**Alleged Bookies  
Vancouver Freed**

ANCOUVER (Canadian Press)—All twenty-  
ons accused of conspiring to operate a \$6,000-  
ear bookmaking racket in Vancouver were  
nnoent Tuesday night. Twenty-five men and  
man, three of them publishers or distributors  
ng information, were acquitted by an Assize  
Court jury.

The jury retired at 2:50 p.m.  
and returned their "not guilty"  
verdict 3½ hours later.

The verdict came after 22 days  
of testimony.

Prosecutor Gordon Scott said  
the crown will not appeal the  
acquittal, adding: "The crown  
cannot appeal an acquittal based  
on facts."

E. Massie White, alleged to  
have been the "kingpin" of what  
the crown called a gigantic con-  
spiracy operating here between  
1947 and 1951, told reporters he  
did not plan to restore his rac-  
ing wire service from the United  
States.

Originally 33 persons were  
rounded up in a police sweep  
last October. Charges laid  
against seven were dismissed at  
a 14-day preliminary hearing.

Pressure is be-  
ing on the provincial  
to permit the hiring  
teachers beyond the  
retirement age of sixty,  
Tuesday.

matter is expected to be  
up on the floor of the  
in the near future.  
ing legislation is amend-  
now the extension, wo-  
teachers could stay on the  
further five years or  
on of that period.

**KITIMAT TO TERRACE**—This aerial photo shows the projected route of the 43-mile railway which is to be built as a branch of the Canadian National Railways to connect up the great new aluminum smelter of the Aluminum Co. of Canada at Kitimat with the main railway line at Terrace. Bill to authorize the financing of the construction of the railway is being intro-

duced by the Minister of Transport in Parliament at Ottawa tomorrow. Cost of the line, which goes through a convenient divide between the Skeena and Kitimat River valleys, is estimated at upwards of \$10,000,000. Negotiations for the right-of-way are being conducted with the provincial govern- ment. Town of Terrace is indicated in the foreground.

## Commonwealth Parley Sought

Drew Worried About Canadian Market Situation—Confidence Vote For Government

OTTAWA (Canadian Press)—New demand for a Commonwealth Trade Conference was made yesterday as the House of Commons concluded a wide-ranging Throne Speech debate by defeating the last of four opposition motions of non-confidence in the government.

The demand was made by George Drew, leader of the Progressive Conservative Opposition, who said a "serious" situation faces this country unless markets can be found for Canadian production including livestock and dairy products.

M. Drew spoke shortly before members voted 139 to 57 against a Social Credit motion criticizing the government for "failure" to provide "adequate" inducements for expansion of food production and economic and orderly distribution of food surpluses.

## Earthquake Hits Sicily

CATANIA, Sicily (Canadian Press)—Walls crumbled and one person was crushed to death today when a powerful earthquake shook historic Mount Etna area.

Scenes were injured. Damage was widespread. Santa Venerina, east of the famous Sicilian volcano, was shattered.

Many persons were injured and homes demolished.

## WEATHER

Synopsis  
Cool Pacific air covered all regions of British Columbia this morning. Overnight temperature ranged from thirty to thirty-five near the coast and fifteen to twenty degrees in many of the interior valleys. Scattered showers occurred at a few points along the coast and over the southern interior mountains.

Cold air from the northern area of the province is expected to push slowly into the central regions followed by temperatures a little lower than those of the past few days. There is little present indication of any marked change along the coast or over the southern interior.

Forecast  
North Coast Region—A few clouds near northern Vancouver Island and the southern Queen Charlottes today and Thursday. Clear along the northern mainland. Continuing cool. Winds, light. Lows tonight and highs Thursday— at Port Hardy, 30 and 45; Sandspit, 25 and 40; Prince Rupert, 20 and 40.

15:04 5.7 feet

## High-Scoring Eilers Rout Travel-Weary Challengers

Compiled From Dispatches to The News  
Tired but uninjured after an accident-marred car trip from Penticton, Prince Rupert Co-op Challengers were overpowered last night by Vancouver Eilers 75-44 in the first game of the best-of-three series for B.C.'s Senior "A" men's basketball championship.

Second game will be played tonight. Challengers, who finished and won a best-of-three semi-final series at Penticton on Monday night, did not arrive in Vancouver until 6 p.m.—some of them later—and had no time for a workout on the large King Ed gym floor prior to the game.

The Vancouver squad was ahead all the way, leading off with a 23-3 first quarter storm. The lopsided win came as a revenge for Eilers, nearly defeated in an exhibition series in Prince Rupert last year.

Eilers were sparked by diminutive Norm Watt who came through the game with 21 points. Prince Rupert team was kept off balance by the Vancouverites who kept a close checking man-to-man defence.

Challengers fought hard but Eilers' tall men and sensational shooting of Watt was too much for the tired travellers. The middle stanzas, however, showed a lot of spark by the visitors as they gave up three points in the second and tied the third quarters.

However, Challengers seldom got under the basket and had to rely on long shots for their points. Their mainstay throughout the game, Don Scherk, who garnered 13 points, left in the fourth quarter on fouls.

Refereeing was strict—much more so than in Prince Rupert, local observers seeing the game, commented. Davis showed up well in defence and Spring combined with Scherk for 24 points between them.

The Vancouver team really rolled in the fourth, playing the finest ball of the year according to Vancouver observers, chalk- ing up 25 points to Rupert's 16. Normie Watt got seven and centreman "Long John" Forsyth tallied six.

## Logging Truck Creates Havoc

PARKSVILLE (CP)—A runaway logging truck and trailer demolished two buildings in this Vancouver Island town Tuesday and sent six persons to hospital. Two are in critical condition.

The big truck, loaded with 10-foot pulp logs, thundered into the stores like a tank when it failed to make a turn after coming down a steep grade into town. After hitting one store, it careened into another on the opposite side of the street.

Six of the injured were trapped in the buildings for more than half an hour. Rescuers worked feverishly to dig their way into the stores from the rear as moans of the injured could be heard from the street.

A pregnant woman in an apartment over one of the stores escaped unhurt. Police, firemen and spectators removed the injured from the wrecked buildings.

## Women Killed as Plane Crashes in Florida Course

JACKSONVILLE, Florida—Two women golfers were killed when a United States Air Force plane, its motor out and silenced, crashed onto a golf course near here.

## Pacific Fish Pact Of Real Benefit to British Columbia

Salmon, Halibut and Herring Protected From Japanese Encroachment

OTTAWA (Canadian Press)—A British Columbia fisheries expert Tuesday night described criticism of the recently-signed Pacific fisheries treaty as a campaign to cause Canadian-United States friction.

Senator Thomas Reid, Liberal and chairman of the International Pacific Salmon Fisheries Commission, told the Senate that a high pressure campaign is under way by "certain officials of the United Fishermen's and Allied Workers' Union of British Columbia."

Some 12,000 postcards had been circulated to be forwarded to British Columbia Members of Parliament in an attempt to prevent parliamentary ratification of a treaty recently signed among Canada, the United States and Japan.

Actually, Senator Reid said, the treaty would prevent Japanese fishing of salmon, halibut and herring off the North American coast.

In addition, Canadian fishermen, for the first time, would be able to fish in all Alaskan waters and in waters extending south from the Straits of Juan de Fuca along the United States coast proper.

"This concession," he said, will be of extreme importance to British Columbia, especially as it has long been contended that most of the salmon in the Gulf of Alaska head for the Skeena River in British Columbia where they were born and raised.

"This valuable concession granted to British Columbia fishermen may very well bring about a much-needed treaty between Canada and the United States for Skeena River and Alaska salmon and similar to that of the treaty between the United States and Canada for the sock-eye salmon of the Fraser River."

Dr. Ralph H. Ball, general manager of Columbia Cellulose Co., who has been located at Prince Rupert during the past year co-ordinating the local pulp mill in the initial phases of its operations, will be leaving for Vancouver April 1 to make his new headquarters.

With Dr. Ball's departure, which was according to original company plan, local control of the industry will be in the hands of three key administrators: W. C. R. Jones, mill manager, R. L. Johnson, woods manager, L. E. Cuthbertson, comptroller.

**GOOD PROGRESS**  
Dr. Ball told the Daily News today that operations at the Watson Island plant were proceeding at a good clip and the extension program is on schedule.

The new water treatment plant is taking shape and getting up to the 20 or 30 foot level. By the middle of summer it should be in operation.

The work of increasing the daily capacity of the mill by fifty percent from 200 to 300 tons is proceeding satisfactorily and during the latter part of 1953 the objective should have been reached. There is some delay in getting delivery of machinery and equipment for installation in the existing buildings.

The pyrite burner, which will produce sulphur from the iron pyrites ore from Britannia, eliminating the long haul of sulphur from Texas, is expected to be in operation by late summer.

## May Retroact WCB Boosts

VICTORIA (Canadian Press)—The provincial government is considering the possibility of paying new increased Workmen's Compensation benefits on a retroactive basis.

It has been learned that a government caucus Monday appointed a committee to investigate the situation.

The main task of the committee is to determine the cost of making the increases retroactive.

About 1500 widows and hundreds of other types of compensation cases would be affected.

The government has been under heavy attack—from inside and outside the party—ever since it announced higher compensation payments would apply only to future cases except in the cases of orphans and crippled dependent children. They would be paid on a retroactive basis.

## Ontario Railway Subsidy

OTTAWA (CP)—Proposed new \$7,000,000 subsidy on rail traffic running across northern Ontario could mean reduction of up to five percent in freight rates on goods moving between eastern and western Canada.

This move would largely eliminate the latest general rate increase of 4½ percent granted by the Board of Transport Commissioners this winter.

Western recipients of goods would be the largest biggest beneficiaries. Analysis of exhibits submitted at a subsidy hearing before the board this week indicates that either Manitoba or British Columbia would stand to gain most from one or another of two systems proposed for applying federal subsidy.

However, the board has said it will try to work out a compromise which may spread contributions around evenly.

Should the subsidy be used to cut tolls down it would mean an average drop of \$2.03 per ton on Canadian National freight and a little less on Canadian Pacific hauls.

The subsidy as proposed would cover maintenance of Northern Ontario "trackage" of the two big railways over a 550-mile stretch up to \$7,000,000.

## All Good Canadians

THE SQUABBLE between some of the government members and the CCF in the House at Ottawa during recent days following the remark by Minister of External Affairs L. B. Pearson, who is usually more discreet, about the Socialist party giving comfort to Moscow need not be taken too seriously.

Mr. Pearson might have been a little more careful in his choice of words. At the same time, M. J. Coldwell, CCF leader, need not have flared up about it. The little tempest, however, should soon be over with no serious hard feelings or ill effects.

Everyone, of course, knows where Mr. Pearson stands as far as sympathy with Russia is concerned but, nevertheless, in the realm of international affairs and negotiation, he could be counted upon to be conciliatory and reasonable even with Russia once she gave the opening.

And the most of us know how Mr. Coldwell stands as far as Communism is concerned. He would be one of the last to sympathize with the Red philosophy.

In fact, we think it was rather a feeble attempt that one of the prairie Liberal members made yesterday to associate the CCF brand of Socialism with Communism. Both Mr. Pearson and Mr. Coldwell are good loyal Canadians, we are here to say, and no one is going to pay much serious attention to any one who tries to make out that either of them are not.

There has been a good deal of eyewash in this kind of talk and it is well to be accepted as such and not taken very seriously.

Meantime, we feel inclined to sympathize with the suggestion of Stanley Knowles, another respected CCF member, that Parliament might be able to get along more expeditiously with its consideration of defence matters if the government would take the House more into its confidence as to what is planned and what is needed for Canada to play its part as a member of the North Atlantic Treaty Organization and its contribution to western defence.

Basically, it would probably be found that there is not a great deal of real difference of opinion between Liberals and Socialists, or Progressive Conservatives and Social Credit for that matter, on Canada's policy and line of action in connection therewith.

## Worthwhile Venture

WHETHER or not it turns out to be a completely successful venture, as far as honors are concerned (and prospects look none too rosy after last night's meeting between our Challengers and Vancouver's Eilers), this pilgrimage of Prince Rupert's top basketball stars in quest of provincial and possibly Dominion honors has been worthwhile.

Prince Rupert, for the first time, has been in the British Columbia big time basketball and, win or lose in the finals, our boys will have given a good account of themselves, carrying worthily the torch of their home town.

Whether we shall continue to strive in the top hoop division or revert to the Senior B company, where for years our hoopsters have been doing very well, will be something to debate for a good long time now.

Win or lose, it has been good experience for our men, has given us a measure of excellent publicity and provided our loyal home town fans with a lot to whet their interest and enthusiasm.

The Challengers, no matter what happens, will have nothing to be ashamed of and will be deserving of a good big hand when they get home for the worthy manner in which they have acquitted themselves on their travels in quest of further worlds to conquer.

## Use Sun and Cut Down Fuel Bills

NEW DELHI—Premier Nehru is now having his meals prepared on a solar heater which may be turned out in mass production at \$10 each.

With 270 days of sunshine per year, India could cut down much on its fuel bills by such a burner.

## Animals Survive Long Space Trip

DAYTON, Ohio — Fordham University scientists have fired a rocket 500 miles into space and rats and monkeys have survived with little signs of ill-effects except for some monkeys which were killed by mechanical causes. They were hurled into space at 200 miles per hour.

## MURRAY REPORTS

Doing Ottawa with Cariboo's M.P.

### Shocked at Hold-up on Terrace-Kitimat Railway—Authorizing Resolution Tomorrow

I was shocked to learn here that the Kitimat rail project is being delayed because C.N.R. has not yet got its right-of-way from the British Columbia Government.

Why there should not be every effort made to speed this job, is a puzzle to me. It's probably red tape that is holding up the transfer to C.N.R. of the right-of-way land from Terrace to the new town.

The final contract between Aluminum and C.N.R. regarding freight is already signed, sealed and delivered.

Anyone who knows Hon. E. T. Kenney, British Columbia Minister of Lands, knows he is a hustler who gets a job done.

Unfortunately his energy and enthusiasm cannot be transmitted to others at Victoria who seem to hesitate on projects of any kind involving the Ottawa government or C.N.R.

On Thursday, March 20, in committee of the whole, the minister of transport, the Hon. Lionel Chevrier, will introduce the following proposed resolution:

RESOLVED, that it is expedient to present a bill conferring authority upon the governor in council to authorize the Canadian National Railway Company to construct a line of railway from Terrace to Kitimat, in the province of British Columbia, a distance of approximately 46 miles at an estimated expenditure of \$10,000,000 and an average expenditure of \$217,391.30 per mile. The bill will make provision for the issue by the company of securities, which may be guaranteed by the government in respect of the cost of construction. To enable the company to proceed with construction forthwith, temporary loans may be made to the company out of the consolidated revenue fund, upon terms and conditions prescribed by the governor in council and secured by company securities.

### ABOLISH LEVEL CROSSINGS

I am seriously thinking of bringing a private bill before the House to do away with level railway crossings in Canada. On the new PGE Railway north of Quesnel engineers have managed to put in numerous level crossings. On new constructions such as that of Kitimat I think it would be very wise to outlaw the level crossing. During the past year, 213 persons were killed in level crossing accidents in Canada. It is time that something was done to stop the construction of these death traps. We should eliminate level crossings in any new rail or highway construction in Canada.

### CCF ON FOREIGN AFFAIRS

The most exciting hour last Wednesday in the House was the reply of the CCF leader to the charge of the secretary of external affairs that the CCF line on international affairs was giving comfort to the enemy. Hon. L. B. Pearson grouped the CCF with the Communists as opponents to the North Atlantic Treaty Organization project. Hon. Mr. Pearson also condemned the CCF for seeking to undermine the United Nations.

In the clash M. J. Coldwell, leader of the CCF, declared that his party was against the military project in Europe, but wholeheartedly supported any economic effort which could be carried out.

Contributing to interest in the clash was a transcription of a speech made by the CCF candidate in Cariboo over a CBC network February 7 at Edmonton on foreign affairs. The CCF speaker declared at that time that the USA was an imperialistic power seeking to control the world. He said that the Canadian policy was that of warmongering and he ended up his speech by saying that Canadians were satellites of the United States and that "Canadians always sucked the hind teat." At the time I wrote a letter of protest to A. D. Dunton, general manager of the CBC, and asked for the right to reply over the network to the scurrilous attack.

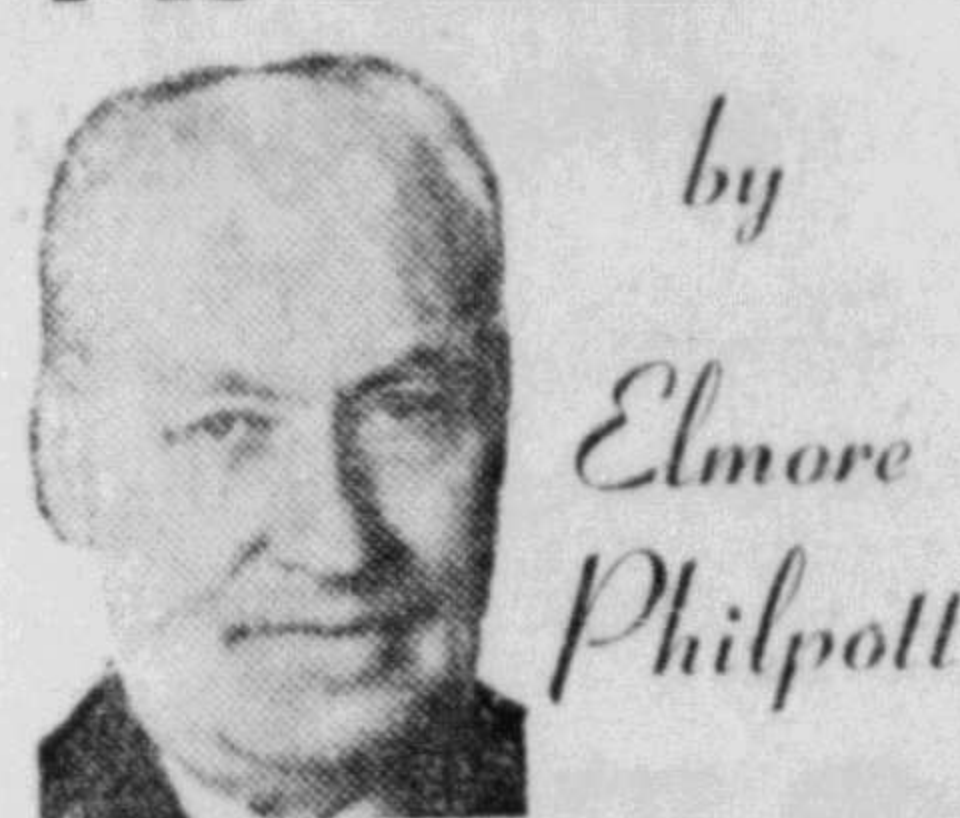

The danger of such attacks as were made by the CCF at Edmonton is that they "give comfort to Moscow." was a statement of the Hon. Mr. Pearson, secretary of external affairs, when I discussed it with him.

Undoubtedly this CCF outburst at Edmonton was one of the reasons for Mr. Pearson's attack upon CCF policy.

### PLUG FOR DOBBIN

I wish to congratulate the government upon reviving the musical ride of the Mounted Police. This was in times past a very colorful spectacle. It will be delightful to see our young men mounted upon good horses, taking part in exhibitions, horse-shows and military pageants. I hope to see horses used more extensively by the Mounted Po-

## As I See It

by Elmore Philpott

### What If Green Runs?

YOU GET the real importance of the New Hampshire primary elections by considering what would have been the effect had they turned out the other way around:

Had Taft beaten Eisenhower the latter would have been down and out for the count, even before the big fight got well under way.

Had Truman mauled Kefauver no more would have been heard from that up and coming younger man.

As things did turn out, Eisenhower has been given a big boost toward getting the Republican nomination. Kefauver now stands an excellent chance to win the Democratic race, if the President decides not to run again. My bet is: Eisenhower will win

the election if he gets the nomination, for in that case I do not expect President Truman to run again.

But if Taft beats out Eisenhower I think Truman is sure to run again. Against Taft, I think Truman could win.

BEVERLEY BAXTER has an excellent record as a political prophet—which helps to make up for his outrageously bad record as a predictor of things concerning war and peace. In this latter respect he declared, only a few weeks before Hitler ran amok in Europe that any such idea was a "Midsummer's night dream." It couldn't happen, he said.

But in politics Baxter knows the score. He predicts that Taft will get the Republican nomination, with MacArthur's help; and that Taft will be elected President, making MacArthur his defence chief.

I think Baxter is wrong in this prediction—but I also thought he was wrong in 1948 when he correctly picked Truman to win. So maybe Baxter is right and I am wrong again. But I hope and pray not for I think Taft would be an utter disaster for Canada.

I DO NOT remember any election situation in Canada which was as hard to analyze in advance as that looming up in B.C.

The Liberals seemed to me to have a decided edge right after they cut the unpopular knot of coalition. I would still think, as a straight betting proposition, they would be favorites if they

"come clean" in the provincial convention to write their platform.

But the whole picture could change overnight if the Conservatives could induce Howard Green M.P. to accept the provincial leadership. In that case I think the Conservatives might emerge as the largest group in the new home.

NOBODY KNOWS yet how the Social Credit party will affect the fortunes of the others. I notice that the people who are gleefully predicting the great gains for the Socreds are almost invariably Conservative sympathizers. Yet at least one writer in the CCF paper of B.C. has

# ONE AND ONE HALF BILLIONS OF DOLLARS

# Because

## INVESTORS HAVE CONFIDENCE IN B.C.

When British Columbia electors in 1949 demonstrated clearly that British Columbia believed in the freedom system of enterprise and opportunity . . . as against state control and ownership . . . there began the greatest flow of new venture capital ever to move into a Canadian province.

Right now British Columbia can look forward to the spending of more than ONE and ONE HALF BILLIONS OF DOLLARS in major new developments of all kinds in the next three years.

We have the greatest pulp and paper expansion programme of any region in the world; the biggest new aluminum plant being built anywhere; the most important new oil pipeline project of North America; some of the greatest power development projects currently under way in either the United States or Canada.

All this and more for one reason only:

Because . . . British Columbians told the investing world to have confidence in the good sense and stability of the people of this province.

Let's keep things right for B.C.'s growth!

B. C. FEDERATION OF TRADE AND INDUSTRY

## Night Red Cross Drive Eds Again—Mark Made

second straight year, Prince Rupert, in its single-night, lightning Red Cross drive over the top of its \$5,500 quota.

Volunteer canvassers last night found "a good average" of city residences open to them and covered their areas in less than three hours, local Red Cross President Stan Saville said today.

Final figure of this year's appeal will not be available for about a week, Mr. Saville said, "but we are well over the top."

Clubs and organizations which took part in the canvass, supplying close to 100 volunteers were Job's Daughters, Rotary, Gyro, Kinsmen, Junior Chamber of Commerce, Chinese Association, the IOOE and Women of the Moose.

Canvassing was carried on by volunteers at the theatres and totalled \$198.

According to reports from the volunteers, co-operation of the public this year in the "one-night stand" appeal was even better than last year when Prince Rupert's quota was \$500 less.

Returns are still to come in from outlying districts, such as the Queen Charlotte Islands, coast areas, Port Edward and Miller Bay.

## Six Tenders for Civic Centre Job

Six tenders for reflooring of the auditorium at the Civic Centre in preparation for the inauguration of roller skating thereon were opened at a meeting of the Civic Centre executive last night. They were referred to a committee with power to act. Contract may be let within a few days.

## FOOT OF SNOW NEAR NANAIMO

NANAIMO — A foot of new snow fell during the night in the Nanaimo Lake area. Elsewhere on Vancouver Island as well as the Lower Main, there was also new snow.

## Timely RECIPES

**CARAMEL COFFEE CAKE**  
3 tablespoons shortening  
1 cup milk  
1 cake compressed yeast  
1/2 cup granulated sugar  
1 teaspoon salt  
1 teaspoon cinnamon  
1 egg  
2 cups sifted all-purpose flour

**TOPPING—**  
1/2 cup brown sugar (packed)  
1/4 cup flour  
1/4 cup butter or margarine  
1/2 cup chopped walnuts

Combine shortening and milk and heat to scalding. Cool to lukewarm and stir in crumbled yeast. Add sugar, salt, cinnamon and lightly beaten egg. Blend in half of flour and beat until smooth. Blend in remaining flour. Spread half of dough in bottom of greased 9-inch square pan. Sprinkle with half of topping mixture and pat down firmly onto dough. Drop remaining dough over first layer by teaspoonfuls and spread to cover. Sprinkle with remaining topping. Let rise in warm place 1 1/2 hours. Bake in hot oven (400 degrees F.) 30 to 35 minutes. Cut into squares and serve hot.

**Topping—** Blend sugar, flour and butter until crumbly. Stir in walnuts.  
Makes 9 large squares.

## Pioneers Leave Telkwa Area

TELKWA.—A group of friends gathered at the home of Mr. and Mrs. E. Widen on Saturday to bid farewell to Mr. and Mrs. Jack Clotworthy prior to their departure to make their home in Canoe.

The evening was spent in story telling and reminiscences of old days. About 20 friends were present.

Mr. and Mrs. Clotworthy, who have been here for the past 25 years, are old timers in the district and will be missed by their many friends and acquaintances. Mr. Clotworthy taught school in the old school house for a number of years until ill health forced him to retire. They have disposed of their farm and equipment and left the early part of the week.

B. Menzie read a short address of farewell and Mr. Widen presented the couple with a suitable electric tea kettle and a tea pot. A jolly good time was had by all. Refreshments were served by the hosts.

## Telkwa Women's Institute Meets

TELKWA.—A good attendance was present at the regular Women's Institute meeting on Tuesday when 20 members arrived, with Mrs. E. Widen and J. Clotworthy as guests.

The routine business was discussed and five letters of "thank you" were read from overseas parcels.

The receptacles for March of Dimes were picked up with the sum of \$20 collected augmented with an additional \$5 from the Institute, making a grand total of \$25 to be sent to the Crippled Children's Fund.

It was decided to accept a shipment of cotton dresses from the Canadian Institute of the Blind to help this institution in this project and these garments may be purchased from the members of the Institute here.

Mrs. Les Donaldson and Mrs. K. Chapman were named as a committee to make some definite inquiries into the possibilities of getting a permanent resident dentist's services for this part of British Columbia or retain the services of the dentist already established in Smithers. The meeting was adjourned and lunch was served by the hostesses, Mrs. J. Clotworthy and Mrs. Bates.

Prince Rupert Daily News

## Honest Native Boys May Share Several 100 Unclaimed Dollars

"Finders, keepers; losers, weepers..." may be an adage well illustrated here in about a month if a certain party or parties cannot identify a "large sum of money" which has been in RCMP custody for nearly a year and a half.

The money, which amounts to "several hundred dollars," was found on a downtown Prince Rupert sidewalk in October, 1950, by two young native boys who turned it over to the police. No claim to it has since been laid, police said today, reviewing the case.

And this is the last chance for a possible owner to identify the exact amount and where it may have been lost. If no claimant appears within 30 days, police say the money will be turned over to the finders.

"It would be quite a sizeable reward for the honesty of those lads," an RCMP spokesman said.

## Didn't Trust Banks—Is Robbed of \$1,000,000

DETROIT — Three former house servants of a wealthy lumber dealer who "didn't trust the banks" were questioned today in the disappearance of \$1,000,000 of securities from his home.

A strong box containing negotiable stocks and bonds was taken from a hiding place under a closet shelf in the suburban home of Melvin Guthrie, aged 52.

Actual cash in the box was about \$500, Guthrie told the police.

Famed Jasper Park Lodge, the picturesque Canadian Rockies resort in Jasper National Park, will open June 12 and operate to September 15.

Minaki Lodge, situated in the Lake of the Woods area of Ontario, will be open from June 24 to September 2. Pictou Lodge, on Northumberland Strait in Nova Scotia, will operate from June 28 to September 2.

Manager Harold Gunning will again be at Jasper this year. Jasper Park Lodge will, apparently, enjoy another busy season for advance reservations have increased over last year. The first guests to the Lodge will be 400 representatives of the western district conference of Rotary.

This group will be followed by the conventions of the Mutual Life Assurance Co. of Canada, the Canadian Institute of Plumbing and Heating and several or-

ganized Kiwanis groups on post-convention tours. In September the Lodge will be host to the Western Association of Broadcasters.

The Totem Pole tournament over Jasper's championship golf course will be held during the first week in September with a big field of amateur golfers competing for the Totem Pole Trophy.

## Atlantic Gets Canadian Navy

OTTAWA—Most of the Canadian Navy will be assigned to the Atlantic Ocean under the North Atlantic joint defence scheme, it became known here today.

Admiral Lynn McCormick USN naval commander-in-chief of NATO, is here conferring with Canadian defence heads.

## A Delicious TUNA FISH Salad MADE DOUBLY-DELICIOUS WITH MUSTARD

**TUNA FISH SALAD**  
2 cups canned tuna fish  
1 cup diced celery  
1 tablespoon minced onion  
2 tablespoons vinegar  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1/2 teaspoon Colman's Mustard  
1/2 cup salad dressing

Break tuna into large pieces, combine with ingredients and toss lightly. Serve in lettuce cups garnished with stuffed olives and lemon wedges.

For free recipe booklet, write to Reckitt & Colman (Canada) Ltd., Station T, Montreal.

## Big Year In Power

Kitimat and Labrador Large Factors

OTTAWA—Canada, striving to overcome a hydro-electric power shortage, harnessed another 881,250 horsepower during 1951, at a cost of about \$270,000,000.

This added construction, part of a long-range program which will continue for another half-decade at least, boosted total installed hydro capacity to 13,300,000 horsepower.

This is about three times the total energy of the Niagara Falls and the equivalent of the power produced by the burning of some 33,000,000 tons of coal.

But this huge energy-producing capacity, sparking a tremendous growth in Canadian industrialization, is only a fraction of the teeming water power still waiting to be harnessed.

The resources department, in its annual hydro report, estimated today that if all the available power were harnessed to turbines, it would provide more than 65,000,000 horsepower, about five times what Canada has built.

The power potential is spread almost throughout the country, but it shows up at its greatest in Quebec, Ontario, Manitoba and British Columbia. This includes the power of the St. Lawrence River which Ontario seeks to develop along with some United States authority.

"One striking feature of the present program of development," said the department, "is the number of new projects which are being undertaken in rather remote regions."

These included the diversion of the head waters of the Fraser River by tunnel through the British Columbia coastal range to provide power for the huge Kitimat aluminum project and the construction of power projects in remote Labrador to help in the mining of iron ore.

Here is the total installed hydro horsepower capacity at the end of 1951 by provinces with an estimate of power potential in brackets:

British Columbia—1,358,808 (10,998,000)  
Yukon and Territories—28,450 (814,000)  
Alberta—207,825 (1,258,000)  
Saskatchewan—111,835 (1,120,000)  
Manitoba—596,400 (5,562,000)  
Ontario—3,718,505 (7,261,000)  
Quebec—6,755,351 (20,219,000)  
New Brunswick—132,911 (334,000)  
Nova Scotia—150,960 (156,000)  
Prince Edward Island—2,229 (3,000)  
Newfoundland—279,160 (2,585,000)

## IN RE THE "MECHANIC'S LIEN ACT"

TAKE NOTICE that RONALD JAMES WILSON, of Prince Rupert, British Columbia, having owed William R. Thain, heretofore carrying on business under the name of "Bill's Motor Service," the sum of \$113.89 for a period of over three months for labour and materials bestowed on a 1935 Chevrolet Car, Model 1090, Serial Number 5109910484, 1950 Licence Number 52108, the said William R. Thain will offer the said car for sale at the premises of Heppner Motors, 404 McBride Street, Prince Rupert, B.C. on Friday, April 18th, 1952, at 10:00 o'clock a.m., unless the said Ronald James Wilson shall sooner pay to the said William R. Thain the said sum of \$113.89 and the costs of advertising this notice. DATED: Prince Rupert, B.C., this 14th day of March, 1952. "W. R. THAIN." (75c)

## BLACKWOOD on Bridge

By EASLEY BLACKWOOD

North Didn't Need to Know How Strong South's Hand Was Even After Two Bids

It is a waste of time to search for conventional means of showing how big your hand is by your opening bid. There's no hurry about giving that information. Sometimes, as in today's deal, partner does not know how strong you are even after you have made two bids.

Give Mr. Champion the same distribution he has, but a hand so powerful that a king and a queen in Mrs. Keen's hand would give a good play for game. Then his first rebid would have been two hearts.

Mrs. Keen would have known that he had a very big hand. But of course Mr. Champion was not nearly that strong. The best he could do was to rebid one heart. When he did so, Mrs. Keen still did not know whether her partner's hand was an absolute minimum or whether it was just short of enough for a jump shift.

## CROSS RUFFS

Actually, she did not need to know. She bid the full strength of her hand and left the rest up to Mr. Champion. He went on to game at hearts and Mr. Abel led the four of spades. Mr. Dale put up the king and the ace won.

It looked like the best bet was to try a cross-ruff. So Mr. Champion led a diamond to dummy's ace and ruffed a diamond. Then he cashed the ace of clubs and ruffed a club. He ruffed another diamond and now knew that one of his opponents was out of that suit.

## MAKES IT

He ruffed another club in dummy and returned another diamond. When Mr. Dale followed, it was clear that Mr. Abel was out. Unable to risk an over-ruff at the point, Mr. Champion trumped with the king of hearts. He then ruffed another club with dummy's ace of hearts.

brador to help in the mining of iron ore.

Here is the total installed hydro horsepower capacity at the end of 1951 by provinces with an estimate of power potential in brackets:

British Columbia—1,358,808 (10,998,000)  
Yukon and Territories—28,450 (814,000)

## New Trophy in Field for Fast Millers

A new basketball trophy has been turned loose in the field of competition and tonight is on hand for either Ocean Falls or CCC 300 to win it.

The trophy will be presented to the winner of the game by the Columbia Cellulose Co. Ltd., which has a bowling trophy, a perpetual challenge cup, and a perpetual challenge cup, among other trophies.

Local pulp mill eagles will be headed by Capt. Mel Thompson, including Harold Marshall, Steve Dumas, Bud Ratchford, George Dumas, Joe Hauger, Wyn Gardner.

**HOCKEY GREATS**—One-time shining stars of hockey were among 460 leading personalities of the sports world, ranging in age from 17 to 72, who attended in Toronto the first annual \$25-a-plate sports celebrity dinner of the Ontario Sports Writers and Sportscasters Association. Proceeds of about \$10,000 went to the Ontario Society for Crippled Children. Here, left to right, are: Joe Malone, centre of the old professional Quebec Bulldogs 30 years ago, who scored more than 400 goals in his brilliant hockey career; Aurel Joliat, the 135-pound "Mighty Mite" who teamed with Howie Morenz on the Montreal Canadiens for 10 years; Bill Cook, now New York Rangers coach who built a reputation as one of the greatest right-wingers of all time while with the Rangers 1926-36; E. C. (Newsy) Lalonde, who from 1905 to 1926 played big-league hockey or lacrosse in Montreal, Toronto, Regina, Saskatoon, Vancouver and New York; and Frank (King) Clancy, considered one of the greatest inspirational leaders to lace on a skate as a hockey player.

## Boston Cinches Play-Off Spot; Milt Schmidt's 200th Counter

**BOSTON** (Canadian Press)—Boston Bruins Tuesday night cinched fourth place in the National Hockey League and a berth in the Stanley Cup playoffs by blanking Chicago Black Hawks 4 to 0.

Captain Milt Schmidt of Boston scored the 200th goal in his National Hockey League career. Schmidt celebrated a "Schmidt-Dumart Appreciation Night" by combining with Dumart and Bobby Bauer for his 200th marker at 12:58 of the second period to put Boston into a 2-0 lead.

Bauer returned from five years in National Hockey League retirement to reunite the famed Kitchener forward line which first played together in 1936.

The Bruins beat out the New York Rangers for fourth place and the final play-off spot.

The win increased the margin of the Bruins over the idle New York Rangers to seven points with two games of the regular schedule remaining. The Rangers have three games to play but could not catch the Bruins even if they won them all.

It was Boston's sixth straight game without a loss and goalie Jim Henry's seventh shut-out of the season.

Tonight Toronto Maple Leafs and Montreal Canadiens meet in a critical game for runner-up position.

Neither the Maple Leafs or the Canadiens are keen on remaining in third place for, in that

## Fraser-Payne Head Medium Hoop League

Fraser & Payne team tops the Intermediate Basketball League standings with 13 wins and two losses and a season's score of 577. Total score was beaten, however, by second place Hi-Green, who totalled 612 points with 12 wins and three losses.

Fashion is in third place with four wins and 11 losses, 505 points; Merchants only produced one win with 14 losses, scoring 328 points.

## Mansons Shade Leafs In Tight Finals Bid

A preliminary event at the city basketball semi-finals last night stole the show as junior teams Maple Leafs and Mansons battled to a 24-24 draw. Yet the Leafs lost the close shaven two game series. Mansons had edged them out by two points in Saturday night's first bid for second place and a chance at the finals this week-end.

Basket for basket, point for point, the juniors fought tooth and nail through every quarter.

Decision of the game hung in the balance as Donaldson for the Leafs had a double free throw with only seconds left in the game. He missed both tries. Had he made them, the series would have been tied.

Then another foul was called on Mansons and Leafs decided to take it on the side for a possible bucket play for two quick points. The effort failed at the final whistle.

Mansons meet league-topping Beavers in the first of a best of three series Saturday night.

In the intermediate division, Hi-Green bowed to Fashion 36-32 in the last of a two-game series but the students are away up on total points and enter league finals Saturday with Fraser & Payne. Hi-Green scored 59-22 in the first game last Saturday.

Sparking Fashion throughout, George Dumas racked up 14 points to lead his team for the coup. For the students, Kristmanson showed outstanding skill and broke through with 10 points. Twenty-six personal and five technical fouls—including one on Coach Jack Evans for coaching from the bench—were called on the Greens by referees MacFarlane and Feness.

### SCORING

Mansons—Weber 5, Anderson 1, Helin, Black 6, Burnes 5, Hodgkinson 7, Mostad, Brentzen. Total 24.

Maple Leafs—Stewart 5, Shenton 2, Strand 4, Morrison 9, Nelson, McKay, Newton, Forbes, Donaldson 4. Total 24.

The Maple Leafs blew a one-point advantage in the final two minutes of the game when sharp-eyed Ronnie Black scored the winning point and added another on a free shot to assure Mansons' victory.

Black led Mansons team to victory by scoring ten points. Harold Weber, also of Mansons, was very much alive throughout, though he only scored four points.

Morrison was high scorer for the Maple Leafs with four. The referees, Morrison and Dumas, called 14 fouls during the game, the majority being called on Mansons.

Quarter-time scores were: 2-1, 8-7, 14-14, 20-18. Mansons' leading in the scoring in every quarter except the third.

Scoring:  
Mansons—Barnes, Hodgkinson, Webber 4, Helin 2, Anderson 4, Black 10. Total—20.  
Maple Leafs—Donaldson 3, Morrison 4, Shenton 1, Forbes 2, Stewart 2, Mackay 3, Strand, Forward. Total—18.

## Junior League Semi-Finals

### Manson's Take First Hoop Game From Bo-Me-Hi 20 to 18

Mansons took the first game of the Junior League semi-finals Saturday evening as they outscored the Bo-Me-Hi Maple Leafs 20-18. It was a rugged and exciting game.

The Maple Leafs blew a one-point advantage in the final two minutes of the game when sharp-eyed Ronnie Black scored the winning point and added another on a free shot to assure Mansons' victory.

Black led Mansons team to victory by scoring ten points. Harold Weber, also of Mansons, was very much alive throughout, though he only scored four points.

Morrison was high scorer for the Maple Leafs with four. The referees, Morrison and Dumas, called 14 fouls during the game, the majority being called on Mansons.

Quarter-time scores were: 2-1, 8-7, 14-14, 20-18. Mansons' leading in the scoring in every quarter except the third.

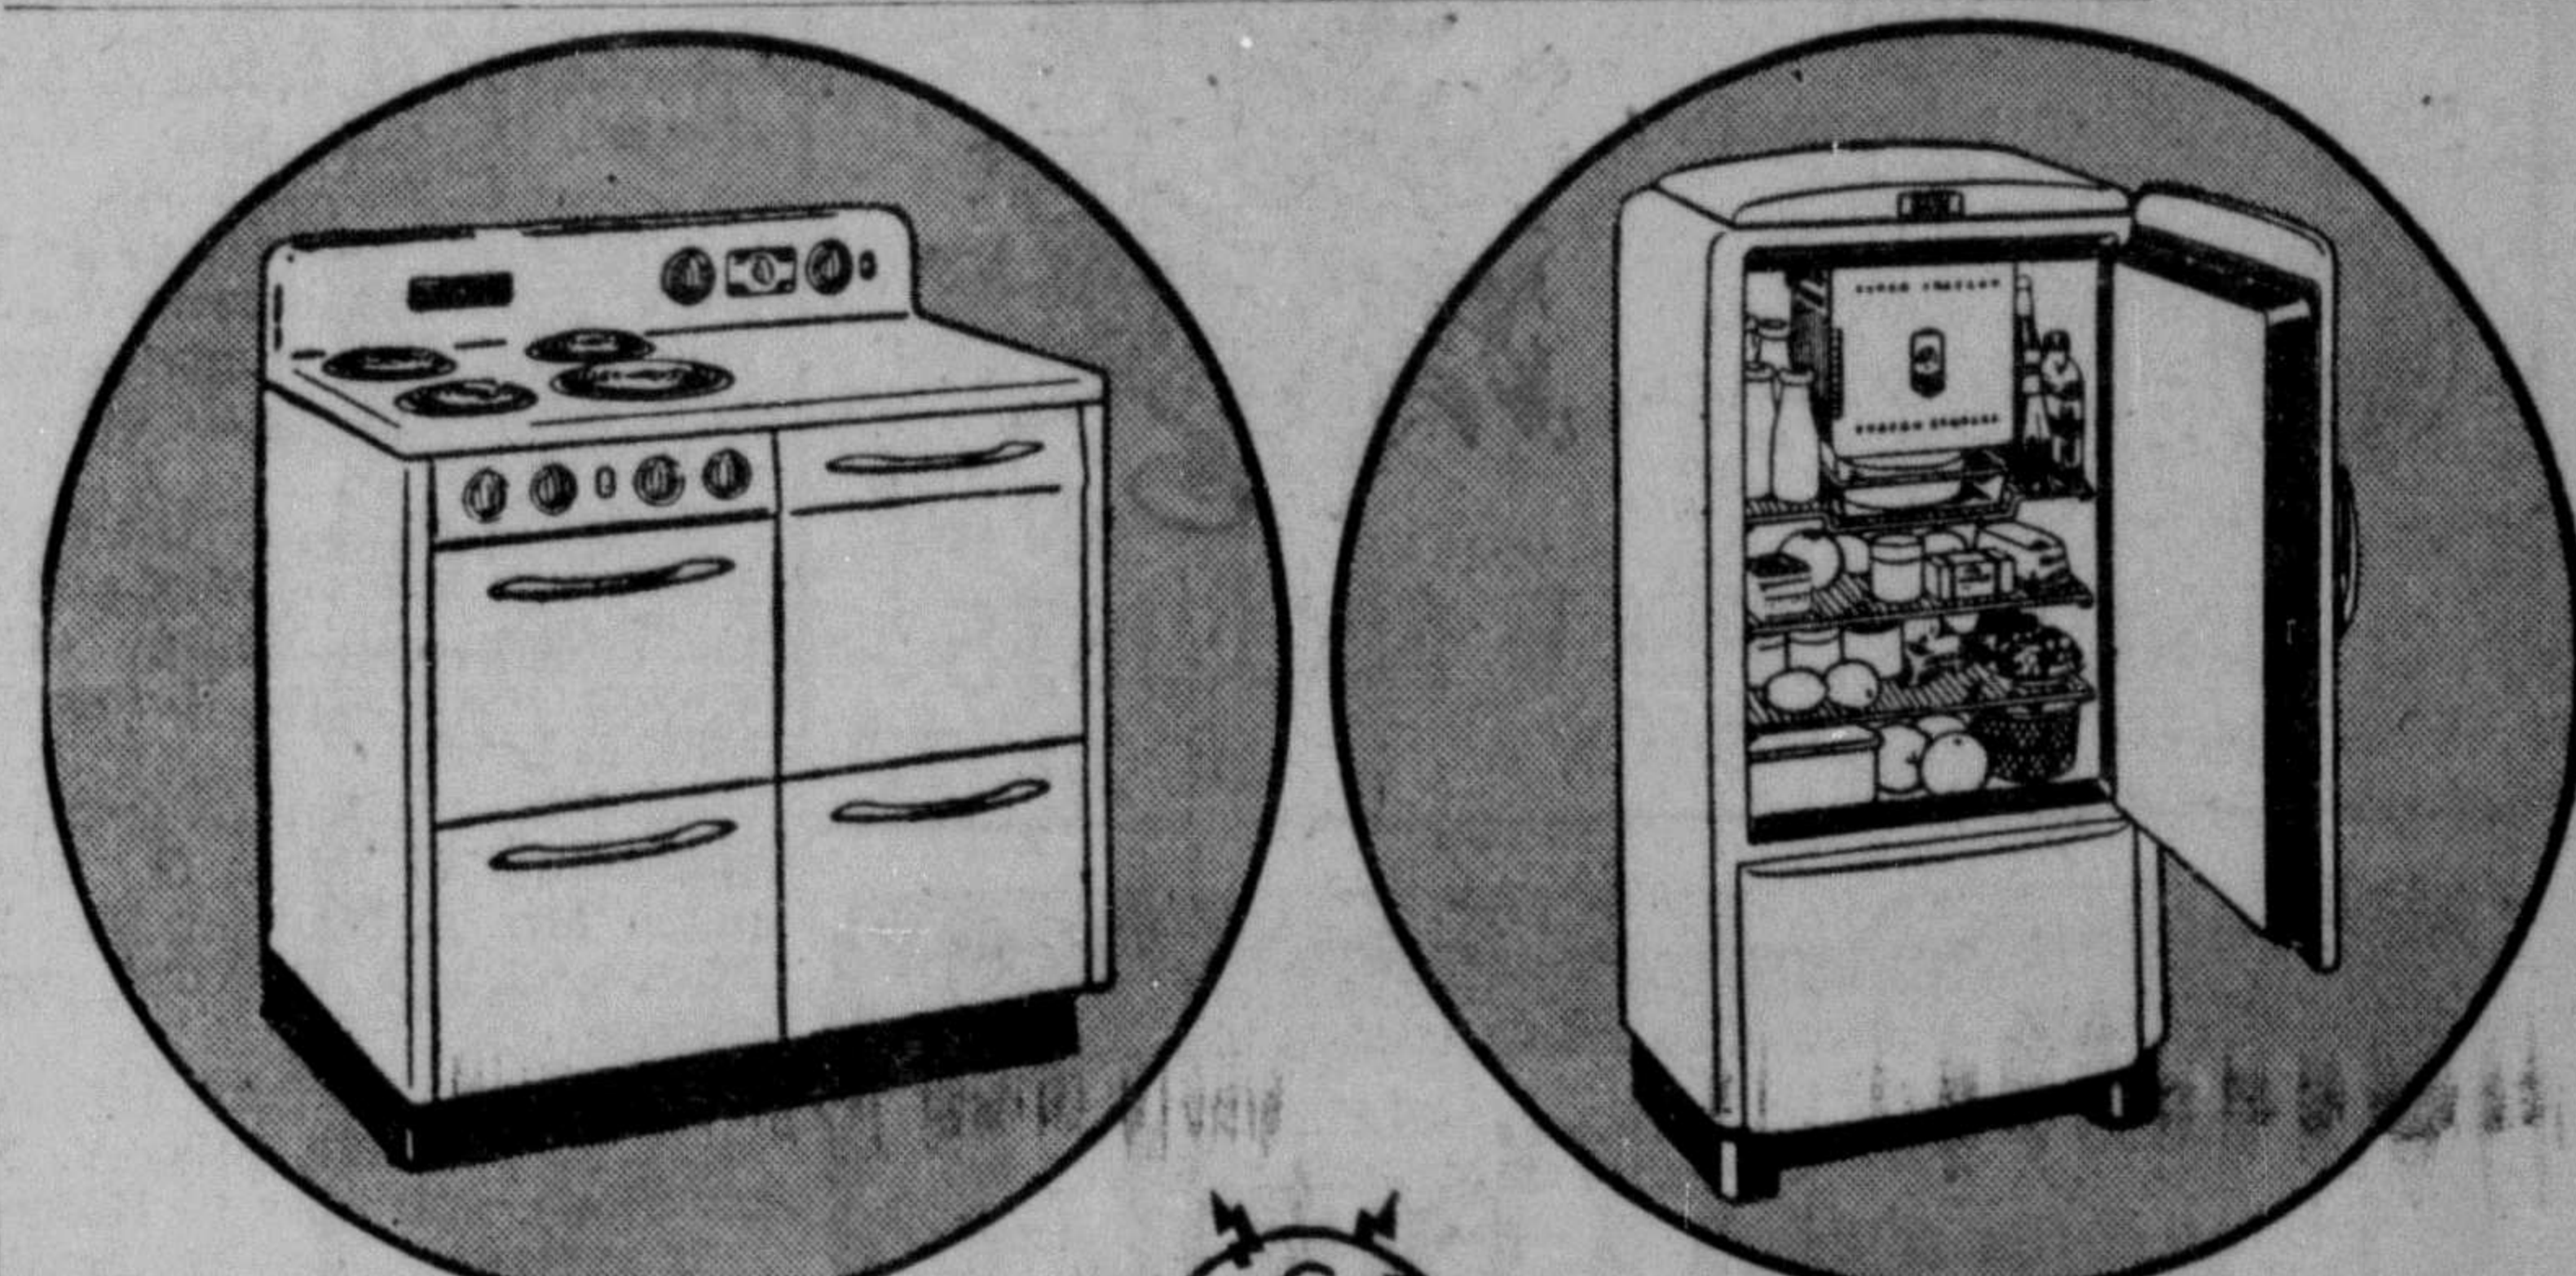

Scoring:  
Mansons—Barnes, Hodgkinson, Webber 4, Helin 2, Anderson 4, Black 10. Total—20.  
Maple Leafs—Donaldson 3, Morrison 4, Shenton 1, Forbes 2, Stewart 2, Mackay 3, Strand, Forward. Total—18.

## DISTRICT NEWS

### Stewart Honors St. Patrick's Day

STEWART—St. Patrick's Day was celebrated on Saturday in the Moose Hall under the auspices of the parishioners of St. Felix Catholic Church.

A snowstorm, which commenced in the late afternoon, did not deter the hardy members of the community from turning out to make it a gala affair.

Mrs. John Bouzek, with the aid of many willing assistants, looking after the supper and the hall decorations.

Shamrocks were everywhere in evidence and each of the participants were given a green badge to wear.

John Bouzek was in charge at the door.

The music was supplied by Mr. Addie Bremser on the piano and Axel J. Melville on the traps.

### Stewart Notes

Enumerators are busy here compiling the voters' list for the forthcoming election. J. P. Hawkins has been appointed for Premier and W. Shields Orr for Stewart. Notices have been posted exhorting the voters to register as early as possible. Parts of the Atlin Electoral District are difficult to get at and services to these will have to be made by plane. The per capita cost to get out votes, in this riding, is abnormally high.

Over six inches of fresh snow fell during the week end but the sun came out on Sunday afternoon and the mercury rose to fifty above zero.

Al Phillips is busy making arrangements for work on his property and expects to leave at the end of the month.

A mechanical breakdown caused a temporary shut-down of the logging. Repairs are being effected at Prince Rupert. It is reported.

### Terrace Tea Gay Affair

TERRACE—In a gay atmosphere of yellow daffodils and green shamrocks, the Catholic Ladies held a successful St. Patrick's Day Tea and Sale Saturday afternoon in the IOOF hall. Spring-like weather encouraged people out of doors Saturday and many stopped by the hall for the sale and a cup of tea.

Father E. M. LeRay officially opened the tea with Mrs. H. Doll receiving the guests.

The tables were decorated with Irish green shamrocks and of yellow daffodils contributed by Mrs. Eckerman. Each table had a festive air.

Those in charge of the cooking stall were: Mrs. G. West and Mrs. P. Tetraut. In charge of the sewing were Mrs. Kofoed and Mrs. J. Lever.

In the kitchen a committee consisting of Mrs. G. Bissonnette, Mrs. A. Paulson, Mrs. Tetraut and M. S. H. Cote, was in charge.

Servitors were Mrs. J. Gordon, Miss R. Tetraut, Miss Y. Normondeau, and Miss A. Kofoed. Miss B. Matt acted as cashier.

Permanent Wave, won by Mrs. H. Doll with ticket no 37. Hamper, by Mrs. R. Perry, ticket no 13.

Pox of chocolates, Mrs. F. Frank, ticket no 14. The successful day closed with a card party in the evening with J. Normondeau in charge.

Ladies' first prize went to Mrs. Skuglund, consolation to Mrs. C. West. Men's first prize went to F. Tetraut, and consolation to Alex Baron.

Proceeds of the day are to go to the Church.

## VICTORIA REPORT

... by J. K. Nesbitt

### Economy Stressed—Too Much Joy-riding— Buttle Lake Damming Favored

VICTORIA.—Need for Government economy in small matters is being stressed this season by members on all sides of the House. This is a good thing, for there's no doubt a great deal of extravagance in these small matters—travelling expenses, telephone calls, automobiles.

A. W. Lundell, Conservative member for Revelstoke, went to the trouble of adding up travelling expenses for a year and he found they reached the staggering total of \$1,500,000 — more than the government spends on the vital Department of Agriculture. No wonder poor Mr. Lundell was shocked—and so were other M.L.A.'s when they heard about it.

The government never totals travelling expenses. They are broken down into departments and branches—\$500 here, \$1,000 there. And so when you poke through estimates and see such items you're not particularly impressed. But when you add them all up, like Mr. Lundell did, you realize that trips for cabinet ministers and civil servants cost the taxpayers plenty.

There's no doubt many of these trips are quite unnecessary. Too many civil servants are traveling. Too many—and who can blame them, really?—grab the least excuse for a little jaunt, day or so at a big hotel, dining in the hotel's swankiest restaurant.

Thomas King, Liberal member for Columbia, intimated that government cars up his way are being used for other than government purposes. Certainly that is true in Victoria and Vancouver and it's no doubt true all over the province, as Mr. King indicates. In this capital it's a common sight to see a Government car

bowling along the waterfront on a Sunday afternoon, parked outside theatres and dance halls at night, on Saturday afternoon shopping trips.

Mr. King said that government cars should be painted a conspicuous color so that the public could spot them and point the finger of shame if the cars are traveling the roads after hours. This may be a bit extreme, for sometimes civil servants work after hours. Just the same something should be done by the government about misuse of government cars. If things go on as now there's going to be a first class scandal.

Arthur Ash, Liberal member of Saanich, has also appealed for economy. He said he couldn't agree with CCF chieftain Harold Winch that there are some funny things going on but he said: "We could go a long way in streamlining our departments so that administration costs could be kept to a minimum. All senior civil servants should be impressed with the fact of the necessity for economy. I think there is ample evidence that some of them do not appreciate or realize the need for recruiting unnecessary expenditures."

BUTLE LAKE.—It's now quite apparent a majority of the Legislature favors damming of Buttle Lake. This matter has caused great controversy recently. A group of people calling themselves conservationists, backed by high-priced lawyers, much money and high-powered publicity, has been against the damming, saying it would ruin the lake's beauty.

Many M.L.A.'s, however, take the stand the damming would not ruin the beauty, but would enhance it, and at the same time open up the now isolated lake to the public. Among those who want the lake dammed immediately are Herbert J. Welch of Comox, Arthur Ash of Saanich, James Mowat of Alberni, Arthur Ritchie of Salmon Arm.

### TERRACE TOPICS

Another bed has been donated to the new ward of the Terrace Hospital, making the fifth such donation. The Masonic Lodge has allotted \$250 for the bed and the year's maintenance.

During a stay in Terrace, Rt. Rev. James B. Gibson, Bishop of Caledonia, is the guest of Archdeacon and Mrs. Hodson.

Pastor and Mrs. W. G. Solohuk arrived in Terrace Sunday for a few days visit here.

Friday night's Leap Year Frolic at the Civic Theatre was rated a huge success. The centre was very attractively decorated and music was supplied by the orchestra from the Home for the Aged. The baskets were few but all report a good time. Proceeds to go to the Civic Centre fund.

### Diocesan WA Head Terrace Visitor

TERRACE.—Mrs. Nora Arnold, president of the Diocesan Women's Auxiliary of the Anglican Church, arrived in town Tuesday. Today she was entertained to a luncheon at "The Motel" by the ladies of St. Matthew's Auxiliary. On Thursday she will address the monthly meeting at the home of Mrs. R. Corlett. While here she is the guest of Mrs. A. McInnes.

## Best Films To Be Named

By BOB THOMAS

HOLLYWOOD (AP) — The movie world's biggest party—the Academy Awards—arrives with a hoopla of searchlights and ermine Thursday night. For the first time in years, it's anyone's guess as to the winners.

Usually the Oscar Derby can be predicted with a degree of accuracy. There might be one upset among the major winners but most of the categories are well tabbed in advance.

This year the Hollywood oracles have been fumbling for predictions and no one can seem to agree on the probable victors. After sampling industry opinion, this is how the race shapes up:

**Best Actress' Performance**—Vivien Leigh ("A Streetcar Named Desire") appears to have a slight advantage. Closely following her is Shelley Winters ("A Place In The Sun"). Eleanor Parker ("Detective Story") has a good darkhorse chance. Less likely winners are Katharine Hepburn ("The African Queen") and Jane Wyman ("The Blue Veil").

**Best Actor's Performance**—This is a toughie. It could be any of four—Marlon Brando ("Streetcar"), Arthur Kennedy ("Bright Victory"), Frederic March ("Death Of A Salesman") or Humphrey Bogart ("The African Queen"). Not so promising is Montgomery Clift ("A Place In The Sun"). I'll take a flier and predict Bogart.

**Best Picture**—"A Place In The Sun" appears the first choice, although "Streetcar" may ace in and sweep many categories. Four stars have won two Oscars. They are Spencer Tracy, Bette Davis, Louise Rainer, and Fredric March and Olivia De Havilland. Walter Brennan has won three as a supporting actor. This year Vivien Leigh, June Wyman or Katharine Hepburn could win their second Oscar, and March could win his third.

Oscars are gold-plate bronze statuettes, 10 inches tall and weighing seven pounds. They cost around \$60 but winning one adds an estimated \$1,000,000 to a picture's gross.

### COPPER RIDGE MINE RESUMES

with a cook has arrived from Vancouver to resume drilling at the Copper Ridge mine.

Jack Ives, who is in charge, met them at the train. He stated that drilling would start immediately despite the heavy fall of snow in that area.

## "Distant Drums" Action Drama

An unusual adventure epic in technicolor and starring always popular Gary Cooper comes to the Capitol Theatre this Thursday, Friday and Saturday in "Distant Drums."

Unfolding a graphic description of the seven-year Seminole Indian wars of 1840, the picture is set in the Florida Everglades where a new type of Nature's wild life is seen in action.

Gary Cooper portrays an American guerilla assigned to put down a rebellion instigated by a Seminole chief. With the aid of a hand-picked troop of frontiersmen, he manages to destroy the chief's arsenal. How the Indians retaliate and pursue Cooper and his band through 150 miles of Everglades provides the suspenseful theme.

Mari Aldon, beautiful Hollywood newcomer, furnishes the romance while Richard Webb, Ray Teal and Arthur Hunnicutt have featured roles.
