## CO-INSURANCE TO GO, WISMER PROMISES

### FISH COUNCIL APPROVES PACT

#### Meet Backs Treaty

VANCOUVER (CP)—The Fisheries Council of Canada convention opened without qualification the Japanese fishery treaty protecting the Canadian and United States fishing grounds in the North Pacific. It recommended its ratification in parliament.

#### 's Body in Bracks Bag

WITA, Kansas (CP)—Nude in an aburn-haired woman in four stab wounds between the breasts, was found stuffed in a barracks.

### Little Malady Spreading

VANCOUVER (CP)—British Columbia demanded control of cattle imports from the prairies. Demands followed outbreaks of foot and disease in Saskatchewan. The Minister of Agriculture, Harry Bowman, however, no immediate action is indicated.

The disease gets out of the prairies we shall have to consider some. We're investigating now," Bowman said.

Columbia imposed an on prairie shipments. An outbreak in Saskatchewan February 25 but the ban April 17. The demand of embargo Murray Davis of Ladang of the Canadian Cattle Breeders' Association.

While reports that cattle Saskatchewan are being "chilled" into Alberta and shipped to British Columbia are under investigation.

Reports of prominent B.C. breeders confirmed with man and will advise him reports.

That Saskatchewan from outside the foot and buffer zone were being at night into Alberta shipped to B.C. have relevant for some days.

and cattle claim cattle and perhaps some Saskatchewan are now in Fraser Valley past.

awa, the Minister of Agriculture, Hon. J. G. Gardiner, in Diefenbaker (PC-Lake) tangled before the House of Commons agricultural committee sixty members continue into alleged delays handling of the foot-and-disease outbreak.

Gardiner, tabling a 386-ment, dealing with re-in the disease, charged Diefenbaker with trying to the idea that he was denied information.

#### AS OTHERS SEE US

### Sees Good And Bad in Prince Rupert; Young Man's Impressions

A young barrister, after six months' residence here, has sized up the city of Prince Rupert and yesterday, at the weekly luncheon of the Prince Rupert Rotary Club, he candidly pointed to some of its deficiencies, admitted some of its bright points and made some interesting suggestions for improvements.

### Laborites Optimistic

LONDON—Some Labor members argue that their party's victory in recent local elections shows that the Conservatives have lost the confidence of the country, and therefore have no mandate for controversial legislation.

This sort of argument may be even more vocal in a few weeks. Voting will take place in the boroughs and districts between May 5 and May 13, and the political prophets say the Conservatives are almost sure to take another beating. Polling takes place for seats which the Tories largely gained in a 1949 landslide and they are not expected to hold their gains.

### Ask Ottawa To Assist in Fish Sale

VANCOUVER (CP)—The Fisheries Council of Canada plans to seek the aid of the federal government in a drive to broaden export for the Canadian fishery products.

Currency exchange obstacles in the United Kingdom and other sterling areas have cut off markets but there still exists an active demand for Canadian products.

"Buyers are still frustrated in their efforts to secure supplies by inability of their country to secure dollar exchange," said a resolution adopted at the council's annual convention here.

"Remedial actions in this field lie almost entirely in the orbit of government responsibility," said the resolution. The government of Canada should renew its efforts to explore every possible avenue of action with a view to broadening the area of export markets available to Canadian fishery products."

### Gun Battle With Police

One Man Captured Behind Vancouver Bank—Two Others Escape

"You have, in my opinion," said Mr. Fraser, "one of the most mediaeval city jails existing in the Dominion of Canada." Something should be done about the jail here. There was not even a private place where a barrister could talk to a client who was in jail without the police passing in and out.

There was something lacking, Mr. Fraser said, when juveniles were repeatedly getting into trouble. He felt that a careful, well-paid probation officer could do much toward taking care of the serious juvenile delinquency problem here. And, after all, this was important for one should remember that the whole hope of the country depends first of all on careful and proper upbringing of the young people. Even the development of industry was secondary to that.

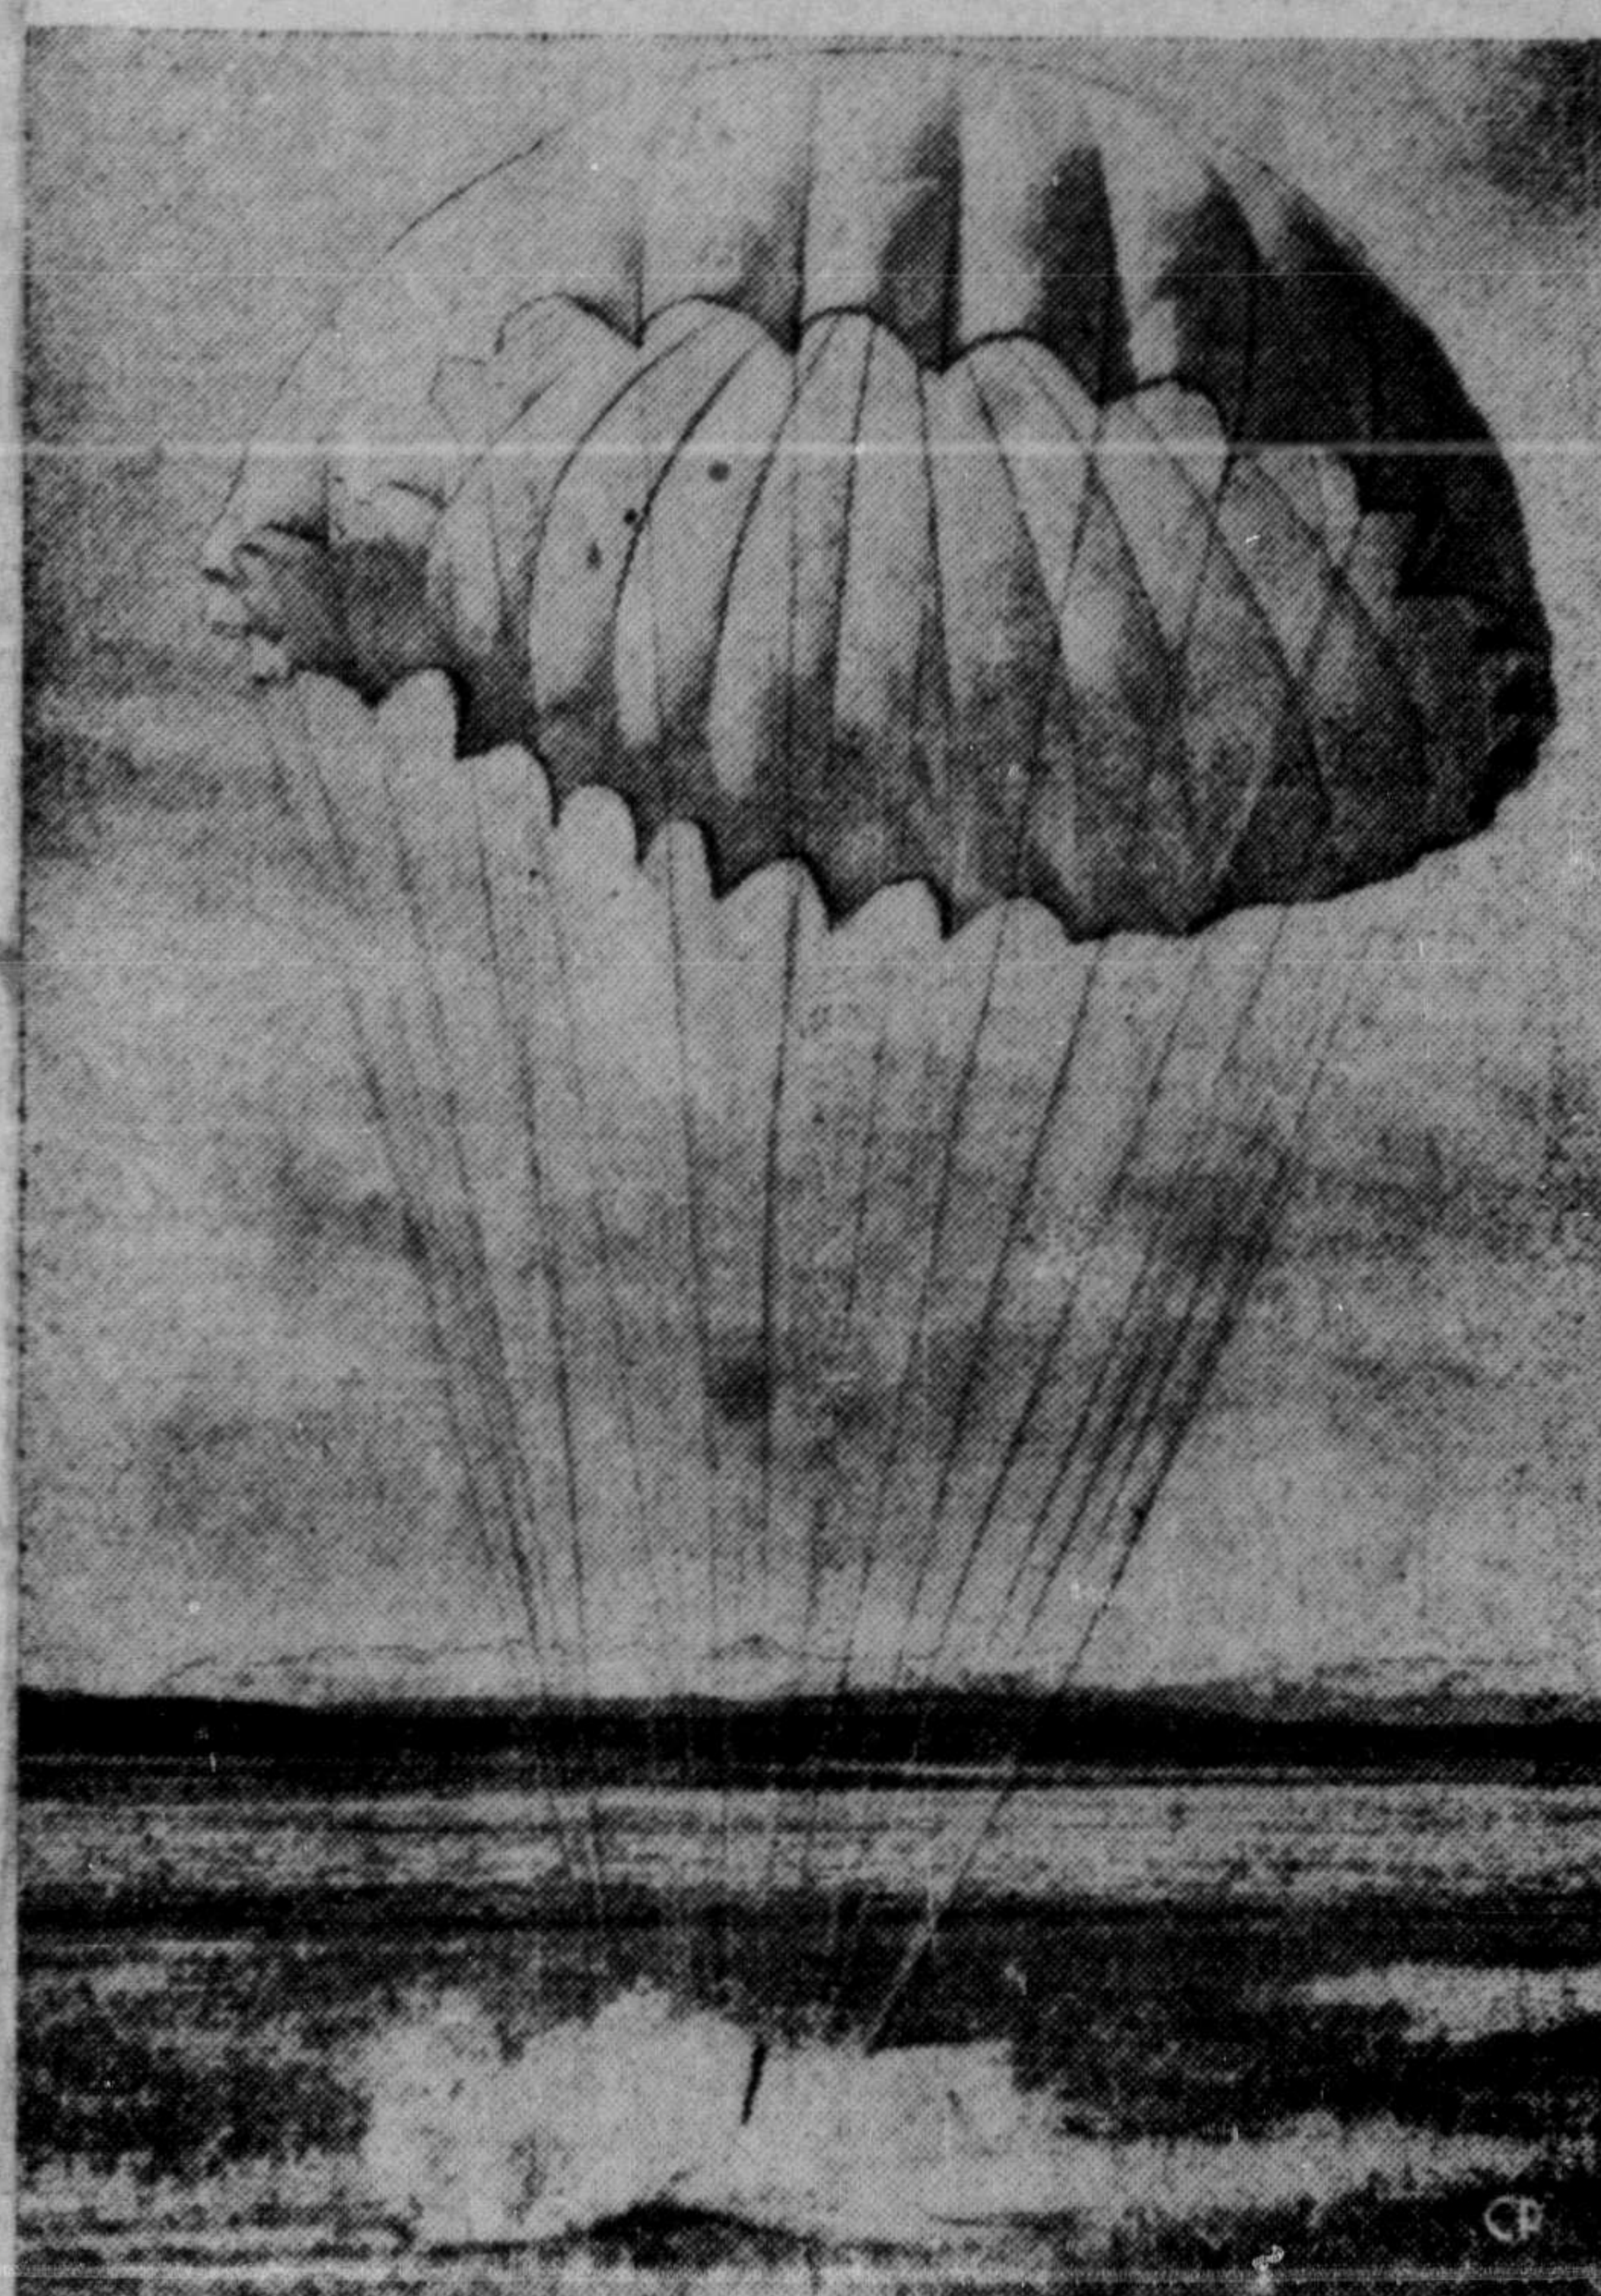

Turning to the administration of the city, Mr. Fraser said that he was making no (Continued on page 4)

### Iron Curtain Trips Banned

WASHINGTON (CP)—The state department today banned all travel to iron curtain countries by United States citizens unless they have specific permission. The department said the order was issued because of the risks of travel in Soviet bloc countries.

### Social Credit In Peace River

DAWSON CREEK (CP)—Rev. C. W. Parker of Dawson Creek was nominated Social Credit candidate for Peace River in the June 12 election.

SPLASH LANDING—Pte. Jack Llewellyn, 21, of Drumheller, Alta., makes his first parachute jump near Calgary with the 2nd Battalion, Princess Patricia's Canadian Light Infantry, a splashy one when he landed in a slough. The parachute exercise was carried out on the Bragg Creek Road, 11 miles west of Calgary. Of the 60 men who jumped, Major Vance Lilley, officer commanding the exercise and Lt. Harry Inglis also landed in the icy waters. (CP PHOTO)

### Christian Teaching in Schools

Anglicans Propose All Denominations Join Campaign

VICTORIA (CP)—The British Columbia Diocesan Synod, Thursday voted to press for the introduction of Christian teaching in schools throughout the province.

The 250 representatives of the Anglican clergy and laymen attending the fiftieth meeting here decided to go ahead with the proposal.

The executive committee of the provincial synod will take matters under advisement and call a meeting of the heads of all Christian churches in the province. Representatives of all religions could determine what form of Christian teachings should take and then go to the provincial government and ask that their recommendations be implemented.

Archbishop Harold E. Sexton, presiding over the synod, gave support to the proposal. He recalled leaders of B.C. churches, including Roman Catholics, had met several years ago and had achieved unanimity on having Christian principles taught in the schools.

### New Railway Refrigerator

New markets have been opened to shippers with the inauguration by Canadian National Express of a system-wide refrigeration service for less-than-carload lots of perishable commodities. It was announced here today by the local express agent.

The new system of refrigerated section of express cars, developed by the CNR express department will broaden markets for such commodities as cut flowers, fish, yeast, fruit, fresh and cooked meats and other perishables.

The refrigeration service, having successfully undergone exhaustive tests in various parts of Canada, has now gone into system-wide operation.

Because the equipment used for refrigeration is comparatively light and manoeuvrable, it is possible to increase or decrease the refrigerated area according to the volume of traffic moving.

### Power Dams Seen as Menace To BC's Salmon Industry

VANCOUVER (CP)—George J. Alexander, B.C. Deputy Minister of Fisheries, urged the fishing industry to fight all proposals to build more power dams in the Pacific Northwest, or it would wake up one morning to find the salmon fishery no longer existed. Mr. Alexander was speaking at the Fisheries Council convention here.

### Steel Workers Back on Jobs

WASHINGTON, D.C. (CP)—CIO steel workers, responding to a request from President Truman, today called off the steel strike while the legal battle over government seizure of the mills is shifted to the Supreme Court. Union President Philip Murray announced in Pittsburgh that he had ordered his 650,000 men to go back to work "as soon as possible."

Murray also accepted an invitation from Truman to confer at the White House tomorrow with leaders of the industry.

On the legal side, the steel industry went to the Supreme Court with a plea that it uphold a ruling of Judge David Pine that President Truman lacked authority to seize the steel mills and forbid the government to raise wages while the court is considering the issue. The industry got the jump on

### Attorney General Pledges There'll be No New Taxes

VANCOUVER (CP)—Attorney General Gordon Wismer promised last night that removal of hospital co-insurance will not mean increased taxes. He assured a Vancouver Centre nominating convention that the Liberal party is "pledged" to get rid of co-insurance.

### Served Here In First War

There are plenty of veterans around who served at Prince Rupert during World War II but probably there are none who were actually posted here in uniform during World War I. However, one revisited the city this week who was with the old Irish Fusiliers here at the outbreak of World War I when a few troops were stationed at this port and along the railway line for protective duty.

The unique veteran was Boyd Lauder, who now lives in San Francisco but is at present employed as a truck driver on the Alcan project at Kitimat. He spent a couple of days here during the week.

A mere youth, Lauder spent a short time here with the Fusiliers, who were quartered in the old Premier Hotel, long since disappeared, and then went overseas with the 72nd Seaforth's. He was overseas for three years and four months and ended up with a bad case of shell shock.

Lauder called at the Daily News office and found at least a couple of old timers who could talk about those early days of the first war when there was actually a scare that a roving German warship might make an unwelcome call.

### Now Suing For Divorce

SALISBURY, Md. (CP)—Richard Wallace Murphy, a Salisbury roofing contractor, has sued for a divorce from his 18-year-old wife, read-haired Canadian strip dancer being held in New York on charges of illegal entry into the United States in 1949.

Murphy accused the Prince Rupert girl of adultery with an unidentified New Yorker.

She is being held by immigration authorities and is due here May 15 for hearing on whether she should be removed to St. Paul, Minn., to face the illegal entry charge.

Murphy's complaint says they were married February 21 at Folkestone, Fla. A month after the wedding police dragged her away from a party at the Murphy house and arraigned her on a Federal warrant from St. Paul.

Mrs. Murphy disappeared with her husband's car April 6. He trailed her to New York and pointed her out to detectives. He listed his wife as Jeanette Velma Luis Ruth Wilby Murphy and said she also goes under the names of Pamela Gordon, Rita Gordon, Ruth Saunders and Ruth Friedman.

### Harvest Is Rapid

WINNIPEG — Harvesting of last year's crop and seeding of the 1952 crop is now proceeding rapidly throughout the prairie provinces. Generally the seeding is at least two weeks earlier than normal. Unseasonably warm weather in April rapidly dried out the unharvested crop which has remained in the fields all winter, thus permitting harvesting to be resumed a few days after the snow disappeared. However, in some districts particularly on heavy land, some delay in harvesting occurred because the land would not support heavy machinery according to the first weekly crop report of the department of agriculture of the Canadian National Railways.

In many districts crop yields and grades this spring are not as disappointing as anticipated but in other areas losses were quite severe due to damage from mice, wild ducks in the late fall and deer in the winter. Some points report damage greatest in stocked grain, others in the swathed grains, while still others report losses heaviest in standing grains. Some threshed grains are also mildewed.

In some districts local grain driers were used to good effect but others report less success in their attempts to dry toughened damp grains held over from last year. Grains are much drier and harder than last year's threshed. In fact at many points they are so dry that considerable loss from cracking in has occurred.

#### IN OKANAGAN

In the Okanagan Valley prospects appear especially good in all soft fruits which promise to show 100 per cent increase over last year. The previous peak year was 1949. Estimates this year are that cherries will be 75 per cent of the peak crop year, peaches 80 per cent, apricots 90 per cent, prunes 80 per cent and preliminary estimate of the apple crop is 6½ million boxes. Pears will be practically equal to the 1949 crop. There has been no damage from any cause so far but frost danger is a potential hazard. An April 29 there were five degrees of frost in some of the lower sections but no actual damage has yet been reported. Last year's fruit crop finished moving out the end of last week.

### Reds Say 'No' To UN Plan

Proposal for Settling of Armistice Deadlock Rejected

MUNSAN Korea (CP)—Communist negotiators today refused to agree to the United Nations command package proposal for the settling of the Korean armistice deadlock.

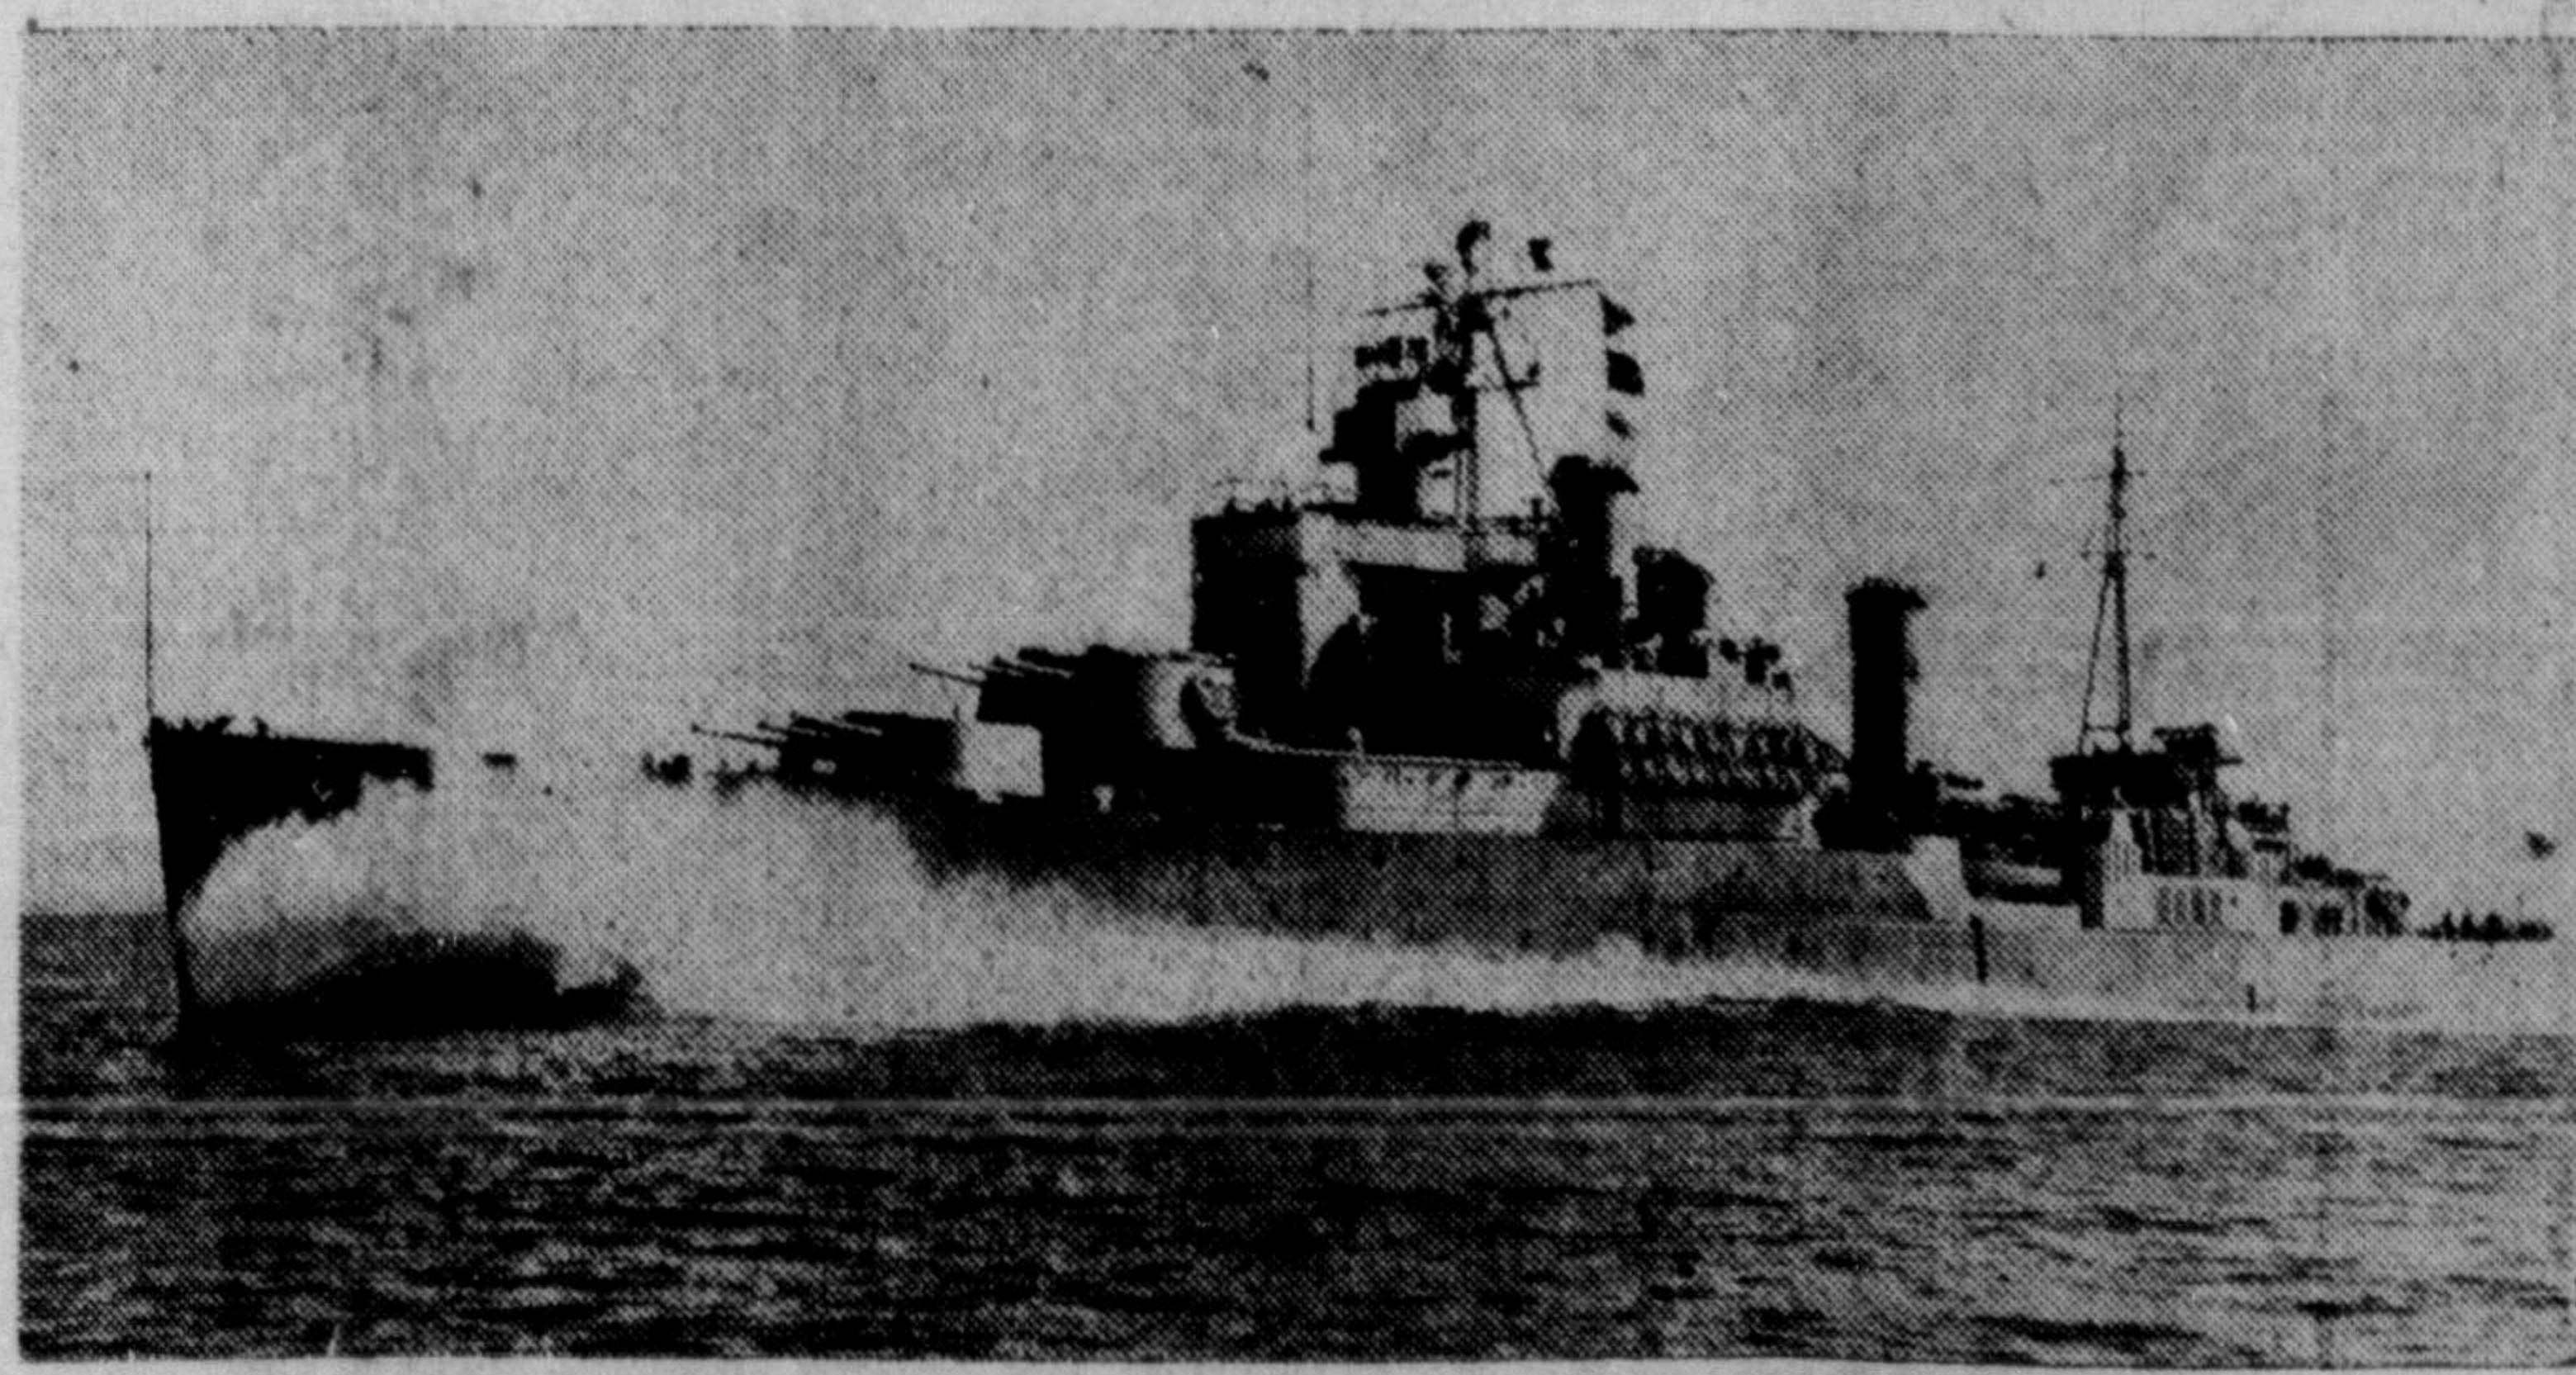

The Red reply was given in a secret full dress session of armistice delegations.

### All Dead In Plane

BELEM, Brazil (CP)—Aerial rescue teams reported last night that a Pan-American air liner was apparently burning before it crashed Tuesday in dense Brazilian jungle. They wrote off as dead all 50 persons the plane carried.

Major Richard Olney ordered a United States Air Force rescue unit to end the mission without parachuting to the site or trying to recover the bodies because that would endanger the lives of rescuers.

A Brazilian air force patrol plane, however, planned to land on the river about 40 miles from the scene in hope that they could hack their way through almost impenetrable growth.

HMCS QUEBEC, the first RCN cruiser to be based on Canada's east coast in more than 30 years, arrived at Halifax recently from Esquimalt. During the summer the Quebec will carry out a series of cruises as she engages in the training of new entry seamen of the RCN. Formerly HMCS Uganda, the Quebec was re-commissioned and re-named last January following an extensive refit and conversion. The 9,000-ton cruiser has a complement of 40 officers and 600 men.

**GRIFFOEN FAMILY**—These 21 excited new Canadians are one of the largest single families ever to come to Canada. The Griffioen family from Utrecht, Holland were photographed at a stopover in Toronto, while enroute to Abbotsford, B.C., where they have a 40-acre farm. Head of the family is Jan Griffioen, 52, upper left, the father, with his wife, 44, second row, right, the mother. Others in the family are: six sons, Joste, 11, Hans, 13, Dic, 17, and Jan, 18; and adopted son, Piet Mauricks, 18; daughters, Lisbeth, 3; Marja, 6; Lexsje, 8; Anke, 10; Micke, 12; Bep, 15; Suci, 19; Tiny, 20; and Jetty and Corry, twins, 21; and Tiny's husband, Clij, 22. (CP PHOTO)

## Gardening....

**DOUBLING UP**—Where space is limited or where one wants to get the maximum out of the vegetable garden, there are various ways of growing two crops or practically so on the same piece of land. Of course where one goes in for this intensive sort of gardening, extra fertilizer is essential and the soil must be well worked and rich. In this double cropping business we alternate rows of an early kind with a later one, for instance, radish and carrots, or lettuce and beans, or peas and potatoes. We also have less space than normal between the rows, if necessary no more than 12 or 15 inches. The early stuff, of course, comes on quickly and is used up before the later maturing vegetables require full room. Another practice is to follow the harvesting of the first vegetables like the peas, lettuce, spinach, radish, early onions, etc., with another sowing of the same or something else that will be ready say in August or September. Then there are certain crops like squash, pumpkins that we can plant in the outside rows of corn, or we can have staked tomatoes along the end of any vegetable row and cucumbers along the fence.

With flowers, too, it is possible to get double crops, in fact nearly all gardeners do, and some have even three. Amongst the spring flowering bulbs they set out well started petunias, asters, zinnias, marigolds, etc. These come into bloom within a short time after the last tulips, and in some cases the first of these are followed again by later set out plants or by annuals from seeds such as nasturtiums, alyssum, cosmos, etc. By careful spacing and planning and by using both perennials and annuals it is possible in most parts of Canada to have some bloom in the garden from the last snow fall to the first.

**THE RIGHT TOOL**  
Gardening does not require a whole lot of expensive equipment like some other recreations that could be mentioned. Nevertheless work will be speeded and made a lot easier with a few special tools. With most of this hand equipment it is advisable to have long handles so that one does not have to stoop. It is surprising how accurate and quickly one can do thinning and weeding of even tiny stuff with a long handled sharp hoe or cultivator provided the same is narrow and comes to a point. The D-shaped Dutch hoes, too, are

excellent things for slaying weeds wholesale and loosening up the top soil, but one must be careful in using too close to sprangly vegetables and flowers. Here again it is better to have a small sized implement rather than a big one. The hand drawn three or five-pronged cultivators will save much drudgery where a fairly large space is to be cultivated and for getting in and around flowers, there are all sorts of tiny rakes, trowels and cultivators. With any of this equipment the work will be cut in two if the tool edges are kept sharp and clean. It is a good plan to have an old file handy.

All legumes, including lupins and sweet peas as well as garden peas, do better when inoculated with one of the preparations which help them secrete nitrogen from the soil.

## Social Church Bazaar Fine Affair

United Spring Sale Presents Charming Scene

Delightful and successful was the annual spring bazaar and tea held annually by the United Church Women's Auxiliary, which took place in the church hall Thursday afternoon under convener'ship of Mrs. G. W. Graham.

The serving and tea tables looked charming, festooned with gay bouquets of mixed spring flowers, azure iris, ruby red tulips, mauve and yellow primroses and creamy narcissi.

In charge of the tearoom was Mrs. Harold Thom, with the assistance of the following ladies:

Serviteurs—Mrs. D. R. Barclay, Mrs. A. E. Carlsen, Mrs. O. R. Green, Mrs. M. Girardet, Mrs. A. K. Gibson, Mrs. R. Irvine.

Kitchen—Mrs. E. Pedersen, Mrs. F. Huber, Mrs. L. Loucks, Mrs. A. Bussanich.

Mrs. J. S. Irvine was cashier. The stalls were attended as follows:

Home cooking—Mrs. W. Dunn, Mrs. E. Pierce, Mrs. A. J. Dominato, Mrs. C. Marineau.

Aprons and fancywork—Mrs. A. Logan, Mrs. A. Lawrence and Mrs. C. Young.

Children's wear and novelties—Mrs. J. MacDonald.

An interesting and well-patronized feature of the bazaar was a home-made candy stall sponsored by girls of the CGIT group under the leadership of Mrs. A. B. Carlson. The girls in charge were Louise Wood, president of the group; Elizabeth Pierce, Eleanor Walker, Peggy Ann Dominato, Arnell Rose and Jeanette Mandel.

Rev. L. G. Seiber opened the proceedings with an appropriate address of welcome. Guests were graciously received at the door by Mrs. R. Pollock, president of the auxiliary.

## Personals

Ken Harding left on today's plane for a business trip to Vancouver.

A. E. Mosher superintendent of the Columbia Cellulose logging camp at Khutzmateen Inlet, arrived by plane today from the camp for a brief business visit to the city.

J. H. Black and C. H. Elkins will represent the Prince Rupert Rotary Club at a regional conference to be held in Bellingham next week. Mr. Black left on today's plane for the south. Mr. Elkins will leave tomorrow.

N. H. Landahl, personnel manager for Queen Charlotte Air Lines from Vancouver, who is visiting company stations along the coast, arrived in the city today from the Queen Charlotte Islands and will be here for a few days on official business.

H. J. Young, local manager of Swift-Canadian Co.; R. W. Gardiner, district manager, Imperial Oil Co., and William Priest, general agent, Queen Charlotte Air Lines, are making a business trip today to Kitimat and Kamano.

W. A. Chambers, supervisor of sales and traffic, Canadian Pacific Air Lines, Vancouver, arrived in the city on today's plane from Vancouver on one of his periodical business trips. He will be returning south on Monday. J. A. Barber, director of sales and traffic, will be here Sunday.

On old full-rigged sailing ships the main skysail was the top-most sail on the main or middle mast.

## Alaska Growing Rapidly

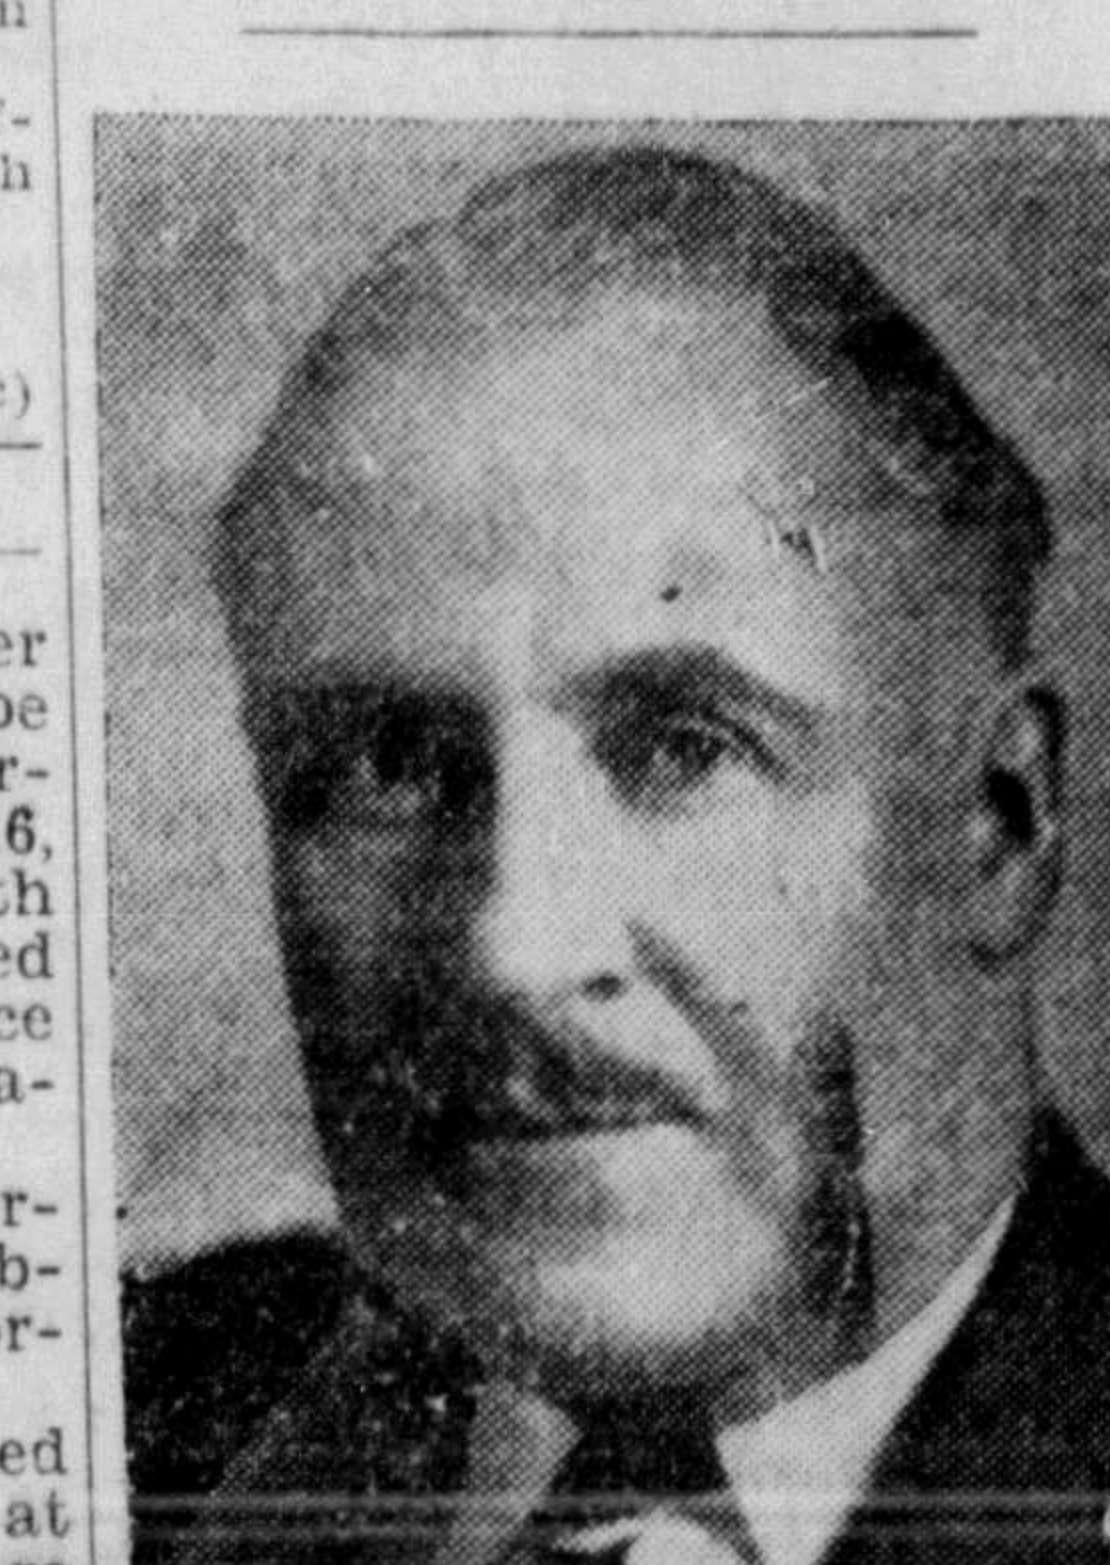

Population This Year  
Estimated at 153,900

JUNEAU—Alaska continues to be the fastest-growing region under the American flag, its population as of January 1, 1952, being estimated at 153,900, a gain of 20 percent over the 128,643 persons counted in the Territory in the 1950 decennial census, it is announced by Don H. Goodman, Alaska Development Board chairman. The increase over the 1939 official count amounts to 112 percent. Mr. Goodman said.

The estimate is based on passenger traffic data obtained from the various transportation companies operating between the United States, or Canada, and Alaska; Alaska and Haines Highway traffic figures prepared by the Canadian Department of Immigration and vital statistics compiled by the Alaska Department of Health.

The transportation figures, kept on a monthly basis, illustrate clearly the annual ingress and egress of seasonal workers, tourists and others. The peak population during 1950 was reached in July, when there were an estimated 147,800 persons in the Territory. This number dropped to 137,860 by December 31 of that year.

The peak population during 1951 was reached in August, when there were an estimated 165,700 persons in Alaska. The number declined to 159,450 in September, 155,750 in October, reaching 153,900 at the end of December. The natural increase—births over deaths—totalled 2,473 in 1950 and 3,082 in 1951, a grand total of 5,555. Minor adjustments remaining to be made in the 1951 figures are expected to bring the latter figure to a somewhat higher mark.

ARCHITECTS SPOKESMAN—Cyril J. G. Carroll, 48, of Ottawa has been appointed executive director of the Royal Architectural Institute of Canada. First man to hold such a post, he will serve as a liaison between architects and various branches of industry and government. He will stress the ability of Canadian architects to handle any type of architectural problem. (CP Photo)

## BLACKWOOD on Bridge

By EASLEY BLACKWOOD

### An Overtrick Complete the Contract

Mr. Dale's play was the only bright spot in this hand. The bidding was weird and so was the defense. Mr. Muzzy's opening bid was gruesome and might have got his side in a lot of trouble.

Mrs. Keen's bidding was not as reliable as usual. With two honors in hearts, a fair hand and even distribution, she should have responded to her partner's double with one no trump instead of two diamonds. She would have fared very well at that contract.

The best commentary on Mr. Abel's double is that Mr. Dale made his contract with an overtrick.

The opening lead was the eight of hearts. Dummy ducked and Mr. Muzzy won with the queen. After some thought he returned the king of clubs. When Mr. Abel showed interest with the 10 spot, he led a small club which was won with the ace over Mr. Dale's jack.

A third club was returned and Mr. Abel expected his partner to trump. But Mr. Dale won with the queen. He led his deuce of spades and won with dummy's jack when Mr. Abel played low. Spade was led back to the ace and Mr. Muzzy dropped a small heart.

Mr. Dale stopped to count. Mr. Muzzy had started with one spade and three clubs, leaving him nine cards in the red suits. Almost surely he had the queen of diamonds and the king of hearts left. He could hardly have

started with more than five hearts as Mr. Abel should have held three hearts for his raise.

Mr. Muzzy would have to hold two hearts and three diamonds to guard those suits. Six tricks had been played. Mr. Dale could win the next two tricks with top trumps. And the lead of the good club would get everybody down to four cards.

So Mr. Dale cashed his king and queen of spades and led the seven of clubs. Mr. Abel trumped with his last spade—and Mr. Muzzy was squeezed. Dummy's last four cards were the ace and jack in both red suits.

Mr. Muzzy held the king and one heart and three diamonds to the queen. It was his play. He discarded the seven of diamonds. And Mr. Dale took the last three tricks in the diamond suit.

criticism of mayor and aldermen but he did believe that there would be greater efficiency in carrying on city business by the appointment of a full time city manager which, he felt, was to be preferred to the hit-and-miss system of civic government by an elective city council.

The tremendous consumption of liquor and the amount of drunkenness here was something to be deplored Mr. Fraser thought. Possibly, this was due in some extent to lack of outlet for satisfaction of entertainment desires. He felt that citizens of Prince Rupert should take some time out to consider forms of relaxation which would take away from consumption of alcohol.

GOOD THINGS  
The lack of political corruption, absence of cliques of pressure boys in a rough-tough place like Prince Rupert was remarkable, the speaker felt.

Another wonderful thing here was the extremely friendly, cooperative attitude of the citizens of Prince Rupert. He referred to the curling club as one of the examples of what local people had been able to get together. Such a spirit could remedy other things. Here was a city that was bound to go ahead and prosper. Its people, he felt, must bend their efforts to cooperate, get together and fight some of the rough spots.

President Fred Scadden was in the chair and there was a good attendance of members.

The Canadian Forestry Association had a letter before the club appealing for co-operation and the utmost caution in forest protection.

The Music and Drama Festival requested workers in connection with the festival next week and several members volunteered for duty.

Visitors at the luncheon were Rotarians Frank Clare of Edmonton, O. H. Hoskins of Smithers, Percy Tinker of Naramata and William Poole and G. A. Hunter of Prince Rupert.

# Andy Marshall Robbed At Olympic Trials

## Prince Rupert Fighter Makes Unpopular Decision

By LARRY STANWOOD

VANCOUVER.—Prince Rupert's 1952 Golden Boy lightweight champion, Andy Marshall, lost a lopsided decision to Alberta's 178-pound Wayne in last night's eliminations of the opening of Dominion amateur boxing championships and Olympic trials.

Other Rupert contenders, Bruce Morrison and Tiny drew byes.

Marshall meets Jim Miller, pride of the University, in heavy-division in the last bout of 19. Four others are entered in this division.

Marshall-Scheer bout, the last of the first night, was slow, but, in the end, Marshall was the leader.

## The DAILY NEWS SPORTS

### When Ball Lights Out

New Problems Raised in National Pastime

By GAYLE TALBOT

NEW YORK (AP)—There is a plot ready-made for some bright young baseball novelist in the latest set of instructions sent out to National League umpires on how to conduct themselves in certain crises which might arise now that lights are an integral part of the pastime.

"In the event of a temporary failure of lights while a ball is in flight or a play in progress," stipulated the bulletin from Cincinnati, "the umpire will immediately call time and when the lights are turned on again and play is resumed, the batsman and all runners shall return to the last base touched by them at the time of suspension."

"Should the batsman be compelled to return to the batter's box, he shall assume the count of balls and strikes, if any, that prevailed at the time of suspension."

Get the idea? Score tied, last of the ninth, and a visiting blue-greener connects with a mighty swipe. Obviously it's a home run, but just before the sphere clangs into the distant stands our hero, who has mortgaged the old homestead on the locals, throws the master switch and saves the light.

Possibly there would be a bit of an argument, but the head umpire would have no choice once the bulbs were relit. In other words, given the right set of circumstances, that famous swat of Bobby Thomson's last fall could have escaped the record books entirely. Now they tell Charlie Dressen!

Our second favorite instruction, probably is the one which cautions National League arbiters that "if two games are scheduled for one admission, the first game of the doubleheader shall be completed before the second game is started." Any umpire who gets mixed up on that one should be severely reprimanded.

The question of whether the lights should be snapped on to complete Sunday afternoon games has the two Major Leagues split down the middle. The National League instruction sheet flatly forbids it, and says that any Sabbath contest which runs into darkness shall be suspended and played off the next time the two clubs meet. The American League is leaving the decisions to its individual clubs, though play must cease at 7 p.m. in any case.

Robert Moses (Lefty) Grove of the Red Sox fanned six Detroit Tigers to pass the 2,000 mark in strike-outs in an American Baseball League game 14 years ago today. Grove chalked up his 260th victory in 15 years of baseball, and on the 2,000 strike-out roll joined such immortals as Walter Johnson, Cy Young and Christy Mathewson.

### Gordie Howe Voted Best

Awarded Trophy as NHL's Most Valuable Player

MONTREAL (CP)—Gordie Howe, Detroit Red Wings' all-star right winger, is winner of the Hart trophy for 1951-52 season, the National Hockey League announced Thursday.

The award goes annually to the player adjudged the most valuable to his team. Howe also gets \$1,000.

Elmer Lach, Montreal Canadiens' all-star veteran centre, was voted second and Jim Henry, Boston Bruins' goalie, third.

### Tail Enders Win Now

NEW YORK (AP)—The upstart St. Louis Browns and Chicago Cubs, major baseball league tail-enders in 1951, knocked off league leaders Thursday as they continued their headlong gallop.

The Browns got five-hit pitching from Duane Pillette to whip Boston Red Sox 6-1, moving within a game of the American League lead.

Minus Ted Williams, the Red Sox were kept shut out until the eighth. Hank Sauer unloaded with a first inning double as the Cubs smothered Brooklyn 7-2 behind Johnny Klippstein.

The win actually put the Cubs half a game ahead of the Dodgers in the National League won and lost records but they still trail by 13 percentage points, 727 to 714.

Jim Hearn found the revamped Pittsburgh Pirates his same old cousins as he pitched the New York Giants to a 13-5 win. The Giant right-hander won 14 to 2—a lifetime record against the Pirates.

Frank Smith came to the rescue in the ninth inning to save the Cincinnati Reds by 7-6 edge over the Boston Braves.

Joe Dobson, Chicago White Sox veteran right-hander, held Philadelphia Athletics hitless for 7½ innings. Then he went on to turn in two-hit 3-0 victory.

Gil Coan's double and Frank Campo's single in the thirteenth inning broke up a pitchers' duel between Bob Lemon and Sid Hudson and gave Washington a 2-1 victory over Cleveland.

Dizzy Trout stifled a New York Yankee rally with a spectacular ninth inning relief job as Detroit had a 5-4 victory for Art Houtteman.

Successive home runs by Nippy Jones and Connie Ryan in the sixth inning wiped out the St. Louis lead and sent the Philadelphia Phillies on to a 6-3 victory.

Coldwell, Victoria; Mrs. E. Bowker and Mrs. M. Main, Sandspit; Mr. and Mrs. M. O. Kullander, city; G. W. Stewart, Port Coquitlam.

### CPR Boat to Come Sundays

Change in Schedule on Vancouver-Ocean Falls-Kitimat-Rupert Run

New schedule of the British Columbia Coast Steamship Service of Canadian Pacific Railway, commencing May 11, will bring the steamer Princess Norah into Prince Rupert on Sundays in the Vancouver-Ocean Falls-Kemano-Kitimat-Prince Rupert run instead of the Princess Louise on Mondays.

Leaving Vancouver 7 p.m. Thursdays, standard time, the Princess Norah will arrive here at 7 a.m. Sundays standard and will sail at 9 p.m. on her return south, being due back in Vancouver at 7:30 a.m. Wednesdays.

The Princess Louise which has been on this run for some months, is being transferred to the Alaska run.

### CPR Officials To Visit City

Prominent officials of the Canadian Pacific Railway freight department will visit Prince Rupert at the first of next week.

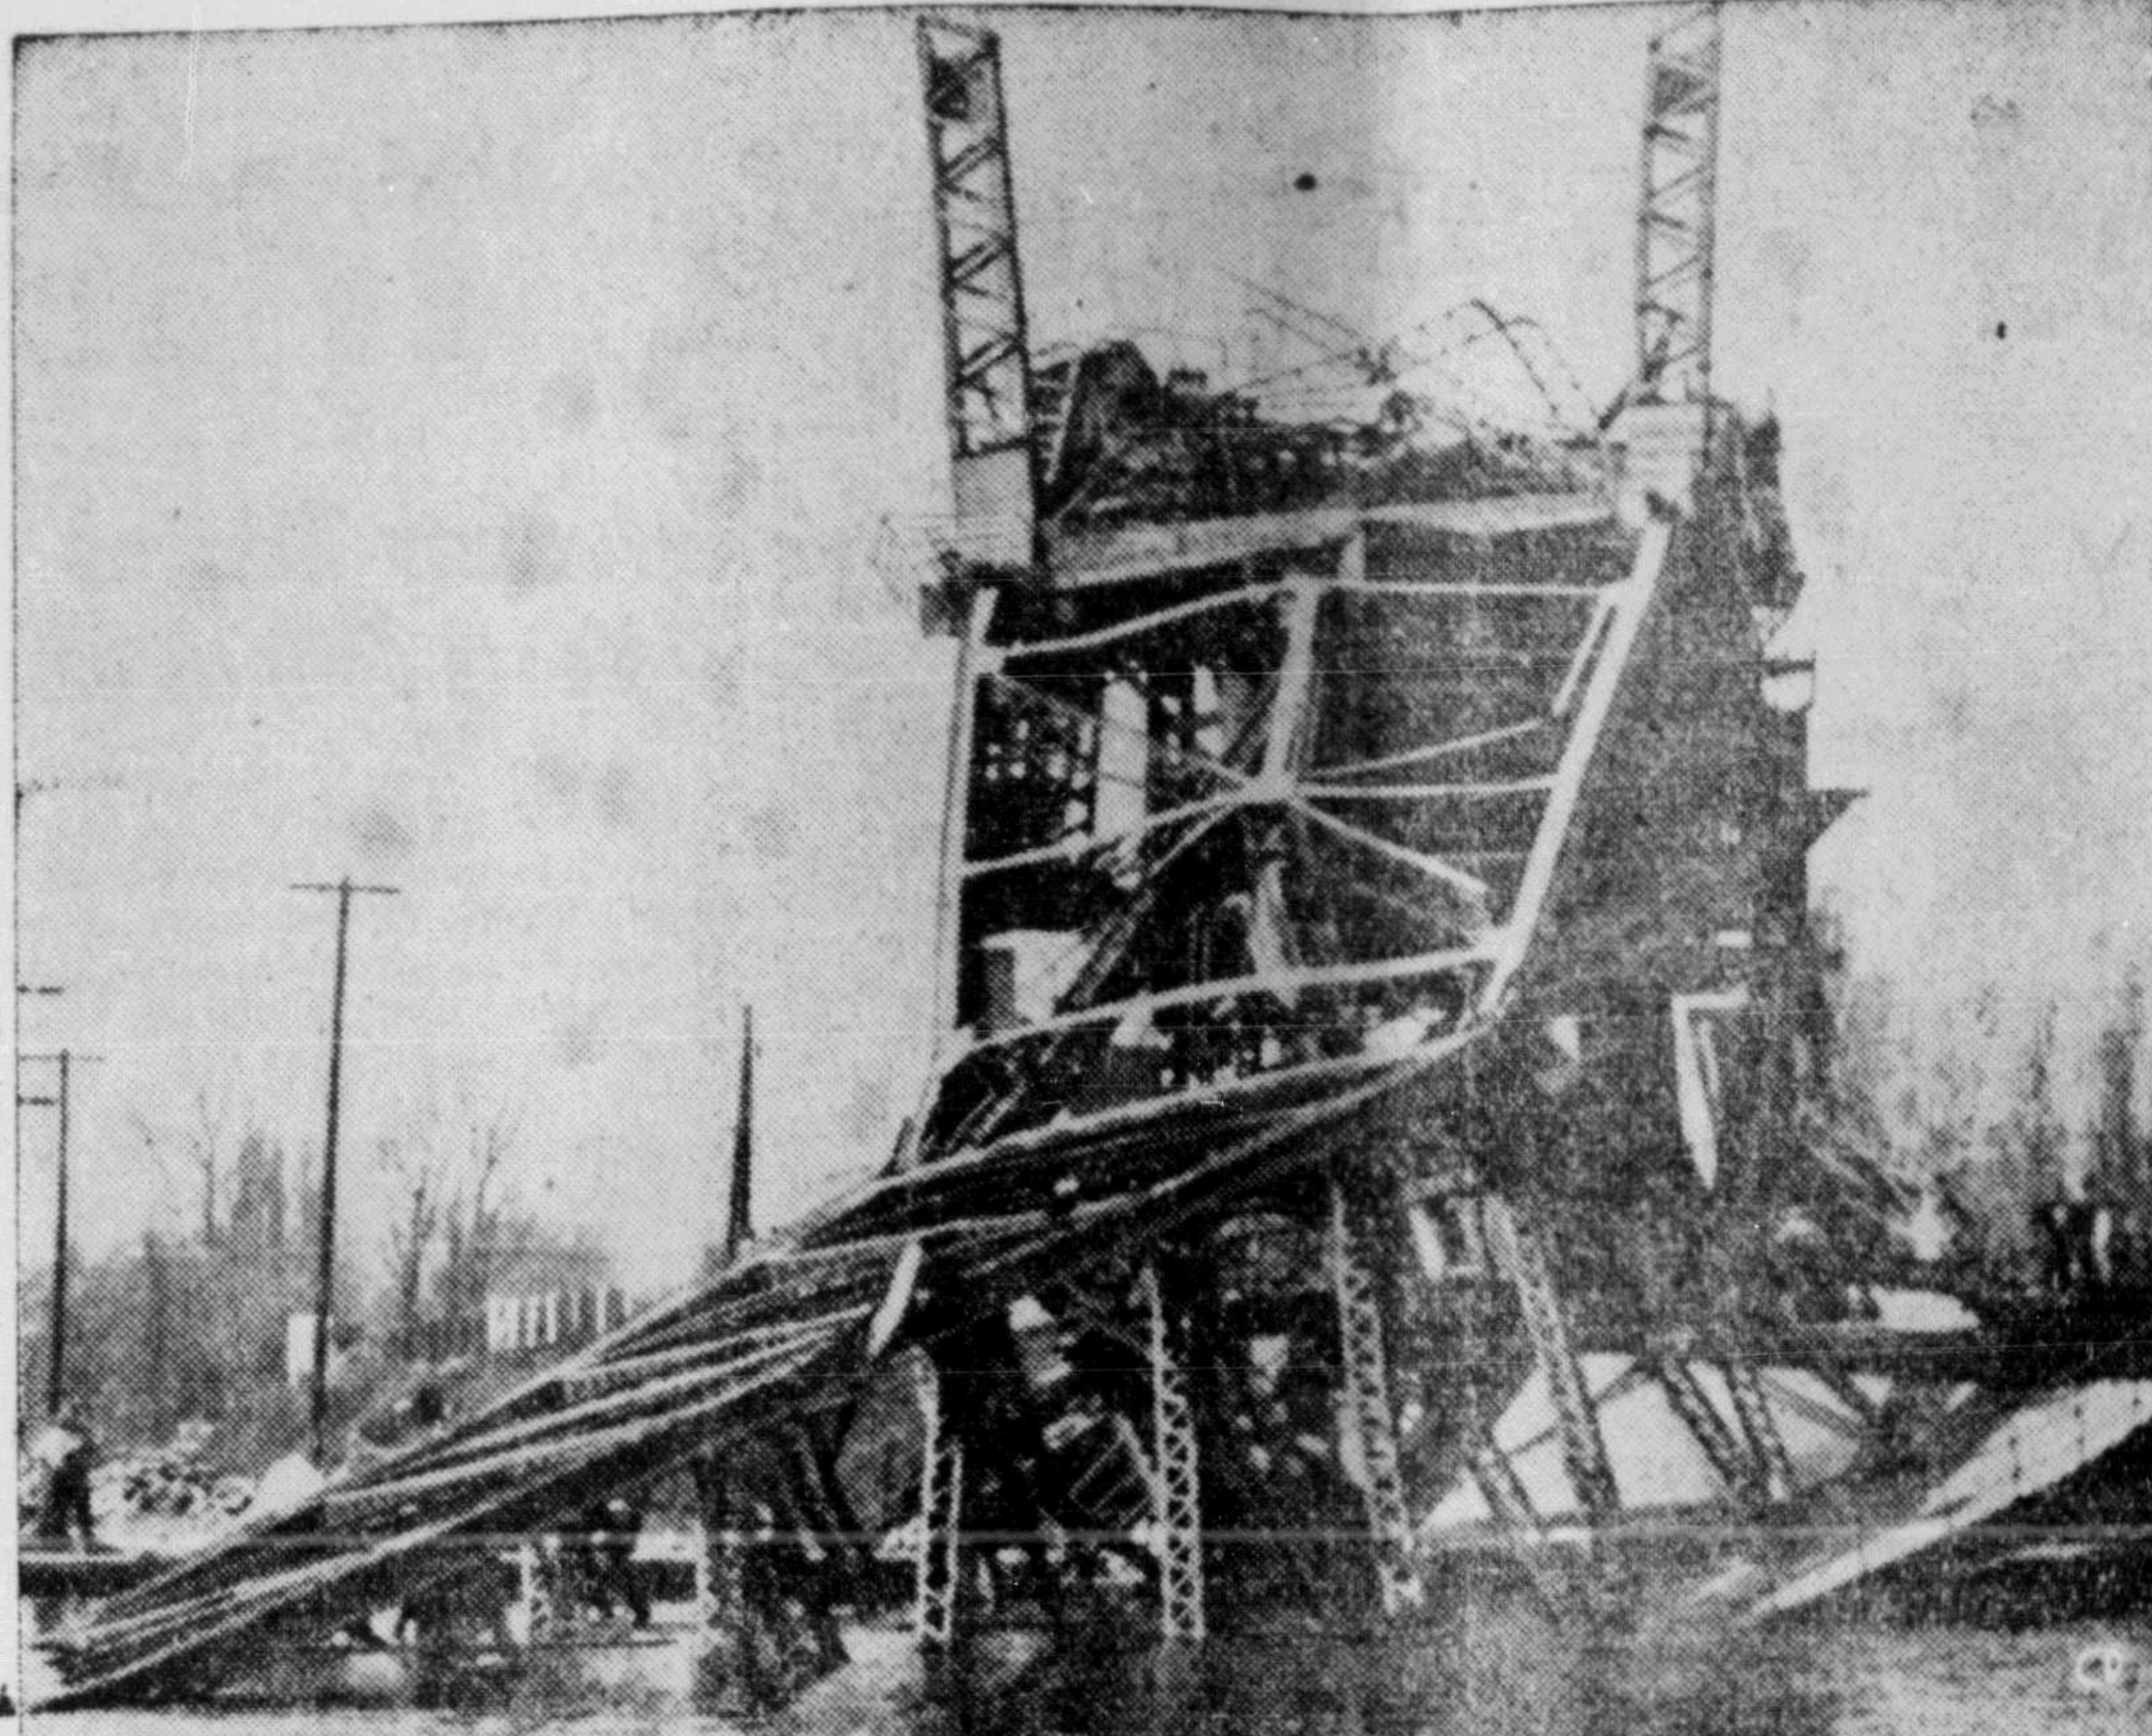

They are:  
C. E. Jefferson, vice-president in charge of traffic, Montreal.

H. Arco, freight traffic manager, Winnipeg.

F. Hooks, assistant freight traffic manager, Vancouver.

They are arriving Monday morning aboard the Princess Norah and will fly back to Vancouver in a special Canadian Pacific Air Lines flight.

The visit of the officials comes at a time when Aluminum Co. of Canada is planning large shipments of materials through Prince Rupert for its projects at Kitimat and Kemano.

MAY BLOW UP BRIDGE—The wrecked heavy lift bridge which spans the entrance to Hamilton, Ont., harbor may have to be blown up before it can be replaced. Col. V. S. Thompson, Ottawa bridge expert, said the north half of the bridge at Burlington, near Hamilton, may have to be cleared by the use of high explosives. A Bailey bridge then could be built across the north channel to connect directly with the south span of the bridge. The north half of the two-section bridge collapsed when struck by the freighter W. E. Fitzgerald, operated by the Gartland Steamship Company of Chicago. (CP PHOTO)

### Catholic Card Party Enjoyed

There were 11 tables at another delightful Catholic card party last night. Prize-winners were Mrs. A. Good and R. Cormier at whist, T. Prystay and O. K. Olson at cribbage, and Mrs. A. Silversides and F. St. Amour at bridge.

General convener was Mrs. N. J. Galbraith, assisted by Mrs. G. P. Lyons, Mrs. G. Fleming and Mrs. A. Bremner.

### Quest For Uranium

By GORDON G. GAUSS

GRAND JUNCTION, Colo. (AP)—An atomic-inspired boom is sweeping the vast canyon-cut desert of the "four corner" states—Colorado, Arizona, New Mexico and Utah.

The setting is one of snow-capped mountains, searing sun and blowing sand. There are prehistoric Indian ruins and dinosaur bones. Helicopters, geiger counters and gamma ray machines play a part.

At stake is the ability of the United States to produce the stuff which goes into atom bombs and which someday may power an age of easier living.

In importance, the boom promises to dwarf the gold rushes of the last century, but the number of persons involved is small compared to the bon-

RADIO PIONEER — Margaret Cuthbert, born "60-odd" years ago in Prince Albert, Sask., and one of the pioneers of radio broadcasting in the United States, is retiring at the National Broadcasting Company's supervisor of public affairs in June. Daughter of a major in the Royal Northwest Mounted Police—former runner of the RCMP—Miss Cuthbert went to High School in Dawson City, Yukon, and to Cornell University. After graduation she returned home—then in Edmonton. Later she went to the United States and joined the NBC staff. (CP PHOTO)

anza stampedes of other days. There probably aren't many more than 1000 men actually digging.

The goal is discovery and production of more uranium, the radio-active element which makes atomic fission possible.

The boom is government-born. It has been building up since 1948 when the Atomic Energy Commission decided to stimulate domestic uranium production to relieve dependence on imports—mainly from Canada and the Belgian Congo. The government promised to buy all the ore; it set up incentive payments and put AEC and U.S. Geological Survey scientists to work hunting ore deposits.

The incentives sent a strange group into the rimrocks of desolate mesas. There are cowboys, cattlemen, Indians, shepherders, engineers and adventurers.

PROLIFIC POET  
More than 6,000 compositions have been credited to Hans Sachs, the German shoemaker-poet who died in 1576.

Coroner Don Forward returned to the city on last night's train after having gone to Kitimat to conduct an inquest.

### Ferry Makes First Trip

FRANCOIS LAKE (Special to Daily News)—The ferry came across for the first time this season from South Bank, pushing through rotting ice and bringing three hospital cases.

One lad, Victor Smith of Grassy Plains, had shot his foot as he was loading a .303 British rifle.

### Friendly Goose Moves to 'Front

The friendly goose, which has been visiting Prince Rupert during recent weeks and who was thought to be heading north when he took off from Bill Cruickshank's garden the other night, has merely moved to the waterfront.

After reading in the Daily News last night of the supposed departure, R. C. Parsons, Imperial Oil Co. engineer, advised the office that the goose had been there for three days and yesterday afternoon was feeding contentedly behind the tank dikes.

This goose (a gander, by the way) is so unusually tame that there is speculation he may have strayed from some sanctuary. For several days he was the companion of Bill Cruickshank as he went about his gardening at the Leeds Apartments. Before that he had been sojourning at the Court House grounds where the lawn grass is new and tender.

### Ships and Waterfront

Two Frank Waterhouse line freighters were in port Wednesday. The Chilliwack, Capt. A. E. Gough arrived from the south after having unloaded a cargo of iron pyrites for the Columbia Cellulose Co. plant at Watson Island and sailed on her return to Vancouver. The Cassiar, Capt. G. Pengelly, arrived from Skagway with 458 tons of ore from the Yukon and, after loading a parcel of machinery here for Kemano, sailed for Vancouver.

### Popular Music Unpopular Here

The Civic Centre management is forced to the conclusion that music of the light, popular type by visiting musicians of high calibre is not appreciated in Prince Rupert.

The Sir Ernest MacMillan Fine Arts Club trio—Miss Joyce Chen, pianist; Don Gaylord, marimbist, and Howard Pottinger, clarinetist—notwithstanding the delight they had afforded a previous evening's audience, again had an audience of only about seventy-five couples.

And the dancers who stayed later for an hour of fine swing music dancing were negligible in number.

Teen Clubbers gave the visitors a reception after the dance with Pat Holgate and Rena Ingram in charge.

The young musicians sailed later on the Prince Rupert, returning to Vancouver.

Civic Centre lost \$200 on the show.
