

Double Drowning In Skeena River

Fell Off Dock Into Harbor

Mystery as to how Gunnar Flater happened to be floating in the water Saturday morning was cleared up for police late Saturday afternoon when they talked to him. He had been walking along the Canadian National dock near the edge, when he tripped. One ankle had been injured and he was unable to protect himself from falling. He toppled over the edge of the dock and was in the water approximately ten minutes, he thought before he was rescued by Rayner Montgomery.

The ambulance was waiting at the dock while the rescue was being effected but, owing to the difficulty of lifting the man from the small cannery tender Carlisle 19 at low tide the ambulance went to the Prince Rupert Yacht and Rowing Club float, where a stretcher was waiting for Slater. Suffering from shock and exposure, police were unable to talk to the man until later in the afternoon.

Terrace Cancer Branch Formed

TERRACE—Mrs. Thelma Dawson, field organizer of the British Columbia division Canadian Cancer Society, and Mrs. Molly Good, public relations officer, arrived in Terrace on Friday afternoon from Prince Rupert to seek interest and co-operation in the forming of a unit here in Terrace. Going first to the Royal Bank of Canada, they enlisted the ready sympathy and aid of H. M. Wightman, relieving bank manager, Dr. Ken McPherson, dentist, and George McAdams.

In a short time a representative meeting of the citizens of the community was arranged for that evening and was held in the nurses' lounge of the Outpost Hospital. Those present included Dr. S. G. Mills, Dr. G. May, Dr. K. McPherson, Mr. Wightman, G. McAdams, J. Schultze, E. Haugland, Rev. P. M. Mallett, C. J. Norrington, Mrs. D. Little and Mrs. Newhauser.

Expressing her appreciation at the co-operative spirit shown to them in the town, Mrs. Dawson went on to explain how greatly the Cancer Society needed new units to help them reach every man, woman and child in the country so that they may learn the signs of the dread disease and seek help before it is too late. As she talked, she gave her listeners some perception of the great strides the society had made in the past two years. Now, 95 per cent of all skin cancers are curable and 85 per cent of mouth cancers.

Laying stress on the fact that the prohibitive cost of treatment need no longer be a barrier to any sufferer seeking help, as a welfare fund had been established, Mrs. Dawson said that now patients recommended by (Continued on Page 6)

Love Affair's Fatal Ending

VANCOUVER — Death claimed both parties of a broken love affair Saturday. And Police said it was murder and suicide. Found fatally wounded in a vacant lot were Barbara Dzubac, 22-year old waitress, and John Knoll, middle-aged plasterer.

Police said the man and woman had lived together for some time and had quarrelled violently Friday night. Knoll is said to have fired three shots into the woman as she was returning to her home from work. He then turned the gun on himself.

Railway Will Operate Here

To date there is no indication that the threatened railway strike will affect the railway being constructed for the Civic Centre carnival.

Construction of the miniature railway is well advanced. Strong trestles have been built along the back of the Civic Centre building to support the rails. These are permanent and may be used next year. The road swings slightly into McBride St. on the east and onto the sidewalk along First Avenue on the north.

This attraction proved unsatisfactory last year, as the trestle work was too light to take the load. This year, however, the trestles are built of heavy beams and should be able to stand any weight required of them with ease.

Inquest In Death Fall

Inquest into the death of Andrew West, middle-aged native of Smithers, who is believed to have lost his life in a fall over a cliff in Canadian National Totem Hill Park into a cut at the bottom of Second Street last Thursday morning, is proceeding this afternoon before Coroner M. M. Stephens.

ARRIVE ON TOUR — Field Marshal Sir Claude Auchinleck, wartime commander of the British desert forces, has arrived in Canada with a group of 50 British schoolboys who will tour Ontario and Quebec as guests of Garfield Weston, Canadian-born industrialist. This Canadian Pacific photo shows one of the ship's officers pointing out Quebec to some of the boys just before the Empress of Scotland docked. The field marshal is on the extreme right. (CP Photo)

Unified Army Plan Backed

STRASBOURG, France — Constantin Tsaldaris of Greece, formally proposed today to the western European governments that they begin immediate negotiations for a unified army. He asked the European consultative assembly to entrust its president, Paul Henry Spaak of Belgium, with carrying out first preliminary steps.

Tsaldaris, former Greek Premier, urged the Assembly to "start machinery in motion" for the creation of an Army as proposed by former Prime Minister Winston Churchill of Great Britain before the Assembly last Friday.

Spaak endorsed the plan and the Assembly speedily approved it.

Britain's wartime Prime Minister had warned that there is "not a day to lose" for Western Europe to arm itself against Soviet aggression.

Sabotage On Air Carrier

LONDON — Damage has been done to a gyro compass on the Royal Navy aircraft carrier Theseus and sabotage is suspected. The Theseus was due to leave for Korean waters Friday and docked at Portsmouth Royal Naval Yard where other suspected sabotage has occurred in recent months. She was to have left Portsmouth today for trial runs.

Flash

WHEN, OH, WHEN?
LONDON — Princess Elizabeth, expecting her second baby any day now, played with her son, Prince Charles, on the lawn of Clarence House today. Yesterday Princess Elizabeth left home to lunch with King George and Queen Elizabeth and this surprised crowds who waited outside for word of the new baby. King George VI has arrived at Balmoral, Scotland, for his annual grouse hunting trip.

Indian Girl Dead In Boat

The body of Queenie Temple, 18, was found in a gillnetter cabin at Port Edward Saturday night at 6 p.m. The city fire department ambulance was called to the scene and the inhalator was used on her until after 8 p.m. A medical practitioner was in attendance as well as a nurse from Miller Bay Hospital. Finally attempt to restore breathing was abandoned.

There will be an inquest following police investigation.

Lucky To Be Alive

Ross Holton was fortunate to walk away alive from an automobile accident Saturday night at 9:15 when an automobile which he was driving was involved in an accident on Eighth Avenue East. The car was nearly demolished when he drove it off the road.

Holton was taken to jail, where he was treated for cuts and bruises about the face. He was charged with drunken driving. He was up for trial this morning and the case was adjourned until Friday.

Drowns On Waterfront

A police search for Arnold Leighton resulted in the finding of the body of the skipper of the cannery tender Invercan from the harbor today. Leighton was first reported missing Sunday, when he did not show up at his boat. Last person known to have seen him alive was a taxi driver who drove him to Cow Bay about 2:30 a.m. Sunday.

A search for the missing man was started yesterday afternoon and continued through the night and this morning.

Police have been investigating reports that he may have been drowned trying to board his boat. A diver was sent down this afternoon.

Leighton is one of the well known natives along the waterfront here.

Man And Girl Fall Off Boat Nearing Inverness

Russell Holland, 25-year old Georgetown sawmill employee, and Jean Hagen, 13-year old Prince Rupert girl, are believed to have been drowned about 8 o'clock Saturday night while on their way to Cassiar cannery on the Skeena River after a week-end visit to Prince Rupert. Their bodies have not been recovered.

Sunday Marriage

Doctor And Nurse Wed

Miss Joan Graham R. N. and Dr. Winston Mahabir to Live in Trinidad

A doctor and nurse romance culminated in brightly sunlit First United Church on Sunday afternoon at 2 o'clock in the presence of many members of both professions and a large congregation of friends generally when Miss Joan Graham, daughter of Mr. James G. Graham and the late J. G. Graham of Vancouver, became the bride of Dr. Winston Jules Mahabir, son of Judge and Mrs. Jules Mahabir of Port of Spain, Trinidad.

The ceremony was performed by Rev. Jack T. Horricks of Castlegar before a chancel decorated with vases of late summer flowers in variegated hues. Preceded by her matron-of-honor, Mrs. W. A. McBroom, and to the strains of processional music rendered by Miss Margaret Large on the pipe organ, the bride entered the church on the arm of Dr. L. M. Greene by whom she was given in marriage.

The bride was a sweet picture in the beautiful yet simply designed white starched organdie dress which she had made herself. The blouse high-collared and along straight lines, the skirt was full and tucked. She had a small flowered cloche headdress. A bouquet of Joanna Hill roses and white heather completed the dainty costume.

The matron-of-honor, Mrs. W. A. McBroom, was attractively gowned in turquoise jersey with accented pleated skirt and black off the face hat with black veil and colonial bouquet of white gardenias and purple heather.

The groomsmen were Dr. A. W. Large.

As the register was being signed in the vestry, Dr. R. G. Large, accompanied by Miss Margaret Large, sang "O Perfect Love."

Dr. J. A. Macdonald and Dr. Allan McRoberts were ushers.

The spacious home of Mr. and Mrs. Charles Forman, Fourth Avenue East, was the venue for a reception attended by forty invited guests.

The couple were assisted in receiving their well-wishers by the bride's mother whose costume was a rosy beige suit with beaded trim and corsage of pink roses. A small flowered hat completed the costume.

Dr. L. M. Greene paid happy tribute to the qualities of both bride and groom in proposing the toast to the bride. The groom responded, acknowledging, with well delivered words, his good fortune and especially thanking his new friends in Prince Rupert for their spontaneous hospitality and ready assistance.

Dr. A. W. Large proposed a toast to the matron of honor and D. C. Stevenson to the bride's mother.

As cameras flashed, the bride and groom cut a handsome wedding cake on a bride's table covered with a handsome lace cloth.

Mrs. L. M. Greene and Mrs. Allan McRoberts presided at the pouring table and delicious refreshments, prepared by Mr. and Mrs. Norman Baker, were served by Mrs. Ruby Allen, Miss Jan Patterson and Miss Margaret Large.

Later in the afternoon, amid a shower of rice and confetti, the couple repaired to their home on Alfred Street where they will reside until they leave in the fall for a honeymoon trip to California and Montreal after which they will proceed to Port of Spain to take up permanent residence.

Red Drive Is Expected

American Forces Driving Communists Back at One Point

TOKYO — North Korean Communists massed 60,000 men tonight for a drive against Taegu, the South Korean republic's emergency capital in the heart of the central war front. The big imminently threatening force is rallying near Kuegwang, 12 miles northwest of Taegu. It is believed to be a most effective mass drawn from fifteen divisions the Communists have shoved up to the long curling battle line. It greatly outnumbered anything the Allies have to oppose them.

A Red attack down the Taejon-Taegu mountain valley corridor is expected momentarily, probably on Tuesday, the twenty-fifth anniversary of the liberation of Korea from Japan. Such anniversaries are likely occasions in Oriental reckoning for demonstrations of strength.

As the North Koreans assembled west of the Nakdong River, American troops recaptured muddy slopes on the Allied eastern side of the stream from some of 12,000 Reds who crossed the river at Changnyong, 23 miles south of Taegu. The United States Twenty-Fourth Division, moving up behind 45-ton Pershing tanks, attacked the river crossers, at dawn Monday and shoved the North Koreans back 1000 yards to a mile along the flaming six-mile sector on the Allied eastern bank of the river.

Boat Upsets; Four Drowned

LONDON — Four persons lost their lives and three were injured today when a speedboat overturned at nearby Spring Bank Park, spilling its ten passengers into the Thames River.

Killed are Mr. William Klein of Mitchell, Ontario; Andre McLellan of Seaforth, Ontario; Bob Jenkins of London, and Mrs. Elizabeth McElroy of Seneca.

The bride's bouquet was caught by Miss Ruth Luck, R.N.

The bride is a 1950 University graduate of the Vancouver General Hospital training school for nurses. The groom is a graduate of the medical school of McGill University and, before coming to Prince Rupert a few weeks ago, was an interne at the Vancouver General Hospital. While in Prince Rupert for the summer, he is assisting Dr. R. G. Large and Dr. A. W. Large with their medical practice.

Evils of Liquor

LOOKING around and noting some of the tendencies in Prince Rupert this last while we wonder if over-drinking has not been softening some of us up a bit and, if not affecting us more seriously, is, at least, making us less fit for our jobs. If all of us could control our drinking, it might be not so bad but there are so few of us who can.

All around us these days there seem many tragedies which have their root cause in the use of intoxicating liquor. In the Vancouver Province we read with interest a letter from a Salvation Army officer who quotes from a indictment of the drinking evil made years ago by General Evangeline Booth of the Salvation Army:

"Drink has drained more blood,

Hung more crepe,

Sold more homes,

Plunged more people into bankruptcy,

Armed more villains

Slain more children,

Snapped more wedding rings,

Defiled more innocence,

Blinded more eyes,

Twisted more limbs,

Dishonored more womanhood,

Dishonored more womanhood,

Broken more hearts,

Blasted more lives,

Driven more to suicide.

And dug more graves

Than any other poisoned scourge that ever swept its death-dealing waves across the world."

SCRIPTURE PASSAGE FOR TODAY

Lord, thou hast searched me and known me. Psalm 139: 1.

Modern Etiquette

by Roberta Lee

Q. When a girl is leaving after being entertained in a girl's home, isn't it sufficient to thank the girl, or is it necessary also to thank the girl's mother?

A. Never forget to thank the girl's mother, as she is usually the one who has labored to make the visit a pleasant one.

Q. Is a knife ever used to remove baked potato from its skin?

A. No the fork must be used. Even the butter is conveyed to the potato with the fork.

Q. Is it good manners for one to lean across the table in order to shake hands when being introduced?

A. No; it is ill-bred to do so. In this case, a sincere "How do you do" is all that is necessary.

As I See It

By ELMORE PHILPOTT
GOODBYE RADIUM

This will be my last article from Radium Hot Springs, in the 1950 summer season, unless something unexpected happens.

I used to think that these parts would make an ideal hide-out in the event of an atomic war. But when I measured the map, and figured out the distance to that spot in the State of Washington where they make many of those bombs, I changed my mind.

Suppose one of the danged things went off, even by accident.

Besides, this beautiful hot pool is radio-active. How do we know what will happen when man begins playing around too much with radio-active bombs. Maybe old mother Nature will sit in on that game too. Maybe these mountains, will go skywards again, as the geologists say they have done before.

LAST NIGHT in this pool I met an old friend—a lovely young girl from near Edmonton. Two years ago it was pitiful to see her struggling into the pool—thin as a skeleton and apparently hopelessly crippled. Now today she walks without even one cane, her weight is just slightly below average for her height and age. Her lovely face is now radiant with relief at having overcome the "great cripple". Of course this pool did not do the whole job of healing. But it helped give her a start.

I HAVE spent much of my time here waylaid by American tourists and shooting them into the hot pool. As our Canadian government obviously has never heard the old saying that "it pays to advertise" they haven't even put up a single sign to tell anybody that Radium Hot Springs even exists. It is a literal fact that hundreds of cars, carrying thousands of

people, pass here every day in summer time. At least one-third of all the travellers—maybe even two thirds—never find out that here is by far the finest natural hot water open air pool in North America.

Yesterday the superintendent on the construction job showed me around the new million dollar bath-house. My impression was that it was worth the money. They are putting in not only the usual dressing rooms, but also steam rooms, baths for cripples in wheel-chairs, and a big sun desk. There will be a coffee shop right in the main building, that is between the cool and hot pools.

The new cool pool seems to me the weakest part of the whole set-up. They built it just half the regulation Olympic size. With virtually no extra expense we could have had the best pool in America for competitions.

Moreover, the layout of the new building makes it impossible to extend the size of the new pool.

THEY EXPECT to have the formal opening of the new pool by about October 1. But it will be alright with me if they have the whole works in operation at the opening of the summer season next year.

Sometimes I think I'm the world's worst fool for publicizing this place as I have for the past few years. Pretty soon I'll be crowded right out myself. But then when I think of all the people who would benefit from a stay here I change my mind again.

N. L. Jones who is visiting in Vancouver and Victoria is expected back in Prince Rupert by the end of the month. He is on vacation.

Ray Reflects and Reminisces

The sockeye season has ended and the tale concerns an incident in Prince Rupert long ago. There has been a sockeye treaty, not entirely approved by John Public. A proof-reader (his vision became slightly blurred on occasion) passed a galley in which appeared the story containing the offending word, which read "COCKEYE". Lack of correction meant a bad half hour for someone, but treaty critics wanted to shake hands with the staff.

We may be getting accustomed to daylight saving time which far as 1950 is concerned, will soon end. But there is some satisfaction in reflecting that, after all is said and done, the thing is a nuisance.

Drew Pearson, Washington correspondent, says his column has been given a look at the Surgeon-General's secret casualty list in Korea. Tabulation re-Russia is sending all sorts of had listed 96 killed in action and 15 died of wounds up to August 1, the secret total had been 663 dead, 2,975 wounded, and 3,000 missing in action. Truth is grim but, what is served by hiding it?

American fighting men will fly from Vancouver aboard C.P.R.

passenger planes for the Korean war theatre. Each can carry from forty to sixty, and each has a crew of four, and two stewards—seas who will handle food. Time for the flight is 24 hours. Gorbimey! In the old trooper days the journey might take 24 days. Each took his turn slinging hash and there wasn't a stewardess within two thousand smiles.

Today's map shows Vladivostok in Manchuria. It used to be Siberia. Anyway, it's a close neighbor to Korea and just now Russia is sending all sorts of ships to this Soviet port of the North Pacific. It's becoming difficult to see where Korea ends and Moscow starts.

A cheque written on a hard-boiled egg has been accepted in British Columbia. Many a hard-boiled egg with a cheque is less successful.—Ottawa Journal.

Solidity and smoothness from curb to curb are beginning to make Prince Rupert streets something to take a pride in, and

not feel timidity about saying it out loud. For nearly forty years, the job of avenue and street building here has had disappointments and discouragement. It is easy to remember times when there was plenty of each. To accomplish what has been already done represents a lot of figuring costs and plain hard work. So let's give credit where it's due.

few weeks receiving special
hospital treatment, returned to
the city on Friday afternoon's
plane.

HOW CAN I ? ? ?

by Anne Ashley

Q. How can I clean egg-stain-
ed dishes easily?
A. Dishes that are egg-stain-
ed should be rinsed in cold water
before putting them in a dishpan
of hot water. They can then
be cleaned more easily.

Q. How can I keep a heavy
clock from scratching the
mantle?
A. Secure a stair tread in
black, grey, brown, or whatever
color is suitable, and cut it down
to fit under the clock.

Q. How can I improve the
flavor of prunes?
A. By adding a little cinna-
mon and lemon.

ASPARAGUS SUMMER SOUP
1 10 - ounce can condensed
cream of asparagus soup
2 10 - ounce cans condensed
cream of chicken soup
2 tablespoons finely chopped
green pepper
3 cans milk (using soup can as
a measure)
Combine soups and green pep-
per; mix well. Slowly blend in
milk. Chill about 4 hours. Makes
8-9 servings.

**JELLIED CONSOMME WITH
TOMATO**
1 10 - ounce can condensed
consomme
2 tablespoons finely chopped
tomato

Empty consomme into a bowl;
place in refrigerator until partly
jellied. Stir tomato into con-
somme so that it is evenly dis-
tributed. Return to refrigerator
until completely jellied. Serve
in chilled cups. Makes 1-2 serv-
ings.

Rupert Beats Greenville In Excellent Game Of Football

In fine weather Greenville and Prince Rupert teams met at Acropolis Hill Saturday evening and provided one of the best games of soccer seen here for years. There was a large attendance and, judging from the noise of the spectators, the fine display was being appreciated. Prince Rupert won 4 to 2.

Teams:
Greenville — Jacob Stewart, Raymond Calder, Rod Maxwell, Tommy McKay, Peter McKay, Arthur Moore, Arthur Larson, Silas Robertson, Bertie McKay, Perry Robertson, Kelly Stevens.
Prince Rupert — Morgan's Mazzone, Dunbar, A. Goney, Parkhouse, Greer, Cameron, Pavlikis, Smith, Armstrong, Murray.

The first incident of note came from Greenville when Leeson forced a corner which proved fruitless. In reply, Murray transferred play to the other end and crossed nicely for Smith to head over the bar. Stevens was showing up well on the visitors' left and, after a fine run in which he beat several opponents, Mazzone blocked his cross and cleared. A foul against Tommy McKay for dangerous play was well placed.

by Greer, but Parkhouse shot over. A few minutes later Smith broke through the defence and scored with a fine low shot to put Rupert one up. The visitors were monopolizing the play hereabouts. Silas Robertson, in particular, dribbling and purveying well to Stevens. At the other end Murray crossed nicely but Jacob Stewart showed keen anticipation in coming well out to first clear. Peter McKay, at centre half, was using his head to advantage and dominating play in midfield. Cameron crossed nicely and Smith's shot was deflected past for a corner. Armstrong and Pavlikis were working hard trying to make openings for their forwards and from a pass from the latter Smith shot over. A foul against Mazzone nearly provided a goal for Greenville when Morgan was beaten, but Dunbar cleared on the goal line. Greenville was unlucky here. Greenville attacked and a header by Bertie McKay brought the best out of Morgan.

Henry Ajah replaced Rod Maxwell at left back and the game continued interesting until half-time when Greenville were unlucky to be a goal down. On resumption Ford replaced Greer. Greenville attacked and nice combinations between the inside forwards was capped with a terrific shot by Peter McKay which left Morgan helpless. Greenville were now giving the local backs a hard time and it seemed another goal was in the making but Pavlikis relieved the pressure, dribbling through on his own to score a well taken goal Rupert forwards were playing well and forced several corners. Greenville attacked but Kelly Stevens shot past. A nice piece of

PERSONALS

Passengers from Brutedale Sunday on the Coquitlam included J. Doyle and A. Blomgren.

Olof Hanson arrived in the city at the end of the week from Smithers.

H. D. Forman was a passenger on the Coquitlam on her north-bound trip to Stewart Sunday.

Mr. and Mrs. C. Haugland and their daughter and son-in-law,

work by Armstrong and Pavlikis was nullified when Smith was offside. Back came Greenville showing nice understanding between forwards and halves and from a scramble in the goal mouth A. Gorney cleared. Smith broke through but his shot was well saved by Jacob Stewart. A minute later a nice pass from Smith to Cameron resulted in a beautiful goal by the latter. Greenville again were on the offensive but Armstrong gained possession and transferred play to the other end where Smith was penalized for pushing. Ford broke up a Greenville attack and Pavlikis broke away and passed to Smith, who netted with an oblique drive which gave the goalkeeper no chance.

Greenville attacked and Tommy McKay scored with a grand shot. Greenville continued to press but there was no further scoring.

Result: Greenville 2, Prince Rupert 4.

COMMENTS

Although beaten four times Stewart turned in a fine game in goal. Calder and Maxwell were a fine pair of backs who got fine length to their goal kicks. The half-back line knows how to defend and also how to purvey to their forwards. Peter McKay dominated play in midfield and is particularly good with his head. Leeson was fast and accurate with his crosses and with Silas Robertson made a fine wing. Bertie McKay was a clever centre, with a shot in both feet, while Perry Robertson and Kelly Stevens were clever on the left wing.

Morgan was superb and had no chance with the shots that beat him. Mazzone and Dunbar played well but both players can do better in their own positions. A. Gorney had a handful in Perry Robertson and Stevens. Parkhouse played a hard game and was finding his position strange. Greer played well in the first half and his place was capably filled by Ford in the second half. This is a keen young player who should do well in the future. Cameron was fast and crossed well; his goal was well taken. Pavlikis and Armstrong were two ideal inside men who never failed to help their half-backs and purveyed well to their forwards. Smith was always dangerous and full of running.

His two goals were spectacular. Murray showed neat footwork, and with Armstrong makes a fine wing pair.

Although defeated Greenville was the better balanced side. There were no weak spots but their forwards are inclined to work too close to goal before shooting. Opportunity on the part of the local forwards won the game.

Syd Woodhouse refereed the game with his usual efficiency.

Mr. and Mrs. D. Munro of Prince George, drove to Prince Rupert for a short stay last week.

G. B. Tribble, manager of Forbit Mines, was a passenger aboard the Coquitlam Sunday when she docked here. He went on to Alice Arm, after a business trip to Vancouver.

C. W. Goldburgh was a passenger on the Coquitlam Sunday. He is bound for Stewart where he will be in charge of installation of a tram line from Indian to Premier mine.

Mr. and Mrs. Mark Gormely and daughters, having arrived Saturday night from Smithers, sailed last night on the Camosun for Vancouver, accompanying the remains of their nine-year old son, Eddie, who passed away at Smithers last week.

J. S. Wilson, zone commander, Canadian Legion, returned this morning on the Princess Louise from a visit to the Ocean Falls branch. Mr. Wilson was highly impressed with the beautiful new memorial Canadian Legion Hall, which is modernistic design and very functional. He left here on the Princess Louise last Wednesday and addressed a meeting there Thursday night.

Mr. and Mrs. W. L. Armstrong arrived in the city on Saturday night's train from Edmonton for a visit here with their son and daughter-in-law, Mr. and Mrs. W. A. Armstrong, with whom they will leave at the end of the week for a motor trip to Telkwa and Prince George to visit friends and attend the annual convention next week of the Associated Boards of Trade of Central British Columbia.

10 a.m. to 12 noon Friday, August 25

ENTRIES FROM OUTSIDE DISTRICTS, INCLUDING NATIVE VILLAGES, WILL BE WELCOME.

CLIP THIS LIST FOR REFERENCE

TO CANADIAN RAILROADERS AND THE CANADIAN PUBLIC

It is important that you understand clearly why the managements of Canada's railways believe a railway strike is *absolutely unnecessary*.

Our reason for this conviction is that we have made the employees involved in the present dispute a fair offer of wage increases and improvements in working conditions which if applied to all employees will cost us \$37,000,000 a year.

We have further acknowledged a moral obligation to implement the 40-hour week at the appropriate time, and we have explained why, in fairness to Canadian industry and all other employers of labour, we cannot put it into effect now.

To do otherwise would be to perform a disservice to industry in general and to all employers and employees alike.

The railways, after making two previous offers which the union leaders rejected, have now made a third and final offer which gives

the employees the choice of either:

an increase in wages averaging 8½ cents per hour, or

a reduction in the basic work week from 48 to 44 hours, with an increase in wage rates of 9.1% so as to maintain or in some cases improve present "take home" pay.

The labour leaders have made no concessions at all and have refused to budge from their original demands for a 5-day 40-hour week with maintenance of present "take home" pay, and in addition increases of 7 cents and 10 cents an hour.

The railways are thoroughly conscious of, and sympathetic to, the problems of their employees resulting from higher costs of living.

Drastic, unwarranted reductions in hours of work instead of decreasing these problems will inevitably increase them.

Not only is a railway strike unnecessary now, but furthermore, because of the tense international situation, it would endanger the entire Dominion. As the presidents of the Canadian National and Canadian Pacific Railways said in a joint statement to the representatives of the unions last Thursday:

"The present situation... imposes a nerve strain on all concerned at a time when we badly need to devote all our energies and thoughts to the grave threat of war and a national emergency... It leaves the railway employee in a most uncertain and unhappy frame of mind because we are morally certain he does not wish to walk out on his job at a time like this, no matter what issues are involved... this opinion seems diametrically opposed to the strike ballot

which has been reported by the unions, but railway management retains too high an opinion of the loyalty, steadfastness and sense of responsibility of their employees to believe a strike would not mean a heart-breaking situation for them. That is not to say they will not carry out their undertaking to strike if union leaders decide to call upon them to do so but as already stated, it will cause great unhappiness and self-reproach."

The importance of the railways in Canada's economy cannot be exaggerated. Never was that importance more apparent than in World War II. And without the loyalty and intense effort of all railway employees, Canada's magnificent war effort would have been impossible. The same holds true today. As the

presidents further stated:

"... the general public is inconvenienced and business arrangements are made uncertain so long as the likelihood of a strike persists. Moreover, a railway strike would so cripple our economy that it would weaken for a long time our ability to take a strong line in international affairs and thus give great comfort to the enemy. Therefore, railway management feels strongly that the issues must be faced resolutely so that all interests, the worker, the public, and the Government, as well as the unions and railway management, will know precisely what is facing them. The time has come to remove this uncertainty which hangs as a blight over our day-to-day life."

WITH THESE CONSIDERATIONS IN MIND, THE RAILWAYS HAVE MADE THIS OFFER AS THE ULTIMATE THAT COULD POSSIBLY BE EXPECTED OF THEM, AND IT GIVES A SETTLEMENT WHICH WILL LEAVE RAILWAY WORKERS IN AN EXTREMELY FAVOURABLE POSITION COMPARED TO OTHER INDUSTRIAL WORKERS.

HERE IS OUR OFFER

The final offer which excludes hotel and water transport employees is as follows:

- (1) Recognition by railway management of a moral obligation to implement the 40-hour week at the appropriate time.
- (2) Recognition by the unions in principle, subject to negotiation in detail, of minor amendments to existing contracts covering working rules to bring about more efficient operation.
- (3) **EITHER**
 - (A) A 44-hour basic work week with a 9.1% increase in hourly rates so as to maintain

"take home" pay. In regard to monthly rated clerical employees there will be an understanding that a 5-day actual work week may be granted by local arrangement in selected cases where the hours now actually worked are less than 44, on condition that the requirements of the service are protected up to 44 hours per week.

OR (B) A graduated increase in basic wage rates approximately equivalent in expense to that involved under Plan A. When applied to all employees, this would cost the railways \$37,000,000 per year, and would average 8½ cents per hour.

Fine Week-end Follows Thunder—Carnival Car Pays Visit

Thunder has been in the air here during recent days with a slight thunder storm on Thursday evening and a long period of thunder and lightning on Friday night preceded by torrential rains and heavy winds which swept away the warmth of a sunny afternoon. However, Saturday was warm and sunny and the week-end at the lake, of which there are few left this season, gave all that one could desire in summery weather.

Don Forward spent a short time in town on Friday on his way through from the coast to Lake Kathleen where his family is on holiday.

Mr. and Mrs. J. A. Teng, their son Maurice and daughter Barbara, arrived in town on Friday afternoon accompanied by Mrs. Vernon Ciccone. Mr. Teng drove the Prince Rupert carnival car which was on show in the auditorium of the Civic Centre and for which tickets were on sale during the evening. The party left on their return to the coast soon after the judging of the beauty contestants.

Mr. and Mrs. W. Baker and children of Prince Rupert arrived by car on Saturday to spend the week-end with Mr. and Mrs. Fred Baker on Lakelse Avenue.

Mrs. C. V. Houghtaling and child of Prince George are spending a few weeks' vacation with Mrs. Houghtaling's parents, Mr. and Mrs. G. Hipp.

Mrs. H. Gregory of Winnipeg is the guest of Mr. and Mrs. George McAdams during a short stay here. She leaves for home on Wednesday.

Mrs. William Osborne arrived home on Saturday evening from a three weeks' trip to the east during which time she attended a convention of a religious sect in New York.

Mr. and Mrs. E. S. Laird returned home on Sunday night from a motor trip into the interior as far as Prince George and Stewart Lake.

Mr. and Mrs. Bruce Smith left on Friday by car on a trip to the interior. They were accompanied by Mr. Smith's father, William Smith, who will visit his aged mother in Alberta and his daughter, Mrs. E. Roper, in Edmonton.

Mrs. Labelle returned on Mon-

day from Vancouver where she has been attending summer school. She will be returning to teach at the primary school.

Mr. and Mrs. James Reynolds drove to Hazelton at the week-end for a family gathering at the home of Mr. and Mrs. Jack Reynolds.

Mrs. E. Zorn and young daughter Susan left on Saturday morning's train for their home in Smithers after spending the past two weeks here on holiday with Mrs. Zorn's parents, Mr. and Mrs. W. Osborn. Constable Zorn left earlier in the week to resume his duties in the interior town following a holiday here.

Mr. and Mrs. W. Robinson have as their house guests their daughter, Mrs. Doris Brentzen, R.N., P.H.N. of Creston, B.C., and her two children, Phyllis and Enid, who arrived by car at the week-end to spend a three weeks' holiday here.

Mrs. William Cooper arrived from Vancouver on Thursday to be with the parents of her husband during their recent, tragic bereavement. Arriving here for the funeral of Colin Cooper were his brothers Donald from Kitwanga and William from Nelson. Funeral services were conducted in the Anglican Church on Sunday afternoon with interment in the Kalum Cemetery.

TERRACE CANCER
(Continued from Page 1)

their doctors are screened as to their ability to pay and transportation to a treatment centre would be given them, with boarding and nursing home care. If a mother is ill and needs treatment, the society will place a housekeeper in her home and will pay the cost. At the end of three months the case will be reviewed for further assistance. However, the speaker stressed one point, and that was that the society pays neither doctor, hospital nor medical bills incurred independently by the patient. The society does not enter the field of treatment. The B.C. Cancer Institute is the treatment and diagnostic clinic. She spoke on the distribution of funds and the allocation to each unit affiliated with the B.C. Cancer Foundation which is closely co-operated with the society on the research work of the society with recognition given to new cures and approved methods of treatment.

Eventually, Mrs. Dawson said, there will be the Skeena District Council which will include the units of Ocean Falls, Prince Rupert, Smithers and Terrace (should one be formed here).

She was particularly interested in having a delegate sent from here to the Vancouver Conference on September 24.

Mrs. Good told of the value

of publicity in the work and how it had borne fruit. There were films and news bulletins. There was the essay contest which had proved to be so popular that it will now become a yearly event.

The speakers were thanked by the temporary chairman, George McAdams, and each one present was asked his opinion on organizing a society here. All were in favor but thought it advisable to form an executive at the meeting. Instead, the temporary chairman, Mr. McAdams, and the temporary secretary, Mrs. Newhouse, were asked to arrange an inaugural meeting of delegates from all the organizations in town to be held on Friday, September 8.

A total of \$260 was contributed to the 1950 Red Shield Appeal in Terrace last week, an increase on last year's donations. A list of donors will appear at a later date in the columns of the Daily News.

GRAPE-NUTS**
BREAKFAST CEREAL

No Other Is Like It

**Preferred by Millions at Breakfast
These Many Years!**

Fits in Wonderfully for Dessert!
GRAPE-NUTS PUFF PUDDING

4 tablespoons butter
1 cup sugar
2 egg yolks, well beaten
3 tablespoons lemon juice
1 teaspoon grated lemon rind
2 tablespoons flour
4 tablespoons Grape-Nuts
1 cup milk
2 egg whites, stiffly beaten

• Cream butter and sugar thoroughly, add egg yolks, lemon juice and rind; then flour, Grape-Nuts, and milk. Fold in egg whites. Pour into greased baking dish placed in pan of hot water. Bake in slow oven (325°F.) about 1 hour and 15 minutes, until set. Serve hot or cold with cream. Makes 6 servings.

Don't skimp breakfast. Then you don't risk fatigue and irritability. Make every breakfast an adequate meal. Start out "right" for the day.

An able food expert planned a food specially made for breakfast—Grape-Nuts—the favorite of millions.

Grape-Nuts makes such a satisfying breakfast. There's keen taste-appeal in golden kernels from whole wheat and malted barley. Delicious with milk or cream. Remember—Grape-Nuts an appetizing flavor ALL OF ITS OWN.

And Grape-Nuts assures you useful amounts of carbohydrates, minerals and proteins.

Uses are many. For cooking, check the package for various recipes. Order Grape-Nuts today from your grocer. Try the recipe shown here.

**Post's
Grape-Nuts**

Next time you buy a cereal, Grape-Nuts. Costs so little—so far. Remember—just two tablespoons—less than a cent.
