PEARSON IS CAUTIOUS OVER KOREA

Vancouver Wide Open?

VANCOUVER — The Vancouver City Council has approved plans for submitting a plebiscite on "wide open Sunday" to the electors in the December 13 civic elections.

A recommendation of the finance committee was approved by a 5-to-3 vote. The electors will be asked if they are in favor of all forms of commercialized public recreation and entertainment on the Sabbath. They will also be asked to approve of the Sunday opening of dance halls, pool parlors, liquor clubs, card clubs and horse racing.

New Offensive—

Communists Drive Again

United Nations Forces
Suffer Reverses in Korea

SEOUL — The Communists opened up a new offensive on the central and northeastern fronts today, driving the South Koreans back near Tokchon and raiding South Korean capital division lines ninety miles from the Soviet border.

The Tokchon bulge is the biggest in the Allied defence line.

The Communists began their attack in battalion strength Tuesday and continued Wednesday morning.

The offensive drove the Republic of Korea Eighth Division back four miles. It withdrew to the south bank of the Taedong River.

Away to the northeast, where the capital division was creeping up toward the Soviet border over snow-filled and rough terrain six tank-led North Korean assault battalions tore five holes in the South Korean lines. The South Koreans counter-attacked and repaired their lines. The Reds continued to attack furiously but ground was lost, an Allied spokesman said.

Elsewhere on the frozen front United Nations forces made cautious and slight headway due to Korean winter conditions.

United States troops reached the shores of North Korea's two largest reservoirs which produce power also for Communist China's Manchuria.

Norway Train Wreck; 9 Dead

OSLO — At least nine persons were killed today in a train accident when an Oslo-bound express hit a stationary freight car while travelling at full speed on the main Norwegian south coast line.

About thirty persons were injured. Nine bodies were recovered but there may be more under the debris.

Chinese Communists Moving Through Burma

Rookie Wins Over Champ

Jack Gardner Knocks Woodcock Out of British Titles

LONDON, (CP)—Jack Gardner, aged 24, who has been fighting for less than two years, wrestled the British and British Empire heavyweight boxing titles from Bruce Woodcock by stopping him in eleven rounds.

Woodcock was unable to come out for the twelfth round after taking heavy punishment.

Tom Hurst, Woodcock's manager, said after the bloody fight: "It is highly unlikely that Bruce will ever fight again."

Jack Sotomons, promoter, was more emphatic: "His retirement is absolutely definite," he said.

Oil Plant Is Blasted

PORT ARTHUR, Texas — A series of seven explosions rocked a sprawling oil refinery near this Gulf Coast city today. Three men were injured, one critically. Property damage was heavy.

The blasts set off fires which were brought under control about 6 a.m. and extinguished about two hours later.

The huge refinery and tank farm belongs to the Gulf Oil Corporation of Houston.

The explosions and fire began as escaping gas struck a fire box.

The hot springs of Tuscany in Italy have been exploited for centuries for chemicals such as boracic.

A critical situation has developed in Indo-China. The French, after withdrawing from posts on the Chinese frontier, have drawn a new defence line round the Red River delta perimeter (see inset). This is to safeguard the rice bowl of Tonkin as well as the port of Haiphong, vital for the defence of Vietnam against Communist-sponsored Vietminh attack, and strategically important in defence of South-East Asia against further Communist expansion. A Communist triumph in Indo-China (writes Bip Pares) would endanger the extended lines of communication between the British Far East Centre of Command at Singapore and the North Pacific region, where British forces are now engaged.

IS ALARMED OVER STREET DANGER

Preparation of traffic signs and yellow pedestrian signs were recommended by Ald. H. F. Glassey at the city council Monday night.

"The traffic situation is becoming very, very serious, and something should be done about it," said Ald. Glassey, noting the recent traffic fatality and pressing for immediate action.

Rockingham At Ft. Lewis

FORT LEWIS, Wash. — Brigadier J. M. (Rocky) Rockingham arrived here last night two days in advance of the United Nations brigade he commands.

The colorful commander of Canada's 11,000-man Korean Brigade was twirling a gnarled Scottish walking stick. He travelled here by staff car after landing at Seattle's Boeing Field.

Fred Grimble returned to the city on the Prince George this morning from Vancouver after a seven weeks' vacation in the south. Most of the time was spent at Castlegar visiting with his son-in-law and daughter, Mr. and Mrs. John Luke. Mrs. Luke was formerly Miss Audrey Grimble.

May Instal Cab Meters

Taxi cabs in Prince Rupert may have meters installed it was decided at a meeting of the Taxi Owners Association held last night.

A committee headed by Louis Knutsen with Libero Basso-Bert and Joseph Van Walleghem will meet the city council shortly for final decision. Mr. Knutsen, president of the association, was chairman of the meeting.

Conflict of cab fare rates which has a city maximum of 75 cents per fare but allowed any minimum charge to be made by the owners was given as the reason the majority of the 20 cab owners present voted for meters.

With the meters the rates would be based on a mileage basis.

"Better service to the public will be given with a standard meter cab-fare on a mileage basis," was the opinion expressed by cabmen.

Vancouver Blue Bombers Winners

WINNIPEG — The light but speedy Vancouver Blue Bombers last night won the Western Canada junior football final with a 19 to 12 victory over Winnipeg Light Infantry. The Bombers met Hamilton Tiger Cats Saturday at Hamilton for the Dominion crown now held by the Cats.

Wants To Be Clear On Intentions Of Chinese

War Should Be Confined and No Excuse Given for Extending It

WINDSOR, Ont. (CP)—Hon. L. B. Pearson, minister of external affairs, said last night that he hopes Canada will not be asked to support any expansion of United Nations military operations in Korea "unless and until it is clear that Chinese Communist forces have been sent to Korea on more than a protective and border mission."

Clean-up In Port Alberni

VICTORIA — The British Columbia cabinet, by order-in-council, told the Vancouver Island city of Port Alberni to start hustling on civic house-clearing.

The city was told to put its financial house in order by December 31, 1951, and to take immediate action to stop financial misconduct by civic officers.

The government at the same time released a report by B. C. Bracewell, deputy minister of municipalities, who conducted a public inquiry at Port Alberni last month.

The report, a scathing indictment of the Alberni administration, said in part: "Evidence... disclosed a deplorable state of affairs and one which could not have developed in a short period of time."

The inquiry was followed by the resignation of Mayor Loran Jordon who will run for re-election this month.

Harold Winch, MLA for Vancouver East and Leader of the CCF Opposition in the Legislature, arrived in the city on the Prince George this morning from Vancouver. He will address a public meeting here tomorrow night after which he will sail on his return south.

THE WEATHER

Synopsis

Southeast gales pounded the east coast of Vancouver Island last night, reaching 60 miles per hour at the peak. Snow fell at several points on the coast and in the interior.

The storm centre is situated 150 miles west of Vancouver Island and is decreasing slightly in intensity. However, the south coast can look for changeable showery weather today and Thursday.

The interior is cloudy with snow flurries in the south while the far north is clear and very cold. Little change in these conditions is forecast.

Forecast

North Coast Region—Cloudy with a few snow flurries on the eastern coast of the Queen Charlotte Islands and the north coast of Vancouver Island. Elsewhere clear and very cold. Wind in the southern part, easterly 30, and in the northern part, northeasterly 20. Wind down mainland inlets northeasterly 40. Lows tonight and highs tomorrow—at Port Hardy, 32 and 40; Sandspit, 28 and 36; Prince Rupert 22 and 45.

How Pioneer Woman Killed

Mrs. Jennie Josephine Ritchie met her death through injuries sustained when struck by an automobile driven by Larry Disher on Fifth Street at about 1 p.m.

November 7, according to the finding of a coroner's jury at the inquest yesterday into her death.

Continuing with evidence yesterday, Dr. L. M. Greene said he had been advised shortly after 1 p.m. November 7 of a badly injured patient who was being sent by ambulance to Prince Rupert General Hospital. When the patient reached the hospital he had found her dead. She was suffering from a fractured skull, broken arm and crushed chest.

There were probably serious internal injuries. The ulna of her right arm had been broken and the back of her head badly fractured. The ribs, probably the second to fifth, were broken.

On being questioned by T. W. Brown, K.C., appearing on behalf of Disher, Dr. Greene said deceased would probably have weighed less than 100 pounds. He did not know whether or not she had been wearing glasses at the time of the accident. He had not noticed or been looking for any swelling or other indication that might have signified a sprained ankle.

John Gurvich testified he had been driving a truck toward McBride Street on Third Avenue about 1 p.m. November 7. When he was crossing the intersection by the Royal Bank he had glanced down Fifth Street and saw an object. He did not notice whether it was a man or woman, step off the curb a few feet down from the corner by Kaen Hardware into the path of an approaching automobile. The object had been rolled over twice and turned about. He stopped his truck in the middle of the intersection and went to the scene of the accident where he saw Mrs. Ritchie lying with her face toward Third Avenue and her head pointing toward the east curb of the street. She was lying at a slight angle. He saw

GAME AMENDMENT

The B.C. Game Department advises the following amendment has been made to the 1950-51 Game Regulations: On Graham Island, no deer shot, killed, or taken shall be exported or shipped from the said island during any other period than from September 9th to November 30th. There shall be no open season on Red Deer anywhere in the western district. —266c

No Peace In Tibet

Indian Government Denies That Settlement Made With Communists

NEW DELHI, India — An Indian government spokesman declared today that Indian newspaper reports that the Tibetan government had accepted Chinese Communist peace terms were "entirely false."

The newspaper reports that the peace terms came from the border town rumor mill Kalimpong.

Kremlin and Korean War

NEW YORK — A last minute interview in Tokyo given a correspondent before taking off for New York said the Chinese Communist thrust into Korea may give the Kremlin the vital manpower needed for 30 years war in Asia. The potentialities are considered explosive and range from an uneasy peace, anchored to what the Communists as concrete gains, to the outbreak of a third world war.

SAME EVERY YEAR

Under the world calendar sponsored by many associations every January 1 would fall on a Sunday.

Squeeze Play Upon Tibet

RANGOON, Burma (CP) — The newspaper Rangoon Daily Star said today that Chinese Communist troops had crossed into the northern tip of Burma in an apparent drive toward invaded Tibet from the south.

The newspaper reported that the Chinese had penetrated 50 miles and were driving toward the northernmost city of Putao. Frontier authorities are said to have asked the government for strong security measures.

'Wide Open' Sunday

WE CAN imagine that the big controversy which will eclipse all other issues in Vancouver's civic elections will be the plebiscite on the question of a wide-open Sunday.

Certain of the church elements may be expected to lead a bitter fight against the move which may be regarded to have received some measure of encouragement by reason of the fact that city council has gone so far as to permit a plebiscite.

All avenues of opposition will, no doubt, be explored. The possibilities of legal injunction or other processes will also be examined.

Outside of Quebec there are no wide-open Sundays in Canada and in that province there are certain restrictions. In many of the United States there are various degrees of open Sundays.

What goes on in Vancouver will be followed with interest throughout the country and particularly by other communities in the province where moves in similar direction would, doubtless, be made should Vancouver find the means of opening up on Sundays.

Of course, even should Vancouver vote in favor of going wide open, there would be a long way to go before the desire could be consummated.

But Vancouver's wide-open Sunday is at least ahead of the much-discussed cocktail lounge issue. There is a plebiscite coming up.

"STARS IN MY CROWN"

THEY have been showing a picture at the Capitol Theatre (the last chance to see it is tonight) which is deserving of special mention. It was not until last night that we were able to go to it. Otherwise, we would have mentioned it here sooner.

It is called "Stars in My Crown" and it is a kind of picture which pulls the movie theatre up to a new level. We have seen nothing like it since "One Foot in Heaven." It is too bad that pictures of such a kind are so seldom available.

Good wholesome religion exemplified and advocated by a virile hard-hitting preaching man (played by Joel McCrea) is the moving factor of a homely and appealing story. Movies of this kind, we do believe, have a real influence for good and it is too bad there are not more of them instead of so many that react in an opposite direction.

"Stars in My Crown" may not have been unduly heralded but we think it is one of the best pictures we have had here in a long time and we are happy to acknowledge it as such.

THE RIGHT TO KNOW!

THE FACTS and opinions, good and bad, pleasing and displeasing, that are brought to you by the newspaper give you knowledge on which to base your decisions about what to do to get more out of life—to earn more money, raise your family, protect your home and to enjoy all the rights of a free citizen.

Some men and women don't think you should have such freedom. They have other plans for you. They think you should change your way of life to fit their ideas. And as a part of their planning they include the newspaper.

Because they know they can control your thinking if they control your sources of knowledge, they are agitating for control of the press. Not only of newspapers but of all publications. And in the background is control of the radio and the movies. Each of these supplies information to you and helps you remain free. The newspaper is first on their list because it is your main source of facts and opinions.

From the newspaper you get the kind of information you need to see that you get the right representation in government and the right laws. You learn of crime and corruption, of good deeds and better products. You know what is happening and have a free choice of ideas.

That doesn't fit in with what certain individuals and groups have decided. They claim that editors are irresponsible and that you can't be trusted to read what the editors print. They propose a sort of over-all agency to pass on what shall be printed and what shall be read. Hitler had such a set-up. Stalin still has.

You may disagree with much that now appears in newspapers. You may argue for a more enlightened press. But, in place of the great variety of facts and opinions which newspaper now print, what is in prospect is one kind of facts and opinions selected and published to keep you incompletely informed and dutifully subservient.

Freedom of the press is not the exclusive property of newspapers. It is the right also of the people. It includes their right to print. And equally important, their right to read and know.

EDEN HONORED—Rt. Hon. Anthony Eden, wartime British foreign minister, received an honorary degree of doctor of laws at a special convocation at McGill University, Montreal. Mr. Eden came to this continent as the British Government's representative at the memorial services in Washington for Field Marshall Sir John Dill. He is shown right, on his arrival at Montreal, with J. W. McConnell, senior member of the university's board of governors. (CP PHOTO)

By ELMORE PHILPOTT

UNCLE SAM'S DEAD CENTRE

THE TIDE of politics in the western democracies is running strongly right—toward the conservative side and against the radical trends of the Roosevelt era.

The United States voters have done about the same thing as the British did. They have not given an outright victory to the Republicans but they have inflicted on the Democrats losses about as heavy as those suffered by British Labor.

The balance of political power, both in Britain and the U.S.A. is now literally at "dead centre."

IT IS STRANGE how different countries arrive at about the same point by different routes.

Canada long since arrived at the "dead centre" in politics chiefly because the old master politician Mackenzie King, jockeyed his main rival parties almost off the road and into the ditch. Canada, at this moment, is the nearest thing to a one-party nation, outside the Soviet.

BY PAST OMENS, the Republican gains in 1950 indicate a Republican victory in the presidential election year of 1952.

The Republicans today are in much the same position that the Democrats were in in 1930. But there is one key difference: In 1930 the Democrats had Franklin Roosevelt as the "white-haired boy"—the winning candidate-in-waiting. Up to now, the Republicans have no such recognized figure in sight.

MOST EXPERTS are of the opinion that the U.S. voters tended to support what might be called "the MacArthur policy" in Asia, as opposed to that of President Truman and Secretary of State Acheson. This could have grave international complications. MacArthur's theatrical trip to Formosa, with the carefully staged photograph of him kissing the hand of Madame Chiang Kai-shek, told its own story.

The MacArthur policy calls for open military intervention in China's internal affairs, to the point of holding the island of Formosa by U.S. force and rebuilding Chiang's armies to strike back into the Chinese mainland.

Britain, Canada, and especially India, have pointedly repudiated this MacArthur policy. Britain does so for many reasons—chief of which may be that, while MacArthur could easily hold Formosa, Britain could not hold Hong Kong in the then-inevitable war.

THE BRITISH countries, including Canada, would surely support UN and U.S.A. if China compels us to resist aggression. But they would certainly not support MacArthur in any "looking for trouble" policy, especially if he were a political candidate.

The main effect of the Republican gains in the U.S. election will probably be to tilt the scale toward more U.S. intervention in Asia and less in Europe.

For some reason which I could

never figure out, even the strongest Republican ex-isolationists, like Senator Taft, are for an aggressive, even expansionist, U.S. policy in Asia.

In fact, the ex-isolationism of many of these Republicans is indistinguishable from a 1950 imperialism. Yet, paradoxically, these ex-isolationists—gone near-imperialists re Asia are all for cutting off aid to Europe.

They are making the same colossal blunder that they made in the Hitler war when they were also "Asia-firsters."

Downtown Ap't Fire Averted

Timely arrival home from school of Shirley and Lenora Peterson at 3:30 yesterday afternoon may have averted a serious fire in a downtown Third Avenue apartment block.

When the girls came into the DeLuxe apartment of their parents, Mr. and Mrs. Fred Peterson, they were faced with thick smoke issuing from a front bedroom. The fire department was immediately called and found cloth smoldering alongside a bed. It would soon have broken into flame but was caught in the nick of time. Damage was confined to the affects of the thick smoke.

An older girl had left the apartment shortly before the incipient outbreak was discovered.

Cannot Touch Canada Firms

OTTAWA — Government officials said here that the United States government can take whatever action it wants against American newsprint companies but cannot touch Canadian newsprint firms.

Officials were commenting on a Washington dispatch which said that Representative Emanuel Celler (Democrat-New York) has asked the United States Department of Justice to start anti-trust suit "to restore competition in the newsprint industry."

LETTERBOX

PRINCE RUPERT THE GOOD?

Editor, Daily News—

Permit me to reply through the Daily News to Mr. or Master, or Mrs. or Miss, or whatever it is, that signs itself "Vox Populi."

Well, whatever you are, in reply to your letter of November 13, 1950, don't you think that it's enough for us construction men to be called floating, reckless boomers, without you rubbing it in? I will admit that we are far from being angels. We do drink and kick our heels just the same as anyone else. But I will also say that it's us traveling construction men that built your local dry dock which is the pride of Prince Rupert, and we also built your two cold storage plants that are a credit to us for the months of hard labor that we supplied.

And, my dear "Vox Populi," you will admit that you had in your "Prince Rupert the Good" a very thriving enterprise on Comox Avenue which was patronized by the citizens of "Prince Rupert the Good" very liberally, and you can't blame it on the floating boomers from Watson Island because you had your Comox Avenue long before Columbia Cellulose ever knew that there was such a place as Watson Island.

Bye-bye, my dear Vox Populi. By the way are you ashamed of your name?

Thank you, Mr. Editor.
TOM ANDRECHUK.
Box 1304,
Prince Rupert.

USE YOUR CREDIT - DON'T ABUSE IT

If you pay your bills promptly, any merchant or professional man, anywhere, will cheerfully say "O.K." when you say, "charge it."

CREDIT BUREAU OF PRINCE RUPERT

Ray Reflects and Reminisces

Sons of Freedom in Kootenay are complaining that accommodation at Krestova is becoming cramped. There's not much fuel, either. Well, if in summer, home owners will insist on burning their houses and go to jail instead of cutting wood, they should have enough foresight to realize that Canada's winter season arrives regularly.

Because, under District of Columbia law, it is a crime for anyone to help or encourage a murder plot, it is possible that more than one will be tried in the Truman case. Should this develop it would be the first mass prosecution since 1864 when four persons, including a woman, were hanged for complicity in the assassination of Lincoln.

Hong Kong is said to have a population of about three million and, from the racial angle, not quite half and half. Some call it the swiftest, wickedest, costliest, busiest town in Asia. No one worries about war but they are exacting about food, with a yen for choicest cuts. A wedding suit for the ruddy groom means at least \$250. The harbor is said to resemble Prince Rupert. Peace ships and warships keep coming and going day and night. There, the similarity ends.

A shade behind schedule, Yukon's cold weather focus, known as Snag has been heard from. It's not so unmentionable as it was a few seasons ago. But, be patient. This is only November. Snag, sometimes, aspires.

"Security," exalted in recent years, not merely to an objective, but in fact to a principle has been offered as something for nothing, comments the Ottawa Journal. Thus, it is false at the core. Nothing is "free," neither family allowance, nor health benefits nor anything else whatsoever in the whole gamut of security. Everything has got to be paid for—paid from production, the earnings, the taxes of all of us, and with those who don't pay taxes, paying nevertheless through living costs.

which stem from security payments.

This time a year ago Prince Rupert faced a winter that might have occasioned dismay, could it have been foreseen. Certainly, grave risks were run, and not the least was the danger of fire with insufficient water and indifferent power facilities. Severe frosts may come in 1951 but there won't be week after week of near sleeplessness.

DISTRICT NEWS

Skeena River Pioneer Dies

TERRACE—Mrs. G. Lambley received word last Thursday of the death of her father, Axel Hanson at the home of his granddaughter, Mrs. Robert Raynor of Victoria, where he had spent the past two months. Deceased was 78 years of age and was born in Gutenberg, Sweden, coming to this country by sailing ship in 1896. In 1900 he came to Inverness from Victoria where he was on the river boats, being on the government steamer "Pheasant" when it was wrecked on the river above Terrace in 1906. He worked for J. H. Todd of the Inverness Cannery over 45 years.

He was pre-deceased by his wife two years ago to the day on which he died, November 9. Surviving are Mrs. Flossie Lambley of Terrace and Mrs. Alex Yeoman of Port Edward, 12 grandchildren and eight great-grandchildren. Interment took place at Victoria.

Stewart Marks Armistice Day

STEWART.—Armistice Day was observed fittingly on Saturday with a parade to the cenotaph where the service was conducted by Canadian Legion chaplain J. Bouzek. Although there was snow on the ground the sun shone brightly and there was a warmth in the air. Followed a parade back to the club rooms where an issue was served and then home.

Under the direction of Mrs. J. J. McKenna the young folks were busy selling poppies and the response was excellent. Over \$59 was collected at Premier and Stewart, and Hyder, Alaska, did equally well. The total poppy sales for the district amounted to \$180.72.

The Armistice dance, held under the auspices of the Stewart branch of the Canadian Legion in the Legion Hall, was as usual a big success. Many Premier residents travelled the 16 miles by bus or car to be in on the celebration.

This year door prizes were given and both first and second went to employees of the Silbak Premier mine. Bobby Behnen won the first prize of \$25 and Mickey Hagedorn won the second prize of \$15.

The ladies of the auxiliary supplied the refreshments and the music was in the capable hands of Mrs. Jean Stewart and Mrs. Edith Behnen at the piano and Bobby Hutchings on the drums.

Escape From Gas Leakage

FRANCOIS LAKE—Two young families had a narrow escape on Saturday afternoon from gas leaking into the car. They were Mr. and Mrs. Jacob Jensen and Mr. and Mrs. Walter Jensen and their small children who drove from their home near Southbank to Burns Lake.

When they stopped near the restaurant small two-year-old Harold jumped out of the car and fell unconscious on the sidewalk. His mother stepped out to pick him up and she collapsed unconscious on top of him. Mrs. Walter Jensen managed to struggle out of the car but was too ill to help in any way but managed to get into the restaurant. The other children seemed all right but Jacob was dizzy and ill. He and his brother managed to get Mrs. Jacob and small Harold into the car and take them to the doctor but they regained consciousness before they got to his office.

Although feeling ill they all managed to get home again that afternoon after having the gas leakage stopped.

News of Francois Lake

At the annual Parent-Teachers Association meeting in the school on Tuesday evening Abe Peters was re-elected president and Mrs. Janet Shaffer, secretary. Mrs. G. Gatacre is vice-president and Hugh Neave auditor. Plans were made for a dance to be held November 25 to raise funds for the children's Christmas party.

On Sunday Mrs. Karen Lovesth's eightieth birthday was spent very happily in Old Hazelton where she is now staying in the hospital. Her two sons, Seymour and William and their wives and small Sandra, her youngest granddaughter, paid her an unexpected visit that day, bringing with them, among other gifts, a birthday cake. All spent a festive time together and the good wishes of this community go to her.

Mrs. James Van Zanten has left by train for a visit to the United States. She expects to visit her sister in Wyoming and other relatives in other states before she comes home again in about a month's time.

Socreds Active In Saskatchewan

SASKATOON (CP)—The Social Credit League Saturday drafted the first Social Credit manifesto for province of Saskatchewan. The manifesto represents the program on which the League will seek to organize support in the province.

THEY KNOW THEIR RIGHTS—Just about the only ducks encountered by two hunters north of Rosemary, Alta., were these smart birds, taking unfair advantage of the protection of a dilapidated warning sign. Only one part of one pond, miles from anywhere, was protected, but that's where the ducks were congregated, giving duck-laughs to the frustrated nimrods. (CP PHOTO)

School Trustees Elected—Legion W.A. Officers—The Portland Canal

STEWART—The annual meeting of the trustees of school district was held in the schoolhouse here on Wednesday. New trustees elected were J. J. McKenna, merchant, and Roy Sharp, telegraph operator, both of Stewart. Retiring members of the Board were Mrs. Sadie Young and W. S. Orr.

Mrs. Sadie Young was taken to the Stewart Hospital last week suffering from an attack of influenza.

The Women's Auxiliary of the Canadian Legion here elected officers as follows at the annual meeting last week: President, Mrs. Kirkpatrick; first vice-president, Mrs. G. C. Tran; second vice-president, Mrs. L. G. Behnen; secretary-treasurer, Mrs. J. J. McKenna; executive, Mrs. Don Norton, Mrs. Barwise and Mrs. S. G. Lawrence; sergeant-at-arms, Mrs. H. C. Bennett. The Auxiliary now has a membership of thirty-six and is doing excellent work.

Lodge in Terrace on November 10, 1922, the local Order held a social in their hall on Monday evening after the close of the business session. The ladies of the Rebekah Lodge were invited to attend. A merry evening was passed with singing and playing games. A bountiful repast was served.

J. H. Smith spoke of the beginning of the Lodge here and said that there were only two of the charter members still living here. S. N. G. Kirkaldy, as the first one to be initiated into the Oddfellows' degree here, also spoke and Mrs. Bert West, noble grand of the Rebekah Lodge, expressed the pleasure of the members at the good time shown there during the evening.

There were seven charter members and these were Hon. E.

Constable Ed. Anderson RCMP, returned to the city on the Prince George today from a trip to Vancouver.

Dr. Joseph T. Mandy, formerly resident mining engineer at Prince Rupert for the provincial government, recently returned to Vancouver after spending a few weeks in Omineca. Dr. Mandy was in the north in connection with property consultation matters.

Mr. and Mrs. A. Yeomans of Port Edward spent the weekend with Mr. and Mrs. G. Lambley, returning home on Sunday evening.

T. Kenney, A. C. Fowler, J. McLaren, W. E. Smith, Harry King, H. Creelman and S. F. Mills.

New Swiss Discovery F "99"

for Eczemas, Boils, Psoriasis, Leg Ulcers

Eminent scientists have discovered that the lack of unsaturated fatty acids in the normal diet is one of the main causes of skin diseases, such as Eczemas, Boils, Leg Ulcers and Psoriasis. The modern type diet and the use of refined fats and oils in which these unsaturated fatty acids are often completely lacking, have brought about a deficiency in a great number of individuals.

This is one of the numerous certified photographs open for inspection at our laboratories.

Authentic photograph of Mr. O. Goring on June 29th, before the F "99" Treatment.

Authentic photograph of Mr. O. Goring on July 21st, after 3 weeks F "99" Treatment.

Illustrated F "99" Booklet

containing all the interesting facts concerning this remarkable new Swiss Discovery which brings new hope to all skin sufferers, can be obtained free of charge from any druggist or by sending your name and address to Diva-Laboratories, Dept. P.O. Box 116, Victoria, B.C.

Remarkable Discovery
A Swiss chemist, Dr. W. Schmitz, succeeded after 10 years of research work in extracting from pure vegetable oils an unsaturated fatty acid with a concentration of 99% and therefore named F "99". Thanks to this hitherto unattained high purity, F "99" is so readily absorbed into the blood stream that it has a decisive biological activity in the treatment of skin diseases. Its remarkable efficiency has astonished even Skin Specialists of international reputation.

New, natural way to clear up skin troubles
F "99" is not a synthetic drug but a concentrate of natural nutritive substances. It is absolutely harmless and may be given to infants without any hesitation.

As its name suggests, the F "99" Two-Way Treatment acts internally (capsules or liquid) and externally (ointment). While F "99" Ointment treats the external symptoms, F "99" capsules give the body power to suppress the cause and to combat successfully Eczemas, Boils, Leg Ulcers and even Psoriasis. To many thousands of skin sufferers all over the world, F "99" Two-Way Treatment has already proved its tremendous value.

How to use F "99" Two-Way Treatment
Eczemas F "99" Capsules and Ointment
Children's Eczemas F "99" Liquid and Ointment
Boils (Furunculosis) F "99" Capsules and Ointment
Leg Ulcers F "99" Capsules and Ointment
Psoriasis F "99" Capsules and Ointment
* If in doubt, consult your doctor.

Fred Joyce Passes Away

The funeral of Frederick M. Joyce, who won the Carnegie Hero Fund medal for gallant action in Prince Rupert years ago, took place in Vancouver last week. Burial was in Portland where his wife, who died in 1945, is at rest.

It was in 1945 that Mr. and Mrs. Joyce saved five lives in Prince Rupert harbor. Two men and three boys were rescued from drowning when their rowboat overturned. They became the only Canadians to win the Carnegie Hero Fund Commission's bronze medal.

Mr. Joyce, whose age was 74, was well known in the north, for a long time having prospected in Idaho, British Columbia, Yukon and Alaska.

"Brassiere" Girls Are Found Guilty

MIAMI, Florida (CP)—A criminal court jury yesterday convicted three members of Miami's "Brassiere Brigade."

Marie Orr, aged 21; Mrs. Betty Corrigan, 23, and Billie McNabb, 2, were convicted of smuggling coins out of a telephone counting room in their brassieres.

Sentences will be passed November 20.

Mr. and Mrs. Lino Colussi returned to the city on the Prince George today from a trip to Vancouver.

ASTHMA RELIEF

No need to wheeze, gasp, cough, choke—Templeton's RAZ-MAH loosens the strangling phlegm—gives you quick comforting relief. Lets you sleep restfully on your back. Recommended by users for Hay Fever and Bronchitis.

LOCKERS AND PICKETS—When Dave Sh... 37-year-old Sydney, N.S., barber, inset, refused to hike prices of shaves and children's haircuts, the Sydney Barbers' Association picketed his shop. Shebib went along with a boost in the price of haircuts for adults from 65 to 75 cents, but opposed 15-cent increases on the other services. While pickets patrolled in front of his shop, Shebib continued his business and child on travelled Sydney streets with placards urging citizens to patronize his parlor. (CP PHOTO)

Not Impressed With Manager

City Council Wants to
Know More About It

Until further information is obtained of the city manager plan the city council withholds its opinion it was decided Monday night.

"I don't see where there is anything in the city manager plan that requires a plebiscite of the people. There would be a discussion by the council and they would appoint some official as manager," Ald. George Casey maintained.

"I am not very satisfied with the way we are going. Co-ordination and reorganization would bring better results out of public works expenditure," Ald. Casey added. He felt that he would be opposed to city manager as he believed the responsibility for good management simply evolved from the city engineer's department.

"I am not pressing for city management but am looking for information," said Ald. Casey. "I'm not going to sit here watching everything going to pieces—forsaking our maintenance. If necessary have no projects but maintain our projects, water works and roads must be maintained even if the mill rate is increased."

In regard to a recent press statement by F. Com. W. J. Alder saying that money could be saved with a city manager, Ald. Douglas Frizzell believed Mr. Alder's statements were misleading. A commissioner and city manager were different responsibilities he pointed out.

"At Mr. Alder's time we had forced insolvency," said Ald. T. B. Black. "Many people by not paying their taxes forced the issue."

Ald. Black said "if the city as a whole had not been allowed to deteriorate the increased mill rate wouldn't be facing us now."

"In 1935 the condition of utilities were beyond conception," said Ald. Frizzell.

MORE INFORMATION

"Wait to see what Victoria has done or some other municipality where the city manager plan has

been in effect with regard to revenue, costs, outline on departments or if cost meet revenues with the plan," Ald. Black advised.

No reply has come from Victoria reported City Clerk H. D. Thain who wrote for information on city manager government. Ald. Casey asked the city clerk to write to Ketchikan and Juneau which he believed have adopted the plan.

"It may be we can save money with this, I don't know... if we can save more by not having so big a council," suggested Ald. Black.

He pointed out that in some American cities where the plan has been in effect, there had previously been such wasteful political machinery that the city management couldn't help but succeed.

In answer to Ald. Donald Fitch's question whether or not the city management was in the British Isles, Mayor Ruddenham said he thought they have only the usual mayor-council municipal government.

Famous Pirate Saga Is Here

"Treasure Island," Robert Louis Stevenson's famous swashbuckling adventure story, is translated to the screen at the Capitol Theatre here this Thursday, Friday and Saturday in thrilling technicolor with Bobby Driscoll, Robert Newton and Basil Sydney topping a stellar cast of characters.

The melodrama is filmed on a spacious and realistic scale, giving full and adequate expression to the original tale of elemental passions, terrific character conflicts and suspense inherent in the famous saga of pirate treasure.

Producer of "Treasure Island" is Walt Disney who moves from the cartoon technique to the complete live action translation of the battle of wit and weapon for the treasure on a fear-haunted island.
