## VISITING WARSHIP LEAVES TO DESTROY SIGHTED MINE

### But Beacon Hill Finds Only Buoy

"Action stations" sounded here Saturday night for one of three visiting Royal Canadian Navy warships.

A few hours later, HMCS Beacon Hill, a frigate, steamed out of Prince Rupert Harbor to locate a floating mine 150 miles west.

But it turned out to be no mine at all.

The object reported by the halibut schooner Waterfall Saturday was a mooring buoy, adrift off Fredericks Island, west of the northern tip of Queen Charlotte Islands.

This report came in today by radio telephone from the Beacon Hill, which had reached the area.

Saturday afternoon, when the sighting report reached Department of Transport here, it was relayed immediately to the Navy.

Three ships here on a training cruise, included HMCS Sioux, Beacon Hill and Antigonish. The Beacon Hill was ordered to proceed immediately to the scene of the reported mine.

Most of the crew were ashore, Navy officials said, but in a few hours all hands were on deck and ready to depart.

The frigate is reported to have destroyed the buoy, likely to prevent any further false "mine" reports.

Meanwhile, the duty-bound Navy vessel will join the other two ships of Canadian Task Group 214.6 on its way to Juneau and other Alaskan ports as part of the training cruise.

While in Prince Rupert over the weekend, sailors and officers were entertained at the Civic Centre, private homes and the Canadian Legion.

Church parades were held Sunday.

One navy man, at least, made sure of a "practical" souvenir. This morning before departure, Lt. Cdr. R. Phillips, commanding officer of HMCS Antigonish, was seen carrying aboard his ship a huge halibut, all trussed up.

### Candidate Answers Criticism

50 Homes Good Deal, Says McRae

Jack McRae, 37-year-old Liberal candidate for Prince Rupert, answered critics of this city's housing development in a speech at the Civic Centre Saturday night.

Making his first appearance in public since his accident, Mr. McRae said he agreed with those who say the rents will be too high but "our first job was to get the homes."

"I quite agree I'd like to see lower rents, but I say 50 good houses is an asset to you regardless of what the rent may be."

He said the city council a year ago decided an emergency had arisen here and financial aid must be forthcoming to build new homes.

"The plans were approved by the municipal government. Tenders were called and the homes are now being built."

"Certainly there is a variation in price between the cost of homes here and cost in Vancouver, but our main problem was to get the homes built and work out rentals at a later date."

"I was asked two years ago to press for housing and it is very disappointing to me that any political party would bandy about any housing project in our city when there is such a crying need for accommodation."

Mr. McRae pointed out that in 1947 "half our wartime housing units were boarded up, but in 1948 when the first Forest Management Licence was issued, those 500 homes were filled up almost overnight."

Regarding cost of the new homes, he said the city pays only 7 1/2 percent of the cost, the B.C. government 17 1/2 percent and the federal government pays 75 percent.

"In other words, the senior governments pay 92 1/2 percent of the cost of construction of our homes."

INDUSTRIAL DEVELOPMENT

He spoke of the development of industry in the province and said the huge Columbia Cellulose development at Port Edward has been a boon to the city "and has meant a reduction to Prince Rupert of \$14,000 alone in the school budget."

"We have also seen construction of a good hard-surfaced road from here almost to the Columbia Cellulose plant and work is going on right now on the stretch from Tye east."

The government spent \$760,000 along the road to Port Edward, said Mr. McRae, adding that it is hoped to have a "real good highway soon all the way to Terrace."

HOSPITAL INSURANCE

He had nothing but praise for the B.C. Hospital Insurance scheme, explaining that cost of hospital and medical treatment

### Counsellor Rows Boat To Talk Politics

Transportation, or lack of it, doesn't bother Peter Leighton.

The 68-year-old representative of the chief councillor at Metlakatla came here by rowboat on Saturday to talk with Premier Byron Johnson.

Because his son, Dick, was out fishing "and everyone is busy at this time of the year," Mr. Leighton rowed from the little native reservation alone to attend a meeting here.

He was one of a dozen natives who brought greetings to Premier Johnson.

"It only took two hours," said the gray-haired popular resident of Metlakatla. "I go rowing nearly every day because I need the exercise."

The village, which celebrated its 90th birthday only four days ago and shortly will receive its enfranchisement, is about six miles from Prince Rupert.

The weatherman was good to Mr. Leighton, allowing him fine sunny weather to row over and again on his return trip. He left Prince Rupert shortly after 7 p.m. in order to get home before dark.

"I won't get time to hear the premier speak," he said, "but I had to come and see him."

Others who attended a conference in the Civic Centre were Mrs. George Brown, from Skidegate Mission; Paul Price, chief councillor from Port Simpson, and Thomas White, William Kelley, James Lawson, Alfred Wesley and Edward Bryant, also from Port Simpson.

### Seattle Boat Wins Yacht Race

VICTORIA (CP)—Herbert Day's *Ono*, of Seattle, Sunday was declared the winner of the 130-mile Swiftsure yacht race. The *Ono* finished with a corrected elapsed time of 26 hours, 11 minutes and 13 seconds. Seattle boats captured the next seven places.

Dr. Phil Smith's *Gossip* came second in 26:32:35; Franklyn Eddy's *Dorade*, third in 26:45:39.

### Three Miners Killed In Rockburst

KIRKLAND LAKE, Ont., (CP)—Three miners were crushed to death Saturday night when rockbursts shook the depths of the Lake Shore gold mine. Two others were injured.

The mother of one of the victims died of a heart seizure when she heard the news of the tragedy broadcast over a radio station in this northern Ontario city.

The accident occurred while men were working at the 5,400-foot level of the mine, deepest in North America.

Dead are Tony Poloni, Leo Kensey, 41-year-old shift boss; and A. Soopalu, 42, an Estonian immigrant.

Kensey's mother, in ill health for several years, collapsed and died of a heart attack on hearing about the accident.

Rockbursts, which occur when rock suddenly gives away from the weight of the earth above it, are common in deep mines. In effect, the rock is virtually squeezed out with great force.

## Premier Praises BCHIS As Only Workable Plan Hits at Voluntary Basis

By ERIC SANDERSON

A week of active political speech-making came to a close here Saturday night with a call from Premier Byron Johnson to elect an administration on June 12 that has the confidence of the people.

The tanned, but tired Premier reviewed achievements of Liberal governments in B.C. from 1916 until today and stressed that a voluntary hospital insurance plan is useless.

His address before about 300 persons in the Civic Centre followed a brief speech on local issues and hospital insurance by Jack McRae, Liberal candidate for Prince Rupert in the forthcoming election.

It was the first public appearance of Mr. McRae since he was seriously injured at Kemano, May 10. He was brought to the meeting in a wheel-chair to the cheers of the audience.

Premier Johnson, accompanied by his wife and Percy Richards, his executive assistant, arrived here by private plane at noon Saturday from Stewart.

Because of had flying weather yesterday, the party was driven to Terrace, where he was welcomed by Lands Minister E. T. Kenney, the village commissioner and members of the Liberal party. Enroute, the Premier made a tour of the Columbia Cellulose plant and visited Miller Bay Hospital, where he and Mrs. Johnson talked with several patients and admired their handiwork.

The Premier's speech here climaxed a heavy week of electioneering and his motor trip to Terrace gave him an opportunity to see for himself the condition of roads in this territory.

On their arrival here Saturday, the Premier and his wife went directly to the McRae home where they were lunch guests of Mr. and Mrs. McRae.

Later, the Premier met a group of native councillors at the Civic Centre, attended a tea and after a dinner in the banquet room of the Broadway Cafe spoke to the citizens.

VOLUNTARY INSURANCE

As has been the case throughout his 10,000-mile chain of meetings that will take him to every riding in B.C. before election day, Mr. Johnson hammered on the idea that a voluntary hospital scheme—as proposed by the Progressive Conservative and Social Credit parties—isn't feasible.

"It would just throw a large part of hospital costs back on municipal governments," he said, "and would bring back to hospitals the old problem of uncollected bills."

The Premier explained how the BCHIS came into being and said he is happy that he was "responsible for hospital insurance."

He told how former health minister Pearson worked on the plan and flayed those who have stated the scheme was pushed through in too great a hurry and

without enough thought.

"Well, I'm the kind that believes that when a thing is necessary you should act, and act quickly."

In 1948, said the premier, hospitals in this province were in dire straights and asked the government for \$1,000,000 "just to keep their doors open."

"As a business man, I couldn't understand it, but the main reason for the money was because these institutions were unable to collect accounts and they needed help. We gave them \$650,000 at that time."

Since hospital insurance came into effect, he said, 741,000 accounts amounting to \$56,000,000 have been paid by the government.

He cited several cases where bills ran into the thousands of dollars, incurred by people who could never have afforded to pay.

Further, said Mr. Johnson, hospital wages have been raised and while there are complaints about costs of the plan "I doubt

(Continued on Page 3)

### New Gas Well Blows In At Fort St. John

CALGARY (CP)—Pacific Petroleum and Associates have announced a new gas find in British Columbia's Fort St. John area.

Pacific Fort St. John No. 6, two miles west of Gasser No. 4 and four miles northwest of the Discovery well, ran two drill-stem tests in the middle triassic zone and brought up gas totalling 2,498,000 cubic feet daily and substantial naphtha.

Participating in the Fort St. John ventures are Pacific Petroleum, Peace River Natural Gas, Sunray Oil Corporation, Hudson's Bay Oil and Gas, Union Oil Company, Canadian Atlantic, Yankee Princess and Empire Petroleum.

### Combines In Rubber Industry

OTTAWA (CP)—Combines Commissioner T. D. MacDonald reported to the government the alleged existence of combines in Canada's rubber industry.

Nineteen rubber companies including all leading manufacturers are involved, as well as the Rubber Association of Canada, the industry's spokesman.

Justice Minister Garson today tabled MacDonald's 700-page, 300,000-word report. It covers 4 1/2 years investigation by two combines commissioners, but gave no immediate indication whether companies and the Association will be prosecuted.

### Halibut Landing

Seventeen halibut boats landed more than 500,000 lb of fish this morning. The catch was up a cent from last Friday.

Boats sold their load on average:

W. Fisher, 22,000, 18.5, C. Packers; Seamount, 15, 14, 12, B.C. Packers; 12, 22,000, 18.5, 14, 12, A. 7, 16,000, 18.7, 14, 12, 12, 18,000, 18.6, 14, 12, P. Doreen, 19,000, 18.7, Pacific, Twinkle, 20,000, 12, Pacific; Snowfall, 15, 14, 12, Bacon; Water, 10, 18, 14, 12, Royal; 11, 28,000, 18.6, 14, 12, 12, 21,000, 18.5, C. Packers.

The Fishermen's Co-op: 11, 29,000, Sandy S, 5,000, Ireland, 10,000; Fredella 10, Spar, 7,000, Coven, 10, Tramp, 35,000; Miss 18,000; Mobro, 14,000; 28,000; Nor Cap, 13,000; 12,000; Sable R, 14,000; 18,000; Four Forty, Smith, 7,000.

## Smithers Dentist Case Held as Major Issue

By The Canadian Press

SMITHERS—The case of Dr. Xavier Weber has become an election issue here.

Weber is a dentist who fled from Switzerland three years ago to take up farming, the plea of hundreds of people who have opened a practice here.

He was granted a temporary licence by the B.C. College of Surgeons dated to expire June 30. He has a degree in dentistry from Berne University which he practised 10 years in before coming to Canada.

The 32-year-old dentist must pass Canadian examinations before getting a permanent licence.

He planned to go to the University of Alberta, nearest university with a dental school, but claims he was given the go-ahead by authorities in Edmonton.

He plans to take a two-year course at McGill, but the

people want him to stay here.

He is the only dentist between Prince George and Prince Rupert and demands have been made from election platforms that government action be taken to keep him here.

Service clubs and other organizations have prepared a petition for Health Minister Turnbull, demanding that licensing be put in the hands of the provincial government, and that Dr. Weber be granted a permanent licence. Petition has been signed by hundreds of people from Terrace east to Vanderhoof.

The College of Dental Surgeons requires dentists qualified outside of Canada to obtain a Canadian degree in dentistry and complete two years at UBC in arts and science in order to get a B.C. licence.

## Four Die In Week-end Accidents

By The Canadian Press

A boating tragedy, a truck crash and a construction accident took four lives in British Columbia during the week-end.

Three of the fatalities were on Vancouver Island, the other near West Vancouver.

Ernest Major and his three-year-old daughter perished Sunday when their boat sank after colliding with a submerged log in Alberni Inlet, 15 miles south of Port Alberni. Major's wife managed to swim to shore.

Prefsdun Walton McNeil, 25-year-old pulp mill worker, was killed Sunday when the truck he was driving plunged off the road three miles south of Nanaimo.

George Ralph Charbonneau, 50-year-old laborer, was killed instantly Saturday when an overhead tractor loader crushed him against a truck. He was working on a road project near West Vancouver.

## Another Atom Blast

LAS VEGAS (CP)—Another atomic bomb was set off Sunday at the Yucca Flats testing ground. It was the 19th blast set off by United States at this site.

## Political Roundup

### Socred MP Confident of Party Victory

Full of confidence in victory for the Social Credit Party in B.C., H. H. W. Beyerstein, member of parliament for Camrose, is in the city to speak at a party rally at the Civic Centre tonight.

The greying 45-year-old chiropractor by profession, in an interview this morning said that on the basis of membership "we've got the election won in B.C."

Some ridings are not as active as others, he said, but generally the citizens are anxious to learn more about the party and have flocked to meetings in good numbers.

Dr. Beyerstein spoke at Prince George Thursday and at Burns Lake, Friday.

Art Murray, Social Credit candidate for Prince Rupert in the

to him during the first 48 hours after he was injured "would have cost at least \$250."

He stressed that when a person is injured the main things that "come to your mind, is to get the best treatment and that's what I got."

Without hospital insurance, he said, he would have had a terrific bill, yet all he paid was \$35 on leaving Vancouver General Hospital after an 11-day stay.

Mr. McRae paid tribute to Alex Hunter, Managing Editor of the Daily News, who died from injuries in the May 10 accident, and expressed the hope that John F. Magor, publisher of the Daily News, who suffered serious injury to both feet, would be able to return here soon from hospital in Vancouver.

## US Steelworkers Strike

WASHINGTON (CP)—The supreme court ruled 6-3 today that President Truman's seizure of the steel industry was unconstitutional. Within minutes CIO President Philip Murray called a nationwide strike of 650,000 steelworkers.

## Paris Laborers Halt Work

PARIS (CP)—The Communist-run French Confederation Generale du Travail called a 24-hour strike in the Paris area for Wednesday in protest against the government's crackdown on the Reds.

He is one of five Social Credit leaders who will speak in B.C. today.

Solon E. Low, national leader, speaks in Trail; Premier Manning will address a Vancouver rally; and Lands Minister Tanner and A. J. Hooke, minister of economic affairs, are speaking on the Lower Mainland.

Elmer Roper, CCF leader in Alberta and MLA for Edmonton for the past 16 years, will speak here tomorrow night at the Civic Centre.

George Hills, the party's candidate for Prince Rupert in the coming provincial election, also will speak briefly.

Mr. Roper is one of two CCF members of the Alberta Legislature, the other being A. J. Liesemer of Calgary.

**Public Parks Are Free**

THE Prince Rupert Rotary Club has completed another project of public service of which they can well be proud and for which they deserve recognition.

After many years of being without one, the city is to have a tennis court. All that needs to be done now is the hard-topping, which is being paid for by Rotarians. City public works will do the job.

The tennis court has been built on park property, another step in the right direction in which we are making good, sensible use of park lands.

But we hope the parks board will go easy on a proposal to have the tennis court operated on a "paying proposition," with players restricted to the membership of a tennis club.

After all, the courts are on park property, have been donated to the public by the generosity of a public service club for the benefit of the public.

Can the public be rightfully charged admission to their own parks or restricted from its benefits?

We do not believe the tennis courts should be operated on a basis which will restrict the general public. There may be those who only play tennis occasionally—would find little time to belong to a club but would welcome the opportunity of a game with a visiting friend or as a means of occasional relaxation.

When a facility belongs to the public, the public should be free to its use.

Report From . . .

**Parliament Hill**

By Edward T. Applewhaite, M.P., Skeena

Many people, particularly those living on the West Coast, will be interested in the "Japanese Fishing Treaty" now before the Standing Committee on Marine and Fisheries. Appearing before that Committee on May 6, Council Manager Gordon O'Brien tabled the resolution from the annual meeting in which the Fisheries Council of Canada "endorses the content of the said Tripartite Agreement without qualification and recommends its ratification by parliament."

At the meeting on May 4, Deputy Minister Bates gave a detailed review of the considerations which led to the drafting of this fisheries agreement in its present form. He referred to the necessity of adopting principles which we would be willing to have applied against us; he said that principles had to be found to satisfy these conditions.

While this draft treaty is based on the grounds that our Pacific fish—or the more valuable of them—are fully used now and our own fishermen are restricted it had to be made a little more specific than that and it is stated in three parts covering (a) maximum exploitation; (b) conservation; (c) scientific study. There are not a great many fisheries in the world meeting those principles.

The House of Commons passed the resolution to extend the life of the Consumer Credit (Temporary Provisions) Act in a matter of minutes but it has been before the Senate for several days. Senator Farris of B.C. sponsored the resolution in the Senate.

This Act, which it is proposed be extended, was passed in 1950. It gives the government authority to restrict consumer credit. It was enacted with a limitation as to its duration, expiring (un-

less renewed) on July 31, this year.

Senator Roebuck asked whether the extension of the Act is for the purpose of preventing a further fall in the purchasing power of the Canadian dollar, or whether it is to give the government priority in obtaining goods for manufacture which are needed for defence purposes.

Senator Farris said that he supposed it was for any purpose which, in the light of the object for which this measure was enacted, the government may think justified. Senator Roebuck suggested it might be used for any other purposes, to which Senator Farris agreed.

Senator Tom Reid of New Westminster said he did not suppose that any law has ever been placed on the statute books in which some one has not tried to find a loophole, and cited evasions of regulations in the past. Assuming that Senator Reid was asking a question, Senator Farris said he was sure that, when occasion arises to renew the Act, the Minister would greatly appreciate having his attention called to this matter.

Prime Minister St. Laurent spoke very nicely about the Dominion Drama Festival in the House recently. He said that consideration has been given to the matter of making a reasonably generous grant to the Festival, but it has been found it is not a matter that can be

(Continued on page 3)

**As I See It**

by Elmon Philpott

**Need New Truce Team?**

CANADA'S protest to U.S.A. about sending our troops to Koje overshadows something more important.

Unless Britain and Canada quickly exert their influence to retrieve an earlier and worse U.S. blunder we could find ourselves in a large scale bottomless pit war in Asia.

The real crux of the trouble on Koje was the U.S. "screening" of war prisoners. Saturday Night sums it up tersely when it says:

"The prisoners were screened in dubious circumstances which no outside authority could supervise. . . . The least the UN powers can now do is to admit a further screening under an authority of unquestionable objectivity."

MONTHS ago Canada pointed out to U.S.A. that there was nothing in the Geneva Convention to legalize what U.S.A. was proposing to do in Korea about war prisoners. Although neither Russia nor U.S.A. has ratified that convention all nations theoretically at least accept it as a guide to "civilized action."

Canada did not give German prisoners the choice of staying here or going back home. Indeed, in one case (which I wrote about in this column) our RCMP hunted down a lone escapee. He had held down a dozen jobs across Canada and was working well as a farm hand in B.C. But still he went back to his own land. So did thousands of Germans from Britain, who asked to stay, especially because they were working freely on farms and many had British sweethearts.

Of course in most cases the question of persecution did not arise. The British government tried and hanged Lord Haw Haw and John Amery. The Russians instantly shot thousands of Soviet nationals who had been coerced or coaxed into serving in Hitler's armies. But no one raised the question which has been raised in Korea: Do war prisoners have the right to choose to go home or not go home?

REGARDLESS of who is to blame, or how we got in the mess we are in, no prisoner should be turned over to his own Communist government if that will mean that he will be persecuted, tortured, or put to death. Geneva Convention or no Geneva Convention, common

sense and common humanity should prevail.

Even if we have to break off the truce talks altogether, and simply hold the line in Korea by whatever amount of force is necessary, that would be better than to betray prisoners who are sincerely on the UN side.

Also, even if it is true—indeed, especially if it is true—that the U.S. authorities used illegal pressure methods to get these men to identify themselves as anti-Communists, they are now doubly entitled to protection.

But the real need on Koje—and the real need in the whole Korean truce talks—is to take them out of the hands of the U.S.A. military monopoly.

INSTEAD of sending British and Canadian troops to Koje to help redeem the fiasco there would be more point in sending in a new UN team of truce talkers to try for peace in Korea.

With all respect to soldiers, they are darn poor peacemakers anywhere. Moreover, of all the UN soldiers now engaged in Korea the U.S. generals seem the worst fitted psychologically to get a truce.

Maybe nobody on our side could get a truce with the Communists in Korea. Maybe we have to fight it out, willy-nilly. But at least some new faces would do no harm. I would like to see the UN send out some tried-and-tested successful civilian conciliator like Anthony Eden or our own Lester Pearson.

**Whopping Skeeter**

WEYBURN, Sask. (C) — Constable Jim Ballantyne of the Royal Canadian Mounted Police at Yellowknife, N.W.T., mailed a sample of northern mosquitoes to his friends here. The skeeter's measurement was three-quarters of an inch long with a wing span of more than an inch.

**ray . . .**

**Reflects and Reminisces**

Small wonder people are flocking to Canada! Three gold bricks worth \$80,000, sent from British Columbia to Sudbury (Ont.) disappeared from the railway station platform of the latter city. The mail sack the gold was in didn't even have a guard.

Burning of an ancient frame building in Toronto a few weeks ago, keeps recalling a lot of crackerjack, if old though true yarns. The building, in 1896, was a railway station and generations later a marketing warehouse. One June morning, a young newspaperman, J. Ross Robertson, founder of the Toronto Telegram, was seeking live news and wandered into the station. Little did he dream he was on the eve of scoring the biggest scoop yet recorded in Canada.

**PRIZE SCOOP**

A telegraph operator (friendly soul) tipped him off that Fenians were just crossing the Niagara River from Buffalo to Fort Erie which was confirmed

Next moment, sworn to secrecy, Ross was racing toward the office, where forms were about to go to press. "Wait!" shouted Robertson, "Canada is invaded." Much of Toronto refused to believe the news. Citizens burst in to call Ross a liar. The two other papers scoffed at the story. There was no telephone service and the government, controlling all telegraphs, refused to talk.

A fad has been described as an opinion not, as a rule much respected. Or could you call it something that goes in one era and out the other.

Eighty are graduating this month at the Kingston Military Academy. They will become commissioned officers. And incidentally Mr. Claxton is turning out things to fight with worth three billion, five hundred million.

**MERELY ANOTHER**

It's comparatively seldom, the body of a fish, found on this coast, is the cause of uncertainty. Sometimes though the non-commercial species gives rise to more or less speculation, and this of course, is always of interest, even if it has nothing to do with the alleged ogopogo. Not long ago what had been a good sized denizen of the deep was seen near Nanaimo. Its length was around fifty feet and at first there was no certainty as

### Big Shakeup Purges Romania

WASHINGTON © — The biggest shake-up and purge among rulers of Communist Romania since that Balkan country became a Soviet satellite, was described Friday in diplomatic dispatches from Bucharest.

Ana Pauker, long-time friend of Generalissimo Stalin and one of the top powers in the Communist hierarchy in Romania, has lost her vital Red party positions and is assumed thereby to be on the political skids.

Seven persons, including Mrs. Pauker, have been eliminated from among 13 regular members of the Romanian Communist party's all-powerful politburo.

The new politburo is composed of nine regular members, it has been announced in the Bucharest press.

Experts here centered their attention on the possibility of a financial scandal, of contest for power between two factions in the party and of failure of the Red regime to press forward Romania's Russian-style collectivization program on schedule.

# ALTERNATIVE VOTING AND HOW TO MARK YOUR BALLOT IN THIS PROVINCIAL ELECTION

### HERE'S WHY THE NEW SYSTEM IS BEING USED

The Voting system has been changed to enable every voter to cast his ballot for more than one candidate in order of his preference.

When you vote under the Alternative Vote system YOU GET MORE THAN ONE CHOICE. This will prevent any candidate being elected on a minority vote as has happened in the past. The candidate so elected in each riding will have received an absolute majority over all other candidates combined.

### HERE'S HOW YOU VOTE WITH ALTERNATIVE VOTING

The Alternative Vote is as simple as the voting system used before only, instead of marking an X against your one choice only, you can mark 1-2-3-4 with your first choice as number one, your second choice as number two and so forth in order of your preference.

# English Soccer Team Display Claimed Greatest Ever Seen

## Hotspurs Trim All-Stars 9-2

By The Canadian Press

VANCOUVER — Ten thousand persons sat in Callister Park here Saturday and marvelled at the display of soccer put on by the famous English first division team, Tottenham Hotspurs, as they defeated British Columbia mainland All-Stars 9-2.

Oldtimers here said their equals have never been seen on this coast, and that as a team they surpassed Newcastle United's display here three years ago, although they had no outstanding star such as Jackie Milburn.

Tottenham led 5-0 at half. Master tactician of attack was inside-right Les Bennett, who scored four goals. Len Duggan, centre forward, netted twice, Sonny Walters and Tommy Harmer tallied one each, while Alf Ramsey, England's international fullback, netted the other counter from a penalty kick.

Dennis Rogers scored both counters for the losers. Tottenham plays at Victoria Monday night and again in Vancouver Wednesday night.

# The DAILY NEWS SPORTS

## City All-Stars Defeat Navy For Hanson Trophy

In Saturday night's Hanson Trophy football competition a team representing the city beat a Navy team by 5-1. But the value of the victory was dimmed by the fact that the Navy had only nine players in the first half and ten in the second.

Navy's Attwell was clever in turning a hot drive from Nuyten over the bar but had no chance at all when Maron headed in Verhaar's fine corner kick. Pat Wilson was high in on the goal to get the city's second goal and was close in again to pick up a loose ball to put city all-stars two goals up. Attwell turned a hard drive from Nuyten, but Rupert did most of the pressing. Jones and Haskell defended well.

On the resumption, the Navy had more of the play but Bishop

was sound and Dumbar and Eby were reliable. The city forwards broke away and Verhaar beat Attwell completely with a shot from a very narrow angle. Nuyten made it 5-0 after a good forward combination. Boulter was called on and was finally beaten by Hanneford with a good shot.

City got the ball past Attwell but it was disallowed on the claim that it was offside.

Teams:  
Navy—Attwell; Jones, Haskell; McCann, Webster, Code; Hall, Dovey, Hanneford, Ford.  
Prince Rupert—Boulter, Eby, Dumbar; John Wilson, Bishop, Eckert; Verhaar, Hank Nuyten, Pat Wilson, Phillips, Maron.

# Dodgers Lead Race With Sunday's Win

## Rookie Pitchers Stop Cubs

By The Canadian Press

NEW YORK — Brooklyn Dodgers vaulted into the driver's seat in the National League pennant race Sunday, beating Chicago 3-2 while St. Louis Cardinals upset the erstwhile leaders, New York Giants, in both ends of a doubleheader, 8-7 and 8-2.

Rookies Ben Wade and Joe Black stopped the Cubs on five hits to enable Brooks to steam one game out in front. Dodgers scored all of their runs in the second inning.

Gil Hodges drove home two with his seventh homer and Carl Furillo scored the winning run when Johnny Kilpin walked Pee Wee Reese with the bases loaded.

Wade blanked the Cubs until the eighth inning on one hit when he lost his strike. Singles by Dee Fondy, Hal Jeffcoat and

wesley-manager Phil Cavarretta's pinch-hit triple chased Wade in favor of Black. Black fanned Ed Mickus to retire the side and struck Toby Atwell and Fondy in the ninth to end the game. In the American League, Boston Red Sox pulled to within one game of front-running Cleveland Indians as Ellis Kirtler gained credit for the 3-1 victory over Chicago. The triumph was Kinder's 18th straight over the White Sox.

## British Take To American Champ

British tennis enthusiasts are more excited about Maureen Connolly, the sensational youngster from San Diego, than they have been about any newcomer to their showers for many a year. They have taken the 17-year-old American champion to their hearts.

## The Tally's In From Davis Cup Play

Final figures on what contending countries received from last winter's Davis Cup play in Australia are at hand, and it is not difficult to see why the boys down under sometimes feel they are having their pockets picked. Broken down into dollars for convenience, they follow:

- Net profit from the Sweden-United States inter-zone final and the U.S.-Australia challenge round—\$105,324.80; U.S. share—\$21,887.04; Australia's share—\$78,840.
- A friend in Melbourne writes that Aussie tennis officials seem to feel there is something wrong with these figures. They did all the work and wound up with less money than the Americans. He explains, however, that the Australian Tennis Association had to pay a whopping "company" tax which the visitors were spared.

# Terrace Lays Plans For Big Fall Fair

## Combined With Sports Event

TERRACE—The biggest fall fair in the Skeena and Bulkley Valley's history is being planned to take place here September 1 and 2. It will be combined with the Labor Day sports event.

Staged in and around the Civic Centre building, the Fair will feature industrial, agricultural and handicraft displays. Many competitions are open for entry in the three phases, says Alex Grant, treasurer of the newly formed Terrace Agricultural Association.

A large attendance at the Fair is expected and a central bureau

will be established in the village to take care of those seeking accommodation.

All residents who have a room they can spare during the two days will be asked to submit the information to this bureau so it can arrange accommodation for those not able to get into hotels and rooming houses, said Mr. Grant.

Special features of the fare include two dances—on Sunday midnight, the other Monday night.

A students' manual arts work competition for entry by Prince Rupert students is being planned to show Terrace pupils and

By the fastest and finest the cost by air is low.

their parents "what can be done when facilities are available," said Mr. Grant.

This event is planned especially due to the recent defeat of a village bylaw for better school facilities, said Mr. Grant.

The newly elected board of directors, following acquisition of a charter by the Agricultural Association, are "most enthusiastic" about the coming event.

"We think Terrace is a natural place to start what will be the biggest event in Central B.C.—an annual fall fair. We are located centrally between two big industrial sites—Prince Rupert and Kitimat, and we have a vast agricultural area behind us."

Proposals of the fair are in aid of covering Terrace's Civic Centre.

Executive of the Agricultural Association is headed by President Ben Dodds. Other officers are Alex Olson, vice-president; Mrs. Norah Olson, corresponding secretary; and Gordon Vosburgh, recording secretary.

### Ladies First

VANCOUVER (CP)—Passenger cars and trucks were lined up for 100 yards in both directions as traffic halted on the Lions Gate bridge approach in Stanley Park recently. The cause was a mother duck leading her newborn family sedately across the pavement.

# New Contract Of Sailors Calls For Tea at Sea

NEW CONTRACT Page 6  
TORONTO (CP)—Life at sea may not be a tea party altogether but for some seamen it will be for at least 30 minutes a day.

Two 15-minute breaks for tea is one of the clauses included in a new deep-sea agreement recently negotiated by Seafarers' International Union (AFL) with 12 Canadian shipping companies.

The contract also will see to it that ship owners supply their men with electric fans, water coolers, clocks, toasters, crockery dishes, spring filled mattresses and face and laundry soap.

These are just a few of the luxuries provided in the contract which would make many a gnarled old deckhand of not so many years back green with envy.

Crew members will receive the same food as that served to officers. Clean face and bath towels will be provided twice a week. Bed sheets and pillow cases will be changed weekly.

## SCREEN ★ ★ FLASHES

A British film critic saluted Canadian Actress Suzanne Cloutier today in a review that ought to get a special spot in her scrapbook.

The youthful Ottawa star, daughter of King's Printer Edmond Cloutier, plays a leading role in the British film "Derby Day," starring Anna Neagle and Michael Wilding.

The film had its London premiere Wednesday, to coincide with the 173rd running of the Epsom derby won by the Aga Khan's Tulyar, and today critic Leonard Mosley of the Daily Express picked Miss Cloutier as the show's best bet.

"The one surprise," wrote Mosley, "was a French filly named Suzanne Cloutier who emerged from the field and did a lovely little romp to the finish... as an actress she turns out to be as smart as a tic-tac man, as wide-eyed as the punter who picks the winner with a pin, as lovely to look at as Tulyar."

Otherwise, said Mosley, "Derby Day" is strictly a one-horse film.

Canadian-born critic Milton Shulman put it even more bluntly. Writing in the Evening Standard, the University of Toronto graduate said: "the plot... might be said to be six favorites running nowhere. You lose your shirt."

Miss Cloutier, slim, chestnut-haired and 22, plays the part of a French maid. She recently appeared in such French films as "Royaume des Cieux" and "Juliette, Ou La Clef des Songes," and still speaks English with a slightly French accent.

TISDALE, Sask. (CP)—Saskatchewan's famed forest-fire fighters, known as the smoke-jumpers, made a parachute jump as part of the official opening ceremonies for the summer season at Kipabiskau Beach.

tonight

For a very important  
person  
(probably you!)

He may not be a celebrity, a high government official or a captain of industry. But, for his contribution to the welfare of his community, he deserves to have a carpet rolled out for him!

Who is he?  
He is the typical life insurance policyholder—a man whose influence on your standards of living, health and happiness is greater than you may think! In fact, almost everywhere you look there are signs of the benefits he brings to others, as well as himself.

Take that handsome new school in your community, for instance. It might be one of the many vital projects that part of his premium money, invested for him by a life insurance company, has helped to build.

In the same way, he has played a part in providing new highways, industrial plants, waterworks, electrical power stations, housing, oil pipelines and many other important projects in your own or other communities.

Yet perhaps the most important thing he does is just to stand on his own feet financially. As an owner of life insurance he is doing his best to make sure that he and his family will always be independent. No wonder we're rolling out the carpet for him—and the millions of Canadian policyholders he represents!

AT YOUR SERVICE!

More than 50 Canadian, British and United States life insurance companies compete actively to offer you the best possible life insurance service. A trained life underwriter from any of these companies will gladly help you choose the kind and amount of life insurance that will best fit your individual needs.
