STASTIC TURKS seem to be unusually delighted with the ride they "hitched" from iceberg drifting through the Bosphorus in Istanbul. The famous straits froze during cold wave that swept through Turkey. In the background can be seen part of Istanbul area under a blanket of snow.

Union of Foreign Fishermen Voted For in UFAWU Resolution

Fishermen and Allied Workers' Union.
The fishermen also want the proposed nine-mile limit to run in a straight line from point to point instead of following the dips and snags of the mainland coast as at present.
This would preserve rich fishing grounds in Queen Charlotte Sound and Hecate Strait as

Canadian waters where no foreign vessel could fish without permission.

These and other fisheries along the west coast of Vancouver Island and extending north of the Queen Charlottes and the Alaskan boundary now are exposed to foreign fish boats.
Reason for the concern is what union officials term "a growing invasion of northern Pacific fishing waters by the Japanese."

Union Secretary Homer Stevens says Japanese fishermen increased their annual catch in the north Pacific in 1953 by 5,000,000 fish, and he adds, "they plan to fish a wider area this year."

The convention will consider more than 50 resolutions, among them a demand that the UFAWU be reinstated by the Trades and Labor Congress of Canada.

The union was suspended from the TLC a year ago on grounds its leadership was Communist dominated. The same leaders are still in office. They have taken the stand that the UFAWU has the right to conduct its own affairs.

Other resolutions deal with fishing regulations, extension of trade, government recognition of Red China, formation of a coast guard and immigration and unemployment.

Fisheries Minister James Sinclair is scheduled to address delegates this afternoon.

Mr. Laurie, introduced by T. G. Bateman, welcomed visiting curriers and praised local club members who had organized the "spiel," complimenting especially L. C. Eby, whom he termed "the work horse" of the club.

Ald. Gomez congratulated the local curriers on their progress in the past three years and welcomed visitors, saying that this "spiel" gave Prince Rupert a chance to return the hospitality tendered local curriers in other centres.

Saturday night curriers took a breather from the games to attend the Smorgasbord at the neighboring Aero Club, eating their fill of a varied menu and tripping the light fantastic from 6 p.m. till midnight.

PRIZES LADIES
Today President Jack Laurie took time out from the games to prize volunteer women curriers who are manning the canteen at the rink 24 hours a day. Proceeds are used by the women's club to improve canteen facilities and other rink projects. Last year they made a grant to the men's club from "spiel" canteen proceeds.

Mrs. Harold Thom is canteen convener, assisted by Mrs. Willa Ray and Mrs. John Wakley. Every woman currier is helping on the job.

Scores from late last night up to press time are as follows:

RCMP Probe Burning Of Bridge

NELSON, B.C. (CP)—A highway bridge in the radical Sons of Freedom Doukhobor area near here was damaged by fire last Sunday night and RCMP said two containers of gasoline were found beneath it.

The underside of the bridge on the Nelson-Trail highway at Bear creek was badly scorched before a Nelson fire department truck doused the blaze. The bridge is still safe for traffic.

RCMP said the gasoline bombs were set with timing devices similar to others used in the past by the Freedomites.

It is the first violence reported in the area since last fall when the fanatical religious sect staged a number of railway track bombings and incendiary fires.

RCMP said the gasoline bombs were set with timing devices similar to others used in the past by the Freedomites.

THE MAN OF THE HOUSE says good-bye as the woman of the house goes out in the morning. This man, however, is Senator John F. Kennedy, Democrat of Massachusetts, and he's not sending his wife out to earn their bread and butter. Mrs. Kennedy, the former Jacqueline Bouvier, is on her way to classes at Georgetown University Foreign Service School.

No Handshaking With Queen While Polio Epidemic Rife

By GOMER JONES

ADELAIDE, Australia. (Reuters)—Australian prime minister Robert G. Menzies today announced tight restrictions, including a ban on hand-shaking, to prevent the Queen from catching polio during her visit late this week to West Australia.

Menzies flew here from Tasmania to discuss with the Queen changes being made in her tour arrangements because of a polio epidemic now raging in West Australia.

The Queen and the Duke of Edinburgh will live aboard the royal liner Gothic instead of staying in hotels, Menzies announced. All the meals ashore will be prepared aboard the ship.

The Gothic was due to sail from Adelaide for West Australia tonight instead of Thursday, presumably because of this decision.

Menzies said the Gothic crew will be restricted to the ship. Permission to go ashore would be confined to those doing so on duty.

Special precautions will likely be taken with school children. Instead of being massed to see the Queen as was done in all other stages of the royal tour, they will be assembled in small groups.

Premier Albert Hawke of western Australia sent a message from Perth to Adelaide today proposing that the tour should be carried out according to plan.

But the Queen is understood to have already given tentative approval to the recommended changes.

The Queen was given an injection of anti-polio serum gamma globulin in Canberra last month to give her immunity for six weeks.

She won't need another shot because the West Australia tour begins Friday and will be over before the safe period lapses.

The total number of polio cases in West Australia reported so far this month is 164, more than double the number for February.

Special precautions will likely be taken with school children. Instead of being massed to see the Queen as was done in all other stages of the royal tour, they will be assembled in small groups.

Premier Albert Hawke of western Australia sent a message from Perth to Adelaide today proposing that the tour should be carried out according to plan.

But the Queen is understood to have already given tentative approval to the recommended changes.

Evidence Insufficient For Murder Count

Charles Robinson, 31-year-old native from the west coast of Vancouver Island this morning was committed for trial on a charge of manslaughter.

He had been charged with murdering Violet Annie Sampare.

Bail was set at \$2,000.

In reducing the charge, Magistrate W. D. Vance said in police court, Robinson would come up for trial at the spring assizes here next month.

T. W. Brown, QC, crown prosecutor, in a brief remark to court said there was insufficient evidence to warrant pressing of the murder charge but believed there was a prime face case of manslaughter.

NOT PROVEN
Defence counsel Gerry Pettenuzzo said that in his opinion the Crown had failed to present a prime face case and the "only major evidence was that of Lloyd Wilson, who admitted he and accused were both drunk at the time Violet Sampare either fell or was pushed down the stairs of Wilson's home."

Mr. Pettenuzzo said: "I believe accused was uttering the truth and that there is some doubt in the evidence of Wilson. I think accused realizes he made an error in judgment of her condition, but he stayed with her and attempted to care for her for two days."

Violet Sampare died in hospital about 10 p.m. on Feb. 16, a day after she had been admitted suffering a wound to the left side of her face.

NAMED ROBINSON
Evidence at the preliminary hearing last week disclosed that she, Robinson, Wilson and Evelyn Wesley drank beer in downtown Rupert on the afternoon of Feb. 12 and the same evening consumed a bottle of wine in Wilson's home.

A coroner's jury on Feb. 20 named Robinson responsible for causing the death of 27-year-old Violet Sampare after Wilson testified that accused "pushed" her down the front stairs of his home.

Evidence disclosed that Robinson took the woman to his Second Avenue home about 5 a.m. on Feb. 13 but did not seek medical aid until about 1 p.m. on Feb. 15.

SEARCH FAILS
A day-long search by eight local ships for the body of John Clausen, missing since a March 10 shipwreck off Holiday Island, proved futile Saturday, and all but one of the boats have returned to Prince Rupert.

Several local fish boats carrying about 72 men, with extra skiffs, search the Dundas Island and Tshimpshian Peninsula area thoroughly, but found no trace of 68-year-old Clausen, whose son, Elmer, led the search.

The RCMP ML15 searched the area from Friday morning till noon Sunday with no results. The police launch plans another patrol of the area in a few days time.

Meanwhile the Cape Race II, skipper George Kelly, who joined the fleet search Saturday, remained in the area to continue the search, and is expected to stay out for a day or two.

Group To Back Amateur Sports
VANCOUVER (AP)—An organization to promote and raise funds to back amateur sports in British Columbia is being incorporated here today.

It will be known as the B.C. Athletic Round Table Society. Labor, athletic, civic, provincial and community leaders have pledged their support to the principle of the scheme.

Eric Whitehead, a former Vancouver sportswriter, chairman pro tem of the organization, said the persons who have pledged support met today to lay plans to set-up the non-profit organization.

To Cut Film Output
HOLLYWOOD (AP)—The Hollywood (AFL) Film Council announced Sunday night that because of growing unemployment in film studios it is asking government help to curtail the number of movies produced abroad by American companies.

AND I CAN'T DO A THING WITH IT!—Windswept and wild-looking, this London Zoo pelican seems to be posing amiably for the cameraman who interrupted its nap. When the pelican said it couldn't "do a thing with it," the cameraman thought the bird meant its beak, but what the pelican was referring to was its tousled topping.

Spiegel Reaches Semis First Two Contests

Annual Prince Rupert curling competition reached the semi-final stage today with two contests. Both local and visiting teams were still battling it out in the North Works competition.

Wotham's team was back rink to enter the curling competition. He plays Clint Geddes, George in the challenge competition.

Drydock Action Needed

WHILE some individuals are known to be doing their best to promote a good sale of our drydock, there is far less action in this direction than here should be.

The fire that sprang up when the intention to sell was first announced evidently has burned itself out. There is no sign whatsoever of any committee work on the problem. Instead there seems to be an assumption that everything will be handled in Ottawa.

This is a sure way to prepare for a serious let-down. Recent remarks in Parliament by Transport Minister Chevrier suggest that the government is thinking about it quite differently and that the responsibility for action is being left to Prince Rupert.

In any case, this much is true. If nothing is accomplished before the September deadline and the plant closes down, the chances of getting it into the hands of a going concern will take a sharp drop. To have it looked upon as a white elephant is bad enough, but if the animal is also dead it is that much worse.

This waterfront property holds promise of a business which Prince Rupert cannot afford to lose. As time goes on, other northern B.C. coastal points are going to become highly industrialized. Kitimat is the best present example of this and, with new projects taking shape north of here, there is reason to believe that an era of expansion lies ahead for Stewart.

A northward shift of the provincial economy can bring many benefits to Prince Rupert but it can also bring competition. If the city fails to strengthen its position now, it may find that the competitive aspects are more prominent than the beneficial ones.

Family Gatherings

N DAYS gone by what today is known as the juvenile delinquency problem did not exist. There were family gatherings around the piano, there were indoor games, and children did a great deal more reading of books than they do now. Perhaps that would be regarded as dull and Victorian by the modern child or teenager.

In days gone by the young folk had their indoor games, but they did not need managers, coaches and trainers. Today, they do not seem to be able to form their teams without elaborate organization behind them.

If parents are to be blamed for the delinquency of their children, as magistrates and social workers so often assert, the remedy is more recreation in the home, and while organizations for children have their values, they should not be overdone.

There is nothing that will permanently impregnate the mind with such happy, personal memories as good times at home.

—The Stratford Beacon-Herald

Scripture Passage for Today

"The Lord is nigh unto all . . . that call upon him."
—Psalm 145:18.

MRS. CELAL BAYAR, wife of Turkey's President, is shown by a little girl how the deaf "hear" by placing their hands on a speaker's throat. Looking on is another pupil of New York City's Public School 47. He wears a hearing aid. Mrs. Bayar, who is on an extended tour of the U.S. with her husband, visited the school for the deaf and hard of hearing recently.

More O Canada

A READER pokes some mild fun at me for a recent article I wrote on the patriotic song "O Canada."

Why did I not reveal the fact that the Weir version of the song is sung from coast to coast in English-speaking Canada, except in the heart of Vancouver itself he wants to know?

Is all the rest of Canada out of step but Vancouver?

In any event, my fun-loving friend suggests, let the MP's get busy and pass a law, and thereafter everybody will have to sing the same version — or else.

WELL, there are a good many things that can be done by law. But surely the most fundamental law in any democracy is the law of common-sense, and commonsense should tell any organization of national scope that we can't ever expect to become a united nation if we won't even agree, of our own freewill, to sing the same words to the same national song.

HERE is a short factual outline of how we got where we are today in regard to our national song, O Canada.

The music was written in 1875 by a noted French-Canadian musician, Calixa Lavalee. A few months later, but in the same year, a French-Canadian, Judge Routhier, wrote the following in French. Here are two verses translated freely as follows:
O Canada, land of our ancestors, thy forehead is girdled by a glorious floral wreath. Thy arm knows how to hold the sword, and knows too how to bear the cross. Thy history is an epic story, of most brilliant exploits. Thy bravery, tempered in faith, will protect our hearths and rights.

Sacred love of throne and altar fills our hearts with living spirit. In our dealings with other nations, our guide is the law of goodwill. Let us learn how to become a nation of brothers. Linked together in mutual trust, And repeat, like our forefathers "for Christ and the King."

The so-called Weir version is the only English-speaking rendition that ever gained acceptance from coast-to-coast, (with the reservations for Vancouver mentioned above).

The first verse of the Weir version is:
O Canada, our home and native land, True patriot love in all thy sons command, With glowing hearts we see thee rise, Thee true north strong and free, and stand on guard, O Canada, we stand on guard for thee.

The above Weir version was endorsed by the Association of Canadian Clubs in 1920. It was recognized as the English speaking version by the Government of Canada in the Confederation Celebration of 1927.

On December 13, 1947 the armed services of Canada were ordered to honor the playing of O Canada, on a par with national anthems of allied countries (though not in any way to displace "God Save the King"). The Weir version of O Canada is included as hymn 181 in the official armed services hymn book for Canada.

Housing Demand

PRINCE ALBERT, Sask. (CP) — more than 200 applications were received for 30 low-rental subsidized houses, still under construction here. The dwellings, built under the federal-provincial-municipal plan, are scheduled to be completed this spring.

THE ANSWER to the parking problem? Prof. Peter Birkenholz, 77, of Munich, Germany, thinks his idea of a "ball garage" would help. Shown here with a model of the invention, Birkenholz claims the circular garage provides room for 1,000 cars. The project would be about 170 feet high and could be built in a new, non-scaffolding method. Whether the city will get such a "balloon garage" is now up to the local planners to decide.

CAPITAL COMMENTS

By A. BRUCE BROWN, MLA, Prince Rupert

Editor, Daily News:

Last Tuesday I took part in the budget debate. After spending the last ten minutes itemizing the reductions made by the Social Credit government and showing the new imposts, which resulted in \$2.00 of taxation being imposed for every dollar being deducted, I ended by quoting the enclosed, authored by myself:

A. BRUCE BROWN.

Dental Faculty May Be Set Up At University

VICTORIA (CP)—Health Minister Eric Martin has dropped a broad hint concerning the establishment of a dental faculty at the University of British Columbia.

Speaking at the B.C. Dental Association banquet here, Mr. Martin advised delegates to expect an "optimistic announcement" from the floor of the house shortly.

Delegates cheered the statement, but Mr. Martin did not elaborate.

He said the fact that B.C. lacked a dental college resulted in Canada losing many promising young men.

"There is a terrible shortage of dentists not only in B.C., but all over Canada," he said. Mr. Martin said there had not been a single case of increased teaching facilities in B.C. in the last 25 years and it was essential something be done in the dentistry field as rapidly as possible. The next step, he said, would be the provision of funds to set up a faculty.

Guest speaker Dr. Brock Chisholm, former director-general of the World Health Organization, said it was up to the people of prosperous countries to do their part in preventing another world war.

"Help has to be given by people that have to people that do not have," he said. Dr. Chisholm said untold millions did not know what it was not to go hungry and that their eyes were on Canada because it represented "unimaginable prosperity." Canadians do not realize the situation as it exists, he said, and should press the government to increase budgets to such organizations as the United Nations. Dr. Chisholm said he thought Canada should be ready to donate a few more millions of dollars a year.

Ray Reflects and Reminisces

Instead of Canada shipping fish, 30,000 specially-cured 'cod fillets from Grimsby (Eng.) are en route to St. John (N.B.) for unloading, and distribution in Toronto. It is the largest fish order for Canada ever received in England. The cod has a different flavor.

The report of Ontario liquor profits going up provide sufficient proof that more liquor is going down.

Three times in a recent week members of the British parliament had all night sittings, including one of 22 hours. They drew a salary of \$3,000 a year—and no overtime.

Four-year-old Narelle Dick of Brisbane (Australia) walked uninvited to the queen's dais, and is declared hugging and kissing ensued. Perhaps! But what little four-year-old would ever think up a cute wee program like this? We'll wager Mother

started the show, and had Narelle well drilled.

WHAT A BOSS WANTS

The common mistake young people make, the attitude they take is that the first jobs they get on leaving school are below them. What they don't know is that the small tasks, the routine chores are the testing-ground. Brains are really fairly common, comments the Montreal Gazette. The things that are uncommon, are reliability, loyalty, a sense of responsibility, a pride in doing a job well. These are what employers seek. Too often are they sadly disappointed.

Comes word that a statuette of Mrs. Eisenhower is reported from a display of antiques in New York. If this isn't an insult it's like one, Mamie an antique!

CALLED ENVOIUS

It's high time, observes the Saint Ste. Marie Star that a realistic view should be taken of our efforts at reforming the criminal. Many habitual crooks are today better off than they have ever been. Honest folk who struggle along at ill-paid jobs, seldom getting enough to eat, unable to buy glasses when their

Vertical-Takeoff Fighter Plane Studied for Canada

By DAVE McINTOSH
Canadian Press Staff Writer

OTTAWA (CP)—Canada's defence planners are considering the possibility of RCAF adoption of a vertical-takeoff fighter plane.

They also are mulling over, even while the RCAF's 12 squadrons in Europe are being re-equipped with 300 new Sabre jet fighters, what aircraft will eventually replace the Sabre.

The RCAF is playing two fighter roles and consequently needs two types of fighter aircraft. For home defence, it needs, and now has, a long-range plane to cover Canada's vast distances in a comparatively short time. It also needs a short-range, high-powered fighter in Europe.

The air division in Europe might eventually be re-equipped with the CF-100, the twin-engine, all-weather jet now being produced in Canada for home defence. But there is a snag.

KEEP AS UNIT

Defence officials said that if the CF-100, believed the most heavily-armed fighter in the world, were sent to Europe, North Atlantic defence chiefs might scatter the 12 Canadian squadrons from Norway to Turkey. The RCAF wants to maintain the air division as a unit.

The United States navy has unveiled a vertical-takeoff fighter and Sir Roy Dobson, managing director of the A. V. Roe Aircraft Company, was quoted last week in London as saying that Avro's Canadian plant at Malton, Ont., is designing a vertical-takeoff plane.

Such an aircraft could be posted almost anywhere in Canada's northern wilderness as an interceptor force and without the necessity of building expensive airfields.

HEALTH INSURANCE

... how millions of Canadians are voluntarily protecting themselves and their families against the cost of illness and accidents.

While giant strides have been made by modern science in the past half-century, the cost of illness remained a very real problem for Canadian families until quite recently.

The most generally satisfactory method of meeting this problem — health insurance — has been in existence for many years. But few people had this protection until 1940. Since then, numbers have increased at a truly amazing rate.

Today, 5½ million Canadians have voluntary insurance against the burden of hospitalization. Nearly 4 million enjoy protection against the expense. And about 3 million have the form of protection: medical expense insurance. And most of these people have acquired protection in the last ten years!

Where did all these people obtain this needed help?

Mostly from insurance companies, Blue Cross plans, and medical care plans which are sponsored by the medical profession. Others acquired protection from insurance co-operatives, fraternal benefit societies, employee benefit associations.

Keen competition among the various insurance agencies has brought a steady broadening of benefits and greater protection for an ever-increasing number of Canadians. Thus today most hazards of illness and accidental injury are covered through the voluntary insurance plans offered by one or more of these agencies.

This striking record of achievement presents two facts: It proves that Canadians have foresight and initiative in helping themselves to meet unpredictable costs of accidents and illness. It demonstrates the ability of insuring agencies to provide service that meets the greatest needs of the greatest number of citizens.

The Life Insurance Companies in Canada are proud that they have been able to provide a large share of this vital service!

YOURS FOR THE ASKING—The new booklet "Financial Services in Canada" This informative 21-page booklet shows how they complement government health services in the country. For a free copy, write to the Joint Committee on Health Insurance, 302 St. James Street, Toronto.

Bellis Asserts Heating Unit Saved Hospital Board \$1,500

Installation of a new heating plant at Prince Rupert General Hospital enabled the institution to effect a savings of approximately \$1,500 a year in fuel costs. This was announced at the annual meeting of the association in the Civic Centre last night by Norman Bellis, chairman of the long-range planning committee.

In a report on the work of the committee and operation of the hospital, Mr. Bellis said that: "Realizing that it is the responsibility of the board to provide the residents of this community with modern diagnostic and treatment facilities, the long range planning committee is constantly reviewing and

studying existing conditions and planning for the future." "We would also point out, most emphatically, that if the people of this community want a modern hospital they must be prepared to contribute their proportion of the cost."

AYPA To Host Youth Group

Members of the Anglican Young People's Association of St. Peter's Church, Seal Cove, at their last meeting, planned to invite another youth group to join in their activities.

Members of a Port Edward youth group will be invited to join the St. Peter's group.

The meeting also heard reports on success of a fund-raising scheme. Members are selling greeting cards to finance club activities.

A sports session, including basketball, and refreshments completed the evening.

Up-To-Date Training Methods Outlined at Weekend Session

Tips on up-to-date methods of Girl Guide training were given local Guide and Brownie leaders at sessions over the weekend with Miss Lucy Smith of Vancouver, member of the provincial Guide training staff.

Highlight of the weekend training session was a hike Saturday, when about 25 Guides and leaders trekked out west of the city, nearly to Casey Point, to learn new fire-making and outdoor cooking skills.

Some Guides passed second class fire tests while others worked on first class fire badges, learning from Miss Smith new types of outdoor fires.

TRAINING SESSION

Training sessions started Friday afternoon at a tea at the home of Mrs. R. B. Allen for Guides and Local Association members, when Miss Smith outlined the duties of the association.

Friday night, at a session for Guide and Brownie leaders in St. Andrew's Cathedral hall, Miss Smith gave pointers on campfire, teaching some new songs, and covering a variety of points on planning Guide and Brownie meetings.

Saturday night at another training session at the home of Miss Dorothy Edgar, 1008 Second Avenue West, Guides learned new methods of teaching compass work, semaphore with games and other topics. Miss

Smith also spoke on international Guiding, telling of her visit to the World Guide Chalet in Switzerland in 1947.

Sunday afternoon Miss Smith met with members of the extension group which directs Guide and Brownie work among the patients at Miller Bay Hospital, at a tea at the home of Mrs. Lionel Holtby, and Sunday night, at the home of Mrs. W. L. Hitchcock, Brownie ceremonies, patrol systems, court of honor procedures and camping problems were covered.

Miss Smith, who was guest at the home of Mrs. Hitchcock during her visit here, was scheduled to return by plane today to Vancouver, where she captains the 10th Vancouver Guide Company.

Lodge Enjoys Cards, Dance

Eleven tables were in play when the Sons of Norway staged their regular dance and whist party Friday night in the SON Hall.

Winning prizes were Mrs. Alf Jensen and A. Martinussen. Mrs. H. F. Glassey took second prize in the women's section while O. K. Olson won men's second prize on a cut with H. Dean-Freeman.

Door prize went to Amgioli Ultimo.

The committee in charge included Mrs. E. Sornes, Mrs. J. Pedersen, Mrs. H. Hagen, Mr. and Mrs. P. Peterson, K. Dahl and Nels Gunnarson.

Newspaperman To Speak Here

Kenneth Johnstone, Kemsley newspaperman of London, England, is back in Prince Rupert after a visit to the Queen Charlottes, and will lecture at an open meeting at St. Peter's Church Hall, Seal Cove Tuesday night.

Mr. Johnstone, who is touring Canada seeking material for a book on life in this country, came here a week ago from Kitchener where he worked for several months.

After a five-day visit in Prince Rupert, he will leave for a tour of the Peace River area and the Yukon.

NONE OF THAT bottle-and-nipple stuff for Maryanne Perry of Rochester, N.Y., who's a big girl at 7½ months. She takes her liquids through a straw, a feat unusual for her age. Her parents, Mr. and Mrs. Anthony Perry, claim envious neighbors have tried the stunt with their offspring, but without results.

Suffragette To Meet Naguib

CAIRO (Reuters)—Mrs. Doria Shafik, still weak from her seven-day hunger strike, today led her group of seven suffragettes to call on President Mohammed Naguib who got them to end their fast Friday.

It was the first day out of hospital for the feminists. Their hunger strike supported demands of 36-year-old Mrs. Shafik's "Daughters of the Nile" organization that women be allowed to run for seats in Egypt's new constituent assembly this spring. Naguib repeated his pledge to the women that "your demands are in good hands."

STOP SINUS SUFFERING

For the first time sinus sufferers can obtain complete, long-lasting relief with NEVO. Available to the public after years of research and testing. Medical tests have proven that NEVO completely eliminates sinus suffering in almost all cases even when other methods have failed.

Dress With Peekaboo Holes Dream of Love-Lorn Miss

KANSAS CITY (AP)—Mrs. Ralph H. Dolson took her eight-year-old daughter, Suzie, downtown to buy an Easter outfit.

"I don't want any just plain stuff," Suzie told her mother. "I want a dress like the dining room curtains. You know, with holes in what it's made out of."

They found only one dress—pale pink and lacy—which made Suzie's eyes shine.

Her reason for a dress "with holes" were evident when she pranced out of the store's dressing room.

Four large red hearts drawn on her bare chest showed clearly through the lace. Completing the picture were a cupid's arrow and the words, "Suzie loves Terry. Terry loves Suzie."

Later at home, Suzie joyfully watched her lipstick smudge go down the bathtub drain, and repeated:

"But that's what I wanted the dress."

She has the dress, though.

HENRY VII instructed his "well beloved John Cabot" to "seek out whatsoever cities, countries, regions or provinces of the heathens or infidels, which before this time have been unknown to all Christians." Without Henry's backing, Cabot might never have discovered Canada.

On May 1, 1497 Cabot sailed from Bristol, then second only to London as a great English port. The merchants of Bristol, eager to expand their trade, equipped Cabot's ship, the Mathew, though it was the King of England who financed the voyage, for he was very eager for his country to expand.

For two months the Mathew toiled on the high seas. Cabot could navigate only by the compass—which does not always point due north. Hence he headed slightly southwest instead of west, and so made his great discovery.

It took courage to set upon unknown waters hoping to sail around the world and appear on the other side of the horizon, for in those days the idea of a round globe was still new. Cabot had a crew of only eighteen men, including his three sons.

At last, on June 24, 1497 land was sighted. "It is a very good and fertile country," Cabot wrote. "Brazil wood and silks grow there, and the sea is covered with fishes." Cabot thought this land was connected with the East.

On the new land, far from the old world, Cabot planted the flag of England and also the banner of St. Mark, patron saint of his native Venice. Cabot was the first to order the flag of England on soil which Jacques Cartier, Champlain and others later opened up.

Tired of finding a route to the Indies of the East, Cabot discovered a land richer by far. Cabot has won his niche in our history. But without the help of Henry VIII of England, he could not have intimated his expedition. Henry, also, "helped Canada grow."

THE CABOTS of today have plenty of adventure ahead, as Canada's rapid development demands initiative in every field. New Cabots are venturing into both chartered and uncharted areas of financial risk.

Who are the Henry VII's of today?

The lending institutions of Canada!

Manson's Make Sweep Of Playoffs, Trophies

Manson's Omegas made a clean sweep Saturday night as they defeated Columbia Cellulose 300 Club 61-58 to win the Senior B basketball playoffs, the Civic Centre Association Playoffs trophy that goes with it and two members of the Omegas team captured local basketball's two most coveted awards.

Art Olsen, Manson's lanky bucket man won the Bobby Houston Memorial award for the most sportsmanlike player and the player contributing the most to basketball during the season's play.

Don Hartwig was awarded the Daily News Most Valuable player individual trophy.

The presentations, made after the game by Dick Ayres, sports editor of the Daily News, saw Art Olsen presented with the Sun Life Cup, emblematic of the Senior B league championship. The Civic Centre Association playoffs awards was made to Bill McChesney, coach of the Omegas who piloted his team to victory; Manson's lost the first game and then took three straight.

The hard checking final was the second heart-breaking loss suffered by CCC. Last Tuesday they bowed to the league champions by one point and last night's encounter was anybody's game up until the last 4½ minutes of the final quarter.

LED AT FIRST

The pulp millers sparked by Sid Scherk who racked up a total of 18 points, took the first quarter 19-15. Manson's with Danny Bill, Ray Spring, and Mickey Webster combining to add 18 points during the second quarter held CCC down to 13, to hold a 33-32 lead at half time.

The third frame saw the score

see-saw back and forth with never more than two points separating the teams and Manson's only succeeded in edging the Millers 15-14. At the 5:41 mark of the last stanza the score was 52-52. Webster put Omegas in the lead 54-52 but a free shot scored by Freddy Christensen cut it to one point. Two quick baskets by Spring and Webster made it 53-53 and when Bill Sunberg fouled out Spring added another free shot point to make it 59-53. Another two free shots gave Manson's 61 points at the 1:03 mark but Don Scherk brought CCC up to 61-55 when Danny Bill collected his fifth foul. Marshall added two points for the millers and added another single point when Spring fouled out with 24 seconds to go. Manson's retained the ball for the last few crucial seconds. Spring with 14 points and Danny Bill with 13 paced the winners.

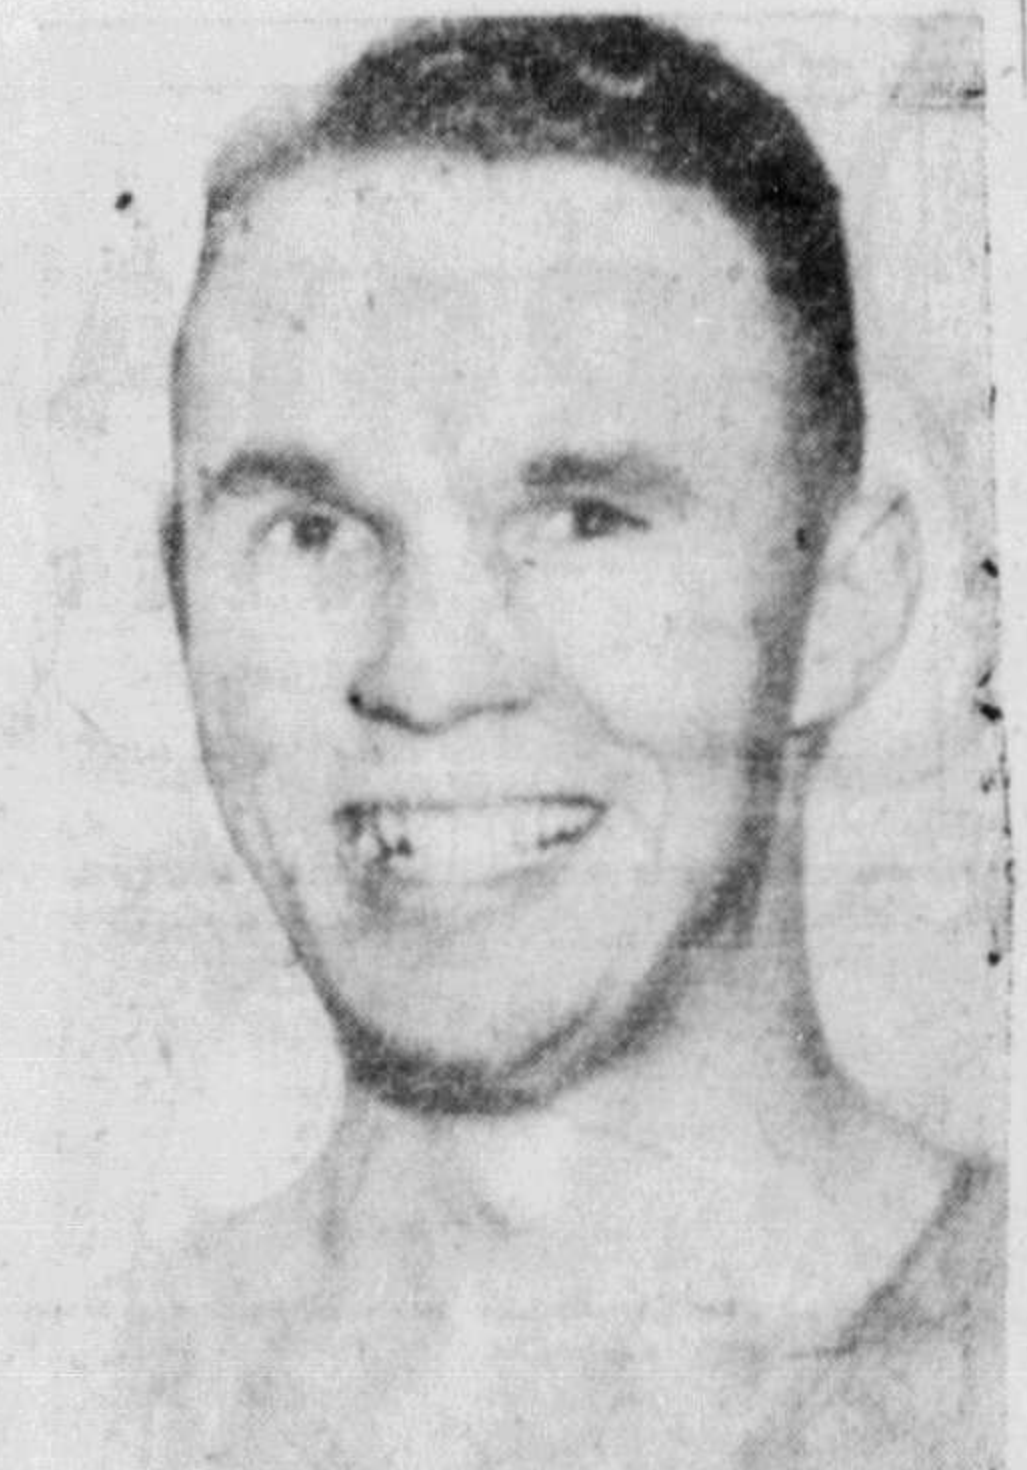

Both teams shot 50 per cent on their free throws with Manson's sinking 17 in 32 tries and CCC making good on 12 out of 23 chances. Omegas were penalized 18 times and CCC had 21 fouls called on them.

Lineups: MANSION'S — Olsen 9, Bill 13, Spring 14, Webster 12, Walsh, Hartwig 10, Dumas 3. Total 61. CCC 300 CLUB — Scherk 15, Pay 13, Sunberg 7, Christensen 1, Marshall 4, S. Scherk 18, Thompson. Total 58.

Referees: Doug Sankey, Bill Morrison.

Fraser & Payne Down Bottlers To Take Game Lead in Finals

Fraser and Payne took a one game lead in the Inter A finals Saturday night when they trounced the league champions North Star Bottlers 39-24 in the third game of a best out of five series.

In the Inter B loop General Motors went a game ahead of Manson's as they too trimmed the league titleholders 28-24 in a hot and heavy contest, the third in a best of five finals.

In holding the Bottlers to the lowest score they've had all season, Don Hartwig's Fraser and Payne crew took an early lead, ended the first quarter 12-6 and led 26-17 at the half. North Star failed to comeback in the third quarter as the drygoods squad chalked up another 12 points and held the Bottlers down to 5. Close checking and stalling featured the final quarter as Fraser and Payne played it close to the vest, scoring only one point themselves and permitting Jack Evans' North Star squad to net one field goal.

Dick Nickerson and Rod Tait shared scoring honors for the losers while Gary Morrison with 14 and Freddy Kristmanson with 10 topped the Fraser and Payne marksmen.

North Star collected 16 free shots and scored on 10 of them. Fraser and Payne only 7 free shots in 18 tries.

In the Inter B fixture General

Motors squelched Manson's 9-2 in the first quarter and although outscored 8-3 in the second, led 12-10 at half time. Manson's rallied to tie it up at 19-19 at the end of the third frame but the General Motors crew came back and potted 9 points to the league champions 5.

Mike Young with 12 points led the winners while Harold Webber with 10 paced the losers.

Lineups: Inter B League Finals MANSION'S—Hedgkinson 4, Webber 10, B. Sedgewick 4, Erikson 2, Anderson 2, T. Sedgewick 2. Total 24. GENERAL MOTORS — Young 12, Shenton 7, Lewis 3, Nelson 1, Carlson 1, Dean 4, Stanwood, Pedersen, Forward. Total 28.

Inter A League Finals NORTH STAR — W. Morrison 6, Tait 2, Helin 7, R. McKay, Donaldson, Black, Nickerson 7, Newton, Haudenschild 2. Total 24. FRASER & PAYNE—Kristmanson 10, Ciccone 7, Sankey 3, Forbes 5, G. Morrison 14, Stewart, H. McKay. Total 39.

Referees: Bob McFarlane and Sankey; Vern Ciccone and Fred Calderone.

Alberni Wins B.C. Cage Title

ALBERNI, B.C. — Alberni Athletics upset the favored Vancouver Eilers 93-74 here Saturday night to become British Columbia senior men's basketball champions.

The title, which Alberni took four games to three, was the first for the Vancouver Island city. Athletics move to Alberta next week to take on the Raymond Union Jacks for the Alberta-B.C. championship. Winner of this best-of-three tussle moves to Winnipeg for the western Canadian final.

SUCCESSION DUTIES First succession duties in Canada were imposed in 1892 by Nova Scotia, New Brunswick, Quebec and Ontario.

THIS MOB SCENE occurred during a recent high-school basketball game between Goshen and LaPorte in Indiana. Goshen guard Dick Hinckley seems to be switching to boxing as he apparently drives a straight left into the mid-section of referee Don Collier (striped shirt). Actually, Hinckley was on his way to the floor after a shove by an unidentified player and Collier was blowing his whistle for a foul. A disinterested pop-corn hawker goes about his business, unaware of the collision headed his way. To complete the picture, Goshen High School cheerleader Peg Berlin jumps up from the sidelines to get a better look at the tumble.

Lumley Wins Goalie Award As Leafs End in Third Spot

By The Canadian Press

The National Hockey League's regular schedule ended Sunday night in a hectic flourish and Harry Lumley's battle to win the Vezina Trophy topped about as crazy a wind-up as could be dreamed up.

Montreal Canadiens finished in second place by three points over Toronto Maple Leafs and set the line-up for the Stanley Cup playoffs opening Tuesday night.

The first-place Detroit Red Wings will tangle with the Leafs in a best-of-seven series opening Tuesday in Detroit and the Canadiens will take on the fourth-place Boston Bruins in a similar series opening the same night in Montreal.

But the way Lumley nearly blew the Vezina trophy and the \$1,000 bonus that goes with it overshadowed everything else on the final night. The Leafs' goalie went into the final week-end with a five-goal margin over the Wings' Terry Sawchuk. He had a six-goal lead after Saturday night's games when New York Rangers beat the Leafs 5-1 in Toronto and the Canadiens trounced Detroit 6-1 in Montreal.

BY SINGLE GOAL

Sunday night the Wings whipped the Toronto club 6-1 and Lumley, won the goaltenders' award by a single goal, the first time he has captured it in 11 years in the NHL.

The Canadiens, in third place a single point behind the Leafs before the final two games, clinched the runner-up spot by beating the Rangers 3-1 in New York. Boston and Chicago closed out their schedule with the Bruins beating the Black Hawks 9-5 at Boston.

FLUKE GOAL

Lumley edged Sawchuk 132 goals to 131 and the single goal difference was a fluke, the only tally that the Leafs could score against the Detroit goalie during the night. It came from the stick of Jim Thomson and was a blooming 80-foot shot which squirted through Sawchuk's legs. The Leafs trailed the Red Wings 3-1 going into the third period. The Wings then scored three times to pull Sawchuk within one goal of Lumley with seven minutes to play. The Wings missed several great chances of scoring again, Lumley rising to the occasion to make several clutch stops.

Virtually lost in the wild finish were the 22 penalties handed out by Red Storey, plus the fact that Gordie Howe scored once and assisted in two other goals to win the scoring crown for the fourth straight year. He finished with 33 goals and 49 assists for 82 points.

The other Detroit scorers were Ted Lindsay with two and Johnny Wilson, Bill Dineen and Tony Leswick.

The Red Wings hardly seemed like the same team which played the Canadiens the previous night. Marty Pavelich got their only goal. For Montreal, Floyd Curry counted twice and Lorne Davis, Bernie Geoffrion and Ken Mosdell once each.

MONTREAL SCORERS — Paul Masnick, Paul Meger and Maurice Richard scored the Montreal goals that beat the Rangers Sunday night. Richard's goal was his 37th of the season, the tops for that department. Against the Rangers Saturday night the Leafs were as powerless as they were against the Red Wings the following night.

Four goals were scored by defencemen, with Jack Evans getting two and Ivan Irwin and Leo Reise scoring the others. The Rangers' first period goal

was counted by Mickoski. George Armstrong matched that for the Leafs and Sid Smith counted their other goal in the second period.

Gus Bodnar and Cal Gardner led the Boston attack with two goals each in the Bruins' win over Chicago. The other Boston marksmen were Ed Sandford, Fleming Mackell, Dave Crigh-ton, Doug Mohns and Frank Martin. Pete Conacher fired two goals for Chicago. Lou Jankowski, Jack McIntyre and Al Dewsbury scored one each.

Twelve Boys Enter Names For Car Race

Twelve competitors have entered the Trades and Labor Council Soapbox races scheduled for May 24th, the same number as in Prince Rupert races in the past two years, and a few more entries are expected.

John Dyck chairman TLC race committee today reminded would-be racers that deadline for entries is April 15.

He reported that since the official wheel sets had arrived, several youngsters had started preliminary construction of their soapbox cars, and were awaiting arrival of official rule books with specifications, before tackling the main parts of the racing cars.

Mr. Dyck also reported that the TLC tag day staged Saturday had raised more than \$100 to help finance the race, winner of which will be sent on to the provincial derby at Mission City, and thanked carvassers and all who donated.

He said that rule books and helmets for the racers are expected to arrive here this week, and that they will be delivered to entrants immediately.

Favorites Win In Interior

By The Canadian Press

The favorites won as expected during the week-end in two Interior British Columbia hockey playoff fixtures. Penticton V's, season-long leaders of the Okanagan Senior Amateur loop, battled to a 6-5 win over Kelowna Packers to go two games up in their best-of-seven final series. And over WHIL, the regular season champion Kimberley Dynamiters sneaked past Nelson Maple Leafs 2-1 in the opening tilt of a best-of-five final series.

Claude Bell drove home Red Mellor's pass to give the Dynamiters first blood in the game at Kimberley and the score held until the final frame when Lee Hyssop tied it up, only to have Cal Hockley score the winner a minute later.

At Kelowna, Grant Warwick scored his second goal of the night for what proved to be the winning marker near the 17-minute mark of the final period. Dick Warwick, Don Fairburn, Bill McDonald and Kevin Conway got the others. Kelowna marksmen were Joe Connors with two, Don Culley, Frank Hoskins and Paul Brilliant.

GREAT PYRAMID The great pyramid of Cheops in Egypt covers an area of more than 12 acres.

Date of Fight Changed

City Honors Marshall With Boxing Trophy

Andy Marshall, Prince Rupert's 1954 Golden Gloves champion, was honored Saturday night by the City of Prince Rupert and was wished the very best of luck by the Elks Lodge as they assured him that if he is chosen for the British Empire Games trials, every effort will be made to see that he goes.

Before a large crowd at the Elks Hall, Alderman Darrow Gomez, speaking on behalf of Mayor George Hills for the city of Prince Rupert, congratulated Marshall for his "very successful fights" and thanked him for the "publicity and honor" he had attained for this city.

"Even though the rest of the province may be able to claim slight advantages over Prince Rupert in respect to weather, it is heartening to know that when it comes to the manly art of boxing, we will always have you to send anywhere to prove that we grow them tough up here and can always take on their best," Ald. Gomez said.

"I want to wish you every success in the future and trust that you have your sights set on helping to win the British Empire Games for Canada."

Ald. Gomez then presented a trophy of a boxer to Andy Marshall who expressed his appreciation of the city's action and promised that he would always do the best he knew how.

Master of ceremonies Don Wannamaker then introduced Dick Ayres, sports editor of the Daily News, who paid tribute to Joe Ward, Civic Centre Boxing club coach and also to Bill Morrison, three times Golden Gloves winner and to boxing contenders Chuck Place and Billy Tuschy, all of whom will be taking on RCN fighters April 3. Ald. Gomez was introduced by Johnny Odowes, chairman of the Elks Lodge boxing committee.

The Elks Lodge are sponsoring the fight card at the Civic Centre April 3, which will be headlined by a return bout between Andy Marshall and Trent Ketholson of the RCN, Canadian middleweight champion.

The Elks boxing committee in conjunction with the RCN have announced that the fight date has been changed from April 2 to April 3.

The change gives any of the navy boys on their first trip up the coast a chance to recover if they have suffered sea sickness. The boxers, some of whom have not been to sea before, will be arriving on the HMCS Sioux on April 2.

Andy Marshall, coach Joe Ward and his boxers were guests of honor at a banquet earlier in the evening at the Broadway Cafe.

Canucks Edge Stamps For

By The Canadian Press
The Western Hockey League staggered through to the final whistle of its marathon 70-game schedule during the week-end with Vancouver Canucks emerging alone on the top rung.

Following in order behind Canucks, first-place finishers for the first time in their professional history, were Calgary Stampede, Saskatoon Quakers, Edmonton Flyers, Victoria Cougars, New Westminster Royals and Seattle Bombers.

Canucks maintained their slim two-point lead over Calgary by downing New Westminster 6-3 Saturday night on Royal's home ice. The Calgarians downed Edmonton 7-2 in Calgary.

Saskatoon edged Victoria 5-3 in the other Saturday night game and the two tail-end clubs wound up the series in Seattle Sunday night with New Westminster whipping the luckless Bombers 8-4.

Seattle was the only club eliminated from the playoffs by the

Canine Culprit
 KIRKLAND LAKE, Ont. (CP)
 Police investigating "theft"
 of a woman's dress from a
 clothes line found the chewed re-
 mains of the dress in a nearby
 backyard. They deduced it had
 been torn from the line by a dog
 and carried away to be chewed
 at leisure.

UPSIDE-DOWN SOPRANO CHALKS UP RECORD—At New York's Carnegie Hall the other day Washington State's soprano, Frances Yeend, chalked up a record of 150 appearances as soloist with 44 major U.S. symphony orchestras during the past eight seasons. This record is unsurpassed by any other vocal star and gives her the clear title as "the nation's No. 1 symphony vocalist," or so she claims. The blonde singer, who stands on her hands for several minutes each morning to tone up circulation and ward off colds, indulges in her favorite exercise alongside a stack of musical scores exceeding her own height, any one of which she is ready to sing at the drop of a note.

A profitable, guaranteed INVESTMENT! Start NOW to put a small portion of your earnings into A CANADIAN GOVERNMENT Annuity

which can be purchased to come due at age 50, 55, 60, or 65, or other ages.

Here is a typical example:

NOW

Supposing you are 23 and wish to secure an Annuity of \$100 per month commencing at 65. Your monthly premium would be only \$16.44!

AT AGE 65

The Government will begin paying you \$100 per month. These payments will continue as long as you live! Furthermore, in the event that you die within ten years after age 65, the monthly payments will continue to your heirs for the balance of that ten years. In other words, you will have paid \$7,299.36 to receive a minimum return of \$12,000 which will be even greater if you live past 75!

IF YOU DIE BEFORE AGE 65 OLDER PERSONS

The Government will pay your heirs the total sum paid up to the date of your death, plus 4% compound interest!

REDUCING ANNUITIES

An IMMEDIATE ANNUITY can be purchased from accumulated savings with monthly payments beginning one month after date of purchase. This provides a larger income than can be obtained any other way with the same security.

IMMEDIATE ANNUITIES can be purchased which pay larger monthly payments until age 70 and then reduce payments by \$40 monthly when old-age security payments begin... thus assuring a level income for life.

Any resident of Canada between ages 5 and 85 is eligible to buy a Government Annuity WITHOUT MEDICAL EXAMINATION. The example given above is one of many Government Annuity plans available to meet your particular requirements. Consult your DISTRICT ANNUITIES REPRESENTATIVE.

CANADIANS SERVING in Germany have found a sure-fire way to make friends among the children—give them rides in army vehicles. Two unidentified members of the Royal Canadian Regiment take a group of youngsters for a short trip in a gun carrier in the Soest district.

Two Submarine Mines Sealed In Effort To Choke Off Fire

GLACE BAY, N.S. (CP) — Two of Cape Breton's submarine coal mines were sealed Sunday in a last-ditch effort to choke a fire raging in a tunnel under the Atlantic where two miners died.

The Dominion Coal Company's No. 26 colliery, its newest and most promising mine, will be closed for three or four weeks and the adjoining No. 1-B for at least a week. About 1,200 men were affected.

The fire started when an explosive charge was set off Friday night to loosen a coal face in No. 26. But this time the tongue of flame that licked from a dynamite blast did not flicker out.

The gang working the coal face attempted to put the fire out by showering it with stone dust, the usual method. This failed, and the flames were soon

out of control in a tunnel adjoining the mines 2,000 feet underground.

Donald MacLennan, 52, and Maile O'Handley, 39, whom company manager Harold Gordon described as "two damned good men," went into the pits wearing steel helmets to help fight the fire—and died.

Company officials believe there was a defect in the strata at No. 3 Deep, and that the "shot" flame ignited a small body of gas in the roof.

MacLennan, awarded a medal for heroism two years ago for leading trapped miners out of the nearby No. 20 colliery with only a wet handkerchief over his face, was off duty but went down with the first crew of draegemen, expert rescue workers.

Senator Wants Lie Detectors Used in Dispute With Army

By JACK BELL

WASHINGTON (CP)—Sentiment appeared to be building up among Senate Republican leaders today that Senator Joseph McCarthy (Rep.-Wis.) should step all the way off his investigations sub-committee while it looks into his roaring quarrel with the army.

From McCarthy came an announcement of a tentative decision not to do so and a suggestion that the committee employ lie detectors to get at the truth of his controversy with Army Secretary Robert T. Stevens.

The sub-committee plans to meet Tuesday to discuss procedure for its hearings, no date for which has been fixed.

McCarthy, voicing "complete confidence in this scientific instrument when it is operated properly," said he will suggest the use of lie detectors if all the witnesses agree. He plans to testify himself.

Senator William Knowland of California, the Republican floor leader, said in an interview he doesn't want to interfere in the committee's functions, but he thinks McCarthy should volunteer not to question witnesses or to vote on issues before the group.

McCarthy has said he plans not to vote "on any final decisions or conclusions" of the sub-committee.

Knowland said in an interview:

"Since the senator has agreed to be sworn and to testify as a witness, I would think the procedure would be for him to voluntarily step aside and not attempt to participate in the questioning of other witnesses."

Senator Charles Potter (Rep.-Mich.), a member of McCarthy's sub-committee, said he isn't going to insist that McCarthy give up his place as a committee member, even temporarily, if the Wisconsin senator chooses another course. Besides McCarthy, the group includes three Republicans and three Democrats.

Potter's Michigan colleague, Senator Homer Ferguson, took a position similar to Knowland's.

McCarthy said in a statement Sunday he had agreed with Senator Karl Mundt (Rep.-S.D.),

who will preside over the hearings, that he should not vote in any question pertaining to the investigation.

"I shall be a witness," he added, "and I do wish to cross-examine other witnesses. In all fairness, I feel this right to cross-examination should be extended to the army officials involved."

That was his reaction to a Democratic suggestion that he step off the sub-committee. It was made Saturday night by a sub-committee member, Senator Stuart Symington (Dem.-Mo.).

Climber Honored

NEW DELHI (CP)—Native guide Tensing Norkay, who with Sir Edmund Hillary reached the top of Mount Everest, received the Hubbard Medal at a function at Darjeeling. The Sherpa guide also received a token purse of about \$100 from George V. Allen, American ambassador to India. The Hubbard Medal, highest award of the U.S. Geographic Society, had previously been given to Hillary and expedition leader Sir John Hunt.

FINE FUR

The sable, most prized fur-bearing member of the weasel family is the Russian counterpart of the Canadian marten.

PHILISHAVE The Wonder Shaver

Just imagine, every day a perfect shave... no pull, no scrape, no soap and no blades to buy. Philishave's twelve self-sharpening silver steel rotary blades assure you of the best shave you've ever had. Try Philishave today. No obligation.

End-Play Defence Calls For Flexible Thinking

The reason that successful defense against end-players is hard to master is that it requires defenders to make "unnatural" plays—plays which, in other situations, they avoid instinctively. I refer to plays like dropping a king "unnecessarily" under declarer's ace or throwing away a sure winner in order to keep a deuce in another suit.

Today's hand is a good illustration. Mr. Muzzy led his fourth best spade, the five, and dummy's eight spot won the trick. Mr. Champion playing the trey.

NO FINESSE
Mr. Dale saw that he could win five diamonds and one trick in each of the other suits. On the bidding it appeared that the heart finesse would lose, so he planned to try an end-play.

West dealer.
Neither side vulnerable.

North 2 D
South 3 NT
All Pass

He started the diamonds and on the third lead, Mr. Muzzy played the 10 of hearts. On the fourth diamond, Mr. Muzzy played the deuce of hearts. Mr. Abel the seven of clubs and Mr. Dale dropped the trey of hearts.

On the last diamond, Mr. Abel played a small heart and Mr. Dale discarded the four of clubs. This was the crucial play for Mr. Muzzy and he let go the deuce of clubs.

That was an error. Mr. Dale now cashed the ace of clubs, taking Mr. Muzzy's last one and followed with a spade lead, which put Mr. Muzzy in. After taking four spade tricks, Mr. Muzzy had to lead a heart into Mr. Dale's ace-queen.

"You've got to pitch a spade on the last diamond," said Mr. Champion severely, and held on to your deuce of clubs.

"But my spades were all good," replied Mr. Muzzy indignantly. "Good for what?" Mr. Champion snapped, "good for holding him to nine tricks. But if you hold two clubs, he can't strip you of the suit. You only win three spades but then you get out with a club and you never have to lead a heart. It was just a matter of letting your partner help you instead of trying to do all the work yourself."

Clemency Asked For Murderer

VANCOUVER (CP) — A mass meeting will be called this week to rally supporters for William Gash, 20-year-old convicted murderer who has been sentenced to be hanged.

Rev. D. D. Macqueen, minister of St. Peter's Anglican Church, announced Sunday that the meeting will be held. He said the time and place of the meeting would be announced later.

Mr. Macqueen said the meeting would be called in an attempt to obtain additional signatures to a clemency petition for Gash, who was convicted Friday and sentenced to be hanged June 22 for the golf course murder last Dec. 10 of Frank Pitsch, 45.

The jury, in bringing in the guilty verdict, added a strong recommendation for mercy.
