Children Burned to Death in Bulkley Valley

Tragedy Results From Attempt of Native Lad to Light Up Gas Lamp

Quel Pete, 2 1/2-year-old son, and Ruby, nine-month-old daughter, were burned to death at 7:30 p.m. when the house of Mr. and Mrs. Sam Pete at Bulkley Valley settlement of Quick, east of Hazelton, was destroyed by fire. Cause of the tragedy was the attempt of a ten-year-old boy to light up a gas lamp while the parents of the children were away from the house. The Petes are a well-known family.

BERLIN'S 'ONE' GOVERNMENT

Soviets Set Up Their Administration Exclusively For Whole German Capital

BERLIN (CP)—The Soviets today recognized the newly formed government here "as one legal organization of city administration" and pledged support thereto. The step was announced by the Soviet-sponsored German news agency. It had been expected since hand-picked delegates were approved. A Communist slate of city officers was unanimously chosen at a convention in the Russian sector Tuesday and was proclaimed as successor to the legally-elected (1946) administration which was recently ousted from the City Hall.

Meantime, the Communists today launched a scare campaign to try and keep Berliners from voting Sunday in the elections called by the western occupying powers. Newspapers asserted, without foundation it was said, that the United States may withdraw from Berlin by spring and Washington might recall General Lucius D. Clay, United States military governor.

UNITED NATIONS GO AHEAD

Canada will oppose any attempt to have the third session of the United Nations General Assembly postponed here and reconvened in London as a continuation of the second session. Canada's action is being supported by the United States and Britain.

ATLANTIC AT SEAS

The first time in history the Atlantic Ocean has been completely ice-free, according to reports from the British Columbia coast. The ice-free water will have its own medicinal value. This week the B.C. coast is opening its new hospital, in this settlement 15 miles northwest of Fort St. James.

ATLANTIC AT SEAS

There will be no more deaths in the novel "Mrs. Mike," according to reports from the hospital. The novel is being read at Hudson Hope. No emergency cases will be treated in this area by wild animals. Up to the present, the residents in this area will have to be taken to the hospital by truck or dog sled.

ATLANTIC AT SEAS

The sixth Red Cross hospital in the area was first started on October 26, which was staff shortages July 31. Other openings, all during the past nine months, included a 10-bed unit at Terrace, a 16-bed unit at Hazelton, and a three-bed hospital at Hazelton. A three-bed unit at Hazelton was opened April 4, three-bed unit at Hazelton Sept. 25.

Edmonton city fathers have won a concession from the city fathers—free time in the city's parking meters 1 p.m. each Wednesday by-law to that effect passed recently.

SUPERSONIC PARACHUTE GETS TRYOUT—A new super-sonic parachute, developed in Schenectady, N.Y., is shown landing safely on the ground after a test flight. The parachute is expelled from a V-2 rocket as high as 100 miles above the earth's surface. The parachute, containing delicate research instruments, reaches super-sonic speed before its vanes spread out, gradually slowing the device to about 27 miles an hour just before the sharp spike of its nose embeds itself in the ground, enabling it to land without damage to its delicate cargo.

BASKETBALL—Bo-Me-Hi Piles Up Big Victory Over Ketchikan

ALASKANS SHOW EFFECTS OF ROUGH SEA VOYAGE—FIRST WIN IN TWO YEARS FOR LOCALS IN THIS SERIES

In a packed Civic Centre gymnasium, the Bo-Me-Hi Rainmakers defeated the Kayhi Polar Bears 58 to 26 in the first game of their annual Inter-High Series last night. It was the first win for Coach Alex Bill's boys on their home floor in this series in two years. Kayhi made its appearance on the floor only two hours after arriving. The effects of travelling all day showed up in their ball-playing. The defeat they took was the heaviest that any Bo-Me-Hi team has been able to inflict on them since competition between the two teams was inaugurated.

GREEK PRIESTS ARE CHARGED

United Nations Approves New American Compromise Proposal

PARIS (CP)—The United Nations today approved a new American proposal for broad conciliation of the Arab and Jewish boundaries in Palestine without reference to the Bernadotte plan or last year's partition.

The political committee accepted an amendment by Dean Rusk of the United States to the British resolution. The amendment instructs the setting up of a conciliation commission.

Under a portion of a British resolution passed yesterday steps will be taken to assist the Jews and Arabs in settling outstanding problems.

BERLIN COLLISION KILLS 16 PERSONS

Seven of the injured are in serious condition. The local was standing in Falkensee station when the passenger train, running through a signal, crashed into it.

Capture of Suchow Is Confirmed

Chinese Nationalist Forces Talk of Retiring to Mountains Beyond Nanking

NANKING (CP)—The Communist capture of Suchow was confirmed today in government military sources. It was stated that the evacuation of the big nationalist base, 211 miles northwest of here, had been completed by noon Wednesday.

Three armies totalling 250,000 pulled out of Suchow in an effort to relieve the trapped 12th Army south in the Sushien sector.

Military sources say that the Communists, on entering Suchow, found supply depots destroyed.

Meanwhile, seven Communist columns totalling 100,000 eased their assault on the Hwai River line.

Earlier the government said it would make a fighting retreat into the mountains of South China if the Communists overrun Nanking.

NUN BREAKS SILENCE

Precedent was created in Montreal when for the first time a nun was guest speaker at a service club. Sister Marie de L'Eucharistie of the Order of Poor Claire of Jerusalem who took a vow of silence 10 years ago, was permitted to make the trip to Montreal from Palestine by special dispensation from the Vatican. She told the Richelieu Club of the difficulties of Roman Catholic organizations in the Near East since the beginning of the Second World War.

Three Month Shipping Tie-Up Is Finally Concluded

Radio Operators of C.I.O. Are Last Union to Come to Agreement

SAN FRANCISCO (CP)—Agreement was reached today with the last five striking maritime unions to end the West Coast strike which had lasted for three months.

C.I.O. radio operators and Pacific American ship-owners' Association came to terms after an all-night conference.

Earlier other unions and employers had reached agreements to end the three-month-old strike.

The strike came formally to a close at noon today.

TEMPERATURE DOWN AFTER HEAVY SNOW

Lowest temperature of the season cracked down on Prince Rupert last night on the heels of an eight-inch snowfall, the second heavy snow blanket within a week. Temperatures dropped to 25.9 degrees, the lowest since last April and the chill was emphasized by the snow covering which came down between noon and 6 p.m. Thursday leaving trees and rooftops garlanded with white.

The snowfall added to that which fell last week when more than a foot fell. Much of the earlier snow remained, despite several rainstorms during the week.

Pioneers say that they cannot recall such an abundance of snow so early in the season in previous years.

DIGNITARIES MAKE FLIGHT TO CARIBBEAN

MONTREAL—Completing a six-day pre-inaugural trip to the Caribbean, a party of forty government officials, business leaders and press and radio executives returned by a Trans-Canada Air Lines' North Star to Montreal Airport.

The group visited Nassau, Bahamas, Kingston and Montego Bay, Jamaica, and Port-of-Spain, Trinidad, and were welcomed at official receptions by the governors of these colonies.

Letters of greetings from Rt. Hon. Louis St. Laurent, Prime Minister of Canada, and from Rt. Hon. C. D. Howe, Minister of Trade and Commerce, were delivered by W. J. Turnbull, Deputy Postmaster-General, to Their Excellencies, the Governors of the Bahamas, of Jamaica and of Trinidad and Tobago.

His Excellency Sir William L. Murphy, K.C., M.G., Governor of the Bahamas, extended congratulations of the colony and best wishes to TransCanada Air Lines, on Thursday's inauguration of a fresh link between Canada and the Bahamas.

At Montego Bay, Jamaica, His Excellency Sir John Huggins, K.C., M.G., M.C., joined with the Jamaica Tourist and Trade Board in welcoming the Canadian visitors and said that the new air service would do much to bring Canadian tourists to Jamaica, especially those now contemplating a winter vacation.

His Excellency, Sir John V. W. Shaw, K.C., M.G., Governor of Trinidad and Tobago, met the Canadian group at an evening reception, and the Tourist Board entertained them at luncheon. "The Caribbean is perfect for winter vacations," "Tropical fruit galore," "The smoothest flight I have ever taken," were (Continued on Page 2)

Fine weather appears likely over most of the province for Saturday although there will be increasing cloudiness over the northern coast in the evening with the approach of another storm from the west.

District Agriculturalist Should Spend More Time There—Board of Trade Meets

TERRACE—Many matters came up for consideration at the monthly meeting of the Terrace and District Board of Trade which was held on Wednesday evening. There was not a large attendance due to other activities in the town. Duncan K. Kerr presided.

Harry King, chairman of the agricultural committee, reported the acreage he had knowledge of for the land clearing machinery but asked that his report be deferred until after his meeting with K. Jameson, district agriculturalist of Smithers, who will be in Terrace on Friday to address the Farmers' Institute meeting. This applies also to seeding the Canadian National Railways parkland which the Board of Trade has undertaken and advise on the type of seed most suitable will be asked of the agriculturalist.

General dissatisfaction was expressed at the short visit the agriculturalist pays to Terrace. It was felt that the eastern end of the district is getting the service in which the western end is lacking. The outcome of this dissatisfaction was that the members decided to write to the Deputy Minister of Agriculture.

In answer to an inquiry concerning a loading platform, a letter was received from C. A.

Berner of Prince Rupert, with the information that it was down in the railway budget for 1949. The request for a telephone in the Terrace freight office was turned down again due to the fact that there is a buzzer between it and the head station office and information can be obtained in a few seconds.

The sum of \$177.50 had been collected by the Pamphlet Committee and this money was turned over to the president by Mrs. W. Robinson. The ladies were thanked for their work in collecting this sum, and Mr. King also thanked the ladies' committee who had helped compile the pamphlet.

There was an inquiry from an out-of-town electrician concerning work in Terrace but, it was decided that he should be informed that an electrician was already established in town here.

The completion of Williams Creek bridge had been promised for this fall but so far had not been touched nor was there any material there for it. It was explained that the district is left with one bridge foreman and, as work is being concentrated on the Kalum Road, that is all that can be done at present.

No report had been heard of the provincial engineers' flood survey, nor any report on flood prevention, so E. T. Kenney will be contacted.

Next meeting will be the annual banquet on January 14.

ANOTHER PULP MILL FOR B.C.

VANCOUVER—Possibility of the erection of a pulp mill in British Columbia by the Newfoundland Pulp and Paper Mills Ltd. has been under consideration for some time. Sir Eric Bowater, president, is reported to have said in an interview with a financial paper that British Columbia would be the most probable locale of the company's future expansion.

THAT CHRISTMAS LOOK EDMONTON, @—Edmonton business men are planning to have the city all "lit up" for Christmas season. They have recommended that city officials turn on overhead lights on city streets during December.

sponsored by W. R. McAfee. Presentations were also made including the Past Honored Queen's jewel and gold-filled compact for Solveig Mark, received by her mother Mrs. H. Mark, silver bracelet to Bernice Eastwood, for substituting as Honored Queen.

The members again honored with appreciation their members, Mr. and Mrs. Alex Mitchell, with the presentation of a beautiful purple satin cushion. In the raffle of a picture, donated by Mrs. T. M. Spencer, the winner was Margaret Murray with ticket number 431.

LAWN BOWLERS

(Continued from Page 4)

ed one to the visitors proposed by Mr. Youngman and responded to by James Stanley who has bowled in various cities from Halifax to Prince Rupert, also taking part in Dominion championships. He expressed particular gratification at the warm reception he had received in Prince Rupert.

In the course of general discussion of bowling, in which Jock McGreish, Angus Macdonald and others took part, the desirability of the playing season here being so arranged as to permit of local participation in provincial competition was stressed.

The entertainment program was highlighted by an impressive display of locally taken colored moving pictures by Sergeant L. A. N. Potterton and piano-accompanied and novelty piano playing and singing by Miss Nurah Thompson. W. T. Terry also told stories. S. C. Thompson presided at the piano.

A vote of thanks was tendered to the entertainers on motion of J. A. Frew who suggested that steps should be taken to preserve as a matter of local record the fine moving pictures of Sgt. Potterton. Bert Morgan seconded, making a suggestion, while speaking generally, that bowling trophies might be kept on permanent display, like other local sporting trophies, at the Civic Centre.

The committee in charge of arrangements for the evening included Neil Cameron, Jack Judge, Bert Morgan, William Rance and Vic Duncan.

UNDERTAKING IS ENORMOUS

VANCOUVER—A preliminary survey, in connection with determining the location of an aluminum plant site in British Columbia is still going on. The director of information for the aluminum firm, I. S. Decarie, says there are three up coast sites. Present surveys will conclude next summer, and then, if findings warrant it, another \$1,000,000 survey will commence.

"Then," said Mr. Decarie, "the decision whether or not to go ahead will have to be made. If it is 'yes,' between \$300,000,000 and \$500,000,000 will have to be obtained for the construction of power lines, a city, an aluminum plant and probably a port."
