

PROPOSES UNITED STATES ANNEX CANADA

\$19,000,000 Pulp Mill For Quesnel District

Great New Industry for Central B.C. Involves \$16,000,000 Power Plant

VANCOUVER (CP)—British Columbia is to have another multi-million-dollar pulp mill linked with a major hydro-electric development. Plans for a \$35,000,000 development are being drawn up. They call for construction of a \$19,000,000 mill by Western Plywood Company in the Quesnel area of Central British Columbia, a short distance south of Prince George.

The mill will be supplied with power from a project planned by the British Columbia Power Commission at a cost of \$16,000,000.

Western Plywood now has a \$1,500,000 plywood plant outside Quesnel.

The pulp mill will use waste wood from the company's other operations and salvageable timber from its forest leases.

More than 200 workers will find employment in the new mill while other hundreds will find jobs in the woods and on other operations.

The mill, under present plans, will provide 200 tons of bleached sulphate a day.

Construction of the big power project likely will mean that many other industries will locate in the Quesnel district.

Frederic Byron Johnson, in a review of B.C.'s vast industrial expansion, said Monday night a great industrial growth is in store for Quesnel and Prince George through the nearly completed extension of the Pacific Great Eastern Railway between the two centres.

SENATOR TAFT FEELING COCKY
RICHMOND, Va.—Senator Robert Taft, in the field for the Republican presidential nomination, asked yesterday if he thought he would be able to carry the Virginia state primaries against General Eisenhower, expressed confidence that he could beat him anywhere.

VANCOUVER—Below freezing temperature on top of an inch and a half of new snow brought hazardous driving conditions to Vancouver today. The snow became packed down, and froze down for an icy surface. More snow is on the way.

AT RIDEAU HALL—Prime Minister Winston Churchill renewed old acquaintances in Ottawa when he arrived for talks with the Canadian government. He was welcomed to Rideau Hall by Governor-General Viscount Alexander and Lady Alexander. There was a warm feeling in the greeting of two of Britain's greatest war lords as they met each other on the steps of the residence of the governor-general, where the British Prime Minister will be a house guest during his stay in Ottawa.

Fighting To Keep Road Open

But It May Be Losing Battle, District Engineer Fears

Provincial Department of Public Works snow fighting equipment may be fighting a losing battle although a valiant attempt is still being made to keep the highway open between Prince Rupert and Terrace.

There is about three feet of snow on the road now between Tye and Exstew. The situation has been further complicated by severe drifting conditions with almost continuous winds lashing the fine dry snow in the clear cold weather. Then there have been slides, during recent days, including one large one near Kwinitsa.

And there is difficulty for the public works department in its snow plowing operations in the area where the highway skirts the railway and where the railway is also engaged in plowing.

In fact, according to the district engineer, it is almost useless to plow the highway until the railway gets its plowing done.

"The highway is still closed for an indefinite period," said the engineer, reluctantly admitting uncertainty as to when it might be reopened. "But we are still working on it," he said. "We have not given up."

Mr. Smith had just received some first hand information as to exact snow conditions from a tractor which had got through. "It's pretty grim," he said.

The road is open from Terrace as far west as Exstew and by tonight Mr. Smith hopes to have it clear of snow from this end to Tye which had also been blocked.

The Pennsylvania's radio sent out several "SOS" appeals and then said its "45 persons aboard" were leaving.

VICTORIA—A lifeboat, riding upside down, was sighted far out in the Pacific Ocean northwest of Vancouver Island, yesterday by two American coastguard planes searching for possible survivors from the freighter Pennsylvania which was abandoned a week ago by her crew after she cracked open and started to sink. The lifeboat was not far from the point where the Pennsylvania is supposed to have left them.

The lifeboat was approximately 600 miles off the Washington coast. An error in computation led to an early report that two of the lifeboat craft had been seen.

With the lifeboat was debris believed to be cargo from the hold of the Pennsylvania which last reported it was "down by the bow" 125 miles to the northwest.

The sighting of the empty drifting lifeboat brought a grim blow to hope that any of the seamen from the missing freighter might survive and a reduction today to the scope of the air and sea rescue operations.

The Pennsylvania's radio sent out several "SOS" appeals and then said its "45 persons aboard" were leaving.

Railway Clear And Wires Up

Railway line was cleared and communication lines were restored this morning after having been plagued by slides and drifting snows in the lower Skeena Valley since the end of the week.

The passenger train, which was due from the East at 10:05 last night, got in at 9:20 this morning.

By the same time Canadian National Telegraphs had a 'slow' wire working after having had lines down since late Sunday. Meantime, a big backlog of traffic had accumulated in excess of urgent business which had been handled during the wire breakdown through Digby Island wireless station.

Illinois Senator Would Make Group Of Fresh States

WASHINGTON, D.C.—Senator Timothy Sheehan of Chicago has revived the proposal that United States might annex Canada. He proposes that a special committee of five senators and five congressmen be named to consider the idea.

Canada, the senator suggests, could become a group of new states or a territory.

If any financial settlement with Great Britain was required, Sheehan suggests that consideration be given the amount's which have been advanced to Britain.

Empty Life Boat Found

Capsized Craft Sighted On Pacific Ocean Near Scene of Pennsylvania Abandoning

VICTORIA—A lifeboat, riding upside down, was sighted far out in the Pacific Ocean northwest of Vancouver Island, yesterday by two American coastguard planes searching for possible survivors from the freighter Pennsylvania which was abandoned a week ago by her crew after she cracked open and started to sink. The lifeboat was not far from the point where the Pennsylvania is supposed to have left them.

The lifeboat was approximately 600 miles off the Washington coast. An error in computation led to an early report that two of the lifeboat craft had been seen.

With the lifeboat was debris believed to be cargo from the hold of the Pennsylvania which last reported it was "down by the bow" 125 miles to the northwest.

The sighting of the empty drifting lifeboat brought a grim blow to hope that any of the seamen from the missing freighter might survive and a reduction today to the scope of the air and sea rescue operations.

The Pennsylvania's radio sent out several "SOS" appeals and then said its "45 persons aboard" were leaving.

Value of Service Clubs

LIVES can be enriched by the spirit of self-sacrifice and sense of fellowship in community responsibility and good citizenship which are the keystones of the men's service clubs with which Prince Rupert is well supplied and one of which is holding its annual installation ceremonies tonight. Faith of the members in their association and enthusiasm for the public service are indicated in this particular club through the fact that eight of its members had perfect attendance during the year and the large majority missed only one or two meetings.

Here in Prince Rupert we have the Rotary, Gyro and Kinsmen Clubs, each of which is contributing more to the public welfare and well-being than may be realized by the citizens at large.

The healthful development of youth, aid to the needy and the ill comprise some of the most publicized activities of the service clubs because of their nature and the fund raising which they require.

There are also the other less tangible functions of the service club through the exchange of ideas, development through fellowship of understanding of others' problems and the practice of basic democracy through joint and united effort for the benefit of others. These are benefits which come not only to the members of the service clubs but, by their nature, are passed on to those with whom they come in contact, making the service club a firm foundation for good and solid life in the community, the nation and the world.

Prince Rupert has always showed its appreciation if not pride in the good work of its service clubs by supporting their efforts and activities when appeals for such support are made and that is as it should be.

'Speaking of Speling'

IN A RESENT educational magazine too skolars point out that, contrary to popular belief, spelling among American students has improved gratefully in the passed censhury. But they also point out that "many great writers often misspell words" and that misspelling does not nesasarly prevent understanding.

We agree.
The Elizabeethans showed a fine sense of independans and individjualism in their spelling. Later came the tyranny of the dikshonerry. Artemus Ward and his fellow-humorists rebelled in the 19th censhury and acted cute with the alfabet but got a bit tiresome. Bernard Shaw tried more seeriously to make speling funkshonal and left a lot of munny to promote simplified English.

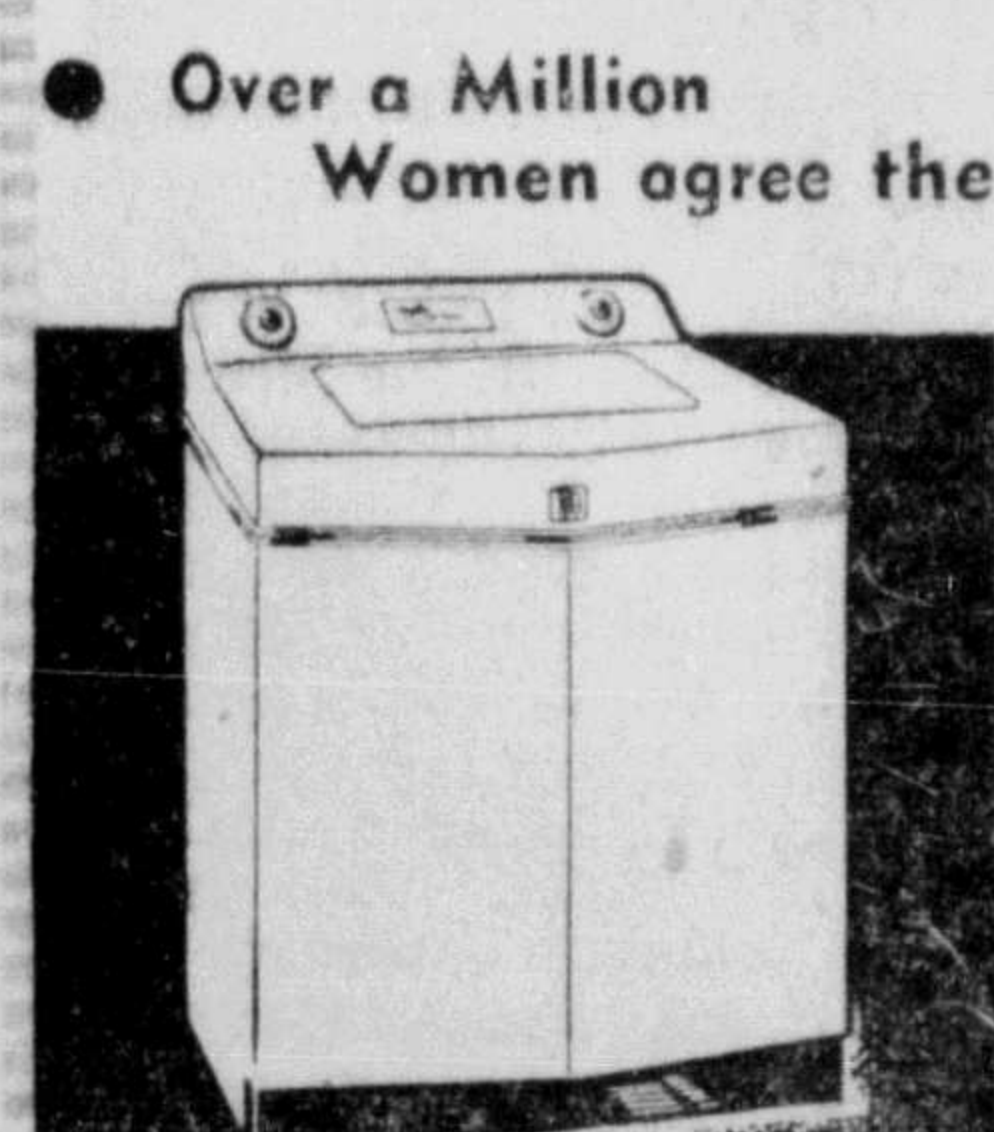

Yet our children put on the cloke of uniformity and spel the convenshonal way even better than their grate-grandparence. Speling improoves while inishiative faltres. Where is the spirit of Francis Drake and Daniel Boone? Are we reering a race of men or of rowboats?—Christian Science Monitor.

Scripture Passage for Today

"Let us heartily rejoice in the strength of our salvation."
—Psalm 95:1.

BELLINGFORD, England — England's few remaining historic windmills are slowly breaking down. One local mill was closed because the stock which holds the sails cannot be replaced, because of lack of spare parts.

KING'S LANGLEY, England — Winnifred Martin, 59-year-old author was given suspended sentence when charged with stealing two books from a shop in this Hertfordshire town. She had written the books herself.

CELANESE PLANNING—Plans for a multi-million dollar forest development in the Arrow Lakes district were discussed in Vancouver last week-end when senior officials of the Celanese Corporation of America conferred with local representatives. Pictured above are, left to right, D. G. Stenstrom, who is in charge of planning for the Celgar Development Company Limited; Harold Blanche, President of Celanese Corporation

As I See It

Manning-Laing Mistake

I WAS rather surprised to read that Arthur Laing, M.P., had taken up one of the worst, weakest ideas recently thrown out by Premier Manning of Alberta.

Arthur Laing is one of the sounder, more liberal men in the B.C. Liberal party. In the event that Premier Johnson clings too long to the coalition millstone that is dragging B.C. Liberalism toward election, Arthur Laing would be an excellent man to lead a revitalized re-liberalized Liberal party. I think such a man could lead the Liberal party to victory in B.C.

Hence it seems to me a shame that he is saying "me too" to one of the Social Credit Premier's worst mistakes.

That mistake is the proposal that British Columbia and Alberta should combine into one vast province.

GRANTED that some of the arguments advanced or implied by the present Premier of Alberta and one of the possible future Premiers of B.C. are sound.

If we were trying to set up an independent nation, a combined B.C.-Alberta would have all the means of self-sufficiency. The area is destined to become one of the most productive, most prosperous on all the earth. That is all to the good, but beside the point.

The point is, we are not trying to set up a n independent sovereign nation astride the Rockies. We are part of Canada, and Canada remains the very cornerstone of the British world Commonwealth.

If there were no British Commonwealth, the British Isles could survive, physically, as part of a united Europe. But if there were no Canada in the British Commonwealth its break up would be a matter of a few years at most.

NOR ARE the indications valid that a combined B.C.-Alberta would be able to "stand up to" Ontario and Quebec within the Canadian federation. The place to "stand up" for the rights of the people of Alberta and B.C. is in the parliament of Canada. We will do that as our population increases, anyway.

Moreover, as B.K. Sandwell showed some years ago in Toronto Saturday Night, the smaller the provincial unit the better, cheaper government the people get. Instead of combining our present ten provinces into, say, five bigger chunks, the better, wiser trend would be to divide the provinces we have into sixty

VICTORIA REPORT

... by J. K. Nesbitt

The "Boss" Is Boss—Position of Johnson and Anscomb—Tribute to Harry Perry

VICTORIA.—Premier Johnson came out of the recent Liberal executive meeting a strong man. He came out the undisputed leader, the boss. He was tough, and he got his way.

That, of course, is the way it should be. A party leader just cannot have constant sniping at him. He must, in time, move to liquidate his enemies. There is no other way. Politics is a tough game.

Both Johnson and Anscomb have now pretty well indicated that there won't be a general election in a great hurry. There shouldn't be, of course. Any general election before midsummer of 1953 would merely be political squirming—Liberals and Conservatives in a desperate attempt to get control of the government.

When the people of B.C. went to the polls in June of 1949 they overwhelmingly endorsed Coalition and they voted in a Legislature that they intended to last four sessions. They didn't vote for another election in two or three years—an election of political manipulation, which is what any election before midsummer of 1953 will be. Johnson and Anscomb, much as they hate Coalition, are just being honest when they figure they have a contract with the people to serve out the life of the Legislature for which the people voted.

It's too bad Harry Perry's health is such that he had to give up presidency of the B.C. Liberal Association. His resignation came as a shock, even to those who haven't agreed with him on internal Liberal policies.

However, Mr. Perry said he would continue a Liberal. So his counsel will always be available to the party when it finds the going rough—as it doubtless will in days to come.

It will seem strange without Mr. Perry in the political fight. For years his political sagacity and his oratory have been ornaments in the B.C. political firmament. Anyone who ever heard Harry Perry raise his voice in the legislative chamber will never forget him.

He has given good service to this province, this native of England, this good Canadian

or seventy units. Northern Ontario might form one or two.

Little Prince Edward Island, our least populous province, is as well governed as any of the bigger ones, and incidentally, far more economically governed than any other. The last time I had the chance to check up down that way there were only ministers drawing small salaries.

CONSIDERING the kind of problems with which Canadian provinces must deal, the provincial governments are already far too far from the people. In B.C. our government hides behind a salt-water moat, 70 miles wide!

The merger of B.C. and Alberta would make it even more difficult for the people to get to their

of America, and George Schneider, Senior Vice-President of Celanese Corporation of America. Preliminary planning on the project is being rushed in order to expedite construction if the forest management license which the company is seeking, is granted. Mr. Blanche and Mr. Schneider were in Prince Rupert last week.

Coal Bins Low Here

Prince Rupert householders felt the pinch of sustained cold weather more seriously today as many were low in coal supplies and others had to call plumbers to thaw out frozen pipes.

One fuel company said this morning there was "not a lump of any kind left in our bins. We are right out of coal." Another company said it had some supply left but was out of stoker coal. Relief of the shortage, due to lack of freight train service held up by slides some 50 miles east or here, is expected today.

Meanwhile, city plumbers answered "quite a few" calls this morning and yesterday as low-hanging temperatures caused frozen water pipes in homes. Temperatures, however, have not been too severe as yet and B.C. political life cannot be quite the same without the active presence of Harry Perry.

SHERIFF'S SALE

IN THE COUNTY COURT OF PRINCE RUPERT, HOLDEN AT PRINCE RUPERT

—BETWEEN—

SOCIAL SECURITY AND MUNICIPAL AID TAX ACT AND ALBERT & McCAFFERY LIMITED, and P. H. LINZEY, PLAINTIFFS.

—AND AGAINST—

FRANK YANITSKI, otherwise known as Frank John Yanitski, carrying on business as PENGUIN HOBBY SHOP, and the said PENGUIN HOBBY SHOP, DEFENDANT.

UNDER AND BY VIRTUE of Warrants of Execution and DISTRESS WARRANT respectively issued from the above Court and P. H. Linzey, respectively, and to me directed against the goods and chattels of the defendants, Frank Yanitski, otherwise known as Frank John Yanitski, and Penguin Hobby Shop, I have seized 2 counters, 1 brass bound plywood box, 1 mirror, quantity of shelving, 1 round top inlaid table, 1 square table, 1 folding leaf table, 1 glass showcase, 1 Pawlett Torrid Oil heater, chairs, trinkets, novelties, carpenter's tools, wood stock, 2 electric heaters, cabinets and sundries too numerous to mention, and on Thursday, the 17th day of January, 1952, at the hour of 1:30 P.M., at the Rural Block, corner Sixth Avenue and Fulton Street, Prince Rupert, B.C., I shall offer for sale at public auction all the right, title and interest of the said defendants in the above goods.

TERMS OF SALE, CASH, and this sale shall be subject to the Social Security and Municipal Aid Tax.

AND I HAVE ALSO SEIZED 1 desk; 2 seats drawers; 1 heating stove; 1 upholstered chair; 1 drill press, motor attached; 1 jigsaw, motor attached; 1 bandsaw on bench, motor attached; 1 shaper, motor attached; 1 sander, motor attached; 1 jointer, motor attached; 1 table saw, motor and bench; 1 lathe; 1 electric motor; 1 bundle cable; 2 boxes tools and attachments; 6 pieces wall board, sundries; and on Thursday, the 24th day of January, 1952, at the hour of 1:30 in the afternoon at Lindsay's Carriage and Storage, corner Second and Park Avenues, Prince Rupert, B.C., I will offer for sale at public auction all the right, title and interest of the said defendants in the above goods. Terms of sale, CASH, and this sale shall be subject to the Social Security and Municipal Aid Tax.

Dated at Prince Rupert, B.C., this tenth day of January, 1952.

M. M. STEPHENS,
Sheriff of the County of Prince Rupert.

Reflects and Reminisces

Presumably, Winston Churchill since his arrival in Ottawa, has not pronounced the word "Dominion" once. Possibly he was warned.

And while the city is about 11, why not recommend inclusion of a press room in this group of new municipal buildings to be erected? Probably no where else in Canada has convenience for the papers been less mentioned, if even thought of, than here in Prince Rupert.

Before Korea commenced worrying the world a lot of us in Canada thought of China as a winterless sort of land. That was because of ignorance. By some, China was visioned as a flower garden, lily-pond, or missionary kind of country, with soft air and softer affections. Ask a Canuck infantryman what he thinks of the 38th parallel in January? It could be a description of thirty below somewhere along the Alaska Highway.

MAY KNOW SOMETHING

Perhaps he looked grave enough when ordering the invasion of Normandy but, when facing a camera, General Eisenhower does have an amiable

look. Smiles are so warm almost feel that way. But like this where snags Bonaparte were concerned hand within the breast of sartout he seems to have signed some poor soul's warrant. Or can it be that has a secret?

NOT EXACTLY NEW

Britain's Prime Minister, Ottawa, Monday evening declared the nations of the Commonwealth will have to make decisions if a breakdown, being financially, is to be avoided. It wouldn't be for lack of clarity with such emergency.

Christmas buffalo, if what limited, was never served in some of British Columbia's most exclusive clubs. Horse meat was available. Vast herds of dobbies never known to be hunted western plains. Their skin, way, were not worth a dam as robes or coats. Yet there was no desire for fr lock, roast rump or balled

There were only 34 cars, trucks and buses parked on Second Avenue between Second and Third Streets about 4:30 p.m. after last week. Of they were not there long, they began to scatter, it was time or place for anyone. Incidentally, repeated does not increase compo

Soroptimists Offer Bursary

In preparation for its first business meeting of the year Monday evening at the home of Mrs. C. H. Ham, the Soroptimist Club of Prince Rupert decided to again offer a bursary of \$100 to a high school girl to help her further education in the field of her choice. A bursary committee, consisting of Miss Joy Bryant, Norma Irving and President J. Kullander, will draw up the conditions of the fund.

A satisfactory report on the fund held before Christmas was given to the club. A substantial sum was accumulated towards the equipping of an additional hospital bed which one of the club's current projects.

Mrs. Lillian Alexander reported the Club's Christmas work. Plans for a "Theatre Night," to be held early in February, were discussed. Miss Doris Hall, R.N., chairman of the T.B. Seal Committee, reported that returns continue to come in and the total sum received is just over \$2500.

Local and PERSONAL

Set. A. E. Wales, RCMP, returned to the city on the Prince George today from a trip to Vancouver on escort duty.

Don Forward returned to the city on the Prince George today on a brief business trip to Vancouver.

Jack Martin returned to the city on the Prince George today from a trip to Vancouver.

George Dibb, who has been on a two-day business trip to Vancouver, returned to the city on the Prince George this morning.

A. S. Nickerson returned to the city on the Prince George today on a two weeks' business trip to Vancouver and Nanaimo.

Pen Pal Sought By English Girl

A nine-year-old English girl has written to the city clerk's office here in hopes of finding a pen-pal in Prince Rupert.

She is Eileen Crossley, 249 Beechwood Rd., Luton, Bedfordshire, England. She says:

"I would very much like you to tell a girl in your town to write to me."

"My age is nine."

"I would like a photograph and will send one back of myself."

City Clerk R. W. Long thought publicity in the widely-read Daily News should get a few friends for little Eileen.

Miller Bay Dance For Radio Project

Next effort of the Miller Bay Recreational Association in the drive to raise funds on the \$2000 objective required to install a central radio receiver and public audition system throughout the hospital for the comfort and service of the patients as well as the augmentation of the signal set-up, will be a dance to be held January 25 in the commodious recreation hall.

Music for the dance is being donated by Ernest Stevens and his Port Edward Swing Band.

President Pete Peterson of the Recreation Association and Mrs. Eunice Davis, R.N., convener of the dance committee, have arrangements well under way with the full co-operation of Dr. J. D. Galbraith, medical superintendent, and Indian Superintendent F. E. Anfield.

The association already has on hand for the project some \$270 derived from a pre-Christmas radio appeal.

Prince's Bow Tie Now Popular Item

LONDON.—British fashion fad of the season is Prince Charles' bow tie.

Worn for the first time on his third birthday, Nov. 14, the tie has gone into production in a big way.

Harry Culliford, a London manufacturer, said his firm has 12 girls working overtime on British orders for hundreds of bow ties which will be made in many colors, including tartans.

One buyer requested the bows be placed on elastic for easy handling. Another style features neat clips for attaching to the collar.

If you want to sell it, advertise in News classified.

Gyro Tops Visit City

To participate in the installation of President Maic Gormely and other 1952 officers of Prince Rupert Gyro Club, two prominent international leaders of Gyro, both from Nanaimo, are in Prince Rupert. Jack Ryan, international vice-president, and Gerald Berry, former district governor, arrived on the Prince George this morning from the south.

At noon the visitors met the executive of the local club at luncheon. The principal function of their stay takes place tonight when the installation dinner is held aboard the steamer Prince George with reception preceding the dinner and dancing party following.

Tomorrow night Mr. Ryan and Mr. Berry will return south with a stag farewell in the Prince Rupert Club preceding their departure.

After Church Meets Popular

At their regular after-church meeting on Sunday evening the Young Adult Club of First United Church had one of their most interesting and informative sessions when the subject was the Canadian Leadership Training School at Nanaimo.

The convictions that led up to its formation, the various stages in its development and the tremendous measure of success that has been already achieved, combined to make the story fascinating and compelling. Pictures were shown giving in detail views of present stage of construction as contrasted with the very inadequate physical equipment at the start.

Rev. L. G. Sieber told of the early struggles to get the scheme approved by the United Church and then the amazing success of the venture and the equally amazing

Prince Rupert Daily News
Wednesday, January 16, 1952

amount of support from the church officially and from individuals who were so seized with the value of the work done and the unlimited possibilities that they voluntarily assumed the responsibility for financing the plan. While sponsored by the United Church it is not limited to members of that denomination, and indeed the wide range of those in attendance both as to racial origin and religious beliefs is a very commendable feature.

Intimate accounts of the daily routine were given by Mr. and Mrs. Bob Morris who attended sessions there. These accounts were very enlightening.

Miss Anita Stewart, a church worker here under the Women's Missionary Association, has also a worthwhile story to tell of the experiences and value of the school. Miss Stewart had attended the first course given there.

The objective is to give leadership in training for church work

and similar community enterprises.

Rowland Miles was in charge of the affair which was held at the home of Mr. and Mrs. Andrew Thompson. These after-church functions are drawing larger attendances and are particularly appreciated by the more recent arrivals in town who are away from home.

AS I SEE IT
(Continued from page 2)
public servants. Would the capital be at Banff?
Whenever you go up in the Peace River country you hear anguished stories about the results of the distance of the B.C. block from the capital, Victoria. Under the combination scheme it would be ten times as hard for ten times as many people.

GOVERNMENTS should be located where they can best serve the people who elect them. Provincial governments deal with matters like roads, bridges, schools, hospitals which much more immediately and deeply effect the lives of the people than does Ottawa. Our provincial governments should be moved closer to the people, not further away.

GREAT MASSINGHAM, England—A moving picture show sponsored by the electric board of this Norfolk town was delayed. The cause was an electrical breakdown.

BLACKWOOD on Bridge

By EASLEY BLACKWOOD

By careful point count bidding, and using the four no-trump bid in this particular sequence of bidding as a no trump raise rather than as Blackwood, Mr. and Mrs. Rhule managed to go set 1400 points. Mr. Dale simply won the first six tricks with his heart suit.

Here is now it happened. Using the 4-3-2-1 count for ace, king, queen and jack, Mrs. Rhule's bid of two no trump showed 13 to 15 points. Mr. Rhule had 18 points.

Now if Mrs. Rhule's hand counted only 13 points, there was a total of 31 points in the partnership—not enough for a slam. But if she had her maximum (15 points) then the total was 33 and that WAS supposed to be enough for slam.

Mr. Rhule therefore raised to four no trump, suggesting that his partner go to six no trump, holding 15 points, and pass, holding 13 points. If she had exactly 14, I don't know what she was supposed to do.

Mrs. Rhule got the message. She had 15 points, bid, six no trump and—came the slaughter. Accepting the first round of bidding as satisfactory, what could have been done subsequently to avert this disaster? Well, Mr. Rhule was clearly over a minimum and entitled at least to think about a slam. But he didn't have to jump all the way to four no trump. Why not make a probing bid of three diamonds?

Actually, holding no sure heart stopper, Mrs. Rhule should have next bid five clubs and that would have become the final contract.

In the WORLD of SPORT

Elks Take First Loss in Tough Fight

Civic Centre Roller Rink

To Be Proposed at
Forthcoming Annual Meeting

Several items of importance to the agenda of the annual meeting of the Civic Centre Association January 24, will be discussed.

First and foremost on the list, says Director Jack Stirm, is the approval by members of expenditure to install a new maple floor in the auditorium and to install roller skating.

This has been recommended by the board of directors.

Convinced of its success in Prince Rupert, Mr. Stirm feels roller skating will offer "both recreation and wholesome activity to young people who find no place to go in the evenings."

Competition In Dog Derby

OTTAWA — A record entry of 26 contestants—their sights aimed at the Gold Challenge Trophy and \$5,000 in prizes—will compete this year in the third annual 100-mile international dog derby, Feb. 7, 8, 9.

Donald Reid, chairman of the Ottawa Junior Board of Trade, which sponsors the race, predicts that United States mushers will provide keen competition for Canadian drivers, who have romped home winners the last two years. At least 10 U.S. teams will enter the event.

The race is run in three daily 33 1/3-mile heats. The course starts on the frozen Rideau Canal in the heart of the capital, cuts through the city and loops cross-country in a southerly and south-westerly direction before swinging back to the starting point.

Heading the Canadian competitors is Emile Martel, 48-year-old lean, six-foot Loretteville, Que., musher, who last year drove his dogs across the finish line with a combined winning time of nine hours, one minute and 11 seconds.

Martel, runner-up in 1950, will be out to gain permanent possession of the trophy. To do this a driver must finish first three years running.

Perhaps the most dangerous threat from the U.S. is big Bill Shearer, a fur dealer from East Jaffrey, N.H. He will hit the trail with 11 highly-trained Siberian huskies. Shearer last year finished in the runner-up spot, one minute, 29 seconds behind Martel.

Other members of the U.S. contingent include Dr. Roland Lombard and Dr. William Belford, both of Deersfield, Mass. Bill Bellette, Helena, Mont., and Frank and Dexter Sears, of Lake Placid, N.Y.

SET TRACK RECORD

Dr. Belford, who finished in eighth place in the 1951 derby, set a track record in the final day's run. He ran the course in 2:50:24 and was presented with a gold cup by Dr. Agustin Norez Martinez, Argentine ambassador to Canada.

A newcomer to Canada, Tat Duval, president of the New England Sled Dog Association, will rank as one of the chief contenders. He has been racing sled dogs since 1929 and has won many important races in the United States.

A husband and wife combination will come from Manitoba. Laird Ouellette, 38-year-old CNR fireman from The Pas, who finished fourth last year after winning the Marathon Derby at The Pas, and his wife, will both enter teams.

Oldest man to try the gruelling test this year is Antonio Giguere of Loretteville, 72-year-old veteran of more than 150

G & A 43, ELKS 42
CCC 59, RAINMAKERS 48
HI-GREEN 47, MERCHANTS 25
BEAVERS 15, MAPLE LEAFS 10

In as close a contest as basketball fans will ever see on any court, Gordon & Anderson last night eked out a one-point win over Elks for the top senior ball club's first loss of the season. Score ended 43-42.

This second of a twin senior hoop fixture was practically as tight all through the game as it ended. Scoring sea-sawed by one and two points from the end of the first quarter. Half time score was 25-26 with the Elks ahead.

Flaten and Holkestad of G & A had honors divided with 15 points each but for Elks, Don Scherk carried the load with 13 points and was high man for the game.

DOGGED STRUGGLE

It wasn't so much the high speed but the dogged, determined struggle which saw men heavily tired at the end. Bill "Monk" Sunberg suffered a twisted ankle in the second quarter but Coach Alex Bill allowed him on the court again in the last few minutes of play.

Last few minutes were anxious ones as Elks knocked down a five-point lead to within one point of a tie. G & A held the ball tenaciously to hold the lead.

CCC WINS

In the first senior bill, CCC 300 walked away from Rainmakers with 11 points to finish 5-48, starting centre Marshall with 22 points and Ratchford as playmaker.

The pulp millers controlled the whole game. For the students, Simonson scored high with 15.

INTERMEDIATE

The intermediate game saw Hi-Green clean up Merchants

in a 10-0 victory. He has amazed spectators for the last two years with his tireless efforts, finishing the 1951 race 27 seconds out of the money in seventh place.

Military rivalry is shaping up this year between the United States Air Force and the Canadian Army. A dog team from the USAF, stationed at Goose Bay, Labrador, has been flown to Hamilton, Mass. for three weeks' special training along the New England trails, and Sgt. Dinny Hayes, with the Canadian Army, Ottawa, is entered with a team of nine purebred Labrador retrievers.

Willfred Lepine, 1950 sled dog king, who finished fifth in last year's race, will again bring his hounds to contest the event.

FINE ARTS CLUB

Mr. Stirm will present an outline and ask approval of forming a local branch of the Sir Ernest MacMillan Fine Arts Club. Letters have gone out to city organizations explaining mission and operation of such a club and Mr. Stirm says he will welcome all opinions on this proposal.

Added facilities and added activities will bring more members to the Centre. Without members there is no Centre," said the director, who lists present membership at 1300 but feels there should be many more.

A program of entertainment before the meeting is being arranged by A. P. Crawley, executive member, and Mr. Stirm.

LONG-LASTING

Some leather goods made by the ancient Egyptians have survived the centuries in as good condition as when first made.

Seal Cove Rink Nearly Ready; May Be in Use By End of January

Prince Rupert Curling Club still hopes that there will be curling and skating on the artificial ice rink on which it has been working assiduously during recent weeks. President Neely Moore is optimistic.

All the pipe is in now and is awaiting pressure tests. These completed, the pipe will be lowered off the trestles and covered with sand.

Meantime, the refrigeration line from nearby B.C. Packers cold storage plant is being installed from both ends.

Pipe laid and refrigeration connection finished, the rink will be ready to flood and then the long awaited ice.

Meantime, the club members are still being urged to keep turning out with all the help they can to finish up structural work on the building.

The enthusiasm of Mr. Moore was apparent yesterday when he spoke of foregoing a trip to the Bulky Valley Bonspiel at Smithers this week-end so he

LONDON — The Duke of Edinburgh, visiting the London Wool Exchange, asked a stream of technical questions, evidently preparing for the Australian tour with Princess Elizabeth. An expert said "He must have been doing some fairly intensive study; he knew a great deal about the wool industry."

STONE BUILDING

Ocean Falls Students to Re-open School Rivalry

The old inter-high rivalry in basketball prowess between Booth Memorial High School and Ocean Falls has started up again and first action between the two teams will be seen here January 30 and 31 when the paper town students visit Prince Rupert.

An added attraction will give fans the first opportunity this season to see girls in action on the hoop court. A select high school team will meet another select town squad picked from past girls' basketball teams here, says Les Mathews, Bo-Me-Hi teacher, organizer of the special series and coach of Hi-Greens.

Team to play the visitors will be made up mostly of Hi-Green players, supplemented by Rainmakers if necessary, says Matthews.

For a return bout with Ocean Falls, local students and including a girls' team, will travel to Ocean Falls, leaving February 14.

The games are organized to promote competition and friendly relations with the paper town and to give intermediate students the opportunity to travel. Matthews, along with the sponsoring students' council, hopes to attract a host of fans to these games.

"It's not so much good basketball but the spirit of the sport which the fans will see," claims the intermediate coach. "And there are the girls, a novelty, now that no organized women's basketball is played here."

Each of the two schools will seek to make travelling expenses from the other's visit. It will take

Local Rink For Smithers

Bill Mackenzie's rink, representing Prince Rupert Curling Club, leaves Friday to compete in the Smithers bonspiel, and four others hope to "sweep 'em clean." Link is composed of Neely Moore, Wally Jennings and Roy Collinson, skipped, of course, by Mackenzie.

Joe Louis In Golf Tourney

SAN DIEGO — Former world's heavyweight boxing champion Joe Louis will be an "invitation" entry in the San Diego open amateur golf championship tournament commencing here Thursday.

MASS BATHING

Three thousand persons at the same time could be accommodated in the Diolethian Baths, the largest of the ancient Roman public baths.

British Foster Parents Scarcer?

LONDON — A shortage of "Mums and Dads" is worrying child welfare societies and government officials.

Under a government scheme, persons willing to look after children committed to government care receive a small wage and a 14-week training course. But so few applications are being received that one of nine training centres set up under the plan is being closed.

The foster-parents are required to provide a sense of home life for orphans and children committed to the country's care from broken and neglected homes.

LONDON (CP) — A toy museum is being opened here for the first time. Collectors all over the country will contribute toys of the past from Britain and other countries.

The most IMPORTANT MAN in the CANADIAN ARMY

There have been many startling developments in modern weapons — even talk of push-button warfare — but despite all of this — the INFANTRYMAN continues to be the most important man in our defence forces.

Today, the Canadian Infantry Soldier is one of the most highly trained men in our Army. He is master of many weapons. He is tough. He has built a reputation that is second to none.

More young men are needed right away to swell the ranks of the Royal Canadian Infantry Corps. The job is not an easy one. You have to be good to make the grade as the most important man in the Canadian Army — the INFANTRYMAN.

TO ENLIST YOU MUST:

1. Volunteer to serve anywhere.
2. Be 17 to 40 (Tradesmen to 45).
3. Meet Army requirements.

Apply to the nearest Recruiting Depot:

No. 11 Personnel Depot,
4050 West 4th Avenue,
Vancouver, B.C.

Price of Tin Getting High

WASHINGTON—The United States will pay Britain \$1.18 a pound for 20,000 tons of Malayan tin, to be delivered here over the

coming twelve months. The figure is six cents a pound higher than the \$1.12 ceiling fixed by the Reconstruction Finance Corporation, government monopoly in tin imports.

Famous Big Four Mining Group at Stewart Taken On Option by Smelters

STEWART.—There is well-founded information that the Consolidated Mining & Smelting Co. of Canada has taken an option on the well-known Big Four mining property. So far there is no confirmation here. It is reasonable to assume that, on account of their examination of the property in 1951, they may have made some arrangement for a further examination this summer.

Big Four property, on the top of the mountain across the head of Portland Canal from Stewart, includes three famous old mines: Prosperity, Porter Idaho and Silverado.

At one time the group was operated for a season by Silbak-Premier when that concern was controlled by the American Smelting & Refining Co., silver-lead-zinc ore being taken out.

In 1946 Transcontinental Resources had the group for a season but let it go.

Recently, Consolidated became interested.

There is some five miles of underground workings, the condition of which at the present time is not definitely known.

Cleaning out of the workings would have to be carried out by Consolidated this year before further exploration work preparatory to the taking up of the option would be undertaken.

LONDON (P)—A local society presented an aquarium to the children's ward of a hospital. The society said that watching fish will not only calm the children, but help the doctors to relax.

...SMITHERS... NOTES

Replacement of the board walks on Main Street with cement or black top walks will be one of the principal projects to be undertaken this year by the Smithers Board of Village Commissioners.

Smithers is faced with a coal shortage as more severe wintry weather descends upon the district. Bulkley Valley Collieries, owing to its commitments to Columbia Cellulose, has been unable to meet the demand and shipments of Alberta coal have been held up.

Smithers Parent-Teachers' Association has commenced a series of square dance and box socials. The first was held Saturday night and was a very successful affair.

After visiting in Prince Rupert with her son and daughter-in-law, Mr. and Mrs. W. H. Lewis, Mrs. W. Lewis of New Westminster is now visiting here with her son-in-law and daughter, Mr. and Mrs. Al Bannister.

Stewart Has Real Winter

STEWART—Another blizzard hit this district during the past week with one foot of fresh snow. A high north wind accompanying the storm making it the more intense.

The snow plow of the Public Works Department was kept busy for a short time clearing the roads where, in places, large drifts had piled up, making it difficult for motor vehicles to navigate.

This Monday the high winds continued assuming gale-like proportions. The weather cleared somewhat with bright sunshine.

If you want to sell it, advertise it. News classified.

No Longer Ghost Town

STEWART—Across the border Hyder, Alaska, may soon emerge from its status as a ghost town. It is reported that arrangements are about to be made for the housing of fourteen families there on account of logging operations which it is stated will commence this year. With the advent of American capital into the logging business in this area the outlook for the future is much brighter for this community. This new business will be reflected in Stewart as the residents of Hyder do a considerable amount of purchasing here. It is expected that, in the near future, Hyder will emerge from its status as a ghost town.

Revival at Pt. Simpson

Neighboring Village
Turns 100 Percent to Lord
During Kitkatlans' Visit

Church Army leaders from Kitkatla, with party numbering twenty-six men and women, are heading homeward today to their village down the coast after a week's pilgrimage to Port Simpson which one of them declared has "turned to the Lord 100 percent."

The evangelistic visit to Port Simpson, lasting seven days from Tuesday of last week to Monday of this, was sparked by Mrs. Margaret Kimball, a Pentecostal evangelist from Bremerton, Washington.

The leaders from Kitkatla were Joseph Innes and Henry Brown with co-leaders Lawrence Innes, Chester Bolton and Paul Mason.

During the seven days at Port Simpson prayers were held each morning and revival meetings each evening in the Epworth League Hall of Grace United Church.

On the first night James McKay extended a welcome on behalf of the community and church in which the resident pastor, Rev. T. C. Colwell, also joined.

Second night there was a banquet in Port Simpson Athletic Club Hall in honor of the visitors. Large attendance marked all meetings and the revivalists were well pleased with the response, also the hospitality which was extended them.

The party came in from Port Simpson on the Camosun yesterday and left for home today by fish packer.

Mrs. Kimball is staying over for a week here to conduct meetings at Full Gospel Tabernacle.

Stewart News

Logging operations in the Bear River Valley continue in spite of the snow although hampered slightly. The temperature is ten above zero but the high winds causing the heavy drifts make the base of operations difficult of access.

Mike Birmingham, an old timer in the district and a former Yukoner, was taken to the Stewart General Hospital for treatment on Sunday.

Despite the inclemency of the weather there was a good turnout at the cribbage drive of the Stewart branch of the Canadian Legion held in their clubrooms on Saturday. Mrs. S. Kirkpatrick won the ladies' prize and Charlie Jacobson won the men's first prize. J. Bouzek took a consolation prize. Supper was served.

SHIPS AND WATERFRONT

With good-sized list of passengers and usually heavy freight cargo, CNR steamer Prince George, Capt. Ernest Caldwell, arrived in port at 10:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at midnight for Ketchikan whence she will return here tomorrow evening southbound.

Making a series of voyages on board the vessel to conduct instruction classes for members of the crew, S. L. Harper, first aid instructor for the Canadian National Railways with headquarters in Edmonton, is here today aboard the steamer Prince George. While here he is paying a periodical visit of inspection to the local dry dock and railway yards.

Bob Hope in Spy Comedy

A bright breezy adventure, involving a burlesque comedian, a beautiful spy and a roster of comically sinister characters who tangle in Tangier are involved in "My Favorite Spy," teaming Bob Hope and Hedy Lamarr, which is the feature picture for this Thursday, Friday and Saturday at the Totem Theatre.

Bob is unwittingly drawn into international intrigue when the master mind of a spy ring eludes the authorities in New York. Hope is a dead ringer for the escaped spy. When he finally convinces them that he is only a comic in a girlie show, they hatch a scheme to have him impersonate the missing agent and go to the ring's hideaway in Tangier. This sets the scene for a hilarious masquerade in which he lands in the arms of the woman spy, who mistakes him for her spying boy friend. When the gang and the girl get wise, Bob is in for an uproarious peck of trouble. Finally, he saves his skin, a set of precious plans and takes Hedy home to his Hackensack cottage although there are plenty of hilarious surprises along the way.

Novel Party at Oddfellows

Between 50 and 60 Oddfellows, Rebekahs and friends enjoyed a "Time's Up" party at the Oddfellows' Hall last night. Father Time kept everyone on their toes as the party was put through situations supplied by the four seasons of the year.

Representatives of the Four Seasons, also in costume, were Mrs. J. DeLong, spring; Mrs. L. Brain, summer; Miss Betty Hood, autumn, and Mrs. W. H. McLean, winter. Father Time, in long white beard and dressed in white, was played ably by David Owens.

Team captains were A. E. Wood, C. Viers and J. DeLong. Committee members were Miss Hood, convener; Mrs. Brain, Mrs. McLean, Mr. and Mrs. DeLong. Judges were T. Priest, W. McKenzie and H. Quick.

Biz-Pro Women Planning Party

Business and Professional Women's Club of Prince Rupert decided last night at a club meeting to stage their annual card party the first week of March. Tickets will be sold and all will be invited to take part in their favorite card game of whist, bridge, cribbage and canasta.

Refreshments will be served, members decided.

Members also agreed to become an all-out Civic Centre membership club.

President Miss Mary McMillan was in the chair.
