Immigration Policy Announced

Bulletins

OPPOSE RED ALLIANCE

HELSINKI — Two minority parties announced their opposition yesterday to entering into a military alliance with Russia. Their stand means that parties representing a majority of the members of Parliament are now aligned against such a tie-up.

ROYAL TOUR "DOWN UNDER"

LONDON—King George VI will visit Australia and New Zealand early in 1949. Queen Elizabeth and Princess Margaret will go along. The announcement was made by Buckingham Palace last night.

GOVT COMES THROUGH

OTTAWA—The government withheld its third want of confidence motion in two days last night as the Commons voted 108 to 74 to sustain the Speaker in rejecting a Social Credit want of confidence motion. Earlier a Progressive-Conservative motion was rejected 101 to 85 while a similar C.C.F. amendment was defeated 173 to 38 Thursday.

CONVENTION DATE SET

OTTAWA—A national convention to select a new Liberal leader will be held in this city August 5, 6 and 7, it was announced today. The formal convention call was issued today by Prime Minister King. The announcement indicated the convention also will consider the party's platform and discuss the vital matter of party organization. Mr. King again made it clear that he plans to quit political life.

NEW WESTMINSTER—Four persons, one a 91-year-old man, were rescued by an aerial ladder from the second floor of an apartment building here early yesterday when they were trapped by fire which started in the garbage chute which threatened the 10-suite building. Other occupants managed to climb down fire escapes to safety.

APARTMENT FIRE

ARNOLD THOMAS PARKIN, one of Prince Rupert's earliest pioneers, who in more than 40 years residence here saw the city grow from a barren acreage of slashed timber, died this morning at 8:50 in Prince Rupert General Hospital after a long illness. He was 70 years old.

Sportsman, marine electrician and contractor, Mr. Parkin took part in the growth of Prince Rupert from the time he stepped from a steamer here on July 18, 1907. He came here originally as an electrical contractor for the B.C. Tie and Timber Co. In that capacity, he constructed the city's first electric light system, for which power was supplied by the B.C. Tie and Timber Co.'s mill at Seal Cove. When the mill burned down in 1909, the power system was taken over by the city and Mr. Parkin went into business for himself.

In 1911, he entered partnership with Hubert Ward, another pioneer, in the firm of Parkin-Ward Electric Co. Joined by D.C. Stuart, the firm continued in operation until 1933, although Mr. Ward withdrew after returning from overseas in 1919.

In 1933, Mr. Parkin established the Parkin Electric Co. which he operated up to the time of his death.

The Natchez carried a normal crew of twenty-six but survivors' figures of the actual number this trip varied from 26 to 32.

Mrs. R. Benson of Massett, who has been visiting in the city for the past few days, is sailing by the Cassiar Sunday on her return to the Islands.

In his youth deceased was an ardent and proficient football player, being at one time a member of the famed Sheffield Wednesday team, for which he played about 1896. During recent years he was a prominent member of the C.N.R.A. lawn bowling club.

For some time, off and on, he suffered from a heart condition which kept him in hospital for the last several months. This final sojourn in hospital had been from February 18. He was a Mason and a member of the Anglican Church. Surviving are his wife, in Prince Rupert, a son, Gordon, now in Vancouver, and a daughter, Mrs. Owen (Audrey) Snell, also residing in Vancouver, but now in the city.

The funeral will take place Tuesday afternoon from St. Andrew's Cathedral of which deceased was an officer and active worker for many years.

Constable and Mrs. J.M. Fletcher and family are leaving Monday on the Cassiar for Queen Charlotte City where Constable Fletcher has been transferred in the provincial police service. He replaces Constable F.J. Walker who has left the force.

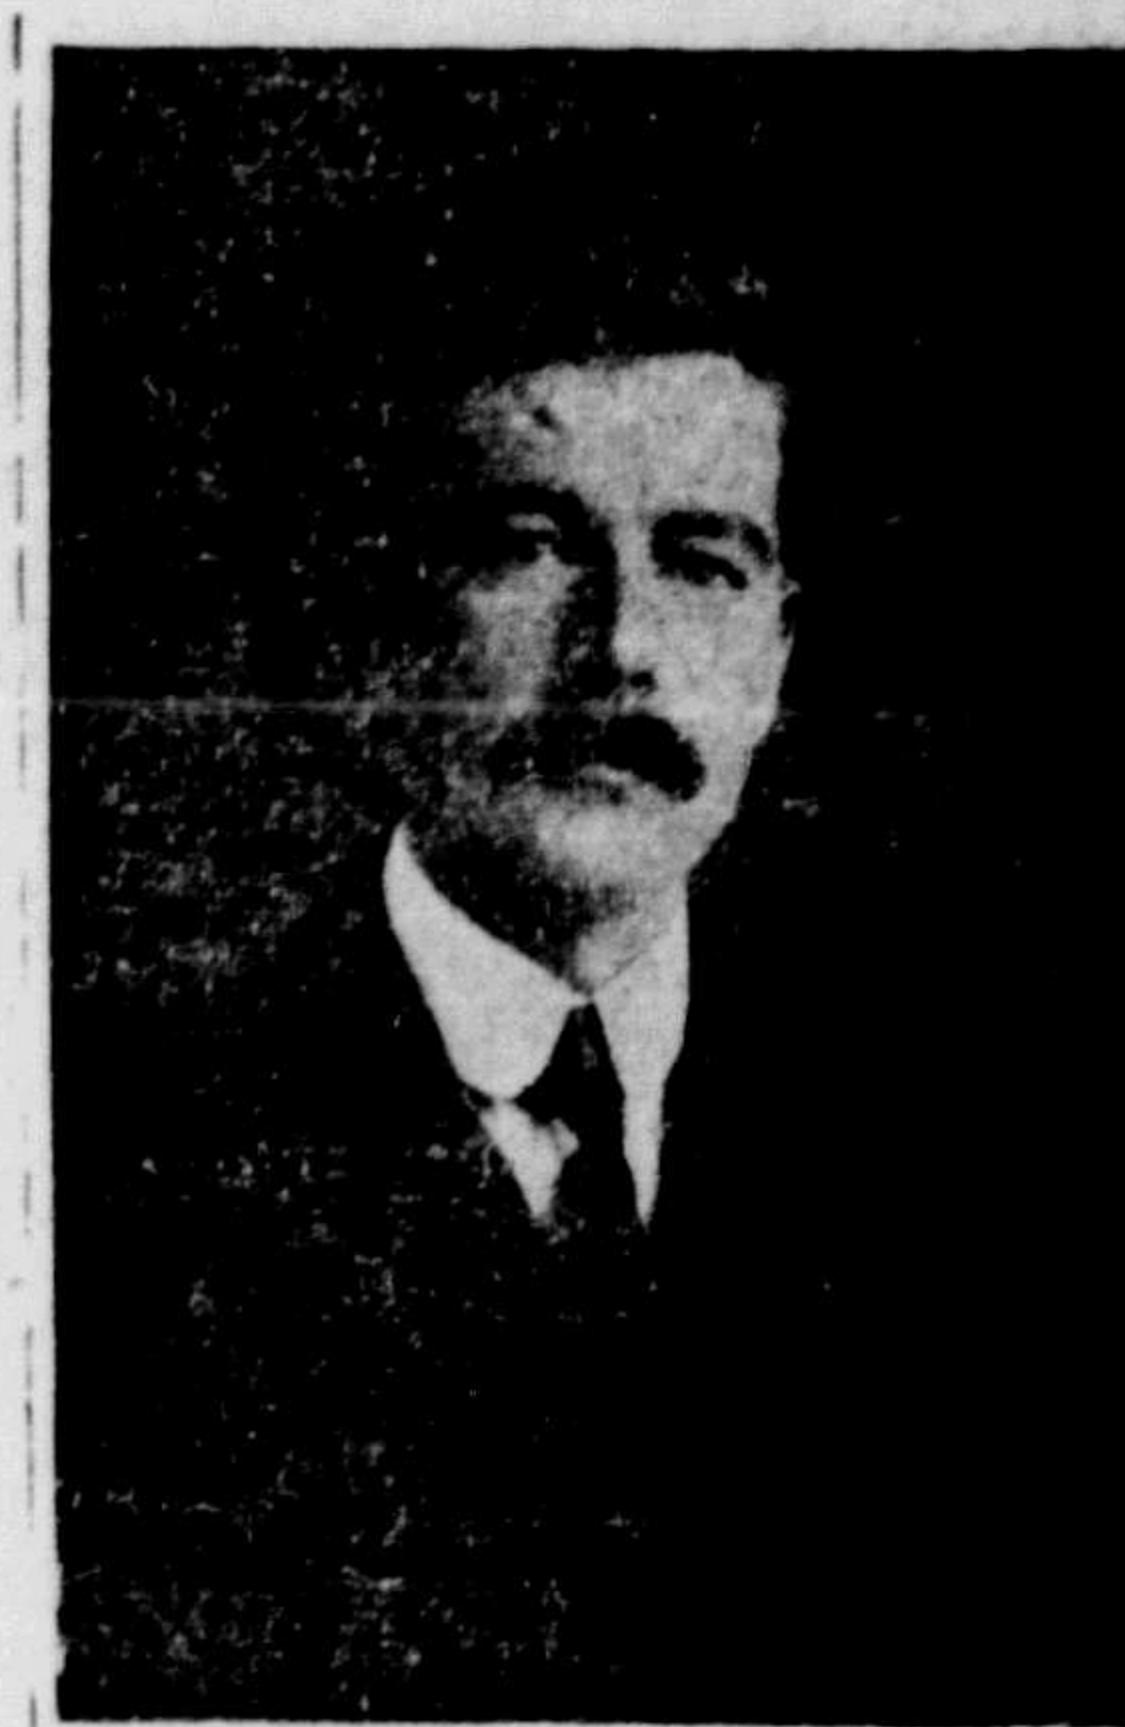

CARROT BAN IS RELAXED

OTTAWA—To meet a growing shortage of carrots, the Prices Board this week announced relaxation of the import ban against them and simultaneously set price ceilings on domestic and imported carrots at 10c per pound, effective at once.

THE WEATHER Forecast

Prince Rupert, Queen Charlottes and North Coast—Overcast today and Sunday with intermittent rain commencing tonight. Winds southerly (15 m.p.h.) today and southeasterly (25) tonight and Sunday. Normal temperatures. Lows tonight and highs Sunday—At Port Hardy 37 and 45, Massett 37 and 43, Prince Rupert 37 and 47.

(Continued on Page Two)

Canada To Absorb Twice As Many Britons and DP's

HALIFAX (CP)—Hon. J.A. Glen, minister of mines and natural resources, today announced Canada's 1948 immigration policy which will virtually double the number of displaced persons and Britons permitted to enter the Dominion.

In an interview Mr. Glen, whose portfolio as re-

-sources minister covers administration of Canada's immigration policy, said approximately 100,000 persons will be admitted to the Dominion.

Last year 54,687 immigrants came from overseas and 9,440 from the United States.

Wheat Price Set at \$2

INTERNATIONAL AGREEMENT IS ANNOUNCED—MINIMUM TO BE \$1.50

WASHINGTON (CP)—A 36-nation wheat agreement putting a \$2 per bushel ceiling price on wheat exported by the United States, Canada and Australia was announced last night. The International Wheat Council made public a five-year pact. It is subject to approval by United States Congress and other governments concerned.

The agreement fixes a minimum price as well as a \$2 maximum. The minimum will be \$1.50 per bushel in the first year—1948-49. It will drop 10c a bushel annually until 1952 when the minimum will be \$1.10 per bushel.

The division was thrust into the shadows by a large and more dominant issue—the growing demand by Opposition members that the government take effective steps to crush the development of communism within Canada.

The attack on communism was spearheaded by Donald Fleming, energetic 42-year-old Progressive-Conservative member from Toronto Eglington.

On Thursday the House defeated a C.C.F. motion which expressed regret that the government had "failed" to use its powers to control prices. The administration drew support on this division from the Progressive-Conservative opposition.

Capt. William A. Howell of the towboat Sohio-Latonia, which brought eleven survivors here said "there could hardly have been any owners saved."

A twelfth man escaped, however, as he was with barges behind and not aboard the Natchez at the time.

The Natchez carried a normal crew of twenty-six but survivors' figures of the actual number this trip varied from 26 to 32.

One American official described as "fantastic" a signed statement by Arthur Friedrich Rene von Angelot-Mackensen that the couple flew to Denmark in a Junkers 52 transport shortly before Germany surrendered in May 1945. He said that Hitler then continued on to Malaga in southern Spain.

14 DEAD AS TUG SINKS

MARINE DISASTER ON LOWER MISSISSIPPI RIVER YESTERDAY

GREENVILLE, Miss.—Fourteen to twenty members of the crew were dead and missing yesterday from the 180-foot towboat Natchez which rolled over and sank at night after the treacherous Mississippi River current swept it against a bridge piling below.

Capt. William A. Howell of the towboat Sohio-Latonia, which brought eleven survivors here said "there could hardly have been any owners saved."

The Natchez carried a normal crew of twenty-six but survivors' figures of the actual number this trip varied from 26 to 32.

Mrs. R. Benson of Massett, who has been visiting in the city for the past few days, is sailing by the Cassiar Sunday on her return to the Islands.

HITLER GETAWAY SAID 'FANTASTIC'

MUNICH (CP)—United States Army officials today checked a former German pilot's claim that Adolf Hitler and Eva Braun escaped from Germany near the end of the war.

One American official described as "fantastic" a signed statement by Arthur Friedrich Rene von Angelot-Mackensen that the couple flew to Denmark in a Junkers 52 transport shortly before Germany surrendered in May 1945. He said that Hitler then continued on to Malaga in southern Spain.

ENGLAND GETS GRAIN FROM RUSSIA—Dock workers stick their hands into the shipload of grain which arrived at the Central granary, London, aboard the Russian liberty ship "Baku." This was the first shipment of grain from the U.S.S.R. to England under an exchange agreement whereby Russia will get heavy machinery from Britain. This will not only increase Britain's exports but will alleviate some of the food shortages felt on the island.

GUS LESNEVICH RETAINS TITLE

NEW YORK (CP)—Gus Lesnevich, light heavyweight champion, knocked out Billy Fox of Philadelphia in one minute fifty-eight seconds of the first round with six straight right hands to the head. Fox had won in 48 previous fights by knockouts.

KITIMAAT WINS PACKERS' AWARD

IN NATIVE HOOP TOURNAMENT

Kitimaat walked off with the B.C. Packers' trophy, emblem of championship in north coast native hoop circles, last night when they defeated Greenville by a score of 27 to 17 in the finals of the Northern B.C. Native Basketball tournament in the Civic Centre gym.

The team took the championship in a three-game series in which they defeated Kingolith, last year's champions, and Aiyansh in the first two nights, qualifying to meet the Greenville squad last night.

The Junior Chamber of Commerce consolation trophy went to Port Simpson, which defeated Kitkatla 45-43 in the first game of last night's double-header. Thursday night, Port Simpson defeated Kitkatla, after entering the consolation round Wednesday night on being defeated by Aiyansh.

To Chris Wilson, of Kitimaat, went the Indian Agency award for the "most valuable player," an honor granted by the panel of referees based on their observation of all players.

The Kitimaat team received the B.C. Packers' trophy at a post-game ceremony from the hands of Nick Mazzoni, office manager of the company.

The Junior Chamber of Commerce award was presented to Port Simpson, by A.P. Crawley, J.C.C. president.

Indian Agent F.E. Anfield awarded the "most valuable player" award to Chris Wilson, in behalf of the Indian Department.

Kitimaat's victory last night was earned in one of the hard-fought games in the series. Greenville started off with a

Church Attendance

THE QUESTION of church attendance and influence is much under discussion these days and Protestant churches in Prince Rupert as well as elsewhere throughout the country are gravely concerned and wondering what to do about it.

In a national survey of youth made for the Canadian Youth Commission, fifty-eight percent of those questioned said they usually attended church at least once a week, another fifteen percent said they went two or three times a month, thirteen percent said they went less frequently than that. Only five percent said frankly that they never went at all. Eighty-nine percent of young Roman Catholics in Canada said they go to church every Sunday, but only thirty-eight percent of young Protestants make this claim.

Which indicates, whether we may like their ways or not, that the Roman Catholic Church has something that the Protestant churches have not and is doing a better job at the dissemination of the Christian Gospel and the maintenance of its influence than are the Protestants.

Dr. W. J. Gallagher, secretary of the Canadian Council of Church, prescribed four things that needed to be done at once to meet the inadequacy of the Protestant Churches' influence:

1. A careful study of the Canadian situation should be made.

2. We must strive to state and present the Gospel in terms relevant to our situation and the understanding of the people.

3. Old and new methods of evangelism must be examined, tried, evaluated, and used in the service of the Gospel.

4. The church must be strengthened and quickened for her evangelistic task. This involves many things: the organization and functioning of the church, the training of the ministry, the devotion and the activity of both ministry and laity, the worship and fellowship of the congregation, the Christian nature of youth, the support of the ministry both spiritually and materially.

HELP CRIPPLED CHILDREN

WITH THE challenging slogan "2 out of 3 can be cured", sheets of colorful Easter seals are being mailed to every home in British Columbia, in the drive to raise funds for aiding sick and crippled children. Funds realized will go entirely into the expansion of hospital space and facilities for treating handicapped children throughout the province.

At present, space and facilities in our children's hospitals fall far short of provincial needs. However, splendid results have already been achieved. Returns from Easter seals over the past two years were sufficient—along with government grants—to build a new wing to the Crippled Children's hospital at Vancouver, doubling its accommodation. In addition, the following received substantial financial aid: Vancouver Preventorium, Queen Alexandra Solarium, V.I., and St. Christopher's Home, North Vancouver. All these institutions administer to handicapped children on a province-wide basis. This year the Spastic Paralysis Society of B.C. has been added to the list of beneficiaries.

The worthiness of this cause is emphasized by the splendid results now being achieved by modern medical science in this field.

RESERVISTS PLAN

(Continued from Page 1)

have been out of the question in pre-war days.

All have armament more powerful than existed in the R.C.N. afloat or ashore, in 1939. Single mounted 4-inch weapons are supplied as well as smaller cannon such as Boffin, twin and single Oerlikon and other gunnery items like Bren guns, rifles, revolvers. Torpedoes and anti-submarine weapons, some of them "hush-hush" items until only recently, are also to be found.

Visitors who have read of the scientific wonders of radar, aside, loran and other electrically operated "senses" by which modern warships feel their way through night or fog, probe the ocean depths with invisible fingers, or locate their positions hundreds of miles at sea without recourse to the sun or stars, will find all this type of equipment among the "tools" of the naval reservist's trade. Wireless telegraphy and telephony, too, is also well represented in a division's facilities.

Seamanship gear in the form of Carley floats, lifebuoys and compasses; navigational and plotting instruments; ship and aircraft models for developing a man's "spotting" accuracy; motion picture projectors and films that bring the trainee, without leaving the lecture room, an almost full scale experience of many shipboard details, are all included in the equipment.

The floating equipment with which the establishments have been provided will not be visible to the visitor except where it has been removed from its natural element for the winter. Every division has its quota of 27-foot whalers, long the favorite pulling and sailing craft of the Navy, and also, in the great majority of cases, they possess 46-foot harbor craft.

Far stronger numerically than it has ever been in its peace-time history, equipped in a manner that is producing a greatly heightened state of effectiveness and morale, the Royal Canadian Navy (Reserve) is breaking out its "Come alongside" signal to Canadians with a sense of proud anticipation.

An old car is better than none. But having no car is better than having one unsafe on the road. We are equipped and staffed to check your car point by point, and to make necessary repairs reliably. Don't wait—Drive in now!

WHY I BELIEVE THE BIBLE

(Howard Patrick, of Long Beach, California)

(This is a prize-winning essay on this theme, by a senior in High School, and one of the leading debaters in Southern California)

In this age of the skeptic and the infidel, in this age of doubt and reason, and a belief in the natural over against the supernatural, it is necessary for the Christian to know definitely why he believes the Bible to be the true, inspired Word of God. This is an age when men want a reason for the hope that is within

them. The most reasonable thing in all the world is religion. The Christian life is the normal life, another life is abnormal. For those who search and observe facts, there are numerous evidences that the Bible is the true Word of God.

I believe the Bible because of its strength over attack. No literature, no book, has ever been attacked as the Bible has been. From the first of its existence until the dawn of the present century the Bible has been fought by skeptics, atheists and infidels. Many of whom possessed keen intellect and silvery tongues, and yet this precious book has weathered all storms, and its pages are still brighter than gold.

Did you ever stop to think what a task a man would have who would undertake to destroy the Bible? God has been so careful to guard it that He has woven it into every fibre and fabric of human history. The man who seeks to destroy the Bible must buy up one hundred million copies of the Book, printed in eleven hundred languages, and circulated through the world. He will have to go into the libraries of the world, upon the shelves of which are books in which the Bible has been quoted and referred to. He must carry his destruction into the art galleries of the world and destroy the greatest of all music and sculpture of rare beauty and worth. Why hasn't the Bible been destroyed? Because you can't destroy God, and it is God's Word, and you can no more destroy God's Word than you can destroy the God that spoke the word.

I believe the Bible to be God's inspired Word because it is the key that unlocks all human mystery. Four of the biggest questions that anyone can ask his soul are these: Who am I? Where am I? Where did I come from? and Where am I going?

Science cannot answer them. Scientists fail to tell the origin of human life. The Bible is the only Book that gives the world an intelligent origin. What does it say? "In the beginning God created the heavens and the earth"; that is enough, that in the beginning God; and we have here the most intelligent origin the world ever heard about. This wonderful Book is the key to all human mystery.

The Bible is beyond human invention. The Ten Commandments, for instance, have never been improved upon in all the world of law. The Bible is also the finest of all literature. I believe it is divinely inspired because it satisfies the human heart as nothing else can do.

As Carlyle has said: "It is the one book wherein, for thousands of years, the spirit of man has found light and nourishment,

ROBERT WATTS

HIS FAVORITE RECREATION, ALSO HAS FLAIR FOR FASTBALL

11 years Bob Watts has lived in Prince Rupert, the city of his birth. Bob is in Grade 6 this year attending Borden Street School. Like most of the teen boys of Prince Rupert, he does not name basketball as his favorite sport, does ice skating best of all which may seem for one who was born and raised in a locality which has sufficient frost to have a skating surface. Ice-skating is a Canadian heritage whether in the "banana belts" of Columbia or in any part of the Dominion. It is a game Bob likes when the season permits. A member of the Civic Club he has access to such facilities as are open to members. He has any spare time to spend it working at camp collection or reading.

QUICK MEAL!
Delicious and Nutritious— You'll want Van Camp's often!

ANDREW GARTEN FUNERAL HELD

Final Rites Held Yesterday Afternoon—Numerous Floral Tributes

Final rites for the late Andrew Garten, well known fisherman and master of the halibut boat Lois N., were held Wednesday afternoon at Full Gospel Tabernacle, Rev. Paul Barber officiating. A resident of Prince Rupert for more than 30 years, deceased is survived by his widow here.

The congregation sang the hymns "The Haven of Rest" and "When I've Come to the Last Mile of the Way." Organ interludes before and after the service were played by Miss Loverna Linney, who also accompanied Rev. John Linney in the singing of the solo "The Holy City."

Many floral offerings indicated the esteem in which the deceased was held in the community.

Interment took place at Fairview Cemetery. Pallbearers were Oscar Wingham, William Way, Harold Grindstrand, Peter Wingham, Erling Grindstrand, and Fred Skaland.

Floral tributes were received from the following:

Mr. Chris Dixon and family; Mr. and Mrs. Alfred Henriksen; Friends and Congregation of Full Gospel Tabernacle; Mr. and Mrs. Alfred Benson; Mr. and Mrs. Anton Strand; Mr. and Mrs. Gladset and Peter; Mr. and Mrs. K. Laird; Mr. and Mrs. Nygaard and family; Rev. and Mrs. J. Linney; Salvation Army Home League (president, Mrs. Wilkie); Henry and Paul Freisen; Bill and Irma Way and family; John and Edith Johansen and

were born in RED CROSS Outpost Hospitals *Last Year*

JUST over twenty years ago, pioneers opening up new frontiers in Canada had no medical aid within reach. In case of accident or emergency, the nearest doctor was usually 100 miles or more away.

Today, a chain of 71 Red Cross Outpost Hospitals serve many isolated districts and form their only source of medical aid.

In an average year over 44,000 patients are treated in these hospitals, nearly 600 clinics are held, many thousands of children receive medical examinations, and over 2,000 babies are born.

This work is vital to Canada's development. It is one of the many "missions of mercy" you set out upon when you give to the Canadian Red Cross.

Your dollars are also needed to carry on Red Cross work:

- ... For crippled children
- ... Disaster Relief
- ... Nation-wide Blood Transfusion Service
- ... Nutritional and First Aid Services
- ... And many other services of inestimable value to every Canadian.

THE WORK OF MERCY NEVER ENDS

Coastguard Or No Coastguard, That Is the Question — 55 Men Working At Dry Dock

It seemed like a safe and simple proposition, one certain to be productive of enlightening comment on a serious regional matter of current interest. It turned out to be a bit of a nightmare reminiscent of "Allen's Alley." All the whimsy of Mrs. Nussbaum, Falstaff and the rest were packed into the series of wharfside interviews.

The question was an innocent one—merely as request for opinions from fishermen and other wharfside folk on the desirability of establishing a coastguard service for the safety of lives and shipping on the north coast. Some of the replies were as explosive as a March southwester.

Nothing controversial in the question, thought the ingenuous waterfront scribe as he strolled along the wharves, now and then making a gesture of dodging a swinging cargo net.

Nothing controversial—merely a direct question met by direct answers by forthright men of the sea. "A coastguard service? Yah, by Yiminy we need a coastguard service, right in the middle of Hecate Strait where it's dangerous. We should write a letter to Harry Archibald. You can quote me, too."

That was the way it might have been but wasn't.

In the first place, there was that matter of quoting. It just isn't done, it seems, if you expect to get an answer on the

LADIES' BOWLS CLEAN SWEEPS

A. Pierce and T. Dell Have High Individual Honors

Three clean sweep victories by Rosa Lee's, Lucky Strikes and Orange marked this week's play in the Ladies' Bowling League. Results were:

Rosa Lee 3, Miller Bay 0
Lucky Strikes 3, Comets 0
Orange 3, Mansons 1
Sweet Sixteen 2, Coasters 1
Cosmos 2, Moose 1
Westview 2, Blowers 1
Big Sisters 2, Scuby's 1
Savoy Swingers 2, Toilers 1
Annettes 2, Bankers 1
Watts & Nickerson 2, Variety 1.

High single score for the week was 234 by A. Pierce of Watts & Nickerson while T. Dell of Mansons had the high average of 226 with three-game aggregate of 679.

Individual scoring:

ROSA LEE'S
Z. Hedley 174 258 182
E. Morse 166 174 176
S. Ramsay 142 152 141
M. Postuk 189 283 156
I. Ramsay 201 181 215
Handicap 1 Total 873 1049 871

MILLER BAY

P. Roberts 131 174 130

**ANNUAL OVERHAUL
OF C.G.S. ALBERNI**

Annual overhaul of the light-house tender Alberni, which has been under way since last month, is nearing completion at the local dry dock, being the major job now in progress at the yard. Work on fishing vessels in preparation for the coming season is also being carried out and considerable spring activity is anticipated. The plant, which at the height of wartime ship construction had a payroll of some 2,500, is now employing about fifty-five men.

"If the water is that rough, sonny," he said in a voice that clearly terminated the discussion, "aircraft can't do any good. Only another fishing boat can help. Fishermen are the only men foolish enough to be out in that kind of weather and they are their own best coastguard."

A hundred feet along the government dock a man was casting a professional eye at the Azurite as she swept by. Obviously, this man knew the sea.

"Coastguard?" he replied somewhat vacantly. "I haven't given it much thought. I come from Prince George."

Except for the Hillside chugging diesel smoke from her exhaust as she idled along the pilings, the Atlin wharf was deserted. Let others interview the gulls on the guard rail, the oil wharves are bursting with intelligent opinion.

A visit to the Cow Bay floats, enroute to the oil wharves, brought contact with a man tinkering on the deck of a gill-netter. This is a type of boat that often gets into distress.

The preliminaries over, the fatal question was put. Coastguard.

"It would cost a lot of money to do it properly," he replied, "but I think it would be worth it. I feel embarrassed for Canada when American boats or planes have to come over here to rescue Canadians in Canadian waters. It would give the navy something to do."

He said that he had fished on the B.C. coast for 25 years and that he was a Canadian, even though he had been born south of the border.

There are more things dispensed at oil wharves than oil. Fueling depots are the maritime equivalent of barbershops, focal points of ships and men, and exchanges for information and opinion, much of it salty.

At one company wharf, a trolling boat operator had bought a tank full of gas. The dock attendant's conversation was free. "The trouble with a lot of guys," he said as he dragged up the hose line, "is that they over-power their boats. They put in engines big enough to drive boats twice the size. And what happens? They shake the hull to pieces in a couple of years. Burn too much gas, too."

This seemed like a good time to bring up the matter of coastguard service. The dock man was all for it, especially on the dangerous north coast. On land, there were highway patrols where they are needed, so why shouldn't those who go to sea in small boats have similar protection? Isolated communities needed the protection of emergency aircraft service too, he said.

The fisherman agreed to this but then he said something that somehow had the ring of a ghostly echo.

"We sure need a coastguard for some of the fishermen on this coast. I know lots of boats that are old and unseaworthy. Now me, I can take that boat of mine anywhere in any kind of weather . . ."

SHORT SPORT

KITIMAAT WINS

(Continued from Page One)

With the defeat of Quebec's all-French-Canadian foursome by British Columbia on the ninth and final draw in the Dominion curling championships Thursday night, it was the first time the title had gone to the west coast in the nineteen years of the event. The victory was all the sweeter for Trail's quartet as only last year they were runners-up to Jimmy Welsh's Winnipeggers.

Playing an inspired game Thursday night, Gaston Amyot's Quebec rink tied the score on the twelfth end and forced the bitterly fought contest into an extra frame, only to lose on d'Amour's final rock.

Before Thursday's play Manitoba had appeared headed for her twelfth victory in the nineteen years of Canadian curling championship play Wednesday by defeating Theo d'Amour's powerful Trail (British Columbia) quartet 9 to 8 in a thrilling contest which was not decided until the final rock. The win left George Sangster's rink at that time the only undefeated aggregation in the 'spiel. That was the first and only loss for British Columbia.
