**COMBINES ROLL ACROSS A RYE FIELD** near Calgary, Alta., as another huge crop is harvested in Western Canada, straining storage facilities. In spite of unsettled weather good progress is being made in bringing coarse grains and wheat. These combines are on the farm of Mrs. M. K. Black, several miles southwest of Calgary.

## Body Of Kidnapped Boy Found In Shallow Grave

### Two Persons Held In Child's Death

By The Associated Press

**KANSAS CITY.**—Body of little Bobby Greenlease, who was reported kidnapped 10 days ago, was found today in a shallow grave in St. Joseph, Mo.

Two persons are being held by police in connection with the boy's kidnapping and death. Police said they had arrested a Mrs. Bonny Brown Heddy and Carl Austin Hall. A third person is still being sought.

It was also reported by the Federal Bureau of Investigation, which entered the case after 10 days in keeping with the Lindbergh kidnap law, that \$600,000 in ransom money had been paid by the six-year-old boy's parents, Mr. and Mrs. Robert C. Greenlease.

A report that a confession had been signed by Hall was denied by police.

Bobby disappeared September 28 when a woman, posing as his aunt, abducted him from a private school he attended. Reports say that Mrs. Heddy resembles the woman who came for Bobby. Fears had been held for the little boy's life earlier in the day. Emotional strain displayed by friends left no doubt about the anxiety of the wealthy parents over any efforts they may have made with the kidnapers.

What action the FBI had taken was wrapped in silence and police insisted that they had kept hands off at the family's request.

Greenlease, a car dealer and distributor, is reputed to be one of the 10 richest men in Kansas City.

Robert Lederman, family spokesman who had been missing three days, returned earlier in the day.

It was the first time the Tulsa, Okla., business associate of Bobby's millionaire father had been seen since Sunday, he said he had been away for a rest.

### Red Aircraft Seen in North

**OTTAWA.**—Russian aircraft have been seen flying over Canada's far north, according to unquotable but most reliable sources.

Defence department officials refuse either to confirm or deny the report, an attitude they adamantly maintained ever since it appeared in the current issue of Collier's Magazine.

The Canadian Press has learned, however, without any detail as to place or time, that Russian aircraft have been seen over Canadian territory on a number of occasions. They are described as reconnaissance planes.

### Highlanders To Sail For Indies

By NATE POLOWETZKY

**LONDON (AP)**—Tough, seasoned Scottish troops were ordered today to British Guiana to help smash an alleged Communist plot to seize power in the South American British colony.

The War Office announced that the 1st Battalion—about 600 men—of the famed Argyll and Sutherland Highlanders, who served nearly eight months in Korea, will sail for British Guiana Saturday aboard the 33,000-ton carrier Implacable.

Three other warships—the 8,000-ton cruiser Superb and the 1,800-ton frigates Bigbury Hay and Burghhead Bay—already have arrived at Georgetown with troops. The 9,100-ton cruiser Sheffield sailed from Scotland Tuesday.

The display of military and naval might was announced officially Tuesday night and the Colonial Office said a Red plot possibly aimed at setting up a Communist-dominated state is afoot in the colony.

The Colonial Office warned in a statement:

"In view of the latest developments, Her Majesty's government felt it necessary to send naval and military forces to Georgetown (the colony's capital) with the utmost dispatch in order to preserve peace and the safety of all classes."

The statement broke a five-day official silence on events in British Guiana, where the majority People's Progressive party is pressing for greater independence.

However, at Georgetown the left-wing party issued a statement today charging the London Colonial Office with "trying to create hysteria and rob us of our rights."

"We cannot see any reason for such intimidation when all Guianese know conditions in our country are normal and peaceful . . ."

### UN Command Rejects Red Demand For Extension of PoW Explanations

**PANMUNJOM (AP)**—The Communists today accused the United Nations command of stalling the start of explanations to war prisoners who refuse to go home, and demanded an extension of the time limit.

The UN command flatly turned down the demand for more time and denied responsibility for the delay.

Allied and Communist teams were to begin meeting Sept. 26 with the prisoners in an attempt to persuade them to return home. Allied officers have 359 PoWs, including 23 Americans and one Briton, to interview, while the Red agents will talk to some 22,500 North Koreans and Chinese.

A dispute over facilities stalled the start of the interviews. The Allies insist the armistice agreement clearly spells out that the explanation period must end Dec. 24, regardless of delays. The Indian chairman of the neutral nations repatriation commission Tuesday said he agrees with the UN stand.

There now are indications that the interviews will get under way next week, provided the Allies finish their temporary explanation facilities.

The Reds made the demand at a meeting of the Korean armistice commission and also:

• Protested the "public clamor" in South Korea for South Korean troops to drive into the neutral zone and free the anti-Communist PoWs.

• Charged that the UN command is sending "special agents" into the demilitarized zone to make contact with the prisoners and "undermine" the neutral nations repatriation commission, which has custody of the PoWs. The UN command denied the accusation.

The senior Red delegate to the armistice commission, North Korean Maj.-Gen. Lee Sang Cho, said any attack by the South Koreans would "have serious consequences."

**Seiners Request Fall Price Offer**

**BELLINGHAM (AP)**—A union official reported Tuesday that purse seiners in Seattle, Bellingham and Gig Harbor have rejected the salmon industry's fall fishing price offer.

Between 150 and 175 purse seine boats are tied up in the Puget Sound ports.

Packers had offered 10½ cents a pound for chum salmon and 16 cents for silvers and springs. Prices last year were 12 and 16.

**Building Permit Value Shows Drop**

Value of building permits amounting to \$13,825, taken out in Prince Rupert during September, was more than \$22,000 lower than those taken out in September, 1952.

Of last month's total, \$7,000 was for new dwellings and the remainder taking care of repairs and alterations to buildings.

The September total brings the nine-month total for 1953 to \$208,611, more than \$88,000 lower than the \$386,627 total for the same period last year.

The \$13,825 total for September is the lowest but two total registered for permits this year, February permits being the lowest when only \$10,875 worth of construction permits were taken out.

This year's other monthly totals are as follows: January, \$16,900; March, \$62,450; April, \$11,950; May, 29,625; June, \$40,030; July, \$45,475.

### Alaska Seeks Potato Market

**FAIRBANKS, Alaska (AP)**—Alaska's spud market is glutted. Territorial Commissioner of Agriculture James Wilson said Tuesday his department is seeking markets for the biggest potato crop in the territory's history.

He estimated about \$1,000,000 worth of the tubers were grown in Alaska last summer. Fifty per cent were raised in the Matanuska Valley and about 40 per cent in the Tanana Valley, near here in the interior.

The military has agreed to take about half the crop, he said.

### Army Suspends Group For Security Reasons

**WASHINGTON (AP)**—The United States Army Tuesday night announced the suspension for security reasons of an undisclosed number of persons at its signal corps laboratory at Fort Monmouth, N.J.

It declined to give details. The Chicago Tribune press service said earlier that among five persons suspended were two "top scientists engaged in the development of America's radar defences against enemy attack."

The Tribune did not disclose the source of information for its copyrighted story, but said the army's investigation stemmed from an inquiry by the senate investigations sub-committee headed by Senator Joseph McCarthy.

The Tribune account said those suspended included "two other scientific workers and a clerical employee, similarly employed in top-secret military work."

"All five men . . . have had access for years to this country's defence secrets in the electronics field," The Tribune said in a dispatch from Washington written by Willard Edwards.

The army, in a brief statement, disclosed no names and did not specify what security charges had been placed against the suspended men.

"These employees," it said, "have been given letters of charges stating the reasons for their suspension. They have the right within 30 days after the receipt of the charges to request a hearing before a security hearing board."

The Tribune said names of those involved were being withheld pending the outcome of an investigation, and that the suspensions "were personally ordered" by Army Secretary Robert T. Stevens.

The Tribune also said "several figures in the Rosenberg case will be involved in the inquiry. There are definite links between the former atomic spy ring and those under investigation in the present investigation."

**Man Charged For Murder At Quesnel**

**QUESNEL, B.C.**—Aaron (Corky) Hinton, 26, carnival worker, Tuesday was charged with murder in the shoeless strangling of 13-year-old Donna Corbett.

The girl disappeared Sept. 12 from the Quesnel fairgrounds where Hinton operated a concession in a travelling show.

Hinton was first arrested last week at Terrace, and charged with contributing to juvenile delinquency.

The girl's body was found Sept. 18, beaten and with her own shoelaces knotted about the throat, wedged between two logs in the bushland near here.

**—WEATHER—**

North coast region—Variable cloudiness during the forenoon, becoming overcast this afternoon with intermittent rain toward evening, becoming showery before midnight. Cloudy Thursday.

Winds light, increasing to southeast 25 in the exposed areas during the afternoon and evening.

Low tonight and high Thursday at Port Hardy, Sandspit and Prince Rupert, 47 and 55.

### Four Members of Band At Chatham Promoted

Four members of the naval reserve band at HMCS Chatham have been promoted to higher ranks as a result of tests given here yesterday by visiting naval officers.

Lt.-Cmdr. (S.B.) H. G. Outhbert, C.D., of Esquimalt, officer in charge of the Royal Canadian Navy School of Music, and Lieut. (S.B.) S. E. F. Sunderland, C.D., bandmaster of RCN barracks at Halifax and command bandmaster on the east coast, were the visiting officers, here on their semi-annual tour of inspection.

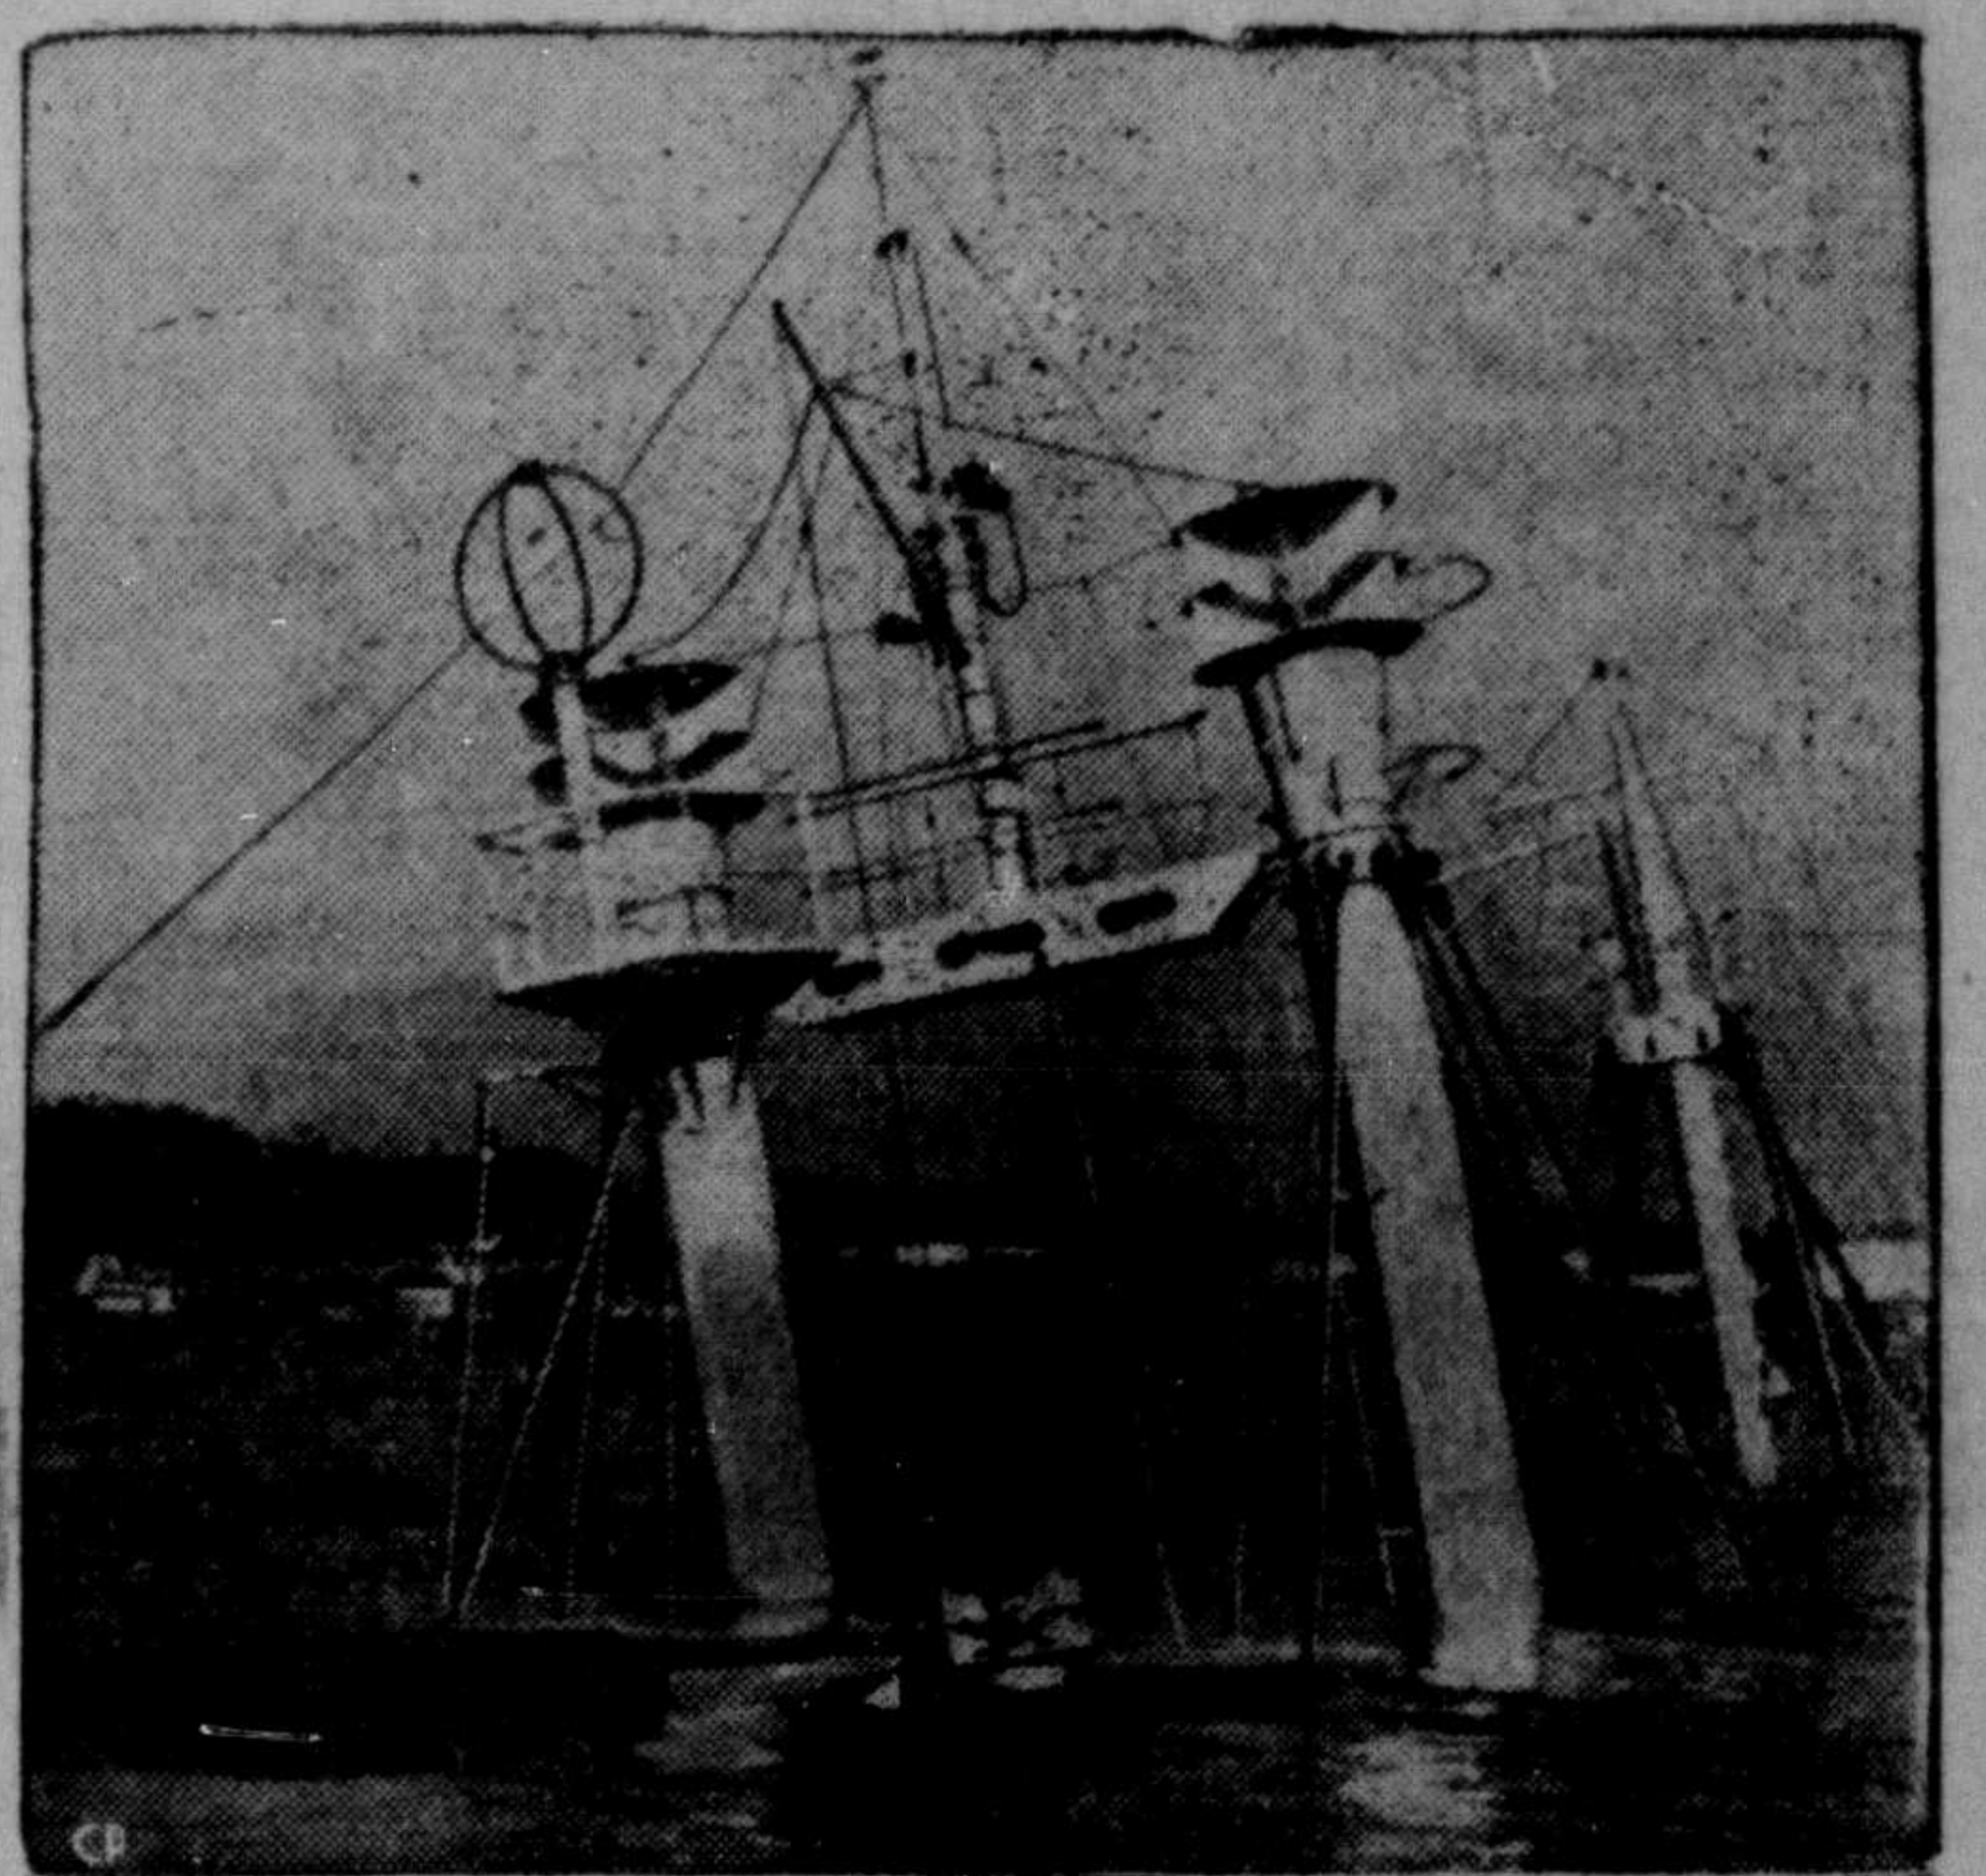

The four bandmen who took trade tests successfully were: James D. Cumming, promoted from AB Bandsman to PO Bandsman third class; Nicolas A. Pavlidis, from LS Bandsman third class to LS Bandsman second class; Rupert Fulton, from AL Bandsman to LS Bandsman second class, and William Edward Beck, from OS Bandsman to AL Bandsman first class.

The four were recommended for the tests by Chatham's Bandmaster PO Peter Lien. The Chatham navy band, numbering 24 members at present, was organized last February.

The two naval officers are expected to return here in about six months, when further bandmen, termed worthy by PO Lien, may take the trade tests to qualify for advancement.

**CHAMPIONS** of the baseball world for the fifth consecutive time after beating the Brooklyn Dodgers four games to two, the New York Yankees are shown together in Yankee Stadium. The two bat boys in front are Joe Carriero (left) and Dick Manzidelis. In front row, left to right, are: Art Schallack, Ed Ford, Billy Martin, Phil Rizzuto, Larry Berra, Steve Kraly, coach Frank Crosetti, manager Casey Stengel, coach Bill Dickey, coach Jim Turner, Gil McDougald, Irv Noren, Gene Woodling, and Charley Silvera. In the middle row are, left to right: trainer Gus Mauch, Jim McDonald, Willie Miranda, Jerry Coleman, Bob Kuzava, Bill Miller, Tom Gorman, Bill Renna, Gus Triandos, and Vic Raschi. In back row, left to right, are: Johnny Mize, Ed Lopat, Andy Carey, Mickey Mantle, Hank Bauer, coach Ralph Houk, Johnny Sain, Don Bollweg, Allie Reynolds, and Joe Collins.

**ONLY THE STACKS** and spars of the German freighter Wallschiff remain above the water after the vessel was rammed by the freighter Pioneer in the St. Clair river. The German boat sank in seven minutes. The pilot was killed and 17 others escaped. The Pioneer was only slightly damaged.

### Defence Pact With Canada Must Include Britain

**LONDON (Reuters)**—Lord Beaverbrook's Daily Express said today the United States should not contemplate a defence pact with Canada which does not include Britain.

In an editorial discussing the possibility of defence talks in Ottawa between Prime Minister St. Laurent and President Eisenhower, The Express agreed that Canada and the U.S. have common military interests, but added:

"One fact is in danger of being forgotten—there is no Canadian military concern which is not equally the concern of Great Britain. If Canada were threatened by a hostile power tomorrow, that threat would operate simultaneously as a call to Britain."

"And if Canada were attacked, Britain's declaration of war against her assailant would be issued within a matter of hours."

The paper said no one is more aware of the strength of the Commonwealth than President Eisenhower, and declared he "should not contemplate an arrangement with Canada similar to the deplorable ANZUS pact in the Pacific."

Britain does not participate in discussions under the defence pact between Australia, New Zealand and the U.S.

### Strike Vote Date Set By Loggers

**VANCOUVER.**—Strike vote of 5,000 southern interior woodworkers will be held Oct. 15, CIO International Woodworkers of America said Tuesday.

The latest development in B.C.'s strike-ridden interior could throw nearly 10,000 woodmen onto picket lines before the end of the month, and bring lumber operations to a standstill.

In the northern section of the interior, about 5,000 IWA members have been on strike since Sept. 28, closing down 40 mills.

The IWA applied for a government-supervised strike vote in the south after the membership there voted 90 per cent to reject a conciliation board award.

### Four Members of Band At Chatham Promoted

Four members of the naval reserve band at HMCS Chatham have been promoted to higher ranks as a result of tests given here yesterday by visiting naval officers.

Lt.-Cmdr. (S.B.) H. G. Outhbert, C.D., of Esquimalt, officer in charge of the Royal Canadian Navy School of Music, and Lieut. (S.B.) S. E. F. Sunderland, C.D., bandmaster of RCN barracks at Halifax and command bandmaster on the east coast, were the visiting officers, here on their semi-annual tour of inspection.

### Liquor Vote Answered

A STUDY of the provincial government's new liquor bill brings one thing forcibly to attention—the single member of the liquor commission will become one of the most influential men in B.C. At present he is Col. Donald McGugan who is expected to implement the legislation before retirement in two years' time.

Among other things, the commissioner will designate areas throughout the province where the act will be operative. He will call for liquor applications from those areas and decide which of the applicants shall receive which of the four different licences to be granted under the scheme.

These are tremendous responsibilities which may well be too much for one man. No matter how stout the commissioner's integrity or how fine his judgment, the liquor issue is so surrounded by factions that he is almost certain to meet with criticism and suspicion whichever way he moves. Some specific form of parliamentary check and balance on his work would save him from being put personally on the spot every time his actions caused disfavor in one quarter or another. It would, in addition, be a safeguard in the public interest.

In its general outline, however, the liquor bill is a commendable piece of legislation which gives the public what it has requested by fair and democratic vote. No matter how hot the quarrel over whether sale of liquor by the glass is a good thing or bad, the overriding fact is that the people have asked for it, and it is not the function of any government to offer its own brand of morals on the question.

The government at Victoria has not endeavored to do so. Instead it has produced a bold but well-considered bill based on the careful study made earlier by the Stevens Commission. It has paid voters the compliment of acknowledging that they know their own minds.

Among the incidental items of the bill, it is gratifying to note that the signing of application forms at the liquor store is to be eliminated. This rignarole was a relic of wartime which served as another reminder of the archaic nature of our liquor law.

### Ray REFLECTS and REMINISCES

We first met Jack Cobb about staff. Today, the number is 40 years ago, and not once, since 140. It's the same building. We then, had he disappointed. Last time to think of what will be week for example, it was a pleas- needed in Prince Rupert in a ure to realize the strawberries few years hence when the time the grows on Ninth Avenue re- comes to talk over space.

Another thing a person should have for his old age is his health. —Kingston Whig-Standard.

What is there about the fast- dation of being a bartender? the moment it became headw- Columbia hundreds of experi- available. Scores and scores of applications were flatly turned down. Anyway, why should learning how to sell hooch neces- itate the possession of heavenly gifts?

What Premier Bennett des- cribes as a "large" number of applications for the post of man- sner of the P.G.E. railway will be considered in November. They come from all over Canada. One can remember a time when what to do with the PGE was the ques- tion of the hour. And what a dreary hour it was.

Dogs in Prince Rupert are supposed to wear a collar and many do. But some do not. We saw two on board a truck the other day and these had not been neglected. Four other dogs were not riding. Instead they were racing like mad and barking hard. The resemblance this had to every day profanity was as- tonishing.

In October 1903, the Van- couver library at Hastings and Main Street had four members on the

### As I See It

by Elmore Philpott

B.C. Liquor Changes BY AND LARGE the new B.C. liquor law is not too bad. The bill carries out the instructions of the people of B.C. who voted by a large majority for the sale of hard liquor by the glass.

The government has wisely rejected the attempt of some of its own MLAs to make it necessary to hold votes all over again, even in places which voted overwhelmingly for wider sale.

The local option clause in the new law is based on a good principle. The increased facilities will become effective except in municipalities where the council votes to let the people have the final say before the change is made; or unless 35 per cent of the voters petition for a new vote.

WHILE the bill as a whole is good there are some sections which are open to improvement. What about the operation of the local option principle in the future?

Suppose after trying out the new system for a few years the people again change their minds? This right should be guaranteed.

Can a petition by 35 per cent of the voters bring on a new vote after the facilities are established? Or is this local option principle to apply now before the change takes place?

PERSONALLY I can't see the point of differentiating between beer parlors and hotel lounges.

The beer parlor in B.C. is now to be called a public house, and to be allowed to sell such things as potato chips and maybe sandwiches. But the new style "pub" is not to be allowed to hang out romantic signs such as the "Pig and Whistle." And it is not to be allowed to sell hard liquor by the glass!

To me this just does not make sense. It seems to carry a hang- over of the snob idea that the workingman cannot be given the same freedom to take a drink as the business man; that somehow there is something more harmful or wicked in a man in overalls consuming a glass of rye at a bar with a brass rail and sawdust on the floor than there is for the white-collared class to do so in high-priced, high-hat places with chromium furniture, neon lights and "mixologists" instead of old-fashioned bartenders.

Another petty pin-prick is See PHILPOTT—Page 5

CHAIRMAN VICTOR BELAUNDE of the Peruvian United Nations delegation has become known in the world organization as one of its more dramatic speakers. He makes ample use of gestures and facial expression to emphasize his messages. Above, the envoy from Peru is shown as he spoke on the issue of the Korean conference.

### OTTAWA DIARY

By Norman M. MacLeod

One of the oldest axioms amongst politicians in these parts is to keep silent on any problem about which you are not prepared to do anything. Merely advertising the fact that you are not ready with a solution isn't regarded as good publicity.

In the light of this generally accepted precept, the recent weeks of silence on the part of Hon. George Drew in respect to the Conservative leadership are recognized as significant. It is recognized now in Federal political circles that Hon. Mr. Drew is neither going to quit the PC Leadership nor offer to quit it. The two things aren't necessarily the same, but in Hon. Mr. Drew's case they undoubtedly would be. No one close to the politics of the Capital doubts that an offer on his part to resign would be accepted by his Parliamentary caucus.

Immediately following the August election there was almost a general expectation in Parliament Hill political circles that Hon. Mr. Drew would take the initiative in bringing the leadership situation before the party. On his own statement following the counting of the ballots, the result wasn't only a party disaster; in addition, it was a sharp disappointment to his genuine expectations.

By the fact that he actually had expected a different result, Hon. Mr. Drew advertised his own satisfaction with the PC policies and campaign. Parliament Hill political circles—including a wide body of opinion amongst the PC's themselves—regarded this satisfaction, which the election

### 1,000 HOMES BEING BUILT FOR SERVICEMEN

OTTAWA (CP)—About 1,000 homes in West Germany for families of Canadian soldiers and airmen will be completed by next spring the defence department announced today.

Under an arrangement between the West German and Canadian governments, 2,202 living units will be built. All are expected to be ready by the end of 1954.

The government announced last April it will provide transportation for dependents of service men posted abroad for two years or more, if the men can obtain suitable accommodation. Previously service men had to pay their families' passages.

The German government will finance, construct and manage all buildings, which will be leased to the Canadian government for an initial period of five years. Besides the 2,202 housing units, 100 school rooms and two recreational centres will be built.

ANNUAL RENT Canada will pay an annual rent of 10 per cent of the cost of the buildings and furnishings in the schools and club rooms. This will cover maintenance services, landscaping and administration.

Estimated capital cost of the program is about \$20,000,000 for the German government.

The defence department said similar arrangements are being worked out with the French government to provide housing for Canadian military personnel there.

# Radio Officer Receives Award For Gallantry

LONDON (Reuters)—A radio officer who went down with his ship while sending SOS messages after the order "abandon ship," has been posthumously awarded the George Cross, Britain's highest award for civilian gallantry, it was announced Tuesday.

David Broadfoot was radio officer of the steamer Princess Victoria, which sank in a storm off the Irish coast Jan. 31, with the loss of 133 lives.

His citation, announced Tuesday in the London Gazette, said: "Thinking only of saving the lives of passengers and crew, radio officer Broadfoot remained in the radio cabin though he must have known that if he did this he had no chance of surviving."

# Rupert's First Christmas Carol Festival Now Assured

Prince Rupert's first Christmas carol festival is now assured, according to spokesmen

of the committee planning the project.

Six local choirs have promised to prepare carols for the festival and several others have indicated they probably will enter the program.

# Living Costs Jump Again In August

OTTAWA (CP)—Living costs climbed again during August with the consumer price index jumping half a point to 116.2 from 115.7.

Higher food prices provided the main impetus. This was the fourth monthly increase in a row.

The index, based on 1949 prices equalling 100, now is just two points below the all-time high of 118.2 in December, 1951.

During August the price of many food items climbed including pork, eggs, coffee, lard, bread and butter.

The food column jumped by 1.2 points to 114.

The clothing column was unchanged at the peak of 110.4, but household operations climbed two-tenths of a point to a new high of 117.4. This column showed scattered increases for fuel.

WINLTON, England (CP)—Police are searching for the man who took the first prize of a silver cigarette case and lighter at this Durham community's gardening contest. He wasn't the winner.

# Moose Women Discuss Bazaar

Mrs. Mavis Smithson, 1352 First Overlook, was hostess to the monthly meeting of the membership committee of the Prince Rupert Women of the Moose, when seven members were present.

Plans for the forthcoming

bazaar and the committee's donation to the novelty booth were discussed, after which a buffet supper was served by the hostess. The group will meet again October 29 at the home of Mrs. T. E. Thomas, 1344 Piggott Avenue.

# Atomic Burn Treatment Topic At Nurses' Meet

An article on the medical aspects of atomic warfare highlighted this month's meeting of the Prince Rupert chapter, Registered Nurses' Association, held in the Nurses' Home.

President Mrs. Norman Haywood conducted the meeting at which Miss Elizabeth Clements, director of nursing at Prince Rupert General Hospital, read the article in which nursing care of burns resulting from atomic blasts was stressed. The group also discussed plans for the annual nurses' all, date of which has not been definitely set as yet.

There were 37 deaths from diphtheria in Canada in 1951, compared with 1,297 in 1921.

# Calgary Hands Eskimos Humiliating 9-0 Defeat

By The Canadian Press  
As defending champions of the Western Hockey League, Edmonton Eskimos would seem to deserve some respect from the rest of the loop.

In Edmonton Tuesday night, however, respect was sadly lacking as Calgary Stampeders tore

into the Flyers with a vengeance, hanging a humiliating 9-0 defeat on the champs in their first game of the season.

In the night's other action, at Vancouver, the Canucks made their debut with a narrow 2-1 victory over Victoria Cougars.

The lopsided defeat was doubly embarrassing for Edmonton, as two of its castoffs played major roles in the Stamper's victory.

Calgary was master-minded from the bench by Frank Currie, new Stamp coach who was cut loose by Edmonton mid-way in the 1951-52 season in his fifth year with the Flyers. He was inactive last year, but signed a contract with Calgary at the beginning of the 1953-54 season.

Defenceman Pat Coburn, with Flyers a year ago and acquired by Stampeders from New Westminster Royals, was the pick of the Calgary rear-guards.

Veteran right winger Steve Black was high scorer for the winners, notching four goals and assisting on two others. The other five goals were divided among Sid Pinney, Frank Ashworth, Archie Scott, Steve Witluk and George Pargeter.

To goalie Bill Brennan, with Seattle Bombers last year, went the honor of the season's first shutout. He blocked 25 shots, eight more than Glenn Hall in the Edmonton nets.

**DEFENCE SOLID**  
Canucks had to fall back on a solid defence to turn back the speedy Cougars.

Vancouver's new goalie, Lorne (Gump) Worsley, showed why he was picked as rookie of the year in the National Hockey League last year by repulsing frequent Victoria drives.

Rookie Dale Sweeney scored the first goal of the game in the second period. Bill Wylie made it 2-0 for Canucks early in the third before Colin Kilburn tallied for Cougars.

## Rupert Curling Club Lists Rinks For Coming Season

Prince Rupert Curling club skips last night selected their rinks for the 1953-54 season at a meeting held at the club house.

Curling club president Jack Laurie said today that it is essential that the club rooms and ice are ready by next Wednesday so that curling can start on schedule on Thursday, October 15. He said that now most of the work has been done by various members of the club, completion of the jobs is the responsibility of the ice and house committee composed of L. C. Eby, Gene Holliston, Mel Mathew, Rusty Ford, Percy Berg and Ken Warren. It is also the responsibility of the volunteer labor committee made up of Bill McKenzie, Harold Thom and Neeley Moore to get the members on a work bee tonight.

Those expected out on tonight's work bee are skips and members of the first six rinks listed below:

| SKIPS        | THIRDS           | SECONDS         | LEADS         |
|--------------|------------------|-----------------|---------------|
| E. Shier     | E. Paulson       | B. Wasyk        | W. McLean     |
| W. Meighen   | D. Radford       | T. Smith        | J. Wilson     |
| K. Robertson | Dr. J. Macdonald | M. Martin       | A. Simundsen  |
| P. Bird      | W. Baxter        | A. Nickerson    | J. Martin     |
| P. Berg      | S. Simpson       | C. Moore        | S. Furk       |
| C. Barbour   | R. Bone          | G. Murray       | T. Christie   |
| B. Parker    | J. Scott         | D. Souter       | A. Ogilvie    |
| W. McKenzie  | J. Taylor        | W. Bremner      | A. Murray     |
| B. Eynolson  | S. Newton        | G. Martin       | D. McDougall  |

**ATHLETIC COUPLE**  
SYDNEY, Australia (CP)—Australia's great sprinter Marjorie Jackson has announced her engagement to Peter Nelson, champion cyclist. Marjorie, who won both women's sprint titles at the last Olympics, and Peter, who also competed in the Olympics while South Australian State cycling champion, are each 21 years old.

## Flo Chadwick Adds to Fame Swimming Bosphorus Straits

THERAPIA, Turkey (AP)—Florence Chadwick added to her swimming honors today by swimming the tricky Bosphorus from Europe to Asia and then back to Europe.

The 33-year-old typist from San Diego, Calif., was timed unofficially in one hour, 15 minutes. She plunged into the water at 7:10 a.m. (2:10 a.m. EST) at Sariyer Point on the European shore.

The widest point across the 1½-mile-wide Bosphorus was chosen so the test "would not be too easy."

Miss Chadwick has conquered the English channel twice and last Sept. 20 swam the straits of Gibraltar, famous for its tricky currents.

Miss Chadwick said she found the Bosphorus "a very easy swim," although a combination of strong current and confused navigation from her guide boat had her changing course several times.

Her times today were 41 minutes, 35 seconds across and 32 minutes, 32 seconds back. She covered possibly four or five miles, what with the currents and occasional navigation confusion.

Miss Chadwick touched Asia just a few hundred yards south of a grim anti-submarine net guarding the northern or Black Sea entrance of the strategic Turkish straits.

About 25 Turkish soldiers manning the strong fortifications cheered her as she touched shore momentarily, then turned to play back on the return leg.

## Sheppard Tops Men Bowlers

Alan Sheppard of Phipott Evitt with a 363 and 685 captured high single and high triple honors in B Division of the Men's Mixed Five-Pin Bowling league this week. Northwest Construction was top team with a high single of 1079 and a high triple of 2895.

In A Division, Albert McFadden of CNRA won high single with 313 and high triple was taken by Johnny Comadina of Art Murray's with 832. Art Murray's took high single for teams with Three Moose taking high triple honors with 3158.

## LAST NIGHT'S FIGHTS

By The Associated Press  
LOS ANGELES — Jose Luis Cortero, 121½, El Paso, outpointed Tommy Umeda, 122, Los Angeles, 10.

SACRAMENTO, Calif.—Freddie Herman, 135½, Los Angeles, and Cisco Andrade, 135, Los Angeles, drew, 10.

MIAMI BEACH, Fla.—Brian Kelly, 137, Niagara Falls, Ont., outpointed Irish Billy Murphy, 130, Brooklyn, 10.

## Angels Rehire Stan Hack

LOS ANGELES (AP)—Stan Hack, who has piloted the Los Angeles Baseball club for the last three years, was rehired today to lead the Angels for the 1954 Pacific Coast League season.

Hack's club was a surprising third-place finisher in 1953, despite so-so material. He led the Angels to third place in 1951, sixth in 1952.

One of the all-time great third basemen with Chicago Cubs, Hack retired in 1947 and served as pilot of the Des Moines team in the Western League in 1948 and 1949. He managed Springfield of the International League in 1950.

Los Angeles has acquired 11 new players since the close of the 1953 campaign.

On the basis of a 1953 population figure of 10,488,000, Holland has 838 inhabitants per square mile.

## Lopat, Spahn Top Pitchers

NEW YORK (AP)—Eddie Lopat, who made one of baseball's strongest comebacks, captured two of the American League's most coveted pitching honors for 1953—earned runs and winning percentage.

Statistics compiled by AP showed today that the 35-year-old New York Yankee left-hander paced the American League with a 2.43 earned-run average. He permitted only 48 earned runs in 178 innings.

Lopat won 16 games and dropped only four for a winning mark of 800—topping it, off with a world series victory over Brooklyn in the second game. Eddie is the first American League pitcher to lead in earned runs and won-lost percentage the same year since Spud Chandler did it in 1943.

In the National League, Milwaukee's Warren Spahn, another southpaw, was the circuit's earned-run leader with a 2.10 mark, the lowest since Howie Pollet compiled the same average with St. Louis Cardinals in 1946.

Spahn allowed 62 earned tallies in 266 innings. He won 23 games and lost seven for .767. Brooklyn's Carl Erskine was the top man in winning percentage with .769, on a 20-6 record.

Chicago's Billy Pierce was runner-up to Lopat in the American League with a 2.72, and Virgil Trucks, also of the White Sox, was third at 2.93.

Robin Roberts of Philadelphia Phillies, a 23-game winner, was second in the National League with a 2.75 followed by Bob Buhl of the Braves with 3.00.

### Cut-Rate Mechanical Heart Being Adapted For Humans

By ALTON L. BLAKESLEE  
Associated Press Science Reporter

CHICAGO (AP) — A cut-rate mechanical heart costing only \$190 was described to the American College of Surgeons.

It pumps only 10 per cent of the normal flow of blood. But that apparently is enough to keep a person safely alive long enough for surgeons to open his "vacationing" heart, free of blood, to repair defects in it.

This pump, a common commercial type, has been used successfully on dogs, and is being adapted to humans. It was reported by Drs. Morley Cohen and C. Walton Lillehei of the University of Minnesota medical school, Minneapolis, in a paper prepared for delivery to the college.

Mechanical hearts and heart-lung machines have been used successfully on a few humans, but these machines are costly and complicated.

The new idea is based on discovery that the dogs can be kept alive, without harm, for up to 30 minutes with a pump circulating only 10 per cent of their blood.

This presumably is also true for humans. The artificial heart would have to pump only half a pint to a pint of blood a minute, instead of four to 12 pints as the living heart does or present mechanical hearts do.

In dog experiments, the main veins bringing blood to the heart are clamped off, Dr. Cohen explained. A special plastic tube thrust through these veins draws off about 10 per cent of the blood collecting there.

The little pump pulses this blood into one portion of one lung, and collects the refreshed blood from a vein in the lung. Then the pump sends the fresh blood into the artery system of the body.

The entire living heart is bypassed.

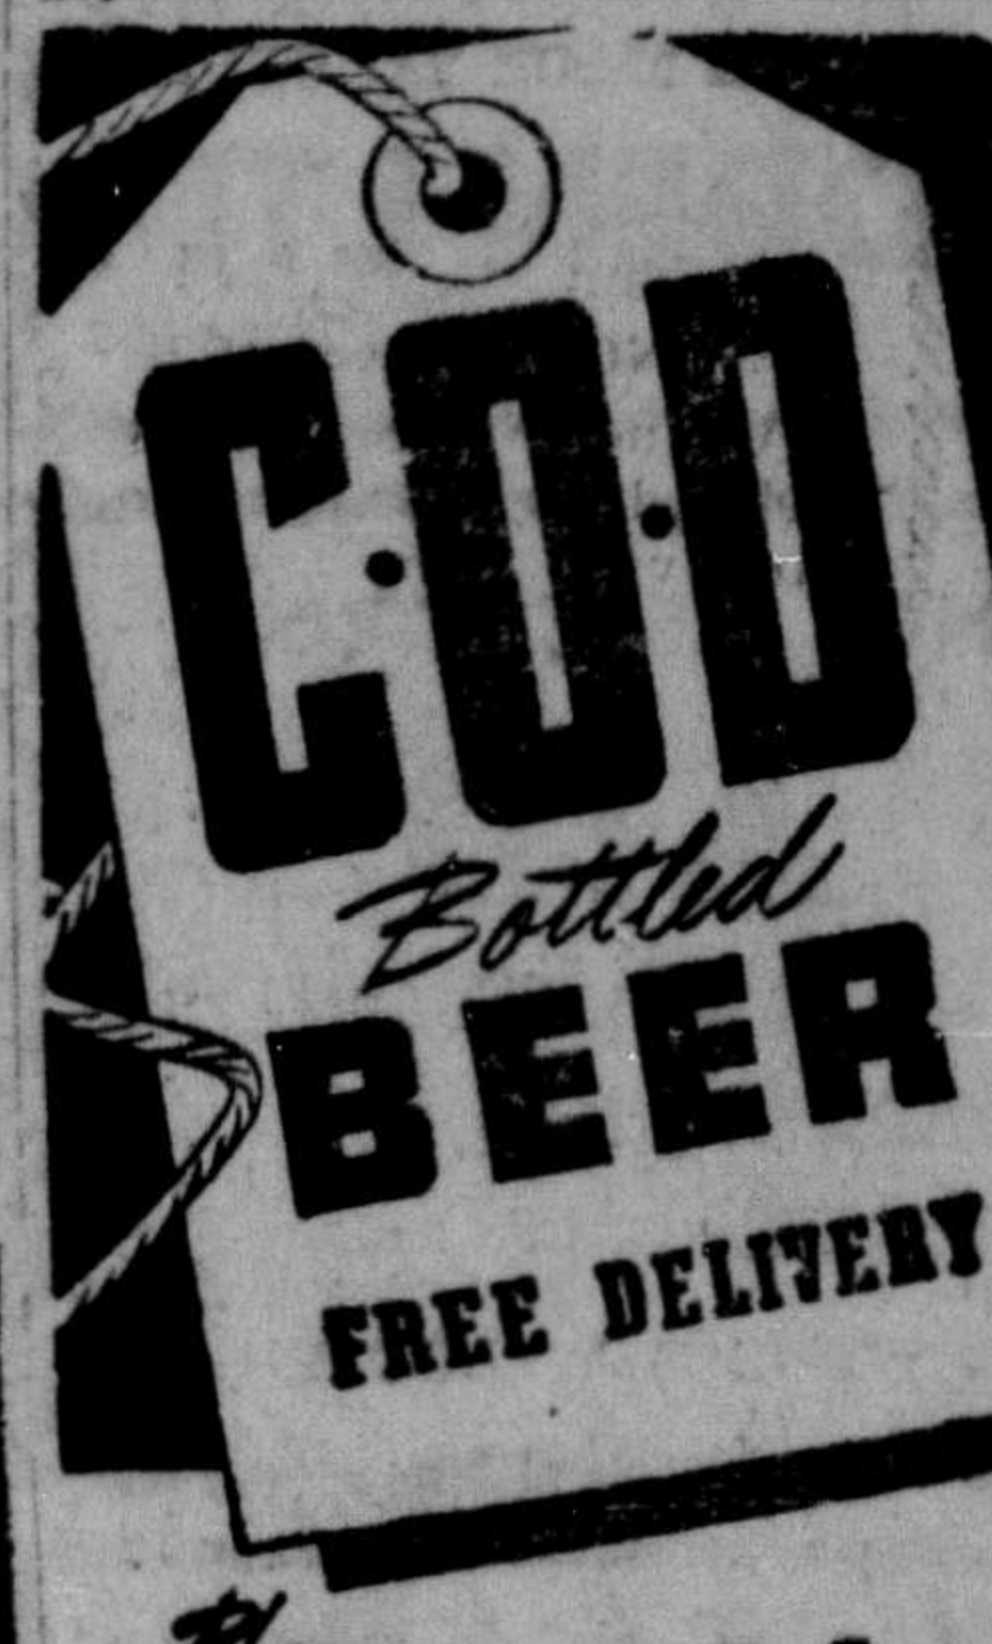

This artificial heart succeeded in 90 per cent of 63 dogs. Their hearts could be opened up, without hurry, so surgeons could see defects and repair them.

#### ELMORE PHILPOTT

(Continued from Page 1)

that which permits an Indian to consume beer like anybody else in pubs or to drink hard liquor like anybody else in cocktail lounges, but not to buy any alcoholic drinks at the government's own liquor stores.

This strange feature will contribute very little to "temperance" but it will still give the Indian a cause for grievance. It may or may not have been a good thing to allow Indians to drink alcohol like anybody else. But when B.C. long since outlawed the camel it is just plain silly to choke on the goat.

\*\*\*

I hope B.C. never permits the fool custom which they have now in so many parts of the U.S.A. where liquor is not sold in rooms with the lights full on—but where the whole room is kept in eerie, blue-light semi-darkness, like something halfway to the infernal regions—except for the lack of warmth.

## CANADIAN BIRDS CRASH INTO BOSTON BUILDING

BOSTON (AP)—Hundreds of small birds migrating south from Canada have been killed in collisions with Boston's tallest buildings, Robert Grayce of the Audubon Society said Sunday. He said the birds, mostly warblers and thrushes, apparently don't judge distances well. A number were killed recently in New York when they flew into the Empire State Building.

## Teaching Plan Set by India As Solution to Unemployment

NEW DELHI (AP)—India hopes to blunt the sharp edges of its staggering unemployment problem with a new government program.

Eighty thousand college graduates who spend their days sniping at the government from coffee house chairs will receive teaching jobs under the central education ministry's rural school expansion drive.

Premier Nehru has pushed this stop-gap program—a small but important start in slashing an estimated total of 1,000,000 educated unemployed—to check a growing drift of idle young intellectuals into waiting Communist arms.

Education ministry officials plan to put 30,000 youths through six-week training courses during the next year and 50,000 more

by 1955. Trainees will get assignments in village areas where no schools exist at present.

For most of the youths entering the plan, village school-teaching is a far cry from the "respectable" white-collar employment they would rather find in more comfortable big city government of business offices.

British rule geared education to the need for English-speaking clerks and government officials. Manual labor, shunned in the first place as a result of Hindu caste ideals, became even more despised by lettered youth. The Indian planning commission has outlined a "new look" for the entire national education system which would confer respectability on working with one's hands.

LORNE GREENE of Toronto, familiar figure in Canadian stage, radio and television, has been signed to play the male lead opposite Katharine Cornell in the Howard Lindsay-Russell Crouse play, "The Prescott Proposals," on Broadway. Mr. Greene has appeared frequently with both the Jupiter Theatre, a professional acting group in Toronto of which he is a founder, and the New Play Society in Toronto.

## B. C. Roundup

Vancouver (CP)—Mr. Justice J. V. Cline Tuesday criticized the B.C. Power Commission for failing to give "active co-operation" to his inquiry into the Whatshan power project disaster.

"I realize now I'm not securing the active co-operation of the power commission in this inquiry," he told Alfred Bull, commission counsel. He made the statement during an argument with Mr. Bull on the second day of the hearing called to investigate two mudslides which hit the power plant on Lower Arrow Lake last August.

Vancouver (CP)—Fines totaling \$1,000 were imposed Tuesday on United Steril-A-Pone Corporation Ltd. and two of its directors for failing to file annual reports under the Companies Act.

The company was fined \$100 and costs on two charges, while the directors were each fined \$200 in each of two counts.

Prince George (CP)—The mother of a four-year-old boy missing for 11 days in this central interior district said Tuesday she feels sure her son is alive.

"I feel sure Ronnie's still alive," said Mrs. Jack Aspinall as weary searchers continued a painstaking search through the dense bush surrounding this city situated on the CNR line to Prince Rupert.

The youngster vanished last month after leaving his home to wait on a downtown street corner for his father coming home from work.

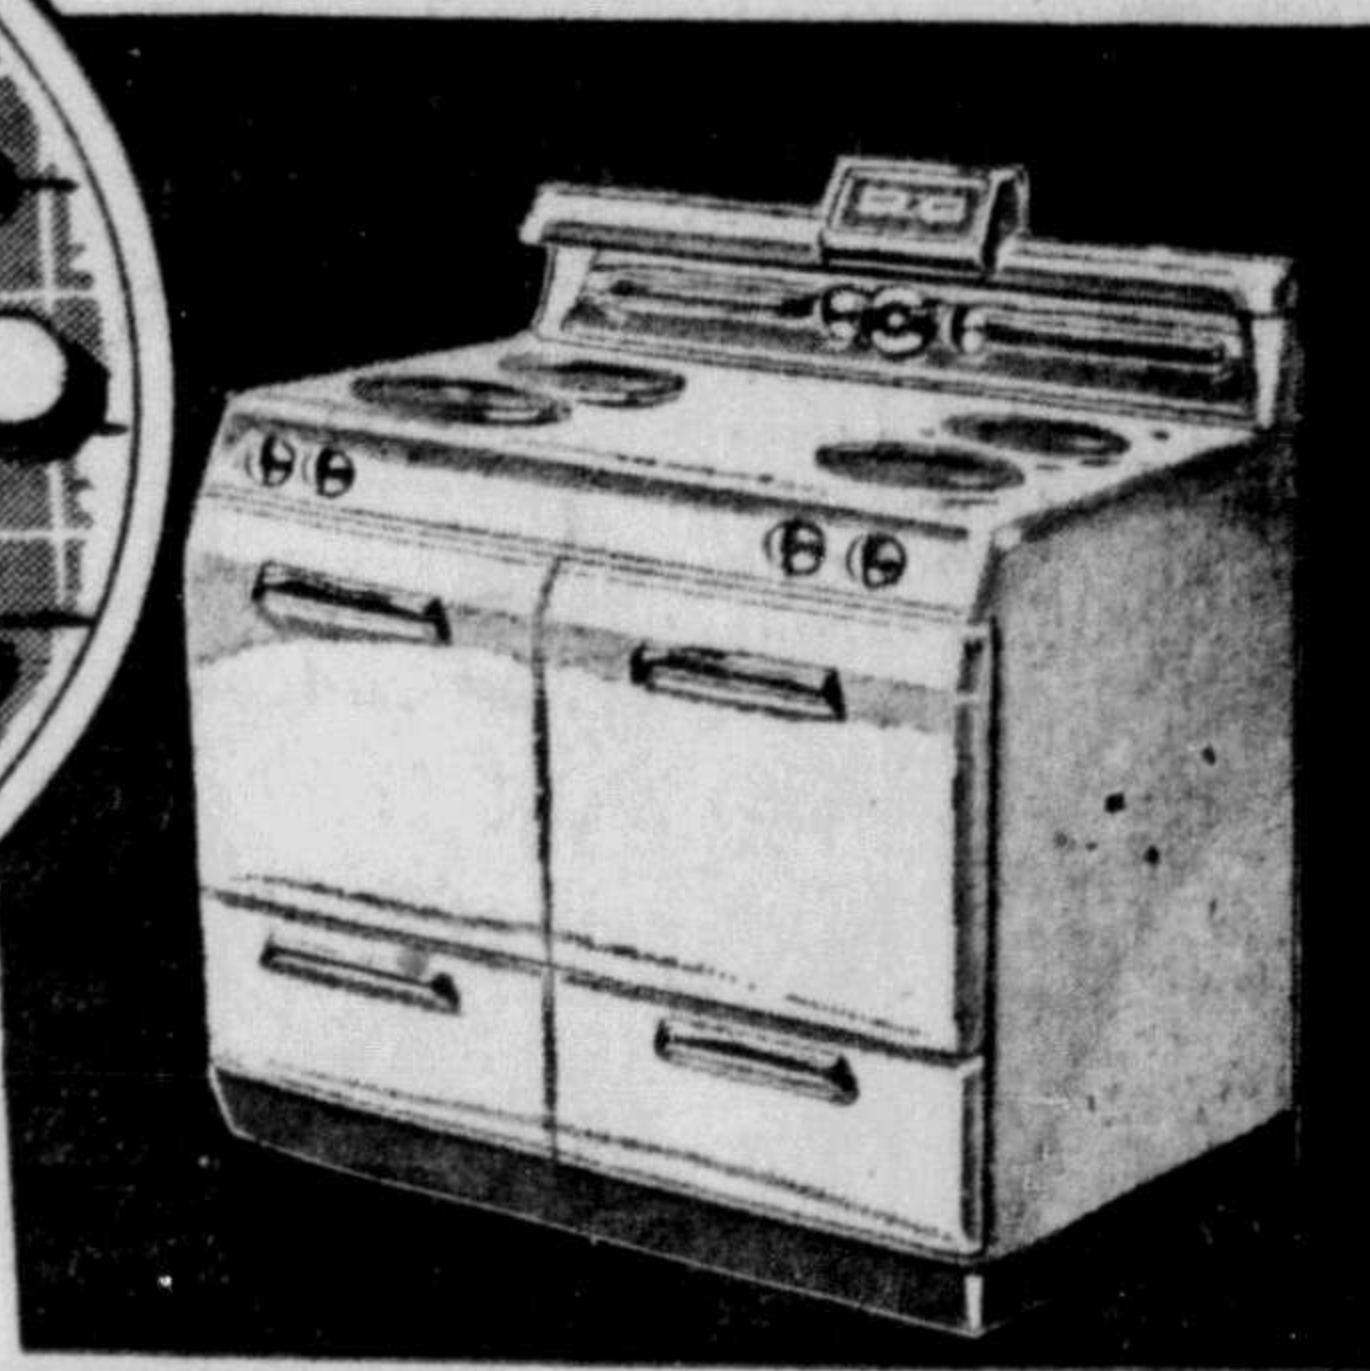

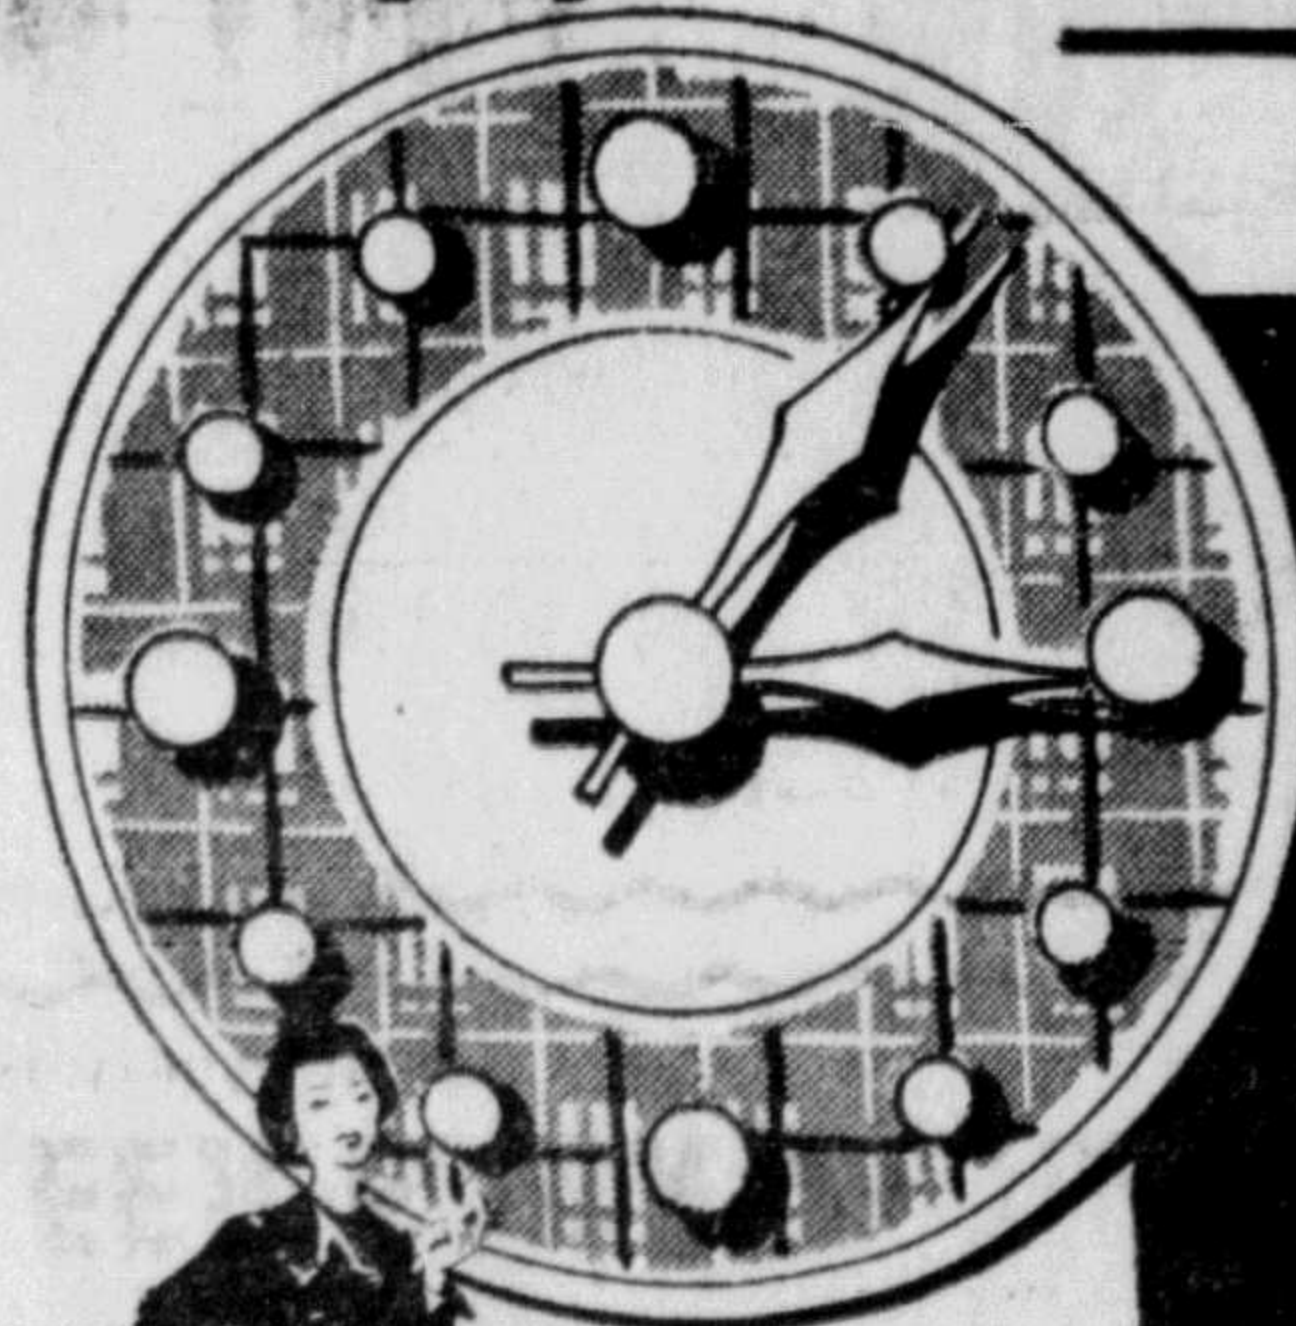

Vancouver (CP)—A steel bridge will replace the ferry over the Fraser River between Agassiz and Rosedale, Works Minister Gagliardi said work on the bridge will begin after provincial engineers have approved a design for the structure.

Vancouver (CP)—Archie Waugh, campaign agent for Health Minister Eric Martin in this year's provincial election, has been reinstated to full membership in the Vancouver-Burrard Social Credit Association from which he was expelled Sept. 9.

The action was taken at the association's annual meeting Monday night, when the membership resolved that "Mr. Archie Waugh be reinstated to full membership without a stain on his character, and with high appreciation for his services."

Mr. Waugh was expelled by the constituency association's president, James Wardrop, on grounds that he "acted against the interests of the Social Credit movement."

## ... enjoy the Hours you SAVE

with a modern

### ELECTRIC RANGE

The modern automatic electric range cuts the ties that bind a woman to the kitchen because it saves hours of the time and effort that go into cooking with old-fashioned stoves.

You'll find so many ways to enjoy those precious hours of freedom from your kitchen that are made possible by a new automatic electric range.

ENJOY "ABSENTEE COOKING"

Clockwork controls will cook your meal automatically while you go on a pleasant outing.

ENJOY THE SPEED OF ELECTRIC COOKING

Just push a button, set a dial and the quick heat starts a meal cooking right away.

Holiday for Homemakers!  
with hours saved by

You'll also enjoy the economy, the cleanliness, and efficiency of cooking electrically; and take pride in the good looks and smart styling of your modern electric range.

## French Launch Big Attack On Red Base

HANOI, Indo-China (AP)—The French high command have announced another daring paratroop raid on a big Vietminh supply base on the Chinese border. This time the target was Coc Lieu, 156 miles northwest of Hanoi, and the French said bitter fighting is under way.

It was the second such attack in 10 weeks on a major link in the Communist-led Vietminh's supply line from Red China. The French on July 17 dropped 1,000 paratroopers who wrecked the Vietminh supply base at Langson, 80 miles northeast of Hanoi.

The surprise attack was on Coc Lieu, directly across the Red river from Lao Kay. The Vietminh repulsed the first attempts to smash their big arms and munitions depots.

The French said a small group of crack Viet Namese paratroopers, probably 30 to 40 men, spearheaded the attack on Coc Lieu. They were backed up by "pro-French local elements," the announcement said.

Their targets were the thousands of tons of war equipment received by the rebels from the Chinese Reds in preparation for the Vietminh's autumn offensive.

NANAIMO (CP)—On exhibition here is a section of a Douglas fir estimated to be more than 1,000 years old. Experts who examined the rings estimated the tree's growth started years before such historic events as the Magna Carta in 1215.

## TANNERS QUITE SUCCESSFUL AT MUNICIPAL ELECTIONS

WARREN, Conn. (AP)—The municipal election in this town turned out all right for the Tanners Monday.

At least it did for councillor Willis Tanner; constable Tanner, his brother; tax collector Herbert Tanner, their father; tax assessor Eldred Tanner, their cousin; and town deputy agent Marjorie Tanner, another cousin.

Collapse of the Quebec bridge over the St. Lawrence river during early construction in 1907 caused 75 deaths.

The Pelly river flows into the Yukon river from the eastern boundary of Yukon territory.
