Truman Asks for Thirty-nine Billion Dollars

Refundable Savings Portion Of Income Taxes To Pay Arrears

OTTAWA (CP)—Refund savings portion of 1942 income taxes, payable on or about March 31, will be applied against income and excess profits taxes still outstanding for all years prior to 1947, the Department of National Revenue announced today.

Alaska Ship Aground

Juneau Freighter Aleutian Mail Strikes Near Unimak Pass

SEATTLE (CP)—The Alaskan mail freighter Aleutian Mail radioed today that she was aground but in no immediate danger near Arch Point on the western portion of Unimak Island, east of Dutch Harbor, Alaska.

The Coastguard, which received a distress message here from the Ketchikan station, dispatched the cutter Cedar to the grounded vessel. The cutter is due at the scene at 10 o'clock tomorrow morning.

The Aleutian Mail is a wooden-hulled, 263-ton vessel and her destination is Juneau. The Coastguard said that the vessel normally consisted of from 10 to 15 men.

BANDITS BEAT POLICE RAID

Three Patrons of Gambling Joint Outside of Montreal Are Wounded

MONTREAL (CP)—Three patrons were wounded by machine gun fire Saturday night when four men held up a gambling joint on the outskirts of the city. The shooting occurred just minutes before the arrival of the provincial police who had planned a raid on the farm-house where a "flying barbotte" had been in progress for several days.

Twenty patrons were lined up and the bandits forced to take off their trousers. The bandits then scooped up \$400 from the green tables. Then they armed with a sub-machine gun reached for the pants to go through the pockets, became nervous, fired a short burst and wounded the three.

VICTIM OF HIT-AND-RUN DRIVER

CHILLIWACK (CP)—Alfred Hedley, 65-year old employee of the government liquor store, was killed Saturday night by a driver who failed to stop. Police report that no witnesses of the incident have been found.

ICE ADRIFT IN ICE FLOE

Nearly One Hundred Rescued While Fishing in Lake Michigan

STURGEON BAY, Wisconsin. Five men of an original beam 75 and 100 who were fishing off a huge ice floe which broke loose and carried them away are the object of frantic search by Coastguard and private boats.

The floe is being driven by a strong east wind across 20 miles open water. Many of the men were rescued in small boats or swam ashore. The five are still adrift on a smaller section of the main floe. Temperature of five above

Four-fifths Of It To Be Used In Paying For And Heading Off Wars

Gives Veiled Warning Against Further Spread of Totalitarian Rule

WASHINGTON, D.C. (CP)—President Truman fired an unprecedented peacetime budget of \$33,699,000,000 at Congress today to meet "realities of our existing international and domestic requirements" during the 1949 fiscal year beginning July 1. He told the hostile Republican-dominated Congress that nearly four-fifths of the spending estimate represented aftermath of the second world war and efforts to head off a third world war.

In obvious reference to the hoped-for effect of foreign aid to curb the spread of communism, Truman said: "Should failure of these programs result in further extension of totalitarian rule, we would have to re-examine our security position and take whatever steps might be necessary under the circumstances."

Twenty-eight percent of the budget \$11,000,000,000—is for national defence, the biggest single item in the new budget. The budget includes, among other things, provision for new health insurance program, old age pensions and universal military training.

Mr. Truman gave no hope of an early end of government spending. Observers saw in the budget a "boom time" program and no sign of recession.

Peace Bridge Is Undermined

Federal Government to Spend Quarter Million Dollars On Important Highway Span

OTTAWA (CP)—Government sources said yesterday that the north pier of the 2,130-foot suspension bridge over the Peace River, a main link on the Alaska Highway, had been undermined dangerously by swift water.

The government is planning immediate repairs which it estimated will cost \$250,000. Floods last spring scoured a deep hole beneath the bridge.

FRANCE IS OFFENDED

LONDON (CP)—The Foreign Office said today that France had expressed concern that she had not been consulted before the United States and Great Britain decided to strengthen Germany's powers of self-administration in the Anglo-American occupation zone.

The spokesman would not comment on its impact upon the move to merge the French and Anglo-American zone but emphasized the French government's views were based solely upon lack of consultation and did not constitute a "protest."

BIG FIRE IN SAINT JOHN

ST. JOHN, N.B.—The most serious fire this city has suffered in years took place Saturday night, when a large motor and automobile sales and display establishment was destroyed. Total loss is estimated at \$350,000. St. John was wiped out by fire in June 1877, only a few blocks of buildings being left out of a city of about 40,000 population.

Reds Want Berlin Alone

Effort to be Made to Drive British and Americans Out

BERLIN (CP)—The Russian-sponsored press Taegliche Rundschau, indicated today that a Russian attempt to force Britain and United States out as joint occupiers of Berlin might be presented at the next session of four-power Allied control council for Germany January 20.

The paper charged that the establishment at Frankfurt last week of Germany's economic administration for British-American zone never would be agreed to by the U.S.S.R. and that a "necessary consequence" must be a change in the Statute of Berlin which places the capital under four-power control.

The Secretary of Agriculture Anderson today asked Congress for stand-by authority to control wholesale meat prices but expressed the opinion that there would be no need for retail price ceilings on meat.

The Secretary told the Senate banking committee that "we do need and may have to use select price control" and added: "If we have meat price control at the wholesale point it would probably be sufficient."

Revenue from police court fines in Prince Rupert totalled \$11,076 last year, a decrease of about \$2,000 from the 1946 level. According to the monthly police report considered by the civic police committee at the week-end, police fines in December were \$435.

The December fines resulted from 48 convictions, most of them under the Liquor Act or sections of the Indian Act concerned with liquor. There were 21 convictions for intoxication under the Liquor Act and 14 under the Indian Act.

Police patrols through rooming houses in the city brought to light only three cases of supplying liquor to Indians. There appears to be an appreciable drop in this traffic, the report stated. Monetary loss reported from Criminal Code complaints totalled \$626, of which \$170 was recovered.

Chinese Central Government Claims Major Victory North of Mukden

NANING—Chinese central government forces claim a major victory over the Communists in a three-day battle north of Mukden, the Communists having suffered at least nine thousand casualties. "The Communist capture of Mukden is now out of the question," says a government spokesman.

LARGELY DESERT
Egypt is twice as large in area as France, but 97 per cent of it is barren sand and rock.

Artificial light only injures the eyes when it is too weak or creates glare.

Investigations carried out during the past summer by the British Columbia government demonstrate conclusively that a highway can be built satisfactorily to Alaska by the proposed coast route, reports Construction World. Such a highway, which would link Hazelton with the northern boundary of the province, has been proven feasible, according to Hon. E. T. Kenney, provincial minister of lands, following examination of the results of tri-camera surveys.

Tri-camera photography, used in British Columbia this year for the first time by any agency other than the R.C.A.F., has been a great success and the government is delighted with the results of this war invention when used on the mountains, rivers, glaciers and forests of B.C. says Mr. Kenney.

Norman Stewart, surveyor-general for the B.C. government, explains: "The valleys are quite accessible. The mountains to the west of the proposed route are rugged and snow-covered but they would add to the route because of their scenic grandeur. Such a route would open up vast vistas of wonderful mountains on either side."

Chief of the air survey division, Gerry Andrews, who had experience in such work overseas during the war, was in direct contact with the surveyors.

Government Surveys Are Definitely Favorable To Coastal Link For Alaska

Valleys Accessible, Elevation Reasonable, Snowfall Light—Advantages Emphasized

STILL TESTING—Leaving a cloud of gases and a fiery tail, a German V-2 rocket roars straight up towards the upper spaces during a test by the U.S. Army in their New Mexico proving ground. This was the 29th of the 100 captured V-2's brought to the U.S. for study by army ordnance personnel. Each rocket was built at an approximate cost of \$50,000 by scientists in Germany. In recent months parts of the missiles have deteriorated, and the army has duplicated them in order to put the rockets back into operational condition.

Escott said that the Harovan's crew of two leaped from the deck of the tug to the scow, which the tug was towing, mere seconds before the Harovan sank in 100 feet of water. The scow, caught in an updraft, swung quickly, smashing the tug broadside.

Coolheadedness of his mate saved Capt. B. I. (Curly) Bell from almost certain death as he was trapped in the Harovan's wheelhouse when the vessel heeled over on her side. The 21-year old Bestward pulled the skipper out of the wheelhouse and both leaped overboard to reach the scow, pulling themselves along the towline.

An hour later the pair were rescued by Capt. Tommy White, skipper of the tug Portovan. The Harovan was towing the empty scow towards False Creek when the riptide jerked the cable towline sharply and threw the tug on her side.

The government is planning immediate repairs which it estimated will cost \$250,000. Floods last spring scoured a deep hole beneath the bridge.

Revenue from police court fines in Prince Rupert totalled \$11,076 last year, a decrease of about \$2,000 from the 1946 level. According to the monthly police report considered by the civic police committee at the week-end, police fines in December were \$435.

Palisana Up For Repairs

Temporary Patching to be Carried Out on American Ship

The plating on her bottom on the starboard side dented and torn by rocks when she went aground on Barrett Point Thursday night, the 4,000-ton Northland Transportation Co. motorship Palisana was taken onto the pontoons at the dry dock Sunday for emergency repairs.

The Palisana will receive a temporary patching job here, then will sail for Seattle where permanent repairs will be made to her damaged hull. An American government tariff of 60 per cent on the cost of permanent repairs done in foreign shipyards makes it impracticable to do the work here.

The vessel's welded hull was scraped by the rocks for two-thirds of her length when she went aground in a rain and snow storm. Several holes were torn in the bottom plating.

After the Palisana struck, she lost about 20,000 barrels of diesel fuel from her double-bottom tanks. The inner bottom, which was undamaged, prevented the sea from getting into her holds.

Before going onto the pontoons, the Palisana unloaded a quantity of frozen fish at Atlin Fisheries where it will be kept under refrigeration until the vessel sails for the south. She also has lumber on board.

Sunday, the Palisana's bottom tanks were being steamed to clear them of oil fumes so workmen could enter them to make repairs.

Buyers' resistance to high prices "has cut general meat sales by seventy-five per cent," N. O. Roose, president of the Toronto Retail Butchers' Association, said today. Bacon is among the lines that are down seventy-five per cent in volume of sales with all sales off forty per cent.

"Housewives are laying off purchases of bacon and higher-priced cuts of meat especially," Roose said and this resistance is resulting in a slight drop in meat prices.

"We butchers are cutting our own profits to ease the burden caused by higher prices. We are doing this to appease the housewives."

Prince Rupert, Queen Charlottes and North Coast—Intermittent light rain today and Tuesday. Wind southerly, 30 m.p.h. Temperatures normal. Lows tonight and highs Tuesday: Port Arthur 35 and 40, Massett 33 and 40, Prince Rupert 33 and 40.

Northern B.C.—Overcast with occasional snow flurries today and Tuesday—Wind light. Milder. Lows tonight and highs on Tuesday: Prince George 10 and 25, Smithers 15 and 28, Telegraph Creek 5 and 15.

Now It's Bingo, Game of Skill

MONTREAL (CP)—Bingo generally is banned in Quebec province as being a game of chance, but where there's a will there's a way, and police are wondering how to cope with three bingo games now being operated in Montreal. In these games chance has been eliminated in favor of "skill." The method: If you win at Bingo all you have to do to claim your prize is "skillfully" guess the title of a tune played on the piano for you. Guessing the name of "It's a Long Way to Tipperary" is considered skill.

Hazelton Route Vindicated

INVESTIGATIONS carried out during the past year both by air and land reconnaissance have definitely exploded some of the old ideas as to difficulties of construction and excessive snowfall which have been held for years against a highway to Alaska by the proposed coast route north.

It has been demonstrated conclusively and admitted officially that the highway can be built advantageously and satisfactorily from Hazelton and contiguous to southeastern Alaska. According to Hon. E. T. Kenney, as stated in an article in Construction World, which we republish in the Daily News today, such a highway has been proven feasible.

The article alludes to the many attractions and advantages of the Hazelton route including the opening up of thousands of acres of first class agricultural country and large sections of heavy timber and unsurpassed vistas of scenic grandeur for the tourists, shortening of the distance from the Pacific Northwest and the lower coast to the Yukon and Alaska, and giving more immediate access to British Columbia and Alaska ports, eventually linking up Stewart, Ketchikan, Wrangell and Juneau with the main road systems of North America.

The case in favor of the Hazelton route for a new connecting link to Alaska as outlined in this latest article, based on the surveys and reconnoissances so recently made, is of particular encouragement here in Prince Rupert and in the interior. Making of such surveys implemented a promise which had been made to us by the provincial government through Former Premier John Hart. Now that the feasibility and advantages of such a highway have been definitely established, we are well justified in resuming with optimism and vigor the campaign to have it included in forthcoming new highway construction for the province. It should be the signal for a new campaign with this end in view. Surely enough, it is a project in which Prince Rupert is vitally interested. The official surveys give us a new lead. It is up to us now to follow up.

CANDLE LIGHT

IN THIS ELECTRIC AGE, when electricity is the universal means of illumination in all modern cities, we are apt to despise the candle and to forget the important part it has played in the history of mankind. The younger generation have no idea of what a dark world this was, even up to the latter part of the nineteenth century, when people groped their way about city streets feebly lit with glimmering gas lamps. But gas lighting must have seemed to those people like daylight compared with the nights when there was no outside illumination, other than the torch or the lantern, and the fitful glimpses of the moon.

Indoors, of course, they had oil lamps, around which they ate their evening meals and did their nightly reading and writing. But during the oil lamp period the candle was indispensable for hunting in dark corners and lighting one to bed.

In those nights the candle seemed to be a living thing, a genial companion, and its little circle of light was an aid to concentration. One could gaze into its soft flame and see visions.

All this comes back when the lights go out and we have to resort to candles. In an instant we return to the candle age.

Like a lone star amid the black of night, My candle casts a ring of lambent light; And in its mystic circle dreams arise, Forgotten dreams and childhood memories: Faces and scenes of long, long years ago, Are conjured up beneath the candle glow.

Backward my dreaming goes three hundred years, And in my mind a vision dim appears Of Shakespeare sitting in a narrow room, Writing his plays, alone amid the gloom: Faces and scenes, that live in deathless fame, He conjures up beneath the candle flame.

Here Doctor Johnson sits in solitude, And there is Blake in rapt ecstatic mood; Yonder is Goldsmith, writing tales for bread, And there's De Quincey, sitting up in bed; Each working magic, 'mid the black of night, In the charmed circle of the candle light.

WHOLE TOWN IN MOVIES

Renfrew Folk Co-operate With National Film Board On Immunization Movie

By KAY REX Canadian Press Staff Writer

RENFREW, Ont. — Ask practically any Renfrew resident if he has ever been in movies and he'll answer: "Why, sure! Nothing to it."

In fact, these last few weeks the National Film Board has been "shooting up" the entire town for a film on immunization which tentatively has been called "To Save Our Children." It will be released some time in March.

"And it's wonderful the way the people here take movies in their stride," said Les McFarlane, who is directing the film. "When we do any street filming we're never bothered by crowds; everyone goes on about his business as usual."

Mr. McFarlane said it was the first time in his experience that he had received such "whole-hearted co-operation" from any single town. Everyone from business man to school teacher had gone out of his way to be of service.

For the film, Renfrew has been renamed Wakefield, a typical Canadian town which with a single medical officer of health has managed to overcome its problem of complete immunization through organization of the entire community.

Object of the film, made at the recommendation of the Dominion Council of Health, is to show that in the first six months of a child's life immunization for whooping cough, diphtheria and smallpox is essential.

LEARN'S FILM TECHNIQUES One of the physicians in this fictitious Wakefield is Dr. F. S. Burke of the Health and Welfare Department, Ottawa.

"It's the first time I've ever been in movies and I'm finding out a lot about the technique of filming a picture," he said.

While the N.F.B.'s original intention was to use professional actors for the main parts of the immunization film, Mr. McFarlane said they had found that Renfrew was made up of "naturals" for the screen.

"When we want a business man in the picture we go out and bring in a business man," he said. As for the star of the show, she is winsome three-year-old Donna Van Alstine, the daughter of Renfrew's recreation director.

The fair-haired little girl is undismayed when the bright movie lights are turned upon her.

"She's more than just photogenic, she's an actress," grinned Mr. McFarlane.

As temporary studio, the four-man N.F.B. crew has been using an old church building, Renfrew's community centre.

WINNER OF V.C. ENTERS MINISTRY

WELLINGTON, N.Z. — Winner of the Victoria Cross for outstanding gallantry in the Western Desert during the Second World War, Keith Elliot of Wellington has been ordained as a clergyman of the Church of England. Although several clergymen have been awarded the famed decoration in the past, it is believed there is only one previous instance of a V.C. entering the church after winning the award.

As a sergeant, Elliot was serving with a battalion which was surrounded on three sides at Ruweisat Ridge in September, 1942. In spite of this Elliot led his platoon in an attack and captured 130 prisoners. Though badly wounded in four places, Elliot refused to leave his men until he had re-formed them and handed over the prisoners. The citation referred to his quick grasp of a difficult situation, his great personal courage and his undoubted leadership. He was awarded a commission in the field.

After the war Elliot returned to his farm but after some time there he decided to study for the church and will shortly be made a curate in the Palmerston North district.

INVENTED MARGARINE Margarine was first developed by a French chemist to relieve the butter shortage after the Franco-Prussian war.

AUSTRALIAN GYPSUM Gypsum deposits in Victoria, Australia, are estimated at several millions of tons.

MOTHER DIES TRYING TO SAVE CHILD IN BLAZE—Smoke-blackened Elmer Bennett is shocked by the fire which took the lives of his wife and daughter and is comforted by other members of his family. His wife Beulah, went into their blazing home at Hazeldean, 15 miles south of Ottawa, saved two children but died when she went back for a third, eight-year-old June, who perished with her.

Briefs From Britain

LONDON — One of Britain's oldest seamen, Frankie Huntley, 76, recently retired after serving 34 years on the steamer Nevasa.

TWICKENHAM, Middlesex, — A prize offered in a Christmas draw was a "free haircut once a month" at a recognized barber shop.

LONDON — Two free seats for a revival of "Charley's Aunt" have been offered to anyone who saw the first stage showing in 1892.

BRIGHTON, Eng. — Because his wife refused to get rid of 20 or 30 cats which the judge described as making life intolerable, John Winnan was granted a divorce.

Youthful Dairyman Tests Gravity Law

AUCKLAND, N. Z. — Most ingenious scheme yet devised for aiding Britain stands to the credit of the young son of a New Zealand dairy farmer. His mother found him diligently weighing the milk from the house cow. The cow was propped up at an angle of 45 degrees with its forelegs on a box. Asked the reason he replied:

"I saw the letter from the dairy factory asking us to produce the last drop of cream for the Food for Britain campaign. Teacher has been telling us about gravity and I'm trying it out."

Durban Dock Cats Fierce Specimens

DURBAN, South Africa — More than 200 wild cats are terrorizing the Durban dock area. They have been known to attack human beings. Three years before the war port officials were worried by the increasing number of cats and 150 were destroyed. The following year the wharves became infested with rats. While the rats have been reduced to a negligible number the cats are causing consternation.

SCIENTIFIC FILMS NEW DELHI

NEW DELHI — A scientific film society, the first of its kind in Asia, has been formed with headquarters at the Indian Institute of Science. Dr. J. C. Ghosh, director of the institute is president of the society.

Testing Equipment Of Army In Cold

OTTAWA — Thirty men of the Royal Canadian Army Service Corps are slated for a cold eight weeks just south of Fort Churchill, in temporary camps of tents and igloos. This will be known as "Exercise Moccasin." Its purpose is to test radio equipment and ground wave ranges in cold weather. Valuable experience will be gained in operating tractor trains.

The soldiers will remain out in the barracks—a new experience for them. They are now undergoing a two weeks winter hardening course after which the exercise proper will commence. Native pattern mukluks are being made by the natives of Aklavik to cope with the cold foot problem.

HEAVIEST SUBSTANCE Osmium is the heaviest known substance, weighing 25,000 times as much as the lightest, hydrogen.

GOVERNMENT SURVEYS ARE DEFINITELY FAVORABLE

charge of the two planes and their highly technical cameras, which had been used by the Canadian Army in Germany and which were purchased from War Assets Corporation.

600 MILES LINK TO ALASKA HIGHWAY

Between 500 and 600 miles of road would be necessary to link Hazelton to the Yukon border and the Alaska Highway to Fairbanks.

P. N. Monckton, B.C. land surveyor, who has been over much of the ground, recently reported that the route north from Hazelton traverses country through which it is exceptionally easy to build a road. For the greater part it would follow a low and level country and for long distances could be made as straight as an arrow.

It would open many thousands of acres of first class agricultural country and large sections of heavy timber. Until the route reaches Telegraph Creek the highest elevation is 2,000 feet and the snowfall is very light.

The coast route north would shorten the distance by road from Vancouver to Whitehorse and Fairbanks—and it would open up a rich and beautiful section of British Columbia. When the B.C. government's \$9 million John Hart Highway from Prince George to Dawson Creek is opened to traffic late in 1948 it will be possible to drive from Vancouver to Fairbanks via Ashcroft, Williams Lake, Quesnel, Prince George, Dawson Creek, Fort Nelson, Watson Lake and Whitehorse. This is a distance of approximately 2,400 miles. The coast route north would eliminate between 200 and 300 miles—or a day of heavy travel.

Cost of the section from Hazelton to the Yukon border would be about \$20,000,000, the way road building prices are today. Fifteen years ago it was estimated the whole Canadian section, from Hazelton to the Yukon-Alaska border, via Dawson City, would have cost \$12,000,000.

50 MILES OF ROAD ALREADY BUILT There is a 50-mile stretch of road already completed north of Hazelton, leaving approximately 520 miles to be constructed from Hazelton to the Yukon border, near Whitehorse. When this road goes through, the last B.C. section will probably be the road that is planned from Jake's Corner, on the Alaska Highway, to Atlin Village. Provincial and Dominion governments have an agreement this road will be built.

The coast route would give access to a number of B.C. and Alaska ports. It would link Stewart, Ketchikan, Wrangell and Juneau with the main road system of North America as Prince Rupert, Whitehorse and Fairbanks are now linked, via Dawson Creek and Edmonton, and as they will be linked with Vancouver late this year. No longer would people of the coast towns be dependent on steamers and airplanes. They could hop into their cars and drive to Vancouver or Seattle, Montreal, Chicago or New York. What's more important, the coast route would provide a direct link for freight and passenger automotive transportation from the United States Pacific coast to Alaska west of the Rockies.

AID ROMANIAN STUDENTS Romanian students at the University of Bucharest are receiving breakfast for the first time in years as a result of contributions made through the World Student Relief by Canadian students.

Gloucester To Open Ceylon Parliament

LONDON — In response to an invitation from Prime Minister Senanayake of Ceylon, the Duke and Duchess of Gloucester will fly there in February. They will be present at the ceremonies which have been planned to mark the assumption by the island of fully responsible government within the British Commonwealth of Nations. The Duke of Gloucester will open, on behalf of the King, the first session of parliament to be held since the Ceylon Independence Act came into force. The Duke and Duchess will subsequently attend celebrations which are being held to inaugurate the island's new status. They will probably travel from Britain in one of the planes attached to the King's Flight.

TANGANYIKA HIGHWAYS DAR ES SALAAM, Tanganyika — Better roads are in store for Tanganyika by the allocation, through the British Overseas Development Bill, of \$84,200,000, of which \$3,504,000 will be spent on road construction. The balance will be for development of other colonial resources.

PRINCE RUPERT YEARS AGO

January 10, 1923

Alderman Montgomery, the United Labor Party's candidate for mayor, was principal speaker at a political rally in the Westholme Theatre. The other two mayoralty candidates, Mayor S. M. Newton and John Dybhavn, also spoke.

Archbishop Du Vernet, in a series of demonstrations, "made it clear that thought can be transferred from one mind to another." He used a "Chevrent pendulum," a piece of string attached to a weight on one end. His daughter assisted in the demonstration. He claimed to have transmitted a six-letter word from Metlakatla to Prince Rupert.

Shareholders of the Smithers Electric Co. received a cash dividend of 25 per cent of stock during the first year's operation.

The tug McCulloch arrived here towing a scowload of lumber from the Big Bay Lumber Co's mill at Georgetown. The shipment—two carloads of spruce—was destined for Winnipeg.

G.T.P. Superintendent W. C. C. Meehan received notice from the Board of Railway Commissioners authorizing the operation of a railway between Prince Rupert and Hazelton for passenger and freight service.

A branch of the Bankers' Trust Corporation of Canada was established here with J. J. Sloan as manager. The advisory board consisted of T. D. Pattullo, J. A. Kirkpatrick, F. G. Dawson, F. H. Mabley, A. J. Maris, A. M. Manson, I. C. Macken and J. Lorne MacLaren.

The Property Holders' Association held a quiet meeting in the Presbyterian Church. H. E. Gano, president, and Frank Mobyly in a brief speech touched on the city's current important needs.

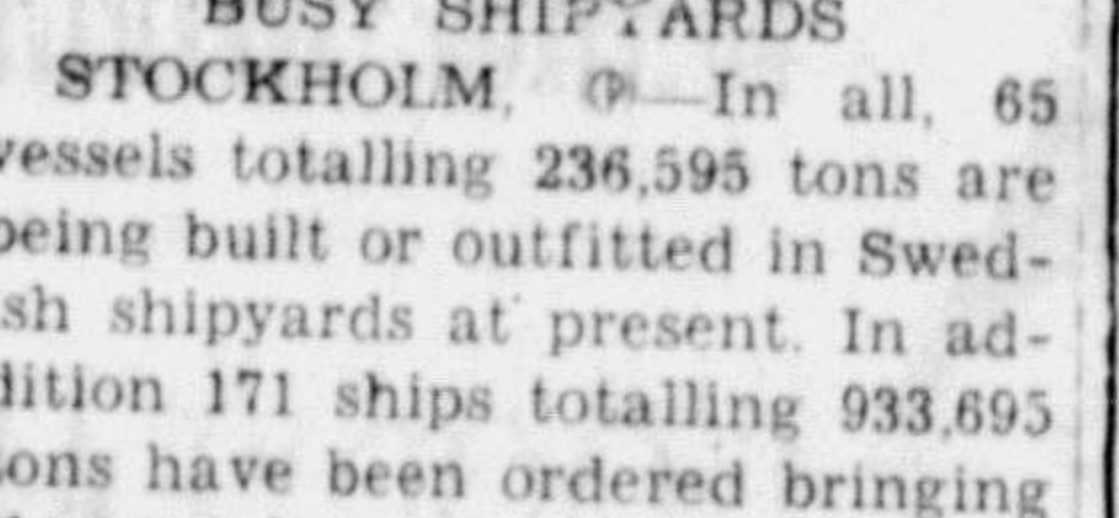

STOCKHOLM, — In all, 65 vessels totalling 236,595 tons are being built or outfitted in Swedish shipyards at present. In addition 171 ships totalling 933,695 tons have been ordered bringing the total tonnage on Swedish shipyards books to 1,170,290.

MOST MOTHERS DO THIS

If Baby Has A Cold

AT BEDTIME rub throat, chest, back with VapoRub. Resting action starts right away...
WORKS FOR HOURS while child sleeps. Often by morning most distress of the cold is eased.

Most-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress...and it keeps on working during the night. No wonder most mothers do this when a cold strikes.

Getting Used To Old Sugar Bowl

In plenty of cafes here as well as in other coast cities patrons cannot seem to become used to the return of sugar. For a long time, the bowl on the counter had vanished, through necessity of conservation, and instead, two lumps—no more and no less—would be found in the saucer. Now, these have disappeared, and the bowl is back on the counter and those wishing sugar in tea or coffee can help themselves. But apparently people cannot perceive it. They still keep feeling for the lumps in the saucer.

Modern Etiquette

By ROBERTA LEE

Q Is it proper for a divorcee to wear the engagement and wedding rings of her first husband, after she has become engaged again?

A The wedding ring should be abandoned, of course. The engagement ring may still be worn, on the right hand, if the new fiancé does not object.

What should be on the luncheon table when the guests are seated?

A The service plates, silver, water glasses, bread and butter plates, and napkins.

Q When a man is signing a hotel register, should he use the prefix "Mr."?

A No. Just sign, J. L. Porter, Prince Rupert, B. C.

Mr. and Mrs. J. R. Carr, 925 Borden Street, entertained 25 friends at a house party Saturday night. Games and oldtime dancing were enjoyed during the evening, at the conclusion of which supper was served.

Martin Skog well known coastal seaboat operator, formerly of Prince Rupert and now making his headquarters in Vancouver, arrived in the city at the end of the week from down the coast, being here in connection with the anticipated early commencement of herring fishing in this area.

Norman Nelson and H. R. Robbins returned to the city on the Cassiar yesterday after making the round trip to Massett on business.

R. H. Hollick-Kenyon, noted former bush and polar flier and now an official of Canadian Pacific Airlines, is arriving in the city by this afternoon's plane from Vancouver on an official visit in connection with the company's local operations.

Mrs. Maurice Martin and Mrs. McDowell, whose husbands are in the service of the Department of Transport at Massett, arrived in the city yesterday morning on the Cassiar from the Queen Charlotte Islands and will sail tomorrow afternoon on the Catala for Vancouver.

DIGBY ISLAND RATEPAYERS NAME OFFICERS

DODGE COVE—The newly incorporated Digby Island Ratepayers' Society held its first meeting Friday night, electing a slate of officers and developing a list of community improvement projects. There were 18 at the meeting.

Officers of the Society are: President, Jens Knudsen. Secretary, D. E. Alvey. Treasurer, Carl Ehn. Directors—Ben Bendiksen, John Snellman.

The Society plans to raise funds for the purchase of a lot for a community hall, and will press to have the B.C. Power Commission install a light and power unit. Future plans also include the installation of a water works system and the widening of the town's front street.

PRICE DECREASE IN RADIO TUBES

Radio tubes have caught the interest of more than a few in Prince Rupert. For some time past the price of tubes has mounted steadily every two months. But, invoices on the most recent shipment showed an average drop of 12 per cent.

"This decrease may well be an indication of a levelling off or a recession to more reasonable levels for many commodities in Canada," commented a local merchant.

Slushy Morning Slows Up Workers

Heavy snow flurries Sunday, followed by rain during the night made rubber boots or a car advisable when it became time to report for work this morning. But a good many persons had neither. So all that could be done was to manoeuvre forward, pick the more shallow places, and with hop, skip and tump, press toward the objective.

POPULATION OF TORONTO LOWER

TORONTO—There has been a drop in population totalling 1,253 in a year. The total now is 695,302. This has been the first year in the history of the city there has been a drop remarked an official. "I can't analyze it at all."

Slide Threatens Telegraph Creek

Recent word from Wrangell, gives more details of the huge slide that blocked the upper south fork of the Stikine River. It is said this formed a lake not much less than four miles in length, threatening the town of Telegraph Creek, seven miles away.

GRADED PEACHES
There are three grades of canned peaches—fancy, choice and standard.

LADIES' BOWLING LEAGUE RESULTS

Two Clean Sweep Victories
Last Week, One by Default

Lucky Strikes won a clean sweep three games to nil victory over Orange Lodge in the Ladies' Bowling League fixtures at the end of the week. Watts and Nickerson took a default victory over Comets. Other fixtures were decided by the odd game as follows:

Toilers 2, Annette's 1.
Variety Store 2, Blowers 1.
Moose 2, Manson's 1.
Scuby's 2, Savoy 1.
Big Sisters 2, Miller Bay 1.
Cosmos 2, Coasters 1.
Bankers 2, Rosa Lee's 1.
Sweet Sixteen 2, Westminster 1.

High single scorer was D. MacPhee of Savoy's with 284 while A. McMeekin of Annette's had the high average of 230, her total for three games being 690. Individual scoring was as follows:

BROWNWOODS TAKE YEAR'S FIRST GAME

In the opening game of the 1948 Senior Basketball League the cellar-dwelling Brownwoods started their drive for the top by defeating the league leading Co-op squad Saturday night by a score of 49 to 48.

Don Hartwig of Brownwoods clinched the game in the dying seconds by sinking a free throw that had been awarded him on a foul by Pierre. Sonny Beynon missed his chance to take the game for Co-ops when he missed a shot from the corner with three seconds left in the game.

It was that close all the way, although Brownwoods seemed to have the best of the play. Angus MacPhee, playing guard all game, stopped the Brownwood forwards repeatedly by grabbing the large majority of rebounds off the Brownwood backboard. Co-op's paid for this move as MacPhee, for the first time in his career, failed to register a single point.

Don Scherk, playing only part of the game, led the Brownwoods with 12 points. He was bettered by one point by his High School teammate, Jimmy Flaten, playing with Co-op. Haugen and Pierce of Co-op got 10 points each as did Don Hartwig for Brownwoods. Referee Comadina and Dominato handed out 35 personal fouls, 17 to Brownwoods and 18 to Co-op.

Merchants Win Intermediate

In the Intermediate fixture Merchants defeated Morgans in a close, low-scoring game. Morgan's got off to a good start in the first quarter by scoring 6 points while holding the Merchants scoreless. At the half they had a lead of 9 to 6 but the Merchants came back in the third quarter to take a three point lead which they held to the end. The final score was 24 to 20 for the Merchants.

Gyros Top High School

Led by Marshall with 15 points the Gyros took the High School 28 to 13 in the Junior game. The first half saw the High School boys held almost scoreless except for one point scored on a free throw. In the second half they managed to find the basket to score 12 points while the Gyros scored only nine.

Senior

Brownwoods - V. Clieone 7, M. Thompson, E. Pierce 8, A. Olson 5, D. Scherk 12, D. Hartwig 10, B. Gurlich 7-49.
Co-op - Macphee, Lindsay, Beynon 8, Gill 4, Haugen 10, Flaten 13, Menzies 3, Fitch, B. Pierce 10-48.

Intermediate

Merchants - Scherk 8, Youngman 4, Haugan 4, Moore, Owens, Hebb, Currie 6, Sunberg 2, Mercer-24.
Morgan's - Eidsvick, Watson, 6, Scharf 3, Jones 6, Hill 4, Lien, Rothwell, Carlson, Webster 1, Johnson-20.

Junior

Gyro - Marshall 15, Sather 1, Young 2, Toderas, McAr 2, Slater, Hills, Macarlane 6, Hartwig, 28.
High School - Weiss 2, Smith 4, Hamilton, Johnson 2, Webber, Jordan, Large 3, Simundson 2, Ketheson-13.

WAITED LONG TIME

WHITBURN, Linlithgowshire, Scotland - After working 54 years as a miner, Sam Reid, 75, is going to Australia because he wants "to see a bit of the world."

Canada's attractive Olympic entry, Barbara Ann Scott, is featured in "Champions in the Making," forthcoming National Film Board production to be released late in January to theatres across the Dominion in the new "Canada CCarries On" series. This is the first motion picture in which the talented Ottawa ice champion has appeared in sequences filmed especially for the production. Her appearance in "Champions in the Making" was made through arrangements with Canadian Olympics authorities.

SHORT SPORT LLOYD MANGRUN IS GOLF WINNER

Henry Armstrong, Los Angeles Negro holder of the world's featherweight boxing crown, raided lightweight ranks to knock out Enrico Venturi in the sixth round 10 years ago tonight. Armstrong became the only man in boxing history to hold simultaneously three world titles - featherweight, lightweight and welterweight.

Just eight years ago New York Rangers defeated Toronto Maple Leafs, 4-1, and set a league record of 19 consecutive games without a loss. Their mark surpassed Canadian's streak of 18 set in 1927-28. However, Boston Bruins, in 1940-41 established a record of 23 games without a loss, a string which still stands.

LLOYD MANGRUN IS GOLF WINNER

Stan Leonard is Second in Bing Crosby's \$10,000 Competition

DEL MONTE CAL. - Vancouver's Stan Leonard, one of Canada's top professional golfers, shot an even par 72 Sunday to capture second place money of \$1400 in Bing Crosby's \$10,000 pro-amateur tournament.

Hard-driving Lloyd Mangrun, former United States open champion, led the tourney with 54-hole total of 205 and won \$2100.

Leonard's score was 210.

SCATTERED LANDINGS

GATWICK, Surrey, England - Three aircraft en route from Gatwick airport to Brussels ran into bad weather. One landed at Amsterdam, another 180 miles away near Arras, France, and the third at Coxyde, Belgium.

DAVISON BOWLS HIGH SCORE IN MEN'S 'B' LEAGUE

S. Davison of Thorncliffs bowled the highest individual scores in the men's "B" five pin league at the week-end, rolling a mighty 400 for single-game honors and 780 to top the three-game scoring.

Thorncliffs, which took two games from Fish Dock, had the highest team scores, 1,128 for the single game and 2,867 for the triple.

Moose was the only team to win three games, blanketing Scotians.

Fish Dock now stands at the top of the league with 14 points, followed by Thorncliffs with 13 and Scotians with 11.

Game results.
Thorncliffs 2, Fish Dock 1.
Whittaker 2, Maple Leafs 1.
Stones 2, Mutts 1.
Thom Sheet Metal 2, Canfisco 1.
Army Signals 2, Co-op 1.
Moose 3, Scotians 0.

Win THIS PERSONAL RADIO

10 Northern Electric "Baby Champ" radios (as illustrated) will be given free as prizes for the ten best slogans submitted for the 1948 Pacific National Exhibition.

Submit as many slogans as you wish. Clip this advertisement or use plain paper. The PNE will be held in Vancouver from Aug. 25 to Sept. 6, 1948. A typical slogan might be: "Make the PNE a date for 1948."

The decision of the judges is final. All slogans submitted become the property of the Pacific National Exhibition.

Contest closes Feb. 29, 1948. Address your entry: Slogan Contest, PNE, Exhibition Park, Vancouver, B.C.

TERRACE CIVIC CENTRE SUCCESS

Director Speaks to P.T.A.— Hot Soup Appreciated
TERRACE—At the regular monthly meeting of the Terrace Parent-Teachers' Association in the Primary School on Thursday evening, Alf. Yoxall, director of the Civic Centre, was the speaker.

Originally an Army Drill Hall and purchased very cheaply in November 1946, by public subscription, Mr. Yoxall outlined the improvements made in "this barn of a building," as he termed it, since that time. It was opened in July 1947, and since then, he declared, has become the only self-supporting Civic Centre in British Columbia. He concluded by asking the interest and support of all those present. Mrs. C. R. de Kergommeaux, president, was in the chair and she reported that the recent P.T.A. guessing contests held in the local stores in December had been a total failure financially although the experience gained and publicity had been worthwhile. A vote of thanks was given the storekeepers for the donation of the prizes.

The treasurer's report, presented by the secretary, Mrs. F. Gavan, showed that expenditures during the month of December had been quite high. Accounts for library books had come in and been paid. The hot lunch program at Primary School was quite a drain on the funds. Not all of the children were paying for or taking the hot soup but that had been anticipated, and on the whole, the hot lunches were going quite satisfactorily with helpers turning out to the lunch room even though the weather has been so stormy.

Plans for the annual tea and school display of work to be held on Easter Saturday were left over until the next meeting as were also plans for a "White Elephant" sale to be held in the late Spring.

Alf. Attree has consented to direct the annual play which, it is expected, will be staged in early Spring.

At the close of the meeting, refreshments were served.

Plans for the annual tea and school display of work to be held on Easter Saturday were left over until the next meeting as were also plans for a "White Elephant" sale to be held in the late Spring.

Alf. Attree has consented to direct the annual play which, it is expected, will be staged in early Spring.

At the close of the meeting, refreshments were served.

OFFICERS INSTALLED

Annual Meeting of Canadian Legion at Terrace
TERRACE—The installation of officers of the local branch of the Canadian Legion for the year 1948 took place on Friday evening in the Oddfellows' Hall before a large gathering of members, Auxiliary members and friends.

In the absence of Past President Lloyd Johnstone, Kenneth Kerr officiated as the installation officer and Mrs. Tom Olsen acted as secretary-treasurer.

Officers installed were:— President—Sam Kirkaldy
First Vice President—Robert Cooper
Second Vice President—Jack Barman

Executive Council—Frank Green, Mr. M. Dubeau, Mr. F. Morris

Sergeant at Arms—Peter van Stolk

A letter from John S. Wilson, Prince Rupert, zone representative, was read in which he expressed his regret at not being able to present at the installation ceremony.

A social evening followed at the adjournment of the meeting. Card tables were set up for those who did not care to dance. Music was supplied by the local orchestra and dancing continued till about 12:45 a. m. Refreshments were in charge of Mrs. Duncan Kerr.

MISS VELMA GREIG IS TERRACE BRIDE

TERRACE—In the presence of relatives and a few close friends, Miss Velma Greig, youngest daughter of the late Mrs. Mary Greig of Terrace, was united in marriage to Frank Stratford at the home of Mr. and Mrs. S. G. Kirkaldy, on Saturday afternoon. Given in marriage by her brother-in-law, Sam Kirkaldy, the bride looked charming in turquoise blue. Attending her was her sister, Mrs. Helen Forbes and Rev. Roland Hills was the officiating minister.

A quiet reception was later held at the Kirkaldy home and the happy couple left on a short honeymoon trip.

The groom is with War Assets here and will be here till May, after which they will make their home in the south.

Mrs. West Is Again Terrace W.A. Head

TERRACE—Election of officers took place at the January meeting of St. Matthew's Woman's Auxiliary held at the home of Mrs. C. J. Norrington Thursday afternoon. Despite the inclement weather there was a very good turnout of members, and Mrs. West was unanimously re-elected President an office which she has held for twelve years.

Mrs. C. R. de Kergommeaux enters her third year as secretary-treasurer and Mrs. Maxted was chosen to vice-president.

Mrs. George Dover and Mrs. C. L. M. Giggey will carry on their duties on the Altar Guild.

Concluding the meeting was a vote of thanks to the President and Secretary for the carrying out of their duties during the past year.

Refreshments were served at the close of the meeting by the hosts.

TERRACE CHURCH HAD GOOD YEAR

TERRACE—The annual vestry meeting of St. Matthew's Anglican Church was held on Wednesday evening in the rectory, with Rev. Roland Hills in charge. The financial report, presented by George Dover, the church treasurer, showed a very satisfactory balance on hand. Mrs. Bert West, president of the Women's Auxiliary, gave a report of the year's activities which was followed by the treasurer's report. Rev. Hills thanked all who had supported him both morally and materially during the year in his church work and particularly in his work with the Sunday school children. He is scheduled to leave this parish at the end of March.

Election of officers resulted as follows: Rector's Warden, G. C. Sessions. People's Warden, George Dover. Secretary, Mrs. Ralph Corey. Treasurer, George Dover. Other members of the Church

At a meeting of the local Red Cross executive it was decided to hold the annual meeting on January 14 in the Red Cross rooms.

Mrs. and Mrs. Lloyd Johnstone and small daughter, Marilyn, left last Tuesday for Victoria where they will visit with Mrs. Johnstone's parents, Hon. and Mrs. E. T. Kenney.

Roy Clifford left for Prince Rupert on Tuesday, returning on Wednesday's train. He does not expect to travel south for plastic treatment until the middle of next month.

Mrs. C. W. Michiel and daughter travelled to Prince Rupert on Tuesday, returning on Friday's train.

Mrs. A. Brookes left Tuesday enroute to Victoria where she will be the guest of her son-in-law and daughter, Hon. and Mrs. E. T. Kenney.

Mrs. Van Stolk and Betty Lee were visitors to Prince Rupert last week, returning on Friday's train.

Mrs. Anne Kirkaldy sprained her arm badly last week.

Miss Jean Kirkaldy has been down with flu during the week and has been unable to attend to her duties at the post office.

Timely Topics from Terrace

The prompt arrival of the fire brigade which was summoned when passersby noticed flames in the front room of the home of Norman Arsenault prevented fire from spreading to the Canadian Legion Club next door.

The fire was confined to the living room where it was said to have started in a chesterfield chair. Damage to the furniture and walls with the smoke and water was extensive.

N. C. Bishop, representative of the Amalgamated Press, was in town this week, leaving Thursday for Vancouver.

Walter Chesner jr. has left for Prince Rupert where he will be employed as a lineman with the Northern B.C. Power Corporation.

Terrace Machine Shop and Garage have received delivery of a 10-ton diesel truck for C. M. L. Giggey to be used in his logging operations.

Mrs. C. W. Michiel and daughter travelled to Prince Rupert on Tuesday, returning on Friday's train.

Mrs. Van Stolk and Betty Lee were visitors to Prince Rupert last week, returning on Friday's train.

Mrs. Anne Kirkaldy sprained her arm badly last week.

Miss Jean Kirkaldy has been down with flu during the week and has been unable to attend to her duties at the post office.

Accompanied by Mrs. Sherwood, Nigel Sherwood left on Friday for Smithers to enter the hospital there.

Due to the heavy snow conditions in the woods logging operations are at a standstill and the majority of the loggers are spending their enforced holiday in town.

Reminiscences By W.J. and Reflections

Not long after incorporation, some aldermen, full of misplaced zeal as well as unholy zeal, accepted the idea that the time was overdue for the new city to have a zoological garden. So, a sleek little deer, with an affectionate expression and without guile, was placed in a wire enclosure on the hill known then as the Acropolis. The fall gales shrieked and the rains descended. One night a quiet, humane man, taking an extra bite of chewing tobacco, ascended to the zoo, cut the enclosure in several places and seizing the doe, steered it toward the nearest woods, instructing the soft-eyed creature to "get--out of that and not come back."

Alaska has the luxury of possessing two flags. One was started by George Washington, and the other by a boy born and reared in that northern land not so many years ago. The lad's design, featuring the rich tints of blue and gold, was accepted by the territory, as a pleasant gesture. What next will develop, with Alaska a State of the Union, remains to be discovered.

There is always something to fall back on in a domain like Canada. Today, bacon has given the country a severe headache. Not literally, but you catch the general drift. How much longer will people pay a dollar and more for a dish that while nourishing and popular, should not demand that much money. The objection is becoming stronger in B. C.

and the chances are, its going to spread. It's known for a fact that in Vancouver, bacon is waved away, and the patron on a stool with elbows on counter says: "Gimme hot cakes". Good old buckwheat and "lasses". Why didn't they think of it before? In mining and logging camps its called flapjacks, in cafes hot-cakes, and in homes pancakes. But from Massett to Newfoundland, and from Medicine Hat to Herschel Island. It is recognized and enjoyed at reasonable cost. It helped build the Dominion.

A tallow candle is a dull companion but when you really need one, it means about everything. Now, yesterday around 6:15 a.m., early enough, in all truth, some were dressing or shaving or cooking. Sudden blackness, all inclusive and absolute. Inky dark, within and without. Not even a flashlight and where the devil is a match? The humble candle shines radiant indeed, out rivaling the most dazzling of illuminations--when there is nothing else.

Juneau, in the public print, has been calling attention to her New Year's Day wind velocity which showed a maximum strength of 43 miles per hour. It cannot be said whether this is done with a feeling of pride or by way of explanation. At any rate, it's a good, healthy breeze. There is said to be a gale, off Taku glacier, that sometimes blows over Juneau in January. Once, on a beaming August day three years ago, the steamer

Prince George, with this writer on board, steamed close to that glacier and the passengers, all out on deck, had a close up (and cold enough view) of all that ice. There wasn't a ripple on the water.

A town never knows its luck. Take, for example, Lloydminster, perched on the border between Saskatchewan and Alberta.

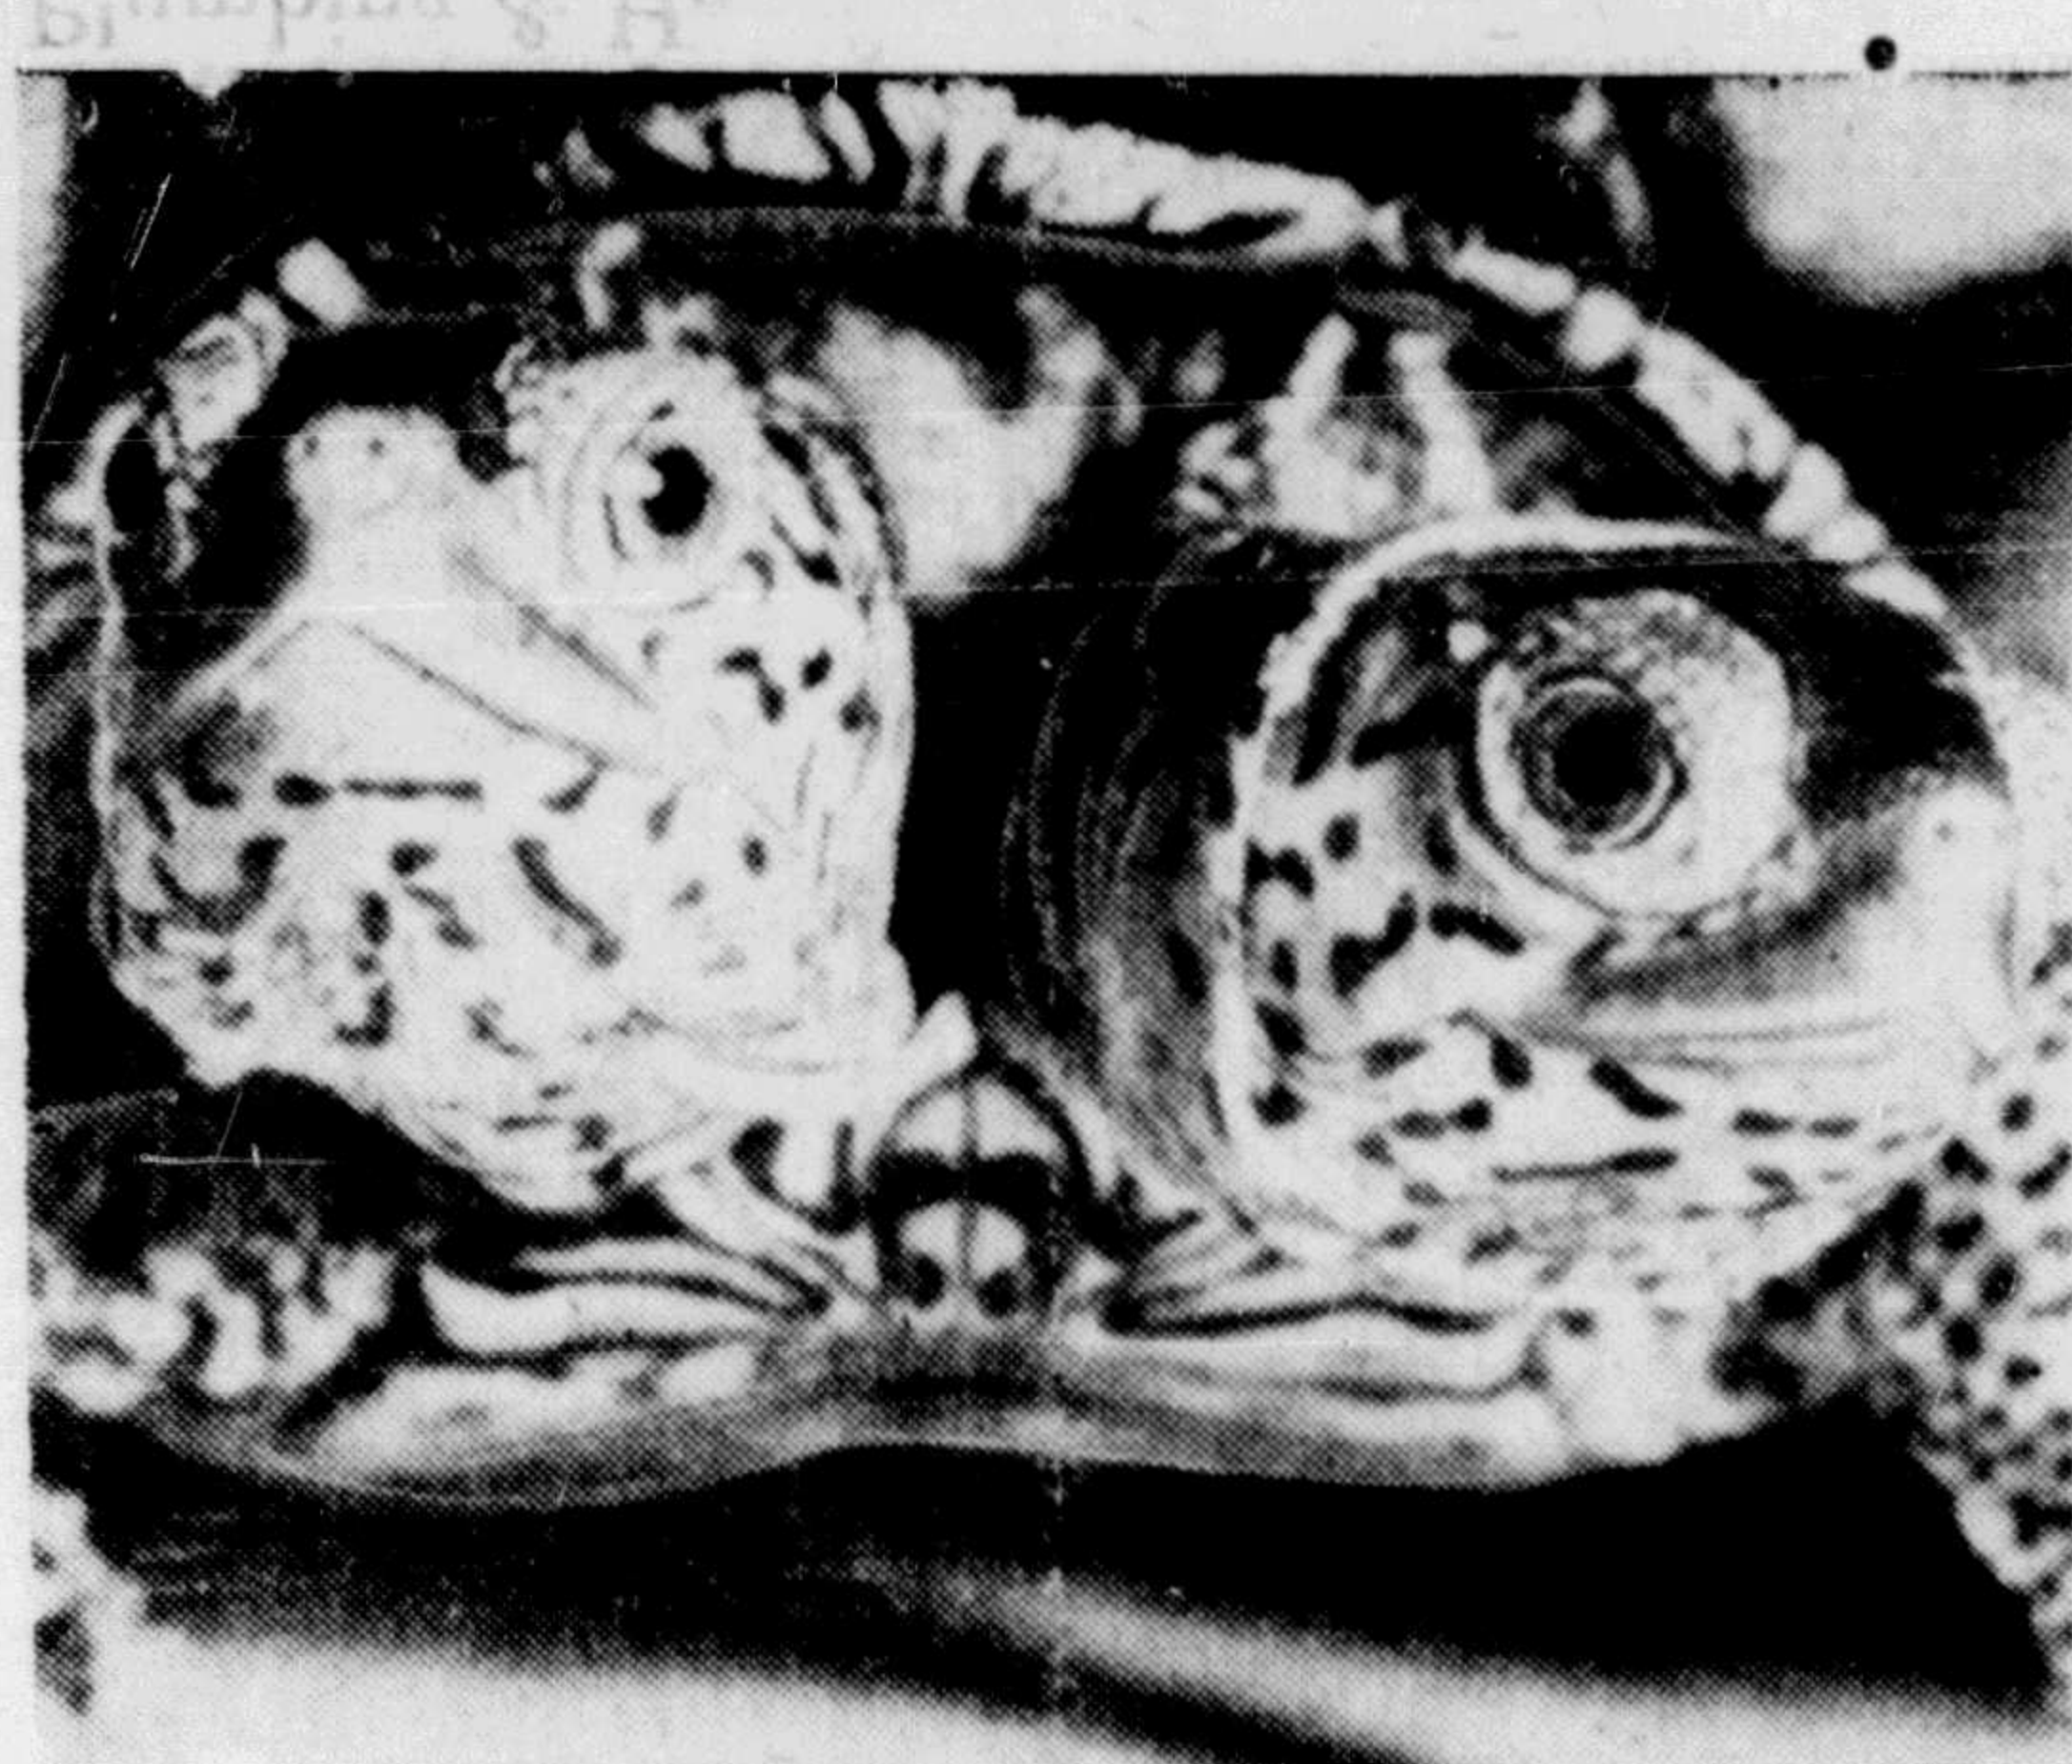

Founded by the Barr colonists around 40 years ago, times were rather drab. No one, of course, suspected oil and gas. But there it was, right underneath them.

And now there's a boom. The Barr colonists, good people and fresh from England, did not savvy the bald-headed prairie. It was not to be expected they would. One dear old lady tried to tie a burly rooster on a nest, thinking it would flourish as a producer of eggs. The bird cursed and objected.

Many Attending Vocation School

To take courses of intensive vocational and practical training based on their own interests and needs, about a hundred youthful British Columbians from all over the province are now assembling in Acadia Camp, near the University of B.C. campus. When all students' needs have been assessed, the final curriculum for the school will be posted, and a concentrated routine will commence.

Among those attending will be Beryl Bates, Telkwa; Delphine M. Johnstone, Terrace; Linnea M. Johnson, Evelyn; Costo Bush, Mud River; David McKirdy, Valemount; Wayne Scott, Telkwa; Belle Enockson and Susan A. Enockson, Dodge Cove, Digby Island; Sydna Mary Evans, Port Clements, Q.I.; William Harestad, Bella Coola; Albert Gurr, Bella Coola.

TWO HEADS BUT NO SYNCHRONIZER—Mother Nature did a double take at a Washington aquarium recently and produced this twin-headed diamond back terrapin. The right head controls the right legs and the left head controls the port side, and there is no apparent synchronizer as left is constantly trying to go in a different direction to right.

SHIPS and WATERFRONT

Freighter Minnesotan Due This Week-end—Intensive Hunt for Herring in District Waters

Third of three vessels of the line to call at this port to load for French Indo-China towboats built at Owen Sound, Ontario, and transported here over Canadian National Railways, the Hawaiian - American freighter Minnesotan is expected in port on Thursday or Friday of this week from California. Four of the tugs, which have been here for some time, will be loaded from the local dry dock pier and the Minnesotan will then proceed direct to the Orient. The two previous vessels which came here were the Hawaiian on July 7, which took two of the towboats, and the Alabaman which called November 23 and took four.

Waters of this district are now being intensively prospected for the elusive herring which three reduction plants in the area are awaiting so they may get into full operation. However, in spite of the search, there have been no sizeable quantities of the fish located as yet, the runs so far being scattered and small. Since the first of the year not more than one hundred tons have been taken in this area, some 40 tons in Rivers Inlet and a similar quantity in Tolmie Channel, Port Edward plant of Nelson Fisheries Ltd., Butedale plant of Canacian Fishing Co. and Namu of B.C. Packers are awaiting delivery of the fish for reduction and bait storage.

C.P.R. steamer Princess Louise, Capt. Fred McGraw, from Vancouver and waypoints, is due in port at 4 o'clock this afternoon and will sail at 10 p.m. on her return south. The vessel is bringing in 76 tons of freight.

Returning to duty after six weeks or more on vacation in Vancouver, A. W. Robinson, the popular purser of the Union Steamship Line, came with the steamer Catala from the south last night. It was early in December that "Robbie" was last here, being then aboard the steamer Camosun as she was being withdrawn from Alaska service.

On a regular voyage to Alaska, C. P. R. steamer Princess Norah, Capt. Graham Hughes, arrived in port at 9 o'clock yesterday morning from Vancouver and sailed at 11 a. m. for Skagway and other northern points. The vessel had on board 79 passengers of whom one disembarked here. Six passengers from here to Tulsequah went on the vessel.

Returning from regular fortnightly calls at Massett Inlet

HEAR REPORT ON CONVENTION

KISPIOX—Charles Patsey of Hazelton, vice-president for the northern interior section of the Native Brotherhood of British Columbia, reported to a meeting in the Kispiox hall recently on the six-day Brotherhood convention held at Bella Coola in December. The entire village of Kispiox attended the meeting, showing keen interest in the address. Following the business meeting, refreshments were served by ladies of the Native Sisterhood. The meeting was under chairmanship of Silas Johnson of Kispiox.

HOW CAN I ???

By ANNE ASHLEY

Q How can I set the color in wash materials?
A Add a little sugar of lead to four quarts of water, dissolve, and soak the goods for about 12 hours. Then rinse and dry in the shade.

Q How can I give a better flavor to tea?
A A delicious flavor will be imparted to the tea if a piece of dried orange peel, one inch square, is added to each drawing of tea.

Union steamer Cassiar, Capt. A. Aspinall, arrived in port at 10:30 yesterday morning from the Islands and sailed at midnight last night or Vancouver via the south end of the Queen Charlottes.

Union steamer Catala, Capt. Alex McLennan, with a fair-sized list of passengers, arrived in port at 6:45 last evening from Vancouver and waypoints and sailed at midnight for Alice Arm Stewart and other northern points whence she will be back here tomorrow morning to sail at 1:30 p. m. on her return south.

The passengers arriving here aboard the Catala included a number of loggers who proceeded later in the evening on the Cassiar to Queen Charlotte Islands Camps.

SNOWMOBILE FOR STEWART MINE

On the deck of the steamer Catala, which was in port last night bound from Vancouver to Stewart, was an interesting late model snowmobile for the Morris Summit mine to be used in transporting men and supplies over the Salmon Glacier to the mine where operations are continuing steadily with gratifying results. The vehicle replaces one which several weeks ago was lost in a lake when the early season ice gave way.
