor McLean, the first chief magistrate of Vancouver.

Col. Grant spoke on the drift of young professional men from Canada to the United States, a post-graduate migration which he held was quite unjustified.

"There is nothing holy or sacred about the United States," he declared in deploring what so often appeared to be an attitude of inferiority in Canada as far as the United States is concerned. "What we Canadians need is more honest confidence in ourselves and pride in our achievements. We should feel, as Americans do, that the job each of us have is the finest in the world and our town the finest in the world. And young Canadians, if they only realized it, can do just as well here at home as in the United States."

SEE FARM EXPORT DROP

United States agriculture experts predict a drop of from 15 to 20 percent in farm exports in the 1948-49 crop season, with better foreign crops foreseen.

AWARDED AIR TROPHY—Captain B. A. Rawson, director of flight development for Trans-Canada Air Lines, Winnipeg, has been awarded the McKee Trophy for outstanding contribution to Canadian aviation in 1947. It was announced by the Minister of National Defence this week. In recent years he has acted as adviser to the Canadian government on matters relating to the International Civil Aviation Organization. The award named his technical work on air navigation facilities, his international duties and his ability to co-ordinate the work of U.S. and Canadian federal and state aviation bodies in qualifying for the annually awarded trophy, most coveted aeronautical emblem in the Dominion.

WINNER OF J.C. BULLETIN PRIZE

Margaret Brain, 17-year-old Grade Eleven student at Booth Memorial High School, will proudly wear a 17-jewel wrist watch which she won this week-end for her prize-winning design for a cover for Prince Rupert Chamber of Commerce monthly bulletin "Jay See-Saw."

Margaret's well-conceived design, illustrating the steamer Prince Rupert in the city harbor, bordered by two totem poles, with a leaping salmon at the bottom, won first prize in competition with five other entries in a contest begun three weeks ago.

She was surprised and pleased this morning when she learned that her drawing had won first place and that she would receive the wrist watch posted by Al Manson, Junior Chamber vice president.

"I can hardly believe it," she said. "I hadn't any idea that my entry would win."

Margaret, who lives at 136 Ninth Avenue West, has been a student at Booth High School since last September when she came to the city with her parents, Mr. and Mrs. Leslie A. Brain, from Vanderhoof. Previously, she had gone to school at Victoria.

Her art teacher is John Henry of the Booth staff.

Margaret says that she always has been interested in drawing but that she plans to be a stenographer. At present she is taking the university entrance course at the High School but intends to switch to the business course next year.

Her "Jay See-Saw" cover design was given first place by the judges because it conveyed the authentic atmosphere of the city—its industry and tourist attraction.

She will be guest at the next meeting of the Junior Chamber on June 10 when the award will be formally made.

ORIGIN OF ROUND TABLE

Legend says that a cunning Cornish workman made King Arthur's round table after he witnessed the king's knights quarrelling for precedence at a long table.

CANADA'S FIRST CANALS

The first canals to be built in Canada, along the St. Lawrence, were started in 1799.

CANADA IS FOR OPEN AIR

But It Should Be Governed
By International Convention

MONTREAL—"Canada is still for the open air," said H. J. Symington, C.M.G., K.C., director of TransCanada Airlines and former president, addressing 150 members of the Aviation Writers' Association who spent Sunday in Montreal at the close of their four-day convention in New York. "But," he emphasized, "it must be in the form of a proper international convention where every country gives up the same rights it receives and where the restraining influence of continued meetings to get this and that privilege would cease to exist. It must be a convention where all who want to fly across our countries may do so and points in dispute be left to an international body and not to any one country."

Recalling the first civil aviation conference in Chicago four years ago, Mr. Symington said that Canada went to it in the belief that air transportation would change the face of the world and brought with it the first multilateral agreement which was the basic document at the conference, out of which grew two great progressive organizations, I.C.A.O. and I.A.T.A. "If the Canadian agreement had been accepted," he said, "it would have changed things even more and it would have been an example to all other conferences which have followed and run into similar difficulties. Today we are farther away from such an agreement than we were in Chicago."

As was to be expected in a period when the world was ushering in the new kingdom of the air, "we are going through troublous times," he went on, but, "in spite of our difficulties, I am sure that the accomplishments of the future will be beyond the visions of the most visionary of us."

Canada's attitude and outlook, he was sure, was an international one. "We are prepared to give more than we will receive to get a proper air world."

"Competition is going to be very keen and we hope for a convention to stop international bickerings which the world can ill afford."

Mr. Symington spoke at a luncheon tendered the visiting aviation writers in the Windsor Hotel following an inspection of Montreal Airport where they saw various types of aircraft and made a tour of the city. They flew to Montreal and were returned to New York in four hours.

3500 Attend Rotary Meet

RIO DE JANEIRO, Brazil (Special)—With an attendance of more than 3,500 Rotarians and members of their families from Europe, Asia, Africa, the Islands of the Pacific, and North, South and Central America, the 39th annual convention of Rotary International will convene here Sunday.

Two chartered steamships and many special airplane flights brought 1,500 convention attendees to Rio from the U.S.A. in what was perhaps the greatest mass civilian movement ever made from North America to Brazil.

Keynote of this five-day gathering of business and professional executives representing 6,500 Rotary Clubs in 80 countries, is the internationality of the Rotary organization and its program of service by the individual Rotarian to his local community, his nation, and to the family of nations.

Presiding over the convention is the President of Rotary International, S. Kendrick Guernsey of Jacksonville, Florida, U.S.A., who has recently made an extended tour of Rotary Clubs in Australia, New Zealand, China and Great Britain.

The Rotary convention program includes addresses and discussion forums keyed to the current international situation, the enactment of legislation and the election of international officers.

Among the outstanding speakers scheduled to address the convention are:

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove oil and grease stains from leather?
A. By dabbing the spots with spirits of sal ammoniac. Allow this to remain on for a short time, then wash with clean water. Repeat the process if necessary, but be careful not to injure the color of the leather. It is well to experiment on an unseen portion first.

Q. What is a good tonic for ferns?
A. Use the leftover coffee. Pour a little fresh water through the grounds to weaken the coffee slightly, then pour around the ferns. Do this about once a week.

Q. How can I clean a rubber article?
A. Use a solution of household ammonia and warm water. This will not only clean the rubber, but will keep it soft and pliable.

A GOOD Breakfast

Including Delicious Grape-Nuts

GRAPE-NUTS contribute a lot to a good, balanced breakfast—carbohydrates, proteins, minerals. And they make any breakfast more tempting, more enjoyable. Remember, Grape-Nuts are the most economical part of a good breakfast—you need only 2 tablespoons of Grape-Nuts for your cereal. All grocers have Grape-Nuts.

GRAPE-NUTS ECONOMY RECIPE

1st Grape-Nuts Replace Expensive Nuts

GRAPE-NUTS PUFF PUDDING

4 tablespoons butter
1 cup sugar
3 egg yolks, well beaten
3 tablespoons lemon juice
1 teaspoon grated lemon rind
2 tablespoons flour
4 tablespoons Grape-Nuts
1 cup milk
2 egg whites, stiffly beaten

• Cream butter and sugar thoroughly, add egg yolks, lemon juice and rind, then flour, Grape-Nuts and milk. Fold in egg whites. Pour into greased baking dish placed in pan of hot water. Bake in slow oven (325° F.) about 1 hour and 15 minutes, until set. Serve hot or cold with cream. Makes six servings.

QUEEN HAILS FROM NORTH

Continued from Page 1

Marion, whose brown eyes have a mischievous twinkle in them, also calls Telegraph Creek her home. She was born there but the last six of her 13 years have been spent in Prince Rupert with the exception of holiday time. Bertha attends the Annunciation School and is in Grade 7 this year.

Like her queen, Princess Bertha is very fond of riding although she says she only mastered the art of gracefully sitting a cantering horse last year, while a guest at the Ball ranch. She also likes bicycle riding, baseball, basketball and dancing. She plays the piano, sings alto and was in both Annunciation choirs at the Festival. She plans to take a stenographer's course when she completes her academic studies.

Both Barbara and Bertha would like to continue living in the north, they believe it is the best part of Canada.

JOAN HAILS FROM PRAIRIE

Princess Joan Anderson of King Edward School is an attractive blue-eyed and brown-haired young lady of 12 years. She has been in Prince Rupert six years but she was born in the Manitoba city which bears the name of Western Canada's pioneer colonizer, Lord Selkirk.

Gathering knick-knacks is a hobby with Joan as is looking after her pet dog. Joan does not sing, publicly, but she does play the piano. Basketball and fast-ball are her favorite sports.

Joan is in Grade Six this year and, according to her teacher, she is a good student. She has not made up her mind about what vocation she will follow when she leaves school but she expects to attend University when she completes High School.

NORMA MONTGOMERY IS DARE-DEVIL

Norma Montgomery, 13-year-old princess from Booth Memorial School, has light brown hair and blue eyes. There seems to be a dare-devil impulse in Norma's make-up. She was born in Port Arthur and, when her family lived near Fort William, one of Norma's favorite playgrounds was the pulp-log booms anchored in the nearby river. She had more than one ducking and one occasion she was almost drowned. For all of that, swimming remains one of her choice sports. She also enjoys fastball, running, dancing, hiking and picnicking.

When she leaves High School she plans to take training that will enable her to obtain a position as a stenographer.

ONLY ONE GIRL BORN IN RUPERT

Olive Strand who has golden hair with a red tinge, blue eyes and a sunny disposition, is the only one of five girls who can call Prince Rupert her native city. She celebrated her twelfth birthday on May 10.

Princess Olive is in Grade Six at Borden Street School and she is a capable student according to reports. An accomplished musician, she accompanies the Borden Street School Choir on the piano and often entertains with her piano accordion. In the recent operetta presented by her school, Olive played the part of "Stay Behind." Fond of fun, Olive will take part in most any form of outdoor game.

When she finishes school Olive hopes to train for the nursing profession.

JOHN GILCHRIST BURIED SUNDAY

Numerous friends Sunday afternoon attended final rites for the late John Gilchrist who died at home in the city last week at the age of 52. The services were conducted at Grenville Court Chapel by Rev. Allan McColl of First Presbyterian Church.

The Canadian Legion of which deceased had been a member, took part in the graveside service, the "Last Post" being sounded by Bugler W. J. Rance. Burial took place in Fairview Cemetery.

During the chapel service, the congregation sang the hymns "Lead Kindly Light" and "Abide With Me." Mrs. J. C. Gilker was organist.

Palbearers were Canadian Legion comrades, Murdoch McKenzie, Thomas Yule, Mr. Gibb, John Lawrie, Alex Harvey and Jack Scott.

In city police court Saturday, Mrs. Marie Michalak was fined \$300 and costs after being found guilty by Magistrate W. D. Vance on a charge of selling liquor. George Bath was fined \$50 and costs for supplying liquor to an Indian.

CARD OF THANKS

We wish to express our deep appreciation and thanks for the kindness shown, for the messages of sympathy during the recent sad loss of our beloved son John Skog.

Mr. and Mrs. O. Skog and family and his wife, Mrs. Dorothy Skog.

CARD OF THANKS

Mrs. Myra Gilchrist and Mrs. Peggy Caine wish to thank the staff of the Prince Rupert Hotel, members of the Cold Storage, the Dept. of the City Engineer, friends and neighbors and especially the Canadian Legion Women's Auxiliary for sympathy and floral tributes in their recent bereavement.

GOOD EATING!

Spicy tomato flavor cooked right through.

Moose Card Party And Dance Enjoyed

Prince Rupert Lodge, Loyal Order of Moose, was host Saturday night to a large gathering of members and friends who enjoyed an evening of card playing and dancing. Winners at cards, which took up the early part of the evening, were Mrs. S. Haugan and Mrs. S. Dumas for the women and A. B. Taft and Noble Powell for the men. Dancing to music provided by the Moose Orchestra commenced at 10:30 with A. B. Taft as master of ceremonies. During intermission refreshments were served and prizes distributed to the winners at whist.

Dr. and Mrs. L. W. Kergin, back in Vancouver at the end of the week after a long trip to Eastern Canada and the United States followed by a visit to Vancouver Island, will be leaving Vancouver in a few days for Vernon to attend a Shrine ceremonial. They expect to be home about the end of the month, driving in through the central interior in Dr. Kergin's new car.

HOT FLASHES?

Are you going thru the functional "middle-age" period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what Doctors call a "stomachic tonic effect!"

FISH SCIENTIST HAS PROBLEM OF TAGGING WHALE

WINNIPEG ©—Dr. K. H. Doan, director of the Dominion Fisheries Station here has a unique

problem this summer—tagging a Beluga whale to trace its migration from Hudson's Bay and the northern straits.

Nothing is known of the Beluga, a white whale, and the crux of the problem is how to tag the

Cordite, used as the propellant explosive in guns of the British Army, was invented by two British scientists, Sir James Dewar and Sir Frederick Abel.

He plans to tag it with an indelible, skin-penetrating stamp.

MOVE SLOWLY IN POLICY DRAFT

OTTAWA ©—Redrafting of the Progressive-Conservative party's platform is going ahead more slowly than was originally expected.

When the annual meeting of the Progressive-Conservative Association of Canada ended last month it was hoped that the party platform could be given the "new look" by August 1.

Since the meeting, however, party leader John Bracken and his parliamentary colleagues have not had much opportunity to work on it. Several are participating in the Ontario provincial election campaign. Others are campaigning in the British Columbia constituencies of Yale and Vancouver Centre where federal by-elections are to be held.

One party official said he does not think Progressive-Conservative supporters will be too disappointed if the platform was not announced before August 1. A Liberal party convention is scheduled for August 5, 6 and 7 to choose a successor to Prime Minister Mackenzie King and draft a new Liberal platform. There would be nothing to prevent the Liberals from drafting into their platform any attractive measure in a Progressive-Conservative platform.

On the other hand, there will be nothing to prevent the Progressive-Conservatives from doing the same to the Liberals if they withhold the final draft of their manifesto until after the Liberal convention.

Though the Dominion's power to legislate for Labor is being challenged in the courts, it is not expected that the government will try to defend its authority in the lower-court stages.

Proceedings are being opened in Toronto before a magistrate. Informants here say the governments will not do anything at present, but will take action by an appeal in a higher court if the magistrate should hold that parliament has no jurisdiction in Labor relations.

The legality of the Dominion Labor legislation is being questioned by four shipping companies, who claim Labor relations are provincial matters.

SUMMER INQUIRY
Government sources indicate that the prices committee may continue to sit as a commission after parliament prorogues at the end of June. Investigations into meat and vegetables, textiles, feed grains and building materials still are on the agenda.

The vegetable probe is expected to take a fortnight and textiles at least twice that. The other subjects would require substantial periods to cover as fully as the committee has probed meat prices.

But government sources emphasize that the future of the committees has not yet been fully considered.

DUFF PATTULLO TO PAY VISIT

Visited at his home in Victoria last week by an old friend of the Daily News staff, former Premier T. D. Pattullo, who for nearly thirty years was Member for the Legislative Assembly for Prince Rupert, intimated his intention of revisiting this city during the coming summer. In addition to meeting old friends, Mr. Pattullo is particularly interested in seeing the transformation which has occurred recently at Port Edward on the cellulose pulp mill site. In the early days, Mr. Pattullo was associated with a power company which started construction of a power house at Port Edward, the walls of which are still a landmark. Mr. Pattullo expects to make his trip in company with D. G. Stenstrom, consulting engineer for the Celanese Corporation, who often comes here.

ALL-AUSTRALIAN CAR
An all-Australian car is expected to be on the market "down under" by the end of this year. About two dozen cars will be built this summer for tests.

TERRACE

Mr. and Mrs. C. L. M. Giggey drove to Prince Rupert on Thursday being accompanied by Mrs. E. T. Brooks who returned the next day by train. On their return journey Mr. and Mrs. Giggey were accompanied by Mrs. Dover and Mrs. Hinchliffe of Smithers both of whom attended the Diocesan Annual in Prince Rupert.

Mrs. I. Finlayson returned from a visit to Stewart on Wednesday, returning by plane from Prince Rupert.

Mrs. Hinchliffe of Smithers spent the weekend in Terrace as the guest of Mr. and Mrs. Giggey.

Mrs. Robinson and Mrs. Mayo returned by plane from Prince Rupert on Wednesday after spending a few days in the city on business.

Mrs. Earl was a visitor to Prince Rupert this week.

Jimmy Arsenau has returned to Terrace from Vancouver where he spent the winter months as a student at the Technical school there.

SIMPSON PLANS SPORTS PROGRAM

PORT SIMPSON—The Port Simpson celebration committee is planning a large and diversified sports program for May 24 and 25 which will include track and water sports, ball games and a children's program that is far more ambitious than anything attempted here in years.

Water sports include log rolling and four different types of boat races, while the track activities will number a dozen and include everything from the men's hundred-yard dash to the pole vault.

The children's program will include races for youngsters ranging in age from 7 to 16.

Elimination baseball, softball and football games will be played on May 24 and finals on the following day.

The celebration will open at 10 a.m. on May 24 with a grand parade which will culminate in the crowning of the May Queen.

The committee in charge of the sports program consists of Paul Price, chairman; Charles Dudoward, Fred Dudoward, Ralph Hayward and Andrew Green.

Terrace Is Visited By Masonic Party

Mr. A. Roy Nichols, District Deputy Grand Master of the Masonic order, paid an official visit to the Kitselas lodge accompanied by Mr. Justice A. M. Manson who is a past master of Grand Lodges in B. C. With him also were past masters of Rupert lodges, W. Cruickshank, M. Benson, W. D. Vance, Staff Sgt. G. A. Johnson.

Also present were the master of the Tyee lodge, F. Skinner and A. Rivett. A banquet was given on Thursday in the Silver Tip Cafe and the visitors returned by car to Prince Rupert.

Fatal Air Crash In Eastern States

COLUMBUS, Ohio ©—A twin-engined cargo plane crashed into the east airport here last night after losing its rudder. The pilot and co-pilot were killed when fire-trapped. Two Ohio naval reserve pilots were killed earlier in separate accidents on training flights.

MEMO TO ADVERTISERS

For the information of our
advertisers, A.B.C. auditors
make a complete, annual
audit of our circulation

• Audited Distribution • for your Advertising

GOOD advertising copy and attractive layouts are, of course, essential to the success of your advertising. But from the standpoint of final results the answer depends upon the distribution of your advertising.

When you buy newspaper advertising you are paying for an opportunity to talk to people about your merchandise and service. What you get for your money, therefore, depends upon how many people there are in your audience, where they are, how this audience was obtained, and many other facts that indicate the value of the circulation as a market for what you have to sell.

In order that our advertisers may have this information and thus be able to invest in advertising in The Daily News on the basis of known, verified facts, we are members of the Audit Bureau of Circulations.

The Bureau is a national, co-operative association of publishers, advertisers and advertising agencies. Every year one of the trained auditors employed by the Bureau makes an audit of our circulation records. This audited information is issued in official A.B.C. reports covering each member publication. You avoid guesswork and speculation when you advertise in an A.B.C. newspaper.

Prince Rupert Daily News

ABC

This newspaper is a member of the Audit Bureau of Circulations. Ask for a copy of our latest A.B.C. report giving audited circulation facts and figures.
