Join The Civic Centre

NTHE WEEK to come, attention will be fastened en an institution in our midst which has contributed more to the pleasure of our community life than any of us can measure. As its president, Bill Stone, has described in this paper, the Civic Centre grew up the hard way. It was a labor of love, but hard work and determination were also there in large measure.

The Civic Centre has succeeded because it is needed. In a city where so much depends on the friendly association of people, it is necessary to have a place where families can mingle and where members of each can find a recreation to suit their age and taste.

The Civic Centre has been able to meet these requirements because first of all it has a spacious building adaptable to many forms of activity, and secondly because the emphasis is on self-organized pastimes. Major events such as the Alaska Music Trail concerts require special arrangements, but the broad policy is to encourage members to devise their own programs, with the Civic Centre furnishing the guidance and the material assistance. This has led to variety in its undertakings and to the important factor of spontaneity.

To survive, the Centre needs members. This is not merely a financial consideration, for the members themselves are the life of the organization and provide it with its range of interests. What is sought, therefore, is an enrolment of active memhers who propose to get as much as they can out of the Civic Centre. In doing so, they will put back into it something much more valuable than their fees, which individually are small.

When the call goes out for members next week, every citizen will find it eminently worthwhile to take heed. This is not an appeal for funds. It is an effort to create still more interest in the Civic Centre so that more may enjoy it and thereby find a fuller and happier life in Prince Rupert.

Moscow Fogs

MORE than half a year has gone by since Stalin

The hopes that the passing of the Great Red Czar would mean a more co-operative attitude on the part Russia have not been fulfilled. True, there were some moves and statements made by the new Number One man, Malenkov, which gave the world real cause to ask:

"Could this really be it? Russia really swinging back to the line that she followed in the period between Pearl Harbor and the death of Roosevelt?"

But then the fogs on Moscow closed in again.

NOW almost seven months after the burial of Stalin we are not even sure of the identity of his successor. Is Malenkov top man, or just temporary front man? Is the Moscow press campaigning against the glorification of oneman rule, because there is, so far, no one man in control?

We do know that Beria, was Number Two among the pallbearers of Stalin's casket is now officially branded as arch-traitor. But we do not even know if he is alive, nor if he is dead, whether he is in prison, and where.

All that we do know, for sure, is that the life and death struggle for mastery started sooner between Malenkov and Beria than it started between Trotsky and Stalin when Lenin died.

A FEW DAYS ago the front pages of all western newspapers carried sensational rumours to the effect that Beria had escaped and had been seen in Persia Turkey, Switzerland, Spain, Argentina or Mexico. The true SHORTER HOURS purpose of this crop of fakes, disguised as news, was probably to on strike at Timmins and 2,000 keep Senator Joe McCarthy's at Noranda, Que., to back deis where the hoax originated.

ure of the whole business was strike since July, others walke that the government in Moscow out more recently as the United Any other government on earth would have issued some terse, factual statement to debunk the Minister Helps McCarthy publicity plants. AllAboard

By G. E. MORTIMORE

Marilyn Monroe, Esther Williams and Jane Russell are the wrong shape for the United States army. They don't conform to the ideal measurements set forin in the good grooming manual of the Women's Army Corps.

The army measurements are based on the size of the wrist To calculate the bust of the well-designed WAC, multiply the diameter of the wrist by 51/2, to calculate the waist, multiply by 41/2 . . . and so it goes. They never had any interesting artitumetic like that in the school text books. All they had were dismal question. about how much work A and B could do in a day. Anyway, M. Monroe,

iams and J. Russell are too big in the bust, thighs and hips and too small in the waist, it

There are two possibilities. Either semeone blundered and get the WAC measurements mixed up with the dimension of the standard army mule; else the blueprints for lady soldiers were drawn up by WAC colonel who used to be weight-lifter in civilian life.

You can be sure that those specifications were not worked out by a man.

Examine the picture hanging above the pillows of 1,000,000 American and Canadian diers. Is it a copy of a 14th century Belgian master? Is it portrait of a thick-waisted riflewoman, measured by the Royal Canadian Engineers and found correct in all her dimen-

have seen a number of good-looking army, navy and air force girls. But when the women's forces are mentioned, the image that leaps into my mind (and I wish it would leap out again) is that of a gnarled female NCO or officer with a gravel voice, a moustache and a build like a tank.

Some creature of this type must have had a hand in planning the size and shape of WAC's.

Perhaps the army admit girls who are different from the standard shape (just as it recruits men who have let their hair grow too long) then whittles them down to size. At the manning depot, or womaning depot, a grim-looking WAC sergeant struts down the ranks, grinding out orders like

"All right-you, you and you -Williams, Monroe and Russell-down to the beauty parlor and get some 'o that there padding massaged off yer 'ipsand on the double, see? We don't want no Miss America cuties around 'ere, and you better get that into yer peroxide blonde 'eads, you !&"::!;

bunch of (& % & 1/2 %!" To settle this question in a hurry, just ask the nearest group of male soldiers who they would rather have as a sergeant-major-Marilyn Monroe of the one they have now.

Power Steering*

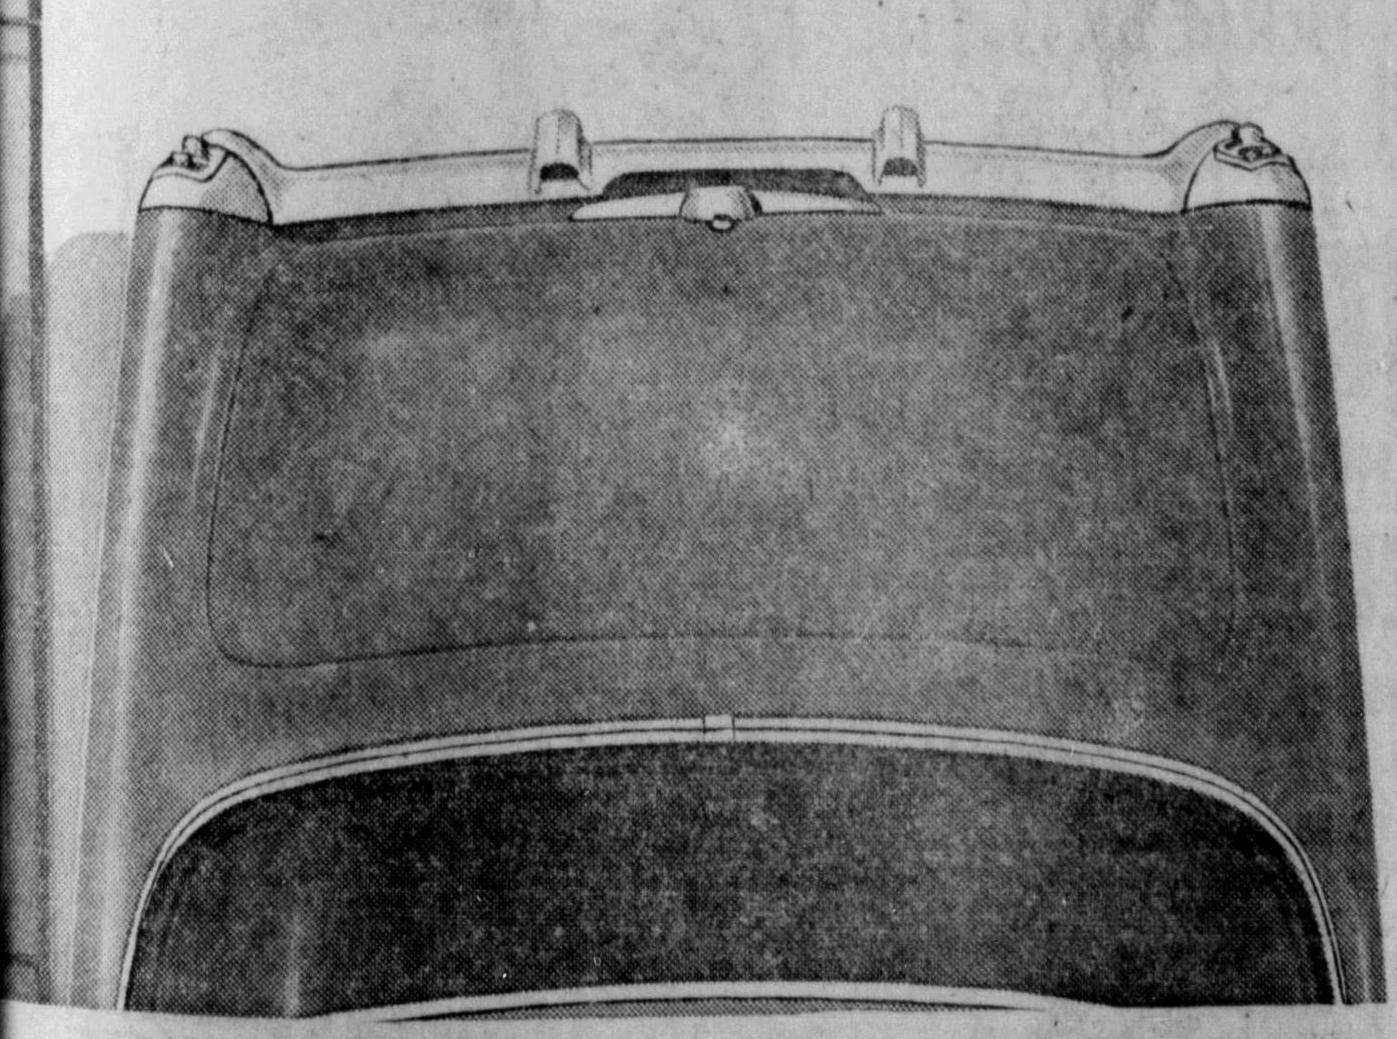

NOW AVAILABLE ON

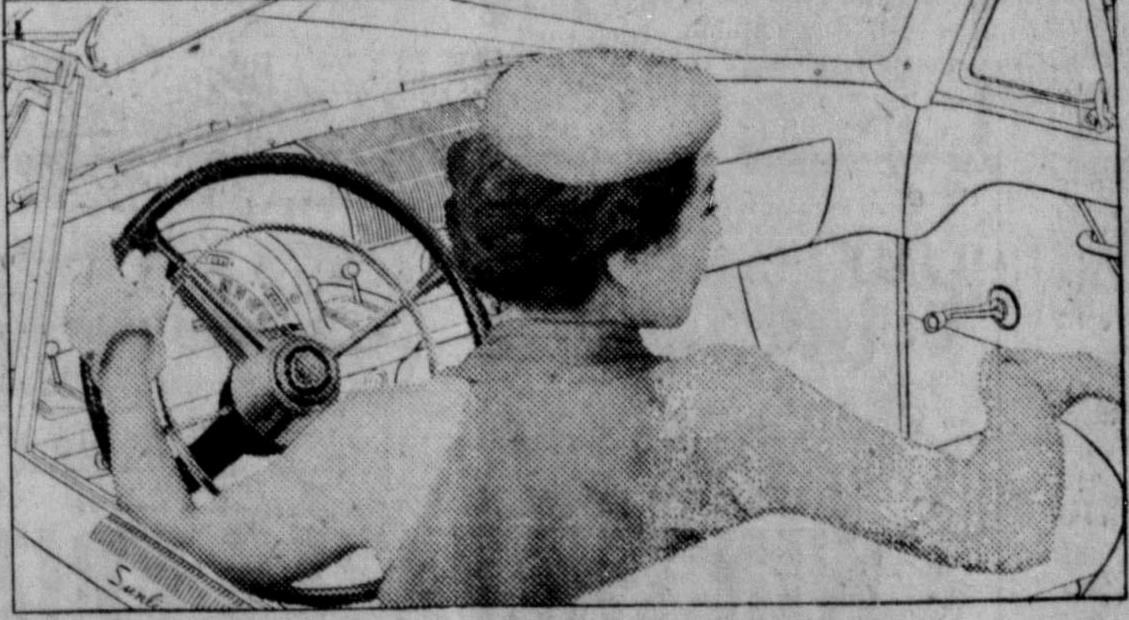

FORD Hileteor.

MERCURY Monarch

LINCOLN

* Power Steering, Automatic Transmission, Overdrive, white sidewall tires and chrome wheel trim rings are optional at extra cost.

COMPARE THE "FEEL"

COMPARE THE PRICE-

Next to the V-8 mend, it's the outstanding motoring development of the year! It's Power Steering*... in demand everywhere because it makes parking a "breeze"—helps take the hazard out of blowouts and rutted roads—supplies the steering "muscles" while you just guide the car.

And again Ford of Canada leads in meeting Canadian demands—with the newest and finest Power Steering system—now available on all Ford and Meteor, as well as Mercury, Monarch and Lincoln models. Model for model, price class for price class, IT COSTS YOU LESS THAN ON ANY OTHER CAR!

And price is not the only difference in your favour! Here's why: Ford of Canada Power Steering has a more natural "feel" than other, earlier systems. You don't have to change your driving habits. You will feel completely at ease from the moment you take the wheel, because this advanced Ford-engineered Power Steering is the very latest "Linkage Type" design that not only supplies up to 75% of the effort needed to turn the wheels—but at all times preserves the vital "feel of the road" that gives you complete driving control and safety. When parking, you can easily turn the wheel with one finger, even while the car is standing still! If you go off the pavement onto a rough, rutted road or a soft shoulder, automatic "muscles" keep you on a steady course. And should the system ever lose its power (that's unlikely!) the standard steering will operate just as usual.

First—and still unmatched—with V-8 power in the lowest price field... outstanding in driving ease with your choice of Automatic Drive*, Overdrive* or Synchro-Silent standard shift in any model... and now first again with the newest and finest Power Steering at the lowest price... it's no wonder today's Ford of Canada cars lead as First in Value! Before you buy any car, see your nearby Ford-Monatch Dealer or Mercury-Lincoln-Meteor Dealer. Try out all these great advancements for yourself. Compare prices, too... see how much you save!

Another FORD OF CANADA 18's

MEETING

BOWLING ALLEYS

Wednesday, Oct. 7 - 8 p.m.

BROOKLYN .- It's often a short hop from the role of "hero" to that of 'goat"-and vice versa-in the world series.

Ask Carl Erskine: On Wednesday, Carl gives up three walks, two hits and four runs to the Yankees in the first inning and he's not permitted to start another. He's sent to the showers where later he dejectedly remarks: "I was wild couldn't control my fast ball

On Friday, Erskine is the toast of the diamond world, winner over the Yankees, 3-2, on a masterful pitching performance and new all-time strikeout king of the world series with 14, "My overhand curves were breaking in there pretty good," he said. Ask Mickey Mantle:

On Thursday, Mickey, the Golden Boy of the gold-plated Yankees, smashes a two-run homer in the eighth to give New York its second straight victory. 4-2.

On Friday, 24 hours later, the same Mickey Mantle strikes out four times in succession, looking foolish In his wild swings at Erskine's benders.

Ask Gil Hodges: The No. "goat" of the 1952 world series hitless in 21 appearances, pathetic, frustrated figure who keeps mumbling to himself: "Heaven help me! I don't know what's the matter."

Now 1953, six hits in 10 times at bat for Hodges, batting .600 and sharing the leading hitter role with Yankees' Bill Martin. "Feel great," says Gil, "I'm loose

Bill Ezinicki Leads Golters At Cape Cod

HYANNIS, Mass. 9-Hockey paign, without any one winning player Bill Ezinicki, who doubles as golf pro at the Lynnfield, Mass., Colonial The Alex Delvecchio-John Country Club, is in a tie for low gross best-ball honors in the Cape Cod Indian Summer professional golf touranment.

Ezinicki and amateur Mel Demarais of Portsmouth, N.H., tion, rather than shifting back came through with a 66 Friday for a deadlock with two other pairs. The third round is to be Glen Skov and Marty Pavelich played today, and the wind-up represent two-thirds of another is Sunday.

Prince Rupert Daily News Saturday, October 3, 1953

JOHNNY BOWER, new goalkeeper with the New York Ranger of the National Hockey League, is expected to give the Rangers last-place club in the league the last two seasons, a new lease on life. He faces Detroit's Wings in his first game this season Frank Boucher, coach-manager, says the team is "much improved over a year ago."

Washington, Phillies Tied In National Football Opener

GERRY KESSELRING, 24, of Kitchener, Ont., one of Canada's best amateur golfers, has announced he is turning professional and will follow the United States tournament trail for the next two years. His decision was prompted by an offer of financial support and sponsorship by H. W. (Bud) Knight, Jr., Toronto sportsman and financier. Kesselring is the first Canadian golfer to plunge into such a long campaign against the best in the United States.

NEW YORK (AP)-A tie in the United States National Football League is rare. There wasn't one all last year, but with the 1953 season less than a week old Washington Redskins and Philadelphia Eagles already have played one.

The teams battled to a 21-21 standstill Friday night in Phila-

NHL-All Star Game Set For Tonight

MONTREAL (-The seventh annual National Hockey League all-star game goes on tonight in historic Montreal Forum regardless of the vacillations of the buckaroo rookie sensation.

Montreal Canadiens and th league's all-star aggregation will be there, and most likely so will 22-year-old Jean Beliveau, whom Canadiens have tried for three years to bring into the big league fold. It's possible, or course, that big Jean may decide to sit this one out. He'll have to sign to

The 210-pounder, who soared to hockey heights in Quebec and cut a flutter with Canadiens in a three-game, lend-lease deal last season, worked out with the Montreal NHL squad as usual Friday. However, he has not signed a contract, but may before

Proceeds of the game go to the NHL pension society, which already has collected more than \$90,000 net from six all-star games and has assets of close to

BLACKWOOD on

By EASLEY BLACKWOOD

It's Elementary, My Dear Watson

If you remember your Sherlock Holmes, you will recall how angry the great man became when, after explaining his solution of some baffling mystery, he had to listen to his friend, Dr. Watson, say, "How

simple. How very simple." The point is, of course, that it wasn't simple until the good Doctor heard the complete ex-

It is a fact that many apparently fantastic plays are based on the "very simplest kind of ogic. The fine plays I am speaking of are by no means beyond the reach of the casual player, Its just that many players don't bother to think at all If I can save just one bridge layer from that dismal defect -failing to think-I will feel

with the ace.

less. Here was the reasoning. Miss Brash still had the ace of hearts because if Mr. Abel had that card he would have played it on the first trick. Dummy's jack of spades had

won trick two. So Miss Brash must have the king and queen of that suit. There was no reason for Mr. Abel to play the queen of clubs unless it was alone. So Miss Brash has four good clubs left in her hand. Clearly, then, Miss Brash can win four clubs, two spades and
