**Where's My Vest?**

THIS HORSE is not trying to be as funny as he looks, nor is he a teen-age colt turned up to look the part. Wearing a pair of levis with the cuffs turned up and tied about the hoofs, the animal was clothed by his Glendale, Calif., owner for protection against insects following a leg injury.

## First Pro-Con in 19 Years Elected in Saskatchewan

REGINA (CP)—Two provincial by-elections Wednesday gave the 53-seat Saskatchewan legislature its first Progressive Conservative member and increased Liberal strength.

First Progressive Conservative elected to the legislature in 19 years, 32-year-old Robert Kohaly, an Estevan lawyer who also had Liberal backing, won in Souris-Estevan constituency

in a straight fight with CCF candidate William Schlemm, an Exshaw school teacher.

The Liberals, who have held the Rosthern seat continuously since the first provincial election in 1905, retained the former stronghold of provincial party leader Walter Tucker with newcomer Samuel Carr, 46-year-old secretary of Warman rural municipality, as their candidate.

Mr. Carr defeated CCFer John Thiessen, 47-year-old Aberdeen farmer who also was runner-up to Mr. Tucker in the 1952 provincial elections, and Martin Kelly, 34, a farmer who is first vice-president of the Saskatchewan Social Credit organization.

Standing in the house now is: CCF, 42; Liberals, 10; Progressive Conservatives, one; total, 53.

The Rosthern by-election resulted from the resignation of Mr. Tucker, a successful candidate for the federal Rosthern riding in the Aug. 10 Dominion elections. The Souris-Estevan seat became vacant when Liberal party whip J. E. McCormick was killed in a traffic accident last spring.

## Lake Tanker Blows Up

CHICAGO (CP)—A lake tanker loaded with 500,000 gallons of gasoline exploded in Lake Michigan today, killing one crewman and injuring two others. Eight others aboard the tanker escaped.

The Blue Comet burst into flames in Calumet harbor.

The dead crew member was identified as Edward Surville of Kingston, Pa.

The fire was reported extinguished two hours after it erupted.

## German Ship Docks Here

The first German vessel to put into Prince Rupert since the end of the Second World War, docked at 10:30 this morning to take on a full cargo of grain. The 3,234-ton Herta Engelie Fritzen out of Emden, Germany, arrived from Japan to take on 350,000 bushels of wheat.

## German Ship Discloses Grim Details Red Atrocities in Korea

STON (AP)—The grim reading—"one of the boys had no head; it seemed to have been mashed or beaten and was laying all over the road. . . the other GI had his eyes gouged out, and nothing remained where his eyes were except holes."

The charts and text indicated that most of the atrocities occurred in the first year of the war, when the Communists invaded South Korea and overran American and South Korean troops.

To the Chinese were charged 273 per cent of the war crimes alleged. The North Korean Reds were blamed as the greater barbarians.

The army said "it is an interesting fact that the North Korean people's army slaughtered most civilians during September, 1950. Of these, 14,602 or 84.6 per cent were slain in the last four days of the month."

# Pulp Workers Reject Offer; Strike Vote Set For Weekend

## Preparations Made For Mill Closure

Members of Local 708 of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers (AFL-TLC) are preparing for a government-supervised strike vote to be taken Saturday to Monday.

This was disclosed today after it was announced that the union had rejected "by an overwhelming majority" the latest offer by Columbia Cellulose Company to increase the wage rate by five cents an hour.

Results of a referendum taken at nine British Columbia pulp and paper mills was announced by officers of the international union at Tacoma, Washington.

Basic wage in the industry at the present time is \$1.50 an hour.

Meanwhile, Local 708 has called a special meeting of members at the Civic Centre tomorrow night.

The company announced that arrangements are being made for possible closure of the giant Watson Island plant if workers favor a strike to back up their demands.

Some 4,500 employees of eight B.C. pulp and paper companies are involved. Of the total, about 400 are employed by Columbia Cellulose Company.

Local 708 officials said this morning that the vote here was 96 per cent in favor of rejecting the company's latest offer.

A union spokesman said that after the strike vote is completed and results made known, each local is entirely on its own so far as strike action is concerned.

It is believed that should the vote favor a strike, the union will set the date for a strike.

An official statement by D. E. Blair, manager of the Pulp and Paper Industrial Relations Bureau, said:

"It is understood that a majority of employees at some mills voted to accept the five-cent offer.

In those mills where the forthcoming strike vote favors strike action, it must be expected that a strike will ensue and preparations for a plant closure are already being taken."

Mr. Blair said that "should a strike come in the industry, it would be the first pulp and paper industry-wide strike since group bargaining began in 1937."

Firms involved in the dispute are Alaska Pine and Cellulose Ltd.; Canadian Forest Products Ltd.; Columbia Cellulose Co. Ltd.; Elk Falls Co. Ltd.; MacMillan and Bloedel (Alberni Ltd.) and MacMillan and Bloedel (Harmac); Pacific Mills Ltd., and Powell River Co. Ltd.

## Tugboat Split In Collision With Cynthia

VANCOUVER (CP)—A tugboat was cut in half and her seven-man crew rescued from her sinking hull in heavy fog Wednesday night in the third collision at sea near here in the last week.

It was the second such crash in 24 hours.

The tug Dola, owned by Associated Tug Boats, was pulling a string of Pacific Great Eastern Railway freight cars on barges off Whytecliffe, B.C., 10 miles west of here near the entrance to Howe Sound, when she was struck amidships by the Lady Cynthia, owned by Union Steamships Ltd.

The Cynthia, a 1,300-ton passenger-freighter, was inbound from Britannia Beach, and the Dola was headed for Squamish, B.C., 40 miles north at the head of Howe Sound.

The tug Black Bear was immediately dispatched from Vancouver to pick up the Dola's drifting tow.

The Cynthia was due in Vancouver this afternoon with the rescued seamen aboard.

Last Friday, the SS Princess Elizabeth and the Union's SS Cardena collided at the entrance to Vancouver harbor, badly damaging the Cardena and injuring two members of the crew.

Earlier Wednesday, the Catala, another passenger-freighter, collided with a barge near the entrance to the harbor.

THE SIGHT OF A BRIDGE being towed along the road from Solomon, Kansas, to New Cambria may have surprised local residents, but authorities saw no point in scrapping the big span. It was used to replace one that had been washed away more than 12 years ago, and in its place a brand-new one will be constructed. A house mover provided the equipment needed.

## Canada's Annual Forest Fire Toll Reported Near \$4,000,000

WASHINGTON (CP)—Canadian forest fires take an average yearly toll of nearly 2,000,000 acres of timber, valued at about \$4,000,000, Resources Minister Lesage said here today.

In a speech prepared for the fourth American Forestry Congress, Mr. Lesage said this rate of fire loss is estimated at double the rate "that could be tolerated for the practice of sustained-yield forestry."

He told an audience of forestry experts from across the United States that fire protection continues to be a principal concern of all provincial governments, accounting for half of all expenditures on forest management.

The federal government, he said, conducts research into fire protection methods and has developed a means of measuring fire danger which is widely used by protection services.

He would welcome closer contact, especially in the fields of silviculture and forest management studies.

Canada has the largest reserves of potential forest products in the "free world" outside of the tropics, with a total area of some 1,300,000 square miles in all classifications of timber. Only Brazil and Russia exceeded this figure, Mr. Lesage said.

## SENIOR CITIZENS PROMISED FREE TAXI TRIPS TO TOWN

Senior citizens living at the Pioneers Home soon will be given the opportunity of coming into town twice a week.

City council has passed a recommendation that arrangements be made to bring them in by taxi at the cost of 75 cents per trip.

Residents of the Home have had no transportation to the city since the bus company suspended operations on the route.

## Black Pledges Improvement Of B.C.'s Municipal Code

VANCOUVER (CP)—Sweeping revision of laws covering municipal government will be undertaken by the provincial government next spring, it was announced Wednesday by Municipal Affairs Minister W. D. Black.

One of the most important changes, Mr. Black said in an address before the 50th annual convention of the Union of British Columbia Municipalities, will be to "relieve municipal councils from the onerous task of acting as courts of revision to hear assessment complaints."

"I intend to have a new municipal code prepared and ready for consideration," he announced, "as soon as possible. The Municipal Act needs reorganizing, rewriting and modernizing."

He said the revision will provide for a new urban classification of towns.

Other steps planned include a start on "research" into municipal problems, new civil defence assistance, and giving of greater provincial guidance in municipal planning.

A change in the Municipal Act to eliminate municipal courts of revision on assessments will still protect the right of each property-owner to have his assessment reviewed by an independent tribunal, he said.

He said municipalities could look forward to standardization of fire house connections and couplings throughout B.C.

Delegates approved a resolution urging exemption from sales and excise taxes of all machinery and equipment purchased by municipalities and another calling for taxation of all crown property.

Attending the convention from Prince Rupert are Mayor Harold Whalen, Ald. Mike Krueger and Ald. Kay Smith and City clerk Bill Long.

## Fishpacker Abandoned

VICTORIA (CP)—The 60-foot Vancouver fishpacker Newcastle IV, which ran aground near Magdalena Point on Vancouver Island Sunday, was abandoned as a total wreck when she began breaking up Wednesday.

All salvage efforts ended after a heavy ground swell moved the B.C. Packers, Ltd. vessel 50 feet further up the beach, smashing her bottom and opening her seams.

## WEATHER Forecast

North coast region — Cloudy with scattered showers today and Friday. A few sunny periods in the afternoons. Little change in temperature.

Light southerly winds, occasionally reaching 15. Low tonight and high tomorrow at Port Hardy and Sandspit, 40 and 50; Prince Rupert, 38 and 48.

## BULLETIN

SAN FRANCISCO (CP) — A British Commonwealth Pacific DC-6 Airliner with 19 persons aboard crashed in rugged coastal hills today within two minutes of its scheduled landing at San Francisco after a flight from Honolulu.

T. H. MANNING, of Ottawa, 42-year-old veteran explorer, has spent four months gathering sea and air defence data on a lonely but strategic island in the western segment of the Canadian Arctic, accompanied by Capt. M. I. Sparrowe, 25, a British army engineer. Mr. Manning is dressed for the severe weather on Banks Island, about 1,200 miles north of Edmonton.

## Pet Deer Tramples Ex-Marshall

DAWSON CREEK, B.C. (CP)—Bill Conn, 88, a former U.S. marshal who came to Canada in 1914, has died after being trampled by a pet deer on a farm near here.

RCMP officers said the accident occurred Monday while Conn was at the farm of a friend, Jim Keener. Conn died a few minutes after he was found by Keener with his chest crushed.

Conn, who had lived in Rolla in the Peace River district since 1914, was reported to have fled to Canada when an outlaw gang sought to kill him for his aggressive law enforcement activities.

## Port Edward Man Injured In Car Mishap

Edward Ouellette, Columbia Cellulose worker from Port Edward, was taken to Prince Rupert General Hospital last night with a cut eye and shock suffered when the car he was driving plunged over an embankment near the city limits.

RCMP, who investigated, said Ouellette was en route to Prince Rupert when the car apparently got out of control, left the road and crashed into a creek about 75 feet before the highway.

## Weaker Sex? Rubbish!

### 'Women Smarter Than Men'

OKLAHOMA CITY (AP) — Weaker sex? Rubbish! says Dr. William G. Leaman Jr., Philadelphia heart specialist, who stunned Oklahoma Clinical Society delegates, mostly male, with the bold statement: "Women are smarter than men!"

This "weaker-sex myth," he said, "just permits ladies to live a less-exerting life—and outlive their male counterparts by an average of six to seven years."

"The man beyond 50 can't resist the temptation to shovel snow," said Leaman. "Men like to show off, to prove they are big and strong."

But by keeping alive the weaker-sex idea, women did not have to over-exert themselves to prove they still had their old vim and vigor.

Added proof to explode the age-old myth of female weakness was offered.

"Women can lose more blood."

"Women can stand more shock."

"They are far better drivers. They can go into a profes-

sion and hold their own provided men don't give them an inferiority complex.

"They can hold down a job, take care of a home and family, and, at the same time, guard the supposedly-stronger male."

As a finale, Dr. Leaman added: "It is a woman's world if she wants to admit it and claim it. But perhaps she would be unwise to do so."

Dr. Leaman is chairman of the department of medicine at the Women's Medical College of Pennsylvania.

**OTTAWA DIARY**  
By NORMAN M. MCLEOD

Government economists are casting anxious eyes south of the international border these days. The news from there is a trifle disquieting. Business experts in the Republic are taking what they term euphroniously as "an economic slowdown" for granted early in the coming year.

The obvious question for Ottawa experts under the circumstances is: What effect will a United States slow-down have on the Canadian economy?

There was a time not so long ago when the answer to such a question would have been automatic. In the days before the Canadian economy reached its present maturity conditions here reflected fairly faithfully the state of affairs south of the border.

But the year 1949 made Canadian economic history. For in that year the United States experienced a short but quite sharp recession. And for the first time Canada didn't share its experience. Instead, the Canadian economy continued unfalteringly to climb to new heights.

What are the prospects of the Canadian economy riding out the backwash of another United States business storm, if one blows up briefly in 1954?

Government experts profess a good deal of confidence in the situation. Basically, they are relying upon the difference in the steel industries of the two countries, both of which serve as fairly accurate barometers of the economic weather ahead.

The United States steel industry is headed definitely to lower levels. There is the expectation that it may drop from its present 95 per cent ratio to a ratio possibly as low as 80 per cent.

Canadian steel faces no such prospect. It is booked solidly for the last quarter of 1953. In fact, it now is certain that it will carry a considerable backlog of orders into the first quarter of 1954.

In addition, the Canadian economy is showing other noteworthy evidence of current strength. The boom in housing continues. Labor income continues to rise and is currently about 9.5 per cent above a year ago. Unemployment is down to a new minimum figure of less than 3 per cent. And savings bank deposits are up.

Government experts are satisfied that if a slow-down does come to the United States, the Canadian economy will continue to give a good account of itself.

**As I See It**

BY

Elmore Philpatt

**Hats On, Men**

ONE of the penalties of being elected MP is that you have to live for most of the year in Ottawa.

That means you have to be equipped with everything from ear-muffs and red flannel underwear for the winter, to electric fans and mosquito netting for the summer.

It is particularly hard on those of us from the banana belt on the Pacific coast, for we have to bear down and do what no true blue west coaster ever does on his own free will. Buy a hat.

WHEN I try to tell effete folks back east that he-men in B.C. don't wear hats, they won't believe me. But it is true, and one reason why he-men don't wear hats is because a good many of them just don't own headgear of any kind. They borrow hats if they have to go to funerals.

There are men who have been born and brought up in B.C. who have never had a civilian hat on their heads until they borrowed the mortar-boards for their UBC graduation.

All of which has naturally caused consternation in the ranks of those who make hats, or sell them.

As a matter of fact the hat advertisers have something when they say "successful men wear hats." Leaving aside the point that successful men are often stuffed shirts, it is true that many a man owes his success to his fame, and owes part of his fame to his hat.

Winston Churchill is one example. Two or three generations before the now grand-old-man was using his cigars and his V-sign as advertising stunts, the same Churchill, as a brash young man was using his bizarre hats for the same purpose.

Field Marshall Montgomery owes much of his success to his stern character, and tricks like beginning a lecture at the staff college by saying: "Gentlemen, from now till the end of my lecture no one is to cough."

But Monty himself took good care to violate all the rules for orthodox dress. He scorned the regulation brass hat or steel helmet. His famous beret was just the most spectacular of his

numerous infringements of the army rules about what the well-dressed officer was ordered to wear.

HOW MUCH of the success of our own Mounties was due to the choice of a hat which is now recognized everywhere as something as distinctively Canadian as the maple leaf?

What would the changing of the Queen's guard be like without those bearskin busebys? How could you spot a successful oil man, or one who has made, or hopes to make a killing in oil shares, if it were not for those hats?

How would prairie football fans, on their annual invasion of the east, ever identify themselves as wild and woolly westerners, if it were not for the ten-gallon hats?

One reason for the decline in good manners in this part of the world may be not that women lost their seats in the street cars but that males quit raising their hats to female acquaintances on the street—for the obvious reason that they had not hats to raise.

So fellows, break down and buy a hat. Why should I be the only one to finance National Hat Week?

**GMC SALES SET RECORD**

NEW YORK (AP) — General Motors Corp., biggest manufacturing corporation in the world, sold more products in the first nine months of 1953 than in any full calendar year in its history.

Sales for the nine months were just under \$8,000,000,000. The volume for all of 1952, the previous record year, was \$7,549,000,000.

Net income for the nine months came to \$453,000,000 after provision of \$1,006,000,000 for income and excess profits taxes. Earnings on the common stock were equal to \$5.08 a share. This compared with \$387,000,000 or \$4.32 a share in the first nine months of 1952.

**Indian Students Allotted Aid**

OTTAWA (CP)—At least 700 young Canadian Indians will get federal government assistance in advanced studies this year, by tuition grants totalling some \$300,000. Citizenship Minister Harris announced Tuesday.

The announcement came during the second day of a three-day conference here between the Indian Affairs branch and 19 representatives of Canada's 156,000 Indians.

Mr. Harris said assistance previously given by his department to Indians learning trades or attending university has had "very satisfactory" results.

**Dental Clinic Needs Help**

THERE is cause for considerable anxiety in the disclosure that the dental clinic is running into a financial hole.

Here is a service which is functioning without fanfare, yet is indispensable to the health of our community. In a period of little more than a year it handled 1,000 visits by children. While not all of these cases needed attention, this does not in the least mitigate the value of the clinic.

The important consideration is that this is a service established to examine the dental condition of children before they go to school or while they are in the first grade. By such examination it is possible to single out those children whose teeth do need attention and so prevent many troubles which would otherwise afflict them in later years.

Although the benefits are great, the amount needed to save the clinic from financial difficulty is small. With half of the approximate yearly cost of \$2,200 coming from the provincial government, and another \$700 raised from the small charge on those treated, a grant of about \$400 would do the trick.

This is a small price for the value received. A child deprived of the service might in later years have to pay that much alone to have the condition of his teeth corrected. It is a cause which some organization or group of organizations might well make its special duty to help.

**It is a matter of great regret...**

that the final offer of the Pulp and Paper Companies of British Columbia has been rejected in the Union's Referendum, although it is understood that some of the Mills voted to accept it.

In those mills where the forthcoming Government supervised strike vote finds for strike action, it must be expected that a strike will ensue. Preparations for plant close-down are already being made by Managements.

This year's wage negotiations were broken off by the Unions. They requested a Conciliation Board. The Board recommended a 4c general increase in a majority award which was accepted by the companies but rejected by the Unions. Since then, in the interests of continuing good management-employee relations, the companies have made the following final offer:

1. An across-the-board increase of 5c per hour.
2. An additional 3c per hour to Grade A and A plus mechanics.
3. The increases to be retroactive to July 1, 1953.

The 5c increase will bring the base rates to \$1.55 an hour—the highest in the Pulp and Paper Industry of Canada, as well as being the highest base rate in any primary industry in British Columbia.

Should a strike come in the Pulp and Paper Industry of B.C. affecting 4,500 employees, it would be the first industry-wide strike since Group Bargaining began in 1937. The industry and its employees have long served as an example of enlightened industrial relations in which a spirit of compromise and understanding has successfully avoided the disastrous waste involved in lost wages, lost production and lost markets, during the strike action.

## Choirs To Take Part in Christmas Carol Fest

Local choral groups have agreed to participate in the Christmas carol festival here in which it was reported at last night's meeting of the Rupert Music and Drama Festival Association at the Civic Centre.

## Presidents Program To Meet

The program prepared by the presidents, the Gyo... at its weekly meeting yesterday.

Mr. in charge of arrangements... recalled that the club was founded in 1912 by three... who wished to have an expression of their... The idea caught... the result that this... of friends spread... States and moved... in 1919 with the... of a club at Toronto... Prince Rupert was... in 1923.

Mr. is the one... of the club," Mr... Through this comes... the community. Our... quality of mem... numerical size... presidents of the... R. G. Large, Orme... Scott, A. J. Domi... Frank Skinner... Bill Lambie, Bill... Maurice Brydges... forward.

Mrs. F. E. Anfield, carol festival convener who conducted the meeting, told members that the co-operation of nine local choirs would allow the festival to be staged on two nights, with the date set for December 7 and 8 and the programs starting at 7:30, so that children would be able to attend.

Besides the choral renditions of a variety of lesser-known Christmas carols, the programs will include organ interludes. The programs will be different each night.

Frank Skinner was appointed in charge of business arrangements for the carol festival.

A report on an executive meeting noted appointment of the following committee conveners for the annual music and drama festival: billeting, Mrs. B. Eyoifson; business manager, Mrs. J. Ridsdale; production manager, Canon Basil S. Procter; awards, Mrs. F. E. Anfield; reception, Mrs. G. W. Graham.

The group planned to send letters to organizations not as yet represented in the festival association, asking them to join.

New members welcomed at last night's meeting were Mrs. E. Heal, D. Leighton, W. Hankinson, William Lemon and Miss Rusty Thain.

## Meeting Slated

There will be an emergency meeting of the Alaska Music Trail members Tuesday evening, November 3 in the club lounge of the Civic Centre, secretary R. H. Miles announced today. All members are asked to attend.

## Misses Magner, Pat Gurvich Exchange Nuptial Vows Here

# Canadian-Born Players in Vanguard As Bombers Thrash Roughriders 43-5

By AL VICKERY

WINNIPEG — Winnipeg Blue Bombers struck where they were supposed to be the weakest—along the ground—to smother Saskatchewan Roughriders 43-5 last night in the first of their two-game, total-point Western Interprovincial Football Union semi-final before more than 17,000 fans.

Bombers now will carry a 38-point margin, gained mainly on the six-touchdown performance of their Winnipeg-born full-back, Lorne Benson, in the second game at Regina, Saturday afternoon.

Known strictly as a passing job since Jack Jacobs came to Winnipeg in 1950, the Bombers moved mostly along the ground in gaining their victory over the favored Riders. Saskatchewan had beaten the Bombers in four

out of six meetings during the regular schedule.

With Joe (Black Magic) Zaleski at the helm, Bombers picked up 289 yards along the ground, compared with 59 by Frankie Filchock's second-place Riders. Benson, rookie award winner in 1952, alone went for 163 yards as coach George Trafton relied on Canadian players for his offensive backfield, and American imports on defence.

Throughout most of the game, Zaleski handed off brilliantly to Benson, Len Metzger and Andy Sokol, while league-leading scorer Buddy Korchak took care of the flying wing chores. All are Canadian-born.

Metzger scored Bombers' seventh major, and Korchak converted them all and added a single on a long kick-off.

Benson's six touchdowns topped teammate Tom Casey's

three-touchdown WIFU record for one game. Casey established his mark last year. Benson also set a western record for yards rushing in one game as he romped 163. The previous record was Normie Kwong's 161 yards for Edmonton.

Bobby Marlow, all-American half-back from Alabama, plunged for the Riders' five points. Del Warden missed the convert.

But Bombers' strength was not in the backfield alone. The entire front wall turned in one of its best efforts of the year, and the defensive backs left little to be desired, intercepting eight Rider pass attempts. Buddy Grant, who plays end of offence, picked off five of the Rider throws, two of which set up Bomber touchdowns.

The old mark for pass interceptions was five, set by Calgary last year.

**SINGER JANE FROMAN** shows plenty of skill and spirit as she hits a long one on a New York golf course. She never thought she would be able to play golf again after being injured in a plane crash at Lisbon in 1943. But she found that her badly scarred right arm and braced right leg failed to hurt her game after she mustered the courage to get on the links and swing again.

# Royals Cut Canuck Win Skein Cougars and Quakers Tie 3-3

By The Canadian Press

New Westminster Royals 4, Vancouver Canucks 3, Victoria Cougars 3, Saskatoon Quakers 3.

That was the way the scores read after a battle-marked night of action in the Western Hockey League Wednesday.

Royals scored their first win on home ice this season, handing the league-leading Canucks their first defeat of the season and snapping their undefeated streak at nine.

There was no scoring in the first period, but in the second Canucks blasted ahead 3-0 with two goals by Larry Popeln and one by Andy Bathgate. Then Jackie Hamilton, former Toronto Maple Leafs star, caught fire, scoring once and providing two passes which paid off in goals by Bobby Love and Ron Matthews. The period ended 3-3.

It was Hamilton again, at 9:41 of the third, who teamed up with Bobby Love to serve a pass to Bob Paul. Paul rifled in the winning goal.

The period was held up 10 minutes when Lorn (Gum) Worsley, the league's leading goalie, fainted from the pain and constriction of torn stomach muscles.

The win puts Royals into third place behind Canucks and

Calgary Stampeders and one point ahead of Seattle Bombers.

Victoria Cougars were in a three-way tie for last place when they moved into Saskatoon. The one point which both teams get for a tie boosts them into a tie for fifth, leaving Edmonton Flyers in the cellar.

Sam Bettio and Gene Aehymichuk put Victoria ahead 2-0 in the first period, but Vic Howe and George Senick evened the score for Quakers. Bettio put Cougars up 3-2 as the period ended. There was no more scoring in the game until Jackie McLeod again evened the score at 13:44 of the third.

# Bonspiel Dates Set January 29, 30, 31

SMITHERS—Smithers Ladies' Curling club at its annual meeting set January 29, 30 and 31 as the dates for its annual bonspiel. Invitations will be sent to Prince Rupert and all other ladies' curling clubs.

Wednesday nights have been allotted as ladies' nights at the local curling rink.

Elected for the 1953-54 season were Mrs. Irma Bannister, president; Mrs. Inez Herman, secretary and Mrs. Dorothy Cohn, treasurer.

# Sid Abel's Chicago Hawks Trim New York Rangers 6-1

By The Canadian Press

It took Sid Abel, the old Detroit star, just a season to prove that he could get a lot of extra mileage out of his players and apparently he still has the touch.

Abel has made few changes in the club this season. He got Larry Wilson, a forward, and defenceman Larry Zeidel from Detroit during the summer, brought up a couple of players from the minors and unloaded forward Cal Gardner.

Until Wednesday night the Black Hawks of 1953-54 were a flop. They lost seven of their

# C. Sanderson Double Winner In Ladies Loop

Claude Sanderson of Bulgars captured double honors in Group 1 of the Ladies' Bowling League Tuesday night when she rolled a high single of 334 and a high three-game total of 742. Team high single and high triple was taken by Bulgars with scores of 1091 and 2876.

In Group 2 Thelma Rossi of Trollers won high single with 270 and Doreen Pallant of Seventh Avenue Meat Market rolled 654 to win high triple. Mansions won team high single with 893 and Dibbs took team high three with 2485.

Results:

**Group 1**

**LOGGING TAX ACT**

Attention is called to Section 5 of The Logging Tax Act reads as follows:

Section 5 (1) Every person who is engaged in logging in British Columbia at the commencement of the Act, or has been so engaged, shall notify the Commissioner of such operations and shall continue to do so until the Commissioner of such operations is discontinued.

(2) Every person who fails to comply with the provisions of this section shall be liable, on summary conviction to a fine of not less than Ten Dollars nor more than Hundred Dollars.

The Logging Tax Act is effective as from October 1st, 1953 and all returns under the above Section 5 are required to be filed before November 30th, 1953.

All correspondence and applications for registration should be addressed to the Commissioner of Income Tax, Parliament Buildings, Victoria, B.C.

# Big 3 Ready To Rebuke Israel for Killings

By The Associated Press

UNITED NATIONS, N.Y.—The western Big Three were reported ready today to urge a United Nations Security Council rebuke against Israel for the recent border killings in an adjoining Arab village and to call for more UN "watchdogs" in the troubled area.

**TED ERICKSON**, 14-year-old Arlington, Va., builder-operator of this "lawnmower limousine," demonstrates how he used to drive the vehicle. Ted built the machine from boards, a nail keg, wheels from a coaster wagon, ropes and wood. A 1½-horsepower motor provides propulsion. The young mechanic's "trial run" was interrupted by police who impounded the vehicle and reprimanded him for driving without a licence and an inspection sticker.

## Airline Competition 'Approved'

OTTAWA (CP)—Prime Minister St. Laurent predicted Wednesday night that Canada's economic development will give more scope for competition among airlines and indicated his government will not block such a trend.

He said the government is opposed to the "abuses" of competition where there is insufficient traffic for more than one operator, but added: "The government does not necessarily intend to guarantee every operator a permanent monopoly in his area."

In a speech to airline executives and aircraft manufacturers, the prime minister discussed an application by Canadian Pacific Airlines to run a cross-country air cargo service between Montreal and Vancouver. Existing government policy has given the government-owned Trans-Canada Air Lines a monopoly in east-west trunk services.

The cabinet this week will hear representations from both CPA and TCA on the issue.

### TWO PRINCIPLES

Mr. St. Laurent said the cabinet decision will be based on two principles: what is best for the public, "not just for a short period but indefinitely," and what is best for the industry itself.

"We will endeavor to determine whether there is enough business in sight for two lines to serve the public at reasonable rates and with reasonable profit," he told members of the Air Industries and Transportation Association, at a dinner ending their three-day annual meeting.

"Whichever way the decision goes now, it will not in the long run be a decision in favor of the perpetuation of monopoly conditions."

The government believed that as a general rule the public was best served under competitive conditions.

## for BABY'S TUMMY UPSETS

Use Baby's Own Tablets. Small, simple little tablets. Used for over 50 years to quickly help relieve minor digestive upsets, gas, constipation and flatulency resulting from irregularity at teething time. No "drowsy" stuff. No dulling effect. Get a package today at your druggist.

**BABY'S OWN TABLETS**

Abba S. Eban, Israeli chief delegate, also served notice that he intended to go over the whole Middle East security question before the council this afternoon. Eban accused the Arab states Wednesday night of conspiring to keep up tension in Palestine.

Western sources said Britain, France and the United States would submit a resolution to the council this afternoon denouncing the armed Israeli raid on the Jordan village of Kibya, which cost 53 Arab lives. They said the resolution also would call for more truce supervisors in Palestine to guard the peace along the Arab-Jewish borders.

Dispatches from London said the Big Three also were considering asking for an automatic arms embargo against whichever side the council finds guilty of violating the truce agreements in the future.

### ARAB PRAISE

The reported plan to increase the truce supervisors brought praise from the Arabs and sharp criticism from Israel.

Syria's Rafik Asha declared "anything that would lead to respect for the truce agreement would be welcome."

Eban said such a program would be "bereft of statesmanship and wisdom."

## H. Dahlie Heads Ski Club

Special to The Daily News

SMITHERS—Hallvard Dahlie was elected president of Smithers Ski club at its annual general meeting. Others named to office were Graham Gillison, vice-president; Jean Anderson, secretary-treasurer; Don Herman, club captain.

Heading committees are: equipment, Christ Dahlie and Walter Lorchner; social, Muriel Sedwick and Annie Brinkac; membership, Johnny Papadat. The club has asked the Canadian Amateur Ski Association for permission to stage the B.C. Nordic championships here with tentative dates set at February 22 and 23. The Nordic competition includes jumping and cross country races.

### Fast Method

STOCKHOLM (CP)—Pneumatic tube stretching three-quarters of a mile has been installed between two main telegraph offices here. The compressed air used as a transport medium is cooled down to a lower temperature than the surrounding air, to

## Londoners Face Masks For Smog

LONDON (AP)—Millions of Londoners who carried gas masks for nearly six years during the Second World War soon may be toting a new type of mask—this time as protection against winter "killer fogs."

A London medical committee representing 6,000 general practitioners Tuesday urged Londoners to make themselves simple gauze masks for use during the oncoming smog season.

The committee said nearly all 6,000 deaths caused by sulphuric fumes of the smog of last year could have been avoided by a gauze mask costing only a part of a dime to make.

**ROBERT B. BRYCE, 41,** has been named clerk of the Privy Council and secretary to the federal cabinet. He succeeds J. W. Pickersgill who resigned last June to become secretary of state. Mr. Bryce also has been secretary of the treasury board.

## Group Checks Rate on Cones

The increase in freight rates granted last spring accounts for only 21 cents per 1,000 ice cream cones, the Ship by Rail Association was told at a meeting last night.

The fact-finding committee of the association said that the one-cent increase per cone which came into effect in May was not because of a \$10 per thousand levy as had been presumed. The committee had been asked to investigate the amount of the freight charges placed on the 1,000-lot ice cream cones, due to the large increase of one cent per cone.

Both recommended that offers to cut tariffs be part of the U.S. bargaining, but that other hindrances to international trade be attacked also.

Their testimony was prepared for President Eisenhower's commission on foreign economic policy.

Meany said U.S. farmers and business men have been selling \$15,000,000,000 worth of goods abroad annually, but "these exports have already begun to decline." If markets shrink further, "our business and employment activity will be hard hit."

Labor accepted "as inevitable" the decline of government-financed exports under foreign aid programs, but "our only plea... is that the curtailment be made gradually and with full awareness of the necessities of mutual defence."

Kline said the marked export decline has started "a spiral of developments including large surpluses, falling farm prices, reduced farm income and drastic production controls."

The ancient temple of Philae in Egypt occasionally is submerged by the waters of the Nile.

**There is no  
"overnight cure"  
for irregularity**

But there is a simple, natural answer to the common problem of irregularity due to lack of bulk

There are men and women (perhaps you're one of them) who won't let "nature take its course".

THEY TRY TO SUBSTITUTE UNNATURAL "FORCING ACTION" FOR THE NATURAL REGULARITY WHICH SENSIBLE DAILY HABITS AND SUFFICIENT BULK IN THE DIET COULD PROBABLY MAINTAIN.

Many fall into the habit of using laxatives in a way laxative makers never intended. They take "big doses" willy-nilly without even reading the directions on the label.

Naturally, such overdoing—with products intended only for overnight relief of a temporary stoppage—exerts upon the delicate digestive system an unnatural strain.

There's nothing wrong, of course, with taking laxatives occasionally. If you feel you have to take a laxative, just be sure you take it wisely—in an accurate, recommended dose.

**BUT THERE IS A WAY TO AVOID TAKING DRUG-TYPE LAXATIVES AND TO PLACE YOUR DEPENDENCE ON NATURE, IF LACK OF BULK IN THE DIET IS YOUR TROUBLE.**

In many natural foods—such as certain vegetables, fruits, and grains—nature grows abundant natural bulk which normally and naturally aids the rhythmic process of elimination.

In no other natural food is natural bulk so ideally found as in the outer layers of the whole wheat kernel, known generally as bran.

Bran is nature's "laxative food instead of a medicine". When properly processed and shredded, whole wheat bran yields smooth natural bulk that the digestive system can handle in a natural way.

The Kellogg Company has made whole wheat bran into a delicious breakfast cereal—Kellogg's All-Bran.

**KELLOGG'S ALL-BRAN PERFORMS NATURALLY WHAT DRUG-TYPE LAXATIVES DO CHEMICALLY. IT HELPS CLEAR THE INTESTINES OF WASTE IN A NATURAL WAY. IT PROVIDES SOFT NATURAL BULK FOR EASY NATURAL ACTION.**

There is no stomach upset, no churning, no after-effect except the feeling of satisfaction and fulfillment that comes with natural, normal elimination.

To obtain lasting relief, of course, Kellogg's All-Bran must be eaten regularly. You can have it for breakfast every morning secure in the knowledge that it isn't habit-forming.

More than one million servings of Kellogg's All-Bran are consumed each day. This popularity of itself is proof that this natural laxative cereal lives up to what we say about it.

But even better proof comes from thousands of satisfied All-Bran users. They write of their own free will to tell us what natural relief they receive from eating Kellogg's All-Bran daily and drinking plenty of water.

EAT KELLOGG'S ALL-BRAN EVERY MORNING FOR BREAKFAST FOR 10 DAYS. THEN, IF YOU'RE NOT COMPLETELY SATISFIED, SEND THE EMPTY CARTON TO THE KELLOGG COMPANY, LONDON, ONTARIO—AND GET DOUBLE YOUR MONEY BACK.

Remember—Kellogg's All-Bran has helped millions. Why not you?

**Kellogg's  
ALL-BRAN**

## One of World's Last Surviving Wooden Ships Crippled, Helpless

By EMERSON CHAPIN  
BANGOR, Wales (Reuters)—The proud old Conway, leader of the fleet that rode to battle against the Russians 99 years ago, is being prepared for slow destruction at the hands of her oldest enemy—the sea.

The 114-year-old heart-of-oak warship, on whose decks poet laureate John Massfield first felt sea fever stir, lies crippled and helpless on the rocky shore

of the nearby Menai Straits, where she went aground under tow last April.

There is no hope that she can be saved. The primary concern now is to make her fast in her present position so she cannot heel over in the coming winter gales and menace other shipping in the narrow and tricky channel.

One of the world's last surviving wooden battleships, she was launched in 1839 as the Nile, a 92-gun ship of the line. Years later she was the pride of a British flotilla that kept the Russian Baltic fleet at bay off St. Petersburg in the Crimean war.

Later converted to steam, the 245-foot warship sailed the world's seas until 1875, when she was moved to the river Mersey to become the base of the British merchant marine's training school.

During the Second World War air raids the Conway was towed away from the target city of Liverpool to safer moorings off the Welsh coast. The aged vessel was still a training centre for 250 youths when her death blow struck unexpectedly last spring.

## Howe Opposed to Government Lending Funds On Farm-Stored Grain to Western Farmers

WINNIPEG (CP)—Trade Minister Howe indicated this week he is opposed to the federal government "getting into the business of lending money on farm-stored grain" to western farmers faced with a glut of unsold wheat.

He said the producers received a greater measure of aid through the government's recently-announced decision to distribute \$100,000,000 in Wheat Board payments for 1952 western grain crops.

In a speech at the 26th annual meeting of the Manitoba Wheat Pool, the trade minister said farmers' requests for loans on the security of grain stored on farms were receiving "most careful consideration."

**AVOID LOAN BUSINESS**  
"It does seem to me, however, that in the interests of all concerned, it would be better if we could avoid getting into the business of lending money on farm-stored grain."

Referring to the recent distribution of Wheat Board payments, Mr. Howe said:  
"Nothing the government could have done to ease the

farmers' immediate financial position could possibly compare in importance with this early distribution of \$100,000,000 from the 1952 crop."

It was "unfortunate" that a decline in immediate export purchases of Canadian wheat coincided with the harvesting of the country's second-largest crop in history.

"Nevertheless, Canada is selling wheat, not as quickly as any

of us would wish, but steadily, and in increasing volume. We are getting our fair share of the wheat business of the world, which is all that we can expect to get."

### Wolves Trail Lost Hunter In Alaska

FAIRBANKS, Alaska (AP)—Ruben Parham of Elleson Air Force Base was returned here safely Wednesday after he became lost while hunting and being trailed by wolves in the Ester region 30 miles west of here.

Parham was rabbit hunting when he became separated from other members of his party.

Searchers found his trail and followed his footprints in the snow. Along with Parham's prints were the footprints of three wolves which had been following him.

Searchers finally found Parham, who had sprained a leg and was lying helpless.

### Rice and Short Ribs With Vegetables Make Mighty Succulent Fare

With meat so tender it fairly falls off the bone, and the rice white and fluffy, just waiting to catch any of the savory juices and gravy which might otherwise get away—your family will not be able to resist eating the very last bite of this simply wonderful tasting main dish.

Here is a sure fire appetite satisfier because hefty and hearty servings of the rice and short ribs are allowed each hungry eater. You will be glad to see that you can satisfy your family so inexpensively because this beef and rice dish is low in cost but really "fills up" those starving youngsters.

**INGREDIENTS:**  
 1/4 cup flour  
 1 teaspoon salt  
 1/4 teaspoon pepper  
 2 pounds beef short ribs  
 1/4 cup fat  
 1/2 cup chopped onion  
 1 cup diced carrots  
 1 cup diced celery  
 1 cup water  
 1 tablespoon flour  
 1/4 cup water  
 4 1/2 cups hot cooked rice

**PREPARING THE FLUFFY WHITE RICE:** To make 4 1/2 heaping cups of white, fluffy, perfectly cooked rice:  
 1. Put 1 1/2 cups of uncooked rice,

3 cups of cold water and 1 1/2 teaspoons of salt into a 2-quart saucepan and bring to a vigorous boil.

2. Turn the heat as low as possible. Cover the saucepan with a lid. Do not remove lid nor stir rice while it is cooking.

3. Leave saucepan over this low heat for 14 minutes. Remove from the heat. The rice is now ready to use. However, leave the cover on the saucepan to keep the rice hot if you are not ready to use it immediately.

**METHOD:** Mix together the flour, salt and pepper. Cut the short ribs into six equal portions and dip into the flour covering all sides well. Melt the fat in a large skillet. Brown the short ribs in the fat. Add the onion, carrots, celery and water. Cover and cook over a medium low heat for about 1 1/2 hours or until the meat is tender. Add the 1/4 cup of water to the 1 tablespoon of flour and mix to make a paste. Slowly add, stirring constantly, to the liquid around the short ribs. Cook, stirring, for about 5 minutes. Serve over the hot cooked rice. Some of the gravy may be served in a separate dish. This recipe makes 6 generous servings.

### Fishermen Learn Seamanship

LUNENBURG, N.S. (CP)—Some newcomers to the Nova Scotia fishing industry are going to sea with as much knowledge of the finer points of navigation as their skippers.

The reason is the fishermen's navigation school here, operated by the provincial industry department with assistance from the federal labor department's vocational training section.

Established in May, 1951, the school is the only one of its kind in Canada and is aimed at teaching the basic principles of the fisherman's calling.

The teaching is varied to suit the needs of the particular student.

The aim of the school is to give every fisherman a better knowledge of seamanship and fishing equipment.

Sir John Hawkins, seaman who died in 1595, was the first Englishman to traffic in African slaves.

Locks of the Lachine Canal near Montreal, raise ships 4 feet in by-passing rapids on the St. Lawrence river.

### Barbara Brentley BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

MONTREAL, October 29th—It's a pleasure to use gay colors in sewing on these dark Fall days. That's one reason, I think, why more women buy Canadian made PRISCILLA BIAS FOLD TAPE than any other kind. For Priscilla comes in colors as delicate and "gay as a bowl of sweet peas". Also in the prettiest two-toned effects. The fine quality lawn with which Priscilla is made, has been specially treated, so that it's crisp and always fresh—yet folds over scallopes, curves, corners, with ease. Why not whip up some children's clothes—some cute aprons—new curtains for the kitchen—and use Priscilla Bias Fold Tape to give them that extra charm? *Guaranteed fast to boiling!*

Each Week I Order Half-Dozen... of what I think is a homemaker's dream and I inspired friend, HEINZ CONDENSED SOUPS. Then I know I'm all set for a week of varied flavours and added richness in sauces, dressings, meat loaf, rarebits, casseroles—and of course soup! With Heinz Soups on hand... you can use Vegetable Soup in beef stew; add mushroom sauce to fried mushrooms; Cream of Tomato Soup to your Spanish rice; Chicken Soup with Noodles on casseroles of vegetables. You can whip up the most delectable omelets with sauces that the family say are "out-of-this-world!"—when you have a row of Heinz Condensed Soups always ready.

I'm Excited About The Chance A Woman Has—to win big cash prizes in the BLUE BONNET MARGARINE Christmas cash contest! Each week—twenty-six prizes—\$500; \$200; \$100; with 5 other prizes of \$50 and 18 of \$25! Plus a chance at the Christmas BONUS of one thousand dollars... Write in 30 words, or less, why you prefer Blue Bonnet Margarine. Send as many entries as you like, and enclose with each one TWO END FLAPS (with Good Housekeeping Seal of Approval) from Blue Bonnet—or reasonable facsimile. For a chance at the \$1,000 Christmas Bonus, write how many units of Vitamin A, are in each package of Blue Bonnet. Mail to Blue Bonnet Sue, Box 2160, Toronto, Ontario.

Here's To Your Good Health! Yes, it's a toast to health and beauty when you drink the juice of one fresh lemon in a glass of water, first thing on arising. You see, this natural fruit drink helps keep your regular healthful way. That's because lemon-in-water gently helps your system regulate itself. So take my tip—if you're feeling out of sorts, follow this healthful lemon formula for feeling better. But make a point of using SUNKIST LEMONS. I find I get more, delicious juice from them than any others I've ever tried.

WITH **Milady BLUE TOWELS**

...They save you time and work so many ways!

Bacon, fried foods or salad ingredients are crispier, tastier when drained on Milady Blue Towels.

Hands are dried quickly, gently with soft absorbent Milady Blue Towels.

Kitchen clean-up — Blue Towels are ideal for dozens of chores — polishing glass, windows, or using with cleansers, polishes or soap.

Household protection — for manicuring or protection against any damaging or messy household liquid.

Place a handy dispenser of Milady Blue Towels in your kitchen today — you'll find them at your grocer's.

*It's the Blue that makes Milady Towels Better—Accept no substitutes.*

### Housewife Caps Civic Career As Next "Mayor" of London

LONDON (Reuters)—A grey-haired housewife with a passion for "silly hats" is scheduled to become London's next "mayor."

She is Mrs. Molly Bolton, mother of two adult children and a veteran Socialist who has already proven her diplomatic skill by successfully concealing her age through a long public career.

Mrs. Bolton virtually is certain to be installed as chairman of the 150-member London County Council next Tuesday when the councilmen meet to confirm her nomination by the Labor party, which holds a majority of seats.

Her job, the toughest in British municipal politics, requires great tact and administrative ability.

**HEAD CITY'S HEART**

She will be the active head of the 3,500,000 persons who live in London county, the heart of the capital's 8,000,000 population. She will not receive one penny for her full-time job, and will get only a strictly-audited expense account.

She lives with her husband, an engineer, in a solid old Victorian brick house in northwest London. Their daughter is an actress in a London stock company and their son is on duty in Malaya as an army medical officer.

During her early days on the council, Mrs. Bolton dazzled her fellow-councilmen by showing up wearing bold new hats notable for their carefree, feminine styling. But this year when she was elected as vice-chairman of the council, decorum got the better of her and she began to show up bareheaded.

When Mrs. Bolton took her seat on the dais for the first time there was a subdued chorus of groans from the male councilmen whose lives had been brightened for years by her hats.

"It's just laziness, really," Mrs. Bolton apologized.

## Rupert Man Leaves by Air To Attend Logging Congress

Special to The Daily News  
SEATTLE.—The world's largest display of logging machinery, worth \$3,000,000 will be shown at Seattle's Civic Auditorium Nov. 3 to 6, inclusive, when the Pacific Logging Congress holds its 44th annual convention.

The huge assortment of powerful logging equipment will fill the entire basement level of the auditorium and overflow onto adjoining park areas, according to Clyde A. Corman, Longview, congress president.  
More than 2,000 delegates—boss loggers, king jacks, gypsos, contractors, foresters and just plain red-shirted timber beasts—will gather in Seattle from all over western North America for the four-day meeting.

Rae Johnson, woods superintendent for Columbia Cellulose Company, will be the only delegate from Prince Rupert. He and Mrs. Johnson left Wednesday for the U.S. city.

British Columbia will send 100 of its top loggers to the congress, headed by S. G. Smith and J. E. Liersch of Vancouver, members of the congress management committee.

Other British Columbians who will head up the Dominion's delegation include: Jack Baikie, Nanaimo; James Sheasgreen, Ladysmith; Norman English, William McMahan and Charles Durham, Vancouver, members of the board of directors.

Another group of British Columbians will take part in the panel discussions during the four days.

## BLACKWOOD on BRIDGE

By EASLEY BLACKWOOD

Be Alert to Need for Unusual Plays

It is hard to find any fault with the holding of a hand like Mr. Abel's. However, when practically all of a partnership's strength is concentrated in one hand, a serious entry problem is often present.

When this is the case, declarer must be alert to the necessity of making out of the ordinary plays which will enable him to reach the weak hand.

In today's deal Mrs. Keen opened the deuce of hearts against the three no trump contract. Mr. Meek won with the ace and Mr. Abel dropped the trey. The six of clubs was returned and Mr. Abel decided to duck. Mrs. Keen won with the 10 and returned the queen.

The king won and Mr. Abel cashed the ace and king of diamonds. He next cashed the king of hearts and looked vainly for the jack to drop. When Mr. Meek showed out on the second heart lead, discarding the nine of diamonds, it was clear that the 10 of hearts would never be an entry to the board.

Mr. Abel now laid down the ace of clubs, stripping Mrs. Keen of that suit, and followed with the queen and another heart. Mrs. Keen was in on the last heart lead and her return was the 10 of spades. Although this gave Mr. Abel two spade tricks, he still had only eight tricks in all.

"Beautiful end-play for down one," said Mr. Champion sarcastically. "Anybody could enter my hand if I had an ace. I had an entry just as good as an ace.

North dealer

The bidding:  
North East South West  
Pass Pass 3NT All pass

but it took a little thinking to see it.  
"All you had to do was to drop your queen of hearts under the ace at the first trick. That would leave you with two hearts smaller than my 10 spot and nothing could have prevented you from reaching the board to cash all of the diamonds."

This analysis was correct. But it isn't the "normal" play to drop a queen under an adverse ace when you can play the lowly trey!

### SCREEN ★ ★ FLASHES

Films scheduled for showing at the Capitol Theatre next month are as follows:

### Soldier Given Eight Year Term

SINGAPORE (Reuters)—Pte. Hammond Gillon, 24, today was sentenced to eight years imprisonment for manslaughter in the death of a Eurasian dance hostess.

The Scottish soldier admitted throttling the girl, Doreen Periera, 32, after she hurled obscene taunts at him and danced before him half-naked.
