Mayor Whalen May Enter B.C. Election

Would "Help To Defeat CCF"—Critical Of Liberal Effort In These Parts

Prince Rupert's "fighting mayor" who in nine years has succeeded in elections, first as alderman, and last year's mayoralty race, may be heading for political battle—this time on a larger scale.

Die in Crash

United States personnel, Thursday, were killed in the wreckage of a military transport plane. It was reported that 37 persons aboard, including 30 Americans, were killed.

Rupert Province

Red Cross campaign funds have reached \$10,000, announced today. The campaign is being conducted by the Prince Rupert branch of the Red Cross.

Returning For More Grain Here

Japanese freighter Kikokawa, loading her third cargo of wheat from the local elevator this season, will sail for Japan tomorrow morning at 7 o'clock with 310,000 bushels and she is coming back for more grain.

Canada Approves Peace Treaty With Japanese

OTTAWA (Canadian Press)—The House of Commons today unanimously approved the Japanese peace treaty although two party members gave only qualified support.

Big Haul Of Drugs

VANCOUVER — In the biggest haul in the province in two years, Royal Canadian Mounted Police seized \$50,000 worth of heroin at Rusklin in the Fraser Valley yesterday.

Russia Blocks German Elections

PARIS (CP)—Russia, in a reply to Big Three western powers, today rejected the idea of a United Nations commission to investigate the possibility of free German elections and has proposed, instead, the formation of a Big Four Commission.

Gas Export Given O.K.

EDMONTON (CP)—The Alberta Legislature Thursday approved the Social Credit government decision to allow gas export from the Peace River district.

Shortly after midnight members adopted a motion approving the provincial conservation board's recommendation that a permit be issued to the West Coast Transmission Co. to take natural gas from a designated section of Alberta's northwest corner.

Earlier, the Legislature defeated amendments from both the Liberal and CCF groups who opposed the export.

A Liberal amendment asked the government to refuse to allow export.

A CCF amendment asked the government to delay approval of the board's recommendation.

A Liberal sub-amendment to the CCF amendment asked that approval be delayed until the Supreme Court of Canada could decide on the provincial Gas Resources Preservation Act.

Dakota Capital Hit by Floods

PIERRE, S.D. (CP)—The streets of this capital city of 5,700 inhabitants resembled dirty canals today as the flood waters of the Missouri River surged slowly but steadily upward.

The Big Muddy spilled onto about 100 blocks of Pierre and all of Fort Pierre, a town of about 700 persons across the river.

Red Cross officials estimate about 1,000 persons are already homeless. It was the worst flood in 71 years.

Meanwhile South Sioux City in Nebraska was put at the mercy of the flooding Missouri River today after dikes were broken. About 144 blocks were threatened as spreading waters broke through several levees. Many residences in low-lying areas are already evacuated.

Kenney Announces \$75,000 Public Building at Terrace

TERRACE (Canadian Press)—Hon. E. T. Kenney, minister of lands and forests and public works, announced at a meeting of the Terrace Liberal Association Wednesday night that tenders will shortly be called for a \$75,000 provincial building in Terrace.

The building will provide quarters for government sub-agent and County Court.

Construction will start some time in May.

Mr. Kenney consented to have his name again go forward for the Liberal candidature for Skeena in the forthcoming provincial election.

Ships Asked to Search for Body

All sea-going vessels are being asked by Department of Transport radio stations to keep a lookout for the body of a man in the coastal waters of Prince Rupert-Kemano Bay area.

Michael Leasak of Burnaby is believed by RCMP to have jumped overboard Monday night from the Canadian Pacific steamship Princess Louise.

The missing man left a suicide note penned on a summons, said police. The summons ordered him to face a charge under the Deserted Wives' Maintenance Act, in Burnaby.

Rupert Airport Held Important

Importance of the early development of airport facilities at Prince Rupert is stressed in a letter received by Prince Rupert Chamber of Commerce from the British Columbia Aviation Council. The local chamber is commended for activities along this line.

Planting Fish In Lake Erie

AYLMER, Ont.—Forty million white fish fry will be planted in Lake Erie during the next few weeks. Prolonged cold weather has caused a delay.

More Strength For NATO Need

NORFOLK, Va.—Assuming his headquarters here today as supreme commander of North Atlantic naval forces, Admiral Lynn McCormack, USN, said that much greater strength was required to provide security—more even strength than was at present being provided for.

Two prominent Canadian officers have been selected as aides to Admiral McCormack—Rear Admiral R. E. S. Bidwell and Air Commodore A. D. Ross.

Special Appeals to Ottawa To Expedite Housing Here

Special appeal has been wired by T. Norton Youngs, president of the Prince Rupert Chamber of Commerce, to Hon. R. H. Winters, minister of reconstruction and supply at Ottawa, and E. T. Applewhite, MP for Skeena, urging their best efforts to expedite an early start of construction of houses in Prince Rupert to meet the dire housing emergency here.

Mr. Winters and Mr. Applewhite are advised that, in view of the fact that many people are now paying high rents for sub-standard accommodation and rents for comparable houses are equal to the scale suggested (an average of \$75 under the current 50-unit housing scheme), there will be no trouble in keeping the houses occupied.

Mayor Harold Whalen has also been in communication by long distance telephone with Mr. Applewhite urging upon him the serious nature of the situation.

Phone Workers Stay at Home

WASHINGTON (CP)—Telephone workers throughout most of the United States stayed away from work today refusing to pass picket lines thrown up by the striking Western Electric Company equipment workers.

Sixteen thousand Western Electric men in 43 states, plus 61,000 phone operators and other employees are out on strike. The walkout began four days ago.

Shoplifter Admits Guilt

Walter Symank, 40, of Cow Bay, pleaded guilty to a charge of theft in police court today and was fined \$50 and costs. He was arrested after being discovered "shoplifting" at a downtown grocery store yesterday.

Truman Through; It's Definite

WASHINGTON, D.C.—President Truman said definitely today that he would not consent to be drafted for re-nomination as Democratic presidential candidate. Nor will he attend the national convention in Chicago in July.

Derailment Near Here

Highway Used to Complete Scheduled Train Operations Last Night

Seven log-loaded flat cars of a westbound freight train were derailed at 5 p.m. yesterday near Inverness, disrupting eastbound passenger service last night. No one was injured.

Passengers for the east were dispatched from Prince Rupert by bus, then boarded the train at Tye beyond the stalled freight train. The regular westbound train was turned back.

Passengers, express and mail on the westbound train were transferred to bus and trucks and brought into the city.

A taxi was used to bring train passengers for Ketchikan and the steamer Prince Rupert was held for three hours in leaving for the north.

The emergency operation entailed a minimum of delay to traffic.

Obstruction is expected to be cleared by this afternoon.

Special Appeals to Ottawa To Expedite Housing Here

Special appeal has been wired by T. Norton Youngs, president of the Prince Rupert Chamber of Commerce, to Hon. R. H. Winters, minister of reconstruction and supply at Ottawa, and E. T. Applewhite, MP for Skeena, urging their best efforts to expedite an early start of construction of houses in Prince Rupert to meet the dire housing emergency here.

Laborites Filibuster

LONDON (CP)—Filibustering Labor members threatened today to log-jam Winston Churchill's whole legislative program unless the government drops plans to charge fees for state health service and repeal Socialists' state ownership bills.

Led by Aneurin Bevan, the Socialists forced the House to sit into early morning hours for the third night in a row to debate amendments to health service charges.

Bevan warned that, if the legislation is forced, the Labor opposition would reserve the right to hold up other government measures of usually bipartisan nature.

Labor member Wedgwood Benn said that Prime Minister Winston Churchill would be 101 years old before the bills introduced in this session were passed, unless something were done to speed up business.

A government motion to extend time for discussing the health bill was finally passed, 285-255.

Infant Dies in House Fire

LAIDLAW, B.C. (CP)—A 16-month-old baby was burned to death here yesterday, but his older brother was rescued. The RCMP said Ralph Eccles died when the fire destroyed the home of Mr. and Mrs. Ed Loran-zetto.

The two brothers were living with the Loranzettos.

Their mother was killed in a train crash a year ago while the father is believed to be working in a logging camp near Hope.

Laidlaw is about 65 miles east of Vancouver.

THE WEATHER

Synopsis
The bright sunny weather which British Columbia has been enjoying for the past few days appears to be coming to an end. A Pacific disturbance in the Gulf of Alaska is moving towards the coast and cloud is advancing slowly southward over all regions. Southern regions will remain clear today while northern regions will be cloudy with some rain expected on the coast. Tomorrow will be cloudy in most regions.

Temperatures remain a little below normal for early April but overnight minimums should be a little milder for the next few days.

Forecast
North coast region — Cloudy today with light rain beginning in the afternoon. Cloudy with scattered showers Friday. Little change in temperature. Wind—southerly (15) this morning, increasing to southerly (25) this afternoon and shifting to south-west (20) this evening. Wind, light tomorrow. Lows tonight and highs tomorrow—at Port Hardy and Prince Rupert, 36 and 50; Sandspit, 40 to 50.

Bolivian Revolt Reported Downed

BUENOS AIRES (CP)—The Bolivian embassy here said today that it has received a cable from La Paz announcing defeat of a revolt in Bolivia. No details were given.

Government and rebel forces battled through the night and, during the revolt, at least eighteen were killed and sixty injured.

Budgeting for Small Surplus

OTTAWA (CP)—In his budget speech to Parliament, Hon. Douglas Abbott, minister of finance, announced that he is budgeting for a 1952-53 surplus of \$9,000,000, against a surplus of \$355,700,000 last year, on the basis of revenues of \$4,279,000,000 and expenditures of \$4,270,000,000.

Swindled Million

PHOENIX, Ariz.—A dapper 62-year-old man who claims to have swindled more than \$1,000,000 from banks in his 30-year career as a confidence man was arrested here yesterday.

Police identified him as Gabriel F. Rosenthal of New York City.

No charges have been filed. Rosenthal, who talked freely of purported escapades, was picked up while preparing to take two local banks, Detective Moore said.

"Tax Angry" People Seen

OTTAWA (CP)—Immediate reaction from J. M. Macdonnell (Progressive Conservative, Toronto-Greenwood), Opposition financial critic, to Hon. Douglas Abbott's budget was that Mr. Abbott had made the people "tax angry" and his budget showed "certain signs of repentance."

Tommy Mackay Named by Pro-Cons as Atlin Candidate

Thomas S. Mackay, long prominent in northern British Columbia mining development and one-time official of the Premier Gold Mining Co., was unanimously nominated last night at a party convention in Stewart to contest Atlin riding for the Progressive Conservatives in the forthcoming provincial election.

Mr. Mackay will oppose Frank Calder, MLA, who has been re-nominated by the CCF.

Liberals have not yet nominated although the names of W. D. Smith, formerly MLA, now residing in Prince Rupert; William Asseltine, one time minister of mines, and W. R. Tooth of Stewart are being mentioned.

EARLY IN NORTH

The Progressive Conservative nominee for Atlin first came north as a young boy in 1910. His father, the late Neil Mackay, was a newspaper reporter here in the very early days and was killed in World War I. "Tommy" attended school in Prince Rupert for a while and his first mining experience was at Alice Army in 1920 and 1921 with the old Dolly Varden mine where he was employed as a warehouseman. In 1921 he joined the staff of the Premier mine where he remained until 1936 by which time he had attained the position of assistant manager. Then he went to Western Australia where he was assistant general manager of the Big Bell mine for three years.

Returning to Canada he became interested as an engineer

VICTORIA (CP)—The British Columbia provincial election will be held June 12, Premier Byron Johnson announced today in declaring the Legislature dissolved.

Nomination day will be May 22.

Voters' registration lists close April 30.

Election machinery is rapidly getting into high gear.

Throughout the province political parties are speeding their nominations and campaign plans.

To Continue Mining Aid

OTTAWA (CP)—Tax deductions for petroleum, natural gas and mining companies for exploration expenses are being continued for another year under the new federal budget while the three-year exemption granted to new mines is being extended to 1958.

Liberal Chief Sees Undermine

REGINA—Walter Tucker, provincial Liberal leader, told a party meeting here yesterday that, unless members of his own party discontinued their campaign to undermine his leadership, the CCF would be returned to office in the next Saskatchewan provincial election.

Thousands of Immigrants

HALIFAX—More than 14,000 immigrants passed through this city in March. All were from Europe. Twelve thousand are expected in April.

NO PAPER TOMORROW

Tomorrow being Good Friday and a general holiday, the Daily News will not be published. The next regular edition will be on Saturday and there will be publication as usual Easter Monday.

Things to Worry About

ALTHOUGH as close to Russia as Britain is, Canadians have long been cheerful about the weather along the north boundary. This weather is bad, which is a good thing. But successive warnings from authorities on climate dull the prospect. The weather is getting better, which may be a bad thing. Whom it may be bad for depends on how alert are the military planners on each side of the Russian-Canadian thousands of miles of boundary. In the thirties they used to say Canada would never need to fight, as the U.S. and U.K. protected this country to the east, south and west, while climate protected the north frontier. Now even the weather has turned.

How to Behave

CANADIANS used to go around telling people they were stolid and unimaginative, in an effort to assert some sort of native character and be thought of as something, even if nothing much. It is no longer necessary for Canadians to run themselves down in order to gain attention. This country is so envied by others that the sound course for its citizens is modesty. When a poor dependent has climbed rather suddenly to an equal partnership in the firm he had best walk softly.

Self-respect, pride, egotism are strong and useful qualities in a nation as in a man. The wise egotist is not always obviously promoting himself; he just keeps doing things well. Canadians are now too successful to boast.

While the Russians go on inventing everything and the United Statesians know they did and the English act the role of Mrs. Betterdays in The Mohawk Crossroads Ladies' Aid, Canadians have an opportunity to contrive a new art form in deportment. A suggested national model for all is the most able and modest person one happens to know.

Air Mail Service

IT IS something to consider whether the air mail carrying, as presently proposed under the newly announced schedule whereby Canadian Pacific Air Lines gives a gratifying boost in service between Prince Rupert and Vancouver, is going to work out to the best advantage for local business. The available flights might be more advantageously used as long as there is to be only the one flight carrying mail each way per day.

Under the proposed arrangement incoming air mail will be brought by the plane leaving Vancouver at 12 noon and arriving here 4:50 p.m. The outbound mail will leave at 1:50 p.m. and arrive Vancouver 6:40 p.m.

Thought is that it might be a good deal more convenient if the northbound mail was brought on the flight leaving Vancouver 8:30 a.m. and arriving here 12:30 noon, thus permitting distribution in good time the same afternoon, which would be doubtful with the 4:50 arrival.

There should be no complaint about the south-bound arrangement whereby the plane leaving here at 1:50 would carry the mail. As for the Queen Charlotte Island mail from Vancouver, it could be transferred from the direct plane on arrival at 12:30 noon to the 1:30 p.m. plane which goes by way of Sandspit.

Quite possibly, if representations were made to the postal department, the change as suggested could be effected providing it is deemed advisable.

While making representations in regard to the most efficient conducting of the air mail service between Vancouver and Prince Rupert, it could also be argued, for the benefit of both communities, that carrying of mail be authorized on the new thrice-a-week service between here and Terrace.

Associated Boards Meet August 19

Annual convention of the Associated Boards of Trade of Central British Columbia will be held this year at Smithers August 19, 20 and 21, according to advice received from Duncan

Kerr of Terrace, secretary of the Associated Boards. It had been originally intended to have the convention at Ketchikan or Juneau but it was found impossible to make the necessary transportation arrangements.

The Prince Rupert Chamber of Commerce will proceed before long with the formation of resolutions for the convention.

Lincoln Book

HERE is a book which really has something new and good to offer to the business riddles of our times:

INCENTIVE MANAGEMENT, by James F. Lincoln, \$1 from Lincoln Electric Co., 179 Wickstead Rd., Leaside, Toronto 17.

The author is international president of the Lincoln Electric Company. He has applied some revolutionary ideas to his business. His company has never lost a single hour through a work stoppage. Yet the Lincoln workers in U.S.A. have received average wages far above those in comparable plants—last year the take of the average Lincoln worker being \$7701 compared with \$3705 in General Electric, \$4034 at General Motors and \$4091 at U.S. Steel.

LET ME warn readers that much of Mr. Lincoln's book expresses what somebody dubbed "the folklore of capitalism." Here is a free enterprise champion if there ever was one. There is also a little laugh in the fact that many of the techniques which he has applied so successfully are remarkably akin to the Stankhanovite processes in Soviet Russia. For even those Russian Communists have found out that you can get people to throw their whole heart and soul into a job if they get honors, prestige and acclaim out of the achievement—and not just better cash pay.

But these are minor smiles. The main point is that Mr. Lincoln sets forth profound truths about our business life of today. The main one is that the greatest untapped natural resource in the world today is the human being. Man has never yet developed half his latent abilities, argues Lincoln. In his book he shows that the vital necessity for the successful operation of any business is to get the whole-hearted teamplay of everybody in it. He shows why you can't get good results simply by having the management inaugurate profit sharing. All the people in the operation really must want it. The Lincoln plan is to demonstrate to a small part of the entire business just what the advantages are.

LINCOLN believes in small profits (six per cent per year) for shareholders. But he believes everybody in a company should be encouraged to be a shareholder. All employees should be allowed to buy stock the sets the limit as the amount they can pay for from year to year. This stock must be sold back to the company on termination of employment.

When improvements in production processes are made there should be a three way split in the benefit:

1. The buyer should get lower prices. 2. The worker should get more pay. 3. The company should get more profit.

Lincoln believes that most modern businessmen and workers made a tragic mistake when sales fell off. His answer is to cut prices to the point where the product will again move. He tells how wise management can bring its whole staff through bad times as well as good by sharing the problems, as well as sharing the wealth.

LINCOLN is well aware of the reason why "the working class" as a class is so suspicious of the employer class today.

But I think his book is one that every intelligent businessman—and also every intelligent trade unionist—could study with real benefit now.

To Contribute To Publicity Booklet

Columbia Cellulose Co. Ltd. and Aluminum Co. of Canada are to contribute brief articles to the new publicity booklet which is about to be issued by the Prince Rupert Public Relations Council with the assistance of the Prince Rupert Chamber of Commerce and the Junior Chamber of Commerce.

An active drive for funds to finance the booklet will shortly be staged by the Junior Chamber of Commerce.

NATIVE BATTALIONS

The King's African Rifles were battalions of African tribesmen enlisted locally in the British East African dependencies.

WOMEN IN PUBLIC LIFE—Four Ontario women mayors and a reeve were among special guests at the International Service Clubs' dinner, sponsored by five women's service clubs, and held in Toronto. Mayor Charlotte Whitton of Ottawa, front row right, in an address, said that what this country needs is more women in government to reduce its costs and cut taxes. Guests, left to right, are: front row—Mayor Grace McFarland of Leamington and Miss Whitton; back row—Mayor Bernadette Smith, Woodstock; Reeve Helen McKenzie, Beaverton, and Mayor Marjorie Hamilton, Barrie. Seat Deal Contentious

OTTAWA (CP)—Redistribution of representation in the Commons, always a controversial issue, may provide the basis for one of the most contentious debates of the current session.

Western members, in particular, are aroused over the threatened loss of seats in their areas. A government move Friday to ease the blow to Saskatchewan was welcomed, but it did not remove all opposition.

Under the constitution, representation in the Commons must be revised every 10 years on the basis of the latest census.

On the basis of the 1951 census and the redistribution formula in the British North America Act, Saskatchewan would lose five of its 20 seats and Manitoba would lose two of its 15 seats. Nova Scotia would lose one of 12 seats. British Columbia would gain four seats and Ontario and Quebec two each. Other provinces would remain unchanged.

A bill providing for changes was introduced in the Commons and given first reading March 10. Prime Minister St. Laurent sponsored the measure but said that redistribution was a task imposed by the constitution on Parliament and not on the government.

Plans were made for establishment of an all-party committee to study redistribution.

Saskatchewan members, setting aside party affiliations, urged that steps be taken to prevent their province from losing 25 per cent of its seats.

In a resolution placed on the order paper Friday, Mr. St. Laurent proposed that the committee consider whether a change should be made so that there could be no reduction of more than 15 per cent at any one time in the representation of a province. He also proposed that the committee consider whether the Yukon-Mackenzie River area, now represented by one member, should be divided into two constituencies.

Acceptance of the proposals would necessitate a constitutional change and would increase the number of seats in the Commons to 265 from 262.

Representation by provinces, with existing representation in parentheses, follows:

Alberta 17 (17); British Columbia 22 (18); Manitoba 14 (16); New Brunswick 10 (10); Newfoundland seven (seven); Nova Scotia 12 (13); Ontario 35 (43); Prince Edward Island four (four); Quebec 75 (73); Saskatchewan 17 (20); Yukon-Mackenzie River two (one); total 265 (262).

Present standing: Liberals 182; Progressive Conservatives 45; CCF 13; Social Credit 10; Independent four; Independent Liberal two; vacant six; total 262.

Several members commented in interviews on Mr. St. Laurent's proposals to the committee. Among them were John Diefenbaker (PC—Lake Centre) and M. J. Coldwell, CCF leader, both holders of Saskatchewan seats that could be affected by the redistribution.

Mr. Diefenbaker said the proposals afforded a basis on which to work to "remove a grave injustice to the western provinces." Stating that the question of representation is above politics, he urged that a federal-provincial conference be called to study a formula for redistribution.

Mr. Coldwell said he was pleased to see the Prime Minister's proposals. Acceptance would mean that Saskatchewan

would lose 15 per cent instead of 25 per cent of its seat. He would prefer to see a formula whereby no province would lose more than 10 per cent of its seats at any one time.

G. M. Ferrie (L—Mackenzie), one of the government's supporters, who urged that something be done to protect Saskatchewan, said he did not believe Saskatchewan members are fully satisfied with the Prime Minister's suggestions. He said he will have more to say on the matter when it comes up in the Commons.

Robert Fair (SC—Battle River) will support any move to prevent a loss of seats to western Canada.

Acceptance of Mr. St. Laurent's offer would mean that Saskatchewan, with some 90,000 fewer population, would have the same number of seats as Alberta. Mr. Fair said he doubted if there would be any objection to that.

Stanley Knowles (CCF—Winnipeg North Centre) said that as a Manitoba member he felt there should be a floor established so that no province would lose more than 10 per cent of its seats in any redistribution.

There is no indication of when the redistribution issue will come before the chamber, but some members believe it will be delayed until after the Easter recess. The recess starts April 9 and lasts until April 21.

Reflects and Reminisces

Any chap is apt to feel melancholy when circumstances compel him to keep on paying \$50 a month for an alleged family shelter worth about \$10.

THERE ARE OTHERS

The sidewalk at Third Avenue and Fulton Street is being replaced and that's all to the good, particularly in view of what has been spent in rebuilding the corner block. A lot more of Third Avenue sidewalk could receive municipal attention, because it's needed, as well.

Now and then, a coal strike, a steel strike or a railway strike is called in the United States. Only rarely, if ever, does it actually occur although it can steer pretty close. It seems to depend on how many are out. The bigger the crowd, the less the chance.

An infectious smile shouldn't be kept in quarantine.—Ex.

DOUBLE TROUBLE

Having a good, husky, healthy family ranks among God's blessings, but when they live in a rented place in Vancouver and the working head of the house does the same in Prince Rupert, perhaps the domestic felicity feels a shade different.

We never did like Monday, anyway. Small wonder it's called Blue. And now it seems a survey shows that most coids suit on a Monday. It's a reflection on our intelligence to have to admit it should have been abolished a thousand years ago, but is still with us.

It is seldom one hears of the defeat of General Eisenhower. Yet that old political warrior, Senator Taft of Ohio, gave like a terrible trimming in Illinois. This, as everyone knows, is politics. Before this, real soldiers have dwelt in the White House.

Would Protect From Canvassers

Canadian Central Registry of Subscription Representatives has communicated with the Prince Rupert Chamber of Commerce requesting its co-operation in the way of protecting the public from unauthorized subscription canvassers. The registry would have its representatives register with the Chamber of Commerce before they start canvassing in the community.

Royal Purple Fashion Show Shows Thrilling Wear for Coming Spring and Summer

The first spring fashion show of the Ladies of the Order of the Royal Purple, one of the most thrilling shows of its kind ever witnessed in Prince Rupert, was presented Wednesday evening in the Home before a capacity audience.

Models, all ladies of the Purple and their children, were dressed to the best advantage in selected ensembles for adults and children, which showed the very essence of 1952.

The ladies' fashion show featured several gentlemen models in men's wear, in which they showed both sides of the fashion picture.

The show was gaily decorated with pastel shades and floral motifs with colors of the Purple evident throughout the decoration scheme. An amp built from the stage into the midst of the models to the best advantage.

During the intermission, a bouquet of spring flowers was presented to the director of the show, Mrs. Lillian Gerrard. Gerrard gracefully accepted the tribute and extended her sincerest thanks to the sponsors of the show and who helped toward its success.

The models for the show were Mrs. Dorothy DeBlas, Mrs. Marky Gurvich, Linda Anderson, Miss Iona Hardy, Miss Desha Penneff, Mrs. Peggy Pettenuzo, Miss Donna Richards, Mrs. Emmy Gastaldi, Leona Dominato, Miss Carol Nelson, Miss Anne Dumas, Mrs. Elise Hull, Peggy Dominato, Miss Eloise Lahti.

Men models were Harvey Deary, Jerry Lemire and Harold Windt.

Following the fashion show, tea was served to all present by the men of the Elks.

Accompaniments were provided on the piano throughout both the fashion shows and the program by Dyke McMillan.

The committee in charge of the show, under Mrs. Gerrard, consisted of Mrs. Elise Hull, Mrs. Anne Dominato and Mrs. Pat Ward.

The show was opened by a commentator Mrs. Wudel, who remarked that the spring's fashions featured the slender silhouette of the pendulum pattern, of which she is equally popular.

Among the equally popular items to be the predominate, Mrs. Wudel said, was running a close second.

An intermission between the ladies' and men's fashions was held during which prizes were drawn from among young models, and Peggy Dominato with the following:

Prizes—Stetson hat donated by Wats & Nickerson, won by Lloyd Bolam; silk umbrella by Wats & Nickerson, won by Lloyd Bolam.

The work of the cancer clinic was the program at a meeting of the Queen Mary Chapter, Imperial Order Daughters of the Empire, at the Civic Centre. Mrs. and Mrs. James were named winners to represent the chapter in the current Conquer Cancer campaign.

A study on communism was read to the members.

Plans are under way for a social tea to be held at the Elks Club on Easter Monday.

The day is to be held in May for a raffle for a round trip to Vancouver in June.

A monthly raffle was won by Mrs. Charlton.

Bazaar of Legion WA Gay Affair

A popular and eagerly awaited event, the colorful spring bazaar of the Ladies' Auxiliary, Canadian Legion, was held in the Legion auditorium on Wednesday afternoon under the general convenership of Mrs. W. Murdoch.

The stalls were gaily decorated with spring colors and laden with attractive hand made articles fashioned by the Legion ladies.

The tea tables were covered with cheerful red and green checked gingham cloths and each table was centred with a bouquet of spring flowers.

The pouring table, presided over by Mrs. E. Llewellyn and Mrs. Hugh Killin, was centred with yellow tapers and two large daffodil bouquets.

After a short address of welcome by Auxiliary President Mrs. D. Gomez, the bazaar was declared officially open.

The stalls were presided over as follows:

Grand raffle—Mrs. R. B. Skinner and Mrs. Myra Gilchrist. Candy and Easter eggs—Mrs. J. S. Black, Mrs. W. E. Chapple and Mrs. W. Wallace.

Home cooking—Mrs. W. Lineham and Mrs. A. Holbrook. Fish pond—Mrs. W. Rothwell, Mrs. P. Downing, Mrs. F. Hill, Mrs. W. Williams, Mrs. F. Marshall, Mrs. R. Dowson and Mrs. J. Ritchie.

Aprons—Mrs. J. Adelman and Mrs. W. Osborne. Fancywork—Mrs. H. Anderson and Mrs. A. Peasby.

Novelties—Mrs. Pearl Gillis and Mrs. J. Wolstenholme. In connection with the tea-room, the workers were as follows:

Servitors—Mrs. A. Stegavig, Mrs. Elsie Anderson, Mrs. H. Carpenter, Mrs. J. Andrews, Mrs. H. Sparks and Mrs. B. Bitterman. Kitchen—Mrs. G. V. Hanley, Mrs. A. J. Croxford, Mrs. W. Wallace, Mrs. M. Field, Mrs. S. Chatter and Mrs. W. D. Griffiths.

Cashier—Mrs. R. S. Scherk. Mrs. J. F. Denning and Mrs. W. Gomez acted as baby sitters for the children of the ladies who worked at the bazaar.

RAFFLE WINNERS: Grand raffle winners were Joanna Rosedale, Ethel Yager, William Stewart, Arthur Jones, T. V. Murald and Mary Ross.

Other raffle winners were: surprise box, Mrs. H. A. Dodd; table, Mrs. Ivy Halliwell; towel, Miss Eileen Ernoff; table cloth, Mrs. M. Sawka; chestfield set, Mrs. J. Hardin; apples, Mrs. Helen Tweed; chicken, Mrs. L. Dioron; cookies, Pearl Gillis.

Annunciation Home-School Ass'n Heads

Monthly meeting of the Annunciation Home and School Association was held in the school last night with President Walter Lahti in the chair.

Father Rayner's report from the dental clinic committee indicated that, except for minor details, the program is progressing favorably.

Conveners for the Bake Sale to be held May 3 are Mrs. M. J. Saunders and Mrs. Evans.

To facilitate election of officers at the next monthly meeting, M. J. Saunders and N. R. Young were appointed a nominating committee.

It was decided to finish off the gym floors and buy some additional sports equipment for the children.

Timely RECIPES

BROWNIE TINS

1 square unsweetened chocolate
1/2 cup shortening
2 eggs
1 cup granulated sugar
1 teaspoon vanilla extract
3/4 cup sifted all-purpose flour
1/2 teaspoon salt
1/2 teaspoon baking powder
3/4 cup California walnuts

Melt chocolate and shortening together over hot water. Beat eggs until light, and gradually beat in sugar. Stir in chocolate mixture and vanilla. Sift together flour, salt and baking powder, and blend into first mixture. Spread in two greased 9-inch square pans. Chop walnuts finely and sprinkle over batter. Bake in moderate oven (350°F.) about 15 minutes. Cut into squares while warm, and remove to wire rack to cool. Makes 32 squares.

MEETS GODMOTHER—Margaret Truman, right, daughter of the president of the United States, meets her godmother, Mrs. C. S. Calhoun of Qualicum, B.C., for the first time in 22 years. The meeting occurred in Vancouver before a singing concert by Miss Truman who is on tour. (CP PHOTO)

Elimination Of Nuisances

According to the March report of the Prince Rupert Public Health Unit, majority of complaints made during the month dealing with garbage, sewerage and the parking of trailers within the city limits have been dealt with and the source of complaint eliminated—with the exception of the trailer problem.

The bulldozing of the top area of the garbage dump has once again improved the general conditions at the dumping site, the sanitation reports.

Inpections and instructions were given on the installations of septic tanks and disposal of those areas of the city not serviced by the city sewer mains. Where it is at all possible, every effort is being made to have the householder connect to the sewer mains.

Regular milk and water samples were collected and sent to the laboratory and satisfactory results were received. Research in tests on the raw milk showed continued improvement in the quality of same.

Bug Inspector Here Deferred

There will have to be assurance of continuous shipment of grain through this port before the establishment here of a permanent inspector of the Department of Agriculture to examine grain ships for insects is justified, the Prince Rupert Chamber of Commerce has been advised. When grain shipping attains such steady volume, the location of an inspector here will be considered. Meantime the inspector comes north from Vancouver each time a grain ship is loaded here.

HARTLEY, Whitney, England @ municipal meeting in this township town debated action of a rat-catcher who blocked a wall and left them to starve, instead of poisoning them. It was decided not to punish the rat-catcher.

Men in Wrecked Car Doing Well

Peter Byrne and Charles Haldane, who had a miraculous escape yesterday morning when an automobile driven by Byrne went off the highway three miles this side of Galloway Rapids and rolled down the roadside to be almost demolished, are doing well at the Prince Rupert General Hospital.

Both men suffered shock, lacerations and contusions but neither are in serious condition, their doctor advised police last night. They should be out in a few days.

Influenza Now Subsided Here

The outbreak of influenza which swept through Prince Rupert three or four weeks ago has now pretty well subsided, according to Dr. Duncan Black, director of Prince Rupert public health unit.

Actual figures as to the number of cases are not available as the majority of cases were not reported but, on the whole, the disease was of a mild variety.

During the month of March there was one case of mumps in Prince Rupert and one case of scarlet fever.

Education's 'Grand Old Man' Passes

VANCOUVER — "Grand old man of education in British Columbia," Alexander Robinson, L.L.D., died here yesterday at the age of 89 years.

Barbara Brent's BUYS AND WHYS

MONTREAL, April 10—How many babies? Perhaps there's one in your home. That's why it's so important to know what to buy for them. So good for him—and so easy for you to buy. Just buy them from the baby food store. There's a lot of baby food to choose from. Four famous baby foods and a variety of strained meat food products. Custard Pudding... all cooked to baby-ready digestibility and gleaming kitchens. They taste (and toddlers, too) like the best and how they love them! So, for baby's sake—ask your grocer tomorrow for Heinz Baby Cereals and Strained Baby Foods. You'll be glad because they're Heinz.

April Weather is often deceptive. What looks like a nice day long walk can catch you with your umbrella down. Brrr! Back home to change—and what you'd like most is a good cup of coffee—quick! Then I'd suggest you try the fastest, quickest coffee I know—INSTANT CHASE & SANBORN COFFEE. It takes no longer to make than boiling the water—then—mum!—isn't it good? The flavour's there—and the real lift. No wonder, it's backed by nearly 100 years of coffee experience! I always keep a jar of Instant Chase & Sanborn handy. My friend when I'm feeling tired—and a real delight when guests come. You see, it's as easy to make ten cups as one. And economical—save up to 40¢ per pound compared with ground coffee.

They Say "Imitation is the sincerest form of flattery"... well, both flattered and pleased when Mrs. Jones told me how I got my sheets so white. I know, of course, that it was Blue that did the trick. Blue is so inexpensive and it works every time. Blue prevents clothes turning yellow. Just a dash or two of Blue in the final rinse and your whites are snow white. And, when you use Blue, you're taking chances with anything that might stain your fine fabrics. For Blue is kind to all fabrics. And it saves a few pennies a month—gives you snowy, brilliant-looking whites. Yes, for the whitest wash, it's RECKITT'S Blue.

Spring Cleaning will be a "breeze" for me this year with ENERGINE CLEANING FLUID to remove grease spots, paint, chewing gum or "what-have-you" from upholstery and rugs—there'll be no hard work—no big cleaner's bills. And other "clean-up" jobs I've discovered Enengine will do for me... it works wonders cleaning tubs, basins, tiling and refrigerators—stubborn stains vanish and porcelain surfaces shine. Try it! Enengine is so quick and easy to use—leaves no tell-tale rings on fabrics of any kind—and it's absolutely safe. Contains no acids nor caustics! Take my tip—put Enengine on your shopping list today... just 26¢ at drug and department stores.

There's Big News waiting for daddy when your youngest has just had his first "CREAM OF WHEAT" treat. He'll try to tell daddy how good it is. M-mum! And this favourite cereal is good for your toddler! For 5 Minute "Cream of Wheat" is brimful of so many of the things that babies need to maintain normal growth and health. It provides iron for good red blood and Calcium and Phosphorus for diets deficient in these elements. And, mother!—just five minutes of boiling and 5 Minute "Cream of Wheat" is cooked to full digestibility, even for baby—tempting and flavourful... so good the whole family will enjoy it!

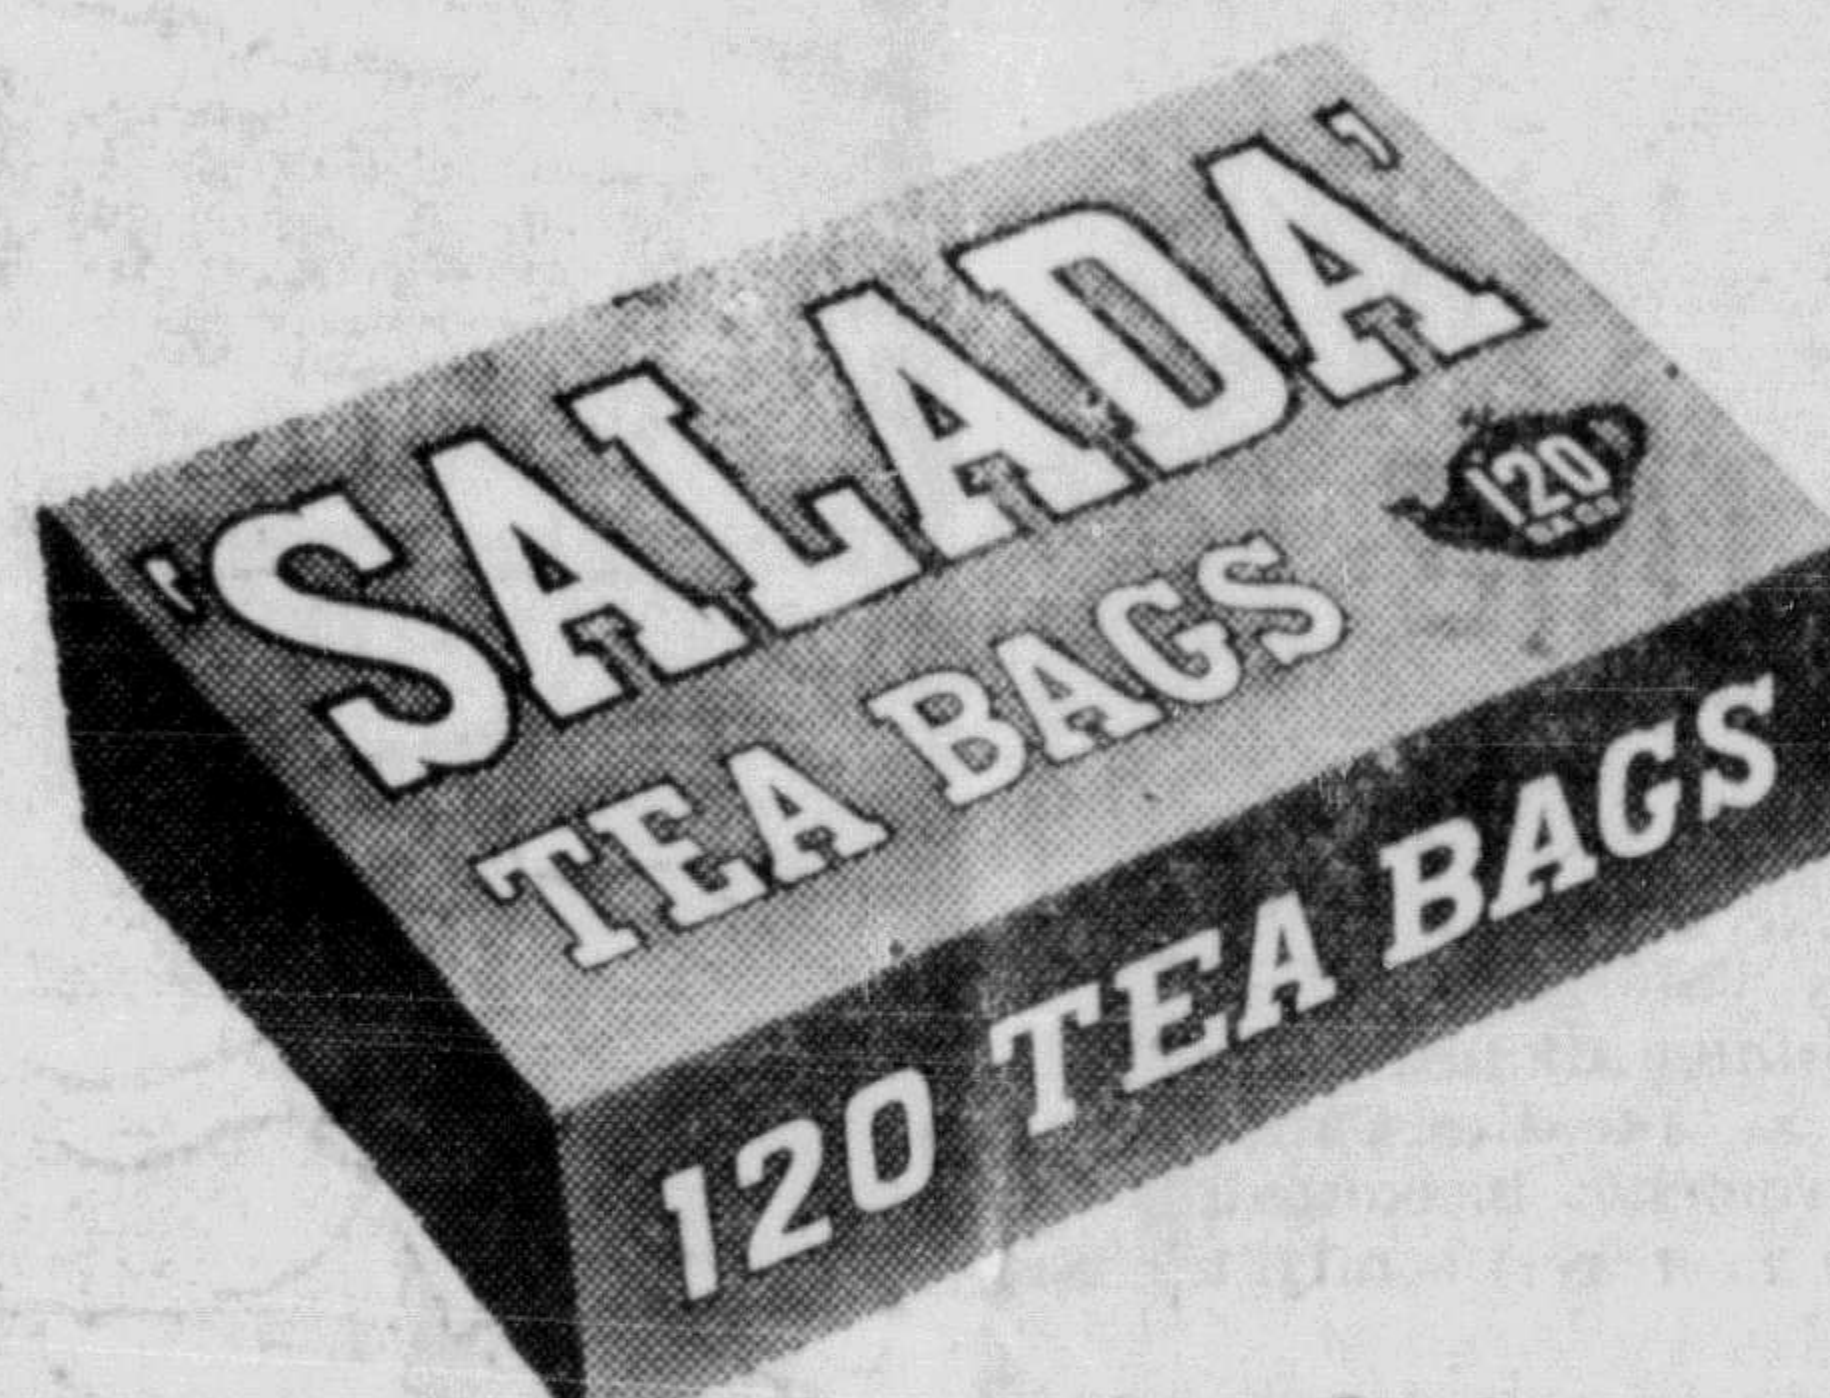

Designed For You! Yes, the Gurney engineers had you in mind when they designed their new '52 GURNEY Range. You'll find that everything you cook with it will turn out perfectly. Cooking and baking are made so much easier with the special Gurney features—automatic clock control—interior oven light... and, above all—the special Gurney "Even-Heat" oven that keeps the temperature exactly right—automatically—on the sides, the top, on the bottom—and even in the corners! But you'll want to see the Gurney features for yourself. Ask your dealer to show you the new Gurney ranges—all of them "kitchen-tested" for cooking.

April Has A Freshness that reminds me of something. Yes, you've guessed it... JELL-O JELLY POWDERS. So refreshing, and so marvellously tangy... truly, Jell-O is as tempting as a spring breeze. Of course, there's good reason why Jell-O makes such delightful desserts and salads. Ysee, Jell-O's fruit-fresh flavour is locked right in each tiny particle. You release it by adding hot water to the Jell-O. Any way you serve them—plain, with fruit, or whipped—Jell-O desserts are as fresh and delicious as an April breeze. And once you've tried them, you'll serve tempting Jell-O salads often, too. Remember, there are 7 delicious "lock-in" Jell-O flavours. Keep several packages of Jell-O on hand.

More Beautiful Women use Woodbury Face Powder. Yes, lovely women instinctively choose this exquisitely light, fabulously fine powder. Only WOODBURY FACE POWDER, with its secret blending process and special foundation-cream ingredient, offers such exciting satin-smoothness, such superb, vibrant shades. And it clings so beautifully for hours longer. Why not try it? See the truly thrilling difference. Woodbury Face Powder costs 45¢ and 75¢. And try the superb Woodbury lipstick, too. Creamy, clinging—in 7 tempting shades... 23¢ and 50¢.

It's "Easter Bunny" Time Again! Gosh—it seems only a short time ago that "Rudolph the Red-nosed Reindeer" was the hero of the hour. Next Christmas may be the hero of the hour. Competition and Coho Derby

Whether or not spring fishing is to be taught in Prince Rupert on sporting tackle, the local Rod and Gun Club is holding a competition in fishing for coho salmon. The competition is announced to run until June 1st. At that time the winner will win the trophy and a cash prize. The competition is being held at the same time as the fishing derby. The derby is a competition in fishing for coho salmon. The derby is a competition in fishing for coho salmon. The derby is a competition in fishing for coho salmon.

Could Attract "Millions"

Considered with the steelhead among the gamest of fish, the coho is expected to provide a major form of sport fishing here if conditions prove favorable. Most ardent fishermen own their own boats, but there are those who, while taking a big interest in the sport, are too busy in their own work to get much time off for fishing. Then there are the occasional anglers who only go fishing sometimes. Those are the people who will rent boats, and if they can't find boats, won't go fishing. A large derby depends on public participation for success.

Have Derbies Without Boats?

On the other hand, it is possible to have derbies with only one boat participating. The keener competition of greater skill for a prize and to establish a high level of sportsmanship. The derby could become an annual event on the Cowichan River or Cowichan Bay. The sportsman's derby would be a major event in the community. The derby would be a major event in the community. The announcement came after Montreal beat Brooklyn 4-3 in an exhibition at Brooklyn.

Tillsonburg Goes Ahead

TILLSONBURG, Ont.—Tillsonburg Livingstones went one game ahead in the Dominion Women's basketball final last night by defeating Winnipeg Varsity Grads 79 to 60.

Tillsonburg now leads the best of five series two games to one. It was an impressive victory for Tillsonburg. Behind only briefly in the opening quarter, the homesters took a 38 to 39 lead at half time and had much the better of the play in the final two sessions.

Roy Williams, lanky Winnipeg centre star, was the top scorer of the night with 28 points. Carl Ridd, well checked throughout by Red Curran, clicked for only eleven.

Rum stories...

"By the great Horn Spoon, those were gales," said the bosun.

"Not only could we not round the Horn, but the fury of the elements was driving us backwards up the coast of America. Only by the unusual feat of using the bowsprit as a rudder could I keep us from perishing on those inhospitable shores. At this point, a flock of gigantic albatrosses sank exhausted on the deck. Hastily reviving them with tots of our cargo, Lamb's Navy Rum, I harnessed them to the vessel and encouraged them to fly in the desired direction. The upshot was that our time for the Boston-Sacramento run stood as a record for thirty years."

"That's a Rum Story," said the unsuspecting guest.

"Thank you, sir. I should enjoy nothing better than a Lamb's Navy Rum."

Relief Organizer Revisits Europe

OTTAWA (C)—Dr. Lotta Hitschmanova, director of the Unitarian Service Committee of Canada, is leaving by air April 28 for Europe on her annual survey tour of the committee's projects abroad. The sprightly relief expert will visit France, Austria, Italy and Greece before returning to Ottawa July 13.

While in Greece, she will personally distribute part of the Canadian flour shipped by the Unitarian Service Committee to repatriated refugees under its "Bread for Greece" crusade. She announced here that a collection depot for new and used clothing, to help refugees in northern Greece, has been organized in Moose Jaw, Sask., under leadership of A. E. Peacock, superintendent of Moose Jaw schools. A group of high school teachers and students there obtained a workroom in Alexandra School to serve as the receiving and shipping centre for the province.

District Injuries Brought to City

Three emergency cases were brought to Prince Rupert General Hospital yesterday from out-of-town points. Suffering a crushed leg is Joe Schoblocher, 51, laborer at Kitimat, who was caught between two logs.

He was flown in by Central B.C. Airways' See-Bee. Second emergency case was brought in by boat from Arrandale Cannery. He was William Waring, 68, who suffered a heart condition.

A third joined the Kitimat emergency flight. He was believed to have had acute appendicitis.

Influenza Hits Indian Village

CEEPECEEE, Vancouver Island (CP)—Influenza epidemic, raging in this Vancouver Island native settlement, has taken the lives of two babies and stricken nearly all families.

Between 400 and 500 Indians live in the area.

The Indian school at nearby Kyoquot has been closed because of the epidemic.

Gardening....

SEED SOWING TAKES CARE,
BUT IS NOT PRECISION JOB

Drill for Tiny Seeds

For Large Seed

Medium Size Seed

Planting a "Hill"

On the seed packet, you will find "Sow in hills," "sow in rows" and "sow in drills." The depth to use depends somewhat on the nature of the soil. In sandy loam they may go a little deeper than in heavy clay; and in hot weather they should be at least twice as deep as in the moist spring weather. Above all, except on a heavy slope, in making a drill, keep it straight. Some gardeners use a narrow plank as a ruler. A garden line is easier to handle, heavy cords on reels are handy, but any stout cord stretched between two stakes will serve. But use the line as a guide, and never press the hoe against it, for it will bend, and your garden row may turn out to be serpentine. If this happens, fill up the drill and try it over again. You will soon acquire the knack.

Help of Natives In Air Emergency

Suggestion has come from E. T. Applewhite, MP for Skeena, that, as a means of bringing assistance and rescue in the case of an air crash such as that which occurred at Sandspit last January, a system of flares might be arranged as an emergency signal to nearby natives at Skidegate across Skidegate Inlet.

According to J. D. McRae, MLA, co-operation of the Skidegate natives has already been asked for against such eventuality.

Fiery, Itching Toes And Feet

Here is a clean, stainless antiseptic oil that will do more to help you get rid of your trouble than anything you've ever used.

Its action is so powerfully penetrating that the itching is quickly relieved and in a short time you are free of that bothersome, fiery itching. The same is true of Barber's Itch, Salt Rheum, Eczema—other irritating unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use—and failure in any of the ailments noted above is rare indeed.

Death by Accident

A Queen Charlotte Islands logger, whose body was discovered badly mutilated on the Canadian National Railways tracks here Saturday, died as a result of an accident with no evidence of negligence on the part of the CNR, a coroner's jury found yesterday.

James Patrick Ginnell, 24, whose mother lives in southern Ontario, was discovered at 12:45 p.m. Saturday by a locomotive fireman, lying on the tracks near the depot with his head and feet severed from the torso.

Victim was identified by J. W. Gurney, a fellow logger.

Six railroad employees testified that no one answering the victim's description had been seen in the vicinity of the shunting cars. Two locomotives had been in operation at the scene and two crews were unaware of the accident until the gruesome discovery.

RCMP Constable Miller told the inquest that, from measurements taken on the scene, the body must have been dragged 164 feet. Blood and articles of clothing showed throughout the distance as well as on the wheels of the locomotive.

The accident occurred near a private rail crossing, "well marked with signs" which the public uses at its own risk, said C. A. Berner, railroad superintendent.

It was suggested the victim may have attempted to go underneath a car or between cars stalled temporarily on the crossing when a yard engine bumped the cars onto a lead line. Crews had been working all day in the area making up trains.

Coroner's jury consisted of C. R. Roberts (foreman), Les Brain, D. A. Stewart, John Odowes, A. B. Love and R. Evans.

Rotary Hears Jack McRae

If the present proposed housing unit for Prince Rupert is instituted, "I think it will only be the first of several such projects," Jack McRae, MLA, said today at Rotary luncheon. He considered it possible that 200 or more such units would be built here before the housing demand was satisfied.

He said under the emergency plan which covers federal and provincial aid in housing, such as the proposed project here, it was impossible to build the homes for sale.

It would be contrary to the Housing Act and senior government would lead in a move contrary to its own policy when it restricted mortgage advances several years ago.

But he had "no doubts at all" that houses would rent here even at \$75 a month.

FOREST MANAGEMENT

Mr. McRae also spoke of the government forest management plan, explaining purpose of licensing timber lands in such a manner as to conserve the natural resource and prevent "cutting ourselves out of the lumber business."

WINNIPEG (C)—Possibility that the railways will seek both further general freight rate increases and abolition of the Crow's Nest Pass rates was voiced yesterday by R. E. Moffat, economic adviser to the Manitoba government.

He addressed the Manitoba municipal, industrial and agricultural groups, assembled by Premier D. L. Campbell, to review the province's position on freight rates.

Moffat said further wage increases were being sought by railway workers and other costs had risen so the province may find itself back into another rate increase case in the near future.

Seeks Further Rate Increase

Jack Bulger left on today's plane for Vancouver where he will receive special hospital treatment.

Mr. and Mrs. William Noble and young son are sailing tonight on the Prince Rupert for a trip to Vancouver.

Dr. J. B. Harrison, Vancouver radiologist, who has been in the city for the last few days, is returning south on the Prince Rupert tonight.

Ridley Island Airport Road DOT "Baby"

No funds have been set aside by the provincial government for the building of a road to Ridley Island, proposed new site for Prince Rupert's airport. The Prince Rupert Chamber of Commerce has been advised by Victoria that no word has even been received as yet from Ottawa in regard to such a project so Victoria presumes that it is going to be a Department of Transport "baby."

E. T. Applewhite, MP, advises the Chamber of Commerce that preliminary surveys for the airport on Ridley Island are being carried out.

Taking Over of American Steel Mills Meets With Their Approval

NEW YORK (Canadian Press)—A leader of the steel industry said last night that President Truman's seizure of the steel industry "discharges a political debt to the CIO."

Phil Murray now gives Harry S. Truman a receipt marked "paid in full," said Clarence B. Randall, president of the Inland Steel Co.

Randall's speech was prepared for radio and television audiences and was the steel industry's reply to President Truman's seizure message.

Meanwhile, the steel firms are challenging President Truman's authority to seize the industry but they lost their plea for a court order barring the government from seizing their plants when Judge Alexander Holtzoff refused in United States District Court to grant a temporary injunction against operation of the mills by the government. The judge held that he had no authority to grant an injunction against the President of the United States. The companies will carry their appeal to the United States Supreme Court with a view to getting a permanent injunction.

Expectation is that most of the steel mills will resume operations pending final settlement of the issue.

Muzzy Plays It Safe, Loses Contract

Mr. Muzzy bid this hand all right. But as if that were enough to do right in one deal, he proceeded to louse up the play in a manner to delight his opponents—and drive his partner frantic.

Actually, this is a very simple deal and there was no excuse for failing to win nine tricks. Mr. Muzzy went set because he was unwilling to make an "unusual" play—a play that was outside the regular pattern of his game.

Mr. Abel opened the trey of spades and Mr. Muzzy made the right play, ducking and letting Mr. Champion win with the 10. (He has a craze on ducking and hold-up plays now, and holds up even when that is the wrong action to take.)

Keep Out of Film Protest

East End P-TA, However, Has Suggestions on Children's Broadcasts

Members of the Conrad Street School Parent-Teacher Association Tuesday evening felt it would not be in order for them to support a suggestion originating with the Prince Rupert Parent-Teacher Council that P-TA's protest to the management of the local theatres regarding the type of films shown children audiences at Saturday matinees.

The Conrad P-TA will, however, approach the management of the local radio station CFPR with the request that, whenever the daily "Kindergarten of the Air" program is not available due to network failure, local operators fill in the Kindergarten period with children's records.

king of clubs from Mr. Abel's hand at once. If Mr. Champion had that card, it made no difference. He could win with it and knock out Mr. Muzzy's last spade. Later, however, when he was in with the king of diamonds, he would have no spade to lead.

Instead of miscellaneous adult recordings. Members felt that many small children are most disappointed when their eagerly awaited program fails to come on and their disappointment would be considerably lessened if they could at least look forward to a program of appropriate children's music.

President W. D. Griffiths, convener of the P-TA's recent highly successful annual White Elephant sale, extended hearty thanks to his staff of workers. He especially thanked Mrs. G. Patzold, local artist, for her kindness in drawing the impressive posters advertising the sale.

Mrs. K. Berg and W. D. Griffiths volunteered their services as canvassers for the Cancer campaign.

The work of the Preventative Dental Clinic is well under way, according to a report submitted by F. Derry. Care of Grade One children's teeth will be completed by the end of the school term, Mr. Derry said, and care of pre-school children's teeth will begin.

For the second time in succession, the pennant for the largest attendance of parents was won by Miss M. Hamilton's Grade Three class.

Following the business meeting, several interesting films were enjoyed and refreshments served.

DO YOU REQUIRE RENTAL ACCOMMODATION?

THEN IF SO... ARE YOU WILLING TO PAY \$65 to \$85 PER MONTH RENT FOR A NEW HOUSE?

From preliminary estimates on costs of the proposed 50-unit housing project it has been determined that rents will be in the above range depending on locality and number of bedrooms.

In order to ascertain if 50 houses could be rented at these rates for a considerable time, it is requested that all applicants who are willing to pay such rents complete the following questionnaire, cut out, and submit to the City Hall by April 11, 1952:

A. Present Accommodation:

Type House Suite
Rooms No. of Bedrooms Heated
Rent Paid

B. Total number of persons in household
Number of children in family

C. How many bedrooms required?

D. Is family at present in city?

E. Maximum rent you can pay per month

F. Occupation

G. It would be of great assistance if you would indicate your average yearly income. Answering the question, of course, is quite optional.

Railway Quits Linen Cloths

MONTREAL — The Canadian National Railways is experimenting with the use of plastic table tops and the substitution of paper place-mats and serviettes for linen tablecloths and

napkins in an effort to hold spiraling costs. H. B. Parr, general manager of the company's sleeping, dining and parlor car department, said here. At the moment, the test is being conducted on a cafe car in Montreal-Ottawa service, Mr. Parr said. And if successful will be extended to all cafe and buffet cars and eventually to all company dining cars.

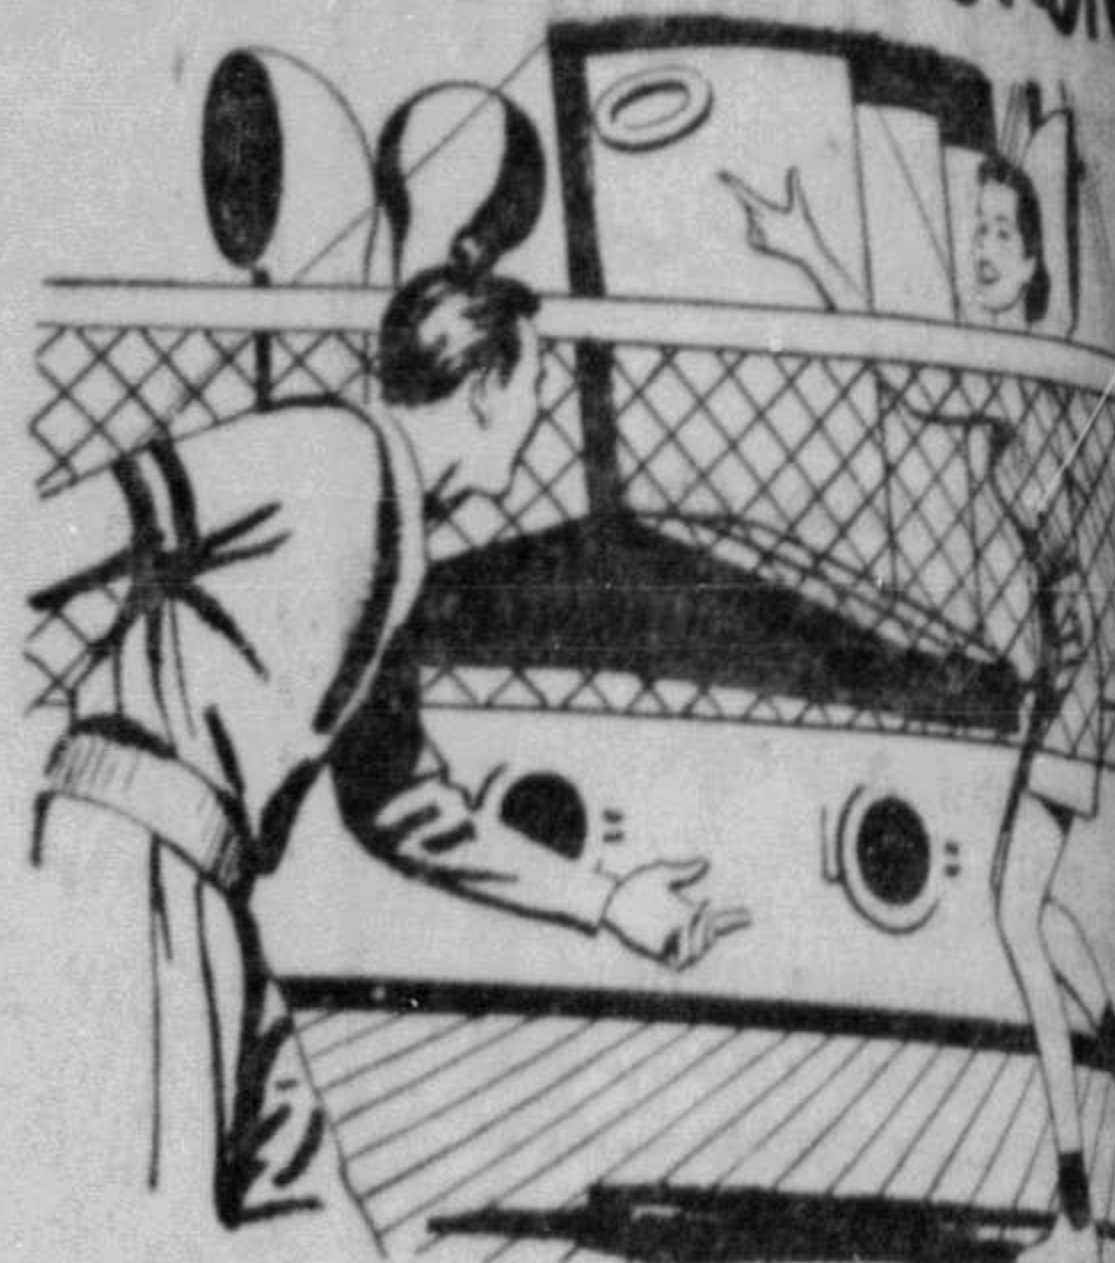

The use of the plastic table tops and paper place-mats is one of the concentrated efforts being made by the department to halt rising costs and further increases in meal prices. Extensive savings in laundry bills and replacement costs are expected to be obtained by substituting the paper for linen items.

Minister Dollar in Strong

MORRISON Staff Writer

The man who has gone out to the Canadian dollar again—he predicts a premium to the currency for some time.

He knows for he's none other than the Canadian dollar. The 65-year-old veteran parliamentarian in a Toronto forecast last year predicted that the Canadian dollar would be worth more than two cents above the American dollar.

He confides that the Canadian dollar is in the hands of the "over-optimistic" and that the dollar will continue to rise, though it may be higher than the dollar.

For many reasons, said the minister, the Canadian dollar is in a position of great strength. One reason is that Canada is in a position of actual economic surplus.

He keeps putting billions into munitions, and that's what the dollar is doing. Munitions are productive. They are an economic resource.

McCann meant, however, that money put into the dollar has no economic effect. That's what the dollar is doing. It's being distributed without effect.

There were other factors in Canada's dollar strength. In the last few years, Canada has achieved a surplus in trade and there have been movements of capital into Canada.

There were big American dollars in Canada, and a smaller demand in the exchange market. There was a lot of Canadian dollars in the U.S. who quote in American currency.

Canada's newsprint and newsprint at a 10 per cent discount, but it is above par, and the exporters have declined. I wouldn't be too surprised to see the price of Canadian newsprint go up. But even so the Americans would be getting Canadian newsprint a lot cheaper than they would from such other suppliers as, say, Sweden.

"The price of Swedish newsprint is equivalent to about \$200 a ton in American money."

Gyros Planning Spring Fiesta

Invitational carnival to be known as a Spring Fiesta will be conducted by the Prince Rupert Gyro Club on May 16 as one of its major events of the year. The affair will take place in the Armory and the program will include a wide range of novelty entertainment. Plans are actively under way with a committee consisting of Emil Blain, Ben Parker, Dr. Hector MacDonald, David Radford, Don Fitch, W. F. Stone and Orme Stuart. In order to receive final reports on preparations for the event, the club decided yesterday that the May business meeting would be held May 6.

Another event for 1952 which the Gyros are planning is an old time burlesque vaudeville show tentatively set for November and for which Allan M. Hurst has been named organizer with C. P. Balagno as musical director. Program will include such numbers as male ballet, strong man and animal acts, and choruses.

Yesterday's Gyro business luncheon named E. D. Forward as delegate to the international convention to be held in Chicago in June.

American Firm Caught Cheating

WASHINGTON (AP)—A House of Representatives investigating committee reported today a Paterson, N.J., firm "has been caught 'redhanded' cheating on specifications" in supplying slippers for government hospitals.

The committee recommended that "prompt action should be taken to cancel all existing contracts" and that the case be turned over to the Justice Department for further action. The firm is the Fashion Sport Shoe Company.

The report said the New Jersey concern has delivered 297,684 pairs of slippers to the government, and holds contracts for an additional 393,024 pairs. The over-all approximate value was estimated at \$500,000.

The committee said the difference in costs of the substituted materials and the deviations from the specifications amounted to \$103,000.

Publicity For Prince Rupert

City council has decided to take out a half page advertisement in the forthcoming annual industrial number of the British Columbia Journal of Commerce. In addition, the Chamber of Commerce is contributing publicity material.

have declined. I wouldn't be too surprised to see the price of Canadian newsprint go up. But even so the Americans would be getting Canadian newsprint a lot cheaper than they would from such other suppliers as, say, Sweden.

"The price of Swedish newsprint is equivalent to about \$200 a ton in American money."

Major Construction Work For Alcan Starting at Kitimat; Grading For Smelter Starts

KITIMAT.—Start in the immediate future will be made by Kitimat Constructors on 40 dwellings as the initial phase of a series of duplexes for married quarters here.

A camp has been set up for the men working on the town-site clearing and grading, program and the sewer and water distribution system is under construction. Stripping and grading for the smelter site has also commenced, with an estimated fill in excess of 1,500,000 cubic yards.

Future plans include a 20-bed hospital, recreation hall, truck depot, administration building, two-room school, RCMP headquarters and establishment of a fire protection system.

Along with numerous small temporary buildings, Kitimat Constructors has completed the following projects:

Six 68-men bunkhouses; two

storeys, frame construction, truss and prefabricated construction over wood posts on concrete footings; hot water heated and complete with showers.

One diesel power house, capable of 1100 kva output to provide for camp needs. A second diesel power house to provide for construction equipment, concrete plant and townsite camp is under consideration.

A large machine shop of mill construction containing an overhead crane which is now in operation.

A central boiler house containing four boilers built to provide heat for bunkhouses and steam for a cafeteria.

A fully equipped first aid sta-

tion.

Two warehouses (approximately 150,000 cubic feet capacity each) of frame construction with loading platform are completed.

A panel type building, 24 by 40 feet, was constructed for the Bank of Montreal.

Cafeteria capable of feeding 1500 men in two sittings is nearing completion. This building is of frame and truss construction on concrete walls and concrete slab. Food preparing equipment is being supplied by two Vancouver firms. The ground floor will house the post office, commissary and barber shop.

A sawmill has been in continuous operation for some months.

The list of subcontractors employed by Kitimat Constructors to date includes the following

Vancouver firms:
Plumbing and heating—Barr & Anderson Ltd., Lockerbie & Hole (B.C.) Ltd., B. Boe Ltd., Leek & Co.
Electrical—Mott Electric Ltd. and J. H. McRae Ltd.
Millwork—Albion Lumber & Millwork Ltd. and Tru-Fit Millwork (B.C.) Ltd.
Ing & Sheet Metal Co.
Roofing—T. Woodward Roof-Fuel oil and gas—British American Oil Co. Ltd.

Saturday Is Ladies' Day at Wallace's

(But Bring the Family Along With You, Too)

Year in and year out, we men who work for Wallace's meet the public and enjoy it. However, many of you wouldn't know our wives if you saw them. This Saturday it's going to be different. We invited our wives to come down Saturday afternoon to meet our public and they've accepted. So come on down and meet "our bosses," our wives, God Bless Them. They won't serve you but they really and truly want to say hello to all our friends, Wallace's grand customers.

SATURDAY—From 2 p.m. to 4 p.m.—Our Wives Will Greet You at Wallace's
