Newfoundland Joins Canada With Mixed Feelings

Tenth Province Comes Into Dominion Tonight

OTTAWA (CP)—A strategic area in military terms far exceeding its physical size will slip neatly into the pattern of Canada's defence system one minute before midnight tonight. Simultaneous with the official entry of Newfoundland into Confederation, the new province will be fitted into the country-wide command and area system of the armed forces.

CHANGES IN ALLOWANCES

Legislation Announced by Minister of Health at Ottawa

OTTAWA, @—Plans for two important changes in family allowance legislation were announced yesterday by Hon. Paul Martin, minister of health.

The first would change from three years to one the residence period required as one of the conditions of eligibility of an immigrant child.

The second would repeal a provision which reduces the amount of allowances for the fifth and subsequent children in a family of more than four.

Today is a day of triumph and rejoicing for most of 325,000 Newfoundlanders but, for others, especially in Avalon Peninsula where the capital city of St. John's and the most of the island's wealth is found—it is a day of sorrow. Some strongly resent being "taken over" by Canada. On the whole they are fiercely independent.

ONTARIO FILIBUSTER

C.C.F. Leader Blocks Government's Charity Bill

TORONTO @—E. B. Jolliffe, leader of the 21-man C.C.F. group, staged a one-man filibuster in the 90-seat Ontario legislature on the Progressive-Conservative government's charities bill.

As a result, it is not now known when the bill, now in second reading, will come before the House again.

Today the provincial legislators met early to discuss departmental estimates required before Ontario's 1948-49 fiscal year ends tonight.

PENSIONS FOR WAR VETS

WASHINGTON—Representative Rankin (D-Miss.) has introduced a new veterans' pension bill limited to veterans of World War I. The measure calls for \$72 a month for single men when they become 65, provided their income does not exceed \$2,000, or \$3,000 if married, or with dependents.

KITIMAAT SITE MOST FAVORED

For Aluminum Industry In British Columbia

Latest advice from Victoria says two major survey outfits are being sent out April 1 by the Aluminum Company of Canada to make final tests of sites for the establishment of an aluminum industry in this province. There are at present, two available sites known. One is at Bute Inlet. This is little more than 100 miles north of Vancouver. By tapping Chilco Lake, and other nearby bodies of water a total of 950,000 h.p. can be developed. But this involves a serious interference with the salmon industry. Breeding would be greatly affected.

Approximately 200 miles further north is another group of lakes, largest of which is Eutsuk. It is here a total horsepower of 1,500,000 can be developed, and this would have no bearing whatever on the salmon fishing industry. The proposed site is in the Gardner Canal area, at Kitimaat, or nearby Douglas Channel. From Kitimaat it is only 40 miles to Terrace and it is assumed a railway would be built by the company to gain connection with the Canadian National Prince Rupert line. It is heard in Victoria that the trend of evidence for the selection of one of these two areas stands today at 60 to 40 in favor of the larger and more northerly project.

STEAMSHIP FARES BEING BOOSTED

Recent dropping of the fifteen percent transportation tax will not be long enjoyed by travellers on British Columbia coastal steamships. The fares will be increased by all lines by fifteen percent, it is announced. The increases will come into effect tomorrow.

DELEGATES ARE NAMED

Prince Rupert Liberals Non-Committal So Far On Coalition

Prince Rupert (provincial riding) Liberal Association, at a general meeting last night, took no stand on the issue of continuation or termination of the coalition in the provincial field but left it to the discretion of delegates to next week's convention of the British Columbia Liberal Association in Vancouver.

Delegates to the convention were named. Those who indicated their readiness to attend were George Mitchell, president of the Association; Arthur Brooksbank, secretary; Jack McRae, B. J. Bacon, George B. Casey, Robert McKay and T. N. Youngs. Also named as delegates were Emil Blain, J. H. Schuman and L. M. Gordon.

Two committees were named—one to organize finances for the delegation and the other to prepare resolutions.

The finance committee consists of L. M. Gordon, Pierre Le-Ross and Alex McRae.

The resolutions committee consists of Robert McKay, W. M. Watts, and Roderick MacLeod.

Three subjects suggested as resolution material were:

(1) Approval of the single transferable vote.

(2) Compulsory automobile insurance with issuance of licences.

(3) Auto insurance payable with gasoline purchases.

The meeting also named delegates for a provincial nominating convention to be held April 19 following the provincial convention. They are E. T. Applewhite, Mr. and Mrs. Allan Armstrong, Arthur Brooksbank, B. J. Bacon, W. C. Bacon, John Eyoifson, G. P. Lyons, Pat Mazzei, Robert McKay, sr., Malcolm McLeod, Alex McRae, W. M. Watts, T. Norton Youngs, J. D. McRae, Emil Blain, J. J. Judge, G. C. Mitchell, Rod MacLeod, John Gurvich, Lee M. Gordon, Thomas Speers, G. A. Hunter, Pierre LeRoss, W. E. Chaplin, John Rosedale, J. H. Schuman and Douglas Frizzell.

M.L.A.'S HIKE INDEMNITIES

REGINA—Members of the Saskatchewan Legislature voted yesterday to increase their sessional indemnities from \$2000 to \$3000. The bill was introduced by Premier T. C. Douglas and was quickly passed. Only opponent was Jacob Benson, a C.C.F. member from Last Mountain. Members of the Liberal opposition voted with the government.

RED LITERATURE AT HIGH DANCE

TORONTO—Distribution of Communist literature is protested by York Council. It has been done at a high school dance. "I would like to hang people who hand out this kind of reading," said Reeve Wm. Beach. One pamphlet depicted Marshall Montgomery inspecting troops. One was captioned "sizing them up for a graveyard."

SEAMAN'S BODY AND SURVIVORS OF WRECK NOW AT OCEAN FALLS

Body of Burton Bushey, seaman of the Seattle tug Redondo who lost his life when the vessel foundered after striking Canoe Rocks in the Fitzhugh area early yesterday morning, and four survivors of the ill-fated craft were landed at Ocean Falls early this afternoon by the provincial police boat P.M.L. 17 in command of Skipper William Mason.

PROTESTING AT HORSE SLAYING

PENZANCE, Cornwall, Eng. @—Six women and two men began a 1,000-mile horseback trek today to protest against slaughter of horses in meat-rationed Britain.

WAR MINE KILLS FIFTY JAPANESE

TOKYO—Japan had a serious postwar casualty yesterday. When a mine drifted ashore and exploded 170 miles northeast of here fifty persons, mostly children, were killed and 100 persons were injured.

PT. EDWARD TO MEXICO

Local Pulp Going There to Make Rayon

British Columbia's export trade to Mexico will be swelled substantially when Columbia Cellulose Co. Ltd. starts operations on the Prince Rupert pulp plant.

In Zacapu, Mexico, President Miguel Aleman of the southern republic has just opened officially a new viscose rayon plant owned jointly by the Mexican interests and Celanese Corporation of America, parent company of the British Columbia firm.

New York offices of Celanese Corporation made the following statement on opening of the new Mexican operation:

"Columbia Cellulose Co. Ltd., a Canadian subsidiary of Celanese Corporation of America, is now constructing a purified cellulose plant near Prince Rupert, British Columbia.

"When this plant is completed it will produce the highly important dissolving wood pulp for manifold operations of the parent organization in the United States and Mexico.

"The Mexican plants provide a large amount of rayon to fabric manufacturers in the republic to the south but most weavers claim a shortage of yarn.

"Wood pulp and other essential materials used in both the acetate and viscose operations are shipped to Mexico by Celanese Corporation of America.

KING'S RECOVERY IS SLOW PROCESS

LONDON—A prolonged period of convalescence is ahead for King George following his recent operation. The first social engagement he has accepted is for November 7.

DIVISION AT EDSON

Growing Traffic Causes Restoration of Status

WINNIPEG—Restoration of the Edson territory as a full division of the Alberta district is announced today by H. H. Sparling, general manager, Canadian National Railways. Also announced is the promotion of W. B. Frame, formerly assistant superintendent at Edmonton, to be superintendent of this new division with headquarters at Edson.

Succeeding Mr. Frame as assistant superintendent at Edmonton will be G. A. Hannon, formerly assistant superintendent at Edson.

In making this announcement Mr. Sparling stated that the restoration of Edson to full division status was because of the growing importance of that territory and the greatly increased traffic, much of which was created by the great oil development in Alberta. "We are increasing our facilities there in order to give the fullest possible service to the shippers and the public," declared Mr. Sparling.

Mr. Frame commenced railroading as a brakeman at North Battleford in 1920 and has served in the operating department in many positions throughout western Canada since. He was appointed an assistant superintendent in 1941 at Prince Albert.

Mr. Hannon started in the motive power department as a riveter in 1917 and after several years as fireman was appointed rule instructor in 1944. He was appointed assistant superintendent at Edson in 1948.

Surgeon's Knife Is Also Blood Pump

LONDON—Surgery in which blood lost during an operation is automatically and immediately returned to the patient's body has been made possible by the invention of a young English hospital attendant. He has developed a new type of surgeon's knife, which, as it cuts, draws in the flowing blood, purifies it and pumps it back into the patient's veins.

The knife has a grooved blade and a light tube running from the handle. As an incision is made a small electrical pump draws the blood from the wound, passes it through the purifying system and returns it through a vein in the arm.

"DREAM BOAT" IN REHEARSAL

At the final rehearsal of the Borden Street operetta "Dream Boat," yesterday afternoon at the Civic Centre, the real life children saw the lovely white dream boat drawn onto the stage by great beautiful moths. As the children became sleepy they boarded the dream boat and were thus carried away to Dreamland. There they were shown some of the people who make dreams good, and some who make dreams bad.

Fairies and gnomes, pirates and Indians, as well as many more folk familiar to dreamers, appeared on the stage before a rainbow-hued background, there to sing, dance or do a drill. The whole picture combined color and action designed to appeal to the eyes and ears of those watching the performance. Between the two acts of "Dream Boat," the Borden Street Rhythm Band of 50 tiny tots rehearsed their songs and dances, accompanied by their own rhythmic instruments.

COCOS ISLAND YACHT MISSING

SAN JOSE, Costa Rica @—A yacht belonging to the Chamberlain-O'Hanlon treasure-hunting expedition to Cocos Island is reported today to be more than 48 hours overdue at Cocos, southwest of Panama in the Pacific.

The ship, with nine aboard, left Punta Arenas, Costa Rica, Saturday noon. Officials say they fear the yacht's engines may have been disabled.

Plans for an air search were being made last night. The expedition includes four persons from Vancouver. They are Harry O'Hanlon and his wife, Betty, and two brothers of Harry—Hollis and Joe O'Hanlon. It is not known definitely if they were actually aboard the yacht.

MORE SECURITY BEING PLANNED

SPENCERVILLE, Ont. @—Increased social security measures are being planned by the federal government, Minister of Agriculture James G. Gardiner disclosed here last night. He was speaking before a Grenville-Dundas nominating convention.

SPY TRIALS IN CANADA COSTLY

OTTAWA—The investigation into spying, in Canada, and the cost of the subsequent trials already, makes a cost of \$300,000. It will be more than this with the last trial to be called, that of Sam Carr. To date, the trials number nineteen.

PILOTED EARLY RAIL SHIP HERE

Donald MacLennan Revisits Prince Rupert After Many Years

An interesting visitor to Prince Rupert this week was Donald MacLennan who was here long before the railway was connected up and who, since leaving the city, became connected with the salmon canning industry.

Mr. MacLennan and a partner piloted the steamship Crown of Galicia, loaded with steel rails from Vancouver north. This was away back in 1909 and the freighter came here with steel for railway construction. Another rail laden vessel he remembers well was the Hercules from Bergen.

In the past 25 years Mr. MacLennan has revisited Prince Rupert but few times and he notes astonishing changes. He spoke of Arthur Little, who started the first newsstand; the first newspapers, and Harry Evans, whose clarion voice went echoing across the hills as each boat arrived, exolling the manifold merits of the Calumet lodging house "just up at the top of the street with the car rails."

Mr. MacLennan, who returned south today, found the "Years Ago" column in the Daily News deeply interesting.

SUBMARINES AS CARGO CARRIERS

HALIFAX—Submarines could carry grain from Port Churchill throughout the year, Sir Hubert Wilkins, Arctic explorer, said in Winnipeg some time ago. He had been to Port Churchill as a member of the Research Development branch of the American Military Planning Commission. "Submarines," said Wilkins, "are definitely suitable for carrying grain cargoes."

Welcome! Newfoundland.

PRINCE RUPERT and Central and Northern British Columbia have particular interest in welcoming the entry into Confederation of Newfoundland which becomes official tonight. We are on the extreme west. They are on the extreme east. The tenth province, like this part of British Columbia, is full of potential undeveloped natural resources and industrial potentialities. Newfoundland, like our area, must be looked upon in the broader sense and with a long view. Both are capable of great production and of huge population expansion. Their greatness lies in the future.

In that spirit, we should welcome our new province. As time goes on, doubtless, Newfoundland shall become one of Canada's greatest assets, just as we here also have aspirations and the surety of becoming.

MORE THAN TELEPHONES

THE ISSUE as between installing a new and modern automatic telephone system or patching up the present manual system for a few years longer has been fully discussed. Experts have been here and all are agreed that the automatic system is to be desired. The city council, with one exception, has reiterated its original stand that the automatic is to be preferred and that it is good business for the city to instal it. The voters last December expressed themselves in favor of having a money bylaw prepared for the project. The city council is carrying out the effect of that plebiscite. Later the money bylaw will be presented and the taxpayers who pay the bills will have the opportunity of making the final decision as to whether they feel the expenditure is justified.

Meantime, there are other things of quite as pressing importance as the telephone system which require attention. There are the streets and sidewalks. There are the sewers. There is the water system. There are the schools. The condition of all these are only too well known. The need for them is certainly comparable with that of the telephone system and certainly as obvious. Possibly, we may have to choose, in view of our financial condition, between some of these things.

The city council has plenty to work and think about in these other major matters.

AN URGENT PRIORITY JOB

IT IS TO BE EXPECTED that there will be minimum of delay on the part of the provincial department of public works in getting the work of re-routing and hard-surfacing the road from Prince Rupert to Port Edward under way. For nearly two years now we have been assured of it and it has now been adopted as one of the projects in the province's big development scheme.

Construction work on the big celanese mill at Port Edward is already under way and several hundred men will be employed there this year. Even now there is heavy traffic between the city and the pulp mill site. It would have been a fine thing if this necessary work had already been completed. Certainly, it is a job which is entitled to No. 1 priority now and the department of public works should not have to be reminded of the fact.

Early development of the arterial highway through Prince Rupert will also be welcomed.

OUR STORY IS DYING

NAMES, LINKING the far off and primitive past with the busy and populous present, are seen in the written records of Southern British Columbia and early Washington, Oregon and California. Monday, in Prince Rupert, there died a man who could speak with knowledge and authority of the history of Skeena and the north.

Born 83 years ago in Port Essington, George Cunningham bore a name that is part and parcel of the story of the land west of the Rockies. Throughout a long and a stirring life this was always home to him. What tales he could have told, what memories he could have revived! But these, unhappily, died with him. And similar tales are dying with others. Meantime this district's history goes unwritten.

DAILY NEWS CLASSIFIED ADVERTISEMENTS BRING RESULTS

CO-OP TERMED COST-SAVERS

Visiting Speakers Are Heard by Local Members

Members of Prince Rupert's co-operatives, numbering more than 100, heard the co-operative movement described as a cost-saver in the face of general rising prices and were told of the internal duties of members, directors and management by two speakers at a public meeting held in the Sons of Norway Hall last night.

Sponsored by the educational committee of the local co-operative movement, the meeting was addressed by David Siddons of the extension department of the University of British Columbia on the topic "Co-ops Versus Depressions" and by Arthur Wirick, secretary of the B.C. Co-operative Union, on responsibilities of co-op membership.

Introduced by Howard V. Hill, the chairman, was Roy German, secretary of the Alberta Wheat Pool, who will be speaker at a similar meeting tonight.

The addresses were followed by a question period, refreshments and the showing of a film "Men of Rochdale," describing the founding of the co-operative movement in England more than a century ago.

Opportunities by which the co-operatives can expand their cost-saving practices are limited only by their willingness to enter producing, manufacturing, and distributing fields, Mr. Siddons told the meeting. Throughout the world co-operatives have entered such fields as transportation, gasoline manufacture, housing, fertilizer manufacture and many other lines in addition to basic production and distribution.

"Cartel busting" efforts by Swedish co-operatives since 1921 have resulted in price reductions of 60 per cent in margarine, 10 per cent in flour, 60 per cent in rubber footwear and 55 per cent in petroleum products.

These manufacturing and distributing efforts were begun by the fledgling co-op movement in Sweden in protest against artificially sustained prices and the reductions that were brought about have been enjoyed by the whole population of Sweden.

Similar achievements have been effected by agricultural co-operatives in the United States in the matter of fertilizer costs and in Saskatchewan on gasoline. In the latter however, the co-operatives are handicapped by their lack of control of the source of production of crude oil.

"That phrase 'cartel busting' may sound radical but if a man's desire to make savings

IN THE SUPREME COURT OF BRITISH COLUMBIA IN REBATE

In the Matter of the "Administration Act" And

In the Matter of the Estate of Ernest Johnson, otherwise known as Arne Johnson Hyla, Deceased, Intestate.

TAKE NOTICE that by Order of His Honor Judge Fulton, dated the 14th day of March, 1949, I was appointed Administrator of the Estate of the late Ernest Johnson, otherwise known as Arne Johnson Hyla, formerly of Sunnyside Cannery, British Columbia, who died on or about the 13th day of September, 1948. All persons having claims against the said estate are required to forward them to me on or before April 30th, 1949, properly verified, and all persons indebted to the said estate are required to pay to me the amount of their indebtedness forthwith.

DATED at Prince Rupert, B.C. this 17th day of March, 1949.
GORDON FRASER FORBES
Official Administrator
Prince Rupert, B.C.

"Better keep an eye on him. He ruined three paintings last week."

for himself and his family is radical-then I think most of us are radicals," he said. "Some people feel that we are out to put the small business man out of business. That is not so. We feel that there is a place in the community for everyone who operates legitimately."

Wholesale value of goods distributed co-operatively in Canada last year was \$112,000,000 of which the British Columbia co-operative wholesale societies distributed \$500,000. This volume is expected to grow continuously.

"Get your organization welded together now and, when times are tough, for heaven's sake keep it together," he urged. "The co-operative movement is based on membership loyalty."

DEMOCRATIC SET UP

Arthur Wirick, secretary of the B.C. Co-operative Union, an educational branch of the movement in this province, described the ideal democratic set-up within individual co-operatives and pointed out ways it could be approached.

Basic authority lies with the members, he said, but no member can hope to have direct control over the functions of the officers and employees of the group. Rather, it is an indirect authority, delegated at general meetings to the directors, with specified reservations. The directors in turn, delegate responsibility and authority to the manager.

Co-operatives, he described as "an educational movement using business methods to achieve a social objective." Co-operatives which aim entirely at financial prosperity and lose sight of the social ideals inherent in the movement are courting trouble, he said.

The "Men of Rochdale" movie was represented by Rudolph Olsen of the educational committee.

400 TO TAKE PART IN RUP REC DISPLAY

Third annual Rup Rec mass display will see 400 enthusiastic people, ranging in age from pre-school to adults, going through their paces at the Civic Centre gymnasium on April 11 and 12 as a climax to an active season.

Rup Rec Physical Director Margaret Sinn has lined up a program in which all classes will demonstrate their best activities in a manner similar to that employed at the classes themselves.

Previous displays have been very successful and have contained an audience appeal which kept the galleries filled. Even better work on the part of the participants can be expected as their work progresses.

The program will include singing games by the tiny tots class—always a show-stopper—net tumbling by junior boys, box-vaulting by teen-age boys and girls, passive exercises by teen-age girls, mat tumbling by the various leaders.

More involved gymnastic displays will include ladder and group pyramids by Grades Four and Five of King Edward School, and springboard tumbling by the King Edward Grade Six class.

Grades Four, Five and Six of Borden Street School will present a display of club swinging and ball rhythms and the ladies keep-fit class and teen-age girls will join in square dances. The ladies keep-fit classes will present a display of fundamental gymnastics.

Canadian and World News in Picture

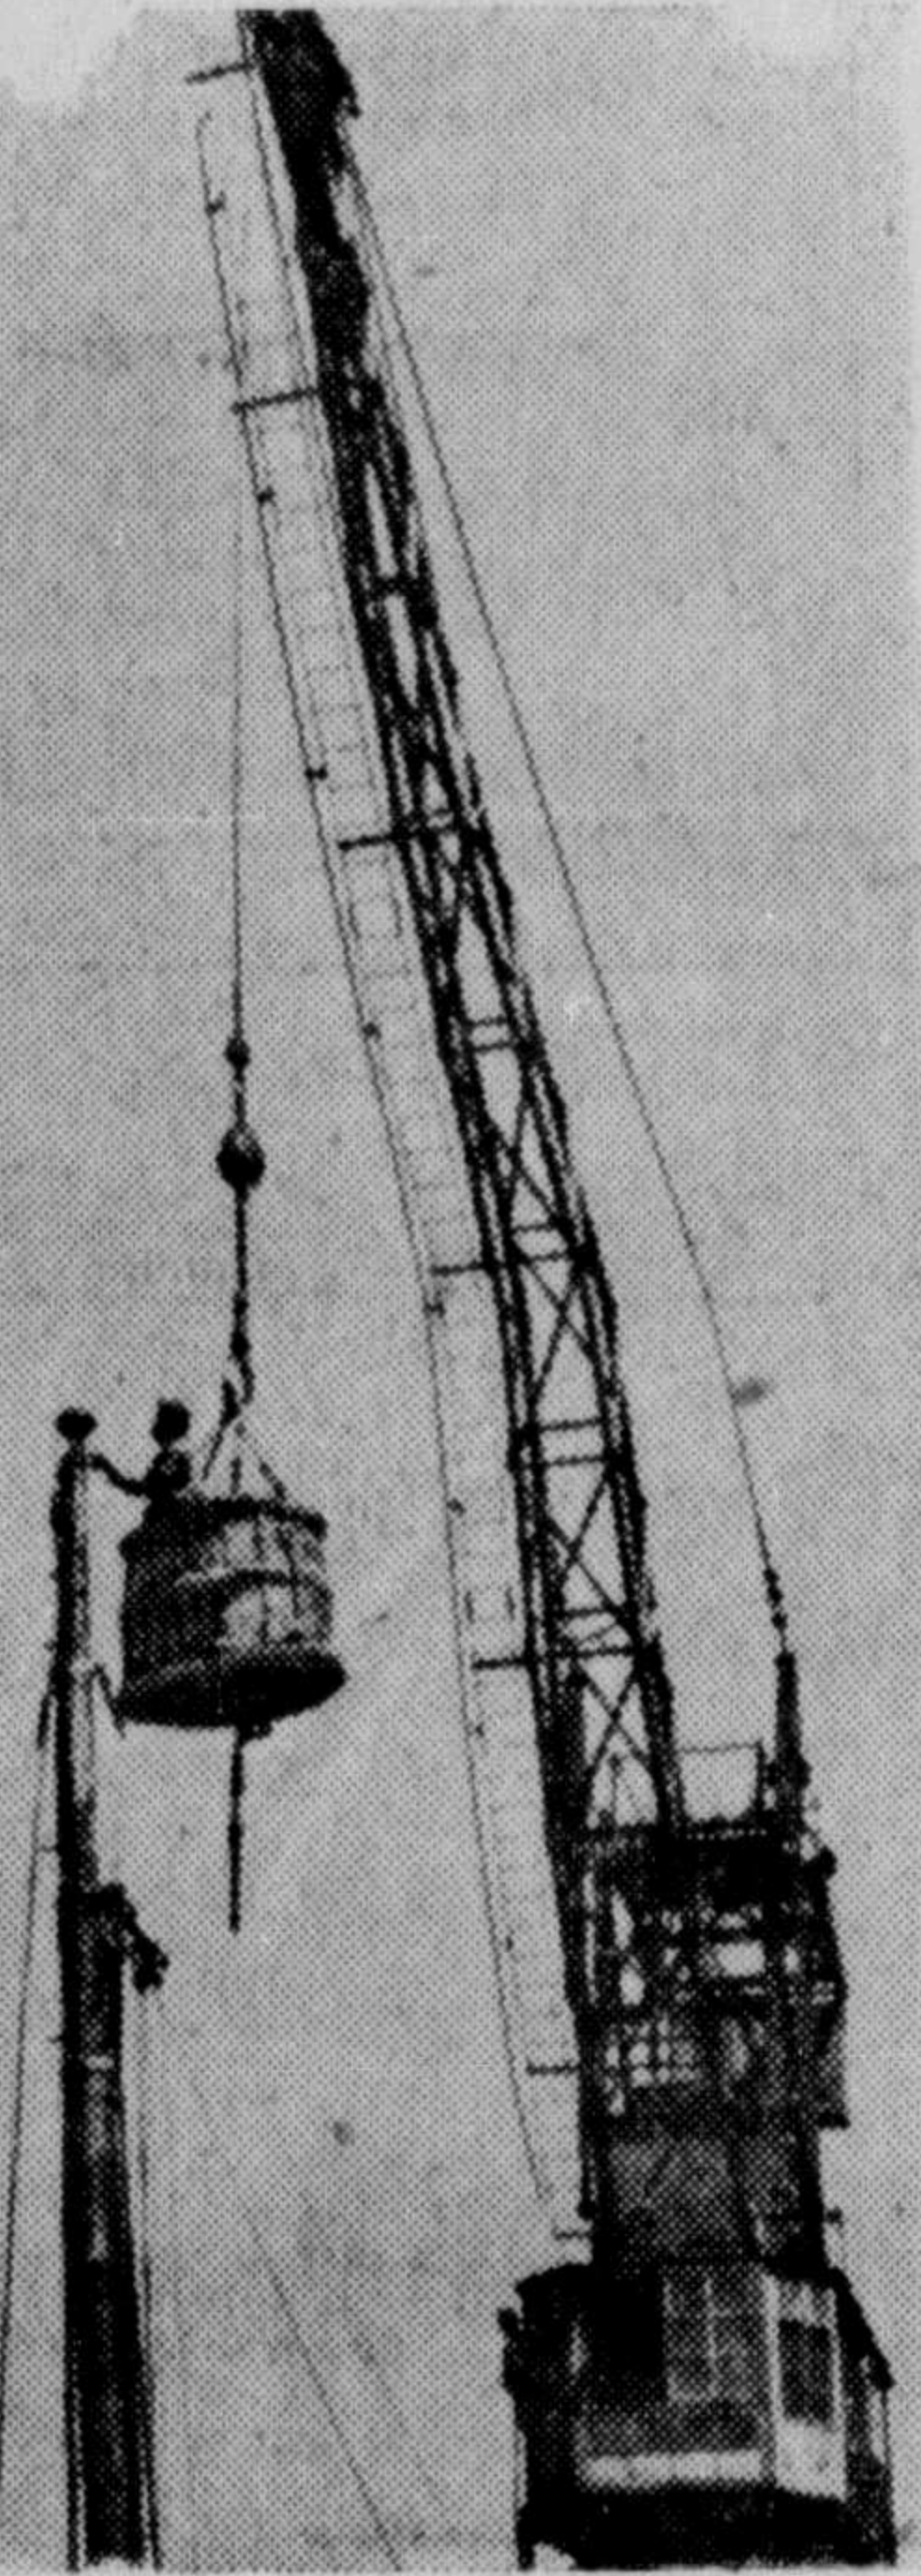

ALASKANS WEAR PARKAS WITH EVENING DRESS—Mr. and Mrs. Jack Jefford of Anchorage, Alaska, are shown in Regina, en route to Mexico City, where they plan to have a holiday. Despite Regina's blustery day they were warm and comfortable in their fur parkas and were amazed to find Reginsans shivering in their collarless coats. "Fur parkas are indispensable in Alaska, even over formal evening wear," stated Mrs. Jefford. Mrs. Jefford owns a curio shop in Anchorage, largest city in Alaska, with a population of 15,000. Her husband flies for the Civil Aeronautics administration there.

CANADA—THE NEW WORLD MARKET PLACE IN 1949—Major-Gen. Sir Colvin McV. Gubbins, KCMG, DSO, MC, export director of a British textile organization embracing 17 leading firms, is shown an illustration of the new registration centre at the Canadian International Trade Fair, by Glen Bannerman, department of trade and commerce. As a large exhibitor at the coming trade fair, which will open in Toronto, Ont., on May 30, Sir Colin expressed his opinion that Canada is on the verge of a tremendously-expanding economy and the trade fair is an ideal vehicle on which to carry this message. This trip has taken him to different parts of Canada on a study of what Canadians want. A two-war soldier, Sir Colin, was in charge of resistance and sabotage for the British during the last war. The sabotaging of the German "heavy water" installations in Norway by British trained Norwegians is one of the operations he regards with satisfaction. His operations embraced all parts of the globe and many Canadians played leading roles particularly the French-speaking Canadians who played a big part in organizing and training the French Maquis. Sir Colin is returning to Canada in May to supervise his exhibit at the trade fair, which will last until June 10.

CANADA'S ENVOY CONFERS ON ATLANTIC PACT—The European countries and the envoy of Canada participating in the proposed Atlantic Defence Pact are shown as they left the U.S. state department in Washington after a conference with Secretary of State Dean Acheson on the final wording of the proposed agreement. Left to right: Jonkheer O. Reuchlin, Netherlands minister; Ambassador Wrong, Canada; Ambassador Henri Bonnet, France.

SWINGING (ON) THE LEAD—Leading the way in new angles on an old job is this Cape Town (S. Africa) dock worker. Any old sailor would gasp at this basket suspended from a crane which is replacing the famous Bo'sun's chair, but after all it is the easiest way to repair the mast of the tug "J. W. Sauer" from Walvis Bay.

CANADA'S 50,000TH D.P.—Ausma Levalds, eight, from Latvia, the 50,000th D.P. to reach Canada, is shown with her father and gift dolly, which she received from the mayor of Halifax. With Ausma came her mother, and sister Rasma, 16. They plan to live at New Dundee, Ont., with Ausma's father Janis Levalds, who came to Canada a year ago with his son.

IT'S FAREWELL EAST, HELLO WEST—Annis Stukus, new coach of the Edmonton entry in the C.R.U., is ready to pack his bags (see photo), bid his friends in the east good-by, and head for those western prairies. "Big Stuke," as he is affectionately known, is going to be missed by his many friends in Toronto and the rest of eastern Canada, and to show him just how much, they presented him with these two travelling bags. Just a note of warning to you westerners: Contrary to common belief, Bill Stukus, better known as "Little Stuke" is Annis' brother and not his son!

PICTURE OF A PROMOTER—Those are mighty bigger than the feat Joe Louis has set out to become a successful big-time fight promoter. The retired heavyweight, who started on his new profession and is in process of calling to one of his associates in the promotion, is currently in Miami, Fla.

SWEDISH AIR CHIEF TOURING DOMINION—Air Marshal W. A. Curtis, CB, CBE, DSC, ED, chief of the air staff, R.C.A.F., is shown above (right) greeting Lieut.-General Bengt Nordenskiold, commander-in-chief of the Royal Swedish Air Force, on his arrival in Ottawa. Lieut.-Gen. Nordenskiold has been on a tour of R.C.A.F. stations across the Dominion.

PRINCESS GREET'S THE BALLERINA—The Duke of Edinburgh stands by as his wife, Princess Elizabeth, wearing a crinoline gown of white satin, embroidered with crystals, congratulates Ballerina Moira Shearer after a performance attended by the princess and her husband during their three-day visit to Scotland. The concert was held in their honor.

SIX CITIES REPRESENTED IN BALLET FESTIVAL—Groups from Vancouver, Winnipeg, Toronto, Hamilton and Montreal, took part in the Canadian Ballet Festival onto last week. The festival, only national one, thrilled audiences. Three dancers who appeared in the festival were left to right, Olivia Wyatt, Coole Walker and Faulkner.

Announcing... INTERNATIONAL INDUSTRIAL JOINT EDITION OF The Prince Rupert Daily News

INTERNATIONAL INDUSTRIAL JOINT EDITION OF

The Prince Rupert Daily News

The Ketchikan Alaska Chronicle

Published by the Prince Rupert Trades and Labor Council

On This Occasion—

1. The impending Statehood of Alaska whereby restrictions will be removed which at present prevent full use of the Port of Prince Rupert as the gateway to Alaska

2. Industrial developments at Prince Rupert and Ketchikan, notably the establishment of multi-million dollar cellulose pulp mills at both cities—Prince Rupert's already being well under way, Ketchikan's about to commence.

The International Industrial edition will bring history up to date in picture, news stories and feature stories.

Publication Date—April 30 or thereabouts. (Extreme Closing Date, April 10)

Circulation—12,000 copies throughout Canada and the United States including members of Parliament in Canada and Congress of the United States, administration leaders of the Dominion, the provinces, the Union and the States, leading newspapers and libraries.

Regular subscribers of the Daily News and the Chronicle will receive the edition.

Advertising Rate—\$1.50 per column inch. Full Page \$150; Half Page, \$80.

Orders for advertising or copies of the edition should be sent to—

Prince Rupert Daily News Ltd. Prince Rupert

CIVIL SERVICE GETS HOLIDAY

OTTAWA—Canada's civil service will enjoy a long holiday week-end from Saturday, June 4 to Tuesday, June 7, this being proclaimed in the Canada Gazette. June 8 is a statutory holiday to celebrate the birthday of King George VI. Actually the King's birthday falls on December 14, but this is deemed a poor time, in view of the northern climate, and nearness to Christmas, the June date was decided on.

DOWNHAM, Norfolk, England

—Farmers debated cows' musical tastes on market day. Verdict: They hate jazz and despise the umbra. But they like classical music.

WESTCOAST TRANSMISSION COMPANY LIMITED

NOTICE is hereby given that an application will be made to the Parliament of Canada, at the present or following ensuing session thereof, for an Act to incorporate a company under the name of Westcoast Transmission Company Limited.

The objects of the Company are to construct, install, maintain, equip, own, operate and use a pipe line or pipe lines, to transport or transmit, nature of gas, from the general Edmonton area of the Province of Alberta or from a point or points which are north of Township 52 in the said Province or from a point or points in the north-eastern portion of the Province of British Columbia where natural gas can be obtained to a point or points within, at or near the Cities of Vancouver and New Westminster in the Province of British Columbia, and from there to the State of Washington, and other places in the United States of America, to construct, install, maintain, equip, own, operate and use appropriate branch or lateral gathering and distributing pipe lines to the main line or lines to or from consumers, distributors or suppliers of natural gas convenient to the main line or lines; to transport, transmit, pipe and convey, natural gas from such gas, and oil gas, areas in the Provinces of Alberta and British Columbia as may be approved by duly constituted governmental authority through such pipe line or pipe lines; to construct, acquire, install, maintain, own, operate and use all such structures, reservoirs, plants, equipment and facilities for the gathering, transportation and storage of natural gas; to buy, or otherwise acquire, natural gas and a mixture of artificial and natural gas; to sell, distribute or otherwise dispose of natural gas and a mixture of artificial and natural gas; to acquire and hold land for the purposes of the Company, subject to sections 215 to 248 inclusive of the Railway Act so far as applicable. The works of the Company will extend beyond the limits of one Province and will be declared to be for the general advantage of Canada.

The said Company requests it be subject to any Act passed by the Parliament of Canada for the purpose of regulating the construction, maintenance and operation of pipe lines, plant and equipment used in the transportation, storage and distribution of natural gas. Dated at Ottawa, the 16th day of March, 1949. FARRIS, STULTZ, BULL & FARRIS, Solicitors for the Petitioners. m31 a6, 13, 20

Church Hecklers Busted by Police

LONDON—Police forcibly removed seventeen hecklers, including a minister, who interrupted an Anglican Church service. The six women and eleven men shouted: "In the name of the Lord Jesus Christ we condemn this mass as a blasphemous fable."

Modern Etiquette

By ROBERTA LEE
Q. Should a young lady be congratulated on her coming marriage?
A. It is not good form to congratulate a prospective bride. She is to receive one's good wishes. The prospective bridegroom is congratulated. The bride-elect's mother receives kind wishes and congratulations.
Q. Should the dinner napkin be entirely unfolded before placing it across the lap?
A. No. One fold is always left in the napkin.
Q. Who holds the baby during the christening?
A. Usually one of the godmothers.
Q. When eating cherries or grapes at the table, what is the correct way to remove the stones from the mouth?
A. Remove them with the tips of the fingers and place on the plate.

Seasonable Ideas for Housekeepers

CHEESE IS FLAVORABLE CHOICE FOR TASTY, MEATLESS MEALS

Cheese is one of the most concentrated and flavorful foods. It makes an excellent basis for meatless meals. For this reason home economists feel that they cannot emphasize too greatly the value of cheese in everyday meals.

There are many kinds of cheese now made in Canada of which "Cheddar" is the most common. Since it requires approximately 11 pounds or a little more than one gallon of milk (testing 35% butterfat) to make 1 pound of cheese, about 4 ounces of cheese is equivalent to 1 quart of milk in total caloric value or, in other words, 1 inch cube of cheese is equivalent to 1 glass of milk.

Cheddar is a hard cheese and, in this respect, differs from the process cheese which is now sold extensively in packaged form throughout Canada. Process cheese is made from a Cheddar base but, compared pound for pound, Cheddar cheese has higher food value than process cheese since the latter contains more moisture.

Cheese in salad is not a new idea but one seldom used. Cubed process cheese in cabbage, beet,

potato or plain lettuce salad makes it a man's salad. A little grated cheese added to French or boiled salad dressing has the same effect.

Cheese, combined with vegetables or cereals, makes excellent main dishes.

Onions in Cheese Sauce
6 large onions
1 1/2 tablespoons fat
1 1/2 tablespoons flour
1/2 teaspoon salt
2/3 cup milk
1 cup grated Cheddar cheese
1/4 teaspoon spicay meat sauce
Cook onions until tender in boiling water. Drain. Place onions in a baking dish. Melt fat. Add flour and salt and stir until well blended. Add milk and cook until thickened, stirring constantly. Add cheese and spicay sauce. Pour over onions. Place under the broiler until lightly browned. Yield: six servings.

Vegetables in Cheese Batter
1 1/2 cups mixed cooked vegetables
1 cup sifted all-purpose flour
1 teaspoon salt
1/4 teaspoon pepper
1 1/4 cups milk
3 tablespoons dry mustard
3 tablespoons grated Cheddar cheese
Dice the vegetables and place at the bottom of a greased casserole. Mix flour, salt, pepper, mustard, egg and milk and beat well. Stir in 2 tablespoons of the cheese and pour batter over vegetables. Sprinkle the remaining cheese over the top and bake in a hot oven 400 degrees F., for 30 minutes. Yield: six servings.

Cheese Pie
1 cup soft white bread crumbs
1 cup milk
3 tablespoons fat
3 tablespoons flour
1/2 teaspoon salt
Dash of cayenne pepper
1 cup grated cheese
3 egg yolks
3 egg whites
1 tablespoon chopped parsley
Pastry for one 9-inch shell
Dash of paprika
Soak crumbs in 1/2 cup of the milk. Melt fat in top of double boiler. Blend in flour and add salt, pepper and remaining milk. Cook, stirring constantly, until sauce has thickened. Add cheese and stir until melted. Fold in

soaked bread crumbs and well-beaten egg yolks. Cool and fold in stiffly-beaten egg whites and parsley. Line a deep 9-inch pie

plate with pastry and bake in a hot oven, 400 degrees F., for 10 minutes, pour in cheese mixture, reduce heat of oven to moderately slow, 325 degrees F., and continue baking for 45 minutes. Sprinkle with paprika and serve at once. Yield: six servings.

Barbara Brent's BUYS AND WHYS

A WEEKLY INFORMATION SERVICE
MONTREAL, March 31st—Economic is a welcome word in these days of high prices... and it's a word that fits OXO to a "T"! Delicious, beefy-rich Oxo—you'll find it a wonderful help in holding down soaring meat bills! You see, Oxo is extract of meat—prime, lean beef in concentrated form. It adds appetizing, delicious beef flavour to soups, stews and gravies... and extra richness to baked dishes, sauces, sandwiches and snacks! So, for meatiness without the high cost of meat... add Oxo in cube or fluid form to favourite dishes! Oxo gives you so much for so little cost!

I Think You'll Agree With Me that this is "top-of-the-shopping-list" news! For just a few pennies, you can have a main dish for four... that takes just 7 minutes to cook! And those are just three of the reasons why KRAFT DINNERS is so popular! It's a delicious macaroni-and-cheese combination that will make your family sit up and take notice! In every package you'll find two magic ingredients... a special fast-cooking macaroni, and grated cheese for that mellow cheddar cheese flavour all the way through! M-mmm! It's truly luscious! No wonder Kraft Dinner is a family mealtime favourite. Why not stock up on it for Lenten meals? Your grocer has it for you now at a new low price!

Cherry Faces 'Round Your Breakfast Table! Yes, indeed!... when you serve bowls full of brimming over with crunchiness, delicious KELLOGG'S ALL-WHEAT! Kellogg's All-Wheat, you know, is choice whole wheat roasted and toasted to perfection—transformed into crisp, crunchy, ready-to-eat flakes! Serve them generously, topped with fruit, sugar and milk... and just watch those drowsy-heads at breakfast wake up in a jiffy! Yes, the "All-Wheat" way is a wonderful way to start the day... so why not begin, bright and early, tomorrow! Ask your grocer for All-Wheat... made by Kellogg's in London, Ontario... available all across Canada!

Is Baby's Straight Hair Your Despair? Then here's something wonderful for... a real pleasure to you, too! Real "live" beautifully natural curls—give them to your tiny tot the easy "Nestle" way! Yes, NESTLE BABY HAIR TREATMENT—tested and commended by "Parents' Magazine"—is such a very gentle lotion! Just as soon as baby's second growth of hair is one inch or longer, you can "Nestle" curl it every time you bathe her. Any baby can have the cutest curls in "Babydom" with Nestle Baby Hair Treatment! Ask your druggist for Nestle—one bottle lasts four months if you dilute it according to instructions!

Like The First Breath of Spring... are these Coconut Cream Cakes with SWANS DOWN CAKE FLOUR giving them fullness, tenderness, and finer texture. Swans Down, you know, is sifted over and over again until it's 27 times as fine as ordinary flour.

COCONUT CREAM CAKES
1 cup sifted Swans Down Cake Flour
1 tspn. Calumet Baking Powder
1/2 tspn. salt
1 cup sugar
3 eggs, unbeaten
Sift flour once, measure, add baking powder and salt; stir three times. Add sugar to eggs and beat until very thick and light. Add curd all at once, stirring quickly but thoroughly. Add milk, mixing quickly until batter is smooth and well blended. Add lemon juice and blend. Turn into large cup-cake pans which have been greased lightly on bottoms only. Bake in moderate oven (350 deg. F.) about 30 minutes. Remove from pans, cool. Spread jelly on tops of cakes. Fold 1/4 cup coconut into whipped cream. Spread whipped cream mixture on top of jelly and sprinkle with remaining coconut. Garnish each cake with a bit of jelly. Makes 18.

A Dish Your Husband Will Greet With A Grin is this family favourite HEINZ OVEN-BAKED BEANS! So easy to prepare—and so very economical! Serve Heinz beans as a main-course dish with meatless meals and you'll win applause from everyone in the family. Yes, Heinz Beans are "good"! They're meaty and mellow, through and through because Heinz chefs have oven-baked them to mouth-watering tenderness. And then, to make deliciousness more delicious still—they drench them with a scrumptious spicy sauce made from those famous Heinz "Aristocrat" tomatoes! No wonder Heinz Oven-Baked Beans win high praise every time you serve them!

Like A New Pair Of Stockings for the Easter Parade! Here's how to give your faded stockings fashion-wise freshness for just a few cents! Just treat them with All-fabric TINTEX! You'll find this Spring's newest shades in All-fabric Tintex Stocking Dyes... Tintex Gun Metal Blue... Tintex Bronzeskin to complement shoes of bronze or "Gypsy Brown"—Tintex Black Beauty—and Smoke Haze, Misticque, Wine Blush—all wonderful with the blues and blondes of this Spring's fashions! So why not keep "in step" with fashion the economical Tintex way? All-fabric Tintex eliminates all worry and guess-work from home dyeing... just follow the instructions carefully for guaranteed results!

Recipe Collectors... This Is For You! One of my favourite CROWN BRAND CORN SYRUP recipes—and I know you'll like it! You'll like the new, cone-topped container Crown Brand comes in, too! Look for it at your grocer's!

BROWN BETTY WITH CHEESE
Temp.: 350 deg.-375 deg. F.
3 to 4 tbsps. melted butter
1 1/2 cups soft bread crumbs
6 medium apples (tart)
1/4 cup Crown Brand Corn Syrup
1/4 cup sugar
1/3 to 1/2 cup water (depending on variety of apples)
Toss melted butter and bread crumbs together. Place about one-half cupful in the bottom of a 1 1/2-quart greased casserole and cover with half of the apples (pared, cored and sliced), and half of the combined Crown Brand Syrup, sugar, salt, cinnamon or nutmeg, lemon juice, cheese and Brand Syrup. Now put another layer of buttered crumbs over this (about 1/2 cupful) and top again with a layer of sliced apples, then a layer of apples and nuts. Top all with the remaining buttered crumbs. Cover combined mixture. Top all with the remaining buttered crumbs. Cover and bake in a moderate oven (350 deg.-375 deg. F.) 30 to 35 minutes, then remove cover and bake until apples are tender (45 minutes or longer). Serve warm or chilled, with plain whole milk or cream.

Today in Sports

Looking back Reminiscences in SPORT and Records

Joe Louis' name is a perfect end to this table of champs, for both he and Sullivan held the title longer than any other modern fighter.

John L. Sullivan	1882 - 1892
James J. Corbett	1892 - 1897
Bob Fitzsimmons	1897 - 1899
James L. Jeffries	1899 - 1905
Marvin Hart	1905 - 1906
Tommy Burns	1906 - 1908
Jack Johnson	1908 - 1915
Jess Willard	1915 - 1919
Jack Dempsey	1919 - 1926
Gene Tunney	1926 - 1928
Max Schmeling	1930 - 1931
Jack Sharkey	1932 - 1933
Primo Carnera	1933 - 1934
Max Baer	1934 - 1935
James J. Braddock	1935 - 1937
Joe Louis	1937 -

Jack lost the crown. **THEY NEVER COME BACK**—No ex-heavyweight champ has ever come back to re-win the title. Corbett, Fitzsimmons, Dempsey and Schmeling all tried with no success.

NEVER FIGHT HIM TWICE—Joe Louis disproved the theory that lightning never strikes twice in the same place. Most men who have fought Louis twice have been finished in shorter time in the second bout than in the first. This includes Max Schmeling who beat Louis in their first meeting, and was carried away to hospital after two minutes of the first round in their return match.

INTESTINAL FORTITUDE—PLUS—There have been several one-eyed fighters, among them the masterful Harry Greb and Sam Langford. The later staged one of the most dramatic exhibitions of courage and skill in 1923 when he was forty-three years old and practically stone blind. Able to see less than a foot in front of him, Sam won a 15-round decision over Andres Balsa for the heavyweight championship of Mexico. Greb fought one for over a year with one eye.

SOMEONE TAGS THEM—Although several heavyweight champions have retired with their titles, none have enjoyed an undefeated record.

TRIPLE HEADS—Georges Carpentier has held the most titles of any boxer—but the world's championships. Barney Ross and Mickey Walker have held two world titles. But only Bob Fitzsimmons and Henry Armstrong held three. Fitzsimmons held the middleweight, heavyweight and lightweight belts. Armstrong owned the featherweight, lightweight and welterweight titles—at the same time!

TWO DOWN—NONE TO GO—On July 4, 1912, Mexican Joe Rivers fought Champion Ad Wolgast for the lightweight title. Both men threw hard rights simultaneously, both went down for the count. The referee gave the fight to Wolgast although opinion claimed it was a double K.O. There have been seven such twin knockouts in history.

CHAMPS ARE QUICK—The shortest heavyweight championship fight was won by Tommy Burns who knocked out Jem Roche in one minute and twenty-eight seconds in 1903. Joe Louis "moldered" Max Schmeling in two minutes and four seconds—one of several one-round championship knockouts on his amazing record.

BIG GATE—The largest number of people ever to watch a fight looked at Tony Zale and Billy Prior in Milwaukee, Wisconsin, in 1941. 135,132 people were present—but there's a catch to it. No admission was charged. The largest paid attendance is 120,757 spectators at the Dempsey-Tunney bout in Philadelphia in 1926 in which

PUNCH INVENTOR—There were three boxing blows before Gentleman Jim Corbett came along—the left jab, straight right, and uppercut. In 1889, suffering from the effects of a broken left hand—the straight left jab pained him. He experimented with a hooking jab—and when he tried it on an opponent—knocked him out with one punch. That added a fourth punch to the already-existing blows.

Noble and Wick 2, Rosa Lees 1.

DURNAN SHUTS DOOR—Montreal's Bill Durnan saw plenty of action last Thursday as Canadiens tied their Stanley Cup semi-final series with Detroit Red Wings in the Montreal game at a 4-3 overtime victory and went on to win a 3 to 2 victory at Montreal. Durnan is shown trapping a close-in shot off the stick of Detroit's Gordie Howe (far left) who picked up Jim McFadden's (16) rebound. Canadiens' Maurice (Rocket) Roy is shown on the extreme left.

Odds Were All Against Them

Nevertheless, Local High School Basketball Almost Came Out On Top, Club Hears

Prince Rupert High School basketball team almost captured the championship and, as it was, won recognition as being third best team in the province in spite of the fact that it is recognized that a team from outside Vancouver or New Westminster has but a slim chance under the present set-up. This was what Bo-Me-Hi Coach Alex Bill told the Prince Rupert Gyro Club yesterday at a luncheon of welcome home tendered the team soon after it disembarked following its tour of near-conquest. Prince Rupert as well as other outside teams, had such factors to contend with as completely unfamiliar playing surroundings in which there was no provision for them to receive practice, a strange system of refereeing and a feeling of dis-

Sport Shots

Interestedness which was so apparent. Even the press paid a minimum of attention to the outside teams, concentrating their attention on the home teams. In spite of all this Bill felt that his boys had made an excellent showing. He paid particular tribute to their fine behaviour throughout the trip.

Mention was made of Ray Spring of Prince Rupert being named to one of the all-star teams for the province selected from the tournament.

The Prince Rupert coach expressed the opinion that Prince Rupert, with its Civic Centre, had much better gymnasium, organization and supervision for the playing of basketball.

The great popularity that basketball enjoyed was indicated, Bill said, by the fact that New Westminster's big Arena was crowded with 1900 fans for the final game of the series while right next door another packed house was witnessing the New Westminster-Tacoma northern division Pacific Coast Hockey League final.

Now that the Department of Education was taking over direction of the annual High School basketball championship, Bill predicted that there would be an improvement in the organization. After all, he noted, it had been only four years since this inter-High School basketball competition had been inaugurated—the successive winners being Vancouver College, Duke of Connaughts, Magee and, now, Vancouver College.

Under the new organization of the competition, the province was being divided into zones one of which would include this part of British Columbia between Prince Rupert and Prince George including such points as Terrace and Smithers. Bill had been named to the provincial executive representing this zone.

High School Principal Alan Hurst spoke appreciatively of the showing that had been made by Bill and the Bo-Me-Hi Rainmakers. He suggested that one helpful thing in connection with the annual championship competition would be the pooling of expenses so that there might be some relief for the teams when came from the far-away points.

Matrice Brydges, president of the Gyro Club, occupied the

BADMINTON CHAMPIONS

Culmination of another successful badminton season in Prince Rupert will take place during the early part of next week with the holding of a city championship tournament by the Prince Rupert Badminton Association on the Civic Centre courts. Entries are closing today and the draw in five events ladies' singles and doubles, mixed doubles and men's singles and doubles—will be made tomorrow night. Play will start Sunday with the finals scheduled for next Wednesday.

J. P. MacDonald is tournament organizer.

All winter one hundred players have been active in the Prince Rupert Badminton Club and there have been two club tournaments.

The club executive is now endeavouring to round up city trophies of past years, whereabouts and holders of which appeared to be uncertain today.

Let's ALL pull together for B.C.!

- ★ British Columbia has tremendous drawing power . . . as witness the fact it is Canada's fastest-growing province.
- ★ It has "pulled" about 85,000 willing new residents from Saskatchewan, alone, during the past five years.
- ★ New incorporations of companies in B.C. equal those of all other western provinces combined.
- ★ British Columbia can go on progressing if we all work together and keep the confidence of investors whose savings are essential so that new jobs will be opened in this province.
- ★ Larger than Washington, Oregon and California combined, British Columbia is a great province growing greater because its people pull together.

LIGHTHOUSE MAN INJURED

The government lighthouse tender Alberni left port at 4 o'clock this morning in the face of a southeast gale to bring in a lighthouse keeper from bleak Cape St. James at the southern tip of the Queen Charlottes for medical attention following an injury.

The lighthouse keeper is C. A. G. Smith, of Cape St. James who is suffering from an injured elbow resulting from a fall yesterday. He is reported to have stumbled over a piece of coal.

The Alberni is believed to have taken shelter from the gale that is roaring over Hecate Straits today, waiting for clearing weather.

Mr. Smith's injury is believed to be not critical. With him at the lighthouse station is his wife and son and two Department of Transport radio operators.

BETTER HAULING OF FISH NETS

OTTAWA—A new system of haulage has been invented by an East England firm which will have a far-reaching if not revolutionary effect on the world's fishing industries. It consists of fluted power-driven net rollers. Recent trials have shown these rollers have outstanding advantages over the orthodox type. In the first place they ensure better catches with far less damage to the fish. Also they impose less wear and tear on nets and save considerable time for the captain and crew besides cleaning up most of the rough side of net drifting. It also lessens the arduous job of net haulers during bad weather or heavy catches.

ALERT BAY NOT SAFE BY NIGHT

A disturbing story comes from Alert Bay, a small British Columbia settlement, 299 miles northwest of Vancouver, with some 600 white residents and a reservation of 1,800 Indians. Greedy and unscrupulous white men are taking liquor into the area by speed boat and bootlegging it to the Indians at \$10 to \$25 a bottle, with the result that drunken Indians are a major problem and, according to the Indian superintendent, "it is neither fit nor safe for a woman to walk down Alert Bay's one street at night."—Ottawa Journal.

Board Hands Firemen Boost

Majority Conciliation Report Awards 12½ Percent Increase

Wage increases which will amount to about 12½ percent across the board, except for probationers, have been recommended by a Conciliation Board which two weeks ago sought to settle wage differences between city firemen and the city council.

Under chairmanship of Judge W. O. Fulton, the Board consisting of William M. Watts, representing the city, and Thomas Elliott, representing the firemen, Wednesday delivered a report which will be considered by the city council at a special meeting this week.

A minority opinion by Mr. Elliott favored a 20 percent boost closer to that claimed by the firemen who sought the Vancouver scale of pay.

The firemen had previously intimated, however, that they would abide by the findings of the Conciliation Board even though it has not the power to arbitrarily expect acceptance under law.

The city's attitude will be determined by the aldermen at the forthcoming special meeting. The city had offered a 7½ percent boost across the board. The increase, if accepted by the city, will give first-class firemen \$224 a month, a \$24 increase over their 1948 pay level. Second-class firemen will get about \$212 and third-class \$202 a month. Probationers' pay level will remain at \$170 a month.

Included in the award was provision for Medical Services Association fees, payable by the city for firemen, as is done for other city workers.

If accepted by the city and the firemen, the award will have to be fashioned into a working agreement between the two parties.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "We have hope of it succeeding."
2. What is the correct pronunciation of "auxiliary?"
3. Which one of these words is misspelled? Remeniscence, remediless, remittance.
4. What does the word "palladium" mean?
5. What is a word beginning with li that means "ancestral line?"

Answers

1. Say, "We have hope of its succeeding."
2. Pronounce og-zil-ya-ri, o as in or, both i's as in it, a as in ask unstressed, accent on second syllable.
3. Remeniscence.
4. That which offers security. "The liberty of the press is the palladium of all the civil, political and religious rights of man."—Junius.
5. Lineage.

Ray Reflects . . . and Reminisces

It is said of William Lyon McKenzie King that, contrary to what was expected, he is now frequently absent from his seat in Parliament. Instead he is entertaining friends who call on him daily. We hear that, when a man has been busy all his life and quits suddenly, he soon dies. King won't do anything so silly as that. He is only showing his usual good sense and astuteness and probably lengthening his days as well.

The well designed home of today is a much pleasanter structure in which to live than the average home that was considered well planned in the nineties and later observes the Journal of Commerce. Well partner, we know a few Rupert folk who wouldn't mind moving into an abode built in 1886 so long as its reasonably comfortable. That's much better than hunting for non-existent dwellings. How pleasant or unpleasant the place becomes is mainly a personal matter and how one's digestion is working. Then, again, there is often a remarkable difference between a home and a house.

Dogs . . . able-bodied, bright-eyed and very vocal . . . youngsters on roller skates and bicycles, always in motion and none ever very far apart, have their rights. When circumstances permit, this being a democracy, they should be encouraged to go the limit. Let them call and cry and shriek and yelp and bark and race and push and pull and fall over and get up again. Demonstration hours are most any afternoon but there's a time any

a place for everything, which is not in front of the post office, up and down the post office steps, or anywhere in the neighborhood of the said post office or any public building or place of business. And as far from residential districts as possible. That would seem to cover the situation.

A notice to mariners from the Department of Transport advises that the Kingcome Point light is reported to be not burning. Attention will be given as soon as possible.
