World Hails Easter Morn

Prayers to Christ
For Salvation From Strife

NEW YORK — Christians everywhere hailed once again on Sunday the resurrection of Christ with fervent prayers that his teachings of peace will triumph in a war-torn world.

In all free countries millions donned their Easter finery for sunrise services and for gay promenades along the world's avenues.

Soldiers in Korea paused in their grim activities to pray that the end would come to fighting there. Pilgrims thronged to Jerusalem at worship at holy sites where Jesus died and rose again from the dead.

Thousands massed in the Eternal City of Rome to receive from the frail, white-robed Pope, his blessings at the world's largest church, St. Peter's, at the Basilica.

Sees CCF In Power

Harold Winch predicts
Socialist Government
After June 12.

VANCOUVER — The three-day annual convention of the British Columbia-Yukon section of the Co-operative Commonwealth Federation ended with a forecast that the CCF will win the provincial general election set for this summer.

"A CCF government will be in Victoria after the June 12 elections," Mr. Winch told 100 delegates.

Until the Legislature dissolved last week, the CCF held eight seats in the 48-seat house.

**Reasons Why Railway From
Squamish to Vancouver Opposed**

By ROY BROWN in Vancouver Sun
Discussions are scheduled between the Pacific Great Eastern and the CPR whereby the latter may take over or, at least, greatly assist the government railway in its water transport freight service between Squamish and Vancouver.

This is a direct outcome of Premier Johnson's decision, reached in Ottawa when he was there in December, that a rail extension of the PGE should be replaced by a plan for a highway.

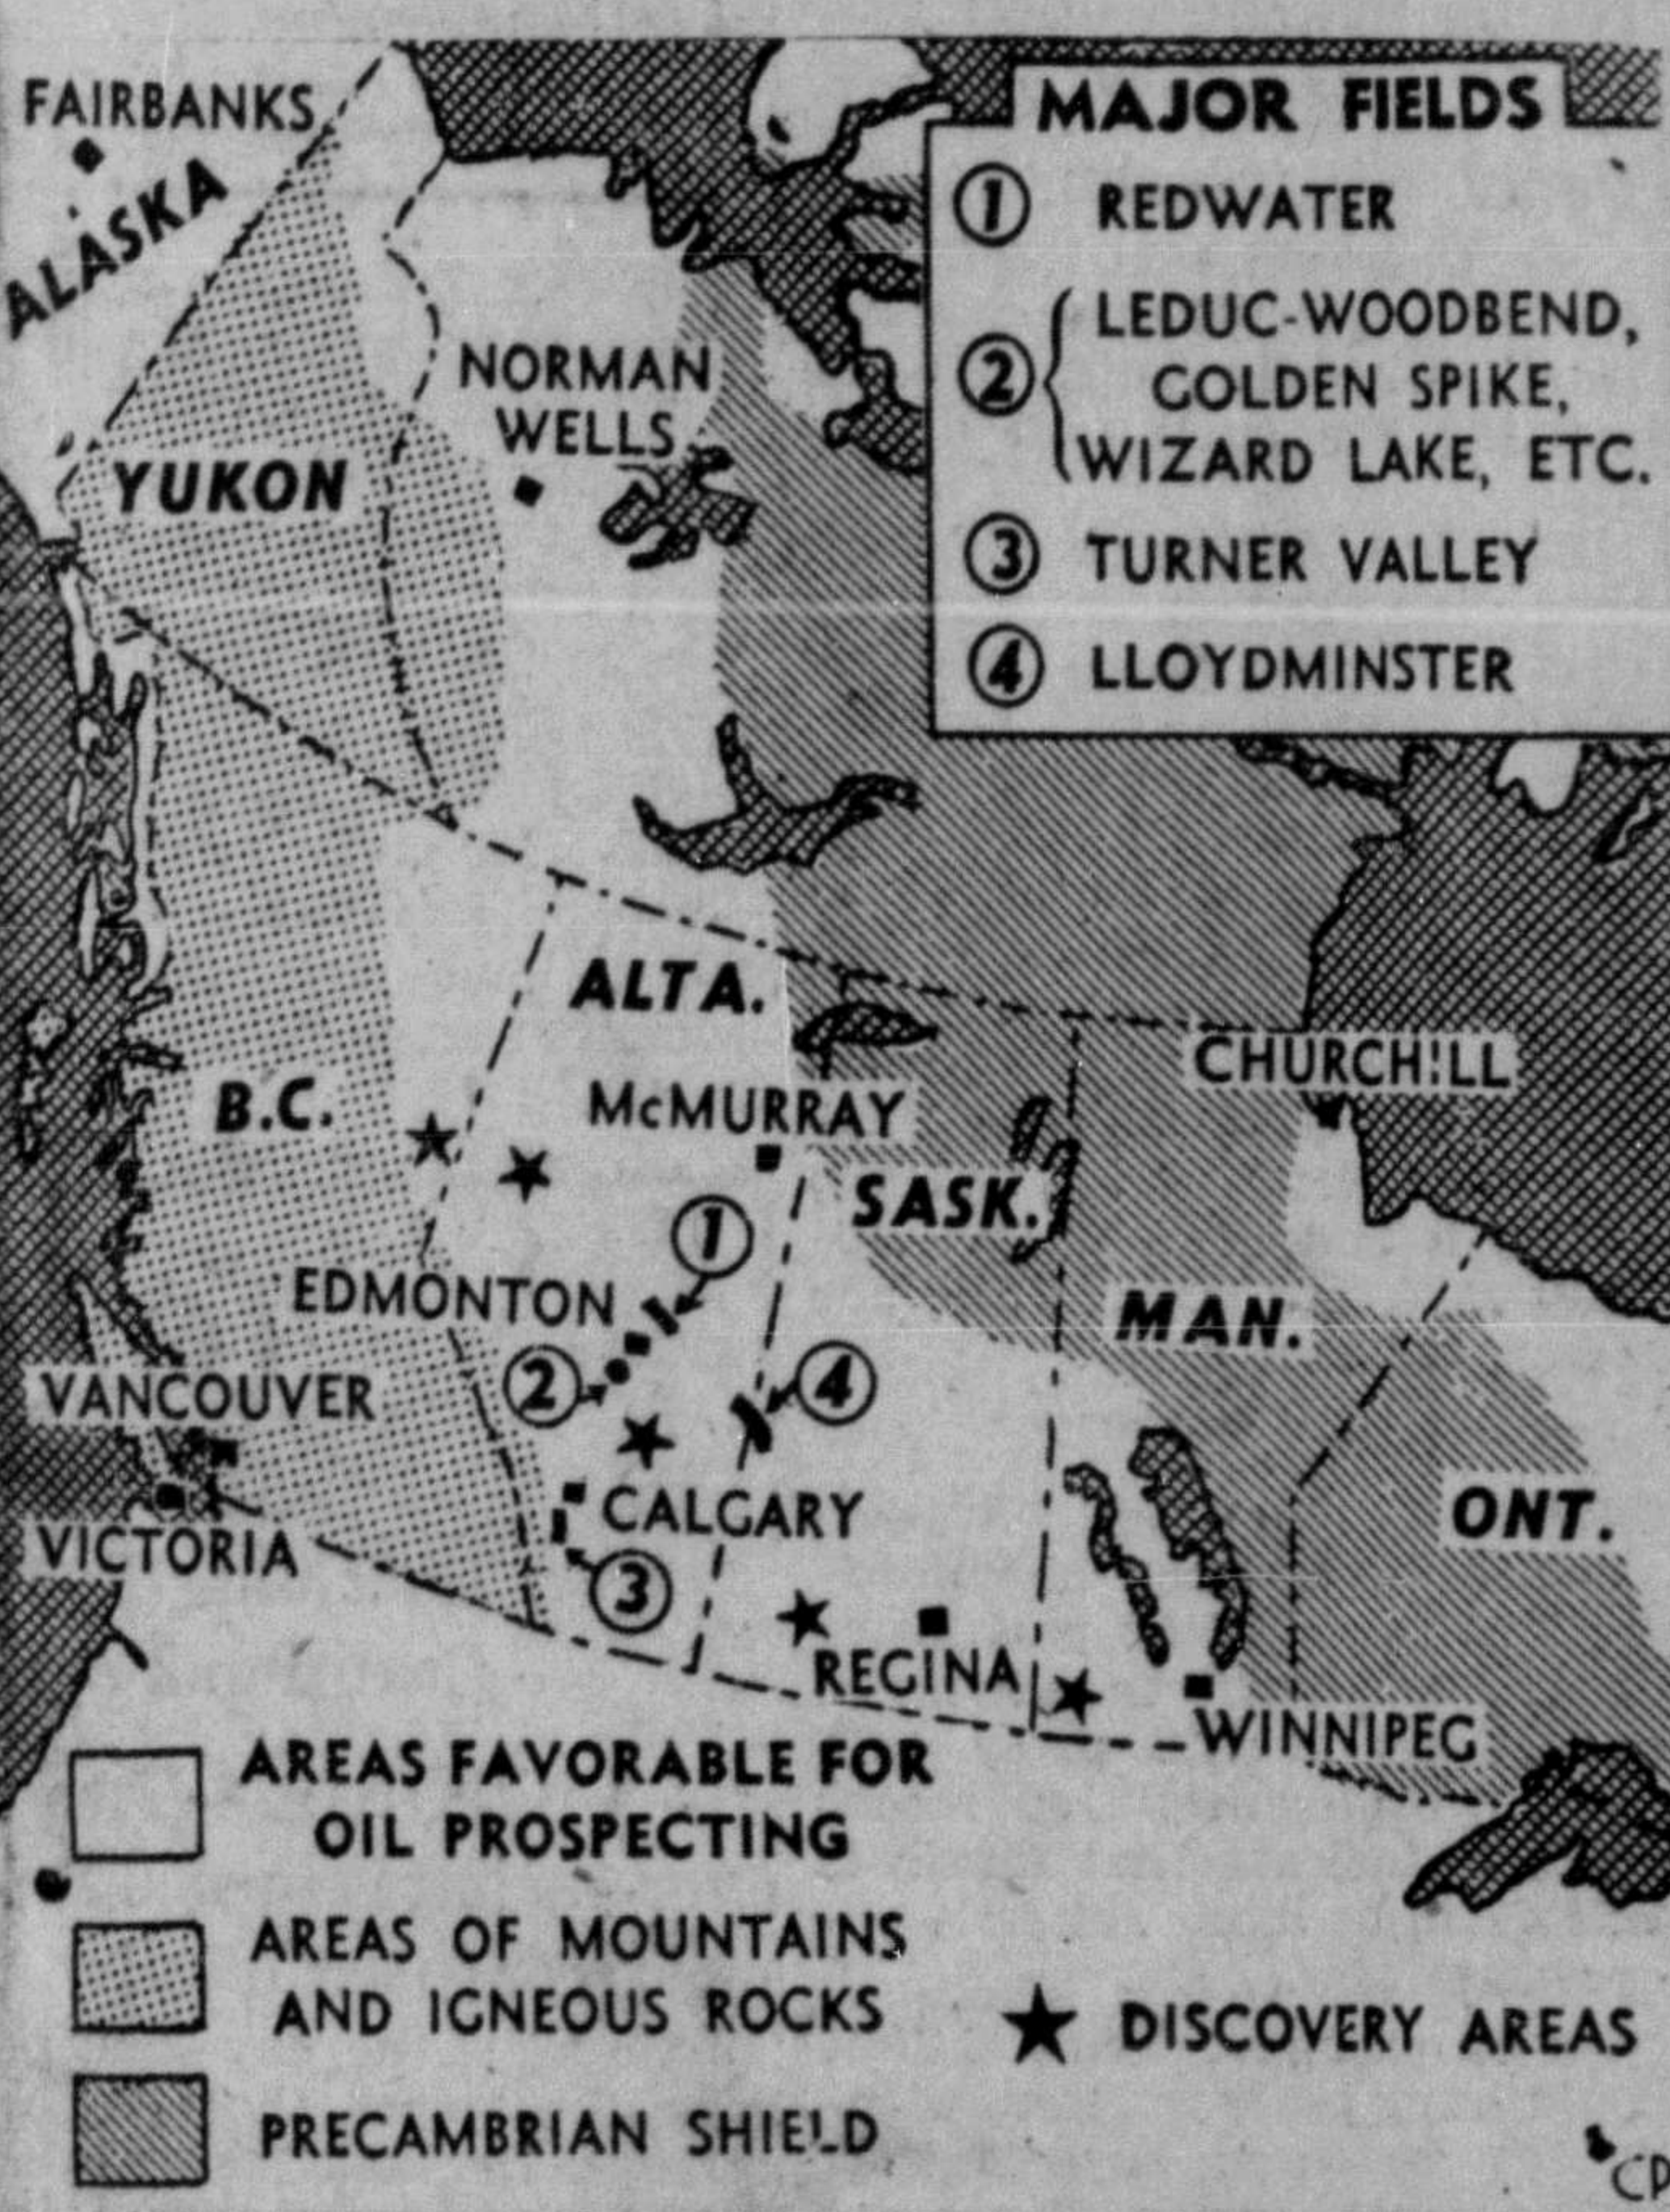

At the Legislative session the whole question was reviewed first by a committee, then in the open House, leaving the issue not quite settled. But one thing was sure: For some time to come, perhaps for several years, the towboat and barge service from Squamish to Vancouver will continue. PGE owns one tug and two barges. The CPR handles twice the number of freight cars daily between this city and Vancouver with a much larger fleet. So the question came up: Would the CPR take over the maintenance and operation of the PGE barge service at an annual tonnage pay basis?

In the background is a very interesting story of negotiations extending over a number of years between the PGE and both transcontinental railways. Both the latter are strongly opposed to the extension of the PGE from Squamish to Vancouver, but for totally different reasons.

These reasons should be fully understood by the people of British Columbia.

For many years the CPR has enjoyed a monopoly of ocean shipping facilities in Vancouver harbor. The entire city side of the waterfront has now been occupied.

To improve the CNR's long-range position, President Donald Gordon has worked out a deal for a vast development of the North Vancouver waterfront. Within a few years the CPR's ocean shipping monopoly will be a thing of the past. The CPR would not greet with cheers a transaction which would give its national rival a direct tie-up

WESTERN CANADA OIL BOOM—The Alberta oil boom, now in its fifth year, and the fast-growing oil industry in Manitoba, Saskatchewan and British Columbia made Canada the British Commonwealth's leading oil producer in 1951 for the first time. Canada replaced British Borneo as the top producer. The Petroleum Information Bureau in London, Eng., reported Canada's output last year totalled 6,500,000 tons compared with Borneo's 5,000,000 tons. This map shows the oil-producing areas in Canada's four western provinces.

**Garage Has
Close Call**

Detection in time and prompt, effective action of the fire department headed off what might have been a serious fire in a west end garage last evening. As it was damage estimated at from \$1500 to \$2000 was done to the Superior Auto and Body Service premises on Third Avenue near the junction with Second and First Avenues.

At 8:10 a woman who saw smoke issuing from the building called the fire department. On its arrival, the stockroom was aflame with smoke throughout the premises. It was just in the nick of time to control flames from reaching inflammable material.

The fire is believed to have started in a washroom near the stockroom.

Stock was damaged and walls scorched. There was also damage from smoke and water.

Owner Otto Quast said he had left the premises at 1:30 p.m.

Corsby New CCF Head

Socialists Draw Up Platform
For Election

VANCOUVER—Joseph H. Corsby, 31-year-old former MLA, was elected president of the CCF for British Columbia at the annual convention which closed at the week-end. He succeeds the veteran Gran MacNeill of Vancouver who was president for two years.

The new president said the party had drawn up a "people's" platform which is a "socialist" platform.

His election as new head of the B.C.-Yukon section of the Socialist party marked Corsby's fourth wedding anniversary.

He was CCF member of the Legislature for the Peace River from 1945 to 1949. Now manager of the B. C. Fishermen's Credit Union, he lives in suburban Burnaby here.

Frank Mackenzie of Vancouver was elected vice-president.

THE PLATFORM
The platform calls for non-sectarian schools, a reduction in hospital insurance premiums, abolition of co-insurance and lower automobile insurance.

In closed meeting, the party pledged itself to roll back the hospital insurance premiums to the 1951 levels of \$21 for single persons and \$33 for married.

The delegates passed with little discussion such basic Socialist planks as nationalization of public utilities and returning mineral and forest rights to the crown.

Harold Winch, the party leader, told the delegates that oil has become an important natural resource in the province and has to be considered seriously along with other natural resources.

The party's Labor platform included revision and simplification of conciliation procedure.

The present forest management licence system, which places forest management in the hands of a few large corporations, will be reviewed with the object of placing control, management and operation under provincial control, the program says.

City Goes To Church

Largest Congregations in Years Seen Here

The large numbers in which Prince Rupert people flocked to church on Easter Sunday indicated that the resurgence back to prayer and worship is being recorded here as elsewhere in the Christian world.

Local pastors told the Easter story of the crucifixion and the resurrection and applied its spirit of hope and divine promise fulfilled to the needs of today's troubled world.

Sermons were accompanied by special music. Beautiful floral adornments were featured in the most of churches.

Congregations were generally reported to be the largest in years, heartening pastors who hoped they would be sustained throughout the year.

ple of Europe. This was decided upon as a worthy activity at the monthly meeting of the chapter last week in Civic Centre with the regent, Mrs. G. P. Lyons, in the chair.

The meeting said farewell to one of its popular members, Mrs. Martin Van Cooten, who is leaving the city soon to take up future residence at Ocean Falls.

At the close of the meeting members of Cambrai and Queen

Mary Chapters joined to hear an interesting address by Mrs. Fred Antrobus on the work of the Cancer Society.

First prize in a stocking raffle was won by Mrs. E. E. Yager with ticket No. 318, and the second prize was won by Dr. Hector MacDonald.

Who owns the Nickel Company?

"It's this way, son. Suppose you want a bobsled but haven't enough money to buy one. But you and Jack and Tom among you can raise the necessary cash. So you buy the sled, and all go coasting together. "Well, no one person owns the Nickel Company. It's owned by a great many people. Each owns a certain share."

"Do you have to be rich to get a share?" "No, the Company is owned by many people like Doctor Smith and Mrs. Munroe, and the grocer and the street car conductor. No one owns more than a very small part."

"Have you a share in it, Dad?" "No, son—but yet, in a way I have a share, too. I own life insurance to protect Mother and you. The money I pay to the insurance company each year is invested in many things, including shares in the Nickel Company. So actually Inco is owned by most everybody."

BLACKWOOD on Bridge

By EASLEY BLACKWOOD

Here's a Garden Variety Squeeze

My mail indicates that most bridge players consider squeezes the most interesting and the most difficult of all plays. In the next few columns I'd like to take some of the mystery out of these plays and help you to recognize them in actual practice.

In the first place, in order to be proficient at squeeze plays in a practical sense, you don't have to be able to see every one that comes up. The fact that you miss an occasional laydown slam doesn't mean you are a weak slam bidder.

The point is that there are all kinds of squeezes. There are the exotic types which are used in most bridge problems and which appear so seldom in actual play that learning about them would be of relatively little practical value.

Then there are the common, garden varieties which will come up several times in the average evening's play. These are not so hard to see or to execute as long as you know what you are looking for.

Today's hand is an example of the latter type. Miss Brash was playing six spades and of course she has to be an expert on squeeze plays to make some of the contracts she gets into.

Mr. Champion led the king of diamonds and shifted to the queen of hearts when he saw the dummy. Miss Brash won the second trick, then cashed all her spades and then the queen and king of clubs. Now see what

Detroiters Win Again; Canadiens Now 3 Down

DETROIT (CP)—The power house Detroit Red Wings, galloping at a goal-a-period pace, whipped the Montreal Canadiens 3-0 here Sunday night to take their third straight victory in the best of seven Stanley Cup finals. They did it with a finesse that tickled 14,018 Easter night fans.

It was the Red Wings' second victory of the week-end. They defeated the Canadiens 2 to 1 at Montreal Saturday. The stage is now set for the Wings to wrap it up in the fourth game here Tuesday.

Gordie Howe, National Hockey League's leading scorer, who had not clicked in six previous games, went out last night for a two goal production effort that broke the back of the hard pressed Canadiens. He scored in the first and third periods. Line mate Ted Lindsay notched the other, a 65-foot fluke shot that astonished everybody in the arena, including 26 year old left-winger himself.

SATURDAY NIGHT
Saturday night Ted Lindsay's second period goal, the puck trickling into the net off Montreal Defenceman Butch Bouchard's chest, was all the Red Wings needed to turn back the Canadiens.

The Wings tossed up a rugged display of defensive strength backed by the usual brilliant work of Terry Sawchuk.

Canadiens themselves could not take advantage of scoring chances on rare lapses by the Detroiters.

Close, hard checking highlighted the play through most of the game.

Both teams began to lay on wood heavily at the start and

three times the players went off for welding sticks on each other and for roughing.

THE WORLD RECORD WAY!

Carrying wheat between Prince Rupert and Japan, the Japanese freighter MS Kiyokawa Maru has established a postwar record in the speed and service time between Pacific coast of North America and Japan. Actually, the vessel used 11 days, 15½ hours on the outward voyage (Kobe-Prince Rupert), and 11 days on the homeward (Prince Rupert-Nagoya), totaling 23 days 11½ hours on the round voyage of about 8,000 miles through the Great Circle course, while she used five days, 8½ hours for loading and unloading. This interesting fact appears in the Shipping and Trade News of April 3.

Family Picture Showing Here

Revolving around the life of a typical American family, "I Want You," coming to the Capitol Theatre this Monday, Tuesday and Wednesday, co-stars Dana Andrews, Dorothy McGuire, Farley Granger and Peggy Dow in a drama of emotional appeal.

The action is laid in a small eastern city where the Greers are prominent. Martin Greer, a veteran of World War II, manages his father's construction company, with his younger brother Jack learning the business. Martin is married, and Jack is in love with the daughter of a judge who is head of the draft board.

As war clouds gather in Korea, Jack is called up for service, while Martin finds himself under pressure from his old commander to join him and help build airfields abroad. The reactions of the principal characters to these situations brings about the mounting suspense and interest of the film's story.

Andrews portrays Martin and Granger as the role of Jack, with Miss McGuire as Martin's wife and Miss Dow as Jack's girl. Robert Keith and Mildred Dunlop as the senior Greers and Ray Collins as the judge head the supporting cast, which also includes Jack Milner, Jack Backlund, Marjorie Crossland, Walter Baldwin and Walter Sande.

Tender Theme 'Bright Victory'

"Bright Victory" is a tender theme that is a provocative drama of a blinded war veteran's heroic fight to return to a normal life. "Bright Victory" played against a backdrop of a veteran's hope for a quiet life for an injured girl.

In the leading role, Arthur Kennedy, former Broadway star, offers an emotional portrayal of a man of darkness. Kennedy's performance during the campaign of World War II, played against a backdrop of a man's hope and courage to lead a normal life.

Peggy Dow plays the lead opposite Kennedy. She has the role of a girl who is a war widow. Kennedy, not through his pluck, but through his heart-felt admiration for the girl, turns to society as a blinded man to find a normal life. Kennedy's performance during the campaign of World War II, played against a backdrop of a man's hope and courage to lead a normal life.
