

# Americans Facing Furious Korean Offensive

BOUND? — Canada's contribution to the United States force in the Korean War are three destroyers, seen after leaving Esquimaux, B.C., last Thursday. Leading is the cruiser Ontario which escorted the smaller ships for 750 miles on their voyage to Pearl Harbor, where they will be available for action in Korea. The destroyers, left to right, are Cayuga, Athabasca and Sioux. (CP Photo)

## Man Girl Has Turned Up In Africa After Voyage Of Terror

MONROVIA, Liberia (CP) — Terror-stricken Miller, 18, who tried to sail across the Atlantic to South America in a 16-foot boat with her father, the frail craft single handed after raiders had it off Africa and robbed her dying father. The tragic story came to light Monday after Ag...

## Trade Licences Are Approved

On recommendation of the health, social assistance, police and licensing committee the following trade licenses were approved by the city council at their regular meeting last night: Donald Kennel, painting contractor; A. T. C. Paxton, radio telephone sales and installation; G. H. Tomlinson, sheet metal contractor; Mrs. A. Kermodé, rooming house, the latter to be subject to approval of the sanitary inspector. Police accounts for June totaling \$698.88 and net to the city of \$372.26 were ordered paid. Necessary traffic signs for regulation of traffic on 3rd Avenue be purchased.

## 267 Is Flatly Rejected

Native natives, at their largest convention in many years, agreed unanimously they did not approve of any part of Bill 267 amending the Indian Act as presented near the end of the last session of the Legislature. This is announced by Native Brotherhood Secretary Frank Calder M.L.A.

...from all parts of the province... the bill was discussed under the following headings: 1. Registration of Indians. 2. Reserves. 3. Estates. 4. Management of Indian moneys. 5. Elections and powers of band councils. 6. Taxation. 7. Intoxicants. 8. Enfranchisement. 9. Schools. The meeting recommended that the executive of the Native Brotherhood call a special convention in the fall in a central location in the province where Indians of the whole province meet to formulate resolutions regarding the bill. Meanwhile President Seow is travelling the coast calling meetings to explain the new bill. Notable at the meeting, Calder said, was that elders were more concerned with the effect of the new legislation would have on the children than on themselves. Chief speakers were Calder, Wells, Seow and Williams. A feature of the meeting was the huge banquet.

## Changeover On Pipe Line

The change over to the new water pipe line at Shawatlans Lake will be made Sunday. It was reported by the board of works committee to the city council at their regular meeting last night. The report also recommended that advertisements be inserted in the local newspaper advising the public of the change over on the water line and requesting them to draw a reserve supply of water prior to July 16 in case of an interruption.

Ald. J. N. Forman suggested the water be shut off in certain sections Sunday in order to conserve all water possible. That suggestion failed to meet the approval of the council owing to the fire risk it would incur. The city clerk was instructed to notify the large users of water and ask their co-operation to draw as little as possible on reservoir supplies during the change over. The danger of too great a depletion of the reservoir supply in case of an emergency was pointed out.

The portion of the report dealing with water was approved and a recommendation made that citizens be urged to use no water during the change over and that they draw off reserve supplies as early as possible July 15.

## Sixteen Million Pounds Of Fish

With total landings at Prince Rupert of 16,403,000 pounds of halibut during the season just closed, fishermen are completing one of the most prosperous seasons in this north coast fishing centre's history.

Last year's total landings were higher at 16,600,000 pounds, but prices this year have been higher.

Canadian	
To end of June	11,445,299
July landings	1,329,000
Total	12,774,299
American	
To end of June	2,947,655
July landings	681,000
Total American	3,628,655
Total Canadian	12,774,299
Grand Total	16,402,954

## Engineer's Trip Is Off

A recommendation of the board of works committee that the city engineer be delegated to attend the annual meeting of the B.C. Engineering Society met with defeat after long and heated discussion at last night's regular meeting of the city council.

Ald. George Casey said Works Foreman Geddes' holiday this year should have priority over the engineer's attendance at the conference since he had had no holiday last year. He added that he was not happy about so many conventions for civic employees. Beside the city having to bear the entire cost of such attendance the official's pay was still going on and that amounted to a considerable sum, also. He mentioned the work that the board of works had to do this year and said there had been too many things hanging fire, things that should be attended to.

Ald. W. A. McLean said that, when he supported the recommendation in committee, he had no thought of disrupting work or adding to the financial burden of the city. The idea in sending the engineer to Kamloops was that he might learn things that would be of benefit to the city. He thought the city would gain by sending the engineer to the convention.

Ald. D. Fitch said he thought the knowledge the engineer would gain at the convention would more than pay the costs of sending him.

Ald. H. F. Glassey wanted to be assured that black topping would at least be started before the engineer left for the convention.

Ald. Douglas Frizzell said he concurred with Ald. Fitch that much of benefit to the city could be learned by the engineer at the convention. He felt, however, that although a great deal of work had been accomplished, there was too much work yet to be done for the engineer to take the necessary time off to attend the convention this year.

Ald. J. N. Forman said he felt money was scarce in the city this year and that no additional expenses should be incurred. There were already some things not in the estimates that had to be paid for.

On division, it was decided not to send the engineer to the convention. Ald. W. A. McLean, Ald. Black and Ald. Fitch voted in favor of the trip—Ald. W. J. McLean, Ald. G. B. Casey, Ald. H. F. Glassey, Ald. Frizzell and Ald. J. N. Forman against.

## Gazette Raps Lie's Attitude

MOSCOW — The Literary Gazette Saturday levelled the strongest Russian attack yet made on Secretary-General Trygve Lie and the United Nations. Commenting on Lie's role in the Korean case, the Gazette called the secretary-general a "stooge of Wall Street and an abettor of American aggression" who is helping wreck the United Nations. Six members of the security council, who voted for military aid to South Korea were called "bloody fools."

## Nationals Win Game

National League Winner In Classic At Comiskey Park  
COMISKEY PARK, Chicago—The first extra inning game in the history of the all star inter-league series was played today. Ralph Kiner's home run in the ninth off Art Houtteman tied up the count at three all and it was still that way until the fourteenth when Red Schenck of the Cardinals broke it up at 4 to 3 with a homer off Ted Gray.

Pitchers up to the 14th were: American League—Vic Raschi, Yankees; Bob Lemon, Cleveland; Art Houtteman, Detroit; Alie Reynolds, Yankees; Ted Gray, Detroit.

National League—Robin Roberts, Phillies; Don Newcomb, Brooklyn; Jim Constanty, Phillies; Rarry Jansen, Giants; Ewel Blackwell, Cincinnati.

The game drew a gate of \$126,000 for the players' benefit fund.

## Rene Plevin New Premier

PARIS — Rene Plevin, former French minister of defence, was today elected Premier of France by the National Assembly with an unofficial vote of 363 to 187.

Before appearing before the Assembly to ask for a vote of confirmation, Plevin urged Frenchmen to unite behind a strong government at this time of international crisis.

## Flash

### 'QUAKES KILL 123

BOGOTA, Colombia. — A series of earth tremors in the North Santander department Saturday night and Sunday killed at least 220 persons, according to an official report to President Mariano Ospina Perez.

### SWITCHMEN GO BACK

CHICAGO — Trains rolled over the Rock Island Railroad Sunday as striking switchmen returned to work following government seizure of the line. It ended two weeks' idleness which tied up the system.

### YACHT EXPLOSION

VANCOUVER — Eight persons were injured Sunday when a 30-foot pleasure cruiser blew up in Vancouver's Coal Harbor. The cruiser Ranger exploded after taking on gasoline from a barge. Four men and four women were taken to hospital. They suffered burns, shock and cuts. The injured include Arthur Nelson, captain and owner of the cruiser.

### INTERNATIONAL BRIGADES

BERLIN—West Berlin anti-Communist newspaper claimed Sunday that Soviet satellite countries were planning to recruit "international brigades" to fight with the Communists in the Korean War. At the same time, the Soviet army's official newspaper here hinted at some kind of intervention on behalf of North Korean Communists by what it called a "world girdling peace front."

## Reservists In Training

WAINWRIGHT, Alta. — Seven hundred Canadian Army reservists have arrived here to go into training. Three hundred of them are from British Columbia. It is expected 2300 will take training here during the summer at the old prisoners of war camp.

### BASEBALL SCORES

Western International  
Victoria 14, Yakima 4  
Vancouver 8, Tri-City 4  
Portland (PCL) 8, Salem (WIL) 3 (exhibition).  
Only games scheduled. No Pacific Coast games scheduled.

## Yanks Forced To Fall Back From Positions

Two United States Correspondents Slain— Battle On Outskirts Of Taejon

TOKYO (CP) — Tank-led communist forces mounted a furious new offensive deep into South Korea today and a spokesman said that United States troops were withdrawing to prepared positions under pressure "all along our front line." A communique from General MacArthur's headquarters said that United States forces were trying to halt the offensive above the Kum River before Taejon, emergency South Korean capital. The North Koreans were on the approaches of Taejon today. Their advance was aided by night infiltration with troops dressed in civilian clothing, slipping through the lines.

## Manpower Is Ready

Canada Could Soon Be Put Back on War Footing, Ottawa Declares

OTTAWA —Should Canada become plunged into a full-dress war over Korea, mobilization of her manpower would be fast and smooth compared with that of the second world war.

Five years after the end of the second world war, much of the framework machinery used for directing manpower into military and civilian channels is still in existence. Many key men who directed the job are still in the government service.

The key agency of national selective service and much of the organization is still in existence in the form of the National Employment Service.

## Officer Is Arraigned

MONTRÉAL — Detective Lieutenant Marcel Patenaude, head of the provincial police hold-up squad was arraigned Monday on charges of conspiring to stage bank hold-ups and warrants were issued for two other provincial policemen on similar charges.

Patenaude pleaded innocent and chose trial by judge. The trial is fixed for July 12. Patenaude was released on two bail bonds of \$950.

The complaint said Patenaude and Detective Sergeant Gaston Archambault and former Detective Paul Hervieux, both members of Patenaude's squad, "conspired together and with others to commit armed robberies at branches of the Banque Canadienne Nationale at St. Paul L'Hermite in the district of Joliette St. Hughes and Rougemont in the district of Ste. Hyacinthe.

## United States Boosting Army

Decisive Measures Being Taken In View Of Korean Campaign.

WASHINGTON, D.C. — Informal senators said today that they expect a 100,000-man increase in United States armed forces at an initial cost of \$330,000,000 as the first step in building toward a decisive victory in Korea. The present strength is about 1,370,000.

The defence department yesterday asked for 20,000 draftees "at the earliest possible date" for the United States Army. The defence department said the draft call required to meet manpower needs since "no other resources is at present available."

Major General Hershey, director of selective service, said selective service would start with 15-year-olds and go down the line when it got calls for men. Only men 19 to 25 inclusive can be drafted under the present law.

### THE WEATHER

Synopsis  
Showers which persisted at many points in the interior last night are expected to continue there today with the added likelihood of a few thunderstorms developing in the later afternoon and evening. Cloudy weather will remain in the interior valleys on Wednesday. The southern British Columbia coast will be sunny today but a band of rain approaching from the Pacific will bring showers to the Prince Rupert area this evening and some light rain to Vancouver and Victoria tomorrow.

### Forecast

North Coast Region—Overcast today with rain commencing this afternoon. Cloudy with scattered showers Wednesday. Remaining cool. Light winds, increasing to southerly (30) this afternoon and shifting to westerly (20) tomorrow morning. Lows tonight and highs tomorrow—At Port Hardy, Sandspit and Prince Rupert, 50 and 60.

## Long Fight In Korea

THINGS seem to be settling down for a long campaign in Korea. Decision has been made that the advance of Communism is at long last to be stopped there. So far the fighting has been all in favor of the Communists. It has become fully evident that it was a well organized and equipped drive that came down from the north. It is equally evident that the defence was almost, if not completely, unorganized. Possibly, then it is not surprising that the trend of events in the fighting has so far been almost entirely in the enemy's favor. The course has been reminiscent of the pattern which we came to know so well in the dark days of two great wars before our forces built up their strength and started counter-offensives to gain back lost ground and eventual victory.

The consensus now appears to be that things have so far been going in Korea as might have been expected and that it may not be too long before the picture takes a more favorable turn.

### A NEEDLESS ISSUE

WITH so many other serious events going on, there is something incongruous about the fight in Belgium as to whether the irresolute King Leopold shall be allowed to return to the throne. Why a major political party should be so set on such return and why Leopold himself should be anxious for restoration is hard to understand at this distance. It all seems like such an unnecessary and futile issue.

Belgium, it seems almost certain, could never be united and happy under the weak former monarch who yielded so easily at the time of crisis and has lived a parasitic existence ever since. He would probably be a good deal happier if he went on that way instead of trying to get back on his throne where his existence, at the best, could only be one of anxiety and insecurity.

The return of Leopold is an issue which in these serious times seems to be so inconsequential as to be almost not worthwhile wasting time over.

### OUR DEFENCELESSNESS

THE two principal Vancouver papers have taken the federal minister of national defence to task for the apparent lack of policy in regard to organization of civilian defence against the possible outbreak of a full-scale war which it is safe to assume might soon result in action on this side of the Pacific and possibly involve attack upon cities and points of strategic importance on this coast.

Prince Rupert is one of those places which might well come under attack. We are very complacent about everything of course in the old attitude that it could not happen here. We can hope, of course, that the danger may not be real even though some of the more realistic may feel somewhat different about it. Our defencelessness, of course, is no secret. It is also apparent that nothing is being done about it.

The Vancouver papers may not be wrong in expressing alarm at the continued indifference at Ottawa as to the position out here. For that matter, views along the line have been expressed long since by the Daily News.

### SCRIPTURE PASSAGE FOR TODAY

While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease.

Genesis 8: 22.

As I See It

### By ELMORE PHILPOTT THE DOUGALL STORY

A BRIEF NEWS item from Montreal says that Frederick E. Dougall has finally ceased publication of the "Northern Messenger," the last of the papers put out by the famous house of John Dougall.

I worked for the Dougalls from 1924 to 1928. Rather I should say I worked with them for in the whole four years nobody ever ordered me or even assigned me to write anything. It you worked as editorial assistant on the Montreal Witness you wrote what you pleased. Then you handed it in to the venerable editor, John Redpath Dougall. He would work over it, cross out bits, write in other parts. Then he would hand it back and if you did not like his revisions you could cross them out again, and hand the revised job back again to the fine old Christian gentleman.

JOHN REDPATH DOUGALL wrote his own copy the same way. When he had finished the first draft of an article he would hand it to me and I was supposed to check, revise, make suggestions. Woe to you if you did not put plenty of marks on his copy. He was afraid that you really had not put your heart into the revision job.

John's theory of writing—unlike that of the majority of journalists—was that the more an article was worked over the better the final job. If the printers gave him six successive proofs he would revise every one of them. And by revise, I mean revise, and not just correct mistakes in the typesetting. Certainly if the proof of the pudding is in the eating John Redpath Dougall's method was tops. For there never was a finer newspaper editor in Canada.

THE ORIGINAL JOHN DOUGALL (father of John Redpath Dougall) had once published the most influential Liberal daily in Canada. It was earlier in the field than the Toronto Globe—and around the time of Confederation was a mighty force. It came daily to our house in Hamilton, Ontario, when I was a boy. All that I can remember about that now was that I read a rip-snoring adventure serial in it. It was Sir Nigel by Conan Doyle, I think.

When I went to the Dougalls in 1924 they still published three fine papers. There was the weekly Witness which at that time had about 30,000 circulation, scattered from coast to coast. There was a fine weekly called World Wide. In it we

NICKEL DESIGNER—Stephen Trenka of Green Lane, Thornhill, near Toronto, was named winner of the design competition for a new Canadian five-cent piece. Finance Minister Abbott said Trenka's design had been accepted for the new coin which will commemorate the 200th anniversary of the isolation of nickel. Trenka was awarded \$1,000 prize money. (CP Photo)

## Salmon Catches Up Last Week

Salmon fishing on the Skeena and Naas took a turn for the better last week as average catches climbed to 125 for the 750 Skeena boats and 175 for the 250 Naas boats. Of fishermen in the district about 100 are of Japanese origin.

Spring salmon catches are also reported improved. An agreement has been reached between companies and fishermen on prices and conditions for fall fish, including the benefit fund. For pinks 7c will be paid an dfor chums 5½c. The sockeye price is 20c.

reprinted about 20 or 25 of the finest articles printed anywhere in the world. Unlike the Reader's Digest—we did no compressing—we ran them whole.

The Dougalls never had the knack of making papers pay. They had such rigid scruples against certain types of advertising that their job was about ten times harder than that of an ordinary publisher.

MY OWN CHIEF, JOHN REDPATH DOUGALL, had made a lot of money as a young man. When the type-setting machines came in he got the agency rights for the whole British Empire.

Also, in the very early years John had been appointed a sort of peoples' watchdog on the Sun Life Board—and held that well-paid post for over half a century.

But all the money which he earned and inherited he used for the public welfare. He spent next to nothing on himself, walked four miles to work winter and summer, and ate his lunch out of a paper parcel. I never met a finer person—and I doubt anyone else ever did either.

## Ray Reflects and Reminisces

Seattle has had an imitation atomic bomb attack. It would not make a real raid seem any less terrifying. But it could cause confusion, misunderstanding, fright and nervous tension. Today, there are plenty of high strung people who are experiencing about all they can stand.

A certain public servant in Ottawa will, for the next couple of months, be the most tourist-photographed man in America. He will loiter around in the general neighborhood of the Federal buildings, without doing anything in particular. He will wear a scarlet jacket with blue trousers and yellow stripes, a hat with broad brim, and move neither on foot, or in a car or carriage.

The North Pacific, with Prince Rupert aiding and abetting, shuffled off what amounted to a million pounds of halibut on the local exchange in one day. A brief and busy season has ended. The United States like halibut, so does Canada, but not that seriously. For the time being it's mainly a question of population, or in more bread-and-butter words, consumers.

More than twenty years ago, Saskatoon was badly in need of a hotel and inspired Sir Henry Thornton to build one. An outlay of about a million might suffice. Sir Henry couldn't see it. His sight improved a few days later. There would be a hotel and it would cost about three times a million. It was opened in 1935 and paid from the start. An operating profit is shown annually. The Bessborough averages 8,000 guests a month. There are important conventions every year. Saskatoon has no sunlit seas, green hills and lofty mountains. There's just the mud-colored Saskatchewan, the

prairie and trees built by the pioneers. But Saskatoon does have accommodation.

The government of Saskatchewan, in its wisdom, says the Trans Canada highway, in order to proceed from Manitoba to Alberta, will find it necessary to cross Saskatchewan. While not news there has always been the popular impression that it would be something like that.

Seven United States soldiers, shot in the face with hands tied behind them, have been found on a roadside in Korea. This is something about this that helps illustrate what kind of a foe is trying to dominate mankind. Something else (and perhaps it could have been called an outrage, also) might, have been committed, without arousing the same wrath that this can and will.

Elmer Howe of Los Angeles says that among other results, statehood in Alaska will cause a boom in Prince Rupert. How true! Prince Rupert possesses natural advantages, many of which are deliberately denied full and free exercise. Alaska has long felt a good healthy peeve. Somehow, central B.C. and northern British Columbia understood Alaska better than any other part of the province.

Classified ads bring results. IT PAYS TO ADVERTISE

## PICK AND SHOVEL TODAY AND WHAT TOMORROW

Look at a gang of pick-and-shovel men working in the street. Better look them over carefully. The head of tomorrow's big construction company may be among them.

That is the way our system works.

There is nothing wrong with pick-and-shovel work. It is honest toil, pretty well paid these days—better paid by far than anywhere in the world outside this continent.

But always there will be some whose ambition stretches to greater things. So they save their money, and soon they are taking small sub-contracts; later, bigger ones. And after demonstrating the ability to work hard and lead men, they get more capital and go after still bigger jobs. Eventually it can be a big construction company.

Dreaming? Not a bit. The head of just about every large contracting firm in Canada started that way and fought his way up the ladder of success.

That is why it is called the free enterprise system. It works for Canada and Canadians.

It is worth guarding and preserving.

## SOCIAL and PERSONAL

John Thibodeau, well known Juneau merchant, was a passenger aboard the Princess Norah yesterday returning to the Alaska capital after a trip to Seattle and elsewhere in the south.

S. C. Thomson, who left Prince Rupert last Friday, was due in London yesterday. A brother, over eighty, lives there.

Cause of the sounding of the curfew at 11 o'clock last night was that a switch had been pulled by mistake, police reported.

George Orr, Courtenay, Vancouver Island, stopped over for a few days in Prince Rupert on his way from Vancouver to Dominion Inlet to engage in logging.

Henry Montesano left on last evening's train for Prince Rupert, Saskatchewan where he will visit for the next three weeks. Mrs. Montesano and daughter who left here a few weeks ago to visit with Mrs. Montesano's parents, will be returning with him.

Mr. and Mrs. Fred Arnott were passengers aboard the Princess Norah yesterday returning to Whitehorse where Mr. Arnott is Canadian immigration inspector. They have been on a vacation trip to Victoria. Mrs. Arnott also visited in Calgary.

Regular Moose meeting Tuesday July 11th, 8 p.m. (11)

Sons of Norway meeting on Wednesday, July 12 at 8 p.m. (161)

We have a special value three strand pearl necklace with nice catch without fancy box, \$2.50. Bulger's.

Mr. and Mrs. L. Dyson, pioneer residents of Port Clements, Queen Charlotte Islands, who were here Sunday enroute to Victoria, will be present at the marriage of their daughter, Miss Mary Dyson, which takes place shortly in the capital city.

Henry Lorenzen well known in Northern B. C. and South East Alaska has been notified that he is transferred to Salt Lake City, where he will take charge of the work performed there. Accompanied by Mrs. Lorenzen, he will sail from Juneau aboard the Princess Louise later this month.

Passengers from Vancouver, disembarking here from the steamer Coquitlam Sunday night were Bruce Brown, Mr. and Mrs. Henry Blackburn, Mrs. Tynum, Miss J. Turner, J. Trask, B. W. W. MacDougall, R. A. McLeod, R. Blaney, W. Welsh, J. G. Lee, J. Vitaly, W. Bickerton, Mr. and Mrs. P. Townsend and child, Mrs. Kilburn, Mrs. J. Horsett, Mrs. A. Ring, Len Ring, John Williams.

Mr. and Mrs. Ernest Brown and son, Robert, and daughter, Keren, are spending a holiday visiting with Mrs. Brown's parents, Mr. and Mrs. Robert Wilson, Mr. Brown is manager of the Canadian Bank of Commerce at Abbotsford.

J. A. McMahon and G. D. Sherwood of McMahon and Burns Limited, Vancouver, the firm that had taken an option on the city bond issue for schools, were in the city over the week-end looking over prospects for Prince Rupert. They were favorably impressed.

WILL REPRESENT CANADA—These two Girl Guides will represent Canada at a world friendship camp for Girl Guides to be held in Switzerland this month. Patricia Malaher of Winnipeg, right, and Roma Porter, 17, of Sudbury, will sail this week from New York. In addition to spending three weeks in Switzerland, they will tour Paris before returning home. The girls were chosen to represent Canada through the Juliette Low Scholarship award of the Girl Guide movement. (CP Photo)

### Prefers Private To Public Fights

WASHINGTON — Honey-mooning Willie Pep put his marriage ahead of a ten round boxing bout scheduled for Monday night and thereby drew suspension from the National Boxing Association. The fight was cancelled. The master of the feather-weight division was married Monday in Elkton, Maryland, to Dolores von Frenkel. Willie slipped away from his manager, Lou Viscusi, in Hartford Friday or Saturday.

### St. Laurent Opens Calgary Stampede

CALGARY—The annual stampede was opened in Calgary Monday, the event also making the 75th anniversary of the founding of the city. Prime Minister Mr. St. Laurent marched at the head of the parade. He opened the celebration which will last for a week.

### Vancouver Suffers Mosquito Nuisance

So great is the mosquito pest becoming in and around Vancouver that a plane will fly over breeding areas around the city to spray certain districts.

### Miller Bay Nurse Dies

Miss Catherine Coleman Was London Graduate and Worked Through Blitz

Graduate of various London hospitals who went through the grim days of the blitz and came to Canada after the war, Miss Catherine Blake Coleman, member of the nursing staff of Miller Bay Hospital for several months, passed away last night in the Prince Rupert General Hospital.

In failing health for some time, she had resigned from Miller Bay staff June 25 to enter the general hospital.

Born June 14 1907, in Middlesex, England, Miss Coleman trained in Paddington General, Queen Mary and Royal Sanitarium Institute Hospitals in London and had practised nursing since 1928.

After coming to Canada she nursed at Manitoba Sanitarium and was at Ocean Falls General Hospital before coming here November 16 last year.

Funeral arrangements are in charge of B. C. Undertakers.

### Modern Etiquette

Q. Is it permissible to refuse some certain dish at a luncheon?  
A. No as a luncheon usually consists of just a few dishes, it would not be considerate to refuse any. It can be done occasionally at a large dinner where there is a great variety of dishes.

Q. If a "bread and butter" letter is being written, should it be addressed to the girl one has been visiting, or to her mother?  
A. It should be a joint letter addressed to both, or a separate one to each.

Q. How long should a hostess, who is giving a large dinner, wait for a guest who is late?  
A. No longer than fifteen or twenty minutes beyond the time specified.

### Wool's place in the sun

Wool never wilts when the summer heat is on. And it's nature-designed to keep you cool through heat-wave days. Your best bet for summer sportswear comfort is a choice from our collection of wool sports jackets and slacks.

Sports Jackets, Sports Slacks, WATTS & MICKERSON The Men's Shop

### Conventions of Legion Women

A comprehensive report of the Canadian Legion Women's convention at Trail was given by Mrs. W. Murdock at the meeting Thursday night with amusing incidents on the bus ride from Vancouver to Trail. Mrs. Murdock also acted as standard bearer with 41 others, which helped to make the parades very colorful.

Congratulations were extended to Mrs. J. S. Black on being elected to second vice-president at the Trail convention. She replied, giving her report and highlights of the auxiliaries she visited before going to the convention.

Reports were received from east and west sick visitors and entertainment committees.

The Legion Ladies would again help with the Civic Centre carnival in August, it was decided.

### Arrivals

Prince Rupert  
Lucke, Sandspit; D. Inverness; J. M. Victoria; Giles MacKenzie; Mrs. Bordwick, T. S. Thomas, J. E. R. Lind and son, Willhercote, Fred Rogers, Mrs. A. Murin, Khut-Inlet; Mr. and Mrs. ...

Two new members were initiated and one application for membership was read. Mrs. Rothwell, president, presided. There was a good attendance.

**Jams and Jellies Made at Home This Way Are Really SUPER!**

You make them in 1/3 the time... with better taste and color... average 50% more jam or jelly from your fruit.

- For better tasting jams and jellies use **CERTO Crystals**... the pectin product in crystals form that helps all fruits to jell perfectly.
- A ONE-MINUTE full, rolling boil... that's all you need. It cuts down the time needed for old, long-boil recipes by two-thirds!
- You get natural taste and color. The one-minute boil is too short to dull the color or spoil the lovely, fresh-fruit taste.
- With **CERTO Crystals** you don't waste your juice by "boiling down". So you average 50% more jam or jelly from your fruit.
- Tested recipes — one for each kind of fruit — come in every package of **CERTO Crystals**. Follow the simple directions EXACTLY for success every time.

Ask your grocer for **CERTO Crystals**

North Star In Softball Win

In last night's Senior softball game between Watson Island and North Star, the latter came out on the top side of the 22 to 17 score. The game was a see-saw affair from the start to finish although neither team played particularly good ball.

The game was a see-saw affair from the start to finish although neither team played particularly good ball. Early in the game North Star took the lead with an 8-2 score but the Islanders rallied in the fifth with a 5-run session, and again in the sixth with 7 runs to bring score 14-8 in their favor.

By the time the seventh inning was over North Star had scored 9 runs to put them on the upper side of a 17-14 score. Then the Islanders tied the game up making it 17 all in the top of the eighth. But once more the bottlers came through, with a score. This time they crossed the plate five times to give the final count of 22-17.

In tonight's junior softball play-off, the Scouts and Annunciation School will battle it out in the last game of their three game series. Both teams have a game to meet credit.

Terrace Boom Is Continuing

Terrace continues to boom and new people are coming in at a rate of 25 per week, according to Charles M. Adam, operator of the Tillicum moving picture theatre there, who was an overnight visitor in the city on business. He estimates that the population around Terrace is now about 2500.

Everybody is working. The sawmills are humming. Much new building is going on but still there is a housing shortage.

Crops are in excellent shape, Mr. Adam reports. Rain during the past few days came just in time to promote growth after a dry spell of several weeks. Fruits and vegetables are doing splendidly. A bumper strawberry harvest has been on for the past couple of weeks and is also being benefitted by the rain providing, of course, it does not last too long.

Football Meet On Wednesday

There will be a meeting of the football executive tomorrow evening. One of the matters to be discussed is when the postponed game between the Battery and the Legion in the North Star League will be played.

Another item is the picking of the All-star team to play against the Native All-stars on Saturday evening. And a third item is the final arrangements for the dance sponsored by the Football Association for Friday evening at the Canadian Legion auditorium.

No further word has been received from the B.C. Football Commission regarding the possibility of a visit to Prince Rupert of a team from Vancouver.

What Happened To Petition?

Inertia of citizens was blamed at last night's meeting of the city council for the inability of the city to proceed with work on the streets of the Rushbrook Heights area.

Ald. T. B. Black pointed out that, in order to pass a local improvements by-law, it was necessary that the citizens of the district affected petition the city council asking that those improvements be made. That was necessary because of a previous default in bond payments. The only other way it could be done, he continued, was in cases where a condition that was dangerous existed.

Ald. J. N. Forman said such a dangerous condition existed on Sixth Avenue. City Clerk H. D. Thain said he had prepared petition forms for the ratepayers of the area asking that the work be done, that they were lost one time and prepared again and given to the ratepayers' association. No petition has yet been received.

The city clerk was instructed to contact the ratepayers' association to try to determine why the petitions were not being signed and to contact ratepayers individually after he had gained what information he could.

Heavy Battery Blanks Motors

League Championship Depends On Postponed Game Between Battery and Legion

Heavy Battery handed General Motors their worst defeat of the season last evening when in the North Star league football competition the Gunners won by the score of five to nothing. The win leaves General Motors tied with Canadian Legion but the latter have a game to play against the Battery.

Play had barely started when the Battery was a goal up through Pavlikis. General Motors was disorganized and Boulter did well to save from Vuckovich but was beaten immediately after. Williams stopped the ball with his hands but Darrow Gomez made no mistake with the resulting penalty. Immediately after Pavlikis put his team three goals up from Cameron's centre. Dunbar and Halvorsen turned back a Motors attack and then, from Alex. Gomez' centre Pavlikis scored his third and his team's fourth goal. The Motors' team ran into further trouble when referee Pat Forman put Wellens off for talking back.

Forman took himself off too and Sid. Woodside took over the whistling chores. Dunbar staved off a Motors attack when he blocked Ford and then Lee. John Wilson checked strongly. Vuckovich seemed to have a goal but Boulter brought off a sensational save at full length. Motors were doing better and Ford crossed a goal centre. Price also got the ball into the middle. Pavlikis shot past just as the whistle went.

General Motors attacked on resumption of play and Frank Gomez cleared. Olsen broke up a Pavlikis-Parkhouse attack. Cameron beat Price but shot wide. Motors attacked and Halvorsen saved on the line from Lee. Later he was lucky to clear from Olson. Motors forced three corners but the ball was cleared. Lien stopped Pavlikis. Pat Wilson sent a fine drive just too high. Then Vuckovich got a fifth goal for the Battery with a good shot. John Wilson cleared and placed nicely to his forwards but B. Gomez and Dunbar cleared. Ford stopped Cameron and the Motors were attacking when full time came.

Teams: Heavy Battery—Halvorsen; F. Gontz, Dunbar; Mazzoni, Darrow Gomez, B. Gomez; Vuckovich, Parkhouse, Pavlikis, Vuckovich, A. Gomez.

General Motors: Boulter; John Wilson, Wellens; Lien, Olsen.

Table with columns for teams (Canadian Legion, General Motors, Heavy Battery) and statistics (W, L, D, P).

COMMENTS

The Battery got off to a great start but two of their first three goals seemed well offside from the stands and Pavlikis was certainly holding a defender when he scored first. However, the Motors defence was completely disorganized with the wing halves Large and Lien particularly ineffective. Pavlikis scored three goals and Darrow Gomez and Vuckovich one each.

Halvorsen kept his goal intact but was shaky. Dunbar and F. Gomez put up a strong and steady defence although they had a weak forward line to stop. Darrow Gomez, Mazzoni and Billy Gomez checked well and kept driving the ball ahead. The forward line was always dangerous with Pavlikis very alert and strong. Cameron and A. Gomez crossed the ball well and Parkhouse and Vuckovich always threatened.

Boulter was slow at the first goal, evidently waiting for the offside whistle. Wellens played hard and was unlucky to be sent off for talking. John Wilson was

always a strong forceful defender who placed the ball. Olsen again was very effective at centre-half but should check the centre forward more closely. Large and Lien were weak although Lien did better in the second half. Ford was the best forward. Lee is improving but needs to drive harder. Pat Wilson was fair. Price was slow and gives up too easily. White tries hard.

Indifferent refereeing at the start tended to spoil the game and the players did not help by disputing decisions though they are entitled to some sympathy.

Got Car With Phoney Check

SMITHERS—Pleading guilty to a charge of obtaining property under false pretences, Jack Lukinuk was yesterday sentenced by His Honor Judge Woodburn to one year in Okina.

Lukinuk, late of Smithers, took possession of a 1950 Pontiac valued at \$2729 from Smithers Garage Limited June 7 and tendered a cheque in the sum of \$1189 drawn on an Edmonton bank. The cheque was later returned with a notation that a search had revealed no such account.

It was reported he might be in Bonnyville, Alta., and searched by R.C.M.P. found that to be true. He was arrested by the R.C.M.P. June 24. He was picked up by a constable from Smithers and brought back for trial. Saturday he was committed for trial by Stipendiary Magistrate K. D. McRae and appeared before Judge Woodburn of Prince George yesterday.

J. McGuire, C.P.A. pilot on the Montreal-Quebec run, arrived by plane Monday for a visit with his brother who is at Klutzemateen.

### Fabricating Of Fire Truck Here

A recommendation of the utilities committee to the city council at their regular meeting last night that Thor Sheet Metal works be awarded the contract for fabrication of the body for the new fire truck at a cost of \$941.42 was accepted.

In moving the award, Ald. W. J. McLean explained the committee had been unable to obtain a lower tender. Ald. J. N. Forman added that, although it was more than had been budgeted for, it was work that had to be done and the city would still get its fire truck cheaper than by purchasing it otherwise. Ald. T. B. Black said it might be possible to place the work under capital expenditure.

The committee also reported they had received and considered the report of the telephone superintendent for the period June 15 to June 30.

FROM LEGISLATURE TO KITCHEN — Mrs. Nancy Hodges, coalition member of the British Columbia Legislature for Victoria, says her new job as speaker of the legislature doesn't mean she can forget housewife duties. Here she is seen peeling carrots and onions at her home. Her husband, Harry P. Hodges, is editor of the Victoria Times. (CP Photo)

### What City Council Did

Received the report of the finance committee showing sales of lots 5, 6 and 7, block 39, sec. 7, to Peter Mesit for \$270; and lot 43, block 5, sec. 2, to Swan V Petersen for \$170.

On recommendation of the board of works committee: agreed that Grenville Court be blacktopped at a cost of about \$550.

Instructed the city clerk to write Annunciation school board that the Municipalities Act forbids granting a release from taxation on the chapel as a place of religious worship.

Authorized the city clerk to make public the amount raised in Prince Rupert for the Manitoba flood relief fund as soon as such total was arrived at and to insert a card of thanks in The Daily News to all who helped in any way.

Approved the printing of bonds for the school suse at a cost of \$450.

Declined to take space in the Prince Rupert directory at a cost of \$100.

Directed the board of works to look into the fencing of Gyro Park to see under what authority it was carried out.

Passed second reading on the traffic by-law amendment and the taxi by-law amendment.

Authorized the city engineer to place a detour sign at the foot of Third Avenue directing westbound traffic up First Avenue while work is proceeding on Third Avenue.

**SOROPTIMIST LEADER** — Grace L. Nicholls, managing director and secretary of the Toronto Mutual Life Insurance Company, was elected president of the American Federation of Soroptimist Clubs at the annual meeting in Seattle, Wash., Thursday. A member of the executive board of the Canadian Life Insurance Officers' Association, Miss Nicholls also serves on the Dominion board of the Health League of Canada. (CP Photo)

### Minister From Sweden Coming

Distinguished visitor in Prince Rupert tomorrow will be Per Wijkman, Swedish minister to Canada and also consul-general for that country. Accompanied by his wife and Mr. and Mrs. Olof Hanson, Mr. Wijkman will arrive on the Prince Rupert from Vancouver. After spending the day here they will proceed through to Ketchikan and will be in the city again Thursday evening southbound. Mr. and Mrs. Wijkman are making a tour of Western Canada and, after Prince Rupert, will visit Jasper and Edmonton.

### Will Meet Minister

President William Scow of the Native Brotherhood of British Columbia, while in the district, at the week-end, receive a request from Citizenship and Immigration Minister Walter E. Harris to meet him in Vancouver Friday. Reason for the meeting will be to discuss Bill 267 amending the Indian Act.

Scow has been attending a number of meetings along the coast in order to get the reaction of as many natives as possible, the first meeting being at Casiar Saturday night.

### Too Busy To Come To City

The proposed housing scheme for the city of Prince Rupert came up for considerable discussion at last night's meeting of the city council on reading a letter from an official of Central Mortgage and Housing whom the council had hoped to get here to discuss with prospective home builders how the plan worked. The letter stated that, owing to the high demand in Vancouver for housing, he would have to stay there to look after it and would not have the time to come to Prince Rupert. The letter suggested the city contact another department that dealt with rental housing.

Ald. George Casey said he felt the city clerk had given the wrong impression of the problem in Prince Rupert when he had written, but, when Mr. Thain read the duplicate of the letter he had sent, the council was satisfied the letter had given a true picture of the situation here.

Ald. T. B. Black suggested a full report from the housing committee be submitted to the council. He said the plan the city had in mind was not the N.H.A. but another under which the Dominion undertook 75 per cent of the cost of financing and the province 25 per cent.

Mr. Thain said that the plan still called for building under the N.H.A., that the Dominion-provincial payment was in respect of services only but that the down payment would be much smaller to the builder under the scheme.

Ald. Douglas Frizzell said the

**RECORD CRACKED** — Canada's cost-of-living index shot up another 1.4 points during May to a record-breaking peak of 165.4—after remaining stationary at 164.0 during March and April. The Bureau of Statistics said the rise was due almost entirely to higher meat prices. The heavy line shows the United States' cost-of-living index which was at 168.1 on May 15. These trends are not comparative figures but merely indicate the relative trends. (CP Photo)

compared with 15,843 pieces in June 1949.  
A total of 576 cords of wood was counted this June as against 336 cords last year.

**Log Scale Is Gaining**

**Spectacular Increases in Spruce and Hemlock Production**

Log scaling in Prince Rupert forestry district this year is maintaining a substantial lead over 1949. The total for this year to date is 98,542,381 board feet compared with 89,747,367 board feet during the first half of 1949. Spruce and hemlock production showed spectacular gains.

The scale for this June was 27,790,556 board feet as against 22,912,177 board feet in June 1949.

Scale per species this June was as follows, figures for 1949 also being shown for comparison.

Species	June 1950	June 1949
Fir	4,928	2,463,035
Cedar	3,091,536	7,193,853
Spruce	12,613,282	7,028,391
Hemlock	9,902,570	4,087,671
Balsam	1,661,473	1,322,893
Jackpine	510,363	812,128
Miscel.	6,404	4,206
Totals	27,790,556	22,912,177

**Forest Products**

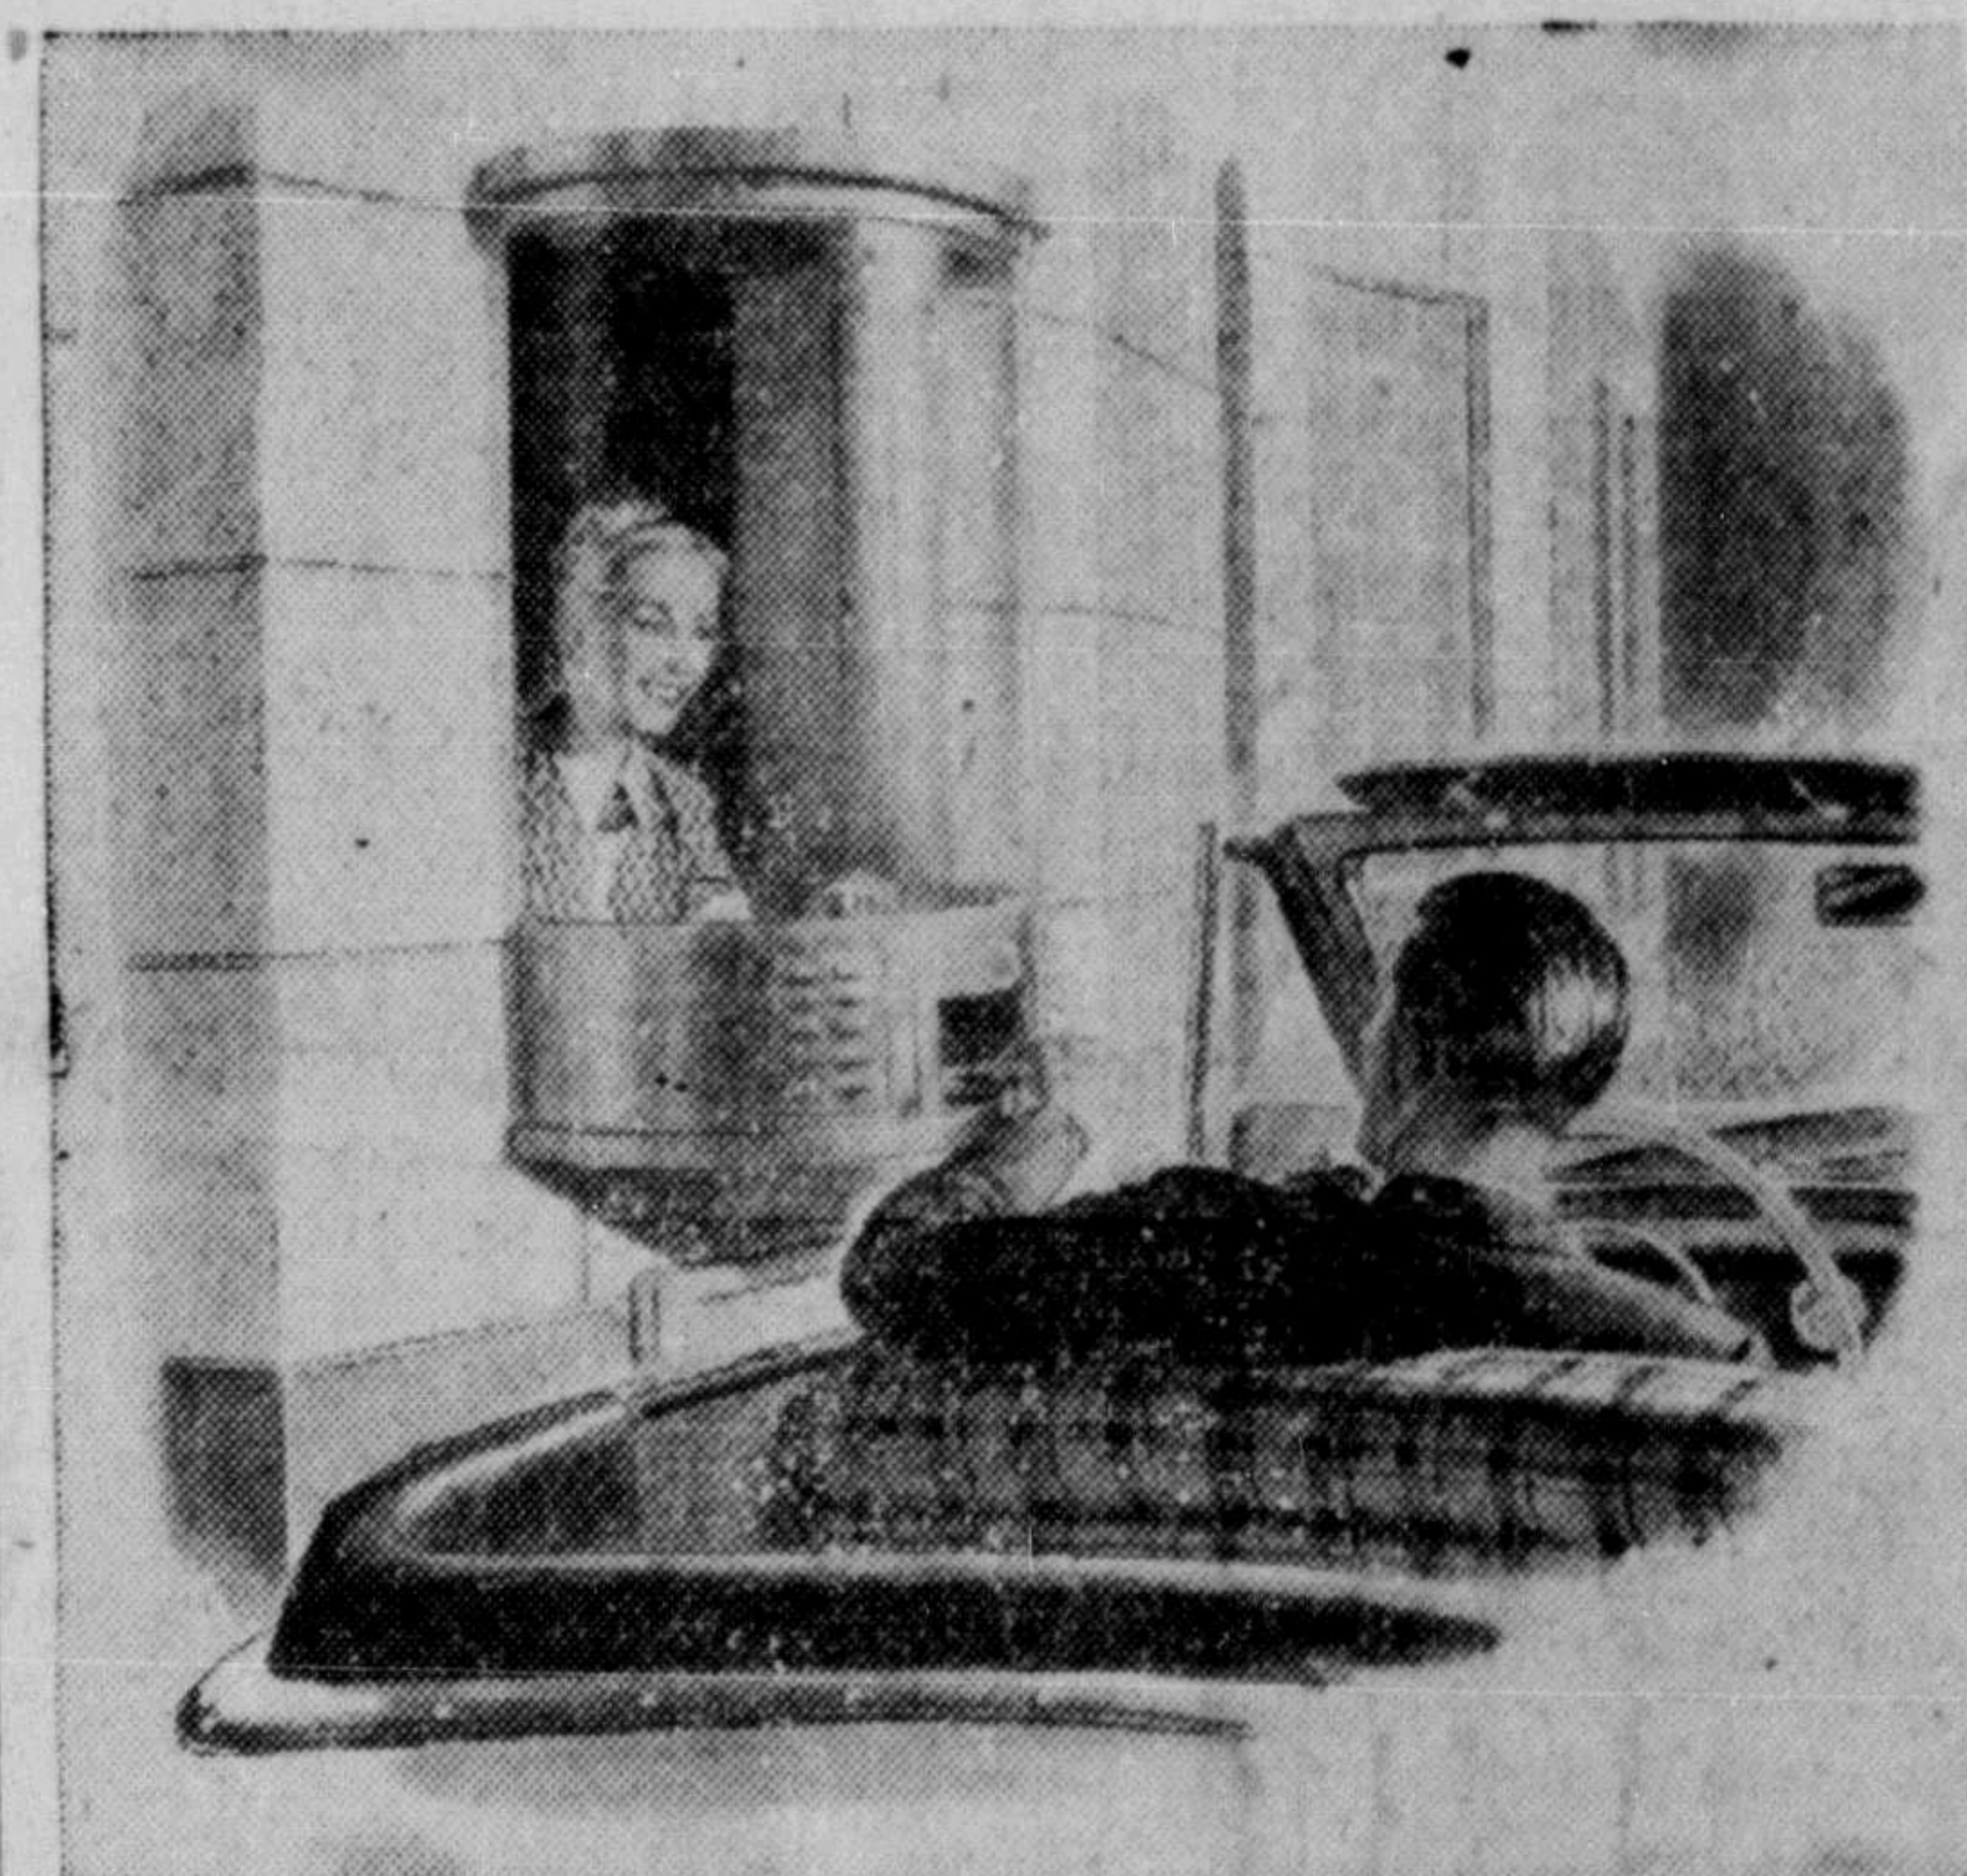

Scaling of poles and piling in the interior this June was light at a total of but 79,560 lineal feet, 79,210 of which was cedar as compared with 231,156 lineal feet in the same month last year.

The tie count this June was 14,275 pieces—all jackpine —

**"Crime Does Not Pay" Film Here**

With a "crime does not pay" theme, "Asphalt Jungle," which opened at the Capitol Theatre last night and repeats tonight, may be a somewhat sordid type but is, nevertheless, exciting and audience holding. It is distinctly adult fare.

The story surrounds a plot for the theft of a million dollars worth of jewels from a large city jewelry establishment. A shady big-time criminal lawyer, played by Louis Calhern, and a police inspector became involved in the conspiracy which takes

**Reg Williams Swallows Hook**

**VANCOUVER**—Chief Engineer Reginald P. Williams of the Canadian National coastal steamer Prince Rupert literally "swallowed the anchor" here on Monday at a presentation ceremony on board the vessel to mark his retirement from active service with the line when he joined in 1926 as junior engineer.

During the ceremony he was handed a miniature anchor, made of cake icing by ship's baker, Arthur Judd, an expert in decorative work.

Presentation of a "lazy-boy" chair was made to the popular "chief" by W. E. Baillie, engineer assistant, C.N.S.S., on behalf of Mr. Williams' many shipmates on ss. Prince Rupert and the new ss. Prince George, as well as his shore associates. He also received a beautiful pearl necklace for his wife.

During his 24 years with the Canadian National Steamships on the Pacific Coast, Mr. Williams had held various positions in the engineers department on all company vessels.

Born in Leeds, England, his marine career commenced at Greenock, Scotland, where he served his apprenticeship.

Mr. and Mrs. Williams leave shortly for Kelowna where they will make their future residence.

many baffling turns. Finally, death or imprisonment overtake all the principals in the plot.

Sterling Hayden, Louis Calhern, Jean Hagen, James Whitmore, Sam Jaffe, John McIntire are principal members of the cast.

**Bet You Don't Know This About Advertising**

**Quiz No. 2**

How much does it cost per dozen to advertise the well-known brands of oranges? Is it 2¢? 3¢? 5¢ a dozen?

**Answer:** It costs less than 1/3¢ a dozen to advertise the big-name brands of oranges.

That's only half the story. Advertising lowers your cost two ways:

Cuts the selling costs. And by helping make mass production possible, lowers the production costs, too.

So advertising saves you many times that 1/3¢ per dozen.
