**BOOK FOR YOUNG FRY** is all wrapped up in this book being presented to the Patroness of Canada Book Week, Mrs. Hugh John Flemming, wife of New Brunswick's premier. The book is written and presented by Dr. Desmond Pacey, U.N.B. professor, is "Hippity Hobo and the Typical of the fare available for young readers at Prince Rupert's public library. Young Book Week ends Sunday and in this city, dozens of youngsters are keeping their fingers crossed pending announcement of the winner of the local book week contest.

## Nine Die In Gales, Snowstorms From Japan To Mediterranean

### Holy Land Shivers, Suez Traffic Slowed

Gales and snowstorms struck from the Far East to the normally-sunny Mediterranean area today, bringing a death toll of at least nine in Egypt and inflicting heavy damage.

In Japan a blizzard blocked roads and disrupted communications in many areas of Hokkaido and the main island of Honchu.

The Middle East was gripped in the onslaught of abnormally-early winter.

The first November snow in Syria's history almost isolated Damascus Thursday night and blocked all major roads. Those in the Holy Land shivered in their tents.

Heavy snow was reported in the mountain areas of Cyprus for the second night in succession. Snow does not normally fall in Cyprus until the end of December.

Alexandria harbor was closed to shipping when a northwesterly gale lashed Egypt's Mediterranean seaboard and the Nile delta Thursday night. Traffic through the Suez Canal was delayed.

The proposed agreement offers the workers an across-the-board wage increase of five cents an hour retroactive to July 1, 1953; two more cents an hour effective Dec. 1, and a final two cents an hour May 1, 1954. It also gives mechanics in two categories three cents an hour more and offers workers an additional "floating" holiday with pay to be taken by the worker at a time suitable to him and the company.

Some 400 members of Local 708 will take part in the referendum ballot following a union meeting at the Legion auditorium Sunday at 7:30 p.m. To enable all shifts to cast their votes, additional balloting will take place at the Metropole Hall between 1 p.m. and 6 p.m. Monday.

In Europe, shipping in the Loire estuary has been paralyzed for 48 hours. France has had night and morning fogs for 15 days and daytime fog for a week, beating a 12-day record in 1951.

Fog delayed early flights today from London airports to Paris, Nice, Brussels and Rome. Incoming services were also held up.

### Ald. Currie Enters Contest

Entries in the aldermanic race in the Dec. 10 civic election were boosted to six today when the oldest active alderman in Canada announced he would seek re-election.

Alderman John Currie, 83-year-old Nova Scotian, left his native province in 1890 to come to Prince Rupert and since then he has served on the city council five times. When the first Prince Rupert council came into effect in 1910, John Currie was one of the first school trustees.

Possessing a wide experience in civic affairs he served on the city council from 1914-16, 1918 to 20, in 1923, for six months before the commissioner, W. J. Alder, came to Prince Rupert in 1936 and on the 1951-53 council.

Also seeking re-election are Aldermen Mike Krueger, H. F. Glassey and George B. Casey.

Two other candidates have announced their intention of running, J. W. Prusky and August Wallin.

In the mayoralty race two men, Mayor Whalen and George Hills, have announced their intention of campaigning.

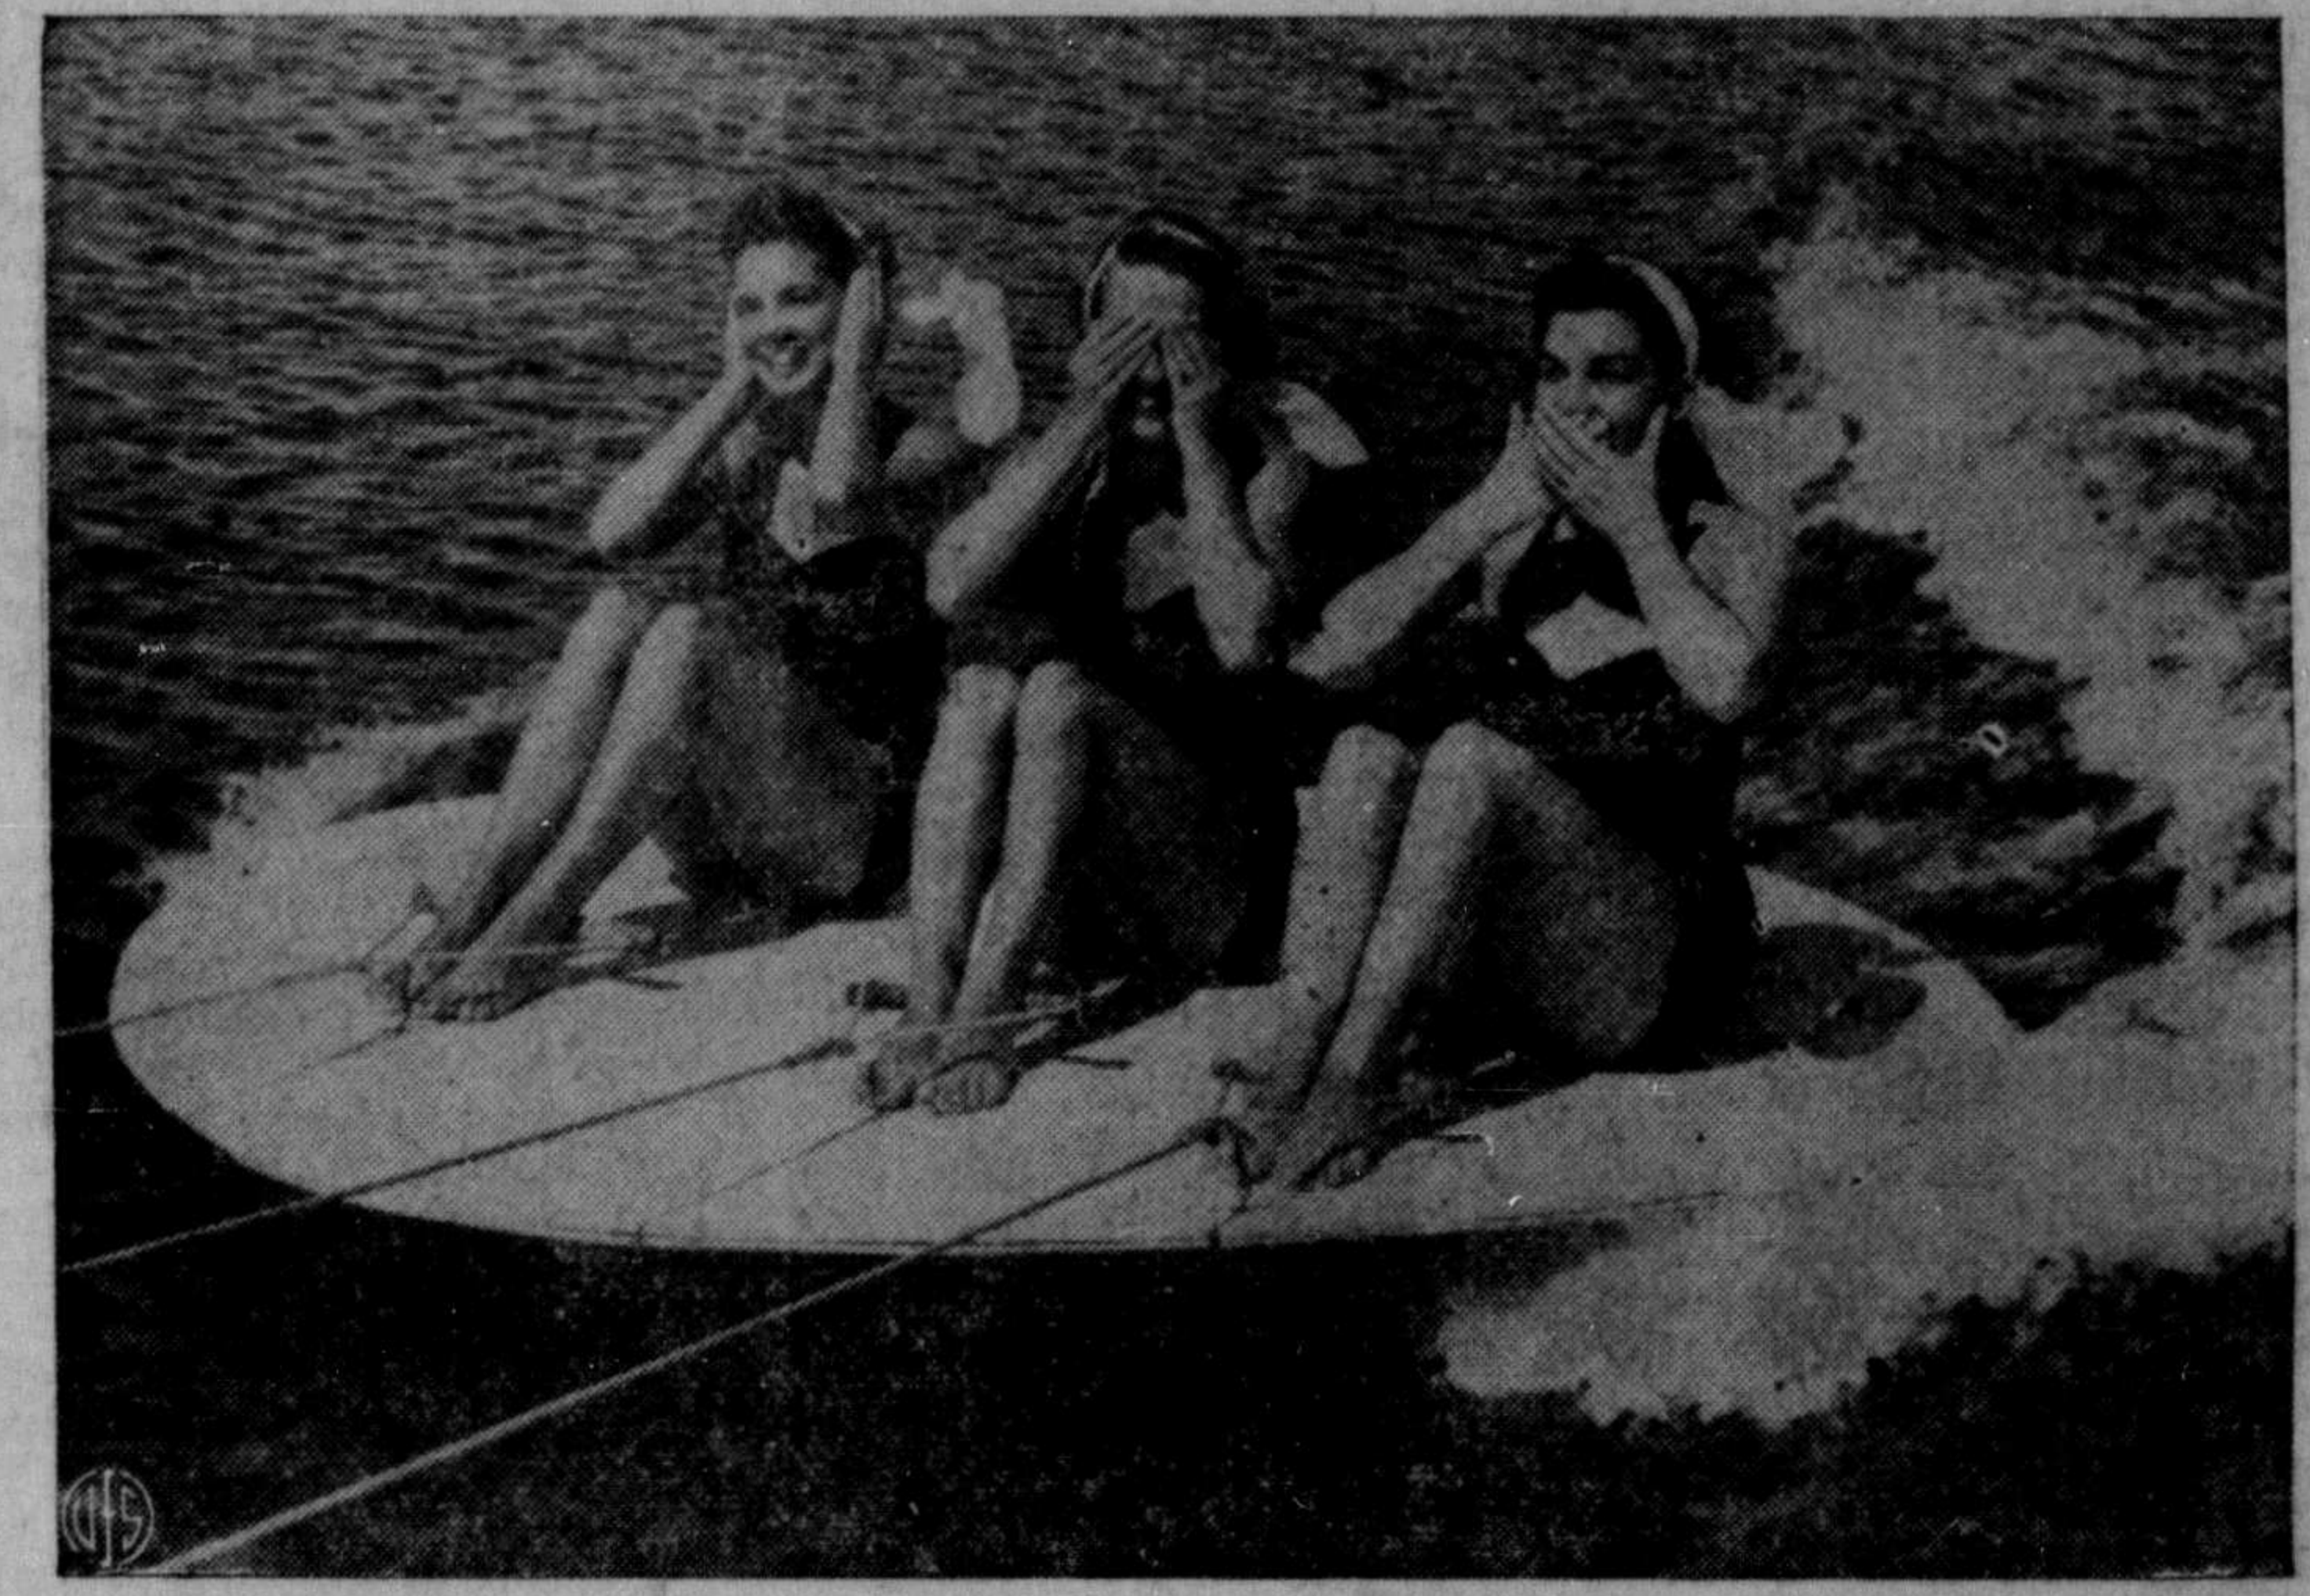

A meeting of the newly-formed voters' organization established along the lines of the former Non-Partisan Association will be held tonight at 7:30 at the Civic Centre. Election of officers will be held and plans for a civic election campaign discussed.

### Telkwa Boys Face County Court Trial For False Alarm

SMITHERS — Two Telkwa youths, one a juvenile, have been committed for trial in county court on charges of sounding a false fire alarm.

They were committed by Stipendiary Magistrate W. H. M. Collison after two eight-day remands, for the offence which occurred in Telkwa on Halloween.

Conviction on a charge of sounding a false fire alarm carries a sentence of one year in jail, with no alternative fine.

THREE GOOD LITTLE GIRLS hear no evil, see no evil and speak no evil as they indulge in light-hearted monkeyshines aboard a moon-shaped water ski on Lake Eloise at Cypress Gardens, Fla. They are (left to right) Shirley Sibre, Rhoda Pickett, and Jean Nathey.

## U.S. Bid For Peace Talks Plan Answered by Red Harangue

PANMUNJOM (AP) — Communist diplomats fired a stream of abuse today at United States ambassador Arthur H. Dean, instead of answering his repeated demands to explain their "fuzzy" plan for neutrals to attend the Korean peace conference.

Dean said the Red "harangue" probably is just a stall until Peiping or Moscow send orders. Dean said today's sub-committee session on composition and site could be written off "as a kind of zero." Another sub-committee working on a starting date reported no progress. However, both are scheduled to meet again Saturday.

The Communist plan calls for non-belligerent powers to attend the conference without a vote on major issues. They apparently abandoned early demands that some non-belligerents have full participation, a plan exactly opposite the United Nations proposal for a meeting of only those countries which fought in Korea.

W. C. R. Jones, manager of the Watson Island plant, said the addition covers all employees who have completed three months continuous employment with the company.

The benefit plan was put into effect at the plant in September, 1951.

A company statement said: "Expenses to the extent of \$5,000 will be made should a case of polio be suffered by an employee, his wife or one of his children."

"This plan already provides free life insurance, accident and dismemberment, sickness, hospital and surgical benefits."

Instead, they delivered a "long, abusive, ill-tempered harangue... and attacked me for being a war-monger, having lack of faith, and trying to postpone the political conference."

"They warned me that under no circumstances was I again to refer to the USSR as not a neutral."

Dean said he answered that

Soviet officers "participated in the interrogation and the obtaining of forced confessions" from Allied war prisoners and Russian experts "were advising your side on military, tank and anti-aircraft matters. Machine-guns and other equipment were captured from your side with Russian lettering."

### TWINS' TASTE IN GLOVES BRINGS RECOVERY OF RING

VERNON, N.Y. (AP)—A girl has recovered a lost ring because she and her twin brother have the same taste in gloves.

Florence Montgomery tried on a pair of gloves in a store last year, intending to purchase them for her brother, James. She chose another article and then discovered she had lost her ring.

James entered the store Tuesday and tried on the same pair of gloves. He found the ring inside.

## Government Has No Plans For Coast Guard Service

OTTAWA — Transport Minister Chevrier said Thursday in the Commons that the government has no plans for a coast guard on the west coast.

He was asked by Colin Cameron (CFP-Nanaimo): "As we are dependent upon the United States Coast Guard for a sea rescue on the coast of British Columbia, has the government any plans for the establishment of a coast guard service on the Pacific Coast in the near future?"

Mr. Chevrier replied: "... I do not think it is accurate to say that we have no service on the west coast. On the contrary, we have two modern life-saving stations on that coast, on Vancouver Island, with two modern boats operating at pretty fast speeds. Then, over and above that, we have a voluntary service covering the whole of the west coast of Vancouver Island. Under the circumstances, I do not think I can answer the last part of my honorable friend's question in the affirmative."

### Youth Pleads Guilty to Car Theft Charge

Bruce Beverly Eliot, 23, pleaded guilty before Magistrate W. D. Vance in police court this morning to theft of the Northland Dairy truck on November 12. He was remanded for sentence until November 28, or sooner. The truck was stolen from Second Avenue and found at Spence's Bridge.

Also in police court William Mutch was fined \$330, costs or in default three months in jail, after he pleaded guilty to being in possession of unsealed liquor, to wit home brew.

## B.C. Man Who Rescued Mountie From Canyon Receives Medal

VICTORIA — The hero of a dramatic and daring rescue in northern British Columbia was presented Thursday with the Bronze Life-Saving Medal of the Order of St. John of Jerusalem.

Ken Carpenter of Vancouver, who was lowered 700 feet down a cliff face on the Rescue River at night to rescue RCMP Constable B. B. McDonald, was presented the medal by Lieutenant-Governor Clarence Wallace at a ceremony at Government House.

On Oct. 9, 1952 Constable McDonald was injured at the bottom of the Nechako River canyon near the Aluminum Company of Canada's Kenney Dam while searching for the bodies of two men who were drowned in the river.

While attempting to scale the 700-foot canyon he fell about 35 feet and broke a leg and suffered other injuries. A rescue crew was forced to work from the opposite side of the canyon due to the nature of the terrain. Despite complete darkness, Mr. Carpenter, a first aid attendant, asked to be lowered down by rope. As he went down rocks falling from above knocked him unconscious for a while. He was repeatedly smashed into the rock wall as he was lowered. On reaching the river bank Mr. Carpenter swam across the 30-foot pool and with medical supplies for the injured constable. Then the two men waited till daylight for a stretcher to be lowered.

## Postal Officials Here Prepare Delivery of Christmas Mail

Postal services are being stepped up into high gear as the Christmas rush draws closer. This is the first year of carrier difficulties are anticipated by postmaster Jack Burgess, providing that full addresses are placed on all parcels, letters and Christmas cards.

Mr. Burgess said that each postman or carrier will be allotted an assistant and it is expected that between 15 and 20 extra persons will be employed to help sort mail for the Yuletide period.

He warned that tomorrow is the last day for posting parcels to the United Kingdom if they are to reach there before Dec. 25. Other deadlines are: U.S. and Newfoundland, Dec. 8; New Brunswick, Nova Scotia and Prince Edward Island, Dec. 10; Ontario and Quebec, Dec. 12; Alberta, Saskatchewan and Manitoba, Dec. 14; British Columbia, Dec. 15, and Prince Rupert, Dec. 17.

The postmaster also pointed out that the rate for Christmas cards, in unsealed envelopes, is two cents, anywhere, provided there are no more than five words of greeting on the card. He said that spot checks are made to ensure that persons don't use greeting cards to send their annual Christmas letter to people they only write to once every year.

To insure that Christmas cards for local delivery reach their destination it is essential that correct street and house number are on the envelopes as the postal clerks will not be able "to give directory service" during the rush period, Mr. Burgess said.

Parcels should not only be tied securely with good string but should be packed solidly inside, he said. The address should be written or printed clearly, preferably on a label, on the centre of the parcel with return address in the upper left hand corner.

The postmaster also suggested that persons with lengthy Christmas card lists avoid the near-Christmas rush by buying large blocks of stamps well ahead of time and thereby save lining up at the wickets.

### Telkwa Boys Face County Court Trial For False Alarm

SMITHERS — Two Telkwa youths, one a juvenile, have been committed for trial in county court on charges of sounding a false fire alarm.

They were committed by Stipendiary Magistrate W. H. M. Collison after two eight-day remands, for the offence which occurred in Telkwa on Halloween.

Conviction on a charge of sounding a false fire alarm carries a sentence of one year in jail, with no alternative fine.

### Civil Servants Get Increases

OTTAWA — Salary increases affecting about 75 per cent of the classified civil servants in Canada have been approved and will become effective Dec. 1.

The civil service commission announcement said the increases, first since Dec. 1, 1951, cover 600 classes of workers and involve about 85,000 employees.

### Rites Held For Legionnaire

Funeral rites were conducted for a member of the Canadian Legion yesterday afternoon in Fairview. The deceased was William Gillespie, a veteran of the First World War and Prince Rupert resident for 25 years who died suddenly Saturday.

Funeral services were held at the Fairview Legion hall. Officiating was Rev. Fred Hardy, assisted by Rev. DeWitt, George Payne, McLean, M. Montgomery and H. Calderwood.

### More Airport Surveys?

IT IS with concern that we note Ted Applewhite at Ottawa has felt obliged to ask the government for further surveys to determine the feasibility of building an airport here.

From where we sit, this appears to mean that the survey completed last summer was too small an effort to prove anything. If such is the case, the government has made a bad ethical bloomer.

The announcement that \$50,000 would be spent on surveying the site at Digby Island came shortly before the federal elections. Giving the government the benefit of the doubt, we assumed it had been determined beforehand that this amount would cover requirements and that an honest attempt would be made to conduct an adequate survey.

But it is beginning to look as if this action was less in earnest than we had hoped. If it was merely a political manoeuvre, we regret to inform the government that the money was wasted. Mr. Applewhite's services to this constituency are valued at considerably more than \$50,000 or any other amount assigned to studying the airport situation.

Had the government frankly snubbed the whole business, we suggest its member still would have carried the riding. Public confidence in him is a great deal more durable than anything the flash of a quick buck can promote.

Admittedly, however, we may be giving in too much to suspicion. Since there is no public knowledge of the survey results, it is conceivable that the work last summer was carried out with the best intention but that difficulties arose which prevented a decision.

It is more reasonable to think that this must be the case. An airport at this corner of Canada has, after all, much more than political convenience to commend it. We want one for our own local reasons, certainly. But there is nothing local about new air routes spanning the Pacific and northern Canada, and that is exactly what an airport at Prince Rupert would accomplish.

### Smithers Boy Scouts Receive Charter From Commissioner

By The Canadian Press  
SMITHERS — First Smithers Boy Scout Troop was presented its charter last week by Jim Blain, field commissioner of the B.C. Provincial Council of the Boy Scouts Association. Close to 80 parents of the 20 Scouts and 60 Cubs watched the formal presentation to W. H. M. Collison, chairman of the group com-

mittee and G. P. Collison, representing the Elks' Lodge. The Elks are local sponsors of the re-organized Scout movement here.

Mr. Blain stressed the need for leaders and assistants for the Scouts and Cubs. He declared it was the boy who suffered if there was lack of leadership.

The charter, he said, is recognition of the Smithers group as an official part of the association in Canada and of the worldwide brotherhood of Scouts. It authorized the sponsoring body to carry out the work of the association, a program of training laid down by competent leaders.

The Scouts and Cubs and their leaders were congratulated for the splendid showing and for the progress made since re-organization in the late spring.

Mr. Collison welcomed the parents, outlining the history of Scouting and declared Scout training served to build character and give the boys a good start on the trip of life.

### As I See It

by Elmore Philpott

### Canada Won't Wait

ONE of the main points made in the Ottawa speech of President Eisenhower was the hope that the U.S.A. would eventually decide to team up with Canada to build the St. Lawrence seaway.

But so far as I can find there is no rejoicing in any Canadian government quarter at this promise of partnership.

Canada has been waiting for the U.S.A. for almost 50 years on this project. So the reaction to President Ike's gesture of hope is a shake of the head.

The top people here in Ottawa hope that the President is right. They hope that even now the U.S. Congress will change its mind. But on this matter all the leading Canadians are from Missouri. They will have to be shown.

UNLESS I completely misread the temper of the people in our government, Canada will not allow this latest expression of hope for St. Lawrence partnership to hold us back if the American cooperation is not forthcoming.

The bulldozers would already have been at work digging the big ditch on the Canadian side of the river, but for the belated hope that the U.S.A. might, at long last, come in on the job. Canada will wait till early next spring, for what you might call a death bed repentance by the U.S. Senate. But beyond next spring—no.

Either the dirt will be flying by next spring—or the fur will be flying.

For if the Americans succeed in stalling this project once again—even by their belated promise eventually to come in and help build the seaway—Canadian MPs of all parties are going to be really boiling mad.

SO FAR as I can find, there is still no real hope among the leading Canadians in parliament that the U.S. Senate will change its mind.

A wisecracker might say "Ike proposes—but the Senate disposes."

President Eisenhower may honestly believe that in the end he can persuade the Senate to agree, but few leading Canadians share that faith.

Frankly, our cabinet ministers would prefer action by the President to clear away the snags and legal difficulties which are holding up the power side of the development.

MY OWN guess is that most of the MPs and cabinet ministers—the most of the permanent civil servants, who are perhaps as important as the others—would prefer to have Canada "go it alone" on the seaway.

This is not because we have so much money that we prefer to put up the whole huge sum ourselves, rather than go 50-50 with Uncle Sam.

It is because we want to demonstrate to ourselves, and to all the world, including the U.S.A. that we are a fully grown nation, able to do big things on our own.

## LETTERBOX

### TERRACE TO PRINCE RUPERT HIGHWAY

The Editor, The Daily News:

This letter is in answer to the letter in your columns from Mr. Dan C. Jonason.

As we operate a five day per week schedule between Terrace and Prince Rupert and run at least ten loads a week each way, we feel qualified to answer Mr. Jonason's letter and put the record straight.

We wish to state that the condition of the highway, at various times, leaves much to be desired but this applies to the whole section of it from Galloway Rapids Bridge to Terrace and not certain sections such as stipulated by Mr. Jonason. We have seen it just as bad on the west end and for as long a time. We know equipment breaks down and that very little can be done when it is raining. Consequently we disagree with paragraph three of Mr. Jonason's letter.

With regards to the amount of equipment at Terrace as compared with Prince Rupert, His Mr. Jonason ever enquired into the number of miles that has to

be maintained from Terrace as compared with that which has to be maintained from Rupert?

If he did, we feel sure he would retract the statement made in paragraph four of his letter. The three times more equipment he speaks about has to maintain six times the mileage.

To conclude may we repeat that this road is not what it should be, but it is definitely not the fault of the personnel directly concerned. They are doing the best they can with the equipment at their disposal. Having heads removed will not improve the highway; a more practical solution would be more and better equipment.

Incidentally, a copy of this letter is being forwarded to the Honorable Minister of Public Works.

## Canadian Soldiers in Korea Make Sure Coming Winter Most Comfortable Yet

IN KOREA — About the only hardship Canadian soldiers will undergo here this winter will be their absence from home.

The forthcoming months will see the Canadians' fourth—and snuggest—winter in Korea. Brig. Jean V. Allard's force will be almost as well accommodated as troops stationed in Canada, will have more amenities and will get better training.

Units have all but completed work on their campsites, more like landscaped parks. The Royal 22nd Regiment's boast even rockwork terraces and stone fences.

### WELL-EQUIPPED TENTS

Floorboards and wooden walls for the platoons' squad tents have begun to arrive and are expected to be installed throughout before really cold weather sets in. Every tent has one stove now, and ultimately will have two. Most will have electric light.

Steel quonset huts with concrete floors house unit headquarters, quartermaster stores, messes and canteens.

Besides completing their own camps and keeping up their training, units also provide details for work on defensive positions.

Everyone is busy and morale is high. This is reflected in discipline. Two minor offences in the Royal Canadian Regiment recently were the first requiring the CO's attention in more than three weeks—unusual in any army anywhere.

One reason given is the troops' interest in their work. They see the pay-off in their own smartness, comfort and amenities.

### RECREATIONAL CENTRE

An example is the brigade recreational centre, Allard's personal conception and his pet project.

The units take turns in providing work details. When completed the centre will embrace a 3,000-seat open-air amphitheatre already used for the brigade boxing championships, a 700-seat 'jumbo' quonset theatre, with added stage and dressing-rooms and a projection booth built on at the other end; an ice-rink bulldozed out of the paddies and watered from a nearby stream; a library-hobby shop-dry canteen likely to be

staffed by Canadian Red Cross girls; a snack bar; a wet canteen uninhibited by military policemen.

First-run movies will have one week runs at the recreational centre, while units will have different feature pictures every day in their own lines.

Apart from routine tactical training, with both day and night exercises, one day a week is set aside for ceremonial drills. The RCR is even doing march pasts in column of companies and the advance of the entire battalion in review order—routine here but special events back home.

Pulp and paper accounts for ten per cent of revenue freight loadings in Canada each year.

**Colorful Fall Bazaar Staged by IODE One of Most Successful This Season**

The red, white and blue colors of the Imperial Order Daughters of the Empire highlighted decor of the Sons of Norway hall yesterday for one of the most successful bazaars of the season in this city.

The hall overflowed with tea-goers all afternoon as women from all over town hurried to the hall to take advantage of the Order's well-known prowess in the bazaar field, buying up wonderful looking cakes, cookies and buns from the well supplied bake table, and aprons, baby clothes, fancy-work, Christmas decorations and gift items and a score of other articles from the other stalls.

A highlight of the event was the opening address by Bruce Brown, MLA for Prince Rupert, who paid tribute to the IODE for its fine work throughout the country, stressing its scholarships, library and other grants to schools, interest in senior citizens and Christmas gifts to needy families.

He also complimented the Order for keeping before the public the role of women in Canadian affairs, noting that women served on both the city council and school board in Prince Rupert and that in British Columbia there was a woman in the Legislature and a lady from this province appointed to the Senate. He hoped that the women of the province would take an even more active part in government at all levels.

Mrs. Joe Ridsdale, regent of the Municipal Chapter of the order here, was hostess for the event, a combined project of all chapters, and Mrs. A. Johnston, team room convener, was responsible for the lovely decorations, which featured red, white and blue streamers on the various stalls, a lovely spray of mums flanked by yellow tapers surrounded by solal leaves on the head table, and smaller tapers with the leaves on the tea tables.

Another feature of the opening adding to the color of the affair was march-on of the color by each of the chapters, to the strains of "Land of Hope and Glory" with Mrs. J. R. Carr at the piano.

Assisting Mrs. Johnston in the kitchen and serving were Mrs. G. P. Lyons, Mrs. A. J. MacDonald, Mrs. F. Hicks, Mrs. W. R. Meighan, Mrs. A. A. Miller, Mrs. H. W. McCormick and Mrs. N. H. Hayward.

At the Parcel Post table were Mrs. R. S. Scherk, Mrs. A. P. McGann and Mrs. W. J. Lineham, while Mrs. W. C. Halliwell convoked the sale of plain sewing, aprons and children's wear, assisted by Mrs. R. G. Moore and Mrs. George Fowle.

Mrs. J. A. McRae was in charge of the Scottish home cooking table while Mrs. H. A.

Green, Mrs. Donald Oakley, Mrs. Wilf Graham and Mrs. Jack Ewart directed sales at the general home cooking booth.

Mrs. Leon Figas and Mrs. F. C. Hill were at the fish pond, surrounded by excited youngsters, and Mrs. Cliff Ham and Mrs. L. C. Griffiths convoked the novelty stall which featured pretty and novel Christmas decorations and gift items.

Cashiers were Mrs. J. E. Tasman and Mrs. Alex Brebner.

The IODE followed up the successful tea with a card party in the evening, at which bridge prizes went to Mrs. C. J. Currie and Mrs. Victor Waiting, and whilst prizes to Mr. and Mrs. Jack Judge.

Special prizes from the bazaar were awarded as follows: Decorated cake Mrs. Doris Teng, candy Mrs. G. P. Lyons, tumblers Miss Evie Rivett, box of apples, Mrs. F. S. Scherk, luncheon cloth Mrs. Thomas Beattie, nylon stockings Mrs. J. Clark, baby set Mrs. Larry Stanwood, hidden raffle Mrs. J. Ridsdale, first door prize, a table lamp, Mrs. R. H. Larson, second, scat-

The couple, wed here in St. Paul's Lutheran church, are honeymooning in Vancouver and other points south, and will take up residence in Prince Rupert.

**City Hospital Auxiliary Plans Purchase of "Invalid Walker"**

Another addition to Prince Rupert General Hospital equipment was approved at last night's meeting of the Hospital Women's Auxiliary in the Civic Centre.

The group, which has purchased several major items of equipment in the past, decided to obtain an invalid walker, at a cost of about \$125.

The walker is designed to enable early ambulation for orthopedic, paralytic and post-operative cases. It allows them to get around without fear of falling and without awkward crutches or other assistance.

The group also approved purchases of six more hospital stools, small metal stools with non-skid rubber feet, used by patients for getting in and out of bed. The stools will cost over \$55.

Mrs. L. M. Greene, president, conducted the meeting at which

several members offered to take hospital patients out for drives.

The auxiliary also made plans for Christmas activities at the hospital, and decided to decorate 25 small Christmas trees to be placed at the various wards for the patient.

Mrs. Pete Hodge was named representative on the Canadian Citizenship Council here. New members accepted were Mrs. Ronald Allen, Mrs. J. S. Foster and Mrs. Gordon Harris.

The group also heard a report on the annual convention of the B.C. Hospital Auxiliaries held recently in Vancouver, by Mrs. Ralph Hood, Prince Rupert delegate. She reported that there were now over 6,000 members in B.C. auxiliaries.

Refreshments were served by Mrs. R. E. Gladding, Mrs. E. Lindseth and Mrs. F. H. Adames. The auxiliary will not meet in December. The next meeting will be held January 21.

B.C. SUGAR REFINERY

4 tablespoons cornstarch; 1 cup water; 1 1/2 cups ROGERS' GOLDEN SYRUP; 2 eggs, beaten well; 4 medium apples, sliced; 1 cup seedless raisins; 1 tablespoon sugar; 1/4 teaspoon salt; 1/2 teaspoon cinnamon; 1/4 teaspoon cloves; 1 teaspoon butter.

Blend cornstarch with pinch of salt and water; cook in double boiler with ROGERS' GOLDEN SYRUP until thick, about 20 minutes. Add egg. Place sliced apples in greased baking dish, cover with raisins and sprinkle with sugar which has been blended with spices. Pour sauce over fruit; dot with butter, and bake until apples are tender, about 30 to 40 minutes at 350°F. Serve hot or cold with Lemon Sauce or whipped cream.

# Bernie Geoffrion Puts End To Toronto Unbeaten Streak

By The Canadian Press  
When Montreal Canadiens practically mortgaged their Forum for Jean Beliveau, the gold-plated rookie from Quebec, Bernie (Boom Boom) Geoffrion, then the Habs' glamor kid, was forced into second billing on the pre-season roster.

But as the National Hockey League show got rolling Beliveau seemed to develop an allergy to scoring and his usual colorful brand of hockey and finally bowed out temporarily with a fractured ankle.

The 22-year-old Geoffrion burst into the season like a sky rocket and showered the league with fiery performances and game-winning goals.

The native-born Montrealer did it again Thursday night. His goal at 4:31 of the second period

gave the leading Canadiens a 1-0 victory over Toronto Maple Leafs and snapped the Leafs' unbeaten string of eight games. The loss sent the Leafs sliding into third place; Detroit Red Wings defeated the fourth-place Boston Bruins 3-2 to move into sole possession of second spot, two points behind Canadiens.

Geoffrion's goal was his eighth of the season and gave him 17 scoring points, the same as Dutch Reibel of the Red Wings. It came on an assist from Elmer Lach.

The shutout was Gerry McNeill's third this season.

In the Western Hockey league Saskatoon Quakers climbed into fourth place, one point behind New Westminster, with an easy 8-2 triumph over Edmonton Flyers.

In the Okanagan Senior Hockey league Vernon Canadians polished off a listless Kamloops Elks crew 4-1.

In inter-league play, Nelson Maple Leafs gained one of the infrequent wins of a Western International league club over OSHL opposition by edging the Kelowna Packers 7-6.

# SPORTSMAN'S DIGEST

AN EXPERIENCED HUNTING DOG SHOULDN'T BE CONSTANTLY REPRIMANDED. IT ONLY CONFUSES AND DELAYS HIS FINDING OF GAME. EXCESS TALK IS DIVERTING, ALSO. YOU MAY POINT OUT PROMISING COVER THE DOG HAS MISSED.

DOG'S OWNER FLUSHES BIRDS THAT HIS DOG POINTS OUT. MARK WHERE ALL BIRDS FALL. THEN LET DOG RETRIEVE THEM. DOGS USUALLY RETRIEVE ALL BIRDS TO THEIR MASTERS. YOURS ALSO!

## Cats Confident Of Victory Over Alouettes

HAMILTON @—Hamilton Tiger-Cats, on the threshold of their first crack at the Grey Cup in 18 years, leave tonight for Montreal and the second game of the Big Four final, eager and confident.

With the pivot men coming and going, early in the season, the Tiger-Cats were written off by nearly everyone who dared try to pick the Big Four champion.

But Bengals surprised everyone and today, on the heels of a shattering 37-12 win Wednesday over Montreal Alouettes, they appear headed to represent the east in the Grey Cup classic.

The injury-riddled Alouettes will have to come through with a tremendous reversal of form to prevent it.

Tiger-Cats, beaten in Big Four playoffs the three previous seasons, last played in the east-west final in 1935, the year Fritz Hanson won the hearts of the west by running 70 yards for a third-quarter touchdown that broke up the game and gave Winnipeg Blue Bombers an 18-12 victory.

Hamilton faces one disconcerting feature: They haven't won in Montreal since Oct. 18, 1952.

The Tiger-Cats snoring in the last quarter of the regular schedule and the opening play-off game indicates they are at about their peak form and the Als' advantage of the home crowd and field may not count for much.

## CURLING RESULTS

Last night's results in Gordon Hardware trophy play are as follows: Wakley 14, Kellough 11; Gordon 10, Greene 8; Robertson 10, Aston 7; Eyolfson 7, Johnson 4; Rowbotham 10, Bird 6; Berg 9, Garner 8.

# Bomber-Beaches Encounter Drawing Fans

WINNIPEG @—Billed only as a "warm-up" for the Winnipeg Blue Bombers, Saturday's Grey Cup semi-final between the western champions and Toronto Balm Beach is drawing plenty of spectator interest.

About 16,000 fans are expected for the game which gives the winner the right to advance into the Grey Cup final at Toronto a week later against either Hamilton Tiger-Cats or Montreal Alouettes.

The powerful Bombers will go into the contest against the Ontario Rugby Football Union champions, first time staged in western Canada, as odds-on favorites.

Bomber coach George Trafton who predicted that his club was "going all the way," and he sees no reason to change his mind now, still respects the light-but-speedy Beaches.

When a couple of the boys stepped out of line at Thursday night's practice, Trafton belatedly:

"Let's not get smart. You move like that Saturday, and that club will run around you like a hoop around a barrel."

Coach Chuck Klein isn't making any predictions. He had his team working out on Bombers' grounds Wednesday, but shifted to Osborne Stadium, former home of the Winnipeg club, for Thursday's practice.

The former Florida coach apparently was pleased at the second workout.

"It was a good session, much better than Wednesday's," he said. "The boys were pretty sharp," he said.

# Grant and Newton Retain Lead In Men's Ten-Pin League

Grant & Newton continued to head the league standings in the Men's Ten-Pin bowling league and Ted Parkhouse of the leaders scored high single Wednesday when he rolled 214.

Bob Rudderham of third place City Transfer gained high three game total with 559. High team single game and high team triple

were chalked up by City Transfer with scores of 913 and 2628.

Standings: Grant and Newton 16 points; Elks 14, City Transfer 13, Imperial Oil 9, Moose, 8, RCMP 0.

Results Wednesday: Grant & Newton 3, Imperial Oil 1; Elks 3, Moose 1; City Transfer 4, RCMP 0.

## NHL LEADERS

By The Canadian Press

	G	A	Pts.
Howe, Detroit	7	15	22
Lindsay, Detroit	6	13	19
Reibel, Detroit	5	12	17
Geoffrion, Montreal	8	9	17
Yeoan, Toronto	3	12	15
Sandford, Boston	3	12	15

Three players tied for fifth place.

STANDINGS

Standing: Montreal, won 12, lost 7, tied 1—25 points.

Points: Howe, Detroit, 22. Goals: Richard, Montreal, 9. Assists: Howe, Detroit, 15.

Shutouts: McNeil, Montreal, 3. Penalties: Mortson, Chicago, 42 minutes.

## Last Night's Fights

Hershey, Pa.—Harold Johnson, 177, Philadelphia, outpointed Chub Wright, 186, Reading, Pa., 10.

Fall River, Mass.—Jimmy Slade, 180, New York, stopped Herman Harris, 173, Asheville, N.C., 4.

Detroit—Pat Lowry, 149, Toledo, O., knocked out Ralph Alvarez, 143, St. Paul, Minn., 6.

Worcester, Mass.—Livio Minelli, 154½, Italy, outpointed Billy Andy, 154, Providence, R.I., 10.

# look at YOU in the beautiful new PLYMOUTH

You have so many outstanding advantages

If you didn't know beforehand that Plymouth is a low-priced car, you'd say, "All this is simply marvellous—but will my budget buy so much luxury?"

And no wonder!

For there's an unmistakable sense of luxury in the long, low sweep of Plymouth's graceful lines... in the elegant new chrome... the gem-bright colours in a wide choice of solid or two-tone combinations... the richly appointed interiors with their finer fabrics and soft, white leather-grained vinyl.

Everywhere you look there's new beauty... with luxurious comfort too! Note the unexcelled close-in view of the road ahead... how easily Plymouth handles and clings to curves... how you float cloud-soft on the Balanced Ride, while you relax comfortably in the chair-high seats. Feel the nimble power of the Plymouth engine to go—and the smooth action of Safe-Guard brakes to stop. And for even more luxurious driving ease, you can add Plymouth Hy-Drive "no-shift" transmission, and Full-Time Power Steering—available on all 1954 Plymouths.

Drive one and judge for yourself.

for VALUE it's PLYMOUTH

Available at extra cost on ALL 1954 Plymouths.

**RUSSIA NOW CLAIMS SHE  
WAS FIRST TO HAVE RIFLE**

LONDON (Reuters)—Russia claimed another "first" today—this time the rifle. Moscow Radio said Russian artillery has always been superior to that of other powers, and Russia was the first country to have guns with rifled barrels.

**Prairie Farm Loans Vetoed;  
Aid For Coal Miners Urged**

OTTAWA (CP)—Prairie farmers can expect no government loans on grain stored on farms because of this year's bumper harvest.

Trade Minister Howe said in the Commons the government feels there is no need for such loans and added that Prairie grain income will reach a record \$1,104,000,000 this year.

Mr. Howe said the grain marketing situation is not so gloomy as some reports have painted it.

Movement of grain from farms into elevators was higher than in "many previous years." Grain was entering export markets "at a pretty fair rate" and the present stocks of farm-stored grain were the best kind of insurance against small crops in the future.

Donald Fleming (PC) suggest-

**Mayor May Ask  
Victoria Aid  
To End Strike**

PRINCE GEORGE, B.C. (CP)—Mayor Garvin Dezell, worried by the "increasing bitterness" in the Northern Interior lumber strike, said he will fly to Victoria if necessary to attempt a settlement.

He said he has just completed two days of "constructive meetings" with management and labor.

"I am prepared to do anything in my power to end this alarming stalemate and if necessary I will seek out Labor Minister Lyle Wicks in an attempt at settlement."

Workers in both the northern and southern interior struck to back up demands for an 18-cent-an-hour wage increase on a basic pay of \$1.39 an hour.

Mayor Dezell's statement came as the Northern Interior Lumbermen's association and the CIO International Woodworkers of America traded charges in the seven-week-old strike.

An operator's spokesman, R. W. Hilton, said here today that "IWA moon squads are terrifying workers who would otherwise go back to work."

The IWA replied that the association used "exaggeration and deliberate misprints," and then paraded with a 40-car cavalcade to "demonstrate our determination to get a fair settlement."

**Pulp Output  
Seen by Mid-'54**

SEATTLE (AP)—The Ketchikan Pulp Co., a \$48,000,000 venture of the Puget Sound Pulp and Timber Co. and American Viscose Corp., probably will be producing pulp from Alaska's Tongass National Forest before mid-1954, a report to stockholders discloses.

In its report, Puget Sound Pulp of Bellingham said progress in erecting the mill and in other phases of the project has been such that production can be expected before June 1.

The report said construction of the mill buildings at Ward Cove, 7½ miles north of Ketchikan on Tongass Narrows, now is almost complete.

Ketchikan Pulp has started accumulation of a log inventory with which to start production.

The Ketchikan plant will make the beginning of wood pulp industry in Alaska.

**Prisoner Free  
Only 90 Minutes**

VANCOUVER (CP)—Lorne McQuarrie, 25, enjoyed only 90 minutes freedom Wednesday after he escaped from Oakalla prison farm in suburban Burnaby.

He still has one year to serve on charges of auto theft and robbery. McQuarrie, who escaped by climbing a wire fence, was recaptured walking down a road near the prison.

**Two GE Employees Named  
As Communists, Suspended**

BOSTON (AP)—The General Electric Company has suspended two employees who were named as Communists by an FBI undercover agent at a stormy hearing of Senator Joseph McCarthy's Red-hunting committee.

Taken abruptly off the General Electric payroll Thursday night were Robert Goodwin, 38, and Nathaniel Mills, 36, both long-time employees of the GE's river works plant in Lynn.

They were pointed out as card-carrying Communists Thursday by William H. Teto, 53, who said he joined the Communist party in 1941 at the request of the Federal Bureau of Investigation.

Goodwin and Mills nearly started a riot in the hearing room when they fought ejection after refusing to take the stand to deny or affirm the accusation against them.

McCarthy ordered the men escorted out of the room when they sought vociferously to be heard but refused to say whether they were Communists.

**INVOKE AMENDMENT**

McCarthy said both men invoked the fifth amendment to the United States constitution (a protection against self-incrimination) at a closed hearing

of his Senate permanent investigation sub-committee the previous day.

Shortly after their suspension from their jobs, Essex county district attorney Hugh A. Cregg said he will start an investigation of Goodwin and Mills with a view toward criminal action.

Both men were pointed out by Teto as having had access to critical products General Electric makes for the armed services.

**Says Labor Board  
Not Functioning**

VANCOUVER (CP)—A top officer of B.C.'s largest labor council called on the Social Credit government to put the Labor Relations Board back on a full-time basis.

R. K. Gervin, secretary of Vancouver Trades and Labor Council (TLC), charged that the present part-time labor board has "neither the time nor authority to function properly."

"The LRB was changed from full-time to part-time operation a year ago as one of the Social government's economy measures and because it was felt the move would speed up service to unions, Mr. Gervin told delegates.
