**WESSED IT**, it's Venice, Italy. Escorted by long gondolas, manned by husky Venetian men, a white and gold gondola carrying the city's municipal and religious orders (centre), majestically down Venice's grand canal. Thousands of persons watch the "Regatta" (Historic Regatta) on water-borne grandstands along the canal's edge. The regatta annual event in the picturesque city.

## Golf Range Readied For Drivers

Would-be golfers in Prince  
Rupert now can get in some  
practice at the Civic Centre,  
where the driving range has  
been revamped.  
With the thought in mind that  
Prince Rupert may soon have a  
golf course, the Civic Centre staff  
has improved the practice range,  
located in the small gymnasium,  
and it is now open for practices,  
by appointment. Al Hurst, prin-  
cipal of Booth Memorial High  
School and well-known golfing  
enthusiast here, will give in-  
struction on request, and is in-  
terested in new pupils.  
The driving range set-up in-  
cludes a new, more adaptable  
screen that can be drawn on  
short notice.  
The improved golfing facilities  
are a part of the over-all pre-  
parations being undertaken at  
the Civic Centre, in anticipation  
of a big increase in activities  
following the membership drive.  
The big drive for members will  
be staged Monday, October 5,  
with a porchlight canvass of the  
city, to be undertaken by teams  
made up of representatives of  
member organizations in the  
Civic Centre.  
The Centre is hoping for an  
increase in membership over last  
year's total of 2,500.

## Ship Reaches Kitimat Today

Canada's newest port, Kiti-  
mat, welcomed its first deep-sea  
vessel today.  
A spokesman for the Alumi-  
num Company of Canada at  
Montreal said Wednesday the  
Sunwhit was due to reach Kiti-  
mat from Montreal. The 6,900-  
ton ship is loaded with heavy  
machinery and raw materials  
for the gigantic aluminum smel-  
ter.  
The cargo is part of a 30,000-  
ton shipment seven Saguenay  
Terminals ships will pour into  
the centre from St. Lawrence  
ports this year to get the 80-  
000-ton-a-year aluminum pro-  
ject rolling by next summer.

# Permanent CNR Rail-Barge Slip To Be Finished Here By March

## 359 POWs Surrendered By Reds

By The Associated Press  
PANMUNJOM, — The  
Communists today sur-  
rendered to neutral na-  
tions custody 359 war  
prisoners—one Briton, 23  
Americans, and 335 South  
Koreans—whom the Reds  
say asked to remain be-  
hind the Iron Curtain.

The Americans rode in open  
Russian-built trucks loudly  
singing the Communist "inter-  
nationale."

"Arise, ye prisoners of starva-  
tion, arise ye starvelings of  
want," chanted the tanned,  
healthy-looking men.

The South Korean prisoners  
screamed "American imperial-  
ists, get out!" at U.S. reporters.  
The Americans looked happy  
and contented. The Communists  
quoted them as saying they love  
their country and some day will  
return—when the American  
people have achieved "free-  
dom."

"We hope to play our part in  
achieving this and we know the  
American people will receive us  
back on that day with open  
arms," said a statement, the  
Reds said was drafted and  
signed while at nearby Kaesong.

**PLAY MY PART**  
The Briton, identified as a  
marine who had served seven  
years of a 12-year enlistment,  
was quoted:

"I am determined to play my  
small part in fighting for the  
better sort of world I believe  
in."

Allied "explainers" are to be-  
gin talking to U.S., British and  
South Korean prisoners at the  
camp a mile above Panmunjom  
Saturday, telling them they  
have the right to be repatriated  
if they wish.

At the same time, Communist  
representatives will visit 22,600  
North Korean and Chinese pris-  
oners who refuse repatriation.  
The Allies today boosted the  
number of missing United Na-  
tions soldiers for whom they  
demand an accounting from the  
Reds by 17 to 3,421. Three Cana-  
dians are included in the origi-  
nal list.

The Allies conceded at a meet-  
ing of the armistice commission  
secretariat that some American  
PoWs on the original list sub-  
mitted Sept. 9 had been repa-  
triated.

**WITHIN 900 MILES** of the North Pole, in sheltered Craig Harbor on Ellesmere Island, two Arctic supply vessels from the transport department transfer passengers, cargo and fuel oil. The C.D. Howe passed them along to the d'Iberville which was proceeding some 250 miles north. The d'Iberville, its hull rusty and scarred by northern ice, returned Tuesday to Quebec from her two-month supply tour of Arctic posts.

## Montreal Student Travelling As "Ambassador" to Germany

MONTREAL (AP)—A 24-year-old  
University of Montreal student  
has sailed for Germany as Cana-  
da's ideal student.

After a country-wide search,  
Paul Poiras of Montreal was se-  
lected as the young man most  
suited to fill the role of am-  
bassador of goodwill to Germany.

German officials in Montreal  
had been looking for a Canadian  
student "ambassador" for some  
time. Their idea was to send him  
on a year's tour of Germany to  
see how the people there live,  
work and play.

With the co-operation of the  
German ambassador to Ottawa,  
Dr. W. Dankworth, and heads of  
universities throughout the  
country, a search was started for  
the "ideal student."

Requirements were ability,  
character and background.  
First a big list of names was  
compiled by the sponsors. Then  
the long process of elimination  
began. Finally Paul was chosen.

He sailed on the German cargo  
liner Birto Hugo Stinnes. Part of  
his year will be spent at Munich  
University, the balance in large  
German engineering plants.

During the summer holidays  
Paul will stay with German fam-  
ilies in various parts of the  
country.

Germans here hope he will  
help Canadians to understand  
the German way of life better  
when he comes back. That, they  
think, will lead to improved re-  
lations all round between the two  
countries.

A German official in Montreal  
said Paul's trip is "just the be-  
ginning. There will be more to  
come as time goes by."

## Plans to be Made By Clubs Tonight

Plans for the coming annual  
general meeting of the Prince  
Rupert Basketball Association  
will be made when last year's  
executive meets at the Civic  
Centre at 7:30 tonight.

Also meeting at the Civic  
Centre tonight to elect officers  
for the 1953-54 season is the  
Prince Rupert Badminton Club  
which has scheduled its annual  
general meeting for 8 p.m. in  
the Common Lounge.

## Steel, Equipment To Arrive Shortly

Steel and material for construction of the per-  
manent rail-barge ferry slip here has been ordered  
and will begin arriving shortly.

This was disclosed last night  
by J. A. Argo, assistant vice-  
president freight traffic for  
Canadian National Railways.

Here on an inspection trip,  
Mr. Argo, whose headquarters  
are in Montreal, said the per-  
manent steel slip will be ready  
by next March.

Work at the site so far has  
been confined mainly to rock-  
blasting and this should be com-  
pleted shortly.

Meanwhile, equipment for the  
new Ketchikan pulp mill will be  
handled by the temporary slip  
opened last May 14.

The new slip will be capable  
of handling 20-car barges,  
while the present slip is only  
large enough for four.

Already some 250 car loads  
of material have been sent to  
Ward Cove, six miles out of  
Ketchikan, where the \$45,000,000  
Ketchikan Pulp & Paper Com-  
pany is constructing a mill.

**DUE TODAY**  
The Dolly C, which has been  
making twice-weekly trips from  
here to the Alaska city, was  
scheduled to arrive this after-  
noon but may be delayed by  
weather.

Meanwhile, officials of the Al-  
aska-B.C. Navigation Company,  
which operates the barge serv-  
ice, said another tug and barge  
are expected shortly to step up  
traffic between the two cities.

ABC is under contract to the  
pulp company for all towing, in-  
cluding incoming equipment  
and outgoing pulp when the  
mill is in operation.

Mr. Argo was accompanied by  
W. A. Whyte, general freight  
agent for the railway and steam-  
ship company in B.C., and was  
taken on an inspection of opera-  
tions by Arthur Kemp, freight  
agent here.

**VISIT KETCHIKAN**  
Mr. Whyte and Mr. Kemp left  
for Ketchikan on the Prince  
George while Mr. Argo had to  
return to Montreal by train. He  
had been recalled on business.

The assistant vice-president  
said the CNR is "vitaly inter-  
ested" in the railway's opera-  
tions here and indicated that  
construction of the permanent  
slip will mean greatly increased  
trade between here and Alaska.

While some material and  
equipment has been shipped  
from here to Kitimat for the  
giant Aluminum Company of  
Canada project, no regular

## \$2,500 Allocated to Improve Grounds at McClymont Park

An improvement program at  
McClymont park, which may  
eventually cost about \$6,250, will  
get a start this fall.

City parks commissioners, at  
their monthly meeting, author-  
ized the city works department  
to undertake some \$2,500 worth  
of work at the park this fall,  
after giving tentative approval  
to plans of the project submitted  
by G. E. Beaton, works superin-  
tendent.

Work will start immediately on  
a new dry rock retaining wall  
which will divide the present  
sloping park, and landscaping  
will be undertaken.

The children's playground will

## U.S. Withdraws Offer to Pay For MiGs During Peace Talks

WASHINGTON (AP) — The  
United States today offered to  
return to its "rightful owner" the  
MiG-15 jet plane flown into Am-  
erican lines by a North Korean  
pilot.

At the same time the Far East  
command withdrew for the dura-  
tion of peace talks the offer to  
pay \$50,000 for MiGs delivered to  
the West.

The statement by Gen. Mark  
Clark, UN commander, had noth-  
ing to say directly about pay-  
ment to the Korean pilot who  
delivered the first MiG last week.  
Defence department officials,  
however, noted that there was  
nothing in the Clark statement  
to make it retroactive. On that  
basis the Korean would get his  
money—\$50,000 for the plane  
plus another \$50,000 bonus as the  
first to take up the U.S. offer.

Clark's statement, released  
simultaneously here and in To-  
kyo, said:  
"The traditional policy of the

## Panel Truck Recovered From Water

A panel truck was hauled out  
of the water at Seal Cove this  
morning, little the worse for a  
sudden plunge which nearly  
took its Prince Rupert driver  
for a midnight swim.

An Armour Salvage & Tow-  
ing Company barge this morn-  
ing lifted the truck out of about  
30 feet of water, near the De-  
partment of Transport building  
at Seal Cove.

The truck took a sudden nose-  
dive down a steep 10-foot bank  
into the ocean at midnight  
Tuesday. The driver, Michael  
Atamanchuk, 1400 First Over-  
look Street, jumped from the  
truck just as it started down  
the bank, narrowly escaping a  
dousing.

He doesn't know exactly what  
happened. However, he said he  
thinks he left the truck in re-  
verse gear when he parked it  
near the bank. When he re-  
turned to the truck and was  
about to start it, it started to  
move backward and plunged  
down the bank.

The windshield was forced  
out, the roof and grillwork  
dentured, and considerable wa-  
ter damage was done to the in-  
terior.

## Chemical Plant Blast Kills 10

TONAWANDA, N.Y. (AP)—At  
least 10 men were killed Wed-  
nesday as a series of four ex-  
plosions blew to bits a chemical  
plant building here and rocked  
the northern suburbs of Buffalo.  
Twenty-seven persons were in-  
jured.

## State-Controlled Unions

A DISTURBING report comes from Bonn on the heels of the gratifying victory by Chancellor Adenauer at the polls. It is that the executive committee of his party, the Christian Democratic Union, has summarily demanded a reorganization of the governing body of the German Trade Union Federation on lines which would place it under a degree of state domination.

The ground asserted for this demand is that leaders of the federation during the recent electoral campaign actively supported the chancellor's opposition, the Social Democratic Party. This is said to be contrary to a statutory obligation of impartiality.

But is it wise or practical to try to impose a rule of political silence on labor union leadership? Exaggerated class consciousness is undesirable and forced collection of political contributions by unions should be taboo. But expression of group points of view is legitimate. Whatever may be the drawbacks of such a tie, the relations of the free trade-union movement in Germany to the Social Democratic Party have not been unlike those of the Trades Union Congress to the Labor Party in Britain or the Force Ouvriere to the Socialist Party in France.

The alternative in Germany may be a divided labor movement, with the introduction of Roman Catholic trade unions, like those in France. Any division, as illustrated by the AFL and the CIO in the United States, weakens the labor voice.

But a worse situation exists in the so-called labor unions of Communist Russia, which are mere arms of the employer-state, and was experienced in Germany when trade unions were headed under the Nazis by Dr. Robert Ley. Nothing so extreme is in sight in the present move. The effect, however, would be to increase the power of Roman Catholic unionists in the German labor federation.

Organized labor should be free to speak with its own voice. And control should come from the rank and file whom the unions are to represent rather than be imposed from outside by a dominant political party.

## Scripture Passage for Today

"He that believeth on me hath everlasting life."  
—St. John 6:47.

## Decreased Enrolment in Normal Schools Blamed on Reid Speech

VICTORIA — A charge of knowing where the premier "sex, textbooks" and left-wing influence in British Columbia schools made at the last session of the legislature was brought to light again yesterday.

Bruce Brown, Liberal-Prince Rupert, making his maiden speech in the B.C. legislature said the charges, made by J. Allan Reid (S.-Salmon Arm) last session, were at least partly responsible for decreased enrolment in normal schools.

"I am convinced that one reason for the decreased enrolment is the violent, vicious and unwarranted attack made on our educational system," Mr. Brown said.

Mr. Reid charged that "sex textbooks" were being used in B.C. schools and that "sinister" left wing influences were attempting to dominate the teaching profession.

"To add insult to injury," Mr. Brown said, Mr. Reid had publicly stated that "Premier Bennett told him he had done a good job and was behind him 100 per cent."

"If the premier did not find it politically expedient to admit or deny this allegation during the election campaign, that time has now passed. The members of this house, as well as the public generally, are interested in

## As I See It

Why Sell Airport?

THE City of Vancouver is once again dickering with the federal government over sale of its airport.

Four years ago the parties came within \$65,000 of agreement. But since then there are many new reasons for completing the deal. One is that expansion of the big airport will soon be necessary—at heavy capital cost.

The Regional Planning Board of the Lower Mainland of B.C. has just issued a fascinating study on the airport situation. It provides strong arguments for the transfer of the airport to the federal authority. But it also shows that several new local traffic airports will soon be needed around Greater Vancouver.

It has a most interesting section on the future of helicopter traffic.

THE Board shows that passenger traffic through the Vancouver airport increased by four-fold from 1942 to 1952. It sets forth convincing figures to indicate that the future increase may be:

By 1961 ..... 282%  
By 1971 ..... 686%

The extra traffic at the Vancouver airport will require two runways by 1961 and three runways by 1971. Moreover as the bigger and bigger jet craft tend to require longer and longer runways, the cost of these will mount accordingly.

The study shows that 70 per cent of all traffic now handled by the Vancouver airport is local. It says "as a safety measure small planes will soon have to be removed from Vancouver airport to a small plane field." Part of the report is a strong plea to municipalities to reserve several local airports sites, as suggested by the Board in 1946. Some of the best local sites have since been utilized for other purposes.

THE BOARD bases its estimates on the trend to helicopter traffic by those made for New York. It shows that the helicopter cannot as yet compete with other aircraft on a passenger-per-mile basis. The actual cost of a return helicopter trip between Vancouver and Victoria will be \$14.40 to \$15.60 in the period 1955 to 1960. By 1970 it should be down to \$9.00.

The present fare, for conventional aircraft, including limousine service, is \$10.10 at both ends.

But the Board's expert figure there will be a tremendous trend to the helicopter, because of greater convenience.

THE NEW YORK studies throw cold water on the idea that helicopters will operate from the flat roofs of the big hotels.

The rooftops themselves are ideal landing stations for the whirlybird type of aircraft. But, says the report, "high octane aviation gas would have to be piped to the top of the building and this is against present fire regulations." It would also be impossible to have the necessary repair depots there.

For Vancouver the False Creek area is the likeliest helicopter airport site.

Mr. Brown said the proposed reduction of the 63-day period between the issuing of the election writ and the election day would work a hardship in their large constituencies.

Mr. Brown said liquor licences should be granted to anyone of good character and who has met the standards set in the act. "Then let competition take its course."

The first settlement at Moose Factory on the Moose river entrance to James Bay was established in 1673.

## OTTAWA DIARY

By Norman M. MacLeod

Even before the new Parliament has met for its first session grim death has invaded its ranks.

The past week's loss of Gordon Graydon, Conservative M.P. for Peel, is going to leave a definite gap in the Chamber which no by-election will ever quite fill. For Graydon's contribution to Parliament came close to being unique. During the past 13 years he had not only played an active and useful role in house debates, but he had also become recognized for qualities of personality that were as refreshing as they were unchanging and genuine.

Gordon Graydon started his political life as a Young Conservative back in one of the student political movements at Toronto University. And he ended his political life at the age of 57 still a Young Conservative. For he was naturally one of those rare personalities who, while they mature, never lose their ardor or their freshness of youth. He was a refreshing character to the end.

Regardless of the political party to which you belonged, you always knew the sort of greeting you would get from Graydon. It would be warm and smiling. For he lacked the ability to carry his intense Conservative partisanship into his personal relations with people. In house debate Graydon could be—and frequently was—hard-hitting and aggressive. But he left his capacity for personal and

## AFL Expires Longshoremen

ST. LOUIS (AP) — The AFL expelled its longshoremen's union Monday for harboring "gangsters, racketeers and thugs."

The AFL convention voted to oust the 60,000-member International Longshoremen's Association despite a personal appeal on the convention floor from 69-year-old president Joseph P. Ryan.

The union has been accused by crime investigators of being infiltrated with criminal elements on the New York and New Jersey waterfronts.

The first automobile powered by steam was produced by the French inventor Nicholas Cugnot in 1769.

## ray...

Reflects and Reminisces

"Let's get on with it," said Mike Pearson, head of the Canadian delegation to the United Nations at a conference in New York. At last, something we should all be able to agree on.

### EXTRA! READ ALL ABOUT IT!

Joe Coulter, 88, is dead in London, Ontario. He ranked among Canada's first real newsboys. He could remember the original issue of the Toronto Telegram in 1876. He was the first newsie to take papers from the hands of John Ross Robertson and hustle out to sell them. That's what it means—"hustle." And we have a suspicion that Joe did not have to be told.

If the museum did not have more visitors this season than ever before it must have been near that. To take any action, now that would in any way weaken even in a small way, steady growth would be short-sighted. The museum is becoming an institution. We saw a day or so ago a copy of the association's first annual meeting and dinner held in the Boston Cafe February 23 in the early thirties. R. L. McIntosh was chairman and those sharing in the program included Dr. W. A. Riddell, W. J. Alder, T. Johnston, W. J. Hicks, Canon W. F. Rushbrook, Dr. J. T. Mandy, Mrs. J. R. Mandy and Rev. W. H. Pierce.

### GIVEN CHOICE

Of course, it's always possible to consider the budget as a method of worrying before you spend it, instead of afterwards.

Train whistles in Canada appear to be regarded of less importance, and the day is approaching when they will disappear, although this does not mean it will vanish. Instead, in keeping with the times, modernization will be enhanced. Few will fail to miss the whistle-faint and far away—jull and powerful and at practically any hour, but it won't be an effort to accept what takes its place. The whistle, silent and partial wakefulness. What was it woke you? Oh yes! Here she comes! There she goes. If we had no train with its whistles, and could not find any broken slumber to return to, perhaps we couldn't sleep. So what?

Mr. Bevan, British statesman, declared Tuesday "profoundly important changes" are pending in the Soviet Union. Possibly it may not matter so much, so long as there is a change. That's the point.

# Talbot Picks LaStarza As New World Champion

By GAYLE TALBOT

NEW YORK (AP)—Having given the matter much thought and tossed out a vivid dream to the contrary, our conclusion is that Roland LaStarza, whom we have nicknamed the Bronx Buzz Bomb, will become the new heavyweight champion of the world shortly before this midnight.

As we piece the picture together, it will be a hard and closely waged fight for the title. LaStarza, who is a native of the Bronx, will even be a spunkier fighter than the three judges, as it was in their only other meeting, but we would prefer not to succumb to the temptation of making quite a bit of it.

Gradually everybody else is picking Rocky Marciano to keep his title by a knockout. That is an easy and lazy way out, for all they have to do is invoke the first two rules of experting: 1) Stick with the champion, and 2) take the man with the big punch.

### HARD TO EXPLAIN

It takes a good deal more doing to explain with cool logic how LaStarza will bring it off, particularly so after this dream unmistakably showed the challenger being voted from the ring first and a ghostly companion at ringside said it was the eighth round. Our experience has been that dreams are never better than about 50-percent reliable.

As we expect to see it in real life under the Polo Ground

lights, there will be considerable doubt along the way and doubt boys will show signs of heavy wear and tear while they sit out their seats waiting for the announcement to quit moving his lips and howling and announcing the verdict. Marciano will be cut up around the eyes.

We do not expect to see LaStarza knocked out because, for want of a better reason, he never has been in a real fight. The ex-collegian has been knocked down six times, but he always bounced up, and he went on to beat every man who did it with the single exception of Marciano. He thought he beat Rocky, and so, incidentally, did a number of ringsters who are picking Marciano in this one.

Just because Rocky still was strong enough in the 13th round to challenge Joe Walcott in their first title bout is no reason, as we see it, to assume that he will be as dangerous at the same stage tonight. Joe was an elderly gent, and by that time he figured to be dog-tired. LaStarza is only 26, at his physical peak and in perfect condition, and the longer it goes the better his chances will be.

There is some regret at picking against Rocky, for the boy from Brockton is the greatest ornament the boxing game has known in many a year. Being champ hasn't changed him in the smallest detail. But LaStarza is a fine young man, too, and he is needed in the Rock. Let us pass the presents around.

### Canadian Beaten

BERKELEY, Calif. (AP)—Gardner Mulloy of Miami eliminated Paul Willey of Vancouver 6-4, 6-0 in the fourth round of the Pacific Coast tennis championships on Wednesday.

## Hunter Uses Bow'n Arrow To Kill Bear

SCHREIBER (CP)—This town about 100 miles east of Port Arthur has a locomotive engineer turned Robin Hood.

Frank Roen is believed to be the first man in this district to kill a full-grown bear with a bow and arrow. Frank has a wide interest in outdoor sports and recently bought a 60-pound-pull hunting bow made of hickory, yew and lemonwood.

He makes his own broad arrow tips, which he says have more stopping power than a rifle.

Frank was with his family on an outing near White Sand Lake when the family dog treed a cub bear. He tested his marksmanship by bringing down the cub in short order.

The dog discovered the older bear across the road and she approached. Frank admitted he was excited as he waited until the bear was a short distance away and brought it down.

## Peterborough Wins Canadian Boxla Crown With Easy Victory Over Lighter Victorians

VICTORIA (CP)—Peterborough Trailermen are Canadian senior lacrosse champions for the third straight year.

And for the first time since 1911, the annual east-west battle for the battered Mann Cup is all tied up.

The husky defending champions, one of the strongest squads to represent the East in the series since it got underway in 1910, retained the trophy Wednesday night by downing Victoria Shamrocks 8-5 in the 11th game of the best-of-seven series.

The victory gave the 1953 series to Peterborough 4-1 in games and left both East and West boasting 22 victories in the 44 annual battles.

Following the game, which attracted the smallest crowd—3,200 fans—of any of the five games, Jim McLeod, president of the Canadian Lacrosse Association, presented the Mann Cup to Peterborough captain Dootch Vitarelli.

Ross Powless, big Indian forward of the winners was awarded the Mike Kelly Memorial Trophy, presented annually to the player voted the most valuable to his club. He was the unanimous selection of sports writers covering the playoffs.

Peterborough's triumph marks the second time in the modern era of box lacrosse that a club has won the title three years in a row. The Orinda Terriers duplicated the feat with a victory over the Trailermen in 1934 to 1936, shortly after the old field lacrosse game played on outdoor fields with 12 men to a side was moved indoors and the teams cut to seven players.

The series this year was played with six players to a team, a rule change in effect on the Pacific coast all year and used in many Ontario centres since mid-season.

Trailermen won the title in 1951 and 1952 playing under the name of Peterborough Timbermen.

Wednesday night's final game was comparatively tame. The defending champs rammed home four goals in the opening period and coasted the remainder of the way. They led 3-2 at the half and boasted a 7-4 lead at the three-quarter mark.

Curly Mason, whose blazing close-in shots bothered Victoria goalie Jim Heatherington throughout the series, and Russ Slater paced the winners with two goals apiece. Playing-coach Bob Thorpe, Derry Davies, Roger

Smith and Nip O'Hearn added singletons. Victoria marksmen were Norm Coates, Jack Northrup, Spud Morelli, Duff McCagney and Lew Landess.

The western squad was never able to get rolling its smooth, passing offensive that had forced Trailermen to the limit in the opener and a 10-7 margin in the second game. Victoria's lone series' victory came in the third game by an 8-7 count.

### LAST NIGHT'S FIGHTS

WASHINGTON—Willie Troy, 158, Washington, knocked out Lee Sala, 163, Pittsburgh 5.

Denmark has about 1,300 co-operative butter factories engaging about 180,000 farmers.

## Roberts Setting New Marks Though Short of Forecasts

By BEN PHLEGAR  
Associated Press Sports Writer

Roberts is going to fall far short of some of the predictions made for him in the season, but the Philadelphia strong boy has had quite a year.

Contrary to some of the optimistic forecasts, Roberts didn't win 30 games.

He pitched 400 innings.

He started every third day without a break.

With one more starting assignment to come before the season ends Sunday, the Phillies' leader is sure to:

Win 23 and possibly 24 as many or more than any else in either league.

Pitch more innings than any other pitcher in the National League since Grover Cleveland Alexander in 1920.

More than anybody except Grover Cleveland Alexander in the league since 1920.

Start more games than any other pitcher in the league this season.

Win his 23rd game Sunday night, edging New York Yankees 2-1 on six hits. It was his 40th start and his 33rd win.

For the 14th time this season he didn't walk.

After a week month starting August, Roberts' control has been phenomenal. He has been in strikeouts 16 and has walked only 61 in an average of less than one in every four innings.

He probably will start against the champion

Brooklyn Dodgers. So far he's worked 340 innings, 10 more than last year. With another two innings there'll be nobody between him and Alexander on the workhorse list. Alexander pitched 389 innings in 1916, 388 in 1917 and 363 in 1920.

### EXCELLENT PERFORMANCE

Another pretty fair pitcher, who turned in one of his usual excellent performances Wednesday night was Warren Spahn of Milwaukee Braves. He beat St. Louis Cardinals 2-1 for his 22nd victory.

The combination of Roberts and Spahn moved the Phillies and Cards into an exact tie for third place. Each club has three games to play.

In other action Wednesday the pennant-winning New York Yankees defeated Philadelphia 3-1 and Cleveland clinched second place in the American League for the second straight year with an 8-3 verdict over Chicago.

Larry Doby broke a 3-3 tie in the eighth inning with his 29th home run. Bob Lemon went the distance for his 21st victory.

Cincinnati nursed its hopes for a fifth-place finish with a 4-3 decision over Chicago Cubs. The Redlegs, assured of at least sixth, where they've finished the last three seasons, trail the fifth-place Giants by a game and a half.

Ed Lopat took a seven-inning world series workout against the Athletics and everybody on the Yankees was satisfied. He gave up a run, eight hits, walked no one and struck out four.

## 100,000 Gate Seen Tonight Rocky Still Favorite

MURRAY ROSE

YORK (AP) — Heavy-champion Rocky Marciano's his vaunted wallop in his one-year-old crown against Roland LaStarza, a confident challenger, in a 15-round title fight at Madison Square Gardens.

26-year-old New Yorker believes he beat Marciano in a split decision—in the first meeting 5½ years ago.

He is sure he is going to be official in the ball park with 32,000 fans looking on.

He is the challenger's option.

There were only a few of the experts who believed Marciano would be able to land the numbing blows of his powerful 29-year-old champion.

He was 4 to 1 that the fight would be a close one.

He was 12 to 3 that LaStarza would knock out 9 to 5 that he wouldn't finish 12 rounds.

When money he wouldn't be eight rounds. It was that LaStarza wouldn't be durable Marciano.

THE FIGHTING OUTCOME

It was only light wagers on the actual outcome. Most of the bets were concentrated on how the scrap would go.

BROADCAST

Big time for the outdoor 10:30 p.m. EDT. There is no television or broadcast from ringside.

It will be beamed over circuit to 45 theatres in from coast to coast and radio stations plan summaries at the end of the fight.

Radio station KOL, in the dial, announced that as a public service the fight would be broadcast tonight. This may be a summary may be the conclusion of each Time of broadcast was 9:30 p.m. Seattle time, Prince Rupert time.

The weather man forecast fair and warmer weather.

Jim Norris of the International Boxing Club stuck prediction that the fight would cost about \$400,000. The collect a minimum of \$100,000 from the theatre-cast possible total of \$500,000.

If the total reaches \$500,000, Rocky, in for 42½ percent, will receive about \$170,000. LaStarza, who gets 17½ per cent, will collect about \$70,000. Roland's previous highest purse was the \$13,000 he earned when he dropped the controversial 10-rounder to Rocky in Madison Square Garden March 24, 1950—the turning point in the careers of both fighters.

LaStarza faces his big fight with complete confidence in himself and no thought of any immediate change in his occupation.

"I think I'm going to win. I always think I'm going to win a fight. It'll be a tough fight, but I don't know why I should be afraid."

### Barbara Brent's BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

**MONTREAL, September 24th**—On again—off again! ... Truly, when a quick change of clothes is necessary ... there's nothing like **LIGHTNING FASTENERS** to make them easy to get out of and into! You'll like this Lightning convenience and it will make a big difference to your children. Takes just a jiffy for youngsters to dress themselves when they can zip-jip! into their clothes the Lightning way. And Lightning, Canada's original fastener, is the only zipper with the automatic lock that locks where it stops. Yet it unzips with ease when you want it to. Yes, Lightning Fasteners make quick work of dressing and undressing and they stay secure—work or play.

**Her Hands Are As Soft As**  
**Pretty** as a pair of hands can be. Yet Theo Croner washes 1400 pounds of laundry a year! (And so do you!) She's grateful to detergents for chasing dirt and grease ... and grateful to **JERGENS LOTION** for keeping her hands lovely in spite of detergents. After every chore, she simply smooths pure, white Jergens Lotion on, right away. No sticky film. Being a liquid, Jergens "soaks" just "cool" the hands—it penetrates, helps replace softening moisture. (It has two ingredients doctors use for softening.) More women use it than any other hand care. Use Jergens Lotion—avoid detergent hands. Just 15c, 37c, 65c and \$1.15.

**Be Sure Your Youngsters** eat a hearty breakfast before they go to school. And that means a hot breakfast ... a hot "CREAM OF WHEAT" breakfast. M-m-m-m ... a delicious way to give your family a good start in the morning. You know, 5 Minute "Cream of Wheat" takes only five minutes of boiling to cook to perfect smoothness. And best of all, it's good for you. It contains iron for good red blood and calcium and phosphorus for diets deficient in these elements. So give your whole family—children and grown-ups too, a hearty, hot breakfast. Treat them to their favourite hot "Cream of Wheat".

**Believe Me**, you'll change your ideas about instant coffee—as I did—the first time you try the new **INSTANT CHASE & SEABORN COFFEE**. If your thought of instant coffee as something for the emergency shelf, you'll now want to serve Instant Chase & Seaborn for your regular breakfast coffee. It is 100% real coffee and tastes like it! Gives you all the rich, robust, invigorating qualities of finest roasted coffee—without the grounds. And your hot water makes this wonderful coffee as quickly as you can pour it on—new Instant Chase & Seaborn Coffee is the quickest dissolving on the market. Saves you plenty, too—up to 40¢ a pound compared with regular ground coffee.

**If You're Like Me, You Don't Like The Feeling Of Socks That "Sag"**. That's why I insist on hosiery tops with **LASTEX**. You see, socks (mom's, pop's or the youngsters') made with "Lastex" stay put. They never, never go all droopy and sloppy on you ... no matter how often they're washed. The long-lasting elasticity of "Lastex" makes hosiery tops that **outlast** even the finest knit hose. No wonder "Lastex" is called "the miracle yarn that makes things fit!" I agree! Take my tip ... for perfect sock fit and comfort—ask for socks made with "Lastex".

**There's Still Time To Pick The Best** of this year's finest tomato crop. Just go down to your grocer's and see his "New Pack Parade" of **HEINZ TOMATO PRODUCTS**, fresh-packed for your eating pleasure. Heinz uses nothing but the best tomatoes in their famous tomato "four-some" ... Heinz Tomato Ketchup, Heinz Chili Sauce, Heinz Cream of Tomato Soup and Heinz Tomato Juice. So stock up now with a plentiful supply from this newest Heinz harvest. It's yours for months of happy eating.

## Music, Drama Festival To Be Held May 11-14

The Prince Rupert Music and Drama Festival for 1954 will be held May 11 to 14, inclusive, with Bertram Kurth of Vancouver as adjudicator.

The date was set and the adjudicator named at last night's meeting of the Music and Drama Festival Association.

Mr. Kurth, who has adjudicated here in the past, is supervisor of music for Vancouver schools.

The meeting approved a syllabus for the 1954 festival, and set a deadline for entries which must reach the secretary by March 15. No late entries will be accepted.

The 1954 festival will include classes similar to those in this year's event. There will be choral classes for school and church choirs and other groups; vocal solos and duets; a variety of piano classes including special classes in Bach, Beethoven, Chopin and modern composers; violin classes and some classes for other instruments.

The festival also will include classes in elocution, choral speaking and drama, the latter including a Shakespeare section.

plus a section for folk dancing and ballet or acrobatic dancing. At the conclusion of the session last night, J. S. Wilson, principal of Borden Street School, praised the syllabus committee for its work this year and in the past. Sister Mary Lawrence has been chairman of the committee for the past several years, working with local music teachers.

Among new members attending last night's meeting were Miss Joan Cross, representing the Business and Professional Women's Club; Mrs. B. Eyolfson, of the Girl Guide Association; Mrs. H. Guyatt of King Edward P-TA.

## PERSONALS

Two more parties of touring Americans visited this city yesterday.

They were members of the Kansas and Alabama Farm Bureau, who arrived aboard the Prince George, on her first sailing of the fall and winter run.

The group of about 48, on a tour of Western Canada, went on to Ketchikan last night and will return here tonight to begin their homeward journey through Jasper and Winnipeg.

They were taken on a taxi tour of points of interest in Prince Rupert before boarding the boat again for their trip north.

In charge of the two parties is O. W. Cobb of Kansas City, a representative of the Northern Pacific Railway which sponsors the tour.

Mr. and Mrs. Shelford Darton, 1022 First Avenue West, returned yesterday on the Prince George from Vancouver where they have spent the last two weeks. Mrs. Darton was Prince Rupert delegate to the Canadian Club's regional biennial conference in Vancouver.

Mr. Thomas Beattie, 137 Second Avenue West, has returned from a three-week holiday trip by car which took him to Burns Lake and other district points.

Mr. and Mrs. K. L. Robertson, No. 4, Leeds Apartments, returned yesterday on the Prince George from a holiday in Vancouver, Victoria.

A former Prince Rupert man with the CNR, visiting in the city, is William Armstrong, former freight agent here and now stationed in Edmonton. He is leaving town tonight aboard the George.

Among passengers making the round-trip from Vancouver to Ketchikan aboard the George this week are Mr. and Mrs. L. F. Mulligan of Chicago. Mr. Mulligan is general western freight agent for the Chicago, Aurora & Elgin Railway and the Chicago, North Shore & Milwaukee Railway. They visited briefly in this city yesterday afternoon.

Mr. A. A. Galbraith of Vancouver, CNR assistant district engineer, also arrived here on the George yesterday on a business trip.

Mr. W. M. Cruickshank, CNR district passenger agent in Vancouver and formerly stationed here, arrived here yesterday on the George. He went on to Ketchikan last night and will visit Kitimat and Terrace on an inspection tour before returning to Vancouver.

**WHAT IS BELIEVED** to be the first rigid bracelet completely encircled with diamonds made its U.S. fashion debut at the annual jewelers' exposition in New York City. Dubbed the diamond "handcuff" by designer Marc Koven, it is made of white palladium and is valued at \$15,000.

## District News

**TERRACE**—The Right Rev. Horace G. Watts, DD, will preach at the Harvest Festival service in St. Matthew's Church here this Sunday at 11 a.m.

It will be his first official visit as Anglican Bishop of Caledonia, and with him will be Rev. Davis, recently appointed Field Secretary of the M.S.C.C., who is making his first tour of western Canada.

Mr. Davis flew from the Peace River to Dawson Creek, where he was met by the Bishop. When they reach Terrace they will have visited Fort St. John, Prince George, Vanderhoof, Burns Lake, Smithers, New Hazelton, Kitwanga and Kitwano. After visiting Prince Rupert, Seal Cove, and Port Edward, Mr. Davis will depart for Ocean Falls, arriving in Vancouver and Victoria on October 3.

The marriage was celebrated at the Church of the Sacred Heart on Monday, between Wilfred Alexander, who is on the staff of the Home for the Aged, and Betty Gallogley, who is on the staff of Terrace General Hospital, with Rev. Father Donze officiating. Best man was Omer de Montigny, bridesmaid was Evonne Normandeau. The couple left for Ketchikan via Prince Rupert.

Steven Clare, aged 2 months and 4 days, infant son of Clare Alex and Mrs. Hilda Casselman, was found dead on admission to Terrace General Hospital on Friday, 18th September. The tragedy is believed to be due to natural causes, and final results of the autopsy are awaited by the coroner.

## Choirs Asked To Take Part In Festival

Choirs throughout this city have been asked to participate in a new venture for Prince Rupert, a Christmas Carol festival.

The Prince Rupert Music and Drama Festival Association is promoting the carol festival, and seeking the co-operation of church and school choirs, and other choral groups in the city.

Mrs. F. E. Anfield is chairman of the carol festival committee, which has sent a circular letter to the various choirs, asking them to participate.

Purpose of the festival is to acquaint music lovers in the city with the many beautiful, but little-known Christmas carols. The committee has compiled a list of such lesser known carols and is asking each choir to choose two of them and prepare them for presentation at the festival.

Tentative date for the event has been set at the week of December 7, and it is hoped that, if all choirs participate, the festival will extend over several evenings.

Such carol festivals have become tradition in many eastern cities and more recently, in several British Columbia centres. The festival committee hopes to make the Christmas Carol Festival an annual event in Prince Rupert.

## MAILBOXES TO TALK BACK

DETROIT (AP)—Detroit letter-writers were warned to think they were hearing things if a certain downtown mailbox talks back next month.

The mailbox will be wired for sound from Oct. 5 to 11. When a letter is deposited a voice will remind the writer the advantages of sending letters by air mail. The sound part of U.S. air mail month. It was proposed by the post office department here and approved by the common council.

### Canadians Get Stake Rights

VANCOUVER (CP)—British Columbia prospectors now have the right to stake and hold mineral claims in Alaska, the B.C. and Yukon Chamber of Mines indicated Wednesday.

The chamber said it had received a statement from the attorney-general's office in Juneau, saying native-born citizens of Canada must be accorded the same mining rights in Alaska as they have in B.C. with the limitation that they can't have greater rights than any U.S. citizen in Alaska.

COURTENAY, B.C. (CP)—Spectators gasped when they saw a man performing acrobatics atop a 100-foot spar. After toppling the seven-foot top section of the tree, the daring logger stood up straight and was recognized as Swanty Kyollen, 60-year-old grandfather.

### Boxer Tries To Injure Self in Jail

VANCOUVER — Condemned murderer Charles Mathews made a "hysterical" attempt to injure himself in the death cell at Oakalla prison Wednesday, but Warden Hugh Christie said the injury was not serious.

Mathews, whose death sentence appeal was rejected by the B.C. appeal court Tuesday, was restrained by prison guards. Christie said several long scratches, apparently inflicted by fingernails, were found on Mathews' arms. A professional boxer who fought under the name of Sonny Jones, Mathews was convicted of the hammer-slaying of Mrs. Los Angeles Smith in her home last March. He is sentenced to hang Oct. 27.

### Assembly Debate Reaches Half-Way Mark in Debates

UNITED NATIONS, N.Y. (AP)—The UN General Assembly reached the half-way mark in its policy debates today with a major British declaration slated to give strong support to U.S. views on the Korean peace conference makeup.

Eleven countries, including two Iron Curtain delegations, were on the day's list of speakers. Britain's minister of state, Selwyn Lloyd, was scheduled to take the rostrum late in the morning session.

Lloyd previously had told the assembly in procedural discussions that Britain was against reopening debate now on the Communist Chinese demands for an expanded "round-table" peace conference with four Asian countries and Russia included as neutrals.

Russia's Andrei Vishinsky fought hard early in the week to get the assembly to reconsider the stand it took in August that the conference should be a two-sided parley with only belligerents representing the UN. He failed, but is expected to try

again to force a debate on the Chinese demands. Lloyd, in a prelude to today's statement of British policy, said the Red Chinese and North Koreans should accept the suggestion of chief U.S. delegate Henry Cabot Lodge, Jr., that the peace conference itself determine whether any "neutrals" be invited.

The whole tenor of Britain's statements in the UN during the debates has indicated that the British-American breach, caused by U.S. opposition to India as a peace conference member, has been repaired.

The two Allies also are sticking together in support of Turkey for the security council seat which Greece will yield at the end of its two-year term in December.

Poland is being pushed by the Soviet bloc for the Greek seat on the ground that it belongs to an east European country friendly to the Soviet Union.

Both Turkey and the Philippines were among the 14 UN Allies sending troops to Korea and both vote solidly with the Western democracies.

### BLACKWOOD on *Bridge*

By EASLEY BLACKWOOD

Mr. Meek's Good Lead Is Opponent's Downfall

Mr. Meek is a good opening leader. One reason is that he gets plenty of practice. He defends on more hands than anyone else, including hands where he should have bid more and become the declarer himself.

In today's deal his opening was a real killer. He decided on it by a process of elimination. First, there appeared to be no point in leading clubs. Setting up dummy's club suit would probably be exactly what Miss Brash would do herself, as soon as she got in.

Apparently a diamond lead could gain nothing. It was likely that diamonds would be dummy's shortest suit. As to hearts, Mr. Meek had the top three cards in the suit and, if the defenders had a heart winner, it could be cashed later. That is, since Mr. Meek had a trick in both diamonds and clubs, there was no chance of Miss Brash running away with the hand.

This left only spades and Mr. Meek led the trey of that suit. Mr. Abel's queen forced the ace. Miss Brash laid down the ace of diamonds and followed with the queen. Mr. Meek won with the king and persisted in spades, driving out dummy's king.

Now, since clubs were not yet set up, Miss Brash had no way to get away from a spade loser and down she went.

If Mr. Meek had made the "normal" opening of the king of hearts, the timing of the hand would have passed over to the offensive side. Miss Brash would have ruffed and knocked out the king of diamonds. A spade return at this point would have been too late.

Miss Brash could have won picked up the last trump and led clubs until the ace was knocked out. Then she could have won any return and parked her losing spade on dummy's club suit.

# AMAZING NEW INSTANT COFFEE SPARKS REVOLUTION IN BREAKFAST HABITS OF NATION

**Changeover Comes Fast as Women  
Abandon Coffee Pots and Messy Grounds  
for Matchless Speed and Satisfaction  
of Chase & Sanborn's New "Instant"**

You just can't deny it! When the coffee pot disappears from innumerable breakfast tables across the land, some sort of revolution has hit the Canadian breakfast scene.

And it's happening! In a fast-growing number of homes in every community the breakfast coffee isn't brewed, perked, strained or dripped any more —

Coffee's made—glorious, fragrant and zesty—the moment hot water hits a spoonful of wonderful new Instant Chase & Sanborn Coffee!

Any woman would be glad to say farewell to stained coffee pots and sloppy grounds. But it has to be an "instant" of exceptional merit to change her allegiance. For breakfast coffee, particularly.

**New Process Perfected**

If anybody could produce such an "instant" it would be Chase

& Sanborn, with its unrivalled background of nearly 100 years as the nation's leading coffee house. Not until Chase & Sanborn scientists had devised a revolutionary new process was it possible to perfect this delicious new form of breakfast coffee.

This marvellous process extracts the flavor, color, aroma, and all the deepdown goodness of the finest selected coffee beans. There you have your morning coffee—in rich, coffee-colored granules—100% real coffee! Nothing whatever to do but add hot water and enjoy its flavor and heart-stirring lift.

**Big Savings, Too**

And with new Instant Chase & Sanborn you not only economize on time and work. You save money—up to 40¢ a pound on your coffee bills. No wonder it's being served in more and more homes every day.

They're not  
just talkin'

## THIS REALLY IS

## REAL COFFEE!

Yes, this instant coffee is a far cry from the weak, disappointing coffee substitutes. It's potent, full-flavored, 100% real coffee!

But there's only one way to prove it. Get a jar of New Instant Chase & Sanborn. Taste that freshly ground coffee flavor—so good you'll make it your regular coffee!

Now!..the Flavor and Aroma of  
Freshly Ground Coffee Instantly!

They've switched to new Instant Chase & Sanborn for breakfast and they love it! No more coffee stains or grounds in her modern kitchen.

The laugh-loaded salute  
to our P.W. heroes!
