VANCOUVER'S ICY GALE

VANCOUVER—An icy-fingered northwesterly struck the British Columbia lower mainland today, blowing down trees, signs, telephone power lines here and endangering small boats. Wind averaged 40 miles per hour with gusts of 59 miles per hour. Two boats were reported missing in English Bay but both are now safe.

MAUNA LOA ERUPTS

HAWAII—Lava, tumbling down erupting Mauna Loa's steep bank, was accelerating today. The volcano erupted violently late yesterday. The first flow, pouring from the snow-capped mountain and moving into three steaming streams, estimated to be fifteen miles long. If it maintains present pace and direction it will reach the island's western coast slightly north of the town of Hilo during the day. Officials said there was no danger of life and property at present.

RELIEF AFTER STORM

CHICAGO—Fair weather and rising temperatures today helped speed relief work in the storm-torn areas of the west and in the flooded regions of southern states as southern California's weather in 35 years appeared ended. Early estimates place the crop losses at more than \$25,000,000. The losses include ten million dollars in crops, \$5,000,000 in vegetables and more than \$1,000,000 in cut flowers.

CANADA IS IN BETTER SHAPE

Gold and United Dollars Double

OTTAWA—Canada's reserves of gold and United States dollars are now about \$1,000,000,000, about double the holdings of a year ago. The dollar saving is the result of a policy of austerly going into effect in the Finance Minister Douglas' announced here.

The minister told the Edmonton Chamber of Commerce that, on December 31, official holdings were \$798,000,000, compared with \$461,000,000 in December of 1947. About a month after the new conditions were made effective.

SCANDINAVIANS SEEK SECURITY

Secret Parley Being Held in Swedish Town Prior to Atlantic Defence Pact

STOCKHOLM—Prime Ministers of Sweden, Norway and Denmark, with the foreign and defence ministers of the three countries, met in secret yesterday at Carlstad, Swedish town near the Norwegian frontier. They were scheduled to discuss Scandinavian defence problems, reliable sources said.

Meantime signature is expected to be made, possibly in a warship at sea, before the end of this month of the North Atlantic defence alliance involving United States and Canada as well as the Western European bloc.

ADASKINS GIVE RICH CONCERT

Gifted Violin and Piano Team Thrill Civic Centre Audience

Whether in New York or in the Peace River, whether before a critical or an inexperienced audience, if an artist plays 100 per cent by the composer, his audience will react 100 per cent. He performs only 70 per cent, his audience will react 70 per cent, his audience will react 70 per cent or 50 per cent.

It was the way Harry Adaskin, concert violinist introduced music which he and his wife, Frances Marr, performed tonight at their concert in the Civic Centre auditorium and, if audience reaction to their performance was the criterion, as it normally should be, their performance did a great deal of justice to the composers of the music played.

The opening and major part of the evening, this gifted violinist played Ludwig van Beethoven's Concerto for violin with piano, recognized as one of the best works of its kind ever composed. The composition, which exceeded 40 minutes in

NEXT SESSION OF PARLIAMENT WILL SEE DREW LEADING OFFICIAL OPPOSITION—Progressive Conservative leader George Drew and his wife, Fiorenza, are able to relax these days, following Mr. Drew's triumph in the Carleton, Ont., by-election. His victory completes his transition from provincial to federal politics and the next session of parliament will see Mr. Drew enter the House of Commons as leader of the official opposition.

Marshall Resigns As State Sec'y; Truman Denies Fight in Cabinet

Disclaims Issue Over United States Policy Toward Russia

IMMORALITY AT OKALLA

Indignant Father is Demanding Public Inquiry Into Incident at Prison

VANCOUVER—British Columbia police today continued their investigation into charges by a 20-year-old youth that he had been immorally attacked in Okalla Prison on Christmas Day by five other inmates.

An investigation ordered by the Attorney General's department will cover circumstances connected with the outbreak of eight youths on New Year's night and three women late Thursday night.

In a letter to his parents in a Fraser Valley town, the youth named five of the youthful male escapees as responsible for an alleged attack. The father of the youth said he would demand an inquiry in open court into the alleged assault.

ONTARIO TOWN HAS BIG FIRE

Damage of \$180,000 is Done in Village of Sunderland

SUNDERLAND, Ont.,—Fire which broke out in an overheated stove and that threatened to destroy this town of 500, forty miles from Lindsay, was brought under control after it had destroyed the main business block. Damage is estimated at \$180,000. George Lalysa said that he left his cafe for three minutes after lighting the morning fire and returned to find the place burning. The fire spread rapidly while fire brigades were summoned from Lindsay and other nearby communities.

THE WEATHER

Synopsis

Westerly gales which reached more than 50 miles per hour over southern Vancouver Island and the Lower Mainland of British Columbia during the early morning are decreasing gradually to northwesterly (25 miles per hour) this afternoon. An active storm moving eastward across the province this morning is being followed by cold Pacific air. Unsettled weather is likely to be general in most areas today. Decreasing winds and some clearing tonight will cause much lower temperatures in all regions. Saturday will be cold.

Forecast

Queen Charlottes and North Coast—Cloudy with widely scattered snow flurries today and Saturday. Winds northwesterly (20 m.p.h.) in the exposed areas, light elsewhere. Cold. Lows tonight and highs Saturday—At Port Hardy 26 and 36, Massett 22 and 35, Prince Rupert 22 and 35.

WASHINGTON, D.C. (CP)—Secretary of State George Marshall and Under Secretary Robert Lovett resigned today and President Truman immediately named Dean Acheson to head the Department of State. Mr. Truman announced the action at a press conference. He said that he had appointed Director of Budget James E. Webb as Under Secretary of State.

The changes will be effective January 20 when Mr. Truman is inaugurated as President for a new term.

The President emphasized that the condition of General Marshall's health had prompted him to accept the resignation and he did so "reluctantly and with great regret."

General Marshall underwent a kidney operation last month and is now recovering at his home in Pinchurst, North Carolina. Lovett, whom General Marshall brought into the Department of State, said in a letter to Mr. Truman that he had submitted his resignation "for personal reasons with which you are familiar."

Acheson is a former Under Secretary of State and saw service as Assistant Secretary of State under Cordell Hull.

DENIES RIFT

Meantime President Truman denied emphatically and in detail a published story that he was engaged in a fight within his cabinet to soften United States policy toward Russia. At the press conference he asserted that there is no change in United States foreign policy. He said that an article by Jay Franklin in Life Magazine was without foundation in fact in nearly every instance and paragraph. Mr. Truman said he had never had a private interview or conference with Franklin in his life.

The President spoke on the issue after some top administration officials had indicated the belief that he would have to clarify his personal attitude toward Russia soon.

In the article Franklin said that the President was now making a fight in his own cabinet to modify "tough" American foreign policy toward Russia and would adopt a softer approach.

KITKATLA'S NEW ELECTRIC PLANT

Electric lighting requirements of the native village of Kitkatla are more adequately taken care of by the installation which was finalized this week, under the supervision of Thomas Wilford, local electrical contractor, of a new caterpillar diesel plant. Larger than the former plant, the new outfit will be able to serve the whole village as far as illumination is concerned. Chester Nelson is in charge of the operation of the plant.

TRAINS RESUME NORMAL SERVICE

Normal train service in and out of Prince Rupert was restored late Thursday after snow removal crews had cleared the last of a series of snowslides from the Canadian National Railways line near Kwinitza, 45 miles east of Prince Rupert.

Telegraph and long distance telephone communications were being restored today following damage to the land lines at the Kwinitza snow belt and further east.

The train, which was normally due at 10:45 last night from Jasper, arrived four hours late, delayed while the last of the slides was cleared from the tracks. Tonight's train will leave at 7:30 p.m.

Canadian National Telephone got their first wire through this morning and expected that normal service would be restored this afternoon.

A train dispatcher's wire was put through yesterday in order to keep the trains running.

Long distance telephone lines were expected to be restored late this afternoon. Damage to the lines was fairly widespread. In addition to the breaks at Kwinitza, there also was snow damage between Burns Lake and Woodcock. Deep snow has hampered speedy repair work.

TRANSFERABLE VOTE FAVORED

Chamber of Commerce Opposed to Extension of Service Canteens

Prince Rupert Chamber of Commerce in answering a referendum on the matter from the Canadian Chamber of Commerce went on record at its meeting this week in favor of the single transferable method of voting in elections. Under this system of voting, which is finding considerable favor, provision is made for first and second choices on the ballots. First choices are counted first and, if they fail to produce a majority on the initial counting, second choices are taken into consideration until a clear majority is obtained. The method is, of course, not required where only two candidates are running.

Another referendum placed before the Chamber at its meeting was on the question of whether the Department of National Defence should permit the operation of co-operative service canteens on a more extended basis, taking in commodities additional to the "traditional articles" handled in such canteens. Fear was expressed that this might lead eventually to armed service department stores and it was felt that the need even in isolated places might be more fairly met by the leasing of concessions to commercial operators. The Chamber, accordingly, went on record as being opposed to the enlargement of service canteens.

Canada has more than 125 species of trees, of which 33 are "softwoods." Only about a dozen of the "hardwoods" are of much commercial importance and about 80 percent of our merchantable timber is of softwoods.

Metlakatla Contract Let -- Van- couver Firm to Build Marine Dock

First contract has been let in a new school building program undertaken in this agency by the Department of Indian Affairs and which, it is estimated, will run into an outlay of \$150,000. Indian Superintendent F. E. Anfield announced today that Mitchell & Currie, local contractors, had been awarded a job,

SKEENA HIGHWAY IS SNOW BLOCKED

Highway from Prince Rupert to Port Edward is being kept clear of the continuing snowfall but has been closed for the past week beyond the far end of Prudhomme Lake in the other direction. District Engineer H. W. Stevens said yesterday, however, that he hoped to have the road open again soon over the divide as far as Tyee. The road between Tyee and Terrace has been hopelessly blocked for some weeks now. Many feet of snow cover it beyond Kwinitza.

SEAL COVE WHARF

Another federal contract of which official advice was received today by E. T. Applewhite is a new wharf for the Department of Transport, marine service, at Seal Cove. It is being installed in connection with the transfer of headquarters of the lighthouse service from Digby Island to Seal Cove. Order-in-council has been issued at Ottawa providing for the acceptance of a tender of Horie-Latimer Construction Co. Ltd. of Vancouver for this job. The contract figure is \$81,850.

BEHEADED 17 U.S. AIRMEN

TOKYO—A Japanese army lieutenant has been accused of ordering the beheading of 17 United States airmen. He will go on trial before an American military court within a few days.

GAIN IN NATIVE POPULATION IN 1948 IS SHOWN

Indians of Prince Rupert agency are keeping pace with the white people in maintaining the natural increase in population, according to figures made available by Indian Superintendent F. E. Anfield. The net increase in 1948 was 97 as compared with 81 in 1947.

Native births in 1948 totalled 159 as compared with 164 in 1947. However, the deaths for the year just ended were down to 62 compared with 83 in 1947. There were 58 marriages in 1948 compared with 11 in 1947. There were two stillbirths in 1948 as against three in the year previous.

Prince Rupert agency includes the Neas and Skeena River areas with coast villages as far as Hartley Bay.

CEREMONY OF CONGRESS OPENING—An elephant leads the procession that marked the opening of the 55th colorful session of the Indian National Congress at Jalpur. This is the first Congress to be held since that country won its independence from Great Britain. Note that one of the riders carries the national flag of the newly established Dominion of India.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and all communities comprising northern and central British Columbia...

A Real Urgency

THE RAPIDLY continuing deterioration of Booth Memorial School makes even more urgent the providing with a minimum of delay new school buildings in Prince Rupert...

We may have expressed our doubts about the priority of other municipal projects—such even as the new telephone scheme which we admit the voters have given their overwhelming blessing...

TRUMAN COMES THROUGH

APPRECIATING, apparently, that it was the common people who sat back and contributed to his great and surprising victory in the presidential election, Harry Truman, in his "State of the Union" message to Congress...

Truman is going even a little further for the common man than did his illustrious predecessor, Franklin Roosevelt. As for foreign policy, about which we will be hearing more from HST anon...

WHERE WERE MUSIC LOVERS?

WHERE were Prince Rupert's music lovers last night? Certainly, there were not many of them at that superb recital which was presented at the Civic Centre with the noted Harry and Frances Adaskin as the featured artists.

If we are to have further visitations such as this there will certainly have to be a much more encouraging measure of support than was accorded this grand presentation.

We have heard it said in the past that one of the disadvantages of living in Prince Rupert was that such cultural and entertainment events as this were not available. Certainly they will not be available if they are interesting to no larger numbers than turned out last night.

THE SAME HERE

THE first thing this corner wants to register during the new year of 1949 is a protest against the weather this community was forced to submit to in the last few weeks of 1948. It was nothing less than putrid.

One of our colleagues in Anchorage, weary of 30-below weather, comes out flatly in his Daily Times with the statement that weather up there was tolerable until the U.S. weather bureau came to town and started keeping records. Since then, J. Pluvius, J. Arcticus and all the other makers of climate have been falling all over each other to set a new record...

We always used to blame the local weather bureau but since it has been moved to a neutral corner on Annette Island, it is a little difficult to follow it around and see what sort of divining is being used to forecast things quite unnecessary and superfluous. Of course it's plain to anyone that the Annette Island colony had a big year-end celebration planned lasting from Christmas to New Year's...

We need rainfall this year for power for the pulp mill and to assure a decent salmon run. If there's anything we don't need, it is more snow, cold winds and freezing weather. If something doesn't happen in this line right soon, we'll be for starting a fund to buy the weather man a one-way ticket to Moo.

—Ketchikan Chronicle.

BANK EXECUTIVE—Bertie Charles Gardner, M.C., who is president and chief executive officer of the Bank of Montreal. (CP Photo)

PRINCE RUPERT YEARS AGO

Twenty-Five Years Ago

Prince Rupert had 132.11 inches of moisture during 1923, according to Dominion Meteorologist H. O. Crewe—128.71 inches of rain and 34 inches of snow. The snow was calculated as 3.4 inches of water.

This city had 46 fire calls in 1923 with fire losses estimated at \$22,919. Insurance paid totalled \$21,907.

Construction of a 290 foot steel scow for Hecate Straits Towing Co. was expected to be carried out by the drydock. The job would be the largest carried out there since the construction of the freighters Canadian Scottish and Canadian Britisher at the end of the war.

Thirty-Five Years Ago

Track laying at the end of the steel was held up for a few days waiting the completion of a small amount of grading. Re- commencement of the work would see track put down to the south end of Fraser Lake at mile 338, enabling the contractors to get their supplies over the ice from that point.

The Dominion steamer Gannet left with mail for Skidegate.

Superintendent W. C. C. McLean ordered a new sidewalk laid from the station and waterfront across the G.T.P. reserve below Sixth Street.

Reminiscences and Reflections By W.J.

And so, the cost of newspapers in Canada and the United States keeps climbing because production expenses are higher. New Year saw the Quebec Chronicle-Telegraph go from three to five cents a copy. But, after all, there is nothing to be alarmed about. For a small coin, still, one can learn a lot, shortly after it happens. In 1815, no one in Canada had heard of the battle of Waterloo until weeks after the event had taken place. And it certainly was news.

Newspaper staffs down east, where winter is a fixture for four months out of twelve, and when horses were not unknown, would enjoy their annual sleigh drive dinner and dance. An experience like that is enlivening. In soaring spirits (if it's anything like it used to be) and with jingling bells, glowing faces and everybody half-famished, they halted at some roadhouse miles from town, to invade the premises and inhale fragrance from the general direction of a country kitchen.

If the Queen Charlotte Islands and Newfoundland could exchange glances and scrutinize the country between, the empty immensity of it all might be enough to make one ache. The eastern and western islands are opposite and from sea to sea the new wall, map just arrived, reveals these lonely looking regions lying away north of where trans-continental railways span a continent, and settlements amount to anything. But who knows the truth? Who can guess what may be hidden away in the white wilderness, with not the name of even a village: just red lines denoting borders, and scattered over with dots of blue, meaning lakes large and little, and how far, far away.

Encourage, by all means, the suggestion that the establishment intended for fisheries research, moved from Prince Rupert to Vancouver during the war, be returned to this city, where it belongs. The impression at the time was that it would not remain south any longer than could be helped. The war ended in 1945 and this is 1949. It's time for a change. If Vancouver had had her way, years ago, part of the local drydock would have been towed there.

One of the innumerable yarns told about the subtle ways of Sir John A. Macdonald is how a friend, noting the flakes falling for days, and accumulating in great drifts across the white landscape, kept muttering his imprecations. And old Sir John

CANTERBURY'S SON TAKES CATHOLIC BRIDE—Henry Pears Fisher, oldest son of the Archbishop of Canterbury, is shown with his bride, the former Felicity Sutton, as they left the Roman Catholic Church of the Holy Redeemer in London after their marriage. Although the bridal story had been headlined as the most controversial wedding since the Duke of Windsor's, there were only a few onlookers. The Archbishop of Canterbury is England's top Anglican clergyman. He was not at the ceremony, which was performed outside the altar rail and without the formal nuptial mass. Other members of the Fisher family attended.

ERNEST WOODS IS REMARRIED

Ernest A. Woods, Prince Rupert's first city clerk, was married in Vancouver on December 29, according to an announcement received by Magistrate W. D. Vance who was city treasurer during Mr. Woods' regime as clerk. For many years Mr. Woods has resided in Vancouver. His first wife passed away several years ago.

MARRIAGE AT TLELL

Mrs. Grace Yelf Becomes Bride of Kenneth Richardson

A pioneer Prince Rupert girl and a member of one of the earliest families to settle on the Queen Charlotte Islands were united in marriage at a quiet ceremony which took place at the Dunes, Tlell, on New Year's Eve. The bride was Mrs. Grace Yelf, widow of the late Capt. Don Yelf, and daughter of Mr. and Mrs. R. H. Shockley, now of Vancouver and many years ago living in Prince Rupert. The groom was Kenneth Richardson, son of the late Mrs. A. L. Richardson of Tlell. The marriage ceremony was performed by Stipendiary Magistrate Eric Richardson, brother of the groom. Witnesses were Mr. and Mrs. Francis Richardson. The couple will reside at Tlell.

HEARS MOTHER IN EDINBURGH

For the first time in twenty-five years Capt. W. F. Robertson, master of C. G. S. Essington, yesterday heard the voice of his mother, Mrs. Robert Robertson, and the long distance telephone conversation between Prince Rupert and Edinburgh, Scotland, was mutually thrilling. Capt. Robertson had tried to get his call through on New Year's Day but the connection was made then. However, contact was successfully made yesterday with Vancouver and London the immediate points. Mrs. Robertson was keenly delighted at her son's voice.

MRS. ELEANOR ROOSEVELT, former first lady of the United States, is seen here how a meeting of the general assembly is conducted at the Palais de Chaillot. Dr. Malik is chairman of the social and humanitarian committee of which Mrs. Roosevelt is a member.

PILE SUFFERERS

Mr. T. J. Stocky, Timmins, writes: "I had heard of your PYLITONE TREATMENT but did not get it until a month ago. My work is cold and damp and I lost a lot of time. I feel fine now and work steady. I have told a lot of other men about it... etc." He is just one of thousands back at work and feeling fine again, and so he will, because the new PYLITONE TREATMENT removes the inside cause of piles. No matter what you have done for them before, we guarantee the first bottle satisfies you or the price is refunded. PYLITONE (a liquid taken by mouth) is different. It works and results are lasting. \$1.75 at all drug stores, or have him order for you.

WAR BRIDES HAPPY HERE

Most of Them Appreciative of Canada's Blessings

A survey which extended into the remote bush and prairie districts, as well as into cities and towns, revealed that the vast majority of British and foreign war brides had cheerfully settled down, and were looking forward to a bright and happy future.

What most brides appreciate about Canada is the friendliness of the people, the warm homes and the abundant food without having to queue up for it.

The Red Cross files contain the names of ex-colonels' wives and those of corporals and buck privates.

Homes range all the way from a mansion to simple cottage. A Winnipeg editorial says: Some go back home. Fortunately the overwhelming majority stay. And it is usually the best who stay.—Veteran Affairs.

Modern Etiquette

By ROBERTA LEE

Q. If a girl is carrying a great many packages, give him only the larger and heavier ones. If only two or three packages, let him carry all of them.

Q. If one drops a napkin or a piece of silverware when dining in a public place, what should one do?

A. Quietly call the waiter's attention to it; he will pick it up and replace it with another.

Q. Is it all right to use red ink for writing social correspondence?

A. No; black or a very dark blue ink should be used for this purpose.

NO LIGHT—NO COLOR

Sir Isaac Newton discovered that the color of any substance is due to the light that falls upon it.

MARRIAGE AT FRANCOIS LAKE

Miss Hilary Partington Becomes Bride of Clifford Routley.

FRANCOIS LAKE—On Saturday, January 1, at 3 o'clock in the home of the bride's parents, Mr. and Mrs. R. Partington, Hilary Margaret, their eldest daughter, was married to Clifford White Routley, third son of Mr. and Mrs. W. E. Routley of Port Coquitlam. Rev. A. W. Atkinson of Burns Lake conducted the ceremony and close friends of the family were present.

An altar was placed at the end of the room on which were placed a vase of roses and lighted candles in brass candlesticks. To the strains of the Lohengrin wedding march, played by Mrs. Harold Neave on the organ, the bride entered the room upon her father's arm. She was very lovely in floor-length gown of rayon sheer with finger-tip length veil from halo effect head-dress. She carried a white prayerbook with cascading white ribbons knotted with tiny flowerettes and myrtle and wore a gold locket, the gift of the groom.

The bride's attendant was her sister, Patricia, who wore a pale blue floor-length dress of net over taffeta.

Mrs. Earl Hanson sang "O Perfect Love" during the signing of the register.

Mr. and W. E. Routley, the groom's parents, intended coming from Port Coquitlam for the wedding but Mrs. Routley was taken seriously ill.

Numerous useful and lovely gifts were arranged all around one of the rooms for the guests to see.

A telegram expressing their good wishes was received from Canon and Mrs. Basil Prockter of Prince Rupert.

At the reception twenty-four sat down at two tables placed down the centre of the room. The three-tier cake, which was placed before the bride and groom, was topped with the delicate silver spray and bell which

A STORY THAT WARMS THE COCKLES OF YOUR HEART—There is always a story on an incoming ship, but not many make you feel as good as this one. Mr. and Mrs. J. Marian Robertson of Marshall, Mo., have been married for 12 years. They always wanted children but never had any, so they went to Ireland to adopt two. Instead they adopted four, Charles, four; Claire, three; Michael, 18 months, and Tommy, 11 months. Now the Robertson family is six. New parents and children are shown as they arrived in New York. All the children come from different families.

WATER SERVICES ENDING TONIGHT

Service of the annual Prayer, sponsored by the Rupert Ministerial Association will be held this evening at the United Church with Rev. Prockter of St. Andrew's as speaker. The meeting commences a series of five services which have been held at various city churches throughout the week.

Throughout the week, fair-weatherings have been in evidence, the devotional theme of family and the need for guidance in personal and affairs.

Week of Prayer is a wide religious endeavour embracing many protestant denom-

inations throughout the world. The series of meetings opened Monday at St. Andrew's Cathedral with Major W. Yurgensen of the Salvation Army as speaker. Tuesday, at First Presbyterian Church, Archdeacon E. Hodson of St. Peter's Anglican Church, Seal Cove, led the service. On Wednesday Rev. George Sendall of First Presbyterian Church officiated and last night at the Salvation Army Citadel, Rev. R. A. Wilson of First United Church led the service.

The tree toad's "call" is generally regarded as a prophecy of rain. There is some truth in this, because warm, moist air, which usually precedes rain, releases the male toad's mating urge, so he "sings."

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "There is no reason for your staying."
 2. What is the correct pronunciation of "sacrilege?"
 3. Which one of these words is misspelled? Sufficient, deficient, efficient.
 4. What does the word "inveigle" mean?
 5. What is a word beginning with "am" that means "having sweetness of temper?"
- Answers
1. Say, "There is no reason for your staying." 2. Pronounce sak-ri-lej, a as in sack, i as in it, e as in end, accent first syllable. 3. Deficient. 4. To entice. "We inveigled her into going to the beach with us." 5. Amiable.

Bo-Me-Hi News - A Weekly Record

Disc Discussion Christmas Trees For Each Class

A very interesting poll is being conducted by a musical magazine. The purpose of this poll is to determine the favorite band, instrumental combo, vocal combo, male and female singer, King of Corn, favorite instrumental soloist and an All-Star Band and band vocalists, etc.

In the race for the favorite band Star Kenton has a majority of 61 votes over his closest competitor, Woody Herman. Dizzy Gillespie is 39 votes behind Woody Herman. Duke Ellington is running a poor fourth. Although the ballot counting is not complete, the results so far show that "BE-Bop" is rising in popularity along with modern, sophisticated jazz such as Maestro Kinton presents.

Frank Sinatra holds a slim lead over newcomer Billy Eckstine in the poll for the most popular male singer not connected with any band. Frankie Laine and Mel Torme are tied for third place and Bing Crosby is in fourth. In the women's section Sarah Vaughan holds a large majority over Doris Day. Anita O'Day is in third spot with Peggy Lee and Jo Stafford tied for fourth.

Spike Jones, of course, has twice as many votes as his nearest runner-up, Guy Lombardo, for the title "King of Corn."

In the favorite instrumental soloist poll Dizzy Gillespie is in

Usual Bo-Me-Hi classes continued for the first three periods of the morning on closing day before Christmas but the fourth period saw each class in its own room, gathered around a decorated Christmas tree. One student in each room played the role of Santa Claus and distributed the nicely wrapped presents to their owners. Earlier in the week names had been drawn for the presents. Money contributions to the "Aid for Britain" fund were also given by the students, and in all totalled \$51.

After the presents had been opened, carol singing took place in most of the rooms until the dismissal bell rang at 12 o'clock, marking the beginning of two happy weeks of holiday.

The lead followed by Benny Goodman, Bill Harris and Charlie Parker respectively.

Band leaders are not eligible for the all-star band. The voting in this particular department is very close. The full results of this poll should be out in a few weeks.

A questionnaire will be given to some of the students in the Senior School to find out the musical favourites in Bo-Me-Hi. A comparison of the two results should be very interesting.

Clubs... TRACK

The Track Club this year is off to a flying start, with about 50 members from Grades 9 to 12. Mr. Cleland and Mr. Evans are joint sponsors of the club. Officers are: President, Eric Moore, Vice-President, Bob Williamson, and Secretary, Oscar Mercer.

If one is up at 6:30 some fine morning the boys may be seen practising for the track meet to be held in May. The girls also are hoping to enter if enough money is raised to send a team south.

Right now members are busy thinking up means to raise money. —M.B.

GIRL'S WOODWORK

Bo-Me-Hi girls are as good carpenters as the boys. Proof of this is Mr. Densmore's woodwork club consisting of about 15 girls from Grades 9-12.

Projects under way at present are varied, some girls are working on lamp stands, others brooches, and some are making picture frames. The more adventurous members hope to work on small stands and stools in the near future.

The club president is Marion Greenwood and the secretary is Gloria Morvin.

New Teachers

Editor—Irene Hansen.
Reporters—Margo Brown, Joan Moller, Donna Kerrigan, Mary McAfee, Esther Harrison, Kathleen Smith, Deshka Peneff.

Mr. Moore, the Grade 10 teacher, hails from Cranbrook. Besides Grade 10 he teaches some of the Commercial subjects. He is a graduate of the Victoria Normal School and the University of British Columbia. He was in the Army for four years in the European theatre of war.

Mr. Moore likes Prince Rupert very much, especially the snow we are having now. He excels in the culinary art. He likes highly seasoned foods, especially spaghetti and his dislike is parsnips. His favorite recreations are swimming, bowling and badminton.

Mr. Moore is a conservative dresser himself but thinks most men's clothes are too drab. His favorite color is grey.

Winners of the spot dances were Gordon Rothwell and Lucille Steffens, Bob Anderson and Pat Smith.

The mood of the dancers matched the festive season although those attending were, for a High School Prom, unexpectedly small in number. The music, rendered by Andy McNaughton at the piano, ceased at one o'clock when the couples left the hall to brave the fierce northern winter.

Personalities

Christine Currie, Senior School President, is definitely a hometown girl. She was born here and received all her schooling in Prince Rupert. She first saw the light of day on April 14, 1931. Her elementary school years were spent at King Edward School and her high school ones at Booth.

"Chris" has always taken a keen interest in sports. This year she is one of the star players on the Rainbirds basketball team and the highest scorer in the Women's League. A few years ago she played on the High School girls' softball team. Her hobby is collecting records.

After graduating, "Chris" would like to attend business school and take up stenography.

The long-nosed tree snake of the East Indies has eyes with pupils shaped like keyholes. This species has the sharpest sight found in snakes.

To help Canadian Eskimos make the most of their family allowances, a poster has been produced in both Eskimo syllabics and English informing the natives of what may be purchased on allowance credits.

London Transport Executive figures show that the Underground Railway is carrying 9,000,000 more passengers weekly than last year.

HINTS FOR ESKIMOS

Wipe round steak with cloth. Combine poultry dressing, pickle and 3 tablespoons fat. Spread steak with prepared and place dressing. Roll up and fasten with string. Place in a covered pan until tender. Yield: 10 servings.

MEAT CUTS THAT SEEM NEW—RELIEVE MONOTONY FOR HOMEMAKER, FAMILY

It is sometimes suggested that the homemaker becomes tired of the monotony of house-keeping because she does the same thing, in the same way, over and over again. The best food in the world will pall if it is always cooked and served in the same way. Some families never know variety in the meat they eat, others enjoy different cuts, served in different ways and do it on a smaller budget. It is true that steaks and chops cannot be beaten for appetizing juiciness but other less expensive cuts have the same full meaty flavor.

The less tender cuts do require a little more attention in preparation but they are worth it. Home economists give a word of warning on cooking meat. The most expensive steaks and roasts are easily spoiled by cooking at high temperature. Less tender cuts, such as short ribs, flank, round and rump not only must be cooked at low temperature but also require long cooking in moist heat to break down the tough tissues. With these cuts, the clever cook uses subtle seasoning. So many women are in a rut and use only salt and pepper and perhaps a little onion. A change of seasoning in stew may make it seem like an entirely new dish.

It would be really worth while trying the following recipes. They are penny savers but have the same good meat flavor as expensive cuts. They will also relieve the monotony for both the cook and her family.

CHILI BEEF STEW

1 cup fat
1 pound cubed stewing beef (1-inch cubes)
1 cup coarsely cut celery
1/2 cup coarsely chopped green pepper (optional)
6 medium onions, sliced
2 cups canned tomatoes
2 teaspoons salt
1/4 teaspoon pepper
1 teaspoon chili powder
2 to 3 tablespoons flour (to be added at end of cooking time)

Melt fat, add cubed beef and brown. Add celery, green pepper and onions. Add tomatoes and seasonings. If necessary, add hot water to barely cover meat. Cover and simmer until meat is tender, about 2 hours. Make a thin paste of the flour and a little cold water, add to stew and cook until thickened. Garnish with a border of mashed potatoes. Yield: five to six servings.

NOTE 1.—One cup chopped carrots and 1/2 teaspoon celery salt may replace celery, if desired.

NOTE 2.—If using a pressure saucepan, follow the method given above but cook for only 20 minutes at 15 pounds pressure. No extra water will be needed but flour should be increased to 4 tablespoons.

MCKE DUCK WITH DILL DRESSING

2 lbs. round steak, cut 1/2 inch thick
3 cups soft bread crumbs
1/2 teaspoon salt
1 teaspoon poultry dressing
1/4 cup chopped onion
1/4 cup chopped dill pickle
6 tablespoons melted fat
1 tablespoon prepared mustard
1/2 cup dill pickle juice

BLONDIE
by CHIC YOUNG

OH, GOLLY... I FORGOT TO TELL BLONDIE ABOUT THE DINNER DANCE TONIGHT

LUCKY I THOUGHT OF IT! HUH?

NOW HE TELLS ME! TWO HOURS BEFORE THE PARTY STARTS!

AND YOU DON'T EVEN KNOW WHAT THE WOMEN ARE WEARING?

CLOTHES, I GUESS

MRS. McNUFF'S PHONES BUSY... RUN OVER TO MRS. RUGGLES' AND FIND OUT WHAT SHE'S WEARING

PHONE BUSY... MRS. RUGGLES... RUN

I'M NOT SURE WHAT TO WEAR, MYSELF DAGWOOD—LET'S RUN OVER AND TALK TO MRS. DUNN

I'M WEARING A DARK PRINT

MRS. MILLER SAYS THEY'RE WEARING DINNER DRESSES

I'M WEARING LONG SLEEVES AND LOW NECK

I'M CONFUSED, BUT I THINK IT'S LONG DINNER DRESSES—WAIT! DON'T PAINT!

HEAVENS, THEN I'LL NEED A BOLERO!

SCOUR THE NEIGHBORHOOD—SEE IF YOU CAN BORROW A BOLERO!

SCOUR NEIGHBORHOOD—BOLERO!

THANKS, MRS. GRIFF... SHE'LL RETURN IT TOMORROW

ASK BLONDIE IF I MAY BORROW HER RHINESTONE BUCKLES

I MADE IT!

QUICK, I HAVE TO RUSH LIKE MAD

DON'T JUST LIE THERE ON THE FLOOR—YOU HAVE TO GET READY TOO, YOU KNOW

WHAT ARE YOU GOING TO WEAR, DAGWOOD?

OH, FOOF! NOBODY CARES WHAT THE MEN WEAR

Purchasing Agent Powell River Dies

The death of Reginald A. Baker, purchasing agent of the Powell River Company, occurred recently in the Vancouver General Hospital. He was a war veteran, and native of Sheffield, England. The appointment of his successor is announced. He is Oscar G. Smith who joined the Powell River company 31 years ago, and who has had wide experience in the affairs of the organization.

Canada has eleven lakes extending 1,000 square miles in area.

FRED STEPHENS IS RE-ELECTED

For the seventh consecutive year, Fred H. Stephens has been elected secretary-treasurer of the Vancouver branch of the Canadian Institute of Mining and Metallurgy. He is the son of Sheriff and Mrs. M. M. Stephens, and grew up in Prince Rupert. At the annual meeting of the Institute branch, Harold M. Wright, metallurgical engineer was elected chairman, and C. H. Mitchell, editor of Western Miner, and Dr. C. Riley, geologist of Pioneer Mines vice chairman.

FRANCOIS LAKE MARRIAGE (Continued from Page 3)

had been on the bride's parents' wedding cake when they were married at Evesham, Sask.

In the evening the Women's and Farmers' Institutes combined and arranged a shower in the hall for the couple. Dancing started at 9 o'clock and halted when the couple arrived at 9:30. The wedding march was played while they were greeted by the crowd in the hall.

A light fall of snow gave the brilliantly-lighted hall a festive air and more than a hundred and fifty people were present to meet the popular couple.

At 10 o'clock Hilary, Kip and Mrs. Partington were seated in the corner of the hall under boughs of evergreens and ribbons and Peggy Stanton and Wanda Robinson carried in a daintily decorated basket full of gifts which they placed in front of the bride.

Mrs. Cassidy expressed the good wishes of the community to the couple and, assisted by her mother, the bride unwrapped her gifts and passed them around the hall for all to see.

The couple thanked all for their gifts and invited them to their home when they have settled down. Balloons filled with confetti had been hung above the couple and these were punctured by Nell Kelly.

Delicious sandwiches, cake and coffee were served by the ladies and the bride cut one tier of her

FIRST OUTING SINCE MOTHERHOOD—Princess Elizabeth, accompanied by the Duke of Edinburgh, left Buckingham Palace, unnoticed by the crowds gathered at the gate, as she went on her first outing since the birth of Bonnie Prince Charles. She and the duke, who cannot be seen, paid a visit to Clarence House, their London residence.

wedding cake. Dancing was then resumed and continued until 2 o'clock.

Later the couple left for Port Coquitlam by road.

DOING GOOD JOB ROAD PLOWING

From both Terrace and Smithers come reports of a good job being done by the public works department in keeping roads open to the surrounding areas in spite of the recent heavy snows. In both the Terrace and Smithers areas there is truck hauling of logs in considerable volume and there has been so far no interruption in the movement of the timber over the roads.

First Alaskan Was 25,000 Years Ago

JUNEAU—The earliest man to exist in what is now Alaska lived 25,000 years ago, suggested Edward Keithahn, curator of the Territorial Museum, in an address here.

That Alaska was a roadway for aboriginal people migrating from Asia to the southern hemisphere he mentioned as probable. Mr. Keithahn remarked that the earliest dweller in Alaska is thought to have been the "Folsom" man—approximately 25,000 years ago. Most recent evidence of his possible presence was the discovery, last summer, at Point Lay, Cook Inlet, of singularly shaped hollow ground arrow-heads.

Union steamer Coquitlam, Capt. Harry McLean, on her regular weekly voyage, arrived in port on time at 1 o'clock this afternoon from Vancouver, Nanaimo and Butedale, and will sail tonight for Massett Inlet points whence she is due back on Sunday to sail that night on her return south.

Sailing distances from Halifax to European ports are from 550 to 650 miles shorter than from New York.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I clean silver slippers?

A. Silver slippers can be cleaned with very finely powdered alabaster. Take up some of the powder with a soft brush and rub until the surface becomes bright and clean. Then polish with another brush until the powder is removed and the lustre appears.

Q. How can I make a good toilet perfume?

A. By mixing two ounces of alcohol with one-half ounce oforris root. Keep it tightly corked in a bottle, and shake thoroughly each time before using.

Q. How can I clean outdoor brass fixtures?

A. Use scouring soap that is mixed with kerosene. Apply with a flannel cloth and rub thoroughly.

RICH CONCERT (Continued from Page 6)

her husband on the violin. Indeed, her sympathy with the music demonstrated clearly that Beethoven's major violin work could not be successfully handled by any other than such a closely welded pair of artists.

As in all concertos, the soloist's big moment came in the recapitulation of the Allegro ma non troppo, or first movement. Here, he was permitted to entertain the audience alone with dazzling passages and difficult technical feats. In Mr. Adaskin, this was no gaudy display of acrobatics. Both he and Miss Marr succeeded in the difficult task that confronts the concerto—presenting music on a lofty plane and at the same time, exhibiting the virtuosity of the soloist.

The second movement, Larghetto, was probably the favorite of the three. Slower and melodic, it brought out the full beauty of the instrument in a lyrical passage that had its own development in the form of a series of complementary little songs. The third, Rondo, movement had no introduction from the second and was, as the name suggests, a dance theme garnished with secondary tunes which built up to an abrupt, almost climatic termination.

MISCELLANY

The second half of the program opened with "Andalusian Romance," a dreamy, yet earthly romance developed by the Spanish composer Sarasate from his native folk melodies. Its combination of characteristics were distinctly Spanish in their rendition by the Adaskins.

"Novellette," by Jan Sibelius, was a brief and active tale in music.

"Ballad," by the Canadian composer Henry Brant was originally composed as a movement of a symphony, which in its composition stage, was heard by the Adaskins a year ago in New York. It was later transposed for violin and piano by the composer for his friends Mr. and Mrs. Adaskin and is receiving its first public performance by them this year. It is a moody piece, tinged with the greyness

WAS TOURNAMENT Queen—Pretty, blue-eyed Bover, 3, of Arcadia, was named Queen of the Tournament of Roses inadena, Calif., Virginia,adena City College, presided over the parade the Rose Bowl football on January 1,

of the 1930's which of the parent symphony.

Final number on the was the contemporary composer Aaron Copland's "down," an excerpt from let "Rodeo" which was produced in 1942. It shows land's flair for iron as off on a jig-fiddle virtuoso U.S. Midwest and was interpreted by Mr. Adaskin.

The artists were as large their encores as was their with its applause. The four numbers, the all Brahms' "Waltz," "Rodeo Isles," "Christmas Carols" by the German composer Reger and a Polish Mazurka the Polish composer Verposed for violin and piano by the composer for his friends Mr. and Mrs. Adaskin and is receiving its first public performance by them this year. It is a moody piece, tinged with the greyness

IT'S THE TALK OF THE TOWN!

WALLACE'S After Xmas SALE!

IT'S THE TALK OF THE TOWN!

FACTS FOR YOU....

ON SAFETY LAWS VERSUS COMPULSORY INSURANCE

FOR SAFETY (Pink Slip) LAWS

1. REDUCES ACCIDENTS.

In Manitoba, accident reduction was 23.1% eighteen months after introduction of the law—New York State, 23.1% two years after introduction of the law.

2. ACCIDENT REPEATERS OFF THE ROAD.

Accident repeaters total 3.88% of all drivers but cause 39.8% of fatal accidents and 36.4% of all accidents. Accident repeaters are assigned to a group of insurance companies at an increased rate. If they continue to have accidents, they are refused insurance and eventually forced off the road.

3. THE INJURED PERSON RECEIVES FAIR COMPENSATION.

Judgments have been rendered in Canada for \$20,000.00 and \$30,000.00 in favor of persons permanently disabled.

4. IRRESPONSIBLE DRIVERS WHO CANNOT PAY DAMAGES.

A fund has been set up by the Insurance Companies in B.C. called "the unsatisfied judgment fund" to pay claims in accidents caused by irresponsible drivers who are not insured.

AGAINST COMPULSORY INSURANCE

(Government operated or otherwise)

1. MORE ACCIDENTS.

In Massachusetts* (10 year operation) injuries from auto accidents increased 88.5%—registration increased only 20.5%.

2. HARMFUL POLITICAL CONTROL.

In Massachusetts* compulsory insurance led to rate fixing by the government—influenced by considerations of political expediency.

3. DENIAL OF INDIVIDUAL RIGHTS.

Compulsory insurance fixes amount of compensation. A skilled workman losing a hand receives the same benefit as a person who suffers small financial loss from the same injury.

4. MORE FALSE CLAIMS.

Experience in Massachusetts* showed fraudulent claims increased because persons tried to claim that their injuries were the result of an automobile accident.

Insurance Companies Support Safety Laws Because They Reduce Accidents. Compulsory Insurance Increases Accidents.

*Saskatchewan and Massachusetts are the only two territories on the North American continent where compulsory insurance is in effect. As yet, no statistics have been published by the Province of Saskatchewan.

It is to your benefit and ours when you know the facts about insurance. That's why they are given to you here by the British Columbia Insurance Committee.

SAFETY LAWS SAVE LIVES
