"Building Citizenship"

NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER
Published at Canada's Most Strategic Pacific Port—"Prince Rupert, the Key to the Great Northwest"
VOL. XLIII, No. 135 PRINCE RUPERT, B.C., THURSDAY, JUNE 10, 1954 PRICE FIVE CENTS

MAP IN THE NEW British Columbia building which was opened yesterday by Premier W. Bennett at the Pacific National Exhibition grounds is a huge relief map of the province showing every community, stream and mountain. The picture above shows the map, made with more than 1,000,000 pieces of plywood which took seven years to make. Above is a "space ship" view of B.C. from a height of more than 100,000 feet. Figures of buildings on map indicate size of map. George Challenger, Vancouver, cartographer and maker of the map, is at the top, centre, kneeling on the location of Vancouver. Mario Crema, painter, is working on the north end of Vancouver Island, right. At lower left, Bob Hammon, who assisted his father is standing at Prince George; above him is Bill Napier, painter, at Kamloops, and at top left, Ernie Hancock, also a PNE carpenter, is at Kelowna. The strip in its permanent location and the east and west portions will be fitted to the map.

RCAF Observer Corps To Set Up Filter Station In Rupert Area

Power Issue Sparks Call For Probe

VANCOUVER (CP)—Demands for a thorough investigation of government policy regarding the relationship of the B.C. Power Commission and privately-owned power corporations were voiced Wednesday night by both CCF and Liberal leaders.

The mounting criticism follows the resignation of Commission member James Blyth because of what is reported to be a struggle between the Commission and the B.C. Electric Ltd.

Said Liberal Leader Arthur Laing: "In the light of Blyth's statement, and as the Power Commission has done an amazing good job all round, particularly in rural electrification, we should have a thorough investigation."

CCF Leader Arnold Webster said the premier "should make his position clear."

"Public power's success in providing for isolated areas is deeply resented by private enterprise, particularly by the BC which is growing more and more avaricious," he said.

"It is apparent this Social Credit government is opposed to public ownership."

Premier Bennett, meanwhile, said in an interview here, "As long as I am premier of this province, there will be no sale of the B.C. Power Commission to private interests."

The premier described as "most inaccurate" reports that the BCE was "moving in" on the power commission.

CLOSE-UP OF PRINCE RUPERT area on big relief map in B.C. building at PNE shows Skeena River, centre, with Smith Island and DeHorsey Island at its mouth. Conical shaped island to right of Smith is Kennedy Island. Next large inlet to left is Prince Rupert harbor with Digby Island. To left of Digby is Tsimpsean Peninsula. Layers of plywood used in making map give it a serrated effect. Map has since been painted and completed. PNE runs from August 25 to September 6.

Civilian Recruiting To Open Here Shortly

Establishment of an Air Force Filter Station in Prince Rupert with more than 200 supporting observation posts in the surrounding district is planned by the RCAF according to a wire from E. T. Applewhite, MP, today.

Peace Talks Bogged Down

GENEVA (AP)—The Indo-China peace talks appeared today to have entered a new phase in which both the Western powers and the Communists are trying to blame each other for the anticipated failure of the conference.

Neither side has declared publicly that further negotiations are useless, but the stiffer attitude of the major delegations makes clear that they hold little hope of agreement on a ceasefire for the Far Eastern battleground.

The nine-party parley scheduled another meeting today but it was expected to produce only another round of charges and counter-charges.

There was no progress at all yesterday on the Indo-China problem. A British spokesman said "progress has not been slow, it has been nil."

Delegates kept a close watch on the political crisis in France, where Premier Joseph Laniel's ~~falling government faces~~ another parliamentary vote of confidence Saturday. The question here is what effect the fall of Laniel's cabinet, if it comes, would have on the Geneva conference.

China's premier-foreign minister, Chou En-lai, apparently had the French crisis in mind Wednesday when he declared, "the war faction in France is still in feverish pursuit of American intervention and enlarged aid in Indo-China and has adopted a dilatory policy in relation to the Geneva conference."

10 Damages Awarded as Court Finds Second Ave. Not Through Street

Judgment handed down by Court June 1, Judge Fulton found a motorist negligent in treating a street in Prince Rupert as a through street.

The collision occurred when the Furness car was approximately three-quarters of the way through the intersection. It was struck toward the rear by the Hammond car. No one was hurt.

Judge Fulton held, both in handing down his judgment June 1 and in written reasons today, that the driver of the Furness car, who had entered the intersection well ahead of the car on his right, was not to blame in any way for the accident.

"The evidence shows," Judge Fulton said, "that Mr. Hammond, like many other drivers, was under the impression that Second Avenue was a through street."

Mr. Hammond had not apparently seen the Furness car until he himself was at the very edge of the intersection, Judge Fulton said, and he held that this meant that Mr. Hammond was not keeping a proper lookout.

Evacuation Report Untrue But Skeena Over Highway

While runoff conditions swelled the waters of the Skeena River over Highway 16 yesterday between Salvas and Kwinitsa, reports that residents of Brown's Island, southwest of Terrace had been ordered to prepare for evacuation of their homes were denied by RCMP in Terrace this morning.

If anything, police said, the river is down from yesterday's level. River water, however, was reported by the Terrace detachment to have reached the level of a bridge at Mile 66, just east of Kwinitsa.

The Provincial Department of Public Works said this morning that sections of the highway in the Kwinitsa area were still under water but that traffic could still get through. A road grader was at the submerged section of the road, ready to pull motorists through if they got bogged down, the department said.

G. Neely Moore, exploration superintendent in Prince Rupert for the Consolidated Mining and Smelting Company, reported a six inch rise in the waters between Salvas and Kwinitsa from yesterday morning until midnight last night.

Girl Committed In Man's Death

VANCOUVER (AP)—Eighteen-year-old Mary Mellish was committed for trial Wednesday for the May 25 knife-slaying of her sweetheart, 25-year-old Sam Messer.

Edith Miller, a friend of the accused, was present during the quarrel and at the preliminary hearing testified:

"He slapped her across the face. She slapped him back. Then he slapped her again and she fell on the floor."

She said Miss Mellish grabbed a knife from a shelf and struck Messer in the leg.

Wounded Man Sent to Prison

NEW WESTMINSTER, B.C. (AP)—James Davidson, 30, shot in a gun battle with police, was sentenced Wednesday to three years in prison.

He was one of four men captured Saturday after more than 40 shots were fired as they fled from a milk plant where they had tried to blow a safe.

Davidson pleaded with magistrate Alec Duncan for leniency "because I have been shot." He suffered a neck wound.

North PGE Survey Work Start Immediately

VICTORIA (AP)—Surveys for the northern extension of the Great Eastern Railway north from Prince George to the Bulkley area will begin immediately.

PGE construction committee, Railways Minister Ralph Brown and former Finance Minister Einar Gunderson, said Bulkley has been appointed engineer in charge of work.

Brown left for Prince George where he will round up a crew to work out of that city. Five or six other crews will be sent out of strategic points between Prince George, Bulkley and Fort St. John.

CPA Changes To Be Studied By Air Board

VANCOUVER (AP)—An application for a change in Canadian Pacific Airlines service from Prince Rupert to Terrace, Smithers and Prince George, will be considered by the Air Transport Board in Vancouver July 12.

CPA spokesmen in Prince Rupert could not say what change was proposed in the Prince Rupert-Prince George service.

Clemency Asked In Petition Sent to Ottawa

VANCOUVER (AP)—A petition seeking clemency for William Wakefield Gash, sentenced to hang for the budgeon-slaying of Frank Pitsch last Dec. 10, has been sent to the minister of justice in Ottawa.

The petition bears more than 7,500 names from all parts of British Columbia.

Two Prince Rupert Air Cadets Awarded Flying Scholarships

Two Prince Rupert air cadets have been awarded RCAF flying training scholarships, Air Cadet League headquarters at Ottawa announced today.

They are William J. Holgate and Robert C. Brewerton.

The scholarships entitle each of the boys to 30 hours of flying instruction. If they successfully complete the course, they will be eligible for the air cadet flying badge and a private pilot's license. The training will be given by the Prince Rupert Aero Club.

The two are among 250 air cadets across the country who, having been recommended on the basis of their outstanding records as air cadets, passed through joint League and RCAF selection committees at local, provincial and national levels.

Another 100 cadets will report to RCAF Station Camp Borden early in July to commence seven weeks of leadership training aimed at producing a pool of potential officers and instructors for the air cadet squadrons. This course was successfully completed last year by Roy Pedersen, senior cadet of the local squadron.

Fifty-eight other cadets were

CCF Planning Ways To Fight Social Credit

VANCOUVER (AP)—The 21st annual provincial convention of the CCF opens here today with the 150 delegates prepared to discuss "the new attitudes necessary to fight Social Credit."

In a press release Wednesday Harold Thayer, secretary-treasurer, and Tony Gargrave, public relations chairman, said:

"The B.C.-Yukon section of the CCF now is 21 years old and approaching a new maturity in political affairs. One of the problems to be discussed at the convention will be the new attitudes necessary to fight Social Credit now that the old line parties do not stand between the CCF and power at Victoria."

The statement said Premier Bennett will be saying at the next election that it must be either Social Credit or Socialism.

"This will be an attempt to squeeze out the Liberals completely... Convention delegates will no doubt hope that with a stronger Liberal party competing with Social Credit for the free enterprise votes, the CCF will slip in between to form the first CCF government in B.C."

CCF leader Arnold Webster, now convalescing following an operation, is expected to attend the three-day convention.

The convention is the top policy-making section of the CCF in B.C.

Board Throws Out Bid Query Trust Fund Status

The Prince Rupert Board hire a political lawyer to ascertain the status of the board with regard to the spending of Algoma land was defeated last week by a three to two vote.

The board was put forward by Commissioner Art Brown, seconded by Commissioner Charles Balagno who seconded the motion.

The motion was raised after Pat Forman reported at a meeting on his endorsement of the city's bid for the Algoma Park and the sanitary land fill. The board chairman was appointed at the last meeting to ascertain the city's stand in the matter.

Mr. Forman said Mayor George Hills had told him that the city controlled the fund but was guided in the spending of the trust money by the recommendations of the Park's Board.

This stand was backed up by city auditor Scott McLaren, the board chairman asserted. Mr. McLaren's interpretation of the Municipal Act was that the city has the "final say" he declared. He said he had also been in touch with city solicitor T. W. Brown who had not wished to give a ruling on the matter until all facts and figures pertaining to the fund question had been made available to him.

After defeat of Commissioner Murray's motion, Chairman Forman said he would continue "to follow the matter through" when City Clerk R. W. Long returned to the city.

Mizak Aivazoff Dies Down South

Pioneer Prince Rupert construction firm owner, Mizak Yremavitch Aivazoff died in Vancouver Monday, it was learned here today.

Mr. Aivazoff with his brother Paul built the Capitol Theatre on Third Avenue which still bears their name. They were rich Russian wheat growers before coming to Prince Rupert just after the turn of the century. Mizak Aivazoff was Albert of the firm of Albert and McCaffery, when he was in partnership with the late M. P. McCaffery. He left Prince Rupert in 1919 but returned in 1928 to attend the opening of the Capitol theatre in which he and his brother Paul had invested their money.

A MEDAL AWARDED by the Prince Rupert Public Relations Bureau is presented to Mr. and Mrs. W. H. Kingsford (left), who drove 14,000 miles across Canada on a trip from New York to Prince Rupert. Making the presentation is the Hon. Ray Lawson, Consul-General of Canada at New York City. The jewelled medal was the third of its type, donated by Al Manson, awarded to long distance travellers to publicize Prince Rupert, thought in many places to be inaccessible by road. The first medal was given about five years ago to a traveller from Halifax and the second four years ago to a traveller from Florida. Mr. and Mrs. Kingsford of Summit, New Jersey, made the trip here last summer.

Permit Case Held

The case was reserved this morning for the police court on the charge of Thomas Grantham, who was charged with making electrical connections without the proper permits.

After sentence over, Magistrate D. Vance asked that the electrical inspector Collins supply him with specific amounts of the money which should have been paid according to the bylaws.

Collins is charged with making electrical connections at a cafe, a church in February and at a house in March. He pleaded guilty to the charges.

WEATHER

Forecast
North Coast Region—Intermittent light rain today and Friday. Little change in temperature. Winds southeast 15 shifting to southwest 15 by mid-day Friday. Low tonight and high Friday at Port Hardy, Sandspit and Prince Rupert, 45 and 55.

Silence Over Cow Bay

IT IS impossible to make any sense from the case of the Cow Bay floats. Months ago when alarm was first felt that they would not be ready for fishing this summer, word was received that difficulty was being met in transferring the property to the federal government. Allegedly, however, Ottawa was aware of the predicament shaping up and was completing legal arrangements as rapidly as possible.

After weeks had passed in silence the uneasiness increased and various local organizations and individuals sent out another call for action. This time the definite reply was received that temporary repairs would be made immediately and that later on steps would be taken to do the job for keeps.

There was a quick uplift of heart but that has all gone now. Not a nail has been driven, not a thing has happened to suggest that any progress has been made since the call for help was first uttered.

We know that one local firm offered to do the work, but beyond that the case is lost in the deepest mystery—and the most profound inaction.

Coming on top of other disappointments Prince Rupert has received from Ottawa during the past year, failure to repair the Cow Bay floats is staggering. Perhaps it can be argued there that this city does not need a drydock or an airport—though we do not see with what logic. But how can it be argued that this important fishing port does not need a place to dock its fishing boats? At this rate, it will eventually be questioned that there is any need for Prince Rupert at all.

It cannot be seriously supposed that Ottawa overlooks the importance of adequate fishing facilities here, but a sense of urgency appears to be lacking. This is one matter that definitely cannot be left unattended until just before an election. Regardless of what action is taken then, the smell of things that were left to rot in the interval will be lingering on.

PRIME MINISTER ST. LAURENT and his wife admire a bronze bust of the prime minister given him at Ottawa by the National Liberal Federation. Duncan K. MacTavish, president of the federation, looks on. The presentation was made at the Ottawa convention of the Young Liberal Federation of Canada.

As I See It
 BY
Elmore Philpot
 ● AGNES MacPHAIL FUND

SOME young Canadians made a presentation the other day to the Prime Minister. It was a bronze bust of the great statesman. I thought I detected a rather odd look in the eyes of the Prime Minister when he gazed on his own statue.

I think the late and great Agnes Macphail—the one and only Agnes—would give quite a smile and chuckle out of the proposals that are now afoot to honor her memory.

I can just imagine Agnes saying: "They wouldn't put me in the Senate, but now they are going to put my picture, or even my bronze bust, just outside the Senate door. They know that is the kind of an Agnes who can't talk back to them."

HOWEVER, there is one proposal which seems to me altogether fitting. The Elizabeth Fry Society, which does such wonderful work toward improving prison conditions, is raising funds for "Agnes Macphail Memorial Scholarships."

The idea is that the money shall be used for scholarships for social work, for students who intend to specialize in work with prisoners. Later, a Chair of Penology is to be set up in connection with some good university. This certainly is a cause which will carry the work which was closest to Agnes Macphail's own heart. Apart altogether from the wonderful work she did to improve conditions in the (Mersey) Toronto Reformatory, and among ex-prisoners, she was chiefly responsible for the Royal Commission on Penitentiaries.

which did such admirable work in 1936.

AS I POINTED out at the time of her death, the finest of all tributes paid to her was written by a young prisoner in the Prince Albert Penitentiary, who wrote, in part:

"Eventually she shamed the callous federal government into adopting a more humane policy of handling the thousands of persons sent to penitentiaries every year. The fight was long and sustained, but Canada's new penal program of today is evidence of its worth."

I TALKED the other day with the keen young lawyer who is the counsel for the parliamentary committee on capital punishment. We were discussing the lack of easily available statistics about prisons and prisoners in Canada.

He ventured the opinion that the greatest missing link in our whole set-up in Canada, in this field, was a department of penology in some good university.

Canada lags far behind many other countries in this respect. It is strange, but true, and it is sad but true, that while Canada has one of the finest welfare state systems in the whole world, that is for most classes of people, our attitude towards prisoners is scores of years behind the times.

One of the most tragic facts is that Canada sends to prison vast numbers of youngsters who would not be sent to prison if they lived in some such country as Britain, or Scandinavia, where they are better equipped socially to deal with convicted persons placed on probation.

THE Elizabeth Fry Society is a fine organization of responsible people. It is admirably fitted to handle the funds for the Agnes Macphail Memorial Fund, especially as Agnes herself was its Honorary President during her lifetime.

Cheques should be made payable to the Agnes Macphail Memorial Scholarship Fund, 344 Jarvis Street, Toronto.

SWIFT CURRENT, Sask. ☉—Employment officer D. A. Kane says there has been a shortage of farm help for seeding. A farmhand now needs to be a mechanic to handle all the equipment, he said, and farm mechanics are not too plentiful.

OTTAWA DIARY By Norman M. MacLeod

One reason the government is anxious to get the current session of Parliament over as soon as possible is unemployment. It looks as though its going to be a troublesome problem right through the summer. And the Cabinet isn't anxious to have the Opposition sounding off about it in the House of Commons.

Curiously enough, it appears to be a new sort of unemployment problem that is developing this year. On the one hand, a definite shortage of unskilled labor appears to be scheduled for mid-summer or early autumn at the latest. But at the same time, a surplus of skilled labor seems equally certain. And it is a surplus with which government authorities recognize that it is going to be particularly difficult to deal.

The cue to the situation is given in the fact that over the past fortnight unemployment figures have begun to rise again, especially in the large centres of population. The increase is only slight. But it is unprecedented at this time of year. In previous Mays and Junes employment always has continued to expand towards its mid-summer peak.

The reason unemployment has gone up at the present time is largely the lay-offs scheduled by the automotive industry. After having maintained a tempo equal to last year for the first six months, a 17 per cent drop in sales has forced it to slow down. Other industries

which earlier had reported sales difficulties—textiles and farm implements especially—have experienced no recovery. Consequently, there has been no counter-movement to compensate for the slackening in the automotive field.

Federal authorities estimate that by July 1st or shortly thereafter there will be a job theoretically available for every idle worker. But they recognize that the great bulk of the jobs will be at unskilled labor. They will result from the start of the St. Lawrence seaway and from other engineering, mining, highway and development projects. There are no signs of skilled textile workers being recalled to their jobs, or of skilled farm implement workers being reinstated. The outlook in the motor car industry is uncertain at best.

Government officials recognize that to expect skilled technical workers who are unemployed to settle for unskilled jobs is to misjudge human nature. For one thing, most skilled workers have put down roots in the community which they cannot pull up readily to move to other employment. In addition, no worker likes to feel that he is losing economic status or accepting a demotion of occupation.

Deputy Chief Dies at Fire

PORT ALBERNI, B.C. (CP)—Jock Redford, 53-year-old deputy chief of Port Alberni's voluntary fire department, collapsed and died at the scene of a blaze early this week.

He collapsed, apparently from a heart attack, a few minutes after arriving at a fire in the King Edward hotel.

A member of a pioneer Alberni family, he had been a member of the fire department since 1936.

Considerable damage was done to the hotel by the fire and by smoke and water.

Parks Committee To Study Playground Director's Plan

The committee of two, composed of Commissioners D. McRae and R. Eby, was appointed at last night's Park's Board meeting to study a playground plan submitted by Athletic Director Fred Jones and report to next meeting.

Mr. Jones' recommendation to the board hired Rosaline Thain as playground director for the 1954 season. The question of hiring additional supervisors was left in abeyance pending further study of the plan by the Athletic Director, who will submit his recommendations to the Parks Committee.

In his report, Mr. Jones suggested the board move the fence and the swimming pool to outside perimeter of the new retaining wall.

As a modification, Mr. Jones said, would not only improve safety conditions but would provide extra space that

could be used for lounging by swimmers. Construction of boys and girls dressing rooms and office for the pool attendant at one end of the pool was also recommended.

Replacement of the wooden walk around the pool with one of asphalt would remove the "sliver hazard" and provide an area for sunbathing, Mr. Jones said in his report.

A suggestion breakdown of the playground program into three categories was made in the Athletic Director's report. These would be daily, weekly and seasonal with the scope of the program varying directly with personnel and facilities available.

The daily schedule would include swimming and diving instructions as well as games and competitions at the pool, and handcrafts, stories, games and competitions in the playgrounds.

Proposed weekly playground schedule for the playgrounds will include special events for the week and staff meetings while seasonal activities will see a compilation of weekly schedules with emphasis on a final event such as "Pool Day."

Mr. Jones' report also states that tennis and archery instructions will be included in the proposed program if volunteer leadership is available.

When the weather makes supervision of the playgrounds impossible the Civic Centre will be made available for a continuation of the program.

Mrs. Black Welcomed Home As Legion Auxiliary Prexy

The CN dock here yesterday was the scene of a colorful welcome home ceremony when Mrs. J. S. Black of Prince Rupert, elected president of the B.C. Command of the Legion Ladies' Auxiliary at the Penticton convention last week, arrived aboard the Prince Rupert.

About 30 uniformed members of the auxiliary, complete with color party, were on hand to welcome Mrs. Black and present her with a lovely bouquet.

Also returning aboard the Rupert were local L.A. president Mrs. Vic Duncan and Mrs. Stan Ballinger, also delegates to the convention.

Last night, Mrs. Black was honored again at a Legion and Auxiliary social at which she was presented with a corsage and brief case by the auxiliary and a suitcase by the men's branch. Joining Legion and L.A. presidents Graham Alexander and Mrs. Duncan in congratulating the new B.C. president was J. S. Wilson, zone representative.

Local Native Arts Included In Coqualeetza Display Plans

Indian arts and handicrafts from the Prince Rupert area and from other parts of the province will be included in a display planned by the Coqualeetza Group in Vancouver during the Empire Games.

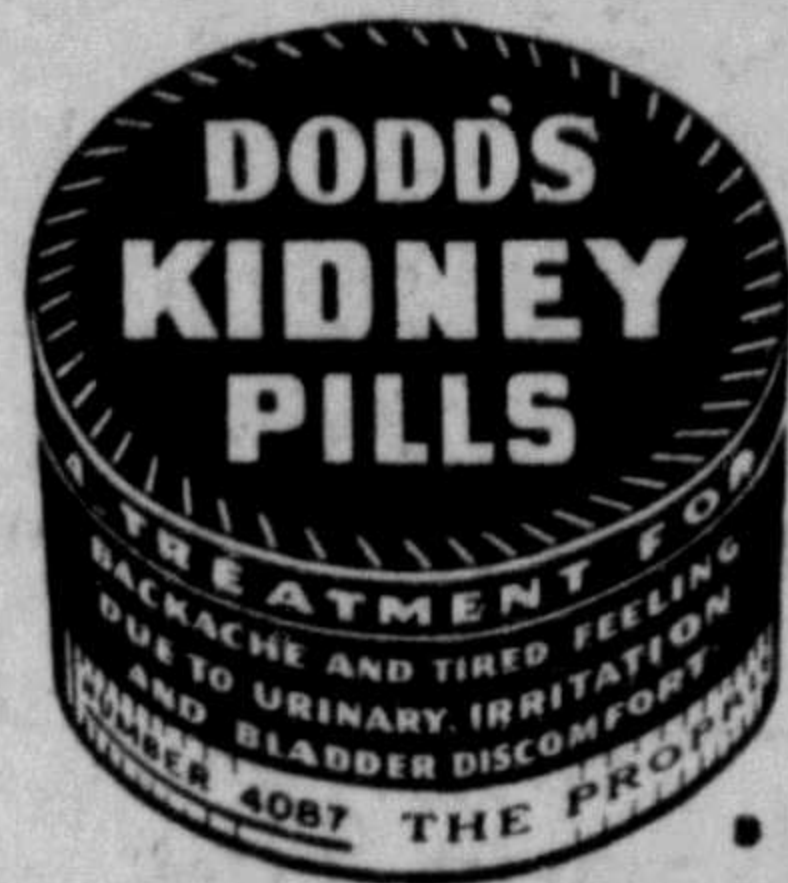

Work by well-known Charles H. Dudoward of Port Simpson and the private collection of Mrs. Vera A. Mair of Prince Rupert will be included in the show to be held in the Vancouver Art Gallery July 15 to August 15.

The Coqualeetza Group is hoping for more exhibits and has asked persons interested to contact the committee, through president Mrs. H. Ferguson, 1896 First Avenue West, Vancouver 9, B.C. Deadline for entries is June 30.

Among other exhibits already promised for the show are Bill Reid's Haida silver work; work by Mr. and Mrs. Ambrose Gravelle, Flagstone, B.C.; Mr. and Mrs. Mungo Martin, Victoria;

Mrs. Nellie Jacobson, Ahousat, B.C.; Arthur Moody of Skidegate Mission, silt work; Nainaimo Indian Hospital; Coqualeetza Sanitarium, Sardis; paintings by Judith Morgan and Clutesi, "the favored one" who inherited Emily Carr's brushes and Ellen Neel's totems.

The group also hopes for exhibits from Miller Bay Hospital and a special display from Finlay Forks in the Yukon.

Hurrah for Home-Made Jams and Jellies!

For Sure Success in jam and jelly making use Certo

Gives you up to 50% more from your fruit. Takes only 1/3 the time

CERTO RECIPES END GUESSWORK—SAVE TIME AND ENERGY—GIVE BETTER RESULTS

IT'S NATURE'S OWN HELPER— Certo is fruit pectin—the natural jelling substance in fruit—extracted and refined to help you make better-tasting jams and jellies quickly and easily.

SAVES TIME AND WORK—Once your fruit is prepared it takes only 15 minutes to make a whole batch. That's about 1/3 the time needed for old-fashioned, long-boil recipes.

A ONE-MINUTE full, rolling boil—that's all you need with Certo. No long, tedious boiling and stirring over a hot stove. What a relief!

50% MORE JAM OR JELLY—NATURAL TASTE AND COLOR—As no long boiling-down is needed hardly any juice wastes away in steam. You actually average 50% more jam or jelly from the same quantity of fruit.

And since the boil is too short to spoil the fresh-fruit taste or dull the fresh-fruit color, jams and jellies taste delicious—look bright and sparkling.

SURE RESULTS—NO GUESSWORK—Success is sure if you follow carefully the recipes that come with Certo. There's one for each kind of fruit. Don't change a thing.

Recipe Booklet under the label of every bottle and in every package. Each type has special recipes that must be followed. They are not interchangeable.

A Product of General Foods

Take your Pick—LIQUID or CRYSTALS
Certo in either form gives equally good results

Parks Board Plans Tennis Court Rules

The Parks Board last night took steps to maintain better control of playing conditions at the tennis courts.

The board will draw up a set of rules outlining playing conditions which will be posted at the courts.

The move was taken following written complaints of unruly conduct by people using the tennis courts.

A request from the Prince Rupert Little League for lumber and nails to erect bleachers at Algoma Park was granted last

night. The league will organize work parties to construct the extra stands, the board indicated.

The Parks Board accepted the tender of Prince Rupert Signs for the painting of two signs which will be put up on the

"Wiggle Test" Used to Judge Children's Opinion of Films

NEW YORK (AP)—Wiggles speak louder than words in expressing a child's opinion of a movie.

On that principle, the children's film library of the Motion Picture Association of America applies the "wiggle test" in deciding which picture to select for the children's Saturday matinees at neighborhood movie houses.

Ask a child if he liked the picture and he'll probably say yes, whether he did or not. But the library's observers watch a selected juvenile audience for wiggles, indicating restlessness when the film isn't getting across.

"For years," said Mrs. Marjorie Granger Dawson, chairman of the library, "adult groups tried by themselves to decide which pictures children would enjoy. That just didn't work. Now we

roadside near Algoma and McClymont Parks.

The signs were suggested at the last board meeting by Commissioner Art Murray to direct the attention of the public to the development work being done on the two parks.

let the boys and girls have the last word. Unaware of what they're there for, they come to a preview and do the final picking."

UNMISTAKEABLE REACTIONS

Mrs. Dawson had just come from a little movie house on Broadway where 80 public school children, 8 to 13, had raised the roof because they didn't like a picture.

As the kids shouted to their hearts' content, two adult observers watched and listened carefully, drawing zig-zag lines on charts. The charts list the varying degrees of interest—active participation, close attention, interest, passive acceptance, boredom, restlessness and open revolt.

"No pictures are produced especially for children," Mrs. Dawson said. "Children are bored with passionate love-making or talky scenes. They like adventure, action, scenes of lively happening. Movies must move—and fast—for children."

Pacific National Exhibition Tickets Given City Students

Free tickets to the Pacific National Exhibition in Vancouver, August 25 to Sept. 6 inclusive, are now being distributed to every pupil in the elementary schools and Booth Memorial high school at Prince Rupert.

Mailing of 183,537 free admission tickets has just been completed by the Exhibition staff. Of this total, 54,099 went to Vancouver city schools, including Private and Church schools, and 129,438 to out-of-city schools.

Distribution of tickets, an annual action by the PNE in the interests of education, is made through school principals to whom the tickets are mailed. Vancouver students can attend only on "Children's Day" which, this year is Monday, August 30. Tickets for out-of-town pupils are good on any of the eleven days of the West's biggest Fair.

Outdated Uniforms Paraded At Banff Nurses' Conclave

BANFF, Alta. (AP)—Two stage productions stole the show Wednesday at the biennial Canadian Nurses' Association convention here. One was serious; the other, a farce.

A heavy day's business session was broken by a dramatized exhibition of teamwork among nurses' services, "Let's All Work Together." Script was by Mrs. Helen Tucker, special lecturer in oral expression at the University of Toronto.

Wednesday night students at the convention wound up a business card of their own with a skit and fashion parade on nursing in the last 50 years, "something old, something new."

Uniforms dating back to 1870 were sent from all over Canada to the Westloch chapter of the Alberta Association of Registered Nurses, organizer of the show.

Commented one nurse garbed in a full-length 1870 uniform complete with bustle: "You sure couldn't sit down on the job in those days."

Earlier, delegates heard that

many private nursing registrars and their assistants are being "lost" because of low annual salaries ranging from \$335 to \$2,000.

Committee chairman Mrs. Eva Brackenridge of Peterborough, Ont., said she has found a little more uniformity in private nursing work. The great difference between provinces was in registrars' salaries.

Commenting on this report, given by the private nursing committee, Eileen Flanagan of Montreal, past president of the Quebec Association of Nurses, said hospitals, industry and other nurse-employers follow nursing organizations in paying nurses, such as registrars, "in sufficient salaries."

The health insurance committee reported a brief will be prepared by the CNA for immediate submission if and when a parliamentary health insurance committee is formed. Nursing services might be affected should a health insurance scheme be adopted.

Working Gals Exchange Tips On "Over-Friendly" Bosses

By HAL BOYLE

NEW YORK (AP)—What can the poor working girl do to protect herself against "the over-friendly boss?"

An office worker, writing to Patricia Porter of the Boston Traveller, recently raised the question of "How to discourage the office boss from conveniently placing his hands on a girl's shoulders, arms or back while discussing business matters."

At a drugstore counter where a number of girls from several offices crunched down their malted milk lunches, I made an informal poll on what they thought about this problem of "the overfriendly boss."

Their reaction was mixed—and entirely feminine.

"My boss does pinch me every once in a while," said a plump young file clerk, blushing. "But he doesn't mean anything by it. He's the fatherly type. He says he just wants to be sure that I'm not getting undernourished."

UNROMANTIC TYPE
"When my boss puts his arm on my shoulder, it's anything but love," remarked a stenographer.

Novel Notice

Heralds Birth

LONDON (AP)—Paul Brickhill, author of "The Dam Busters" and "Reach for the Sky," wrote to friends about the birth of his son, Timothy:

"He seems a pretty good first edition, very bold-face type, requiring extra end papers, well received by critics. No cereal rights yet."

BIG OWLS

The horned owl, largest of Canadian owl species, is nearly two feet in length.

PERSONALS

Mr. and Mrs. B. E. Eyoifson, 1114 Ninth Avenue East, have as their guest Mrs. Eyoifson's only sister, Mrs. Harry M. Hill of Newmarket, Ontario. Mrs. Hill arrived by train last night.

Home from Victoria is Mrs. J. M. Simpson, 304 Sixth Avenue East, who arrived aboard the Prince Rupert yesterday. While in Victoria Mrs. Simpson attended the graduation of Miss Mary Strachan, RN, from Royal Jubilee Hospital School of Nursing.

Many Students "Disturbed" Survey Shows

VANCOUVER (AP)—A school board investigation committee reported Tuesday 10 per cent of the city's 47,500 school children are mentally disturbed.

Half of the 10 per cent would probably benefit by psychiatric diagnosis and treatment, the committee stated in its report to the board.

The committee recommended improvement of the mental health services program, and charged that the present program lacks sufficient co-operation between the teaching staff and all health and welfare agencies.

Canada Will Fight to Maintain Share of World Wheat Markets

OTTAWA (CP)—Trade Minister Howe says Canada will fight to maintain her current share of world wheat markets even if it means another cut in prices.

He told the Commons Wednesday night the government will not make a fetish of holding current prices if that means substantial loss of customers.

But he cautioned members against becoming panicky because of his statement.

"We intend to be competitive," he said. "We think we have some control over the competitive situation."

"The North American supplies are the largest in the world and I do not think we need panic if one country decides to cut its prices below ours. It is almost inevitable that we hold some kind of blanket control over the smaller countries."

Long, Lean Canadian Idea Not Backed by Statistics

By DAVE McINTOSH

OTTAWA (CP)—You've heard about Canadians being long and lean?

Well, we're not. We're short and dumpy.

Men 20 years old and over weigh an average of 161½ pounds and are five feet, seven inches tall. Women weigh 133 pounds and are five feet, 13½ inches tall.

The health department today issued results of a survey made last year by the bureau of statistics into weight and height of Canadians. The survey also turned up these items:

Men are more hesitant than women in giving their age.

Canadians will give their year of birth more readily than their age.

Women talk more than men about reducing but their weight tends to increase more with advancing years.

The average Canadian is shorter and heavier than has been assumed for years. For 50 years, the weight figure for the average man has been estimated at 154 pounds; for the average woman, 132 pounds.

STAY BELOW AVERAGE

Dr. L. B. Pett, chief of the health department's nutrition division, said the best advice to adults is to stay below the average weight given for their particular age group and height.

"I expect the other group, those above the average weight, to provide during the next 20 years most of the deaths from degenerative diseases such as high blood pressure, heart disease, diabetes, cirrhosis," he said.

Dr. Pett said these diseases are more prevalent and more severe in persons who are overweight.

The survey is believed the first ever carried out by any country. It is based on a sample of 22,000 persons in 57 regions of Canada.

Dr. Pett said the purpose of the survey was to obtain weight-and-height tables for men and women which would be helpful to the medical profession in dealing with their patients, particularly in cases of routine check-up.

He said no table for ideal weights can be drawn up. Vari-

Drew Urges Law To Root Out Known Reds

OTTAWA (CP)—Opposition Leader Drew has called for a law to root out what he said are known Communists in Canadian uranium mines, in the heavy water industry and in some large hydro-electric power plants.

He made the proposal in the Commons yesterday as an alternative to a government bill seeking renewed order-on-council power to screen seamen on Canadian ships on the Great Lakes and upper St. Lawrence river.

The measure was approved following a 4½-hour debate in which all opposition parties criticized its provision allowing the cabinet to draft regulations to guard against sabotage of the inland shipping route.

It would continue for three years government screening powers exercised since 1951 under the Emergency Powers Act, which lapsed May 31. Labor Minister Gregg reported that 19 seamen have been refused working cards and 29,422 others cleared to work on the Lakes.

Mr. Drew said this should be done under a law defining loy-

ally to a foreign government as an offence. This could be used to bar dangerous men from the Great Lakes and from all other industries and places vital to the country's security.

ous weight charts now used in schools or by doctors and insurance firms differed.

FIGURES UNEXPLAINED

Dr. Pett said there is as yet no explanation for some of the figures resulting from the survey.

For instance, the weight of shorter men decreased for about 10 years after the age of 44 but weight of taller men in the same age period increased. The reverse as true for women in the same age group.

After the weight of short men and women decreased but weight of tall men and women increased.

Dr. Pett said more figures on weights and heights will be issued. These will show the averages for children two years of age or over. There may also be an estimate of how many persons are underweight or overweight.

Argument-Filled Soccer Game Sees Motors Defeat Cafemen

In a heated, argument-filled soccer game last night, General Motors hung onto an early lead to defeat a La Gondola eleven 2-1 in a scheduled unofficial Prince Rupert Football association fixture at Roosevelt Park.

The game, which saw two players ejected from the game and a goal disallowed, provided

comedy entertainment for a fair-sized crowd.

Play was fairly well-balanced for the first 25 minutes until Frank Rutten of the Motors squad and Adrian Tambourini of the cafe eleven got tangled up in a kicking duel and were sent off the field by referee Bill Baxter, after considerable argument.

The Italians felt the loss of their captain and while they were disorganized Rod Tait, Motors centre forward drove in to take a pass from Jimmy Georgeson and beat La Gondola goalie Ad Curti.

Outside right Ed Rutten, scored General Motors' second goal on a pass from Ernie Krutzky, just before the end of the first half.

SCORE ON PENALTY

Shooting down-hill in the last half, La Gondolas made a determined bid, finally getting their chance when referee Baxter called "hands" on Ron Robinson inside the penalty area. Nordio Egedio drilled the ball past Motors netminder Frank Tait without trouble.

A few minutes later when Rod Tait was downed in the cafe-men's penalty area, the referee awarded Motors a penalty kick. This was too much for the Gondolas who began to stalk off the field in protest. They were met by an irate Tambourini who

took turns pushing each player back until he finally had ten men more or less willing to continue the game.

Maurice Bishop, Motors' captain, disgusted with the long delay, merely tapped the ball toward the unprotected Gondola goalie. Tambourini, incensed at the Motors' captain's disdain, rushed from the sidelines in front of the bending Curti and the ball rolled into the goal. Referee Baxter disallowed the goal.

GIEL REJECTS ARGOS OFFER TO SIGN WITH NEW YORKERS

TORONTO (CP)—The highest contract offer ever made by Argonaut Football Club was turned down by Paul Giel, Minnesota's all-American halfback, who Wednesday signed a contract with New York Giants. He signed with Giants for \$60,000 for a three-year period.

Bottlers, Kinsmen Tie 8-8 In Little League Thriller

For the third time since the season opened the Little Leagueers chalked up a tied game as North Star and Kinsmen battled to a 8-8 deadlock in a league encounter at Algoma Park last night.

Down 7-8 going into the bottom of the sixth inning, North Stars' Kangas made first safety after Kinsmen chucker Bill Foster knocked down the hard-hit ball but was unable to catch the runner. A steal and a fly ball saw Kangas make it to third and on a passed ball by Kinsmen catcher Voagan, Kangas slid home safely under Foster's pitching arm.

The game was a pitchers' duel most of the way. Kinsmen opened the scoring with two runs on three walks and a single by Adams. North Stars' opening pitcher Oakie was replaced by Ted Careless who finished the inning and went the entire game.

North Star tied the game up in their half of the inning. The Bottlers rallied with two out and with a walk a single by Careless and an error put two runs across.

The Kinsmen came back in the second, also with two men down. Two walks, singles by Adams and Voagan and a double by opening pitcher Hebb put the service club men in the lead 5-2. North Stars made it 5-3 in the bottom of the second with two

free passes and a single by Thom. Careless held the Kinsmen scoreless in the top of the third while in the bottom of the third, his team-mates teed off on Foster who replaced Hebb on the mound. An error, a single, a two-bagger by Ken Cameron and a walk plus another error did the damage which saw four North Star runs come in and the bottlers ahead 7-5.

Kinsmen again tied it up in the fourth with Foster starting off the comeback with a sharp double to right field, an error and a put-out accounting for two tallies. Foster held the Stars scoreless and to one hit in the bottom of the fourth.

Two errors gave the Kinsmen back the lead as one run scored in the top of the fifth and Foster put the bottlers down in short order in the North Star half.

Careless had no trouble in the top half of the sixth and it was three up and three down, before the North Star rally in the last of the sixth tied up the game.

Rash May Keep Leonard Out

TORONTO (CP) — Canada's Hopkins Trophy team, joyous over Stan Leonard's torrid six-under-par practice round Tuesday, was down on the dumps today as it met the United States in the third annual international golf tournament.

Leonard, from Vancouver's Marine Drive Club, was a doubtful starter in this afternoon's opening round of the three-day competition.

An allergy rash over his hands and forearms kept him out of Wednesday's practice sessions and a doctor was to determine today if Leonard was fit to play.

Besides Leonard, the Canadian line-up includes team captain Jerry Martell of Edmonton, Montreal's Bill Kerr and Jules Huot, Pat Fletcher of Saskatoon, Mississauga pro Gordie Brydson and imperturbable Bobby Locke of South Africa, an honorary member of the CPGA.

Defenders of the trophy donated by Montreal industrialist John Jay Hopkins, the U.S. team includes Walter Burkemo, Ted Krell, Ed (Porky) Oliver, Jerry Barber, Dave Douglas, Chandler Harper and Marty Furgol.

Last year's final tally was United States 27 points, Canada 18.

Apple pie... coming up

A KING-SIZE apple pie weighing over a hundred pounds was recently baked for the Washington State Apple Blossom Festival. The specially built aluminum pie pan — the largest ever made — measured eight feet across.

Made us wonder how big a pie you'd get if all the apple pies baked in one day on regular-size aluminum pans were put together. And that brings to mind all the different aluminum cooking utensils used today in homes and hospitals and restaurants... No wonder Canada is stepping up her production of this light, bright metal to one and a quarter billion pounds a year! Aluminum Company of Canada, Ltd. (Alcan).

Practice Tonight

A practice has been called for tonight at 7 p.m. for all players registered on the Kinsmen Little League team, both regular and farm team members, at Algoma Park.

REMEMBER WHEN

By The Canadian Press
 Greentree Stables' game colt Capot won the 81st running of the rich Belmont Stakes five years ago today at New York. Veteran Jockey Ted Atkinson drove Capot to a stirring finish in his first Belmont victory. Capot also won the Preakness Stakes that year, but the third race in the triple crown—the Kentucky Derby—was taken by Ponder.

Choose beautiful, longer lasting
Landscape Colors for your home!

48 100% Pure House Colors From Nature's Own Palette!

Now you can add the beauty of nature to the outside of your home!

The 100% PURE House Paint color range has been extended to a total of 48 colors, including the "Trend and Forecast" colors selected and added on the basis of actual color-preference sampling at over 100 Canadian stores.

Each is carefully formulated to maintain the Martin-Senour Tradition of quality and color-fastness.

Each is fortified with alkyl resin, for easier application, greater durability, longer beauty.

They're ready-mixed for exact matching, carefully blended to enable you to follow the modern trend, and use the colors of nature's own beautiful landscape on the exterior of your home!

NO SECOND COAT NEEDED WITH SOLO-COAT WHITE!

Solo-Coat White, Canada's finest quality house paint gives you "2 Coat Painting With 1 Brush Stroke!"

Covers most old painted surfaces in one coat instead of two because it has double the hiding pigment. The second coat is actually built-in! Its treated with a special toner to give it new warm radiance.

It's alkyl-fortified for improved spreading qualities, greater flexibility, outstanding resistance to fading.

A single coat of Solo-Coat White is the equal of other prescribed exterior painting methods that call for 1 coat of undercoat, and one or more coats of the finish. Solo-Coat welcomes dirty weather, because each rainfall leaves it cleaner, fresher looking, whiter than ever!

BLACKWOOD on BRIDGE

By EASLEY BLACKWOOD

Bidder Risks A Double On Foe's Lack Of Skill

Bridge humanics, the art of playing the people as well as the cards, has just as important a bearing in the field of penalty doubles as it has in any other bidding situation.

In today's deal Mr. Dale would not have doubled four spades if a player like Mr. Masters had reached that contract. It is more likely that he would bid five hearts for a justifiable two-trick sacrifice.

But since Mr. Muzzy was going to play the hand, the double seemed a good bet. If the hand happened to be easily makable, not much would be lost. There was a chance that it would take a good play of some sort to make four spades and in that case, Mr. Muzzy would probably miss it.

DALE NOT SURPRISED
Mr. Dale led the deuce of hearts and was not too surprised when Mr. Muzzy ruffed. Mr. Muzzy rather liked the looks of things. What was he going to lose except a spade and a diamond? The answer to this came later.

At trick two he led a small spade to dummy's king. He returned to his hand with the ace of clubs and laid down the ace of spades. He looked even happier when Mrs. Keen followed suit for the second time. Now it was impossible for Mr. Dale to have started with five trumps.

Next came the jack of spades and Mr. Dale won with the queen. He then made the killing return of a club. Mr. Muzzy frowned. He had not foreseen this development. He won in dummy and was there for the last time.

LEADS HIGH CLUB
He led another high club and discarded a diamond. But Mr. Dale ruffed and led back a heart. Mr. Muzzy ruffed. The best he could do was to lead a small diamond. Mrs. Keen won with the jack and fired another heart. It took Mr. Muzzy's last trump to win this trick and the rest of the tricks belonged to the enemy. Down three.

The contract could have been made with an extra trick. All Mr. Muzzy had to do was to lay down the ace of spades at trick two and follow with the jack. He should never have touched the clubs until he had the trump suit cleared.

Rivals to Submit Plans to B. C.

VICTORIA (C)—American and Canadian rivals for vast northern water rights may submit plans to the British Columbia government next month.

Lands Minister R. E. Sommers said this week the Aluminum Company of America and Frohisher Ltd. will likely submit "concrete" plans sometime in July. The two enterprises are rivals for the vast hydro-electric potential in northern British Columbia and the Yukon.

Hill, Pavlikis Leading Batters in Senior Loop

Dave Hill of Gordon and Anderson and Nick Pavlikis of Commercials lead the real batting strength of the Prince Rupert Senior Baseball League, with both of them hitting in the "four hundred" bracket.

Although three teams have batters with 500 averages, none of them have played in more than three games. In this bracket are Syd Scherk of G & A, Deneau of Terrace and Dick Letourneau of Esquires.

Hill tops the hitters with a .429 average, but does not appear in the statistical column as such a dangerous hitter as Pavlikis, whose 400 average represents more times at bat, less strikeouts, fewer walks and more total bases, attained.

Terrace's Paul Paulsen has the league's most home runs with two.

Brightest star in the rookie field is Esquire catcher Ray McKay who has played in the most games, been at bat most, got the most hits, scored the most runs and whose .342 average stands seventh in the league leaders.

Bill Gunn of Commercials and Enridge of G & A are tied at eight for the lead in runs batted in.

Basketballer Ray Spring of Esquires has proven the fastest man on the base paths, an lead in stolen bases with seven.

The statistical record of hitting averages includes games up to June 6, but does not include the first game played in Terrace, May 9, the box score of which has not been made available to the official scorer.

Keegan Chalks Up Ninth Win As Chisox Overcome A's 9-4

By BEN PHLEGAR
Associated Press Sports Writer

After being mired in the minors for seven years with an aching arm Bob Keegan, 32, leads the American League in victories today because manager Paul Richards used him to get his arm sore in January instead of June.

The big right-hander from Rochester, N.Y., is the brightest new star of the first place Chicago White Sox. He won his ninth game Wednesday night, 9-4, over Philadelphia. He's been beaten only once.

Keegan, a sinker ball artist, came up with a sore arm last year and had to go on the disabled list for 30 days. Last winter Richards ordered Keegan to go to work it, the gym. He was

fit and ready when the season

opened. He has started 11 games, finished nine of them and has a one earned run average of 2.27 in 99 innings.

The triumph in Philadelphia which included home runs by John Groth, Chico Carrasquel and Sherm Lollar, enabled Chicago to hold its one-game lead over the Cleveland Indians who shaded Washington 1-0. New York defeated Detroit 5-1. Boston beat Baltimore 7-6.

The surprising New York Giants drove into a tie with Brooklyn for first place in the National League as Johnny Antonelli registered his second straight shutout in beating Milwaukee 4-0 while St. Louis tripped a pair from Chicago 4-0 and 14-6. Cincinnati edged Pittsburgh 4-3 on four home runs.

The Giants jumped off to a 1-0 lead against Warren Spahn in the first inning, added a second tally on Antonelli's run-scoring single in the eighth and two more on three singles and a sacrifice fly in the ninth.

Al Dark collected 4 of the 11 New York hits, a pair of singles and a pair of doubles.

Abel Denies He Urged WIL End

By The Canadian Press

Robert B. Abel, Western International League president, denied today reports that he had asked members to disband or reorganize into a smaller circuit.

He admitted that the league's financial situation was serious, but pointed out that it was not in his power as president to call for the disbanding of the league.

Directors of the Salem club said they had received a telegram Wednesday from Abel saying:

"Before situation becomes hopeless I accept my responsibility under the bylaws of the league and declare the league as a whole facing insolvency and direct that it cease to operate as of June 14, 1954."

"This is subject to directors' action at the Spokane meeting, at which time they can approve, disapprove or reorganize the league in any manner they see fit."

In denying the Salem report, Abel said his responsibility is to direct the owners' attention to a very serious financial situation which confronts the league.

Newspapers in Salem, Portland and Spokane quoted reliable sources as saying the league would have to fold or cut the number of teams.

All said the sprawled-out league, with four teams in Canada and six in the U.S., was facing heavy travel costs and

attendance has been poor. The Oregonian in Portland speculated that the league might be cut to eight or six teams. Among possibilities mentioned was that Calgary and Edmonton, or Vancouver and Victoria, would be dropped.

YOU'LL BE GLAD YOU BOUGHT THE BEST!...

Super Kem-Tone

DE LUXE WALL PAINT

YOU CAN'T WASH ITS BEAUTY AWAY!

RICH AS VELVET! TOUGH AS RUBBER!

NO STREAKS, NO LAPS NO BRUSH MARKS

One coat of SUPER KEM-TONE over wallpaper, paint, wood or plaster gives you a skin-tight surface that actually sheds dirt. Grease, grime and ink spots wash off with soap and water. Dries in one hour; you can go back over "missed spots" even after the surface is dry and they will never show. Gorgeous colors!... 16 smart ready-to-use shades, or intermix your own, for colorful walls and ceilings you'll love to live with.
