

# Transport Board Grants Eight Percent Freight Rate Increase

## Boost in Addition to 21 Percent Granted Last Spring

OTTAWA (CP)—The Board of Transport Commissioners in a majority report today granted an eight percent increase in railway freight rates. The rate is in addition to the 21 percent set last spring.

The board said that an increase of 15 percent would be necessary to meet the needs of the railways.

The board also granted a temporary increase in the general freight rate of 20 percent. The board said that it would deal with the increase again after the commission on transportation has reported its findings.

The board's decision is effective next week. The board said that it would deal with the increase again after the commission on transportation has reported its findings.

THE BRIDGE THAT WAS BUILT BY ARMY ENGINEERS—A busy 26 hours was put in by Canadian Army Engineers from Ottawa and North Bay when erection of this 190-foot Bailey bridge over the Petawawa river deep in the bush country of Algonquin Park was completed. On completion, the bridge which spans the Petawawa river on a road between Des Joachim and Halliburton and which was erected as a training exercise was turned over to the Hydro-Electric Power Commission for use in future power developments. Above, 40-odd sappers are seen working on construction of huge bridge.

## ALLEGIANCE OATH ASKED BY T.L.C.

CALGARY (CP)—An oath of allegiance to the Crown for officers of the Trades and Labor Congress of Canada has been ordered by T.L.C.'s annual convention.

Action to amend T.L.C. constitution came after short but lively debate in which some members claimed it would be a measure similar to the Taft-Hartley Act in the United States. Some opposed this on the grounds that the Communists would sign any kind of affidavit.

The constitutional amendment, which finally got overwhelming support, compels all office candidates to swear an oath of allegiance to the King and to take oath that they will not associate with any group subversive to Canadian principles.

The steelworkers were summoned by Phillip Murray, Union president to decide whether or not to comply with President Truman's request that the Saturday night steel strike deadline be extended six days.

U. S. Steel Co. has accepted the Truman proposal. Meanwhile, chances faded for early settlement of the coal strike which began four days ago. The 480,000 United Mine Workers, who are out on a "no benefits, no work" strike appeared unlikely to return to work until the steel dispute is clarified.

The launching took place at Port Arthur during the early summer of 1913, and attracted wide interest in the Great Lakes ports and general territory. Among the various public bodies that travelled to Port Arthur for the occasion was the Chamber of Commerce of Winnipeg.

Miss Edna Dobie, formerly of Port General Hospital, left this morning for Prince Rupert to visit her home at Copper City. Miss Dobie was Acting matron during the absence of Miss Phyllis Mooney last summer.

## ATOMIC TALKS AT CHALK RIVER

OTTAWA (CP)—The External Affairs department announced today that another in the series of Anglo-American-Canadian atomic talks will be held at Chalk River, Ontario, September 29 and 30. The announcement came as Trade Minister Howe continued a high-level conference in Washington on atomic policy.

## Altar Thins Ranks Of All-Girl Band

VANCOUVER (CP)—The biggest trouble with running an all-girl orchestra, Maurice Jackson will tell you, is finding replacements for the players who desert the saxophone for the sink.

Since his band—the only all-girl band in Canada—was formed in 1945, Jackson has lost 15 girls via the altar route. "And when you only carry a full complement of 11, that's quite a turnover," says leader Jackson.

The girls all between 17 and 22, come from scattered points on the railries and eastern Canada.

## LETTER OF 1870 SHEDS NEW LIGHT ON B.C. DISPUTE

VICTORIA, B.C. (CP)—British Columbia people were not fit for responsible government back in 1870, in the opinion of the colonial secretary of those times.

Hon. Philip J. Hankin, colonial secretary in Victoria, made his outspoken observations in a letter to his friend the Duke of Buckingham in England, and that letter has just been purchased by the provincial archives.

The letter was written during the heat of a famous debate which began in March, 1870, in the B.C. legislative council on the subject of confederation with Canada. Union was achieved in July, 1871.

Archivist William Ireland, who released the letter for publication, said it was "a forthright, frank statement of the personal opinions of the senior member of the colonial civil service."

Hankin's appointment as colonial secretary was not popular. Mr. and Mrs. W. L. Armstrong of Edmonton arrived in the city Wednesday afternoon on the Prince George to visit their son and daughter-in-law, Mr. and Mrs. Allan Armstrong. Mr. Armstrong will return to Edmonton this week. Mrs. Armstrong expects to remain in the city for the next fortnight.

## YOUTHS ENJOY NORTHERN TRIP

A tired but happy group of Los Angeles newspaper carriers passed through Prince Rupert on board the Princess Louise, on their return voyage from the far north. These lucky youngsters are the winners of the Los Angeles Examiner circulation contest and have just completed a week of visiting by sea and air of Ketchikan, Petersburg, Juneau, Skagway and White Horse.

In the north the carriers took trips into the interior, over the old Trail of '98, where they saw relics of the gold rush days and did a bit of prospecting themselves.

The boys stayed overnight at White Horse and on their return were accompanied by experienced guides who explained the highlights of each port of call. As one boy put it: "This is sure more fun than studying geography at school."

Accompanying the boys is Dick Lambert, education division director of the Examiner, and Dr. E. Merkley, director of the Recreational and Youth Activities of Los Angeles schools.

## Parliament May Debate Devaluation

LONDON (CP)—A cabinet meeting today is understood to have decided to recall Parliament to debate devaluation of the pound. Sir Stafford Cripps gave the meeting a full report on the Washington talks.

Meanwhile, speculation increased that devaluation may compel Attlee to call a general election soon. The labor rank and file remained restless and fearful that higher living costs may come from devaluation.

## APPLICATION FOR B.C. PIPELINE IS REJECTED

OTTAWA (CP)—Lack of evidence that it could successfully run a natural gas pipeline from northern Alberta to Vancouver and nearby United States cities has stalled an application of West Coast Transmission Co. before the Board of Transport Commissioners.

The application to build a line, which would bring cheap fuel to these centres, was rejected on grounds that it is not yet proven that there are sufficient supplies of gas and that provincial and federal export permits have not yet been granted.

The line would run from Athabasca through Dawson Creek, down the Fraser Valley to Vancouver, Seattle and Portland.

## THE WEATHER

### Synopsis

Light frosts again touched the valleys of the central and south eastern interior regions of British Columbia during the night.

Clear skies and light winds give promise of pleasant weather over these areas in the next 24 to 48 hours. Frosts will again occur in the Cariboo and Kootenays with light ground frost expected in the low areas of the Okanagan tonight.

Fog patches in the low lying areas of the southern coast will clear rapidly this morning and form again during the night. Cloudiness persists over the north coast regions.

### Forecast

North Coast Region—Cloudy today and Friday. Occasional drizzle along the mainland this morning. Little change in temperature. Winds southerly (20) in the exposed areas of the Queen Charlottes and light elsewhere. Low tonight and high Friday at Port Hardy, 42 and 60; Masset and Prince Rupert 45 and 60.

## Housing Plan Presented By Government

OTTAWA (CP)—The federal government Wednesday outlined a program aimed at solving Canada's housing shortage through encouraging home ownership by providing both low-rental and subsidized, low-cost dwellings.

The program, read to Commons by Reconstruction Minister Winters, disclosed that the Federal government plans to amend the National Housing Act to cut approximately in half the down payment required by prospective home owners.

The remainder of the program envisages a Dominion-provincial partnership on a 75-25 percent financial basis to undertake a potential three-point program of land assembly, construction of both low-cost and subsidized rental units.

The plan would reduce the amount of required down payment from one-third of the cost of the dwelling to one-sixth.

The municipalities will play a part in the plan but will not be parties to the Dominion-provincial agreements.

## NEED FOR NEW SCHOOLS BACKED BY KING ED. P.T.A.

It was a "get-acquainted" meeting of the King Edward Parent-Teacher Association in the school music room, Tuesday evening. Seventy members attended.

The President, Mrs. R. E. Mortimer was in the chair.

The aims of the Parent-Teacher Association were read by Mrs. P. Mark.

The membership convener, Mrs. W. W. Bowes, reported 104 members to date.

The new members of the teaching staff were introduced by Principal R. G. Moore.

Mr. Moore gave a short address on School Organization, and introduced Mr. I. H. R. Jeffery, Inspector of Schools. Mr. Jeffery stressed the need for modern school buildings, as a requisite for a more varied course of instruction to develop well-rounded personalities.

Mrs. E. W. Becker, speaking in support of the school by-law, gave a resume of difficulties encountered, and finally overcome by the School Board, in drawing up plans for the new schools.

She credited the Parent-Teacher Association as a whole and King Edward Parent-Teacher Association in particular, with promoting the movement for new schools, and urged everyone to get out and vote for the by-law on October 6.

A resolution was passed by the meeting that King Edward P.T.A. go on record as approving the school by-law.

A color film "Nova Scotia" was shown by Jo Goscoe, after which delicious refreshments were served in the lunch room by Mrs. B. Roald, assisted by the members of the Executive.

## A Good Start

NO TIME has been lost by E. T. Applewhaite, M.P., in calling to the attention of the government some of the needs of his constituency. It is gratifying to know he has pressed on Ottawa the desirability of an Agricultural Illustration Station at Terrace and the Minister of Agriculture, Hon. J. G. Gardiner, acknowledging his remarks agreed with the statements of the new member for Skeena. He as much as said this work would be performed.

An Illustration Station can best be described as a modified experimental farm. It greatly reduces, if not removes, the possibility of settling in a wrong location and consequently becoming subject to wasted effort in the cultivation of land.

### RIGHT WINGERS DOMINATE T.L.C.

CALGARY ©—The right-wing element of the Trades and Labor Congress of Canada gained ground Wednesday at the Congress' annual convention here when it obtained passage of an amendment to the T.L.C. constitution interpreted as giving right-wing international unions more say in Congress affairs through changing the voting system for conventions. The convention also passed a resolution which will require officers of the Congress to take an oath of allegiance to the Crown when entering office.

## SIR NEIL RITCHIE PREPARES FOR BIG WASH. POST

Noted British General and Canadian Wife Will Leave Singapore for U.S. Capital

SINGAPORE ©—Gen. Sir Neil Methuen Ritchie will take up his post on the joint chiefs of staff at Washington next year but right now two other matters seem more important—obtaining living quarters in the United States capital for himself and his Canadian-born wife and waiting for his fractured leg to heal.

Gen. Ritchie will be Commander, British Army Staff, and military member of the joint United States-Britain services mission to Washington next March. His task on the joint chiefs of staff will be to co-ordinate British and United States military policies.

Until recently Sir Neil was commander-in-chief of Far East land forces. He was scheduled to relinquish this command in February, 1950.

Last June his horse slipped and fell on muddy ground breaking the general's left leg. The fracture is healing nicely but Gen. Ritchie now has to carry about his 203-pound, six-foot-two military frame aided by two heavy crutches. Consequently, it was decided that he should quit his command immediately.

While Sir Neil frets about the annoying slowness with which his leg is mending, Lady Ritchie joins him in wondering about finding a home in Washington and a school for their two children, Dugald, five, and Anne, three.

### FORMERLY OF KINGSTON, ONT.

Lady Ritchie is the former Miss C. T. Minnes, of Kingston, Ont. The Ritchies met in 1937 when Sir Neil was a lieutenant-colonel making a trip through the United States. After a brief courtship, Miss Minnes joined him in England where they were married. The tall, charming Canadian will leave a busy social life in Singapore, but her social calendar in Washington

will probably be just as crowded.

Gen. Ritchie, 52, has been an active soldier for 35 years. At 17 he was commissioned a second lieutenant in the Black Watch, famed Highland regiment, after being educated at Lancing College and Sandhurst.

He served with the Black Watch during the First World War, was wounded and decorated twice. He received the Distinguished Service Order and the Military Cross. He emerged from the conflict a captain, after combat service in Belgium, France and the Middle East.

Between the wars he was active in sports. At the outbreak of the Second World War he was a lieutenant-colonel and

later rose to full general.

He was in command of the 8th Army from November, 1941 to July, 1942, when he was succeeded by Gen. Montgomery. In 1943 he assumed command of the 12th Corps, which he led throughout the invasion of Europe.

Sir Neil will bring to his new Far Eastern problems as well as post an intimate knowledge of those of the western world. During his 2½ years in Singapore, he has seen at first hand the mounting threat of Communism in Asia.

BAGSHOT, Surrey, Eng. ©—The local council requested that the police station remain open 24 hours a day instead of 20.

## CHINA APPEALS TO U.N. AGAINST COMMUNISM

NEW YORK ©—The Chinese Nationalist government today charged for the first time in the United Nations that Russia and the Chinese communists are working hand-in-hand.

She called on the U.N. Assembly to act quickly to prevent Communism from engulfing China and the entire Far East. The chief delegate, Dr. T. F. Tsiang said the Atlantic Pact had halted the flow of Communism across Europe but that no such barrier exists in the east.

## CELANESE WINS HONORED AWARD

NEW YORK—Celanese Corporation of America today was announced the winner of the 1949 Chemical Engineering Achievement Award in recognition of the corporation's outstanding program of post-war developments in the chemical, textile and plastics industries.

A committee of more than fifty senior educators from leading colleges and universities in 26 states voted the singular distinction to Celanese Corporation, which is the eighth corporation to be so honored since the award was established in 1933.

## Barbara BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

MONTREAL, Sept. 22nd.—Just imagine how long it would take you to assemble and clean the eighteen choice ingredients that go into SHIRRIFF'S FRUIT PUDDING! And they're such carefully selected ingredients of top quality! Dates and raisins and currants and mixed peel—combined with a rich spicy batter—steamed cooked 'til the pudding is golden-brown and even textured! But wait 'til you TASTE Shirriff's Fruit Pudding! It has that old-time Fruit Pudding flavour that tantalizes and satisfies hearty Fall appetites. Let this delicious fragrance greet your home-from-work husband at the door... often. You'll find Shirriff's Fruit Pudding at your grocer's.

**The Finishing Touch** to Fall housecleaning... fresh curtains to hang at your just-washed windows! And they'll stay cleaner longer when you launder them with LINIT Laundry Starch! You see, Linit gently penetrates and protects the fibres of the cloth. It covers and holds down tiny surface hairs that catch the dust. And... important item at housecleaning time... "Linit" will save you many minutes... for it makes ironing so much easier—with such satisfying results!

**Keep That Husband Of Yours Proud Of You**... keep your complexion satin-smooth with daily "Woodbury Facial Creams"! Regular use of WOODBURY FACIAL SOAP is truly a boon 'n blessing to tired complexions. You'll never have "skin-burn" with this kitten mild soap, nor will it leave you with the taut, dry feeling of a skin robbed of its softening oils! Woodbury Soap actually contains a skin-smoothing, complexion-soothing ingredient of fine face creams. So you do for your round skin loveliness... Work up a creamy-rich Woodbury lather. Massage thoroughly over face to cleanse and soften. Follow with two rinses—a warm and a cold. Pat dry. That's all!—and such wonderful results!—try it tomorrow!

**"B.R.R. It's Cold This Morning,** Looking For Something to add zest and sparkle to your meals the year 'round? Then I'd suggest you ask your grocer for HEINZ TOMATO PRODUCTS! Every year at this time, at Leamington and Wallaceburg, Ontario, thousands of pickers gather the rosy harvest of tomatoes grown specially for Heinz. Then this harvest is transformed by the famous Heinz chefs into four family "flavours": Heinz Tomato Juice—Heinz Cream of Tomato Soup—Heinz Ketchup and Heinz Chili Sauce! Tickle your appetite just to read those famous names, doesn't it? Stock up now on Heinz Tomato Products!... you'll have a rich supply of the "pick of the crop" the year 'round! You'll always be sure of just the right touch of zesty flavour for your meals!

**Plums, Pears, Grapes**... all the autumn fruits are at their best now—full of wonderful, sun-ripened flavour. Enhance their flavour in a sparkling JELL-O mould, such as this: Dissolve 1 package of Lemon Jell-O in 2 cups hot water. Chill until slightly thickened. Fold in 1 cup diced pears and 1 cup diced plums. Turn into mould; chill until firm. Unmould at serving time; garnish with whipped cream. Fresh-fruit tanginess, gay colour, perfect consistency make Jell-O combine beautifully with a variety of fruits... make it delicious served plain, too. There are seven grand "lock-in" flavours of Jell-O Jelly Powders.

**Now's The Time To Bring Out Your Fall Outfit** and here's a wonderful way to make it look as good as new—and just as smart as the day you bought it—without big cleaner's bills! Get it clean with ENERGINE! Such a "magical" cleaning fluid—makes grease spots of all kinds disappear in a jiffy. Just follow simple directions and it cleans the most delicate fabrics—nylons and rayons, too—without leaving tell-tale rings. Be sure to check your family's sweaters, scarves, gloves, overcoats and suits for spots and stains. You can make all their fall and winter clothing spot-free and new-looking with this sensational cleaning fluid. Enengine is at your drug or department store for as little as 25c.

**So Much Better To Know** than to guess... and such a good thing for your peace of mind! The facts about feminine hygiene are important to you—as to every woman! And thousands of fastidious women have happily discovered ZONITORS... dainty, convenient and effective vaginal suppositories that are powerfully germicidal, yet absolute safe to delicate tissues! Ask your druggist for Zonitors... and, for further facts about feminine hygiene—write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for this free booklet. I'll send it to you in a plain wrapper.

**Yours For The Asking**—knitting instructions for the very latest in sweaters! Designed in New York, "Golden Hours" is a delightfully different sweater for all occasions. (Yes, it's the same sweater you saw illustrated in full colour in the Star Weekly Rotogravure Section last Saturday.) And the knitting instructions are available to YOU! Knit from NEWLANDS yarns, "Golden Hours" is the very latest in stylish, practical sweaters—with patterned front and plain back. Here's lasting loveliness in knitted wear—for—as you know—NEWLANDS nylon re-enforced "kroy" yarn is guaranteed shrink-proof and has remarkably long wearing qualities. You'll find "Golden Hours" easy to knit, in sizes 12 to 18. For YOUR knitting instructions, write in today to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q. (And please include 15 cents in coin or postage stamps to cover cost of handling and mailing.)

## Prince Rupert's High School

By Mrs. E. W. Becker

In Lloyd C. Douglas' latest book "The Big Fisherman" the Carpenter explains redemption to David, the Sadducee.

"It is useless," He says, "to sew a new patch on an old garment. The worn-out old fabric has no strength to support the good cloth. It is of no profit to pour active new wine into an old, dried, inflexible, wine-skin."

The same argument might well be offered in support of the school bylaw that is being presented for our approval next month.

The present Booth School is a makeshift, patched-up arrangement; it is a twelve-teacher elementary set-up redeemed by structural shots in the arm and by the assistance of outside facilities to do the job of a twenty-one-teacher Junior-Senior High School. Accordingly, the arrangements are to be thought of as temporary and steps should be taken some time towards the provision of a permanent structure. The Board of School Trustees whom we re-elected last fall on just such a platform feel that the time is now!

### THE GYM

Undoubtedly the greatest need is a gymnasium. As nearly every one is aware this is one of the outside facilities enlisted in aid of the present building. The Civic Centre has filled this want admirably, but the arrangement involves the disadvantages of cost, time, weather and administration. An annual rent is paid which is an actual expense borne by the taxpayers; a quite considerable loss of time is suffered in the goings and comings; every single boy and girl is unnecessarily inconvenienced in the wet weather; the smooth though intricate organization of time-tables is disrupted because of the double periods allotted to Physical Education. (Single periods are out of the question for reason of the much greater and prohibitive time wastage.)

### THE AUD

Just as a gymnasium is needed at Bo-Me-Hi so is an auditorium. The same inconveniences have to be undergone in making use of the Civic Centre but there is one significant difference. In its Programme of Studies the Department of Education lays down the required number of periods to be devoted to Physical Ed. according to the grade and this programme is adhered to, of course. However, there is nothing so specific respecting Assembly or other general meetings of the student body to witness plays, debates and displays that are a part of education in citizenship and which help to build up school spirit. Consequently, lacking an auditorium on the spot that will hold everyone, full meetings

must be held, regrettably, to a minimum. Further, last year the School Drama Club acquitted itself creditably in competition at the Music and Drama Festival—this, in spite of handicaps. Such effort should be encouraged by our doing something towards providing suitable facilities for activity at the school.

### COMMERCIAL

The number of students who choose commercial courses is increasing every year—so much so that some of the classes now have to be limited for lack of space. In time this may mean either that the commercial education of some will have to be taken at other institutions at their own expense, or that students will be forced on less satisfactory options.

### PRACTICAL ARTS

Home Economics and Industrial Arts classes last year filled the accommodations at the High School to capacity. Estimated attendance for 1949-50 is an all-time high and will no doubt provide a knotty problem for these departments. A drafting room for metalworkers and woodworkers, an annual difficulty, will be still harder to arrange for this year.

### LIBRARY

A lawyer or a scientist could get along comfortably with a library the size of the one at Booth School. For it to serve the needs of approximately 500 boys and girls, however, is not absurd because it is not expected to. It can be readily seen that much of the reference work that could and should be done by pupils of the institution is not done owing to the crowded conditions. This crowding in itself—apart from the competitive angle—is a discouragement to a student bent on the gathering of information.

### WASHROOMS AND LOCKERS

In a building designed for an elementary school it is understandable that the washroom facilities also would be inadequate for a fourteen or fifteen division high school. In addition, there are no lockers whatever in the building, a situation that tends to encourage petty thieving, acts of harmful horseplay and vandalism. Minor occurrences like these—in effect openly invited—depreciate the moral and citizenship habits which the school is endeavouring to build up.

### ADMINISTRATION

Just as there are short-comings on the academic side so is there a need for more administrative essentials. The Principal has an office at Booth School, but the Vice-principal hasn't. This is a serious lack affecting the number and the privacy of interviews for counselling and guidance on educational, social, moral and vocational problems. Similarly, the teachers in the special departments of Physical Ed., Home Economics and Industrial Arts are without office accommodation, and in some cases have not even the convenience of desk space.

It follows that the need for a new high school is definite and immediate. Our School Board has plans to supply the existing deficiencies so that the aims and objectives of the public edu-

cation system may be achieved more fully. We should be making a start on a new wardrobe for the High School rather than continually patching up the hand-me-downs. The passing of the school bylaw will do this.

W. J. Alder, formerly City Commissioner here years ago will sail tonight on his return to Victoria after a week's visit at Prince Rupert.

## Level Head Needed When Bullion Near

Government Gold Office Buys Over \$4,000,000 Yearly

VANCOUVER (C)—How would you like to work alongside half a million dollars' worth of gold? Employees of the Dominion government assay office here do it frequently, but it doesn't affect their equilibrium in any way. "Why, it's just like a bunch of cheese to us," said one man, as he gazed at a pile of dull, yellow bars on a table.

Workers casually wander around the office with carts bearing the bars, each sufficient to keep a man financially happy for the rest of his days. As government merchants, the employees buy and value gold daily. This is the only office of its kind outside the Royal Mint at Ottawa.

The precious yellow wealth arrives from the provincial mines by airmail or air express. Some consignments are nugget form, which are down into ingots. More than \$4,000,000 of gold passed through in 1948. In the common to have amount. Originally open to cope with the from the fabulous fields, the office is a thriving business.

It Pays to

## The Canadian Family owes much to... Bel

FOR OVER two centuries, Canada has been the land of opportunity to settlers from almost every country in the world. Much of our strength and vitality stems from this blending of racial and cultural heritages.

It is a matter of pride to all Canadians that so many races, without sacrificing their national characteristics, have united themselves into one great citizenship—the Canadian Family.

Gallant Belgium, whose poppy-carpeted fields of Flanders hold tender memories for many Canadians, has sacrificed much in the cause of

freedom. Comprising two racial groups—the Flemish and the Walloons—she has given of her sturdy sons to Canada.

Among them have been distinguished figures in arts and sciences. They have, however, specialize in agriculture and have done much to become successful dairymen.

A devout, thrifty and determined people, they have earned the respect of their fellow-citizens for their contribution to Canada's progress.

## Calvert DISTILLERS (Canada)

AMHERSTBURG • ONT.

Calvert, Secretary of State to King James I, and his famous Calvert family, founded one of Canada's oldest families in Newfoundland in 1622. Calvert and his descendants have been the principles of religious tolerance and democratic government, thus helped sow the fertile seed of democracy in the New World.

## TERRACE BRIDE IS HONORED

TERRACE— A miscellaneous shower, which was a complete surprise to the guest-of-honor, Miss Ina Smith, was given Tuesday afternoon at the home of Mrs. Emil Haugland. Miss Smith becomes the bride this evening of Emerson Roper, son of Mrs. M. Roper of Prince Rupert.  
Seated in a decorated chair with streamers suspended from the ceiling to the chair arms, the bride-to-be opened a lovely array of gifts from the gathering of friends.  
Delicious refreshments were served by the hostess and her daughter, Mrs. P. Murie, jr. Those present or sending gifts were Mrs. E. Haugland, Mrs. P. Murie jr., Mrs. W. Haugland, Mrs. McIlroy, Mrs. L. Llewellyn, Mrs. B. West, Mrs. E. T. Brooks, Mrs. C. R. de Kergommeaux, Mrs. E. Whalen, Mrs. Sundall, Mrs. G. Lambly, Mrs. W. Robinson, Mrs. Calder, Mrs. N. McNabb, Mrs. R. Cooper, Mrs. R. Sande, Mrs. F. Thomas, Mrs. Kenneth Kerr.

## W.O.M. Outlines Winter Activities

Three new members were initiated into the Prince Rupert Chapter, Women of the Moose at their monthly meeting last night. The meeting also laid plans for the chapter's fall bazaar next week and for a series of winter card parties.  
Social activities following the business session were directed by the publicity committee under chairmanship of Mrs. A. S. Hamilton. The committee staged a play which was enjoyed by the members, then acted as hostesses to a spaghetti dinner. There was a good attendance of members.

## HOW CAN I ? ? ?

By ANNE ASHLEY

Q. How can I make a better-than-ordinary pie crust?

A. By adding the yolk of one egg to the water. The yolk of an egg beaten lightly, with two to four tablespoons of water, should be used for a double-crust pie. The crust will be still better if 1/2-teaspoon of baking powder is added to the flour.

Q. How can I prevent the new clothesline from tangling?

A. Boil it for about 30 minutes

before using it, and it will not tangle so easily, will wear much longer, and will not stretch.

Q. How can I clean oil paintings?

A. Oil paintings can be washed with warm milk and water, rubbing very gently, then drying without rinsing.

## MIXED LEAGUE, CITY'S BIGGEST, STARTS ACTION

The biggest of the organized city bowling leagues, the Mixed League, started its schedule at the Rupert Bowling alleys last night. Many new bowlers are interspersed with last year's veterans and interest is keen coupled with praise for the new alleys which eventually will handle the complete league on Wednesday evenings.

As handicaps will not be available till after every team records their first games, many of the games were rather one-sided but still the first night was enjoyed by all present.

On top of the heap last night were three teams with four points, Manson's, Pioneers, Headpinners who rang up victories from Noble & Wick, Booth School and Conrads respectively.

Manson's powerhouse team took all the night's honors as far as high scores are concerned with Bertha Dunbar holding high ladies single and high ladies 3 games totals of 287 and 641. Jack Paul of the same team took high men's single with 241 and total points of 694.

An executive meeting has been called for Sunday evening to deal with questions of spares, rules of play, start times of all games, penalties, etc.

| Standings           |   |
|---------------------|---|
| Manson's            | 4 |
| Pioneer             | 4 |
| Headpinners         | 4 |
| C. P. A.            | 3 |
| Pushovers           | 3 |
| Pr. Rupert Plumbing | 3 |
| Hangovers           | 1 |
| Velvets             | 1 |
| Watts & Nickerson   | 1 |
| Conrads             | 0 |
| Booth School        | 0 |
| Noble & Wick        | 0 |

Miss Frances Olafson returned to the city Wednesday on the Prince George from a trip to Vancouver.

Miss Phyllis Hill, daughter of Mrs. George Hill, returned home Wednesday on the Prince George from a holiday trip to Vancouver. She was accompanied by her sister, Mrs. Cecil Taylor of Vancouver who will return south on tonight's boat.

## Ray Reflects . . . . . . and Reminisces

It is not always in wars, or veterans will receive campaign on raging seas, or scattered over stars and medals, after the first the wild places of the world that of October. Applications, in physical and mental anguish can most cases, will have to be made. be packed into a few minutes. A decoration is well worth hav- It has remained for a city of ing, and any rightful owner professing indifference to its importance to him is, nine times out of ten, talking through his helmet.

### CO-HOSTESSES AT BRIDAL SHOWER

Premier St. Laurent is said to have a thorough knowledge of both French and English, and in speaking either, there is hardly a trace of the other language. That must be very handy in a country like Canada. And incidentally, he never says "French Canadians." He always says "French-speaking Canadians." Sort of natural-born diplomat.

A Prince Rupert resident, back from a summer's visit to England says soap is scarce in that country. Today, it seems, most of the suds is found in beer.

Books in the city's public library show a steady increase, and there is variety enough to make its appeal to nearly all classes of readers. A remarkable change since the days, not so very long ago, when the staff of a library was along humble lines indeed. A sturdy shack and a handful of books near ground now occupied by the post office! There was that, but not much else.

ORPINGTON, Kent Eng. ©—S. C. Waters, public librarian here, is holding weekly phonograph concerts to keep students on vacation from getting bored.

More than a million Canadian

## Beerless Aussie Pub Kept Going By Plane

SYDNEY, Australia (P)—Beer, as North Americans who were here during the war discovered, is more than merely Australia's national drink. It is a sport, hobby or necessity according to one's viewpoint.

For many Sydney men the fact that beer supplies were thin for nearly two months during the

coal strike was the worst feature of the entire labor dispute.

But one Sydney hotelkeeper kept supplies going right through the drought, thanks to a midget racing plane which he keeps at a nearby airport.

He is A. J. R. Oats, R.A.A.F. squadron leader and D.F.C. winner during the war. When he came back to civilian life, he bought a tiny monoplane which had twice won the King's Cup

air race in Britain. It is the fastest small private plane in this district.

But Oates doesn't use it only for racing. Whenever beer supplies at his pub, The Good Intent, are running short he wheels out his plane and explores the brewing position anywhere in the 1,200 miles between Brisbane to the north and Adelaide to the south.

Says Oates: "I can reach Melbourne in three hours. If there is a whisper of beer down there I am off in a flash."

## TO RESIDE AT ALICE ARM

The marriage of Miss Laura Rhoda (Peggy) Jackson for seven years a member of the Vancouver Sun editorial staff, and Robert W. Stoddart, from Wiltshire (Eng.) will take place October 19th in Vancouver. Mr. Stoddart is employed in the Torbrit Silver Mine at Alice Arm and it is there the couple will live.

## Mother Needs Sense When Father's Gone

Widows, Divorcees Get Tips  
On Bringing Up Child Alone

NEW YORK (P)—Two is still the best number of parents for a child, but one sensible woman can do the job, says Dr. Percival Symonds.

Dr. Symonds, professor of psychology at Teachers' College, Columbia University, assures widows and divorcees they can bring up a child successfully alone.

Too many mothers, he says, run into difficulty simply because they lack confidence in their ability to take over.

"It never helps to try to hide anything from children," he advises. "Be frank and realistic honest and open, in all dealings with them."

"Don't say Daddy has gone away for a little while," he continues. "Explain gently to the child that his father is dead or that he will not live in the same house any longer."

"Be as objective as possible in discussing your husband with the children, especially if you are divorced."

Once a family has been split up, the professor says it is not a good idea for the mother to let the youngster visit his father, especially when the parents' standards differ.

"Divided loyalty is not good and it will lead to inner conflict on the part of the child," he says.

Dr. Symonds also advises against sending the child away to a private school. Studies reveal that many British children sent to North America during the Second World War felt they were unwanted by their parents. Even the best motives can be misinterpreted, he says.

LONDON (P)—The King has presented a decorated microscope, believed to have been made for George IV, to the Science Museum, South Kensington.
