

Britain Is Trying Out First Atomic Weapon in Australia

Policy Speech Due Wednesday

VICTORIA (CP)—Premier Byron Johnson will make his important policy speech in the Legislature Wednesday afternoon. This will open the debate in reply to the Speech from the Throne.

Premier Johnson, when giving his policy speech actually will be moving the motion in reply to the Speech from the Throne. This is a departure from tradition. Thomas King, Liberal member for Golden, will be the seconder.

There is a growing feeling in the Legislature's ranks favoring a fresh man from the people on the job. The government members expressed the same sentiment. Legislators have also been buzzing about an alternative host-ess scheme—probably Dominion government.

Canada's New Governor Home

TRENTON, Ont. (CP)—Rt. Hon. Vincent Massey, Canada's Governor-General designate, arrived here by plane Sunday at 11:10 a.m. Eastern Standard Time. He left London Saturday after attending the King's funeral. Mr. Massey was met at the airport by the minister of health, Paul Martin, and left immediately for his home near Port Hope. He will be sworn in as governor general February 28 at the opening of Parliament.

Plant Tied

LISBON (CP)—Reuters News Agency today quoted official sources as saying they understand Hon. L. B. Pearson, Canadian minister of external affairs, has indicated willingness to accept the post of permanent Secretary-General of the North Atlantic Treaty Organization.

The report from official sources followed speculation in London newspapers last week that Pearson might be appointed to head NATO's international staff.

If the minister should take the job he will have to leave the Canadian cabinet.

Announcement Made by Prime Minister Churchill

LONDON (CP)—Britain will test her first atomic weapon in Australia this year, Premier Winston Churchill announced this morning at his residence. No specific rate was given. It only specified "an atomic weapon."

Whether it is a bomb or some smaller atomic weapon is left to conjecture.

The test will be conducted in close co-operation with the government, and Commonwealth of Australia the announcement said, but the weapon itself will be produced in Britain.

No exact site for the test was given.

Australia has one area suitable for atomic testing—her vast central desert where guided missiles have been tested for years.

Four Burned in Apartment Fire

VANCOUVER (CP)—Four persons were injured, three seriously, when fire early Saturday forced tenants from an eight-suite apartment building in the West End.

The three most seriously injured jumped about 25 feet from a third floor suite after being trapped by flames.

They were Jack Kemp, 47, Beryl, 47, his wife, George Downes, 48. Hospital attendants reported both Mr. and Mrs. Kemp in poor condition.

The fourth victim was Mrs. Mary Cavanaugh, 40, of Alder-grove, who had her hair badly burned.

Fred Giles, another tenant, found Mrs. Cavanaugh on a chestfield where she had been overcome by smoke. He carried her to safety.

Germany Restricted

LONDON (CP)—American, British and French foreign ministers agreed Sunday to bar Germany from entering the Atlantic Pact as a full member for the time being. However, they decided to offer Germany a seat on the projected four power appeal board which will have the power to review and modify sentences affecting more than a thousand German war criminals.

The western Big Three are expected to tell the West German chancellor, Konrad Adenauer, of their decisions today.

Norway Leading Winter Olympics

OSLO (CP)—Norway swept into first place in the Winter Olympic Games team race today. Scoring a brilliant double victory in the 18-kilometer cross-country race and the Nordic combined. Halgeir Brenden travelled 18 kilometers in the fastest time ever made for the distance.

Simon Slaetvik, winner of the ski jumping half of the combined event, yesterday travelled a 11-mile hill and dale course in 1:05.40 seconds to clinch the victory in the two-event competition with unofficial point total of 450.

Heikki Hasu, defending champion from Finland, had 444 1/2 points.

Twenty points for the first two places alone vaulted Norway from third place in the unofficial team race past Austria, the previous leader, and the runner-up United States.

Tragedy After Utah Wedding

KAYSVILLE, Utah (CP)—An old sedan, carrying a wedding party, collided head-on with a semi-trailer truck Sunday, killing seven passengers from Ogden, Utah.

The party had been celebrating the wedding of Martin Edward Green, 22, and his bride of Saturday, Nellie Wilson Green, 16, both of whom were killed.

The other dead included Mrs. Edna Wilson, 39, mother of the bride, and Mrs. Wilson's sister, M.S. Phyllis Christensen, 38.

Legislature Opens Tuesday

But Its Nature Not Yet Disclosed—Election To Follow

VICTORIA (CP)—Third session of the 22nd British Columbia Legislature opens tomorrow. It will be the last before a provincial general election.

The Liberals met in caucus today to make final plans for the sitting and there was still no definite indication of whether it will be a full dress or a stop-gap session.

The coalition of Liberals and Progressive Conservatives, born in 1941, ran the government until last month when the union collapsed.

The Liberals, the bigger party in coalition, became the government and the Progressive Conservatives, the official Opposition, supplanting the CCF.

The present standing in the 48-seat House is: Liberals, 23; Progressive Conservatives, 11; CCF, 8; Coalition, 3; Independent, 2; Labor, 1.

Since Liberals and Progressive Conservatives were elected to power together, the break-up of coalition necessitates a general election. It will probably be held in midsummer. June 16 has been mentioned as a possible date.

The Liberal government has not yet announced whether it will hold a brief session which would merely pass money bills to carry on the government business or try to go ahead with the usual full program.

1954 Vote Foreseen

OTTAWA (CP)—All signs point to either 1953 or 1954 for Canada's next general election, with some political circles favoring 1954.

There was talk last fall that the Liberal government would go to the polls this year, but informed political observers say they see no such trend in governmental thinking.

They suggest 1953 or 1954 appear more likely as the choice for general election year and say they expect the government will fill out its full constitutional term of five years. That would bring the election some time in 1954, probably in early summer.

These sources say there are a number of factors against a general election this year.

For example, they say it is not usual for a government to go to the country in the third year of its term—the last election was in 1949—unless it is in political hot water or has difficulty maintaining control in the House of Commons.

There is not, they add, any great current issue which would warrant the government in appealing to the country and, so far as the Commons is concerned, the government now enjoys the greatest majority of any party at any time in Canadian history.

United States Rejects Russia

MUNSAN (CP)—The United States Command Saturday vetoed the Communist nomination of Russia as a neutral power to help police the Korean armistice.

United States accepted two Soviet satellites—Poland and Czechoslovakia—as other Red representatives on a neutral behind the lines inspection teams.

An Allied staff officer said the reason for the rejection of Russia should be obvious.

He did not elaborate.

However, the Russians have supplied Communist armies in Korea with fighter planes, tanks and other war materials.

Canada Wins Second Game

OSLO (CP)—Canada's representative, Edmonton Mercury's, won their second game in Olympic hockey last night, defeating Finland 13 to 3. They had won 15 to 1 over Germany Saturday.

Happiest Days Here

HALIFAX (CP)—Lord Alexander, just before leaving Canada's shores for England, said Sunday night that he and his family had spent their happiest years in this country which, he declared, is standing on the threshold of a golden future.

He lauded the choice of Canadian born Rt. Hon. Vincent Massey as his successor as Governor General.

Canada, said the former Governor General in a farewell address, had become a second home for himself and family and they would always look upon it as such.

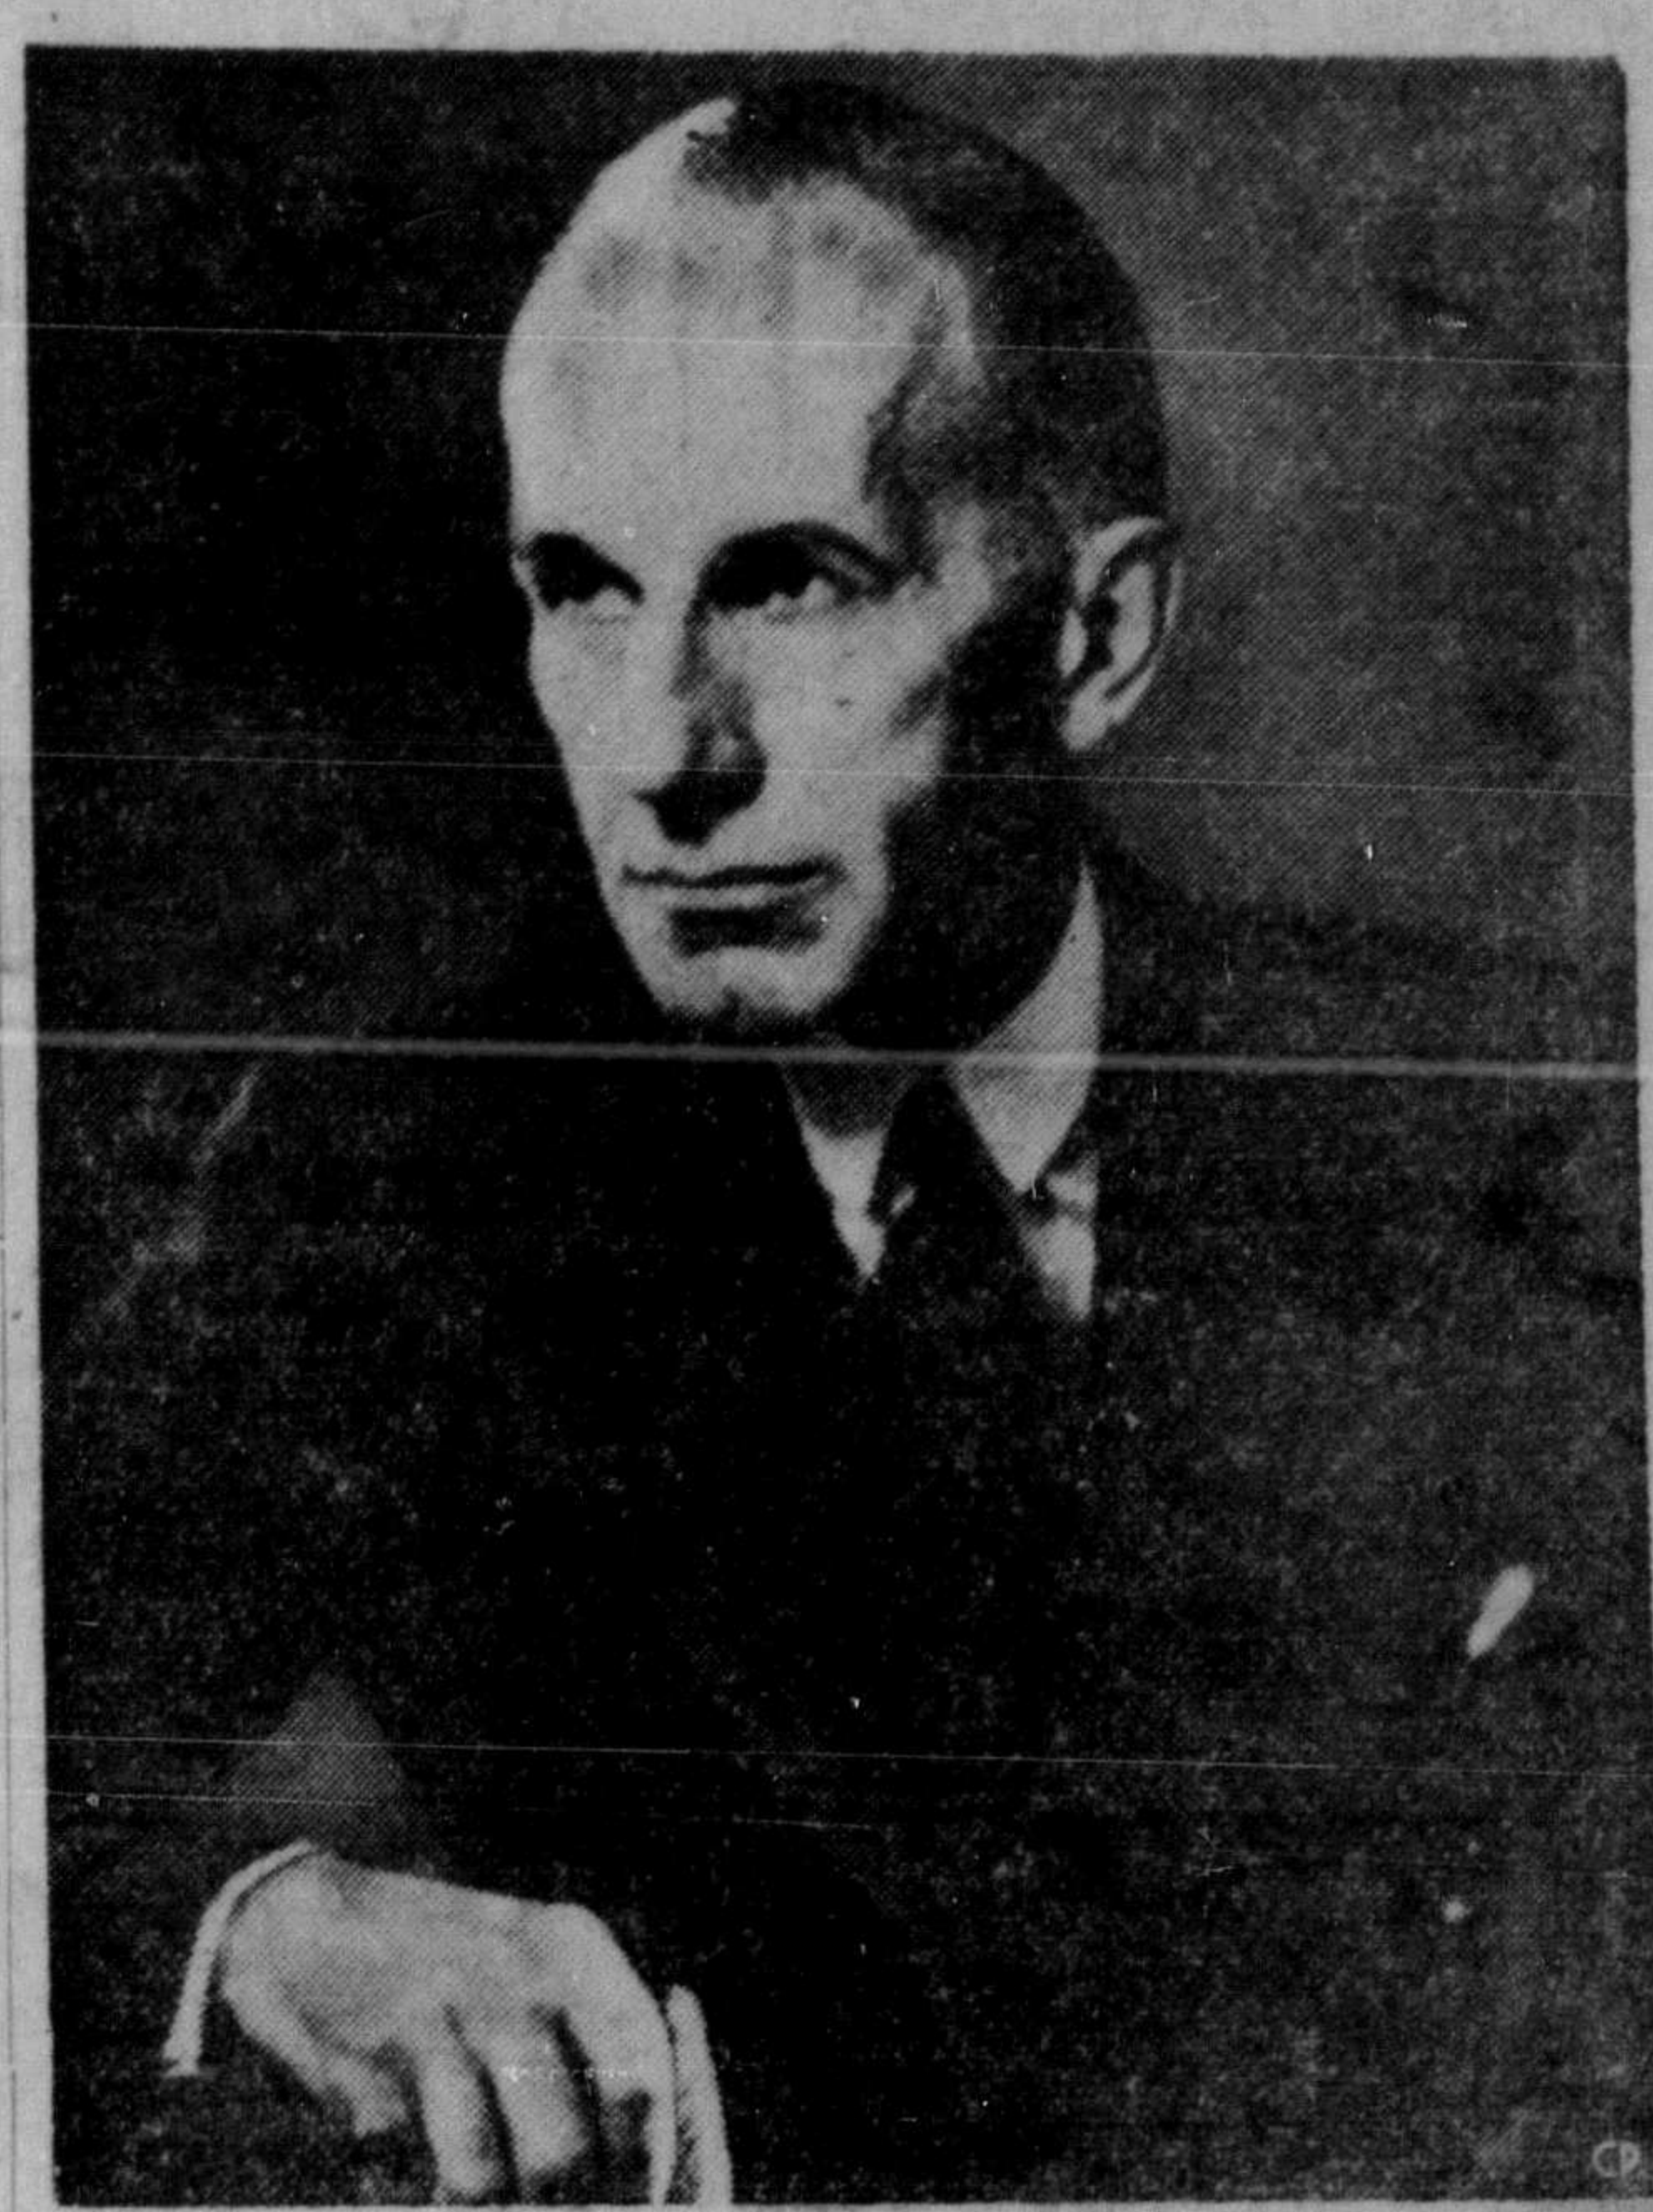

He and Lady Alexander, son, Brian, and adopted daughter, Susan, sailed for England aboard the liner Franconia. Lord Alexander said he had hoped to make a farewell tour of Canada but had to go with great regret before his term expired because "it is my duty to take on other responsibilities." He is joining the British cabinet as defence minister March 1.

Alexander urged Canadians in their material wealth not to forget moral and spiritual values.

S. C. Thompson left on today's plane for Vancouver.

Ketchikan Has Rental Houses

KETCHIKAN (CP)—Applications are being received in Ketchikan for fifty units of low income group housing. To be eligible, the applicant cannot be making more than \$4,500 net yearly. Units are unfurnished, except for electric stove, refrigerator and bathroom fixtures. The project furnishes heat, water, garbage disposal and a community centre. Fire protection is given on a contract basis. The fifty units were built by the Alaska Housing Authority at a cost of \$990,000.

GOVERNOR-GENERAL DESIGNATE—This is a recent photo of Rt. Hon. Vincent Massey, Governor-General designate of Canada. He arrived in Canada yesterday from England and will be sworn in on February 28 in time to open the session of Parliament.

COMMITTEE RECOMMENDS

Three-Man Commission On Hospital Insurance

VICTORIA (CP)—A three-man commission to operate the British Columbia Hospital Insurance Service is recommended in a voluminous report of the special legislative committee which has been investigating the controversial scheme.

The service now is run by one commissioner, Lloyd Detwiler.

It was learned Saturday the inquiry committee favors formation of an independent commission, free from political influences.

The inquiry committee, in making its decision, has taken note of the growing public dissatisfaction with the principle of one man commissions.

Abolition of co-insurance, an unpopular system ever since its inception last year, is recommended by the inquiry committee.

Implementation of the committee's recommendations would see 300 employees of the British Columbia Hospital Insurance staff dismissed.

New Electric Converter

Drastic Economies and Uses Claimed by Scientists

VANCOUVER (CP)—European scientists claimed here Saturday they have developed an electric power converter that will produce aluminum cheaply, improve radar and television, break rocks and attract fish.

New electric energy is being used to produce pure aluminum at the pilot plant of the British Columbia Aluminum Company in N.W. Westminster, said the Danish-born president, Alfred Vang. He said the new "quantum" electricity utilizes a "square" wave current, instead of the usual alternating and direct current systems.

"It is a means," he said, "of ultra use of electricity."

"Magnaquantum," as it is called, has power to attract fish of different sizes and species and to stun them for "milking" or for transfer to hatching or spawning beds.

Mr. Vang, who says he worked with the New York firm of Stevenson Jordan and Harrison on an atomic energy program in the second world war, said he will leave Sunday for Ottawa to see Minister of Fisheries Hon. R. W. Mayhew.

Jet Order For Canada

OTTAWA (CP)—The Canadian government announced Sunday night that Canada has received a contract to produce F-86E sabre jet fighter aircraft for the United States Air Force.

Hon. C. D. Howe, Minister of Defence, Production, and Hon. Brooke Claxton, Minister of Defence, said in a joint statement deliveries will start almost immediately out of current production at the big Canadair jet aircraft production plant at Montreal.

The number of planes and the value of contracts have not been disclosed but informants say it will all mean a flow of many millions of dollars to Canada, sufficiently large to help Canada materially in balancing her military purchases in the United States.

Highway to Open Soon

Although definite date cannot be predicted, Prince Rupert-Terrace highway is expected to be opened shortly. Provincial Public Works Department announced today.

Snow-clearing crews have been operating steadily to cut through slides and drifts over a 40-mile distance.

This Is High Praise

STEADY rise of the Canadian dollar to par with that of the United States has given this country some almost invaluable publicity south of the border. In a letter to the Financial Post, a New Yorker makes this flattering statement:

"I have often wished that the United States was as well governed as Canada. Also it seems to me that Canada is coping more successfully with the problem of inflation than any other country in the world with the exception of Switzerland. Hence, whenever I am able to invest the meagre sums which the United States income tax leaves to us, my instinct is to invest in Canadian securities."

And from the New York Daily News with its huge circulation comes this tribute:

"Money's primarily a matter of people's confidence in the government that prints it, and the world of trade has expressed increasing trust in Canada. No merry tax-spend, 'what's debt—we just owe it to ourselves' policy up there. Canada's aim has been to pay as she goes, ending up with a sound budget."

"Canadians' energy in developing their country (they even snap that if the poor U.S. can't afford to help develop the St. Lawrence Seaway, they'll do it themselves) is drawing admiration from all Americans. Incidentally, U.S. investors in growing numbers are entrusting their saved dollars to conservative Canadian industrialists and miners, rather than to our own Fair Deal-harassed corporations."

"Congratulations and continued good management, Canada. Some day we may get around to following your fine example."

This new enthusiasm for Canada in the United States will be welcomed and appreciated here. But we could do with a little more of it in Canada too. There are still too many Canadians who do not realize the vast progress we have made in developing this country in the last 10 years and the still greater development that lies immediately ahead.

Tribute to Alan Cross

THE Richmond-Marpole Times paid high editorial tribute last week to Alan Cross, former Prince Rupert boy, who died suddenly a few days ago of a heart attack. Mr. Cross, who has lived for several years in Richmond Municipality, which contains Lulu Island, was lauded for his high sense of public duty and responsibility and for his many kind but unassuming acts.

The editorial was as follows:

"Richmond and all its people have suffered a community and personal loss in the sudden and tragic passing of Alan Cross. Those who knew him well, and they were countless because of his sympathetic fellowship and understanding, have lost a true friend. The community which he served in so many voluntary capacities has lost one of its most valued citizens."

"The personal loss will be most acute to his associates at B. C. Packers Imperial Cannery and head offices. The company has lost a valued executive and President John Buchanan, Ken Fraser, G. Mort Ferguson and others will also miss a treasured friend."

"The very modesty of Alan Cross kept many Richmond people in ignorance of the service and citizenship he was rendering them. His knowledge of financial matters was given freely as treasurer to several organizations. Through them he was the unidentified benefactor of so many people."

"This was not enough, however. He was also a member of the Volunteer Fire Department. Although he was tired from a motor trip and had complained of not feeling well, he rose in the night to fulfil his obligation to the community as a volunteer fireman. It was while at this self-imposed duty that he received, even at the young age of 40, the higher call."

"The hearts of the people of Richmond go out to his sorrowing wife, his three sons, mother, brothers, sisters and relatives in their tragic bereavement. With this sympathy is extended a grateful, if sad, acknowledgment of his tireless work for us all."

"It was fitting and it was in keeping with his character, that when his friends and fellows paid their last respects on Monday, their tribute was in compliance with a request that donations to the Richmond Lions Inhalator Fund replace the traditional flowers."

"There is no more beautiful flower in the garden of mankind's life than that of self-sacrifice and service. Such a bloom was the life of Alan Cross. It is memory's everlasting flower."

Scripture Passage for Today

"God created man in his own image."—Gen. 1:27.

New Chemical At Edmonton

EDMONTON —Pentaerythritol, a comparative newcomer to the chemical industry, will soon be produced in sufficient quantities in Canada to supply all of the domestic needs and to make this country a major exporter of the material.

The chemical, which has become an important replacement of glycerin, is used in the manufacture of explosives and is an important ingredient in the manufacture of alkylid resins for baked finishes on metals. It is important in the finishing of automobiles, refrigerators, stoves and other similar consumer goods. It is also used in finishes on military vehicles, weapons and warships.

At the present time the total Canadian requirements, amounting to approximately 3 million pounds annually, are being imported from the United States.

With completion of the Canadian Chemical Company Limited

plant at Edmonton late this year, company officials report there will be sufficient pentaerythritol available to supply all of the Canadian needs, with an important surplus for export.

The Edmonton plant will be in a strategic location to supply needs of the mid-western and far-western sections of the United States, since all pentaerythritol production in that country has heretofore been concentrated at locations on the eastern coast. World-wide markets will be served by shipment from Vancouver.

The availability of pentaerythritol in Canada will serve as a stimulus in expanding the paint industry in this country, and will result in a sharp increase in consumption of the material here, and decreased import of alkylid resins now obtained from foreign sources.

Construction of the Canadian Chemical plant on a site near Edmonton was started last June, and the work, to be completed late this year, is running on schedule.

For best results, advertise!

As I See It

Customs Man Writes

A RETIRED Canadian customs man writes that he thinks "eighty-five or ninety per cent of the Canadian people would vote for union with the U.S.A."

For years, he says, he chatted with Canadians "not at busy ports like Douglas but at points where we had time to visit awhile with the folks as they passed through."

"At the risk of being hanged as a traitor, or being bumped off by a United Empire Loyalist, I've got to admit I'm all for it. Not that I despise these Canadian, but because I sincerely believe it would be the thin edge towards World Union—something we must have if we are ever to have peace."

"Maybe I'm a dreamer. Maybe the Almighty intended us to be at each other's throats and live dog-eat-dog existence. But I've found there is more harmony where neighbors are not too particular about the location of their line fences, or do away with them altogether, as in the wheat country."

IT IS precisely because I believe that annexation of Canada to the U.S.A. would destroy—and not advance—the hope of step-by-step, peaceful World Union that I am against annexation. There are only two ways to get World Union. One way is to strengthen and reform the UN until it becomes what Tennyson called "the parliament of man, the federation of the world."

The other way is by power politics—to have the big fellows swallow up the little fellows, either by war or other compulsion.

FEDERAL UNION of the whole British Commonwealth and the U.S.A., plus western Europe, would be a good thing, if it meant a natural and practical extension of our past growth. All the British countries, including Canada, would want to keep their own identity, their own queen, their own local laws. The U.S.A. would naturally want to keep all its own traditions, and its own government set-up, and flag.

The new union machinery could be set up on a democratic basis to handle only the things which are essentially international, or supra-national—that is, above and beyond the domestic affairs.

NOW SEE what would happen if Canada simply folded up and quit. The USA would have ten more states. But the whole national development of Canada, or sense of being Canadians, would be destroyed. The British Commonwealth would collapse, for Canada is the key link in its inner ring.

The new American Empire would swallow up other coun-

Judgment, ray... Punishment

Pastor S. R. Johnson of Camrose brought one of the most powerful messages of his evangelical series at St. Paul's Lutheran Church last night on the subject of "Eternal Punishment."

There are some people, the pastor said, who like to deny the scriptural treatment of eternal judgment or the consequences of sin.

By the use of God's word, he clarified his theme in the following points:

The Certainty of Judgment—There are 116 references in the New Testament that deal with eternal punishment. "It is appointed unto men once to die and then cometh judgment." The New Testament word for hell, which Jesus used, is "Gehenna" and means "burning refuse." This can mean nothing but eternal punishment.

Hell was necessary because of sin. Common sense dictated to man that he cannot live a life of sin in this world and expect to be with God in Heaven. Hell was prepared for the devil and his angels. It was a place of utter darkness and gnashing of teeth where fire should never be quenched.

All the world should be judged in the righteousness of Jesus Christ. The pastor challenged the audience with these words: "Are you too busy to be saved? Do material things mean more to you than your soul? Is your name written in the Lamb's Book of Life? It is a fearful thing to fall into the hands of a living God."

The Basis of Judgment—"For the Father judgeth no man, but hath committed all judgment unto the Son." When God was faced in eternity there would be one question asked: "What have you done with Jesus?" The pastor closed with these words: "You will meet Jesus either as Saviour or Judge."

tries, for all the same "advantages" for annexation of Canada would apply elsewhere.

The stern necessities of power politics would compel Russia to follow suit—give her the very excuse she may want. All the countries of eastern Europe would be annexed outright. There would be no hope of their liberation without cataclysmic war.

IT IS NOT by mere chance that Col. Bertie McCormick is whooping it up more and more for absorption of Canada by U.S.A. yet almost froths at the mouth at the mere mention of "Union Now."

For "Union Now" is based on the idea that all the British nations keep whatever they want to keep, including their throne—and unite only to handle those things which cannot be handled well separately.

As a printer in Hamilton, Ontario, said to me 30 years ago, "the border between our two countries is an insult to God, who made us one."

Quite true. But the way to wipe it out is to wipe it out between the U.S.A. and the entire British Commonwealth.

Mrs. R. Heppell of Terrace left on today's plane for a trip to Vancouver.

Reflects and Reminisces

There are frequent references to how the farmers are becoming prosperous. Indeed, some may be risking richness. But one never hears of anybody moving out from town to share in the spoils.

ADOLF'S BLUNDER

Athletes from beyond the seven seas, more or less, have gathered at Oslo in Sweden and we suspect a pleasant time is being had by all. There should be something helpful in an international, as well as athletic way. Hitler, back in the thirties, staged a big snow and won a popular renown for the Fatherland. Adolf had the right idea but the wrong ambition.

British Columbia's election is coming on apace. Politicians and others are licking their chops in anticipation. Campaigning and polling will have a vitalizing effect, else every prognosticator is dead wrong. The province can do with a rousing fight to clear the air. Sir Dick McBride, Billy Bowser, John Oliver, Doc Tolmie, Duff Pattullo and many another who could be mentioned are out of the picture but lots are left.

HE DOESN'T MIND

Canada's ambassador to West Germany, T. C. Davis, not only shakes hands with President Heuss but is doing it with an almost broad smile. Wonder if he can be thinking of that other time.

Frequently a death occurs in Prince Rupert where the full and accurate name of the deceased is not known by all his friends who may number many. Often, there is no wife or family members here. Scores have perhaps been acquainted for years yet, when he passes on, the name is not recalled or can only be determined by direct inquiry of someone certain to have the knowledge.

BEST REMEMBER

A situation like this can be embarrassing. Plenty of old timers bear nick names, so called. As a rule there is rarely, if ever, an objection. It is more apt to be the opposite. Sometimes, one becomes more accustomed to the use of it, than recognition of what is correct. It is a melancholy business trying to find out from description whether or not another friend is no more.

Juneau is to have more dwellings, the work taking place under the general supervision of the Alaska Housing Authority. Rentals will be \$25 to \$50. Some will be four-bedroom and some two-bedroom homes. This sounds like being within reach of most folks. Prince Rupert is also to have a building bee. Rent quotations later!

All this controversy about barbering costs has not the slightest effect on old man Dan Byers of Western Pennsylvania. He started business 69 years ago and still charges ten cents a haircut. Never could see any reason for change, he says. We'll wager a hat he's never been doing much sitting down.

If you want to sell it, advertise it. News class, filed

Shrine Ceremonial In June

Nobles of Gizeh Temple Coming From Vancouver On Colorful Pilgrimage

Another colorful pilgrimage of the Ancient and Arabic Order, Nobles of the Mystic Shrine, will visit Prince Rupert early this summer when a party of upwards of one hundred members of Gizeh Temple, with band and patrol, come here from Vancouver to initiate some forty local candidates. They are coming June 6 and 7 instead of May 2 and 3 as was originally planned. Union steamer Chilcotin is being chartered for a special voyage and the ceremonial headquarters will be in the Civic Centre.

C. A. Berner will be ceremonial master and G. J. Dawes has been appointed potentate's representative.

As usual, the public will see much of the proceedings as the nobles, with band and patrol, parade the streets with the candidates who will figuratively tread the burning sands.

Native Chief In Air Force

Kenneth B. Harris, son of Mrs. Irene Harris and the late Robert Harris, returned Saturday night to his base of the RCAF at Trenton, Ontario, after spending a furlough with his mother and sisters, Mrs. Robert Jackson, Mrs. Molly Short and Mabel Harris, and his brothers, Phillip, Elijah, Sam and George, all of Port Edward.

As well as being an Air Force man with which he has been for over a year, he is also a chief of the Giltzegulka (Skeena Crossing) tribe, his name being Nah-gwa.

His mother, Mrs. Harris, had the honor of meeting and presented to Queen Elizabeth II during her Canadian tour, a gift from her people of Skeena Crossing. She received greetings from the late King, George VI.

J. P. MacDonald of the Forest Branch left on today's plane for a trip to Queen Charlotte City on official duties.

IMPORTANT ANNOUNCEMENT

For Graduate Nurses in the Prince Rupert

A series of six lectures on "The Aspect of ABC Warfare and Mass Disasters" be starting on February 25th at 8 p.m. Nurses' Home of the General Hospital. Lectures are sponsored by the Health Group of Civil Defence.

At it again!

They're burning the midnight whale-oil at the North Pole.

Christmas is past, but another December 25th lies ahead. And Santa is already going right ahead with his preparations—as many wise Canadians are doing, too, at the B of M.

Many Bank of Montreal customers have already opened special Christmas Savings Accounts at "My Bank"! They plan to deposit a small sum each payday throughout the months ahead. This dollar or two—which they are determined never to miss and not to touch—will snowball into a generous amount for Yuletide expenses by the time "Jingle Bells" is again No. 1 on the nation's hit parade.

Follow the happy lead of the wise old boy of the North Pole... by starting your preparations today: You can open a Christmas Savings Account for as little as one dollar at any branch of the B of M.

MAKING THE MOST OF YOUR MONEY

Saving for special purposes and for long-term needs goes best when it's part of a really individual plan for managing your money. Ask for your copy of "Personal Planning"—the booklet that tells you how to live within your income and save—at any branch of the B of M. Pick up your copy today—when you're opening your Christmas Savings Account!

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE

Social

Spring Display of Arts and Civic Centre Crafts Dated for April 5

Paintings, crafts, music and tea will again be combined this spring at the annual Display of Art and Civic Centre Crafts April 5 to 7.

Eileen Cross Staying Here Three Weeks

Eileen Cross of the University of British Columbia Extension Department, has sent word that she will be able to stay for three instead of two weeks when she gives her sewing and home rejuvenating course beginning March 17. This will give those who are tackling big jobs such as suits or chesterfields plenty of time to finish.

There is room for more to join both the afternoon and evening courses. Afternoon ones so far are smaller than the evening groups. Since the small gym will be used and the courses will be on every other day for the three weeks, there should be no crowding or rush to finish, making it more pleasant for the instructors as well as for the participants.

The Spring Art and Craft Display has been set to begin on the last day of the Home Rejuvenating course so the work done then may be left to help the display while those who have finished dresses or suits may wear them when serving at the Sunday afternoon tea.

Since Eileen Cross will be here for at least the first day of the display, she could be asked to give a lecture and demonstration on any suggested topic dealing with the home. Her demonstration on freezing foods two years ago has since proved very useful to those who heard the lecture.

Mrs. Lyons New Regent

Named Head of Cambrai Chapter IOOE For Coming Year

Mrs. G. P. Lyons was elected regent of Cambrai Chapter, Imperial Order, Daughters of the Empire, at the recent annual meeting of the Chapter.

Annual reports showed a satisfactory record of activities during the year 1951.

The full slate of officers for the year is as follows:

Regent—Mrs. G. P. Lyons.
First Vice-Regent—Mrs. Jens Munthe.

Second Vice-Regent—Mrs. Len Griffiths.

Secretary—Mrs. Marc Gormely.

Assistant Secretary—Mrs. Duncan Black.

Treasurer—Mrs. A. Miller.

Educational Secretary—Mrs. G. G. Withers.

Echoes Secretary—Mrs. B. Wilson.

Standard Bearer—Mrs. C. T. Stokoe.

One minute of silence was observed in respect to the memory of the late King George VI and later in the meeting members repeated affirmation of loyalty to Queen Elizabeth II.

Plans were made for group attendance at the theatre when the Royal Tour film is shown here toward the end of the month.

Lloyd George, with No. 262, and Mrs. Wacksmuth, with 242, were winners in a nylon stocking raffle.

Mrs. C. G. Ham was winner of the monthly raffle.

Beauty Parlor Taken Over

Howard Powell, who recently returned to Prince Rupert after spending several years in Vancouver, has taken over Jerry's Beauty Salon which he re-opened for business today. The salon has been completely remodelled and the equipment remodelled along the latest lines. Redecoration has given it an attractive setting. When Mr. Powell was in Prince Rupert formerly, he was identified with Annette Powell's Beauty Salon.

Personals

Mr. and Mrs. Levi Freestad sailed last night on the Chilcotin for a trip to Vancouver.

Alistair Fraser, local barrister, will be the speaker on Wednesday at the regular weekly luncheon of the Prince Rupert Gyr Club.

F. E. Anfield, Indian superintendent, returned to the city by plane Saturday afternoon from a week's trip to Vancouver on official business.

Mr. and Mrs. Harry Cuttress sailed last night on the Chilcotin for Vancouver enroute to Halifax. Mr. Cuttress, who has been with HMCS Chatham for some time, is being transferred to the east coast.

Appointed to Sick Children's Hospital

Dr. A. E. Franklin, who is on the staff of the Connaught Medical Research Laboratories, has received an honorary appointment of research fellow from the hospital for Sick Children in the "Virus Research" department of Toronto.

Dr. Franklin is the eldest son of Mr. and Mrs. L. Franklin of Prince Rupert.

He graduated from McGill University with Ph.D. last year and has since been at University of Toronto.

Brownies at Miller Bay

Girl Guides Plan Fund Raising Events For Trip to Camp

Girl Guide Association, meeting at the home of Mrs. W. S. Kergin, with Commissioner H. Silversides in the chair, heard a report that satisfactory arrangements for the operation of the Miller Bay Brownie Pack were now completed. Six leaders had volunteered for this work: Mesdames Kergin, Rogerson, Lemon, Kurdziel, Williams and Sykes. These leaders, in teams of two, would be in attendance at Miller Bay each Saturday afternoon commencing March 1.

Two Guides from Prince Rupert, one from Terrace and the Commissioner will be at the National Guide Camp in Ottawa from July 14-25.

Final arrangements for "Thinking Week," which is held from February 24 to March 1, were completed. The highlight of that week will be the candlelight ceremony to be held in the Annunciation Hall on the evening of February 25. All Guides and Brownies will be at this ceremony and will also parade in uniform at their various churches on Sunday, February 24. It is expected that many parents and friends will attend the candlelight ceremony.

The details of "Cookie Week" to be held from April 26 to May 3 were worked out. This is one of the ways in which the girls

raise funds for their work, since it is against Guide law for them to solicit contributions. They have before them the task of raising the necessary finances for the travelling expenses of their representatives at the Guide National Camp. The fares of all those attending this camp from all over Canada are pooled and it works out at \$60 per member. Since three from this district are being sent, the girls must raise the sum of \$180. A Guide and Brownie tea and sale will be held by the girls at a date to be announced later in the Cathedral Hall.

The experience of those chosen to attend this camp should be invaluable to the local companies as it is hoped that that part of Guide work, camping, may be greatly extended with our local girls. The lack of a suitable site in the district has hampered this side of Guide experience but the Association is alive to this need.

Don Arney sailed last night on the Chilcotin for a trip to Vancouver.

Moose, Venison At Game Banquet

Prince Rupert Rod & Gun Club annual banquet, to be held February 28, will not be able to serve elk meat as planned. Government permission was not

granted, said President Norm Christensen today. Instead, moose and venison will be featured at the dinner.

The event is planned as a combined affair, attended by both men and ladies. This will be the first mixed Rod & Gun Club banquet held here. About 200 are expected at the Canadian Legion auditorium.

Where do they get Nickel?

"Son, about 90 per cent of all the nickel used in the world comes from Canada. The Inco nickel mines and smelters are the biggest in the world. They are near Sudbury, Ontario. Some of the mines are nearly a mile deep. Altogether there are over 280 miles of underground tunnels."

"At Sudbury millions of dollars have been spent developing better methods of producing nickel. That is one reason why Canada produces 90 per cent of the nickel used in the world. Today most of it is going into the defence programme."

CANADIAN Nickel

"The Romance of Nickel" a 60 page book fully illustrated, will be sent free on request to anyone interested.

CURLING RINK OPENS TONIGHT

It is with pride and pleasure that the Prince Rupert Curling Club announces the official opening of their three-sheet artificial ice rink tonight at 7:45 p.m.

The club has been in existence, without any facilities, for over a year but the accomplishments in the last four months are a tribute to the community spirit of the city. The job hasn't been easy but the effort already appears well justified. Many of us hope that this will be the wedge that opens the way for a full size ice arena in Prince Rupert, a project, which, if last week's skating is an example, is now well worth further consideration.

The project stands as a permanent tribute to many people . . . We thank each one of you and regret that individual recognition is not possible. Special thanks are due Doug Frizzell and B.C. Packers, whose contributions were a first necessity; to the club members who financed the project; to those members who, in addition to the above, contributed greatly of their time for construction work; to non-members who also assisted, and, for their contributions of material, equipment, manpower and advice, some dozen or more local business firms. We all benefit from helping each other, and it tends to make this community of ours a more enjoyable place for one and all.

We extend an invitation to all persons in Prince Rupert and vicinity, to pay us a visit at the rink before the season ends.

We again express our sincere thanks to all those whose efforts have assisted us.

G. NEELY MOORE,
President,
Prince Rupert Curling Club.

WEEKLY SCHEDULE

(3 games per draw — 8 players per 2-hour games)

Columbia Cellulose Makes Senior League Semi-Final Opener

CCC 300 60, Rainmakers 54

Fraser & Payne 40, Fashion 39

Hard-fighting Rainmakers lost a tough first of a two-game, total point semi-final bout in first of senior league hoop championship playoffs today night with CCC 300.

Student Simon-son, who led the high total of 20 points, pulp makers clung to an early lead for the win.

Simon-son started Ratchford and all with 18 and 14 points respectively. Hogan nabbed 10.

as their tactics the last minute rally, students forged to nearly unseat the Rainmakers without a rebound. Rainmakers were a little of time, however, and by a little fell short also of six to tie their fourth place.

makers' Sather turned in well placed free-line shooting only two of seven rows.

working for fourth place five-team league could be reversed tomorrow when the two teams meet. Winners of this round are decided by total points.

of the smallest houses in the night's show. day night, first leg of the play-offs commences in Gordon & Anderson meet in a two-game series.

League

Golden Beats Hell Divers

den again tied with the Centre Hell Divers for place in the Pee Wee when they won 12 to 9.

Hell Divers played an off their main difficulty was inability to sink their foul as they scored only two out of 14.

Hell Divers opened the game with two fouls in the first quarter but were unable to score. Their opponents, Golden, scored 8-4, 11-9.

ty-five fouls were called, on Borden and eleven on Hell Divers. S. Wong and Gold, both Borden players, had five fouls.

Divers—Kelsey, Christoff, Twaits, Lugin 2, Kil-D. MacLeod 2, B. MacLeod, Total 9.
Golden—S. Wong 6, F. Wong 2, H. Stewart, Reusvold 2, B. MacLeod, Nickerson, Eby, Total 12.

Bo-Me-Hi Wins From Bulgars

In a lop-sided game the Bo-Me-Hi Beavers patted Bulgar's with a 44-9 defeat Saturday evening. Bulgar's were behind all through the game and, playing their worst game of the season, suffered their most severe defeat. They could not break the Beaver's strong defence.

Thirteen to four was the score at the first quarter and Bulgar's were putting up a good fight but the Beavers completely ran away from them. The other quarter scores were: 20-4, 28-7, and 44-9.

Christensen was in excellent form, scoring thirteen points for the Beavers. Smith was high for the Jewellers with three.

Twenty-four fouls were called by referees Fenness and Dumas and fourteen of them were on the losers.

Scoring:
Beavers—Haudenschild 10, Yamamoto 6, Mah 7, Pederson 2, Christensen 13, Morven, T. Nakatsu 2, Tanaka 4, Matsuba, Tsuchiya. Total 44.

New Rod-Gun Club Formed

Bill Washburn President of Port Edward Group

Further support for Prince Rupert district sportsmen was gained with formation yesterday of a Rod and Gun Association at Port Edward. Fourteen interested hunters and fishermen, called together by the Prince Rupert Rod and Gun Club executive, elected Bill Washburn as their president.

Other officers are John Atchison, vice-president; Nels Menzies, secretary-treasurer; J. Davis, C. Tiechman, T. Benstrom, S. Shelley and R. Hurst, executive committee.

The Port Edward group rang in the Prince Rupert organization to help them get started after requests for assistance from both the B. C. Game Commission and the B. C. Game Council were apparently ignored.

Likely to be known as the Port Edward Rod and Gun Club, the members are highly interested in sport fishing conservation and in trap shooting. Executive will present a constitution at next general meeting for ratification.

Curling Schedule

Weekly playing schedule has been drawn up by Prince Rupert Curling Club which provides for curling every night with the men's club, ladies' club, high school students and non-members participating.

Tuesdays and Wednesdays have been set aside for instruction to members of both curling clubs who have not curled before, and for other interested persons who wish to try the game. Qualified instructors have been appointed.

Non-club members will have the privilege of playing as guests during any open period or other periods the ice is vacant.

With a total membership of 165, the club will receive only 10 more members, announces President Nels Moore.

Schedule
Monday, 7-9 p.m., ladies' club.
Tuesday, 7-9 p.m., men's club.
Wednesday, 2:30 p.m., ladies' club; 7 and 9 p.m., men's club.
Thursday—Open afternoon; 7 and 9 p.m., men's club.
Friday, 2:30 p.m., ladies' club; 7 and 9 p.m., men's club.
Saturday, 10 a.m., high school; open afternoon; 7 and 9 p.m., men's club.
Sunday—Open, afternoon only.

Local Boxers Clean Up in Hazelton Show

Four youthful Prince Rupert pugilists returned early Saturday morning well satisfied after an inter-community boxing meet at Hazelton. Three were victorious and one made a draw—a feat which may land them in a Vancouver provincial competition.

Victors over their match-mates were Billy Saunders, 8, Dick Bury 10, and Arthur Turcotte, 14. Billy Smith drew with his opponent. All are boys trained by M. J. Saunders who escorted the boys.

Enthusiastic and happy over the outcome, Mr. Saunders described the event at the Hazelton high school Thursday night. Two of the boys received cups as trophies. Bury was voted the "most scientific boxer from Prince Rupert," while young Saunders received a trophy for winning his fight against Donny

Melroe, 9. Both were 65 pounds, fighting for three 1½-minute rounds.

Young Saunders knocked his opponent down twice and once through the ropes.

Bury won all three two-minute rounds and fought "beautifully" according to his trainer.

Art Turcotte, who was awarded a medal, gained a unanimous decision over Allan McDougall after knocking down his opponent in the first round and gaining heavily in the other two.

Billy Smith tied with Neil Stirrett in the 68-pound division after a vicious, slugger battle.

FINE HOSPITALITY

Prince Rupert team was offered the "best of hospitality" said Saunders. The boys were billeted by local residents, Mr. and Mrs. N. Stirrett and Mr. and Mrs. J. Reynolds.

Trip expenses were shared by Doug Frizzeil, A. J. Turcotte and Saunders. The boys' trainer hopes to enter some of his boys in a Vancouver provincial boxing competition, preferably the Bronze Gloves, but feels he will need sponsorship by a city or organization.

BLACKWOOD on Bridge

By EASLEY BLACKWOOD

Player's Confusing Lead on Defence Makes His Opponents Very Unhappy

Each year, members of Mr. Masters' bridge club play a team of four match against a team from the Uptown Club. Team members are selected on a rotation basis so that everybody eventually gets a chance to play.

Under this plan, there finally comes a time when it is Mr. Muzzy's turn to be on the team. This year the team is made up of Mr. Champion paired with Mrs. Keen, and Mr. Dale paired with Mr. Muzzy.

Mr. Champion insists that Mr. Dale play with Mr. Muzzy for the solid reason that he is the only player in the club who will not be driven stark mad by Mr. Muzzy's type of game.

In preparation for the important match, the team is holding a practice session and this is a hand from that session.

LEADS DEUCE HEART.

Responding to his partner's overall, Mr. Muzzy got off to a heart lead—the deuce.

Mr. Dale won with the ace and returned the 10. Here Mr. Champion made one of his typically brilliant plays. He went up with the king.

There was good reasoning back of this play. The right lead from three small cards in partner's bid suit is the highest card.

The right lead from a holding of three to an honor is the lowest. So, in this case, Mr. Champion figured Mr. Muzzy for three hearts to the queen.

HAD IT FIGURED

Had this been so, Mr. Champion's play of the king was a sure thing. He had to knock out the ace of clubs and when he did that, the heart suit couldn't be run against him because Mr. Muzzy's queen would block the suit.

However, when Mr. Dale was in with the ace of clubs he

calmly cashed three more heart tricks to set the contract.

"Dale," stormed Mr. Champion, "if you can't teach your partner how to make correct opening leads we won't have a chance."

"How did my lead work out on this deal?" Mr. Muzzy inquired—and this question did nothing for the team's morale.

AS MOURNERS GRIEVED—Grieving subjects stood at respectful attention as the gun carriage bearing the body of King George VI was drawn through the streets of London Friday. Some idea

of the throngs lining the streets is given in this photo taken at Marble Arch where thousands were packed as the cortege passed. (CP Photo from AP)

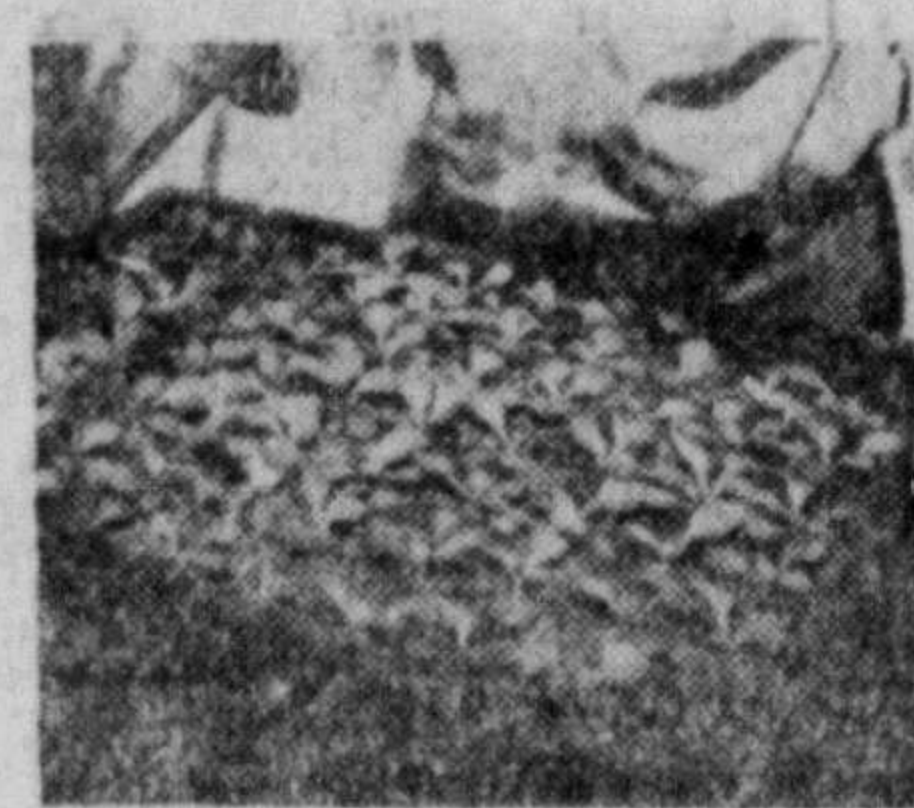

Gardening....

FIRST FLOWER SEED TO SOW
IS PETUNIA IN SEED BOX

Transplanting Tiny Plants Goes Fast

Lovers which should be in a seed box under protection is the petunia. Though one of the most vigorous of garden flowers, with amazing productivity, its seed are so tiny that great care is required to sow a seedling plant safely through a seedling box. Florists have developed a method by which practically all seeds can be grown into plants; while this requires a greenhouse for best results, it can be done with much success in a sunny window of your home. The same method can be applied to other plants, where it is important that a maximum number of seeds be grown into plants, without loss due to thinning out crowded plants. Begin by sowing a packet of seeds in a flat. If only one variety is sown, the seed can be broadcast. If different varieties are sown in the same box, sow in rows, labeling each drill. A critical time with the petunia is the 20 day interval between sowing and germination of the seed. During this period the soil must not be allowed to dry out, nor should it be so wet as to encourage the growth of mould and fungi. By sowing the seeds in a layer of sphagnum moss, placed on top of the soil, the danger of disease will be minimized. Germination requires a temperature than does other plants. A range of 60 and 70 degrees is ideal. No light is needed until the seeds break through the soil. As this occurs, the box should be placed near a sunny window, but never on top of a table. To make the plants grow quickly, a night temperature of 55 degrees, with 10 degrees cooler during the day, is ideal. The seedling plants will be ready to transplant, and to save them it is necessary to transplant

Room to Grow

them to other flats, where they have room to develop. Transplanting may be done when they are very tiny, and should be done as soon as they have made the second pair of leaves, known as "true" leaves. Enough flats to take them all must be provided, filled with porous soil. The best way is to use "plant bands," which are substitutes for flower pots, placing a seedling petunia in the centre of each band. Another way is to draw lines 2 inches apart at right angles covering the surface of each flat, and to set a seedling plant at each intersection.

Transplanting an infant plant is a matter of seconds. Lift it, roots and all, between the finger and a pointed stick, place it in its new home and firm the soil about it. Each plant will now have room to develop to garden size without being moved again; but florists often transplant them again into pots, to make larger plants to sell.

Remember that each time a plant is moved, it receives a setback; so it takes longer to grow petunias to garden size, if they are transplanted as described. So start operations early, if you want early flowers. Florists may sow petunia seed soon after New Year. The amateur should start petunias at least two weeks before other flowers, which are to be grown in the hotbed, cold-frame or house.

ELEVEN TABLES, WHIST TOURNAMENT

Moose Saturday night whist tournament had 11 tables. Mrs. Lillian Williams won the ladies' first; Mrs. Anna Dumas, second. M. Martinsen won men's first; A. Rathgeber, second. Mrs. Williams also won the pool prize. Refreshments were served by Mrs. F. Good, Mrs. B. J. Bacon and Mrs. Harold Muncey.

Iona Hardy 'Haida' Head

Miss Iona Hardy, at the annual meeting at the Chapter last week was elected regent of HMCS Haida Chapter, Imperial Order, Daughters of the Empire, succeeding Miss Barbara Teng who gave a successful year of leadership in 1951 and presented her report thereon.

Immediately before the regular business of the meeting was begun, all the members joined in repeating the Affirmation and swearing allegiance to Her Most Royal Majesty Queen Elizabeth II, followed by the revised prayer of the Order.

In her report, Miss Barbara Teng stressed the need for more activity and increased membership. She further suggested that, by co-operation with the new regent, a renewed and whole-hearted interest would be shown in the coming year's projects and activities.

In the secretary's annual report, the activities of the past year were summed up. The highlights were a tea and apron sale and participation in the annual bazaar.

The treasurer's report showed that many donations had been made during the year to such organizations as the Civic Centre, British and European Relief, and many others.

Five food parcels were sent to Great Britain during the year. Standard Bearer, Miss Shari Ingalls, represented the Chapter at all important functions.

A permanent delegate to the Prince Rupert Co-ordinating Council on Canadian Citizenship was appointed.

Miss Hardy gave a short report on the aims and activities of the Council.

Officers elected for 1952 are: Honorary Regent—Mrs. J. A.

Girl Guide, Brownie Tea-Sale Success

A very successful tea and sale of home cooking was held at the Conrad Street School Saturday by the Third Prince Rupert Company of Girl Guides and the Second and Fourth Brownie Packs.

A large number of parents and guests attended and the results were most satisfactory.

The Guides and Brownies acted as serviteurs and the refreshments were delicious.

The table decorations, consisting of a mushroom with Guide and Brownie emblems, had been made by the girls and were very effective.

Exhibitions of Brownie work were on display and much admired by the visitors.

The tea was under the general supervision of Guide, Captain Mrs. Black, Lieut. Mrs. Baldwin, and Brown Owls Mrs. Kurdziel, Mrs. Williams and Mrs. Sykes.

Teng, Regent—Iona Hardy, First Vice-Regent—Anna Swang, Second Vice-Regent—Mary Addison.

Secretary—Verna Graham, Educational Secretary—Evelyn Smith, Echoes Secretary—Andrea Stout, Standard Bearer—Shari Ingalls.

In her inaugural remarks, the new Regent, Miss Hardy, expressed the hope that the coming year would bring an even greater measure of achievement that could only be created by each member doing her job to the best of her ability.

Committee heads for the future year's work were then appointed by the new Regent.

Following the meeting, refreshments were enjoyed.

If You Do Not Pay Your News Subscription, the Boy Loses

Subscribers of the Daily News who receive their papers by carrier boys are reminded that these boys—our little merchants—are charged for every paper they take out. If you are receiving the paper and are delinquent, the boy has to finance you. This is a reminder to people who may be in arrears, whether it is their custom to pay the boy or pay at the office. It is not the office that loses if you fail to pay. It is the boy. We hope this reminder will expedite the payment by those who may have fallen behind. Prompt payment of your newspaper subscription is a legitimate obligation. The fact that your creditor is one of our boys or girls should make the respecting of the obligation the more desirable.

Do You Ask Yourself Questions Like These?

- 1—Is my car worth repairing? Shall I do it now?
- 2—Why are my tires wearing unevenly?
- 3—Why does it miss when I want quick pick ups?
- 4—How can I cut down on gasoline consumption?

Memorial For King At Terrace

TERRACE—The auditorium of the Civic Centre was filled Friday for the civic memorial service for the late King George VI.

Meeting at the Legion quarters, members of the Canadian Legion and the Women's Auxiliary, supported by the Scouts, Cubs, Guides and Brownies, paraded to the Civic Centre where the service started at 2 p.m.

Red-coated Mounties and standard bearers of each group took their places on each side of the stage.

On the stage were a combined choir of churches, the stringed symphony orchestra (Peter van Stock, cello; Pem van Heck, violin, and Mr. Havaloor, flute); Mrs. L. Newhouse, soloist, and Mrs. Elliot Head, pianist.

D. G. Little, leader of ceremony, presented Captain J. A. Wilson, who gave an interesting talk on the resume of the late King's life.

Rev. F. H. Mallett of United Church led in prayer.

Rev. A. C. Shindel of the Pentecostal Church read a passage for the Bible, followed by a solo, "Crossing the Bar," by Mrs. L. Newhouse, accompanied by Miss Elliot Head.

Venerable Archdeacon E. S. Hodson of St. Matthew's Church gave a touching address on the "militancy of the late King George VI."

Hymns sung were "O God Our Help in Ages Past" and "Abide With Me."

The service ended with the singing of "God Save the Queen."

What to Do at Terrace Bridge

TERRACE—Will Robinson pointed out to the Terrace and District Board of Trade that the district will be faced with a major traffic problem this year, during the "transition period," as the present Skeena River bridge will possibly have to come down to give way to a double-decker bridge for the highway above and the railway below. It is a problem which is under serious consideration of the department, Mr. Robinson said.

Salvador Dali Visits U.N. Headquarters

Among the distinguished visitors to United Nations Headquarters in New York last month was the Spanish-born artist, Salvador Dali, shown here being interviewed by Jeff Sparks of the United Nations Radio. The interview was broadcast by U.N. Radio in its English-language shows "The United Nations Today" and "Spotlight." Mr. Dali, who has lived in Paris for 20 years, also took part in U.N.'s French and Spanish language broadcasts.

Million Dollar Ore Cargo Here—Nitinat Now Manned By Rupert Crew

A million-dollar cargo of ore from a famous Yukon mine was here at the week-end aboard a coasting freighter. It was 1600 tons of gold, silver, lead and zinc ore from the United Keno Mines which the Frank Waterhouse steamer Cassiar, Capt. William Gleeson, had picked up at Skagway and was delivering to Vancouver. The Cassiar arrived at 9:45 Saturday morning from a regular voyage to Alaska points—Skagway, Juneau, Wrangell and Ketchikan—and sailed at 1 p.m. for Vancouver direct after picking up a ten-ton parcel of fish here.

A second Frank Waterhouse freighter, the Chilliwack, Capt. Gar Pengelly, was in port Saturday. The vessel arrived at 8 a.m. from Vancouver via Kemano, where she had spent four days unloading a full cargo of freight, and sailed at 3 p.m. for Stewart and Alice Arm. She will pick up ore cargo at both of the northern mining ports and is due back here about Wednesday southbound.

Union steamer Camosun, Capt. James Hunter, arrived in port at 10:30 last night from Vancouver via Kemano and other coast points and sailed this morning for Alice Arm and Stewart.

whence she is due back here tomorrow to sail at noon on her return south.

Union steamer Chilcotin, Capt. William McCombe, arrived at 5:30 last evening from north Queen Charlotte Island points and sailed at 8 p.m. for Vancouver.

The Greek-owned and Panamanian-registered freighter George Embricos, bringing a cargo of sulphur from Galveston, Texas, for delivery to British Columbia pulp and paper mills, is now expected here about Thursday of this week. Watson Island will be the first port of call on this coast for the vessel. She will proceed from here to Ocean Falls, Port Alice and Powell River.

Prince Rupert is well represented on the motor vessel Nitinat plying between here and Kemano and Kitimat. Art Johnson, former logging contractor and log buyer, is skipper; Johnny Strand, local fisherman, mate; Harold Comer, formerly with the fishery patrol, chief engineer; Jock McConville, formerly with the Army Transport here, second engineer; Gil Auriol, local fisherman, seaman, and Bill Antill, chef de luxe aboard Northern B.C. and the seven seas, cook. Only southerner aboard is Point Five Lutz, seaman, who calls Vancouver his home.

Demand for Ships Piles Up Backlog

LONDON (C)—With an unprecedented inflow of orders during 1951, British shipbuilding yards are stocked up with work on 1,100 merchant ships, either in the process of construction or still to be laid down. The full program comes to more than 6,500,000 gross tons and represent an estimated outlay of about £1,000,000,000 at current prices. Nearly one-third of the tonnage is earmarked for export.

Returns compiled by Lloyd's register show that at the beginning of the year merchant shipping under construction in the major countries of the western world, amounted to nearly 5,500,000 tons. Of this total, more than 2,200,000 tons, or 40.2 per cent, were being built in British yards. 167,000 tons more than in 1950.

The return discloses that during the last quarter of 1951 work was started on 69 new ships in the United Kingdom, bringing the total tonnage begun during the year to 1,480,000 or 36.3 per cent of the world's total.

But with new orders piling in a backlog of more than 4,000,000 gross tons was placed on the order books, equivalent to about 2½ years normal production at the present rate of output. Spokesmen for the industry have made it clear, however, that orders placed for new ships will not of necessity pile up at the end of a long queue. If ample supplies of the right type of steel are available, they say annual production could be stepped up to about 1,750,000 gross tons, compared with the present average of 1,340,000 for the last three years.

A particularly heavy demand continues for oil tankers. In British yards alone, 105 ships or 56 per cent of the aggregate tonnage under construction, is represented by this class of vessel. Oil tankers also represent 33.4 per cent of the total merchant shipping under construction in other western alliance countries.

Output figures were not available for Russia, China, Poland and other "Iron Curtain" countries.

PEROW NOTES

John Cloarec is in hospital at Burns Lake and Ed McLeod is in hospital at Smithers.

George Cloarec has gone to Houston to work at Humes and Emery sawmill.

Mrs. Ed Westgarde is back at Burns Lake hospital again, to be at her father's bedside.

Pat O'Brien left for Prince Rupert last week.

Terrace Snow Fight Costly

TERRACE—Fighting snow costs money and the village commissioners of Terrace say some time the amount of cash is substantial. At a recent meeting they reviewed the bills for bulldozing which reached a total of \$998. And that, say the commissioners, may not be the total, when everything is in.

New Stars in Exciting Film

Based on the famous Theodore Dreiser story of deep intrigue and romance in Tangiers, the technicolor picture "The Prince Who Was a Thief" comes to the Capitol Theatre tonight starting a three-day engagement. The film heralds the arrival of two new young stars, Tony Curtis and Piper Laurie, in the story of action and romance against the colorful setting of Thirteenth Century Tangiers.

Curtis, in his dashing por-

Shrine Club Committees

Prince Rupert Shrine Club committees for the year 1952 have been elected as follows:

Entertainment—Dr. L. W. Kergin (chairman), W. S. Cumming, H. Mork, A. Lindseth, J. N. Forman.

Carnival—C. F. McDowell (chairman), A. K. Nelson, T. H. Wilford, H. C. Halliday.

Membership—Geo. Dawes (chairman), A. Burnip, W. D. Smith, Geo. Peters (Terrace), N. Staples (Ocean Falls), W. A. Holesworth (Prince George), C. A. Berner.

Ways and Means—W. Tocher (chairman), E. L. Dale, A. Sheardown, M. McArthur, A. Lumb.

Mr. and Mrs. Harold Thom and family, after spending several weeks in Vancouver, returned to the city on the Camosun last night.

Ald. Michael Krueger left on today's plane for a trip to Vancouver and Victoria on private and city business.

TERRACE TOPICS

The "Yettes" had a record attendance of 26 members at their monthly meeting held at the home of Mrs. J. H. Smith Friday evening. Mrs. Florence Campbell presided. Plans were made for a minstrel show to be held next month. Refreshments were served after the meeting by Mrs. A. J. McCall and Mrs. R. Sparks.

Arthur Flynn returned to town on Thursday night's train after some time spent in Winnipeg, visiting his mother. On his way back he stopped over at McBride for a visit with his brother Norman.

The road is now open from Terrace to Prince Rupert.

Terrace Worried Over Post Office

TERRACE—Concern was voiced at the February meeting of the Terrace and District Board of Trade at continued silence in regard to the erection of a new Federal building in Terrace and a landing wharf at Lakelse Lake. Several months have passed since correspondence was opened but nothing appears to have been done. Now with construction work on bridge, road and railway to the Kitimat about to take place, with the consequent influx of workers and their families, the Board felt that work cannot be started too early on the new postoffice. The Federal member, E. T. Applewhite, will therefore be written again and his reply taken up at the next meeting.
