

Battle In United Nations Under Way

Atomic Research Is Co-ordinated

OTTAWA © — Dr. E. W. R. Steacie, aged 50, one of Canada's top atomic scientists, is to co-ordinate all research by the National Research Council, including atomic fission, it was announced yesterday by Minister of Trade and Commerce C. D. Howe, chairman of the scientific research committee of the cabinet. One of the divisions coming under direction of Dr. Steacie will be the atomic energy project at Chalk River, Ontario where Canada has an atomic pile

HOPEFUL INDIANS — Three Cree Indians, farmers on the Winterburn Reserve near Edmonton, keep a sharp eye on oil drilling operations at an Imperial Oil Company wildcat on their property. If the well produces oil, the community of 228 Indians will receive 12½ per cent of the production. Interest on the money is to be used to finance improvements on the reservation. Left to right are, Stanley Ward, Pat McDonald and Louis Ward. (CP Photo)

Russian Chairman Rules Out Nationalist China

Flash

CANADA'S PART
OTTAWA—This week is expected to determine to what extent Canada will participate in the war in Korea. Naval and air forces are already across the Pacific although not as combat units. It should soon be known if Canadian ground troops will go as part of international organizations. For such a cabinet decision Parliamentary approval would, it is expected, be sought.

LAKE SUCCESS—(CP)—Russia came back to the United Nations security council today after an absence of seven months to reopen the fight to seat Communist China. She considers peace in Korea should be second on the program of business. Jacob Malik, Russian, after taking over as the council's president for August, announced the agenda and ruled immediately that Nationalist China is sitting illegally in the session. United States and Britain challenged the ruling and what is expected to be heated debate commenced. Thus commenced at the very opening a fight over the program. It is the first meeting of the council the Russians have attended since January.

Bolstering Up German Police

BONN, Germany © — The Western Allies have approved the creation of a limited federal police force for Western Germany, an informed source said here. The informant said that the Allied High Commission has authorized the Bonn government to form a federal police force of perhaps 12,000 men to be used in the event of a grave emergency.

Tried To Pass Liquor To Jail

Magistrate's court was a busy place. Beside the usual run of drunks there were some serious offences.

The trial of Lorne Anderson, charged with dangerous driving, was adjourned until August 9. The charge results from a traffic incident recently when Swan Peterson suffered a broken back. The trial of Rudolph Rosetti, charged with theft of articles of a value less than \$25 was also adjourned until August 9. Rosetti is alleged to have lifted a pair of shoes and socks from George Hill's store and tried to sell them.

Max Kline, charged with supplying liquor to the inmates of a lock-up, pleaded not guilty and is being tried this afternoon at 2:30. He is alleged to have torn the netting off a jail window on the lane and tried to pass a bottle in shortly after being released himself.

Pleading guilty to assaulting a peace officer, John McGillivray is up for sentence at 2:30 this afternoon. He is alleged to have obstructed Constable Harry Haugland while the latter was making an arrest on Sixth Street last evening.

Former Local Woman Passes

Mrs. W. G. Oakley, resident of Prince Rupert during the early days and for several years living in Vancouver, died in Vancouver last Saturday, in her ninety-seventh year. Surviving members of the family are four sons and a daughter as well as grandchildren and great grandchildren.

Mrs. Oakley was born in Australia and early in life moved from there to England, the voyage requiring about six months.

Sons are S. V. Reith of Kamloops, Leonard Reith of Winnipeg, W. C. Reith of Long Beach, California, and Rev. E. Reith of New York.

A daughter, Mrs. E. Brewerton, formerly of Prince Rupert, lives in Vancouver.

A grandson is L. F. Brewerton, 420 8th Ave. East in this city, and a grand-daughter is Mrs. Poole of New Westminster, the former Miss Muriel Brewerton of Prince Rupert. Mrs. Oakley was predeceased by her husband, who served in the South African war with the Scots Grays Regiment.

NEW SHIP HERE— Lighthouse Tender Alexander Mackenzie Assuming Duties

It was a happy party that brought the new 150-foot diesel power lighthouse tender Alexander Mackenzie to her operating base here yesterday. Met by Capt. Rodney Smith's Birnie off Holland Rock, Capt. Norman MacKay took aboard some passengers and gave up a few.

With full string of flags flying, Starting from Vancouver at the Birnie led her new co-worker 6 a.m. Friday, the Alexander up harbor to Seal Cove, where Mackenzie spent that night at both docked at the Department of Transport pier. Aboard the Saturday night was spent in Alexander Mackenzie for the trip from Vancouver were Mr. and Mrs. N. A. Beketov, Chief Engineer and Mrs. A. Hobman, Second Engineer and Mrs. William White, Electrician and Mrs. B. Humphrey, Chief Officer and Mrs. R. G. Armstrong, William Goldsworthy, Burrard Shipyards and E. W. Loernan, technician, Vivian Engineering Co.

The trip was uneventful with beautiful weather for most of the voyage. One of the interesting items picked up along the way was a sound picture of a rock off Separation Head near Klemtu. It showed the rock starting in very deep water and rising up until it was only four fathoms below surface at the highest part. Capt. MacKay said boats had been sailing over it for years until it was discovered by a survey party a few years ago.

Equipment aboard the ship includes radar, gyro-compass, echo sounder, telephones to the engine room and officials' room, radiophone and direction finder. Sleeping quarters are comfortably appointed and are as spacious as shipboard will allow.

Benelux To Arm More

THE HAGUE ©—Foreign ministers of Great Britain, France, the Netherlands and Luxembourg met here today in an atmosphere of shrouded secrecy. A high Dutch official said the United States has asked Atlantic Pact nations to increase military expenditures and enlarge their armed forces under guarantee of American financing. The Belgian foreign minister was unable to attend owing to the royal crisis at home.

RECRUITING HEAVY

OTTAWA—Canadians continue to throng recruiting stations throughout the country. The response to the Navy's call for new sailors has been so heavy that the senior service was forced to issue a special directive to recruiting officers.

TOURISTS MOVING

OTTAWA — Transportation authorities say the Korean situation is causing no difference in the volume of tourist travel generally. The only exception is at Sault Ste Marie, a key point in the Great Lakes shipping services where extra guards are posted.

ATTLEE OUTSPOKEN

LONDON—Premier Attlee, speaking Sunday night, described the war in Korea as "a fire that had broken out in a distant country—yet a fire that could burn homes here." He was outspoken in condemning the Communist aggression in South Korea.

United States Marines Are Landing In Korea

Heavily Equipped To Meet Continuing Red Drive Toward Pusan

TOKYO (Wednesday) North Korean Red forces, exerting heavy pressure in the south, today pushed to within forty miles of Pusan, United States base in southeastern Korea. Meantime fresh American troops were pouring ashore and moving up to the front. One unit was the Fifth Regimental combat team from Hawaii. Marines were also landed. Hardest Red blows came in the Kochang area where Communists are trying to break through to Taegu, South Korean emergency capital. They are about 32 miles southwest of Taegu.

A front line dispatch placed the Reds in a southern thrust fifteen miles west of Mansan which is on the south coast 25 miles from Pusan.

General Douglas MacArthur, in his morning Korean summary, said heavy Red pressure covered the southern front. The summary said that troops of the United Nations were attacking the Reds around Yongdok on the east coast. United States pilots report the Communists in positions 1500 yards north of the wrecked city.

"It is possible that friendly forces have again forced entry into that port city," MacArthur's summary said.

The summary spoke of slight United Nations troop withdrawals but said they were not forced out but moved back to prepared positions.

A push of the Reds to near Mansan in the south represented a gain of about ten miles since Monday. Advance administrative elements of the United States

Hon. Humphrey Mitchell Minister Of Labor Dies

OTTAWA ©—Hon. Humphrey Mitchell, Minister of Labor, 55, died unexpectedly in hospital early today. In indifferent health more than a year, Mr. Mitchell entered hospital only two days ago for a check-up. A series of internal hemorrhages caused the minister's death. He will be given a state funeral.

Mr. Mitchell had been minister of labor for almost eight years, longer than any holder of that portfolio in the history of the Commonwealth.

Only last Thursday he had acted as an honorary pallbearer at funeral services for the late Dr. Hon. W. L. Mackenzie King. That was his last public appearance.

Long active in the International Brotherhood of Electrical Workers, Mr. Mitchell had been secretary of the Trades and Labor Council at Hamilton for more than twenty years before he entered public life.

DIES SUDDENLY—Hon. Humphrey Mitchell, Minister of Labor.

THE WEATHER

Synopsis
Skies will remain clear over the southern British Columbia coast today. However, a relatively weak weather disturbance which crossed the north coast during the night is expected to bring some clouds to this region tomorrow morning. Cloudiness will gradually increase over the northern interior today and persist through tomorrow while in the southern interior the weather will remain clear and hot.

Forecast
North Coast Region — Cloudy today and tomorrow. Scattered showers today. Little change in temperature. Wind westerly (15 miles per hour) today, light tomorrow. Lows tonight and highs tomorrow—At Port Hardy 50 and 60. Sandspit and Prince Rupert, 48 and 50.
Tonight's train, due from the East at 11:15, was reported this morning to be on time.

Changed Atmosphere

WE may not be very demonstrative about it and on the surface our equanimity may not seem very much disturbed but there is no question about the change of thinking about international affairs that has developed for all of us since that eventful day of June 25 when North Korea invaded South Korea and the forces of militantly aggressive Communism went openly on the march. The unfavorable events which have occurred since then have only gone to accentuate the situation.

A dramatic new realization has been brought to the public of the potential danger in which the democratic world stands. The necessity of national defences being put in full order and preparedness has been convincing.

Even former Prime Minister Winston Churchill of Great Britain remarks on the changed atmosphere. Only two months ago he made what he now describes as a "crude remark" about the possibilities of atomic warfare and says that he was surprised that it did not affect opinion then. But "there was a different atmosphere. All these matters had seemed quite wrongly to be outside the range of ordinary politics and daily life. Now they dominate the minds of all thinking and patriotic men and will increasingly do so as the months pass by."

A FINE NEW VESSEL

THE new lighthouse tender Alexander Mackenzie which arrived in port yesterday may have Ottawa for her registry but her home port is Prince Rupert and a creditable and welcome addition to the vessels serving out of this port she really is.

Designed to give more effective service to the growing list of aids to navigation in the waters for hundreds of miles surrounding this port of growing importance, she will also fit in admirably with the plan of coastguard service which is being embarked upon by the co-ordination of existing vessels of the various departments.

A sturdy, handsomely and modernly designed and equipped vessel, C.G.S. Alexander Mackenzie is a decided acquisition and we wish her and the men who sail her the best of good voyaging and fortune as she plies these waters hereabouts in the years to come carrying out her useful and sometimes arduous tasks on the effective and successful performance of which so much depends.

CITY HALL SURROUNDINGS

THE city has many things such as streets, sidewalks, drains, broken water lines, open sewers that are crying for repair and we must admit that a definite improvement is being made on some streets. We might also consider more aesthetic matters and we might as well start at the City Hall itself. It may be a dowdy old building, quite discreditable to a corporation of such importance as we profess, but at least, it seems, a little more could be done to dress up its surroundings. Even in the less prosperous times, the grounds around City Hall were attractive and well kept but today they appear to be pretty much in state of unkempt neglect. Certainly, it must be an unfavorable impression that the very centre of the city's administration presents to visitors with its broken down fences and its weed-ridden garden plots and lawns. No wonder, with a start like that, if city generally should have a rundown and dilapidated appearance.

It may be a little late to do anything this year but it is not too late to plan for the future. We talk about the value of the tourist trade and clamor for more visitors and longer stays. The Lord knows we need all possible to offer them but the least we could do would be a little brightening up of our public grounds. Their present condition is certainly no favorable commentary on our civic pride. If we have no more pride than is thus evidenced by ourselves, we can hardly expect our visitors to go away with a very good impression of us.

SCRIPTURE PASSAGE FOR TODAY

The prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Spirit. II Peter 1: 21.

As I See It

By ELMORE PHILPOTT
SIGN FEVER

RADIUM B.C.:—Ever hear the old saying that it pays to advertise?

Well, our Canadian government doesn't believe that. Here we have one of the finest natural hot springs in the whole world. Yet it is a literal fact that hundreds of American visitors drive past it every day and never find out that it exists.

You can't see the open air pool from the road, that is, without getting out of your car. There is not a single sign to tell the visitor that for two bits he or she can bathe in the finest radio-active hot pool in North America.

FAR BE IT FROM ME TO discourage the provincial government of B.C. from its laudable purpose of ridding the highways of ugly advertising signs.

But up here some of the resort keepers tell some strange tales of the absurd lengths to which the government order was carried. The young war veteran proprietor of the Rocky Mountain Lodge near Invermere had made road signs that were really works of art. They were home-made from the natural logs. Yet they all had to come down, including, believe it or not, the one on his own property telling people where to turn in.

THEY REALLY MUST HAVE had a zealot on the road sign abolition in this neck of the Canadian woods. For they even ordered removal of the big sign at Cranbrook which had told how to get to the airport. Surely this is carrying things to ridiculous lengths. It is one thing to help keep the landscape beautiful. It is quite another thing to deprive the travelling public of signs which help them to get where they want to go.

THE PROVINCIAL GOVERNMENT'S law has no force within the Kootenay National Park. It just seems that nobody in our Department of Mines and Natural Resources is sign conscious. Yet about six well placed big signs are needed to inform the tourists that there is a radio-active hot pool at Radium; that it is open all year round; and that it is rated by scientists as one of the three best in the entire world.

I HAVE INTENDED TO PUT a bee in the government's ear about this lack of informative signs ever since my wife had a conversation with some tourists from the States.

It was a cold day (on a visit about three years ago). My wife and the strangers were standing on top of the high bank that looks down over the Sinclair river and on to the hot pool.

"Look at those poor saps swimming in that cold water on a day like this" one of the Americans said—almost shivering as he said it.

My good lady tried to tell them it was HOT water, but they never did believe her.

IT HAS BEEN RAINING steadily now for 24 hours, which is good news to the forest-fire-minded folks in these parts. There had been quite a nasty little fire about thirty miles north of here—just outside the park. The rangers figure the rain has done the trick in extinguishing that one.

One advantage of the rain is that you can stay in the hot pool for several hours at a time. The cool rain from above enables you to take more of the hot water.

That appeals to my Scottish ancestry—saving part of my twenty-five cent admission.

One difference I note in the pool this year is that there is more restraint in the talk than there was in former years. With a real war on in Korea—with the Americans in it a long way, and Canadians in it only a short way, the tables are turned since Britain stood alone in 1940.

Mr. and Mrs. J. A. Lindsay returned to the city at the end of the week following a stay at their "Killarney Lodge" at Tschesinkut Lake south of Burns Lake.

DINNER WOES — Mr. and Mrs. Young of The Pas, Man., Indian Reservation, have 14 children, including three sets of twins. The family eats 48 meals a day. Mrs. Young says they can go through three dozen eggs at a meal without trouble. Every day they eat a pound of butter and 10 loaves of bread. The children range from 16 years of age downward. (CP Photo)

Ray Reflects and Reminisces

July could have been more considerate when the time came to say farewell, although the day previous was an that the most exacting critic could have wished for where mid-summer weather was concerned. But yesterday had neither warmth, sun or dryness. This, of course will probably mean the reverse for tomorrow or Thursday.

Waterloo has long been regarded as the site of Belgium's chief battlefield. But the scope of civilian hostilities now developing in Brussels appears to be offering serious rivalry.

It is not so long ago that part of the townsite east of Hays Cove—away down along Tenth and Eleventh Avenues clear to Seal Cove, was largely vacant. A drive out that way is today a revelation. There are hundreds of trim little homes doubtless owned by the tenant. Paint is fresh, and there are lawns and flowerbeds. There is plenty proof of the fact that those living there have been giving some thought, as well as work to premises and immediate environment.

No outbreak of war four years in advance has yet been predicted, but this, it is reported has been heard in Europe. Of course, in these uneasy times any story calculated to cause nervousness is liable to come from that part of the globe. The exact year of a new war is a gamble. Some guesses may have been near, but it is doubtful if the bull's eye has ever been hit.

Yankee infantry, arriving di-

rect from home, went direct from boat to the firing lines in South Korea. There is this to be said of the present struggle. No U.N. troops will be trained stale.

In both Canadian and American press appear comment concerning the two Korean youths in Vancouver, who seek to stay in Canada instead of returning home. That, they say, might mean death. The same is true of thousands of American lads, now on their way across the Pacific. The proper place for the two Koreans, just now, is not so much in Canada as it is in their native land.

Canada has been wrangling for more than a generation about what kind of a flag would give general satisfaction, and the problem still appears unsettled. The United Nations number more than fifty. The U.N. was unheard of only a few years ago, but that organization has a banner of its own and it's going strong.

SOCIAL and PERSONAL

Mrs. G. Foster left today on the Coquitlam to join her husband in Vancouver.

● White Nylon Hosiery, for Nurses, now in stock at Fashion Footwear. (180)

Mr. and Mrs. W. E. Nachtrieb sailed today on the Coquitlam for Vancouver.

Mrs. Gordon Fraser sailed on the Coquitlam today for a vacation in the south.

● WANTED—Third class steam engineer, temporary employment only. Apply Pioneer Canadian Laundries. (17)

Mrs. C. Haan and daughter, Norma, left by plane today for Vancouver for a two or three weeks' holiday.

Gail Huhn, grand master of the Masonic Lodge for the state of Washington, was among passengers aboard the Princess Norah on her trip north to Alaska yesterday.

● When you buy a diamond get a good one. We sell the famous Bluebird engagement rings. Each one is registered by the Bluebird syndicate. Guarantee certificate of perfection with each. Priced from \$50 to \$450 according to size. Bulger's. (11)

● The Northland Dairy for the last year and a half has tried to give the Citizens of Rupert the best possible milk and service. We regret that owing to ever increasing costs in operation we are forced to increase Homogenized milk and Standard milk one cent per quart, delivered to your door. Homogenized milk now 23c qt.; Standard 3.5 milk, 23c qt.; Standard 3.5 milk, 13c pt. These prices effective starting August 1st. All other milk prices remain the same. (178)

Mr. and Mrs. D. Magnus sailed Sunday night on the Camosun for Vancouver.

Mrs. W. Hardy returned on the Coquitlam today to Vancouver after visiting relatives here.

Mrs. R. G. Farmer and daughter Marilyn returned by plane yesterday from Vancouver. They holidayed there and at Galiano Island.

Mrs. Donald Eby and brother, Jack Cleo sailed for the south on the Coquitlam today to spend a holiday with their parents at Chemainus.

● There will be a meeting of the Construction and General Labourers Union, Local 1427, on Tuesday, August 1st, at 8 p.m. in the Carpenters Union Hall on Fraser Street. Business—General. All members are urged to attend. (11)

Mrs. Paul Quick sailed for Victoria on the Coquitlam today to join her husband, who is stationed at Esquimalt with the R.C.N.

Mrs. David Slater left today on the Coquitlam for Victoria, where her husband has been transferred with the social welfare branch.

Mr. and Mrs. J. Burns will be leaving the city at the end of this week for a month's holiday trip as far south as San Francisco.

Mr. and Mrs. Jack Armstrong returned to the city on the Coquitlam Sunday evening from a holiday trip to Nanaimo and elsewhere in the south.

Leslie Parks is leaving later in the summer on a trip to visit his former home in England, returning here sometime before the New Year. He will sail from Quebec aboard the Franconia.

Col. and Mrs. S. D. Johnston are expected back from Vancouver today or tomorrow. They will be driving in Mrs. Johnston's new English make car which she purchased while there.

H. C. Hea was aboard the Princess Norah on her north-bound trip to Alaska when she docked here yesterday. He intends to stay for a while in Skagway and return on the next trip of the Princess Louise.

Thomas Prouse, merchant of Smithers, and Michael O'Neill, son of W. J. O'Neill of Smithers, left on their return home last evening. They were in the city to be present at the funeral of E. K. Steele for years a citizen of Smithers, who died in the General Hospital at Prince Rupert last Saturday.

Mr. and Mrs. Ralph Browne and two sons arrived in the city on the Princess Louise Saturday afternoon from Juneau and proceeded by last evening's train to Port Arthur to spend an extended vacation visiting with Mr. Browne's parents. Stationed in Prince Rupert with the United States Army during the war, Mr. Browne later engaged for a time in newspaper work here and for the past year or so has been with the Alaska Development Board at Juneau.

To Sandspit (yesterday)—J. Vowell (Juskatla), Mrs. J. Secord and infant, Mrs. Janet Edenshaw.

Adventure In Faith

An adventure in faith through which all things were possible was the way Rev. L. G. Sieber described prayer in his morning service at First United Church on Sunday. He described the environment of a praying home and family as an influence for good throughout life and emphasized the uplift which was available in the problems of daily life from such communion. Miss A. M. Stewart, the social worker of First United Church, was the soloist, singing acceptably J. E. Roberts' "If With All Your Hearts." Miss Margaret (Peggy) Large presided at the organ. Flowers with which the church were decorated were in

Funeral Of Elmer Steele

Funeral services for Elmer K. Steele, who passed away July 27 at Prince Rupert General Hospital, were held yesterday from Grenville Court funeral chapel. Rev. Canon Basil Procter officiating. Organist was Mrs. W. D. Smith.

Mr. Steele had moved to Prince Rupert from Smithers in April 1949, and made many friends here. Pallbearers were Kenneth Wilmet, John Bergman, F. A. Taylor, H. F. Glassey, G. F. Forbes and H. B. Eastman. Hymns were "Nearer, My God, to Thee" and "Father in Heaven Who Lovest All."

Interment was in Fairview cemetery.

Young Couple Wed—

Married At Church Rite

Miss Dorothy Haudenschild And LeRoy Weiss Are United

The bridegroom's twenty-first birthday was also his wedding day when the pretty and interesting double-ring marriage rite of Miss Dorothy Rose Haudenschild, daughter of Mr. and Mrs. Sam Haudenschild, 510 Seventh Avenue West, to LeRoy Elmer Weiss, son of Mr. and Mrs. G. W. Weiss, formerly of this city and now of White Rock, was performed last night at 8 o'clock in First Presbyterian Church. Rev. E. A. Wright, performed the ceremony before a floral-decorated chancel which featured two large baskets of gladioli, carnations and white asters.

John Currie presided at the organ to play the Wedding March as the bridal party consisting of the bride, on the arm of her father, who later gave her in marriage, led by a little floral girl, the matron of honor and two bridesmaids, entered the church.

A pretty picture was the young bride in her wedding costume of white nylon sheer over white bridal satin with embroidered bows studded with colored brilliants and embroidered silk net veil held in place with a white net coronet. She also wore a string of pearls, the gift of the groom, and carried a shower bouquet of pink rose buds.

Miss Betty Negraiff, the sister of the bride, was attractive in her gown of apricot net and lace with navy blue picture hat and matching gloves and shoes with shower bouquet featuring full blown gladioli.

The dainty bridesmaids were Miss Norma Neilson, in blue tulle with shoulder length veil, and Miss Ann Petroff in pink crepe also with shoulder length veil.

Paulette Turcotte was a captivating little flower girl in floor length green nylon sheer with pink accessories and carrying a basket of petals which she scattered in the bridal path both at the church and the reception that followed.

David Jones was groomsman (Continued on page 5)

He: "Something seems to be wrong with the motor. It won't start." She: "Don't be foolish. Wait until we get off the main road."

W. H. Morgan Roy F. MacGregor, vice-president of Seagram Divers Western Limited, has announced the appointment of William H. Morgan as Sales Manager. Mr. Morgan will direct sales of the company's products—Seagram's Crown Royal, Seagram's V.O., Seagram's '83', Seagram's King's Plate and Seagram's Special Old. Mr. Morgan was born in Manitoba and educated in Edmonton. Formerly with R.C.A. Victor and Greyhound Bus Lines, Calgary, he was latterly General Traffic Manager of Greyhound in 1949. Serving in the Italian and North Western European theatre of operations during the war, with Canadian Corps and 2nd Canadian Infantry Division, he received the M.B.E. and was twice mentioned in despatches. Mr. Morgan was demobilized with the rank of Major.

Sport Shots

Kincolith played nice football in their game with Prince Rupert Saturday although they hadn't played as a team for some weeks. Doolan did well in goal apart from an early mistake. Stevens and Adams were a very sound pair of backs. Vane and Lincoln were fast defenders and fed their forwards. Young was good. The forwards threatened with nice moves but found the Rupert defence strong. Smart did well at centre. McKay and Haldane were a dangerous wing and fast. Gurney's goal was a beauty.

Boulter did well and stopped a penalty. His running out at a penalty is against the rule. Eby was very reliable. Sunberg found Haldane a handful at times. Dunbar was very sure both at centrehalf and at back. Wellens played a hard game and drove into the goal mouth effectively. Mazzoni defended stubbornly and kicked well giving Pavlikis a lovely pass for the second goal. Olson started shakily but did well later and saved an almost certain goal. Armstrong played a fine game getting the ball under control cleverly and feeding both wings. He got a fine goal. Pavlikis also got a good goal. Ford showed good form and fed Wilson well. The latter centred and shot well. Murray was good at times and opened the scoring. Parkhouse was effective.

At the start Vane and Lincoln showed good ball control but Wellens sent Murray ahead and forced a corner. Wilson crossed twice when nicely fed by Ford but Adams cleared. Eby cleared McKay's centre and then Adams broke up a Rupert attack. Boulter now came on. Gurney and Doolan attacked but Doolan drove past. Haldane took a good corner kick but Dunbar cleared. Lincoln and Adams checked well and, from Wellens' pass, Pavlikis drove wide. Wilson crossed and the ball went to Murray whose shot was only par-

GOVERNMENT LIQUOR ACT

NOTICE IS hereby given that on the 25th day of August next the undersigned, LOYAL ORDER OF MOOSE PRINCE RUPERT LODGE NUMBER 1051, intends to apply to the Liquor Control Board for a Club License in respect of the premises situated at Seventh Street, City of Prince Rupert, Province of British Columbia, upon lands described as Lots 1 and 2, Block 11, Section 1, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia, to entitle each member of the said Club to keep on the premises a reasonable quantity of liquor for personal consumption on the premises, and entitling the Club to purchase liquor from a vendor and to sell by the glass the liquor so purchased to its members and guests for consumption on the Club premises in accordance with the provisions of the "Government Liquor Act" and the regulations promulgated thereunder. DATED at the City of Prince Rupert, in the Province of British Columbia, this 21st day of July, A.D. 1950. Loyal Order of Moose Prince Rupert Lodge Number 1051 H.T. MUNCEY, Secretary. (193)

CANADIAN NATIONAL RAILWAYS

SEALD TENDERS will be received at the office of the Chief Engineer, Winnipeg, Manitoba, until two o'clock, Central Standard Time, in the afternoon of Tuesday, August 22, 1950, for the construction of: (A) Freight Shed at Smithers, B.C. daily stopped by Doolan and the locals were lucky to be a goal up. Boulter saved from Gurney. A clever Kincolith forward move was broken up by Dunbar. Wilson drove just too high. Eby checked well. Barton replaced Lincoln. McKay and Haldane attacked but Sunberg blocked the move. Wilson gave Pavlikis a perfect pass but the centre forward was too slow. Barton sent his forwards ahead and a penalty was given against Sunberg. McKay missed but as Boulter had run out before the ball was kicked it was ordered to be retaken and this time Boulter caught and cleared McKay's shot.

Victoria Report

... by J. K. Nesbitt

C.C.F. Still Vigorous—Outstanding Woman— Figure—Definitely Anti-Communism

VICTORIA — Liberal and Conservative politicians admit surprise to find the C.C.F. so vigorous at its recent biennial convention in Vancouver.

There had been a feeling that the Socialists are badly divided and just about ready to fold. Anyone who attended the convention could see this was not so.

C.C.F.'ers had their disagreements, true, but this is a healthy sign, as it is in all parties. C.C.F.'ers left the convention united in Socialism and ready to fight for it. The old-line parties would be foolish to ignore the fact the C.C.F. is still a potent force in this country, even though a year ago the party took a shattering in two general elections.

One of the most interesting personalities at the convention was Mme. Therese Casgrain, charming, vivacious, white-haired. She could be a Montreal society woman if she wanted to, but that doesn't appeal to her. She thinks society life a waste of time and effort. The C.C.F. are grooming her to run for the Quebec Federal constituency of

Charleboix-Saguenay. This is the seat held by her father and her husband for so many years. Mme. Casgrain is a daughter of Sir Rodolphe Forget, from 1904 to 1917 a Conservative M.P. Her husband is Hon. Mr. Justice Pierre Casgrain of the Supreme Court of Quebec, for 24 years a Liberal M.P., 1936-40 Speaker of the House of Commons, later Secretary of State. Mme. Casgrain ran as an independent Liberal in a 1941 by-election but was defeated. Five years later she joined the C.C.F., whose members are more than delighted that so prominent a woman should be in their ranks.

Communism took a beating from most of the delegates. They hate Communists much more

than they hate Liberals and Conservatives. Professor Frank Scott, who retired as national chairman, said: "Both—Fascism and Communism—illustrate the inherent evils in absolute power, regardless of its avowed goals. The Communist Party has no right to the word socialist, since what it calls 'scientific socialism' is the negation of the most fundamental part of socialism, namely its respect for the individual human being."

Scott, professor of constitutional law at McGill, had a word of warning for the big trade unions. He said: "Such special favors as the powerful unions can squeeze out of large corporations are no more secure than the corporations themselves, are dependent on continued prosperity in the economy and may leave unprotected the mass of

workers in smaller unions, besides the even larger group who are still unorganized. Trade unionism needs social democracy to fulfill its purposes."

David Lewis, retiring national secretary, called for greater organization than ever before in the ranks of the C.C.F. He said: "We must recognize that there is at present a temporary halt to our advance, and that our organization requires new and greater vitality."

The C.C.F. no longer wants every industry socialized. Lead-

ing speakers said there should be, both public ownership and private enterprise, with the profit motive. National Leader M. J. Goldwell said socialism should no longer mean blanket public ownership. Democratic socialism, he said, must involve a mixed economy.

To insure publication of display or classified advertising copy for sale must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.

MARRIED

(Continued from Page 4)

and the ushers were Robert Haudenschild, brother of the bride, and Mel Skalmerud.

During the signing of the register in the vestry, J. A. Teng sang "Because."

RECEPTION

After the church ceremony, many friends gathered in the Oddfellows' Hall to offer congratulations and best wishes to the happy couple. They received felicitations beside the bride's table and nearby were displayed numerous beautiful gifts. The hall was attractively decorated with delicately shaded pink and white streamers.

Receiving the guests were the bride's mother who wore a two-piece crepe dress of sky blue with pink straw hat, and Mrs. Trevor Johnston whose costume was of two-piece navy and white crepe.

Toast to the bride was proposed by Rev. Dr. E. A. Wright with the groom responding. A toast to the bridesmaids and matron-of-honor was responded to by the groomsmen.

The evening was spent in dancing to the strains of Andy McNaughton's piano music and, towards midnight, delicious refreshments were served, featured, of course, by the tasting of the handsome three-tier wedding cake which Mrs. Alex Storrie, an old friend, assisted the bride in cutting. Serviteurs were Mrs. E. Stadnyk, Mrs. A. Turcotte, Miss Marie Skalmerud, Miss Mary Storrie and Miss Benita Windle.

Today the happy couple left by plane for a honeymoon visit to the Dunes, Tiel, Queen Charlotte Islands, after which they will return here to take up residence at 215 Fourth Avenue East. The bride travelled in a burgundy gabardine suit with navy blue accessories and corsage bouquet.

Born in Prince Rupert, the bride has lived in the city all her life and received her education here. The groom came here a few years ago from Edmonton with his family and is now a member of the Post Office staff.

"Not only satisfied...
we're astonished!"

50 Academy Road,
Westmount, Quebec.
June 13, 1950

Mr. Murray Byrens,
Mid-Town Motor Sales Limited,
1395 Dorchester Street West,
Montreal, Quebec.

Dear Mr. Byrens,

You said we would be satisfied with the Vauxhall's performance. You understated, sir! Not only are we satisfied—we're astonished.

The Vauxhall's maneuverability in Montreal's helter-skelter traffic turned out to be excellent, as you assured us it would be. But we were wondering how it would manage those roads up above Labelle and in the back country around Nominique. Well, it managed everything from that early September construction mud to a one-deer cross-country track...

Our first long trip was an emergency flight to Detroit and back on an unseasonably hot late October weekend. We had changed to antifreeze for the trips up north, but that didn't save us. It was a matter of some 1250 miles in about thirty hours driving time. Satisfactory, say we—considering the weekend traffic and the woolly fog we pushed through this side of Toronto one night. The Vauxhall's trunk took most of our luggage and there was room for the rest of it, and the four of us, inside.

I drove another make of car down to Albany a few weeks ago and got fooled three times by the pick-up. I had become used to the snap of the Vauxhall's acceleration when we turned out to pass. I found that the other car needed much more time and open road ahead. Three close calls driving me back into line were necessary before I caught on.

Driving a Vauxhall in winter we get a kick out of watching other cars at an intersection switch their tails around like angry lions trying to get started on ice. We just wait for them to either over to the side while we go on our way. We're keeping the tires at 27 and they're gripping everything so far.

And there are a lot of little things we like about the Vauxhall: from the leather seats, the side signal lights, the heater, the footrests, to the way you can snap the windows shut on a second's notice with a flick of the wrist. But the main things are Vauxhall's ease of parking and the fact that we can afford to buy the gas—32 miles per is all right with us—and, well, we're just glad we didn't wait for that car we thought we wanted!

Yours sincerely,

More Trout Are Planted

Immediate Results Observed From Placing of Eggs in Rainbow Lake

More Rainbow trout eggs supplied by the Game Department from the Lloyds Creek Hatchery at Kamloops have been planted by the Prince Rupert Rod and Gun Club in Rainbow Lake.

The eggs, 75,000 altogether, came last week and were kept in a cold storage until planted the following day.

Originally part of these eggs were to have been planted in the lake at Denise Arm but, since they were so well developed and it was difficult to reach Denise Arm in time, the full shipment was planted at Rainbow Lake.

Ken Walmisley, the game warden for the northern district, who has planted trout eggs on numerous occasions supervised the planting of this lot.

Proving the immediate success of this planting, a number of eggs had hatched and the small fry were seen swimming in the pool adjacent to the planting bed.

Others taking part in the planting under the direction of Ken Walmisley were Tom Boulter, sr., Harold Eidsvik, George Schmidt and George Rovik.

During the last twenty years, according to Game Warden Fd. Martin, some two million trout fry have been planted in Prudhomme, Ralabow and Diana Lakes and gratifying results in subsequent appearance of steelhead trout have been observed. These plantings are credited with the abundance of steelheads now seen in such streams as Clovah Creek and with the sustained supply of rainbows in Rainbow Lake.

Observations show that the first year's development results in fish about eight inches long while full maturity is reached in about two years.

Crosby, Hope Visit Jasper

JASPER — The twenty-first annual Totem Pole Trophy tournament in Jasper National Park, Alberta, which is one of the continent's most spectacular annual golfing events and which was won three years ago by Bing Crosby of screen and radio fame, will be held from September 3 to September 9 with J. A. Rogers of St. Albans, Vt., as tournament chairman, it was announced here by Robert Sommerville, general manager, Canadian National Railways hotel system.

Chairman Rogers, who dug his first golf divot at the Edmonton City Club in 1914, is general manager of the Central Vermont Railway, a C.N. subsidiary. Before coming to St. Albans, Mr. Rogers was one of the best known amateur golfers in western Canada and has played in scores of tournaments in Saskatchewan, Alberta and British Columbia. He is also well known in Ontario, Quebec and New England amateur golfing circles.

The Totem Pole tournament over the championship Jasper Park Lodge course in the heart of the Canadian Rockies, annually attracts hundreds of North America's best known golfing amateurs. For the past three years the contestants have included Bing Crosby and other Hollywood celebrities. Crosby won the coveted Totem Trophy in 1947 and was runner-up to a long-driving Oklahoman in 1949. This year Crosby will be back in Jasper to make another try for the trophy, and he has invited his friendly radio rival, Bob Hope, to take part in the tournament.

Masset Couple Are Married

MASSET — On Friday last St. Paul's Church, New Masset, was the setting for the marriage of Marion Lucretia, elder daughter of Mr. and Mrs. A. B. Anderson, of Masset, to Walter Henry, son of Mr. and Mrs. Wm. Peristrom, of Vancouver.

The dainty bride looked lovely in a gown of brocaded bridal satin, the full-length veil cascading from a coronet. Her bouquet was of American Beauty roses and white sweet peas.

Her only attendant was her sister, Miss Doris Anderson, of Prince Rupert, gowned in pink net, with shoulder length veil to match. She carried pastel sweet peas. The groom was attended by Robert Wylie of Masset.

A reception, followed by a dance, was held at Limberlost Lodge which was taxed to capacity to accommodate the large number of guests.

Mr. and Mrs. A. B. Anderson, parents of the bride, and Mrs. Norman Bellis, of Prince Rupert, sister of the groom, received the guests.

Rev. H. M. Wingfield, of Skidegate Mission, who performed the ceremony, proposed the toast to the bride, to which the groom replied. The toast to the bride-maid was proposed by the groom, Robert Wylie replying, Neil King-

Postmaster-General Coming Next Month

Another federal cabinet minister will be visiting Prince Rupert soon in the course of a trip to the Pacific Coast. Hon. G. Edouard Rinfret K.C., Postmaster-General, will be here on August 17, according to word reaching the city. He will arrive by train and proceed from here to Vancouver.

ston of Limberlost Lodge was toastmaster.

The dining and recreation halls of Limberlost Lodge were very beautifully decorated for the occasion, this being the first wedding to be held there.

Mr. and Mrs. Peristrom will reside in Masset.

FINDS WAY TO AVOID HARSH LAXATIVES

"The harsh laxatives I used to take are on a forgotten shelf since I began eating KELLOGG'S ALL-BRAN regularly. This good cereal has done wonders for me!" This from Iris M. Wetli, 35 Hunt Club Drive, Toronto 13, Ontario. One of many unsolicited letters. Are you suffering from constipation due to lack of bulk in the diet? Try this for lasting relief. Eat an ounce of crispy ALL-BRAN daily, drink plenty of water. If not completely satisfied with results after 10 days, send empty box to Kellogg's, London, Ont. Get DOUBLE YOUR MONEY BACK!
