**Archbishop's Funeral**

**PEOPLE BURN IN NOTRE DAME CATHEDRAL** in Ottawa's lower town as the solemn observance of requiem is celebrated during the funeral service for Archbishop Alexandre Vachon. Three cardinals, eight archbishops and 40 bishops from Canada and the United States are among the clergy and faithful who attended the service for the Roman Catholic prelate who won international attention as a scientist and scholar.

## Red Candidate Expected To Be Selected Here Tonight

Nomination of a candidate for the CCF at the Civic Centre. Organized in the well-known unorthodox style by Art Murray, last year's Social Credit group holds its candidate here, the nomination convention at the Civic Centre.

## French Evacuate Town Vietminh Open Drive

French troops fell back today in the face of Vietminh drive, latest in a long-threatened spring Indo-China.

French troops evacuated the town of Sam Neua, fifth town on Laos. The rebels have been building up for an attack on Laos, one of three Indo-China Union

## Telkwa Child Loses Life Swift-Flowing Bulkley

Two-year-old Kenneth was drowned in the Bulkley River here today while playing with two other boys.

## Permit To Start Brush Fires

Grass fires in the Bulkley River here today while playing with two other boys. The permit was issued by the fire department.

The body was found in three feet of water about 75 feet below where he had been playing. The alarm was raised by Billy Bradley.

Smithers volunteer fire brigade first aid team of J. R. Nicholson, E. E. Malkow and G. L. Charleston fought a 1½-hour losing life and death battle.

## Restaurant Association Seeks To Prohibit Picketing

A special Committee has been asked to prohibit picketing of retail establishments. The committee was made by the Canadian Restaurant Association and supported by the 100-member Canadian Restaurant Association.

Mr. Gorman suggested an amendment to section 366 of the proposed new code. The amendment would permit picketing of any place except "the place of business of a person supplying goods or services directly to the consumer thereof."

# Program Of Public Ownership Laid Down At CCF Convention

## Party Also Pledged To Alter Liquor Law

**VANCOUVER.**—A policy of social ownership and pledges of changes in school financing were approved by British Columbia CCF'ers during the week-end.

## Workers Reject Proposal

**VANCOUVER.**—Striking grain handlers Saturday voted to reject a proposal for arbitration of their 56-day strike.

The rejection came after a two-hour meeting of 250 members of the Grain Handlers Union (CIO), who are striking against five grain elevators in Vancouver and New Westminster.

The union is demanding 12½ cents an hour wage increase. The companies are holding out for last year's wage scale of \$1.50 an hour.

Operators earlier this week said they were prepared to accept the federal government proposal for a binding arbitration on wages.

Arbitration would not cover fringe benefits demanded by the union—two statutory holidays, job rotation, payment of dust premium and double time for Sunday work.

A union spokesman said: "Members feel arbitration is not needed as there is plenty of room for negotiation, but no real compromise offer has yet been made."

## Native Cage Teams to Play Here This Week

Revival of the annual native basketball tournament is planned here for Thursday and Friday of this week, Art Murray, president of Prince Rupert Amateur Basketball Association announced today.

The two-day round-robin tournament is expected to include six teams which will vie for the B.C. Packers trophy.

In past years the tournaments have been a big occasion here, drawing players and hundreds of spectators from outlying villages.

Teams invited for this week's event are from Kitkatla, Metlakatla, Port Simpson, Kinkolth, Greenville and Alyansh.

Kitkatla holds the trophy at present, won here two years ago.

## Jail Empty For First Time In Six Months

For the first time in six months, the men's jail in the city police station was empty this morning.

"It must be the good weather and a little more work around town," said RCMP.

The women didn't fare as well as the men, however. There were two in the lock-up waiting to appear in police court on charges of intoxication.

## Jet Down

SEOUL (CP)—One Red jet fighter was shot down today as clear weather brought more battles between allied Sabre jets and Communist MIGs.

**MEMBERS OF THE RADICAL SONS OF FREEDOM** Doukhobors interrupted their religious observance of Easter to build a bonfire and burn their clothing in the village of Shoreacres, near Nelson, B.C. Some of the nudists danced about the fire and chanted Russian hymns. One woman burned a \$5 bill, denouncing it as "evil money."

## Japanese Prince Flies RCAF Plane On Flight From 'Frisco to B.C.

**VICTORIA.**—Young Prince Akihito of Japan was getting acquainted with Canada Sunday after his first plane flight and welcome that included the Canadian rendition of the Japanese national anthem.

Smiling ever so slightly, the boyish Prince carried himself with poise through a short, wind-chilled welcoming ceremony which followed his arrival from San Francisco in an RCAF aircraft.

The 19-year-old heir apparent to the Japanese throne, who will represent his emperor father at the coronation of Queen Elizabeth, sat in the pilot's compartment for part of the 3½-hour flight from San Francisco and even flew the plane for a short while.

Chill winds and a threatening sky Sunday forced a last minute change in the Prince's entertainment schedule here. He cancelled a planned horseback ride and spent the morning quietly at Government House.

In the afternoon Prince Akihito travelled with a Royal Canadian Mounted Police escort to Royal Roads, where he inspected cadets at the United Services College.

He returned to Government House for dinner.

The Prince was welcomed Saturday by Lieutenant-Governor Clarence Wallace and other dignitaries after he walked from the plane.

The boom of a 21-gun salute mingled with the Japanese national anthem—or the Canadian navy's best try at it—and the Prince and his nine-man party stood frozen at attention.

Officers of all services stood at salute and naval ratings slapped rifle butts in a smart present arms.

The Prince's prepared statement expressed thanks "for a warm, friendly welcome extended to me on this occasion of my brief visit."

This morning the Prince landed at Vancouver International Airport after a half-hour flight from Victoria.

He stepped into a limousine at the airport for a drive around the city.

## Conciliation Board Opens Hearing in Council Chamber

A conciliation board hearing into a wage dispute between the city of Prince Rupert and the Fire Fighters Union local got underway in council chamber at 2:30 p.m. today.

The three-man board will decide the basis for the 1953 working agreement. Firemen's request for a 12-per-cent increase has been opposed by a "no-increase" policy of city council.

Negotiations broke down when the two parties failed to agree on one point in joint proposals. Firemen said they would accept the city's proposed plan of the wage increase and removal of five-year service pay provided the city agreed to pay a one-per-cent pension fund increase.

Firemen claimed failure of the city to agree on this point "in effect means we are being offered a cut in wages."

"We feel this is an unprecedented move. No other organized body of workers has had their wages cut this year," a spokesman said.

## Golden Bears Win Western Cage Title

**VANCOUVER.**—The University of Alberta Golden Bears were forced into two overtime periods Saturday night but came through with a 69-67 victory over Vancouver Clover Leafs to capture the Western Canadian senior men's basketball championship.

The Bears, who knocked out the highly-touted Winnipeg Grads before beating Vancouver in the final game of their best-of-five series, will meet the eastern titleholders at Edmonton for the Canadian championship.

Leafs won the first and third games. The second, and fourth, also an overtime affair, were won by Edmonton.

Clover Leafs blew a 35-29 half-time lead in Saturday's game.

## 13 Doukhobor Homes Burned In Drive by Night-Raiders

**NELSON, B.C.**—Thirteen homes were put to the torch in British Columbia's turbulent Doukhobor country Sunday.

Nine were burned to the ground as night-raiders threw gasoline or coal-oil fire bombs at doors.

Fire broke out simultaneously in 10 homes at Perry's Siding and Appledale, 15 miles northwest of here. Two Appledale homes were saved when the occupants discovered flames in time.

Shoreacres, 14 miles west of here, was the scene of three arson attempts. One home was razed but other fires were put out.

Later Reformed Sons of Freedom Doukhobors from the troubled West Kootenay area gathered at Krestova to deny any part in the arson attacks.

## Develop The Port Now

**A**NNOUNCEMENT by the Alaska Steamship Company at Seattle that it may have to discontinue service to Alaska after this summer is the latest blow to the Washington port in its deteriorating fight to retain the northern coastal trade. The picture there has already grown so dark as a result of waterfront labor disputes that four major U.S. airlines recently made plans to pool equipment and personnel for emergency service to Alaska in case of a complete shipping tie-up.

Without wishing Seattle any more bad luck, Prince Rupert should have no hesitation about doing everything possible to win the trade that its U.S. counterpart is losing. Any efforts it makes in this direction will be greatly strengthened by the presence here of the now-completed CNR temporary ferry slip which is soon to be replaced by a large, permanent one. Seattle authorities have, in fact, already expressed their concern over the competition which the slip will create, and the Ketchikan Alaska Chronicle recently underlined their fears with this observation:

"Plans are to ship much of the Alaska-made pulp (from the new mill at Wacker) through the Rupert gateway and by rail across Canada. That means that the emptied railway cars can come back by barge to Alaska, loaded with consumer goods from Canada and the U.S. And Seattle, harassed by strikes in the past, will stand to lose most of its share in this city's trade, and perhaps of southeastern Alaska's because with warehousing space here, we could wholesale to most of the Panhandle district and undersell Seattle, with somewhat quicker delivery time."

"Extension of the car ferry service to Haines and the Haines highway seems inevitable in the next few years."

While the ferry slip will prove a great asset to Prince Rupert, there are other steps which should be taken to realize the full potential traffic which could be developed through this port. High pilotage charges should be eliminated. More emphasis should be put on Prince Rupert as a grain outlet by enlargement of its elevator capacity. Docking facilities could stand improvement and, most urgently of all, something should be done to renovate the drydock and shipyards before they are beyond hope of repair.

Drawing attention to this point in a recent broadcast from Ottawa, E. T. Applewhite admitted discouragement in his attempts to get necessary action. He said it was estimated the work could be done for about three million dollars, not all of which would have to be spent at once.

By no measure of economy is this an exorbitant sum in a country whose bounding prosperity is based largely on the development of its north. This port is certain to increase in importance as a shipping centre, and inattention to its facilities now will multiply the costs later.

## OTTAWA DIARY

By Norman M. MacLeod

Parliamentary circles are being moved to wonder these days if there can be no such things as a happy medium in Canadian-Japanese relations.

The reflection is prompted by the circular which the Department of External Affairs has just issued laying down the respectful conduct regulations to which Canadians in the Capital must conform when His Imperial Highness Crown Prince Akihito visits here next Sunday and Monday.

In sharp contrast to the government policy a few years ago of killing off as many Japanese as possible in World War II, the heir to the Japanese throne during his two-day stay here is to receive kid-glove treatment such as no other celebrity has ever been given.

Here are just a few of the rules

## Plenty of Oil For All Needs, Says Premier

BANFF, Alta. (CP)—Premier Manning of Alberta said here that within a few years Canada will be producing enough oil to meet all its needs.

He told the second annual oil-well drilling safety clinic that the chief problem of the petroleum industry is markets.

While pipelines, either completed or building, would increase the market, Alberta would have supplies in excess of markets for many years to come, he said.

which individuals at the various functions which have been scheduled must obey:

No one, except the official party attending His Imperial Highness, shall approach closer than 12 feet to the royal person. If Prince Akihito should walk towards any individual or group, the person or persons he is approaching must retire in order to maintain the 12-foot distance.

No one must address His Imperial Highness without having been spoken to by him first.

Even authorized persons must not cross the route of the official procession either immediately before or after it has passed, or while it is in progress.

Press and television photographers who will be given a brief opportunity to photograph His Highness must not suggest any pose that they would like him to take.

Notwithstanding any privileges which any individual may hold by official status at any of the functions, he shall comply promptly with any order given him by any major-domo of the official party or by any police official.

These regulations are a good deal more explicit than any that were ever spelled out in these parts for any visiting celebrities or royalty, including their British Majesties on their 1939 tour or Queen Wilhelmina of the Netherlands during her several visits here.

The official explanation is that the government is responsible for the security of the Crown Prince, who to his Japanese subjects is a god-like figure.

## As I See It

by  
Elmore  
Philpott

Laing—People's Choice

**ARTHUR LAING'S** overwhelming victory in the B.C. Liberal convention is in the truest sense of the word a triumph for the rank-and-file.

Laing, the people's choice, is what we used to call, back in Ontario, a "Clear Grit." This term is pure Canadian. It comes from the pioneer days when the miller and his millstones were household words. The "Clear Grits" were the hardest of the hard bits of rock in the millstones. At times they presented a problem to the miller. For the softer rock in the stones wore down more quickly!

LAING has the quality of standing solid as the rock of Gibraltar, when he makes up his mind.

From the beginning he made up his mind that Coalition was bad for B.C. and doubly bad for the Liberal party. He stood like a rock against it all through the years when softer characters condoned it. The important point was—Laing was not being stupidly stubborn. He profoundly believes in the two party system in democracy. He reasoned (rightly) that when you destroy the free play of that two party system you create a vacuum into which anything may seep.

Social Credit came sweeping over from Alberta into the B.C. vacuum of which Laing warned. But it is typical of the man that never once did he later say "I told you so."

From the minute that the Liberal party was beaten last June with two percent fewer first choice votes than the Socreds, Laing held that the Liberals could come back.

But he believed there would be no point in their coming back unless they came up from the grassroots—unless the Liberals in the constituencies knew that they picked the leader, to apply their policies—which came from and had to be kept close to themselves.

It is no secret that Laing was feared and opposed by certain manipulators in the Liberal party. They were against Laing precisely because they were well aware that the overwhelming majority in the ridings associations were for him.

It is worth noting that Laing's key words in accepting the leadership were:

"Get on your lists every person with a Liberal mind and bring in labor. Show them we are the party for them. Get your feet on the ground and your heads in the air."

ART LAING long puzzled and finally exasperated his own supporters by refusing to say whether or not he would stand. But he was no Hamlet.

Far from being a sign of weakness or vacillation this attitude, I figure, was striking proof of the dogged determination of the man. He had made up his mind from the beginning that he would only accept the leadership of the Liberals in B.C. if that leadership were eagerly offered him by a substantially unanimous party—speaking up from the grass roots to the top.

In the end the entire party was openly, almost desperately anxious for the Clear Grit to take the reins. It was only then that Laing said "yes."

FIVE MONTHS before the election last year I wrote in this column on January 11, 1952:

"Arthur Laing is one of the sounder, more liberal men in the B.C. Liberal party. In the event that Premier Johnson clings too long to the Coalition millstone that is dragging B.C. Liberalism toward election doom, Arthur Laing would be an excellent man to lead a revitalized, re-liberalized party. I think such a man could lead the Liberals to victory in B.C."

I still think the second part of that could come true this year, as the first part so unfortunately did last June.

### VALUABLE GIFT

SYDNEY, N.S. (CP)—Dr. Howard S. Ross of Montreal, native of Sydney, has presented the Cape Breton regional library with more than 900 books to be divided among county libraries. The gift was in memory of his wife and parents.

"CHEESE IT! THE COPS"—By Charles A. Grassick in Toronto Telegram.

## LETTERBOX

WORLD PEACE

Editor,

The Daily News—

Today, with Russia extending an "oak leaf" to the world as a token of peace, all eyes are turned to that little peninsula of Korea.

If one were to look at a map of Russia prior to 1939, one might ask the question: In a country of so many millions of square miles without an all-year-round port, what steps would the people take to get the necessary outlets, to build up a means of exit for the winter months?

The answer is now obvious in the fact that with China and Korea under control the situation in the east is taken care of. In the west they have always had Murmansk, and after the last war many more ports on the Baltic Sea.

The south is next! For years now Britain has had a hard time to keep the seven creases in her sailors' pants. It looks today as if the Mediterranean crease will have to be eliminated and we'll see our sailors going around with only six.

Disraeli had the foresight to see the importance of a shortcut to the Far East, and England today, through no fault of her own, is being hard pushed to keep control of possessions which she has maintained for centuries.

We have seen Iran close down Britain's largest oil fields; we have seen dissension in Egypt which end is not yet finalized, and the Sudan will be taking a vote on which way to turn.

All these countries border on the Suez Canal and it is all very clear that a "squeeze play" is being forced upon England.

It hasn't stopped there. In the far south of Africa we have trouble from the Mau Mau, which has already caused international concern.

Should these great waterways be denied the western countries, free access to the Far East by the European countries would be impossible unless all-year-round ports on both sides of Europe were held, and today Russia and Russia only has that advantage.

The situation in Korea is far from settled and must be handled with kid gloves.

This intermission which the world is enjoying today may possibly be compared to an epidemic—a disease, checked in one area, only to break out more dangerously in another.

World peace will not be at-

### GOOD LEADERS WANTED

Editor, Daily News:

As I am a native myself, I feel I have a perfect right to ask Mr. Sinclair what he means by "good sound well-experienced leaders." The kind that would bow their heads when negotiating an agreement with the companies? Well if he wants that, we will be back where we started from at 10c for white springs and 35c for red. Is that what he means by men who understand the fishing situation—35c a piece for sockeye?

I suppose he can explain to us how he got the words "enjoy the benefits," when 25 years ago 90 per cent of the fishermen were going in the hole and the other 10 just clear. In fact we don't have to go back that far.

I think we should resolve that the former Brotherhood executive be removed immediately before they ruin the fishing prices altogether. We want somebody in there with a little backbone and ones who will always let us vote the democratic way—the secret ballot.

I do not think any union should have men who bow their heads in agreement with everything the big companies have to say or do.

ANONYMOUS.

## INCOME TAX QUIZ

Q May I deduct union dues from my wages for the year?

A Annual dues paid to a trade union are deductible from salary and wages earned in 1952. The unions have been requested to supply their members with certificates for this purpose. Be sure you attach this certificate to your income tax return. Trade union dues used for the following purposes are not deductible:

1. Dues paid towards a superannuation fund or plan (unless the fund or plan has been approved by the Taxation Division);
2. Dues paid towards a fund or plan for annuities, insurance or similar benefits; and
3. Dues paid for any purpose not directly related to the ordinary expenses of the union.

Q I have heard there is a special basis for taxing dividends from taxable Canadian corporations. Could you explain how this works?

A In its simplest application it works as follows: The full dividends received from taxable Canadian corporations in 1952 are included in income, and the resulting total tax is established. The tax is then reduced by a credit of 10 per cent of the amount of the dividends. If the total tax payable before the dividend credit is less than the amount of the dividend credit, there is no tax to pay. However, there would be no refund of any unused portion of the credit.

Tribesmen of New Guinea, the large island north of Australia, value the flesh of the python as food.

## Ray REFLECTS and REMINIS

Art Evans of Beach Place saw a gopher last Friday. The stranger from Alberta was sitting up, handy to Mr. Evans' home, trying to figure out which was brightest—the sunshine of Prince Rupert, or pellucid skies of the prairie provinces. Having dwelt there for 20 years, Art knows one when he beholds it.

But this was genuine. And how in the name of Number One Hard did it ever get here? Was one ever seen so far from his native heath? Never! It's true wheat comes this way but not gophers. Or perhaps in a car of grain it rolled secretly hidden down the Skeena River, and once free of the car scuttled across the tracks to find himself in Beach Place. Unless gorged with grain, it should have an appetite by now.

A man whose life said to have been filled with the theatre. He spent much of it in ways in their employ only a comparatively ago. Death overtook Capitol building, brief illness. Born in England, intimate knowledge of affairs. He could not ample, long passages. He had a lively sense here to London, to onations, and had been surely have been Country in June.

### ANYWAY, OFFSPRINGS AWARDED

Mrs. Blank was granted a divorce when she told the judge that since their marriage her husband had spoken to her only three times. She was awarded the custody of their three children.—News and Views.

The creeping up of old age began the day you were born. So cheer up. You probably will not die of it. How old is old. Folks sixty and seventy think of themselves as middle-aged, says Dr. E. W. Burgess, outgoing president of the Gerontological Society. Old people are dependable workers, less likely to lose time because of illness. Hence, cheer up.

Every female dearly loves to take care of a house until she gets to be all of six or seven.

There are nine in President Eisenhower's cabinet, eight millionaires and one plumber. Which leads a contemporary in Ontario to suggest that the correct order of precedence should be one plumber and eight millionaires. We know, however, that last winter was devilish cold back east and plumbers could not be expected to work for nothing.

Japan's Crown Prince spent the week-end on the British Columbia coast, en route to London for the coronation. May this be but one of future visits.

## Terrace Board Asks Support Of Kitimat Highway Request

**TERRACE**—Letters have been sent to all Boards of Trade in central and northern B. C. asking support of the Terrace Board's request to the government for immediate completion of the extension of the road between Terrace and Kitimat.

George Vincent of the Aluminium Company of Canada in an address at a public meeting in Terrace early in March said his company is very anxious to have this road built and has allocated \$600,000 for the making of a pioneer road between Terrace and Kitimat.

They are now awaiting the government's decision to build the road and in this event, the \$600,000 will, in all likelihood, be donated towards the cost of the road.

Correspondence was read between the Board, Mr. E. T. Kenney, M.L.A. and Mr. Gagliardi, Minister of Public Works at last week's meeting of the Terrace and District Board of Trade, presided over by Mr. Will Robinson, and it was decided to press for immediate action on the matter.

Correspondence was also read from Mr. Meighen, Divisional Engineer, concerning new work to be done on the Lakelse Road at 5-mile and 12-mile. He said he had not been notified of the projects in the district except that \$50,000 had been appropriated for the Copper River rock belt but nothing much for road work further east.

## Air Cadet Week Opens With Church Parade

Observance of National Air Cadet Week began yesterday with a church parade of more than 40 air cadets at the First United Church. Dick Garrett, commanding officer of the local squadron, was in charge.

Rev. L. Sieber conducted the service which was specially arranged to mark the occasion. Another group of cadets participated in the Church of the Annunciation where Father Ravine made reference to the significance of the week.

Both Rev. Mr. Sieber and Father Rayner are padres of Prince Rupert's air cadet squadron.

As a preliminary to the week's activities, members of the squadron held a dance Saturday night at the Canadian Legion, with sea cadets as their special guests.

Films were shown at the well-attended event, one of which showed the work being done in co-operative training for cadets of the three armed services. The dance was attended by Mr. and Mrs. Garrett and members of the sponsoring committee and their wives.

Other events on the Air Cadet Week program will be a tag day April 18 and open house at the weekly parade in the Armoury April 20. The latter event was postponed from April 13 due to school exams.

## Bernice, Rae Johnson Take Lead in Derby

Sunny weather Sunday which turned out a host of anglers vieing in the Rupert Rod & Gun Club open salt water derby paid off for four contestants who weighed in a total of 107 pounds and one ounce of spring salmon last night.

Leading the weights is the 28-pound, two-ounce spring weighed in by Rae Johnson, and is followed by a 25-pound, nine-ounce specimen weighed in by wife Bernice.

Rae also entered the third heaviest fish, a 24-pound, six-ounce spring.

All were taken in Metlakatla Passage on a pearl-pink plug.

Two other anglers weighing in salmon yesterday were Joe Scott with a 14-pound, four-ounce and Dr. Hector MacDonald with a 14-pound, 12-ounce.

**DICK GILKER FIRST**

Dick Gilker started the salmon entries in the senior division of the salt water derby by weighing in a 16-pound, 13-ounce spring Saturday night, caught off the Yacht Club floats on herring strip.

Several anglers reported hooking salmon and losing them, while many drew a complete blank.

The day was not without its "outstanding" fish story. A little girl, fishing off a barge at Bacon Fisheries dock, got the shock of a lifetime when she tied on to an energetic spring salmon for her first fish.

Not knowing what to do or how to land the jumping salmon, she turned her rod over to another young angler on the barge. He succeeded in bringing the salmon within gaffing distance when a third party entered the scene with some unsolicited and ill-advised aid in grabbing the line at the rod-tip.

Mr. Salmon took off with part of the line, lure and sinker.

**OPEN TO ALL**

The salt-water derby is open to all species of fish, with prizes for the three heaviest weighed in. There are two divisions in the derby, one for juniors 16 and under and the senior, over 16. Senior contestants must be members of the Rupert Rod & Gun Club.

The junior division is open to all youngsters and at present more than a dozen entries have been weighed in and are headed by a 10-pound, 14-ounce grev.

## —Footlights—

Little Theatre, after falling headlong over "Lovers' Leap" and landing with a few bruises, a little constructive criticism, and some advice on 'looking before you leap,' has taken to the road again. A "Strange Road" This play is not meant for entertainment, but is strictly for festival presentation. Its extremely dramatic story, its unusual staging and its necessarily most effective lighting effects will tax the imagination of every participant. Already the cast is on a full-time rehearsal schedule, and other members of the club are busy planning the staging.

A new plan is evolving which should be of particular interest to any and all play enthusiasts. Though this plan is still in the discussion stage, it is hoped that it can be launched in the very near future. Details have yet to be settled, but the general idea is to give aspiring actors a chance to cast off the ever present stage fright and get the 'feel' of various stage characters. In doing this it is hoped to utilize plays and skits which have been written by local persons whose talents have been too long buried.

There will be more details as the plan takes shape.

## Kincolith Couple Married Here

A quiet wedding took place in St. Andrew's Cathedral between a young couple from Kincolith, with Rev. Canon Basil Prockter officiating.

The bride was Miss Delavina Tait, who was given away by her father, Mr. Josiah Tait. The groom was Perry Barton.

The bridal party was attended by Mr. and Mrs. Jeffrey Benson, and the bride's train was borne by little Penny McDonald.

Several relatives and friends attended the ceremony.

## PROP WASH...

With the past week of clear weather, Instructor Vic McGuire has been busy piling up time on the Taylorcraft.

Len Brewerton, Ed Juvick and Bruce Malcolm, a local high school student, are now ready for their solo flights. With a few modifications to the aircraft, we were able to accommodate six-foot, five-inch Dennis Mulroney on his first student flip.

Five new students have signed up in the past week, two of these being Bob Carver and John Flett of the CNR.

Three of our students, Vic Grant, E. Rumley and Joe Goscoe are now awaiting the arrival of the Department of Transport inspector to take their written examinations, which will complete their course.

To obtain a private licence, 20 hours of ground school is necessary. This is held in the club's quarters every Wednesday evening by Instructor Pat Deane.

## BUYING FOR YOUR HOME

## Gay Borders Brighten Linen

By ELENORE LESTER

There was a time when fine hand embroidery dressed up the bed linens of all who could afford it. Today this kind of ornamentation is little appreciated by most of us.

These days, color dresses up our beds. One does not have to be wealthy or spend long hours of work to have eye-appealing linens.

Linens in a variety of lovely shades—blue, green, aqua, rose, pink and maize—offer an opportunity to do some interesting color-blending in the bedroom.

For those who like the clean, crisp look of white linens but who enjoy a dash of color, there are linens with colored borders. One leading linen manufacturer will soon offer percale sheets with colorful tartan borders.

The same manufacturer will also introduce percale and muslin sheets with Provincial print borders and polka dots. These

## Free Book on Arthritis And Rheumatism

**HOW TO AVOID CRIPPLING DEFORMITIES**

An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of whirling misery. Write today to The Ball Clinic, Dept. 5217, Excelsior Springs, Missouri.

**IMPORTED**

**...So what?**

Side by side on the merchants' shelves — Canadian materials and "imported" goods. Do you get any advantage when you go for "imported" products?

In textiles, at least, the answer is simple. Canadian mills turn out fabrics and yarns that match or better the production of any other textile country of the world in quality.

They are made by Canadians who are paid good Canadian wages; they are designed to please Canadian tastes, meet Canadian needs.

This is no plea to shun "imported" materials. They should be considered along with domestic products by every Canadian consumer, but on a strict *what-do-I-get-for-my-dollar* basis.

Ask for Canadian textiles if you want the best for your money.

## 28 Turn Out For Sunday Soccer Game

The first pre-season football workout took place yesterday afternoon at the Acropolis Hill before a large and enthusiastic crowd of spectators with the score ending in a two-goal draw.

Teams were selected from all who wished to play, with one team captained by Father Mohan playing in CYO colors, and the other captained by Brick Eby playing in the new Generis Motors uniforms.

The General Motors eleven were two goals up but the CYO came back with one goal and at half-time the score was 2 to 1 in favor of the General Motors. CYO had the better of the second half and just before full time drew even.

There were several new players on both teams and some of these show every sign of being real assets to their teams. Several local players showed that they were still in top form with Eby, Father Mohan, Georges, Boulter, Topfer and Carell all starting.

The line-up of teams is not assured yet. Teams will enter under the auspices of the General Motors and the CYO, but there is doubt as to the third team. Darrow Gomez, who has done such a fine job as captain and manager of the Battery eleven, is out of the city.

It is reported that the Columbia Cellulose Company will not be able to enter an eleven.

Rumor has it that there may be an all-Italian eleven entered. There is the problem, however, of getting a sponsorship that will assure continuity of the organization. And experience in the past has shown that when the fishing season is in full swing it is difficult to be sure of even three teams at times.

However, yesterday's opening game was a successful start and every credit is due to the football executive and the players who turned out. Actually, there were 28 players available.

## MILESTONES

From the Files of The Daily News

### 40 Years Ago Today

The new post office site being a subject of controversy, H. F. McRae, when interviewed, said he was of the opinion it should be on Second Avenue as that thoroughfare would be the main street for all time.

Edward A. Jensen and Everard F. Kissick have opened a new real estate office in the Alder Block under the name of Jensen and Kissick.

### 30 Years Ago Today

At the annual installation dinner for members of the Rotary Club, Dr. Hugh Grant was installed as President. Dr. Will Kergin, vice-president; Syd Johnston, secretary; George Rorie, treasurer; and directors Dunc McRae and Stewart McMorrie.

### 20 Years Ago Today

Alderman Basso-Bert has indicated his intention to oppose the appointment of a commissioner to take over civic affairs.

### 10 Years Ago Today

A. M. Kerr has been appointed as general superintendent of the drydock, succeeding Allan Cormack who has been transferred to Vancouver.

During the month of March Wartime Housing took out a building permit for 200 houses in Section Six, to a value of \$250,000.

## BLACKWOOD on Bridge

By EASLEY BLACKWOOD  
A Strategic Bluff Play Needed in a Tight Spot

There are two aspects of Miss Brash's game which every player would do well to try and develop for himself. Miss Brash plays with speed and with a show of complete confidence.

I am not recommending speedy play at the expense of accuracy or proper planning of a hand. However, those long huddles, starting at the ceiling, shaking the head sadly, making clucking noises with the teeth and other evidence of weakness merely serve to give solace to the enemy.

Surely it is a distinct advantage to the defenders if you "tell" them your contract is hopeless. On the other hand, if you play with an air of confidence, you are in a much better position to bring home a hopeless contract by means of a strategic bluff play of some kind. That is what Miss Brash was able to do in today's deal.

Mrs. Keen led the deuce of diamonds and Mr. Abel won with the ace. He laid down the king of spades and Miss Brash promptly dropped the 10. Mr. Abel thought this over a moment and shifted to a diamond. Dummy's queen won and now

## Tough Times For Detroit This Spring

By the Associated Press

If times get as tough for Detroit this summer as some experts predict, the Tigers can always dream about the wonderful Florida spring.

Early-season guessers generally have picked Detroit to wind up just about where they did a year ago—last. But at the moment the club tops the standings in the Grapefruit League.

In 22 games the Tigers have scored 15 victories, 13 of them against major league opposition. That's the best in either league. Among National League clubs, the other 1952 last-place finisher—Pittsburgh—has the best record, 10 and five, but only two of the games were against major league teams. Brooklyn's 18-10 mark, compiled with but one exception against major league opposition, is much more legitimate.

When it comes to games with teams from its own league Brooklyn is in front. The Dodgers have won nine of 13 starts against National League clubs. Washington leads the American League in this division with six wins and three losses.

**BOSOX DOWN**  
Boston Red Sox are the only American League club under the 500 mark for the spring, while Milwaukee, Cincinnati and New York Giants from the National League have lost more than they have won.

The Giants walloped Cleveland 15-3 at Alexandria, La., and Chicago Cubs edged St. Louis Browns 3-2 at Ardmore, Okla.

The Giants pounded Bob Lemon for all 15 runs and 16 of their 18 hits before he was lifted in the seventh inning.

The Cubs made only five hits off the combined offerings of Harry Brecheen, Duane Pillette and Satchel Paige, but two of them were homers. Chicago White Sox whipped Philadelphia Athletics 9-3 at Memphis.

1 C Dbl. Rdbl. 1 D  
Pass Pass 2 H Pass  
2 NT Pass 4 H All pass

Miss Brash confidently pulled a small spade from the board. What would you have done in Mr. Abel's spot? Obviously Mrs. Keen had bid a very poor, four-card diamond suit. With as many as four spades, she probably would have stayed out of the bidding entirely.

So it seemed likely that Miss Brash had a spade left. If it were the jack and Mr. Abel ducked, then the defenders would take no more tricks in the suit.

In any case, Mr. Abel went up with the ace of spades—and that was the last trick Miss Brash lost. She was now able to park her losing club on dummy's queen of spades.

## Rupert Bowlers Score Clean Sweep In Return Matches With Terrace

Prince Rupert five-pin bowlers Sunday scored clean sweeps in return matches with the cream of the leggers from Terrace. In Terrace two weeks ago the women won their matches while the men were defeated.

The two ladies' teams won all their games, while one of the men's teams made it five straight over the visitors and the other lost three out of five but scored the highest number of points.

Top trundler for the ladies was Agnes Pierce, who had a five-game average of 237. Second was Claudia Sanderson, who bowled on the same team, with an average of 213 and also had high game of 303.

Top bowlers among the visitors was Marg Moe, who rolled high single of 249 as well as chalking up high average of 192. Second highest was rolled by Dora Alger, who averaged 191.

Top bowlers among the men was Ian Dunbar, who had a four-game average of 249. He was followed by Paul Piche, with a five-game average of 247. Best average among Rupert leggers on the other men's team was Tommy McMeekin, with a five-game average of 217.

Scotty Robinson topped the visitors with a five-game average of 239, and Cliff Moe was next best with a 219-average.

Results:

Rupert—Agnes Pierce, Claudia Sanderson, Claire Bellamy, Peggy Thompson, Alice McMeekin—5,100.

Terrace—Helen Bush, Phyllis Apolzer, Dianne Rougeau, Dora Alger, Pearl Naugland—4,104.

Rupert—Lois Keyes, Jessie Shenton, Jeannie Warren, Alma Watman, Bertha Dunbar—4,838.

Terrace—Marg Moe, Ruth Sarrich, Louise Christiano, Doreen Paulson, Wynn Blakeburn—4,144.

Rupert—Dyke McMillan, Eric Sanderson, Ian Dunbar, Paul Piche, Joe Long, Jimmy Thompson—5,282.

Terrace—Chris Christiano, Milt Alger, Cliff Moe, Cece Blakeburn, Hal Windy—4,710.

Rupert—Steve Dziapka, Bob Hennessy, Charlie Watman, Magnus Halverson, Tommy McMeekin, Rusty Ford—4,964.

Terrace—Babe Rougeau, George Haugland, Johnny Apolzer, Paul Paulson, Scotty Robinson—4,842.

BLAIRMORE, Alta. (CP)—Police testified the accused lived in a cave five by eight feet in size, when John the Hermit Nestor was charged with vagrancy in court here. He was given a jail term.

## Canadiens Dump Bruins To Take Lead

By The Canadian Press

BOSTON.—With veteran goalie Gerry McNeil back in their nets after missing four play-off games, Montreal Canadiens on Sunday night blanked Boston Bruins 3-0 to gain a 2-1 lead in the best-of-seven Stanley Cup final.

Fourth game will be played here Tuesday.

From start to finish, the flying Frenchmen displayed marked confidence in McNeil, who had asked to be relieved before the sixth game of the victorious semi-final series with Chicago Black Hawks.

Coach Dick Irvin became dissatisfied with substitute goalie Jacques Plante Saturday night when the Bruins squared the series at 1-1 with a 4-1 decision in Montreal.

Bruins also switched goalies, starting Gordon (Red) Henry, spare they called up from their Hershey American Hockey League farm team, in place of unrelated Sugar Jim Henry.

Canadiens maintained a decided edge from start to finish and scored in each of the sessions. Tom Johnson, Paul Masnick and Butch Bouchard scored for Canadiens in that order.

Outshot by a 31-19 margin, the Bruins had few opportunities to threaten McNeil's comeback shutout.

## George Shenton New President Of 5-Pin Loop

George Shenton was elected president of the men's five-pin bowling league at the annual banquet and meeting in the Valhalla Hall. He succeeds Jack Paul.

Ian Dunbar was unanimously elected vice-president, and Eric Sanderson was elected secretary, succeeding Jim Rhodes. Nick Mazzone was elected treasurer and Rusty Ford and A. Slater were appointed directors.

A resolution that one score-sheet be used for two teams during league play next year was endorsed unanimously after brief discussion.

Before the business session, prizes were awarded winners in this year's league play.

A. J. (Dom) Dominato presented the huge trophy to Magnus Halverson, captain of the league champions, who accepted it on behalf of the Moose team and individual trophies were awarded the players.

Another trophy was presented the North Star Bottling Works team, runners-up. Nick Kepes was presented with a trophy for high average, 223; Art Hewitt received the trophy for high three games, 872, and Joe Giordano accepted the trophy for high single game of 404.

North Star team members also were awarded trophies for rolling the top three games—3,614—during the season. Canadian General Electric players also got prizes for rolling high single game of 1,314.

## EFFICIENT PLANES

LONDON (CP)—The Society of British Aircraft Constructors reported that more than 100 British aircraft were ordered from overseas in the first 10 weeks of 1953, including jet fighters, trainers, helicopters and Canberra jet bombers. The latter were ordered by Venezuela.

Do we use all our nickel  
in Canada?

"No, son, we don't. Right now a great deal of our nickel is going into defense equipment. Here in Canada we produce about 90 per cent of the world's nickel. So we share it with Great Britain, the United States and other peace-loving countries to keep the defense program going in those countries as well as in our own."

"But when the threat of war is over, will we keep all our nickel at home?"

"We can't do that either son. If we did, this country could use only about 10 per cent of the nickel we produce. There's another reason too. We bring in a lot of things we need from other lands—things like cotton, oranges, china, tea and coffee. The nickel we export helps provide the money to pay for these things."
