### SPIRIT NEEDS REPAIR

Some of the people of this city seem to lack the spirit to co-operate with other people. Consider a few examples: many of the taxi drivers in utter disregard of the law violate all conceivable traffic regulations with such actions as speeding, driving on the wrong side of the road, and parking in the middle of the road; buses have more than once been stopped to by-pass prospective passengers; many enter into very lengthy conversations on the sidewalk just when other persons happen to want to pass.

It is the common thought these days that it is not worth doing unless there is money or gain in it. Everything eventually boils down to personal gain. A taxi driver says: "The faster I make this run the sooner I get another." Or he might say: "I should like to take the trouble to pull over to the side of the road? Let them go around me."

Possibly the bus driver doesn't want to expend the necessary energy to stop and start his vehicle. The person on the telephone cares little if someone else wants the line. They can wait.

People are showing less and less consideration for the rights of their neighbors. The saying is: "Why should I worry if I get what I want?"

The civic spirit of this city is in need of a repair. Civic co-operation would accomplish it.

—By Dick Kilborn

## PRINCE RUPERT NEEDS

As a future citizen I'd like to voice my opinion on the needs of Prince Rupert.

Prince Rupert lacks entertainment for the 'teen-agers. They cannot take a thing like this into their own hands. If the adults can raise money for a skating club, which gives entertainment for a handful of over 8,000 people, we should surely be able to raise enough for a skating rink or an indoor swimming pool for the enjoyment of at least 3,000.

Judging from the crowds on the curling rink on a few days it would be popular and soon pay for itself.

How about some of the money set aside for Roosevelt Park? If we got busy and planted a few trees on Roosevelt Park it would in time cease to be a wasteland. As we can see this park will never be used as a recreational centre. This could be a playground for some of the service clubs.

We are all very proud of our Civic Centre but it can't play or be interested in just basketball.

Also, as a future citizen, I think we have wasted a lot of money repairing roads when the money could have gone to black-top roads and make good sidewalks.

We are getting some very bad publicity. We are often asked, "What is wrong with Prince Rupert?" Nothing is wrong with it but we can be reminded that our roads need building up. We could have a clean-up of our buildings and vacant lots.

The Junior Chamber of Commerce started to put up street signs. Surely there are plenty of good citizens who, with a little encouragement, could get and help these people in this project.

And I think there are many other jobs which we can do to build up a city of which we could be proud.

—Ray Anderson

## City Would Buy Old Court House Site on 2nd Avenue

The city will make an offer to the provincial government for lands situated behind the Post Office as a future site for telephone exchange and, possibly, other civic buildings.

The site is 26,240, assessed at \$26,240, assessed at the ten lots facing 2nd Avenue, from Third to Fourth Streets.

At an hour of contention at city council last night, it was decided that in acquiring the former court house building, the city should be maintained.

Ald. George Casey opposed the recommendation by Ald. George Hills, utilities chairman, that the city relinquish its interest in the former liquor store.

After an hour's debate, a five-minute recess was called by Mayor Harold Whalen so the recommendation could be re-considered.

Ald. Casey denounced the motion to forget the former liquor store as a telephone exchange building.

While in Vancouver I toured the telephone company's exchange building. I think the liquor store would make an ideal building for our purposes."

He did, however, approve of the motion to forget the former liquor store as a telephone exchange building.

After an hour's debate, a five-minute recess was called by Mayor Harold Whalen so the recommendation could be re-considered.

Ald. Casey denounced the motion to forget the former liquor store as a telephone exchange building.

## Future Citizens Own Prince Rupert Today

### High School Learning How City Clicks

High school students owned the city today. More than 120 of them "invaded" local businesses and industries at opening time this morning in connection with Future Citizens Day, a Junior Chamber of Commerce sponsored event.

Most of the important civic, government and industrial posts were "taken over" by the students. City Hall was the focal point as the future citizens' city council went into session at 9:30 a.m., with Bill Morrison as mayor.

There was entertainment, of course, but most students found it instructional as well. Mayor Morrison, for instance, found it wasn't "just a push-over" to conduct a council meeting.

At the fire hall, "Fire Chief" George Sheardown breathed heavily from an oxygen mask, as Fireman Jack Furness illustrated how to keep from suffocating in a heavy smoke fire.

Meanwhile, winging their way towards Sandspit, "Pilot" Neil McAra, "Engineer" Roy Bentson and "Stewardess" Anne Appleton were gaining a new experience.

A ticket agent, Ross Anderson, found business slow, however. All the boat traffic in his department left yesterday. He was by himself when a reporter approached him.

"I don't quite know what I would do if you wanted a ticket," he started.

### AT COLUMBIA CELLULOSE

The hum of the industrial wheels also sang for the future citizens. At Columbia Cellulose, Bob Trapp found himself "plant manager" while seven of his colleagues held other important positions.

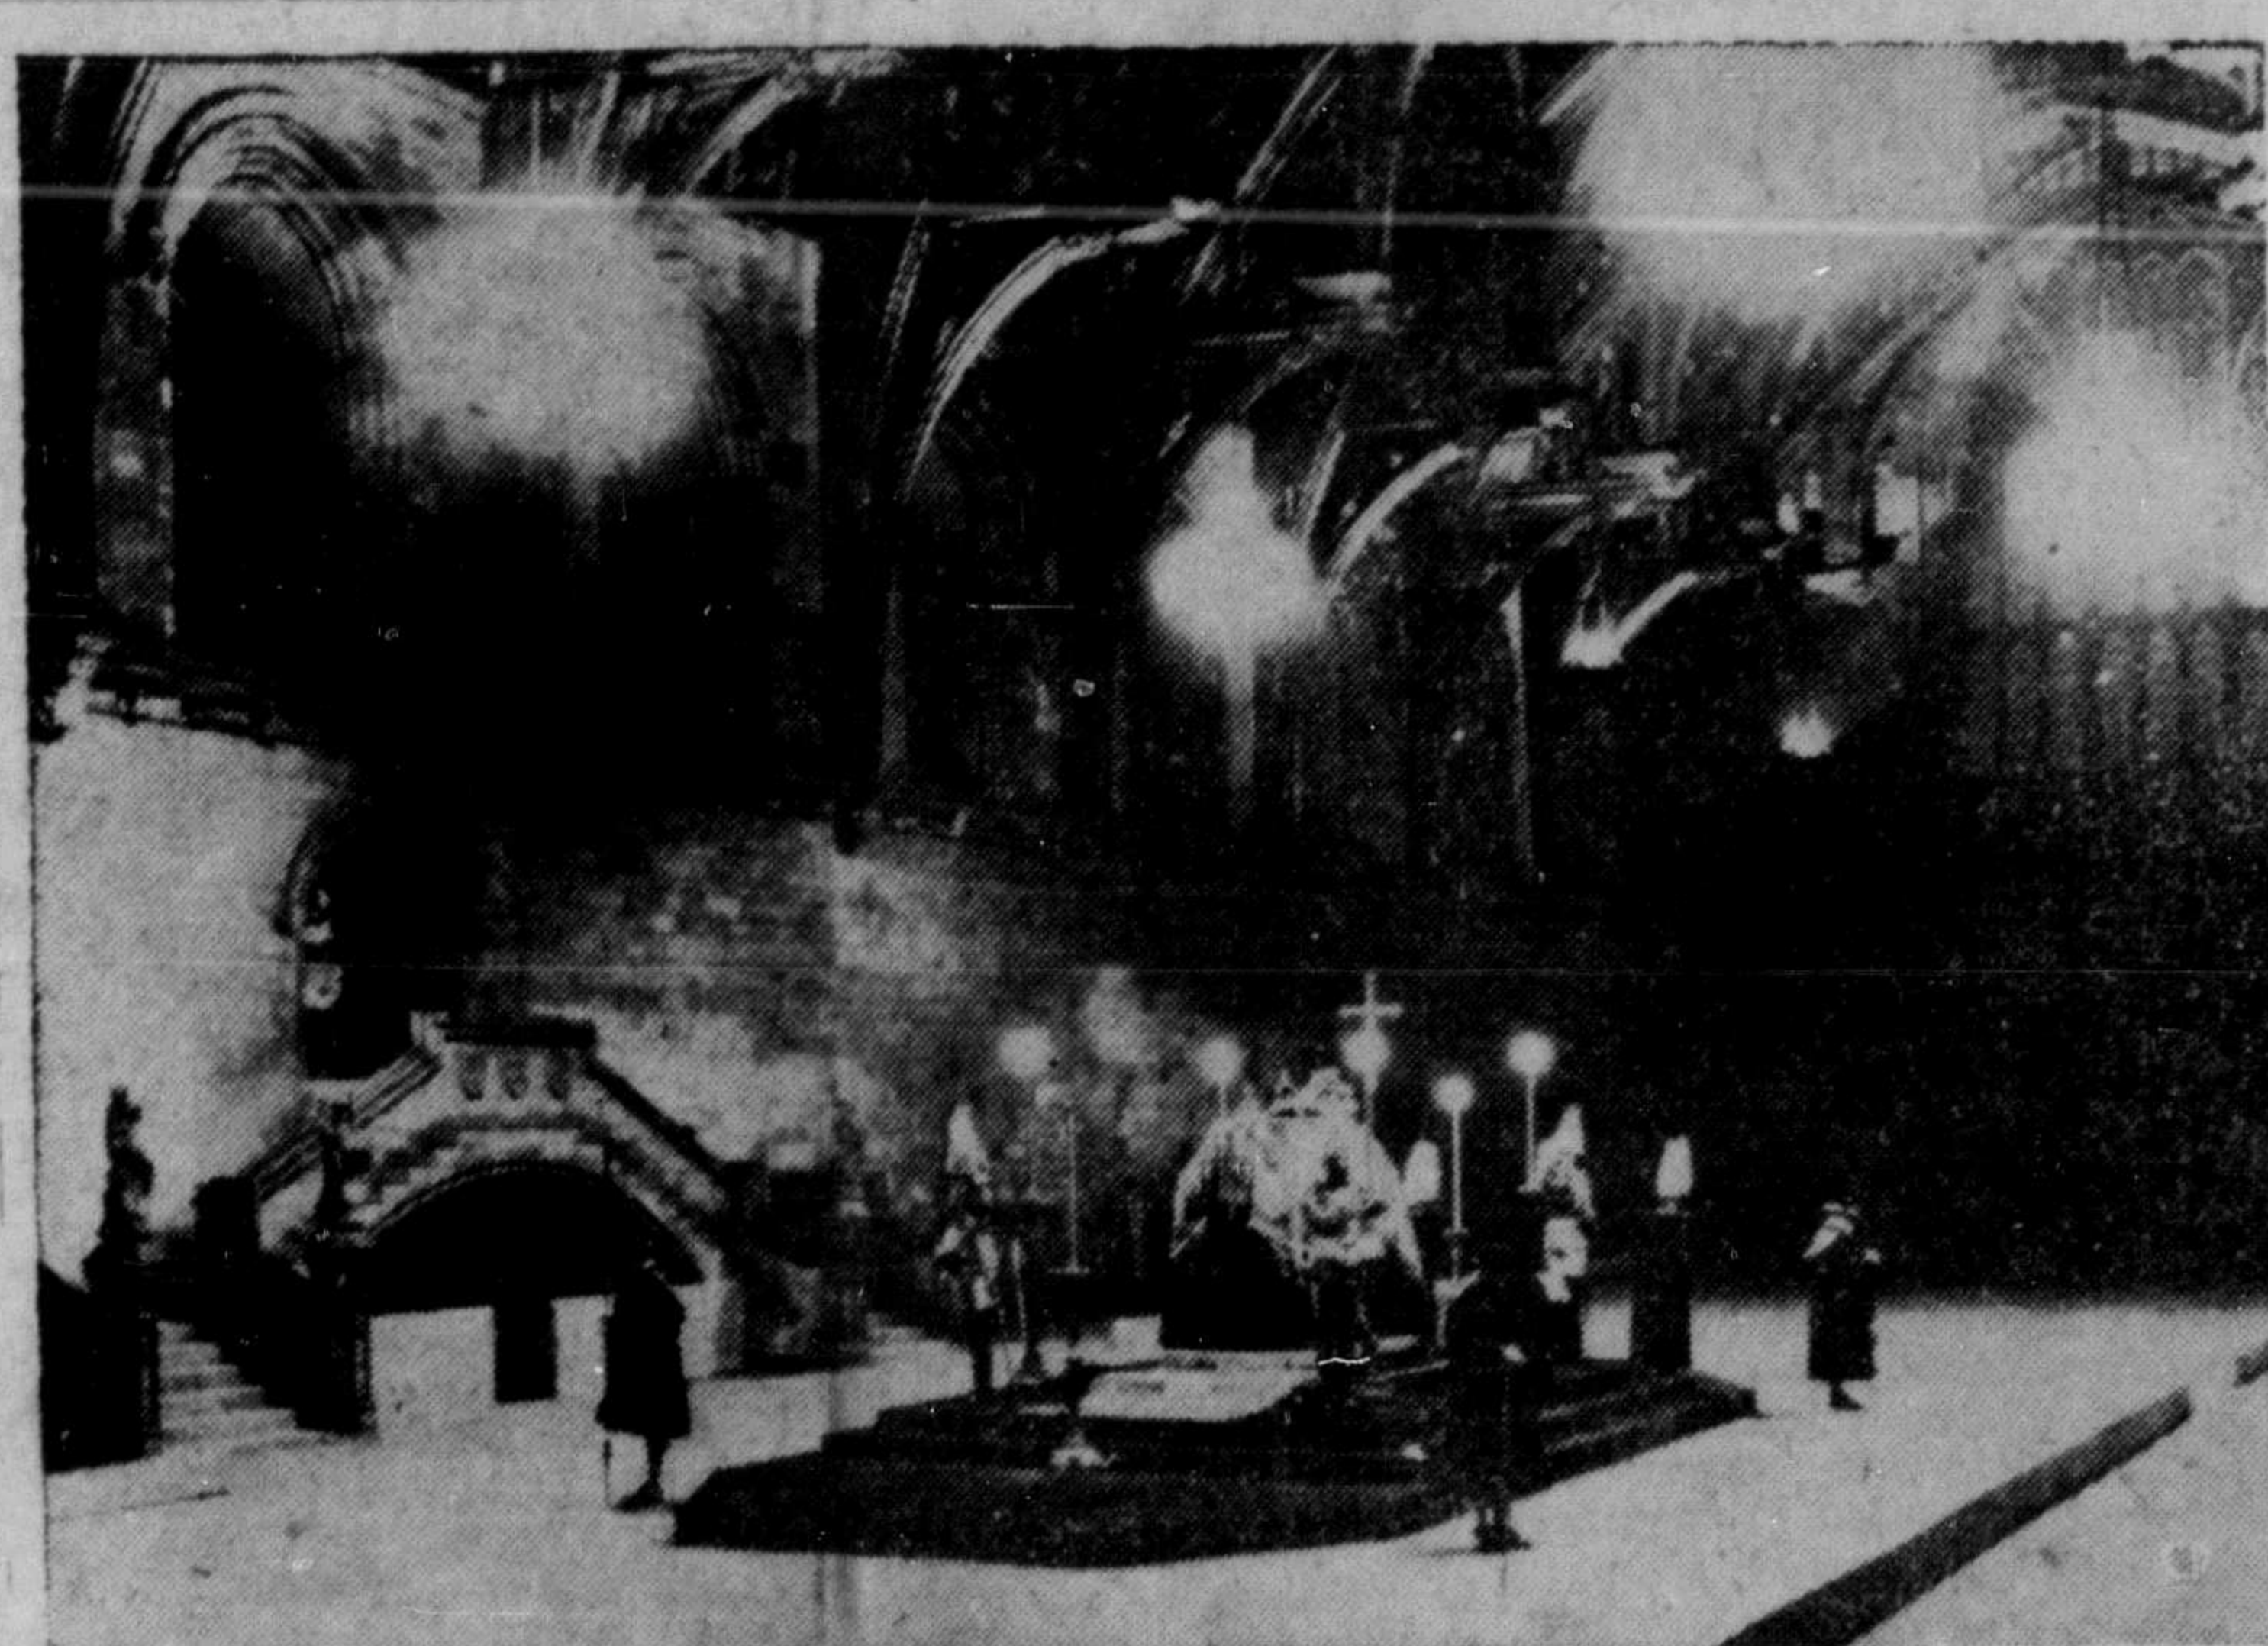

At the Daily News editorial rooms, Ray Anderson and Dick Kilborn crammed for the deadline.

"My mind is kind of blank," said one, faced with turning in a story while minutes slipped away.

What does it really mean? Maybe Sid Gonick, chairman of the Future Citizens Day committee, has the answer:

"It may help to give tomorrow's men and women a little idea of their responsibilities to come."

Mr. Gonick, by the way, was hustled unceremoniously into police office this morning by "Sergeant" Bill MacKenzie and "Corporal" Russell Morrison.

WESTMINSTER HALL—The body of King George VI is now lying in state in Westminster Hall, the oldest part of the House of Commons. In the above United Kingdom Information Office photo the body of King George V is shown lying in state following his death in 1936. (CP PHOTO)

## Forty Thousand Pass By Bier of Monarch

LONDON (Canadian Press)—Through the hushed dignity of great Westminster Hall, somberly clad people of Britain shuffled softly into reverent homage today past the body of King George VI.

### Civic Day Of Mourning

A civic observance of the Day of Mourning for the late King George VI will be held Friday, 11 a.m., at the Civic Centre. Mayor Whalen has asked all civic officials to be present as well as the general public.

The event is held under auspices of the city with assistance by Prince Rupert Ministerial Association.

Silent men bowed before the coffin and passed on. Silent women curtsied to the sovereign in death as they would have in life.

High in the towers of the Palace of Westminster, Big Ben chimed its resounding notes, marking the passage of each quarter of an hour.

As 8 a.m. tolled, heavy iron-studded doors of the hammer-beamed hall swung slowly open.

First to bare his head beneath the freezing wind and walk solemnly into the big stone hall was A. A. Pugh of Liverpool. He had waited on the steps for 13 hours to lead the mourning process.

This 47-year old citizen said he was "one of His Majesty's loyal subjects of the old type—not one of the moderns."

By the time the door opened, more than two thousand persons were waiting in patient line to pay their respects to the King who walked among them in wartime and encouraged them to stand fast against troubles of uneasy times.

By the end of the day 40,000 had filed past the bier.

The throng that stood for hours was a mixture of the common folk of England.

There were early workmen wrapped in trench coats against London's ever-present damp.

There were professional men in bowler hats, carrying umbrellas and brief cases.

Here and there stood a woman in milk.

Most others, including charwomen, who stayed their home coming from nightly cleaning work in offices, were dressed in threadbare coats that mark Britain's austere life.

Mrs. Charles Thefall, telephone operator, joined the patient line at 6 a.m. as she did 16 years ago when George V lay in state in the same cold hall.

"I would have stayed all night if it had been necessary," she said.

One of the quiet London bobbies, on duty at a door, said mourning subjects were being admitted at the rate of 1200 every 15 minutes.

The confined body they came to bow to lay on a purple-covered catafalque reached by four scarlet-carpeted steps. At each corner and at the head and foot a tall candle in a golden holder flickered, at movements of passing mourners.

On the close of the coffin the imperial crown returned the candles flicker with flashes of fire from the vast wealth of diamonds, rubies, emeralds and sapphires.

The oak coffin was draped in the red and gold royal standard.

On it, at the head, was a single wreath of snow-white flowers from the dead monarch's widow, Queen Mother Elizabeth.

Yeomen of the Guard, wearing Tudor robes of the first Elizabeth's reign, stood just off each corner of the edge of the catafalque. Their gold embroidered scarlet robes were surmounted by ruffs. As the Guard changed each 20 minutes their rows of medals tinkled. On duty they stood at stiff attention, their ancient pikes held point downward and resting on a light carpet over the stone floor.

Four hours of the day, from 8 a.m. to 10 p.m., until Thursday night, citizens may pass before the bier while the King's body lies in state.

Friday the bier will be taken by train to Windsor for burial beside the King's ancestors in St. George's Chapel.

### Truman to Sacrifice

WASHINGTON, D.C. — President H. S. Truman said today that he was willing to serve again if he could be of service in preserving peace in the world.

He was willing to make the sacrifice, even to shortening his life, if it would help in winning the peace.

## John Hart Collapses

Former Premier of British Columbia Stricken at Honolulu

HONOLULU (CP)—Former Premier John Hart of British Columbia suffered a heart attack here while preparing to go swimming.

Mr. Hart is resting comfortably in Queen's Hospital after collapsing in his room in the Royal Hawaiian Hotel where he and Mrs. Hart have been staying.

Mr. Hart, British Columbia's first Premier under coalition government formed in 1941, came to Hawaii to join Mrs. Hart who has been in hospital.

Mrs. Hart recovered sufficiently to leave hospital and the two have been holidaying at the Royal Hawaiian.

### —WEATHER—

Synopsis

It is cloudy and cooler throughout British Columbia today. There are scattered showers of rain and snow at many points and these will continue, particularly along the mountains. There will be frequent sunny periods along the coast followed by increased cloudiness tonight.

A fast-moving storm will bring strong winds and rain to the north coast this evening. The effects of this disturbance will spread southward along the coast overnight. Increased shower activity will result in the interior tomorrow.

GALE WARNING — Gale warning issued. Variable cloudiness and a few showers today. Increasing cloudiness this afternoon. Rain beginning this evening, changing to cloudy with showers early tomorrow morning. Little change in temperature. Winds south (20), increasing gradually to southeast (40) by evening and shifting to southwest (30) tomorrow morning.

Lows tonight and highs tomorrow — At Port Hardy, 35 and 45; Sandspit and Prince Rupert, 35 and 42.

PATTULLO BRIDGE — NEW WESTMINSTER — rolls will be lifted from the Pattullo Bridge starting at 6 o'clock this evening.

## Heavy Damage Done as Fire Street Fares Hoses Flood Vancouver School Being Hiked

VANCOUVER (CP)—Vandals turned on fire hoses in Kitsilano High School here early Monday and gave seven hundred students an unscheduled holiday.

One teacher said he did not think it was the students who turned on fire hoses on three floors of the school and did "thousands of dollars" of damage.

All junior classes of the school are closed and seven hundred children were sent home.

One entire wing of the school was flooded and unestimated damage was done to valuable books and paintings in the school library.

Under the plan, the fare rate in Vancouver would be four rush hour tickets for 50 cents and four slack hour tickets for 45 cents.

Slack hours would take in from 9 a.m. to 4 p.m. on week days and all day Sunday, while all other times would be classified as rush hours.

### Little Pay For Piracy

TAIPEH (CP)—Chinese pirates, with lust for gold bars, halted the little British steamer Wing Sang last night but let it go for ransom of \$4,500 in cash and four wrist watches.

Seventy-one passengers dug into their pockets to pay for freedom of the ship which was in Formosa Strait about fifteen miles off the Communist China coast when the pirates opened fire with anti-aircraft guns, bazookas and machine guns.

One Chinese crew member was shot in the leg.

### Douks on Fire Path

GRAND FORKS (CP)—Service was restored on the Great Northern Railway in southern British Columbia Monday after fire damaged thirty feet of trestle bridge near here Saturday.

Police say that Sons of Freedom Doukhobor anarchists are believed to have set the blaze.

## Belgian King's Refusal to Attend George VI's Funeral Raises Crisis

BRUSSELS (CP)—The Social Christian government of Premier Jean Van Houtte was defeated in a vote of Parliament today over Belgium's King Baudouin's decision not to attend personally the funeral service of King George VI of Britain.

A Socialist-Liberal motion, expressing regret at Baudouin's action and blaming the government, was not presented as a vote of confidence, however.

The vote was 91 to 84 with one abstention.

Young King Boudouin has deputed his 17-year old brother Prince Albert to attend the funeral.

The Socialist newspaper Le Peuple said the "decision will surprise and distress Belgians."

It said the government had tried to persuade the king to change his mind.

One explanation is that King Baudouin did not want to go himself because the Prince of Wales, now the Duke of Windsor, instead of King George V, attended the funeral for the Belgian King Albert in 1934.

Another explanation is that King Baudouin resents British criticism of his father, the abdicated Leopold, who surrendered to the Germans in 1940.

Paul-Henri Spaak, Socialist leader, and Albert Deveze, Liberal leader, both called on Van Houtte to resign. Van Houtte began consultations with his party leaders on whether an adverse vote called for his resignation and announced later he would not resign.

Spaak said that the Prime Minister's reason for not resigning immediately was "not valid."

## War Chest For CCF

VANCOUVER (CP)—The CCF decided at the week-end to try to raise \$50,000 for a special fund to be used by the party in its bid for power in the next provincial election.

The party's provincial council also decided at two closed meetings to permit use of mail ballots at the next nominating convention.

The "Unwritten Law"

IN THE tradition of all races, a man fought for his home. The national state is comparatively new in human history; but the home goes back to the cave.

In our sophisticated civilization, in which values seem to be discarded, the home appears to have become a place to sleep and to run away from in an automobile.

Of course, now it is broken but at one time there was an unwritten law among men that they would fight for their home and honor and for their sense of decency.

Puritanical elements in our population built a great nation and if we have liberty and a high standard of living, it is because they made it possible by hard work and strict morality.

And we have not improved our society since broken homes, teen-agers without parental guidance, competition among separated parents for the good-will of their children, became a vogue.

What is most wrong is that the home—the family—is weakening.

When middle age comes and life is empty and there are only regrets, is nothing left for man but to shoot man, or for pages to be filled with vulgarities that leave children at the mere of every mockery?

Great nations fall not because they are conquered. They fall because they grow rotten from within. What is overthrown is an empty shell that still looks solid but is really hollow.

Smaller Houses

THE American "dream house" will undergo great changes in the next five years, predicts Russel Wright, nationally known home and houseware designer, in Pageant Magazine.

Our houses must become smaller. Material costs are very high. Labor costs are up. Servants as we knew them a dozen years ago have vanished.

In the living room use wall storage to eliminate lots of chests and tables. Cover furniture with slip covers or with fabrics which can be wiped clean with a damp cloth.

Eliminate the dining room. Toss it into the kitchen or the living room.

Get rid of the traditional fussy feminine ideals in the bedroom—fluffy curtains, fancy bedcovers, dressing-table skirts, dirt-catcher carpets.

If you're stuck with a small kitchen, make it colorful and comfortable as possible. Have table and counter surfaces that won't stain or mar.

The present young homemaking generation faces a problem of remaking itself such as few generations before it have ever known.

Scripture Passage for Today

"Mary... sat at Jesus' feet and heard His word." —St. Luke 10:39.

NO SNAKES

New Zealand, the Azores and Ireland are believed the only countries in the world without any varieties of snakes.

RARE OMENS

In ancient times comets were regarded as omens of sudden death, war, revolution or other great events.

TORONTO FLOOD—Sixty residents fled their homes this week to escape raging waters of Toronto's suburban Highland Creek which flooded its valley overturning sheds and automobiles in its path.

Court Hears More Appeals

Valuation of \$100,000 Asked For New Apartment Building

At least one 1952 tax assessment was recommended reduced as 10 more appeals were dealt with at the civic court of revision here yesterday.

While City Solicitor T. W. Brown, QC, recommended the assessment be reduced, he also pointed out to the court that \$800 was "an extremely high figure" for yearly depreciation of a building worth only \$3,000.

Net revenue from the property, she said, amounted to "approximately \$125 a month."

Mr. Long contended, in a prepared brief, that the valuation rate of 80 cents a cubic foot used in assessment was too high for the type of building.

There are 29 appeals protesting increases in improvement assessments of \$306,500. Three appeals had not been presented until adjournment yesterday.

There are 29 appeals protesting increases in improvement assessments of \$306,500. Three appeals had not been presented until adjournment yesterday.

Wool Makes Cash For Commonwealth

LONDON (Reuters)—Wool has proved a golden fleece to Britain and the three wool-producing Dominions—Australia, New Zealand and South Africa.

In six years they have made a profit of £170,610,000 from sale of wartime stocks of 10,500,000 bales.

The figure was announced in accounts of the joint organization set up to sell wartime wool surpluses—U.K.-Dominion Wool Disposals Limited.

The British government bought up the wartime surplus to aid the Dominions. Profit from sales is divided equally, half to Britain, half to be split among the Dominions.

The wool which brought the record sum originally cost only £6,000,000 at wartime prices—some 700 per cent profit.

The organization now has sold all its stocks and is going into voluntary liquidation.

Heads Roll in Graft Clean-Up

TOKYO (Reuters)—Heads are rolling in all departments following the worst year of government corruption and embezzlement in Japanese history.

Under the "house cleaning" program of Prime Minister Shigeru Yoshida, more than 1,000 dishonest tax officials out of a total of 60,000 have been dismissed each year since 1949.

The campaign is believed to have a secondary motive—to dislodge more than 120,000 surplus civil servants.

Most Japanese think the dismissals will not put a stop to government corruption. As in other parts of the east, they say corruption is the age-old privilege of public service and will remain as long as government pay cheques continue to be almost uselessly small.

ray... Reflects and Reminisces

Jumping at conclusions may be said to be about all the exercise some folks get.

British Columbia's boom continues to form a live subject for conversation or be the ground-work of a published news article. Nothing to equal it has ever been experienced before and this cannot be honestly denied.

"The Indians are trying their best to be good citizens," says the Minister of Labor, speaking of beer parlor sales to the natives. And it could be added that this can't be said of everybody in British Columbia.

NOT ALL GONE

It is unhappily true that Prince Rupert old timers are fewer, yet not to the extent some possibly think. While hundreds have not been seen here for years, it does not mean all have gone to realms of bliss.

The process of growing up is essentially one of exchanging outer for inner control.—EX.

LET'S HOPE SO!

Prince Rupert juveniles rejoice in a scant enough length of time in the ice rink, started originally for curling purposes, and which has been more than forty years coming. It all helps illustrate how much local young people miss real winter sports.

HIGH BARRIER

The Cottian Alps on the French-Italian border have more than 30 peaks exceeding 10,000 feet altitude.

Shocked Over King's Death

HALIFAX — "News of the King's death came to all of us as a great shock," Chris Thomson, Paisley, Scotland, said at the week-end aboard a Canadian National Railways boat train enroute to Vancouver.

"We all thought that His Majesty had fully recovered following his operation last fall," said the Scottish lassie, one of six who will become domestic here, "and word of his death was quite a surprise to us." Upon arrival they rounded up copies of newspapers to read full details.

The passengers, including a large number of prominent persons from Britain and returning Canadians, left here in two CNR boat specials for as far west as British Columbia.

They included 12 for Maritime destinations, 79 for Quebec, 321 for Ontario and 104 for Western Canada.

Going to Montreal to take up residence there is Viscount Hardinge, A.D.C. to Canada's Governor General Lord Willingdon 1926-28. He is accompanied by Viscountess Hardinge, granddaughter of the late Sir Sanford Fleming, eminent Canadian scientist, and their daughter Canon Carolyn.

Among the prominent returning Canadians were Miss J. C. Tupper, sister of Sir Charles Tupper of Winnipeg, arriving from a visit to Britain.

Visitors also included Mrs. S. Rizan, sister-in-law of the Turkish charge d'affaires in Ottawa, and W. W. Waters, civil engineer CNR, Prince Albert, Sask., and Mrs. Waters.

Laredo Inlet Woman Dies

Mrs. Elisa Bessie Becker, 86, mother-in-law of a well-known north coast logging camp operator, died at Laredo Inlet Saturday.

Born in Salford, Ontario, Mrs. Becker came to British Columbia 4 1/2 years ago from High Prairie, Alberta. Surviving her is a daughter, Mrs. Stella Hermanson of Laredo Inlet.

The Hermansons, formerly of Prince Rupert, operate a logging camp in the Klemtu area.

Remains will be sent to Alberta. B. C. Undertakers are in charge of arrangements.

LETTERBOX

SECOND'S MAJOR POULTON

Editor, Daily News:

Could I beg space to second Major Poulton's letter of February 8 praising your editorial of February 6.

The writer would like to question whether the authorized version of the Bible would be the standard contemplated and to what extent the Ministerial would wish to entrust principals in schools where they teach evolution from apes.

Let us put on the whole armor not of man but of God to combat any person community or nation who would destroy our belief in our great Creator.

I believe it would be fitting to fill your Letter Box this week with discussions of church and state in memory of the late King and in honor of Queen Elizabeth II.

FAY B. GAMBLIN.

Restaurant to Change Hands

A new type of service is to be offered to restaurant-goers when Len Cochlin takes over Three Sisters Cafe, recently purchased from F. J. Hicks. Mr. Cochlin, who took over management of Prince Rupert Dining Room earlier this winter, plans to install a delicatessen service in the Third Avenue cafe. Plans also call for complete renovation of the kitchen and full restaurant service also will be given.

Juneau Haircut Raised to \$1.50

JUNEAU — The eight barbers doing business here have raised haircuts and shaves. A haircut, with the service tax, will be \$1.50 and shaves with the tax, \$1.25.

The barbers say they are merely increasing costs to the level of those in the other southeastern Alaska cities.

Production Of Lumber At New High

MONTREAL (CP) — Canadian lumber production reach an all time high in 1951, with a cut of approximately 8,779,405,000 board feet, official statistics issued on Monday show.

The figures, issued at the annual meeting of the Canadian Lumbermen's Association, show a rise of 320,000,000 board feet over the 1950 cut and an increase of five per cent.

Viscount Swinton, British minister of materials, in a message to the meeting said in part:

"Although we will have to limit our import of lumber in 1952 yet what still remains to be shipped against purchases already made and such new buying as may be done by private traders, we shall be bringing in substantial quantities from Canada this year."

Churches to Combine King's Memorial Service

Prince Rupert's public memorial service to late King George VI will take place at Centre at 11 a.m. Friday, the funeral day, announced by the Prince Rupert Ministerial Association.

It will be an interdenominational demonstration of mourning.

Rev. Dr. E. A. Wright, president of the Prince Rupert Ministerial Association, will occupy the chair and the memorial address will be delivered by the Bishop of Caledonia, Rt. Rev. James B. Gibson, D.D.

An epistle will be read by Rev. F. J. Rayner, O.M.I. Assisting clergymen will be Rev. L. G. Sieber, Rev. H. O. Olsen and Rev. Fred Antrobus.

Combined choirs of city churches will lead in the musical program with the Prince Rupert Shrine Band and the Prince Rupert Symphony Orchestra also participating.

Navy and Army reserve units will parade to the service. Mayor Harold Whalen and other officials will attend.

Teen-Agers Car Victims

LEBANON, Oregon (CP) — Four teen-agers were drowned Sunday when their speeding automobile plunged into fifteen feet of water nine miles north of here. Two others were injured. Bodies of the victims were recovered.

Council Asked For Aquarium

Suggestion by a Prince Rupert citizen that an aquarium be erected and maintained by the city met with cool response at council meeting last night. John Saachi, in a letter, made the suggestion.

He wrote that it could be an attraction for tourists and would help to beautify the Canadian National Railways park area if erected there.

"Move it be filed," proposed Ald. H. M. Daggett, with a chuckle.

Ald. George Casey interrupted: "I think any suggestion that may help to draw tourists should be considered."

It was referred to the parks board.

### Personals

Dougall Frizzell returned to the city on yesterday afternoon's plane from a business trip to Vancouver.

Dale L. Pitt, managing director of Silbak-Premier mine, was a passenger aboard the Camosun today going through to Vancouver on company business.

J. R. D. White and R. C. Edwards of Prince Rupert and Robert Mallory of Masset were members of a party of fisheries officers which sailed today on the Camosun for Vancouver to take a course at departmental headquarters.

According to a Victoria announcement, C. J. Norrington, pioneer of Prince Rupert and now at Terrace, has been appointed a member of the board of management of the Terrace and District hospital for a term of two years.

### Committees Appointed

Chairmen and members of city council standing committees were appointed by Mayor Harold Whalen at city council last night, following the recent election of two aldermen.

**Finance**—Ald. Mike Krueger, chairman; Ald. George Hills, H. F. Glassey and W. J. Prusky.

**Board of Works**—Ald. Hills, chairman; Ald. Krueger, Prusky and John Currie.

**Health, social assistance, police and licensing**—Ald. Darrow Gomez, Ald. H. M. Daggett, H. F. Glassey and Currie.

**Utilities**—Ald. Daggett, chairman; Ald. Casey and Gomez.

**Pioneers' Home**—Ald. Casey, chairman; Ald. Glassey and Gomez; Hugo Kraupner and Mrs. A. Giles.

**Library**—Ald. Currie, T. B. Black, A. D. Ritchie, Mrs. W. S. Kergin, Mrs. B. S. Prockter, E. S. Boulter.

**Housing and zoning**—Ald. Daggett, Currie and Casey.

**Wage committee**—Chairmen of all standing committees.

**Public relations**—Ald. Glassey, Civic Centre committee—Ald. Casey and Prusky.

**Hospital board delegate**—Ald. Hills.

**Museum**—Mrs. Nora Arnold.

### Co-op Has Dividend

More than \$8,000 in the form of 4 1/2 per cent patronage funds is being returned to members of Kaien Consumer Co-op this year.

Operating two retail stores, the Co-op's sales totalled \$223,000 in 1951. There are 650 members.

**BELLIS PRESIDENT**  
C. R. Bellis was re-elected president for his seventh term. F. W. Grimble is vice-president and Michael Krueger is treasurer.

New directors are: Mrs. Mabel Rye, Mrs. Donders, W. H. Brett and William McKenzie. All but Mrs. Rye, Mr. MacKenzie and Mrs. Donders have served on the board before.

Future plans of expansion would depend largely on action of Prince Rupert Fishermen's Co-operative Association, members decided. The PRFA is investigating possibility of separating its producer and consumer branches.

### Would Speed Negotiations

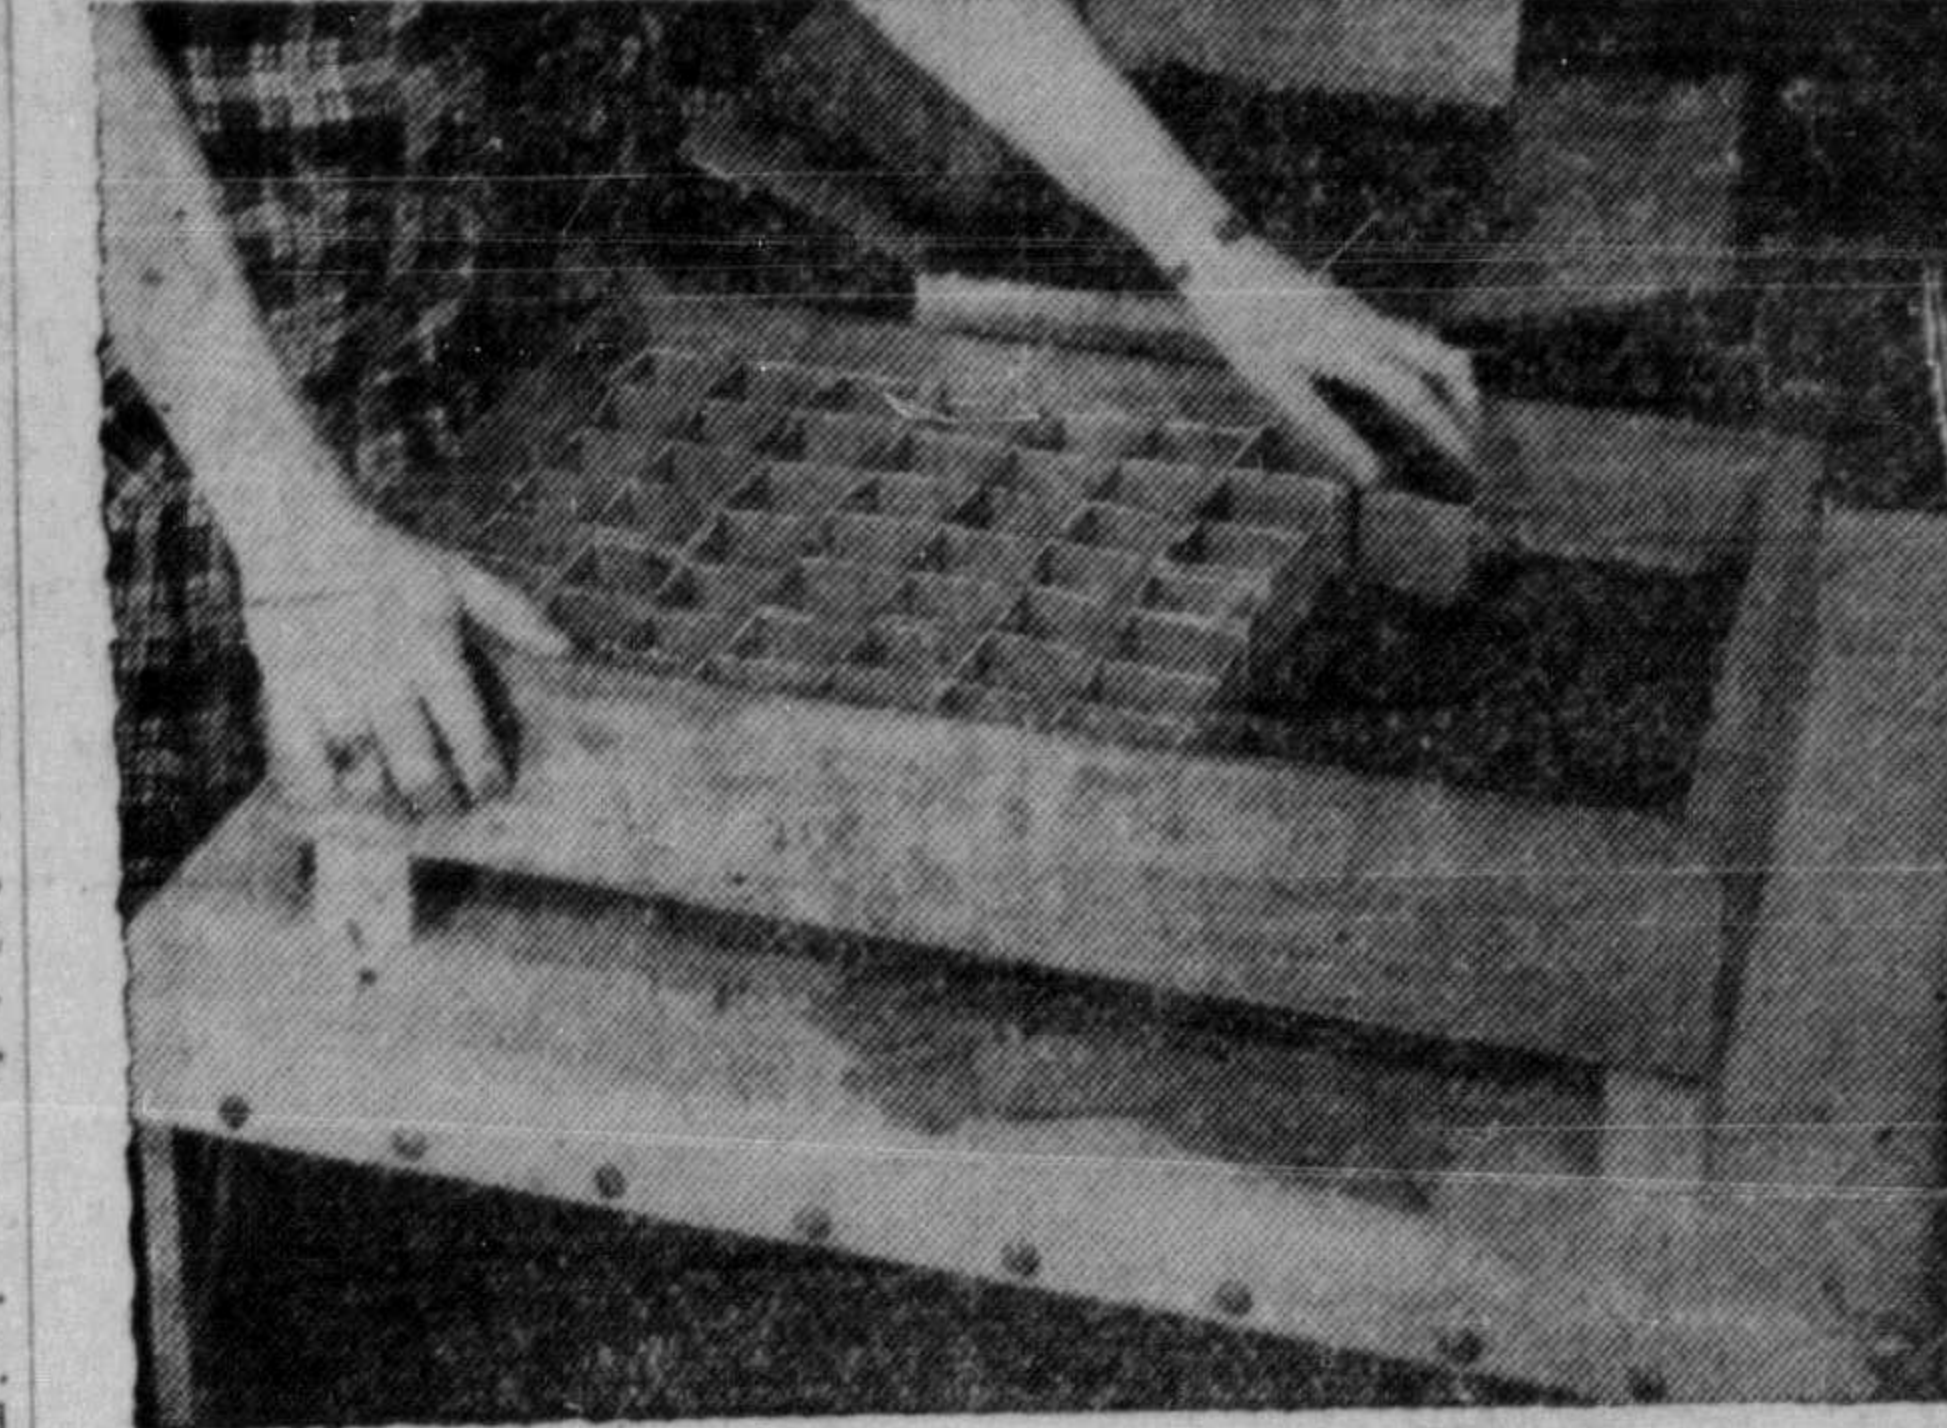

The city is "anxious to start negotiations" with British Columbia Power Commission regarding future power supply here.

A letter from the Commission read at council meeting last night said the Commission was "willing to meet city representatives" at Victoria.

Commission also asked if the city would want to await findings of the Public Utilities Commission hearing regarding the assets of Northern B.C. Power Company Ltd.

Ald. George Casey called this "delaying tactics."

### HOUSEKEEPING

SEED BOX SHOULD BE DEEP ENOUGH TO NOURISH PLANTS

If you plan to start flower or vegetable seeds indoors this spring, before it is safe to sow them in the garden, don't pave the way of failure by using inadequate equipment.

Seeds can be sown on a moist piece of blotting paper, but they will not grow into plants without sufficient soil, or soil substitute, to allow their roots to develop without crowding.

A stout wooden box which holds at least two inches of soil is adequate. The standard "flat" used for the purpose is sold knock-down, in sizes from 14x21 1/2 to 15 x 24 inches.

To fill them, porous soil is required, or a substitute. Vermiculite and sphagnum moss are good substitutes, but neither has any nourishment on the plants.

Soil will nourish the plants without chemical feeding and many amateurs prefer it for this reason. If you did not bring some of your best garden top soil into shelter last fall, then dig it during the first thaw, and allow it

to dry out gradually in a garage or cellar. If thawing soil is heated, it will dry fast, but form clods which cannot be broken up. When dried slowly, good soil will crumble and can be mixed with sand and humus.

A mixture of one-third top soil one-third, sharp sand, and one-third peat moss or humus, will make a good soil for flats. These should be well mixed, and passed through a sieve to get all lumps out. When you fill the flats, put the lumps in the bottom, and only the finest soil on top.

Light may be a limiting factor when seed box is kept in a window of your home. A south window that gets the full sun, unshaded by trees and neighboring buildings, will usually be sufficient.

With other exposures artificial light, which has been proved to serve the purpose, can easily be provided. Hang a lamp above the box, and let it burn all night. A 40-watt fluorescent lamp can be hung a foot above the box, but a tungsten lamp should be high enough so that it does not bring the temperature of the box higher than 65 degrees at night.

**More Beautiful to live with...**  
after  
**Duracleaning**

For economy and convenience... have your upholstery and floor coverings Duracleaned by experts, right in your home. Watch the unusual care with which these craftsmen beautify your furnishings.

**Duraclean** means your fabric lasts longer because this modern, safe cleaning process eradicats strong soaps and chemicals which so often harm the dyes or fabric. Longer life too, because there is no wear, no breaking of fibres caused by machine scrubbing.

This patented service is recommended by America's leading furniture and department stores.

**What Makes Duraclean "Different"**  
It cleans by absorption!  
Embedded dirt and grit are first removed by "deep suction." Many cleaning methods leave enough dirt-laden soap in your rugs and upholstery to cause "matting" or "rapid re-soiling." Duracleaning avoids this.

**Duraclean** foam loosens and absorbs sticky soil and stains, holding this grime in suspension above the surface until removed.

No inconvenience! Duracleaned fabrics are dry in just a few hours. Special ingredients re-enrich wool fibres. Rug pile unsmats and fluffs. Colors revive. Your fabrics are left clean, fresh, enlivened... your home is more beautiful to live with.

**Duraclean**—If you wish, you may at the same time have your floor coverings, upholstery, clothing or furs Duracleaned. You have 4 years protection against damage from moths and carpet beetles. Also protects against mildew. The annual cost is lower than employing less effective moth solutions yourself. Have your fabrics Duracleaned today—before damage develops.

### Full-Time Assessor

Job of Revaluation Expected To Take Two Years

A full-time assessor will be engaged by the city following decision by the finance committee to re-assess the entire city.

Ald. Mike Krueger, finance committee chairman, reported to council last night the job was expected to take two years.

Objection was raised to recommendation by Ald. Krueger that the assessor be appointed for two years "following which other duties be incorporated with this position."

Ald. George Casey said city council "should not tie itself down" to one assessor for such a long period.

Finance committee members explained the term was inserted "merely to give an idea of how long the actual assessing job will take." The stated term was later withdrawn from the motion.

If you want to sell it, advertise in News classified.

**Mrs. Gene Autry Compares Blue Bonnet — Loves Its Taste!**

Accept an invitation from Mrs. Gene Autry. Compare BLUE BONNET Margarine with any spread at any price. Like the Western Star's wife, you'll love the delicate, sunny-sweet flavor of Canada's fine-quality all vegetable margarine. You'll appreciate BLUE BONNET'S nutrition. And you'll welcome its real economy! So buy BLUE BONNET and get "all 3" — Flavor, Nutrition! Economy! Use it cooking, on vegetables, as a delicious spread.

BLUE BONNET margarine is sold in two types — regular economy package with color wafer and also in the famous YELLOW QUICK bag for fast, easy color.

### "Difficult Day?.. Take a Disprin"

Why DISPRIN? Because DISPRIN is soluble and substantially neutral. When taken in water as recommended, it enters the stomach as a true solution and not as undissolved particles. It is therefore less liable to cause stomach discomfort.

DISPRIN is readily absorbed. Because it definitely dissolves (not merely disintegrates) DISPRIN permits speedy absorption and gives quicker relief.

DISPRIN is palatable. Even children will take it readily.

#### Science Progresses

For 50 years we have used little white tablets—acetylsalicylic acid—for relief of pain. Today this familiar pain-killer is available in a new form without the disadvantages of acidity, insolubility and bitter taste. It is called 'DISPRIN' and is sold at drugists everywhere.

'DISPRIN' is available in Bottles of 26 tablets or Handy Pocket Folders of 8.

Available for immediate delivery. Only \$10,500.00. Apply Box 296, Daily News, or direct to Central B.C. Lumbermen's Co-op Ass'n., Burns Lake, B.C. (43c)

## BLACKWOOD on Bridge

By EASLEY BLACKWOOD

### Partner Can Defeat a Champion

"If I had myself for a partner, I'd be unbeatable," proclaimed Mr. Champion, modestly. Nobody paid any attention to this routine remark from the great man.

He was referring to the fact that he had made a fine defensive play but Mr. Muzzy had loused it up and let Mr. Dale make his contract.

This hand illustrates the wisdom of playing your best, even with an apparently hopeless hand. When Mr. Muzzy opened the king of spades, many players would carelessly play the deuce from the East hand. After all, why should you encourage the continuation of the suit? You have no high honor in it and you can't ruff the third round.

### SCREAMS SIGNAL

But Mr. Champion's thinking went a little farther than that. He saw a way to make his king of diamonds — if Mr. Muzzy would cooperate. This card

## Phil Linzey's 15th Birthday

Celebrated by Credit Grantors  
 —See Film—Greet  
 Breakfast Club Executive

Prince Rupert Retail Credit Grantors' Association, at its monthly meeting last night, observed the fifteenth birthday of P. H. Linzey, manager of the Prince Rupert Credit Bureau. Mr. Linzey was a Leap Year baby, having been born on a February 29. They had a cake in his honor on which there were sixteen candles but Mr. Linzey explained there should have been only fifteen since there had been one period of eight years between February 29's.

As the birthday cake was uncovered, the meeting sang "Happy Birthday!" Other gifts included a huge autographed birthday card and a carved alder "credit club," a wicked-appearing bludgeon supposedly meant for collecting from would-be deadbeats.

Cake and coffee were served and a social hour enjoyed.

This occurred after the other proceedings of the evening which included the showing of an impressive film entitled "Big Idea," loaned by Swift Canadian Co. and having as its theme a depiction of the blessings of personal freedom in a system of competitive free enterprise. The Big Idea, as emphasized by the picture's moral, was that in this country the individual is free rather than being a slave to the state.

Frank Brown assisted by operating the projector of the Prince Rupert Film Council.

The meeting delegated Mrs. Catherine Laurie to represent the association at the Canadian Credit Conference to be held in Vancouver next week.

Mrs. Laurie will also attend sessions of the Pacific Northwest Council of Canadian Women's Breakfast Clubs and, on her return, will bring back Mrs. Doris Taylor, the recording secretary of that body, to install officers of the newly formed Breakfast Club here.

The meeting also considered ways and means of expanding membership.

Guests at the meeting were executive members of the Breakfast Club—Mrs. Jocelyn Bolton, president; Mrs. Paul Rickwood, vice-president; Mrs. Catherine Lawrie, secretary; Mrs. Ella Good, treasurer; Mrs. Yvonne Bowes, Mrs. Lorraine Dell, Mrs. Mary McLeod and Miss Marisa Windle—who later had a meeting of their own.

### COUGH SAVED MONEY

DENHOLM, Sask.—A coughing spell dislodged a peanut from the lung of two-year-old Brian Bolon. Denholm citizens had already raised a fund to send the child by air to Montreal for a surgical operation to remove the peanut.

### LAND REGISTRY ACT

Re: Certificate of Title No. 2205-I to Lots Nine (9) and Ten (10), Block Twenty-eight (28), Section (8), City of Prince Rupert, Map 923.

WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of William C. Bailey has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a Provisional Certificate of Title in lieu of said lost Certificate, unless in the meantime valid objection be made to me in writing.

# In the WORLD of SPORT

## Biggest and Best Winter Olympics Open Thursday

OSLO—(AP)—The sixth winter Olympic games, biggest and best ever, open Thursday in an atmosphere remarkably free from international bickering except for a dispute over the bobsled run.

Many nations have entered competitors including 39 Canada, Japan and Germany return to Olympic competition for the first time since the Second World War, both the good teams. The weather is favorable and Norway is building with enthusiasm.

These are the first winter games ever held in a world capital, the rest taking place at ski resorts. So the small, chilly crowds of the past will be replaced by vast throngs of sports-loving Norwegians, plus some 10,000 tourists.

When the special ski jump takes place Sunday, Feb. 24, at Hamkollen, high over Oslo, at least 150,000 spectators are expected. It's the only ski jump in the world with great grandstands encircling it.

The argument over the safety of the bobsled run—first ever built in Norway—arose when the four-man United States No. 2 sled and an Italian sled went off the course on the third turn. Deaths were voiced to rebuild the curve but the Norwegians turned a deaf ear.

The only shadow over the games has been caused by the more throaty speed skater Halvar Andersen. Better known as "Yalis," he is Norway's athletic demigod—particularly to the young girls.

**NORWEGIANS DOMINANT**  
As usual, the northern country will be dominant. There is no Olympic team championship but an unofficial basis Sweden won the 1948 games at St. Moritz, followed by Switzerland, the United States, Norway, and

## B.C. Curling Championship Coming Up

KIMBERLEY—The British Columbia Curling Association may adopt a zoning system of playdowns to determine a provincial champion if a motion to be presented to next year's meeting is adopted.

This would separate the provincial playdowns from the B.C. Brier and thus ease the draw burden at the 'spiel'. A committee has been formed, headed by Donald MacDonald of Trail, to draw up a schedule and present it to the association.

The meeting here set a precedent by granting the B.C. Ladies' Curling Association associate membership in the provincial body.

The move will give recognition to the ladies if and when an international women's event is staged.

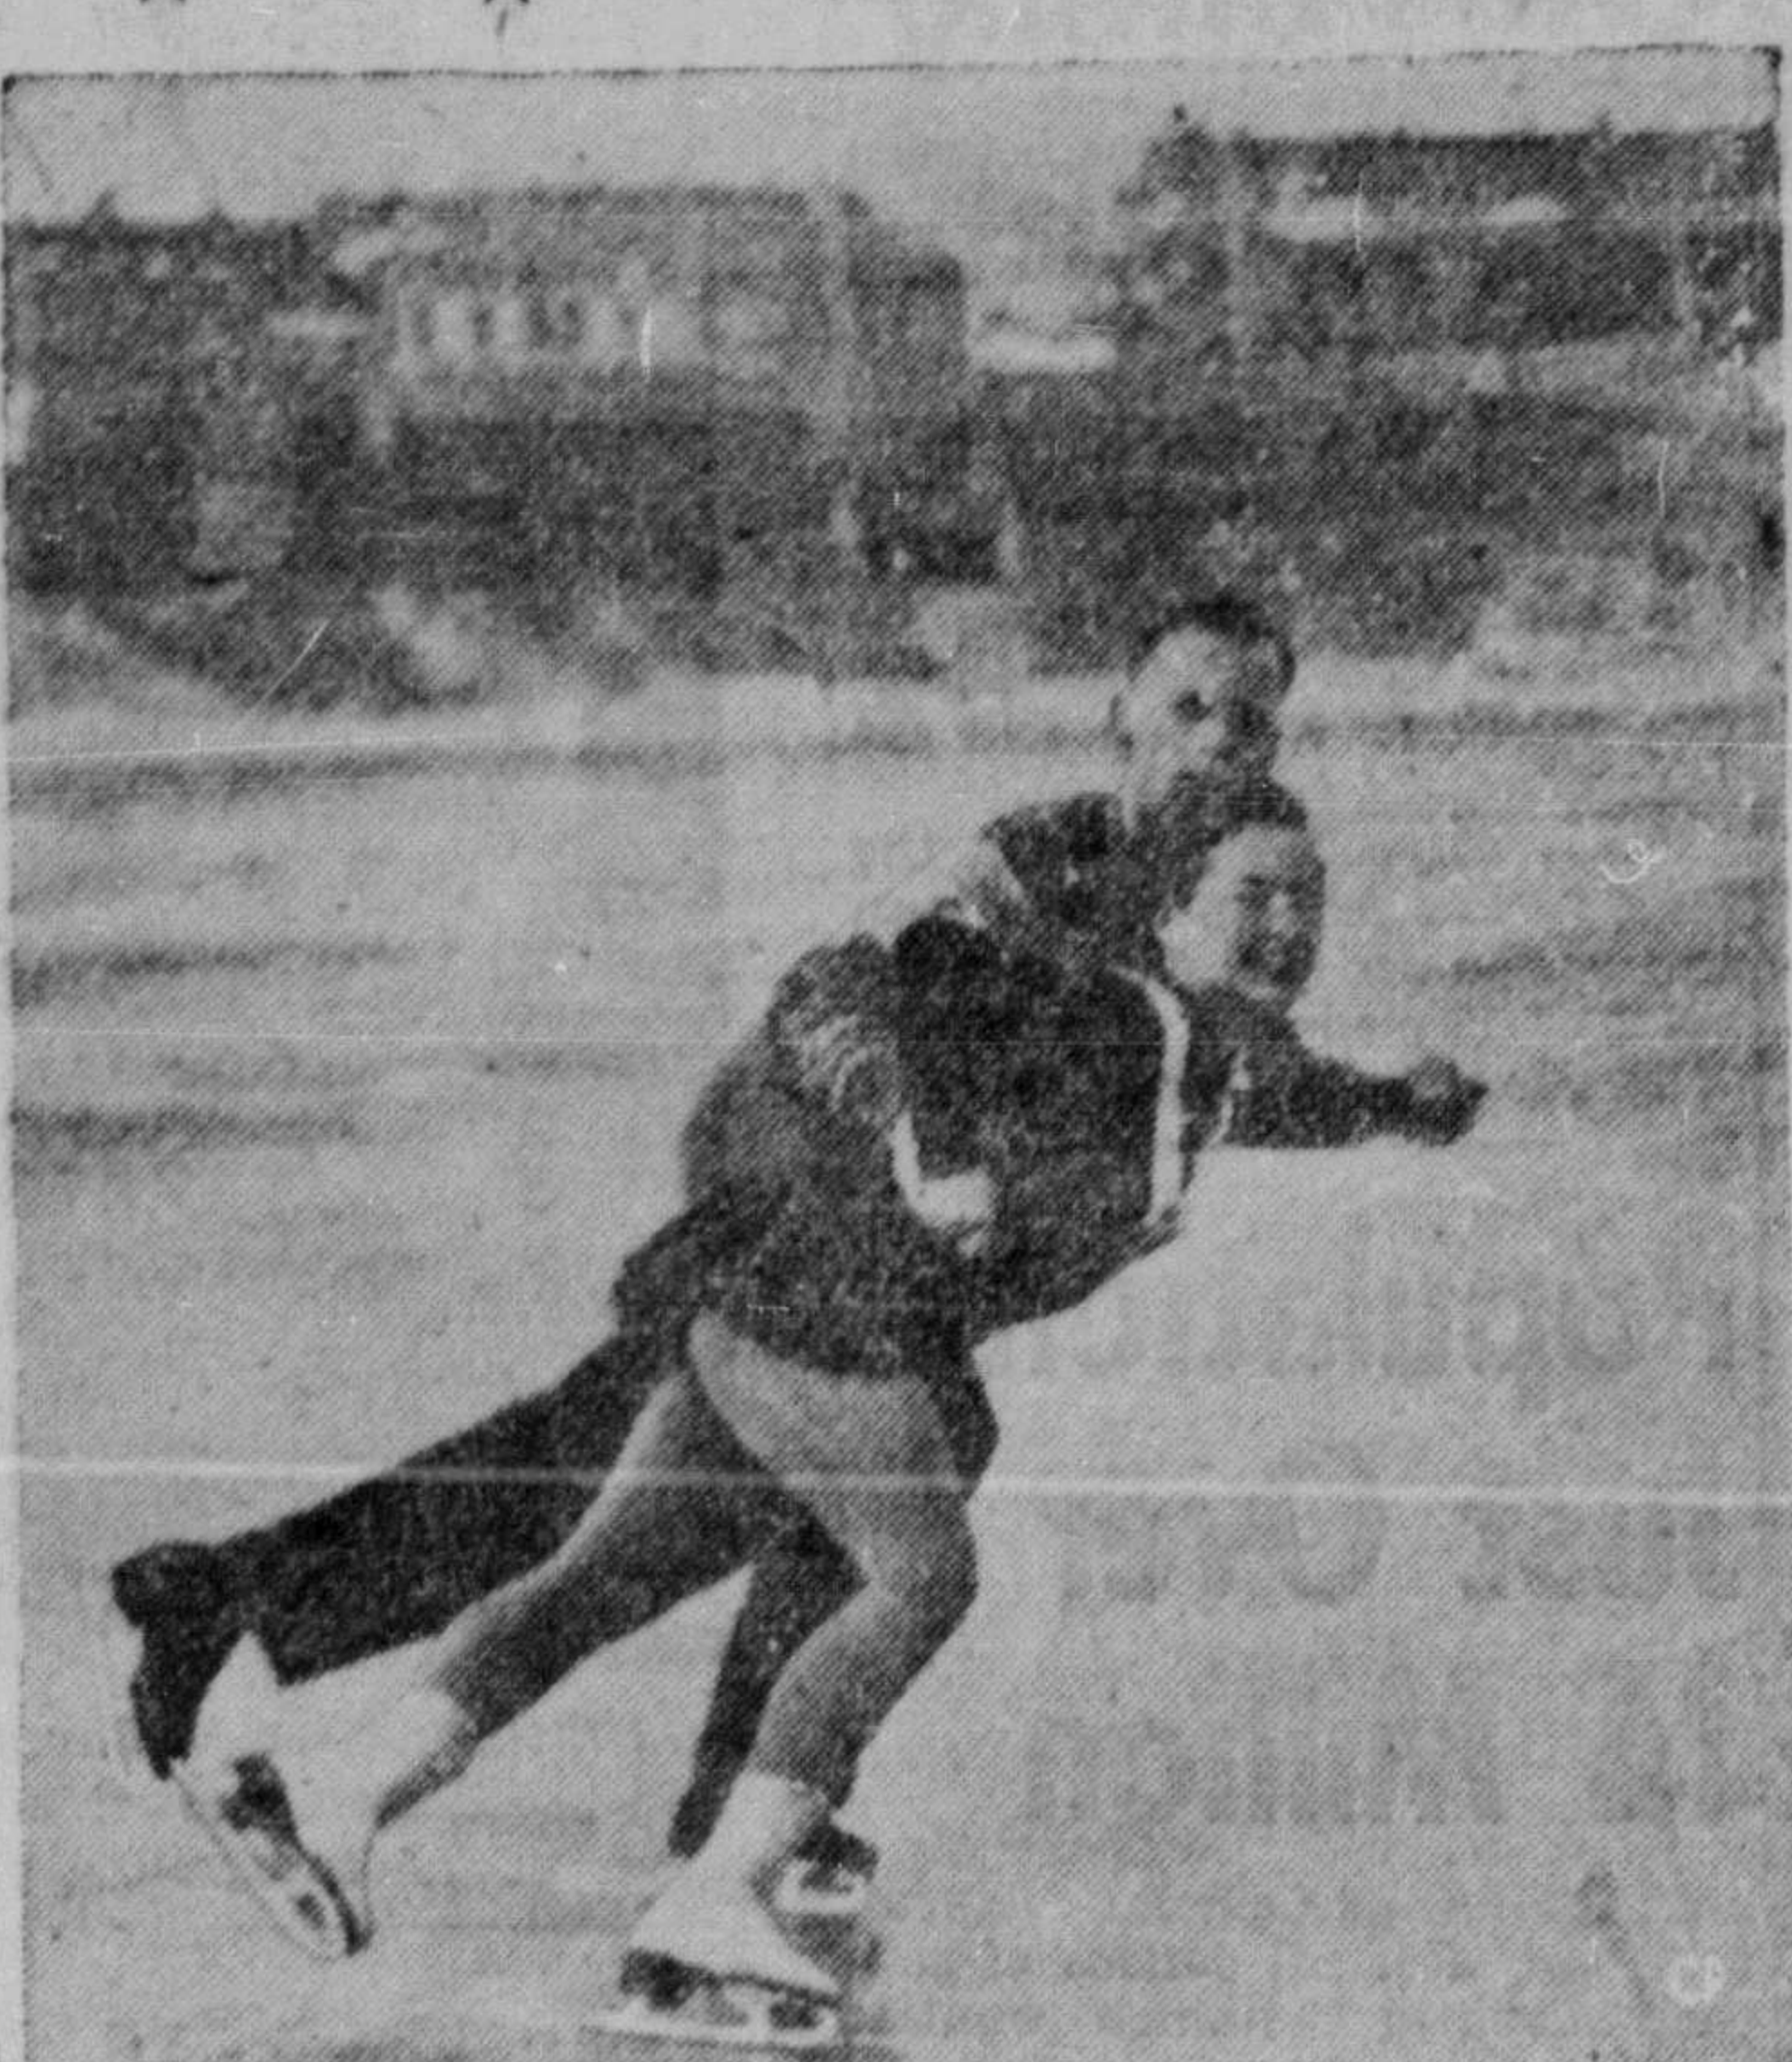

Five new members became affiliated with the association, bringing total membership to 45. Additions were Williams Lake, Peachland, Merritt, Invermere and Revelstoke.

One of the 1953 B.C. Brier 'spiel' was Vernon. This will be the first time the 'spiel' has been held outside the Kootenays.

Dolph Browne of Vernon was elected president of the association in 1952-53, succeeding Erikson of Cranbrook. R. J. Johnson of Trail was elected president and A. B. Gilker of Salmon was re-elected secretary.

PRACTICE AT OSLO—Frances Dafeo and Norris Bowden, both of Toronto, Canadian pairs figure-skating champions, are shown in their first practice at Bissett Stadium, Oslo's huge outdoor rink. They are given a chance of picking up some points for Canada in the Feb. 14-25 winter Olympic Games. (CP PHOTO)

## on the ALLEYS

With the Mixed League—

H. Copeland topped the league bowling Wednesday night with his high single of 317 and high three of 759. In "A" division, G. Wilkins captured honors for the ladies with a 259 single and Betty Dunbar raised first with 643 for high three.

Team high single and high three score of 1,284 and 3,562 both fell to Wallace's. In "B" Division, the ladies' high single was bowled by C. Dorosh with 275. L. Keays bowled the three highest totalling 636. In the male section, G. Olsson came first with a single of 235 and J. Georgeson bowled 644 for tops in three games. Team high single fell to Conrad Seals, scoring 1,107. The triple high total of 3,116 was bowled by Pioneer Market.

**RESULTS**  
A Division—Phil's Shoe 4, Cook's 4, Fashion 3, Wallace's 3, Penguin Hobby 3, P-shovers 3, Cantels 1, Mac-pippers 1, Can. Gen. Electric 1, Shentons 0, Canada Life 0.

B Division—Hi-Golds 4, Sons of Norway 4, Pioneer 3, P. R. Plumbing 3, Booth One 3, Conrad Seals 2, Miller, Bay 1, Red Devils 1, B. C. Packers 1, Rupert Butchers 1, 573 Cabs 0, Van's Bakery 0.

**STANDINGS**  
A Division—Fashion 33, Pushovers 28, Cook's 27, Headpinners 20, Great West 19, Canada Life 19, Hill's 19, Cantels 17, Shentons 17, Penguin 15, Can. Gen. 15, Wallace's 11.

B Division—383 Cabs 31, Sons of Norway 27, Miller Bay 25, P. R. Plumbing 25, Red Devils 23, Pioneer 19, Booth One 16, Hi-Golds 15, Rupert Butchers 14, Conrad Seals 13, B. C. Packers 12, Van's Bakers 12.

**ARCTIC PASSAGE**

## Keeping Up With Times

Improvements Cost CNR \$111,000,000 in Single Year

OSHAWA—Improvements in train equipment last year cost the Canadian National Railways \$111,000,000. S. F. Dingle, vice-president of operations for the system, said in an address before the Rotary Club here Monday.

Mr. Dingle said that the \$73,000,500 for freight train equipment, \$27,000,000 for passenger equipment and \$11,000,000 for motive power spent last year by the CNR represented only a small part of the bill that the railway had to meet to keep itself in tune with the times as well as in business. There were additional expenditures for the maintenance of tracks, extensions to yards and development of new ones, erection of buildings, purchases of fuel and normal supplies and a thousand and one other things that the railway had to do to maintain its services.

"When engine power can be developed from the atom, you can be sure that the railways will use it," he continued. "They have been quick to take advantage of technological advancements and have inspired many of them. Wood gave way to coal which is now being supplemented or supplanted by oil and electricity. Main line rail has risen from 55 to 130 pounds to the yard and will be increased to 132 pounds. Automatic signals are replacing train orders as fast as the railways can afford to install them. More and more mechanization is being used in the handling of freight and for the maintenance of roadbeds. Air conditioning and modern equipment is general to all principal services with their meals on wheels, bedrooms, compartments, lounges.

"Fast freight train schedules are scientifically drawn up so that one is tied to the other all over the continent and the shipper is provided with frequent, dependable and fast movement for his goods. The box car of 20 tons capacity has been replaced by GYP ton cars and there are flat cars capable of carrying loads of 135 tons each. There are special types of cars for special commodities and there is no type of freight oiler which the railways cannot protect completely against heat, cold or deterioration."

**HIGHER UNIT COST**  
These improvements cost money, said Mr. Dingle, who pointed out that one reason for the heavy expenditures represented by freight and passenger train equipment lies in the extremely high cost of each unit. An ordinary passenger coach is an investment of about \$160,000. A conventional sleeping car costs \$245,000, and a dining car \$235,000. "We are constantly receiving advice from all sides on how we can improve one thing or

another—everything, in fact, except how and where to find the money to carry out the suggestion. We welcome advice, of course. And now and then a pearl of wisdom is found in the profuse assortment of ideas and suggestions."

The labor-management cooperative movement, pioneered by the CNR, is working out well for everyone concerned, said Mr. Dingle. Shop committees meet each month with management's representatives. Discussions range from the purchase of a new type of machine to suggestions of new ways of doing jobs. Similar meetings are held every four months with the representatives of track forces. Once a year selected members of each group from all points on the system get together on a regional basis at Moncton, Toronto and Winnipeg, and there is an annual system meeting at headquarters in Montreal. These meetings have nothing to do with wages, hours or any of the things that enter into normal collective bargaining. They deal with matters having a direct bearing on increased efficiency and improved performance by the railway.

## COMBINED OPERATION

TABER, Alta. —Eleven grocery stores here have discontinued private deliveries and combined their efforts. From now on the new consolidated service will make two deliveries each day covering customers of all the stores.

## Greenberg Burned Up

CLEVELAND (AP)—Hank Greenberg said that he never loses his temper when he is talking terms with a dissatisfied player but that he has to keep a tight grip on his self-control when the mail brings an unsigned contract—without an explanation.

"To get back that unsigned contract without comment, boy, that burns me," said the Indians' general manager. Henry wouldn't reveal the player's name, but he said he had this experience only recently.

"I sent the same contract right back to him, with a note which read: 'In your haste to accept the contract offered you, you neglected to affix your signature. That got action. The fellow again returned the contract unsigned, but this time he sent a note with it. The note said: 'In your haste to send out my contract, you neglected to write enough figures in the space specifying my salary.'"

## CROWDED CROSSINGS

VANCOUVER — The city parks board is investigating ways of eliminating Sunday afternoon motor traffic jams in the sylvan reaches of Stanley park. Pedestrian crossings are the main reason for the jams and both overhead and underground passage-ways are being considered.

## Bedtime Snack

"Constipation made me sullen all day. What a change since I started to use ALL-BRAN regularly! Even my wife notices it!" writes man from Ville Montmorency, Que. If you suffer from irregularity due to lack of bulk, try a bowlful of this toast cereal every night before bed. It may bring back the youthful regularity you thought long lost. ALL-BRAN is the only type ready-to-eat cereal that supplies all the bulk you may need. It's high in protein and iron. Not habit-forming. Kellogg's is so sure you'll like ALL-BRAN that if you're not completely satisfied after 10 days, send empty carton to Kellogg's, London, Ont., and get DOUBLE YOUR MONEY BACK!

# Terrace Kinsmen Help Crippled Children Fund

TERRACE.—A packed Civic Centre for the Kinsmen's "Barn-ville" on Friday evening showed the interest the townspeople had in the success of the evening.

proceeds from which went to the March of Dimes for Crippled Children. It was a jolly evening of fun and dancing and not the least of the entertainment was provided by Egel Sargent who acted as auctioneer for the variety of articles donated for sale. Hot-dogs, flapjacks and sausages were on sale and dancing to the hill billy orchestra continued until after three o'clock in the morning.

## B.C. Catholic University

**VANCOUVER (CP)**—The Roman Catholics of British Columbia will ask the provincial government at the coming session of the Legislature to grant a charter for the Catholic University here.  
Archbishop W. M. Duke said land has already been obtained for the institution which would be known as the Holy Rosary University.

## Labor Party Meet Delayed

**VANCOUVER (CP)**—A Trades Union conference which some political leaders have said could bring formation of an Independent Labor Party in British Columbia has been postponed until March 7.  
"I am sure the entire trade union movement will join with me in expressing condolence to the Royal Family and at the same time, on behalf of our movement, wishing our sovereign queen a long and fruitful reign," Tom Uphill MLA said in announcing the delay.

## School Budget Higher In Current Year But City Will Pay Less

Benefit of Industry Reflected in Easing of Local Tax Burden

Expenditures of Prince Rupert school district for 1951-52 school year are estimated at \$342,184.90, an increase of \$61,023.37 from the actual expenditures of \$281,161.53 last year but the city pays \$136,583.88 or \$13,911.15 less than last year's \$150,494.03.

The city's percentage of the educational bill for the current year is 46.9 percent of the whole budget for the district as compared with 78 percent last year.  
Principal factor in the easing of the city's school bill this year is that Columbia Cellulose property at Watson Island has come on the tax roll, switching the majority of the taxes for school purposes to the rural rather than the urban portion of the school district.  
The assessment for the district is up from \$8,529,000 in the 1950-51 school years to \$15,403,000 in 1951-52. The city's assessment is increased from \$6,722,933 to \$7,224,561 but this increase is offset by the rural assessment jump from \$1,806,067 to \$8,178,741.  
Of the total school budget for the district this year \$59,199 is defrayed by estimated grants, leaving \$291,223.63 (including a deficit last year) to be raised by taxation.

**DANCING LUNDS**—Toronto-born Alan and Blanche Lund will tour Canada with British comedian Tommy Trinder's "Royal Command Music Hall Varieties." Sponsored by the Variety Club, proceeds of the tour will go to Varieties Village in Toronto, a residential vocational school for physically-handicapped children. The dancing Lunds, remembered in Canada for their war time tour with the Canadian Navy Show, have become internationally recognized. They have played two Royal Command performances, appeared in a number of successful London shows and in night clubs in the United States. (CP PHOTO)

## Agreement On Policing

A renewed agreement between the city and RCMP for policing was authorized at city council meeting last night.  
Police are asking for quarters for single men and have indicated "they are not at all satisfied with present quarters, but will bear with us while we attempt to relieve the situation," City Clerk R. W. Long told the council.  
Costs for policing remain the same as last year—\$1400 per man and \$2,950 per car, with a minimum of 12 men and a maximum of 14 for the city force.

**PLANE HIT TOWER**—Three airmen were killed when their RCAF training plane crashed into the radio broadcasting tower at Carman, Man. Body of one of the victims, covered by a tarp, is shown in the foreground as searchers probe smouldering wreckage of the plane. (CP PHOTO)

## Population Just Over 14 Million

**OTTAWA**—Official figures from the decennial census of last year revealed Canada's population at 14,009,429 as of June 1, 1951, for ten provinces and two northland territories.

The gain over 1941 is 1,880,000, an increase of 21.8 per cent, the Bureau of Statistics shows in final tabulations.  
Three-quarters of the entire increase was in three provinces—British Columbia, Ontario and Quebec.

British Columbia had by far the greatest gain of all the provinces, having increased from 817,861 in 1941 to 1,165,210 in 1951, a numerical hoist of 347,349 and percentage gain of 42.47. Yukon had the greatest percentage increase—4900 to 9000 or 85 per cent.  
Saskatchewan was the only province to show a decrease since 1941, having dropped from 895,000 to 831,000.

If you want to sell it, advertise it. News classified.

## CCF Stays With Labor

**VANCOUVER (CP)**—Top C.C.F. leaders in British Columbia reassured leaders of Labor Monday that the C.C.F. wants to continue close co-operation on the framing of objectives.

The statement came as a result of week-end meetings of the provincial C.C.F. council at which leaders discussed a plan of the Canadian Congress of Labor to hold meetings in industrial constituencies to review selection of C.C.F. candidates.  
Some delegates expressed fears that the move might cause some farmer and non-union voters to conclude that the C.C.F. was becoming more of a Labor party and less of a Socialist party.  
Other members said the labor consultation plan will apply only in predominantly industrial ridings and that the C.C.F. has always worked in consultation with interested economic groups.  
Canadian Congress of Labor officials said that the executive of the British Columbia Federation of Labor will meet in about two weeks to decide on mechanics of the plan.

## Telkwa Church Tea Successful

**TELKWA**—The Ladies' Guild of the United Church held a very successful tea and sale of home cooking in the library on Saturday afternoon.

**Finely RECIPES**

**SPECIAL STEW**

- 1 lb. lamb, beef or veal cut 1 1/2
- 1 inch cubes
- 2 lbs. bacon fat
- 2 lbs. chopped onion
- 1 tsp. salt
- Dash pepper
- 1 bay leaf
- 1/4 tsp. celery seed
- Pinch of thyme or marjoram
- 3 lbs. catsup
- 4 medium potatoes
- 8 carrots
- 8 small onions

Coat meat with flour. Brown in bacon fat. Add onion and cook until golden brown. Add seasonings. Cover with water and cook, covered tightly, over low heat until meat is tender. Peel potatoes, carrots, and onions. Halve or quarter the vegetables and add to stew 35 to 45 minutes before serving time. Add more water if necessary. Thicken stock for gravy.  
Serves 4.

"Each line is carefully graded and tested before it leaves our warehouse to assure you of complete satisfaction."

**B.C. Wire Rope & Supply Co.**

Rear 549 Taylor St., Vancouver, B.C. TAtlow 1-1

**Valentine Flowers**

**CAPTURE HER HEART**

Flowers tell her she's Valentine... Whether a beautiful corsage she'll wear with pride... a bouquet of red flowers with all the meanings, or a gay flowering plant, we'll take pleasure in filling your order with our freshest and loveliest. Phone us today... we'll play Cupid for you. Remember... Valentine's Day is February 14.

Say it with **FLOWERS-BY-WIRE** if your love is miles away
