#### No one was aboard.

The coast guard identified the vessel as the 37-foot ship Terrine. The owner, Richard H. Dill of Port Angeles is presumed to have fallen overboard and drowned.

Judging from the decomposition of the fish, Dill is believed to have fallen overboard Saturday. The vessel's automatic pilot had been set and the engine was running at full speed when the coast guard boarded the boat.

## PRIVATE ENTERPRISE CAN'T ASSURE HAPPY LOVE LIFE

LONDON (AP)-A French doctor suggested today that the British should quit griping about food rationing and concentrate on love.

Dr. Gabriel Mouchot, writing in the Britiish publication Medical World, said with a twinkle that "one of these days it will be realized that being happily married is more important than having an ounce of rationed candy."

For the many unhappy Britons who can't have a mate-"a deplorable state of affairs"-the doctor prescribed that "a Ministry of Matrimony should be set up immediately. Everybody should be given a marriage coupon."

"One cannot rely on private enterprise to find communal bliss," he added.

Taking advantage of the miles of elevated residential sites there will soon be dozens of new home owners in Prince Rupert. There are few cities in the west where more splendid views are still available.

Since 1909, quite a number of early Prince Rupert newspapermen have passed away. These include Roy Grant, John Houston, Neil McKay, S. D. Macdonald, (P) Harry Pullen, S. M.
