Six Killed In Seattle Plane Crash

Victims Were Not In Ship But In Houses

SEATTLE (CP)—An air transport, with 32 persons aboard, crashed into five houses last night in a take-off from Seattle's Boeing Field. The coroner's office reported many hours later that six bodies had been found in the wreckage and debris of wrecked homes into which the twin-engined C-46 fell. Search is continuing.

SEES CONFLICT INSIDE RUSSIA

CHICAGO—Addressing thousands of Shriners at a ceremonial here yesterday, President Harry S. Truman said that tensions and conflicts were developing behind the Iron Curtain. The chief executive expressed confidence that peace could be brought about in the world without resorting to war. Communism might have temporary trouble but would ultimately destroy itself, Truman declared.

Miraculously most, if not all of the persons aboard the Chicago-bound plane escaped with their lives. Most of the victims were believed to have perished in the houses.

Two of the six bodies have been tentatively identified. Neither of them were aboard the plane.

President of the operating company, Air Transport Associates Incorporated, said he did not think any of those on board were killed.

Failure of one of the plane's engines was blamed for the catastrophe.

One of the buildings hit by the plane was a two-storey apartment. Four adjoining houses were burned.

The plane hit the buildings after failing to clear utility poles.

Robert Parker returned to the city at the first of the week from a trip as far as Vanderhoof. He took a number of drivers with him to bring back new cars.

COURAGEOUS—Famed Helen Keller, the heroic woman who triumphed over blindness and deafness, is shown as she celebrated her 69th birthday by working on her biography of "Teacher, Ann Macy." The manuscript, representing years of work, was three-quarters finished when it was destroyed in a fire that razed Miss Keller's Easton home in Easton, Conn. But she began all over and is now almost caught up again. She uses a braille typewriter.

ROBBED BANK, CAPTURED

Daring Attempt at Getaway by Two Bandits in Ontario Fails

LARDER LAKE, Ontario — Victor Desmarais, aged 23, was captured today by the police at nearby Kirkland Lake in connection with a daring bank robbery here yesterday.

Arrested earlier was Leo Marshall, aged 27, who told Police Chief Ralph Paul that his companion was drowned in Larder Lake when they tried unsuccessfully to use a seaplane to make their getaway.

Both men came from Noranda, Ontario.

Two hold-up men yesterday robbed the bank of \$2000, stole a taxi, commandeered an airplane at gunpoint and tried to escape by air from this northern Ontario gold mining community.

The plane was wrecked in the lake when the pilot refused to leave.

Later the young man giving the name of Leo Marshall was arrested by a posse. Investigators accused him of being one of the bandits.

No charges were, however, laid up to late last night.

The police quoted Marshall as saying that the second man had jumped from the plane into the lake, taking the loot with him, and had been drowned. However, \$1500 was found on Marshall.

Officers then started dragging the lake for a body but, suspecting Marshall's story, sent search parties into the rough bush country to search for the second man in case he had managed to reach shore.

"The upper Fraser and Cariboo used to be a narrow road, hardly wide enough for two cars to pass, often partly covered with gravel slides," Mr. Frizzell said this morning. "Now, it is a four, and in some places, a six-lane highway which has been strengthened out and is being hard-surfaced."

Tag Halibut Off Portlock

Schooner Eagle Here to Resume Research Operations After Long Lapse

On her way to Portlock Banks off Kodiak Island to resume halibut tagging in Area No. 3 which has not been carried on for several years, the veteran Seattle halibut schooner Eagle, under charter to International Fisheries Commission, is in port. With Capt. A. Strom in command and seven crew members and five members of the scientific staff of the Commission on board, the Eagle arrived last night from Seattle. Tomorrow she will make a run out of here for the purpose of familiarizing the staff with actual tagging work and later in the week will proceed north.

In charge thus far of the scientific party is Norman L. Free. (Continued on Page 6)

NO EXPORT OF GAS ALLOWED

Important Statement Made by Premier of Alberta

EDMONTON — Any hopes residents of other parts of Canada and the United States had of getting cheap natural gas were dashed by Alberta's Premier E. C. Manning yesterday in a statement clarifying Alberta's position on the matter.

The Premier said: "The government is not satisfied there is enough gas at present to meet Alberta's needs and, therefore, no application for its export will be considered."

The Premier added, however, that, if the time comes when the government feels export of gas will be permissible, then permits will be issued "with the understanding that Canadian requirements will be given first priority."

BRITAIN NEEDS ATOM

LONDON — Manchester Guardian said yesterday that it was important Great Britain should obtain the secret of the final process for the atomic bomb because it might be her only salvation should United States hesitate to enter a sudden war. A secret meeting of the Atomic Energy Commission of the United States is being held today on the subject of exchange of atomic secrets with Great Britain and Canada.

MORE POLIO CASES

VANCOUVER—Seven more cases of poliomyelitis broke out in Vancouver during the week-end, making the total cases to date thirty.

CANADIANS SHOULD STAY

VANCOUVER — Lawrence A. Steinhardt, United States ambassador to Canada, before leaving for Prince Rupert, said that Canada stood on the threshold of great developments and he did not see why Canadians should want to leave Canada for the United States.

DOCK STRIKE WORSE

LONDON — The London dock workers went on strike yesterday, bringing the total now to 15,341. British Shipping Federation has refused to interfere between the Canadian Seamen's Union and Canadian shipowners, holding like the government, that it is entirely a Canadian matter.

FIRST TUNA LANDED

ASTORIA— First tuna of the season was landed at this port yesterday. The price tumbled to \$350 per ton, \$300 lower than last year. There is a heavy holdover of tuna from last year.

ESCAPE FROM OKALLA

VANCOUVER—Lower Mainland was being combed today for two prisoners who escaped from Okalla just before supper time yesterday. They were Edward Stanford, doing eighteen months for theft, and John Howe, 12 months for a similar offence.

VANCOUVER—

There was rainfall of cloudburst proportions in downtown Vancouver yesterday afternoon. Catch basins were unable for a time to carry it off the streets.

JOHNSON TO OTTAWA

VICTORIA—Premier Byron Johnson leaves tomorrow for Ottawa to discuss with federal government the possibilities of assisting in the financing of the extension of the Pacific Great Eastern Railway from Quesnel to Prince George and a new lumber assembly wharf at Squamish.

ATTEMPTED HOLD-UP

PENTICTON — Police are holding a local restaurant owner following an armed robbery attempt on a local bank yesterday. Members of the staff foiled the bandit.

COMMUNIST VICTORY

SHANGHAI—Chinese Communists claim a big victory over nationalists in renewed fighting in central China. Four nationalist armies, each of 15,000 men, were destroyed and six towns captured in one day.

MINERS BACK TO WORK

SYDNEY—Miners in Northern and Western Australia are returning to work but in New South Wales there has been no marked tendency to end the 24-day strike which is paralyzing the economy of the country.

BRITAIN'S TRADE BALANCE ADVERSE

LONDON — Britain's adverse trade balance in June was the highest since September 1947 and her imports were the largest on record, the Board of Trade announces.

Excess of imports over total exports and re-exports in June was £54,200,000 (\$216,800,000), an increase of £16,400,000 over May.

SOVIET RUSSIA CHARGES ITALY

MOSCOW — Soviet Russia yesterday accused Italy of breaking the terms of her peace treaty pledge by joining the Atlantic Pact which was termed an act of aggression against Russia for which United States, Great Britain and France were responsible by inviting Italy to join the pact. Notes were sent to United States, Great Britain and France, the Moscow radio said.

A note to the Italian government declared the North Atlantic pact to be "aggressive" and aimed at Russia and the "people's democracies." ("People's Democracies" is a term applied by the Soviet Union and its eastern European satellites to Communist-dominated countries such as Romania, Hungary, Czechoslovakia and Bulgaria).

GAMBLING CZAR IS SHOT DOWN

Mickey Cohen and His Party Attacked at Smatr Los Angeles Cafe

LOS ANGELES — Gangster's bullets early today cut down the gambling czar, Mickey Cohen, and three other persons—including a state-appointed bodyguard for the dapper hoodlum—as the party left the smart Sunset Strip Cafe.

None of the party were killed but all are in a serious condition.

Harry Cooper, special bodyguard assigned to Cohen by the California attorney general, was the most severely wounded.

Other victims were Miss Dee David, a blonde, and Edward (Neddie) Herbert, a Cohen henchman.

THE WEATHER

Synopsis
Somewhat unsettled weather persists over most regions of British Columbia. Another weak disturbance from the Gulf of Alaska caused light rain over the northern coast this morning and cloudiness extends over the southern coast and much of the interior. Scattered shower activity and brief periods of sunshine are expected over these regions during the day. Cloudiness will continue thru Thursday.

Forecast

North Coast Region—Overcast with intermittent rain, becoming cloudy with scattered showers this afternoon. Cloudy tonight and Thursday. Little change in temperature. Winds light except southerly (15 m.p.h.) in the exposed areas, shifting to westerly (15) this afternoon. Lows tonight and highs Thursday—At Port Hardy 50 and 60, Masset 50 and 60, Prince Rupert 50 and 60.

ERNEST BEVIN IS ALSO ILL

LONDON—A second key member of Britain's cabinet has left for Switzerland for a rest following doctor's orders. Foreign Secretary Ernest Bevin, suffering from heart trouble, is leaving for Geneva. Sir Stafford Cripps, Chancellor of the Exchequer, left yesterday for Zurich.

MISSING SUNNYSIDE

Financial police boat left Prince Rupert at 11:30 p.m. yesterday to investigate the reported disappearance of the Sunnyside cannery. The old native fisherman has not been seen since the boat was docked Tuesday morning.

A search which was this afternoon by fishermen and the Skeena Slough side, is Robert Sam-Skeena Crossing, who, may have drowned. It exists, however, that he was on the fishing boat. The alarm which is not he fell into the water. The two-man gillnetter cannery, visited Sunnyside at the and was last seen at Monday morning. The boat without telling still a matter of speculation.

At 15, under command of Skipper Reg Good, will be the cannery and fisherman near the Skeena Slough. The boat will be used to try and learn whether the cannery has been seen since its last appearance at the end of the week.

John Medley of the detachment of financial police dragged the boat near the Sunnyside last afternoon with a call went out to crossing people, now at the canneries and fishing grounds, to go to the boat at 3 o'clock this afternoon to take part in operations at low tide.

Alaska Highway Battle

THE SECRET IS OUT. An attempt to capture the Alaska Highway is on the cards. Invasion and defence forces will be under orders. Stage of hostilities will be between August 4 and 7. Operational base is at Grande Prairie. Civilian traffic will govern itself accordingly.

Perhaps it's uncalled for and presumptuous to ramble along like this for the world is far from peace. Embers of the last upheaval still smoulder and there is uneasiness everywhere. War could come. Incidentally, what took Lord Alexander and the British Chief of Staff on a flight to the extreme northwest this month? Manoeuvres can be called training but it's not always the whole story.

BARBARA CASHES IN

BARBARA ANN SCOTT, turned professional, expects to make not less than \$100,000 during her cross-Canada skating show this summer. A few years ago she was an ambitious little Ottawa girl who thought that she might, some time, be noticed. Well, she has blossomed into stardom, and might as well make a financial killing while she's about it. The day will come—and fast—when no one will want to watch Barbara. Cash, at that time, and from there on, will be a good and unfailing friend.

INFERIORITY UNNEEDED

THE LACK OF SIGNS on the highway leading to Prince Rupert is increasingly commented on by motorists. It's very true.

It is not an exaggeration to make the claim that, whatever Prince Rupert has received in the way of making the city more widely and accurately known, has not always worked out to the fullest and fairest advantage.

How far have Prince Rupert's good points (and there are many) been played up? The fact is, early in her history, Prince Rupert contracted an attack of inferiority complex that only now is commencing to gradually wear off. It's easy to catch but very difficult to get rid of. Instead of feeling apologetic the city, in view of what she has accomplished, ought to be prouder than Punch.

CANADIANS ENROUTE TO LONDON CONFAB—Pictured aboard the Queen Elizabeth before the vessel sailed from New York are a group of seven Canadian officials en route to the agricultural conference in London. Left to right are: Dr. K. W. Neatby, Ottawa; William Darke, Ottawa; Kenneth Cox, Truro, N.S.; Maurice Harnett, Regina; Jack Berry, Vancouver, and Sol Sinclair, Winnipeg.

BLOOD DONOR RESPONSE FAIR

Response to the current appeal for blood donors during the visit of the Red Cross mobile blood clinic which will be here for three days, starting August 1, has been "fair" according to T. Norton Youngs, committee chairman, who has received initial reports from the canvassers.

The city has been divided into 20 sections, conforming with the federal voting divisions and groups of canvassers have taken over each district in a door-to-door canvass designed to get the names, addresses and telephone numbers of everyone between the ages of 18 and 60 who is in physical condition to give a pint of blood.

The prospective donors will be asked to name a time most convenient for them to visit the clinic and they will be contacted at that time.

Objective of the drive, which is part of the Red Cross' provincial blood donor service, is at least 700 pints from Prince Rupert. The Red Cross provides free blood to the Prince Rupert General Hospital from its central blood bank at Vancouver.

The simple technique of giving a pint of blood will be demonstrated at the Civic Centre Thursday evening with the showing of a film which will explain the need for blood donors and the painless method by which the blood clinics extract it from the donors.

Also shown with the Red Cross film will be "Highway Sixteen," a travelogue of the highway from Prince George to Prince Rupert, taken by a provincial Travel Bureau photographer in the summer and autumn, the most colorful season in central British Columbia.

STUDY FORCE MORE POTENT THAN ATOM—A research scientist at Massachusetts Institute of Technology near Boston heads for the roof of a laboratory with some helium-filled balloons. They are sent aloft as high as 100,000 feet—almost 19 miles—to seek secrets of the cosmic regions. The scientists believe that the harnessing of cosmic ray energy would place in the hands of man a force a thousand times more potent than atomic energy.

CARNIVAL (Continued from Page 1)

contest will be open to boys and girls between the ages of three and six and, according to T. Norton Youngs who is in charge, judging will be on the basis of beauty alone.

Amount of the educational bonds has not yet been set but it will be enough to aid materially in the education of the two winners whose coronation will be one of the brightest pageants of the carnival.

Another outstanding feature will be a bathing beauty contest, for which entries will be sought among the city's most glamorous girls. The three winners in this contest will receive prizes of \$100, \$50 and \$25 for first, second and third places, respectively. In addition, all entries will be given special bathing suits before the judging. These will become the property of the girls who take part.

"Lots of new games" at the midway with interesting new prizes were promised by Carnival Committee chairman W. F. Stone. As was the case last year, the carnival will be held almost wholly within the Civic Centre building.

Major exception to this is likely to be the miniature train which is expected to make a big hit with the children. This train will actually give the children rides, having a capacity of 56 on its run over 800 feet of track.

COMMITTEES NAMED
Appointment of a tentative list of committees and committee chairmen took up a large part of the meeting. The list is as follows:

Flower Show—C. P. Balagno
Bathing Beauty Contest—T. N. Youngs.
Junior King and Queen Contest—Mrs. Emil Blain and Dot Forward.

SUPREME COURT JUSTICE PASSES

DETROIT @—Justice Frank Murphy of the United States Supreme Court died Tuesday of a heart attack at the age of 59. He was appointed to the high tribunal in 1940. Death came after an illness of about a week. His condition had not been considered serious. Justice Murphy was a bachelor. He was a former Detroit judge, governor of Michigan, governor of the Philippines and later High Commissioner and United States Attorney-General.

KING LAUNCHES COLONIAL MONTH—Colonial month, marked by a series of exhibitions and displays designed to stimulate interest in colonial peoples and territories, was launched by King George VI, recently. The British monarch is pictured as he made the opening speech, which was broadcast from the colonial office buildings in London.

Ray Reflects and Reminisces

Prince Rupert has been spared serious fires, no doubt partly explained by eternal vigilance, and the willing aid given the authorities by citizens generally. In the future, even more so, there will have to be unceasing watchfulness and swift and effective work once an outbreak starts.

There are children growing up in Prince Rupert who in all likelihood are lengthening their lives through finding out how to swim. The pool, recently opened and a centre of increasing popularity, has a value and importance perhaps not fully realized. A boy or a girl can win a prize, excel in competition, outdistance a rival, but knowledge of swimming surpasses them all.

From a point in Eastern Turkey, the 16,000 foot Mount Ararat looks down on Soviet Russia. To reach Ararat one must pass a strongly fortified Soviet zone. A Turkish peasant vows that last summer, far up on the lofty peak, he saw a petrified object—possibly all that's left of the Ark. Explorers from the United States have arrived in Istanbul on their way to Mt. Ararat. Russia charges the Yanks want to spy on her, using the Ark "nonsense" for a blind.

TO MAKE EXPLORATION HISTORY—Passengers aboard the ship Losada when she arrived at London docks, were these two huskies which will take part in the Norwegian-British-Swedish Antarctic expedition to Queen Maud Land, sailing at the end of summer. These dogs and 58 others will stay in quarantine at Brighton for a time and then be placed in the care of veterinary experts to be conditioned for their hazardous venture. Object of the expedition—the first such international expedition in history—is to explore unknown wastes of Queen Maud Land, examine conditions at the Pole and to study weather and geology over a wide area. In charge of the expedition will be professor H. U. Sverdup of Norway.

Cellar-Dwellers Beat League Leaders; First Shut-Out This Season

Versatile Cliff Dahl pitched for Merchants in the season's first baseball shut-out last night when he blanked the league-leading Savoy's 9 to 0. It was the Merchant's first win over the pace-setters and they did it in a style that would indicate the tail-enders will be hard to beat.

Dahl had the heavy end of the Savoy batting order well handcuffed and kept seven hits well scattered. He allowed no free pass to first base. Savoy threatened to score only in the third when Bill, Sharpe and Arney hit singles but the rally

failed when Sharpe went out on a close play at third to end the inning. The landslide for the Merchants started in the fifth when Jim Forman, who reached first on an error, caught the Savoy's in a huddle and stole second.

much to the delight of the spectators. Dahl doubled, Davis singled and Abel doubled to account for three runs before the side was retired. Three more were added in the seventh on hits by Abel, Lambie and Kerr, a couple of errors were thrown in by the Savoy's.

Alex Bill relieved Sharpe on the mound in the eighth and the run-hungry Merchants went after him too. Lambie got to first on an error, stole second and scored on Lewis's line-drive through short. Kerr, who walked, scored when Rosedale was retired at first to end the scoring.

Merchants played errorless ball behind the steady pitching of Cliff Dahl.

SPORTS

STAR SNAPBACK QUILTS ARGOS FOR STAMPEDEES—Doug Turner, rated as the best snapback in the country, has quit the Toronto Argos for the Calgary Stampede, Dominion football champions. Turner will fill the gap that colored star Chuck Anderson, of Stampede, made when he left the club. According to the star footballer, this will be his last year playing ball, as he is going to hang up his shingle as a legal eagle in Calgary.

Sport Shots

Get one hefty, well-conditioned athlete swinging a hardwood, two-pound bat. Add one hard, leather-covered ball pitched at a speed exceeding 90 miles an hour. Throw in as many as 12 men, three of whom are running their fastest around a prescribed diamond-shaped course. Mix in another one or two men racing after a soaring ball and you have an exciting baseball game. You also have the ingredients for some of the most surprising oddities that could happen in any sport.

George Carver (Belleville Intelligence), passes on some baseball anecdotes collected by Ar-

thur Daley, sports editor of the New York Times. One concerns a baseball which defied the law of gravity and won the National League pennant for Brooklyn in 1916. "Cutshaw rifled a shot to right field and the ball rolled to the base of the Ebbets Field fence. As soon as it reached the fence, it began to climb the surface as though pulled upward by a string. Lazily it crawled up the barrier, teetered on the top, and rolled over for a game-winning home run."

The Yanks lost a pennant by a freak misfortune in 1933, notes George. "Lou Gehrig held up at second to see if Tony Lazzari's long drive would be caught by Dixie Walker, just behind him on the base paths. Walker didn't hesitate and they slid home with the throw almost simultaneously. Catcher Luke Sewell acrobatically tagged Gehrig on one side of the plate and Walker on the other side for one of baseball's most remarkable double plays."

Triple plays don't come with extraordinary frequency, but Carver tells of the triple play that stands out above them all. "The bases were full with none out when Joe Cronin teed off on a juicy pitch. The ball hand-cuffed Sammy Hale at third base, whisking between his outstretched hands and cracking him on the forehead. Then it caromed into the waiting glove of shortstop Billy Knickerbocker, who discovered all base runners in motion for a simple triple play. Hale got an assist on the play."

It would have been tough on a fan who might have been looking through the knothole the day Larry McLean hit a home run. "The ball went through the only knothole in the entire right-field fence.

Another freak over-the-fence homer was struck by Johnny Sullivan, one-time Washington shortstop. "He attests to the fact that he ricocheted a drive off the left-field wall which bounced toward the playing field, struck the left fielder on his noggin and bounced back over the fence for a homer."

The list of oddities wouldn't be complete without the best-pitched game in baseball history. "Surely it has to be the historic duel between Jumbo Jim Vaughan of the Cubs and Fred Toney of the Reds," says Carver. "Each twirled a no-hitter for nine innings. Vaughan gave up two hits in the tenth and Toney none as the Reds triumphed 1-0."

BICYCLE TOURISTS

VANCOUVER—Twenty-six members of the American Youth Hostels Inc. movement arrived here yesterday to spend a day in the city during a cross-country tour of Canada. They arrived in a special car at the Canadian National Station. During the past few days they have been hiking and biking at beautiful Jasper National Park in the Rockies.

The tour party, which started from Northfield, Mass. headquarters of the organization, is composed of members from Eastern U.S.A. Another group will arrive over C.N.R. lines July 26.

They travel in a special colonist car and do all their own cooking on board. While in the city they live in the car which is parked at the C.N.R. station. Each member of the group has his own bicycle and the party spent yesterday sightseeing in Vancouver before leaving for Victoria today. They return east through United States.

In charge of the first group are Mr. and Mrs. Efen A. Gordon. Edward Geoffrey and Miss Muriel Marker will head another group of 26 boys and girls due here on July 26-30.

"I'M VERY HAPPY ABOUT THIS," SAYS LIPPIER's baptism of fire in Commissioner Chandler's cinnati, Ohio, lasted only two hours but it was a baptism for Leo. When it was over, he emerged beaming with enthusiasm. "I'm very happy about this," said the cher, referring to lifting of a suspension which had been on him by Chandler, after Fred Boysen had charged with assault.

FELSENTHAL TO LEAD CAMPAIGN

Accepts Chairmanship of Salvation Army Drive With Applewhaite, Blackaby Assisting

Acceptance by Louis M. Felsenthal of chairmanship of the local Red Shield campaign this year is announced by Major W. Yurgensen, local commandant. The campaign opens September 1 and Edward T. Applewhaite, M.P.-elect, has again consented to undertake the position of publicity chairman with G. R. S. Blackaby volunteering to act as treasurer.

The quota for Prince Rupert will be \$6000 and the campaign will be conducted along lines similar to those of past years.

The latest institution to be opened by the Salvation Army is Sunset Lodge, home for aged women in New Westminster, which is already full to capacity and for which there is a substantial waiting list. In addition, six other institutions are serving the people of British Columbia from infancy to old age. In one year admission was granted persons from fifty-seven separate British Columbia towns to Maywood Home associated with Grace Hospital.

"Thank heavens, you're here at last"

BLONDIE
by CHIC YOUNG

IT'S SO SWEET OF MR DITHERS TO INVITE US AND THE WOODLEYS TO THE THEATRE TONIGHT

HURRY, DEAR, REMEMBER HOW PUNCTUAL THE BOSS IS AND HOW HE HATES TO BE KEPT WAITING

NOW, DON'T RUSH ME AND GET ME NERVOUS

I CAN LOSE MY JOB FOR BEING LATE—THAT'S THE ONE THING THE BOSS WON'T TOLERATE

WE'RE READY, HERB—AT LAST

I'M READY, BUT WE HAVE TO WAIT FOR MY WIFE—SHE'S STILL DRESSING

HURRY, HURRY—YOU'RE KEEPING EVERYBODY WAITING

NOW, HERBERT, DON'T RUSH ME AND GET ME NERVOUS

OKAY—WE'RE READY TO GO—AT LAST

BLONDIE RAN HOME TO CHANGE HER SLIP—SHE'LL BE RIGHT BACK

OH, GOODIE, THAT'LL GIVE ME A CHANCE TO CHANGE MY STOCKINGS TO DARKER ONES

LET'S CHANGE AND WEAR PRINT DRESSES, TOOTSIE

I THINK YOU'RE RIGHT—THEY'LL BE MORE APPROPRIATE

I'M SORRY, DAGWOOD, THAT MY WIFE IS THE CAUSE OF YOUR LOSING YOUR JOB

IT'S MY OWN WIFE'S FAULT

THERE'S THE BOSS, TELLING ME HE'S SICK OF WAITING AND THAT I'M FIRED

RING

IT'S MY BOSS ALL RIGHT, BUT HE SAYS HE'LL BE LATE, HIMSELF, 'CAUSE HE CAN'T GET HIS OWN WIFE READY

WE FORGOT THAT BOSSES HAVE WIVES, TOO!

I FEEL RELAXED NOW

NAMU NATIVE CHILD DROWNS

The body of an Indian child, whose name and age were not received here up to noon, was taken from the harbor at Namu after it had fallen in and drowned this morning. The body was recovered at 11:45, according to a radio message received at the district office of the provincial police here. It is understood that Coroner M. M. Stephens will hold an inquest on the drowning after further details have been received.

SHIPS and WATERFRONT

G. M. Ferguson, comptroller of the B. C. Packers; S. D. Hunter of the production department; Edward L. Harrison, personnel manager and E. Turnbull, another company official, are paying a visit to various company plants in this district. Yesterday afternoon they made a flight to Mill Bay on the Naas River with Pilot Bill McLeod on a Queen Charlotte Airlines Norseman flying boat.

Word from New Westminster says Frank Gladish of Prince Rupert has entered the hospital at New Westminster to receive treatment for an injured back caused by a fall on the galley steps of the Dominion Fisheries boat Sooke Post. He was taken to the hospital by the fire department and his general condition is reported good. Mr. Gladish, whose age is 50, lives at 500 11th Avenue in Prince Rupert.

SONG AND DANCE ROMANCE HERE

Story of Song Writers Told in "Words and Music" at Capitol Theatre

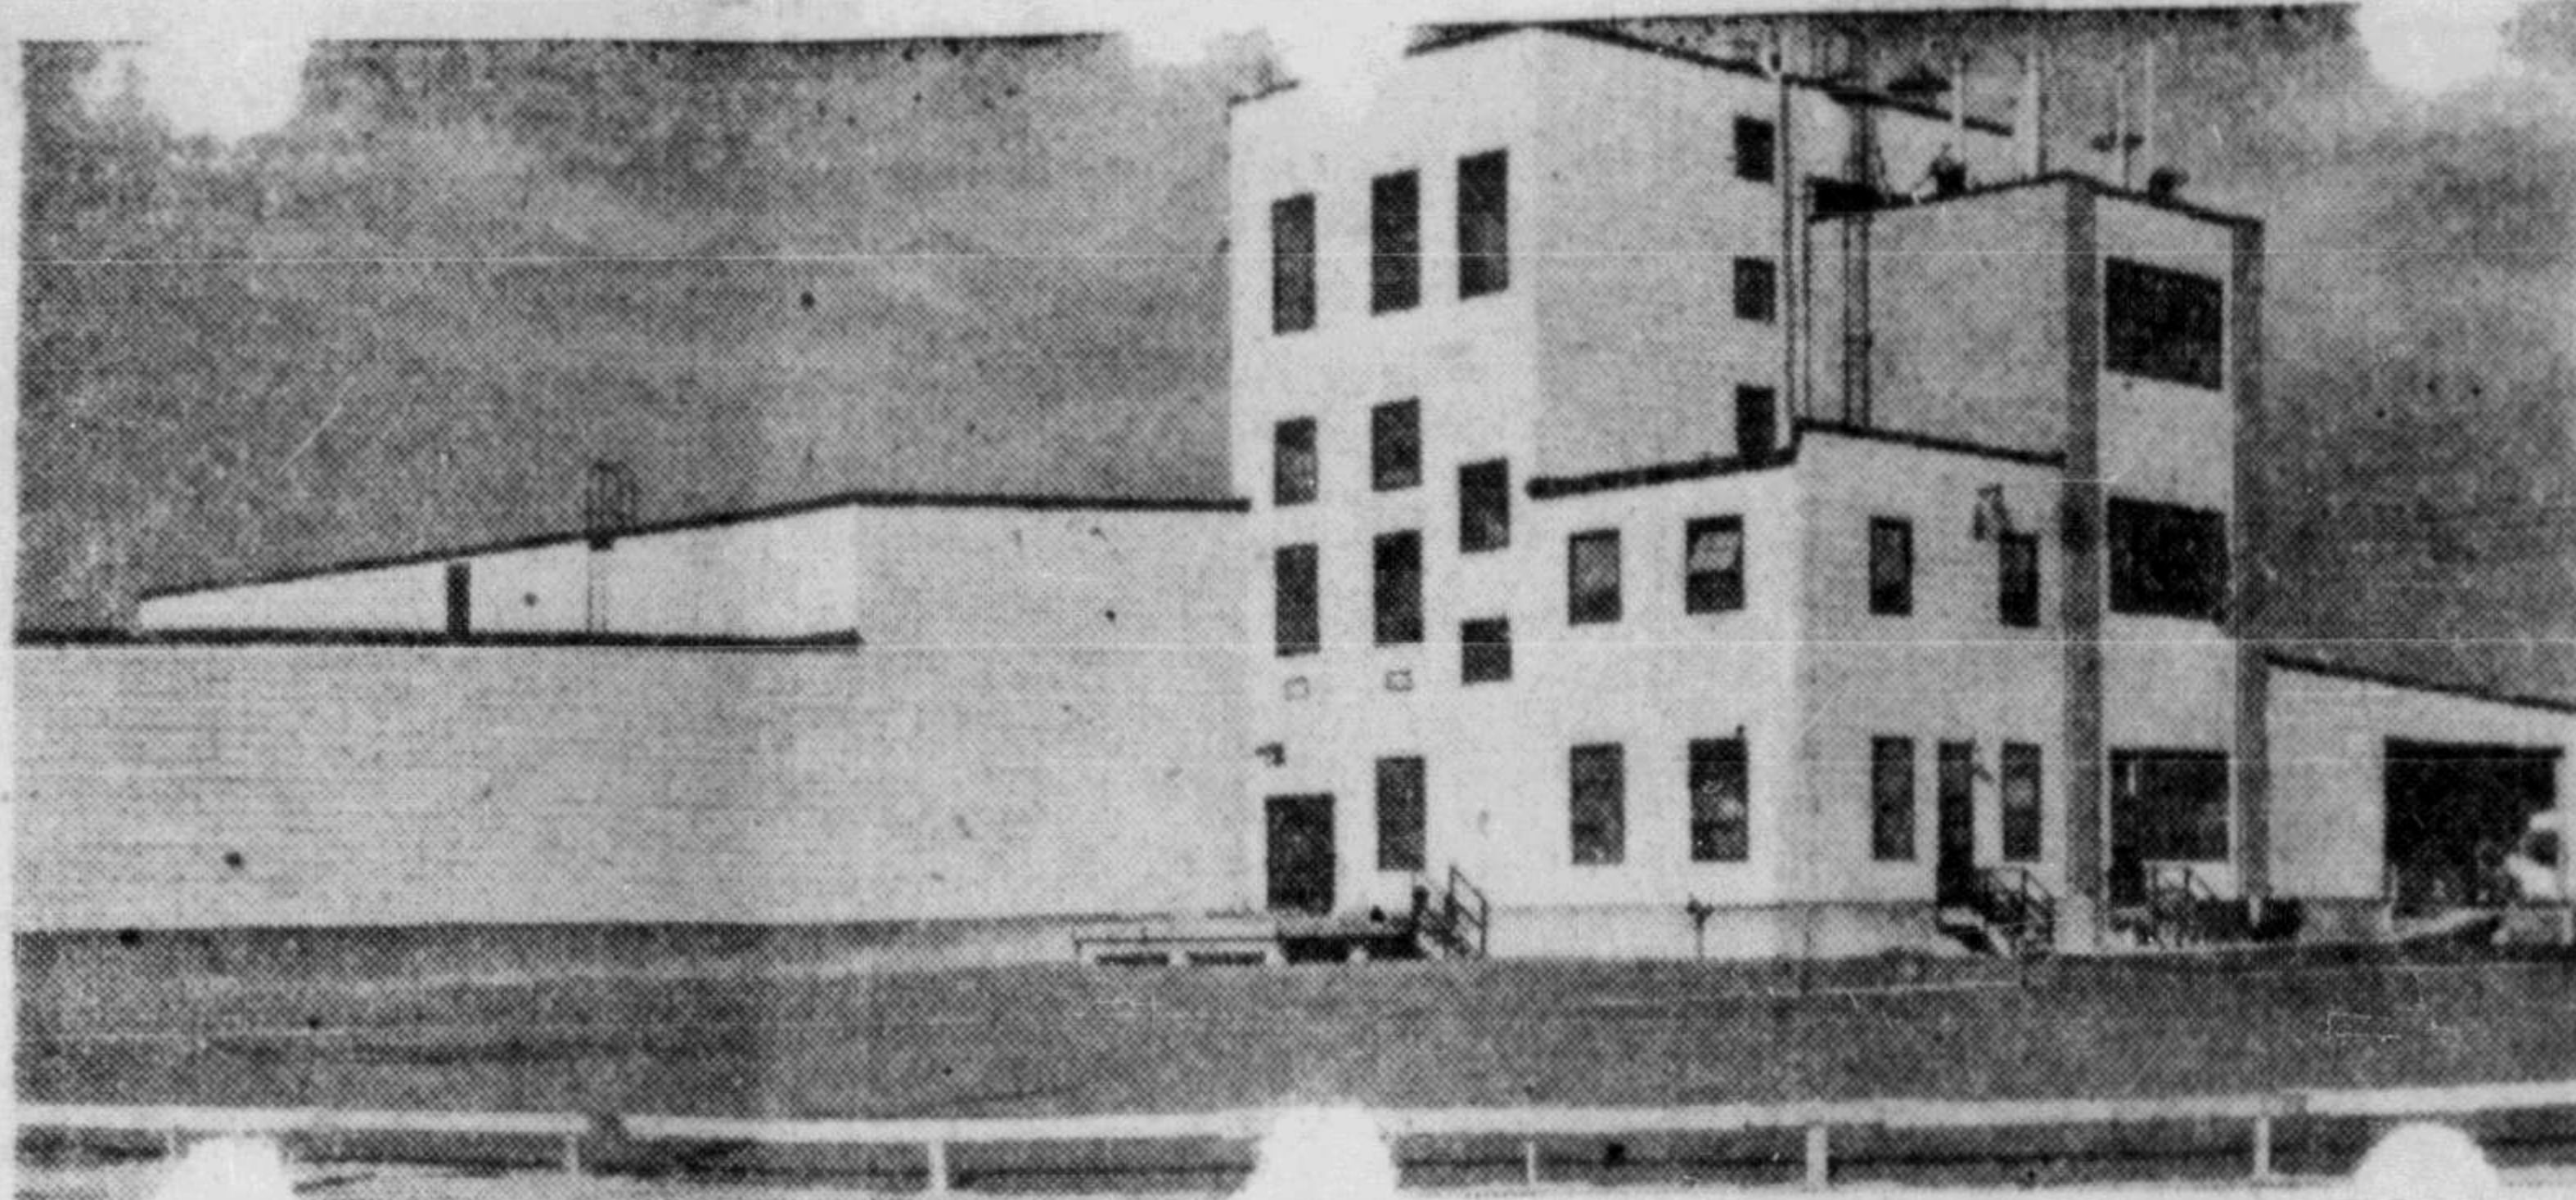

Lives and music of the American song-writing team of Richard Rodgers and Lorenz Hart form the basis of the plot of the technicolor musical film romance "Words and Music" which commences at the Capitol Theatre tomorrow, continuing Friday and Saturday night. Tom Drake plays the part of Rodgers with Mickey Rooney as the eccentric but brilliant Hart.

The story centres upon the fulfilled romance of Rodgers with a childhood sweetheart, played by Janet Leigh, contrasted with the unrequited love of Hart for an aspiring showgirl, Betty Garrett.

Music and songs are featured in the picture by a cast of other stars also including June Allyson, Judy Garland, Lena Horne, Perry Como, Gene Kelly, Ann Sothern and Tom Drake.

Hit song and dance numbers include such as "Thou Swell," "Blue Room," "With a Song in My Heart," "I Wish I Were in Love Again," "Johnny One Note," "Where and When," "Where's That Rainbow," "Up on Your Toes," "There's a Small Hotel" and "Slaughter on Tenth Avenue."

CANADIAN AGRICULTURISTS WAR AGAINST PESTS—Municipalities, service clubs and agriculturalists across Canada are gearing for war against a great army of insects, fungous diseases, rodents and weeds. According to a recent government survey, crop damage amounting to \$350,000,000 was wrought in Canada by this horde of pests last year. One of the first centers to enter the fray was Hamilton. Its junior chamber of commerce is already engaged in a major battle with the city's vast rat population. Other cities and towns are organizing local campaigns against flies, mosquitoes and weeds. Hamilton's lead in the national anti-pest war seems only natural since it has become the site of what is claimed to be the most modern pesticides plants in North America. Completed recently, the \$500,000 plant, shown above, will serve as an arsenal for a variety of lethal chemical weapons. Produced here are fungicides deadly to orchard diseases like apple and pear scab, brown rot of peaches and cherries, mildew of apples and peaches. Various formulations of DDT dusts and sprays roll off the production line to be used to combat house flies, black flies, mosquitoes, tobacco hornworm, potato beetle, codling moths and other destructive insects. The new chemical, parathion, is also being processed. One of the most potent insecticides known to science, it is among the few successfully employed to kill the hitherto indestructible European red mite, two-spotted mite, Pacific mite and the woolly apple aphid.

DOUBLE RING RITE UNITES CITY COUPLE

A double ring wedding ceremony which united two well-known local persons was solemnized at St. Paul's Lutheran Church at 8 o'clock Monday evening when Mrs. Miriam Woods was joined in marriage to Emil Petersen before a gathering of many friends. The ceremony was performed by Rev. Earl Solland.

The bride wore a suit of pale blue gabardine with white accessories, set off by a corsage of mauve orchids and rosebuds as she entered the church. She was given in marriage by her son-in-law, Michael Schwab. Attending her as matron-of-honor was her sister, Mrs. Winifred Lee, of Vancouver, whose suit was of navy blue with gabardine matching accessories. Her corsage was of pink carnations.

As prelude to the ceremony and during the signing of the register, organ music was played by Mrs. Earl Solland.

Groomsman was Hans Petersen, son of the bridegroom. Ushers were Pete Petersen and Arnold Stegavig.

At the reception which followed the ceremony at the Sons of Norway Hall, 150 friends gathered to felicitate the newly married couple. Guests enjoyed a buffet luncheon after which the bride and groom cut a three-tier wedding cake.

DOUBLE RING RITE UNITES CITY COUPLE

Toast to the bride was proposed by F. H. Cameron, with response by the bridegroom. Michael Schwab proposed the toast to the matron of honor to which the groomsman responded.

Telegrams of congratulations from friends in Norway, New York, Kelowna, Edmonton and Vancouver were read by F. H. Cameron. The evening was spent in dancing to music by Mike Colussi on the accordion. The couple will reside at 950 Sixth Avenue East.

The groom is a well-known local fisherman, being owner of the halibut schooner Clipper II. The bride was formerly with the office staff of Pioneer Market.

MAKE MEDICAL HISTORY IN RESEARCH—Dr. Sylvan, left, and Dr. Leo Vroman, both of New Brunswick, whose paper on the detection and treatment of coronary atherosclerosis, read at meeting of the American Medical Association in Atlantic City, N.J., is hailed as one of the great medical discoveries of the century. Their paper not only describes the disease which causes coronary thrombosis, but offers a possible method of treatment through diet and other means.

WHAT TALK A BIT OF LACE CAN CAUSE!—Gertrude "Gorgeous Gussie" Moran, tennis player of Santa Monica, California, is pictured in her London hotel packing the cause of it all. Miss Moran created a furore and to-do to boot when she made her first appearance on the Wimbledon courts in a costume of silk kilted skirt, beneath which peeked the lace trimmed panties she is shown packing. Miss Moran's subsequent appearances on the courts were conventional in dress.

FIRST FLOOR PLAN

SECOND FLOOR PLAN

This compact house, designed by architects Wilson and Newton, is small, but it contains the features of a larger house. Two bedrooms are located on the ground floor, the second floor is completed—two more large bedrooms and a bathroom are available. The living room is separated from the dining room by a fire-place, thereby retaining its but still benefitting from the additional space. The small kitchen is convenient to the service entrance and the center hall. For estimating purposes, the area of the house is 1,100 square feet (including second floor). (Working drawings may be obtained from any of the Central Mortgage and Housing Corporation at minimum cost).
