## Insist on Talking to Balky PoWs; Repatriation Commission Meet

**MILIO FARNETI**  
UNJOM (AP)—Beaten demand that Indian defiant Korean war to listen to Red per- teams, the two Com- delegations were report- have stormed out of a repatriation commission today.  
Polish and Czech walkout by reliable sources— a collapse in the hidden interviewing of

23,400 anti-Communist prisoners who refuse to return to their homelands.  
The source, who declined to be named, said the Swedish, Swiss and Indian members of the five-nation commission sided on the critical issue.  
The source gave no indication whether the walkout would be permanent, but it was certain that the sudden move stalled all activity of the commission at least temporarily.

## CHINA, NORTH KOREA AGREED TO U.S. PLAN

**TOKYO (AP)**—Peiping radio said tonight Communist and North Korea have agreed to the American proposal meeting at Panmunjom Oct. 26—next Monday—to discuss Korean peace conference.  
The Chinese language broadcast heard here said the reply sent to the United States through neutral Sweden.

## Security Council Meets Discuss Border Clashes

**ED NATIONS (AP)**—The Nations Security Council confronted today with a Big Three contention Arab-Jordan border kill- ing and Israel's claim of Jordan's fault.  
The session this morning at the United States, the United Kingdom and France.  
Three nations called for action after shaply de-

## Ontario Wife Murder

**WALL, Ont. (AP)**—A Canadian officer was charged in Ontario today with the murder of Anne Carrier of Blenheim, whose nude body with life slashes was found last night in a ditch east of here.  
The body was found in a ditch east of here, against 2nd Lieut. Peter Balcombe, 24, a Canadian stationed at Valcartier, after holding him for

## Gyro Members To Continue Sale of Apples

While the results of Gyro apple sales last week were good, orders will continue to be taken this week since there is still a demand, Gyro members reported today.  
Residents who do not receive a telephone call from a canvasser, may place their orders with any Gyro member or with any of the following firms: McRae Bros., Philpott-Evitt, Bob Parker Ltd., Lindsay Motors, Blain Bros., Kalen Hardware, Helgerson Real Estate, McKay's Grocery, Ormes Drugs, Cook's Jewellers, W. F. Stone, Fashion Footwear, Bill Lambie of Monarch Life or The Daily News.

## Gas

**NA (Reuters)**—A Czech man who recently escaped Austria has told Western officials that Czechoslovakia is using poison gas for chemical warfare. He said several gas factories which made gas under German occu-

# Four Rooms Of Civic Centre Flooded As Roofing Torn Off

## Big Three Seek Meet With Reds

**LONDON.**—The Big Three foreign ministers have invited Russia to meet them next month to discuss Germany, Austria and European security.  
Winding up a three-day conference Sunday night, they also took dramatic steps to deal with all other major tensions threatening the world.

The three—Britain's Foreign Secretary Eden, U.S. State Secretary Dulles and French Foreign Minister Bidault—also invited Italy and Yugoslavia to a five-nation meeting on the Balkan powder keg issue of Trieste.

During three intensive meetings they also discussed Korea, the possibility of a later meeting of the western chiefs of state with Soviet Premier Malenkov, the turbulent Middle East questions with emphasis on the latest Israeli-Jordan border flare-up, and France's seven-year war against the Reds in Indo-China.

The three were reported also to have agreed secretly on a new Korean peace conference plan aimed at ending the present deadlock over its make-up.

There also was an unconfirmed report that Prime Minister Churchill had sounded out Dulles and Bidault on how the American and French governments would feel if he should seek a meeting alone with Soviet Premier Malenkov.  
At the end of the meetings, Dulles took a plane Sunday night for the United States and Bidault flew back to Paris. Before leaving Dulles said he was "very happy about the conference as a whole."

Bidault did not sound so enthusiastic, but said he thought the meetings had been a success and proposed the three should hold similar meetings "three or four times a year."

## B.C. Labor Body Elects E. Evans

**E. A. Evans** of Prince Rupert was elected to the executive of the B.C. Congress of Labor at the second annual convention in Vancouver. Mr. Evans will represent the west coast area while H. Harvey of Prince George is Cariboo representative. James R. Barton was re-elected president for the coming year.  
The 200 delegates to the convention criticized the action of manufacturers in attempting to peg wages at present levels.

**HAMILTON POLICE** clash with pickets at the strike-bound plant of Wallace Burns Steel Springs. A kicking picket is carried from the line as fist fights break out between police and members of the United Electrical Workers (Ind). The plant has been closed since June 24 when the union rejected a conciliation board report which did not recommend wage increases sought by the men. Violence started when non-striking workers tried to enter the plant through the picket lines.

## Red Threat 'Blamed' For British Action

**By BEN F. MEYER**  
**GEORGETOWN, British Guiana (AP)**—Was aluminum a factor in Britain's recent action ousting the colonial government here, which London charged was trying to set up a Communist state?

A great many here think the answer is "yes." Furthermore, they insist President Eisenhower probably supported—if he did not actually urge—the action. In any case, Washington uttered no criticism.  
Two aluminum companies operate in British Guiana, and the industry is of the utmost importance to its economy.

**CANADIAN COMPANY**  
One is the Aluminum Company of Canada, which operates what it terms the greatest bauxite treatment plant in the world, it is located 62 miles from Georgetown, up the Demara River. The other is Reynolds Metals, of the United States, which says it is not shipping regularly, but rather is engaged in getting its plant in shape for future operations.  
Both mine bauxite, which produces aluminum. The Canadian firm is a really big operation.  
Bauxite now is in abundant supply, but if London's fears were correct it would obviously disturb Washington to think of British Guiana production falling into Communist hands.

## Mrs. Webster Dies Aged 69

**Mrs. Margaret Ann Webster**, 69, a resident of this city for the past three years, died early this morning in Prince Rupert General hospital, after a lengthy illness.  
Born in Perth, Scotland, she had been in B.C. for over 20 years, residing at Hazelton before coming here.  
Predeceased by her husband many years ago, she is survived by a daughter, Mrs. A. G. (Margaret) Bartlett, 1945 Graham Avenue, with whom she lived, and two sons, H. E. Webster at Hazelton and David A. Webster at Vancouver.  
Funeral service will be held Wednesday from Grenville Court Chapel, with the Rev. Canon Basil S. Procter officiating.

## Weather Ship Struck By 45-Foot Waves

Prince Rupert's Civic Centre took the brunt of a wind and rain storm last night when winds of 50 miles per hour howled through the city, tearing at shingles and ripping off sheets of roofing.  
By dawn, 200 square feet of roofing had been torn off the Civic Centre and water was pouring into the building.  
Flooded were the women's rest room and lounge on the second floor and the youths' recreational room and skate room on the ground floor.  
Fortunately, the billiard table in the recreational room was spared as were the skates stored next door.

While city homes and buildings shuddered under the driving gusts of wind, 600 miles west of here the Canadian weather ship battled 45-foot waves and hurricane force winds up to 100 miles per hour as an intense storm passed over the area.  
Winds of 65 miles per hour were still reported at the ship (believed to be the Stonetown) early this morning. At the same time gales of 50 miles per hour reached the northern B.C. coast and gave indication of being of shorter duration.  
At Digby Island weather station winds of 50 miles per hour were recorded but personnel there said the wind gauge there is sheltered and the maximum wind speed was estimated at 70 mph during the night.

With the wind came .78 inches of rain in 24 hours from 10 a.m. yesterday until 10 a.m. today.  
Weather forecasts for the north coast region saw the gale warning continued with clouds and showers slated for tomorrow. Today's 34 miles per hour gusts will decrease to 25 mph this evening, and 20 overnight.  
Low temperature tonight and high tomorrow at Port Hardy, Sandspit and Prince Rupert, 43 and 53.

Apart from the Civic Centre, little damage was reported. The municipal telephone department reported that apart from about 15 phones out of order there was no trouble from the wind.  
Repairs were made to the Civic Centre roof by noon today and mopping up was continuing this afternoon.

**D. MacDonald Rites Held**  
Requiem mass was sung this morning at the Church of the Annunciation for Duncan MacDonald, 55, who died Thursday in Prince Rupert General hospital.  
Rev. Father J. I. McMahon sang the mass and Rev. Father O. P. Mohan conducted graveside rites at Fairview cemetery.  
Pallbearers were George Paine, Frank Hodgkinson, Hector MacDonald, Stanley Marshall, Neil Galbraith and John MacSween.

Born in Nova Scotia in 1898, Mr. MacDonald came to Prince Rupert about three years ago, and was employed by the Royal Hotel and the department of fisheries.  
Predeceased by his wife five years ago, he leaves a brother, Colin, in Vancouver.

**King Ailing**  
**BEIRUT, Lebanon (AP)**—The condition of King Ibn Saud of Saudi Arabia was reported here today to have taken a turn for the worse.  
Two French doctors, who declined to give their names, reached Beirut Saturday and went by plane Sunday night to see the king. The 73-year-old king has been ailing for some time.

**Steward Dives Through Flames To Save Plane Passengers**  
**NEW YORK (AP)**—An Eastern Airlines Constellation with 27 persons aboard crashed in flames, after taking off from fog-shrouded Idlewild Airport early today.  
Two of 22 passengers aboard the four-engine aircraft were killed. At least four others were injured critically and six more were treated for burns and released.  
Two of the five crew members were injured.  
A steward who plunged through flames to open a fuselage door after the passengers

were trapped inside the plane was credited with keeping the toll from going higher.  
The crash, first to cause fatalities since the giant 4,900-acre field was opened in 1948, touched off an investigation by Queens county authorities.  
The take-off came after a delay of more than an hour. The plane was only about 20 feet above the runway when it shuddered and plunged through a grassy marsh about one-half mile from Jamaica Bay.  
"Flames were shooting upward and the doorway was just

a mass of flames," said Leo Gore, 33, one of the passengers who were trapped inside the fuselage.  
"The heat was terrific, but the steward just leaped through the flames and opened the door. "If it hadn't been for him, nobody would have had the nerve to jump out."  
The steward was listed as Al Foley. He was taken to hospital with burns to the hands and face.  
The plane, valued at approximately \$1,250,000, was destroyed.

**HARRY McCORMACK**  
... organizes plants

## Savings Bond Sales Begin Across Nation

Series Eight of Canada Savings Bonds is offered to Canadians across the nation today. Some 152 organizers are helping firms and factories install payroll deduction buying for their employees.

Hitting this area was W. H. (Harry) McCormack, one of the 11 investment men borrowed from prominent stock and bond houses for the B.C. region. He spent last week here visiting railway offices and the Columbia Cellulose plant, where he discussed the sale of bonds with the management and workers.

Apart from this, the sprawling, rugged Coast Division is the responsibility of Dean Mann who was on the B.C. team last year but moved up to the Prince Rupert-to-Britannia area when George Sherwood moved up to Regional Director.  
Millions of Canadians who learned to save for a cause with the "little bonds" of Victory Loan days, have built up the thrift habit and a backlog with CSB.

And the payroll deduction buying has gone steadily on as more people found it was easy to save this way and the mounting backlog healthy to have.  
Series Eight should prove even more attractive. It boasts the features of other series—can be cashed anytime at par plus interest, easily obtained and so on—and has the added appeal of a new high interest rate of 3% per cent.

## IWA in South Rejects Strike

**VANCOUVER (AP)**—Woodworkers in the southern interior of British Columbia have turned down a mass strike action in a government-supervised strike vote.

**CANADA'S EXTERNAL AFFAIRS MINISTER PEARSON** speaks to the general assembly of the United Nations in New York. Mr. Pearson, chairman of Canada's UN delegation, said "if a fair and lasting solution" to the Korean problem "is desired, it can be found."

An independent daily newspaper devoted to the upbuilding of Prince Rupert and Northern and Central British Columbia.

Subscription Rates: By carrier—Per week, 25c; per month, \$1.00; per year, \$10.00.

Let's Hear About Airport

NOW that the survey of Digby Island as a possible airport site is completed and the project can be considered with all the facts at hand, we look forward to an early decision by the government in this connection.

We do not doubt for a minute that the estimated cost will be high. Digby Island has its full share of muskeg indigenous to this part of the country and there is bound to be the problem of obtaining gravel for the operation.

Yet we trust the government will not allow itself to be readily discouraged. As aviation experts have pointed out, the cost of laying down a runway cannot be any more than that of building a mile or so of very good highway.

At the same time, a mile of runway does as much to facilitate transportation as hundreds of miles of road. With all the up-to-date lighting and landing equipment, it means that air traffic can move with minimum interference from the weather.

In the case of Prince Rupert, the establishment of a good airport could mean that air movements during winter would be increased by as much as 100 per cent, perhaps more.

This period of uncertain waiting cannot be tolerated much longer. Lack of an airport here is a serious handicap to northwest coastal development which unquestionably has resulted in loss of business far exceeding the cost of any airport.

No more surveys or taking the matter into advisement will suffice. Quick and positive action is the only sensible choice that remains.

OTTAWA DIARY

By Norman M. MacLeod

You don't hear very many complaints about Rt. Hon. Mr. St. Laurent's leadership amongst Parliament Hill Liberals.

Perhaps the surprising thing is that you hear any Liberal complaints about Mr. St. Laurent at all.

For example, right now the superficially amazing complaint is current in Liberal circles that the Prime Minister lacks the sympathetic understanding of

peoples' emotional sensitivities so necessary to any great politician. He is represented as dominated in his outlook by ideas of cold efficiency, unaffected by any regard for the warmer factors of personal considerations which may be involved in any situation.

It is this alleged "blind spot" in his otherwise broad and brilliant mental equipment which Parliament Hill Liberals blame for his failure to understand the advantages of Toronto and the great Central Ontario industrial area over the failure to accord it Cabinet representation.

Mr. St. Laurent believes that the viewpoint of industry and finance are adequately and ably represented in the Cabinet by the great C. D. Howe, the eminent "Doug" Abbott, the conscientious and able Claxton, and—last but not least—by his own long experience in large corporation law practice.

The Prime Minister is said to find it even more difficult to understand the new voices of discontent which are ringing in his ear from the Montreal area of Quebec province.

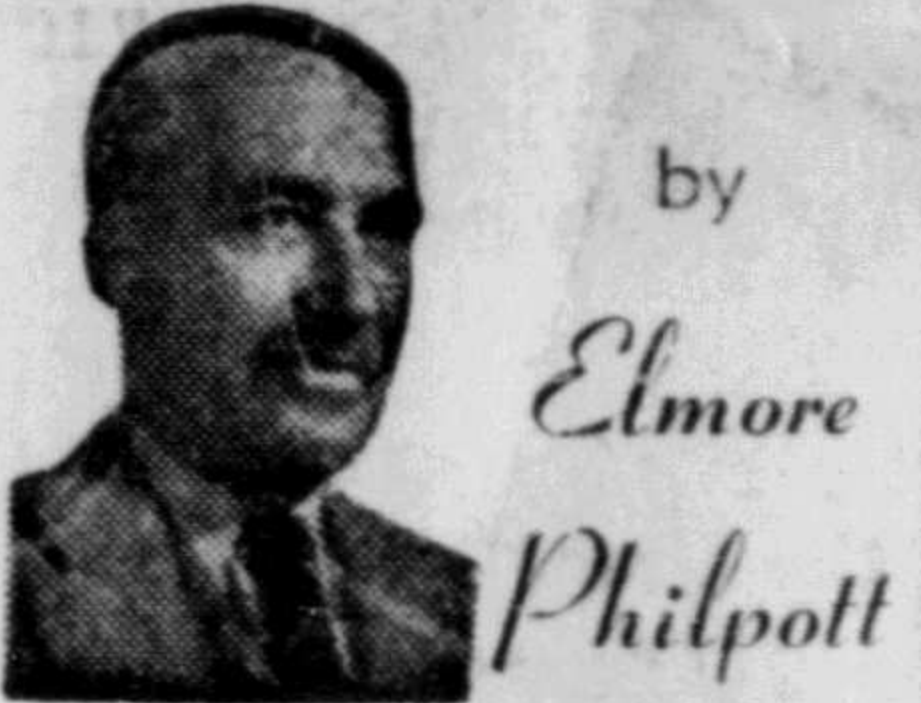

The complaint they utter is similar to the Toronto and Central Ontario grievance in the fact that it is basically a charge of geographic omission in the Cabinet. Its basis is the fact that at the present moment the Montreal area, home of the Quebec Cardinal and in that sense centre of Roman Catholicism in Quebec, has two Protestant Cabinet members.

His father said the youth was able "to take care of himself in the woods" though he was not an experienced woodsman.

Green played senior lacrosse for five years, and won one Mann Cup medal in 1949 when he starred as Burrards defeated Hamilton Tigers in the Canadian final.

As I See It

Vancouver's Future

ON A SINGLE day two major new industries began operating in Vancouver.

The Trans Mountain Oil pipeline stood ready to deliver oil—the "black gold" to the homes and industries of B.C.

The Continental Can Company opened its magnificent new plant.

A few hours earlier a panel discussion of the UN Association agreed that stable peace in Asia would open up a vast new commerce for Canada; and that Vancouver was certain to become a vast industrial seaport to service this trade.

IF YOU TALK with hard-headed experts, such as the men sent over to organize the bid Duke of Westminster's development at New Westminster, you quickly learn that the coming vast expansion around Vancouver is no mere pipe-dream or booster-boasting.

The expansion is actually starting. Before very many years the whole area from Vancouver to Chilliwack will be one vast industrial and residential cluster, like the area from Oshawa to Toronto to Hamilton and Niagara Falls.

While the expansion is absolutely certain, the precise form the expansion takes is anything but certain. If the growth is unplanned and haphazard much of the best agricultural land will be needlessly taken up for residential purposes.

I HOPE Vancouver does not make the very same mistake I saw Toronto make. My old predecessor on the Toronto Globe, T. Stewart Lyon, had crusaded for years to have a subway built, while the city was still fairly small.

Now, 20 years later, the subway is being completed exactly the same as the old Globe campaigned for it from about 1910 till about 1930.

VANCOUVER needs a super-highway, running with eight lanes well beyond New Westminster. The longer we wait to build this the more it is going to cost.

I think this super-highway should be run, as the Vancouver Sun suggests, by a Lower Mainland Highway Commission.

This super-highway should be a complete "freeway," that is, with sides completely fenced off, and absolutely no level crossings either for ordinary road traffic or railways.

I AM heart and soul with my old friend General Worthington who is trying to wake up the people of Canada to the need for civilian defense against atomic attack.

But with all due respect to "Worthy" surely we need proper exits from and entrances to our great cities, even more than we need shelters from bombs.

The Russians would not need to fly a plan over to drop the atom bomb on Vancouver. All they would need would be about 20 well-trained saboteurs with dynamite to blow up about a dozen bridges and this great port city would be tied up in knots for weeks to come.

Islet Named After Pilot

VICTORIA.—The name of Wing Cmdr. E. M. (Ted) Williams, AFC, Victoria RCAF pilot lost on a flight to Stuttgart in 1945, will be perpetuated on the rugged coast of B.C.

The Canadian board of geographical names has approved the name "Williams" for an islet on the Outer Passage-McKay Reach chart in recognition of his services.

One of the first nine Canadian airmen to be decorated in the Second World War, he was honored at an investiture conducted by the Earl of Athlone.

The chart to bear the name Williams Island covers that portion of the mainland coast directly opposite the Lower Queen Charlotte Islands.

MEETING IN THEIR LONDON OFFICES Roy H. Thomson, 59, (right) and his son Ken, 30, discuss their newspaper holdings in Canada, Britain and the United States.

New Social Security Tax Takes Effect As Wallace Gives Assent to 49 Bills

By STEPHEN SCOTT, Canadian Press Staff Writer

VICTORIA—British Columbia's 24th legislature prorogued Saturday, leaving Canada's west coast province with new laws governing liquor sales, the voting age, Doukhobor marriages, balloting and taxation.

Lt-Gov. Clarence Wallace, in giving royal assent to 49 bills, expressed "deep sorrow" over the death of Education Minister Tilly Rolston, fighting grandmother of British Columbia politics, buried in Vancouver Friday.

As the 49 bills became law, immediate effect was felt in restaurants throughout the province, where a three per cent tax came off meals under \$1.00 and in the province's liquor clubs, where a 10 per cent tax went on.

Another top piece of legislation gives voting rights to 19- and 20-year-olds, making B.C. Canada's third province to drop the voting age below 21.

In Saskatchewan the voting age is 18, in Alberta 19. MORE VOTERS: Officials estimated the extension will add 28,000 names to provincial voters' list.

The liquor bill provided four types of licences. Public houses will replace beer parlors, the only place outside of private clubs where British Columbians could previously get a drink by the glass.

Liquor by the glass will be served in cocktail lounges, and with meals in "dining lounges" or night clubs. Beer and wines will be served with meals in licensed restaurants.

The surprise piece of legislation was a revision of the three per cent sales tax now to be known as the Social Security Tax. The revamped tax puts a 10 per cent levy on drinks by the glass, with the exception of beer.

Also hit by the tax will be meals, cigarettes and other sales made in night clubs and similar establishments where entertainment is provided.

GE Planning Atomic Reactor

RICHLAND, Washington.—First steps toward building "a gigantic" atomic reactor to run the government's plutonium plant at the nearby Hanford works and still have power to spare were announced here by the General Electric Company.

Application will be made within the next few days to the Atomic Energy Commission for permission to go ahead with the project, said Ralph J. Cordner, General Electric president.

The big reactor would produce not only power but also plutonium. It would supply all power needed by present plutonium works and would produce excess which would be fed into a Pacific Northwest power pool.

He said the plant could be built and put into operation within five years.

Ray Reflects and Reminisces

Between what's going on around Edmonton and the laying of a pipe line across the Rockies, the subject of oil continues to occupy a lot of newspaper space. Yet it's nothing new. Alberta's first oil was wrung out of gummy sacks laid over oil seepages in the southwestern corner of the province near Waterton. It was sold to ranchers for use in lamps, as a lubricant at a dollar a gallon. The time was 1886, and nobody was excited.

There is still such a thing as the nudist craze and this is not meant as another slam at Doukhobors except in an indirect way. It is intended to suggest that when cranks, called no matter what, start getting queer, a few degrees of good vigorous frost will go a long way toward curing it.

Seagulls are finding the lawn fronting the museum a captivating spot to sojourn in. They are tame, but not any more so than the hundreds of other sea-birds, crows and rooks making use of the sidewalks. You can hardly pick one up to fondle it. But perchance a bit of feather stroking will be permissible in course of time.

After the woman had spent thirty minutes of the doctor's time describing her symptoms in a sonorous voice, she asked for the diagnosis. He hesitated just a moment: "Acute loquaciousness."

Last Tuesday's Vancouver Sun ran a story on the front page under a three column headline and about three fourths of a column long. It was all about Prince Rupert, and this need not cause the slightest surprise. The province's chief city has been spelling about rain in Prince Rupert for more than 40 years—or ever since there has been a port up north bearing that name. But dashed little is ever read about anywhere else, and do not infer from this it doesn't happen good and plenty.

"Anacondas, rattlers and cobras lurk along the jungle shores of her hundreds of rivers," writes a correspondent describing British Guiana. We are now even less interested in that country than previously.

The famous actress who says a low, gentle, well modulated voice is a woman's greatest asset has obviously never called the kids to dinner-ton Spectator.

The government of the tottering again while facing another season of There'll always be a Rain.

## Parent Problems Discussed at High P-TA Meeting

Parents of both high school students and college students will have a practical address on school curriculum by M. Hurst, at a Parent-Teacher Association meeting.

Regretted that more parents were not at the meeting, Hurst said that if more parents were present, they could help to understand the school's position on such problems as: Should children wear some type of uniform to school; should more restrictions be placed on graduation clothes; when should school parties start and end; what about make-up on Grade 6 and 7 girls?

President Stan Holgate planned a program for the next meeting to consider some of these problems.

Members decided that regular meetings will be held on the second Monday of each month.

Mrs. P. Mark reported on the Parent-Teacher Council meeting and Mrs. A. E. Carlson spoke on Young Canada Book Week, urging members and their families to make more use of the local library.

A committee was set up to reorganize the "Soup's On" program for the high school students. Volunteers were Mrs. M. C. Brydges, Mrs. R. G. Farmer, Mrs. Clay, Mrs. A. Desautels, Mrs. Eugene Bartlett and Mrs. E. W. Becker.

**PAMELA ENES** flashes a big smile as she hulas on the Condado sands in San Juan, Puerto Rico. Her "hula skirt" is a converted "jibaro" pava, Puerto Rican straw hat designed to protect the wearer against tropical sun.

## Prince George Wedding Trip For Local Pair

Honeymooning this week at Prince George and Vanderhoof are Mr. and Mrs. C. E. Glover, who were married here Friday night in a pretty ceremony at the Kingdom Hall.

Arthur Melin, presiding minister of Jehovah's Witnesses, officiated at the ceremony uniting Margaret Zelter and Clifford Everett Glover.

A smart navy blue gabardine suit, with white and red accessories, was chosen by the bride, while her bridesmaid, Ruth Lis-ton, chose a tan-colored suit.

Best man was Joseph La-Blanche.

For the reception at the home of Mr. and Mrs. Peter L. Peterson, 964 Tenth Avenue East, the groom's mother chose a charming two-piece floral print dress.

Mr. Peterson proposed the toast to the bride after which a wedding supper was served by Mrs. R. Johansen, Mrs. Signe Jensen, Mrs. Robert Reeves and Mrs. Harold MacIntyre.

Among out-of-town guests at the wedding were Mrs. Herb Larsen and daughter Gail of Terrace.

Following their honeymoon trip, Mr. and Mrs. Glover will reside at Miller Bay where both are employed.

## Mary McKinnon Takes Vows

Prince Rupert and Regina residents shared interest in the quiet wedding in Regina uniting Ethelene Mary McKinnon, daughter of Mr. and Mrs. Alex McKinnon, 1840 Fifth Avenue East in Prince Rupert, and John Gareau, son of Dr. and Mrs. U. Gareau of Regina, Saskatchewan.

The Rev. Mutchmare of Metropolitan United Church in Regina conducted the ceremony for which the bride was attended by her sister, Miss Irma McKinnon, and the groom by his brother, Dr. U. M. Gareau.

A reception was held at the home of the groom's parents, where the bridal toast was given by Dr. McCusker.

The groom is a graduate of McGill University and the bride had been working with the department of national health and welfare in Ottawa.

The couple drove to Waskesiu, Saskatchewan, for their honeymoon.

## Moose Lodge Opens Whist Tournament

The Prince Rupert Lodge of the Loyal Order of Moose has started its winter series of Saturday night whist parties.

There were 13 tables in play at Saturday night's opening session and prizes were awarded as follows:

Women's first, Mrs. Lena Amoth, second, Mrs. Anna Dumas; men's first, Arene Krogstad, second H. F. Glassey; pool prize, H. F. Glassey; door prize, O. K. Olsen.

Refreshments were served at the close.

## Fifty-Two Attend Whist Drive

Thirteen tables of whist were in play at the Sons of Norway whist and dance party Friday night.

Whist prizes were awarded as follows: Women's first, Mrs. O. Giske; second, Mrs. Annette Andersen. Men's first, O. K. Olsen; second, J. E. Halsall. Door prize, Margit Anderson.

The committee in charge of the evening's entertainment included Miss Ellen Waseng, Mrs. A. Andersen, Mr. and Mrs. G. Selvig, Mr. and Mrs. Alf Jensen and O. K. Olsen.

## Noted Artist-Designer Clifford Robinson Arrives

A Vancouver artist-designer who has achieved distinction in many forms of art arrived here yesterday to conduct a special five-day course in painting. He is Clifford Robinson, youthful director of arts and crafts for the University of B.C. Extension Department.

Mr. Robinson's visit to Prince Rupert is part of his yearly tour of provincial centres arranged in the adult education program of the UBC Extension Department. Last here two years ago, he has an enthusiastic following among the local arts group and is assured of at least 30 in the class which starts tonight at 7:30 in Booth Memorial High School and continues nightly through Friday.

Besides being a painter of repute, Mr. Robinson has gained recognition as one of the three foremost stage-set designers in Canada. In 1948 he became the first Canadian to win the travelling fellowship sponsored by the U.S. National Theatre Conference.

In addition to his current work in Vancouver, he has given instruction in this art at Calgary and at the Banff School of Fine Arts. If there is sufficient interest in Prince-Rupert, he believes arrangements can be made to include stage decoration in his instruction here.

Mr. Robinson's career started by way of his uncle's Alberta ranch where he grew up and developed a fondness for Indian art. He studied at the Institute of Technology and Fine Arts in Calgary and smoothed his way to further studies by winning numerous scholarships. These included scholarships awarded by the Calgary Business and Professional Women's Club, the Society of Artists, and the Fuller Brush Company.

**BELVA BORODITSKY**, 24-year-old Winnipeg soprano has placed second in the international music festival at Geneva, Switzerland. Now studying in London, Miss Boroditsky was one of 315 contestants from 33 countries in the festival. She won several scholarships in Canada before going abroad.

## Surprise Party Fetes Mrs. Eyber

The staff of Wallace's Department store staged a surprise party in honor of Mrs. E. Eyber, manageress, at the home of Mrs. Rod Smith, 1155 Ambrose Avenue.

Mrs. Eyber will be leaving shortly to take up residence in Vancouver.

The guests enjoyed music and dancing, and a surprise recording of their voices, and presentations were made to the guest of honor. Mrs. M. Stewart spoke on behalf of the staff and Mrs. W. Webster presented the honoree with a corsage of carnations. Mr. Douglas Wood, manager, presented her with a beautiful earring and necklace set on behalf of the staff.

Included in the evening's entertainment was a solo by Mrs. Betty Crawford, accompanied at the piano by Mrs. R. Smith, and community singing and dancing with Mrs. Betty Ellison at the piano.

Refreshments were served, featuring a "Bon Voyage" cake made by Mrs. W. Boves, and the party ended with singing of "She's a Jolly Good Fellow."

Invited guests included Mrs. M. Haines, Mrs. W. Webster, Mrs. M. Stewart, Mrs. E. Hall, Mrs. W. Boves, Mrs. E. Berry, Mrs. R. McGregor, Mrs. V. Bequet, Mrs. B. Crawford, Mrs. E. Davidson, Mrs. C. Smith, Mrs. M. Rodseth, Mrs. B. Ellison, Mel Skalmerud, D. Wood, T. Yule and L. Feisen-thal.

## Ald. McLean's Eldest Son Dies

The four-year-old son of Ald. and Mrs. Raymond A. McLean, 1128 Eighth Avenue East, died Sunday at home.

The child, Reed Alexander, was born in Prince Rupert in July, 1949.

Funeral service will be held tomorrow afternoon at First United Church with Rev. L. G. Sieber officiating. Burial will be at Edmonton, Alberta.

**How many products do we get from crude oil?**

From eggs, a hen can expect just one product—chicks. But from crude oil, Imperial refines 679 different products, ranging from weed killers to heavy asphalts. And that is not all—crude oil also supplies petroleum gases and other raw materials for plastics and synthetic rubber.

Oil plays a large and growing part in our everyday living. How many of these questions about it can you answer?

Oil supplies are vital to defence. The gasoline required to move one armoured division 100 miles would run your car for 10 years? 95 years? 350 years?

The average family car could be operated for 350 years on the gasoline needed to move an armoured division 100 miles.

The average weekly pay cheque of Canadians in 1939 would buy 84 gallons of gasoline. How many gallons will today's cheque buy 79? 135? 93?

Even though gasoline road taxes are higher in all provinces, today's average pay cheque will buy 135 gallons.

Scientists believe oil was formed from the remains of tiny sea creatures which lived millions of years ago. Would you say oil is found in rock? pools? swamps?

Oil is usually found far underground in the tiny pores of rock such as limestone or sandstone. The word petroleum is derived from the Latin "petra" and "oleum"—rock oil.

How much will the oil industry spend each week this year to find and develop oil fields in western Canada \$2 3/4 millions? \$6 millions? \$12 millions?

The industry is expected to spend \$300 millions on exploration and development this year—about \$6 millions a week.

It takes many millions of dollars in plant and equipment to provide high-quality oil products when and where you need them. How much does this amount to per Imperial employee \$3,856? \$16,597? \$30,715?

Imperial's investment in plant and equipment is \$30,715 for each of its 13,500 employees, and it is still rising.

# Commissioner Orders Probe of Police Reports on Arrest of Kidnappers

ST. LOUIS (AP)—An investigation of alleged discrepancies in police reports on the arrest of the Bobby Greenleaf kidnappers and recovery of half the ransom money was under way today on orders of the St. Louis board of police-commissioners.

The board ordered all reports checked and "all persons connected with the arrest" questioned again following published reports that the FBI had found a number of discrepancies in the police account of the case.

Agents of the FBI, still seeking \$300,000 in missing ransom money, refused to comment on this report and on reports they have questioned the two police officers who arrested Carl Austin Hall, confessed kidnap-slayer, and Mrs. Bonnie Brown Heady

here Oct. 6. Hall was arrested by Lieut. no reason to believe any police Louis Shoulders and patrolman Elmer Dolan at a midtown apartment hotel.

I. A. Long, board president, said Police Chief Jeremiah O'Connell was asked to "intensify and broaden the police investigation of the case" following a special meeting of the commissioners.

O'Connell said the probe would include police questioning of Shoulders and Dolan although the commissioners said "we have

officers connected with the case have not given us all the information they have."

The Post-Dispatch said police records showed Hall was brought to a district police station following his arrest with two suitcases filled with money, but that the FBI had determined no suitcases were brought with Hall to the station. The newspaper said "more than an hour elapsed" after Hall was booked before the suitcases were brought in.

## DR. MacKENZIE TO TAKE PART IN UBC PLAY

VANCOUVER (CP)—Dr. Norman Mackenzie, president of the University of British Columbia, has accepted a role in the university's "blue and gold revue" with the explanation that "everyone has a secret ambition to walk across the stage."

It's not yet known what role Dr. Mackenzie will portray in the production to be staged Nov. 5-7 at UBC.

He says he is going to talk a few deans and professors into joining the production.

## Youth Forbidden To Go Hunting One of Three Killed in Accidents

VANCOUVER (CP)—A 14-year-old Penticton, B.C., youth, forbidden by his mother to go hunting, was one of three persons to die violently in B.C. during the week-end.

He was Billy Peterson, killed instantly by a shotgun blast in the back. The other two were Laureda Jones, 65, of Victoria and Tony Bydlowski of Vernon.

Peterson and two companions, aged 14 and 18, had wounded a

bear Friday night and went out Saturday to find it.

RCMP said Peterson was killed when one of his companions slipped, discharging a shotgun, as the three climbed a hill.

Miss Jones, a pedestrian, was thrown 40 feet when struck by a truck.

Bydlowski was killed when his car plunged from a highway into Victor lake, 12 miles west of Revelstoke.

CHRISTCHURCH, England (CP)—The man from Bristol who lost his false teeth in the sea at this Hampshire resort got them back by mail. They were discovered in a one-in-a-million chance by a swimmer.

KARACHI (CP)—The big jute presses in Pakistan have risen from 30 to 40 years since the industry was established. In the 1952-53 they turned out more than 4,500,000 bales.

## By-Election Date Expected This Week

VICTORIA (CP)—British Columbia should know within the next few days where and when a by-election will be held for Finance Minister Einar Gunderson, defeated in the provincial election last June.

Premier W. A. C. Bennett said after the legislature prorogued Saturday that announcement of a by-election to seat Mr. Gunderson will be made shortly.

Mr. Bennett said four Social Credit MLAs had offered to resign. However, he said he had received telegrams from several constituencies asking that no by-election be held in their ridings. So far, no decision has been made, the premier said.

## Percy Wright To Hear Fate

VICTORIA (CP)—Percy Wright, Social Creditor who walked off his job to attend the legislature, will know today if he still works for the city of Victoria.

Mr. Wright, elected at the last election after Victoria city council gave him permission to run, walked off his job as assistant city clerk after council denied leave of absence.

After the legislature prorogued Saturday, he said: "I will be at my desk in the city hall Monday morning."

He did not know how long he would remain at the desk.

**BLACKWOOD on Bridge**  
By EASLEY BLACKWOOD

Sadly, Often Worst Bids Bring the Best Results

The overall is a great leveller. On the record, Mr. Muzzy and Mr. New did not stand a chance of getting a good score playing against Mr. Masters and Mr. Truex, two of the best. But Mr. New put in an overcall which made it extremely difficult for his opponents to find their right spot.

This deal was played in a tournament. Mr. Truex properly considered his hand too strong for one no trump and not strong enough for a two no trump. He, therefore, started the auction with one club. If his partner responded with one in any other suit, he intended to jump the bidding to show his big hand.

Over one diamond or one heart he would rebid two no trump. Over one spade he would raise to three spades. A very convenient and well-planned sequence—except that Mr. New bid and Mr. Masters passed.

Of course, Mr. New's overcall was horrible, especially vulnerable against non-vulnerable opponents. But it set up a tremendous problem for his veteran opponents. Mr. Truex doubted, asking his partner to bid. Thinking Mr. Truex was probably most interested in the other major, Mr. Masters bid two hearts.

Since that was a forced bid, Mr. Truex could not be sure his partner had any high card strength at all. Two no trump was certainly the best he could do at this point.

As for Mr. Masters, he knew his partner couldn't have all he needed to make a two no trump bid all alone, else he would have opened the bidding with two no trump. Maybe Mr. Truex needed as much as a king, a queen and a jack to win eight tricks. So Mr. Masters passed.

The opening lead was the tray of hearts which was covered with the nine, the 10, and won in the closed hand with the ace. Mr. Truex lost a diamond trick and three spades and made an easy nine tricks.

South dealer

C-A K J 7			
The bidding:			
South	West	North	East
1 C	1 S	Pass	Pass
Dbl.	Pass	2 H	Pass
2 NT	Pass	Pass	Pass

At the other tables the West players bid better than Mr. New. They passed the one club opening. And the bidding then progressed: one diamond by North, two no trump by South, and three no trump by North. Game bid and made.

Sadly enough, it is sometimes the worst bids that bring the best results.

**SINUS SUFFERERS**

## Als Clobber Argonauts 39-11; Eskimos Sideline Stampeders

By JACK SULLIVAN  
Apparently Montreal Alouettes and Edmonton Eskimos forgot to read the experts scripts before Canada's professional football season opened last August. Both were written off as potential Grey Cup contenders.

They may make the experts look good in the long haul before the Toronto East-West final Nov. 28, but right now they're the hottest big-league clubs in the business and can't be overlooked, even in these wacky football days. They proved it during the weekend.

The Als did it with a decisive 39-11 victory over Toronto Argonauts, defending Grey Cup champions, at Montreal Sunday.

### Free Book on Arthritis And Rheumatism HOW TO AVOID Crippling DEFORMITIES

An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 5217, Excelsior Springs, Missouri.

and the Eskimos, already assured of a Western Conference final playoff berth, de-fused Winnipeg Blue Bombers 32-9 at Edmonton Saturday night.

The in-and-out Hamilton Tiger-Cats were "in" with a 33-24 victory over Ottawa Rough Riders Saturday to keep in step with the Als.

Calgary Stampeders, headed for a sideline spot in the Western Conference playoffs after a doubleheader loss to Eskimos last week, saw their last mathematical chance go by the boards when they lost 24-18 to Roughriders at Calgary Saturday.

University of Western Ontario Mustangs took a big stride in their bid for the Intercollegiate League title with an easy 25-8 victory over McGill Redmen at Montreal. The defending champion Mustangs now have six points on three straight victories, two points up on Toronto Varsity who walloped McMaster Marauders 24-0 at Toronto.

The Ontario Rugby Football Union race tightened up with only two points separating three teams. The league-leading Kitchener-Waterloo Dutchmen split a double-header with Toronto Balm Beach, winning 20-13 at home Saturday and losing 31-9 at Toronto Sunday.

Sarnia Imperials, tied with Beches two points behind the Dutchmen, didn't surprise anyone with a 34-6 decision over Brantford Redskins at Sarnia on Saturday.

A "VEDDY, VEDDY British" attitude is adopted by Carl "Bobo" Olson as he has tea in a top hat during a press conference after his arrival in New York from San Francisco. Reason for the accent on the English is the fact that he is fighting Britain's Randy Turpin for the world middleweight championship on Wednesday in Madison Square Garden.

## ATHLETES CLOCK WATCHING FORGETTING SPORT ITSELF

LONDON (AP)—Roger Bannister, Britain's great miler, insists the athletic world has become more occupied with records than with the sport itself. He also told the London Federation of Boys' Clubs there are dangers in idolizing the sportsman and in specialization.

The Briton, who ran a 4:02 in a mechanically framed assault on the four-minute mile last summer, also said too many are becoming watchers instead of players.

## Turpin's Strange Behavior Puzzling Boxing Experts

By MURRAY ROSE  
NEW YORK (AP)—England's Randy Turpin and San Francisco's Carl (Bobo) Olson meet for the middleweight championship Wednesday night in an international bout that has more puzzling angles than a dime detective story.

Here's Turpin, one-time conqueror of the great Ray Robinson and a former champion, rated a 2-to-1 underdog against the man who was kayoed and beaten by Robinson.

Sure, Turpin was stopped by Sugar Ray in 10 rounds in their second fight but the strong invader seemed on his way to victory when referee Ruby Goldstein halted the bout with eight seconds left in the round.

The feeling, of course, is that the 25-year-old British Negro has slipped since his hectic two frays with Robinson and that Olson has come along at a rapid rate.

But more than that is the strange training procedure of the moody, one-time country fair fighter. He has boxed only 28 rounds since he arrived in America a month ago.

SOLOMONS DUBIOUS  
Randy, himself, said that he will be in top shape and that too much boxing would make him stale. But Jack Solomons, the British promoter who always has had the big say in Turpin's career, has gone on record as saying he "doesn't approve" of Randy's training methods.

"He hasn't boxed enough," said Solomons. "If it goes 15 rounds, Olson will win."

It could be that the Britons are playing possum. It could be, too, that Randy has been doing some fighting in secret.

Olson, meanwhile, has been training in his usual fashion. He's been boxing regularly and hustling about in the gym. He figures to be in great shape, ready to go a full three minutes every round as he generally does.

Both fighters are the same age, 25, and have almost similar records. Turpin is 49-3-1 with 33 knockouts, Olson's 53-5 with 32 kayos.

Figured to be a sellout because New York will be blacked out of a Madison Square Garden fight snowed out this time, the bout may draw no more than 16,000 at prices ranging from \$3 to \$20.

## Two Wins Give Red Wings Lead

By The Canadian Press

Terry Sawchuk, the chunky Detroit all-star goalie, apparently has taken up—after a brief injury—right where he left off last season when he won the Vezina Trophy for the second year in succession.

The 21-year-old Winnipegger returned to the Detroit nets Sunday night after missing three games due to a slashed knee and shut out Montreal Canadiens 4-0, making 25 saves.

The victory, the second in a row for the Red Wings during the week-end, moved them past Montreal into first place in the National Hockey League.

In all, six games were played during the full week-end schedule.

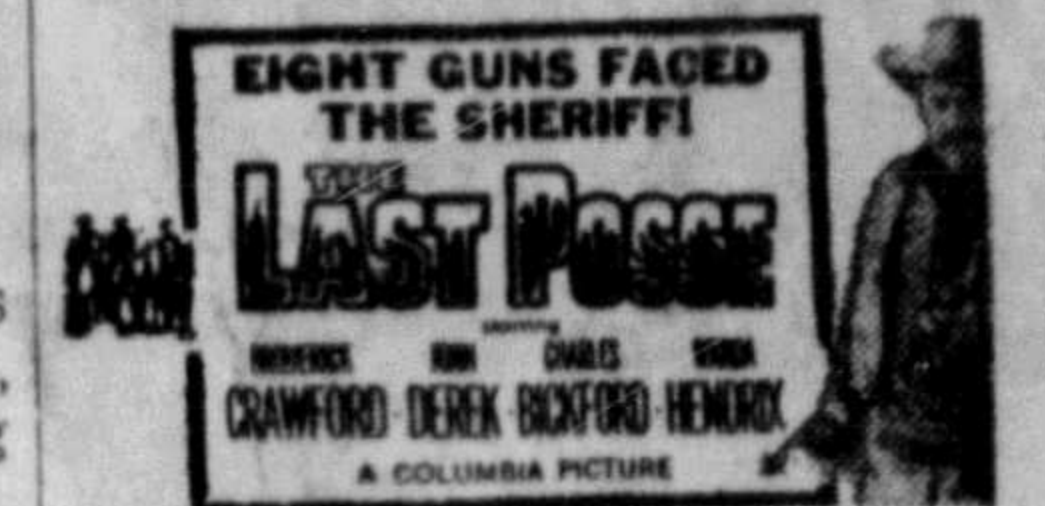

Toronto Maple Leafs came from behind to gain a 1-1 tie in Toronto Saturday night with New York Rangers. George Armstrong got the equalizer at 14:29 of the third period after Nick Mikeski scored for the Rangers early in the second period.

Sunday night the Leafs trimmed Chicago Black Hawks 2-1 who had lost to Red Wings 2-1 Saturday night.

Montreal Canadiens before a home town crowd of 14,437 walloped Boston Bruins 5-2 Saturday night with Maurice Rocket Richard scoring his fifth goal in five games.

Boston Bruins came back Sunday to trim New York Rangers 3-2 in the bean town.

## Men's Five-Pin League Starts Regular Play Tonight

Regular league play begins in the Men's Five-Pin Bowling loop tonight with 12 teams taking to the alleys at 7 p.m., followed by 10 more at 9 o'clock.

The teams have been in action for the past four weeks to establish averages and now begin competitive play. Winners of the two leagues—A and B—will each receive trophies at the end of the season, then play off for a special trophy.

Competition in both leagues is expected to be keen, although two squads in A League — Art Murray's and North Star Bottling Works—have shown better form in early play.

Tentative plans call for 27 weeks of play, with the leagues finishing next April 26. The squads will take only one day off during the Christmas and New Year holidays, in order to complete league play in time for those engaged in the fishing industry to get to their posts in plenty of time. Playoff dates will be decided later.

George Shenton of North Stars has rolled the top three-game total in A League so far with a neat 871 which he chalked up last Monday with games of 302, 318 and 251. Jim Perry of Local 708 has high single of 369, rolled on the first night's play last Sept. 21. Art Murray's quintet has high three of 3,334 and Local 708 has high game of 1,299.

## Calgary Leading Western Puck Loop

By The Canadian Press  
The Western Hockey League, bunched like a pack of three-year-olds since it broke from the gate two weeks ago, has begun to stretch out.

Facing a tight early schedule, Calgary Stampeders padded their lead during the week-end, slaming Saskatoon Quakers 8-2 Saturday in the Saskatchewan city. Edmonton Flyers visited New Westminster, splitting the laurels with Royals 4-4, but Victoria Cougars went to Seattle and the Bombers dropped them 7-2.

Sunday the Bombers strafed Edmonton 8-3. Calgary leads the league with 11 points, picked up in eight games, against Vancouver's second-place showing on nine points collected in five contests. Saskatoon has also appeared in five games, netting seven points. From there, the league scales down in this order: New Westminster and Seattle, tied for fourth, Edmonton, then Victoria.

## V. Menzies, B. Matson Top Keglers

Vic Menzies took both men's high single and high triple in the

(Next to Liquor Store)

In B League, Paul Piche of the LCB team has high single of 312 and also high three of 765. His team has rolled the best game—1,135—and also has high three of 2,864.

Here is the schedule for tonight's games:

7 O'clock (A League)  
Local 708 vs N.W. Const.  
CNRA vs Short Circuits.  
Cook's vs 537 Taxi.  
North Star vs Moose.  
Art Murray's vs Family Market.  
Thom Sheet vs Philpott Eviitt.

9 O'clock (B League)  
Savoy vs Legion.  
Overwaiter vs Jaycees.  
Deuces vs Kaien Ind.  
Nelson Bros. vs Rupert Motors.  
L.C.B. vs Don Juans.

## Bessie Ing Tops Women Keglers In Mixed League

Bessie Ing of Whalen's Lucky Six captured both ladies' high single and high triple Thursday night in Group 1 of the Mixed Five-Pin Bowling league, when she rolled 249 and 726.

Men's high single was taken by O. Hodges of Chats with 300 and Bob Harmer of Thom Sheet Metal took men's high three with 686.

Windy Six with 1108 took team high single and Whalen's Lucky Six won team high triple with a score of 3095.

In Group 2 Lois Keays of Shenton's Sheet Metal took the ladies' high single with 273 and Jennie Warren of Pushovers took ladies' high three with 670. George Goodwin of Orphans with 368 took men's high single and also men's high triple with 842. Fashion Footwear took team high single and high triple with scores of 1274 and 3579.

Results:  
Group 1  
Whalen's Lucky Six 3, Hams 1, High Gold 3, Northern Glass 1, Bob Parker 3, Harold's 1, Chats 3, Windy Six 1, Hill's Shoe Store 4, Eby & Sons 0, Thom Sheet Metal 4, High Green 0.  
Group 2  
Orphans 4, Esquire Men's Wear 0, Mixups 4, Daily News 0, Pushovers 3, Headpinners 1, Canada Life 3, Fowle & Ruttle 1, Hi-Jackers 3, Shamrocks 1, Fashion Footwear 3, Shenton's 1.

Mixed Ten-Pin Bowling league with scores of 212 and 555 Sunday. Ladies' high single and high triple were captured by Bev Matson with 188 and 458. Team high single was won by Dominos with 617 and team high three game total was rolled by Four Aces with 1729.  
Results:  
Dominos 4, Tiny Mites 0, Four Aces 4, Timberticks 0, M & M's 3, Luckies 1.

## Curlers Open '53-54 Season Next Saturday

Acting Mayor Ray McLean will officially open the Prince Rupert Curling Club season at 7:30 p.m. Saturday, October 24, curling club president Jack Laurie said today.

The Prince Rupert pipe band will be in attendance and after the official opening the final games of the President-versus-Vice-President bonspiel will be played for the club trophy.

Thursday and Friday nights will see the playoffs in the president-versus-vice-president competition. Also on Saturday night the ladies' curling club will play off their president-versus-vice-president bonspiel for the club trophy.

Draw for the men's curling club president vs. vice-president match, with the president's rinks being first mentioned, is as follows:

Thursday, Oct. 22  
6:45 p.m.—Bird vs. Holliston; McNiece vs. Meighen; Ford vs. Gordon.  
8:15 p.m.—Thom vs. Robertson; Wakley vs. Butterick; Seiber vs. Warren.  
9:45 p.m.—Shier vs. Kellogg; Johnston vs. Parker.  
Friday, Oct. 23  
7:00 p.m.—Eyoifson vs. Steward; Berg vs. Moore; Rowbotham vs. Aston.  
8:30 p.m.—Ostertag vs. Matthew; Garner vs. Turner; Ruderman vs. Peterson.  
Saturday, Oct. 24  
7:30 p.m.—Laurie vs. McKenzie; Barbour vs. Jorgeson; Miller vs. Greene.
