## Million Dollar Damage In Vancouver Fire

### BEST PROVINCIAL VOTE IN HISTORY EXPECTED HERE TODAY

#### Prince Rupert Riding Streams to Polls Choose Member For Legislature

It is anticipated will be a record number of voters started streaming to the polls in Prince Rupert riding this morning to select from candidates the one who will represent them in the legislature at Victoria for the next five years.

In other parts of the province, voting began at 7 a.m. and will continue until the polls close and counting begins.

At Port Edward there are two deputies. Official count of the ballots probably will take place on July 11, Returning Officer Brown said. The law requires that the official count should not take place until at least 21 days after the polling date. The absentee vote will not be counted until the official count is made.

In addition to the polling stations at the Civic Centre, there is one at Miller Bay Hospital which also is classed as part of the city for voting purposes.

First ballot placed in a box this morning was that of Dennis Kerrigan, Civic Centre caretaker who fulfilled his basic democratic function within a minute or two after the polls opened.

Voting during the morning was comparatively light, although it picked up at noon and gained in momentum as the afternoon progressed.

Assisting Returning Officer Brown were M. R. Robertson, election clerk and H. D. Thain who acted as supervisor of Deputy Returning Officers.

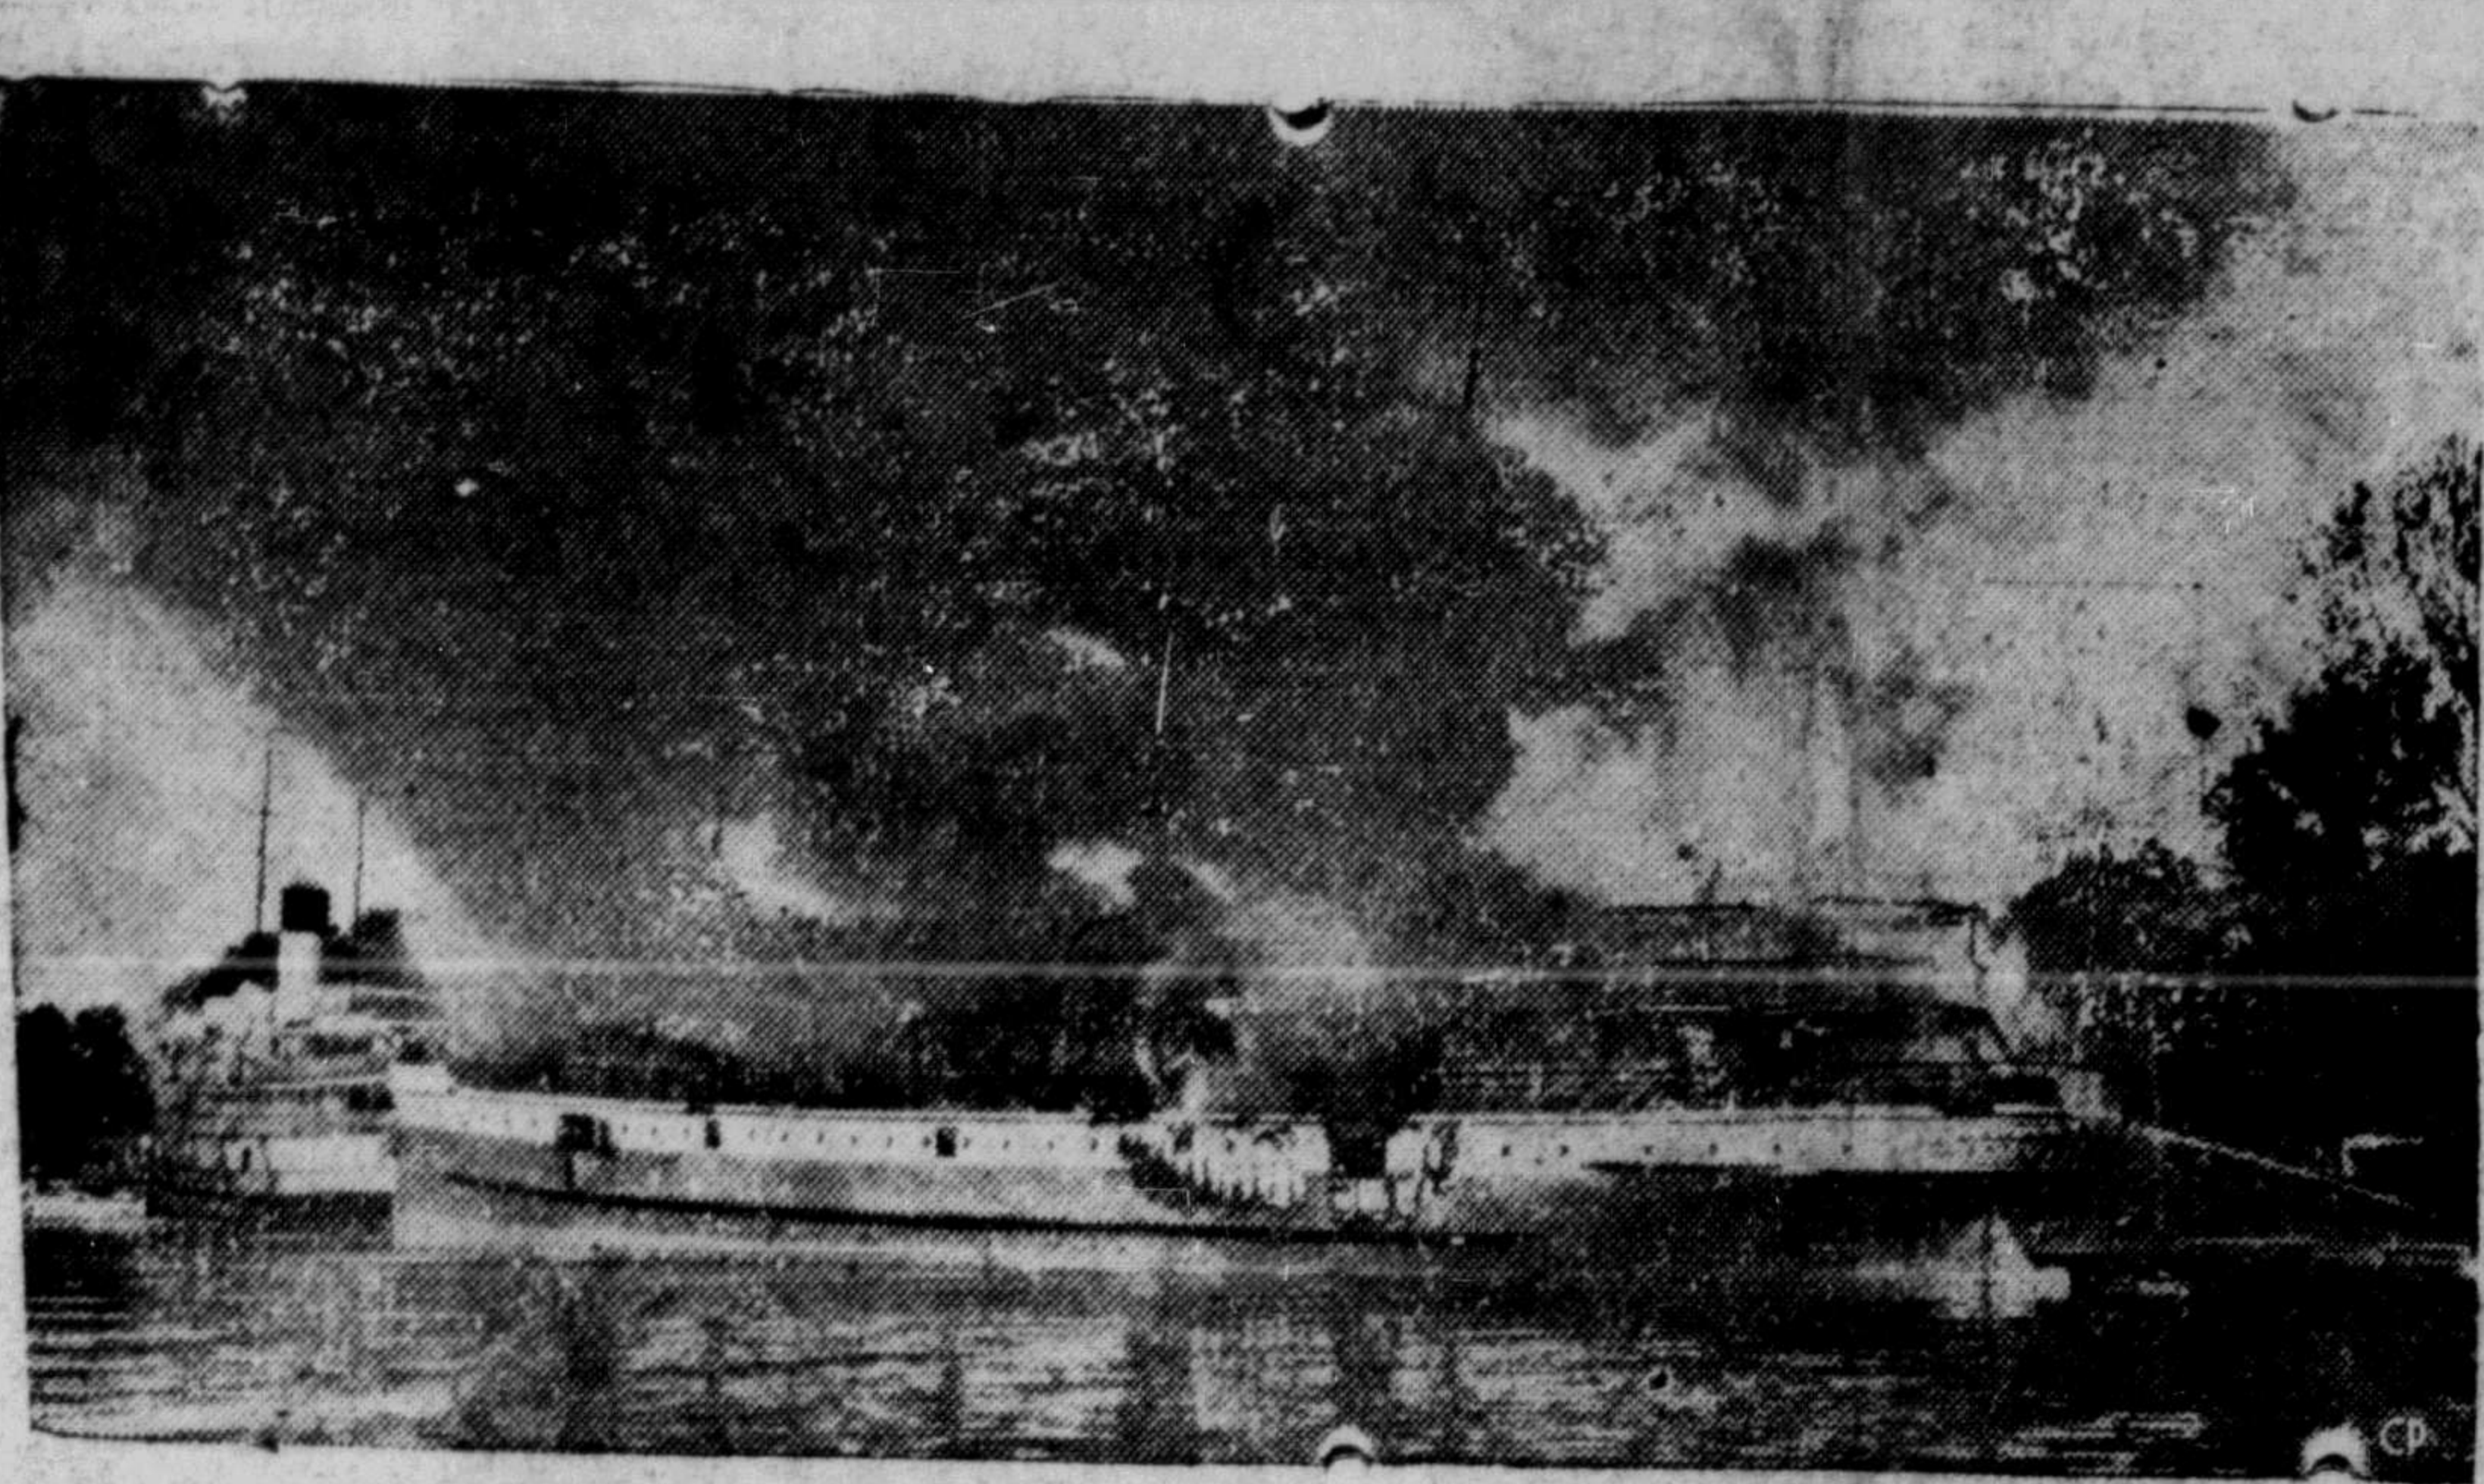

A. S. Nickerson acted as chief of Coalition scrutineers and George Rudderham was chief of C.C.F. scrutineers.

A review of the 1945 provincial vote in Prince Rupert riding shows that of 5,447 voters listed, 3,811 cast ballots, or about 75 percent.

That campaign was fought between three candidates, W. H. Brett, C.C.F., who won by a margin of 525 votes; T. D. Pattullo, Independent, and Bruce Mickleburgh, Labor-Progressive. Brett polled 1,873 votes, Pattullo 1,348, and Mickleburgh, 538.

In the 1945 election throughout the province, there were 456,017 on the voters' list. Of these 309,210 actually voted, a percentage of 65. Prince Rupert riding's percentage in that election was 75.

Number of names on the 1949 voters' list in B.C. is 600,000.

**FIRE DESTROYS VESSEL**—Fire last Thursday morning swept through the passenger steamer Northumberland at Port Dalhousie, Ont., a day before she was scheduled to begin her season on the Toronto-Port Dalhousie run. Damage to the vessel owned by the Canadian National Steamship Lines was estimated at \$200,000. This photo shows the ship during the height of the fire. (C. P. Photo)

### SPEEDING CASE BRINGS FINE AND WARNING

A warning that the public safety must be protected against persons who drive cars at excessive rates of speed accompanied a fine of \$75 handed down by Magistrate W. D. Vance to Douglas Marshall, 21, who pleaded guilty to a charge of reckless driving.

The charge arose out of a high-speed midnight ride along Third Avenue at the week-end in which the city police car was said to have pursued Marshall at a rate exceeding 60 miles an hour from Fifth Street to McBride where Marshall's car skidded to a stop while making a turn.

"I can't imagine the speed you were driving, not even on the highway," Magistrate Vance said. "If you haven't any respect for your own life, you should respect the lives of others. I'm going to make you realize what you are up against for your own safety and the safety of the public."

Marshall's counsel, A. B. Brown, pleaded for leniency on grounds that Marshall had not been aware that he was pursued by the police and had attempted to slow down when told by his companion, a youth named John Parks, that he was being followed.

Police Corporal A. E. Wales asked that the case be "dealt with severely because the danger to the public is so great." He said that Constable George Redhead, who had pursued Marshall, had travelled 62 miles an hour and that Marshall's vehicle was still gaining on him.

In addition to the \$75 fine, which carried an option of a month in jail, Marshall received a restricted driver's license in place of his white license.

### FIRST INVESTIGATION CRUISE REVEALS NO SIGNS OF TUNA

First phase of the first complete summer investigation of the north coast's new tuna fishery industry revealed no signs of the fish which last year brought a substantial increase to the incomes of fishermen from Victoria to Prince Rupert, according to Capt. Llewellyn Sheppard which docked here after initial patrol Tuesday.

The Laurier, a steel-hulled fisheries protection vessel, which left Victoria on June 3 initiated what will be the first full season's investigation of the possibilities of a tuna industry on this coast with a zig-zag cruise which extended from 220 miles southwest of Cape Flattery to 65 miles southwest of Langara Island at the north tip of the Queen Charlottes.

However, his failure to find tuna so early in the season did not dampen his enthusiasm for the hunt. "It wasn't until well on in July last year that tuna were discovered on this coast," he said. "The investigation was begun early this year because we are (Continued on Page 3)

### WEATHER HOLDS WORK ON ROADS

Citizens of Prince Rupert can lay most of the blame for delay in getting the street servicing program underway on the weather, according to a statement made by City Engineer Don Stewart at Monday night's council meeting.

If the sun had shone yesterday morning men and machines would have started on Hays Creek bridge and worked west. Two carloads of asphalt are on hand with one of them in the heating vat and at the right temperature for pouring.

Mayor Nora Arnold who visited the hot mix plant Monday, in company with Alderman Rudderham and the city engineer, declared that the plant was well arranged for efficiency and she was sure that if any of the other aldermen were interested it would be worth their while to visit the plant. She said that the overhead loader which had been giving trouble for the past two weeks was now repaired.

In reply to a question by Alderman Black, Mr. Stewart reported that streets designated for surfacing this year, were in condition to receive the asphalt, when the weather permits.

### City Council Happy at Cut On Sales Tax

There were broad smiles in the city council chamber Monday night when Mayor Nora Arnold announced that a cheque for \$27,448.10 had been received from the provincial government. The cheque represents Prince Rupert's share of the 3% sales tax collected during the last 6 months of 1948 and brings the municipality's share for the 9 months the tax has been in operation to better than \$47,000.

A letter from the Parks Board informed the council that the St. John's Ambulance Association have requested that a building be provided in Roosevelt Park for use as a first aid station. Suggestion was made that an old lunchroom behind the firehall be moved to the park but the council referred the matter to the Board of Works Committee.

In reference to a letter to the Daily News dealing with the condition of the City Cemetery, Alderman Black declared that the caretaker was doing an efficient job, and he recommended that the various orders which have plots in the cemetery be approached and requested to have their sections tidied up. Mayor Arnold agreed with Alderman Black and also agreed with Alderman Casey that something should be done about providing a turn-around for cars so that congestion may be avoided during funerals.

Alderman J. Forman wanted to know if citizens had any redress when they were kept awake at night by the blaring horns of passing or parked cars. City Clerk D. Thain said the violators of sleep could be charged with creating a public nuisance. During this discussion Alderman Black suggested that companies which operate vehicles should be forced to provide their own parking space and should not be allowed to use city streets for such.

### Early Morning Blaze Destroys Property In False Creek Area

### Gyros Get Acquainted

Carrying on Business Sessions and Continuing Social Activities Today

Following an afternoon and evening of jolly get-acquainted proceedings to a large extent of delightful informal nature, District Four convention of Gyro International is proceeding today with headquarters at the Prince Rupert Civic Centre which, incidentally, is the admiration, if not the envy, of all the delegates.

A reception in the common lounge preceded the opening dinner last evening in the Gymnasium when, with a background of Canadian and American flags and a truly international atmosphere in song, speeches and felicitation, over 150 visitors and local Gyros and their ladies sat down to a dinner in the main gymnasium with District Governor Wilson Hunt of Penitction the principal speaker. The local president, Maurice Brydges, was in the chair. Presence of Capt. Harry McLean of S.S. Chilcotin was especially noted.

Following the dinner, dancing was enjoyed with music by the Dukes Orchestra.

Meanwhile, other rooms of the Centre were used for gatherings of smaller groups.

Business sessions opened this morning with men enjoying a stunt lucheon at the Civic Centre while the ladies repaired to the steamer Chilcotin for their lunch.

Fishing and motor trips this afternoon culminate in a beach party this evening at Digby Island or, if weather is unfavorable, a leisurely cruise on the Chilcotin.

District Governor Wilson Hunt of Penitction then took over and welcomed International President Leon E. Isaksen of Madison, Wisconsin, and International Vice-President Russell Carter of Edmonton, who arrived last night from attending another district convention at Jasper.

District Governor Hunt nominated convention committees as follows:

Credentials—Ewart Maybee, Nanaimo; James Ritchie, Keremeos; Donald Fillmore, Kelowna.

Rules—William Hudson, Victoria; David Gray, Burnaby; L. V. Snyder, Victoria.

Resolutions—Andrew McGavin, Vancouver; Darrell Ireland, Seattle; Arthur Sweet, New Westminster; C. Y. Young, Kamloops.

Constitution—E. D. Ivey, Yakima; Henry Schumaker, Vancouver, Wash.; Clyde Nicol, Port Alberni; Davis M. Wood, Tacoma.

Bulletins—G. A. Hunter, Prince

VANCOUVER (CP)—Thirteen persons were injured early today in a four-alarm fire which raged uncontrolled for nearly two hours through the main industrial section of east-central Vancouver.

An early estimate by Fire Chief R. M. Macdonald was given as "easily more than \$1,000,000."

The fire broke out at 4:18 a.m. and was declared under control at 6 o'clock after it had razed or partly destroyed:

- Two fuel company's buildings.
- A refractory plant.
- An asbestos plant.
- Two paper stock companies.
- Two lumber plants.
- One cafe.
- A war salvage firm.
- A stone cutting plant.
- A welding shop.
- A pier and an unknown number of small boats and private homes.

Three casualties are in hospital. They are John Erickson, 63, burns, George Ingram, 24, shock, and Capt. C. Madison, with a punctured foot.

A 30-mile-an-hour wind fanned the blaze which is believed to have begun in a lumber yard.

### BRITISH DOCK STRIKE ENDS

STEVEDORES IN BRISTOL, Avonmouth and Liverpool Return to Jobs

BRISTOL (CP)—Two thousand Bristol and Avonmouth dockers who stopped all work at these two ports last month in support of the Canadian Seamen's Union strike decided to go back to work today. The men voted for a general return as 1200 troops continued to discharge cargoes from half of thirty strike-bound vessels.

The decision of the dockers to return to work followed a Ministry of Transport announcement that troops would not load the Canadian ship Montreal City which was manned by the Seafarers' International Union. Had troops loaded it and had it sailed the dockers could have returned to work without changing their stand.

The majority of Liverpool's 5,000 striking dockers had voted to return to their jobs Monday.

Rupert; Herbert McGregor, Penitction; Eugene Green, Portland. Man Mileage—Lloyd McLennan, Victoria; Ralph Noernberg, Tacoma.

### OSLO (CP)—Oslo was a busy place recently when the state, municipal and private organizations joined in a general spring cleaning. The idea was to make the Norwegian capital clean and bright for celebration of Constitution Day, May 17th.

### THE WEATHER

Synopsis  
Queen Charlottes and North Coast—Cloudy with scattered showers today and tomorrow. Northwest winds (15 m.p.h.), little change in temperature. Lows tonight and highs tomorrow—At Port Hardy 45 and 60, Masset 40 and 60, Prince Rupert 40 and 60.

Liberalism has three key words—UNITY, SECURITY, FREEDOM. Liberal policies are those which protect, sustain and enlarge the freedom of the individual. The Liberal believes no man is fit to exercise irresponsible power over others. He believes in freedom because he believes the resources of human personality and endeavour to be rich and varied beyond calculation or prediction. He believes in freedom because he believes the community of individuals associated in Family, church and diverse free associations to be broader in extent and richer in experience than the STATE.

### Press and Radio

NO EXACT ANALOGY can be made by possible freedom of radio broadcasting and expression of editorial opinion, such as has been granted in the United States, with freedom of the press, for the press is not a licensed medium, whereas radio is. So long as a limited number of air waves must be allocated among private broadcasters, government must exercise this authority and be held responsible for preserving the air as a medium of free expression rather than a monopoly of any one viewpoint. Yet any attempt to ensure a reasonably balanced presentation of contrary viewpoints on the air could conceivably open the way for insidious censorship.

The likelihood may be remote. Where a course must be steered between opposing dangers to free speech—from private monopoly and government control—only experience can show the best way to hold to that course. Not many station owners would likely avail themselves privilege of expressing editorial opinion.

### RADIO ELECTIONEERING

ONE OF THE WORST features of radio election broadcasting is that the audience can't talk back, comments the Ottawa Journal. No one can ask a question; no one can rise to check or challenge the speaker's facts. The art of heckling, so much a part of a live democracy—a thing brought to perfection in England—is lost.

Too late, we suppose, now to change things in this election. But we would hope for something better in the future—some use of radio which instead of making our politicians the worst speakers in the world (a thing which it is doing) and killing public interest in elections, will make political broadcasting more interesting and useful.

### CITY LOTS ARE SOLD

City council has approved sale of the following city-owned lots:

- Lot 30, block C, section 7, Rushbrook Heights, to B. J. Rands for \$150.
- East half of lot 46, block 7,

- section 1, Second Avenue West, to E. Paavola for \$110.
- West half lot 46, block 7, section 1, Second Avenue West to A. F. Eydolfson for \$110.
- Lot 19, block 7, section 7, Seal Cove Circle to Albert Dalzell for \$100.
- Lot 20, block 4, section 7, Fifth Avenue East, to D. Pearson and A. M. Pearson for \$170.

## Ray Reflects . . . . . . and Reminisces

The mighty power of wilderness waters, once controlled, guided and applied, can make increasing numbers of people thankful they moved to British Columbia. Today, limitless electrical energy is knocking at the silent door of the north. Do you want to fling it wide open?

What is called the third annual convention of the Canadian Sunbathers' Association is set for August 13 and 14 in the Fraser Valley. In other words, delegates who will be wearing birthday suits will come from all over Canada. This, however, will not be exactly a novelty. Similarity in style can be noted almost any old time out in B.C.

John Hamilton, who taught school in Port Simpson in 1904, after 43 years service in B.C. is retiring at the end of June. Looking back, he considers the present system of persuasion and reason superior to the old fashioned strapping. The students did not know why they were being punished. It was not that way in our case. The teacher was able-bodied and wore whiskers. He never persuaded or reasoned. We fully understood why chastisement was inflicted. There was never the faintest doubt. Comprehension was perfect.

Halifax is two hundred years old. And at some stages of the long dispute in Europe, you should have heard what the

troops thought of Halifax Bells. Somehow, one cannot but feel Premier Douglas of Saskatchewan has his hands overflowing. Saskatchewan, to start with, is not the most pleasant land in which to dwell. His government experiments in business were disappointing. People have been leaving the province, feeling they could do better elsewhere. Half the year, Saskatchewan is colder than charity, and the other half, one sweats like an ice-water pitcher. And just now, in addition to fights with those who don't like his politics, he has the biggest grasshopper battle in twenty years, to play with.

Inspecting the C.N.R. is becoming a job. President Vaugh-

### Do you know this neighbour of yours?

PROBABLY you've seen him many times. But you might not always recognize him, for he appears in several different roles.

At home, he is a typical father. And this role helps him understand the problems that other fathers face—especially in trying to provide financial security for their families.

In his spare time he's usually active in community affairs. Red Cross, Big Brother Movement, municipal committees—wherever there's a worthy cause to be served you're likely to find him in the thick of it, doing his fair share. For such organizations just naturally attract a man whose job is

helping others to achieve better living through financial independence.

He's something of a student, too. Many are the hours he spends absorbing information about tax changes, beneficiary laws and other subjects related to your plans for retirement and the protection of your dependents.

Who is this man? He is the typical modern life insurance agent. A man who's trained for his job. A good citizen. And a good neighbour.

More than a million Canadian families have benefited by his experience and advice. And he's always glad to be of service to you!

A helpful citizen in your community

When your agent sells you life insurance, he also helps to improve your community. For a large part of each life insurance dollar is put to work, through investments, to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living. You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the modern life insurance agent!

### DO YOU KNOW about TRAVEL RATION REGULATIONS?

It saves time and trouble when you familiarize yourself with the regulations regarding travel to the United States before you set out on your trip. Here are the facts:

- The allowance for pleasure travel during the current ration period of November 16th, 1948, to November 15th, 1949, is \$150 U.S. per person (\$100 in the case of children under 11 years old).
- A Form H permit, obtainable at any bank, is required to take out of Canada amounts exceeding \$10 U.S. or \$25 U.S. and Canadian funds.
- Special allowances are granted for strictly business travel where your application is certified by your employer.
- Applications for larger amounts of U.S. funds for travel for health or educational purposes may be made on special forms obtainable at your bank.

an and staff start out from Montreal, travelling east covering both land and sea. Then they turn around and from Newfoundland steer west for days and days and finally, finally stopping at Prince Rupert near Alaska. And, after all that, back to Montreal!

### What City Council Did

#### ALD. CASEY IS CORRECTED

Alderman T. B. Black took Alderman George Casey to task Monday night regarding a letter which appeared in Monday's Daily News under Mr. Casey's name.

The letter referred to, stated that the city council had asked the provincial government for two thirds of the 3% sales tax collected. Alderman Black pointed out that actually the council only asked for one half. Several of the aldermen declared that, in asking for one half of the sales tax, there was certainly no desire on their part to cut into the allotment for old age pensioners.

Authorized the City Engineer to proceed with repairs to the concrete sidewalk on Third Avenue between Fourth and Fifth Streets.

Granted Mayor Arnold's request that she be excused from attending the meeting of the B.C. Municipal Association and Union of B.C. Municipalities at Burns Lake on June 29.

Ruled that proceeds from the one mill levied for the beautification of Roosevelt Park be used to improve grounds and roads.

## CAMBRAI LAYS SUMMER PLANS

Cambrai Chapter, I. O. D. E., held its final meeting of the summer at the Civic Centre Monday night laying plans for later activities and hearing an address by Miss B. Plowman, of Miller Bay Hospital.

The meeting agreed to cooperate with the Red Cross blood donor campaign to be held in July and started plans to take part in the Municipal Chapter fall tea and bazaar to be held next November. Members also agreed to aid in putting on the Civic Centre carnival in August. The Chapter will also support the sale of cancer drive stamps during the summer.

Following the business session, the meeting heard an address on Australia by Miss B. Plowman of the Miller Bay Hospital nursing staff.

Chairman of the meeting, which was attended by 15 members, was Mrs. G. G. Withers, the Regent.

## ST. PAUL'S AID TEA AND SALE

St. Paul's Lutheran Church Ladies' Aid held a very successful tea on Saturday in the church parlors. The rooms were decorated with fresh flowers. There were delicatessen, home-cooking and novelty booths.

Mrs. Earl Solland, wife of the pastor, and Mrs. Harry Hanson, president of the Ladies' Aid, received the numerous guests. Mrs. I. Eidsvik was in charge of the kitchen, assisted by Mrs. Olsen, Mrs. G. Mostad and Mrs. Johansen.

The cashier was Mrs. B. Pedersen.

In charge of the home-cooking table were Mrs. R. Webber and Mrs. Dybhavn.

Mrs. Stangbye presided at the novelty table.

Serviteurs were Mrs. M. Hettlund, Mrs. C. Berg, Mrs. R. Giske and Mrs. A. Johnson.

## Restless Nights

Often mid-life brings on troublesome irregularities in kidney functioning, an affliction which responds well to magnesium treatment (MAGNOLIN). Burning sensations, painful twitches are relieved, and the bladder returns to normal. The patient feels an almost immediate change for the better in his whole being. Magnopills are for sale at all Drug Stores.

## FIRST INVESTIGATION

(Continued from Page 1)

trying to get a complete record of her movements as a guide to the industry."

For the service of the fishermen, the Laurier also makes three daily broadcasts, indicating her position, water temperature and the presence or absence of tuna at that time. So far, no tuna have shown up.

Inspector Art Touchings of Port Alberni, who is in charge of the tuna investigation about the Laurier, said that in her extended cruise, water temperatures exceeding 55 degrees were encountered. Last year's experience indicated that tuna are present in water temperatures ranging from a minimum of 57 degrees into the 60's.

"We encountered no 'blue' water nor any appreciable signs of tuna feed," Mr. Touchings said.

Leaving Victoria on June 3, the Laurier cruised to a point 220 miles southwest of Cape Flattery, Washington. Her course led her to a spot 100 miles west of Estavan Point, then north to a place 100 miles south of Cape Cook, then further northward to 40 miles south of Cape St. James, then up the west coast of the Queen Charlottes about 65 miles offshore.

Thursday, the vessel leaves for the open sea again to head westward 120 miles southwest of Langara Island. She will work her way south until she arrives at Victoria, after which she will go in for overhaul.

Her sister ship, the Howay, will continue the patrol later in the summer.

Fisheries biologist aboard the Laurier is A. B. Parto.

### JOE SCHULTZIC KINSMEN'S HEAD

TERRACE—Kinsmen officers for the year 1949-50, elected at the last meeting, are:  
President, Joe Schultzic.  
Vice-President, James Maxted.  
Treasurer, Vic Giraud.  
Secretary, Oliver Baxter.  
Bulletin Editor, Mel Peekvout.  
Directors, Bob Rogers and George Grant.  
Sergeant-at-Arms, Bill Osborne.  
The proceeds of the raffle of a table lamp are set aside for sports equipment for children under 12 years, with William Osborne in charge of a committee to handle this.  
The Kinsmen are going to present Bunny Nelson with an engraved tray as a memento of her hard task in selling May Queen tickets.

### Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

Last week's meeting of St. Matthew's Women's Auxiliary was the last meeting till fall and was held at the home of Mrs. H. King. The president, Mrs. Bert West, gave her report of the recent Synod in Prince Rupert to which she was a lay delegate and her report of the Diocesan Annual. All business was cleared up for the summer recess and refreshments were served by the hostess. St. Matthew's Church is expecting to have a resident minister before very long.

Mrs. George Grant and two children returned on Saturday morning from Vancouver where they have spent the past few weeks.

Mr. and Mrs. Bert West left by car on Thursday afternoon for Prince Rupert enroute to Vancouver by boat. They expect to be away on holiday about six or eight weeks.

Mr. and Mrs. C. J. Norrington left on Saturday afternoon on a holiday which will take them as far as the United States. They are making the trip by car and expect to return on June 29th.

The old blacksmith's shop which has stood for so many years opposite the company offices of Little, Haugland and Kerr has been torn down and burned and a new building will be erected immediately.

The Girl Guides who will be going to camp at Lakeise Lake this summer will be asked to pay \$10 each. The camp is the Kinsmen's Camp on the south shore of the lake and girls from Prince Rupert will join the Terrace girls at camp. The local Girl Guide Association will supply the food, transportation and expenses for the camp. A committee was formed at Tuesday's meeting to purchase the food and boxes will be placed in the stores for gifts of canned goods.

At a C.C.F. meeting in the Oddfellows' Hall last Monday evening, Harry Archibald was the speaker and Floyd Frank the chairman.

Mr. and Mrs. D. Foy and daughter left for their home in North Carolina on Tuesday morning's train after spending a holiday with Mrs. Foy's father, Mr. G. Little.

Mr. and Mrs. Lloyd Johnstone drove into the interior on Monday, accompanied by Hon. E. T. Kenney. Mrs. Johnstone's father, and went as far as Fort St. James on an electioneering campaign.

The Yettes held their last meeting of the season on Friday evening at the home of Mrs. James Campbell with Mrs. McDonald presiding. A report of the Monday night's fashion show was given and the members expressed great pleasure at its huge success, both financially and as an entertainment.

Colonel and Mrs. M. D. Robertson of Vancouver enjoyed their short stay in Terrace where they stayed at the home of Mr. and Mrs. E. Whalen. They motored on from here to Prince George.

Space in Emil Haugland's barber shop has been enlarged to accommodate two chairs. Joe Schultzic is working there.

### DERAILMENT HURTS FOUR

INWOOD, Manitoba.—Four persons were treated in hospital at nearby Teulon Saturday after a mixed Canadian National Railways westbound train, bound from Winnipeg to Hodgson, Manitoba, was partially derailed fifty miles north of Winnipeg and three miles south of this town. The most seriously injured was identified as a Mrs. Gulka.

### TERRACE TO GIVE BLOOD

TERRACE—Col. M. D. Robertson, accompanied by Mrs. Robertson, drove into Terrace on Wednesday afternoon and was entertained by the local Red Cross executive at a dinner meeting in the Silvertip dining room. As the divisional director of the blood transfusion service of the Red Cross Society in B.C., he spoke on his work which was to visit all the branches in the province and arrange with local executives for the visit of the blood donor clinic.

Col. Robertson described the needs and the results of the blood service. Whereas blood transfusions used to cost \$25, the service is now absolutely free of charge. If 150 donors would volunteer to give one pint of blood each, the clinic would be brought to Terrace from Prince Rupert early in August. For this, seven collection beds and seven rest beds will be needed and will be placed in a large hall which will be divided into four sectors. Donors coming in will be given fruit juice or coca cola to build up the sugar supply in the system and will be properly tested. Following the donation the donor will be taken to another part of the hall to rest and drink coffee. The whole process is painless and

Miss Kay Nickerson left today by air for Vancouver enroute to New York and Boston where she will spend a fortnight's holiday. She plans to fly both ways.

there is nothing to fear. Mrs. C. J. Norrington has charge of the arrangements to establish the clinic here for one day on August 4.

### NEWFIE LINES ARE 705 MILES

MONTREAL—The Newfoundland Railway, with its 705 miles of lines, coastal fleet of twenty vessels, drydock and shipyard, and telegraph system, both wireless and land lines, which are being inspected by President R. C. Vaughan, Vice-President N. B.

Walton and party of Canadian National Railway, were reported into the Canadian system last April. The first stop of the train's inspection party was made at Moncton. W. J. Ineson, Vice-President of the general manager, C.N.R., region, joined the train. (Continued on Page 4)

*Electric Cooking is WONDERFUL!*

Electric cooking eliminates "pot watching" and "oven pecking". You are assured of steady, even cooking... cool cooking, too, with the heat sealed in. It's easy to keep an electric range bright as new, pots and pans sparkling clean—and it costs but half a cent a meal per person to cook electrically!

### Long Distance For Islands

Word has just been received by Ted Appellewaite, Liberal candidate for Skeena from Hon. Lionel Chevrier, Minister of Transport, in reply to representations made by the candidate, the Minister stating that a public radiotelephone service is about to be inaugurated between Prince Rupert and Queen Charlotte Island points on Graham Island. This will be by way of the frequency modulation station at Masset now being taken over by Dominion Government Telephone service. Telegrams will continue to be handled through Dead Tree Point.

The Minister also stated that, contrary to rumor, there is no thought of closing down the Dead Tree Point station at this time.

The inauguration of long distance service to the Islands will fill a longfelt want there, and will be of great benefit to both business and pleasure travellers.

### SUBJECTS FOR MUNICIPAL MEET

Five resolutions will be submitted by Prince Rupert city council to the annual convention of the Union of Central B.C. Municipalities this month to obtain support of interior towns when they are presented to the convention of the powerful Union of B.C. Municipalities next September.

The meeting of the Union of Central B.C. Municipalities, which takes place June 29 and 30 at Burns Lake, will consider briefs from municipal governments in the central area, coordinate them and give them mutual support at the U.B.C.M. meeting which follows.

Delegates to the central B.C. municipal meeting will be Aldermen T. B. Black, W. F. Stone and George Rudderham. Mayor Nora Arnold, who was to have headed the delegation, was granted leave of absence by council.

The five resolutions which will be presented by Prince Rupert delegates will cover a wide variety of subjects aimed at correcting situations which the aldermen are convinced are detrimental to the city and the municipalities of the province as a whole.

The first attacks the practice of invoking province-wide daylight saving time by order-in-council and resolves that "the provincial government be requested to submit a plebiscite to the electors of the province in order to obtain their opinion as to whether or not they favor daylight saving time and that legislation be enacted, if necessary, to standardize throughout the province the wish of the majority."

The second resolution asks that "a minimum salary schedule for teachers be adopted annually through negotiations between the provincial Department of Education and the Teachers' Federation and that such schedules be binding on all school boards in the province." It provides that consideration be taken of local conditions, cost-of-living and such local factors as may be encountered in the various districts.

A third resolution asks that certain sections of the Municipal Act be amended to grant to municipalities the power to limit the number of licensed taxi cabs operating within the municipality on the basis of population.

The fourth urges that the Municipal Act be amended to eliminate the poll tax as a voting qualification and that the Poll Tax Act be repealed.

A clause in the Protection of Children Act which permits the city to be held liable for maintenance of children to unfortunate delinquent parents formerly resident in the city, even though the city had no awareness of the court order making it liable, inspired the final resolution.

A year ago, the city was in maintenance of children apprehended that it owed \$4,300 for hended by the court in 1946, although during that interval, the city had no knowledge of its liability.

The resolution petitions the Lieutenant Governor-in-Council to amend the Protection of Children Act so that the section in question will be redrawn in simple and unconfusing terms and that the revised section will not have the effect, no matter how construed, of imposing such retroactive liability on any municipality.

### SIMPSON COUPLE MARRIED HERE

First United Church was the setting for a pretty wedding at 7:30 Saturday evening when Beatrice Doraine, younger daughter of Mr. and Mrs. Charles Dudoward of Port Simpson, was joined in marriage to Edward George Sampson, son of Mr. and Mrs. W. R. Sampson of this city. Rev. R. A. Wilson performed the rite.

Given in marriage by her father, the bride was gowned in traditional white. Her maid of honor was Miss Lillian Morrison. Groomsman was Robert Smith. At intervals during the ceremony, organ music was played by Mrs. E. F. Dudoward.

Following the wedding, a reception was held at the Commodore Cafe with 75 guests attending. Speeches of felicitation were made by Charles Dudoward, W. R. Sampson, James Lawson and Matthew Hill of Kitkatla.

The bride and groom will reside at Port Simpson.

Grant Stewart, manager of the local branch of the Royal Bank of Canada, returned to the city yesterday from a brief business trip to Vancouver, coming north as local club representative aboard the Chilcoot, Gyro convention ship.

... yes the finest of all fine cuts for greater *Roll your Own* smoking satisfaction!

HANDY MOISTURE-PROOF POUCH

### WELCOME GYROS . . . TO PRINCE RUPERT

We hope you'll like your little visit. You'll find our people open hearted and friendly as is usual in the north. You'll find our climate better than you expected.

We don't have to wear gum boots and slickers all the time.

If you see a little rain it's only the same kind you get at home so do as we do, just let it rain.

Sometimes we'd like a little rain.

We are glad to be free of lots of nuisances other places have, such as floods, dust storms, extreme cold, sweltering heat, cyclones, thunderstorms, flies and mosquitoes, poverty and slums.

We have no snakes or reptiles, no dangerous wild animals or epidemics or serious diseases. We hope you'll come again.

### THE CANADIAN ARMY — "INSURANCE FOR PEACE"

**"That mountain is mine"**

"I know, it sounds a little strange. But I was the first man ever to reach the top of that mountain. Of course, there were others with me — but I got to the top first. So they let me name it — and I called it *Mine*."

A survey party of the Royal Canadian Engineers! One of many that set out every summer to explore Canada's vast unknown wilderness. These men map and survey areas of Canada's wilds, collecting data for mineral development and settlement.

The Engineers are typical of the soldiers of Canada's new Army. They are fully taught for such trades as draughting, carpentry, bricklaying and mechanics. Young men with Senior Matriculation are being sent to University on full pay and allowances — tuition and books free. Upon graduation, these men will be granted commissions. Truly, Canada's new Army has a great deal to offer young men of ambition.

Visit your nearest recruiting office soon. Get full details on the advantages of an Army career. You are eligible if you are 17 years of age or over and can meet Army requirements. Bring along certificates of your age and education.

No. 11 Personnel Depot, 4th Avenue & Highbury Street,  
Jericho, VANCOUVER, B.C.

Join the CANADIAN ARMY ACTIVE FORCE Now!

### APPRECIATIVE STUDENTS

CANBERRA — The average mark of university students financed by the Australia government was 80 per cent compared with an average of 65 per cent for other students. Since the scheme began in 1943, 5,300 students have been assisted at a cost of £1,500,000 (\$4,000,000).

FIRE PROTECTIVE WALLBOARD

A sudden spark—a flame—and then, before you realize what's happening, the whole building can be a blazing inferno! Unless... the walls and ceiling hold back the flames till help arrives.

Like a plaster wall—GYPROC WALLBOARD is fire-protective. GYPROC won't burn. It prevents fire from spreading... holds it back... delays it so that help may arrive to save life and property.

When building walls and ceilings, make sure that you have this added fire protection. Insist always on GYPROC Fire-Protective WALLBOARD. G-5-49

**BOY SCOUTS TO OTTAWA**

Hans Schmidt, Magnus Eyolfson, Ross Ingram, Roy Webber Going

Plans are now being finalized to send four first class Scouts from Prince Rupert district to the All Canada Scout Jamboree at Ottawa. Following a winter of intensive training, Hans Schmidt and Magnus Eyolfson of the Second Prince Rupert Troop and Ross Ingram and Roy Webber of the Third Prince Rupert Troop have been selected.

These lads will be leaving Prince Rupert on July 11 and by special arrangements are to be flown to Vancouver by Canadian Pacific Airlines. They leave Vancouver with the British Columbia contingent of some 350 Scouts on a special train, arriving in Ottawa July 16. The Jamboree is expected to include 3,000 boys, the B. C. contingent being led by Col. Keith Dixon, former District Commissioner for Prince Rupert.

Thanks to W. D. Lambie, a local baseball enthusiast, these boys will be helped on their way by a special film showing of the 1948 Baseball World Series which will be shown at the Civic Centre

**COUNCIL WOULD INVESTIGATE POWER OUTPUT**

Northern B.C. Power Co. will be asked by the city to provide a record of its balance of electrical power production with consumption during the last year.

The request was approved by city council Monday night on recommendation of the utilities committee in order to substantiate a statement allegedly made by the company to the B.C. Power Commission, that the company is developing enough power to meet current demands and to take care of anticipated needs.

To satisfy themselves, the aldermen supported a recommendation by the committee that the power company furnish the city with graphs illustrating the maximum and minimum weekly development during the last year and also show a record of maximum weekly consumption during that period.

on Friday afternoon and evening of this week. Proceeds of a silver collection will be used to help the boys with their expenses for the Ottawa trip.

**SOROPTIMISTS NAME OFFICERS**

The Soroptimist Club of Prince Rupert elected a new slate of officers following its monthly business meeting at Miller Bay Hospital Nurses' Residence.

New officers are:  
President, Miss Muriel Vance  
First Vice-President, Miss Winnie Poxon.  
Second Vice-President, Miss Margaret McLeod.  
Secretary, Miss Frances Thomson.

Treasurer, Miss Margaret Smith.  
Directors: Dr. R. Purves, Miss Anne McLeod, Mrs. C. G. Ham, Mrs. N. A. Baker.

The new slate was formally installed by Mrs. M. Willa Ray, retiring president.

A report indicated that six tables and 12 benches are ready to be installed at the Salt Lakes Park, improvement of which is a major Soroptimist project.

The treasurer's report showed a successful year with donations being made to various causes.

Following the meeting, refreshments were served by the hospital staff.

This is a family affair

**YOUR FUTURE... AND CANADA'S**

Conditions have been good the last few years. More people are working than ever before — making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about... and you are planning for their future...

The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

**Family Allowances are increased.** Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed — have a better chance for an education and a real start in life — because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.

**In housing, too, the Liberals have taken the lead** in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

**Then, there is the Liberal health program.** Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

**Or take employment.** Liberal measures are helping to maintain employment in Canada at record levels, and at the same time unemployment insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

**Old Age Pensions and pensions for the blind** have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age — automatically and as a right.

These are all part of the Liberal program of social betterment... a program to achieve "a national standard of social security and human welfare which assures the greatest possible measure of social justice to all Canadians".

MAKE SURE THE WORK IS CARRIED ON

Protect YOUR stake in Canada's Future
