

Winnipeg Gives Up Flood Fight

Efforts To Hold Out Water Are Abandoned; All Dykes Giving Out

NO LONGER MATTER OF FIGHTING, MERELY DEFENCE; FORCES TAKE OVER
WINNIPEG —(CP)— Winnipeg abandoned its fight to hold out flood waters today, and Deputy City Engineer A. J. Taunton said, "the city has come to the end of its flood defence fighting. Our resources are exhausted and things have gotten out of hand. It is no longer a question of defence but of relief." All city dykes but one have been swept away.

Inquires About Ship Incident

LONDON —Sir David Kelly, Britain's ambassador in Moscow has urgently inquired at the Soviet foreign ministry about the Russian arrest of the British fishing trawler Etruria while fishing in the White Sea. The Etruria was detained by a Soviet gunboat while fishing off a White Sea island.

Port Simpson Patriarch Dies

PORT SIMPSON — Richard Wells, aged 73, patriarch of this native community, died at his home here Tuesday night after a long illness. He was predeceased several years ago by his wife and is survived by two sons, Victor Wells and Gordon Wells.

Prince of Wales Veteran is Here

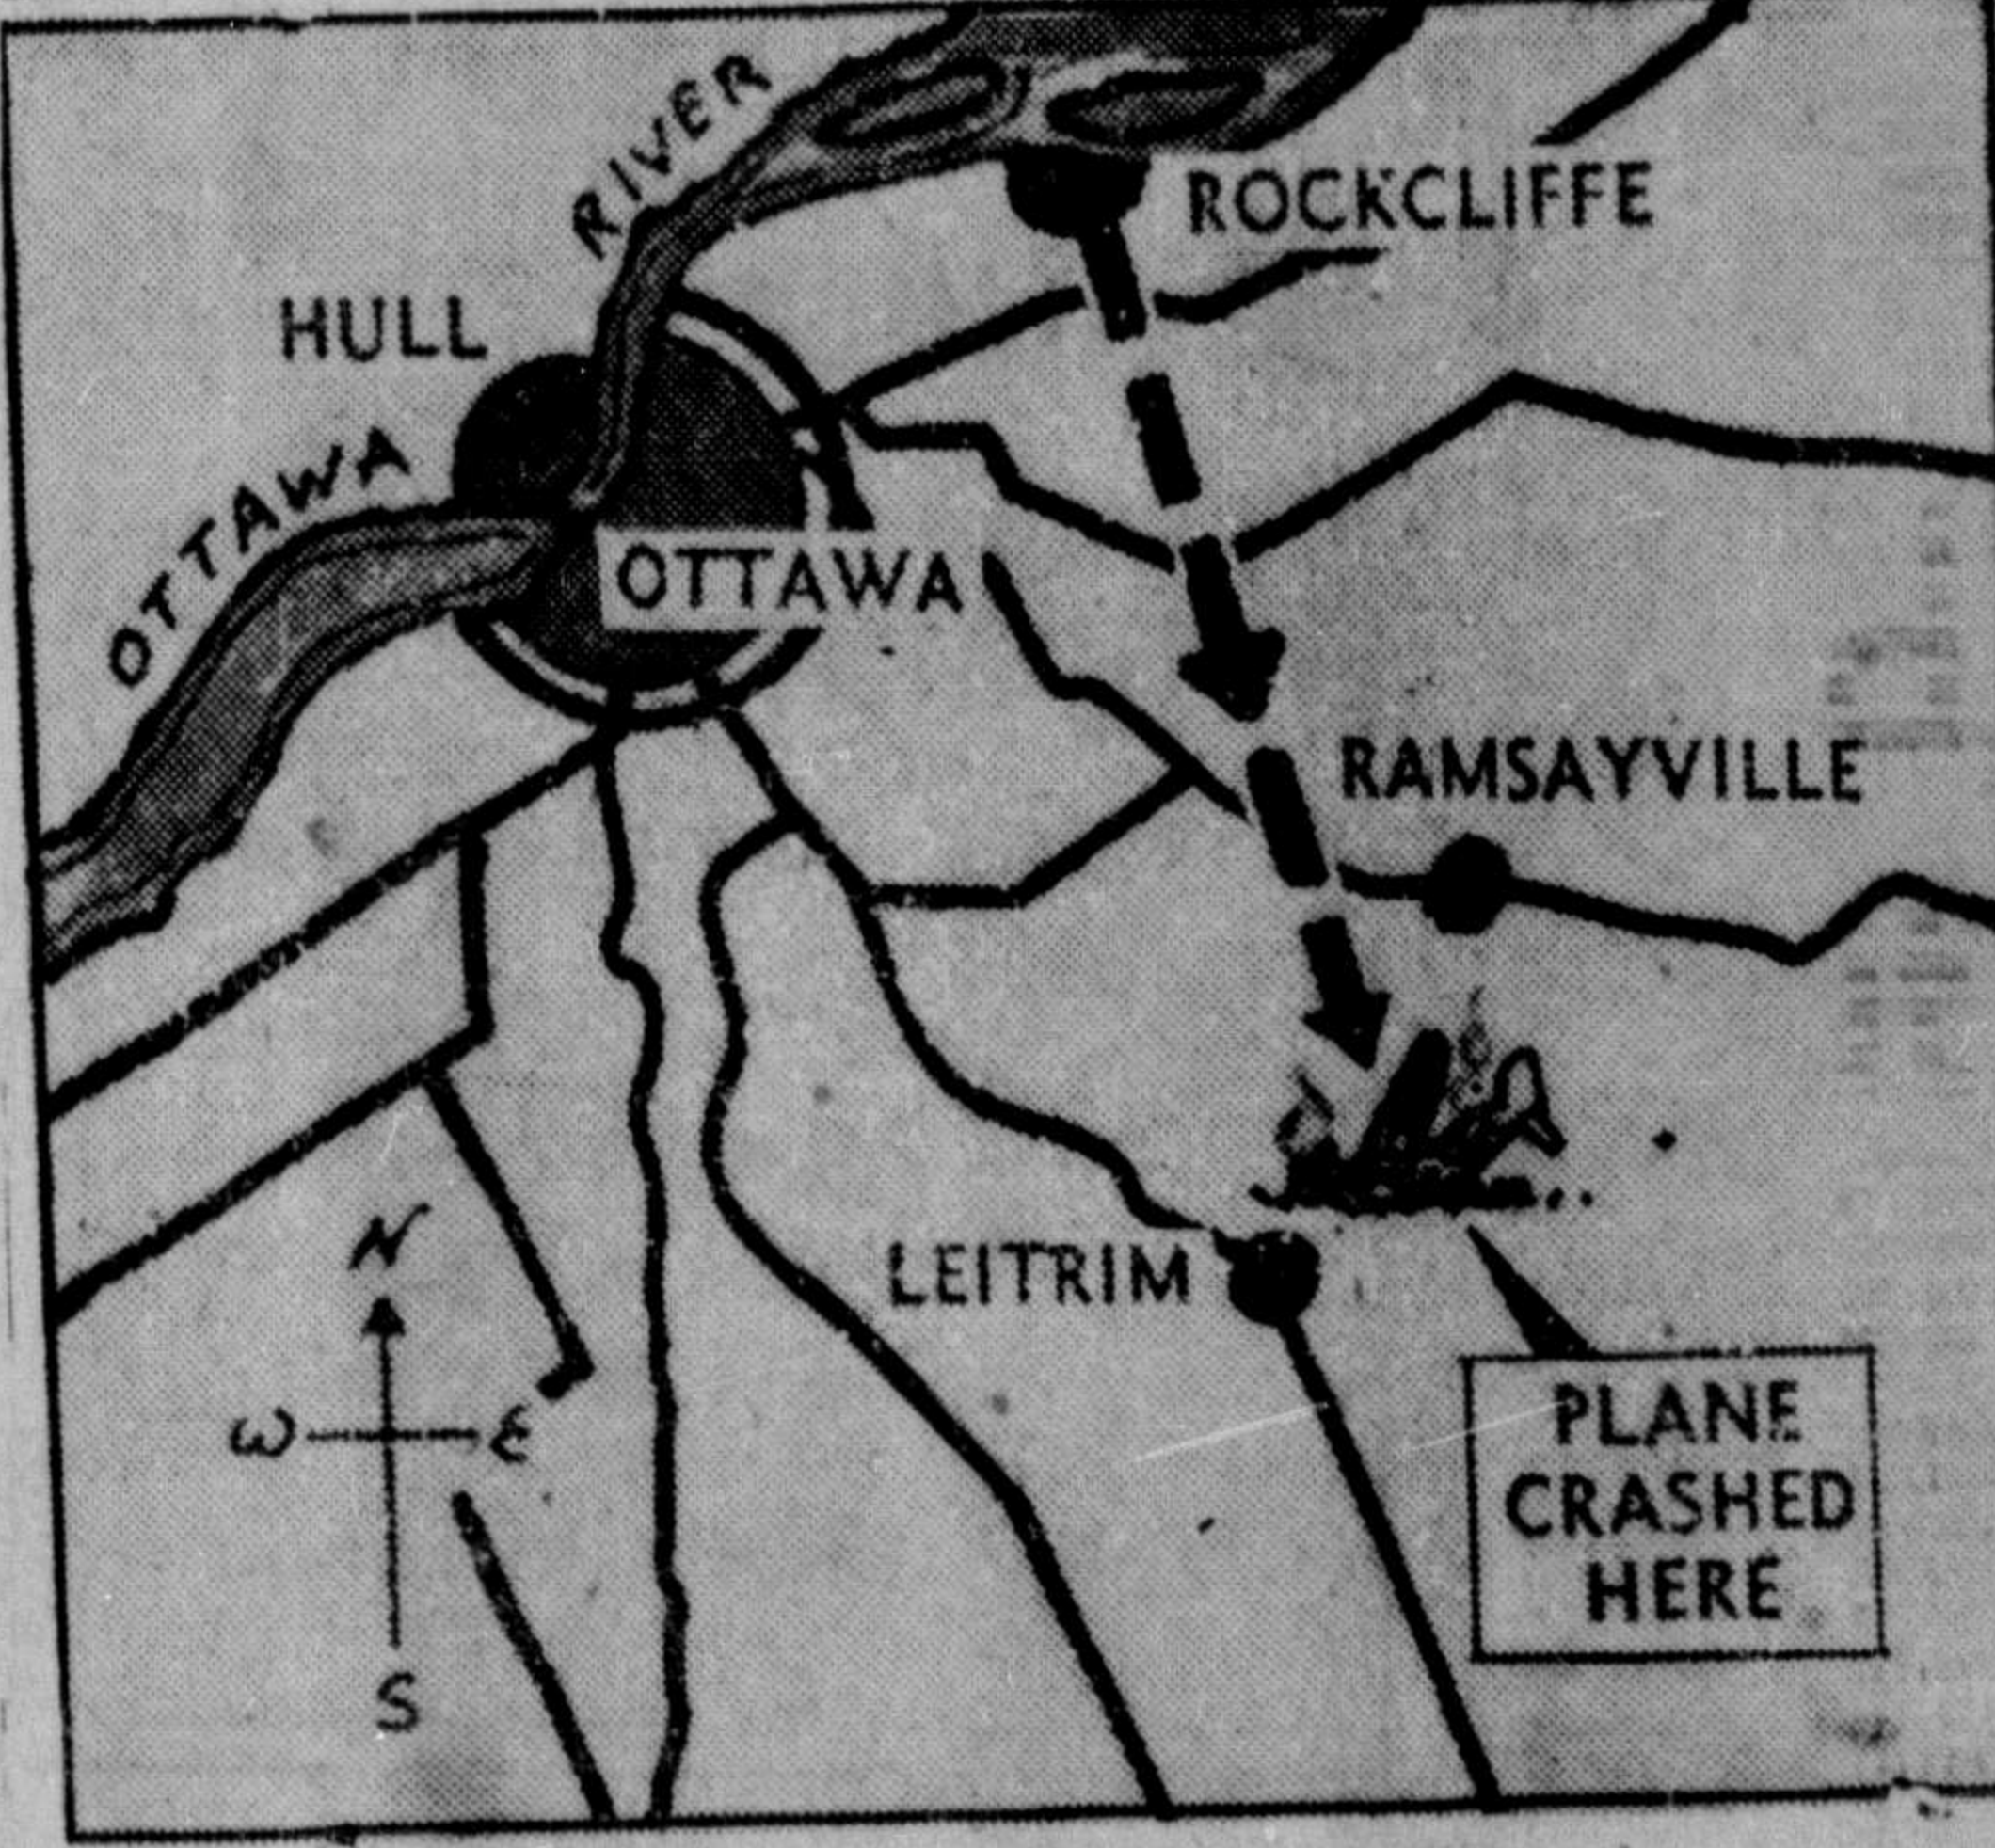

Engineer Capt. L. J. Goudy, late of the Royal Navy, arrived Wednesday aboard the Prince Rupert for an inspection trip with a view to possible establishment of a naval engineers' school. Capt. Goudy was aboard H.M.S. Prince of Wales when Churchill met Roosevelt during World War II. He was also in her at the time she was sunk by Japanese bombers.

Summer Training In Reserve Force

With the increase of the number of Canadian reserve forces from 41,000 a year ago to 49,600 today and the improvement of organizations, equipment and arrangements, the minister of national defence, Hon. Brooke Claxton, is appealing for the co-operation of employers in allowing employees leave of absence for annual Navy, Army and Air Force training. "Summer training is more useful than ever before," says the appeal of the minister.

Chinese Entry Is Discussed

OTTAWA — Repeal of the present Chinese immigration law would prove to the world that in Canada "we practice as well as profess human rights," the Senate committee on human rights was told yesterday. In its 2,000 word submission the committee for the repeal of the Chinese Immigration law claimed that discrimination against Canada's Chinese on account of race still prevails in immigration laws.

AREA OF CRASH— This map shows the area in which the U.S. Dakota aircraft crashed recently about 10 miles southeast of Ottawa killing Laurence Steinhardt, U.S. ambassador to Canada and four others. The plane was enroute to Washington. One crew member survived.

CONTEMPT CHARGED
WASHINGTON—Counsel for the Senate Communist investigators today recommended that Earl Browder and Frederick Vanderbilt Field be cited for contempt of Congress. Browder, former chief of the American Communist party, and Field, wealthy New Yorker, refused to answer many questions when they testified before the Senate sub-committee investigating charges that there are Communists in the State department. Field refused to say if he is or ever has been a Communist.

RUNAWAY FREIGHT
DUNCANNON, Pa.—Skidding cars of a derailed freight train crashed into Pennsylvania Railroad's Broadway Limited near here today. A mail car and three passenger cars were "seraped" by the runaway freight and several passengers were injured, none seriously. There is no indication what caused the derailment of the freight.

PORTSMOUTH WINS
LONDON—Portsmouth today won the second straight English football league championship by defeating Aston Villa 5-1 before 42,300 soccer fans. The sailors triumphed by a slender goal-average over Wolverhampton Wanderers.

APPROVE BILL
HALIFAX—By a split vote along party lines, the Nova Scotia Legislature yesterday approved a bill to grant pensions to Cabinet Ministers. Ministers' pensions would range from -4,000 to -5,000 at the age of 60 after 10 years' service.

Western Foreign Policy Mooted

LONDON —The Big Three will try next week to sketch a master plan against Communist aggression. Foreign Ministers of Britain, the United States and France will meet in London. The ideal outcome, it is felt here, would be a "Western" foreign policy to replace those of individual powers, but that degree of unanimity is not altogether likely. Preliminary talks have made it plain, however, that the three countries feel they must move closer together if they hope to win the cold war.

THE WEATHER
Synopsis
Sunny weather was general over British Columbia this morning, although cloudy skies were persisting in several regions and a few light showers had been reported along the coast. Although some cloudiness is expected to develop in the interior this afternoon the trend toward clear skies will continue and Sunday should be another fine day.
With clear skies in the afternoon, temperatures will continue to rise over the province during the next two days and should approach the normal values for this time of year. However there will still be frosts at night in sections of interior.
Forecast
Valid until midnight Sunday
North Coast Region—Cloudy this morning becoming sunny by afternoon. Variable cloudiness overnight and sunny tomorrow. Little change in temperature. Light winds. Lows tonight and high tomorrow at Port Hardy and Sandspit 37 and 50; Prince Rupert 36 and 55.

Nationalist Hopes Are Fading Fast

TAPEI —A blood transfusion in the form of planes, spare parts, ammunition and other war equipment might save the Nationalists, but it must come quickly. Because of Russian aid to Chinese Communists, time is pressing and the issue of Nationalist survival is much in doubt. It was reported today. With the recent loss of Hainan Island, Nationalist holdings have been reduced to no more than 14,500 square miles, including Formosa.

Union Protests C.P.R. Layoffs

TORONTO —Union officials yesterday protested recent layoff of 500 Canadian Pacific railway employees and called an emergency meeting of the Railway Association of Canada to consider the situation. Officials claimed the layoffs were a definite violation of the union agreement.

Lattimore Turns On Sen. McCarthy

WASHINGTON — Owen Lattimore has denounced his accuser, Republican Senator Joseph McCarthy of Wisconsin, as a man who "disgraced his party and the people of his state and nation." In a 15,000 word statement, punctuated by angry shouts and his fists banging the table, Lattimore demanded that the Senate investigating committee return a verdict notifying McCarthy that the Senator had been "caught out at his fraud and deceit." Once again, as he did April 6, Lattimore denied bitterly McCarthy's charges that he is a communist.

Offering Aid To Manitoba

WINNIPEG —Ontario and Saskatchewan have offered a helping hand in Manitoba's flood plight as the Red River swelled to a new peak of destruction. Premier Leslie Frost, Ontario, and Premier T. C. Douglas, Saskatchewan, pledged L. Campbell of Manitoba. They the assistance of their provinces in telegrams to Premier Douglas offered use of equipment such as bulldozers, heavy duty pumps, air ambulances and supplies.

Ernest Jabour, a taxi company employee here, was remanded in city police court Saturday for one week. Jabour is charged with supplying a room, hot water and soap for an illegal operation. The charge arose last month following the discovery of the body of a young woman in a downtown rooming house. Police are continuing the investigation.

Klondyke Night Well Attended

A corner of Prince Rupert last night dropped 52 years off its shoulders to relive the days of '98. The annual Gyo frolic at the Civic Centre brought out bearded men and belles of the gay '90's, who dispersed themselves about the hall.
Centre of attraction was the dance, which lasted from 10 p.m. until 2 a.m. A good crowd gathered to trip the light fantastic to the strains of Andy McNaughton's orchestra. There was a constant stream of people between the games room and the dance floor.
A good crowd turned out and left behind sufficient funds to help the Gyros carry on for a while longer.

Heart Attack Death Cause

An inquiry into the death of Frank Fischer, whose body was found in his cabin this week, determined he had died of a heart attack at an unspecified date.
Decomposition had set in more noticeably than at first was expected. The body has been released to B.C. Undertakers. Funeral arrangements have not yet been made.

Seized Vessel Is Released

The Ketchikan crabbing vessel Jackie Joe, seized in Canadian waters off the Queen Charlottes Tuesday by the fisheries patrol cruiser Klitmaat, Capt. William Earnshaw, is released, it is announced. The vessel returned to Ketchikan.

Elizabeth Taylor Weds Late Today

BEVERLY HILLS —Elizabeth Taylor and Conrad Niker Hilton, Jr., head to the altar late today and thence to a reception featuring carved ice statues of doves kissing and the horn of plenty spilling fruit. Then the 18-year-old film star and her 23-year-old hotel heir bridegroom leave for a European honeymoon. The father of the bridegroom has a hotel fortune estimated at \$125,000,000.

New Lighthouse Tender Expected

Within another few weeks, the C.G.S. Alexander MacKenzie, the new lighthouse tender will arrive to take over patrol duties in the north. She will operate out of Prince Rupert. Built at Burrard drydock in Vancouver, she is 150 feet in length and will be valued at \$1,000,000 when fully equipped. It is expected the ship will be ready for service not later than the end of June. Her commanding officer will be the present master of the Birnie, Capt. Norman McKay.

Rupert Expecting Worker Shortage

Troubles spelled with a capital "T" existed here during the winter months and until about a month ago. Now, not a single unemployed skilled or unskilled laborer walks the streets of Prince Rupert. In fact, said Edward V. Whiting, manager of the Unemployment Commission here, it will be necessary to import help from Vancouver.

These spring months will be the best for employment since the war. Everyone is crying for help and a demand for help prevails in every industry here. No doubt it may become worse as the months slip by.
In the employment business the employee and the employer are classed as sellers and buyers. The employee sells his labor and the employer is the purchaser. The purchaser, therefore, is going to find it slightly difficult to find a market here.
During the winter, the weather hit Prince Rupert like a blacksmith's hammer. The situation was so tight that a bass drum, in comparison, was

SATURDAY SERMON

(By Rev. Lawrence G. Sieber, First United Church)

I AM THE WAY

Christ of the upward way, my guide divine, Where Thou hast set Thy feet, may I place mine...

It seems to me that the great thing in life and our world is not so much where we stand as in what direction we are going.

So we come to know the east from the west and the south from the north and take up our way strengthened with power through his spirit in the inward man.

Priscilla Leonard has written this homey verse: If it is right, there is no other way.

Firemen Adept At Housebreaking

Many and varied are the duties of firemen. But perhaps one of the strangest jobs falling to the local department was a housebreaking episode. A local resident found herself locked out of her own home and called in the fire department to help her out of her predicament. Running a ladder to an open second story window, the firemen were able to enter and open the door from the inside.

Whale oil, used as lubricant on most early-day lightmachinery usually rned rancid, making work in such establishments as textile mills highly unpleasant.

Want Delegate At June Convention

D. K. Llewellyn Wednesday night was elected secretary of the local Firemen's Association in place of resigning Secretary Jack Furness.

After discussion of the matter of having a representative attend the meeting of the provincial association at Vancouver in June, it was left in the hands of the resolutions committee which is looking into possibilities. Limited funds make representation unlikely.

Good Weather Helping Road

Rock work in the Oliver Lake section of the highway between the city limits and Galloway Rapids, is well advanced, according to A. J. Cameron, resident engineer for Wood, Parr and McClay, contractors.

The sub-grade from the far end of the new stretch has been completed for one and three-quarter miles while work on the city end is now mostly cleaning up. In places where the new location crosses the old, work has been left off until the new road leading to the intersections has been graded and gravelled.

Gravelling operations are now being completed. Gravel for the project is being hauled from a pit near Oliver Lake.

With the weather as it has been for the past while, speed of construction has been increased greatly, Mr. Cameron says.

HOLLAND COMMUNISTS GET INTO THE ACT—A left wing demonstration was held outside the U.S. embassy in the Hague, Netherlands, in protest against the North Atlantic treaty talks, which were held there. Shown are demonstrators carrying flags which say, "Away with the atom bomb," "Youth demands peace," and in English, "Not our blood for your war." The North Atlantic pact powers were discussing the general strategic concept of defence of the 12 North Atlantic countries, accepted by the council of foreign ministers in Paris last December.

Great Biblical Story is Filmed

One of the greatest love stories of all time, "Samson and Delilah," coming to the screen of the Capitol Theatre here next Monday, Tuesday and Wednesday, is a typical DeMille vehicle. All the poignancy and passion, tenderness and savagery inherent in the relationship between the proud Danite and the tempestuous Philistine charmer is said to be caught in this spectacular technicolor production.

Hedy Lamarr appears for the first time in color. Preview critics

have agreed that enticingly clad in eye-opening and revealing costumes, she looks the part of the temptress who is next only to Eve in fame.

Victor Mature, with his rugged physique, is said to be inspiring as the virile male star.

Such veteran players as Olive Deering, Fay Holden, William Farnum, Nils Asther, John Miljan and Fritz Lieber are seen in too supporting roles.

The story is well enough known—that of a man's fight to free his enslaved people, his betrayal and his ultimate retribution all of which is replete with color, pageantry and throbbing excitement.

Rotary Sees Film On "Enterprise"

The Rotary Club Thursday postponed their after luncheon business meeting to see a picture, "Enterprise," shown at the Capitol Theatre. S/Sgt. Lance Potterton was at the machine.

The film dealt with the development of a small town to a city and pointed out the opportunities for both men and communities to develop under the free enterprise system of government and economics.

Three non-Rotarian guests attended the meeting.

Columbia Paper Opens New Office In Rupert Today

Prince Rupert has added to its business section another firm, Columbia Paper Company, who today opened an office and warehouse. The Vancouver company has its office in the Lindsay building at the corner of Second and Park Avenues. The warehouse is in the same building. George Kearley, formerly manager of the office at Prince George, is in charge. He, with his wife and small daughter, are making their home here.

The new office and warehouse here are to replace the district headquarters formerly located at Prince George.

WATER CURTAIN—Europe has its Iron Curtain. Just now there's a watery counterpart between Canada and the United States in southern Manitoba. This is the International Boundary at flooded Emerson, Man. Motor traffic is impossible but trains are getting through. (CP Photo)

ANNOUNCEMENT

The Columbia Paper Co. Ltd. of Vancouver, B. C., wish to announce the opening of a branch warehouse to serve Prince Rupert and surrounding districts with complete stocks of wrapping Paper, Paper Bags, Toilet Tissue, Wax Paper, Paper Napkins, Drinking Cups and other sundry lines.

DAMAGE NOT EXTENSIVE

Damage at the Cassiar Cannery at the mouth of the Fraser River was not too extensive as a result of winter ice, an official stated. A few piles had been destroyed. At present, building of boats is proceeding and the management expects to open the cannery for production about June 25. "It all depends when the fish come in," the official said.

Plane Incident Brings New Note to Moscow

WASHINGTON (AP)—The United States Friday charged Russia with flouting its international obligations in dealing with a Baltic plane incident. In a new note to Moscow, the State Department said Russia had put forward an "erroneous account" of shooting

down an American plane April 8.

RUPERT EXPECTING

streak of grey. The grey in this area is the coal mining industry; at Telkwa. Mine production is slackening off and men are taking the next boat to an employment agency.

The shipyard is exceptionally busy, said Mr. Whiting. Between 50 and 60 men are now employed along the waterfront. This is more than usual, the manager said, but not to a great extent. Office workers, the scribe was told, have a large field to work in here. Both male and female white collar workers are in demand. The Columbia Cellulose Company at Watson Island is grabbing a large number of people in this category, and it is said that the banks are literally screaming for help.

Hospitals need help too—ward maids and kitchen help. Hospital patients can't function on an empty stomach any better than anyone else. The employment office has orders from Miller Bay which cannot be filled. The condition there is worse than at the General Hospital.

An added blow to the help shortage will strike this summer when the fishing industry develops. "There is every indication of a shortage," Mr. Whiting stated. "But it all depends on the catch," he added.
The construction industry in and around Prince Rupert has the appearance of developing into large scale operations. The former U.S. warehouse on the waterfront will be demolished, men will be needed to convert the former American administration building on First Avenue into apartments, and if construction on the new hotel is started on Second Avenue and Sixth St., the project will need many skilled and unskilled employees. In addition, other small construction jobs within the city will be available.
"Our problem here," said Mr. Whiting, "is the winter season." The Department of Labour is anxious to obtain the co-operation of the businessmen and fishermen in this area to organize as much as possible. If these two interests could co-operate to do

work during the winter months, considerable employment will be available here this year for high school and university students. Co-operation of high school and university employment bureaus is being sought by the National Employment Service in registering students for summer work. So, this will be a very, very busy year for Prince Rupert.

Waterfront Whiffs

First known casualty in the halibut fleet in Area No. 2 was the Invercan III, Capt. Bert Hanson of Vancouver. Capt. Hanson, a former old time resident of Prince Rupert, brought his vessel into harbor here Thursday afternoon with fuel line trouble, a broken anchor winch, a dead generator and other minor headaches.

Leaving the city Tuesday night, the skipper related, the generator began growing weak and finally conked out. The crew fished in the dark for a while but finally gave up and the Captain nosed his vessel for

port. Telephone calls to Vancouver the afternoon of arrival here resulted in the sale of his catch—3,000 pounds—to Bacon Fisheries.

Wednesday night, the Captain said sadly, a 40 to 50 mile per hour wind created a miserable fishing atmosphere in Hecate Straits. On Friday, high wind velocity continued to prevail. After sale of their catch at Bacon Fisheries, the crew put the vessel into dry dock for repairs.

Buys First Again

Bill Bacon was smiling more broadly than ever Thursday. But a smile is always prevalent with Bill, so the reporter asked the reason for the glow.

"I bought the first catch of halibut again this year," exclaimed the packing man. Bill explained that last year he also purchased the first load for sale on the open market. The packing on the waterfront was busy Thursday afternoon as Cap-

Bert Hanson unloaded his Invercan III and Bill was busy as ever grading the sleek delicious fish; all 3,000 pounds.

The first vessel to sell to Bacon Fisheries was the Joan F. Capt. J. Cooks of Vancouver. His catch was 8,000 pounds and he sold for 19.5 cents, or speaking in good Canadian folding money—\$1,560.

An unscheduled visitor in Prince Rupert yesterday was the American trawler Plover. Captain Tony Zuanich, out of Bellingham. Trouble in the return pipes from the salt water pump to the sea cock forced them into port Thursday afternoon about 2 p. m. They were able to find suitable pipe here and made their own repairs. The Plover sailed Friday morning at sun up.

The boat sailed last Saturday from Bellingham and had aboard 6,000 pounds of bottom fish when she docked. When she left here she sailed again for Hecate Strait to complete her load of about 60,000 pounds before returning to her home port about a week hence. Crew members are Al Bouter, Al Binchus and Earl Peel. Asked what they did if they pulled up halibut in the trawl, Captain Zuanich said the first thing they did was to throw them back into the sea so that as many as possible would live. However, he said, no matter how quickly they acted, it was inevitable that some of the fish would die. For that reason, he thought it was un- fortunate that a percentage of the catch was not allowed to be halibut. He realized, he said, that there had to be some control to protect halibut fishermen but he felt it was a waste of resources

MOTHER'S DAY SALE SUCCESS

At a successful and well attended Mother's Day sale in the United Church hall Thursday afternoon, proceeds amounted to \$220. Mrs. L. G. Sieber and Mrs. J. A. MacDonald welcomed guests at the door.

In charge of the sewing booth was Mrs. D. Santerbane and the home cooking display was supervised by Mrs. Joseph Chell. The tea room was in charge of Mrs. A. Thompson and conducting work in the kitchen was Mrs. W. Fought. Mrs. A. Bussanich was in charge of sandwiches. Cashiers for the day were Mrs. Llewellyn and Mrs. Irving.

to throw back fish that were already dead.

The Captain is anxious to get back to Bellingham, where the "nicest woman in the world" is waiting for him. He has a daughter attending Bellingham College. Mary Jane plans to go to the university of Washington to continue her studies in journalism next year.

Yes, there's a market for livers this year. Al Fletcher, field man for Western Chemical Industries Ltd. is here buying livers on test for his company. He says the livers are a great source for vitamins "A" and "D" and that his company can use all they can buy.
