## Federal Relief For Municipalities

### Grants To Be Paid In Lieu Of Taxation

OTTAWA, (CP)—Finance Minister Douglas Abbott today in the House of Commons disclosed a plan of the government to pay approximately 100 of Canada's municipalities about \$5,000,000 per year in federal grants in lieu of taxation.

The plan, based on three assessment principles,

will be incorporated in government legislation which is expected to be introduced during the current session and brought into effect January 1.

Based on the philosophy that establishment of federal property helps local business, the government's payments generally will amount to 75 percent of the municipal tax, less four percent. Four percent is what the government considers "national average" of federal property to total assessment.

Crown companies, defence establishments, parks and the Canadian National Railway are exempt from the plan but these organizations, Mr. Abbott said in a 6,000 word statement, can work out a system of payment with the municipalities.

### COURT SEES GAMBLING GAME DEMONSTRATED

"Ace-away", favorite dice game of certain Alaska Highway points, was demonstrated in Stipendiary Magistrate H. F. Glassey's court Saturday afternoon by a crown witness at the preliminary hearing of a Columbia Cellulose Co. worker charged with cheating in a game of dice.

The accused man, Eugene George Frazeau, also known as Freddie Fraser, is charged with substituting a pair of loaded dice in a game of ace-away in a camp bunkhouse at Watson Island on November 6. The charge reads that he did unlawfully cheat with the use of dice.

Among evidence arrayed by the Prosecutor Corporal A. H. Taylor of the city police were several sets of dice which the police had seized, with the use of search warrants from Frazeau's room in the bunkhouse and from a safe-deposit box in a city brokerage office.

An objection by defence Counsel Rod MacLeod to the introduction as evidence paraphernalia for the playing of a card game known as "Three-card monte" was sustained by Magistrate Glassey as having no bearing on the dice charge.

Mr. MacLeod also objected to the introduction of an information to obtain a search warrant and the search warrant itself on grounds that neither had been properly sworn to by Constable Len Turner. Magistrate Glassey who had issued the warrants, admitted them as evidence.

Rudolph Pickens, owner of a set of dice which was used in the November 6 ace-away game, said that Frazeau had entered the game after it was well under way and had asked to be allowed to use his own dice. The 15 or more men in the game objected.

Later, Pickens said, after he had lost \$175, he examined the dice and found that two of them had been substituted. He demanded that Frazeau return the original dice. After some argument, Pickens said Frazeau took Pickens dice from his pocket and put them on the table.

Frazeau then left the game where he continued to gamble, and went into another room Pickens said.

Pickens identified his own dice, and two, which he said Frazeau had substituted for his own.

Joseph Sperling, camp janitor, who claimed that he lost about \$200 after Frazeau joined the game, identified Pickens' dice and also two which, he said, Frazeau had introduced in place of the originals.

Sperling said that Frazeau had been allowed to put in one of his own dice to "match the colors" of the two sets of dice being used, but when the dice were examined, two of Frazeau's dice were in use.

"I warned him never to use those dice in the camp," Sperling said.

At the request of Corporal Taylor, Sperling demonstrated how the game of ace-away, also known as "four-five-six" is played. Frazeau was committed for trial by a higher court at the conclusion of the hearing.

### Antigonish To Visit Here

The Canadian frigate H. M. C. S. Antigonish will visit Prince Rupert December 3 and will sail two days later in continuation of a north coast training cruise. It was announced at H. M. C. S. Chatham this morning. A familiar visitor here in 1947 and 1948, this will be her first stop here this year.

### Trying to Keep Road in Shape

Provincial public works department grader is now working regularly on the road between Prince Rupert and Port Edward with a view to keeping it in as good a shape as possible for the heavy traffic it is now bearing. District Engineer H. W. Stevens has informed the Prince Rupert Chamber of Commerce. The district engineer refers, however, to difficulty which has been experienced in keeping the road in condition owing to heavy rainfalls.

### Gen. Pearkes Is Critical

Of Canadian Defence Policy—White Paper Presented to Parliament

OTTAWA—A white paper on Canada's defences tabled in the House of Commons drew criticism from Major-General G. R. Pearkes, V.C., Progressive-Conservative, Nanaimo, that Canada's defence policy still appeared to be based on the assumption that there would be time after war started rather than building up strength which would make successful attack impossible. It was ironic that the discussion of defence should take place on Remembrance Day.

The white paper gave details of a plan for a radar defence screen for the protection of strategic points and centres of heavy industry.

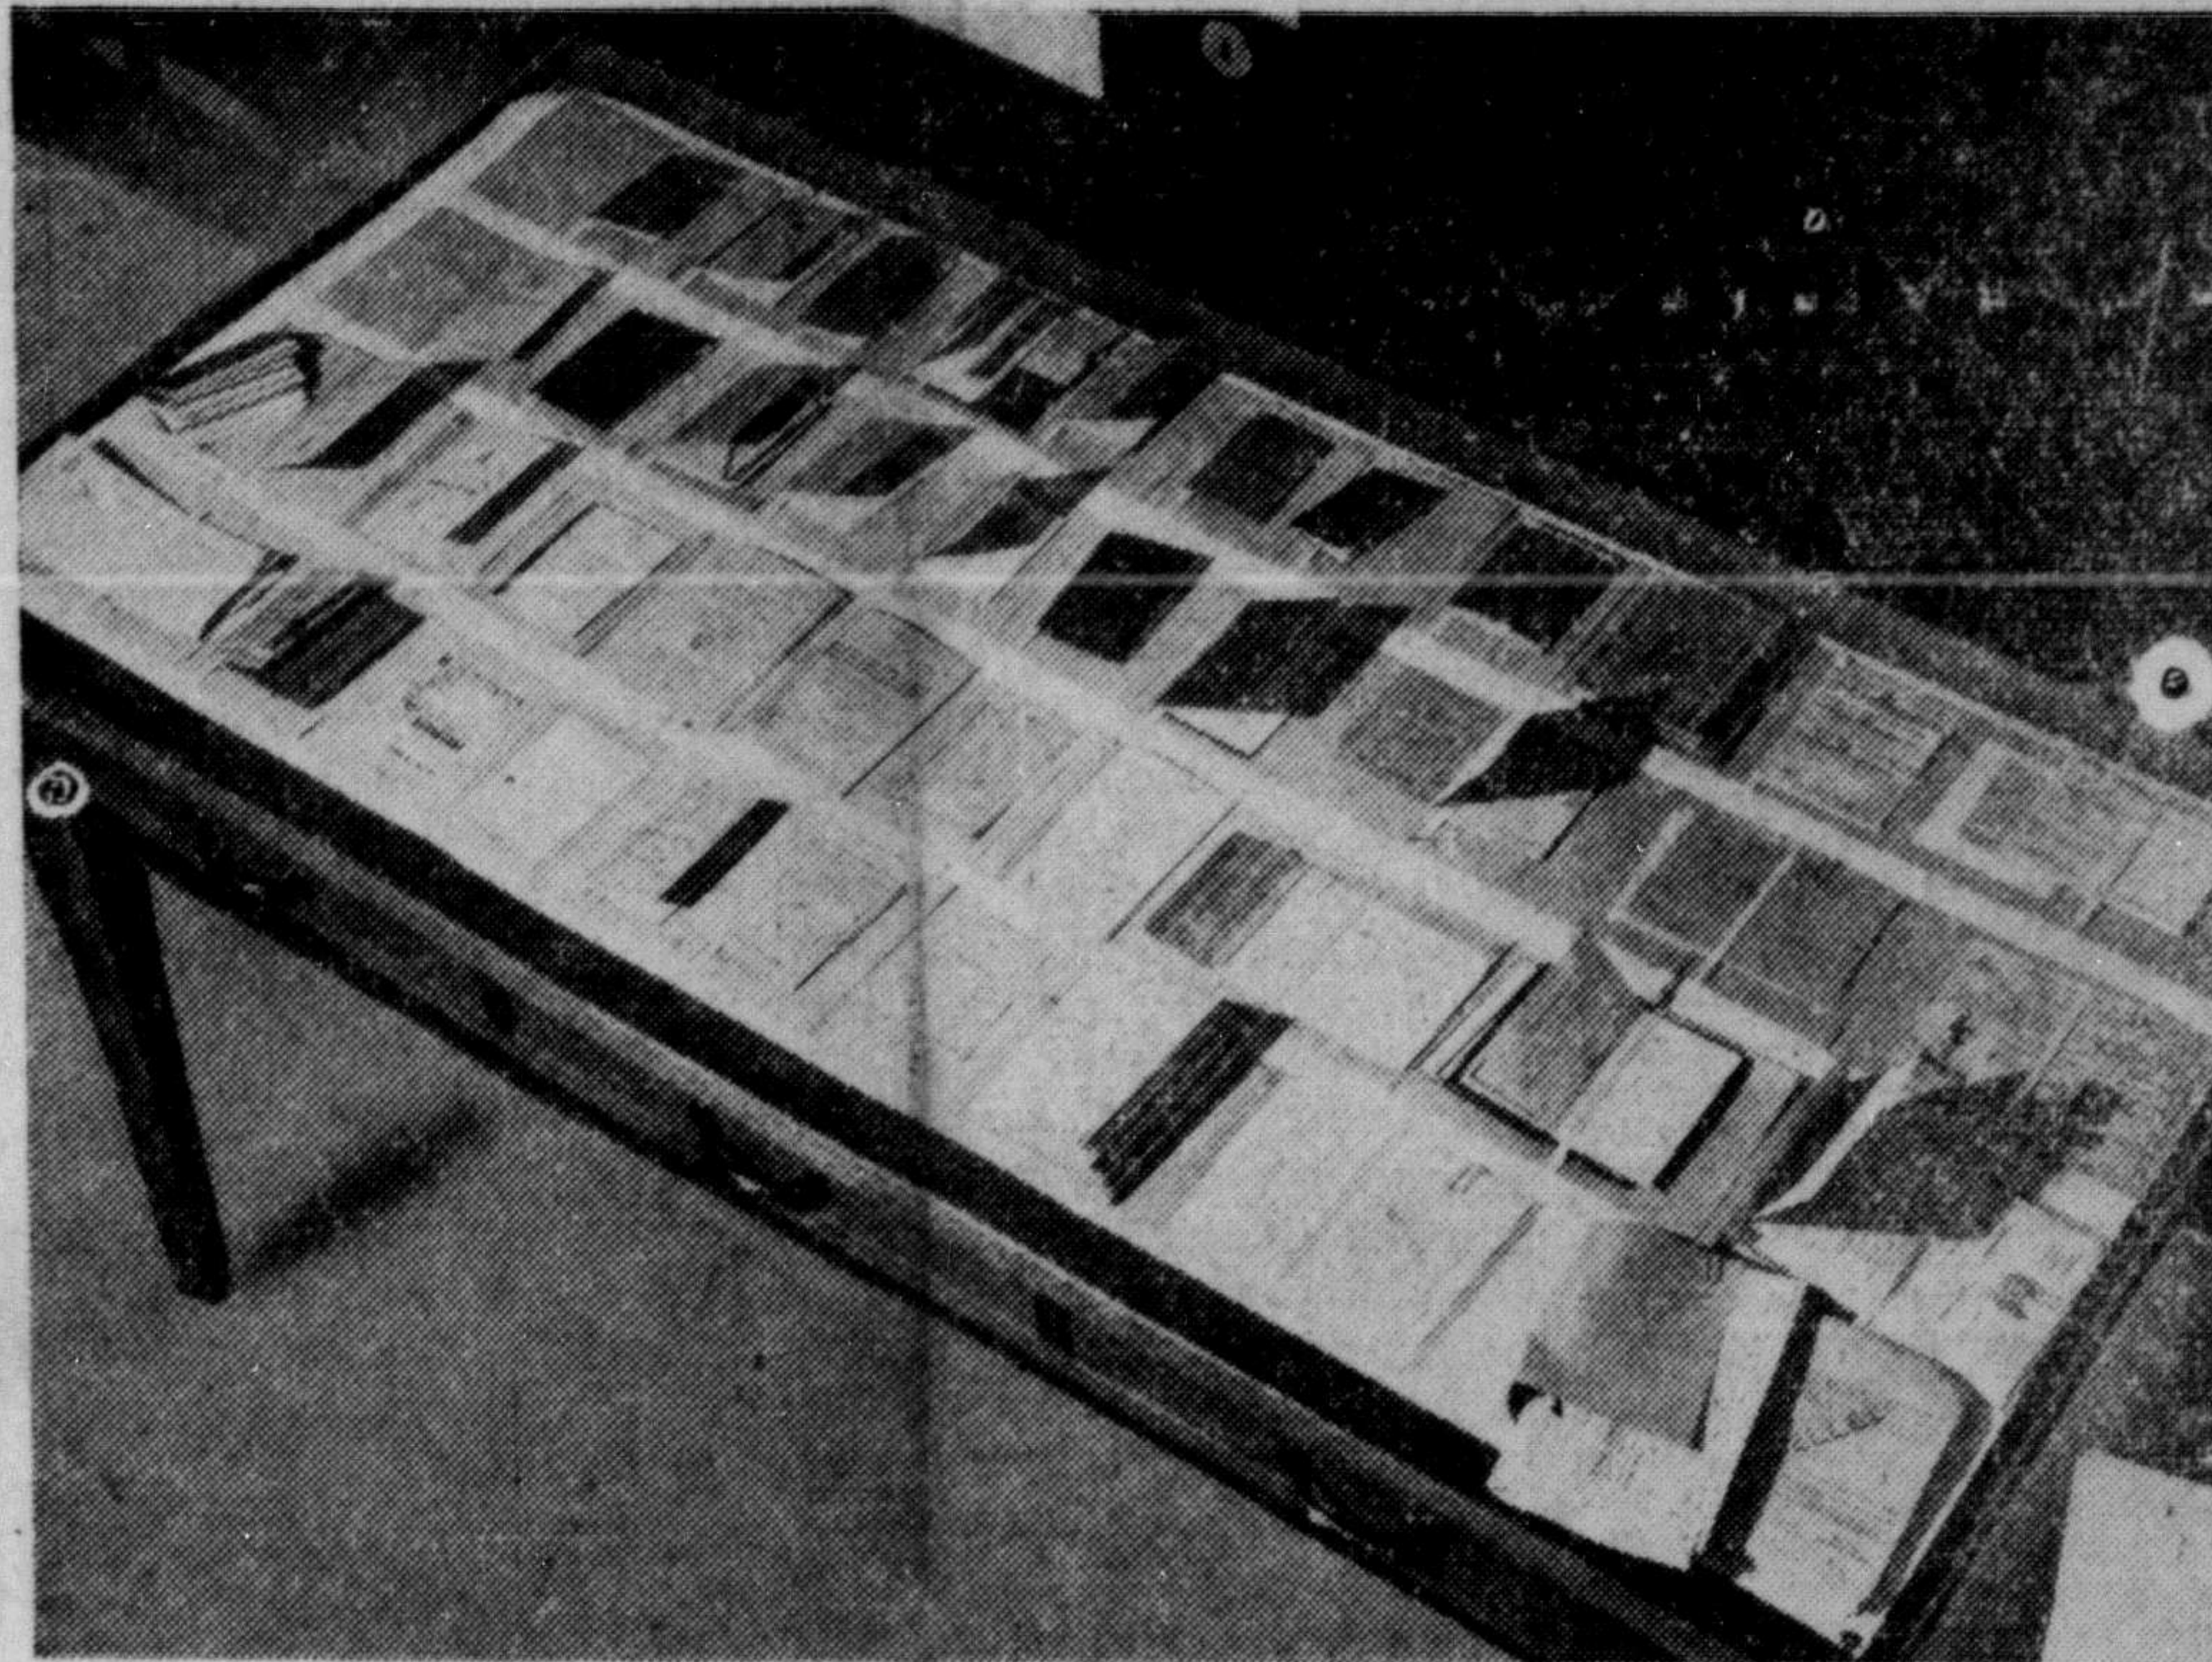

The threat of war had decreased since 1948, the white paper said. It announced that \$91,000,000 was being spent on defence construction work this year.

### U.N. Drafts Traffic Convention

Tackling world road traffic problems, a U.N. conference has agreed on an international road traffic convention which eventually would help motorists in all countries. The convention suggests the adoption of a simplified international driving permit which would be honored everywhere. The above exhibit of driving permits issued by 40 countries shows the necessity of reaching some form of simplification and greater uniformity in driving permit requirements.

### SEEK OPINIONS ON SEX FILMS FOR STUDENTS

Public reaction to two films on sex education will be sought by the Prince Rupert Parent-Teachers' Council and the response will be a factor in deciding whether or not either or both should be shown in city schools.

The Parent-Teachers' Council is circulating letters among local groups asking adult attendance at a showing of the films at the Civic Centre on November 21. Prince Rupert Junior Chamber of Commerce received such an invitation.

Opinion as to whether or not the films should be shown to students as part of the school educational program will be sought by balloting after the showing. Junior Chamber President Harold Hamptoh told the Jaycees.

Invitations are also being sent to other organizations. The Gyro Club also received one and referred it to Dr. A. W. Large with a view to having it shown at a club luncheon.

### Chief Walter Wright Passes

One of the most colorful and historically glamorous natives of this entire district, Chief Walter Wright of Kitselas, died, at the interior village yesterday, according to advice received in the city this afternoon from Terrace.

Chief of the grizzly bear tribe with the native name of Neash-hoc, Wright was one of the noted river men of his day and for years acted as a pilot of river steamers operating between Port Essington and Hazelton as they navigated the tortuous and treacherous Kitselas Canyon.

Rich was Wright's fund of historical lore and fond was he of the telling. He is believed to have been close to the 100-year mark in age. Until recently he was a worker in Skeena River canneries and often visited Prince Rupert.

### CELLULOSE TO MEXICO

When the Columbia Cellulose Co. Ltd. begins operations, cellulose will be exported from Prince Rupert to Mexico.

A new viscose rayon plant was recently opened at Zacapu, Mexico. The plant is owned by the Mexican interests and the Celanese Corporation of America parent company of the British Columbia firm.

According to officials of the company, when the Prince Rupert plant is completed it will produce dissolving pulp wood which will be used in both the Mexican and United States operations of the parent company. The Mexican establishments providing large quantities of rayon to fabric manufacturers.

### THE WEATHER

**Synopsis**  
With a westerly flow of moist air persisting over the province, cloudy unsettled weather will prevail in all sections for today and tomorrow. Temperatures will continue mild. Regional forecasts valid until midnight Tuesday.

**Forecast**  
North Coast Region—Cloudy

with showers today and tomorrow. Little change in temperature. Wind, southeast, 15 mph, becoming southwest 20 mph during the afternoon. Lows tonight and highs tomorrow—at Port Hardy 40 and 48; Sandspit, 40 and 48; Prince Rupert, 42 and 48.

Mr. and Mrs. Fred Smith will sail Tuesday on the Catala for Bull Harbor where Mr. Smith has been transferred with the Department of Transport.

### FORMER LOCAL WOMAN PASSES

Mrs. Hugo Anderson, the former Mrs. John Ivarson of Beach Place and one of Prince Rupert's well known pioneer women, passed away at her home in Vancouver on Tuesday of last week after a long illness. Her first husband was the late Capt. John Ivarson, for years operator of the boat Melville.

Born in Norway sixty-four years ago, Mrs. Anderson is survived by two daughters, Mrs. Hans (Agnes) Underdahl and Mrs. Stanley (Lillian) Johansen. There are also two brothers, Adolph Wick and Henry Wick of Vancouver. A brother, John Wick of Prince Rupert, passed away earlier in the year.

The funeral took place in Vancouver on Thursday.

### LEGION HEARS OF GOOD WORK

Speaking at the annual Remembrance Day banquet of the Canadian Legion, Zone Representative J. S. Wilson told something of the functions of the provincial executive which was active, among other things, on the matter of employment. This, Mr. Wilson said, was in some cases, becoming a real hardship.

Mr. Wilson complimented the ex-service men on their splendid turn-out in the annual church and Remembrance Day parades. "Everyday should be a day of Remembrance of fallen comrades," he exhorted. He also paid tribute to the record of the local Legion branch than which none in the province had a better record. He stressed the importance of the younger veterans taking an active part in Legion affairs.

Immediate Past President Ralph Smith, to whom a past president's badge was presented, in appreciation of a good job well done, expressed satisfaction at the progress of the local branch of the Legion which he felt was a credit to the community and which could be made even better.

J. S. Wilson proposed a toast to the ladies, acknowledging particularly the work of the Women's Auxiliary. Mrs. Ralph Smith presented a bouquet to Mayor Nora Arnold who joined in the tributes to the Legion and the Auxiliary in their "work for a principle." Since World War II the status of women had changed. Her Worship felt, today, as they had done in the war, women were taking a direct part in many lines of activity, sharing the work and the dangers with the men. Now they could be called plain "women" instead of "ladies."

Col. S. D. Johnston termed the Legion "a tour of strength and a foundation of good Canadian citizenship." He expressed his ideas of Armistice Day which he felt was an occasion for "think-"

### Corsair Is Total Loss

ACAPULCO (CP)—The luxury yacht Corsair, which hit the rocks near here at the end of the week, is regarded as a total loss. The vessel turned over on her side during the week after having been rebached after her first stranding.

Capt. H. E. Nedden blames a breakdown of the steering gear for the stranding.

HEROINE—Seven-year-old Tasma Lee (Tammy) learned to swim last year—so two-year-old Kenneth Bonney today. Tammy, a member of the Campbell River, B.C. until she and her parents moved recently to Victoria, fell into the Campbell river last May. Without hesitating plunged in and brought him to shore. Constable Peter Victoria (Once at Prince Rupert), of the British provincial police shown with Tammy, who received the Silver Cross last week for her bravery. (CP Photo)

### Of Benefit To All

RESOLVE of the two great Canadian trade union congresses to bar Communists from holding office in the Congresses, provincial federations and central labor councils, and from sitting on any committee of Congress conventions does not mean that Stalin's agents and their fellow pinks in the ranks of Canadian labor are down for a count of ten, but it does strengthen the disciplinary hand of union leadership immeasurably. Now the Commies will be extremely careful about pushing the Muscovite line at union meetings for fear of exposure and expulsion.

It has been repeatedly suggested that the scalpel for the cancer of Communism feasting on labor's body must be wielded by labor leadership itself. Now, the T.L.C. and the C.C.L. are united in their desire to rid themselves of the red malady.

Management and the general mass of the public, as well as labor itself, will be beneficiaries of trade unionism's new life insurance policy.

### SECONDARY EDUCATION

VERY FEW high school graduates ever get to college. In fact, taking Canada as a whole, only 22 out of every 100 attending high school ever finish, and only three ever end up with a college degree.

Obviously, since the big majority of young Canadians have only a partial high school education when they enter the wage earning world, the main objective of the proper authorities would seem to be to persuade young people to remain longer in high school, if at all possible.

The next step would be reorientation of the curriculum to give them fewer courses which are of value only to those students whose objective is university. This curriculum would aim at instilling in them a sense of responsibility, a strength of character, and a willingness to honestly learn their job when they start work. It would also aim at sharpening their abilities to think clearly and independently. Some employers think that these essentials might result from improving the standard of general education fundamentals. The development of manual and mechanical skill is important, but there is a danger of confusing training with education. This is also a problem which will not be solved in a short time. But it is something that we must all think about. It is a problem for not just the odd scattered community but one that affects the whole of Canada.

### PRINCE RUPERT FORGETS

PRINCE RUPERT PEOPLE are forgetting. That small turn-out by the public at the Remembrance Day service at the cenotaph on Friday made that clear. It was certainly an unimpressive showing in the way of marking the solemn occasion of reverence and appreciation for those who laid down their lives in two wars. It was poor testimonial of the spirit of the public of this city that there should have been such a meagre attendance although veterans themselves turned out well.

If that is all the spirit of "remembrance" the people of Prince Rupert have, living veterans might, indeed, wonder, if it was worth while after all—this thing of going out and fighting for the causes we are supposed to love so dearly and the privileges of democracy and freedom we still enjoy because the men did go out and fight.

We hope that, on another Armistice Day, there will be a more concrete demonstration of Remembrance.

NORTHERN B. C. POWER CO. LTD.  
BESSNER BLOCK PRINCE RUPERT, B.C. PHONE 210 STEWART, B.C.

Mr. and Mrs. Marcel Dupuis, who were married in the city recently, the bride having been the former Margaret Louise Anderson, returned to the city on the Camosun yesterday afternoon from a honeymoon trip to Vancouver and Victoria and will make their home here.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Float and Shed, Allison Harbour, B. C.", will be received until 3:00 p. m. Wednesday, November 30, 1949, for the construction of a float and shed at Allison Harbour, B. C.

Plans, form of contract and specification can be seen and forms of tender obtained at the office of the Chief Engineer, Department of Public Works, Ottawa at the office of the District Engineer, Post Office Building, P.O. Box 290, New Westminster, B. C., and at the Post Offices at Allison Harbour, Vancouver, Victoria and Prince Rupert B. C.

NOTE: Upon application to the undersigned, the Department will supply blue-prints and specification of the work on deposit of a certified cheque of \$10.00 in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on the return of the blue-prints and specification within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited and unless made on printed forms supplied by the Department and in accordance with conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works equal to 10 percent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

By Order,  
J. M. SOMERVILLE, Secretary,  
Department of Public Works,  
Ottawa, November 9, 1949. (11)

### SCHOOL OBSERVES REMEMBRANCE

With all classes gathered together in a school assembly the pupils of Borden Street School observed Remembrance Day in an impressive way on Thursday forenoon. After the singing of "O Canada" and "O God Our Help in Ages Past," Principal John S. Wilson spoke on the topic of "What we remember, why and how." Referring briefly to the tragic waste and loss of two world wars he went on to speak of the part that the children of today have to play as they take part in Remembrance Day ceremonies. It was true that war started in the hearts of men, but it was equally true that peace starts there too. As the individual plans, so will the community, the country and the world. If they want peace they can get it. The best tribute to the memory of the dead was to work for peace.

The sounding of the "Last Post" and the "Reveille" by Sergeant-Bugler Rance made a notable effect on the children and they observed the "Silence" respectfully. The school also sang "The Children's Song" and then the school choir gave an impressive rendering of "In Flanders Fields." Miss Y. Larson was accompanist. The room was appropriately decorated with poppies and poppy drawings, with the program details effectively displayed on a suitably ornamented blackboard. Every child wore a poppy, and the memory of former pupils of the school was honored in silence.

Mrs. A. Bavester, of Vancouver, who has spent the last week in the city as guest of her son-in-law and daughter, Mr. and Mrs. A. P. Crawley, is sailing Tuesday by the Catala on her return south.

### JAYCEES WIDEN SPEAKING CLASSES

Public speaking and leadership training classes, which have been sponsored by the Junior Chamber of Commerce for the last three years, will be open to the public, the Junior Chamber decided at its monthly meeting.

Previously, the classes had been confined to Junior Chamber members only. However, the extent of outside interest shown in the past resulted in a decision to enlarge the classes to include those outside the Junior Chamber who might be interested.

Regularly of attendance throughout the course was stressed by R. G. Moore, who has acted as instructor in past years, according to Eric Speer, public speaking committee chairman.

A radio program, which has been sponsored by the public speaking class, will now be the direct responsibility of the Junior Chamber, the meeting decided.

Organizational plans for the course, which is one provided by the University of British Columbia, are now under way.

Mr. and Mrs. J. G. Steenberg, who have been on a trip to Vancouver, returned to the city from the south on the Coquitiam yesterday afternoon.

### LETTERBOX

COURTESY BY DRIVERS

Editor, Daily News:  
In reply to the letter in your Thursday issue of the Daily News, signed by the three puzzled cab drivers.

If some of the drivers in this city would show a little more courtesy on the road and a little less speed, such signs as these would not be necessary.

However, if these gentlemen ever find themselves in such a situation as they described in their letter, and, if they are unable to make up their mind as to who should move first, I would suggest that they pull into the curb and leave their cabs for someone else to drive.

In answering their second question, "whose brain wave was this," this traffic regulation was fostered by a man quite capable of enforcing it if necessary. It was

(Continued from Page 1)

ing solemnly in remembrance of those who have gone and in thanking that we, the more fortunate, are still here." Col. Johnston indulged in some in- teresting reminiscing.

**PROGRAM**

Owen Browne took over as master of ceremonies for the program of entertainment which included his own rendition of "Warsaw Concerto," J. A. Teng's singing of "In Flanders Fields" and "Boys of the Old Brigade," comic songs by Leonard Sykes, vocal solos by Mrs. Ralph Smith, the Legion entertainment com- mittee consisting of Charles An- with his pupils, Stella Chaprun and Robert Wood, forming a P. Smith.

Ladies of the Women's Auxil- iary who looked after the serv- ings were under the direction of Mrs. C. E. Morrow. They were Mrs. Charles Anderson, Mrs. Hugh Killin, Mrs. Wright Davies, Mrs. Victor Duran, Mrs. C. Mich- aeloff, Mrs. Ray Bean, Mrs. Wil- iam Wallace, Mrs. Andrew Hardy, Mrs. A. W. Wats. n and Mrs. Wil- iam Osborne. Men of the Legion also assisted.

The banquet was arranged by the Legion entertainment com- mittee consisting of Charles An- with his pupils, Stella Chaprun and Robert Wood, forming a P. Smith.

President Eddie Garner and Others Take Over for Kinsmen  
The Kinsmen's Club of Prince Rupert held its annual installation banquet and dance at the Commodore Cabaret Thursday evening with more than ninety

guests and Kinsmen in attendance.  
The principal speaker of the evening was R. E. Montador, lieutenant district governor of Kinsmen, who spoke of the growth of the club in recent years. He said that the Kinsmen numbered eight thousand in Canada today with more than 234 Clubs chartered.  
Mr. Montador installed the officers of the Club for the ensuing year and presented the badge of Past Presidency to George Dibb the retiring president. Executive installed were: President, E. A. Garner Vice-President, R. C. Barbour Secretary, H. F. Swaffield Treasurer, W. Long Recorder, J. Mellor Directors—W. S. Noble and S. H. Saville.  
New members of the club are E. Barton, J. Sheddon, J. Good and R. Rudderham.  
One of the guests, H. Kraupner, presented the club with a cheque for \$25 for the Kin Christmas Fund.

**Seen At... CIVIC CENTRE**

**YOUNGSTERS VERSATILE**  
The versatility of the Wednesday's craft club members with Junior, Teenage and Adult members participating at the Civic Centre knows no bounds. As there is a shortage of bead looms at present owing to a delayed shipment, many of the little girls who attended the class in the

afternoon were disappointed at not being able to have their equipment. However, quite undaunted, they took to the art of weaving and leathercraft temporarily and put in a profitable afternoon. Book marks and pot holders were the projects completed and several young members excelled in the art of tooling their names and different designs on leather. Judy Lloyd, Janet Taylor, Pat Pierce and others were very busy.  
At the same time the more fortunate ones were busy on their bead projects learning to securely fasten each bead on with two threads or darning in the final threads of a wrist bracelet. Marilyn Farmer started a new bracelet. Donna Mosley finished her first design showing flying birds on a colored background while Julie Prockter and Suzanne Kerigin, working together, shared beads and design ideas.  
Combined with all this activity, several ladies of the afternoon craft class which meets Wednesday and Thursday for a social craft hour, were quite busy working and planning gifts for Christmas.  
Starting the same evening, the craft room was again crowded. Enthusiastic Teenage boys numbering 20 were feverishly anxious to learn the tricks of the leather trade and accomplish as much in the short two hour period allotted them on Wednesday nights. These classes are open to all Civic Centre members.  
Volunteer workers would be most welcome as greater progress

could be made with the ants who would be threading of needles and the tracing of patterns.  
Publicity committee meeting at the home of Harrison last night. To do with a dance November 18, also to do with a dance of Moosehart. Refreshments were served. Members present were Mrs. F. Thorne, Mrs. F. Thorne, Mrs. H. Harris, Carr and Mrs. M. V.

**\$9.98**

# Thriller In Sr. League

Close Play All the Way Through, Saturday

Basketball fans continued to have thrills dissect out to them in large portions Saturday night at the Civic Centre Gym. Four games were played and three of them finished with the final issue in doubt until the final whistle.

The scores were:

Senior—Bo Me Hi 57, Brownwoods 56  
Intermediate—North Star 42, Fashion 40  
Junior—Rupert Hotel 23, Stones 18  
High School 27, Sea Cadets 25

The Brownwoods-Bo Me Hi feature was packed with excitement and many a fan lost his voice in the last wild minutes. Brownwoods looked like sure winners with a 56-51 lead, possession of the ball and 90 seconds to play. In that short ninety seconds, Bo Me Hi set some sort of a record, scoring two field goals and two foul shots to emerge victorious by a 57 to 56 margin. The core was all tied with 6 seconds to play when Carlson was awarded a foul shot and swished it through the net for the winning point. Brownwoods had an 8-point lead going into the last quarter but they couldn't do anything right and

in the last minute of the game lost out although they were in possession of the ball at least three times.

As in all senior games this year, play was wide open, with surprisingly few fouls called by referees Comadina and Slatta. The last time these teams met 64 fouls were called. Saturday night, in spite of a terrific forty minutes of speed there were only 31. Reg Lavigne, for Brownwoods was the player of the evening. He scored 17 points and kept Spring, Bo-Me-Hi's driving force, well checked. Three High School players garnered 34 points between them, Scherk, 12, and Carlson and Spring 11 each.

Of the five senior games played this season, every one has ended with a thrilling finish, wide open play being the future of each game. Each team has averaged just over 50 points per game and, if the league keeps up at this tempo, the "sold right out" sign is liable to hang on the box office door any night now.

Co-op hold the league leadership with two wins and one loss. Bo-Me-Hi has two and two, and Brownwoods have 1 win and two losses, but on the present basis of play anyone can be in the lead two weeks from now. Tomorrow night Brownwoods play Co-op and a win for Brownwoods will tie up the league with equal points for all three teams.

Brownwoods—Gurvich 4, Lavigne 17, Shier 8, Pierce 9, Bill 5, but Stones could not catch the

Thompson 7, Owens 2, Arntsen, Davidson, Sunberg 3.—Total 56.

Bo-Me-Hi—Spring 11, Carlson 11, Scherk 12, Webster 2, Moore 6, McChesney 4, Ratchford, Sharpe, Kristmanson 2, Bill 9.—Total 57.

## INTERMEDIATE

The fans who attended the games early had more than one thrill to watch for North Star were the giant killers in the intermediate division taking the much heavier Fashion by a 42-40 score in an overtime thriller.

Wesch, for North Star, went berserk in the last few minutes to take the game for his teammates when he scored four points in the overtime, and fifteen for the evening. North Star kept two men on big Bob Gill's tail all evening but he couldn't be held down and scored 18 points, two of them in the overtime. It was a good game and only 22 fouls were called by Referees Slatta and Husoy. Hebb for Fashion started to hit his mid-season stride racking up 10 points.

North Star—Wesch 15, Smith 7, Hartwig 9, Young 2, Simonsen 1, Ketcheson 2, Hamilton, Parnell 6, Sedgwick Total 42.

Fashion—Gill 18, Hebb 10, Intermela 4, Lien 2, Hill 2, Jones, Watson 2, Drake 2.—Total 40.

## JUNIOR LEAGUE

In the first of the two Junior games Rupert Hotel continued their undefeated ways by winning on a 23-18 score. The game was well played by both teams but Stones—Parnell 8, Phillips 4,

## 60 YEARS OF ACCOMPLISHMENT

1889  1949

Lamp oil or kerosene, the most valued product derived from petroleum in 1889, was often peddled from door to door in horse-drawn tank wagons. Gasoline, a dangerous by-product, was a drug on the market for many years. Today the search for new oil deposits and the search for still greater efficiency in refining petroleum into hundreds of useful products have become the objectives of a vast petroleum industry. Nickel steels, because of their exceptional strength and toughness, are practically indispensable in the machinery which drills deep into the earth. In the refineries, Nickel alloys have solved numerous problems because they resist acid corrosion and stand up under terrific heat and sub-zero temperatures.

## Canadian Nickel sold Abroad brings in U.S. Dollars

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year. These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

# CANADIAN NICKEL

FIRST PRODUCED IN CANADA IN 1889

THE INTERNATIONAL NICKEL COMPANY OF CANADA, LIMITED, 25 KING STREET WEST, TORONTO

I Like Monaseal

It's Best for Walls and ECONOMICAL too!

That's the report of more and more women who are using Monaseal... TOP QUALITY at prices lower than any comparable finish. It's more washable... easier to keep clean... covers more in one coat over practically any wall material.

**FIVE HUNDRED ATTEND DANCE**

One of the finest dances ever held on the spacious floor of the naval drill hall of H.M.C.S. Chatham which has been made even more commodious by the recent removal of the large stage, took place on Friday evening under the auspices of the local branch of the Canadian Legion and proved to be a fitting culmination to a highly successful 'Legion Week' which opened with Poppy Day on the previous Saturday.

A crowd of well over five hundred persons, many of them Veterans of the two world wars danced to the strains of music provided by Andy McNaughton's Dukes Orchestra.

Vic Duncan of the Canadian Legion performed the duties of master of ceremonies. P. M. Ray and Alex Haig were in attendance at the door while the Ladies Auxiliary of the local branch

looked after the refreshments with Mrs. Vic Duncan and Mrs. W. Morrow in charge. Check room was in charge of Mrs. W. Rothwell and Mrs. W. Wallace.

**Moose Women Enjoy Whist**

After business was disposed of the Homemaking Committee of the Women of the Moose enjoyed three tables of whist at the home of Mrs. P. Welter. Mrs. J. Kasper won first prize. The consolation prize was won by Mrs. H. Muncey. Joint hostesses, Mrs. P. Welter and Mrs. C. H. Collins served refreshments. Mrs. B. Blair was a guest. Those present were: Mrs. O. Stegavig, Mrs. P. Bond, Mrs. S. Haugan, Mrs. M. Field, Mrs. J. Kasper, Mrs. J. Hoskins, Mrs. W. Terry, Mrs. V. Foster, Mrs. C. Collins, Mrs. H. Muncey, Mrs. R. B. Skinner, Mrs. P. Welter and Mrs. B. J. Bacon.

Mrs. G. Hamlin of Terrace has been the guest of Mrs. J. H. Thompson in Prince Rupert.

The whole secret is this

Be comfortable to start with!

People who enjoy fall and winter weather—and good health—have learned the secret of dressing for all-weather comfort. They know that comfort starts at skin-level—with Stanfield's Unshrinkable Underwear.

Tailored for smooth fit and perfect freedom of movement, Stanfield's provides a range of underwear styles, weights and fabrics for every member of the family and for every individual need. All are soft, warm and durable . . . all proofed against shrinking by Stanfield's exclusive process.

Make sure of your winter comfort right from the start—combinations or separates—at leading stores.

# SHIPS and WATERFRONT

CGS. Laurier, Capt. L. Sheppard, which is engaged in fishery patrol duties in waters off this part of the coast and is on a particular look-out for herring around Alert Bay.

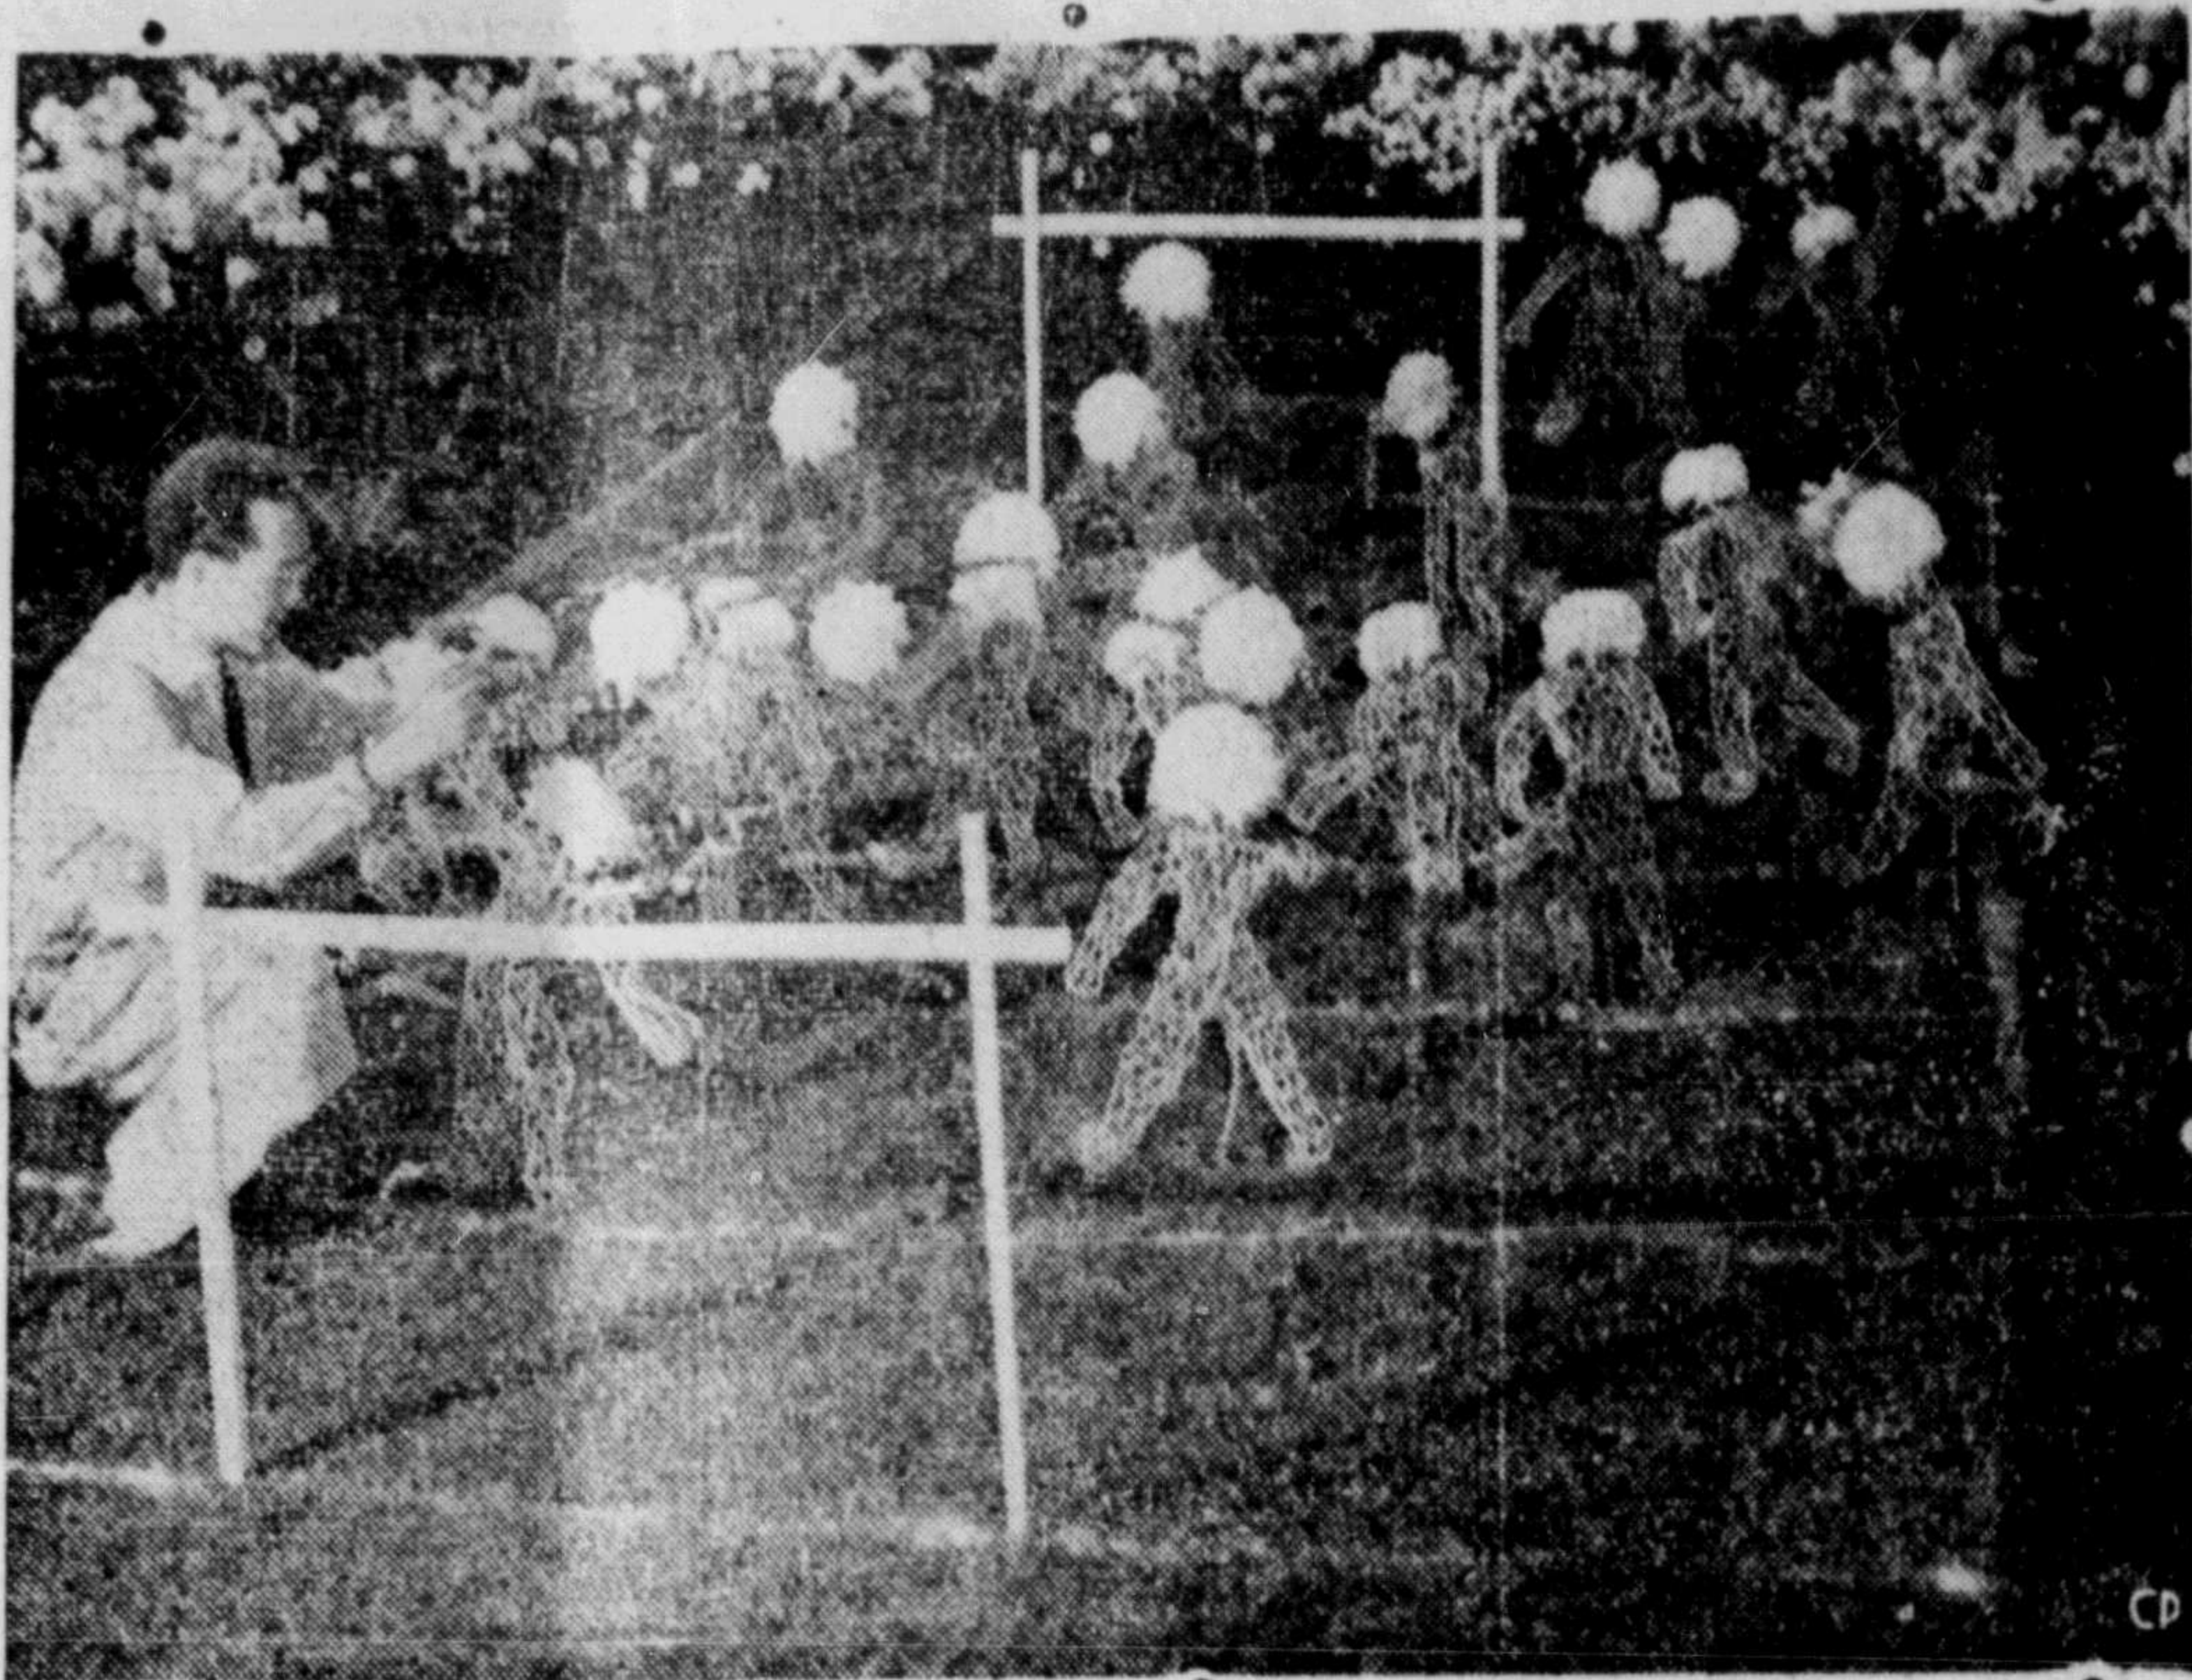

At this time, arrived in port yesterday morning for supplies and is clearing seawards again today. Capt. Sheppard reports no sign of herring in northern waters as yet, the last run having been seen around Alert Bay.

Taking over the run from the Catala, Union steamer Coquitlam, Capt. John Boden, arrived in port at 4 o'clock yesterday afternoon from the south and sailed at 10 p.m. for Alice Arm, Stew-

art and other northern points whence she will return here tomorrow to sail south at 1:30 p.m. Since she was last here, the Coquitlam has been undergoing annual overhaul at Vancouver. Principal feature of the work was the deepening of her hold by five feet which will give her capacity for another fifty tons of freight. Officers of the ship report that the alteration has, if anything, improved the stability of the vessel.

Union steamer Camosun, Capt. Harry McLean, returned to port at 4:30 yesterday afternoon from Massett Inlet calls and sailed at 9 p.m. for Vancouver and waypoints.

Once the Orient can achieve peace and stability, it is reasonable to assume that its demands for the products of Canada will reach high levels and Prince Rupert, being 500 miles closer to the Orient than any other Pacific Coast railway terminus, will be a principal port of departure. Softwood timbers from Prince Rupert and the central interior should find a ready market in the Orient.

FLORAL FOOTBALL—Dr. A.P. Chan arranges a floral football display for the annual chrysanthemum show at the government's Central Experimental Farm Ottawa. One team is of mauve "Orchid Queen" mums, the other of yellow "J. S. Symonds." The ball is a "Red Rust." Dr. Chan, chief of the farm's horticultural greenhouses, says you can do anything with mums but make them talk. Oh, the umpires? Well, naturally, they're "Peace" mums. (CP Photo)

Capt. Albert Mah, recently back from China where he has been engaged for years in commercial flying, arrived in the city on the Coquitlam yesterday from Vancouver. He spend a week visiting relatives before his return here on the Coquitlam. Owing to conditions in China his return there is delayed.

**WORST MISERIES OF CHILDREN'S**

**Colds Relieved Overnight**

Warning, soothing relief from the misery of children's colds comes quickly when you rub on Vicks VapoRub at bedtime. Often by morning most of the distress of a cold is gone. VapoRub is so effective because of its special double action. First, VapoRub penetrates deep into congested bronchial tubes to relieve congestion, soothe irritation. At the same time, it stimulates chest and neck areas like a warming, comforting poultice. Tonight, use Vicks VapoRub for your child's cold.

**Few people can kill it singlehanded!**

**THIS IS THE PUT-OFF BIRD.**

He usually appears just when you're deciding to do something that should be done without delay. Then he tries to talk you out of it.

When you're planning a trip, he'll tell you not to bother making reservations. Or when you have a slight toothache, he'll say: "Don't worry, pal—it'll soon go away. Besides, you're too busy to go to the dentist today!"

Oh, he's a sly one, this Put-Off Bird! And such a trouble-maker that he even tries to get fathers to neglect their family's financial security. But fortunately a deadly enemy of this bird often appears at such critical moments—and saves the day.

This enemy of the bird—and friend of fathers—is the *life insurance representative*. Aiming a few realistic facts at the mischievous creature, he kills it deadlier than its cousin, the Dodo. Its dangerous propaganda is silenced. And always the father then realizes why he should act to protect his family *immediately*.

Thus the life insurance representative helps prevent countless people from having to depend on charity or relatives for their support in years to come.

Life underwriters help people in *other ways*, too. They are trained to analyze all the facts related to the family's future needs . . . then build a sound life insurance plan that meets those needs *exactly*.

More than a million Canadian families have benefited by the services of the modern life underwriter. And he's always glad to help you!

**A helpful citizen in your community**

When a life insurance representative sells you a policy, he also helps to improve your community. For a large part of each life insurance dollar is put to work through investments to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living. You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the life underwriter!

**LIFE INSURANCE . . . Guardian of Canadian Homes**

A message from the more than fifty Life Insurance Companies in Canada
