GERMANY—Members of the Canadian Officers' Training Corps wave happily as they travel on their way to Germany to join Canada's 27th Brigade for the summer. Officers, all students at various universities, will train with Canada's North Atlantic force and return to their studies and regular COTC work in the fall. (CP from National)

## Canadians Must Prepare to Foot \$4 Billion Tax Bill

OTTAWA (CP)—The Canadian government has turned its back on increased demands for protection against the imports, Finance Minister St. Laurent disclosed here. He said the government will not feel intensified pressure to offer any concessions to the sterling area. Mr. St. Laurent said in a speech before the Winnipeg Club, said: "The government's policy is to protect the Canadian producer as far as possible. It is a policy that will be maintained as long as it is in the best interests of the Canadian people, both as producers and consumers."

## Week Early of Man

OTTAWA (CP)—The long-expected "Main Trail" taken by the Mongolians when they crossed from Asia into North America will be traced by a party of British scientists. The expedition is expected to be completed in the next few weeks. The main theory is that they passed through Alaska, through the Yukon and then down the eastern slopes of North America, he said. The expedition—if positive evidence is found in the form of Mongolian weapons and implements—could show that the main route was over the interior plateau of northern and central British Columbia. Dr. Borden and associates made a preliminary survey in Tweedsmuir Park last summer. They found Lithic tools which may be the remains of a different and possibly more ancient group of people than early B.C. Indians. There were distinctive signs of an old migration route. "This interpretation must of course be regarded as tentative," said Dr. Borden. "The data on hand pose important problems which demand fuller investigation."

## Businessmen Cautious Open Credit Buying

By DICK BAIDEN  
Canadian Press Staff Writer  
Canadian investors and businessmen greeted Minister Abbott's suspension last week of credit restrictions with enthusiasm tempered with caution. A moderate New York market reflected the attitude. Companies are expected to gain most by the Ford, Industrial Acquisitions, Kelvinox, Simpson, and Betty—jumping gains ranging to 33%. A more considered approach, however, investors are changing their minds. Industrial Acceptance and with a steady return from their Tuesday week's end they reacted similarly to mobile manufacturers.

# Murder Charge Reduced To Manslaughter And Wounding

## Reds Charge Allies Delay Peace Talks

MUNSAN (CP)—Communist negotiators threatened today to filibuster against the Allies proposed armistice package. North Korean General Nam Il made this threat after injecting into negotiations the kidnapping of Brig.-General Francis T. Dodd at Koje Island prison camp. Nam Il charged the Allies were trying to delay peace talks by their "outrageous attitude." He said unless the United Nations command explicitly declares it wants to break off the conference, the Communists will insist on daily meetings and continue to refuse to accept the final Allied package offer. Nam Il charged the Allies were treating prisoners inhumanely. He said this was proven by the concessions granted Red prisoners to effect Dodd's release.

## Lost Door Key Causes Injury

HARTFORD, Conn. (AP)—Mrs. Martha Miller, 57, standing on a second-floor porch behind her apartment, called to two girls in the yard below that she couldn't find her door key. She tried to get into a window, slipped and fell, suffering internal injuries, a possible skull fracture and possible fractures of several ribs. As police looked in her purse for identification, the first thing they found was her key.

## Burns Lake Killing Third Assize Trial

Indictment of murder against Jack Anthony Barrie was stayed this morning by Mr. Justice H. S. Woods and two indictments substituted. The new charges are manslaughter and wounding.

## 9,000 Voters on List In Pr. Rupert District

Four political parties have taken out nomination papers for their candidates in the provincial election of June 12, Prince Rupert electoral district returning officer A. Bruce Brown said today. T. M. Christie, Progressive Conservative candidate, is only one so far to have filed papers. Others in the running are J. D. McRae, Liberal, and George Hills, CCF. Social Credit, who are organizing a party here, also have taken out papers. Nomination closes May 22. Mr. Brown said "just over" 9,000 names would appear on the Rupert electoral district voters' list, soon to be published, 6,000 of which are of the city. Balance are scattered from the Queen Charlotte Islands to the Skeena River canneries and Indian villages.

## Green Light For Kitimat Railroad

(Special to Daily News)  
OTTAWA—The green light was given to construction of the Terrace-Kitimat railroad today as the House of Commons railway committee approved passage of the Terrace-Kitimat Railway bill. Plans include terminal facilities at Kitimat and some additional construction at Terrace, as well as construction of lines and bridges, said S. G. Fairweather, vice-president of research and development of Canadian National Railways. Initial population of Kitimat is estimated at 8,000, but ultimate population would be possibly 50,000, said Mr. Fairweather. Barrie and Carlson fought and when Nelson tried to separate them, Carlson had run from the cabin. Carlson ran up the road, crown alleges, and looked back to see accused returning to cabin. Carlson then got in his car and drove to the home of a neighbor, Lars Kelstadt. He returned to the cabin later with Kelstadt to find Nelson lying on the floor. A doctor was called, who removed Nelson to a hospital and later sent to a hospital in Edmonton, where he subsequently died. Carlson was called as first witness at press time. Jury empanelled to hear the case were selected from a panel of 55. They are: Harry Hansen, foreman; J. E. Addleman, Charles Roberts, James Colussi, J. J. Compadina, M. J. Marchant, Thomas Marshall, W. D. Griffith, George Cook, Rudolph Olsen, Ralph H. Latch and Louis Astoria. Frank S. Perry, of Prince George, and T. R. Cullinane, of Burns Lake, are defence counsel.

## 26 Polling Stations Outside of City

In Prince Rupert, 24 polling stations will be operated, all located in the main gymnasium of the Civic Centre. In the district, 26 polling divisions have been named: Arrow Camp, Butedale, Digby Island, Gillatt Arm (Cumshewa), Humpback Bay, Hunts Inlet, Hays Port, Inverness, Juska, Klenutu, Masset, Masset Reserve, Metlakatla, Oona River, Osland, Port Clements, Port Simpson, Port Edward, Paofoi, Queen Charlotte City, Skidegate, Skidegate Mission, Sandspit, Sunnyside Cannery and Tlell. In addition, 10 special polling places will be established at fish camps operating within the electoral district on election day. Voters at the "special" polls would be voting under absentee system, said Mr. Brown. No voters lists would be available there. At least two or three divisions in the districts will have more than one polling station. Mr. Brown expects and named Sunnyside and Port Edward as likely sites.

## Civil Workers Hold Out For Five-Day Week

VICTORIA—The provincial government has offered to B.C.'s 10,000 civil servants a five-day week. It was learned reliable Tuesday that the government's new order was rejected. The workers' request is for a six per cent wage increase but grant incorporation of cost-of-living bonus into wage structure. Maximum bonus being paid government workers is \$98.00 monthly. The offer was made at a meeting of the cabinet committee headed by the provincial secretary, W. T. Straith, to representatives of the B.C. Government Employees' Association. A 17-man executive of the employees' association will meet Thursday in Vancouver to discuss the offer. There is a strong possibility the executive will recommend a rejection to the membership. A five day week for all workers is a major demand of employees.

## Allies Willing To Join Talks

LONDON (CP)—Britain, United States, and France told Russia Tuesday they will join four power talks on unifying Germany if the Kremlin first agrees to free all-German elections. Further, the Western allies rejected a Soviet suggestion of a neutralized Germany linked with neither east or west. In almost identical notes Western allies also asserted any or all German government must really be free, even before a peace treaty is signed. Replies were delivered in Moscow Tuesday. Their aim is to kill off any Russian attempt to pose as a principal champion of German unity.

## Germans Ask \$1,000,000,000 Defence Aid

BONN (CP)—West Germany is expected to ask the United States for at least \$1,000,000,000 aid to start arming German soldiers for western defence after the allied-German "peace contract" and European army treaty are finally approved.

## Airlines Curb Flying As Oil Supplies Low

One air line will suspend certain services locally, another is giving up several flights in other parts of the province to maintain its northern schedules because of the prolonged United States oil strike. Canadian Pacific Air Lines will drop the tri-weekly Terrace flight immediately from their Prince Rupert-Vancouver schedule. Further suspension to one Vancouver flight daily may be expected, a CPA spokesman said today. He called the present situation critical and urged the federal government to give priority consideration to the need of air travel during the present emergency. Five B.C. flights are effected by the cut. Meanwhile, Queen Charlotte Airlines have suspended 64 flights in southern B.C. to maintain necessary flying in the northern division. While charter flying will be cut to "only emergency flights" a company spokesman said QCA would try to maintain its daily service to Kitimat, in the Queen Charlotte Islands, and its regular service to Alice Arm and Stewart. "Our gas supplies in the northern division are running low," a Vancouver official said. "We can possibly just get by in the south, but the north coast air service is absolutely vital to the people and to the province's industrial life."

## Election Winner May Not Be Known

Deputy returning officers and poll clerks outside city polling divisions as well as polling premises have been arranged for, said the Returning Officer. Notice of polling places and all pertinent information will be advertised immediately following close of nominations. Mr. Brown said that unless a single candidate showed an absolute majority of a minimum of 50 per cent plus one votes of all votes on election day, winners would not be known until some time after election. Final count of the preferential system ballots will not be completed until a minimum of three weeks after election day allowing for time of mailing of absentee ballots. Only first choice votes will be counted in the district polls after elections close. Committee chairmen for the Prince Rupert Progressive Conservative election campaign were appointed Monday night. They are: Campaign manager—C. H. Orme; J. Morrison, assistant. Finance—Dr. R. G. Large, D. Stevenson, assistant. Canvassing—W. D. Lambie, D. C. Stewart, assistant. Press, Radio and Publicity—Mrs. J. T. Harvey, W. J. Raymond and Mrs. T. M. Christie. Personnel—Stan Saville. Transportation—A. E. Smith.

## Eight Rupert Students Named UBC Graduates

Eight Prince Rupert students were named today as graduates of arts and science courses at University of British Columbia. List is headed by honors student Norman Martinusen, first class, Bachelor of Applied Science graduate. Others include Joseph Chell, second class, Bachelor of Arts; Olafur Eydolfson, second class, B. Ap. Sc.; Peter Johnson, second class, B.A.; Miss Dorothy Jean Kerkin, first class, B.Sc. (nursing); Miss Betty Puller, second class, B.Sc. (nursing); Randi Thorsen, second class, B.Wk.; John Charles Wesch, second class, B. Ap. Sc. Other central B.C. graduates are Laurence Taylor, second class, B. Ap. Sc., of Burns Lake; Maurice Cote, second class, B. Social Wk., and Everett Loen, honors, B. Ap. Sc., both of Terrace; and Gunvor Pettersen passed, B.A.

## 11 Die in Two Major Air Crashes

LOS ANGELES (CP)—One man was killed and seven were reported missing Tuesday as an Air Force B29 and a Marine fighter plane collided over the Pacific Ocean about 10 miles southwest of Santa Catalina Island. Six men parachuted to safety and were picked up from the water. Planes and boats continued the search for possible survivors. Two of the survivors have Canadian addresses: Alhman Second Class Gene B. Ross, 23, gunner, is from Regina. Airman First Class, William L. McDonald, 23, is from Montreal. RIO DE JANEIRO (CP)—A Brazilian airliner with 22 persons on board tried to make a forced landing, crashed and broke in two Tuesday outside Sao Paulo, southern Brazil. Three were killed, and two more, the pilot and radio operator, died later in the hospital. The 17 survivors were all injured.

## WEATHER

Synopsis  
The Pacific disturbance which dumped generous amounts of rainfall over the lower mainland yesterday marked up a total of about half an inch in the Penitencia area this morning and lesser amounts in other sections of the southern interior. Considerable cloudiness and scattered showers follow in the wake of this system as it works its way into Alberta today. Gradual improvement from the west should begin to take effect over the southern coast this afternoon with sunny conditions returning Thursday. Northern coastal and interior points have not been affected by this disturbance and the present sunny and warm conditions will continue today and tomorrow. Forecast  
Cloudy periods in the southern part today, otherwise mostly clear. Little change in temperature. Winds light northwesterly. Lows tonight and highs tomorrow—at Port Hardy, Sandspit, 46 and 58; Prince Rupert, 46 and 63.

## Escaped Cons Hold Woman as Hostage

ANGLETON, Texas (CP)—Police pressed their search today for four tough prisoners who kidnaped a screaming woman and her small daughter after escaping from the Ramsey state prison farm. Mrs. Lydia Sproles, about 32, and her six-year-old daughter, Clara Jo, were forced into a stolen car here last night. The young Angleton medical clinic technician and her daughter were the second set of hostages taken by desperados during the night. As they made the break, they took Assistant Warden O. L. Stewart, Alfred Winner, tractor supervisor for the farm, his wife and son. The four were released unharmed.

## Prison Break Fails, Ends in Hospital

VANCOUVER (CP)—A Tarzan-like swing ended the escape attempt from Oakalla prison of 23-year-old Paul Pankowe, society burglar. He tied a sheet over a high tension wire after cutting away the iron bar across the window of a room in the prison tower and attempted to swing over the inner wall. Pankowe crashed into the wall and plunged 40 feet to the ground, suffering a fractured arm, fractured ribs and internal injuries. It was disclosed Tuesday he made his escape Sunday and now is in hospital under heavy police guard. Pankowe was convicted in mid-January of looting plush Shaughnessy Heights homes of more than \$7000 worth of jewels and other valuables. He was sentenced to a total of 29 months in prison.

## Court Order Breaks Up Friendship

VANCOUVER—Friendship between a 30-year-old Australian engineer and a 13-year-old Vancouver boy was ended Tuesday by court order. William Giles pleaded guilty to an abduction charge and was released on a \$1,000 bond guaranteeing he will stay away from Richard Slatford for two years. Giles had taken the boy to Williams Lake without parental consent. He said he wanted to teach him a trade. Preceptor Scott said Giles had been in Canada only two years and apparently not familiar with Canadian law. "He was interested in boys and boys' work and had become friendly with the Slatford family," said Mr. Scott. The family had thought very highly of him before he took Richard away.

## Court Order Breaks Up Friendship

Pert, 21-year-old Katherine Diane Sawyer of Victoria was named the winner of the Governor-General's Gold Medal, annual award to the top student graduating in arts and science at UBC. But she may not be home for graduation day—tomorrow. She is now at London, Ontario, on summer training with the RCAF's newly-formed university women's unit.

### Give Heed To Our Hospital

HEALTH is a valuable possession which, like many things, we are inclined not to respect enough until we haven't got it.

Fortunately, from almost the beginning of history there has been a band of men and women in the world whose lives are devoted to mending and preserving our health for us. Theirs is an unselfish and valiant profession which heeds no boundaries or battle lines.

In Prince Rupert this work, which has the General Hospital as its focal point, is loyal to its great tradition and efficient in its practice. The hospital is maintained with care and cleanliness in a way that would serve as model for many others with greater resources.

At the same time, its facilities are continuously and increasingly taxed by the expanding needs of Prince Rupert and the surrounding district. In the process of industrial development the requirements of the hospital must not be ignored or forgotten.

Instead, they must be given primary attention or Prince Rupert will fall into the expensive and scandalous mistakes encountered by other cities in which hospital accommodation and equipment failed to keep pace with the overall growth.

### Scripture Passage for Today

"A Levite . . . looked on him, and passed by." - St. Luke 10:32.

Report From . . .

## Parliament Hill

By Edward T. Applewhaite, M.P., Skeena

It is very seldom I hear any radio programs in the morning, but a few days ago I tuned in a local station. Claire Wallace was presenting the program, which was advertising canned salmon. When I got to the office I phoned the radio station to find out who was sponsoring the program.

It was the Association of Salmon Cannermen. It was a good program; and the "commercials," the plugs for canned salmon (as a product, not any particular brand) were very good. I should think this programme would be quite effective—I am sure we all hope so.

By now you all know of the lifting of the credit restrictions; there is some truth in the claim that the trouble with consumer credit restrictions is that they are discriminatory. The average Canadian could probably suffer no greater hardship if he had to get along without a new car for awhile, or even without any car, but household appliances are somewhat different. The government did go some way to recognize an inequity when it eased the restrictions on these appliances, and when it removed the special excise tax against them in the last budget; now all restrictions are off.

Those Canadian industries that have felt the pinch because of defence orders to replace lost sales for ordinary consumption did not materialize as naturally pleased by this new development. One effect may be to increase the sales of the smaller British motor cars.

However, we are not entirely out of the financial woods. The cost of living index is dropping, but it has dropped less than three full points since the peak of 1915 in January.

The restrictions did a good emergency job in assisting defence production and curbing inflation; but if it should become necessary once again to curb the buying of scarce goods, most Canadians will hope that a plan can be devised which does not penalize some of them while leaving others untouched.

However, as emergencies may arise, Mr. Abbott has advised the House that the government will invite both houses of parliament to present addresses to the governor-general, praying that the Consumer Credit (temporary provisions) Act be continued for a further period. This is just for the purpose of leaving the power in the hands of the government to meet unexpected emergency conditions.

Sam Balcom has been asking questions about house furnishings for service officers. Joe Blanchette, parliamentary assistant, national defence, has advised the house that in general all permanent and temporary married quarters provided by the department of national defence are furnished with stoves and refrigerators.

Mr. Chevrier made a clear and

factual statement when he moved the second reading of the bill authorizing the CNR to build the line from Terrace to Kitimat. During the resolution stage of this measure he had dealt with a number of questions, but he had more to say on the bill.

The cost of the line is estimated at \$10 million which will be financed by the government. The financial provisions of the bill authorize the railway company to issue securities not exceeding \$10 million which may be guaranteed by the government. Clause VIII of the bill authorizes, and in fact requires, the Minister of Transport to make a report to Parliament annually in the same manner as reports are made under the other legislation concerning branch lines passed previously by Parliament. The Aluminum Company is to provide \$1 million a year revenue for ten years or pay one-third of any deficiency below \$1 million.

If the Aluminum Company is required to make payments to the railway company, refunds will be made to the Aluminum Company on the basis of one-third of any excess of gross revenue earned by the railway company over the \$1 million in any year. The Aluminum Company has also agreed to make available a substantial amount of electric power to other industries locating in the region.

Mr. Chevrier also mentioned that in addition to the rail traffic to be secured in connection with the Aluminum Company project, Kitimat valley has about 2 1/2 billion feet of accessible timber estimated to be capable of yielding 22,500 tons of rail traffic annually with gross earnings in the second five years of operation of the line of more than \$8342,000 per year. The estimates of rail traffic indicate that average annual gross revenue for the first five years will amount to \$1,854,800, and average annual operating expense will be \$1,503,700, resulting in average annual net operating revenue of \$351,100.

### Three Killed In Air Crash

RIO DE JANEIRO (AP)—Eighteen passengers and four crew members were aboard the air liner which crashed while trying to make a forced landing outside of Sao Paulo Tuesday. The first reports said three were killed and thirteen hurt. Pilot is believed to have been killed and the copilot injured.

### As I See It

by Elmore Philpott

#### Intends To Vote NO

TORONTO: One reason why I wanted to come east at this time was because I could not make up my mind how to vote in the coming B.C. plebiscite on the sale of hard liquor in hotel bars, night clubs, and so forth.

One main argument that is used in B.C. for a change in the present law is that they changed in Ontario. Prior to 1947 Ontario had about the same system that we now have in B.C. Their system, like ours, was full of contradictions and hypocrasies.

How have these changes worked out?

I HAVE spent about a week delving into the facts here, on a background which I know quite well from a long way back. For instance I visited my old home town of Hamilton, where as a carrier boy my own paper route included three bars and two red light houses.

Ever since that day, over forty years ago, the "liquor question" has been a matter of red hot controversy in Ontario. It still is. Many of the old myths have been shattered. Before the first world war many people believed if we could only get legal total prohibition of sale of alcohol in North America we would be on the threshold of the golden age.

I well remember in the darkest days of the war, sitting in an artillery dugout in France. The philosopher of our battery "Old Mac" was telling us that all we needed to make Canada the greatest country in the world was "prohibition." In spite of the fact that he tossed off a generous helping of pure rum when he said it, Old Mac was completely sincere.

Well, we got that prohibition and everybody knows what a farce it was. But the plain fact is that no other system which we have got since the end of prohibition has been the final answer either.

I AM not a fanatic on the question and take a drink whenever I feel like it. I am well aware that the "Clubs" which operate in Vancouver, and elsewhere in B.C. are nothing but disguised liquor selling establishments. If we are going to sell alcohol we should do so on honest and above board terms.

But let everybody in B.C. take a good long look at these Ontario figures before we open the door to wide open sale:

The population of Ontario increased by 12% from 1939 to 1949 but gallonage consumption of alcoholic beverages increased by 110%.

Ontario's liquor and beer sales last year reached the truly staggering figure of \$210,473,812. These do not show the final total cost to the consumer either, for the government's figures end at the wholesale sale level.

The Ontario figures are even more striking when you break them down. In 1935 (the last year I lived in the east) total consumption of beer, wine and hard liquor in Ontario was 18,398,857 gallons. In 1951 total sales were as follows:

Domestic liquor	3,056,333 gals.
Imported liquor	683,333 gals.
Beer	74,740,974 gals.
Wines	1,174,263 gals.
Total	79,654,903 gals.

That is a 400% increase in 16 years!

THERE are some very definite advantages to the present system of liquor sale in Ontario. To a considerable extent hotel drinking has come out of the bedroom and downstairs into the bar, which has a new fancy name. There also may be less tendency for youngsters at dances and so forth to take a bottle along and "kill the crock." But the financial and social cost of

### A Special Tribute to Alex Hunter

By Harry G. T. Perry

The tragic death of G. Alex Hunter, with whom I was actively associated in operating this newspaper until recently, impels me to pay this sincere tribute to his memory.

Mr. Hunter was a conscientious managing editor who also really loved his work. He earnestly tried to be fair to all. His integrity, loyalty and honesty were unexcelled. His memory will long hover around the Daily News departments and in our hearts.

But above his newspaper duties, Mr. Hunter had an abiding affection for and faith in Prince Rupert. His many public activities over the years more than merit him to be remembered as a good citizen. No monument is greater than those words.

Our hearts go out in sympathy to Mrs. Hunter and the family in their sorrow. May we hope the high regard and respect in which Mr. Hunter was held by so many shall be of some consolation to them in their grief.

these advantages has been tremendous. More people in Ontario are drinking and more than ever drank before. Moreover, the latest figures show that there is a definite trend away from beer toward more hard liquor.

Ontario's experience plainly shows that the more facilities you give the people to buy alcoholic drinks, the more they spend on such drinks.

I don't think that Ontario people can really afford the vast amount that they are now spending on alcohol; and I for one would hate to see B.C. follow Ontario's bad example in this particular matter.

In later articles I shall show why I think I shall vote NO on the liquor plebiscite, and why I hope the majority votes that way, especially outside Vancouver.

### THE LETTERBOX MOURNS LOSS OF ALEX HUNTER

Editor, The Daily News:

It was with profound sorrow that we heard over the radio last evening of the untimely death of Alex Hunter and the serious injury to Jack McRae and Mr. Magor.

Please convey through your paper our deepest sympathy to the bereaved and our best wishes for a speedy recovery to the injured.

Prince Rupert has lost one of its best citizens and one of its greatest boosters. We will all miss him.

We join with the rest of the community in mourning the loss of Alex Hunter.  
Mr. and Mrs. Alex MacKenzie.  
(On board CNR train)

## Stars of Other Years Back On London Stage

By MURIEL NARRAWAY  
Canadian Press Staff Writer

LONDON.—Women who dread advancing years should give a close look at Britain's theatre bills this season.

Drawing big audiences at several West End houses are such old-time favorites as Dames Sybil Thorndike and Edith Evans, respectively 69 and 64; Isabel Jeans, 61, looking an attractive "just over 30," and silver-haired Gladys Cooper, who at 63 can still hold a stage by her power of complete stillness.

Age, or maturity, says Cecil Wilson of the Daily Mail, "has never shone so youthfully on stage and screen . . . just old enough at 60 seems to be the actor's cue for 1952."

### DASH AND SPARKLE

In support of this, Sybil Thorndike and Edith Evens give a performance of dash and sparkle in "Waters of the Moon," long a London hit, while two plays by Noel Coward now running have Isabel Jeans and Gladys Cooper to emphasize the popularity of "ageless beauty."

In a revival of "The Vortex," one of Coward's earliest plays, Miss Jeans shrugs off the years with a warm smile lighting her oval face. Married to dramatist Gilbert Wakefield, she is considered one of the best-dressed English actresses.

In "Relative Values," Coward's latest play, thrice-married Gladys Cooper, wearing an apple-green dinner gown of lancel jersey draped in full and graceful lines, recalls the pin-up picture postcards of herself that decorated many windows in the days before the First World War when she won fame as a Galety girl.

Her first big part came in 1907 as Eva in "The Girls of Gottenburg."

### ROLE OF COUNTESS

As the traditional English countess extricating her son from the clutches of a title-grabbing Hollywood film star, who turns out to be the sister

of her own lady's maid, Miss Cooper has ample opportunities to display her well-known "fire-under-lace" approach. The Daily Express credits her with making "a stagey confection more sprightly than gay."

Miss Cooper can still set fashions. Although no longer dressed by Captain Molyneux, she still keeps her stage wardrobe just ahead of fashion, wearing a brand new outfit for each of the three acts and changing clothes with the weather.

"No intelligent audience wants to see an actress swathed in wool in midsummer," said the actress, whose autobiography will be published shortly.

Other well-known actresses with undeniable charm and many years of experience now appearing in London include Australian-born Cecily Courtneidge, still kicking as high as ever; American star Lynn Fontanne, and France's Yvonne Arnaud.

## Local and PERSONAL

Gordon Forbes, government agent at Prince Rupert, returned from Stewart yesterday.

Mrs. William Crawford returned yesterday from a brief visit to Stewart.

Mrs. Florence Skinner, who has been in Prince Rupert for the past few months, visiting with her son and daughter, Mr. and Mrs. Frank Skinner, McBride Street, sailed for her home in Vancouver yesterday.

William McKay, who came to Prince Rupert in 1943 from Winnipeg, will leave the city Sunday next for Vancouver. Mr. McKay, whose home city is Winnipeg, and who follows the baking industry, has lived here throughout the past nine years. He has not as yet decided definitely where he will relocate, but it may be in British Columbia. He is a talented piper and has been heard in many a concert.

Sgt. Solly, RCMP, who arrived by the SS Princess Norah Sunday, left on his return south yesterday.

J. A. Rutherford, BCLS, after a few weeks in hospital here, was able to return to his home on First Avenue last week. Mr. Rutherford, while engaged in his duties on the Queen Charlotte Islands, was overcome by illness.

Motorists who have been as far as Terrace during the past few days say driving has been fair, although at some points there have been rainfalls. Generally, nights have been cool. With sudden warmth, high water could be expected.

## Record Music Festival For Halifax

HALIFAX.—The curtains of Queen Elizabeth auditorium swing back today to introduce the 1952 edition of the Halifax Music Festival.

Close to 15,000 contestants—believed to be the largest in the history of music festivals in the Maritimes—will participate in the eight-day event.

Since the festivals were organized in 1947, the number of contestants has increased by 50 percent, each year marking a sharp increase. Last year there were 14,000 contestants.

A group of 230 school choirs will enter. This is the largest school group ever to enter a festival.

## Religious Teaching Approved

Prince Rupert Ministerial Association, in regular session last night, decided to make an annual exchange of religious teaching after Easter. The association will do as much as possible to make the exchange with ministers in Ketchikan.

There was some discussion regarding certain religious teachings who are urging political action to take a more positive attitude regarding religion and church. Some felt that if they separated schools would be a step in the right direction. General approval was expressed in all churches.

## Former Held Retired Customs Man

Retired as a popular member of the Department of Customs at Prince Rupert, William Nelson was the guest of honor in Club 27 Canadian last evening. The dinner was held under the auspices of former fellow members of the department here.

The present included Col. O. I. Smith, Fred Grimble, Krook, J. Bowman, A. B. MacEwan, E. Ashcroft, J. Wilkie, Turdill and Norman Tor-

neison, whose first association with the Customs goes as far as Winnipeg, has identified with the service since Prince Rupert since early days and is deservedly highly respected. On behalf of his colleagues, Mr. Faulkner presented him a handsome silver cocktail shaker.

Nelson expects to leave for Tulsequah to spend the summer.

## LDR Mother And Daughter Banquet Held

The Lutheran Daughters of the Reformation of St. Paul's Lutheran Church delightfully entertained their mothers at a banquet last night held in their honor in the church parlors.

Miss Curine Helde, mistress of ceremonies, also directed the girls. Tribute was paid to mothers by each member present. A talk was given by Mrs. H. Heland. The entire program stressed Christian nurture within the home under the guidance of a devoted mother.

Mrs. H. F. Pullen is leaving by plane today for Vancouver where she will attend the graduation of her daughter, Betty, from the University of British Columbia.

# What the PROGRESSIVE CONSERVATIVE PARTY Stands for...

## OUR PLEDGE

**T**HE B.C. Progressive Conservative Party is pledged to careful, efficient and honest administration and to courageous development of the God-given and matchless resources of this province for the benefit of all our people. We will protect freedom and enlarge opportunity for the individual as natural rights of all those who dwell within our borders today, and as a heritage for generations to come.

The B.C. Progressive Conservative Party believes that the welfare of the people is best assured by a minimum of compulsion by governments; that the increasing intrusion of government authority into the private affairs of the individual must be curbed; that the growth of bureaucratic controls brings burdensome and destructive taxation, and endangers the freedom of all our people.

The life of our province is the sum of the daily effort of all those who toil in mill or mine, factory, field or forest; in office, shop, school or home, and in the many other pursuits of our people. For all of them, the opportunity to work and save, to win advancement by ability and application, to found and maintain families, to find happiness and contentment, are of prime importance.

To achieve these aims, we pledge ourselves to deal reasonably and justly with the problems of all our people, to ensure equality of opportunity to all our citizens, to preserve freedom and to oppose monopoly.

The B.C. Progressive Conservative Party pledges itself to support in every way these principles and the actions outlined in its platform.

*Christie*  
Leader B.C. Progressive Conservative Party

### HOSPITAL INSURANCE...

We recognize the wide-spread dissatisfaction with the British Columbia Hospital Insurance Service as presently carried on in the Province.

The Progressive Conservative Party will institute a new plan of Government Hospital Insurance that will be on a non-compulsory, non-monopolistic basis, and will eliminate the problem of co-insurance.

### EDUCATION COSTS...

That the Progressive Conservative Party will review the problem of School Finance as it exists at present, including mounting costs, and costs of school construction, with a view to effecting a more equitable distribution of the Province's contribution.

### FOREST MANAGEMENT...

We will appoint at once a Commission of Inquiry to review the present Forest Management Policy in order to make recommendations as to how:

- (a) to ensure perpetual yield of our forests;
- (b) to provide adequate opportunity for small loggers, mill operators and all others who desire to use and develop the forest resources of the Province;
- (c) to safeguard for the public the mining, power, fishing and recreational resources within all management license areas.

### HIGHWAYS...

We propose to continue and to accelerate the highway program laid down by the Conservative Section of the Coalition in 1943, which has been carried out continuously since then.

The B.C. Progressive Conservative Party will reduce the cost of license fees on all private passenger automobiles by 30% from the present prevailing license fees.

### PACIFIC GREAT EASTERN RAILWAY...

As proposed by the Conservative Party members in the Legislature, immediately on forming a Government, we shall proceed to extend the P.G.E. into North Vancouver, with the final object in view of extending the railway from Prince George, into the Peace River area.

### LIQUOR PLEBISCITE...

The B.C. Progressive Conservative Party stands for local option.

### POWER DEVELOPMENT...

The B.C. Progressive Conservative Party will implement the Electric Power Act in accordance with the original intention of the Legislature, to provide power and light to our rural areas.

### AGRICULTURE...

We advocate a reorganization and extension of the services of the Department of Agriculture, to make the services of the department, particularly in the information field, more widely available to the farmers.

We propose to negotiate with the Federal Government to make the Prairie Farm Rehabilitation Act applicable to the whole of B.C., so that our fertile but undeveloped agricultural areas can be brought under irrigation or be reclaimed.

### PROVINCIAL-MUNICIPAL TAXATION REFORM...

The B.C. Progressive Conservative Party proposes the payment of grants in all areas where there is Provincial Government real property.

### LABOR-MANAGEMENT RELATIONS...

The B.C. Progressive Conservative Party is pledged to give consideration to the reports of the Industrial Conciliation Act Inquiry Board Report, and to the report by Chief Justice Sloan on the Workmen's Compensation Act, at the next session of the Legislature, in the best interests of Labor, consumers and industry.

### EXPORT TRADE...

The B.C. Progressive Conservative Party is deeply concerned over the deterioration of conditions in our basic industries in British Columbia due to loss of export trade. It is the firm belief and determination of the Party that some method can and must be found to simplify financial arrangements between the dollar and sterling areas of the Commonwealth and other nations. The Progressive Conservative Party will use its best efforts to bring about a betterment of trade within the Commonwealth.

### SEPARATE SCHOOLS...

The B.C. Progressive Conservative Party believes in the democratic system of non-sectarian schools as at present established by law in the Province of British Columbia.

## Indians Trounce Yanks To Retain 2-Game Lead

NEW YORK (CP)—High flying Cleveland Indians trounced New York Yankees in a hard hitting American League contest Tuesday night to retain their two game lead over the Washington Senators.

The Senators took their ninth victory in ten games by edging the Detroit Tigers in at pitchers' duel 2-3.

In the National League, the New York Giants maintained their one game lead over the Brooklyn Dodgers by defeating Cincinnati Reds 7-4.

Brooklyn walloped the St. Louis Cardinals 14-8 in a day game.

Larry Doby, Dale Mitchell and Ray Boone hit home runs as the Indians made it four in a row over the Yankees. Boone clinched matters by slammng a three-run homer in the eighth inning.

Steve Gromek was credited with the victory although chased in the seventh. Belting Bill Miller and Bob Kuzava hit free-ly in the third and fourth innings, and Indians built up a 7-0 lead.

A New York rally cut the lead to 7-5 after seven innings but Lou Brissle and Early Wynn held the Yanks in check after that.

The Brooklyn Bats roughed up six St. Louis pitchers for 14 hits in the victory that spoiled Eddie Stanky's Ebbets Field "homecoming" as Cardinal manager, despite a pair of two-run homers by Stan Musial.

Preacher Roe, the Dodgers' "Tuesday" pitcher, pitched like it was Wednesday or Thursday as he let most of the early 7-0 lead slip through his fingers in his fifth straight Tuesday start.

Ben Wade rescued Preacher in the fourth and won his first major league game and also made his first major league homer in the sixth and a double in the eighth. The full schedule of four night games were played in the American League with three night games in the National.

### BUSINESS MEN (Continued from page 1)

stock market investing. Despite this caution however, and sporadic selling sprees, the Toronto market closed accumulated enough strength during the week to push the exchange's indices to the level of mid-April. Industrials, base metals and western oils posted gains ranging to more than five points, while golds added slightly less than a point.

New York made little headway in early trading Monday, slipped in mid-session but recovered by the close. Prices edged higher in quiet trading Tuesday and continued upward Wednesday. Late selling cut gains on Thursday and prices showed little trend yesterday.

From Friday to Friday the Toronto Stock Exchange indices showed industrials up 5.61 at 317.67, golds up .97 at 88.88, base metals up 3.41 at 185.06, and western oils up 3.76 at 148.44.

In the Montreal averages, banks were down .10 at 29.93, autos up .8 at 84.4, industrials up 4.09 at 198.1, combined up 3.5 at 160.2, papers up 39.20 at 66.14, and golds up 1.01 at 66.85.

In New York, the Associated Press average of 60 stocks climbed \$2.40 cents to \$102.50.

Martin Frobisher in 1976 discovered the eastern Arctic 15-lands of Canada while searching for a northern passage to Asia. Besides its grain, oil and coal, Alberta in 1951 had an output of \$122,000,000 from manufacturing and processing industries.

## PCHL Changes Name; Now Called WHL

VANCOUVER (CP)—The Pacific Coast Hockey League, which stretches to Saskatoon, officially changed its name Tuesday to the Western Hockey League.

Last year the professional loop added three Canadian prairie teams on a tryout basis. Tuesday they reported they were happy with the arrangement and the league voted to make it permanent.

It is an eight team circuit with Vancouver, Victoria and New Westminster, Tacoma and Seattle hold-over members.

**"NIGHTINGALES" SOLD**  
CHALFONT ST. GILES, Eng. (CP) — "Nightingales," the nine-bedroom country home of Field Marshal Earl and Countess Alexander, set in beautiful Buckinghamshire woodland, has been sold. Earl Alexander, Britain's defence minister, is negotiating for a house nearer London.

## SHERIFF'S SALE

TENDERS are invited for the purchase of one 1948 Morris Sedan, Serial S.E./E. 110465, Engine No. 130347, unlicensed car, as is, located near the Court House, Prince Rupert, B.C., for cash, up to 11:00 o'clock A.M. Friday, May 23rd, 1952. Subject to the S.S. & M.A. Tax. The highest or any tender not necessarily accepted. Mark bids "Tender" and address M. M. Stephens, Sheriff, Box 662, Prince Rupert, B.C.

## SHERIFF'S SALE

IN THE EXCHEQUER COURT OF CANADA Between THE INCOME TAX ACT, Plaintiff and RENE VAN WALLEGHEM, Defendant.  
 Under and by virtue of a Writ of Fieri Facias to me directed, out of The Exchequer Court of Canada, against the goods and chattels of the defendant, Rene Van Walleghem, I have seized one 1950 Chevrolet Sedan, Motor No. 360952, Serial No. 0136924328 and on Friday the 23rd day of May, 1952 at the hour of 11:00 o'clock in the forenoon, at my office in the Court House, Prince Rupert, B.C., I will offer for sale at Public Auction, all the right, title and interest of the said defendant in the above car. Terms of Sale, Cash; Sale is subject to S.S. & M.A. Tax.  
 The car may be seen on application to the Sheriff, on Saturday, May 17th and Thursday, May 22nd, afternoons.  
 There is a Mortgage of \$1500 against this car payable in three payments of \$500.00 each June 1st, 1952, December 1st, 1952 and June 1st, 1953 bearing interest at 5% per annum to be assumed by the purchaser.  
 Dated at Prince Rupert, B.C., this thirteenth day of May, 1952.  
 M. M. STEPHENS, Sheriff of the County of Prince Rupert.

## BLACKWOOD on Bridge

By EASLEY BLACKWOOD  
 Miss Brash Simply Expects Good Luck

If it weren't for her wonderful luck, Miss Brash's explosive bidding methods would have her broke in a very short time.

In today's hand she had a sure loser in the ace of diamonds. The king of hearts had to be right—and it was. But even so there was still a heart loser.  
 Mrs. Keen opened the nine of diamonds and the jack lost to the king. Mr. Abel returned the jack of hearts. Miss Brash put in the queen and showed no particular surprise when it held. She EXPECTS this kind of good fortune.  
 Looking the hand over, Miss Brash applied the formula I have suggested. The bidding and the play to the first two tricks made it almost a certainty that Mr. Abel had the ace of diamonds and the king and ten of hearts. If so, he was the only defender who could guard those two suits.  
 Mr. Abel's ace of diamonds was a first-round winner so he had to hold only one card in that suit. His king of hearts was a second-round winner, requiring him to keep two cards in hearts. A total of three cards.  
 Two tricks had already been played and Miss Brash could win the next nine with winners outside the squeeze suits.  
 I have pointed out the extreme importance of entries between closed hand and dummy in executing a squeeze. Miss Brash was careful to cash all six of her clubs first, discarding two diamonds and a heart on the last three leads of the suit.  
 Then she cashed the ace and queen of spades. When she led the last spade to dummy's king, Mr. Abel was squeezed. Left in dummy at this point were the queen of diamonds and a heart. Miss Brash was holding the ace and queen of hearts.  
 Mr. Abel's last three cards were the king, jack of hearts and the ace of diamonds. It was his play to the 11th trick. If he threw the diamond, dummy's queen was become a winner. He discarded the ten of hearts—and Miss Brash won the last two tricks in the heart suit.

## Five-Year-Old Kills Father With Revolver

NORFOLK, Va. (AP)—A Navy rating was fatally wounded when he was shot accidentally by his five-year-old son, Chief Quartermaster Robert Ernest Hubbard Jr., 38, died almost instantly after the son, Robert, fired a bullet from a .38-calibre revolver into his back. The boy picked up the gun, playfully pointed it at his father and pulled the trigger.

## FAITH IN GYPSIES

LULLINGSTONE, Eng. (CP)—Lady Hartdyke has invited 20 gypsy families to live in the grounds of Lullingstone Castle in Kent in an attempt to show that gypsies are not "thieves and vagabonds."

# City Protests Equal Sharing Social Welfare Payments

An increase of \$2.50 for each dependent for welfare cases will be shared on a fifty-fifty basis by the city, "but only under protest." Total cost will be \$400 a year, said City Clerk R. W. Long.

The council has gone on record as meeting an increased cost of all social welfare benefits under strong pressure from the mothers of dependent children called for an increase in the larger part by the Provincial government.

They think this is a fair way of sharing these costs, but an increase is necessary, especially the mothers of dependent children. George Hills, who voted to accept the suggestion, said the increase is a fair way of sharing these costs, but an increase is necessary, especially the mothers of dependent children.

**REDUCED**  
Firemen will be advised of the rate set by council for day night call out pay, which is half the original rate upon last month.

When an emergency fireman is called out, the rate is \$1.50; for night duty, \$2.50. Rates are compared to those paid to Vancouver and New Westminster departments.

**DEMANDS SCORED**  
The Works Chairman Ald. scored petitions by residents for street paving and thumbs down on a deferment for such improvement to Avenue from Sixth Street Junction.

Residents have not been able to get this in our estimates. Those residents who will pay for the work on an improvement plan, they will not make petitions, but we are doing the best we can for our streets and will do first.

**DELEGATES**  
The delegates to the October convention in Vernon of the B.C. Municipalities were named by council. Names will appear at a later date.

**RATE INCREASE**  
A 10 per cent increase in business rates of garbage rates

Block 30, Section 8 for \$270, to Hans Laid; Lots 2 and 4, Block 30, Section 1 for \$950 to Victor Bassobert.

Business licences were granted to H. Deary and David Knowles, furniture cleaners; Air Ads Incorporated, advertising sales; and John Stark, window cleaner.

**RECORD MUSIC FESTIVAL**  
(Continued from page 3)

tival in Canada. The adult choral entry is also the largest ever entered at Halifax.

Adjudicators this year will be Geoffrey Tankard, pianist, and professor and examiner of Royal College of Music, London, England; George Lambert, vocal teacher and adjudicator and examiner for the Royal Conservatory of Music, Toronto; Elvie Spivak, violinist of the Boston Symphony Orchestra and Cecil Hope, English choral conductor and composer.

Winners of the various scholarships each year continue studying music in universities throughout Canada, Great Britain and the United States.

This year \$2,000 was donated to the festival by service clubs and other organizations.

# Workers May Strike

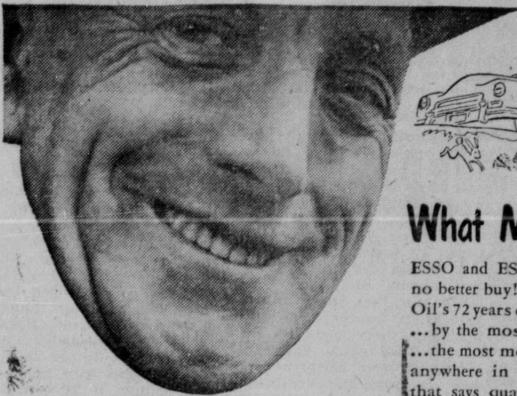

VANCOUVER (C)—A strike that would tie up Vancouver's grain shipping industry threatened here Monday. About 220 workers

in five elevators, four in Vancouver and one in New Westminster, said they will strike Saturday unless they get 30 cents an hour wage increase and a forty-hour week.

The workers are members of the Grain Elevator Workers Union local 433 unit Brewery, Flour, Cereal and Distillery Workers (CCL). They rejected a majority report of the concilia-

tion board which recommended a 15-cent hourly increase but no change in the current 44-hour week. The current basic rate is \$1.30 1/2 cents an hour.

Affected in the dispute are the Searle Grain Elevator, New Westminster; and Pacific elevators, United Grain Growers, Kerr-Gifford and Alberta Wheat Pool, all in Vancouver.

# Does Nickel pay taxes?

## You'll really enjoy cooking... if it's ELECTRIC

Cooking three meals a day, every day, seven days a week... quite a chore until you make it a cheer with a practical, automatic Electric Range.

No more drudgery... no more worry... dirt and ashes gone for good! You set the clock timer on your sparkling Electric Range and the controlled heat gives you perfect cooking and baking results. And when the job is done the heat turns itself off!

Think of the time and energy you'll save with that Electric Range! Lots more leisure and lots more pleasure—and plenty of savings on your food bill, too. Meat shrinkage is reduced, for one thing. There's never a bit of waste or spoilage when you cook electrically.

Some day, soon, have your dealer show you the latest models in Electric Ranges. There's one just suited to your kitchen.

**NORTHERN BRITISH COLUMBIA POWER COMPANY LIMITED**

"They sure do, son. In 1951, for instance, the Nickel Company paid over 48 million dollars in income taxes. Everybody has to help pay the cost of Government. All of us pay some share in income taxes, sales taxes and many other kinds of taxes. The industries in this country do pay a large part of the cost of Government."

"Well, how much tax does Nickel pay?"  
"I guess it would be pretty hard to figure out all the taxes, but Uncle Jim, who is an accountant, told me that the Nickel Company paid \$3.30 per share in income taxes last year but the owners got only \$2.60."

**CANADIAN Nickel**

The International Nickel Company of Canada, Limited

"The Romance of Nickel" a 60 page book fully illustrated, will be sent free on request to anyone interested.

25 King Street W., Toronto

**Ships and Waterfront**  
The freighter Agathi, Capt. Elias, arrived in port at noon yesterday to load barley for Japan.  
Under Panamanian registry, the 4293-ton ship was built in Vancouver during World War II as a Liberty ship. She carries a crew of 34. Her sister ship, the Constantine, is due to arrive in port May 25 to take on another load of barley for Japan.  
It is expected the ship will be here four or five days to load the 5500-ton cargo.

**Better Without The Hound**  
BEAVER, Pa. (AP)—Helping trail an escaped prisoner proved costly to a special deputy sheriff. He lost his \$750 bloodhound.  
Robert Grim brought his prize dog to jail in the hunt for Fred Curry. While Grim searched, the dog disappeared. Meanwhile, several policemen captured Jimmy

**Fine Mission Boat Sails**

VANCOUVER (CP)—Fourteen evangelists who never take up a collection are sailing on a British Columbia coast on a preaching mission.  
They are aboard the Lower Lights, luxuriously appointed vessel equipped with everything from electric plumbing to plush carpets in the lounge, but which also carries playing cards and a radio.  
The members of the Apostolic Church of Portland, Ore., operate the shipper Robert Crawford visits here every year from the Columbia River in Oregon to the Alaska Panhandle.  
In the crew are an instrumental trio, a vocal quartet, a radio technician and a typist.  
The captain is also known as general overseer of the Apostolic Church for the World. He inherited from his mother who started the church 16 years ago in Portland.  
"I'm pretty much like the old-style Methodist," said the captain. "Some days we don't have time to stop and rest a bit in a hamlet. So we play music and preach through loudspeakers as we steam past."  
"We don't even pass the collection plate. Once a church in Prince Rupert took up a collection for us, but we turned it back to the minister. Money is raised from voluntary donations and tithing of salaries of church followers."

**YOUR GARDEN**  
**Gardens Are Possible Under All Conditions**

By GORDON LINDSAY SMITH  
There is one nice thing about gardening. No matter what sort of a spot we have there are some things that will grow. In this business one hears much of fine, rich loam and sunshine, and while these conditions may be ideal for a lot of plants, there are others that actually prefer a location far from favorable.  
In poor dusty soil, for instance, there are hardy flowers like portulaca, Alyssum, zinnias and many more that will make a good showing. Then the dark corners near walls or under fairly dense shade are ideal places for begonias and pansies and certain fern like flowers that shrink away from the bright sun. Even soggy corners have their favorites and poor windswept rocky slopes. Rugged climates, too, are no handicap. Indeed in some northern gardens are grown the very finest of vegetables and the brightest of flowers. Away up or rather down on the northern tundras in the summer time the ground is aflame with bright bloom. In any good Canadian seed catalogue will be listed flowers and vegetables that will thrive in unusual places and it will pay to study these special likes if we are to do the best with unusual locations.  
**WATERING**  
In watering it is well to remember that one thorough soaking in dry weather is worth a dozen sprinklings. This rule applies to lawns too. A light sprinkling that only lays the dust encourages the roots to come near the surface where the hot sun will injure them. Deep soaking on the other hand encourages the roots to go down where they will be safe from the heat near the surface and where they will also find more plant food. In a great many cases where there are trees nearby light sprinkling also brings the roots of the trees close to the surface where they will ruin both the grass and the lawn mower. With lawns incidentally it is advisable either to use a very fine mist of water or else remove the nozzle altogether and really soak.  
On the market are certain hormone sprays, which will make things like tomatoes, cucumbers, melons, etc., fruit faster and earlier, and also very substantially reduce the number of seeds. So often in our climate the first blooms fail to set fruit or do so only in a limited way. That's where these special sprays come in handy but they must be used exactly and according to directions. They are fine for some plants but deadly to others.  
The word sheriff developed from the historic shire-reeves of ancient England, which also had port Reeves and town Reeves.  
Including public and private-operated hospitals, Canada has 66 institutions for treatment of mental disease.

**HEADS PUBLISHERS**—Allan Holmes, publisher of the Galt Reporter, has been elected president of the Canadian Daily Newspapers Association. He succeeds E. C. Whitehead, publisher of the Brandon Sun. Mr. Holmes was born in Georgetown, Ont., and started his newspaper career as a reporter on the former Winnipeg Telegram. He also had been associated with the Prince Albert Herald, the Sarnia Observer, the Woodstock Sentinel-Review and the Welland-Port Colborne Tribune. He is president of the Moose Jaw Times-Herald Ltd., and the Prince Albert Publishers Ltd. (CP PHOTO)

302 Third Avenue Prince Rupert, B.C.

**WRONG ANSWER**  
LONDON (CP)—Rev. G. F. Miller a Baptist army chaplain, said many young people today are guilty of "abysmal ignorance." He cited one young man who was asked the meaning of Good Friday and who replied "Good Friday was a sect of man to Robinson Crusoe."

**Starting TOMORROW**  
**ONE OF THE ALL-TIME "GREATS"**  
Ever-new joy for all to enjoy... laughs, romance and gaudy... gay with the frantic pranks of Dopey and his pals!
