OUTPOST MANNED BY HAGANAH—Photo shows a typical Tel Aviv defence point, Haganah, the still illegal Jewish army, with a man and a girl. This outpost, like all others, is well camouflaged and connected by telephone with Haganah's defence headquarters. Tel Aviv's northern border.

# New Red Government of CzechoSlovakia Condemned

## Would Cut Off Czechs

Export Controls May Be Imposed By United States Against Communist Regime

WASHINGTON, D.C. —The United States government may clamp rigid export controls on goods going to CzechoSlovakia. Officials say they are considering this move as a way of expressing displeasure at the communist overturn of the CzechoSlovak government. Such controls would limit the amount of heavy machinery and equipment CzechoSlovakia can buy in the United States. CzechoSlovakia spent \$49,000,000 in the United States last year.

## URGE CANADIAN FILM INDUSTRY

OTTAWA —Trade Minister C. D. Howe told Commons that the government hopes to see the development of motion picture production in Canada, and said that the country's "interesting possibilities are obvious."

M. J. Coldwell, C.C.F. leader, said that Canadian dramatic art had reached "a very high level" in radio and urged the government to encourage filming full-length stories of Canadian life, such as the "epic" settlement of the prairies.

They spoke during consideration of the government's emergency program to conserve United States dollars.

## PROBE STEEL PRICE BOOST

WASHINGTON —On White House instructions, Attorney-General Thomas Clark sent Federal Bureau of Investigation agents to 16 leading steel companies to inquire into last week's advance in steel prices.

## Ketchikan Plane On Mercy Flight

Mrs. A. T. Holland, wife of a Massett building contractor, was flown here Wednesday afternoon by an American Coast Guard plane from Ketchikan. She is in Prince Rupert General Hospital where her condition, according to her physician, Dr. W. S. Zergin, is satisfactory. The flight was made in a PBY, American counterpart of the Canoe amphibian, in command of Lieut. Robert A. Lemmon.

With Massett community irking under the heavy charges that are made for Canadian commercial aircraft to make "mercy flights," an appeal was made to the United States Coastguard in this case and there was quick and ready response.

It is estimated there were about 30,000,000 buffaloes in North America when the white man first arrived.

## RUSSIAN PIRACY IN BALTIC IS SUSPECTED BY SWEDISH PAPERS

STOCKHOLM, —Suggestions of "piracy in the Baltic" were made Wednesday by Swedish newspapers following the mysterious disappearance of crews of two small Swedish merchant ships which left Stolpmuende, former German Baltic port now in Poland, a week ago.

The evening paper Aftonbladet suggested that Russians might have seized the ships and taken off their crews. The Swedish foreign office has instructed its embassies in Moscow and Warsaw to ascertain whether the seamen, 18 in all, have been picked up and landed at some Russian or Polish port.

HELICOPTER BRINGS FOOD TO LIGHTHOUSE—Buffeted by a howling gale, a frail-looking helicopter dropped food supplies to the three keepers shown on the light balcony of the Wolf Rock lighthouse eight miles off Lands End, England. The men had been marooned for 26 days by storm. The high winds were churning the waters over the rocks below as this picture was made.

## Tanker Being Towed to Port

Dinamac Suffered Broken Crankshaft Down Coast

The Home Oil Co. tanker Dinamac, Capt. Roy McLeese, was expected to arrive here this afternoon in tow of the tug C.R.C., Capt. Charles Currie, after breaking her tail shaft last night near White Rocks, at the north end of Banks Island, about 30 miles southwest of Prince Rupert.

The Dinamac was proceeding from the Queen Charlotte Islands to Prince Rupert when the mishap occurred. The C.R.C. left shortly after midnight to give the vessel aid.

The Dinamac had unloaded a cargo of oil at Queen Charlotte Island points during the last week.

## GOVERNMENT'S CLOSE CALL

Only Five Majority in Latest Division in House at Ottawa

OTTAWA, —The Liberal government emerged from the closest test of the six weeks old session and this Parliament yesterday, defeating the combined opposition by a vote of 103 to 98 on a Progressive-Conservative motion to table certain documents passing between the Canadian National Railways and United States shipping concerns in regard to maritime port business.

It was the fourth time in this session that the government had come through a vote which gave it a majority of ten or less in the 245-seat house. It came when Minister of Transport Lionel Chevrier objected to produce documents from the files of the Canadian National Railways.

## "Disguised Dictatorship" Says U.S., Britain, France

LONDON (CP)—It was made known today that Great Britain, the United States and France condemned the new communist regime in CzechoSlovakia as a "disguised dictatorship" which "placed in jeopardy the principles of liberty" and can only be disastrous to the CzechoSlovak people. However, there is no move as yet to break off relations.

## REVISION COURT ENDS HEARING

Canadian National and Other Appeals Dealt With

Civic Court of Revision concluded its hearings into appeals against 1948 property assessments this morning by sustaining the assessments levied by City Assessor H. D. Thain against nine pieces of property and reducing the assessments against five.

Appeals by the Canadian National Railways against three waterfront properties were pressed by W. D. Meyers, counsel for the railway tax commissioner's office, Winnipeg. These appeals were in behalf of lessees of railway property.

The 1948 Court of Revision, which was resumed this morning after a two-week adjournment, was featured by a far smaller percentage of revisions than was the 1947 hearing which followed re-appraisal of property in the city by a Vancouver appraiser.

This morning, the court made the following decisions:

Provincial Department of Mines, former ore assay office, reduced to \$400.  
Armour Salvage Co., waterfront, reduced to \$3,500.

Both of these properties were reduced because the buildings in question are being demolished at the present time.

Assessment on the former R. C.A.F. warehouse at Seal Cove was reduced to \$10,000 on appeal by Canadian National Railways.

Dry dock assessment was sustained at \$300,000.

Assessment of \$6,670 against Swift Canadian Co. property was confirmed. This appeal also was entered by Canadian National Railways.

William King, 976 Ambrose Avenue, improvements confirmed at \$1,500.

R. C. Wilson, 1143 Ambrose Avenue, improvements confirmed at \$2,160.

J. L. McEwen, Sixth Avenue East, land reduced from \$1,100 to \$1,000.

David Crocker, two lots on Park Avenue, one confirmed at \$255, one confirmed at \$250.

Mrs. Olea Dybhavn, 2104 Atlin Avenue, improvements confirmed at \$5,500.

Olof Hanson, two lots on Atlin Avenue, confirmed at \$400 each.

Peter and Borghild Knutsen, 325 Eighth Avenue West, improvements og \$1,920 confirmed.

Joseph Naylor, 1010 First Avenue, improvements reduced from \$4,060 to \$3,860.

Robert McCarthy, Fifth Avenue East, improvements confirmed at \$5,075.

## Immigration For Alberta

Prairie Province May Take 400,000 Britons In Ten Years—Starting Now

LONDON —A. J. Hooke, minister of economic affairs in the Alberta government, said yesterday that his province plans to begin a movement of immigrants from Britain by sea or air in June with the goal 5000 for the first year.

If the economic development of his province permits, Mr. Hooke said that Alberta should be able to absorb 400,000 emigrants in ten years.

## ASK RUSSIA FOR ACCOUNTING

LONDON —Diplomats said yesterday that the western powers intend to ask Russia for a detailed accounting of what the Soviet government had taken out of Austria since the war.

They said that such a list is essential as a basis for discussion for the Big Four deputy ministers trying to reach some agreement on the terms for an Austrian peace treaty. The attempt to get an accounting may be made today.

## Urges Trans-Canada Road

Ontario Member Calls For Federal and Provincial Co-operation

OTTAWA (CP)—The federal government was urged in the House of Commons yesterday by G. K. Fraser (Progressive-Conservative, Peterborough) to co-operate with the provinces in building a hard-surfaced, all-weather highway from Halifax to the Pacific Coast.

Mr. Fraser said that Canada was losing millions of dollars annually because there was no TransCanada Highway. The Department of Resources should draw up plans for such a highway and seek co-operation of the nine provinces in bringing it into being.

## GIRL ROBBED OF \$6000 IN SATCHEL

Daring Daylight Hold-up On Street In Vancouver Today

VANCOUVER —A daring daylight robbery of a woman messenger netted two and possibly three thugs about \$6000 in cash and checks here this morning.

Audrey Blaikie told police that she was going to the bank with the money when a man grabbed the satchel she was carrying, jumped into a waiting car and was driven away by a confederate. A third man may have been in the car, she believed.

## BRISCO TRIAL IS CONCLUDED

Case of Gill-Netter Ends In Reconviction

VANCOUVER —The Briscoe trial, involving a Vancouver fisherman and having a Prince Rupert angle, ended yesterday when Edison Brian Briscoe was again convicted in Supreme Court of British Columbia on a charge of retaining a stolen fishboat.

Briscoe had been previously convicted of the charge at Prince Rupert before Mr. Justice J. O. Wilson in the Assizes there last fall but successfully appealed a sentence of two years.

Briscoe was arrested last July in possession of a 34-foot gill-net boat bearing the name "Guess Who" which he said he had purchased in Victoria. The Crown alleged that the "Guess Who" was the boat "Rio II" which was stolen from two veterans at Steveston.

Briscoe was charged with retaining the stolen craft but denied the "Guess Who" was the "Rio II."

Last week Judge A. M. Manson and jury, hearing the case in the Assize Court, visited the premises of the Johnston National Storage Co. under the Cambie Street Bridge, and personally inspected the boat. Last summer it was moved from Prince Rupert to Vancouver, being taken 1,255 miles by train.

## Retain the Installations

IF THE CURRENT option episode, about which it appears difficult to get any definite information despite persistent inquiries to and from various quarters, finally peters out, it might well be good business to urge upon the railway authorities the taking over of the former United States Army installations which everybody in Prince Rupert is so anxious should be retained against the possibility of future use—for industrial, military purposes or what not. Certainly the railway company is in a good position to retain them.

We talk of shipping through the port to and from Alaska, we see the possibility of resumption of trade with the Orient looming, we picture the inevitable expansion of business and industry in the great northwest, we even think more and more seriously of our military defences in view of the fast-moving international situation.

It all makes more and more unthinkable that anything in the way of removal or demolition of these vital and useful installations, the strategic position of which has long since been established, should under any circumstances be permitted.

## A BIT OF GOOD NEWS

IT WAS GOOD NEWS, for which we have long waited, that the old Post Office site on Third Avenue, at last passed into private hands and we hasten to congratulate the local business men who have acquired the highly valuable property and wish them success with any plans they may have for the development of the site which is one of the city's finest.

The corporation of the city will also be gratified to get the property on to the tax roll after these many years.

We are not so much interested in what sort of use the property is put to so long as it gets working for the convenience and improvement of the community and its services.

## TRAGEDY OF COMPLACENCY

COMPLACENCY is the root of danger of our democratic world. It blinds eyes to the fact that the best cause, lacking informed and courageous support, may fail before a cause captained by zealots.

What we complacent democracies sometimes fail to realize is that causes do not become important because of the number of adherents, but because of the passionate conviction or prejudice of the few. We fail to realize that to some people any change suggests relief. Despairing people who have lost confidence in order and settled government and familiar ways turn to disorder and disorganization and destruction because they hope that, if everything is torn down to a dead level, the tooth and claw battle that would result might give the underdog his day.

When men get desperate enough, as men are in Europe, they are ripe for false doctrines. Hitler once said: "If only I can find these unemployed something to hate in their idle hours besides their country's inability to give them work, my party will eventually become the most powerful in all of Germany." History proves effectively enough that hate is a powerful weapon in the hands of unscrupulous men.

### NORMAN SATHER

#### RUPERT-BORN LAD IS SENIOR AMONG CARRIERS WITH FIVE YEARS' SERVICE

Norman Sather is a true Rupertite. Born here in 1934 he has spent all of his 13 years in Prince Rupert. Norman has Route 2 which takes in the eastern end of Sixth Avenue and Seal Cove Circle, a beat that has a lot of gaps in it and is the furthest from the city centre. In the matter of seniority, Norman ranks senior among the delivery boys having started as a carrier five years ago.

Sport is Norman's favorite form of recreation. A grade 8 student this year he belongs to the Booth Memorial high school sports club and is a member of one of the basketball teams. Being very much a man of the outdoors, Norman is not particularly fond of reading nor does he concentrate on any hobbies. When his studies and work is over he finds that being a member of the Sea Cadets and the Civic Centre takes up most of his spare time.

Norman already has his future planned as far as his work is concerned. He is going to enter the mechanical trade and with his even temperament and logical turn of mind it is apparent that his choice is a good one.

WINNIPEG — The Canadian Public Health Association has been requested to draw a syllabus of study leading to an advanced certificate in sanitary inspection. The request was contained in a resolution passed at a meeting of the Manitoba branch of the Canadian Institute of Sanitary Inspectors.

## PRINCE RUPERT YEARS AGO

(February 26, 1923)

Ernest Bakken, 37, and Olof Bru, two Seattle fishermen, were swept overboard from the halibut schooner Lincoln by a wave which struck the boat 10 miles west of Coronation Island. Two hundred fathoms of fishing line became entangled in the propeller, making it impossible for those on the boat to rescue their comrades.

The seiner Fredelia brought in a load of herring following the start of the herring run. The Canadian Fish and Cold Storage Co. sent out two packers in anticipation of a rush.

The Swanson Bay car ferry, proceeding from Prince Rupert to the Whalen Pulp mill with nine empty railway cars, was driven ashore on Porcher Island when the rudder of the tug Bermuda broke.

(February 26, 1913)

Alderman L. Bullock-Webster and J. W. Chappell addressed the Boy Scouts in the Presbyterian Hall. Scoutmaster C. V. Evitt and Assistant W. J. Kenneigh were in charge of the boys.

A jolly skating party was enjoyed at the auditorium by a group of the city's younger folk after which refreshments were served at the home of Misses Jenns. Among those present were Miss K. Jenns, Miss M. Jenns, Miss B. Jenns, Miss J. Jenns, Miss B. Curtin, Miss Enoch, Miss L. Fisher, Miss A. DuVernet, Miss Grant, Miss Mercer, Miss Reichel, Miss L. Holtby, and Messrs Baird, A. ## Skin Eruptions

Here is a clean, stainless, penetrating antiseptic oil that brings speedy relief from the itching and discomfort.

Not only does this healing antiseptic oil promote rapid and healthy healing open sores and wounds but boils and simple ulcers are also relieved.

In skin affections the itching of Eczema is quickly topped. Pimples—skin eruptions dry up and scale off in a very few days. The same is true of Barber's Itch, Salt Rheum, Itching Toes and Feet and other inflammatory skin disorders. You can obtain Moone's Emerald Oil in the original bottle at Ormen Drugs or any modern drug store. Satisfaction or money back.

## Letters to the Editor

### CHEAPER INSURANCE

Editor, Daily News:

The news item appearing in the Daily News from Burns Lake under the heading "Request Government Car Insurance" is to be highly recommended.

I would like to call on the B. C. Motor Association and the Associated Boards of Trade of Central B.C. to institute similar action to that of the Burns Lake and District Board of Trade in having the provincial government organize a similar system of public liability insurance as that enjoyed in Saskatchewan and Alberta.

It seems ridiculous that the charge here should be \$24 when the above two provinces can show huge profits with a mere fee of \$6. The situation should

not be tolerated for, although the scheme is a good one for the public in general, it is far too expensive at the present rate.

Hoping you will see fit to publish this in your paper.

G. M. PERRY.

### FUNERAL SENTIMENT

Editor, Daily News:

Is insincere sentiment worth anything connected with funerals or anything else?

The respect that has its root in outside show is not worth much.

Christ said: "Let the dead bury the dead!"

But a funeral should be more than a matter of baring one's head in superficial respect. It should be food for thought and the question should be asked of

one's self: "I wonder will the Judge of all the Earth think that life worth perpetuating—I wonder will my life be?"

That is the serious side of a funeral.

Ellen Terry left in her will the desire that there should be no weeping, no wailing, but that her funeral should be one of gladness and that the Hallelujah Chorus should be sung at the service.

Tennyson said:

"May there be no moaning of the bar when I put out to sea."

The dead have done their work. But for a tragic death, help those who are left! Forget bare heads, but remember bare cupboards!

OBITER DICTA.

# do YOU go to the Garbage for Groceries?

Your answer is *no*. But it's YES, for millions, in dozens of ruined lands.

In war-torn countries everywhere, millions of children pry into garbage pails for food to eat. Starving, ragged, ill, with no schools, no school equipment, these children are citizens of this world, in which they should be future leaders, teachers, workers.

They must be fed and clothed and educated. The Canadian Appeal for Children is a campaign sponsored by National Organizations throughout Canada. It must raise a minimum of \$10,000,000. Canada has pledged that amount as her share in a world-wide effort.

YOUR help is needed. Here is your opportunity to do something very real to save humanity and the world in which YOUR children will have to live.

## Reminiscences By W.I. and Reflections

If counted and classified, the number of transfer vehicles in Prince Rupert today would, beyond peradventure (fine mouth-filling phrase that!) be a formidable total. Everything must needs have a beginning. When and where did this procession start? John Rutherford Beatty, from Fergus, Ontario, in 1908 was No. 1 man, and he had no car or truck. But he had a wheelbarrow and Grade A muscle. Soon there were five wheelbarrows and then a horse and rig.

The first and only time, to date, that a Prince Rupert cafe was ever wrecked is recalled by the recent death of a Sixth Street proprietor and closing of the premises. Since the days of the first war, there had been a restaurant here. It was known as the Allies Cafe but it must be admitted, the place of refreshment did not suggest the Allies. One day, from Anyox, came a stranger who, instead of ordering a beefsteak, started distributing bad language the moment he sat down. He spat the walls with tomato ketchup. He pushed everything moveable off the counter. He hurled the cash register through the mirror. He pitched chairs through the windows. He kicked sugar around and upended what is supposed to be spilled on hotcakes. And the inner cussedness of it was that, being broke, he was unable to pay for a cent. Yet he did a most workmanlike job.

We noticed a crassified advertisement the other day, from a discharged airman aged 31 who, being bored with everything, was ripe for adventure. Willing to go anywhere and do

anything! Fed up with daily routine! Tired of it all! Would like to get out! Willing to co-operate with anyone feeling the same way, either sex! Any takers? Speak up! Well, there are such people and it's understandable. There may be a few right here in Rupert!

It can be embarrassing as well as distinctly irritating to the point of judicious profanity to seek a badly needed match—and discover something else. In other times, when we slept the nights away in the old Empire office, one wild, black morning the editor awoke with a start. Fires were down. No lights! And how dark—how infernally, wickedly dark it could be. Well, there was a box of lucifers on the counter downstairs. Find it, and one could locate a candle. Seemed simple enough. For no obvious reason, it did appear that every unwanted object in the office had been placed on the counter. But finally, the familiar feel of a box of matches, and empty, at that. Next to it was something else, only larger. Wonder, darn it, what it could be. An ink daubed, prodding fore-finger found out. It was only a pan of cold paste, but being strongly allergic, we did not lick it off.

A Montreal man named Beauvais was prosecuted last week, in that city, on the charge of driving a car while under the influence of liquor. There was hearty laughter in court when Beauvais, hearing the charge, turned to the judge and said: "Please, your honor, I'll give you five dollars if you'll fix my case for me." Judge T. A. Fontaine remarked that the offer did not interest him and, in the event of a conviction, it would

certainly mean jail for him. Many years ago, when the late W. H. Vickers was head of the city police in Prince Rupert, a man who was up on some minor charge and awaiting trial, sent a parcel containing five dollars and a box of cigars to the chief, suggesting that his case be "fixed." He was sorry he had ever thought of such a thing by the time the chief got through with him, for his attempt at bribery was a most serious offence.

All legumes, including lupins and sweet peas as well as garden peas, do better when inoculated with one of the preparations which help them secrete nitrogen from the soil.

The need for air in soil has been emphasized by experi-

ments with so-called nutrient solutions, in which plants are grown without soil. Some device by which air can be supplied to the roots has been found necessary for healthy growth. A loose soil, composed of coarse particles, allows air to penetrate.

It takes more than kisses to keep a man happy! It takes brains. The sure way to turn a man into a fault-finding grouch is to feed him wrong. You must not only give him enough food but enough of the right kind of food.

One "protective" food a man needs every day is Kellogg's All-Bran. It does two important jobs to give him that luster, driving energy he must have to succeed in life.

First, All-Bran is made only from the outer layers of the wheat grain.

That is the vital part so unusually rich in iron and other essential food elements he simply must have.

Second, All-Bran is guaranteed on a double-your-money-back basis to keep him regular naturally. And, if you want to enjoy living with him, one thing you must help your husband avoid is that "jumpy," irritable feeling constipation causes.

### Modern Etiquette By ROBERTA LEE

Q. What should the hostess serve at an informal tea party?

A. Tea, sandwiches, and cakes are served at an informal tea. Nothing should be served that is difficult to manage with the fingers.

Q. Is it permissible to call out to a friend to attract his attention?

A. No, wait until you are beside him before speaking. Try to avoid using a tone that can be overheard by other people.

Q. Is it necessary that invitations to formal functions be engraved?

A. Yes, always.

## WHAT THESE CARDS WILL MEAN TO YOU

The twofold purpose of B.C.'s new Safety-Responsibility law is to reduce the toll of death and damage on B.C. highways and to give a greater measure of protection to all motorists and pedestrians.

On or after March 1st, the automobile of any motorist involved in an accident resulting in death, personal injury or property damage apparently exceeding \$25 will be impounded and his driver's license suspended unless he can produce to the authorities one of the cards reproduced on this page.

Possession of either of these cards is proof of the motorist's financial responsibility—his ability to pay for the injury or damage he does others.

Here is what these cards will mean to you:

As a motorist involved in an accident, possession of a card will permit continued driving privileges except in the case of certain infractions of the Motor Vehicle Act.

As the victim of a motorist possessing a card, assurance is given that claims allowed by the Courts as redress will be paid at least up to an amount of \$5,000 for bodily injury or death of any one person and \$10,000 for bodily injury or death of more than one person in one accident, and \$1,000 for damage to property.

On the North American continent generally, traffic accidents are on the upward trend. The excellent effect of legislation of this nature in reducing traffic accidents and fatalities by barring irresponsible drivers from the roads has been demonstrated in Manitoba where Safety-Responsibility legislation was introduced in December, 1945.

### B. C.

10 mos. 1946—3171 killed and injured  
10 mos. 1947—3566 killed and injured  
Increase—12.4%

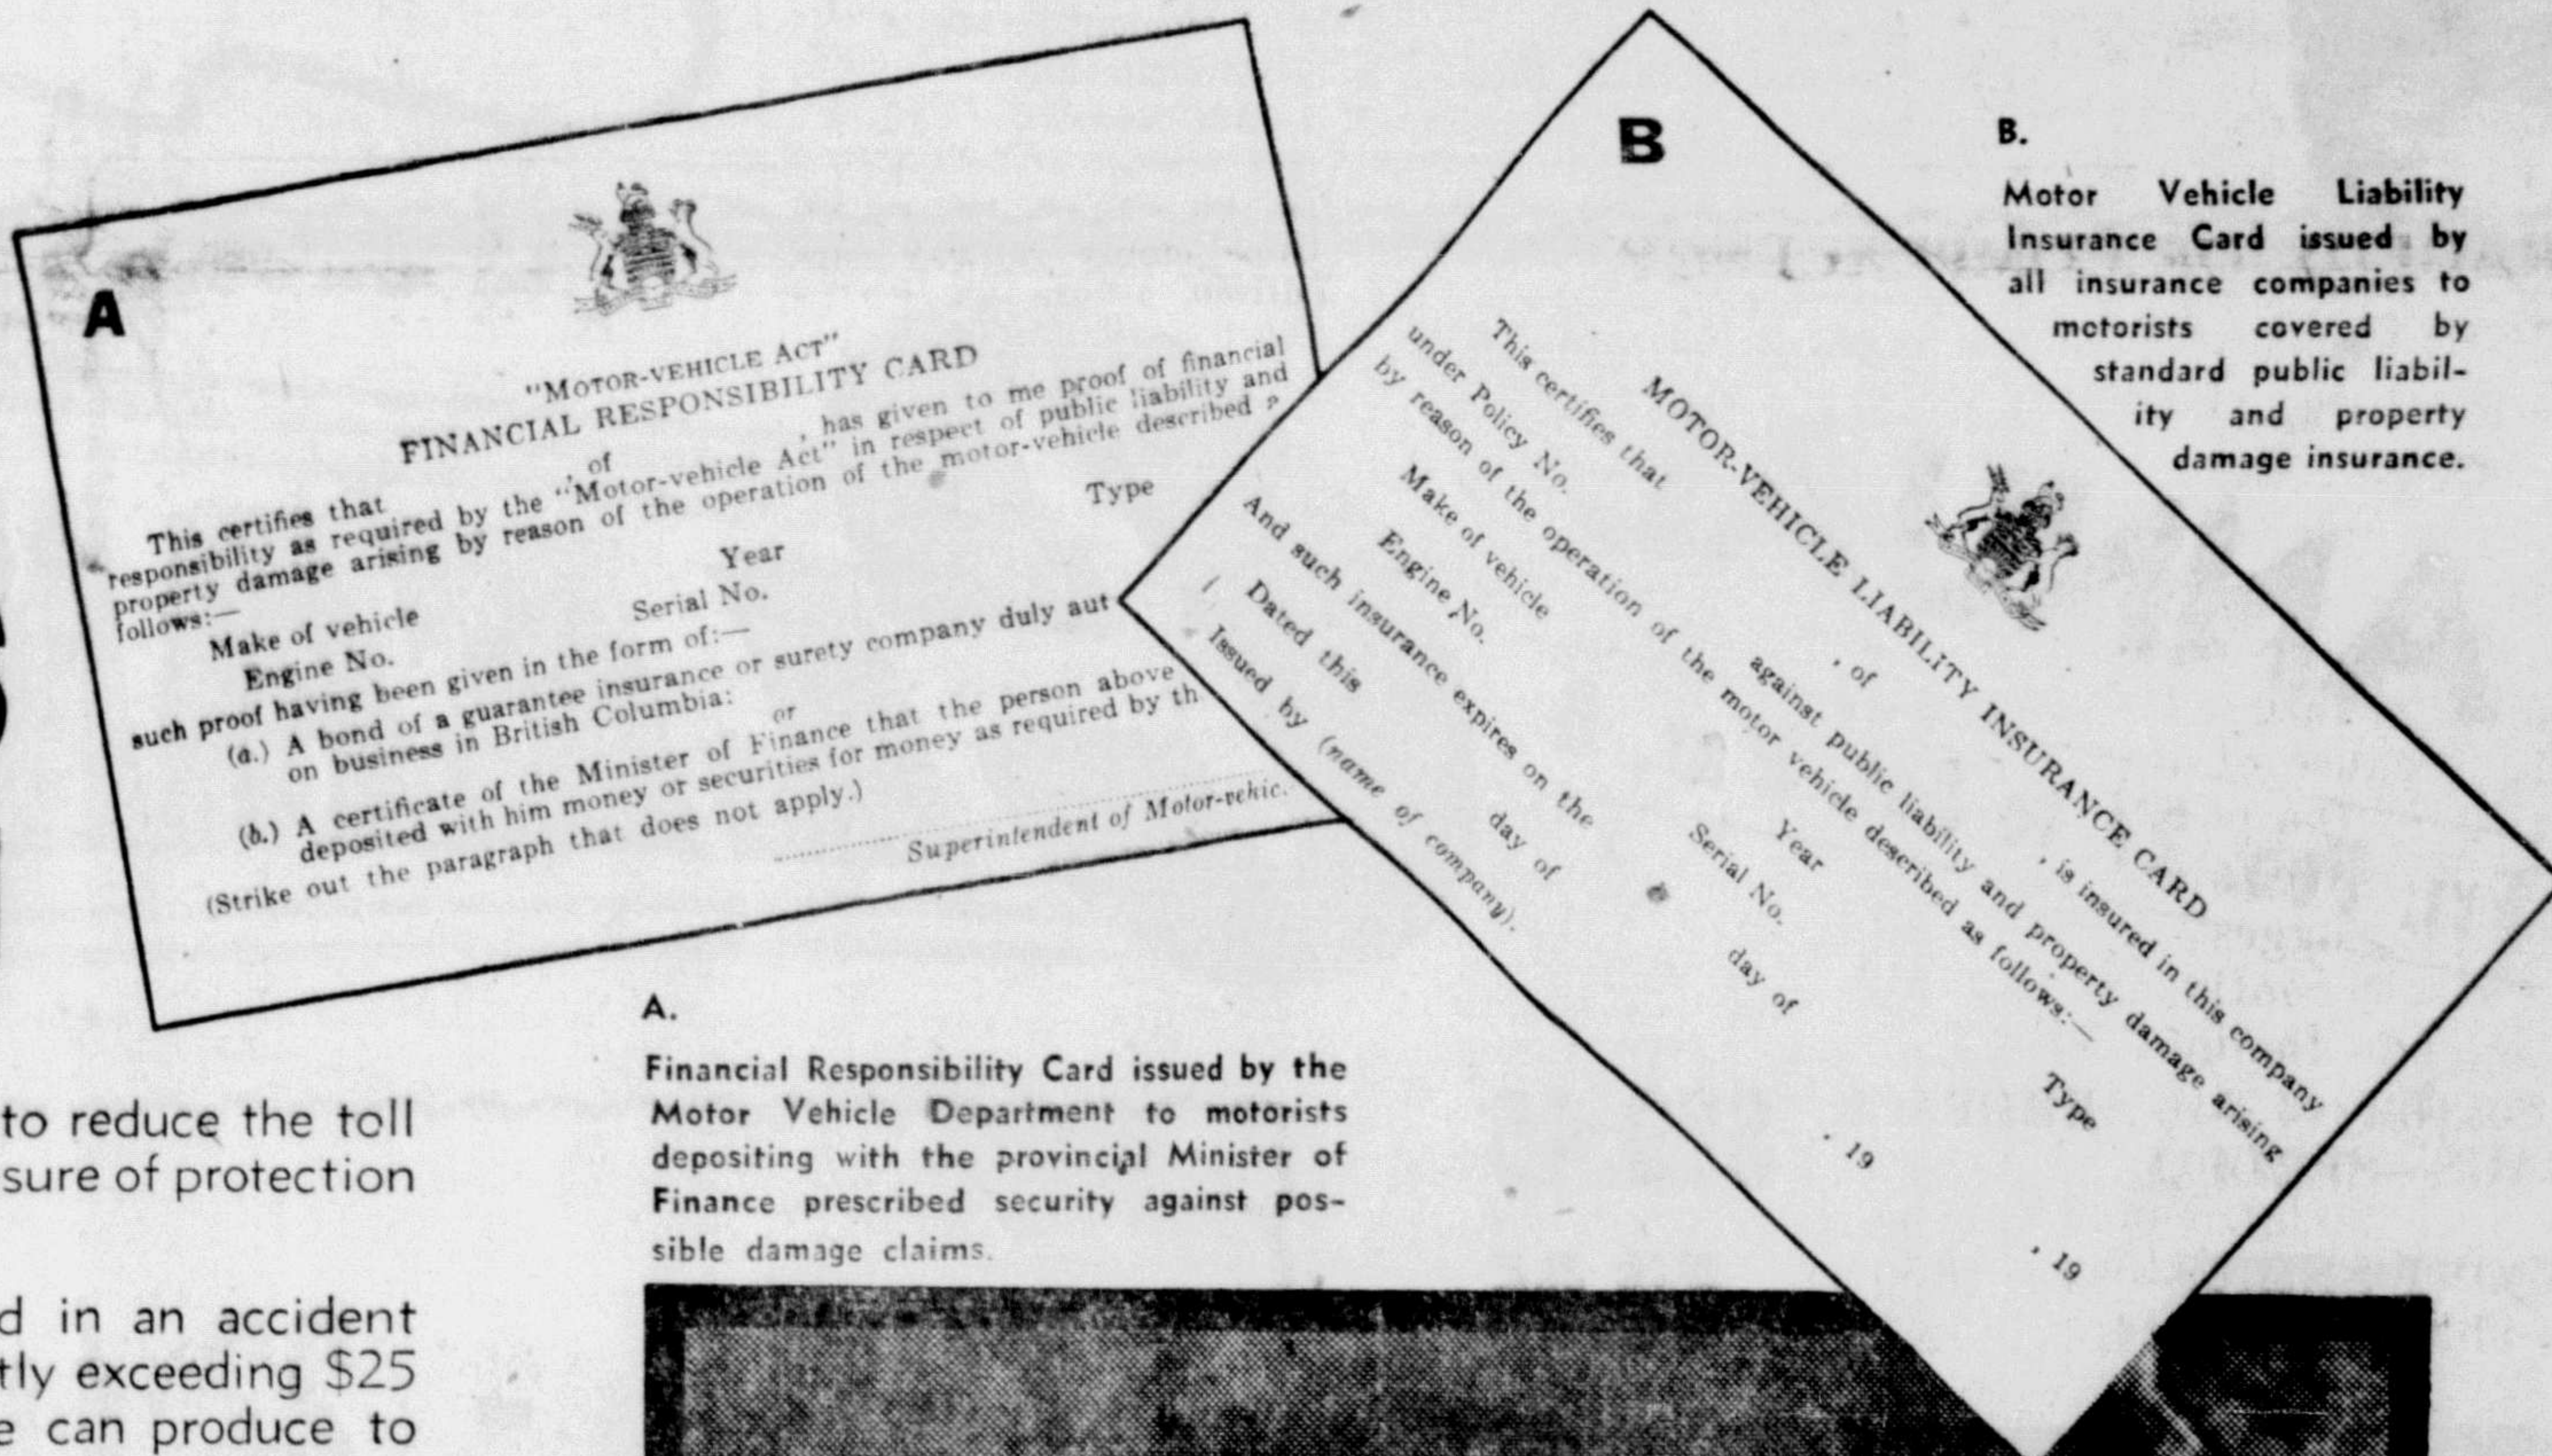

### Manitoba

10 mos. 1946—1914 killed and injured  
10 mos. 1947—1335 killed and injured  
decrease—30.2%

Despite increased driving activity, Manitoba's traffic accident toll is expected to decrease still further as the law continues to work. With complete co-operation by everyone, B.C.'s accident record should follow the same trend.

Public Safety and Financial Responsibility  
Amendments to the Motor Vehicle  
Act become effective March 1st.

A.  
Financial Responsibility Card issued by the  
Motor Vehicle Department to motorists  
depositing with the provincial Minister of  
Finance prescribed security against possible  
damage claims.

## CO-OP ELECTS NEW DIRECTORS

Annual Sessions Are  
Continuing in City

Annual meeting of the Prince Rupert Fishermen's Co-operative Association Wednesday elected four new members to the 12-man board of directors and continued with the presentation of departmental reports which was begun shortly after the sessions opened in the Odd-fellows' Hall on Tuesday.

The meeting, attended by more than 100 members from Prince Rupert area, the Queen Charlotte Islands and Co-operative Federation delegates from the south, is being conducted under chairmanship of Capt. A. M. Martinusen, chairman of the board of directors.

Today's session, which opened at 10 o'clock, continued with the presentation of reports of the year's operation.

Elected to the board of directors for a three-year term were Martin Ericksen, Richard Giske, Ivar Johansen and William Wachsmuth. The 12-man board is made up of a revolving membership one-third of which retires each year.

Other members of the Board of Directors are A. M. Martinusen, chairman, Carl Giske, Harry Hansen, Harold Helland, Leon Sandvar, John Morrison, Jacob Furunes and Axel Petersen.

## SCHOOL GIRLS AID NEWSPAPER

BURNS LAKE—School girls have become amateur printers here to aid the Burns Lake Review in publishing during a crisis caused by inability of publisher George Simpson to obtain a printer. They are doing a good job of it, too, and having a wonderful time. The girls went to the aid of Dale Hawes when the Review was unable to hire a printer. Under the editorship of Ken Taylor, Anne Hennessy of the Burns Lake High School and Maureen Robinson and Evelyn Ecklund of the elementary school the girls are aiding in turning out the paper.

The word graphite comes from the Greek word meaning to write.

## TEMPERANCE EDUCATION

Public Has Been Deceived in  
Minimizing Dire Effects of  
Alcohol, Gyro Club is Told

With the public deceived as to  
the real seriousness of the li-  
quor situation and senses dulled  
as to the deteriorating, tragic  
and undermining effects accru-  
ing from the use of strong drink  
even in what might be consid-  
ered moderate quantity, a thor-  
ough-going educational cam-  
paign based on convincing  
scientific facts is essential to  
meet the situation and that is  
the immediate objective of the  
Canadian Temperance Federa-  
tion, the Prince Rupert Gyro  
Club was informed at luncheon  
yesterday by Dr. John Coburn,  
general secretary of the Fed-  
eration from Toronto.

Dr. Coburn commended the  
government of British Colum-  
bia for its leadership in Canada  
in temperance education. He  
had met Dr. H. L. Campbell  
(former Prince Rupert school  
superintendent), director of  
temperance education for this  
province, and was deeply im-  
pressed with the program.

Both youth and older people  
must be educated on the evils  
of alcoholism, Dr. Coburn de-  
clared, asserting that it was  
really the older generation who  
were responsible for the present  
serious and critical situation.

Dr. Coburn ranked alcoholism  
fourth among Canada's serious  
diseases, being exceeded in  
number only by tuberculosis,  
cancer and venereal disease.

Speaking on the subject  
of drunken driving, Dr. Coburn  
said that the dangerous driver  
was not the person who was  
completely under the influence

Prince Rupert Daily News Ltd.  
Thursday, February 26, 1948 5

but the person who had taken  
a few drinks which were suffi-  
cient to effect the higher senses  
and impair judgment and con-  
trol.

An impressive moving picture  
depicting heartbreaking trag-  
edy caused by the driver who  
had taken "a few" was shown  
by Dr. Coburn with the assist-  
ance of Don Forward.

Rev. R. A. Wilson, pastor of  
First United Church, introduced  
Dr. Coburn.

Dr. R. G. Large presided over  
the luncheon in the absence of  
President O. G. Stuart. Guests  
included Fred Brown, Ed Nor-  
ris and Walter Neilly of Van-  
couver and G. H. Stanbridge of  
Prince Rupert.

## WILL DISCUSS SKATING RINK

Kinsmen Hope to Make  
Improvements at Kiddies'  
Kamp at Lakelse

An open discussion, designed to bring out the members' reaction on whether an artificial ice rink would be a practical and worthwhile addition to the city's recreational facilities or not, will be held at the next general meeting of the Kinsmen Club. Decision to bring up the question was made at the executive meeting held in the Civic Centre last night when George Dobb pointed out that other service clubs in the city were interested in the matter and suggested that the Kinsmen Club define their policy.

A new feature for May 24 celebration will be Maypole dancing, according to President R. G. Moore who said Mrs. Gulland had agreed to instruct a group of girls for the event.

Members discussing the Kiddies Kamp at Lakelse Lake felt that accommodations could not be expanded a great deal this year but the present structures should be replaced by permanent buildings if possible. They were also of the opinion that, if a suitable arrangement could be worked out, the Kinsmen club of Terrace should be permitted to send some children to the camp during the summer while the Prince Rupert youngsters are there or after if there is time left.

## MAPLE LEAFS ASSUME LEAD

Defeat Boston to Top  
National Hockey League  
Chicago 7, New York 4.  
Boston 2, Toronto 1.

TORONTO — Toronto Maple Leafs defeated Boston Bruins by a score of 4 to 2 at the Maple Leaf Gardens here last night and went into exclusive possession of first place in the National Hockey League standing. The Detroit Red Wings, with whom the Maple Leafs had been tied, were idle last night.

Chicago Black Hawks won a free-scoring 7 to 4 victory over the New York Rangers at Madison Square Garden. The Hawks are now bidding fair to climb out of the cellar they have occupied so long, being one only game below the Montreal Canadiens now.

The week-end schedule of play is as follows:

Saturday — Detroit at Montreal, Chicago at Toronto.

Sunday — Montreal at New York, Boston at Chicago.

The league standings to date:

	W	D	L	F	Pts.
Toronto	26	13	11	154	122 65
Detroit	27	9	14	160	119
New York	18	12	19	147	103 48
Boston	18	10	22	135	103 46
Montreal	15	9	25	111	131 39
Chicago	16	5	29	158	187 37

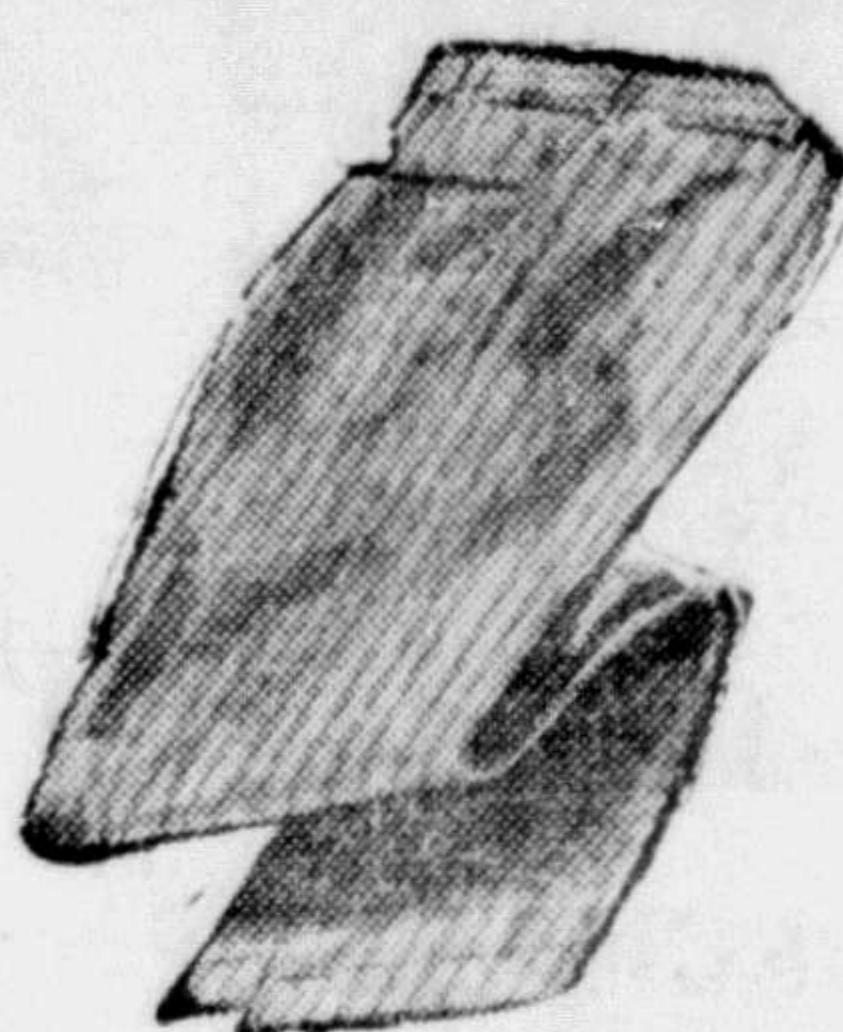

Gardening begins with turning over the soil. This ancient practice, dating from prehistoric times, has been attacked by critics like most traditional methods in agriculture. But recent scientific tests have proved again that spading in gardens, and plowing for larger areas, are the best methods of conditioning soil for planting.

Depth of spading has long been a subject for debate. English gardeners, with the experience of centuries behind them, are strong for "trenching" the soil two spade lengths deep. Since the standard garden spade has a blade 12 inches long this loosens the soil to a depth of two feet.

For roses, perennials, and some annual crops, private gardeners in this country often practice trenching. It is a good way to prepare a perennial bed, where the plants are to grow for several years without disturbance. But for vegetables, and annual flowers, trenching seems to be not necessary. Turning the soil to a depth of 12 inches is sufficient. By the time you have turned over a hundred square feet on the first warm day of spring, you will be inclined to settle on that basis.

Spading, in fact, can be overdone, especially that first day. When muscles are soft after a winter's rest, they must be broken in with caution. It is important, however, that you do not skimp on the depth of spading. Drive the spade straight down, never at an angle, so that you get the full advantage of its 12-inch blade. If you want to take it easy, and it is advisable that you do, limit the area that you spade each day, rather than lessening the depth to which you dig.

One hour's work a day for eight days will turn over to spade depth 1,500 square feet, and leave its owner without even sore muscles. Spading loosens the soil, lets air into it, and leaves it in the best condition for both water and air to enter. Spading also can be used to mix with the coarse soil materials which will improve its condition. Good soil, Ohio State experiments showed, is composed of 25 per cent "pores" containing air, 25 per cent "pores" containing water, and 50 per cent solid matter. Heavy clay soil has particles so fine that there are not enough "pores" in it. But it can be made good by mixing one inch of fine cinders or very coarse sand, an inch of manure or a substitute such as compost or peat moss, to four inches of clayey soil. This will give an idea of the quantity of coarse material needed to loosen heavy garden soil. Spread it evenly

over the garden, and try to mix it evenly with the soil, so that it will create "pores" all through it, and thus improve aeration and also water retention.

## SIMONSON WINS LEGION TOURNEY

Defeated Neil Cameron by  
Close Margin Last Night

A large attendance of Legion members was present last night to witness the final match in the English billiards tournament at the Canadian Legion Hall and, although the runner-up was not seen at his best, the result of the game was in doubt until the last minute when Cameron, needing five to win, failed after making 14 which did not count, leaving R. E. Simonson an opening which he took full advantage of and ran out winner with a score of 200 to 195.

Simonson played a steady game throughout the match and, although he did not pile up any large breaks, was frequently in double figures and well deserved his win. Cameron was very erratic in his play and never thoroughly settled down to his proper form. Although he compiled a total of 423 points during the match to his opponent's 235, he made four bad mistakes when his fifteenth point seemed inevitable and these errors lost him the game. During the evening Cameron made breaks of 23, 21, 49, 25 and 40 and, on numerous occasions, had to register "no score" with 12 and 14 points to his credit.

At the conclusion of the game the prizes were presented to the players by President V. G. Houston who, in a few well chosen words congratulated both players on the hard fight that they had put up.

Jack Judge acted as referee for the match and Alex Harvey as marker.

Several names were added to the list of players taking part in the next tournament which will start next week.

## JERSEY JOE GETS BELT

Return Bout With Joe Louis Expected to be Announced Tonight

CAMDEN, New Jersey - To the surprise of nobody, a return match bout between Heavyweight Champion Joe Louis and Jersey Joe Walcott, who almost dethroned the champ a few weeks ago, will probably be officially announced tonight.

Sentence was reserved for a week in city police court this morning in the case of Charles Lakey, 19, recent arrival from Alberta, charged with vagrancy. Lakey was taken into custody by Constable Jack White Wednesday night.

the Twentieth Century Sporting Club is slated to be made at the presentation of the Police Gazette's "heavyweight championship belt" to Jersey Joe in a public ceremony at Convention Hall.

## STEWART NEWS Latest from Portland Canal Mining Centre

### TWENTY BELOW ZERO RECORDED; CANADIAN LEGION W.A. FORMED

The thermometer dropped to 20 degrees below zero last week but the weather has now moderated and turned to snow, bringing the road crews into action with the rotary snow plow.

Wives and relatives of members of Stewart branch, Canadian Legion, met in the branch clubrooms to discuss the formation of a branch of the Women's Auxiliary. Mrs. H. F. Lewis was elected chairman of the meeting and Mrs. Gordon Rothnie, secretary. A resolution calling for the formation of a women's auxiliary was passed unanimously. Application is being made to the Provincial command for a charter.

The Stewart branch of the Canadian Legion held a very successful whist drive in the clubrooms on Saturday. Mrs. J. N. Hueston was the winner of the ladies' first prize and Mrs. G. Rothnie, the consolation. H. C. Bennett won the men's first prize and Lou Behnson, won the consolation prize.

Last Thursday night the ritual committee of the Women of the Moose held a chapter night program. Ollif Risch, chairman of the committee, was honored with a class initiation. There was an excellent turn-out. Mrs. John McLeod carried away the honors in the evening's entertainment with a score of 72. Mary Dickson was winner in the drawing of the special gift. Following the entertainment refreshments were served with Muriel McKay and Dorothy Maksymuk presiding over their birthday cakes.

**FINED \$100 FOR  
FALSE ALARM**

A false fire alarm, for which he had admitted responsibility, cost Wallace Cantwell, 233 Seventh Avenue West, \$100 fine plus \$3.50 costs or two months in jail in police court yesterday. Cantwell pleaded guilty to a charge of committing a public mischief.

The complaint was made by Fire Chief H. T. Lock after the city fire truck had been called to the Seventh Avenue address at 3 o'clock Sunday morning by Mrs. Angus Gillis, resident of a top-floor suite, who said that she and her husband had been told by Cantwell to leave the building because it was on fire.

While Mrs. Gillis telephoned the fire alarm, Mr. Gillis took their children from the house.

Cantwell told the court that "it was just a mistake."

"I was told that the building was on fire," he said.

Mrs. Gillis told the police that she had been awakened early Sunday morning by Cantwell, who pounded on the door and told her to get out of the building because it was on fire.

"This is a serious matter," Magistrate Vance told Cantwell. "You not only deprived the city of its fire fighting service but you badly frightened those people."

**Most Eligible Bachelor - Crawley,  
Elkins, Teng, Goscoe, McIntosh?**

IS IT CRAWLEY?

**NORSEMEN IN WEST**  
Some traces of early Norse explorers who arrived in Canada about the year 1000 A.D. were found around the Great Lakes.

If bachelor candidate Tony Crawley is feeling nervous about the outcome of the "year's most eligible bachelor" contest to be held tomorrow night

during the Kinsmen dance in the Civic Centre, he isn't showing it. As president of the Junior Chamber of Commerce and as a builder of boats he has learned to meet almost any situation with at least an outward appearance of calm. Tony's sponsors, his fellow J.C.'s, are also facing tomorrow night with confidence. They are positive they have picked the ladies' choice from Prince Rupert's bachelor clan and they have been doing a lot of boosting among the fair sex.

Bob Elkins, personable young salesman for Canada Packers is likewise unruffled and undaunted by the honor of being nominated for the role of most eligible bachelor. The girls from Sheardown's selected Bob as their ideal and they intend to throw every vote they can muster into the fight. If their choice doesn't carry off the honors they are going to be very disappointed but even defeat wouldn't convince them they picked the wrong man.

The girls of the T. Eaton Co. store say Maurice Teng of the Pioneer Market is the man to watch Friday night. They picked him for their candidate in the elections and claim he is a cinch to win. He is young, good-looking and has a very nice personality. What more could a girl ask? "Nothing," say the maids of Eaton's, and if Maurice doesn't walk off with the honors it wouldn't be because his sponsors didn't plug for him.

Joe Goscoe is the man of the year according to the lady teachers of the city. Joe is the irresponsible type of male who looks on the light side of any situation. Owing to his refusal to look seriously in the direction of the girls, up to now he has been a poor target for the arrows of Bowman Dan Cupid. Well known through his activities in the realm of amateur theatricals Joe is bound to draw a lot of support from every section of the city.

Dark horse of the contest is likely to be Jack McIntosh of the Canadian Pacific Steamship office, who allowed his hat to be tossed into the ring by the Capitol Theatre girls at the last moment. Jack, who is one of the youngest candidates, is very reserved but during his school days in Prince Rupert and since he has made a lot of friends who will be in there cheering

**Van Camp's Pork & Beans  
are back again!**

*Now you can buy all you want!*

Once again... enjoy the Quality of Van Camp's  
Two Delicious Varieties

Yes, Van Camp's Pork and Beans are back! Once again you can thrill to the taste of plump, tender beans, cooked to savory perfection in Van Camp's famous Pork and Beans with Tomato Sauce, or in Van Camp's distinctive New England Style Pork and Beans with Molasses and Tomato Sauce.

Your grocer now has a good supply, so ask him for as many tins as you want. Van Camp's are enjoyed by more families than any other brand. Stock up now—you'll want to serve Van Camp's often!
