

Greatest Robbery In United States History

Million Fires

COVER — Two major fires yesterday in British Columbia, causing estimated damage, Heroina of where a residence was a 13-year old girl, firemen travelled for when a \$200,000 blaze spread to engulf the entire street block of the tiny town of Kaslo, away from here.

The Fraser Valley in the Fraser Valley was slightly burned, two others were tossed in a violent explosion, a \$100,000 fire ravaged Watson Block.

An 11-year old girl, 1-year old playmate and escape down a drain, a blazing house marked early morning fire at in suburban Richmond.

Invasion Is Impossible

Communists Cannot Take Hainan Declares Nationalist Commander

TAIPEI, Formosa — The Nationalist Chinese commander at Hainan Island reported tonight that Chiang Kai-Shek's air force and navy had made an impending Red invasion of the big island impossible.

The Hainan ground commander said that the two Nationalist services had sunk over 2000 invasion craft, mostly junks, massed by the Reds opposite Hainan on Luichow Peninsula. He claimed that Nationalist forces were mopping up remains of 17,000 Communist guerrillas and were in control of the central and western portion of Hainan.

UNCERTAIN PEACE DESCENDS ON U.S. INDUSTRIAL SCENE—While the U.S. steel strike came to an end, its full effect on U.S. and Canadian industry has not reached its peak. In the photo, left, are some of the thousands of persons filing jobless claims on social insurance. While miners stream back to work in U.S. coal mines, right, in what U.M.W. Chief John L. Lewis called "an act of good faith designed to contribute to public convenience," the threat of further strikes and unemployment continues.

Oil Refinery For Winnipeg

Imperial to Erect Ten Million Dollar Plant

WINNIPEG—Imperial Oil will build a refinery at Winnipeg of about 10,000 barrels per day capacity at a cost of roughly \$10,000,000, G. L. Stewart, President, announced today. The contract will be let shortly and completion of the project is scheduled for May 1951.

Increased refinery capacity together with movement of Alberta crude eastward by pipe line will mean lower petroleum product prices in the area served by the new facilities.

The company said the crude will be moved either by rail or branch pipe line from a take-off point on the Interprovincial line at Gretna, Manitoba.

Engineering design for the new plant has been under way for some time and field work will begin as soon as weather conditions permit in the early spring. When in full operation the refinery will employ about 175 persons.

Federal Cabinet Shuffle Announced

Session Opens February 16

OTTAWA — Second session of Canada's twenty-first Parliament will open Thursday, February 16. The date was announced last night by the office of the Prime Minister after a three-hour meeting of the cabinet. There were no other disclosures.

Speculation is that there will be legislation to extend floor prices possibly to include fish and agricultural products.

A public works program to relieve unemployment may also be considered.

What Are Proposed New Power Rates? Here Is Quick Comparative Schedule

"What are the new rates?" is the first question to be asked in discussion of the new proposals of the Northern British Columbia Power Co. Ltd. which has opened negotiations with the city council to renew for another twenty-five years its franchise to supply the city with electricity.

The keynote of the new rate structure appears to be the encouragement of consumption of more power, an analysis of the rates, old and new, showing increased net bills for smaller consumption accounts with decreased bills for those who use more.

Rates, present and proposed, can be compared in the following tables:

RESIDENTIAL (per month per consumer)	
PRESENT	PROPOSED
First 20 K.W. Hrs. at 7c per K.W. Hr.	(Minimum demand set at 2 k. W.) First 40 K. W. Hrs. at 7c per K. W. Hr.
Second 20 K.W. Hrs. 5c per K. W. Hr.	Second 120 K. W. Hrs. at 2c per K. W. Hr.
Balance K. W. Hrs. at 2c per K. W. Hr.	Balance K. W. Hr. at 1c per K. W. Hr.
Minimum Monthly Bill 75c.	Minimum Monthly Bill—\$1.00 (at 50c per K. W. Demand.) On larger residences with larger electrical installations minimum demand is set at 3 K. W. Flat Rate water heating eliminated. Water heater to be on same meter as lighting, appliances, etc.

COMMERCIAL	
PRESENT	PROPOSED
Commercial Lighting General—First 100 K. W. Hrs. per connected K. W. at 8c per K. W. Hr. Over 100 K. W. Hrs. per connected K. W. at intermediate rates down to 720 K. W. Hrs. per connected K. W. at 2c per K. W. Hr.	First 100 K. W. Hrs. at 8c per K. W. Hr. (Min. demand set at 2 K. W.)
Minimum Monthly Bill \$1.00.	Second 100 K. W. Hrs. at 2c per K. W. Hr. Balance K. W. Hrs. at 1c per K. W. Hr.
Window Lighting—First 100 K. W. Hrs. per connected K. W. at 8c per K. W. Hr. Over 100 K. W. Hrs. per connected K. W. at intermediate rates down to 480 K. W. Hrs. or over per connected K. W. at 2c per K. W. Hr.	Minimum Monthly Bill \$2.00 (at \$1.00 per K. W. demand.)
Small Single Phase Motors—First 100 K. W. Hrs. per connected K. W. at 4.2c per K. W. Hr. Over 100 K. W. Hrs. per connected K. W. at intermediate rates down to 640 K. W. Hrs. or over per connected K. W. at 1c per K. W. Hr.	On larger commercial installations maximum demand will be as determined.
Minimum Monthly Bill 75c per connected H. P.	Maximum Demand on larger installations is expected to be considerably below previous connected load shown as present billing basis.
Signs and Outside Display Lighting—Flat Rate Per Month: 50c per 100 watts (sunset to midnight), 75c per 100 watts (constant service) or av. 1c per K. W. Hr.	This proposed rate will apply to general store lighting, window lighting, small motors or appliances, signs and water heaters.
Water Heaters—Flat Rate per Month: \$3.60 per 1000 watts capacity (April to October inclusive) or av. 1/2c per K. W. Hr.	Flat rates for signs and water heaters eliminated.
\$5.40 per 1000 watts capacity (November to March inclusive) or av. 3/4c per K. W. Hr.	Where a number of small motors are used in normally constant operations, or are of three phase type, they may be combined and metered under the secondary power rate.
Commercial Heating and Cooking—Small Appliance—Service charge \$1.80 per month plus 2c per K. W. Hr.	
Minimum Monthly Charge \$1.00.	

Biggest Robbery— Million Dollar Job In Boston

BOSTON — The largest robbery in American history was pulled off last night in Boston when a bandit gang made off with more than \$1,500,000 from an armored truck firm.

Police Superintendent W. F. Langan said that "over \$1,500,000 was stolen and they missed we don't know how much more because they couldn't carry it away."

Seven robbers, following a carefully laid plan, walked into the office of Brink's Incorporated, international armored car truck firm, at 6:10 p. m. with Hallows' masks on their faces.

Police said that a man, "probably with a pass key," opened six locked doors to reach second floor offices.

The money was all in paper bills. It was scooped up from an open vault into two laundry bags which had been brought in by the robbers. They left behind nearly fifty bags of silver lying in the vault.

The money had been collected from business firms during the afternoon and was to have been banked today.

A sweeping bandit hunt was under way today for the seven grotesque - masked gunmen. Agents of the Federal Bureau of Investigation and state police joined local police who were under orders to "break this thing up before a new outbreak develops."

The gunmen in a 20-minute preview raid, snatched the money last night from an open vault in the sprawling waterfront garage of Brink's Incorporated. They gagged and trussed five employees. Along with the \$1,500,000 in cash the gunmen grabbed \$500,000 in cheques.

"This job was definitely pulled by somebody who knew every inch of the company's lay-out," said the police.

Avenue Is Frozen

City water main frozen, intense cold recently, first Avenue line which new Legion building construction, Don Stewart, engineer announced today, after becoming milder, mean water pipes will be freezing, the city estimated.

Mild Weather Here At Last

The persistent cold weather which has gripped this area since before Christmas finally comes to an end. Its finality commenced this morning as snow began falling and temperature rising.

Prediction from Digby Island promises light winds, overcast skies with snow and milder weather. The present snowfall is expected to change to rain tomorrow.

Mild reconditions came unexpectedly as the prediction yesterday called for continued clear and cold weather but a low pressure area off the west coast of Oregon met with a high pressure area across the northern area of B. C. resulting in snow and higher temperatures.

Digby Island thermometer did not drop below 11 above last night and early this morning, and at 8:30 stood at 16 above. Maximum reading yesterday was 17 above at 4 p.m.

The southern section of B. C. including Vancouver which has suffered in extreme cold conditions as well, will receive the same treatment as Prince Rupert although a day late. Skies in that area will become overcast tonight with expected snow flurries today and Thursday.

Bulletins

DEFENCE OF CANADA

WASHINGTON — Lt. Gen. Chas. Foulkes, Chief of Staff of Canada's army, said today that the General Staffs of Canada and the United States have taken steps to meet all problems arising with the defence of this continent. "It was a very successful meeting," he told the Canadian Press as he boarded an R.C.A.F. transport to return to Ottawa following a one-day conference on continental defence planning with the Chiefs of Staff of the American forces. With him were Air Marshal W. A. Curtis, Chief of Staff of the R.C.A.F., and Vice-Admiral N. T. W. Grant, Chief of Staff R.C.N.

OPPOSED WALK-OUT

LAKE SUCCESS—Alexander Rudzinski, one of the Soviet-Bloc delegates who walked out of a United Nations Committee Monday in a general demonstration against Nationalist China, has resigned from the Polish delegation as a protest against the walkout, it was learned today. The walkout was part of a Russian campaign to have the U.N. kick out Nationalist Chinese delegates.

DANISH SHIP SAFE

HALIFAX—The 50-foot Danish supply vessel Maagen, unreported for nine days with nine men aboard along Greenland's west coast, turned up safely at Ivigtut, Greenland, early last night, the R.C.A.F. reported here today. An extensive air and sea search for the converted fishing schooner had been cancelled by bad weather for the last few days.

Labor Course Is Unchanged

LONDON—Prime Minister Attlee's Labor Party today promised to keep Britain on her socialist course with new Nationalization of industry and continued rationing and price controls. If Labor is returned in the Feb. 23 general election, the pledges were made in a 6000-word manifesto containing the campaign platform of the labor party. Principal aim of the Labor program, said the manifesto was full employment.

Not Breaking Over China

HONG KONG—There is no rift between the United States and the other western powers because some have recognized Communist China, Philip C. Jessup, roving United States Ambassador, said today.

Commenting on reports of a possible break with the British over their recognition of the Red Peiping Regime, Jessup told a press conference: "Because we reach different conclusions, this does not impair our basis friendship and co-operation."

Hockey Is Coming Up

Station CFPR Authorized To Air National Hockey Broadcast Saturday

Station CFPR of Prince Rupert has received the green light to go ahead with the Imperial Oil Hockey broadcast on Saturday evening of this week, thus culminating the long campaign to have this popular weekly program aired as a public service from the local station.

The emission from here of the hockey is preliminary to the putting out from the local station of the full Canadian Broadcasting Corporation network program under arrangement which are being closed between the various departments of government concerned.

Some other sponsored network programs have already been authorized for emission from here.

Girl Located In Vancouver

MONTREAL—Mrs. W. L. Fraser said early today that her granddaughter, reported missing since Dec. 15, was on her way back from Vancouver today, accompanied by a Montreal detective. Reached by phone early today Mrs. Fraser said the girl, 17-year-old Beverly van Horne, great granddaughter of Sir William van Horne who was the former president and founder of the Canadian Pacific Railway, was found on her way back home. She refused to elaborate. The girl was found working as a dishwasher in a Vancouver cafe.

New Power Deal

WITH THE Northern British Columbia Power Co. Ltd. seeking a renewal for twenty-five years of its franchise to supply the city with electricity and presenting proposals as basis for a new agreement, the question of the Prince Rupert's power supply will be a live issue from this date until a final settlement is made. Actually the present contract does not expire for over four years but power supply is a big and long-range thing and, with Prince Rupert now on the threshold of new industrial expansion, there are good reasons why there might be a re-settlement before the expiry of the present agreement. The city may feel it desirable to have a permanent settlement made and, of course, the power company itself would probably consider it advantageous to have the matter disposed of with a minimum of delay, particularly in view of the plans it is making for immediate and ultimate increase in the power supply should it get the call to carry on.

Naturally there must be ample time for the obtaining and dissemination of the most complete information and a full and free discussion on the issue of whether there shall be a continuation with the Northern B. C. Power Co. and then a determination of most advantageous terms. On these matters, in one way or another, the taxpayer will have the final say.

Electric power is a vital thing. Twenty - years is a long time. There must be the most mature consideration of all the facts so that a considered decision will be made which will leave no room for regrets. The matter, of course, must be approached in a business-like manner without sentiment or snap ill-considered decisions based only on generalities.

Incidentally, the Daily News will be interested to hear and publish the views of the public on various phases of this all-important matter which affects every citizen individually.

RELIGION IN RUSSIA

AFTER A QUARTER-CENTURY of anti-religious teaching, of persecution of religious leaders, and attacks on religious institutions, Soviet leaders find Russia still too religious. The Soviet popular monthly on developments in the physical sciences ("Science and Life") is exhorting its readers to renew the warfare on religion. The magazine notes that too many Russians, including young people, continue to be churchgoers.

The exhortations are also admissions—admissions of at least a partial failure to divorce the Russian from his faith. They will cause no great surprise among eminent western students of Russian history.

A French ambassador to the last Czar recorded in his diary that "this people is more religious than its church." And as Sir Bernard Pares pointed out some years ago, this observation applies not only to the masses but also to "the best Russian minds."

The church in Russia was, as we know, an instrument of the ruling classes in the days before communism. Of the Russian people more than some others it could be said that religion was their "opiate." But even where the abuse of natural religious impulses has been so notorious, atheistic authorities show continuing concern over the tenacity with which the people cling to religious concepts. It is no accident that in countries where religion has been truly free, a matter of individual conscience rather than authority, state or clerical, communism has made least headway.

Port Alberni Is Bathless

PORT ALBERNI—On account of an acute water shortage in the long cold snap, Mayor Loran Jordan yesterday appealed to citizens to conserve water and one of the requests he made was that they refrain from bathing. The city reservoir is at a seriously low level. Blamed for the situation is the practice of water consumers of keeping their taps running in order to prevent freezing.

Fraser River Buoys Are Moved By Ice

NEW WESTMINSTER — Ice has moved buoys from their positions in the Fraser River, causing a shipping hazard at night. They will be replaced as early as possible.

DOG HERO DIES

LONDON — Rex, a four-year-old collie shot by a gunman who attacked his mistress, Miss Eileen Brace, has died of his wounds. Before he died, Rex was awarded the Blue Cross medal of the Dumb Friends' League.

Ray Reflects and Reminisces

Memory fades, or becomes fickle! Chances are that six years hence, some of us will be debating whether or not that devilishly cold winter was in 1950 or 1949.

Mississippi, not to be out of the picture, is staging floods, the worst in thirteen years. The Father of Waters is chasing hundreds of families away from their homes, and creeping over dikes. It's a river that can be brutal as well as useful and fascinating.

How oft have we overheard persons whose happy lot it is to dwell in Prince Rupert sighing for sunshine. Ah, to revel in the blueness of sky and glint of sunlight. Perhaps we might be pardoned should there be an inquiry as to what some think they are looking at! Day after day, week after week, Prince Rupert has been sparkling under cloudless heavens and a steadfast, powerful luminary. There is no satisfying people, now and then. They must complain.

Of course, in future years, prairie residents will continue to come to the coast to enjoy the balmy winters as they have been faithfully doing in the past. But, let it be said, in any casual conversations where weather is concerned, they already have a few darned good talking points salted away.

New President Of T.L. Council

H. Harrison was elected president of the Prince Rupert Trades and Labor Council at its recently held annual meeting. He succeeds August Wallin who has been president for some years.

J. S. Black, for years secretary, becomes vice-president while the new secretary is B. J. Smithson. The executive consists of J. McLean, August Wallin and Darrow Gomez.

A hearty vote of thanks was tendered Mr. Wallin in appreciation of his services as secretary.

The meeting endorsed a resolution seeking a representative for Prince Rupert and Northern British Columbia on the Workmen's Compensation Board.

Chiang Kai Shek, arriving in the island of Formosa, had with him, funds totalling about \$300,000,000 at the United States value of the dollar. He also had with him more than a hundred government officials who are supposed to be advisers, and Mrs. Chiang Kai Shek, newly arrived from New York. But we would never slight the good lady by neglecting to mention that she also may do a bit of advising. For there are plenty of things about which to advise. The woods are full of 'em.

A Federal grant of \$8,000 will be spent at Hazelton Hospital. It's not every hospital that has, for a close neighbor, a peak like 7,000 foot Rocher de Boule. To just sit and study those crests and crags hastens recovery.

Little Theatre Elects Officers

President of the Prince Rupert Little Theatre for another year is Mrs. J. S. Black who was elected by acclamation during a meeting and social gathering of the organization in the Civic Centre Monday night.

Other officers elected were Mel Skalmerud, vice president for a second term; Miss Diane Kennedy, secretary, and Miss Nina Youngman, treasurer.

The group decided to hold readings next week for a one-act play to be staged some time in February or early March. It was urged by the vice-president that members keep an eye open for a play that would rate as festival material. One of the three plays, "Bathroom Door," "Villa For Sale," and "Traveler Returns," will be staged in the future. All are one-act productions.

Following discussion of business, entertainment by Mel and Harold Skalmerud was held, both accompanying the group in community singing. Music was supplied by two guitars. Refreshments and a lengthy and informal discussion of theatre followed. In addition to the officers, others present were Miss Helen Marchildon, Miss Elthine Mills, Miss Marie Lavigne, Miss Enid Ball, Mrs. R. G. Oors, Mrs. W. E. Chappell, Al Forman, Reg Lavigne, John Currie, Cliff Knutson, John Denning and John Sims.

URANIUM KING—Holding a couple of samples of the uranium here is Boris Pregel, reputed to be the uranium king of the world. Pregel, a Czarist Russian who has lived in exile in France and the U.S. for 32 years, was mentioned in the recent U.S. probe into uranium shipments to Russia in May, 1943. Pregel is said to have been one of the first experts to recognize the importance of uranium in atomic research. He became a multi-millionaire through his foresight in acquiring uranium interests. Now there is talk of possible deportation proceedings being brought against him.

JAPANESE WOMAN ON BUSINESS TRIP—First Japanese professional woman to come to North America on a business visit since the war, Miss Michiko Ito, manager of the Tokyo branch of a large trading company, is making an eight weeks business tour of the United States. Miss Ito is the granddaughter of the late fleet admiral, Viscount Sukemaro Ito, one of the signers of the first Japanese constitution in 1889 and daughter of the former Viscount Jiromaru Ito, one-time Japanese vice-minister of foreign affairs.

JOHNNY'S Jottings

If landladies ever get around to writing books, the texts could be whoppers. Characters come and go and usually through the portals of a boarding house. It is generally known what a boarding house is—an abode for persons unable to graduate in shorthand.

A landlady must put up with a great deal. One spoke of a gentleman apparently allergic to laundries or water. It seems this particular person wore his socks for more than a week before thrusting his corn covered digits into a clean pair. Upon pulling back the bedsheets in the process of making his bed, a peculiar aroma, somewhat mysterious, wafted past her nostrils. And it wasn't Eau De Cologne or what they call it.

How about "Notes," the fella that cherished a tiny black book which registered every little red penny he spent? A crisis arrived at the door of "Notes" one day. Invited to a party, he aologized he was unable to attend due to some insignificant reason or other such as money. Of course the party would consist of wet refreshments. An investment of that sort, he thought, would create bankruptcy. And naturally, he would never think of twisting the cap on the rum bottle in his drawer, for it may have run into hard cold cash in order to procure another. But, with great will power he purchased a glass container of wine one day and while gazing at the two spirited beverages closely and pulling the drawer at the same time, catastrophe entered into the highly exciting life of "Notes." When two objects thud to a hard surface, broken objects are usually the result. "Notes" spent the evening on his rear at the top of the stairs, crying his red-

blooded heart out. Out of what, it is not known. "Apple Juice" Joe is another remembered character. It seems the boy enjoyed the squashed red fruit with his drinks. The landlady, always the type of soul that looks ahead, kept a case or two in storage in the basement. It all started, without suspicion, when it was noticed that when the lad journeyed another route from the basement to his upstairs room, two mysterious bulges were evident in his coat sleeves. The robberies were not noticed due to the thief's intelligent process of tilt-

TODAY'S NEWSPAPERBOY IS TOMORROW'S LEADER

Because

HIS NEWSPAPER WORK IS HIS CONTACT WITH THE BUSINESS WORLD HE WILL FACE FULLY WITHIN A FEW YEARS AND IT PREPARES HIM BETTER TO MEET LIFE'S PROBLEM BY:

Teaching him the meaning of dependability and responsibility. He soon knows that his customers expect to receive their newspapers regularly and on time, and he soon realizes that the full production force of the newspaper depends on him to see that the readers get the product of their labors.

Teaching him sound business methods which he can use throughout his life—salesmanship—how to keep books—extend credit—collect—manage money—increase volume. In a simplified form, yes, but adapted perfectly to the development of a teen-age mind.

Teaching him the value of developing good traits of character such as courtesy, thrift and honesty.

Teaching him how to meet people and hold his own, and to play and work successfully with his fellow men.

Teaching him that the Canadian way to get things you want is to work to earn the money needed to purchase them.

Teaching him the value of education both at school and at home to enable him to be a real success.

Serving you better rain or shine . . .

Keep Children Away From Septic Tanks

City engineer Don Stewart issued a warning yesterday regarding overflowed septic tanks. He stated, a youngster was playing around one of these tanks and picked up a chunk of ice obviously contaminated. "This is very dangerous," the engineer stated, "and it would be a good policy for parents to keep their children away from septic tanks, overflowed or otherwise."

Miss Honora Silversides returned to the city on the Prince George this morning from a trip to Vancouver.

TO START GOAT FARM IN CANADA—Canada's goat population is increased by 30 with the arrival in Canada of pure-bred Nubians, bound for Vancouver Island. Mrs. May Stansby, shown here bottle feeding one of the kids, raised the herd in England, intends to start a goat dairy farm in British Columbia.

BUILT FOR TWO—A motor-
cycle built for two is this fuel-
saving streamlined model on
display at a motor show in Lon-
don, Eng. It is one of the mod-
els Britain hopes to export to
capture dollars.

2,000 - YEAR - OLD BIBLE
PARCHMENT—His grace, the
Rev. Athanasius Yeshue Sam-
uel, archbishop and metropol-
itan of Jerusalem and Trans-
Jordan, is shown with a 24-foot
roll of parchment containing
virtually the entire text of the
Book of Isaiah from the Old
Testament. It is one of the
three ancient Hebrew scrolls
placed on public display in the
Library of Congress. The first
time they'll be seen by the gen-
eral public anywhere in the
world. They were found in a
cavesouth of Jericho in 1947 by
two Arab shepherds when their
wayward goat, seeking greener
pastures, led them to the secret
hideaway. Believed to be over
2,000 years old, they're hailed
as the greatest find of biblical
documents in history. Arch-
bishop Samuel is lending them
to the Library of Congress.

IT CAN BE DONE — Housing
problems are being solved by
co-operation in Clarkson, Ont.
A group of professional men
have banded together to build
their own homes in their spare
time, saving, they estimate,
\$50,000. Here is one of the
houses under construction.

Even though weather amelior-
ates the critical condition of
the city's water supply continues.
Don Stewart, city engineer, announced
yesterday that 125 calls had been
put in to the water department
requesting the services of a thaw-
ing machine. He was considering
putting two shifts to work to
speed up the release of water to
many frozen up business and
residential premises throughout
the city. Two commercial water-
thawing outfits have been assist-
ing the city crew and equipment.
Buildings on higher levels are
taking the greatest beating. A
dwelling on Fourth Avenue West
has sufficient water on the first
floor but pressure is not great
enough to boost it to the second
storey. In many cases water is
nil in residences. Arising in the
morning, wife and husband dis-
cover no water in the taps. Wife
goes to the neighbor's house and
does her daily washing chores
while husband treks with her or
visits the Civic Centre for a wash
and shave.

Frozen ground is making mat-
ters difficult for the waterworks
department. In order to thaw
out many of the frozen pipes, a
drill is required. In many cases
the pick and shovel are leaving
employees with aching backs and
cold hands.

Booster pumps continue to flow
about 3,500,000 gallons of water a
day into the city lines and, un-
less a major fire occurs, no fur-
ther crisis is expected. Should a
large fire occur, connections from
the main line would be shut off.
The Fire Department announced
chemicals would not be of much
help in a large blaze.

Police and firemen have been
making personal calls appealing
for utmost caution against fire.
The city has two thawing rigs
at work. In some cases, a pipe
can be thawed out in a few min-
utes, while another may require
three hours labor.

MISS THE PAS— One of five
candidates for the title of Fur
Queen of the North, to be se-
lected at the third annual Nor-
thern Manitoba trappers' festi-
val, Feb. 1-4 is Helen Fossum
beauty parlor operator, who
was elected Miss The Pas at
meeting of The Pas Community
club. She is sponsored by the
community club.

Those present were: Mr. and
Mrs. William Bussey, Mr. and
Mrs. William Whiffin, Mr. and
Mrs. C. Knutsen, Mr. and Mrs.
J. Kinslor, Mr. and Mrs. R. E.
Mortimer, Mr. and Mrs. R. B.
Morgan, Mr. and Mrs. H. Han-
son, Mr. and Mrs. J. A. MacRae,
Mr. and Mrs. William Pottle, Mr.
and Mrs. Joseph Ward, Mr. and
Mrs. O. Hiske, Mrs. Pottle sr.,
Miss Joyce Pottle, W. H. Brett,
Jack Batt and C. Morgan.

IN THE SUPREME COURT OF
BRITISH COLUMBIA
IN PROBATE
IN THE MATTER OF THE "ADMIN-
ISTRATION ACT"
AND
IN THE MATTER OF THE ESTATE
OF THORVALD STOCKLAND, DE-
CEASED, INTERSTATE

TAKE NOTICE that by order of
His Honour Judge W. O. Paton, J.
of the Supreme Court of
British Columbia, I was on the 5th
day of January, A. D. 1950, ap-
pointed Administrator of the estate
of Thorvald Stockland, late of Strom
Bay, British Columbia, who died on
the 10th day of September, 1949, at
Strom Bay, British Columbia.

All persons indebted to the said
estate are required to pay the amount
of their indebtedness to me forthwith
and all persons having claims against
the said estate are required to file
them with me properly verified on or
before the 15th day of February,
1950, failing which distribution will
be made having regard only to such
claims of which I shall have been
notified.

Dated at Prince Rupert, B. C. this
6th day of January, 1950.
GORDON FRASER FORBES
OFFICIAL ADMINISTRATOR
PRINCE RUPERT, B. C.

TAKE NOTICE that by order of
His Honour Judge W. O. Paton, J.
of the Supreme Court of

LONDON—A change is noted in the selection of names given children. John and Susan are "tops". It's been this way for the past few months, chiefly in England.

SPORTS

Sport Shots

Will Springfield provide the International Baseball League with another great competitive club which can challenge Montreal Royals and Toronto Maple Leafs? That's what Canadian baseball writers are asking now that the moribund Newark Bears franchise has been shifted to the Massachusetts city. The Bears were owned by New York Yankees of the American League and during the '30's provided some of the greatest minor league clubs ever to run out on a diamond. Springfield is owned by Chicago Cubs of the National League, a club which long has needed sturdy farm support.

Dink (Montreal Gazette) Carroll reminds his readers that Springfield Ponies played in the International League in 1893 — and that their franchise cost a microscopic \$3,000. "A buck must have gone a long way in those days because the monthly salary limit for a club was \$1,500 and the maximum monthly salary for a player was \$150," Dink writes. Today, the salary limit for a club is over \$10,000 and there is no ceiling on a player's salary. There were some other quaint customs prevalent in the league at that time. For instance visiting clubs had an option of a flat \$100 guarantee or 40 per cent of the gate. Now if a visiting club is rained out it receives a cheque for \$200. Dink ends his historical remarks on Springfield by saying: "Springfield operated an I.L. franchise for eight years before allowing it to lapse in 1900. But it always had fair ball clubs and won a pennant in 1895. Only Baltimore with a tremendous plus advantage built up during seven straight pennant-winning years under Jack Dunn from 1919 through 1925 has a better all-time won-lost.

Basketball— Rainmakers Big Night

Trounced Brownwoods to Take Senior Second Place—Juniors Win

Bo-Me-Hi moved back into second place in the Senior Basketball League last night by scoring a thumping victory over Brownwoods who dropped into the third and last slot. Bo-Me-Hi outscored the shoemen in every quarter taking a 17 to 13 lead in the first stanza, 34-28 at the half, 50-36 at the three-quarter way mark and winning with a smart 67 to 50 lead. It was a rugged game although only 16 personals were called on the students and 18 on Brownwoods. High School converted exactly half of their foul shots and Brownwoods did even better, making 13 of 22 possible.

The school team played a fast-breaking game, used their zone defence effectively and, although Spring with 21 and Carlson with 16, were high scorers, every team member contributed, equally in setting up the plays that made these scores possible. Danny Bill with ten points to his credit, played an aggressive game, making nearly all his points on rebounds. Moore and Scherker were good for seven each and played a smart game on the defence. Coach Jack Evans gave the second-string men plenty of opportunity to play and they contribute more to the team on each appearance.

For Brownwoods, Shier led the scoring with 13, followed by Pierce, Lavigne and Bill, all with ten to their credit. Alex Bill defied all the laws of average to sink five from centre floor, equaling the score of his younger brother on the Bo-Me-Hi squad. Sunberg left the floor in the final quarter, getting the nod from Referee Slatta for a flagrant foul, which was also his fifth.

Bo-Me-Hi—Spring 21, Carlson 16, Scherker 9, Webster 2, Moore 7, Kristianson 2, Sharpe, McChesney, Bill 10. Total 67.
Brownwoods—Gurvich 3, Pierce 10, Lavigne 10, Shier 13, Sunberg 1, Bill 10, Thompson 2, Owens 1. Total 50.

INTERMEDIATE
A Fashion-Merchants game can usually be counted on as a close contest but this was not so last night when Fashion swamped the Merchants by a 38 to 22 score. Merchants led 12 to 10 at the half, holding Fashion down to 2 lonely points in the second quarter. In the third quarter Fashion reversed the procedure and scored 14 holding the Merchants at 3. From there it was a Fashion show all the way as they doubled Merchants fourth quarter score to run away with the game. Hill, for Fashion, was tops in scoring with 12, followed by Jim Intermela with 9. Gill and Haugan each scored 6. Boulter, with 8 and Walsh with 6, led the pack for Merchants. Merchants' play was featured by their lack of fouls, only four being called. Fashion also played a clean game getting the nod from Referees Holkestad and Slatta for nine infractions.

Merchants—Anderson, Boulter 8, Christoff 2, Dumas 4, McChesney, Marshall, Walsh 6, Davidson, Currie 2. Total 22.
Fashion—Gill 6, Haugan 6, Hebb 1, Hill 12, Intermela 1, Lien 2, Watson 2. Total 38.

LADIES
Peoples took a 19 to 16 call over Dom's in this division. The game was a low-scoring affair, although the girls did try to play a faster breaking game than usual. Betty Hamilton led the scoring, making 8 for the losers Jackie Budinich for the winners, scored 6. Referees Hartwig and Large called 9 fouls on Peoples and 6 on Dom's.

Peoples—Budinich 6, Bussey 2, Dumas 2, Howe 4, Thain 5, Pottle 19.
Dom's—Currie 2, Hamilton 8, Kildal 1, Shier, Williams, N Youngman 2, L. Youngman 3, Paul. Total 16.

JUNIOR LEAGUE
High School won two victories on the evening's play, their Junior team taking a decisive one over the Scouts by a 27-19 score. Young Dick Nickerson led the way with 10 points for the school team. The winners made only 5 personals just under half the

FEELS THE SAME IN ANY LEAGUE—The Swedish Red Cross and Berlin physicians are engaged in another battle of Berlin. This time against tuberculosis. Using as the main weapon a general vaccination of Berlin children up to the age of 18. But whether the needle is given by a Swede, German, or Canadian, the effect on the young Berliners seems to be about the same. Here a Swedish doctor and nurse draw a prolonged howl from a young man who is taking the dose in his thigh.

Basketball Time Table

Basketball league schedule for the remainder of the 1949-50 season is as follows:

Jan. 17—Boy Scouts vs. High School, Peoples vs. Dom's, Merchants vs. Fashion, Bo-Me-Hi vs. Brownwoods.

Jan. 21—Stones vs. Sea Cadets, High School vs. Rupert Hotel, Fashion vs. North Star, Bo-Me-Hi vs. Co-op.

Jan. 24—Sea Cadets vs. Boy Scouts, Dom's vs. High School, North Star vs. Merchants, Co-op vs. Brownwoods.

Jan. 23—Kinsmen vs. Stones, Rupert Hotel vs. Boy Scouts, Fashion vs. Merchants, Brownwoods vs. Bo-Me-Hi.

Jan. 30 and 31—House of David vs. Rupert Jets Series.

Feb. 4—Stones vs. High School, Sea Cadets vs. Kinsmen, North Star vs. Fashion, Co-op vs. Bo-Me-Hi.

Feb. 7—Rupert Hotel vs. Stones, High School vs. Peoples, Merchants vs. North Star, Brownwoods vs. Co-op.

Feb. 11—Kinsmen vs. Boy Scouts, High School vs. Sea Cadets, Merchants vs. Fashion, Bo-Me-Hi vs. Brownwoods.

Feb. 14—Stones vs. Boy Scouts, Dom's vs. Peoples, Fashion vs. North Star, Bo-Me-Hi vs. Co-op.

Feb. 18—Rupert Hotel vs. Sea Cadets, Kinsmen vs. High School, North Star vs. Merchants, Co-op vs. Brownwoods.

Feb. 21—Sea Cadets vs. Stones, High School vs. Dom's, Fashion vs. Merchants, Brownwoods vs. Bo-Me-Hi.

Feb. 25—High School vs. Boy Scouts, Kinsmen vs. Rupert Hotel, North Star vs. Fashion, Co-op vs. Bo-Me-Hi.

Feb. 28—Peoples vs. High School, Merchants vs. North Star, Brownwoods vs. Co-op.

Mar. 4—Reserved for any postponements. Senior—Bo-Me-Hi vs. Brownwoods.

number called on the Scouts.

Hotel Men Meet Local Man There
A meeting of the British Columbia Hotel Association held in Vancouver last week when business general outlook for 1950 was discussed. Vancouver hotel men worried about lack of business in the northern town directors present. W. Woods of Prince Rupert, Crystall, of Prince George, and Kenneth Harding, of Kamloops, were on a trip south on business, returned to the Prince George this morning from Vancouver. Mr. Harding has been away on business connection with his general manager of the Rupert Fishermen's Association.

Small Electric Appliances that do a BIG JOB

No woman whose home is equipped with modern electrical appliances would dream of trying to get along without them. Convenience, speed, efficiency, ease-of-operation and economy... these are some of the qualities that women have come to expect — and always get — from their electric servants. An automatic iron, an electric tea-kettle, a toaster — these are only a few of dozens of indispensable electric aides waiting, and ready, to serve you.

Pattullo Golden Wedding Mention

The St. Thomas Times-Journal prints a reference to the golden wedding anniversary of the former B. C. premier T. D. Pattullo and Mrs. Pattullo at Victoria and to the former's statement that he'd had a lot of fun and would love to start all over again. He considered that today there is more opportunity for young people than there was even in the old days.

By a shift in the United Kingdom buying program, \$20,000,000 will be allocated for the purchase of Canadian bacon instead of wheat. Agriculture Minister Gardiner, who has accused the U.K. government of planning to stop Canadian wheat purchases, disclosed that the shift was originally "Canada's plan." Canada is asking \$29.50 a hundredweight for the bacon. In addition to the drop in wheat purchases the U.K. has announced it will no longer buy Canadian eggs, which were, by contract selling at 45 cents a dozen. As a result, on the Canadian market eggs have been dropping in price and the Canadian Federation of Agriculture has asked the federal government to establish a floor price.

SHIPS and WATERFRONT
Commencing early this summer, three converted frigates will man the weather base 800 miles west of Victoria. This will provide for more accurate weather forecasts. Announcement has been made by the deputy minister of transport, J. C. Lessard. The ships will carry meteorological men plus crews of almost 100 men per vessel.
In the 1949 season, the pack of canned salmon in British Columbia was slightly above the average for previous years. In the final bulletin, officials reported that during 25 weeks of operation, British Columbia canneries turned out 1,433,723 forty-eight pound cases of salmon. This was slightly above that for 1948.

APPEAL TO OTTAWA TO AID WORKLESS
VANCOUVER—In this city, one out of every eleven is in need of employment. Closing of numerous sawmills is adding to the ever increasing list of workless. The city has appealed to Ottawa and has the support of city members of Parliament

COLD WEATHER KILLS CATTLE
LETHBRIDGE—Heavy loss in livestock appears certain in southern Alberta.
A representative of Canada Packers Ltd., Sam Kline, has said, "If we do not get relief from the cold within a week or ten days thousands of range cattle will die."

Varsity Grants By Fish Firms
A renewed grant of \$7500 to the University of B.C. Zoology has been made by four British Columbia fish firms. Those contributing to the grant were the B.C. Packers Ltd., \$3,500; Canadian Fishing Co., \$2,000; Anglo-British Columbia Packing Co., \$1,000, and Nelson Bros. Fisheries Ltd. \$1,000.

Alex Young Passes Away

Noted Interior Barrister Dies in Prince George

PRINCE GEORGE. (Special to Daily News)—Alexander McBain Young, K.C., fifty-three, prominent pioneer city lawyer, died Saturday in Prince George and District Hospital after a brief illness.

Although in poor health for several years, his sudden passing shocked the community.

Memorial services will be held in Elks Hall Thursday under auspices of Elks Lodge and Canadian Legion. The body will be taken to Nanaimo for burial alongside deceased's father, the late Judge F. McB. Young. His grandmother was first white child born in that city. He is survived by his wife, mother and sister, Mrs. Alexander Carmichael of Nanaimo.

Mr. Young, who started law office here in 1918, had a distinguished record with Royal Navy and Fleet Air Arm and took part in the Zeebrugge-Ostend action and served in Mediterranean. When war broke out he tried to join the Flying Corps but only trained men were being accepted. He went to Los Angeles and learned to fly and became the five hundred and eighty-fifth licensed pilot in U.S. and Canada.

He was appointed King's Counsellor in 1942. He built up an enviable record as a criminal lawyer in Central B. C.

Probably his most famous case was the successful defence of a man named Fredericks charged with murder of two friends near Trembleur Lake. The entire court was taken to the scene of the crime to look for bullet holes in trees to substantiate his client's story. Mr. Young found holes after defendant and police failed and this was a key factor in acquittal.

Born in Nanaimo, Mr. Young lived as a young man in Prince Rupert, his father having been County Court judge at the coast city for many years.

Good Times For Lumber

VANCOUVER—Continued near record production of lumber for 1950 in British Columbia is predicted by H. R. MacMillan, president and chairman of the H. R. MacMillan Co. Ltd. in the company's annual report. There was a net profit of \$5,700,000 in 1949.

Mrs. Glen Lundquist, after spending an extended holiday here with her parents, Mr. and Mrs. C. P. Balagno, will return to her home at Seattle tomorrow. With her two young sons, Geoffrey and Gregory, Mrs. Lundquist will make the trip to Vancouver aboard the Prince George. Her husband returned to engineering duties in Seattle a few weeks before. While in the city Mrs. Lundquist, the former Marie Balagno, was featured in a piano recital at the Civic Centre January 12.

New Trundling League Rolling

President of the new Ten Pin Bowling League is Sgt. Lance Potterton, who was elected to that position at a meeting last week. Secretary is Vernon Cicone.

The infant group began league play January 8 with section one of the two sections in play. The second section rolled the oversized five pin ovals on January 13. Section one of the league will play Fridays while Section two will follow on Sundays.

Stroller White's Widow Goes South

Mrs. Josephine White, after a residence of 51 years in the north, sailed from Juneau a few days ago to make her home in Los Angeles with a daughter. Mrs. White, for 25 years, curator and librarian with the Alaska Historical Library and Museum in Juneau, is the widow of E. J. (Stroller) White, pioneer northern newspaperman, who died in 1930. He will be remembered by many old timers of Prince Rupert, who moved here from Yukon and Alaska in the early days.

Noted 'Caster Going to U.S.

WINNIPEG—The fast talking Winnipeg broadcaster, Stewart MacPherson, is here from London on his way to United States where he will take a job with the CBS radio network. MacPherson originally worked his way to Britain on a cattle boat with about \$8. He rocketed to fame as an outside broadcaster reporting sports events and public ceremonies. He has done just about everything in radio and is reputed to have made more money than any other man. Advised by his physician, he will rest in Winnipeg for a few weeks before going on to the United States. He was born in Winnipeg and is married with a young son.

Thousands Flee Floods

CHICAGO—More thousands fled their homes as flood dangers appeared mounting today over some critical areas of the Mid-Western and southern United States watershed. The mighty Mississippi, the Big Ohio River valleys continued to rise at several points. There was a mass exodus—some 8,000 farmers and sharecroppers—in southeast Missouri as the country's biggest river surged to its highest mark since 1937. Some 4,000 other residents in the birds point-New Madrid floodway remain in the area.

Army engineers kept an eagle eye on the main danger points of the flooding rivers.

Biz-Pro Women Hear Pianist

The regular monthly meeting of the Prince Rupert Business and Professional Women's Club was held on Tuesday night with a dinner at the Civic Centre, followed by a social evening at the home of Miss Audrey Wrathall. Plans were made to hold a telephone bridge in March and to have a raffle in connection with this bridge. The speaker for the evening was Mrs. Marie Balagno-Lundquist who gave a very interesting talk on her recent trip to Poland to attend the Chopin Centennial.

Reduction Company Chief Pays Visit

On a visit of inspection to the company's reduction plant at Port Edward on which extensive improvements and additions are being made, John A. Clarke, production manager for Nelson Bros. Fisheries Ltd., arrived in the city on the Prince George this morning from Vancouver. He is accompanied by Mike Olsen, the company's production manager for the southern area.

The Port Edward plant resumed grinding herring for meal and oil today following a week's shutdown while weather was too cold for herring seining.

To Advertisers

To insure publication of display or classified advertising, copy for same must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.

10 Inch Ice At Northern Ports

Large vessels are able to break the three to four inch thick ice at harbor entrances at Alice Arm and Stewart but lighter craft would not even attempt a try, said Capt. William McCombe, skipper of the Union steamer Coquitlam, which arrived in port from the north yesterday morning and left for Vancouver at 1:30 p.m.

Capt. Wm. McCombe said that use of dynamite had been necessary to blast a channel through one-half mile of ice in order to pull into the docks at Alice Arm and Stewart. While he guided his vessel towards the docks, dynamite blasts cleared the thick ice. At present, a channel has been cleared through which heavier boats can proceed.

Thickness of ice, out from the shore is ten inches, the Capt. stated. Passengers thought it novel to witness persons walking atop the ice about 50 feet away from the ship.

The Captain was promised entrance to both ports on the

Gyros See Oil Well Brought In

Graphic picturization of the complex mechanical processes leading up to the bringing in of an oil well was seen by the Prince Rupert Gyro Club at its weekly luncheon today with the showing of a film entitled "Birth of an Oil Well," made available by the Shell Oil Co. and projected by Don Forward. The film is of particular interest since such an exploratory operation is now in progress as close to Prince Rupert as the Queen Charlotte Islands. The film features the drilling operation with a brief conclusion dealing with refining and distribution.

Dr. L. M. Greene and Emil Blain were initiated as new members at today's luncheon.

A message of best wishes was ordered sent to W. H. Tobey, pioneer local Gyro, past district governor and now secretary of the Vancouver Gyro Club, on attaining his seventieth birthday.

W. F. Stone reported arrangements complete for an installation dinner and dancing party next Wednesday night when Lieutenant District Governor Jack Higginbotham of New Westminster will be here to install A. J. Dominato as president and other executive officers of the club for 1950. On Wednesday there will be an executive luncheon and Thursday evening a send-off for the lieutenant-governor at the home of the new president.

Union vessel's next trips. Only solution of course, if the weather remains around the zero mark, is constant blasting to keep the channel ice not more than four inches thick.

At Alice Arm, the Coquitlam took on 90 tons of concentrates from the Torbit mines for shipment south.

Dawson Patients Flown Outside

Twenty patients, who were in St. Mary's hospital, destroyed by fire at Dawson last week, were flown outside by Canadian Pacific Airlines plane, to be taken care of at other hospitals.

FORTUNE SMILES—This musty will worth \$900,000 was discovered in a Vancouver real estate office after an 11-month search. To smiling city fireman, Gilbert Campbell, 43, left, is willed a large portion of the fortune. C. S. Arnold, his lawyer, helped unearth the will which was found by Court Registrar L. A. Menendez, right. (C. P. Photo)

FAT-A-CAKE BAKER'S MAN—Johnnie and Tommie, twin sons of Mr. and Mrs. Jack T. Cowles of Hamilton have just tasted the cake they made for their first birthday anniversary—and don't seem too terribly happy about it. (C. P. Photo)

HOUSEWIFE SHARPSHOOTER—Mrs. Marcellin Gauthier, 38, bagged four bears roaming on the Gauthier farm at Corbell, near North Bay, Ont. Drilled every one neatly through the head, too. Son Omer, 15, admires mom's handiwork. (C. P. Photo)

SIGHTS YOU SEE ON LONDON STREETS—Various aspects of modern Greek life were portrayed in an exhibition at Chenil Gallery, London, Eng. This group of Greek girls dressed in traditional costumes caused much comment as they paraded along London streets.

It's MITCHUM'S NEWEST PICTURE! A tough, terrific adventure in grand larceny!
