## PRAIRIE FIRES ARE SPREADING

WINNIPEG (CP)—Northern Manitoba and Saskatchewan forest fires today cover an estimated 100-mile area. Airplane pilots report at least twelve fires in the Flin Flon area in the vicinity of the Manitoba-Saskatchewan border with the worst blaze at Island Falls, Saskatchewan, sixty air miles northwest of Flin Flon.

## Strikers Divided

British Government Sends Troops to Unload Ships

LONDON (CP)—Ranks of striking dock workers split Tuesday over the issue of ending the nine-day wildcat strike that has tied up 142 ships, including 10 Canadian, in the port of London, endangering perishable food.

Majority of strikers at a meeting called by the Transport and General Workers' Union, voted to return to work tomorrow. However, only 3000 of the 19,000 members attended.

A rival meeting of 4500 men voted to remain idle.

With the strikers still failing to heed the appeal of the union leaders to return to work, Prime Minister C. R. Attlee today made good a threat which he made yesterday and sent troops to the London docks today to unload ships of perishable foodstuffs.

## COURT OKAYS PENSION PLAN

WASHINGTON, D. C.—Judge T. Alan Goldsborough Tuesday gave John L. Lewis the legal green light for a \$100 per month pension plan for miners.

Judge Goldsborough dismissed a plea of Ezra Van Horn, trustee for the operators' United Mine Workers' Welfare Fund, for a court order to block payment of pensions to retired miners.

It marked Lewis' first triumph in three trips to Goldsborough's court.

## FOOD-SHELTER ARE PROBLEMS

CASTRIES, St. Lucia (CP)—Food and shelter have become enormous problems in what remains of this Windward Islands capital of 24,000 population following the fire which broke out Saturday and raged unchecked for eight hours, all but wiping out the city. Thousands were left homeless by the blaze and food is scarce. No lives were lost.

## CHANGE MADE IN ANNUITIES

OTTAWA (CP)—The House of Commons has given first reading to a bill increasing the maximum annuity which can be bought from the Federal government from \$1,200 to \$1,500. As well as increasing the maximum, the bill increases from \$10 a year to \$60 the minimum which the government will sell.

## COMMUNISTS BEING BANNED

OTTAWA (CP)—Minister of Justice J. L. Hiesey told the House of Commons Tuesday that no communist or fascist would be allowed to hold a position of trust in the federal civil service. He said the government was "acutely aware" of the need for security measures. It had been decided not to set up an "elaborate organization to determine loyalties" of individuals as had been done in England.

## Kelowna Is Threatened

Okanagan Is Now Faced With Flood Menace—Oliver In Danger

KELOWNA (CP)—Evacuation of residents of low-lying homes here was under way Tuesday night as the Orchard City was imperilled by rising waters of Okanagan Lake which recorded the highest reading in history at 104.84 feet.

Dikers are hastily reinforcing the banks of the river at Oliver where a major breach could ruin hundreds of thousands of acres of fruit crops.

Telephone circuits between Oliver, Kelowna and Penticton are weak, necessitating long delays in communication.

"Kelowna is badly up against it," said Chief Magistrate Harry Angle.

## TERRACE PILOT MAKES MERCY FLIGHT NORTH

A triangular mercy flight in which a Skeena Air Transport plane started at Prince Rupert, paused at Alice Arm, then delivered a seriously ill man to the Red Cross outpost hospital at Terrace was made in the long summer twilight last night.

## PILOT BIL COOPER OF THE SKEENA AIR TRANSPORT SEEBEKE INTENDED TO TAKE OFF FOR TERRACE AT 9 P.M. INSTEAD IN RESPONSE TO AN URGENT CALL FROM THE MINING TOWN OF ALICE ARM, HE HEADED NORTH THERE, HE PICKED UP A MAN KNOWN AS MR. PAYNE WHO WAS SUFFERING FROM A CEREBRAL HEMORRHAGE, RESULTING FROM A STROKE A FEW HOURS EARLIER.

Cooper intended to bring the sick man to Prince Rupert, but because of darkness, he was unable to get a clearance to land here. He headed for Terrace instead.

He put down at Terrace at 3:30 this morning and his passenger was immediately taken to the Red Cross outpost hospital.

His condition was described this afternoon as "fair."

Red Cross hospital authorities at Terrace had little information about the man, other than that his name is Payne. He was employed at Torbric Silver mine at Alice Arm.

Yesterday, while at work, he complained of feeling ill. He went home to rest and shortly afterward was overcome with a stroke.

## REDS KIDNAPPING WOMEN, CHILDREN

ATHENS (CP)—Queen Frederika of Greece said Monday that between 8000 and 10,000 children have been kidnapped by Gen. Markos Vafiades, leader of the communist guerilla army, and sent to camps of neighboring Russian satellite states.

## Macdonald, Arroll, McMeekin Winners

Results in last night's Canadian National Recreation Association Lawn Bowling League play were as follows:

Louis Arroll rink, 20; Ross, 18; Macdonald, 25; McGreish, 17; McMeekin, 18; Frew, 17.

COMMUNIST DIRECTORS ARREST "A SURPRISE"—Jack Stachel, (second from left) is pictured with reporters after his release on \$3,500 bail. Stachel, 49, U.S. national educational director of the Communist party in the United States, was arrested by the F.B.I. and immigration authorities on charges of entering the U.S. illegally. Stachel said his arrest was "quite a surprise."

## Bulletins

INFANTILE PARALYSIS  
FORT ST. JOHN—Ten cases of infantile paralysis have developed here. It is of mild type. All public gatherings have been banned.

BUTTER SHORTAGE  
VANCOUVER—A Vancouver butter dealer says that the worst butter shortage in history may occur this winter unless provision is made for free entry of supplies from New Zealand.

NO REMOVAL YET  
VANCOUVER—A spokesman of the Canadian Manufacturers' Association said today that information had been received from the government that no immediate removal of the 25 percent special excise tax was contemplated.

FIGHT POSTPONED  
NEW YORK—The Joe Louis-Jersey Joe Walcott fight was postponed today until tomorrow in the Yankee Stadium because of rain and threatening weather.

## Anxious To Drop Taxes

Austerity Imposts Coming off Soon, Ottawa Indicates

OTTAWA (CP)—Although reports at this time are termed completely unauthorized and premature, sources close to the government indicate that the cabinet is anxious to drop the contentious excise taxes imposed in connection with last November's austerity program, and only timing stands in the way of their repeal.

The taxes apply to a broad list of durable consumer goods ranging from home electrical appliances to automobiles.

One minister said the taxes, if and when repeal was announced, would not be dropped all at once. Rather some will be retained and others modified.

Basically, the tax is the excise levy of 25 per cent.

However, on some goods, on which there was already a 10 per cent tax, the additional levy was only 15 per cent.

In announcing the taxes last November, Finance Minister Abbott said the aim was not to raise revenue but to limit public spending with the objective of conserving United States dollars.

The special taxes will be removed only when circumstances warrant and there is no authority for announcements concerning the immediate possibility of their removal, said Hon. Douglas Abbott, minister of finance, in Parliament yesterday. J. M. Macdonnell, Progressive-Conservative member for Muskoka, had commented on a Canadian Press report which said that the duties were to be lifted. If that were true, said Macdonnell, there had been a budget leak and a gross breach of confidence concerning members.

## HOME STRETCH IN CAMPAIGN

REGINA (CP)—Wearry campaigners entered the home stretch today, before Thursday's general election in Saskatchewan. Yesterday was the last day during which political broadcasting was permitted.

Final addresses are scheduled for M. J. Coldwell, national C.C.F. leader, and Premier T. C. Douglas, with all candidates returning to their home constituencies for election eve.

Mr. Coldwell, in a speech at Kamsack, said the C.C.F. was fighting a coalition and that the movement faced its toughest test.

## JEWISH ARMS SHIP BURNED

TEL AVIV—An 8,600-ton ship which was unloading arms for the Jewish underground and which was fired upon by the Jewish Hagana, regular army, took fire at Tel Aviv yesterday whereupon the two Jewish factions quit fighting one against the other to join in fighting the flames. The vessel, however, was destroyed.

Another ship of Panamanian registry, laden with Jewish volunteers and ammunition, was fired upon by the Jewish underground.

## MR. KING DENIES REPORTS IN HOUSE

OTTAWA—Prime Minister Mackenzie King denied in the House of Commons that he had agreed with a meeting of Liberals that subsidies were desirable in order to keep down the price level. Mr. King also denied that he had ever lectured the minister of finance, suggesting that Mr. Abbott be more human and remove special excise taxes.

## RUSSIA MEETS SATELLITES

To Map Out Economic Battle Against Western Allies—Berlin Made Two-Currency City

## FISHERMAN IS MISSING, FEAR DROWNED

A crew member of the Vancouver fishing boat Chief Skugaid is missing and believed to have drowned in Prince Rupert harbor. Searches by the city police and inquiries by his fellow crew members have failed to reveal his whereabouts since Saturday.

The man is Harold Tynjala, 23, who was last seen early Saturday morning on his way to the Chief Skugaid, at that time moored at the Home Oil Co. dock here.

Apprehension as to his whereabouts resulted in a search of the waterfront yesterday by the city police. Earlier, it was believed by his friends that he might have left the vessel to stay ashore with friends for a day or two.

The Chief Skugaid docked here Friday evening with 36,000 pounds of halibut and was to sail early this week back to Area Three. However, her skipper delayed sailing on account of the missing man.

According to the police, a taxi driver recalled delivering a man answering Tynjala's description to a spot in front of the Home Oil Co. dock about 3:30 Saturday morning.

It is feared that he may have fallen from the wharf while trying to get back to his boat.

Tynjala's home is at the coast settlement of Sointula.

## WARSAW (CP)—

Russia today called a surprise conference of her eastern European satellites which may map a battle against the western allies' plan to set up a western German state. Summoned were Poland, Czechoslovakia, Bulgaria, Yugoslavia, Romania and Hungary. All of these countries signed a pact last fall to oppose the Marshall Plan. Unconfirmed reports say that Foreign Minister V. M. Molotov is heading the Russian delegation.

The three western allies today rejected a Soviet order for the issuance of Russian-controlled currency for all Berlin and announced their own Deutschmark would be used in the city's western sectors.

United States, British and French authorities say they are making Berlin a two-currency city rather than submit to arbitrary violation of four-power agreements.

## Dewey Is Favorite

PHILADELPHIA—Favor at the Republican national convention here to name a candidate for president of the United States appears to be swinging to Governor Thomas E. Dewey of New York. There was a striking indication of this yesterday when Senator Edward Martin announced that he would not allow his name to be put in nomination but would nominate and support Dewey. The Alabama delegation also intimated its support.

Nominations will start tonight with the balloting tomorrow.

Meantime a "Stop Dewey" coalition appeared early today to be getting under way following a meeting yesterday of Senator Taft, Harold Stassen and Governor Earl Warren of California.

Still another development today was the statement of Governor Ziegler of Michigan that he intended to put the name of Senator Arthur Vandenberg in nomination. Vandenberg has been often mentioned as a possible compromise choice.

## RADIOACTIVE ORE IS FOUND

REGINA (CP)—Hon. J. L. Phelps, Saskatchewan's minister of resources, announced today that new radioactive samples five times better than those originally discovered have been found at the Lac la Ronge field. Mr. Phelps said that no record can be found of more extensive outcrops in the world.

## THE WEATHER

Synopsis

A weak disturbance moving across the northern British Columbia coast this morning brought overcast skies and intermittent rain to that section of the province. Increased cloudiness and rain are expected to spread over Vancouver Island by Thursday afternoon with widely scattered showers reaching the central interior by tomorrow evening. Cloudy skies and widely scattered showers over the southeastern corner of the province will clear slowly. Temperatures will be slightly lower tomorrow over the central interior with little change elsewhere.

## Coastal Freight Rates

WHEN THE LATEST coastal freight rate increase was imposed earlier this month Prince Rupert consignees, believing it would not amount to much more than ten percent or so above the thirty percent that was slapped on last September, were inclined to accept it as reasonable and inevitable and resign themselves accordingly. According to a statement made in responsible quarters here yesterday, however, the increase has amounted to anything from 20 percent on such commodities as jams to 200 percent on toilet tissue. The latter, like many other commodities, has now been put on a cubic measurement basis instead of the poundage basis which it formerly rode, thereby accounting for such a substantial increase. Carload rates are also restricted now.

One specific item on which a definite quotation of freight rate increase has been obtained is that of sugar which is now costing \$12.45 per ton to bring from Vancouver instead of the former \$7.80.

These increases in rates will eventually pass on to the final consumer. Neither wholesalers or retailers will absorb it.

Prince Rupert people were prepared to accept philosophically a reasonable increase but if the increase is really going to amount to anything from twenty to 200 percent, it will not be taken so kindly and there will undoubtedly be some move to find some more economical means of transportation between Vancouver and Prince Rupert. Failing that, the possibility is even now being canvassed of bringing goods in from Edmonton by rail rather than from Vancouver by boat.

## FISH RESEARCH STATION

THE PRINCE RUPERT Chamber of Commerce delegation may not have obtained much encouragement from the Fisheries Research Board of Canada in answer to its petition to have a branch research station re-established here. However, it was not wasted time or effort to make the submission to this effect. The Research Board must have been at least impressed with the presentation that Prince Rupert, as a fisheries port of primary importance, feels it is entitled to more accessible assistance from the Research Board's services and the argument that Prince Rupert is more conveniently situated than any other port to the source of the fisheries.

The Board's answer, in brief, to the Prince Rupert Chamber's representations, was that, in view of the present limitations of funds and personnel, fisheries research could be more efficiently centralized from the existing stations—one at Nanaimo and one at Vancouver—giving service to the coast as a whole. While no particular admission was made, however, it is more than likely that the Board was impressed with the benefits which could accrue from the establishment of at least a branch station at Prince Rupert and may be disposed to do something about it if and when the wherewithal becomes available.

## DESPICABLE CRIME

CATTLE RUSTLING has always been considered a despicable crime, rating at one time as grave as murder, with which it often went hand in hand in the early days in the cow countries. Often, when police were not so readily available as they are today, the ranchers would take the law into their own hands to hunt out and exterminate the rustlers. It was sort of an unwritten law.

How much lower it is to find cattle rustling among the herds of the poor unfortunate flooded-out farmers of the Fraser Valley! There will be little sympathy with criminals of this sort. Public opinion would support the taking of harsh measures to punish them if the authorities are successful in apprehending them.

## NEW DEAL FOR INDIANS

THE VIEWS of this newspaper in regard to the need for reform of the Indian Act have often been expressed so it gives us great pleasure to commend the report of the special committee of the House of Commons at Ottawa which makes drastic new proposals in regard to the status in the community of Canadians of our native friends.

It is fitting that the committee should recommend that they be treated as "human beings," responsible citizens instead of wards of the state and that they be accorded not only the rights and privileges of citizenship but that they also be entrusted with the responsibilities of such citizenship.

Too long now have we kept our Indians in subjection, treating them as children rather than adults of equality. We are sure that, if they are accorded these rights and responsibilities, they will live up to them with credit to themselves, also removing some of the problems with which the authorities are faced today as they try to govern these people with obsolete and childish regulations with which the old Indian Act is so replete.

WORLD TRADE WEEK FROM COAST TO COAST—Rheel Jolicoeur, formerly of Timmins, now of Toronto, Ont., who drives Canada's world-famous combines down the assembly line, on their way to 40 different world markets, is shown puzzling out his way. A third of his money came in a separate envelope, in recognition of World Trade Week, because a third of the average Canadian earnings come through export trade. Over 4,000 workers received split pay this week, in the Massey-Harris plants throughout Ontario. This was the first time that split pay has ever been inaugurated in a Canadian factory to increase awareness of national dependence on world trade.

## SURGERY UPON HUMAN HEART

LONDON — Dr. R. C. Brock, surgeon, has reported to the British Medical Journal that he had successfully operated within the human heart. In all three cases, children had been born suffering from pulmonary stenosis, a disease of the heart which restricts blood flow to the lungs. One operation was a complete cure. With the other two, hope has been given for a normal life.

Miss Jeanne Thompson is arriving in Prince Rupert by plane today from Vancouver to spend a holiday with her parents, Mr. and Mrs. Andrew Thompson.

## ATOMIC POWER DEVELOPMENT

OTTAWA—Reviewing developments at the Chalk River atomic plant, Rt. Hon. C. D. Howe, minister of trade and industry, said that the day of atomic power was not right around the corner but important advances were being made in its development. He revealed that 250 scientists and technicians and 750 other workers were employed at the Chalk River plant.

## Reminiscences and Reflections

By W.J.

It is proposed to amend the Indian Act of British Columbia, the main purpose being the gradual change to citizenship, from continuing as wards of the government. This, of course, would involve within itself, other minor changes. Few, if any, can dispute the view that the time has come for a review and study of the position of the native resident. He is certainly entitled to his full and just rights, if any one is, and to enjoy all the prerogatives and privileges legally belonging to him, with the changing times.

In a treatise on gardening, in a city like Prince Rupert, it is noted that a lack of staking can often mean making a mess of things. It has been observed, especially in mining regions.

Truth of the axiom that it's the newcomers who start a town receive most of the grief and do everything the hard way while those who register 40 years later absorb more gravity than grief becomes clearer every day. What happens to the newcomers? Oh, they never die! Only think they do. An old Canadian custom of gradually fading out, doing it by the hour instead of contract system.

Sir Reginald Watson-Jones, surgeon to King George is urging all doctors to use simple English when telling patients what is wrong with them. For one thing, it might permit us to look a little less heart-broken.

## JUDGMENT RESERVED IN COLLISION CASE

Judgment was reserved by Judge W. O. Fulton in County Court Monday afternoon in a civil action in which Nelson Bros. Fisheries is suing Andrew Hardy, of Prince Rupert for damages resulting from the collision of two automobiles in the highway eight miles from Prince Rupert last October.

Nelson Bros. is suing for \$390, claiming negligence on the part of Hardy, while Hardy has entered a counter-claim of \$185 against Nelson Bros. T. W. Brown is acting counsel for Nelson Bros. while Rod MacLeod is appearing for Hardy.

The two cars collided on a curving stretch of road at 7:30 on the morning of October 14, 1947 while the Nelson Bros. car, driven by Harry Robins, was proceeding from Port Edward to Telkwa and Hardy was heading from Terrace to Prince Rupert.

Shortly after the case was opened on Friday, the court and witnesses went out to take a view of the accident scene, about 400 yards on the Prince Rupert side of the eight-mile post.

Evidence of witnesses was heard on Friday and argument by counsel Monday afternoon.

In argument, Mr. MacLeod contended that the collision was a result of contributory negligence by both drivers and urged that resulting costs be shared equally.

Mr. Brown argued that the negligence was wholly on the part of Hardy and that, since there was no contributory negligence, the total damages should be borne by Hardy.

Evidence was also given by Constable Gordon Simons, provincial police constable, at that time stationed at Port Edward and who investigated the collision.

## Was Greatest Peace Battle

Canada's Armed Forces Did Big Job in Flood Fighting

OTTAWA, B.C.—Canada's armed forces pitched their greatest peace-time battle in history when they attacked treacherous flood waters of the Fraser River, the Department of Defense said yesterday. It took three regiments, several squadrons of aircraft and more than fifty naval vessels to fight the national disaster that nearly swamped the whole of British Columbia.

Nearly three thousand officers and men were called to duty, top naval personnel worked day and night and planes completed 757 flights for over 1000 air hours.

## PRINCE RUPERT YEARS AGO

June 23, 1923

Because of a shortage of refrigerator cars, sale of 180,000 pounds of halibut on the fish exchange was postponed. Four cars were expected to arrive during the night but this was only half the required capacity. Canadian Fish & Cold Storage Co. bought the only cargo—65,000 pounds at 12 1/2 and 9 cents.

Following the sinking of the Belmont-Surf Inlet Mining Co.'s launch Belmont in Grenville Channel, it was announced that the tug McCullough would make efforts to salvage her. In the meantime, the company's spare yacht, Full Moon, went into service between Prince Rupert and Surf Inlet.

The Merchant Marine Freighter Canadian Transporter was due to arrive in port to load lumber for the Orient. There was 450,000 board feet waiting at the dock. The lumber came from the Little, Royal and Lakelse mills in the Skeena Valley.

Alaska Sportsman Tells of Motor Trip from Toledo to Prince Rupert

The Alaska Sportsman for July prints the second and final instalment of a descriptive story by W. R. Billingsley of his drive from Toledo, Ohio, to Ketchikan by way of Prince Rupert.

There are some impressions of Prince Rupert. The first gives details of the long ride from the old home city in Ohio to Smithers. Mr. Billingsley had his wife and family with him and they evidently were an alert and vastly interested party.

Leaving Smithers, the writer makes brief references to Hazelton, as follows:

"We had heard that it was beautifully situated. The beauty of its site is beyond description."

The ride along the Skeena River is well pictured and, approaching Rupert, there is this: "In due time we reached the top of the mountain, rounded a curve and found ourselves in brilliant sunshine. Far below we could see stretches of the road winding down the mountain through dense green forests lying close along an arm of the sea. A magnificent sight."

"Now we ran into traffic. We must have met a car every five minutes. Surely we were approaching Prince Rupert. We saw a sign which told us we were crossing the city limits of Prince Rupert. But where was the town? We were still driving in forest. But another mile and the town was before us. We were now on paved streets and drove down to the dock. We located the customs office and learned what papers would be required for our car. We were hungry, and in a snug little restaurant advertising sea food 'Ma' found her choice—a delicious salmon steak."

"Pa' entered a tobacco shop and asked the man if he knew of any place we could store our car for a week. Yes, he knew of

such a place but it would be closed at this hour. Obliging he phoned a man he knew who worked in this garage. This man's wife said he was asleep and she did not want to call him but gave the number of another employee. The genial clerk called the new number and explained the situation. The employee would come down in about 20 minutes and take care of us."

The drive was evidently taken a year, or longer, ago.

PORT SIMPSON COUPLE MARRIED

At a colorful ceremony solemnized at the Port Simpson United Church last Wednesday evening, Miss Shirley Helin, eldest daughter of Mr. and Mrs. Henry Helin, of Port Simpson, became the bride of Henry L. Kelly, also of Port Simpson. The rite was performed by Rev. A. J. Lawson. In honor of the occasion, the church was decorated with white lilacs and an arch of lilac blossoms stood before the door of the bride's home. The bride's costume was a pastel pink gown, embroidered with flowers. Her veil was three-quarter length and she carried a bouquet of pink roses. Matron of honor was the bride's aunt, Mrs. W. E. Kelly, gowned in pale rose. The bride's other attendants were the Misses Roberta Garner, Victoria Morrison, Barbara Moraes, Rena Lawson and Bell Wesley and Mrs. M. Ross, Mrs. H. Bryant, Mrs. Henry McKay and Mrs. Audrey Humphrey. Miss Marion Helin was flower girl. The bride entered the church on her father's arm to the strains of the Wedding March, played by Miss B. E. Moots at the organ. Groomsman was Rufus Dudo-ward and ushers were Lawrence Garner, Lawrence Helin, Edward Valpy, Joseph Marsh, Henry MacDonald, Peter Woods, Arnold Sankey and George Kelly Jr. Following the ceremony a reception was held at the floral decorated Y.P.E.A. Hall, where many guests were received by the mother of the bride, wearing a blue dress with corsage of carnations. The gathering enjoyed supper and a program with the Port Simpson Band in attendance. Edo-mones and speakers were W. E. Kelly, Mark Morrison, Fred Campbell, Henry Helin, David Swanson and Eliza Pollard. Following the reception, there was a dance, with music by Alice's Orchestra.

# MOOSE TAKE FOURTH TUMBLE BEFORE DAHL'S MERCHANTS

Merchants 9, Moose 2

Moose took the long tumble before Merchants again at Roosevelt Park baseball field last night, crumbling before the grey-clad storemen by a margin of 9 to 2 to assure themselves a place of probable permanency at the bottom of the league.

A look at the record shows that the lodge brothers now have seven losses in eight games. They have fallen before Merchants four times, with one victory, and three times without compensation before the league-topping Savoy.

Last night's game was strictly routine as far as results went. Merchants took a one-run lead in the first inning when Beynon was scored on a double by Abel. Beynon got on base on a fielders' choice play that forced out Hartwig on second. Abel was left on second when the side was retired.

Moose got their initial run in the second when right fielder Guthrie, who bats left handed, singled a hard one to left field. He was brought home on a hit by pitcher Hector McKinnon.

Merchant player-manager Cliff Dahl rang the bell in the fifth when he clouted the only three-bagger of the game, bringing in two runners in advance of his own heavy strides.

Things got into a bit of a

dither among players and fans in the seventh when Umpire Christopherson, in a snap decision, upheld Hartwig's advance from second to third on what was obviously a tick-foul off Lambie. Moose stalwarts argued the ease strongly but abided by the decision.

More than one burst of applause was given to Lambie, the Old Man of the Outfield, for tidy fielding of fly balls. On four occasions he made inspiring catches of balls returning from the stratosphere.

Both sides worked their pitchers for the full nine innings. George Elluk, on the mound for Merchants, pitched a tidy game and had plenty of field support. Hector McKinnon, Moose hurler, wavered at times, particularly in the fourth, when Merchants brought in three runs, but Mr. McKinnon was, by no means getting the careful support he deserved.

Moose manager Benny Windle made some nice pick-ups and throws from his position at shortstop.

## Empire Games In Vancouver

Toronto Turns Them Down So Pacific Coast Seeks Them

VANCOUVER, B.C.—Pacific Coast sportsmen are determined that the 1950 British Empire Games should not remain long without a site. They think Vancouver can and should stage the games.

The Canadian Olympic Committee announces that the Canadian National Exhibition at Toronto cannot accept a proposal to hold the games on its grounds because of other commitments.

"Track and field athletics in Canada would receive a severe setback if the games, offered to Canada in 1950, were held elsewhere," said F. N. A. Rowell, national chairman of the track and field committee of the Amateur Athletic Union of Canada.

## SHORT SPORT

So far as the heavyweight division of the box fight business goes, tomorrow is the big night. But if there is agreement in any Canadian town on who will hold the world title when Joe Lewis and Joe Walcott leave the Yankee Stadium ring that town differs from Prince Rupert. Sports columnists don't agree any more

than the strictly amateur spectators. For instance, Andy (Montreal Standard) O'Brien calls Jersey Joe. Baz (Montreal Star) O'Meara comes out for the champ still to be champ. Andy says "Louis' legs are obviously minus the spring they used to have. . . Walcott's legs are the legs of a young fighter. Walcott showed a style that baffled Louis and there's no reason for believing he can't do it again." Baz says, "This time Louis will win because he is a better man and he hits harder. We think he will be hitting a lot in the early rounds. He is slow and lumbering but he is in condition. We always believe in stringing with the champion even if we feel Louis is near the end of the line."

McKinnon 2, Elluk 5. Umpires: Christopherson and Montesano. Time: 2:25.

## Far North Golf Course

YELLOWKNIFE, N.W.T. — Yellowknife's compact nine-hole course, most northerly in Canada and one of the farthest north in the world, was opened by fifty enthusiastic members.

The official opening was scheduled for midnight Monday night, the night the sun does not set, but was set ahead to afternoon.

The course is carved from rock and bush adjacent to the airport and offers a real test for ardent golfers.

## "I'LL GET HIM QUICK" - LEWIS

NEW YORK — Confidence radiates in both camps today as Joe Louis and Joe Walcott enjoy a brief lull before their 15-round bout tomorrow night at the Yankee Stadium for the world's heavyweight championship.

"I'll get him quick" is the cold prediction of the Brown Bomber, 5 to 12 choice, who announces that the twenty-fifth defence of the title will be his last fight. "I think I'm 50 or 75 per cent better than I was for the last fight," Louis says.

Louis weighs 215 pounds and Walcott 195 pounds.

### SPECIAL FARES FOR STAMPEDE

WINNIPEG—Special railway fares will be available for those attending the Calgary Exhibition and Stampede July 5 to 10. It is announced by R. H. Powers, vice chairman Canadian Passenger Association on behalf of the Canadian National and Canadian Pacific Railways.

The special fares will apply from all stations in Alberta, Saskatchewan and in British Columbia, Vancouver, Prince Rupert and East and will be based on the one way fare and one third for the round trip.

Tickets will be on sale from

July 5 to 9 and on July 10 for trains arriving Calgary not later than 5 p.m. Standard time. Returning passengers may leave Calgary up to midnight of July 12. However, if there is no train service on July 12, tickets will be honored on the first available train.

Prof. I. M. Fraser of the University of Saskatchewan at Saskatoon and Mrs. Fraser, here with the Fisheries Research Board of Canada, are revisiting Prince Rupert for the first time in 20 years and are keenly interested in the changes and improvements to be observed.

Long professor of engineering at the University of Saskatchewan, Prof. Fraser used to spend summers at the Pacific Experimental Station here.

### INFLATION, IT SEEMS, HAS STRUCK HOME

The last stronghold against inflation succumbed this week to the overwhelming pressure of rising prices.

The unhappy word is out. A darkness has descended not only on the juvenile world, but on the cherished recesses of the nostalgic adult mind as well. An era has evaporated.

To small fry, it is merely a current tragedy and, therefore, one which is surmountable in the passage of time, but to the adult mind it is a blow against the solid foundations of their youth.

To anyone decrepit enough to recall the days of penny candy, of succulent, one-cent suckers and nickel bags of candy which were entertainment and sustenance for a flawless afternoon, this is indeed a blow against stability.

Two generations of strife and readjustment have seen civilization fall and dynasties crumble. The ways of life of whole continents have changed, but one thing has remained constant. And while it did, the thoughtful and the flighty, the profound and the unbalanced have had a thing to cling to. Now it is gone.

The traditional five-cent cone, so help us, has gone up to six cents!

### Decision With Middle Class

Agreed They Will Determine Result of Next British Election

By JAMES MCCOOK  
Canadian Press Staff Writer

LONDON—Labor and Conservative party strategists have decided that between 2,000,000 and 3,000,000 uncertain voters, mainly in the middle income group, will determine the result of the 1950 British general election.

The platform of each party is being shaped to appeal to the professional and salaried groups; the inconspicuous, non-trade union families with modest incomes and homes of their own, and the widows, retired business men and self-employed contractors who try to fit tax-trimmed incomes to their needs.

These people have been the backbone of Britain since the continental wars when Napoleon jeered at the "nation of shopkeepers."

War and political change have made the rich poorer, and the worker has gained in income and social security. But the middle class has been squeezed. It tries to cling to its old standards—for instance, to send its children to private schools—but surveys of public opinion unanimously indicate its discontent by revealing complaints about high taxation, increased prices of goods and services and inability to make incomes match rises in living costs.

Millions of middle-class voters are torn between their suspicion of Labor policies like nationalization and their equal suspicion of Conservatives' declarations that they are all for the little man.

When Herbert Morrison, Lord President of the Council, warns his Labor party the 1950 election will be "the greatest fight of our lives," he knows the middle class has given government policies a dour reception.

### SHIPS AND WATERFRONT

The Ketchikan fish packer Sydney, Capt. Osmund Hendrickson, made her first call here in more than a month yesterday, bringing two carloads of bonded American halibut for rail shipment to the eastern United States. Her trip was the first since the Canadian National rail line closed on May 25. She is expected to arrive back in Prince Rupert next Tuesday with another cargo.

the Alaska Highway for Whitehorse. Returning south the vessel will take concentrates to Vancouver for transshipment to Tacoma smelter.

Have you \$10.00 in UNITED STATES Money?

Existing regulations make it illegal for any Canadian resident to retain in his possession more than \$10 in United States cash.

You are required to turn in to your bank, for exchange into Canadian money, any amount you have in excess of \$10 in United States funds, without delay.

### THERE'S A REASON

The reason is that Canada must have the U.S. dollars spent here by tourists, in order to make them available for the payment of imported goods and services needed to keep production and employment at a high level.

### EVERYTHING HASN'T RAISED IN PRICE...

It may surprise many but 1847 Rogers and Community Silver flatware is the same price as before the war.

And as the tax is now off it should be doubly attractive.

Bulger's always sell standard goods at Canadian advertised prices even though express charges are more than those of places nearer to the factories.

For instance a Big Ben clock or set of silver sells for the same price as in Ontario where it is made.

A large part of our stock is made up of standard advertised goods and we try to keep the balance in line with the prices of other cities. And we guarantee the satisfaction of our goods.

Something from Bulgers is always something worth having.
