Project Justified

THE new fun and enjoyment that has been brought in recent days to the young and the old of Prince Rupert on the ice of the Prince Rupert Curling Club's rink at Seal Cove is testimonial to the worthwhileness of that project and must be a matter of satisfaction to all the good workers whose enterprise and activity have brought the project to happy consummation.

We have talked about skating rinks for years but, until the Curling Club got into action, it never got past the talking stage and nothing was done about it. That skating is a popular diversion in Prince Rupert has now been amply proven. Only pity is that it will have to be curtailed as the curlers themselves take over the ice as they rightfully should.

Meantime, the conception of and enthusiasm for the rink project have been well justified. The backers and workers of the project are deserving of congratulation and appreciation and best wishes for a full measure of enjoyment as their reward.

Rumor, a Base Thing

THE thing called rumor, which newspapers know well and which often harasses them sorely, is evil.

The wickedness and injustice of all rumor is that its originator and sponsor are often never found. That in itself is sufficient proof that such a practice is unworthy of civilized, thinking people with respect to their fellows and themselves.

No one should utter or give strength to a rumor or further its course of defamation, damage and, so often, distress who is not in possession of facts to support his statement.

The subject of accusation by vague rumor has no opportunity of defence. He or she is fighting a ghost.

The proudest possession of any man or woman is his or her integrity and good name, the knowledge that, whatever their station in life may be, rich or poor, they have the respect of all.

There can be truth in rumor but it is a careless, and often cowardly, person who indulges in its dissemination.

There are too many rumors. The wagging tongue of the rumor-monger and careless talker can torture the soul and mind of many an innocent person and family.

Belgium Well Represented

An official communique received here today by Belgian Vice-consul Pierre Le Ross states that, contrary to public opinion created by news dispatches, Belgium will be represented at the funeral of King George VI.

"Prime Minister Van Houtte of Belgium," begins the communique, "stated in the House of Representatives that Belgium wishes to be represented at the funeral in a very dignified way."

"The government and speakers of the House of Representatives and the Senate have expressed how much the country shares

the sorrow of a great friendly nation.

"The head of the state has designated the heir to the throne to represent him at the funeral. He will be accompanied by the Prime Minister, the minister of foreign affairs and by chiefs of army."

"Mr. Van Houtte stated that, in accordance with tradition, presence of a Belgian state head in a foreign capital is not customary when an official visit has not previously taken place."

"The Belgian government regrets that erroneous presentation of facts might have led to minimize the part Belgium is taking in the British mourning."

Mr. Le Ross will attend the civic observance here Friday morning, representing the Belgian government.

Daily News to Publish on King's Funeral Day

The Daily News, like all other daily newspapers in British Columbia, will publish on Friday, the day of the King's funeral. While it is a public holiday, the newspapers have made the decision to publish, feeling that it is their duty to bring to their readers the solemn news of the day's proceedings.

The Daily News is arranging for special Canadian Press coverage of the royal funeral in London with a summary of local proceedings centering on the memorial service in the Civic Centre.

The office will be quiet during the period of the service so that all members of the staff will have the opportunity of attending and paying their tribute of respect to the dead monarch.

Pasture Now Big Airport

EDMONTON (C)—The Edmonton municipal airport which has become one of the busiest and most modern airfields in Canada this year marks its 25th anniversary.

Once a cow pasture, the airport has grown to a \$12,000,000 investment. It has spread from the original 160 acres to 750 acres, and is believed the only Canadian airport within a city's boundaries; perhaps the only one in North America.

Captain James A. (Jimmy) Bell was the first manager and still holds the position.

Although the field is officially 25 years old, it was actually used for many years before 1927 when barnstorming was the rage. Charles Becker, Edmonton barnstormer and bush pilot of the old days, says he believes the first plane landed in Edmonton before the First World War.

It was from this field that bush pilots like W. R. (Wap) May and Matt Berry rose to fame in the aviation world.

Capt. Bell gives May credit for opening the public's eyes to the fact that airplanes were useful in developing the north besides barnstorming.

It was Jan. 1, 1929, that May made a flight in his old Curtis Jenny, carrying the name "City of Edmonton," which opened the way for a generation of bush pilots.

An epidemic of diphtheria had broken out at Fort Vermilion, 350 miles north. Anti-toxin was needed immediately. A plane was the only possible way to get it there in time to quell the epidemic. May, in a two-seater, open-cockpit plane, made the trip successfully.

PIONEER FLIGHTS

Ten years earlier, however, May and George Gorman had made what has gone down on record as the first commercial flight in the west. They carried a bundle of newspapers to Wetaskiwin, 33 miles south of Edmonton, in 1919.

With the success of the first northern flight, aviation in Edmonton started to boom. Trappers seized the chance to save months of dog team travel to trap lines. Supplies were flown in and furs flown out to provide pay loads both ways.

Other pilots and companies joined in and by 1928 the city boasted three airplanes and an airport staff of three. By 1937 these figures had grown to 45 planes and an airport staff of 97.

Today there are about 1,000 airport employees and it is estimated that a plane takes off or lands every five minutes of the day.

Recently a Trans-Canada Air Lines plane was unable to land in Edmonton because of icy runways, and turned back to Calgary. That marked the first occasion in 20 years when an aircraft was unable to land here because of runway conditions.

But Capt. Bell didn't feel bad about the situation. In a country such as this, where winter weather is about as unpredictable as any, he feels the Edmonton airport has a proud record.

TEMPERATE CLIMATE

In Lima, capital of Peru, maximum summer temperature is 82 degrees and minimum in winter is 56.

BABY'S CRY IS NOT ALWAYS TEMPER

DISTINGUISH between your baby's cry of pain and cry of temper. The "pain cry" should have instant attention. For the feverish distress due to gas on stomach or bowels or those common digestive upsets, give Baby's Own Tablets at once. As one Toronto Mother reports—she finds they work every time. "I am the mother of nine children, three of them prize babies, and Baby's Own Tablets have been my only medicine in raising them to the healthy children they now are. As soon as my children became a little feverish I at once gave them Baby's Own Tablets and in a very short time the fever disappeared and the children were normal again."

Equally effective for constipation, upset stomach, teething troubles and other minor ailments of babies. Quickly effective. Sweet-tasting. No "sleepy" stuff—no dulling effect. Sickens often strikes in the night. Get a package today at drug stores. Money back if you are not satisfied. 30c.

Jack Stewart, Black Hawk hockey player, went to bed for two months with an injured back and, when able to get around again, returned to recover from the effects of brain concussion. Hockey is a great game, but there is a point where sport ends, and something else commences.

It may be a touch of imagination, but ever since Prince Rupert caught the curling bug and finally got down to actual developments and accomplishment the idea has been spreading. Now comes word that Port Alberni is planning another rink.

How often in the past have we pointed to school students, remarking somewhat doubtfully they would be running the town some day. Everyone agreed, but this was as far as it went. So that's one of the reasons why this "future citizen" business, so well exemplified Tuesday, is a first class idea. Why? Times have changed, and time is cash. A fellow at 45 is becoming elderly. It's up to you to educate yourself, fill a profession, learn a trade, find a job or if possible make a stake while still young. Whatever you choose to follow, in life, try and like it, naturally. Spending a day mixing with those already busy with something or other and absorbing what you see, hear and study, is at least a splendid way to make a start.

Saskatchewan finds a decreasing population although not of distressing consequences. It's happened before to that province and it managed to discover reasons to cheer up. Just now, some folks talk oil!

Still February, but daylight comes earlier (if you have enough hardihood to raise the blinds) and twilight lingers. For some folks, lengthening days have a fascination. Others order breakfast around lunch hour.

Gyros Cooperate In Education Week

Prince Rupert Gyro Club accepted a proposal of the Prince Rupert Teachers' Association to participate in the forthcoming observance of Education Week.

Instead of hearing an Education Week speaker as has been the custom, suggestion was that members of the club might visit the High School and see education in action. The matter was referred to the program committee for further action.

Among other matters coming up at yesterday's monthly Gyro business luncheon was a suggestion that the local club might sponsor a new club which has been suggested for Anchorage, Alaska.

Satan at Work In World Still

Pastor S. R. Johnson brought another challenging message at St. Paul's Lutheran Church last night on the problem of sin. He mentioned that it was not popular to speak about sin and its consequences. From Genesis 3 he pointed out that Satan, who is the enemy and deceiver of the human race, was using the same old strategy today in holding men captive in sin.

This was brought out in five points:

Doubt.—Satan in his own subtle way causes people to doubt that what God says in His Word is true. This leads to the final consequence of sin. "The wages of sin is death."

Denial.—The serpent said unto Adam and Eve: "You will not surely die." This reveals unto us that they had to make a choice. "There is way that seemeth right unto man but the end thereof is death."

Desire.—When doubt and denial had accomplished their work in her heart, Eve yielded to desire. When she saw that the fruit of the tree was good for food, she ate and gave to her husband. People fall for the lust of the eye, the pleasure of sin. The Bible says that "friendship of the world is enmity with God."

Disobedience.—When they had fallen to the strategy of Satan, they ate, thereby showing disobedience. This disobedience brought death.

Death.—This death brought physical, spiritual and eternal death. Because of their disobedience they were dead in trespasses and in sins. They were at enmity with God. Faith, love and hope were lost. Because of sin man will go into eternal death. That is eternal separation from God. There is only one thing that man can do and that is to flee to the arms of Jesus for refuge. "If the Son, therefore, shall make you free, ye shall be free indeed."

Hats Off To Nanaimo

YOU WON'T find any finer ship anywhere than the new CP Princess of Nanaimo.

Yet strange are the ways of "progress." For on the smooth swift journey to Nanaimo you talk to old friends for Hornby Island. You find that all scheduled passenger and freight services to and from that island have recently been discontinued, leaving the 200 inhabitants virtually stranded. They can get on and off the island by hiring water taxis. But it costs a small fortune for one person to make the return trip that way.

The government of B. C. has a moral obligation to the people of all these gulf islands to re-establish regular shipping services.

THE MOST striking thing my wife and I discovered on a week's visit to Vancouver Island was Nanaimo's curling rink. You will be reading about it next month when they are to have a monster bonspiel, with participants from all over the country.

But what interested me was how they built it. It cost only \$42,000 cash — although it is worth at least twice or three times that figure at going values.

The secret was—voluntary labor. Nanaimo had never had a curling rink, and some of the men and women around town thought it would be a good idea to build one.

They formed a citizens' committee, headed by a bank manager. But the bank manager soon was transferred and the job of heading the campaign fell on the Vancouver Sun's Nanaimo manager, Jack Whitlam.

Jack minimizes his own part in it, but from keen young Mayor Westwood and others in Nanaimo, I learn it was tops.

But the whole population of Nanaimo jumped in and got behind this project. The actual ice machinery cost over \$20,000.

There were other cash items which were absolutely inescapable. For every dollar of cash outlay local people and local business concerns gave one or two dollars in free labor and free services. One sawmill even ran "for free."

At the height of the construction just about every truck driver in town was giving one day a week unpaid. A big oil company was supplying the gasoline. And all sorts of craftsmen were doing their bit—all for no other pay than helping to build something that was going to help make Nanaimo a better place to live in.

THEY HAVE a lot of jokes about the building of that rink. They swear by all the gods that some of the old timers who helped with the actual labor had only a vague idea of what curling is like. Some even thought you had to have skates to perform!

But they all jumped in behind the building. It was almost as much fun as those old fashioned barn-raising they used to have back in pioneer days, in

Ontario or on the prairie. SOME YEARS ago in this column I could build her big auditorium mostly by labor.

Mrs. Earl Becker returned to the city Tuesday night from Wistaria where her mother, Mrs. E. J. Mohr, pioneer woman of the lakes district, recently died. The funeral took place at Wistaria.

E. J. Mohr, whose wife died a few days ago at Wistaria, arrived in the city on Tuesday night's train from the interior. He is sailing tonight on the Prince George for a visit in Vancouver.

Mrs. Vince Daly and son David, accompanied by Mrs. Daly's father, David Todd, who has been visiting here for three weeks, are sailing on the Prince George tonight for Vancouver. Mrs. Daly will spend a two-week vacation in the south.

Haakon Selfjord, Fisherman, Dies
Haakon Selfjord, well known local salmon fisherman and resident of Prince Rupert for twenty-two years, passed away yesterday afternoon in the Prince Rupert General Hospital.

Born 77 years ago in Lund, Norway, he had spent 21 of his 22 years in Canada at Prince Rupert. His last boat was the Atlas.

Surviving are deceased's widow, who has been for many years in Bergen, Norway; four daughters, Mrs. Herman Rensvold and Mrs. Jacob Strand of Prince Rupert, Mrs. Haldis Wold in Oslo, Norway; and Mrs. Gunhild Jansen in Stockholm; three sons, Olof Selfjord in Prince Rupert and Harold and Haakon in Vancouver. There are also eleven grandchildren. A brother, Alfred Selfjord, lives in Bodo, Norway.

Deceased was a member of St. Paul's Lutheran Church. The funeral will take place Saturday afternoon.

In spite of the fullness of over ninety years, Mr. and Mrs. Kirkpatrick are still enjoying good health.

Mrs. Kirkpatrick was an alderman in Prince Rupert in 1913, the first woman alderman in Canada, and also served in the school board.

Mr. Kirkpatrick was a customs officer here and they moved south when he retired.

Knights Templar Head Pays Visit

Douglas Manson of Nanaimo, provincial grand prior of Knights Templar, arrived in the city yesterday on the Prince George to pay an official visit to the local preceptory last night. R. G. Van der sluis, formerly of this city and now of West Vancouver, who was provincial grand master last year, was also present last night and was honored by its mother preceptory. Mr. Manson and Mr. Van der sluis will be sailing tonight by the Prince George on their return south.

BRINY WATERS

The salt content of the waters of the Great Salt Lake in Utah is about six times the density of the ocean.

ORANGE PEKOE
Canada's Quality Tea

exciting new recipe for Creamed Salmon

So Quick and Easy to Fix
1 tablespoon butter
1 tablespoon flour
1/4 teaspoon salt
1/2 cup Carnation Evaporated Milk
1/2 cup water
1 flat can (half-pound size) canned salmon

Melt butter in saucepan over medium heat. Stir in flour and salt; cook 1 minute; remove from heat and add 1/4 cup milk; blend carefully until all lumps are gone. Add remaining milk and return to heat, stirring constantly until sauce thickens and boils. Add salmon and serve immediately over freshly made toast. Makes 4 to 6 servings.

For Plain or "Fancy" Cooking—
Use the Milk that Whips!

CARNATION MILK is double-rich milk—concentrated to the consistency of cream. So it's perfect for your fanciest "company" desserts, as well as all regular milk purposes!

IF YOUR RECIPE SAYS "MILK" use Carnation diluted with an equal amount of water. This way you have homogenized, heat-treated milk with all of good milk's food values, and extra creamy-smoothness.

Drama Groups Consolidating

The drama department of CCC 300 Club will affiliate with Prince Rupert Little Theatre, the club executive decided last night. Feeling was that mutual benefit would be drawn by such a move. A meeting of the two departments is expected in the near future.

Report on the club's choral group showed good progress but more members are asked to support the group.

Financial report was read by Treasurer Bill Halliwell which showed the club is becoming financially sound. Profits from a new soft drink machine installed in the plant by the company are being turned over to the club.

Mr. Halliwell informed the executive.

The club sponsored adult educational series, presented by weekly lectures at Booth Memorial High School will end February 19. Good attendance at the lectures was reported.

Date for the next general meeting was set at February 26, when election of officers will take place.

Skating Ends — Rocks Brooms Next Week

Youngsters, 'teen-agers and grown-ups ended week's fling on skates last night as the doors of Seal Cove curling rink closed. They will be open to the public Monday, official opening day of the rink.

It was with many a heavy heart that children left the first artificial ice sheet in Rupert on which many of them had just learned to skate since last Thursday.

Rink-keepers—Curling Club members who volunteered to supervise nightly skating—report each night was more crowded than the last. They estimated more than 350 public school children (and under) visited the rink yesterday afternoon.

Meanwhile, adults and high school students also found skating "a real sensation," as Rupert Greissel put it, after not having skated for several years.

The curling sheet was opened to public skating as an "introduction" by Prince Rupert Curling Club, members of which raised the funds and built the rink with volunteer labor.

CURLING BEGINS
The first rock will slide down the ice Monday night when ribbons are cut and curling officially gets under way with an exhibition game between President Neely Moore's and Vice-President Ed Boulter's rinks.

League curling begins Tuesday night.
Meanwhile, Ice Steward Barney Eyoifson will mark the rinks—three of them—and prepare the surface for a glassy finish.

A handful of men grouped together a year ago to get curling started in Prince Rupert. They fulfilled their aims.

Wings Win Over Leafs

DETROIT (CP)—The Red Wings widened their National Hockey League margin of leadership to 12 points Wednesday night by downing second place Toronto Maple Leafs 3-1.

The New York Rangers, meanwhile, moved into a tie for fourth place with Boston Bruins by a lop-sided 6-2 victory over the Bruins.

Rookie Wally Hergesheimer fired home two goals to spark the New York drive. A crowd of 13,413 disappointed Toronto fans watched rightwinger Gordie Howe fire the puck into an empty net with less than a minute left to wrap up the game. The Leafs had lifted Goalie Al Rollins for extra forward in their effort to tie the score. Howe, league leading scorer, scored his twenty-ninth goal of the season.

In New York a crowd of 7,844 saw the Rangers come from behind with six goals in the second and third periods after Dunc Fisher and Veteran Milt Schmidt gave Bruins a 2-0 first period lead. Hergesheimer and Howe got two of the Rangers three goals in the second period. This

Official Opening of Curling Rink Monday

Prince Rupert curling rink will be officially opened when Doug Frizzell sends the first stone skidding down the ice at 7:45 p.m. Monday. After him will be Mayor Whalen.

The opening climaxes a full year of planning and hard work by 150 members of Prince Rupert Curling Club headed by enthusiastic President Neely Moore. Mr. Frizzell was selected as one of the guests of honor because of his assistance in turning over the former RCAF mess hall at Seal Cove to the club.

"Without the building, there just wouldn't be any rink today," said a club executive today.

Feature event of the opening will be an eight-end competition game between teams of President Moore and Vice-President Ed Boulter. Following are the teams drawn:

President's team:
G. N. Moore (skip), H. Kellogg (third), E. G. Holliston (second), W. C. R. Jones (lead).
J. Laurie (skip), B. E. Eyoifson, J. D. Barber, W. C. Cuthill, Dr. L. M. Greene (skip), R. O. Evans, J. W. Rogerson, E. A. Turner.

Vice-President's team:
E. Boulter (skip), R. S. Collinson, H. H. Thom, R. Winkins, W. McKenzie (skip), R. A. Wood, M. A. Matthews, F. C. McDowell.
T. G. Bateman (skip), W. T. Jennings, W. A. Landon, P. A. Berg.

Barbara Brent's BUYS AND WHYS

MONTREAL, Feb. 14th—Here's my "Tip-of-the-Week" for you... Look for KRAFT DINNER in a brand new package... the bright yellow and red package that's really an eye-catcher. "Kraft Dinner" is a wonderful, kind-to-your-budget, good-to-eat dish that you won't want to miss! In fact you'll always want to have it handy—for "get-ready-quick" meals and unexpected dinner guests. You see, "Kraft Dinner" is a real main dish... a delicious macaroni-and-cheese combination that cooks to tasty lightness in only 7 minutes. And so economical, too. One package of "Kraft Dinner" contains enough for a main dish for four... for less than 4¢ a serving.

No More Sleepless Nights For Me... not since I've discovered how quickly BEN-GAY (Baume Bengue) relieves rheumatic pain! Just rub in Ben-Gay to rub out "Peter Pain!" Whether he strikes in a head or cold—or hits hard in neuralgia, rheumatism or muscular pain... this grand rub-in gives happy relief, alone with a soothing, nice warm feeling. Yes, Ben-Gay does the trick... and it's so easy to apply. Just rub it on the aching areas and see how quickly you feel better. Always keep Ben-Gay on hand—the generous tube costs just 75¢ at your druggist's.

It's A Treat to health and beauty when you drink the juice of one fresh lemon in a glass of water first thing on arising... for this natural fruit drink helps keep you regular the healthful way. That's because lemon-in-water doesn't "tie you up in knots" as harsh laxatives do... just gently helps your system regulate itself. So take my tip... if you're feeling "low" or "stagnant"—follow this healthful lemon formula for feeling better. It always makes me feel like a new woman... but one thing I make a point of remembering, I always ask for SUNKIST CALIFORNIA LEMONS. You see, they're the finest, juiciest grown.

You'll Be His Favourite Valentine... when you serve any one of the delicious HEINZ CONDENSED SOUPS... in any one of the lots of ways you can serve them! Yes, "Soup's On!" means something specially good when the soup you serve is Heinz. You see, the folks at Heinz are soup specialists. They combine long experience with great skill to bring you the very best of flavour-packed soup. And there are more than just a few good ways to enjoy Heinz soups. They're "tops" as a first course—marvellous in meat loaves, pies and roasts. Ask your grocer for Heinz Soups. You know they're good because they're Heinz.

Don't Give Up those marvelous detergents just because they're drying to your hands. You can feel perfectly relaxed about using them if you smoooth your hands with JERGENS LOTION afterwards. Keep a bottle of Jergens Lotion in my kitchen—always—and in my bathroom, too—and use it between chores. It doesn't slow me down because it's never sticky or greasy. It's soothing, smoothing liquid that quickly supplies the softening moisture that dry, thirsty skin needs. Yes, you'll find when you use Jergens Lotion regularly that your hands will be soft and smooth as a baby's skin—always. You'll love Jergens Lotion! Ask for it—just 15¢, 37¢, 65¢ and \$1.15.

"No Time" Is No Excuse for not giving your family the kind of breakfast they deserve—and need. It takes so little time to prepare one of the most delicious morning treats I know... a "CREAM OF WHEAT" breakfast. You see, 5 Minute "Cream of Wheat" cooks to satin-smooth perfection and full digestibility in just five minutes of boiling... and it takes just seconds more to sprinkle it with raisins or brown sugar. M-mmm!... there it is—a breakfast treat that really begins your day. 5 Minute "Cream of Wheat" is not only good—it's good for you. It provides Iron, Calcium and Phosphorus for diets deficient in these elements.

Pretty Important To A Man—sparkling white shirts! So you can take a bow when your husband raves about the whiteness of his! But give some of the credit to Blue—For Blue does the best job of all in keeping clothes from turning yellow. Just a swish or two of Blue in the final rinsing—that's all there is to it. And it's so safe for the fine fabrics in your wardrobe! Those wonderful sheets you got for your anniversary—the luncheon set that's your pride and joy... don't take chances—use Blue to keep them white! Costs just a few pennies a month—and that makes good sense, doesn't it? Yes, for the whitest wash, it's RECKITT'S Blue.

More Beautiful Women use Woodbury Face Powder... why don't you? Yes, more and more of the loveliest women you know are choosing WOODBURY.

FACE POWDER. Know why? Only Woodbury, with its secret blending process and special foundation, creates a real, lasting, such exciting satin-smoothness, such superb shades. And its flattery lasts longer—for Woodbury Face Powder clings for hours! Ask for it... just 23¢, 45¢ and 75¢. And thrill to the vivid excitement of Woodbury lipstick... creamy, clinging. In 7 tempting shades... all beautiful and velvety. 23¢ and 55¢.

Hang Some Gay Decorations—put on a pretty dress—and have fun at your young-ster's parties. It's easy to do when you're not all worn out, from fussing over "fussy" food. Simply make something easy—yet oh-so-delicious with wonderful JELL-O PUDDINGS. Here's a recipe that's always a party success—yet economical and simple to prepare...

MARBLE PIE. Prepare 1 package each Jell-O Chocolate Pudding and Jell-O Vanilla Pudding, using 1½ cups milk for each. Cool mixtures. Put a tablespoon at a time, into baked 9-inch pie shell, alternating flavours. Cut through filling with knife in zigzag course to "marble", repeat in opposite direction.

Home From The Office Or From Shopping... feeling weary 'n' worn? Then I'd suggest you try the tastiest "pick-me-up" I know... INSTANT CHASE & SANBORN COFFEE. It's quick and easy to make—takes no longer than boiling the water—so there isn't long to wait before you can enjoy its full-bodied goodness. M-mmm... isn't it good? The flavour's there—and the real lift... thanks to the Chase & Sanborn coffee-experts. I always keep a jar of Instant Chase & Sanborn handy in my pantry cupboard. It's a real find when I'm feeling tired... and a real delight when guests drop in. You see, it's as easy to make ten cups as one. And economical—for there's no waste.

I Hope You've Never Had Any Valuables Stolen Or Lost through fire... it's such an unhappy experience. But I do know one way to avoid it! So simple—so convenient—and so inexpensive... just store your precious possessions in a Safety Deposit Box at the BANK OF MONTREAL. Then, when you go visiting for a night or a week—you can be perfectly relaxed in the thought that they're safe as can be. I find my B of M Safety Deposit Box a wonderful aid to my peace of mind. Why not gather your valuable papers and keepsakes together today... and take them down to your neighbourhood branch of the B of M. It takes just minutes to rent a Safety Deposit Box... and costs less than two cents a day!

Be sure to read this column next week for full details of the exciting new \$5,000.00 Contest.

Telkwa Skating Rink Does Well

TELKWA—With a surplus in revenue it was made possible to have the pump room at the local skating rink lined with plywood sheeting to insure continuous heat in order that the water in the boiler will remain hot. The installation of these facilities are quite an asset and will enable the ice to be flooded with plenty of hot water which will undoubtedly go towards making the Telkwa rink the finest sheet of ice along the line.

TELKWA TALKS...

C. P. Bussinger arrived by car from Vancouver last night. He stated that there was plenty of snow and high banks on each side of the road, the road was heavy in places which caused some delay, but he took his time in returning. Mrs. Bussinger did not accompany her husband. It may be another two months before she is able to leave the city due to further treatment for her sight.

W. Blunt, recently of London England, arrived here from Vancouver with the view in mind of settling down in British Columbia if he can find something attractive in the way of a position. The prospects for positions in both Victoria and Vancouver were at a low ebb he stated, especially at this time of the year. He heard of this part of the country and decided to look it over. His wife, who remained in Montreal, hopes to join him soon. At present Mr. Blunt is with the office staff of C. P. Bussingers Ltd.

Vanderhoof Wins Three Puck Games

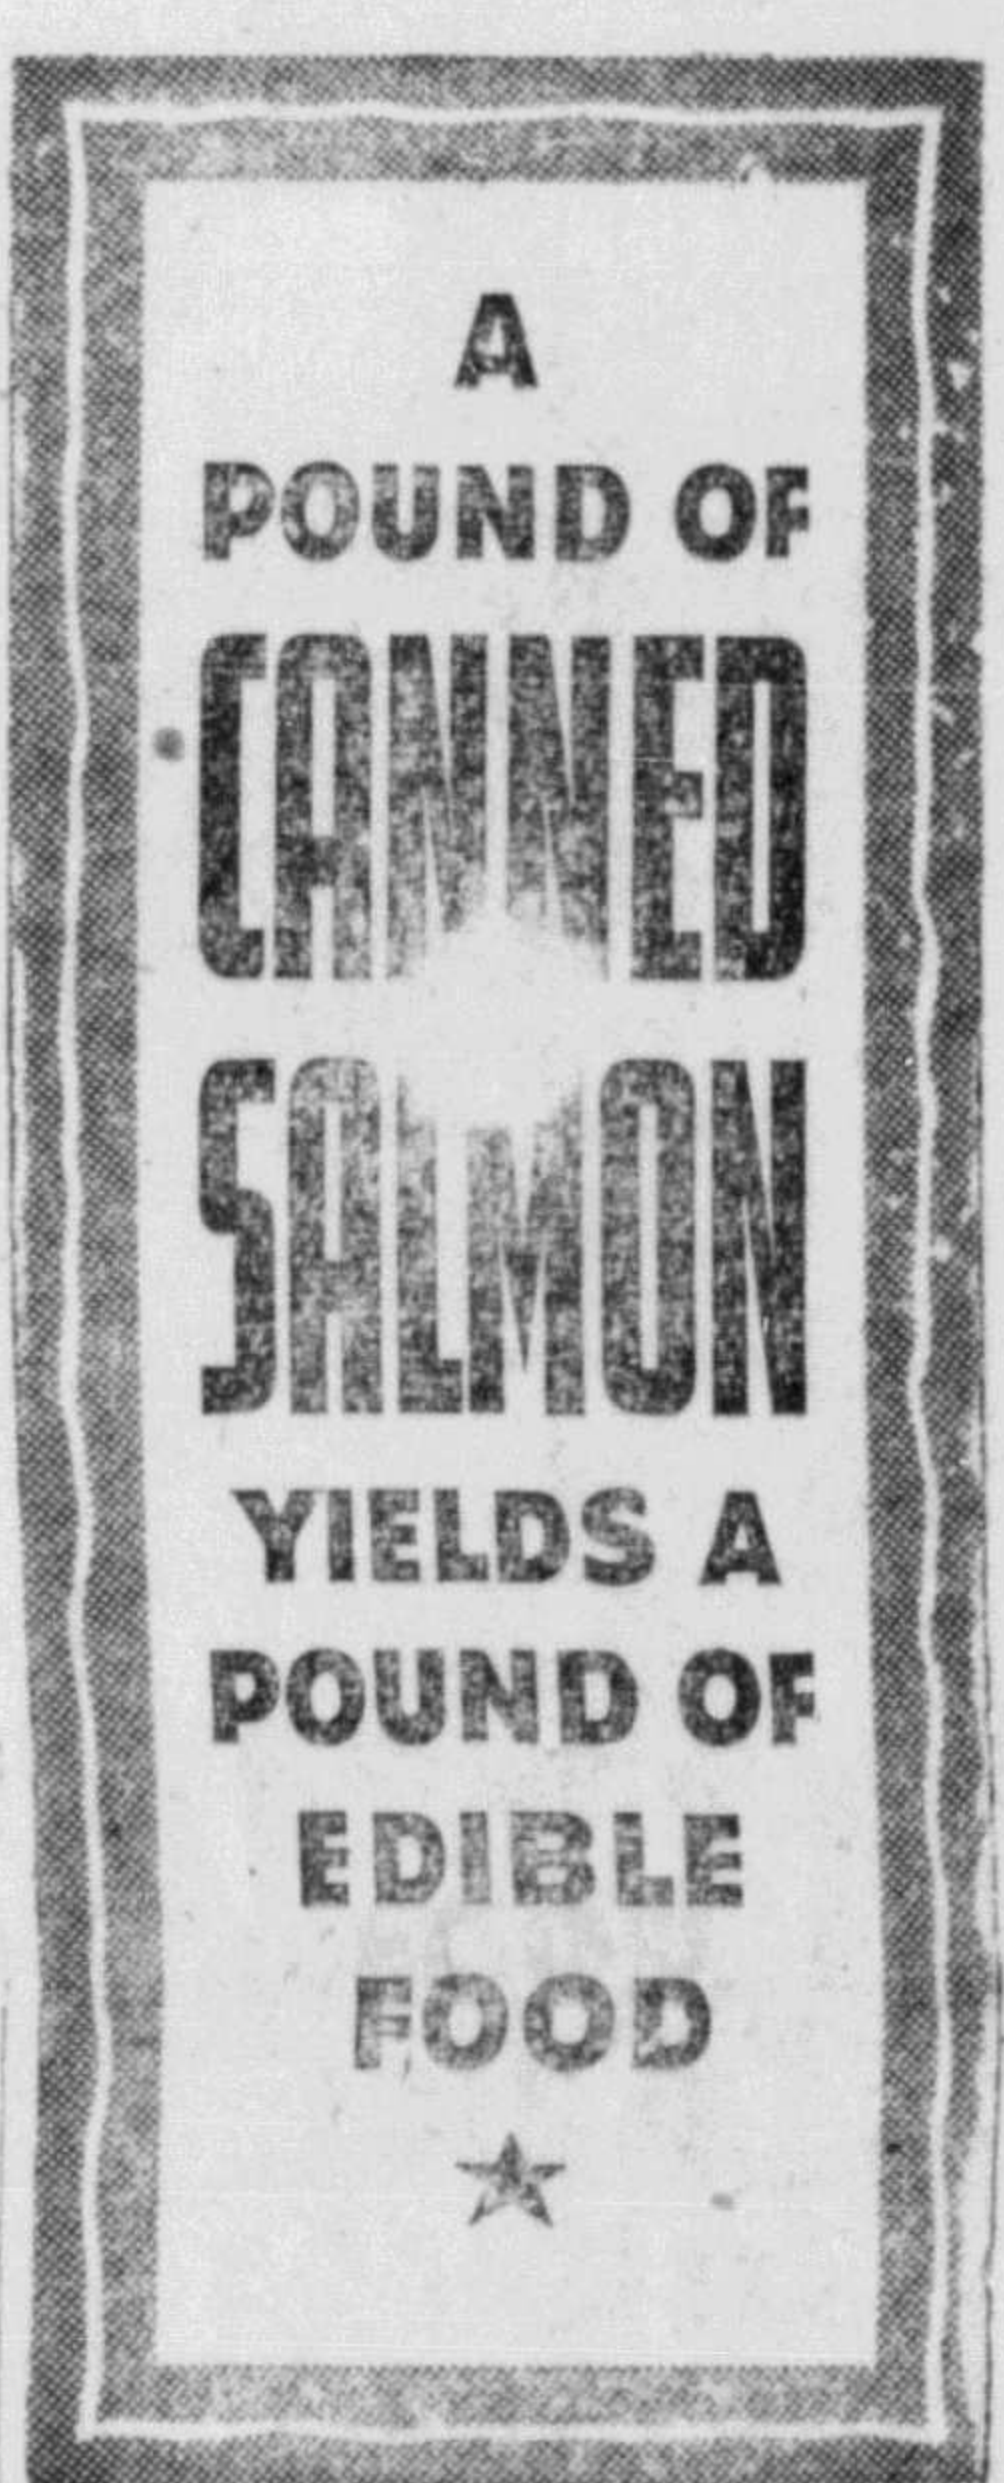

SMITHERS—The Vanderhoof Pee-Wees journeyed by train to Smithers where they played the Smithers team two games and on Saturday played the Telkwa team. The Vanderhoof team was victorious in all three games. The ladies served hot dogs and coffee at the rink.

Telkwa Favors Incorporation

TELKWA—The committee which was appointed at the last Telkwa Citizens' Association meeting to inquire into the town's incorporation went into action on Saturday last week. The various canvassers worked the town with a petition for signatures of those in favor of incorporation. The plan was a landslide with 94.2 percent in favor.

A number of Telkwa citizens attended the Board of Trade banquet held in the Anglican hall in Smithers last week. Walter Burns, president of the Associated Trade Boards, gave a brief report of the activities during the past year and it was announced that the annual convention of the Associated Boards of Trade will be held in Smithers this year.

John Greene of the Meadow Brook farm returned from the south where he had attended the Dairyman's Convention at Nanaimo. He reports that both Victoria and Vancouver were very wet and it was good to see some sunshine.

Winners at an auction bridge party held in the library on Wednesday by the W.A. of the St. Stephen's church were: ladies first, Mrs. Mapleton, second Mrs. Cunningham; men's first, Mr. Pritchard. Consolation was awarded to Mr. Hughie MacLean. Hostesses were Mrs. Phillips and Mrs. Cunningham.

The ice carnival, scheduled to take place on February 15, will be held on February 22 instead.

Special church services will be held here Friday morning in memory of the King, as well as a service in the Town Hall in the afternoon.

A. Muhelm, secretary for the school district, and Mrs. Muhelm, accompanied by Mrs. P. Davidson, secretary for the Smithers school board, and George Shepherd, representative for the district, and Mr. Ingot, Principal, journeyed to Houston on Sunday on business pertaining to the school there.

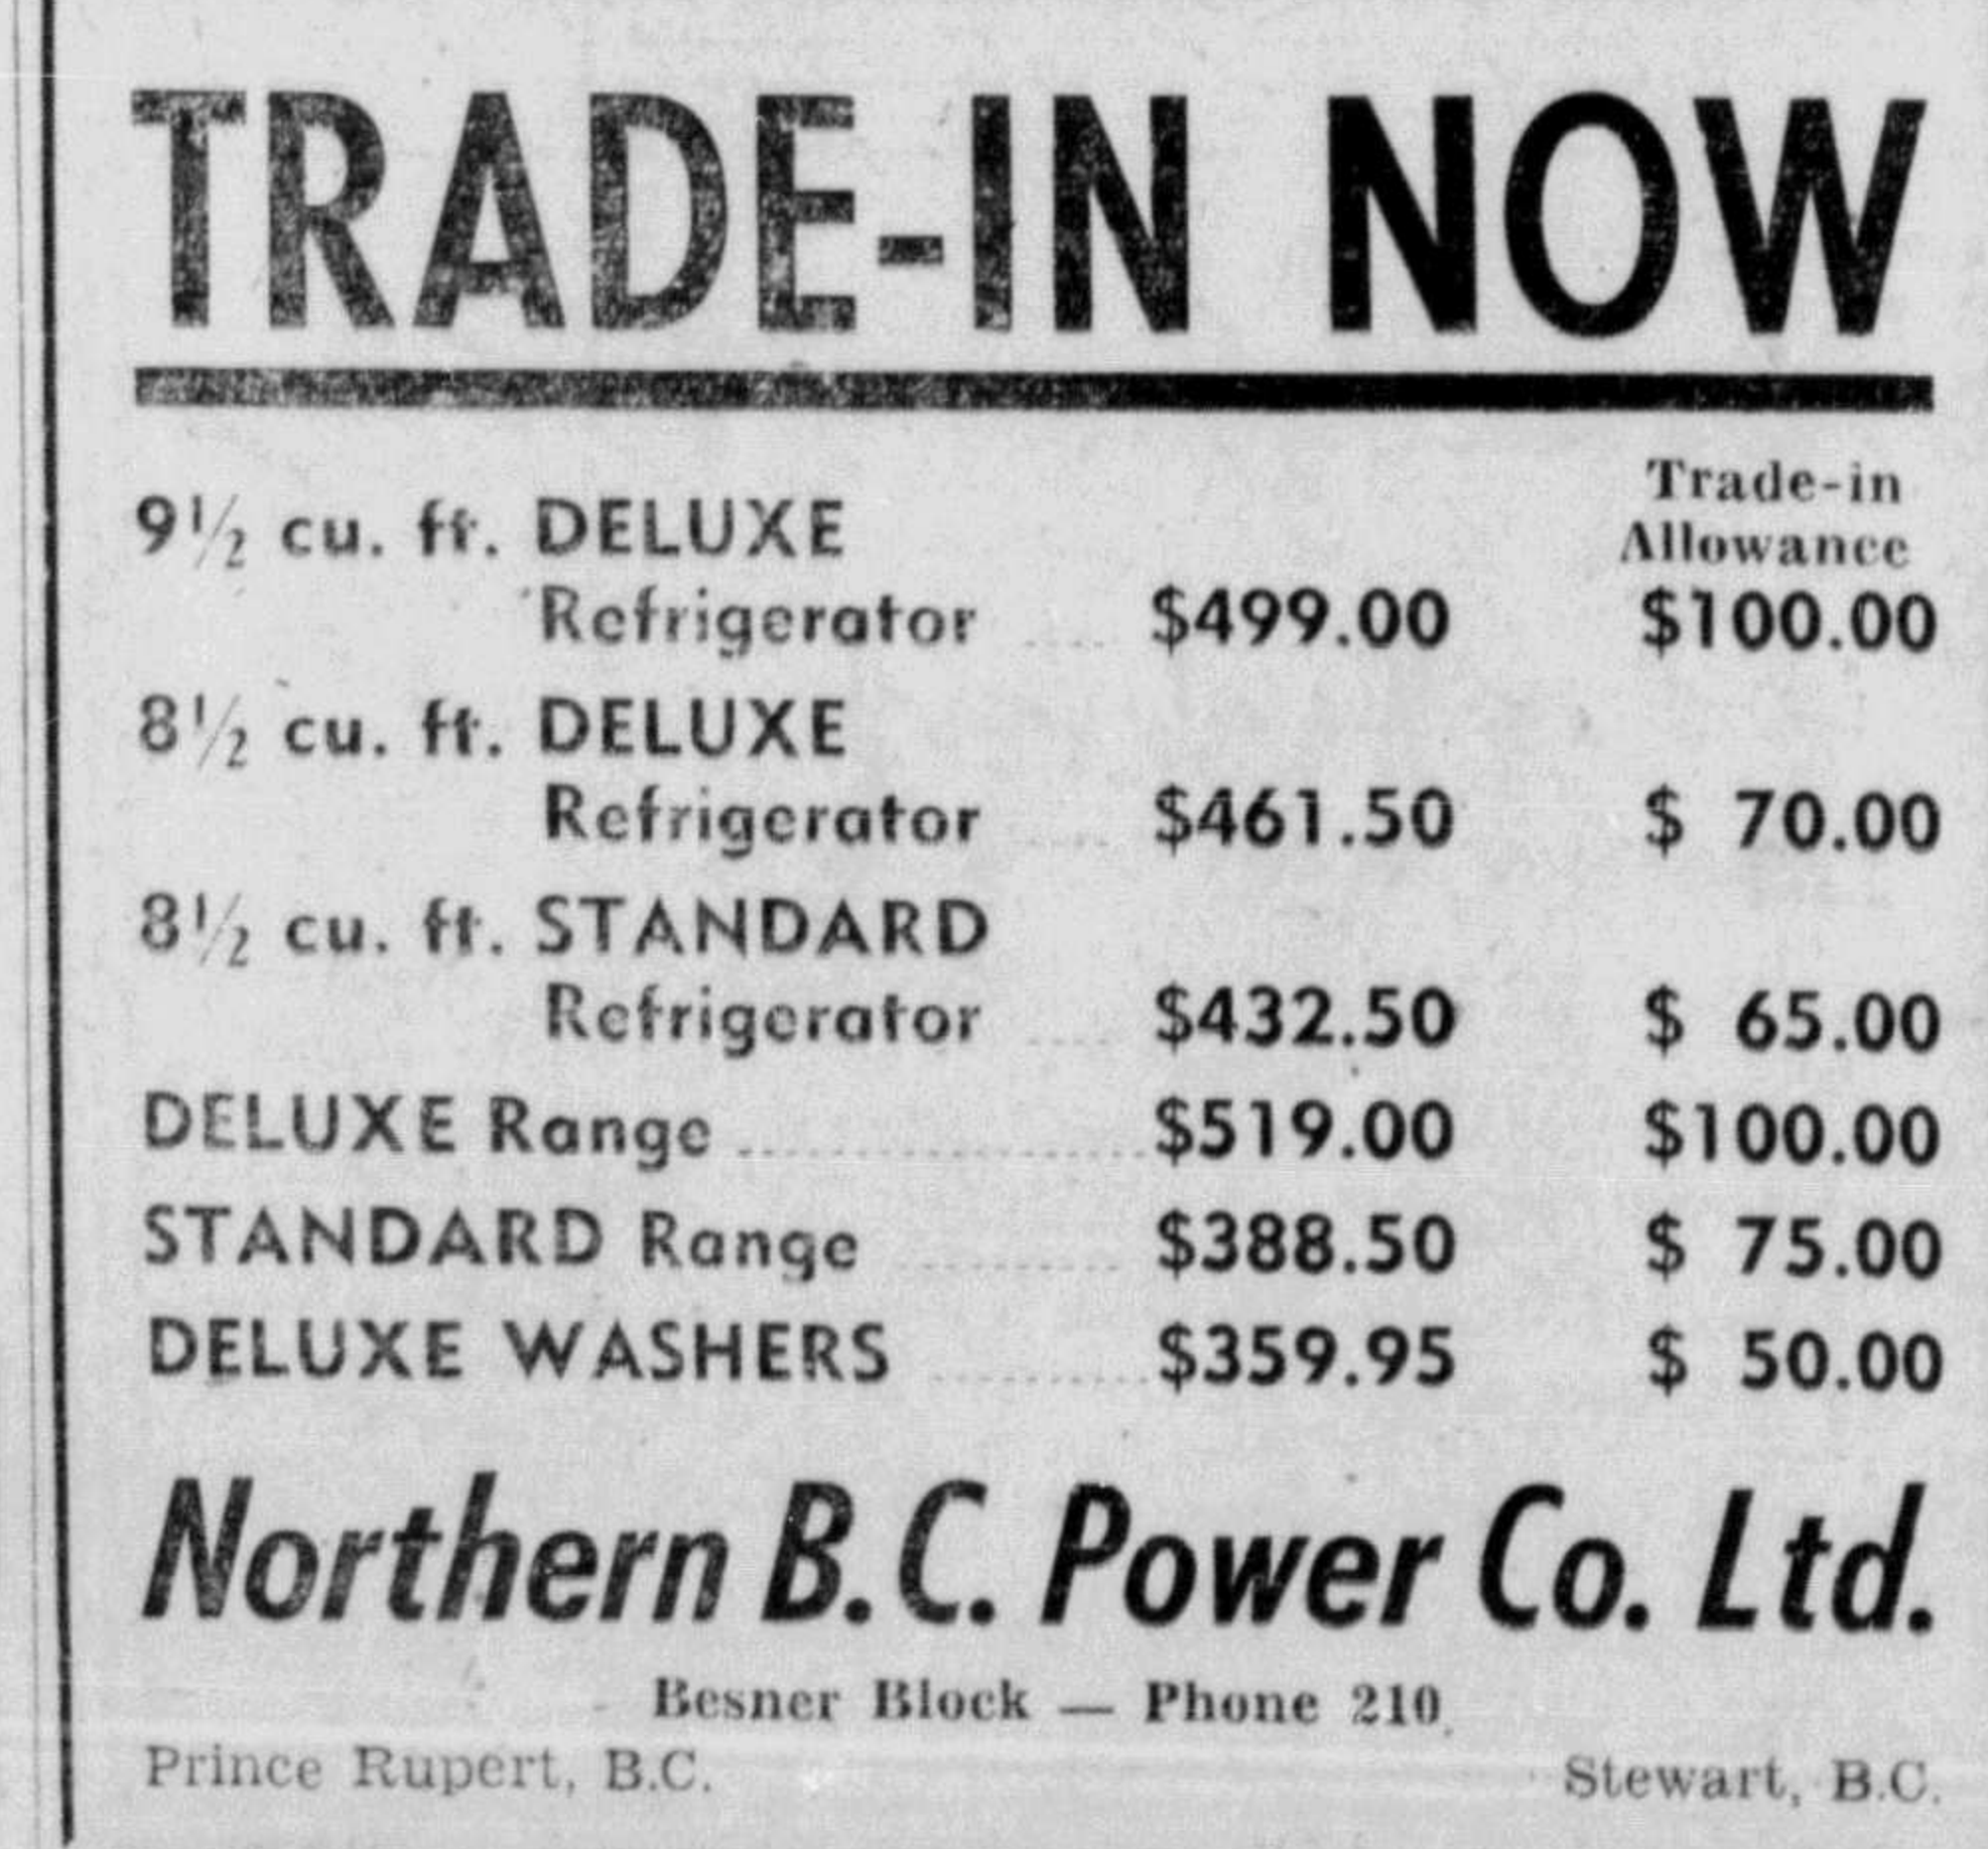

John Gilbanks, Veteran, Dies

John Gilbanks, a well known army veteran of two world wars, died suddenly last night while visiting at Canadian Legion headquarters. His body was found lying near the entrance of the building as a waitress went off duty at midnight. A physician was called who found that death had occurred a short time previous.

Coroner E. D. Forward was called and an inquiry was held, establishing that death was due to natural causes.

Deceased was born in England 59 years ago is survived by his mother in the Old Country.

Film Is Full Of Suspense

Charged with suspense and full of action is "No Highway In The Sky," a story of scientific investigation upon which the fate of a great air liner holds in the balance, which comes to the Totem Theatre here Friday and Saturday.

Starring is James Stewart, an eccentric researcher, whose grave discovery leads to doubt and peril, and Marlene Dietrich, a glamorous international star of the screen who becomes involved with Stewart during a critical trans-Atlantic crossing by air. It is a drama of intrigue and danger.

Stewart is also supported by the British actress, Glynis Johns, who has the part of an ingenious young air line hostess whose faith in his cause comes to count heavily against prejudice and ridicule.

In addition to the super-charged thriller, "No Highway To The Sky" also contains the attributes of an exciting romantic story.

The picture has a background of authentic exteriors in England.

Jack McRae Speaker to Catholics

At the monthly meeting of the Home and School Association last night, Jack McRae, M.L.A., gave an informal talk on organization and procedure in the provincial government.

The recent breakup of the Coalition government, Mr. McRae said, was inevitable. Reason for the formation of the Coalition in 1941, the member said, was to avoid the expense of an election at that time. In 1945 the coalition government was again re-elected but since that time has been under continual fire of criticism especially from the press.

A year and a half ago both major parties openly announced they would not stay together. The recent Esquimalt election was another step toward the split of coalition. The Premier's request for the resignation of the Minister of Finance a month ago brought the final break.

Mr. McRae made it clear that it was not strictly a Liberal government because some coalitionists stayed. The coming session will see a Coalition government but 95% of the members will be Liberal.

Speaking on the actual work facing members in Victoria, Mr. McRae said there were innumerable problems that the public knew nothing about while they are conversant with controversial questions.

Referring to education as always a contentious question in government, he pointed out that the Catholic students were granted free textbooks in the last session. On dual taxation he stated that other minority groups were faced with similar problems. He added that minority groups must first attain the support of the majority groups in order to attain their objectives.

Father Rayner, on behalf of the Home and School Association, thanked Mr. McRae for his interesting address.

Walter Lahti was in the chair and an audience of about fifty heard Mr. McRae.

Ship's Plaque Goes Ashore

HALIFAX—A bronze plaque from the famous Cunard liner Aquitania was presented to the Canadian National Railways today at a special ceremony attended by leading government, business, military, shipping and port officials. The plaque will be given a place of honor in the Nova Scotian Hotel, owned and operated by the National system.

The plaque was accepted on behalf of the CNR by Stanley S. Chambers, until recently office manager of the Hotel Vancouver, and now manager of the Nova Scotian. It was presented to the veteran trans-Atlantic ship by the Canadian forces. The inscription reads: "Presented to HMT Aquitania in appreciation of her service as a troopship in two great wars by all ranks of Canadian Armed Forces, Halifax, Nova Scotia, January, 1947."

The Aquitania, familiarly known as "The Grand Old Lady of the Atlantic," was launched in 1913 and retired in late 1949. Besides carrying thousands of service men in two world wars, the Aquitania sailed more than 3,000,000 miles, made 884 trans-Atlantic crossings and carried 1,198,000 passengers during her long sea career.
