## TODAY LONGEST DAY OF YEAR

Summer officially came to Prince Rupert at 5:11 a.m. today, Pacific Daylight Time, with the arrival of the summer solstice. Today, therefore, should have had the longest period of sunlight of any day of the year. However, the sun was obscured here by heavy mist and low cloud. Temperature was also below Prince Rupert's usual balmy standard.

The advent of summer is marked by astronomical calculation when the earth's axis reaches its closest angle toward the sun at the north pole. Winter solstice, conversely, is when the north pole is angled farthest from Old Sol. Angle of variation is about 23 degrees.

The higher the latitudes, the greater the number of hours of daylight during the summer months. At the solstice, the sun rises at Prince Rupert about 4 a.m. setting about 9:30.

The summer period will end at 8:22 Pacific Daylight Time, September 22.

ITALIAN THROGS PAY LAST TRIBUTE TO "BUZZ" BEURLING—The funeral of George "Buzz" Beurling, Canadian war ace killed en route to the new state of Israel, provoked a spontaneous tribute from hundreds of Italian Jews who followed the casket to the cemetery in Rome after impressive services. Killed with the veteran pilot was Leonard Cohen, another Canadian ace of World War II.

## Cairo Blasts, 25 Killed

CAIRO (AP)—Twenty-five persons were killed and fifty-four injured Sunday by two heavy explosions in houses in the Jewish quarter of Cairo's picturesquely bazaar district.

## ATOMIC POWER DEVELOPMENT

## Through Train Service Being Resumed Tonight After Flood

For the first time since the floods of the May 24 week-end washed out the tracks at several points through trains to and from the East out of Prince Rupert will be running after tonight on the Canadian National Prince Rupert-Jasper line. First train for the East will leave tonight or Tuesday morning and first train from the East will come through Tuesday night.

The highway which leads from Prince Rupert to Prince George and thence to Vancouver will be reopened by the end of this week, the public works department has announced.

Announcement that regular trains would be running again within the next twenty-four hours came following a week-end during which track repair crews made rapid progress in getting the line in passable condition again. The best that had been previously expected was that trains would be getting through to Terrace by today three miles west of Kitwanga and past the worst wash-out towards the end of this week. Now it is expected trains will be able to pass there by tomorrow afternoon.

It is possible that trains will have to run slowly over some spots for a few days.

With the resumption of train service, it is announced the emergency air service which has been operated by Canadian Pacific Air Lines from Prince Rupert to Terrace and Smithers will be discontinued. Skeena Air Transport planes, on a charter service, will be still available however. During the railway tie-up flying from here to the interior has become quite popular.

## Republicans Expecting To Name Next President

Momentous Convention Opens In Philadelphia Today—Dewey and Vandenberg Favored

PHILADELPHIA (CP)—Republican party workers today opened their national convention in an atmosphere of certainty that they are going to select the next president of the United States. After sixteen years in the political wilderness, the party believes that whoever they pick from the large field will defeat Truman.

Governor Thomas E. Dewey of New York is still the favorite although he may not be able to command a majority. Harold Stassen is second and Senator Robert Taft of Ohio is held third leading contender. Arthur Vandenberg of Michigan might be strong in the event of a compromise being necessary.

Speaker Joseph Martin of Massachusetts says he will certainly accept the nomination if it is offered.

Although it seems general belief that there will be victory for Dewey, seldom has the opening of a national party convention held such widespread uncertainty as to the man who will be nominated to contest the presidential election.

Stassen, the former governor of Minnesota, has farsightedly reserved the most strategic spot for his headquarters right off the main lobby of the convention headquarters hotel.

## CAPITAL CITY ALMOST RAZED

CASTRIES, St. Louis — This West Indies insular capital was all but wiped out yesterday by a fire which ran uncontrolled through its business section and then into the residential areas, leaving a thousand persons homeless. There were, however, no recorded casualties. The fire broke out in a tailor shop. Low water pressure made it almost impossible to fight the flames.

## MEAT SHORT AS STRIKE KEEPS ON

LONDON (AP)—The number of London port strikers rose to 18,000 today as stevedores from the West India Dock and Cold Storage joined in the stoppage.

Meetings ignored appeals by trades union officials that the men return to work and union representatives were shouted down.

London meat markets will have to fall back on their last reserves after being already reduced by the strike entering its second week. There is meat in the ships at the docks but it cannot be unloaded.

It was thought possible that the government might move in today and order troops to unload perishables from the ships.

## THE WEATHER

## Canada's Exports

ONE THIRD of the income of every Canadian is dependent directly or indirectly on external trade. In view of Canada's dependence on foreign trade for her welfare, it is interesting to note the progress we are making as a nation.

Total domestic exports in April 1938 were less than 51 million dollars; in April 1947 they had increased to 191 million and in April 1948 to 212 million dollars.

For the first four months of this year they were 884 million compared with 788 million for the first four months of last year and only 254 million for the first months of 1938—the year before the war. Agricultural products played an impressive part in this increase. They amounted to 273 million dollars in the first four months of this year, 253 million in the corresponding period of 1947. This was an increase from 68 million in the same period of 1938.

Export of fish and fishery products was 30 millions from January to April this year, 26 million January to April last year compared with less than 8 million in the same period of 1938.

## L.P.P. AND C.C.F.

THERE HAS BEEN a great deal of discussion and speculation on the significance of the socialist wins in three by-elections. One question debated at length is "To what extent did communist support contribute to C.C.F. successes?" The L.P.P. is claiming that its support greatly helped to elect C.C.F.ers.

In Oshawa, the principal city of Ontario riding, the national secretary of the communist or Labor Progressive Party made a personal appearance in support of the C. C. F. candidate. The C. C. F. candidate did not even pretend to repudiate his support and there was every appearance of full co-operation between the Communists and the C.C.F. party.

It is noted that the principal C.C.F. gains in the Ontario provincial election were made in Toronto which is the headquarters of the Communist party.

## TRUMAN UNBENDS

PRESIDENT TRUMAN has been out west, mending his political fences. He is back in Washington, and even those not his supporters are inclined to agree has an enhanced reputation within certain limits. He managed to get closer to the people. He talked their language and, it seems, became a regular "guy." And the other guys liked it.

For example, in Butte, Montana, he asked, before he arose to speak, that the high school band play again. He said he was sure more of the crowd came to hear that band play, than to listen to him talk.

That went over big.

Executive of the Prince Rupert Women's Co-ordinating Council honored one of its most active members at a meeting held on Thursday. Mrs. J. J. Gillis, who is a former president, and who plans to leave in the near future to take up residence at Saanich, was presented with a framed picture of Prince Rupert by Council President Mrs. A. L. Haines.

A plan to enlarge local interest in the Council's activities in aiding elder citizens was brought forward. Under it, associate members will be sought. These associate memberships will be aimed at increasing finances of the group.

Reports from members indicated that, during the last few months, a large number of the city's "over 70" residents had been visited with gifts of fruit and comforts.

The meeting decided that in the future, executive meetings will be held every three months and general meetings twice a year.

The funeral was largely attended by members of the Canadian Legion, comrades of the deceased, and interment took place in the Soldiers' Plot at Fairview Cemetery, the "Last Post" being sounded at the graveside by Bugler W. J. Rance.

Mr. and Mrs. W. Leighton and family returned on the Catala Saturday afternoon from a trip to Vancouver.

## RED CROSS IS ON JOB

Flood Relief in Skeena River Area, Including Usk and Terrace, Attended to Effectively

Under the direction of the Terrace branch of the Canadian Red Cross Society, temporary flood relief has been adequately attended to in the Terrace-Usk area, according to word received in the city in answer to an inquiry from provincial headquarters as to the extent of flood damage and distress and as to what might be required in the way of food and furniture pending permanent rehabilitation by the governments.

The distress in the Skeena River area, it appears, has been much less than it was in the flash flood of 1936 which wrought hardship between Hazelton and Kwinitsa.

Red Cross and welfare authorities were immediately on the job at the height of the recent flood around Terrace and Usk and aided materially in keeping the situation in hand and the needs of the sufferers well provided for.

In the immediate jurisdiction of the Prince Rupert Red Cross branch, no actual flood relief was necessary.

The five candidates will appear on the stage of the theatre and the audience will be asked to select the Queen.

This week, pupils of Booth Memorial High School, King Edward, Conrad Street and Borden Street elementary schools and Annunciation Catholic School will select their candidates by vote.

### ANNUNCIATION WEDDING JOINS CITY COUPLE

The chapel of Annunciation Church was the scene Friday evening of a double ring ceremony which united in marriage Miss Mary Sylvester, second daughter of Mr. and Mrs. B. Sylvester, 812 Second Avenue, and William Kuzik, eldest son of Mr. and Mrs. N. L. Kuzik of Goldenvale, Saskatchewan. The rite was performed by Rev. Father J. Carroll.

Given in marriage by her father, the bride was beautifully gowned in white taffeta fashioned with mandarin collar and peplum, forming a slight train. Her floor-length veil of illusion net was held in place by a skull cap. Her only ornament was a double strand of pearls, the gift of the bridegroom. She carried a bouquet of red roses.

The bride's only attendant was her sister, Miss Lillian Sylvester, who was gowned in pink taffeta with low neckline and cape sleeves. Her bouquet was of pink and yellow carnations.

Groomsman was Richard Sylvester, brother of the bride.

Following the ceremony, a reception was held at the Oddfellows' Hall. The guests were received by the bride's mother, gowned in royal blue with matching hat, and by Mrs. Jean MacArthur, wearing a gown of grey crepe.

An enjoyable evening of dancing followed, with music by Andy McNaughton at the piano and Mike Colussi on the piano-accordion.

Toast to the bride was proposed by Rev. Father Carroll with response by the groom. Telegrams of congratulations were read by the bridegroom at midnight and a buffet luncheon was served. Many lovely wedding presents were opened by the bride and groom in the presence of the guests.

Following the luncheon, the

Rev. Basil S. Prockter, rector of St. Andrew's performed the ceremony in the presence of a few friends.

### Congregation of Brides - Grooms

Brides and grooms of nearly four decades will attend St. Andrew's Anglican Cathedral by special invitation at evensong next Sunday when the entire service—sermon, hymns and music—will be devoted to the marriage theme.

Says the rector, Rev. Basil S. Prockter: "Most brides and grooms are too excited at the time of their wedding to remember very much about what was said." In view of that, he has decided to discuss the marriage ceremony and its obligations and implications with the full settings thereof. It will be a virtual "refresher" on the marriage vows and a renewal of the nuptial dedication.

Specially requested to attend are all couples who have been married in St. Andrew's during its venerable career as an ecclesiastical institution in Prince Rupert.

**TWO "HEAP BIG INDIANS"**—Two of the chief reasons the Cleveland Indians are "in there" in the American League are the "war clubs" wielded by Shortstop-Manager Lou Boudreau (left) and third baseman "Klouting Ken" Keltner. Boudreau's .390 average is currently the best in the league while Keltner's 13 homers to date was better than anyone else had done in either major league.

## LOCAL ROTARY FOUNDER BACK

Prince Rupert rotary Club was revisited at its weekly luncheon last Thursday by one of its founders and its first secretary—D. C. McRae, pioneer Prince Rupert business man, who now lives in retirement at Duncan, Vancouver Island, and is at present paying a visit here. Mr. McRae had a prominent part in the organizing of Rotary Club here, having had a hand in selecting the charter roster including such leading men back in 1920 as Judge F. McE. Young, W. E. Williams, Dr. H. R. Grant, J. G. Steen, Dr. W. T. Kergin, E. F. Doby and others.

## SHORT SPORT

Battery deserved the win in Friday night's Gilhuly Cup football. They were a sounder, faster, more aggressive team than Legion. Morgan was again very safe in goal, handling all shots safely and surely. James and Darrow Gomez were always equal to the Legion attack. Ward played well at half back and his long drives into centre were dangerous. Veitch played his usual hard game. Pavlikis signaled his first appearance of the season by scoring both the Battery goals. He added a lot of power to the attack. Parkhouse played hard and Hutenson was also dangerous at times.

The Legion deteriorated as the game went on. Lack of condition may be one factor. Brodie had no chance with either scoring shot but was not as safe as Morgan. Eby was the chief stumbling block for the Battery although Nelson did well at times. Yelland was the best of a weak half back line. The forwards showed nice bursts of combination with Bill Murray, Christison and Glen Smith prominent but there was little sustained punch in their attack.

Glen Smith was the hardest player. He had the worst luck with a shot that beat Morgan completely but came back into play. Dave Murray showed a few neat touches but finished weakly. Sunberg played hard in spite of lameness. He was a good extra halfback, but a poor forward.

Woodside refereed capably but the linesmen do not follow up the play closely enough. They will probably improve with a few more games.

In view of the first round of the Dominion Day football cup being played this Friday, the football association executive has decided that, in fairness to the contesting teams, no regular game will be played this Wednesday. Instead the grounds

will be given over to a game. Incidentally, football players are already discussing the season. There will be some new blood coming in. By the same token, the more experienced players will have to get rid of a few pounds of "superfluous" fat and at the same time speed for more than ten minutes.

## HIGH SCHOOL AWARDED BYE

In the draw for the Dominion Day Football Cup competition at the week-end, High School drew a bye into the final.

Next Friday's game will see last Friday evening's Gilhuly Cup contestants, Battery and Legion, battle it out again to get the chance to meet the young, and as yet unbeaten, High School eleven in the Dominion Day Cup final.

The final match, which will be played on Dominion Day, will be one of the features of the Dominion Day gala sports program. With football staging a strong comeback after the last

couple of years this particular contest should prove a great attraction on July 1.

In the meantime, however, this Friday evening the Battery and the Legion will have to fight it out in the first round to determine which will meet the students in the final.

## Bobby Locke Wins Chicago Gold Open

CHICAGO.—The methodical Bobby Locke climaxed a spectacular display of golf Sunday with a final round sixty-six to win the \$15,000 Chicago open golf tournament with a 72-hole total of 266, eighteen under par for the Midlothian course. Locke finished sixteen strokes ahead of the second place Ellsworth Vines.

## BALL GAMES WASHED OUT

Rain over the week-end washed out two outdoor sports events. A Co-op versus High School football game, scheduled for Saturday evening, was postponed by wet grounds as was the city baseball league fixture of Merchants versus Savoy, called for Sunday afternoon. Inability to play will cause no changes in the schedule of either league as both games will be picked up later in the schedule. Next scheduled fast-ball game is set for tonight when C.N.R.A. and 99 Taxi are to meet at Gyro Park. In the baseball league, the schedule calls for Merchants to meet Moose Tuesday night.

## INTERIOR ROADS IN GOOD SHAPE

BURNS LAKE—All roads in the central interior are now open to heavy traffic. Streams of trucks with heavy loads of lumber from Babine Lake to the Burns Lake planing mills are in constant procession while from Tchesinkut, Francois, Oootsa and all the southern lakes the shift on the Francois Lake ferry traffic is keeping the double fully occupied. All roads are in fair condition considering the many wash-outs caused by May freshets.

## MASSETT P.T.A. HAD GOOD YEAR

MASSETT—Mrs. E. McCorrison has been elected president of the New Massett Parent-Teachers' Association, succeeding Mrs. H. R. Frost who has completed a highly successful term of office and now carries on as vice-president. Mrs. Norman Green is secretary-treasurer.

At the annual meeting last week the retiring president, Mrs. Frost, gave a review of the past year's work of the branch which, although small, accomplished much in the second year of its existence.

Much-needed books to the value of \$72 were added to the school libraries and a donation of \$50 was made to the Community Club to assist in the purchase of a movie projector under an agreement whereby the schools have the use of the machine for the showing of educational films. A vote of thanks was tendered Eric Liversedge for his time and services each Wednesday in running the projector for the schools. At the invitation of the P.T.A., the Old Massett Indian day school children came down to see the school films.

Both the New Massett schools are now equipped with radio and film facilities.

## PRETTY TERRACE WEDDING IS HELD

TERRACE—Standing under an arch of evergreens and summer flowers, before Rev. G. Graham, Miss Dorothy May Cole and Gregory Martin Siebert exchanged nuptial vows on Wednesday evening in the Full Gospel church.

The beautiful bride, gowned in shimmering white satin with bustle back, sweetheart neckline and long sleeves, wore a long bridal veil and coronet and carried a bouquet of deep red roses. She was given in marriage by her mother, Mrs. E. Cole, who wore a blue crepe gown with white accessories and a corsage of yellow rosebuds.

Maid of honor was Anne Mollitor in a blue sheer gown with long sleeves, blue veil headress and a bouquet of peonies, daisies and yellow lilies.

Bridesmaid was Shirley Cole, the bride's small sister, who looked very dainty in a long dress of pink taffeta, pink veil headress encircled with a coronet of daisies and carrying a colonial bouquet.

Arnold Best was groomsmen and the usher was Donald Hull. Mrs. Glass played the nuptial music. During the signing of the register a recording of the sweet bells of St. Margaret's Westminster, was heard through the courtesy of C. J. Norrington.

As the happy couple left the church young Garry Alger presented the bride with a silver horseshoe for luck.

The wedding breakfast was held in the dining room of the Silver Tip Cafe where Mrs. Cole received the guests. The toast to the bride was proposed by the Rev. Graham and responded to by the groom. A beautiful three-tiered wedding cake, made and decorated by Mrs. F. Bailey, was cut by the bride.

Pictures were taken by Brock Norberg.

After a short honeymoon spent at Lakelse Lake the newlyweds will return to Terrace to reside.

## BASEBALL TEAMS ARE ALL BUSY

BURNS LAKE—Teams of the Lakes District Baseball League were all engaged in battle on Sunday last.

Burns Lake journeyed to Wistaria to play the Oootsa Lakers, but the Wistaria team was seriously handicapped on account of many of their star players being away. The game resulted in a win for Burns Lake with a wild score of 18 to 8.

Decker Lake players, resplendent in new uniforms, were the guests of the Francois Lake teams at Pioneer Park. Ross Goodwin, first man up, hit Bud Lord's first offering and finally scored the lone run for Decker Lake. The Francois Lake team with an air-tight battery composed of Bud Lord, pitching a fine game and doing perfect handling of everything that came his way in the infield, and with his brother Claude Lord behind the bat were invincible, running the score up to a 9-1 victory. Earl Hereford Deeder umpired satisfactorily.

Parade of Tourist Ships in Port Today—Corsair on Way to Juneau

The big steam charter yacht Corsair, for years the property of the late J. Pierpont Morgan, is now on her way up the coast with the Oakland (Cal.) Chamber of Commerce making a charter goodwill trip to Alaska and is due in Juneau this Wednesday. Among those with the party is Gov. Ernest Gruening of Alaska who embarked at Victoria. Last year, extensive changes and general overhaul were given the yacht.

Port of Prince Rupert is witnessing today a virtual parade of tourist-laden coastal liners led by the new Canadian National steamer Prince George, Capt. Ernest Caldwell, now on her second voyage to Alaska, which arrived at 11:30 a.m. and sailed at 2 p.m. for Skagway with a high capacity list of passengers. Soon after the George's departure, the Union steamer Chilcotin, Capt. Harry McLean, arrived at 2:30 this afternoon in her second cruise voyage, also with a good number of passengers with whom she leaves at 6:30 this afternoon for Ketchikan. Last ship of the day is the C.P.R. steamer Princess Adelaide, Capt. Fred McGraw, arriving at 6:15 p.m. at the government wharf and sailing at 11 o'clock tonight on her return south.

Making her final voyage on the Vancouver-Prince Rupert-Stewart run before being replaced for the summer by the Camosun, Union steamer Cardena, Capt. William McCombe, arrived in port at 9 o'clock last evening from Vancouver and waypoints and sailed early this morning for Alice Arm, Stewart

## HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove ink spots from wall paper?

A. Most ink spots can be removed from wall paper by applying a weak solution of water and oxalic acid. It should be applied with a paint brush and pressed with blotting paper, as the acid might affect the color of the paper. It may be necessary to repeat this process a second or third time.

Q. How can I avoid freezing of pipes?

A. Water pipes will not freeze if painted with a mixture of equal parts of glycerine and melted paraffin. Apply this solution to the exposed parts.

Q. How can I cut citron easily?

A. Before cutting citron, steam it for several minutes and it will make an easy task-out of a difficult one.

and other northern points. She is due back here to sail at 1:30 tomorrow afternoon on her return south.

Delayed by having numerous calls to make on the way up the coast, Union steamer Catala, Capt. Ernest Sheppard, arrived in port at 3 o'clock Saturday afternoon and sailed in the evening on her return to Vancouver and waypoints. In a couple of weeks, the Catala's schedule will be changed for a Friday night, instead of Saturday night sailing from here as she will then be making better time on the run north after being relieved of the Rivers Inlet, Bella Coola and Ocean Falls calls by the steamer Cardena.

## Reminiscences and Reflections

By W.J.

Fraser Valley farmers, returning to their water-logged homes, discovered snakes had taken shelter there during the rush of cold waters and neglected to go away. The farmers have been thoughtfully advised that there is nothing to become alarmed about. Venomous serpents are unknown west of Ashcroft. How relieved the farmers (and their wives) must feel!

The reading public may as well look for sensations in print, as time goes on, and men who were leaders during the second great war see the approach of life's end. Churchill has written part of his story. The rest will follow—if he is spared. Roosevelt was not. Cordell Hull has unfolded much. Many another can reveal much history, still untold.

Where and how to dispose of garbage lifts its loathed head again. This time, passing traffic, out the highway, sits with averted stare for the necessary minute or so. Yet that is not the solution. In early days, the unmentionable stuff did hasten grey hairs in lugubrious council rooms. To be a garbage man is to embrace a sorry duty. After a few gingerly experiments dawned the great idea. Dump the unholy collections, not within the city limits (some of it \$500 a front foot, snap) but out

## JARVIS McLEOD GETS WINGS

A young Prince Rupert airman received his peacetime wings today at the Royal Canadian Air Force flying training school at Centralia, near Trenton, Ontario when Air Marshal W. A. Curtis, chief of air staff, led a ceremony of presentation on the parade square of the air station. The ceremony was followed by a reception in the officers' mess. The graduating class of new pilots numbering fourteen, included Flying Officer J. H. McLeod, son of Collector of Customs and Mrs. J. H. McLeod of Prince Rupert.

## Modern Etiquette

By ROBERTA LEE

Q. Is it correct for people to wear deep mourning for a child?  
A. It is not customary to do so. Deep mourning does not seem suitable to express the grief caused by the loss of a child, whose innocence and tender memories are better expressed by flowers and bright colors.

Q. Is it necessary for a woman to remove her wraps when making a social call?

A. No; this is not required, as a social call should not be prolonged enough to make the wearing of the wraps uncomfortable.

Q. Is it all right to place flowers on the tea-table at an afternoon tea?

A. Yes; this usually makes an effective decoration.

MAKE LOTS FOR EVERYBODY!  
Get 50% MORE Jam or Jelly from your Fruit with CERTO

RESULTS ARE SURE!

WHAT IS CERTO?  
Why does Certo give you so much more jam and jelly? And why do Certo jams and jellies look better . . . taste better?  
It's all quite simple. Certo is nothing but "fruit pectin" — the natural substance in fruit that makes jams "jam" and jellies "jell". It's extracted and refined to help you make better jams and jellies more easily and quickly.

THE CERTO SHORT BOIL  
With Certo you don't have to boil and boil and boil your fruit to make it set. A one-to-two-minute full, rolling boil is enough for jams . . . a half-minute-to-a-minute for jellies.

CERTO DOES THIS  
1 Gives you 50% more jam or jelly because you save all the precious fruit juice that wastes away in steam in long boiling.  
2 Cuts to a fraction the time spent over the stove.  
3 Retains the lovely, natural fresh-fruit taste and colour. That's still more important because with Certo you use fruit at its peak of flavor and colour — not the under-ripe fruit used in long-boil recipes.

SUCCESS SURE — EVEN FOR BEGINNERS  
However inexperienced you may be, you'll have no failures if you follow exactly the recipes provided with Certo. Different fruits need different handling. There's a separate kitchen-tested recipe for each one.
