**VOTERS**—Herry G. Birks, President of the Canadian Chamber of Commerce, tells four Canadians out of the more than 600,000 who passed their 21st birthday since the last election of the importance of using their votes on June 27. The young voters are (right) Barbara Fillan, of Ottawa; Louise McLaren, of St. Lambert, P.Q.; Camille Marand and Dorothy Shea of Montreal.

### WICK DIES IN HIS BOAT

Well known Prince Rupert fisherman collapsed and died on the deck of his boat Saturday while on the Hecate trolling grounds. He was Harry Wick of 1248 Beach, a resident of this city.

Wick collapsed and died on the deck of his boat Saturday evening. He was brought to port by Mr. Hass.

At Tromsø, Norway, 66 years ago, Mr. Wick emigrated to the United States, then came to Canada where he settled in Prince Rupert in 1917. He worked in the fishing industry until he followed until the day of his death.

Mr. Wick purchased a boat with which he fished halibut and salmon. For four years he had been taking training in the service in the Naval Reserve, for which he served in the Fishermen's Reserve, in the British Columbia until 1944.

Survived by his wife, two sons, two brothers, Prince Rupert, and a sister in Vancouver. They are Mrs. (Frances) Fossom, Mrs. Roy Garries, a son, Ingvald, a member of the hallbut crew, and two brothers, Skipper of the B.C. Lady, and a crew member of the boat. The sister is Mrs. Anderson of Vancouver.

Funeral will take place Saturday afternoon from St. Lutheran Church.

### REACH ACCORD IN FISH PLANT WAGE DISPUTE

Settlement of a protracted wage dispute between coast fishing companies and the United Fishermen and Allied Workers' Union appeared likely today after union members agreed to accept an offer made by the companies and to postpone a strike vote. A statement to this effect was made by the Union.

A strike vote within the union, which was to have been taken today, was forestalled when union members agreed to accept an offer by the companies for wage increases higher than those recommended by an arbitration board which has been considering the case for several weeks.

At a union meeting Sunday, attended by Alex Gordon, business agent of the coastwide union, it was agreed to accept a company offer which, in effect, it was stated, would provide for an eight-cent an hour wage increase across the board for male workers and six cents an hour for female workers.

The arbitration board recommendation, which the union had refused to accept, had been for five cents an hour with an improvement in overtime conditions.

Employees in the fresh fish and cold storage plants rejected the proposal and asked the Provincial Labor Board that a supervised strike ballot be taken. Voting was to have begun at 9:45 this morning.

The company offer provided that there should be no "production standards" contained in their offer providing they do not already exist in the plants.

A secret ballot among the union members here indicated their willingness to accept the company offer. The Labor Board has been advised that a strike ballot will not be necessary at this time.

### Local Cadet Awarded Trip

**Billy Toderas Going to International Camp at Montreal**

Leading Cadet William Toderas of Captain Cook Sea Cadet Corps has been chosen to represent Prince Rupert at an international Sea Cadets camp to be held in August at Camp Ewing, Montreal. One hundred Sea Cadets from all over the world will attend the camp and to be chosen as one of their number is regarded as a distinct honor.

Choice of Billy Toderas was made by a local board consisting of Lt. George Brown of H.M. C.S. Chatham and James N. Forman, president, and T. M. J. Fortune of the local Navy League of Canada executive which sat last week.

In addition to Toderas, there were five other local Cadets whose proficiency had qualified them as contenders for the trip to camp. They were Ronald Rhodes, Robert Woods, Matthey Sedgewick, Donald Leighton and Norman Shenton.

Toderas will leave for Montreal July 30.

### C.C.F. Gov't Would Be Fatal Mistake

**VANCOUVER**—Principal speaker at an election rally Saturday night in the ballroom of the Hotel Vancouver, Premier Byron Johnson told an audience of 1200 persons that election of a C.C.F. government, if it ever came about, would be a mistake from which the country would never recover.

### Vishinsky Willing To Come to Limited Terms

**PARIS (CP)**—Andrei Vishinsky of Russia was said today to have consented to a limited agreement on problems of Germany at the Big Four foreign ministers' conference. These problems include currency, road and railway traffic and inter-zonal trade.

The conference is recessed today at the request of the Russians and will re-convene tomorrow. It may adjourn Thursday to another date in the near future.

### Double Murder Seen Possible

**But Authorities Have Not Yet Established Cause of Death of Elderly Vancouver Couple**

**VANCOUVER**—Bodies of an elderly Vancouver couple, estimated by police to have been dead more than five days, were found Sunday in their cottage in South Vancouver. Police are today probing the mysterious double death of Mr. and Mrs. Mike Geluch, including the possibility of a double slaying although the actual cause of death is as yet unknown.

There were no marks of violence, it was at first reported, on the badly decomposed bodies which were found Sunday morning by the police after neighbors had reported not seeing the couple for several days. No weapon was found. The cottage had, however, been ransacked.

A preliminary autopsy did not disclose what caused deaths.

There is possibility of a double murder with robbery as the motive. This is being investigated by detectives under command of C.I.B. Inspector Frank White. The couple were 67 and 57 years of age respectively.

### C.C.F. RALLIED BY RED FLAG

**Coldwell and Winch Speakers at Big Meeting in Vancouver Saturday Night**

**VANCOUVER**—The Red Flag was sung at the opening of a C.C.F. election rally in Peter Pan ballroom here Saturday night when M. J. Coldwell and Harold Winch, the national and provincial leaders respectively, were the principal speakers.

Coldwell predicted that there would be a million unemployed in Canada within five years. He questioned the ability of the government to handle an unemployment crisis and said that the present unemployment insurance was inadequate and inefficient and would break down under an emergency.

Winch said the C.C.F. would win more seats than ever in the provincial election. The Coalition government he denounced for its taxation and patronage. A crowd of 2400 attended the meeting.

### Political Eyes Turn This Way

**OTTAWA**—A third and final provincial election will throw its shadow on Canada's pending federal balloting when British Columbians parade to the polls June 15 and political observers here hold that the voting will be full of implications for the federal result—much more so than either Nova Scotia or Newfoundland balloting.

Both the eastern provinces returned Liberal administrations but the question in British Columbia is whether the C.C.F. will make inroads. If they are to be stronger federally after June 27, the strength is expected to come from British Columbia and Ontario.

Today's federal nomination day throughout the country and lists of persons seeking 262 House of Commons seats will be known officially.

Prime Minister L. S. St. Laurent is moving back into action after an absence enforced by laryngitis and will concentrate on Ontario and Quebec with a flying trip to Newfoundland.

George Drew, Progressive Conservative leader and the party's main spring, is back in Ontario while M. J. Coldwell is in British Columbia which he will leave tomorrow. The Social Creditor, Solin Low, is also in Western Canada.

### WHICH?

**APPLEWHITE**

**ARCHIBALD**

Two candidates were in the field when nominations for Skeena federal riding closed this afternoon. They were Ted Applewhite, Liberal, and Harry Archibald, C.C.F.

### ELECTION TALK IN TSIMPSEAN

A novel touch was added to the Prince Rupert coalition campaign Saturday night when William Beynon took to the air from station CFPR and made an impressive case out in the Tsimpsean tongue in support of Jack McRae, the coalition candidate. Mr. Beynon also spoke in English. Later he spoke from a sound truck at the corner of Third Avenue and Sixth Street to a Saturday night crowd of natives assembled in the city. Not only natives but white voters listened with interest to Mr. Beynon's appeal.

### RIFLE BULLETS OVER SEAMEN

**VANCOUVER**—Two rifle bullets whizzed over a squad of truncheon-swinging police at the week-end as they held forty Canadian Seamen's Union pickets at bay while the freighter Rocksides took aboard a replacement crew of rival Seafarers' International Union (AFL) men.

Ten policemen were uninjured while several CSU men were roughed up. Police said the strikers carried rocks.

### A MESSAGE TO ALL MEMBERS OF THE NATIVE BROTHERHOOD, OF THE INTERIOR SKEENA DISTRICT

**BROTHERS AND SISTERS:**

As your District Vice-President for Skeena District, I wish to draw your attention, as to what The Coalition Government has done for you.

Not just by high talks and wild promises but that they have granted us the power and right to vote. With that power and right to vote we now have a voice in the Councils and in the affairs of our country.

We have been fully granted privileges to demand our just claims. We have also been given to understand that we are to partake of the Social Security benefits, hospitalization, and to take part in the industrial expansion of the province.

And above all, our native children will be sitting, as do the white children, in the high schools. That of course is more than a million dollar benefit for our children.

And that we shall not be under liability of taxes. But that we are now to enjoy the fullest measure of equal citizenship—the greatest measure which any Canadian citizen can enjoy. That is the work of the Coalition Government.

And remember brothers and sisters, that it was through the continuous hard struggles of your leaders of the Native Brotherhood Organization, that the door is now open to us and that we have a voice in the affairs of our country. And that will be greatly benefited by our children in the years to come.

For that reason, Brothers and Sisters, I urge you one and all to stand firmly behind your own organization and from your own organization's grounds.

**VOTE FOR THE COALITION GOVERNMENT**  
**VOTE FOR THE HONORABLE E. T. KENNEY, WHO IS ON THE SKEENA RIDING, JOHN D. McRAE, PRINCE RUPERT RIDING AND WILLIAM D. SMITH, ATLIN RIDING.**

By doing so, you will fully protect the interests of your just claims.

Bear in mind, Brothers and Sisters that the aims of your organization are for the welfare and betterment of your condition. For that reason, I speak and stand on your behalf and I am not in a position to betray you, brothers and sisters, but I have my deep mind on your behalf.

Signed: **HAROLD SINCLAIR**  
District Vice-President  
Native Brotherhood for Skeena.

Letters to the Editor

Editor, Daily News: I would appreciate it if you would publish these few lines in my detail.

After reading Miss Betty Richards' comment as published in the Daily News May 8, I feel strongly of opinion...

My own, as directed by the city engineer, is to dig all graves, make all markers, lay all paths open and clean and in addition, sweep I can find time to dig the premises up in a general way—all of which I do.

In no case, however, am I required to look after private plots. This would be impossible for it is at times compelled to see additional help.

No one, Mr. Editor, would appreciate more than myself seeing greater care taken of the graves of the departed but that care with the relatives and friends who are left.

GUYT BODERLAND, Vancouver.

Editor, Daily News: Socialism is a subject that is badly mislabeled by the mass of politicians...

Scientific socialism belongs to the field of elementary science as regards the production and distribution of wealth.

Therefore, the 500 question to be voted on June 15 and 16 is not to produce wealth but how to distribute the wealth we create and keep on being producing.

GEORGE E. CAREY

QUESTIONS ANSWERED

Editor, Daily News: As vice-president of the 'Over 70 Club of Prince Rupert,' whose membership is composed of many old age pensioners...

And whereas the Prince Rupert city council voted 7 to 1 to have two-thirds of the meter collected in 1949 paid over to municipalities...

Therefore being an official of the above-mentioned organization I ask on behalf of all old age pensioners and heavily direct a straight question to our own assembly now constituted for public office...

A straight, unqualified answer either through the press or from public platform before election day will be very much appreciated by old age pensioners and others.

GEORGE E. CAREY, Vice-President, 'Over 70 Club of Prince Rupert, B.C.

Election Days

EVERY DAY OF THE YEAR we are called upon to make certain choices. Every article we buy—food, our clothing, our furnishings—is a vote for the product of our choice.

The important thing is that, in Canada, one can choose—freely. In some countries the government makes the choice for people—they take what they offer or go without.

On June 15 and 27 we will be called upon to make important decisions. Those days we will decide what our governments will be for the next few years.

Meanwhile, we must make up our minds how to vote. Through the channels of the daily press and radio, we hear the claims of opposing parties.

This and other newspapers try to bring full and impartial news about all parties and policies. Editorials may suggest how the newspaper thinks people should vote.

Canadian newspapers are free in every sense of the word. They are not controlled by government parties—nor are they dominated by powerful advertisers.

The newspapers help decide how to vote. But it is the people themselves who decide.

FOR OUR CHILDREN

CHILDREN, growing up in Prince Rupert and Skeena, will be young men and women in another few years. By that time, some may be married but everyone will be thinking of employment.

There is the distinct possibility of a vast industry coming this way in the shape of aluminum enterprise and expansion. It is within the power of the electors this week to drive it away or look forward to the enjoyment of its payroll in the thousands of weeks ahead that we call the future.

When we vote this Wednesday, we might think of our family members and of how, when and where they start in life.

JUST ANOTHER SIGN

A HOTEL, similar in size and appointments to the best in Canada, standing in Prince Rupert within a year, is just another sign—and a most substantial one—of the turn of affairs in this city.

A Look at Operating Costs

Costal passenger and freight rates being a topic of current public interest, it is felt that the publication of certain facts and figures would be timely.

There may be some who feel that recent increases applied by Coastwise Operators are not justified and, without access to the figures, such feelings are understandable.

This shows the revenues derived by this Company from its passenger and freight business in the years ending 1948 and 1949, respectively, with figures showing the difference in the amounts expended for two items only—wages and fuel oil.

Table with 3 columns: Item, 1948, 1949. Rows include Total passenger and freight earnings, Wages Paid, Fuel Oil Cost, and Total Percentage of earnings of these two items alone.

It should be stated that, in addition to the above, a further wage increase was granted as from January 1st, 1949, which will result in a further overall wage increase out of \$75,000.00 to the Company this year.

These facts should dispel any doubt as to the extent by which operating costs have risen during the past ten years, the actual overall increase amounting to 130 percent.

### SUNDAY BASEBALL CALLED BY RAIN

City baseball league lost out to the weatherman for the second straight time on Sunday when wet grounds and light rain caused cancellation of a scheduled game between Merchants and Commercial Hotel.

Second fixture in the league schedule, the Merchant-Commercial game, was originally to have been played last Thursday night, but was called off for the season. So far, the only game that has been played has been between Savoy and Merchants.

Junior baseball has been suffering the same fate as the senior game. Sunday's game between the Cubs and Braves of the youngsters' league also was called off.

### RAIN POSTPONES

Rain caused the postponement of Friday night's Senior League football game between Canadian Legion and General Motors. Monday evening General Motors and Heavy Battery are scheduled for their first meeting of the season.

### PRIZE-WINNERS AT JAMBOREE

### PRIZE-WINNERS AT JAMBOREE

Job's Daughters Gypsy Jamboree came to a highly successful conclusion at the Afmory Saturday night when a crowd much larger than either of the two previous evenings was on hand to patronize the affair. Presence of fez-capped Shriners lent color to the scene as they assisted at the booths and elsewhere. A sale of home cooking was an added attraction.

An event of interest was the drawing of many raffle prizes, the honored queen drawing the lucky tickets. Winners were:

## 60 YEARS OF ACCOMPLISHMENT

1889 1949

Fifty years ago the horse-drawn dray was the vehicle used to transport freight and heavy merchandise along the streets. Today trucks of all types and sizes move goods along our streets and highways. Speeds and loads have been steadily increased through better engineering and better materials used in truck construction. Strong, tough, shock-resisting Nickel alloys are almost universally used for gears, crankshafts, frames and many other parts.

## Nickel Brings Dollars to Canada

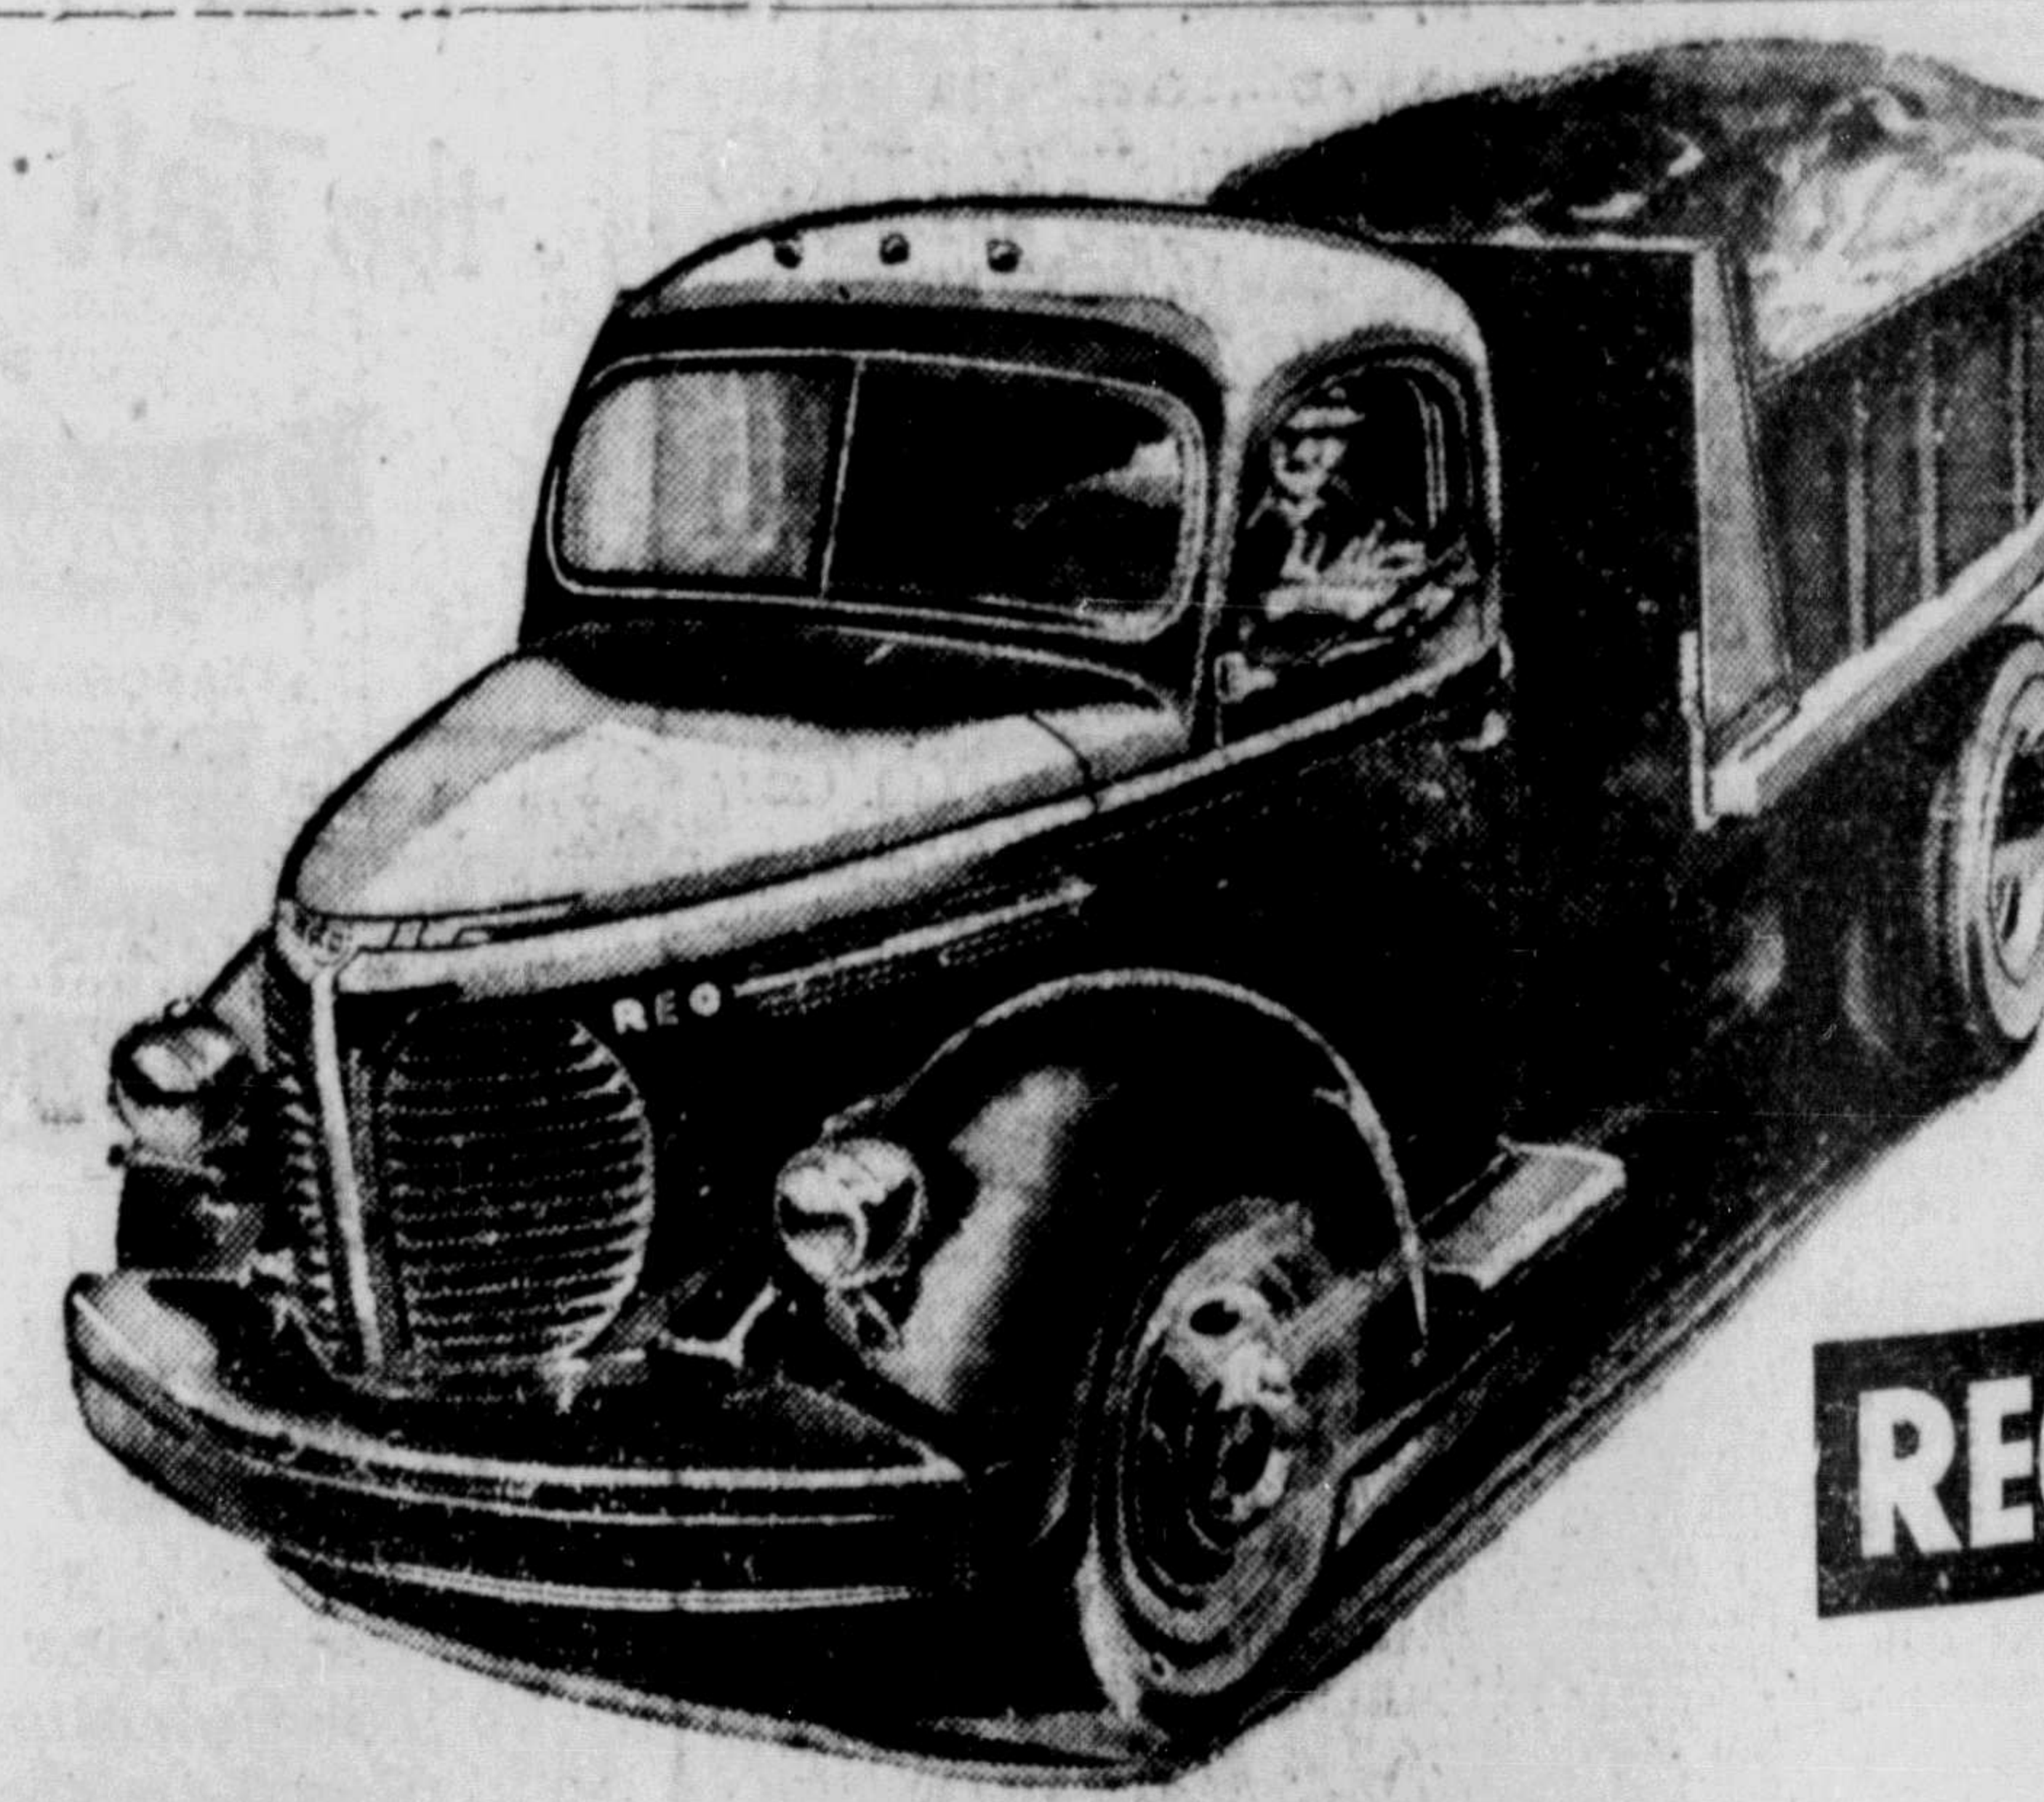

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year. These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

**BIBLE HOLDS CIVILIZATION**

The Bible, which Voltaire at the beginning of the Eighteenth Century had predicted would be extinct in the world, was today in greater circulation than ever before and was a most important factor in holding together the fabric of civilization, declared J. A. Raymond Tingley of Vancouver, secretary for British Columbia of the British and Foreign Bible Society in one of the week-end addresses during a week-end visit to the city during a tour of the district.

Armies could not stop the aggression of communism and fascism, declared Mr. Tingley. Only a spiritual renaissance could do so.

It was not opposition that would kill the Church of Christianity, asserted the visiting pastor. Rather, it was indifference that would be fatal. Here in Prince Rupert real opposition might even be of benefit in spurring the Church itself.

Nevertheless, Mr. Tingley saw a growing interest in the work of the Church and the Bible Society generally. He reported that the Bible was now in print in 1090 different languages and there was a greater and greater demand from all parts of the world.

At a rally of various congregations last night in St. Paul's Lutheran Church Mr. Tingley gave an illustrated address entitled "At the Crossroads," a moving picture film proving of much interest.

Mr. Tingley pictured the urgent need of Bibles in Africa, China, Japan, India, Burma and most of the countries of Europe. He spoke of opened doors in Japan, where there is being born a hunger for the word of God greater than ever before. Germany, he said, is asking for 4 million Bibles and 6 million New Testaments.

The secretary portrayed the work of the Bible Society in translating the Scriptures into other languages. He stated that in addition to translating and publishing the Scriptures, the Society distributes them. It also supplied all of the churches with the Scriptures which their missionaries use in all lands.

The Churches, he said, are dependent upon the Society in their world-wide missionary enterprise.

**OFFICERS ELECTED**

Officers of the local Society were elected as follows:  
President, P. H. Linzey.  
Secretary, Miss Margaret Fraser.  
Treasurer, Miss Curline Heide.  
Executive—H. W. Timms, Miss

Joyce Scherk, Mrs. J. A. Teng, Donald McAllister, B. Ewald and G. H. Seaman.

Mr. Tingley preached Sunday morning in First Presbyterian Church and in the evening in First Baptist Church.

R. E. Benson left by air today for Victoria to attend Masonic Grand Lodge sessions. D. G. Stevenson and J. R. Morin will be leaving Wednesday.

**FORMER RESIDENT DIES IN SOUTH**

Mrs. Elizabeth Lancaster, a resident of Prince Rupert from 1914 until 1942, passed away at Vancouver Saturday night according to word received by relatives here. She was about 72 years of age.

Deceased lived in Prince Rupert while her husband, A. J. Lancaster, was provincial government collector here. On his retirement in 1942 they moved to Port Moody where they lived for a short time, before moving to Vancouver.

Deceased is survived by her husband in Vancouver, one daughter, Mrs. E. J. Smith of Prince Rupert who is now in the south, and one son, E. R. Lancaster, of New Hazelton. There are nine grandchildren.

The funeral will be held in Vancouver on Wednesday.

FRIENDS HONOR SILVER WEDDING OF CITY COUPLE

A bride and groom of a quarter of a century ago were guests of honor on June 7 at a surprise party at the Commodore Cafe where 70 friends gathered to pay tribute to Mr. and Mrs. Aksel

Petersen of 1136 Ambrose Avenue, who have been residents of Prince Rupert for the greater part of their married life.

Owner of the halibut boat Arctic I, Mr. Petersen came to Prince Rupert in 1926 from his native Norway where he had been married on May 24, 1924. He was followed a year later by Mrs. Petersen and their two children. Three other children were born here and all were brought up in the city.

The family consists of Tina (Mrs. J. Howitt) of Alberni, Johanna (Mrs. H. Palmer) of Abbotford and Mary, Arnold and Inger at home.

Toasts and speeches in tribute to the couple were numerous during the evening and were climaxed by the presentation of a lovely gift of silverware from their friends. Toastmaster was Pat Forman. Speeches were made by H. Mork, T. H. Sorensen, Sydney Dickens and Norman Bellis. Response was made by the bride and groom

HEARTWARMING PICTURE HERE

Story of Man and Dog Featured at Capitol Theatre First of This Week

Heartwarming story of a dog and his master, "Hills of Home," in technicolor, brings the talented colie star, Lassie, and Edwin Glenn, Donald Crisp, Tom Drake and Janet Leigh to the screen of the Capitol Theatre this Monday and Tuesday.

The picture is an unusual drama of the Scottish Highlands. Its heroes are an old village doctor who, through storm and personal illness, answers the call of needy humanity and the dog, whose devotion is equally great.

The old doctor has two problems—one to prove that his dog is not a coward, the other to overcome the objections of a shrewd farmer, Rhys Williams, to having his son, Tom Drake, studying medicine and becoming his successor as the village doctor.

Pretty Janet Leigh has the romantic lead opposite Drake. Donald Crisp is the doctor's staunch friend Reginald Owen is in character as the proprietor of the local pub.
