Britain Names Delegate

Canal Issue May Be on Agenda

LONDON (Reuters) — Gen. Sir Brian Robertson, Britain's top military expert on the Suez Canal zone, will attend the Big Three foreign ministers' conference in Washington, the Foreign Office announced today.

Other members to accompany Acting Foreign Secretary Lord Salisbury to Washington, the announcement said, will be Foreign Office Deputy Under-Secretary Sir Frank Roberts, assistant undersecretary William Allen and private secretary F. J. Leishman.

Roberts and Allen are experts on German and Far East affairs. The entire party will leave London Wednesday night for the opening of the talks Friday.

Robertson, former British Middle East commander, served as joint leader of the inconclusive Anglo-Egyptian talks last May over evacuation of British troops from the Suez zone. His presence on the Washington delegation suggests the issue will be high on the agenda.

The Last Ride

CITIZENS MIGHT HAVE THOUGHT they were seeing things, but this is really a locomotive going across Highway 99 in Seattle. The Great Northern Railroad's engine No. 1246 was making its last run, bound for Seattle's Woodland Park where it will be on exhibition for children who visit the park. The big, 100-ton engine rolled through Seattle streets with the ease and dignity of a veteran and, of course, the help of a towing truck.

50,000 Arrested in E. Germany For Rebelling Against Regime

BERLIN (AP)—East Europe's Soviet masters displayed both the iron hand and the velvet glove today in their attempts to quell riots, strikes and outright rebellions by their discontented peoples.

The soft approach was on in Romania where Red leaders,

fearful of anti-Communist revolts, ordered additional rations of bread, flour products, potatoes, vegetables, sugar and oil distributed to the public.

The mailed fist still showed in East Germany. Justice Minister Max Fechner announced that 50,000 persons have been arrested for rebelling against the regime.

Disclosure of the staggering total—first public admission of the extent of the repressive measures taken in the wake of the June 17 riots—came as the government admitted that the spirit of revolt is still alive.

In an open letter to East zone farmers, Prime Minister Otto Grotewohl conceded that many are still dissatisfied with mere promises.

To appease the angry public, Grotewohl's regime and its Russian masters were reported releasing many of those arrested as rebels.

Reports from the East zone told of new industrial strikes and fresh unrest among farmers. Despite the flood of reports telling of disorders behind the Iron Curtain—in Czechoslovakia, Bulgaria and Poland; as well as in East Germany and Romania—Western diplomats in Vienna expressed belief that the Communists still have the 70,000,000 restless East Europeans in the satellite states under control.

Reports that spreading riots in Poland had forced declaration of martial law there drew an unusual flat denial Sunday night from the Red Warsaw government. The Polish news agency PAP broadcast a communique that no emergency measures had been taken in Poland.

The West Berlin newspaper Telegraf said Saturday night martial law had been declared in the Silesian industrial area of Poland and in Warsaw and Krakow. This report, never confirmed by Western Allied or German authorities, also declared that Poles had blown up 17 Soviet tanks.

Don Scherk and Larry Mathews collected singles. Nick Pavlikis doubled to drive in the All-Stars' two-run total.

The big guns of the All-Stars finally got the range Sunday night and blasted in five runs in the first inning, added two more in the second and a singleton in the fifth. Ketchikan countered with two in the first, and singletons in the third, fourth and seventh. Larry Mathews, All-Star starter was the winning pitcher.

Big crowds attended all three games in Ketchikan ball park. Nick Pavlikis reports and the ball team were treated to the customary excellent Ketchikan hospitality. Two Ellis Air Lines planes brought the team home this morning.

WEATHER

Forecast

North Coast Region: Cloudy this morning, sunny in afternoon. Cloudy overnight and Tuesday morning, becoming sunny Tuesday afternoon. Little change in temperature. Wind light.

Low tonight and high Tuesday—At Port Hardy, Sandspit and Prince Rupert, 50 and 65.

KEMANO WORKER FINED \$1,000 ON LIQUOR CHARGE

Special to The Daily News

KEMANO—Olaf Kroger, worker on the Aluminum Company of Canada project here, was fined \$1,000, or in default six months in jail, after he pleaded guilty to a charge of keeping liquor for sale.

The fine was levied by stipendiary magistrate W. C. Proby.

It was Kroger's first offence under the liquor act. He paid the fine.

All-Stars Salvage One Game In Series With Ketchikan

Prince Rupert All-Stars salvaged one game out the first three games in the international Roving Trophy series against Ketchikan Saturday and Sunday.

The All-Stars took part in the July 4 week-end celebrations at the Alaskan centre and won the last game of the trio 8-5.

Ketchikan's baseball nine will be down to Prince Rupert in the near future to play the final three games for the Roving Cup, donated by Ketchikan's ace hurler Harry Ludwigson.

It was Ludwigson's pitching plus four bad errors which cost Prince Rupert the first game Saturday afternoon. The All-Stars out-hit Ketchikan 6-5 but lost the game by the same tally. Gordy Cameron for the All-Stars was charged with the loss.

On Sunday afternoon Ketchikan unloaded on Prince Rupert's starting chucker Fred Christensen, and scored three runs in the first inning and two in the second. Terrace's Jim Grey came in to replace Christensen and held the Ketchikan nine scoreless for the rest of the game.

However, a 17-year-old Seattle pitcher held the All-Stars scoreless until the ninth inning when

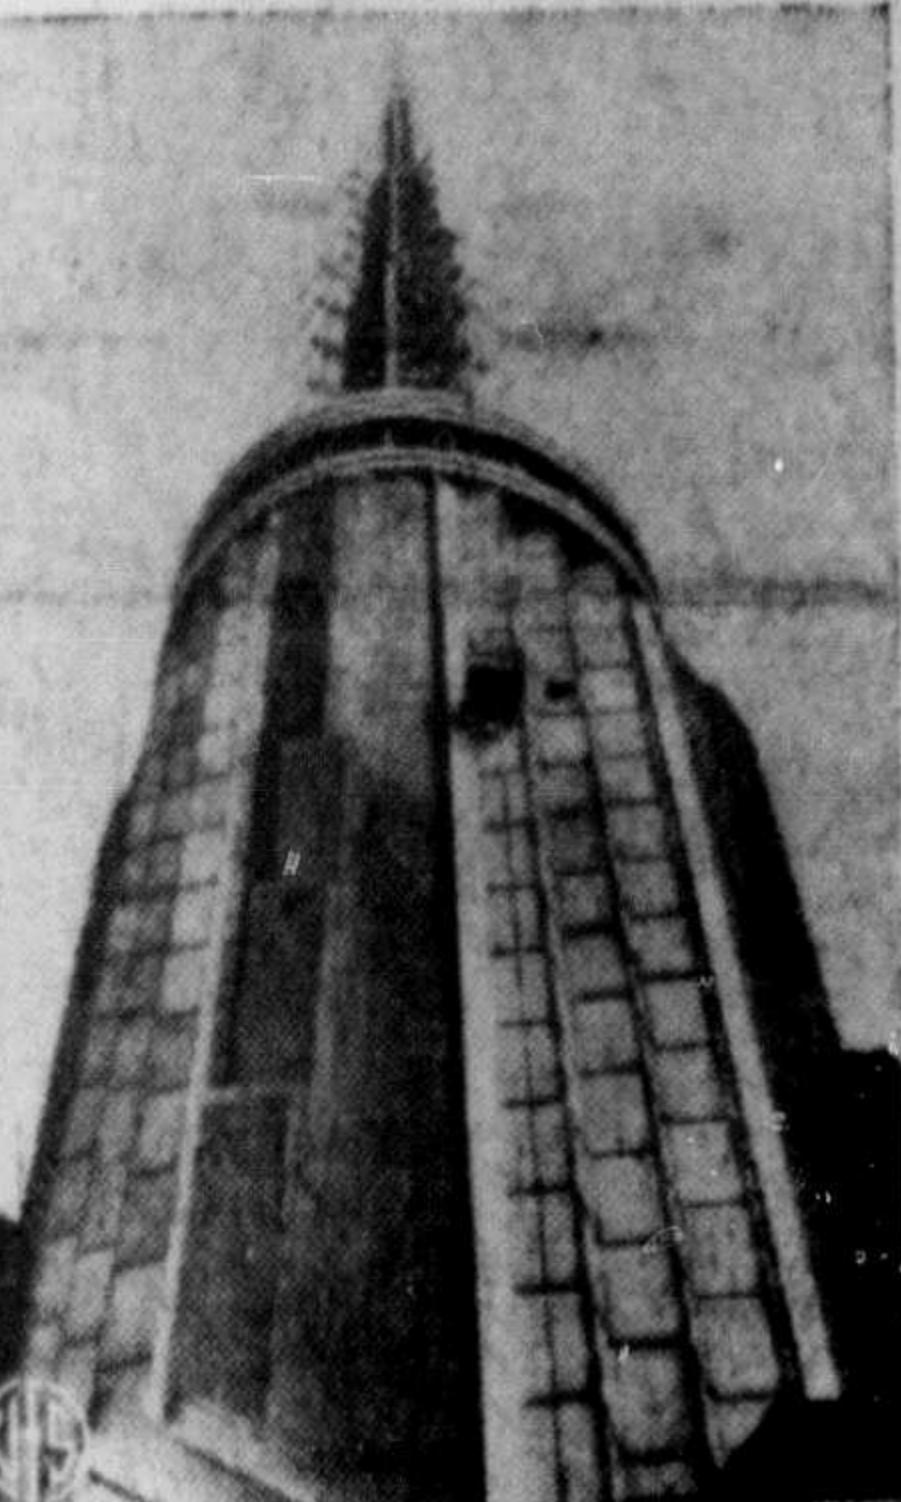

peculiar underwater structure and the strong tides surrounding it.

The television unit is to arrive in Vancouver about Oct. 1. Developed by the NRC in 1949, it will undergo modifications to achieve the utmost in stability when lowered into the rushing waters. Preliminary trials will be carried out around the 50-foot depth.

The camera has already been used on the west coast, at Nan-

aimo for the Pacific biological station there and at Esquimalt for the Pacific naval laboratory and the Royal Canadian Navy.

The camera is enclosed in a watertight steel cylinder weighing about 300 pounds. Images picked up by the sensitive camera tube are transmitted to television screens aboard the surface vessels, by means of a coaxial cable. All the camera's operations are guided by remote control.

CLOSE TO THE TOP of the tallest man-made building on earth, 50-year-old Izzy Stuhmer performs a job that would scare off most people. The immense tower of the Empire State Building dwarfs his floating platform, from which Izzy replaces cracked window panes almost a quarter of a mile above the New York streets. Topping his dizzying perch is the massive 222-foot television antenna.

Funeral Held For IWA Man From Justkatla

Requiem mass was sung by Father O. P. Mohan this morning at Annunciation Catholic church for Achille (Archie) Chabot, who died Saturday at Justkatla.

Chabot, 33, an official of the IWA at Justkatla, was killed in a logging accident. He was from Lac Pelletier, Sask.

Burial was at Fairview cemetery and pallbearers, all IWA friends of the deceased, were Frank Evans, Robert Hyslop, Henry Spence, Douglas Taylor, Raymond Hayward and Raymond Biggs.

Television Camera To Be Used To Study Ripple Rock Structure

OTTAWA (CP) — Canada's only underwater television camera will be used this autumn to study the structure of dangerous Ripple Rock in the Seymour Narrows.

Capt. H. R. Smyth, in charge of radio and electrical engineering trials for the national research council, will supervise its use during the west coast experiment. Ripple Rock has been a hazard to navigation for years, but previous attempts to remove it were unsuccessful owing to its

U.S. Compromise Fails To Change Rhee's Mind

RoK President's Stand Blocks Truce

By The Associated Press

SEOUL.—The U.S. has offered South Korean President Syngman Rhee a face-saving two-point compromise to win his approval of a Korean truce, but Rhee so far has rejected it, an authoritative South Korean source said today.

Storms Lash Korea

By The Associated Press

SEOUL.—Allied planes stayed on the ground today and battlefield action was limited to brief patrol skirmishes as rainstorms lashed all Korea.

Up to 5½ inches of rain has soaked this war-torn peninsula since early Sunday from storms that swept in from the China Sea. The U.S. 5th Air Force said the downpour would continue another 24 hours.

For the first time in more than a year, all Allied planes in Korea—even weather reconnaissance flights—were grounded.

Along the curving 155-mile front, infantrymen struggled in ankle-deep mud to keep water-logged bunkers from caving in. A number of bunkers already were reported collapsed.

Supply traffic crept slowly toward the battlefield over dirt roads turned into a quagmire.

Allied troops who sloshed through flooded paddy fields of no-man's land reported 40 patrol contacts from Sunday to early Monday. All were directed at UN positions west of Finger Ridge, south of Kumsong, or on hotly-contested Sniper Ridge in central Korea. The probes were easily turned back, the 8th Army said.

Mine Official Heading North

Walter Jewitt, representative of Pioneer Mines, left here today for Ketchikan where he has a chartered Ellis Airlines plane to take him to Star Lake and McKay Lake. Mr. Jewitt is on a routine exploration trip for the mining company.

A spokesman for the U.S. embassy denied such an offer had been made.

The South Korean source said Rhee is standing pat on his demand to renew the Korean fighting if a post-armistice political conference fails in 90 days to make headway on unifying Korea.

The source, a person in authority, said Rhee's demand is the stumbling block of the 11-day talks between Rhee and Assistant Secretary of State Walter S. Robertson, President Eisenhower's special truce envoy.

The compromise is reported to provide for the U.S. to:

● Agree to join South Korea in walking out of the conference if after 90 days it had made no progress toward peaceful unification of Korea.

● After such a walkout, "discuss" on a diplomatic level resumption of the war, with the understanding that any action would have to be ratified by the U.S. Senate.

En route to the presidential mansion, Robertson ran into the first South Korean anti-truce demonstration apparently beamed specifically at him. A line of marchers shouted, "Drive north... keep our sovereignty... unification until death."

Others carried placards reading "Continuous friendship with America."

The U.S. is reported to have firmly opposed Rhee's demand for a guarantee to renew fighting if unification fails.

Meanwhile, a rather secret conference was held in Seoul by Gen. Maxwell Taylor, U.S. commander of Allied ground forces in Korea, and his U.S. advisers to the South Korean army.

Despite a U.S. 8th Army announcement that the session was a routine monthly affair, there was speculation they discussed military problems that would arise if a truce is signed without Rhee's guarantee that the 16 RoK divisions will observe the cease-fire.

PRETTY GRETTA WHITMORE, 16-year-old queen of the 1953 Flin Flon trout festival, holds up an angler's dream—30-pound lake trout, one of the type that has made the area famed among fishermen.

Minesweeper Due Here On Training Exercise

Arriving tomorrow to take part in training exercises in these waters is HMCS Sault Ste. Marie, minesweeper attached to HMCS Malahat in Esquimalt. She will arrive at the Imperial Oil jetty for refuelling at about 4 p.m. and will dock at the CNR pier around 5:30.

On board the Sault Ste. Marie are officers and men of HMCS

Malahat who will be taking part in the four-day exercises while here.

A signal sent to Cmdr. Pearson, commanding officer of HMCS Chatham, said the navy personnel hoped that softball and baseball games with local teams could be arranged for 7 p.m. Wednesday and 6 p.m. Thursday.

Veteran of the Korean wars, the Tribal class destroyer HMCS Cayuga will also be here this week, arriving at 8 a.m. Wednesday to pick up Rear-Admiral J. C. Hibbard, RCN, who is arriving with his staff from Edmonton by train at 10:45 Wednesday evening. Accompanying Rear Admiral Hibbard is Cmdr. R. G. Pickford.

Rear Admiral Hibbard, flag officer Pacific Coast, took over command of Canada's Pacific Coast fleet from Rear Admiral W. B. Creary about three months ago. He was formerly captain of HMCS Ontario.

HMCS Chatham will welcome both ships' companies with a dance on Thursday evening and the wardroom officers are giving a reception for the visiting ships' officers the same evening.

It is hoped that Admiral Hibbard will attend the dance and present some of the prizes to the ships' personnel.

The Sault Ste. Marie will be sailing from Prince Rupert Friday morning as will the Cayuga. The latter will make a brief call at Kitimat.

Both ships will be berthed at the CNR dock while here.

413 Lives Lost Over Holiday

CHICAGO (CP)—The July 4 holiday week-end, garnished generally with good weather, brought violent death to more than 400 persons in the United States.

Automobile drivers apparently were careful enough to beat the U.S. National Safety Council's prediction that 290 persons would die in week-end traffic accidents. But not by much.

At least 249 persons died in highway and street accidents. Another 118 drowned and 45 died in miscellaneous accidents.

The two-day holiday week-end toll, 413 lives, was substantially smaller than the 643 recorded for the three-day Independence Day week-end of 1952. Last year, traffic accidents claimed 365, drownings 202, fireworks two, and miscellaneous 73.

Mau Mau Raid Royal Lodge

NAIROBI (AP) — A gang of Mau Mau terrorists raided Royal Lodge—Kenya's wedding gift to the Queen and the Duke of Edinburgh—Sunday night.

Another gang raided Treetops Hotel, 20 miles from the lodge, where the Queen, then princess, was staying when she learned of her father's death in February, 1952.

The raiders stole blankets, food, two pairs of binoculars and a guncase from the hotel. Two Africans who were employed as caretakers went off with the gang.

African constables guarding the royal lodge fought the anti-white raiders for 15 minutes. None was injured. It is not known whether the raiders suffered any casualties.

Thieves Rob Olivier's Home

LONG CRENDON, Eng. (CP) — Thieves entered the country home of Sir Laurence Olivier Sunday night and made off with furs and jewelry valued at some \$7,000 (\$19,600).

Sir Laurence and his ailing wife, Vivien Leigh, discovered the theft when they returned from entertaining Sir William Walton, the composer, and Lady Walton. It was the third time the Oliviers have been robbed in three years.

ALLURING JYTTE OLSON has plenty of charm at her disposal as she prepares to compete for the coveted "Miss Universe" title in the world beauty contest to be held at Long Beach, Calif., July 9-19. The 18-year-old beauty will carry the colors of her native Denmark in the competition.

Socreds May Elect 25th Member Today

VANCOUVER (CP) — Social Credit may elect today the one additional member needed to form a majority government in the British Columbia Legislature.

The battle centred on the big Vancouver ridings after the latest returns showed Premier Bennett's party victorious in Delta, where Tom Irwin, speaker in the last Legislature, won out over CCF candidate Len Shepherd on the first count Saturday.

This makes a total of 24 seats in the 48-seat house.

Attorney-General Robert Bonner in Vancouver Point Grey, ballot "B," told a substantial

lead over his opponents. And in the six seats yet undecided, Social Credit leads in five. CCF candidates have captured 13 seats and lead in one. Progressive Conservatives have elected one member.

Liberals have elected three and their leader, Arthur Laing, is in a close contest with education minister Tilly Roalson in Vancouver-Point Grey "C."

Health minister Eric Martin and Bert Price, Social Credit, are leading both ballots in Burrard.

Vancouver East "A" recheck is still incomplete, but Arthur Turner of the CCF has a comfortable lead over A. M. Arnold of the Social Credit.

The Voter Pays the Bills

THIS summer heatwave of election campaigning some of the hot air that is bound to emanate from political platforms will probably make the voter a little dizzy, particularly the voter in B.C. who has just finished wrestling with provincial issues. But for every fresh promise wafted in his direction, he can ask one question which will help to cool the atmosphere and clear his head. How much is it going to cost?

The voter should remember and keep remembering that he is the one who will be paying the bills. Out of his pocket all the money must come. Governments cannot make it or earn it.

If the voter is told he really needs and wants bigger old age pensions, higher subsidies or some other attractive item, he has a perfect right to know how much he is buying, how much it will add to his tax bill. And if he is told that he will get all his and tax cuts too, then he should ask very bluntly: where and how?

Sweeping and general promises of retrenchment should likewise be received with caution. Substantial economies could be made by all governments in this country, but in this day and age we can hardly expect whopping tax slashes. We might as well face the fact that we are fighting a war, mostly a cold one it is true, but terribly expensive nevertheless in complicated and massive weapons and these weapons become obsolete in a hurry. A \$500,000 plane today may not be worth \$5 as a weapon a year or two hence. For a long time to come the free world must carry a tremendous burden for defence.

In this guns-and-butter business, we have an example close at hand. A year ago Candidate Eisenhower was promising the U.S. substantial tax cuts and a balanced budget. Today President Eisenhower is finding that such promises are much easier made than carried out.

But we repeat this fundamental principle: for each of the promises with which we will be deluged, we must ask, "What's the price?" It's our money they want to play with.

Scripture Passage for Today

"The Lord God . . . abundant in goodness and truth."
—Exod. 34:6.

OTTAWA DIARY

By Norman M. MacLeod

This business of holding a mid-summer election is proving even a more serious matter than hrewd George Drew—who took instant and violent exception to it—ever foresaw.

Its menace consists in the new type of political candidate that is producing it—the base-ball pitching type. And he's far more so than the shunned than even the comparatively harmless baby-sitting type who used to flourish in the old and picturesque days of pre-sanitary politics.

The base-ball pitching type of candidate takes advantage of the act that a mid-summer election campaign results automatically in a majority of outdoor meetings. He's been schooled by modern party propaganda methods in the so-called indirect approach to the voters. The theory of that approach is that the candidate wins the admiration of his constituency on some safely non-contentious ground—his prowess in some field of athletics, preferably—and the voters conclude irrationally that he is qualified to represent them in the House of Commons.

Social Credit Leader Solon Low is being blamed for the current vogue for political base-ball pitchers. Low has a really mean throwing-arm, which he has demonstrated on numerous occasions in the annual parliamentary base-ball game between the members of the Commons and the correspondents of the press gallery. When a summer elec-

tion campaign came along, he was quick to turn his talent to political account. Social Credit political piques found themselves turned into baseball games at the drop of a hat. And Leader Low's prowess on the diamond left no room for reasonable doubt as to his talents for Parliament.

For a while the other parties looked enviously on. But only briefly. Athletic George Hees from Toronto-Broadview was the first of the PC's to decide that the Social Crediters shouldn't have a monopoly on the base-ball-pitching gimmick. Others in his party followed. Then the Liberal candidates joined the parade.

The result is that the crowds who attend election gatherings held outdoors to mitigate the mid-July heat can't know for certain in advance whether they are going to hear the public issues of the day discussed, or whether they're going to be drafted as either audience or player participants in an amateur baseball contest.

The basic weakness of the vogue is that up to the present time there has been no convincing proof of the existence of any connection whatever between athletic talent and parliamentary qualifications. The evidence has been rather to the contrary. The athletes who have been elected in the past haven't been outstanding in their parliamentary performance.

As I See It

Combine UN and Fun

TWO HUNDRED students from all over B.C. will soon meet at the University of British Columbia for a grand week of combined fun and study of UN.

The sessions begin on election day, Monday, August 10, and last till Friday, August 14.

The course is open to students in grades 10, 11 and 12. The cost is \$25 for the week in Vancouver, including meals, room and all.

There will be top notch speakers, and group discussions on the general subject "One World—Why, How, When?" But the program leaves time for plenty of fun—swimming and beach parties, dinner in Vancouver's China Town, concert and dancing, barbeque lunch, and the big wind-up dance.

SIR GLADWIN JEBB has chosen this gathering of teen agers of British Columbia to make a long desired visit to Canada. Of course, many others than the assembled students will be there to hear Britain's famous representative at the UN.

But the fact that Sir Gladwin has chosen this particular occasion for a visit testifies to its importance.

The UN Association of Vancouver surely deserves congratulations for organizing such a meeting.

PEACE is the most important thing in the world—for unless the question of war and peace is settled there is no solid future for the teen agers of Canada or for any other country.

There is no easy, short cut to peace. No world government or parliament of mankind is going to be painlessly delivered to the human race, all neatly wrapped in cellophane.

Peace must be bought at a price—and one of the chief items in that price is study—mental sweat of brows.

The UN Association of Vancouver believes that the place to start solidly organizing the world peace, under law based on justice, is with the group which will have to fight the wars if peace is lost.

IN 1935 the Charter of the UN itself calls for revision of its own constitution. Men like Lester Pearson and Sir Gladwin Jebb and a great host of others are already giving much thought to such things.

But unless there is an intelligent understanding of just what the UN is, and is not, and just what it is trying to do—and what is helping it forward and holding it back—there will be no real peace.

ONE of the highlights of the week will be a ride up the famous Grouse Mountain chair lift.

This should be a "must" for everybody who ever visits Vancouver.

But above all it seems to me that it should be a part of this special session for study of UN and one world.

For there, looking at beautiful and majestic mountains, you also look down on a great city. The whole thing is laid out before you, almost as if you were a tiny co-worker with the Almighty Himself.

Ray Reflects and Reminisces

Canada already has sufficient tankers. Some are good sized. A few could be called huge—big enough to provide oil for new families until they grow up and figure on thinking of weddings.

Canadians are the dullest people in the Commonwealth says the British magazine Truth, and some of the Canucks feel angry, but far more feel amused. This is closer to facts than is the name of the magazine itself.

A new drug is claimed to sober a drunk in three minutes. But that's the last thing any of them want.

If you have to choose between health and wealth, remember that health is harder to borrow.—Ex.

Another thing time corrects is the false notion that time cures all things.

WHY, ANYHOW?

After thirty-five years the Ontario Retail Druggists Association has changed its name to the Ontario Retail Pharmacists Association. Why? Millions of us still say "the Dominion" when our thoughts dwell on "Canada." Any number of Canucks utter "Board of Trade" when we may

be thinking about "Chamber of Commerce." And how often does one hear that hardy little word "spud" when it could just as well be "potato."

It is said that no fewer than three thousand spoiled ballots were reported at the recount into the recent election. A feature was the number of electors who had comment to make, and thought a splendid place to make it would be in lead pencil on the ballot paper. There must be a good many citizens still on the coast whose education, speaking politically, has not been completed.

RUPERT RADIO and ELECTRIC
Box 1279 Prince Rupert

IT'S THE GREATEST SINGLE STEP YET TAKEN into tomorrow's world

Electronics has revolutionized the whole art of communications.

Electronics that first gave us radio—and then television—can now flash words and pictures around the world at the speed of light. One application is the micro-wave that gives us the television hookup and allows hundreds of telephone conversations to be carried simultaneously on one carrier beam. It is also the power that allows plane to talk with plane and prospectors in the inaccessible northland to keep constantly in touch as easily as we speak with a neighbour by telephone.

Electronics has made radar possible—and the pilotless aircraft and the guided missile that seeks out its target and tracks it to inevitable doom. It can guide planes in the sky and ships at sea and bring them safely home. Another application is the electronic brain that can compute, in minutes, mathematical complexities that would take skilled mathematicians days or even years to calculate on paper.

ELECTRONICS SPEEDS THE PACE OF INDUSTRY

Canadian General Electric, as you would expect of Canada's largest electrical company, is vitally involved with the science of electronics. It was the first company to build television sets in Canada. It pioneered in two-way radio communication. It installed the country's first synchrotron—popularly called an atom smasher—at a Canadian university. It was the first company to manufacture electronic tubes in Canada, including sub-miniatures and picture tubes. It is already producing an ever-lengthening list of electronic products for industry.

Today a group within the company is engrossed in studying the limitless possibilities of transistors, the tiny electronic devices that can amplify electric signals a hundred thousand times. Not confined to any one industry, new electronic devices and controls are being used by the mining, pulp and paper, and textile industries, in steel mills and manufacturing plants, and new applications are being found every day.

Step by step for more than sixty years Canadian General Electric has gone forward with Canadian industry and has been proud to grow with Canada . . . today it is still in the vanguard as this country moves smoothly into the electronic age.

NAVY NEWS

Training at Minimum During Summer Months

During July and August the
training of reserve personnel in
HMCS Chatham will be at a
minimum due to summer vaca-
tions and reserve personnel be-
ing away on training.

One of the latest arrivals
back from training is Leading
Seaman Eddie Dawes, who ar-
rived last Tuesday night from
England, where he took part in
the Coronation. Eddie said he
did not see very much of the
Coronation parade as he was
marching in it.

The following reserve person-
nel have departed south for
summer school and naval train-
ing: Sub. Lt. (S) Jack Evans,
Sub. Lt. (W) Christine Worsley,
Petty Officer Hitchens, Wren
Nancy Hopkins, Wren Eileen
Trapp.

Sub. Lt. Charles Wright and
Leading Seaman Lavigne are in
Davenport, England, on the On-
tario, which is undergoing a
refit in that port.

The following reserve person-
nel have completed summer
training this year: Padre Basil
Prockter.

Sub. Lt. (W) Dianne Kennedy
and Petty Officer Bandsman
Peter Lien have just completed
five days in Esquimalt with the
Officer in Charge, School of
Music, regarding Chatham's
band.

36 Enjoy Moose Whist

Moose Lodge first summer
whist was successful with 36
players in attendance.

Mrs. J. Larsen won ladies'
first prize and Mrs. Eileen Si-
verton was second.

Ted Rorvik topped the men
and O. K. Olsen was second.
The pool was won by E. Siver-
ton. Another card party will be
held next Saturday.

Gift Fund Started

CANBERRA (Reuters) — An
appeal for a national gift fund
to commemorate the Coronation
of Queen Elizabeth was launch-
ed here by Acting Prime Minis-
ter Sir Arthur Fadden, who said
the Australian government has
already contributed \$98,000.

Magistrate Reserves Sentence

Frank John Dunn, formerly of
Toronto, pleaded guilty before
police magistrate Walter Vance
in city police court yesterday to
a charge of being in possession of
stolen property.

Dunn admitted being in po-
session of a watch which was the
property of Louise Dixon.

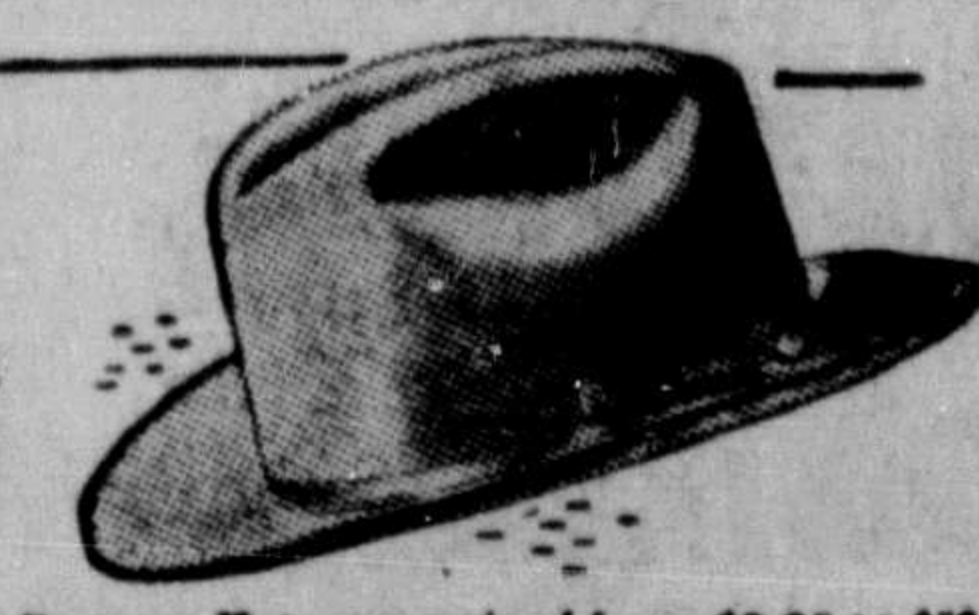

He told court he had bought
the watch for \$5 from two broth-
ers in a Prince Rupert cafe, and
said that they told him they had
found it on the floor.

Magistrate Vance reserved sen-
tence pending an investigation
of Dunn's story.

Open Road

Stetson Hats are priced from \$8.95 to \$50

more people wear STETSON HATS than any other brand

The most popular hat in the West has
traveled cross-country to crown the
smart, dignified outfits of Eastern
businessmen. It is a hat that will
proclaim your distinctive individuality
to the world. Stop in and see it today.

WATTS & NICKERSON
MEN'S WEAR

The Liberals say
they can't cut your taxes!

the *Main Issue*
in this election is
YOUR MONEY!

**WE CAN...
WE WILL!**

We will budget for Government's legitimate
needs...we will stop budgeting for bloated
surpluses which—in three years—look from the
people's pockets without moral or legal right,
the staggering sum of \$1,618,000,000 more
than the Government needed...In the first
month of the present year, the Canadian people
have already been overtaxed \$79,000,000!

We will end the shocking conditions in our
Defence Department which the Government's
own investigator, (Col. G. S. Currie) described
as: "A general breakdown in the system of ad-
ministration, supervision and accounting...
Accounting records in a chaotic condition and
of little use in determining the nature and extent
of irregularities...Waste and inefficiency far
more costly in loss than that covered by ac-
tual dishonesty!"

We will without impairing the efficiency of
our Armed Forces, correct the appalling ineffici-
encies in the administration of the Department
of National Defence...Last year, your Govern-
ment spent almost as much to maintain a ser-
vice force of 103,000 men and women as the
Government spent during the peak year of
World War II when Canada had 1,000,000 men
and women in the Services'.

We will provide the nation with an administra-
tion whose attitude towards the spending of
public monies will be one of prudence and
common sense. A new Government in itself will
mean substantial savings to the taxpayer—it
will replace a Government whose arrogant in-
difference to economy was best expressed by
Mr. Howe's scornful remark, "What's a Million?"
Or, "If they need a gold-plated piano it is our
duty to buy it!"

We will reduce or e... the countless hidden, indirect taxes which grossly inflate the cost of con-
sumer goods, add... evous cost of living, increase the price of homes beyond the capacity
of most of our peo... pay, discourage saving and initiative and hinder the fullest develop-
ment of national prosperity.

We will reduce federal taxes by at least \$500,000,000 a year...without
reducing any pensions, family allowances, or other social security payments.

\$500,000,000 TAX CUT

We will introduce legislation exempting municipal councils and school boards
from Sales Tax and Excise Tax on all purchases of machinery, equipment,
instruments and other goods and which will further provide for taxation of
all federal government properties in municipalities on the same basis as that
of ordinary municipal taxpayers.

**A NEW DEAL FOR THE
MUNICIPAL RATEPAYERS
NOW!**

We will introduce a contributory health insurance program, in co-operation
with the provinces, which will assure to every Canadian proper diagnostic,
medical and surgical treatment.

**NATIONAL HEALTH
INSURANCE NOW!**

We will introduce a housing program which will make it possible for people
with small incomes to buy new homes by improving the terms and condi-
tions under which houses can be built and purchased.

**A LOW COST HOUSING
PROGRAM NOW!**

George Drew Challenges Prime Minister On Retention of Farm Price Supports

By The Canadian Press

Prime Minister St. Laurent and Hon. George Drew, Progressive Conservative leader, trade territories this week. Mr. St. Laurent heads west from Ottawa while Mr. Drew returns from the west to stump Northern Ontario, parts of Quebec and the Maritimes.

Winding up his western tour at Saskatoon during the week-end, Mr. Drew challenged Mr. St. Laurent to say whether the Liberal government, if re-elected Aug. 10, will repeal farm price support legislation.

He said at a press conference that Mr. St. Laurent described price support as "socialism" in an Ontario campaign speech. A Progressive Conservative government would establish a producer-represented agricultural board to determine fair farm prices on the basis of a "scientific day-to-day analysis."

Referring to trade, Mr. Drew said the dollar-sterling problem is an artificial barrier which could be broken by "making money the servant of trade, not the master." A PC government would make a concerted effort

to improve trade with Commonwealth countries which were the "obvious outlets" of Canadian farm produce.

In Ottawa, Mr. St. Laurent will meet with his cabinet, probably to set an initial price for wheat for the new crop year opening Aug. 1. Agricultural Minister Gardiner also is expected to bring up Liberal policy on the South Saskatchewan dam project, on which the Liberals have not made a firm commitment and which Mr. Drew said Saturday a Progressive Conservative government will build.

Buffalo Hit By Bus Strike

BUFFALO, N.Y. (AP)—This industrial area of 1,000,000 population felt the full impact of a transit strike in the morning rush hour today as bus drivers prepared to vote on a new company offer.

The 1,800 drivers, mechanics and clerical workers were called to a morning union meeting to consider an offer by the Niagara Frontier Transit Corp. to end the four-day strike.

The drivers' old pay scale was \$73.74 for a 44-hour week. Other scales varied.

More Than 100 Engineers, Men Make Preliminary Survey of Seaway Project

TORONTO (CP)—Experts babbled in astronomical figures in estimating the power potential of the St. Lawrence seaway project.

Robert Saunders, chairman of the Ontario Hydro Commission, says the increased power capacity to Canada from the seaway would be equal to 28,000,000 men working eight hours a day for 300 days a year. Technically speaking, Canadians would have an additional 6,300,000,000 kilowatt hours at a cost of nearly \$19,000,000 each year. The United States would receive the same.

Two large dams across the international portion of the river will produce this tremendous amount of electricity. One will incorporate a powerhouse 3,500 feet long, containing 36 generating units. The units would produce 2,200,000 horsepower.

The dams would raise the level of water 80 feet. The project calls for the moving of at least eight Ontario communities to higher ground. In addition some 30 miles of railway would be relocated and 45 miles of highway rebuilt.

Already about 120 engineers and men are on the banks of the historic river engaged in preliminary planning.

More than 70,000 tons of reinforcing steel will be needed as well as some 108,000 tons of structural steel, 4,400 tons of copper, more than 7,630,000 barrels of cement and 118,000 board feet of lumber. This is exclusive of requirements for machinery and equipment in the powerhouses.

Ammunition Dump Hit By Lightning

CHICAGO (AP)—Lightning set off a fire in an ammunition dump on the northwest side Sunday morning, rocking a half-mile-square with a tremendous fire display.

Some 3,000 residents evacuated from their homes, police said there were injuries reported.

Exploding 120 mm. shells off brilliant orange flames the sky back by the blast of a burning anti-aircraft installation building.

V.I.P. CONTEST

REMEMBER...

TO WIN THE JACKPOT, YOUR SALES SLIP MUST BE FROM THE CURRENT WEEK!

HERE'S HOW YOU CAN WIN CASH!

READ THE FOLLOWING VERY CAREFULLY BEFORE YOU ENTER

- 1 In the ads shown on this page you will find three clues per week as to the identity of a world-famous personality.
- 2 When you think you know the answer, write it on a piece of paper or on the back of a Sales Slip or other proof of purchase from one of the stores advertising within the contest, and send it to:

VIP, Daily News, Prince Rupert, B.C.

- 3 Don't forget, you can win \$5—but if you enclose the sales slip you can win the JACKPOT! Entry must be in this office by eleven a.m. each Friday following the appearance of the clues.
- 4 Ten letters will be selected at random from the VIP entries every Friday, and the results will be made known in the Daily News weekly.
- 5 The first entry opened and having the correct answer will be declared the winner.

- 6 Any money left in the jackpot will be carried over for the next week's contest.
- 7 Judges' decision is unbiased and final.
- 8 Contest is open to all, except employees of the Daily News and their families.
- 9 Entries can be sent by mail or brought to the office of the Daily News, 239 Third Avenue West, Prince Rupert, B.C.

Remember—A New V. I. P. Every Week

LEGAL NOTICES

AUCTION SALE Timber Sale X60780. There will be offered for sale at Public Auction, at 11:00 a.m., on Friday, July 17, 1953, in the office of the District Forester, Prince Rupert, B.C., the Licence X60780, to cut 910,000 cu. ft. of Hemlock and Spruce on an area covering part of Lot 1311 and S.T.L. 7987p situated 12 miles south of Stewart, Portland Canal, Cassiar Land district. Five (5) years will be allowed for removal of timber. "Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid." Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Prince Rupert, B.C. J 15 22.29, July 6

NOTICE OF APPLICATION FOR CHANGE OF NAME Notice is hereby given that an application will be made to the Director of Vital Statistics for a change of name, pursuant to the provisions of the "Change of Name Act," by me, Adam Szchapanak (known as Adam Kubas), of Kitimat, in the Province of British Columbia, as follows: To change my name from Adam Szchapanak to Allan Adam Kubas. Dated this 29th day of June, A.D. 1953. ADAM SZCHAPANAK

SALE OF TIMBER

SEALED TENDERS addressed to the Undersecretary and marked "TENDER FOR CHIMDIMASH RESERVE TIMBER", will be received until 3 p.m. THURSDAY, the 27th day of August, 1953, for the right to cut timber on Chimdimash Indian Reserve No. 2 in Hazelton District. The Reserve comprises 214 acres on Skeena River at the junction of Chimdimash Creek and Nicholson Creek, opposite Royal Mills Station. The timber is estimated at 250,000 f.b.m.

The sale and operation are to be subject to the Indian Act and regulations and to these conditions:

1. All merchantable timber shall be cut and scaled.
2. A timber licence will be issued to the successful tenderer for a term until the 30th of April, 1954, renewable on satisfactory operation for one additional year.
3. The purchaser shall comply with all statutes and regulations, Province of British Columbia, regarding cutting and removal of timber and protection from fire hazards.
4. Indians of the Kistela Band shall be given preference of employment in the operation to the extent of their ability and experience.

The tender is offered subject to an upset price of \$6.50 per m. f.b.m. Tenderers are invited to bid a rate of dues at not less than the upset price for all species and for all grades.

Each tender must be accompanied by an accepted cheque to the Receiver General of Canada for \$352.80 covering licence fee, \$100.00, annual ground rent, \$42.80, and a deposit of \$300.00, to ensure the completion of the contract to the satisfaction of the Director, Indian Affairs Branch. Dated at Ottawa this 19th day of June, 1953.

H. M. JONES, Acting Director, Indian Affairs Branch, Copeland Building, Ottawa, Canada.

Mayor Whalen to Throw First Ball At Opening of Little League Series

Mayor Harold Whalen will throw the first ball Wednesday night when the unofficial Little League baseball series gets under way in Prince Rupert's Al-goma Park.

President of the Little League executive, Art Williamson, said today the newly-formed loop for youngsters aged eight to 13 years would be ready to swing into action by 7 p.m. Wednesday.

One hundred and forty boys attended the registration session at the Civic Centre Saturday afternoon thus assuring that the league had plenty of material from which to draw.

Cannery Nine Down Chinese

Behind the steady pitching of Earl Gouda and with a big up-rising in the seventh inning the Cannery Nine softball team swept to a 12-8 victory over the Chinese Cowboys yesterday afternoon at Gyro Park. Both teams, personnel from Oceanside Cannery, turned in good ball in the pickup game which saw runs coming in practically every in-

The Chinese squad scored two runs in the first inning, one in the second and third, three in the seventh and one in the eighth. The opposition managed one run in the first inning, three in the fourth, a singleton in the fifth, six in the seventh and one more in the eighth. Losing pitcher was Yuen.

Six teams will make up the league.

It is expected that two full sets of sweat shirts and caps will be supplied the youngsters for the first six-inning game and other equipment has already arrived.

Grading of the previously-neglected Al-goma Park will be done tonight and Northwest Construction Company carpenters will be on hand to erect the backstop.

A volunteer work party of anyone who wishes to help the new league has been called for Tuesday night when it is hoped that parents, friends and supporters of the youngsters will turn up with garden rakes to help put the playing field in tip-top shape.

Saturday afternoon's game at Roosevelt Park saw Wildcats trim the Sockeyes 23-10 behind the excellent pitching of Philip Clayton. A poor crowd attended the game which saw Sockeyes use four hurlers to no advantage.

SPORTSMAN'S DIGEST By Hal Sharp A FLY ROD'S CARE

ALTHOUGH YOU MAY HAVE SEEN IT DONE, NEVER LAY AN ASSEMBLED FLY ROD ACROSS A ROW OF NAILS ON A WALL. IT CAUSES A 'SET' OR BEND IN BAMBOO. GLASS RODS WON'T BE 'SET' BY FERRULES. AND LINE ON BOTH TYPE RODS MAY BE DAMAGED FROM THE RUSTY NAILS. BAMBOO RODS ACQUIRE A SET FROM STANDING READY IN A CORNER. IT'S ALWAYS SAFER TO TAKE RODS APART WHEN NOT IN USE.

Yanks Suffer Double Loss To Washington Senators

By JACK HAND
Associated Press Sports Writer

Bob Porterfield and Johnny Schmitz are the new idols of "I Hate the Yankees" clubs from coast to coast. And Jerry Snyder must be at least an honorary vice-president.

The trio of ex-Yanks, traded during the regime of manager Casey Stengel, teamed up to help Washington sweep an American League doubleheader from the Yanks Sunday, 4-0 and 5-4. It was the Yanks' first double loss of the year.

Porterfield, shunted to Washington in 1951, shut out New York with five hits and allowed only one man to reach second base in the opener. Schmitz, cut loose this spring, mopped up with a fine relief job in the second game, Snyder, who toiled on the Yankee farms until he was tossed into the Jackie Jensen-Irv Noren swap last spring, came through with three hits, drove in two runs and scored another in the nightcap.

Chicago and Cleveland both gained a full game on the Yanks by splitting two at Cleveland. Southpaw Billy Pierce blanked the Indians 4-0 on five hits to keep the White Sox in second place after Cleveland came from behind to beat reliever Harry Dorish in the opener, 7-6.

Boston scored eight in the first inning to give Mel Parnell a 10-2 romp over Philadelphia, and Detroit, for the first time all season, took both ends of a doubleheader from St. Louis Browns, 10-7 and 7-1.

The Yanks now lead Chicago

by 5½ and Cleveland by six games.

Brooklyn's National League advantage shrunk to 1½ games when they absorbed a 20-6 drubbing from the New York Giants, their worst defeat in many a season. Hank Thompson hit two homers, one with the bases full, and drove in seven runs.

Milwaukee and St. Louis, fighting for second, split. Warren Spahn pitched his 29th major league shutout in the first to win 4-0 with the help of homers by Johnny Logan and Ed Mathews, his 24th. Red Schoendienst' three-run pinch homer gave St. Louis the second, 4-1, halted by darkness after eight innings.

The Phillies nipped Pittsburgh 2-0, in 10 innings as Robin Roberts started the winning rally with a double. It was Roberts' 13th victory and 20th complete game in 20 starts this season. The Sunday curfew halted a likely defeat for the Phils in the second game as they trailed 7-0 after six innings when the game was stopped. It will be completed before an Aug. 11 night game.

Chicago and Cincinnati divided a pair of free-hitting games. Hank Sauer hit two doubles and a single to run his string to six straight hits in helping win the first game 8-4, but he was stopped by Clyde King in the second game. Ralph Kiner hit his 17th and 18th homers and Sauer and Bill Senena also homered but they weren't enough to save the second game, won by Cincinnati, 8-6.

BLACKWOOD on Bridge

By EASLEY BLACKWOOD
Mr. Heinsite Learns There
Are Two Sides to a Table

Many a contract depends upon the declarer making his first trump lead from the "right" side of the table. In today's deal, it appears Mr. Heinsite has to lose tricks only to the three outstanding aces. But see what happened.

Mrs. Keen led the king of hearts, which held. She continued with her last heart, which was covered with the jack and ace, and Mr. Heinsite ruffed. Sensing no danger, he now lay down the king of spades. Mr. Abel won and returned another heart. Mr. Heinsite's remaining trumps were the queen and the seven. If he ruffed with the queen, he would have to lose a trump trick later to Mr. Abel's 10.

After considerable fidgeting, he decided to ruff with the seven. Mrs. Keen overruffed with the nine and this trick plus the three aces defeated the contract. Instinctively, Mr. Heinsite thought this bad result must be the fault of someone else. "I don't think I like your jump to three spades on an aceless hand, Champion," he said cautiously. But he already had said too much.

"Since you brought it up," replied Mr. Champion, "I may say that I made no mistake on the hand—while you made three. First, you shouldn't have over-called with a spade. You had an acceptable takeout double and, if you had taken that action, we would have had a good chance of reaching the fool-proof contract of three no trump. Your second mistake was that you should have made

four spades. On the bidding, it was practically certain that Abel had the three outstanding aces and that Mrs. Keen had only two hearts. So you couldn't afford to lead your king of spades. "Just go to dummy with the jack of clubs and lead back a small spade. If Abel goes up with the ace and leads a heart, you can now afford to trump high in your hand. And no other defense will cause you any trouble." About half-way through the next deal, Mr. Abel thought of something. "You said he made three mistakes on that last deal, Champion. What was the third one?" "He criticized my bidding," snapped Mr. Champion.

Burney Case Finally Ended

TORONTO ©—The celebrated case of Jack Burney has ended. The board of directors of the Canadian Olympic Association have been told that the Vancouver hurdler who paid his own expenses of the Helsinki Olympic Games in 1952 and was charged \$4 a day to remain in the Canadian camp, has been reimbursed his expenses. Burney, not chosen on the team, was not allowed to compete.

The directors, meeting here, were told that a letter and cheque went to Burney last June 1. The amount sent to him was not disclosed.

Martell Edges Leonard For CPGA Crown

QUEBEC ©—Henry Martell of Edmonton, wearing the Canadian Professional Golfers' Association crown for the first time, moved on to Toronto today for a crack at the Canadian Open.

Along with the 39-year-old extra-traffic cop went a sizable entry of top Canadian pros who were thumbed off to the byways Sunday in a sensational clutch finish.

Trailing for two rounds, Martell shot the last 18 over Royal Quebec in a three-under-par 69 to win the 54-hole tournament with 211, five under par for the distance.

It was a tight one-stroke victory that wasn't decided until the last green when Henry sank a nine-foot putt that gave him a one-stroke lead over Stan Leonard of Vancouver. Pat Fletcher of Saskatoon, defending champion, fell behind on the last nine to finish three strokes away from Martell with 214.

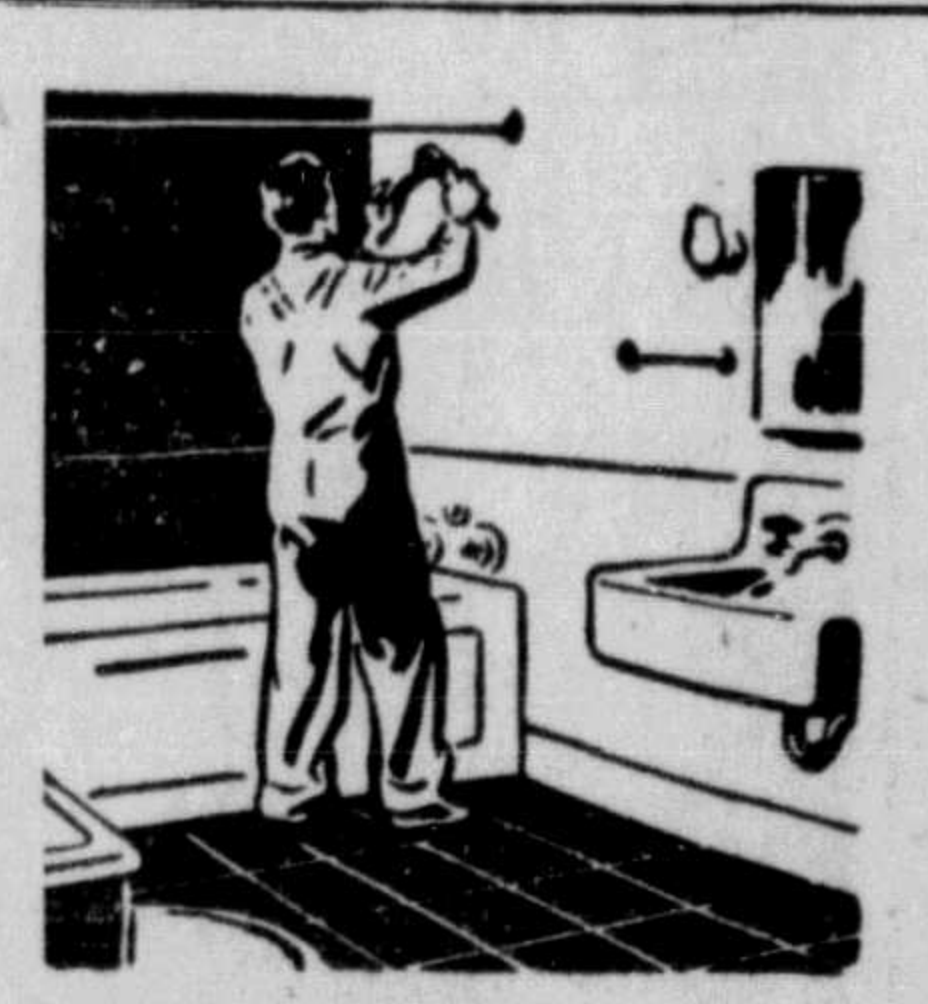

Al Balding of Toronto was fourth with 216. Then came Bill Kerr of Montreal with 217. Bracketed at 218 were Frank Willey, Martell's fellow-townsmen, and Stan Horne of Montreal Islesmere.

Martell won \$500 first prize plus another \$500 from a golf goods manufacturing firm whose product he sells. As CPGA champion, he can have an expenses-paid trip to the Tam O'Shanter tournament in Chicago and can enter the United States Masters tournament without having to play in the qualifying round.

Calgary Batters Wenatchee 17-6

WENATCHEE (AP)—Calgary battered Wenatchee 17-6 in the wild first half of a Western International League Baseball double-header Sunday, then bowed 2-1 to the Chiefs in the tightly pitched afterpiece.

The first Welland Canal between Lake Ontario and Lake Erie was opened in 1829.
