

# Premier Attlee Threatened With Cabinet Crisis

## LESS UPPER LEVELS GLARE WASH LOWER LEVEL WASHES

...ives in the lower areas of the city who  
...ish Monday morning washings on their  
... might just as well have displayed red  
... the proverbial bull, considering the re-  
... their water-short sisters on the higher  
... of City Water Foreman Carl Gustafson.

... don't care anything about the  
... safety or the convenience of  
... those who have not."  
... Inspired by a wave of criticism  
... from waterless householders, Mr.  
... Gustafson cruised the city Mon-  
... day and almost had apoplexy.

... "On the lower levels in all  
... parts of the city there were  
... big washes hung out," he de-  
... clared. "Apparently nobody  
... cared whether anybody else had  
... water or not. Undoubtedly there  
... was a minimum amount of wash-  
... ing which had to be done but  
... there was no excuse for a full-  
... scale laundry campaign such as  
... went on Monday."

... Meanwhile, the homes on the  
... higher levels are still being served  
... by a water truck which went  
... out this morning for the third  
... successive day to relieve the  
... drought in upper-level homes.  
... The service will be continued  
... until full water pressure is re-  
... stored or until the head rises  
... to the upper levels.

... Mr. Gustafson volunteered  
... the prediction that the broken  
... main above Shawatlans Lake  
... will be restored to service  
... "within seven or eight days."  
... He set 10 days as the maxi-  
... mum time.

... A combined crew of city ar-  
... Northern B.C. Power Co. work-  
... men, under Steve Comadina, are  
... making good progress toward its  
... repair, Mr. Gustafson said.

... Meanwhile, the pumping plant  
... at the outlet of Shawatlans Lake  
... is working to the utmost of its  
... limited capacity to keep water  
... in the city mains.

... "That plant was built at a  
... time when the city had a far  
... smaller population than it has  
... now," Mr. Gustafson said. "It  
... is working to capacity but it can-  
... not pump enough to provide  
... enough water. People on the  
... lower levels must economize."

... An obstruction which covered  
... the intake to the pumping sta-  
... tion Monday was removed a  
... short time later. It was a sub-  
... merged stump which had been  
... drawn to the mouth of the intake  
... by the great suction created by  
... the steam pump.

... Warning to drink boiled water  
... only until such time as the  
... break in the main line is re-  
... paired and water supply condi-  
... tions return to normal is being  
... heeded. People have been quick  
... to pay attention to the notice  
... appearing in the Daily News. It  
... can hardly be said everybody is  
... doing this, but the published ad-  
... vice from the sanitary official  
... is receiving widespread atten-  
... tion.

## MAN RELEASED IN GIRL'S DEATH

VANCOUVER (CP)—Police to-  
... day released a 36-year-old res-  
... taurant caterer taken into cus-  
... tody last night following an in-  
... quest into the mysterious death  
... of Saskatchewan-born Joyce  
... Monasterski, who disappeared  
... September 17.

... Her nude body was found on  
... a West Vancouver beach October  
... 8. The 25-year-old girl was born  
... at Yorkton, Sask., and did war  
... work in Toronto. She was cash-  
... ier at the Stanley Park pavilion  
... at the time of her death.

... At the inquest, Coroner Dr.  
... Harold Dyer said "she was mur-  
... dered—put in the water uncon-  
... scious or dead—her death was  
... caused by asphyxiation."

... R. H. Parker returned on the  
... Prince George this afternoon  
... from a business trip to Van-  
... couver.

**PUBLIC INSPECTS CANADA'S JETLINER**—A preview of Canadian air travel of the future was given to the public at Malton, Ont., with the first open trial of the A. V. Roe Jetliner, the first built in North America. The craft which excels wartime Spitfires in climbing speed, won't be ready for delivery until 1951.

## THE WEATHER

**Synopsis**  
A larger cloud spread over the greater part of British Columbia this morning associated with a weak weather system moving across the northern section of the province. This storm has been accompanied by light rains over the northern and central coast while light snow has been reported in the interior as far south as the Cariboo. Continued cloudy weather is in store for the province for the next two days with occasional light rain expected over the southern coastal regions to-day. Another disturbance moving into the Gulf of Alaska this morning will bring more rain to the northern coast tomorrow. Overnight temperatures in the interior are expected to be somewhat higher tonight as result of the extensive cloud cover.

**Forecast**  
North Coast Region—Overcast today and Thursday. Occasional light rain or drizzle. Intermittent rain northern section tomorrow afternoon. A little milder. Light winds increasing to southeasterly (15 mph) tomorrow afternoon. Lows tonight and highs Thursday—at Port Hardy, 40 and 52; Sandspit and Prince Rupert, 40 and 50.

## MEASLES TAKING TOLL OF CITY'S ELEMENTARY SCHOOL CLASSES

Scholastic routines of more than 150 city elementary school children are being knocked askew by the epidemic of red measles which currently is at its peak in the city, Principals report. The onslaught is most severe among primary students.

The epidemic apparently reached its high point over the week-end although it started in usual fashion with a few cases about three weeks ago.

Hardest hit of any of the city elementary schools is Conrad Street, where Principal T. G. Bateman this morning reported 60 children absent on that account. Since the epidemic struck, some 70 children have caught the disease. Twelve are now back.

"It's confined almost entirely to the lower grades," Mr. Bateman said. "That is particularly upsetting to our work because we consider it highly important that beginners get themselves properly established in school life during the first few months."

King Edward elementary school, with the highest enrolment in the city, had 46 out today, of which 35 to 40 developed over the week-end. Since it became prevalent, the disease had struck 60 children at King Edward, Principal R. C. Moore said.

"We had 15 or 16 out during the first couple of weeks, then between 35 and 40 were taken down on Friday," Mr. Moore said. "It is hitting heaviest in the primary grades. Ordinarily, such things as measles and chicken pox come in February, but this year it came early."

One case had been reported in the High School, the Health Unit reported.

At Annunciation Catholic School, seven children have had measles, one of which is now recovered, it was reported. Latest report from Annunciation, however, was last Friday, since the school held its first classes to-day since the water shortage closed sessions Friday afternoon.

Principal J. S. Wilson said this morning that 41 of his students were absent, from measles and colds.

Character of the disease was reported to be generally mild, leaving the children with an abundance of energy. Probably the most acute sufferers are the mothers of the victims, faced with providing medication and diversion for their confined and lively offspring during the 10-day period they are away from school.

## AID STARTS IN GUATEMALAN FLOOD ZONES

GUATEMALA (CP)—The Guatemalan government today stepped up relief plans for the care of 70,000 persons made homeless by the most disastrous flood here in recent times.

About 1,000 persons are believed to have perished in the flood. The economic loss is estimated conservatively at \$15,000,000.

The government named an emergency committee to administer the relief and provided it with a fund of \$6,000,000. Neighboring countries were quick to provide help.

A Cuban army plane left Havana for Guatemala early today with a group of civilian and military engineers to aid in reconstruction.

The United States air force today is searching for a C-47 plane which it dispatched on a relief mission. The Caribbean air command said that the search so far has been unsuccessful.

However, high hopes are held for the safety of the missing amphibian and its occupants, because they are 350-miles northwest of the Canal Zone, an area dotted with islands and sheltered waters suitable for an emergency landing.

## DREW MOTION THROWN OUT

OTTAWA (CP)—An amendment to a government resolution designed to pave the way for Canada's amending her own constitution was tossed out by Commons last night.

Opposition leader George Drew placed the amendment, which speaker W. Ross Macdonald threw out "because it was so different from the original motion" as to constitute an individual motion by itself.

As such, it would have to be introduced in Commons only after due notice. The original motion would petition the King for an amendment to the constitution enabling Canada to amend the British North America Act in matters of federal jurisdiction.

Drew's amendment changed the wording to call for a Dominion-provincial constitutional convention, rather than proceeding with the move now. Later, the amendment added, the convention might be followed by a petition to the United Kingdom for power to have the constitution amendments passed in Canada.

## Left Wingers Demand Cut In Defence Costs

LONDON (CP)—Prime Minister C. R. Attlee was under heavy pressure today to reduce costs of Great Britain. Attlee and his cabinet are trying to shape a new economy program to cut Britain's costs and save dollars.

The London Evening Star hinted that Attlee, in his hunt for ways and means to save money, might bring about a cabinet crisis. The newspaper said: "There are rumors in Whitehall today that there is some disagreement inside the cabinet over new economies to be announced by Mr. Attlee on Monday." If an agreement cannot be reached within the cabinet, there may be government changes, the Star added.

Demands for paring Army, Navy and Air Force spending are coming from some sections of the 8,000,000-member Trades Union Congress and Left Wingers inside the Labor party.

Defence costs this year are about \$2,350,000,000, almost a quarter of the government's annual budget.

## TRAVELLED 3000 MILES WITH FILM

After having travelled 3000 miles by motor between Prince Rupert and Vancouver through the Cariboo and Bridge River districts, into the northern Okanagan, up the Thompson River and throughout the central interior showing the Moody Bible Institute's much discussed picture "Voice of the Deep," C. J. Carter and M. A. Bedford of the Shantymen's Christian Association returned to Prince Rupert yesterday. They were away over two months and made showings of the picture in cities, towns, villages, logging camps and many an isolated community. On part of their tour they also showed pictures of the Cancer Society dealing with the campaign to control that malady. Mr. Carter and Mr. Bedford are now planning a coastal trip with the film by small boat between here and Vancouver.

## Robbed In Vancouver

Prince Rupert Man Relieved of Clothing, Watch, Money

VANCOUVER (CP)—A thief who robbed Duncan R. E. Whitmore of Prince Rupert in a hotel room here exchanged clothes with the victim, leaving his own behind in the hotel room.

Whitmore told the police that he met the man in a downtown beer parlor and that they left the premises together. He said he awoke later in the room and saw his new "friend" dressed in his suit. The man demanded that Whitmore endorse travelers' checks and then assaulted him.

The man escaped with Whitmore's suit, wrist watch, \$300 in checks and \$10 in cash.

**ANOTHER WELCOME VISITOR**—Ottawa's busy diplomat row welcomed its fifth foreign minister in the last few weeks with the arrival of Sir Mohammed Zafrullah Khan of Pakistan at Uplands airport. Preceding him were foreign ministers Sforza of Italy, Van Zeeland of Belgium, Schuman of France, and Bevin of Britain. Shown at the airport, left to right, are: M. G. Schuman of France; Pakistan High Commissioner to Canada; Howard Measures, Chief of Protocol in Ottawa; Sir Mohammed Zafrullah Khan, Pakistan's foreign minister; and State Secretary Colin Gibson.

Miss Dorothy Todd of the Canadian Pacific Air Lines office staff left today by air for Vancouver, where she will take a stewardess course, in preparation for taking over the Prince Rupert-Sandspit flight in place of Miss Dorothy Peachey whose marriage will take place shortly.

## TO TRUCK ROCK ON ROAD WORK

Russell Burt of Vancouver, head of the Russell Burt Construction Co., and Harold Fisher, the company's solicitor, arrived in the city on the Prince George today from Vancouver. They are here in connection with business of the company which has a sub-contract from Wood, Parr & McClay for trucking of rock on the highway reconstruction work just outside of the city. Five trucks are being brought here for use on the work by Herbert Gale who will be the foreman.

**WARNING**  
All water used for drinking purposes should be boiled until the present pipeline emergency is over.  
A. G. BOAS, City Sanitarian.

**STEWARDESSES FOR CANADIAN AIR LINERS**—Contrast in dress is provided by these two Canadian air stewardesses and three Chinese girls at the Vancouver airport. The Chinese girls will soon also be wearing air-hostess uniforms for service on flights between Vancouver, Tokyo and Hong Kong. Left to right are Lorraine Ngu, Shanghai; Minerav Dunkerley, Vancouver; Joyce Lam, Hong Kong; Barbara Ayliffe, Port Alberni, B. C. and Gloria Woo, Hong Kong.

## New Telephone Scheme

THE CITY COUNCIL seems to be approaching the problem of telephone service maintenance and extension in a sound manner in the consideration of the new scheme of embarking on a gradual program of renovation on a pay-as-you-go basis.

No one questions the desirability of more up-to-date and adequate service but there are many things the city needs besides. That was the reason there was considerable criticism of the former half a million dollar program which has now been quietly discarded.

Increases in rates and fees are never popular but it is fair enough that those who desire telephone service and get the benefit of it should be the ones to pay for it. They can choose if they want telephones and certainly will not have them foisted upon them if they do not want them as would have been the case if a major project had been embarked upon all at once, thereby imposing an additional strain on the general credit of the city—even if only temporarily.

Moderation now appears to be prevailing in meeting the telephone situation and the new scheme it would appear, may meet with considerable favor and approval.

## THE COMMON COLD

THE ASSOCIATED PRESS reports a cure for the common cold—with qualifications. It seems that a Capt. John M. Brewster of the U.S. Navy Medical Corps has put together a combination of five antihistaminics (that is the drug you take for allergic sneezing) which he says worked 90 percent of the time.

However, if you're expecting an "if" in Captain Brewster's findings you won't be disappointed. It seems that the new treatment works at 90 percent efficiency only when colds are detected within the first hour. Its efficacy diminishes rapidly for every hour's delay in taking the new drug.

At the risk of being accused of practising medicine without a licence, it seems to use that we know a good many remedies that will knock a cold if taken within an hour after the first sniffles appear (including the old-fashioned idea of a hot bath, a hot lemonade and going to bed with plenty of covers). But the trouble is that almost nobody bothers about a cold within the first hour of the first signs.

Medical science has made great strides in treating most of the major maladies which affect mankind, but seems to have considerable to accomplish in curing the common cold, which probably causes more lost man-hours in the course of a year than any other illness.

## TOURIST TRAVELLING SONG

(Parody on Casey Jones)

Come all you roamers;  
If you want to hear  
I will tell you a story  
Of a brave engineer.  
Leo Sweeney is the engineer's name,  
As a tourist bureau agent  
He won his fame.  
Leo sells B. C. by the carload lot,  
The price received is paid on the spot.  
Dividends divided, a share to every man,  
The place he is selling is the promised land.

B. C. the promised land;  
B. C. the hope of every man;  
B. C. the tourists come to see,  
Along with Leo Sweeney, the promotee.  
Leo Sweeney is not a bad guy;  
Leo Sweeney is a do or die,  
Leo Sweeney won his fame  
With a B. C. Brand attached to his name.

Now tourist pack your luggage,  
Get on the go. Highway is clear  
But clouds are hanging low,  
Hit her out at 50;  
Make the grade in high;  
Northern lights shining, Cariboo a-glow,  
Toot at every crossing,  
A Casey Jones shrill.  
Want to make Rupert  
For that midnight thrill.

B. C. the promised land.  
B. C. the hope of every man,  
B. C. the tourists come to see  
Along with Leo Sweeney, the promotee.  
Leo Sweeney is not a bad guy;  
Leo Sweeney is a do or die,  
Leo Sweeney won his fame  
With a B. C. Brand attached to his name  
GEORGE B. CASEY.

# Victoria Report

by J. K. Nesbitt

## Big Prospects Near Frutition—A Government in Business—Mansion for Premier?

By J. K. NESBITT

VICTORIA—Some fruit of big government spending will soon be ripe. This month the government's B.C. Power Commission will open two new 25,000-horsepower units at the John Hart development at Campbell River. On November 2 the long-talked-of Hope-Princeton Highway will open.

The Premier and cabinet ministers will go to Campbell River and to Hope and Princeton and they will beam with pride at what has been accomplished. So they should. The government has nothing to be ashamed of where these gigantic undertakings are concerned.

In two years there will be further cause for beaming with pride—if all goes well. Late in 1951 trains should be roaring into Prince George over the extended P.G.E. and the John Hart Highway to the Peace River country should be opened to traffic. B.C. is indeed on the march. It's costing lots of money but, without a financial plunge now and then, there can be no progress.

Politicians every so often have to change their minds. Take Finance Minister Herbert Anscomb. He doesn't believe in government in business. He has said so on many occasions. He says government should control and regulate, perhaps, but it shouldn't be business. Yet, here is Mr. Anscomb a member of a government which is in the power business, in direct competition with private enterprise. Not only that but he's the man who has to go east and sell Power Commission bonds. The government is also in the liquor business and Mr. Anscomb's treasury reaps huge profits from a business that used to be in private hands. Mr. Anscomb doesn't say nowadays as often as he used to that he doesn't believe government should be in business. He realizes such statements confuse the public.

There is talk in government circles here that the Legislature at its next session might approve purchase of an official home for the Premier. This is being done in Ottawa. The Prime Minister, as well as the Govern-

ment-General, is going to have a residence maintained by the taxpayers.

Provincial Premiers must live in a certain amount of style. Their homes, to some extent, become showplaces. "That's where the Premier lives," says Victorians as they motor their visitors about the city. T. D. Pattullo lived in a stone mansion on Beach Drive; John Hart lived in a big place of stucco and stone, behind oak trees, on the brow of Gonzales Hill. Premier Johnson is now building a showplace on the waterfront in Uplands—a long, low home of brick, with huge picture win-

dows looking across the Gulf Islands to the mountains of the mainland.

Premiers must do a certain amount of entertaining and this costs money. Premiers do not get big salaries, considering the importance of their jobs. The Premier of B.C. gets but \$12,000 a year. Premiers and cabinet ministers in this province have not had a pay boost in years. They're about the only ones who haven't had their salaries upped.

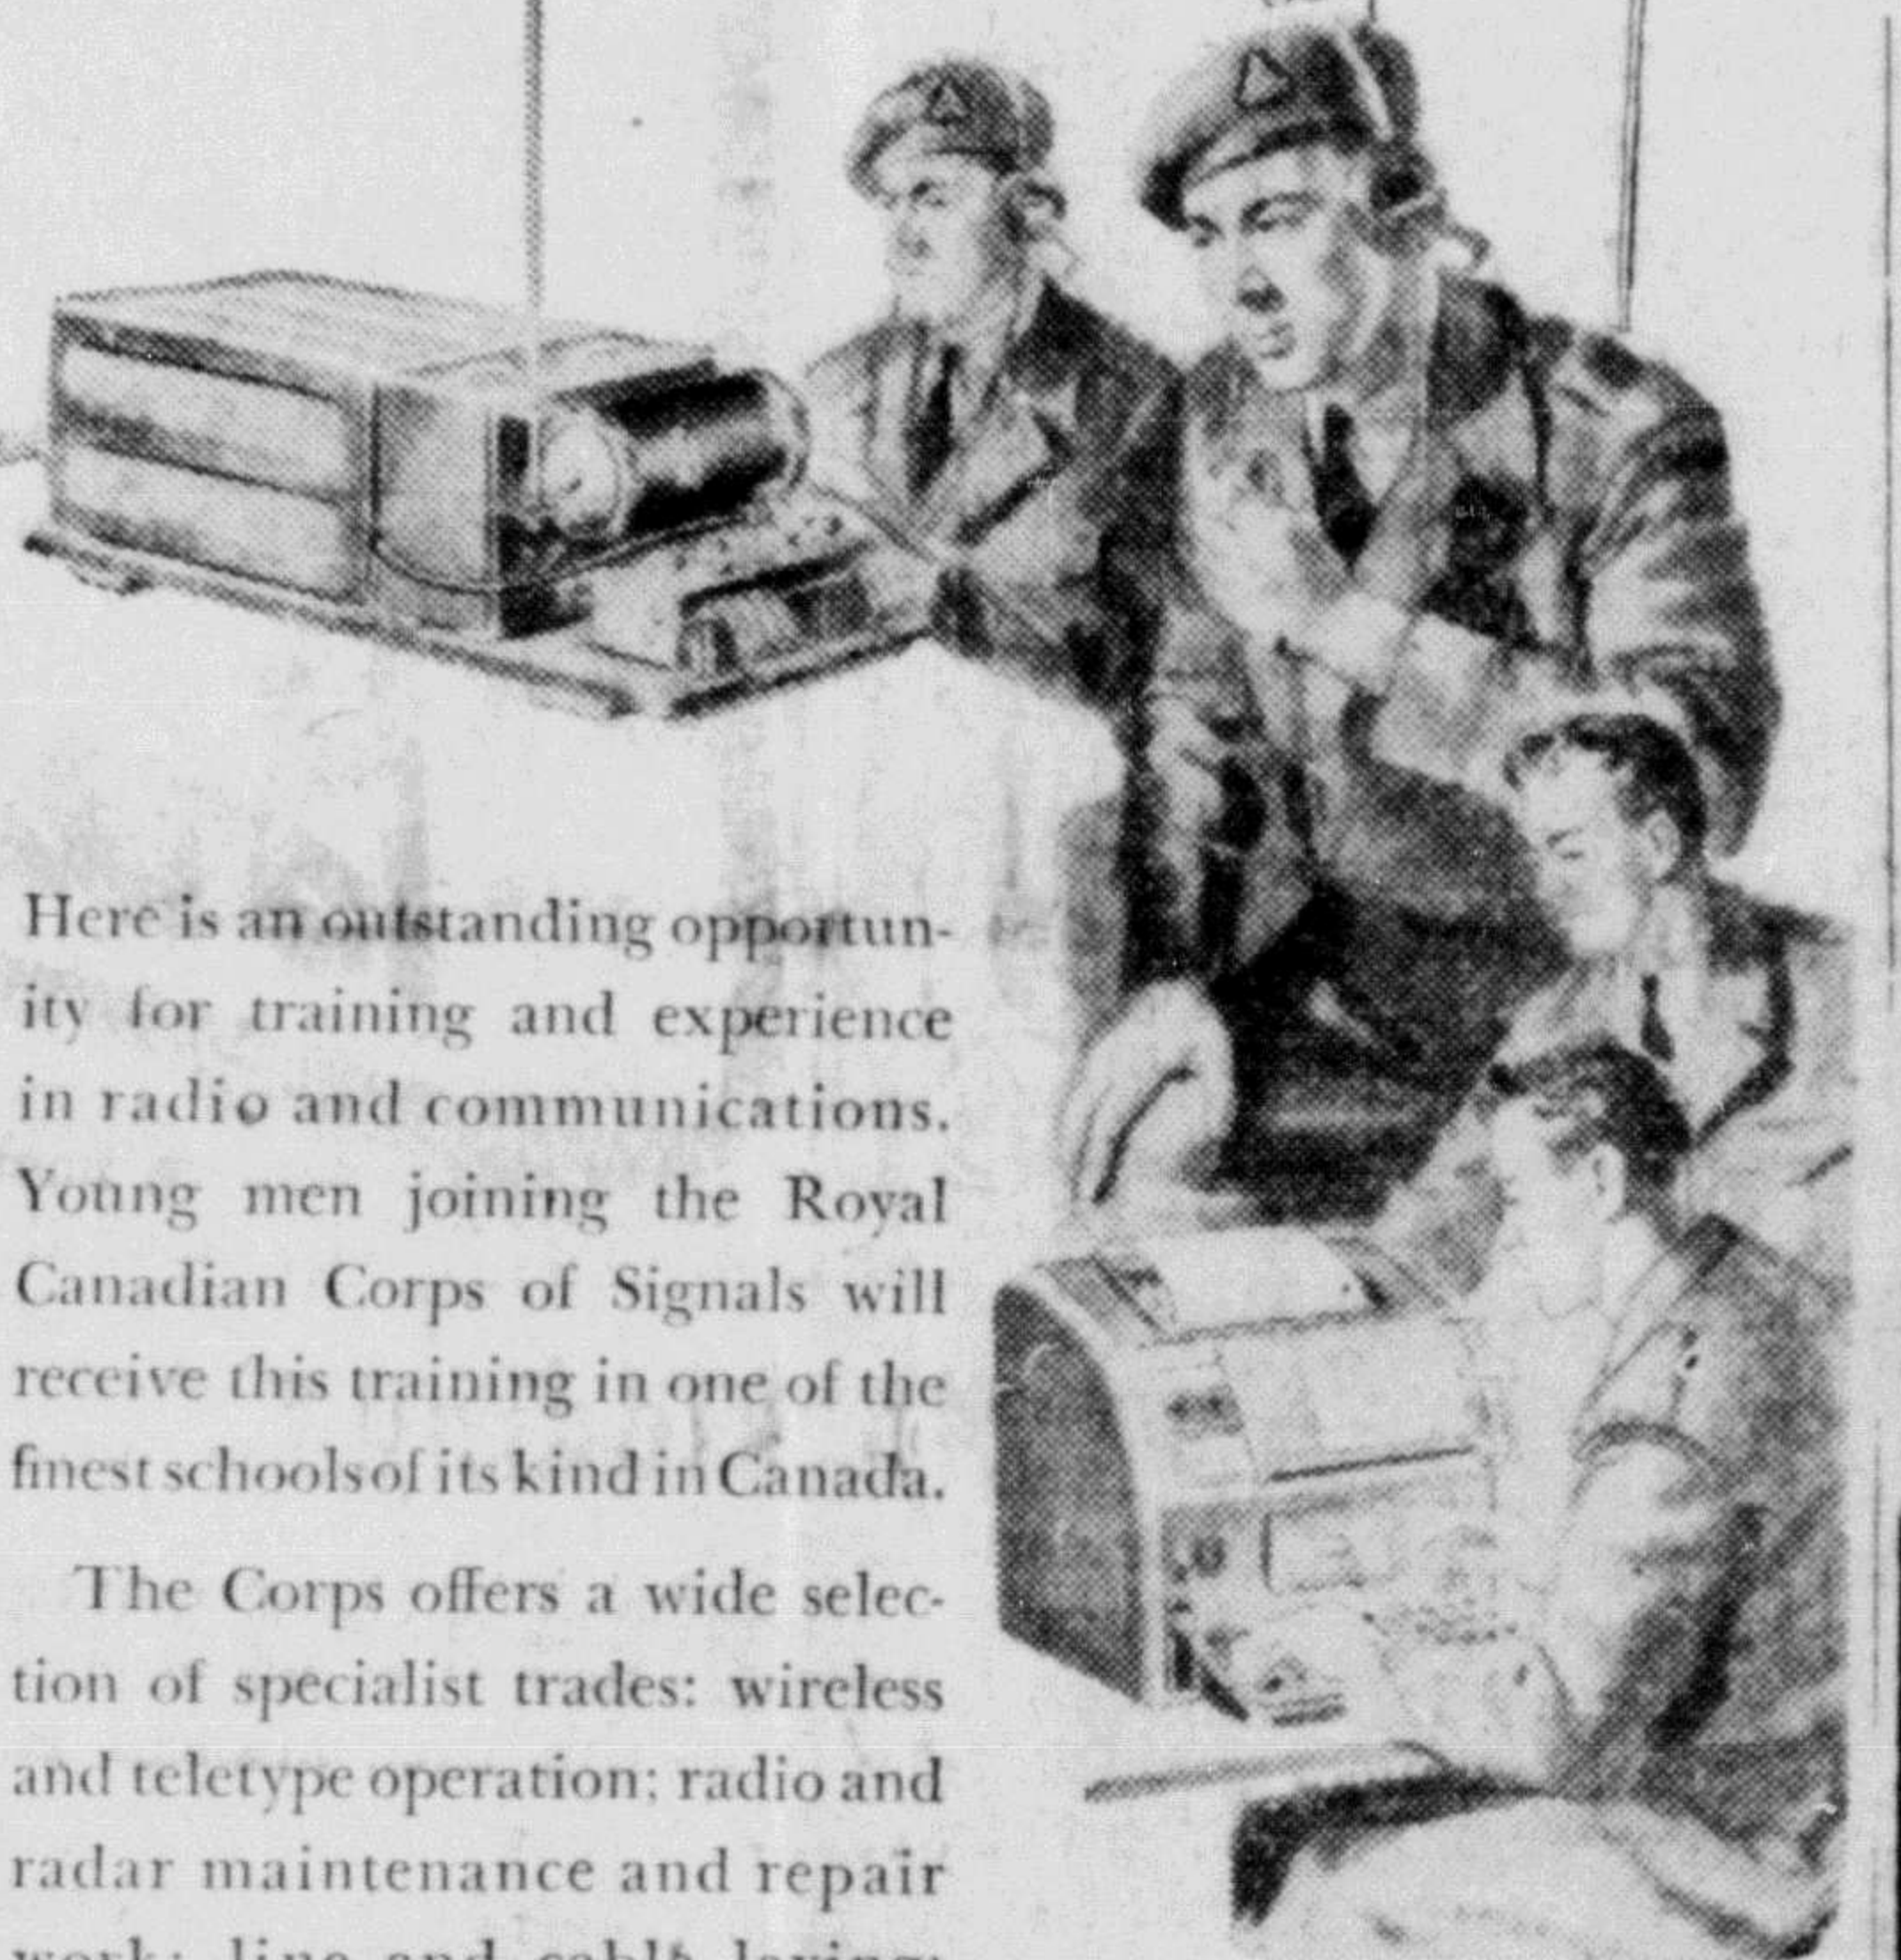

Those who favor an official residence for the Premier as well as the Lieut.-Governor point out that the hard-pressed people of Britain never grumble because, in addition to palaces, lodges and castles for the Royal Family, they also maintain No 10 Downing Street in London and Chequers in the country for the Prime Minister.

HONG KONG—The 1500-ton British ship Nan Chang radioed Tuesday that she was strafed Monday by Chinese Nationalist plane. Capt. J. W. Evans reported one casualty among the Asiatic crew.

## WANTED

MEN INTERESTED IN RADIO AND COMMUNICATIONS

Here is an outstanding opportunity for training and experience in radio and communications. Young men joining the Royal Canadian Corps of Signals will receive this training in one of the finest schools of its kind in Canada.

The Corps offers a wide selection of specialist trades: wireless and teletype operation; radio and radar maintenance and repair work; line and cable laying; switchboard installation and operation. All training is carried out with the most advanced equipment and methods.

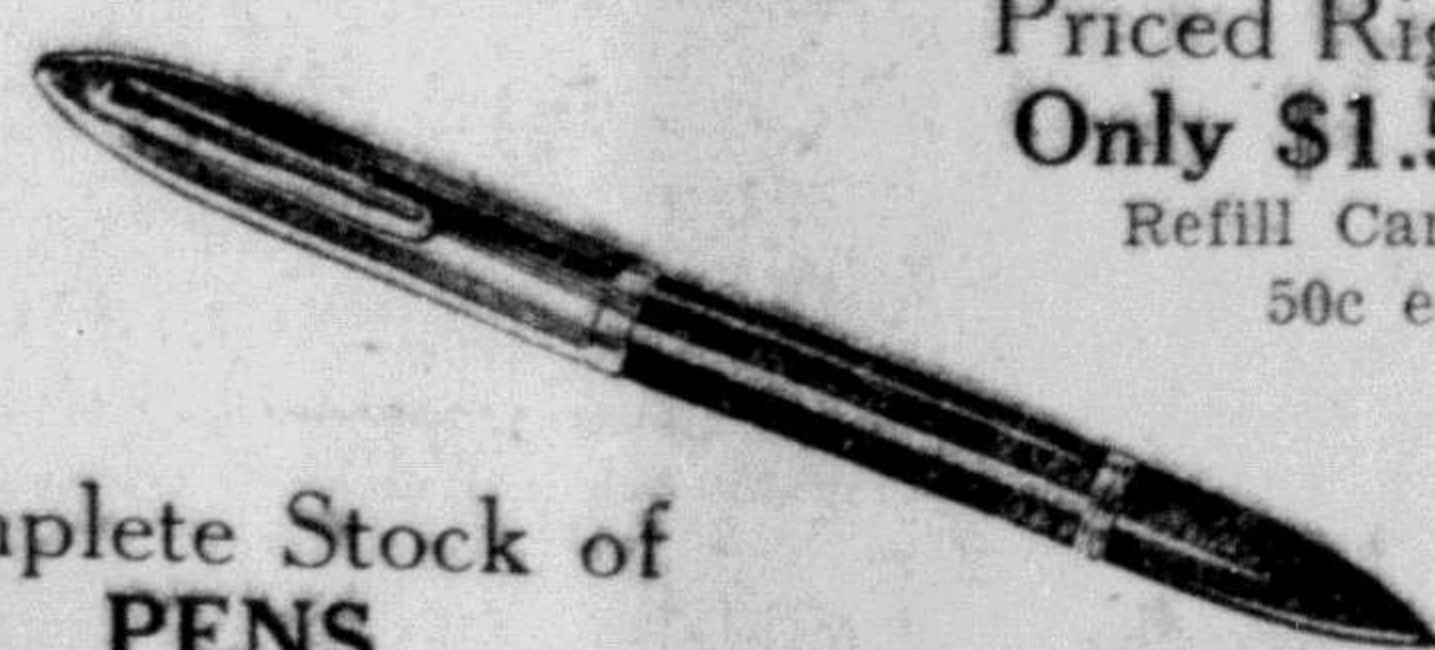

This is just one branch of the new Canadian Army Active Force. Every branch offers an interesting, exciting career... present and future security... and, pay that compares favourably with civilian rates. Visit your nearest recruiting office now. You are eligible if you are 17 years of age or over and can meet Army requirements. Bring with you certificates of age and education.

## EVANGELISTIC DRIVE BEGINS

A few hours after arriving from Vancouver by plane, evangelist and prison worker Rev. Ross McPherson fired the opening shot of a 10-day evangelistic campaign in the Regular Baptist Church, on Sixth Avenue East, Monday night.

Following an enthusiastic song service led by the new Pastor, Leonard Sharpe, the attentive and representative audience entered into the spirit of the campaign.

During the taking of the offering, Gordon Hangerud played a piano medley of Gospel songs and the Regular Baptist male and mixed quartettes brought

inspiring messages in song. They were accompanied by Mrs. S. Jentz at the piano.

The meeting was characterized by a feeling of warmth which augured well for the remaining period of the campaign.

Planist for the congregational singing was Mrs. Cora Edwald.

**MASONIC GRAND MASTER VISITS**

Donald McGugan of Victoria, Masonic Grand Master for British Columbia, arrived in the city by plane yesterday afternoon from the south and last night paid an official visit to Tsimpsean Lodge of this city with members of Tyee Lodge and Enoch Lodge (Stewart) as well as other visitors present.

This morning, accompanied by John Thompson, district deputy grand master; J. H. McLeod and Alf Rivett, Mr. McGugan left by car from Smithers where an official visit will be paid tonight. Tomorrow night the party will be at Terrace for a similar visit and Mr. McGugan will leave here by Friday's plane on his return south.

"Her teeth are like pearls, and from what I've heard cost nearly as much!"

**Army Drive Is Success**

L. M. Felsenthal, chairman of the 1949 Red Shield Drive, announces that the response from Prince Rupert, Port Edward, Alice Arm, Stewart, Cassiar, Terrace and points between has this year resulted in the gratifying total of \$3,180 being raised for the war chest of the Salvation Army. The objective was \$3000.

A Tag Day held on Saturday was the final effort in connection with this year's Appeal and the sum of \$290 was realized.

G. R. S. Blackaby, the treasurer, points out that, with this fine total in 1949, some of the gap has been closed between what is raised for the Salvation Army war-chest and what returns to the area from that same chest. In the current year headquarters of the Salvation Army has sent to Prince Rupert some \$6,400 to carry on the work of the local corps, the Girls' Lodge, welfare operations, native work supervision, and the many other tasks that the Sal-

vation Army is asked to do.

Mr. Felsenthal expressed appreciation for his treasurer, Mr. Blackaby of the aBnk of Montreal, to his publicity chairman, E. T. Applewhite, M.P., and to all who assisted in the canvass of the city, especially Miss Lee of the Chinese Patriotic Association and the Ladies of the Canadian Legion.

Mr. Blackaby is arranging to submit to the Daily News a list of all donors of \$5 and upwards, in the next few days.

Of course we have all the regular models as well, also other makes of lighters and a complete stock of other gifts.

Our artistic engraving add greatly to the value.

THE MOST TREASURED GIFTS COME FROM YOUR JEWELLER

**Bulgers**

**No kidding! health comes first . . . every nickel counts!**

"Just can't afford easing off . . . money simply melts away these days . . . got to lose this let-down feeling . . . get back my old zip."

You, too, must be on your toes to safeguard your earnings. YOU CAN'T if you are "irregular" — often caused by lack of bulk food in the diet.

Post's Bran Flakes supply the natural bulk you need to help keep food wastes moving promptly — help you retain vim and vigor.

Enjoy wholesome wheat nourishment too — Post's Bran Flakes are made with other parts of wheat.

Appetizing as a cereal. Just as tastily effective when made into light, tender bran muffins. Follow recipe on package. Two sizes: large or regular. Insist on Post's Bran.

Sure—she needs **Post's BRAN FLAKES**—and likes them!

Clark McLean, who several years ago was with the Daily News typographical staff and is now identified with Investors Syndicate, arrived in the city on the Prince George today from Vancouver. After a couple of days here, he will proceed to the interior.

### YOUNGSTERS SHOW HOW

Booth PTA Has Interesting Program

With a special program featuring student participation arranged, last evening's regular meeting of the Borden Street School Parent Teacher Association proved interesting and informative to a large attendance of parents. Many Grade Six children conducted one of the usual Junior Red Cross meetings.

Mrs. H. C. Flood, president, was in the chair, with Mrs. Greissel as secretary. Mrs. Halverson presented the treasurer's report which showed a satisfactory balance. Mrs. Watmough gave the first report of the membership committee with 112 paid-up members at present. It was decided that the first objective for the year should be the purchase of a film screen. Grade Six pupils under the

The George Matthew Adams Service, Inc.

### Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

Bobby Jackson, eight year old son of Mr. and Mrs. Ford Jackson was badly injured on Saturday afternoon last while riding on a tractor driven by his father. His legs became caught in the wheel and it took nearly half an hour to take off the wheel and get the boy extricated and sent to hospital. Both legs were broken, one in two places, but he is now resting as well as can be expected.

Elder and Mrs. W. G. Soloniuk have arrived from the south to stay in Terrace and take charge of the Seventh Day Adventist church. For the present the members meet in each others homes but plans are being made to erect a church on a lot opposite the mill on Lakelse Avenue and near the Masonic Hall. The Seventh Day Adventists have quite a following here and keen interest is being shown in the proposed new church.

The British and Foreign Bible Society held an executive meeting in the vestry of St. Matthews Church very recently and plans were made for a drive for funds to carry on the work. The drive started this week with the various churches taking different districts to canvass. The Anglicans will take north of Lakelse Avenue and East of Kalum Street. The United Church south of the Highway below the C.N.R. railway. The Pentecostals will have North of Lakelse Avenue and West of Kalum Street as far as the east side of Eby Road. The Adventists will canvas west of Eby Road as far as Kalum and all the Bench including the infirmary. This district had such a good showing for last year's house to house canvas, better than the larger towns of the interior that it was decided to carry on the same this year. Elder Soloniuk was appointed vice-president of the executive which has Mrs. E. Brooks as president, Mrs. Andam, secretary and Mrs. Bert West, treasurer.

After a week's torrential rains the weather turned much colder with a bitterly cold wind blowing all day on Monday though the weather was fine. Tuesday was still cold with a

cold winds blowing and towards early evening snow began to fall, not a light snow, but a heavy snow presaging an early winter.

The Town Planning Commission met last week in the municipal office with all the members, except one, in attendance. P. Murie was in the chair and, in the absence of W. Michiel, Will Robinson acted as secretary. A drafting of the district zoning was made and this will have to be approved by the village commissioners before submission to the citizens. Final approval must be had from the Inspector of Municipalities.

Miss Dorothy Irving R. N. has left for Vanderhoof to spend a week assisting in the operating room of the hospital before proceeding to New Westminster where she will be in charge of a new wing of the Royal Columbian Hospital. For the past six weeks she has been vacationing with her parents, Mr. and Mrs. A. H. Irving of the C. N. R. depot, who entertained prior to her departure at a bridge party at their home followed by an hour of music. Mrs. Irving also entertained at the tea hour in honor of her daughter.

Accompanied by Rev. and Mrs. P. M. Mallett and Mrs. Jean

chairmanship of Roy Sieber carried out one of their routine meetings to the very evident pleasure and admiration of the grown-ups present. The capable way in which the business was handled with reports being presented by various conveners and motions moved, seconded and put to the children provided a lesson in the conduct of meetings that would compare very favorably with any grown-up meeting. Margaret Johnson

was the capable secretary, with Molly Simmons, treasurer; Lenny Patten, coupon convener; Rocky Terry, literature convener and Howard Johanson, health convener. The meeting concluded with the reading of the poem "Friendship Ring" by Lenny Patten, Betty Hood and Yvonne Jackson.

Then followed two most interesting and informing talks on teaching objectives and methods in the beginners' grades. Mrs. Stone dealt with reading readiness, techniques and related subjects. Her presentation fully justified modern methods and their advancement over older modes. Her illustrations made the talk even more appealing. Miss Adlard dealt with number

(Continued on page 6)

### FALL FIRES DANGEROUS

Mr. D. F. Ford, the fire insurance adjuster for the Province of British Columbia, on his visit here, said that one of the few things that had gone down in price this year was general fire insurance but he warned that between now and the year-end was the worst time of the year for house fires due to inadequate precautions being taken in the home.

One of the most common causes of fires is found to be in the furnaces. Especially those that are in poor state of repair.

ON CANADIAN TEAM—Bruce Atkinson, of Vancouver, bike speedster, one of Canada's representatives in the bicycle events at the British Empire Games in New Zealand next January. He was picked after the recent trials in Vancouver. (C. P. Photo)

50 Years of Making Jelly Powders Assures

# BETTER FLAVOR, EXCITING SPARKLE

Jewel-clear, brilliant and tempting—Jell-O fulfils your most hopeful expectations of fresh flavor, wonderful fruity goodness. And—oh, most marvelous!—those favorite family desserts take only moments to make, and cost less than 2¢ a serving.

For two generations, the Jell-O people have been making jelly powders that folks like better. So you can be certain of more delicious taste, surer results, when you use Jell-O Jelly Powders. Seven grand "locked-in" flavors. Get Jell-O tomorrow.

Looks Lovely, Tastes Wonderful

**Peach Party Mould**

1 package Orange Jell-O  
2 cups hot water (or water and syrup from canned peaches)  
1 cup sliced canned peaches, drained

Dissolve Jell-O in hot water. Chill. When slightly thickened, fold in peaches. Turn into mould and chill until firm. Unmould and garnish if desired with whipped cream and additional sliced peaches. This dessert is equally delicious made with Strawberry Jell-O—or with Lemon Jell-O and canned pear slices. Makes 6 servings.

An Easy, JELL-O Treat

**Raspberry Sell-O-Delicious**

1 package Raspberry Jell-O  
2 cups hot water  
8 marshmallows, diced  
1/2 cup diced canned pineapple or diced grapefruit sections

Dissolve Jell-O in hot water. Chill in shallow pan. Cut in cubes. Pile in dessert glasses, combining cubes with remaining ingredients. Garnish with whipped cream. Makes 8 servings.

## ARE MARRIED IN CATHEDRAL

A well known couple of the native village of Kitkatla were the principals at a colorful wedding ceremony Monday afternoon before a large assemblage of relatives and friends in St. Andrew's Anglican Cathedral with Canon Basil S. Prockter officiating. There were ten bridesmaids and ten groomsmen.

The bride was Miss Alberta Bolton, daughter of Mr. and Mrs. Ernest Bolton. Given in marriage by her father, she wore a full marriage costume of white and carried a beautiful bouquet. The matron-of-honor was Mrs. Paul Mason, aunt of the bride.

The groom was Victor Robinson, son of the late Mr. and Mrs. Peter Robinson. His best man was Norman Lewis.

Three little flower girls were Rosabel Vickers, Annette Tomie and Joyce Jackson.

Prominent personages who were noticed in attendance at the wedding were Paul Mason and Jonathan Hill.

## NEW C.P.R. AGENT ARRIVES HERE

Harry H. Davies arrived in the city on the Princess Louise Monday afternoon from Juneau, where he has been located for the past year or so, to become general agent here for the Canadian Pacific Railway. He succeeds D. H. E. McLean who left Monday evening on the Princess Louise for Seattle to become dock agent for the company at Seattle. Veteran purser of C.P.R. vessels on the coast and a former relief agent in Prince Rupert, Mr. Davies was accompanied from Juneau by his daughter, Mrs. D. L. Smith, who will leave soon for her home in Victoria.

## The Canadian Family owes much to... Ireland

MUCH OF THE STRENGTH and vitality of Canadian life and the rich quality of its democracy stems from the blending of racial and cultural heritages from many lands. Few countries draw more strength from more nations than does Canada.

Canadians are justifiably proud that so many races, without sacrificing their national characteristics, have united themselves into one great citizenship—the Canadian Family.

Probably no race has produced more emigrants than the Irish. A century ago, the Irish formed half the population of Canada and today, in every town and village from Newfoundland to Vancouver Island, one can find a son of the Emerald Isle. The Irish brogue echoes through all of Canada's history.

Blessed with the "gift of the gab", their industry and ambition, coupled with an imaginative humour, are qualities which have won friends and enabled them to contribute much to Canada's progress.

**Calvert DISTILLERS (Canada) Limited**  
AMHERSTBURG • ONTARIO

Calvert, Secretary of State to King James I, and head of the famous Calvert family, founded one of Canada's first colonies in Newfoundland in 1622. Calvert and his descendants fostered the principles of religious tolerance and democratic freedom and thus helped sow the fertile seed of democracy in the New World.

In the Matter of the "Administration Act"

TAKE NOTICE that by Order of His Honour Judge W. O. Fulton, made the 4th day of October, A. D. 1949, I was appointed Administrator of the Estate of Arthur Benjamin Evans, deceased, late of Prince Rupert, in the Province of British Columbia.

ALL PARTIES having claims against the said Estate are hereby required to furnish same properly verified to me on or before the 26th day of November, A.D. 1949, after which date claims filed may be paid without reference to any claims of which I then had no knowledge.

ALL PARTIES indebted to the said Estate are hereby required to pay the amount of their indebtedness to me forthwith.

DATED at the City of Prince Rupert, in the Province of British Columbia this 5th day of October, A.D. 1949.

GORDON F. FORBES,  
Official Administrator,  
Prince Rupert, B. C. 245)

**HONOR PIONEER**—Canada's oldest Roman Catholic missionary, Rev. Jules E. Teston, 93, right, receives the insignia of the French Legion of Honor in a ceremony at the St. Albert Mission near Edmonton. Presenting the medal is Jean Mouton of Ottawa, cultural counsellor for the French Embassy. The award was made in recognition of the priest's 63 years of service in missions in northern Saskatchewan, Alberta and the Northwest Territories. (C. P. Photo)

**COLORFUL MUSICAL**

Movie fans had to be turned away from the doors of the Capitol Theatre as the melodious, colorful and hilarious "Neptune's Daughters," starring Esther Williams and Ricardo Montalban, had its opening showing. "Neptune's Daughters" is another of several brand new big pictures which have been coming to Prince Rupert lately straight from the metropolitan first run theatres. It was in Montreal less than a month ago and has been currently running in Vancouver. The picture made a great hit on the opening here and it was agreed to be one of the most entertaining films in many a day. It concludes tonight.

Red Skelton co-stars in the hilarious role of a would-be polo player, with additional laughs and melody supplied by singing Betty Garrett, comic Keenan Wynn and Xavier Cugat and his orchestra.

TODAY 5-7-9 p.m. ESTHER WILLIAMS — RED SKELTON in "NEPTUNE'S DAUGHTERS"

Thurs. to Sat. — 7-9:10 Sat. 2-4:25-6:30
