

## Toronto's Fifth Murder In A Week

### Woman and Her Husband Shot To Death

TORONTO (CP)—The body of 23-year-old woman was found today in the trunk of an automobile in west central Toronto. She was the wife of Robert S. (Red) McKay, aged 25, whose body was found yesterday in a gully in North York township.

Investigation of the murder in a week, the young woman was shot in the head and heart.

The C.C.F. native yesterday called for full effect to "promises" of social security, full employment, high insurance and pensions for the aged, and immediate action in the matter of low rental.

He declared that, so far as the government was only a small scale experiment of finance, Mr. King argued with economy to that of the states and echoing financial inter-

### GEN. WEEKS IS RETIRING

OTTAWA (CP)—Major-General Ernest G. Bunny Weeks is leaving the Army at the age of 53 to make room for others because he remembers when he came to the conclusion, after 12 years as a captain, that brass never quit or died.

After 38 years of soldiering that brought him four awards for gallantry, took him through every rank from private to major-general and saw him as a key figure in the reorganization of Canada's post-war army, Weeks is going on retirement leave as adjutant-general August 15.

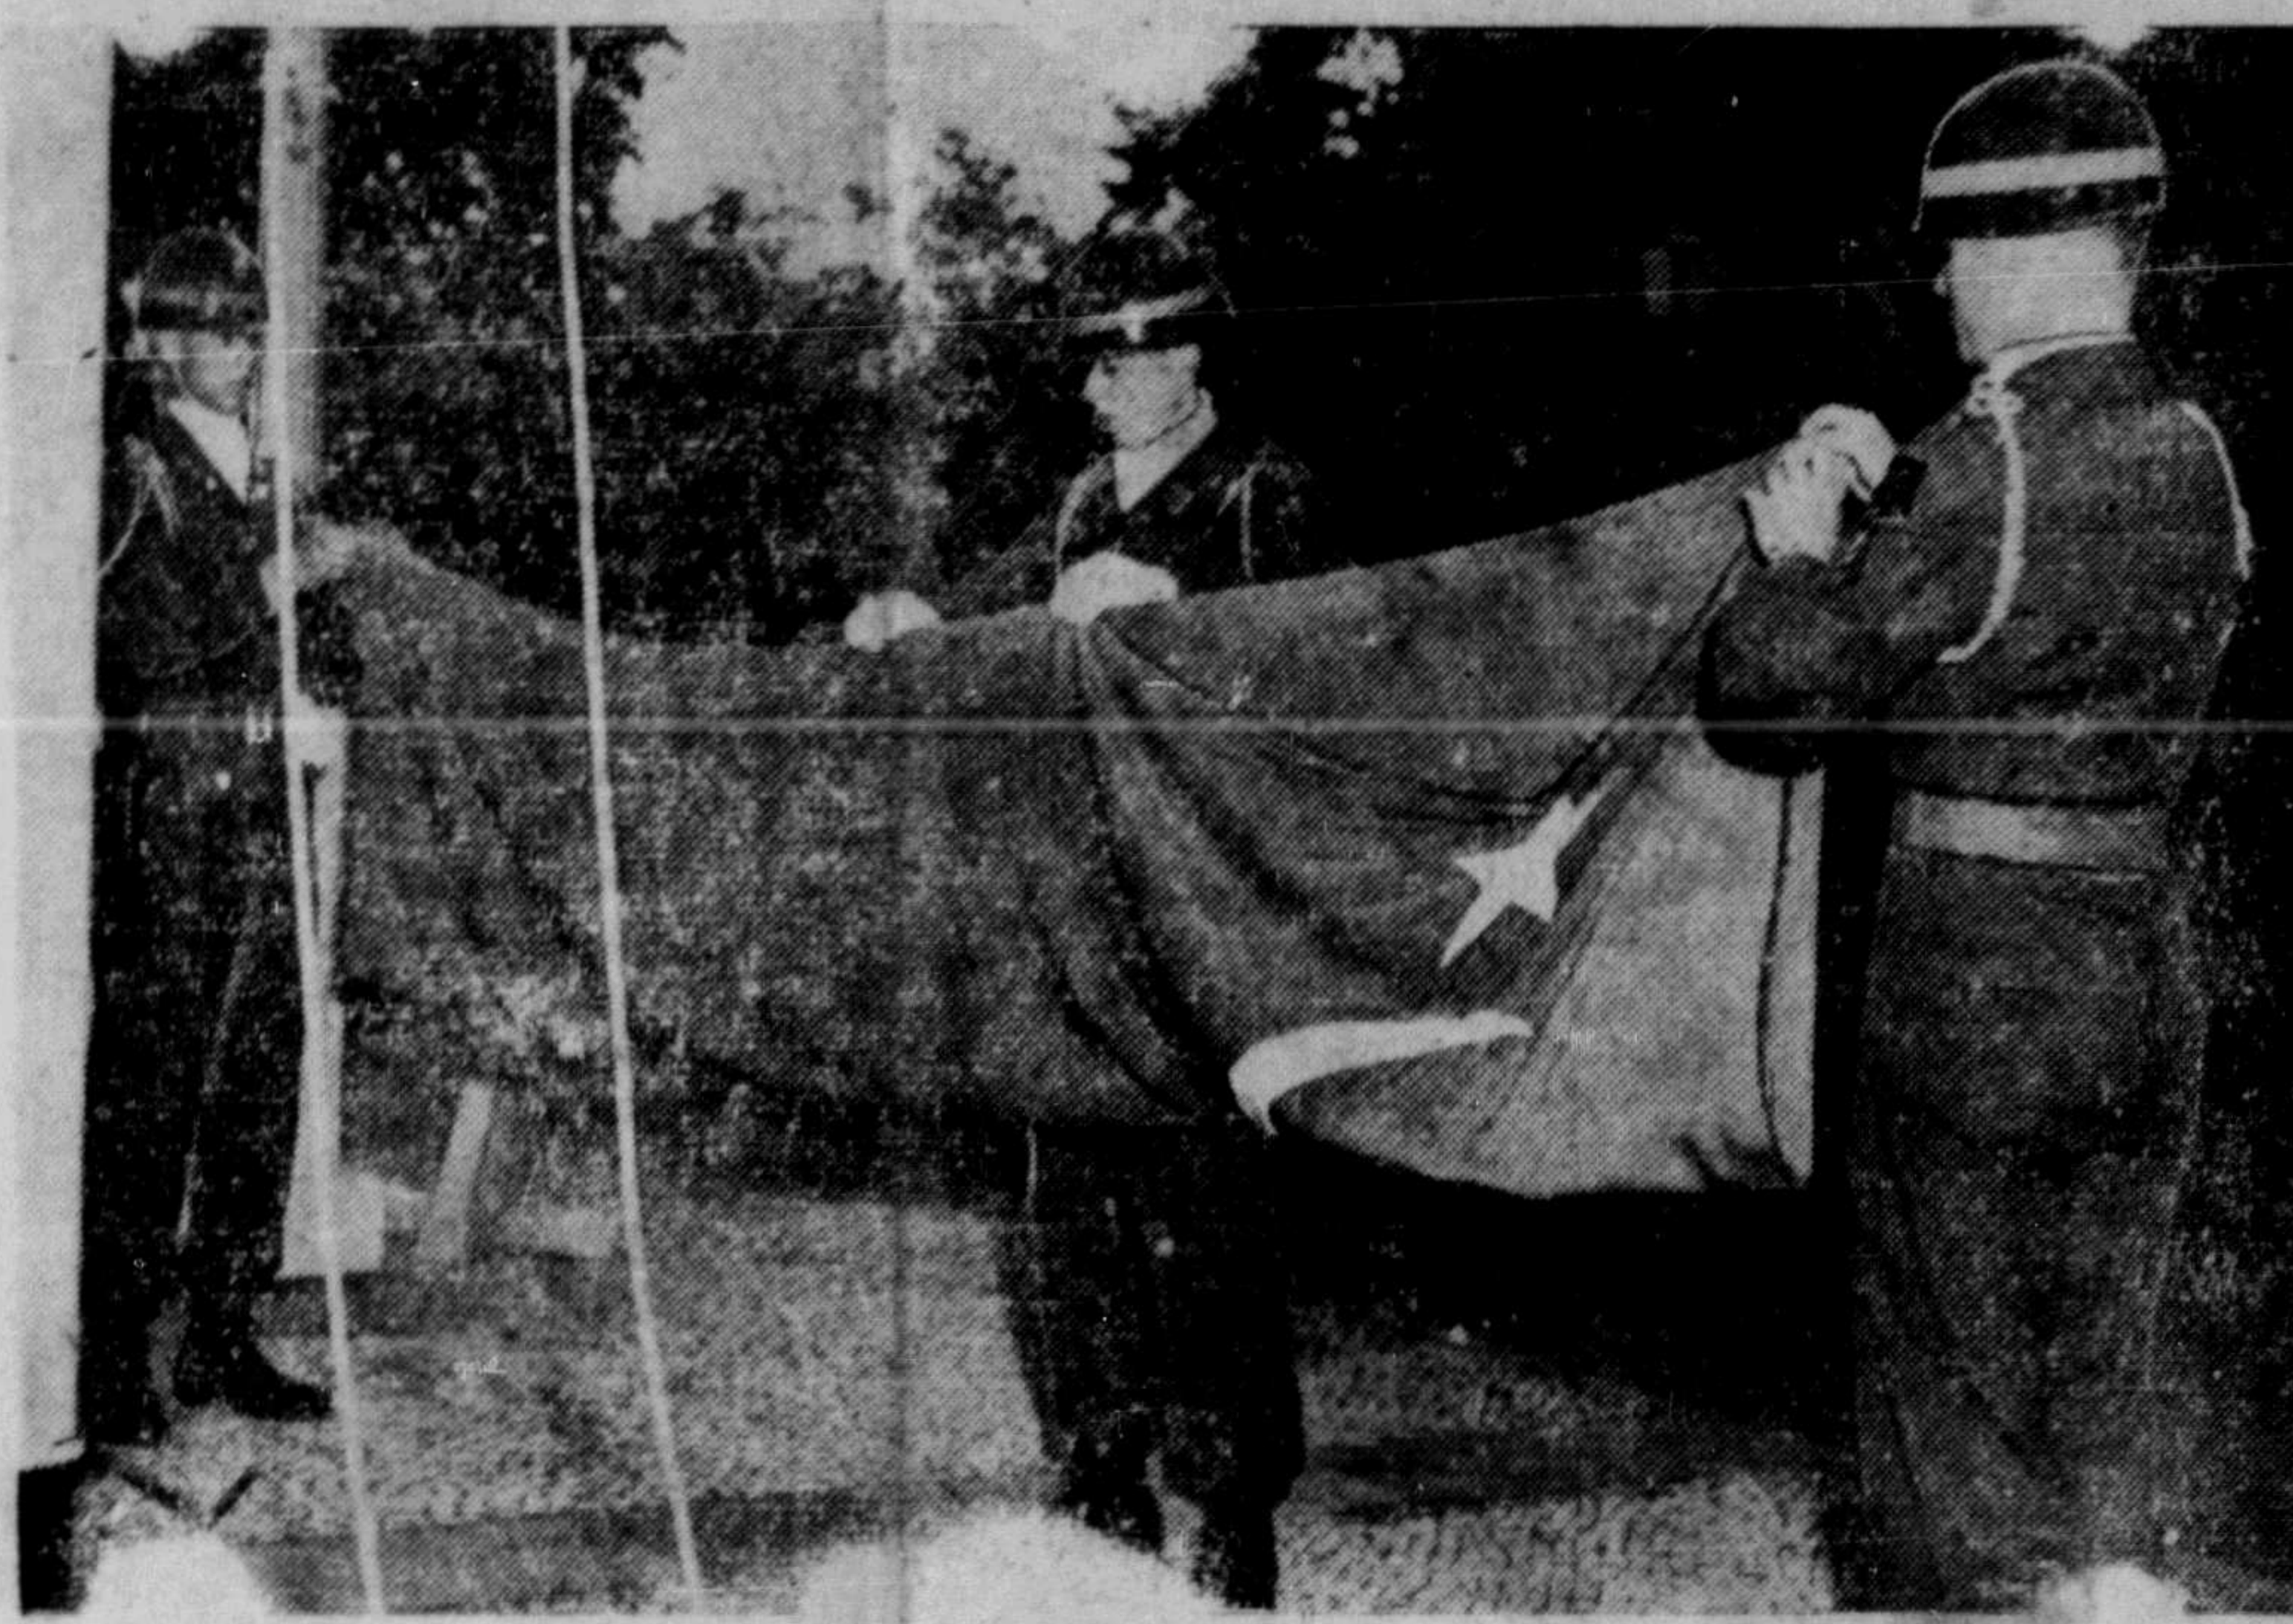

### CHURCH TRYING TO START WAR?

PRAGUE (CP)—Rude Pravo, Czechoslovak Communist organ, yesterday accused the Vatican and the Roman Catholic hierarchy of trying to provoke civil war in Czechoslovakia over the state-church strike. The newspaper seeks to implicate Cardinal Francis Spellman of New York and what it calls "American organization" in the alleged plot.

HAMMER AND SICKLE HANDLED WITH CARE—As tenderly as they would handle the Stars and Stripes, the United States guards on duty at the four-powers control council building in Berlin respectfully pull in the hammer and sickle emblem as night falls in the former German capital. The guards comprised of U.S., French, Russian and British personnel, take their turn in tours of duty and in lowering the colors of the four nations at dusk.

### LESNEVICH OUT FOR KNOCK-OUT

SUMMIT, New Jersey (CP)—Confidence oozes from Gus Lesnevich as he trains for his title about a week hence with Ezzard Charles, National Boxing Association heavyweight champion. "I'm going to beat him," said muffed-faced Gus. "I'll go for a knock-out if I can."

### REX BEACH IS SERIOUSLY ILL

Rex Beach, the novelist, is seriously ill at his home in Florida, where he has lived for the past forty years. Mr. Beach, who was in Prince Rupert years ago in the course of an Alaskan trip, was through the Klondyke Stampede. It was his novels of northern life, notably "The Spoilers," "The Silver Horde," "The Iron Trail" that first made him widely known.

### WINNIPEG GIRL KELOWNA CHAMP

KELOWNA (CP)—Victories in the senior women's half-mile and 200 yards free-style fell to Winnipeg's Vivian King in highlights of the two-day water show accompanying the 43rd annual regatta of this Okanagan centre. In both events the Winnipeg mermaid bested Vancouver's Kay McNamee in a reversal of form compared to last week's Vancouver Empire Games trials. The regatta opened yesterday with 16,000 people in the city for the event. The city presents a gala appearance which was not dampened by a thunder and lightning shower yesterday afternoon. "Queen of the Lake" was assisted in opening the regatta by the mayors of Vancouver and Kelowna.

PANDIT NEHRU GETS AROUND—Pandit Nehru, Prime Minister of India, recently flew over some of the highest mountain ranges in the world in a plane specially fitted with oxygen apparatus, to visit the monastery of Sankar Gompas, near Leh. The Head Lama of Ladakh (second from left) is shown welcoming Pandit Nehru on his arrival by presenting him with a shawl, the traditional gesture of welcome among the people of Ladakh. Standing at left is Brigadier Atal.

### DRAMATIC TALE OF RESCUE FROM COMMUNISTS REVEALED

VANCOUVER (CP)—Curiosity about a placard with Chinese characters on the cabin wall of an Italian freighter today unravelled the dramatic tale of the rescue of 200 starving Chinese who nearly drowned while fleeing from the Communists. A grim tale of a race against time, weather, sickness and engine trouble came from Capt. Giuseppe Lubrano of the steamer Luigi. This is the first major port the vessel has entered since she answered feeble distress calls in the China Sea July 20. The S.O.S. was from the stricken Liao Hai, one of the last refugee ships to leave Shanghai before the Communists captured the city. The Luigi towed the damaged and listing vessel 213 miles to Keelung, Formosa. The placard was a card of thanks from the men, women and children whose lives were saved.

### THE WEATHER

Synopsis The weather disturbance which is moving across the British Columbia coast today is bringing with it a return of cool, cloudy weather. Showers which are occurring over the north coast today are expected over the south coast tonight and into the interior tomorrow.

### Forecast

North Coast Region—Cloudy with showers today and tomorrow. Little change in temperature. Wind southerly (20 miles per hour) today, (20 m.p.h.) tonight and tomorrow. Lows tonight and highs tomorrow—At Port Hardy, Masset and Prince Rupert 50 and 60. Prince George, Bulkley Valley, Northern B.C. Regions—Cloudy with showers today. Cloudy tomorrow. Little change in temperature. Wind light. Lows tonight and highs tomorrow—At Prince George 50 and 70. Smithers 50 and 68, Telegraph Creek 50 and 65.

The first Indian trading establishment made by the British was in Madras in 1611.

### FUNERAL OF USK MAN AT TERRACE

TERRACE—Funeral services for the late Buckley Shannon were conducted in St. Matthew's Church on Saturday afternoon with Rev. P. H. Mallett officiating. Many friends of the deceased, a mining man of many years standing of Usk, crowded the church and the funeral hymns "Abide With Me" and "Rock of Ages" were sung with Mrs. C. J. Norrington at the organ. Following the service, interment took place at the Kalum cemetery, the pallbearers being W. McCrae, Dick Adams, Percy Skinner, Joe Bell and Mr. Donaldson.

### CANADA JOINS IN PROTEST

OTTAWA (CP)—Canada has joined with the other Commonwealth countries and the United States in further protest against the governments of Hungary and Romania regarding alleged breaches of their peace treaties, the external affairs ministry announced last night. The Dominion, along with Australia and New Zealand is associated with United Kingdom notes delivered yesterday to the governments of the two countries.

The action was touched off by a religious and political persecution in the Balkan countries, including the imprisonment of Cardinal Mindszenty of Hungary. Under the peace treaties signed with the Balkan countries they pledged themselves to protect human rights, such as freedom of religion and politics.

Mrs. T. W. Blackburn and daughter, Joan, who have been visiting in Prince Rupert for a fortnight, left by today's plane for their home in Vancouver. They were the guests of Mr. and Mrs. E. F. Saunders, Fifth Avenue West. Mrs. Blackburn is a sister of Mr. Saunders.

### STILL LURED BY GOLD AFTER HALF CENTURY OF PROSPECTING

Any mining booms in Western Canada or the States in the last 40 years which Bill Hanrahan, now an Alice Arm prospector, has not attended must have been very insignificant indeed because he claims to have been at them all.

Gray-headed but still optimistic, Mr. Hanrahan plans to work his Alice Arm claim for the next year, then head north for Yellowknife. He came to town yesterday on the Camosun to have a tooth extracted.

### DENY AMETHYST SHELLED RED SHIP IN ESCAPE

SAN FRANCISCO (CP)—Chinese Communists in a propaganda broadcast last night accused the Royal Navy sloop Amethyst of shelling a river steamer and drowning several hundred Chinese in Saturday's dramatic escape down the Yangtze. In London, the Admiralty immediately commented: "categorically denied." The broadcast, from Nanking, was the first communist reaction to the Amethyst's escape.

### ASBESTOS BOARD HEARING IS ON

THEFTFORD MINES, Que. (CP)—Sittings of the arbitration board to settle the asbestos labor dispute today moved to three Theftford Mines Co. properties to investigate asbestos dust conditions. Workers staged a 4 1/2 month strike February 13 for 15c an hour wage increase to bring the basic wage rate to \$1 an hour.

### JAIL BREAK IN MEXICO

MELIA, Mexico (CP)—Police early today battled 72 prisoners who escaped from the city jail last night. Six prisoners were killed in fighting and eight were captured. One policeman is dead and two are wounded. Escapees, armed with rifles, side-arms and other weapons from the jail, are surrounded on a small hill outside the city. The six are listed as dangerous convicts. A later report said that most of the prisoners had surrendered. No other details are available.

### U.S. BOOSTING EUROPE STRENGTH

LONDON (CP)—Present United States armed forces in Europe will be maintained ready for emergency and will be strengthened by an all-jet fighter aid defence in Germany, American military chiefs disclosed today. The United States joint chiefs of staff gave out this news in Grafenwoehr, Germany, shortly before flying here for the second stop of their military fact-finding tour of the North Atlantic countries.

### MAKE CANADA'S MUSEUM GREAT

OTTAWA (CP)—To turn Canada's National Museum into "one of the world's great museums" was proposed today in a brief presented to the Royal Commission on arts, science and letters. The Commission opened an investigation into Canada's cultural growth and needs for expansion. The probe will take it through five weeks of hearings in the capital and a seven-month tour of Canada's principal cities.

TERRACE—Shortly after 9 o'clock this morning the fire department was called to the blacksmith shop of Little, Haugland & Kerr on Lakelse Avenue where a heating iron had fallen to the floor, dry grass underneath the floor being ignited. No damage was done.

The Yellowknife country where he spent a few months several years ago, he believed to be the richest mineral belt on the continent.

"The last time I was up there, I caught pneumonia and had to be flown out," he said. "But I plan to go back—next August, a year from now."

The urge to tap new rock with a hammer at Yellowknife is the one which inspired him to follow gold strikes from Nevada to Nome since he first started mining and prospecting at Nelson 54 years ago.

"I've made a few good strikes in my time, but haven't hit anything real good in the last few years," he said. "But in this business, you can never tell."

Born at Renfrew, Ontario, 67 years ago; Mr. Hanrahan went to Nelson with his parents as a youth. He knew the Boundary country in its heyday, moved (Continued on Page 6)

### Rent Index Takes Jump

Cost of Living Will be Known Tomorrow

OTTAWA (CP)—The unpredictable price barometer, the government's cost-of-living index, is expected to show at least one major change when it makes its monthly appearance tomorrow.

The rent factor, which makes up nineteen per cent of the total index, is likely to show an upward climb but it is not known what this will do to the index as a whole.

Currently, the index, calculated on the basis that 1935-39 prices equal 100, stands at an all-time high of 160.5, having advanced a full point during May.

### Communion Wine Is Taken By Thieves

TERRACE—Police were notified last week that St. Matthew's rectory had been broken into, entry having been presumably made by breaking a window. Communion wine and a quantity of Guide cookies which had been stored there were reported to have been taken.

## Administration Building

WITH HOUSING accommodation in Prince Rupert showing an acute shortage and with no immediate prospect of relief, it seems a somewhat ironic situation that the former United States Army administration building here, which has been generally deemed admirably fitted for ready conversion into a multiple dwelling of considerable extent, should be offered for demolition by the War Assets authorities.

If there is an opportunity for a profitable rental project, here it would seem to be.

The Prince Rupert Chamber of Commerce is well justified in its endeavour to have the demolition of at least this administration building delayed until every prospect of having the building disposed of for a useful purpose, such as conversion to housing, is exhausted.

If not in Prince Rupert, surely somewhere there must be enterprising interests who would perceive here a golden opportunity for investment.

## INTERESTING REPORT

MANY governmental reports reach this editorial desk. They are usually of stereotyped, routine and unimaginative character, full of statistics of little general interest although sometimes efforts are made to brighten them up a bit with photographs.

However, one annual report distinctly different from the usual has come to hand. We were attracted by a new type of cover on the "Report of the Deputy Minister of Lands, Surveys and Water Rights Branches" and, perusing its contents, found a number of popularly written treatises on various phases of this department's activities. It is a new departure in presentation of information and the report should be a valuable reference and compendium of information by virtue of the reports on topographical and other surveys.

Of exceptional interest is the exhaustive report of the topographical survey by A. H. Ralfe, B.C.L.S., on the Lakelse Lake area. Similarly interesting is an astronomic survey and reconnaissance of the Allin Telegraph Creek area.

Interesting pictures include aerial views of Prince George and Quesnel and there are also pictures of the central interior country including the Terrace-Lakelse and Hazelton districts.

## AS SERIOUS AS POLIO

POLIOMYELITIS, at present, is not a preventable disease in the sense that there has been developed no proven immunizing agent. Diphtheria and whooping cough are preventable diseases, yet each caused more deaths in 1948 than did dread polio. Medical authorities do not claim to be able to prevent polio, but they can prevent diphtheria and whooping cough—through immunization. The 1948 statistics would indicate that, where these two diseases are concerned, Canada's immunizing program is far from perfect.

	1948	1947	1946	1945	1944	1943
Diphtheria Cases	898	1,550	2,535	2,786	3,211	2,804

## BLOOD COUNT

(Continued from Page 1)

blood donations from 261 people, 100 in the afternoon session and 161 in the evening. Since the clinic opened Monday evening, 403 people have given blood.

This afternoon, the clinic was in operation at the Civic Centre where night-shift workers at the Columbia Cellulose Co. plant gave blood. Tonight, it moves to the Cellulose Co.'s mess hall at Watson Island to receive donations from workers. Volunteer assistants Tuesday afternoon were: Mrs. G. E. H. Montgomery, registrar; Mrs. T. J. Boulter, Co-ordinating Council; Mrs. T. Norton Youngs, Mrs. A. Davidson and Mrs. S. R. Donaldson, Women's Canadian Club; Mrs. Lionel Holby, Mrs.

W. J. Nelson and Mrs. B. E. Eydolfson, Anglican Women's Auxiliary; Mrs. Erling Pedersen, Mrs. G. McWhinney and Mrs. O. K. Faught, United Church Women's Auxiliary.

Volunteer nurses were Mrs. Walter Smith, Mrs. O. L. Murray and Mrs. N. A. S. Pett.

Volunteer workers in the evening were: Mrs. J. Garon, Mrs. L. Dolron and Mrs. G. R. Brett, Catholic Women's League; Mrs. E. Heel, Mrs. E. Anderson and Mrs. F. Smith, Canadian Legion Women's Auxiliary; Edith Sorrens, Mrs. T. Sollen and Mrs. C. Stangebye, Lutheran Ladies Aid; Mrs. A. L. Haines, Co-ordinating Council.

Volunteer nurses were Mrs. Walter Smith, Mrs. O. L. Murray, Mrs. James Fields and Mrs. Walter Landon.

## CARNIVAL TO FEATURE TRAIN FOR CHILDREN

A major attraction at this year's Civic Centre carnival will be the kiddies train which will operate throughout the gala week for the benefit of the city's small fry.

No toy, the train is electrically operated and will carry a capacity load of 54 youngsters. It will operate on a 500 foot track laid out on McBride Street.

The apparatus is the first large piece of carnival equipment purchased by the Civic Centre. However, a policy of purchasing other items, such as a merry-go-round, and perhaps a ferris wheel, is being considered.

The train is well known to British Columbia youngsters. For years it was operated in the David Spencer store in Vancouver. It was taken out and placed for sale when Spencer's was sold to the T. Eaton Co.

Last Christmas the train set a record of having carried 150,000 children in a month—better than 5,000 a day on its circular track.

Like most electric trains, it derives its power from a third rail, which will be carefully covered at the loading point from the public.

HOUSING PROBLEM SOLVED—Silas A. Burgett poses with his rake in front of the 11-room house built by himself and his wife on the shore of Big Crooked Lake near Brighton, Mich. They built the home when Mr. Burgett was 75 and his wife 70. That was five years ago. Mr. Burgett, a painter, developed lead poisoning in 1937 and the medicos gave him six months to live. Today doctors say he is good for another ten years. In building the house, Mrs. Burgett mixed the mortar. Her husband laid the stones. They are now planning to build a smaller house.

Track laying will be begun on McBride Street, near the back of the Civic Centre, this week.

PRINCE CHARLES AND PROUD PARENTS—Taking advantage of a sunny day, Princess Elizabeth and her husband, the Duke of Edinburgh, play with little Prince Charles on the lawn of their summer home in Windiesham Moor, England. At top, Princess Elizabeth holds up the eight-months-old tot. At bottom, the proud father poses with his young son.

## Ray Reflects... and Reminds

In the execution of a vital and unselfish act, it is sometimes necessary to surrender both blood and tears. But so far as Prince Rupert was concerned, at the Civic Centre last evening, there wasn't a wet eye in the house.

Looking through a newspaper file dating back to 1912, the other day, it was learned that in Prince Rupert a tailored suit cost \$20. But the hand-me-downs were not exactly unknown or neglected.

There must be an untold but a powerful story behind the Amethyst. So far, everything has been coldly official, but the reader can detect, somewhere, a vast satisfaction. Try and picture the situation! A British warship trapped and held as a hostage! A stark challenge from Communism representing everything the British Navy objects to! Months of silence, defiance and falling prestige. Then, the message, winding up with the ringing God Save The King—and a little later the King's own order to "splice the main brace." Yes, it sounds like a story. Cheer up! A few more weeks shall roll and the good old movies will be along with the whole show.

Three thousand Boy Scouts spent ten days in camp at Ottawa and, when the time came to say farewell, there wasn't a scrap of paper or bit of rubbish on the camp grounds. The Scouts saw to that.

There is said to be no danger of complications in the event of blue blood being used for donations and subsequent transfusions. It seems this point was tried out in Boston (Mass.) some years ago and proven to the satisfaction of everybody.

Premier St. Laurent has returned to Ottawa after three weeks' holiday in the country.

**SHOWER FOR DODO McLEOD**

Miss Dorothy McLeod, a popular bride-elect, whose marriage to Jack Eastwood will be an interesting event at the end of this week, was honored at a delightful miscellaneous shower last evening at the home of Mrs. Alex Barbe, 901 Tenth Avenue East. Hostesses for the occasion were Mrs. Barbe's daughters, Mrs. Jack Christensen and Miss Lorraine Barbe.

Highlight of the evening came when a handsomely decorated basket, adorned with pink, white and blue ribbon and bows, was placed before the guest-of-honor who extracted therefrom many beautiful and useful gifts.

Delicious refreshments were served. Those present included Mrs. H. V. Tattersall, Mrs. Jack Christensen, sr., Mrs. A. Husoy, Mrs. Pottle, Mrs. Jack Evans, Miss Betty Wide, Miss Mary Adcock, Miss Laila Husoy, Miss Jean Husoy, Miss Edith Jordan, Miss Glenna Moore.

## Swim Classes are Resumed

The swimming classes at McClymont Park pool were resumed on Monday as the warm sun shone, making conditions favorable.

There are about 20 new members in the classes which are held each Monday, Thursday and Saturday afternoon.

While the prime reason for these classes is to teach beginners the fundamentals of swimming, it is felt that there are a number of people who can swim but who might be interested in improving their style and speed. By registering at the pool, they will be advised of the time for their class.

## NATIVE BALL TOURNAMENT NEXT

A deluge of visiting firemen in the form of baseball teams is about to descend upon Prince Rupert. The program for the immediate future includes the return series with Ketchikan on August 13 and 14 and Smithers the following week-end, August 21.

In the meantime Art Murray is receiving entries from native teams for a tournament similar to the one staged annually by the basketball association. The date set for this feature is August 20 and all teams interested are being urged to lose no time getting their entries in so that final arrangements can be completed.

## Post Office at Terrace

**Improvements in Service Coming Up—Delegates to Smithers**

TERRACE—Post Office matters came up for attention again last night at the monthly meeting of the Terrace and District Board of Trade which is advocating a new federal building here. Postmaster Sam Kirkaldy told of meeting departmental officials in Vancouver. Early improvements will include the opening of the post office continuously between 9 a.m. and 6 p.m. daily. New boxes will also be installed.

Highway matters came in for attention. The Department of Public Works is being asked to install signs showing the speed limits through the municipality and past schools.

A committee consisting of D. K. Kerr and H. Lynum was delegated to report on the condition of the Spring Creek bridge, three miles out on the Kalum road, over which there has been some complaint.

Suggestion was made that logging trucks should confine parking to the side streets instead of the main streets.

Another suggestion was that game warden and highway patrol service here might be provided by the combination of the two offices.

Delegates to the forthcoming annual convention of the Associated Boards of Trade of Central British Columbia at Smithers were appointed in the persons of Mrs. C. R. deKergommeaux, Will Robinson, Geo. McAdams, Harry King, S. J. Kirkaldy and D. G. Little.

Vice-President C. J. Norrington presided over the meeting in the absence of President D. G. Little.

# Weather Man Cinches Savoy Baseball Win

**MERCHANTS DOWNED FIVE TO ONE LAST NIGHT AS RAIN INTERVENES**

Don Arney hit a sharp six inning double to unload the bases and give the Savoy's a 5 to 1 decision over the Merchants in last night's league baseball encounter. It was a case of beating the weatherman to the punch with the timely hit for Jupiter Pluvius stepped in forthwith and called a halt to proceedings.

Merchants scored first in the second stanza when Hartwig sacrificed Kerr home. Then the Savoy's squared it in the third when Arney crossed the plate on Morgan's single. It was the usually stalwart Joe Davis that put the Merchants on the frying pan in the sixth. Pavlikis had doubled, Morgan was retired, then Gurvich attempted to sacrifice Pavlikis home. Davis took Lambie's throw but lost the bag and all hands were safe—Pavlikis being held on third.

Next up, Dunbar was safe on a fielder's choice which normally would have been the third out with no runs scored. In the meantime the Merchants had opportunities to catch runners off the bags but were reluctant in leaving the frying pan for the fire by throwing the winning run away. At any rate the stage was set for Arney's climax and he skillfully upset the skillet with his clean double over the first sack.

Young Don Sharpe pitched a masterful game. His fast ball is getting a little more whistle as he gains in physique. It was the same hard luck story that has dogged Rosedale for the last several years. He just can't win for losing. Big Rosie invariably pitches well enough to win but his teammates seldom collect enough runs for him to turn the trick.

## News of Francois Lake

Timothy Eaton has been visiting his brothers, Bob and Herb Eaton, for a few days. He lives near Hinton, Alberta.

Miss Pat Taylor will teach the primary grades of the Francois Lake school when school opens this fall.

The Erikson family have moved to Quenesel after having lived at Francois Lake for two years.

Mr. and Mrs. Charles Beatty (nee Betty Munro) are staying at the Landing, having come from Winnipeg after their wedding. The bride's parents, Mr. and Mrs. W. I. Munro, stopped off when coming through Burns Lake by train and spent a few hours at the Landing.

The Women's Institute held a successful sale of work and service tea in the Hall on Thursday afternoon. Although the rain made travelling difficult several were able to attend, with a car load of ladies coming from Burns Lake. The daintily decorated stalls showed the articles for sale to advantage, and there was a good selection of both clothes, home-made cooking and fancy articles. A lovely white and gold cup and saucer was raffled and was won by Miss Josie Keefe. Small tables were set for tea with vases of flowers, and delicious home-made cakes served.

Mrs. R. Farmer and Marilyn,

of Prince Rupert, are staying at the Beach House.

Mrs. R. K. Jones has returned from North Hollywood where she has been visiting her mother who is very ill. With her is Mrs. Salbach, who will stay for a while.

Haying is very slow, with rains almost every day. However, the weather turned warm and sunny at the week-end and it is hoped that it will continue to be dry and warm. Fishing has been excellent, both trout and char.

More than seventy young people attended the weiner roast on the lake shore at the Landing on Sunday evening given by the Neave family. A huge fire was built in a sheltered spot by the lake and the folks gathered round. After toasting weiners and consuming hot dogs and cake, musical instruments were brought out and community singing. After midnight there was dancing, and the party broke up at about 1:30.

### Q.C.I. Plane Calls—Premier Reopening Proceeds—Other Mine Activity

A Queen Charlotte Airlines plane dropped in here yesterday. Pilot Bill McLeod was the pilot, and how he managed to make a landing here puzzled quite a few of the residents as there were a lot of clouds. Apparently it was very clear up aloft and Bill saw an opening and dropped through to a landing.

Hector Stewart has moved to Terrace where he will reside with his family. He is employed by the Department of Public Works.

Open cutting is progressing favorably on the Silver Tip Group on the Upper Salmon River Valley.

Ramo Jokanovich is busy getting out ore on the old Mobile property on Glacier Creek. John Lehto is also working on the Black Hill group in the same region. Owen McFadden is working on the Northern Terminus property on American Creek with very encouraging results. Shipments of ore will be made in the fall.

Constable George Nelson is being transferred to Westview and will be leaving Stewart next Monday. Constable Nelson has been very active in the Canadian Legion, Parent Teachers Association, the General Hospital and the boys' manual classes. Mrs. Nelson was also a member of the Hos-

## FAREWELLED AT MASSET

MASSETT—On Saturday the New Masset Community Club held a party in the Community Hall for three residents who are leaving the district for Vancouver.

Miss Mary Dalzell has been secretary of the Community Club and Mr. and Mrs. Maurice Mercer have been very active in community affairs during their four years' residence.

Presentations were made to all three by J. A. Findlay, president of the club and Art Holland.

The Women's Auxiliary of St. Paul's Church also took opportunity to make a presentation to Miss Dalzell, one of their members and organist at the Church.

Refreshments were served and the evening concluded with an enjoyable dance.

### FROM MIDDLE EAST

Ornamental seals engraved with religious designs have been traced back to a very early date in Egypt and Syria.

### IMPORTANT TRAFFIC

More than 1,200 railroad cars are loaded daily with Canadian pulpwood, pulp and paper products.

## Is Drowned At Stewart

Murray Harris Falls From Gasboat and Loses Life

STEWART—Murray Harris, fisherman and trapper of Stewart, was drowned on Sunday when he fell overboard from his boat the "M. H."

Erie Florin, who was with Harris at the time, said that he had gone below to look at the engine, while Harris was pumping out the boat at the stern. Florin suddenly realized that he could not hear Harris so he went up to investigate. Harris was not on board the boat but, looking over the side, he (Florin) saw him about fifty feet from the boat. Florin turned the boat and started towards Harris who was swimming at the time. He sank before the boat could reach him.

Florin stopped the engine and stayed at the spot for about an hour. As it was then quite dark Florin decided to go ashore for the night, not being very familiar with the boat or the Portland Canal. He proceeded to Stewart next morning where he reported to Constable George Nelson, in charge of Stewart detachment of provincial police. There is believed little likelihood of the body being recovered, as Harris was wearing hip rubber boots and heavy clothing.

Harris was well known here. He was about fifty years of age and is survived by a sister Miss Elsie Harris of Boston.

before proceeding to Prince Rupert.

Mrs. E. Sande and Mrs. C. Houlden drove to Prince Rupert on Friday to meet Mrs. Robert Maitland who came from Vancouver to attend the wedding of her brother, Raymond Sande.

Mr. and Mrs. Hector Stewart are here with their three children to spend a holiday with the latter's parents, Mr. and Mrs. I. Finlayson. Last week Mr. Stewart received word of the serious illness of his brother in the south and left on Thursday by C.P.A. plane from Prince Rupert to be near him.

Mrs. Burnett is a surgical patient in the local hospital.

T. Hugh Brockington, consulting engineer of Vancouver, was in town at the end of last week on an inspection of the water works.

Ann Tumilson left the local hospital recently after recovery from a serious illness. She will leave next week, accompanied by her mother and sister, Pat, for Vancouver where she will be placed in the care of specialists.

Mrs. Hartford, R.N., left recently for her home in Hazelton, via Vancouver, after spending the past two months as relief matron at the local hospital.

Miss Dorothy Irving, R.N., arrived this week from Kamloops to spend a month's vacation with her parents, Mr. and Mrs. A. H. Irving.

T. M. Gibson, accompanied by Mrs. Gibson and Major-General W. W. Foster, visited Terrace on Monday on official business for the B. C. Power Corporation. Also in the party

### MISSIONARIES PAY A VISIT—BLOOD THURSDAY—PAPER PLANT MOVED

City of Port Credit, Miss Hunt of the Missions, left after their return after spending a while here, they described the beginning which takes place in the provinces where child-

the final choice would have been sent to Vancouver to enter the P.N.E. contest.

Mr. and Mrs. H. M. Wightman of Prince Rupert arrived in Terrace. Mr. Wightman will relieve James Stevenson, Royal Bank manager, who will be leaving this week for Vancouver on a three week holiday.

Miss Kyle of Fort William, Ontario, spent Thursday and Friday in Terrace as the guest of Mr. and Mrs. O. Kaubek, leaving on Saturday morning's train for the east.

Mrs. W. Steele left on Thursday's train for Prince Rupert and Vancouver enroute to Kelowna after a three weeks' stay at the home of Mrs. W. Osborne.

This Thursday, the blood donor clinic will set up in the Orange Hall and will operate afternoon and evening. Over 160 names of possible donors have been sent in, in response to the call. Cars are needed to bring the donors in from 17-Mile camp and it is hoped that volunteers with their cars and offers of assistance will come forward before then.

Miss Charlotte Balagno of Prince Rupert arrived in Terrace recently and proceeded to Lakelse Lake to spend a holiday there.

Mr. and Mrs. J. Kennedy left on Friday morning's train for two weeks holiday in the south.

The printing plant of the Omineca Herald and Terrace News has been moved to Terrace and is located in the old Skeena Cafe. Until the move has been completed, publication of the newspaper will be held over for one week.

C. Howey and A. Palmquist have purchased from Mrs. Joe Felber, one acre of the Young property near the elementary school and are remodelling the house where they will make their future home and where Mr. Howey will operate a general store.

B. C. Bracewell, inspector of municipalities, drove into Terrace with his family at the week-end on routine business

## NEW STRIKE ON MOUNTAIN BOY

STEWART — It is reported that work at the Mountain Boy Mine on American Creek has uncovered a vein of lead ore, which is between ten and fifteen feet wide and estimated to run approximately fifty per cent lead. Should this vein also carry the fairly high silver content, which is characteristic of this property, the result should be very encouraging indeed. J. O. LeFrancois of Montreal is in charge of the work.
