GIL KENT (left) is on her way up the ladder as a bright star, having recently put at a New York City night club, but she's not yet successful enough to have a dresser like her famous mother, June Haver (right). Mom is not the only star in the family. Famed stripper Gypsy Rose Lee is her aunt. As if all this background of acting isn't enough for success, April is attempting to reach the top on her own. She lives in a flat and spends her time studying dancing, singing, painting and the violin.

Reference To Be Given Shipyard Kept Open

negotiating to buy the minimum amount of equipment required to continue operations here, Mr. Allen said the ship shed, the machine shed, one marine railway and at least one section of the dock would be necessary to carry out any kind of useful work. He said that if no sale was made by the stated deadline of September 30, presumably the CNR would discontinue operations and the plant would close.

Referring to the development at Kitimat, he assumed this had been considered before a final decision was reached but, since he had not been present at cabinet deliberations, he could not say what conclusions were reached on this subject.

Mr. Allen said that numerous inquiries had been received from prospective buyers but that many of them could not be considered seriously. He added, however, that there were several receiving close attention.

Mr. Allen will depart by boat for Vancouver tonight.

be the minimum amount of equipment required to continue operations here, Mr. Allen said the ship shed, the machine shed, one marine railway and at least one section of the dock would be necessary to carry out any kind of useful work.

Referring to the development at Kitimat, he assumed this had been considered before a final decision was reached but, since he had not been present at cabinet deliberations, he could not say what conclusions were reached on this subject.

Commission Will Meet City Group

Officials of the B.C. Power Commission have accepted an invitation of the city of Prince Rupert to meet at Victoria next Wednesday to discuss this city's power problem.

Mayor George Hills today received a telegram from E. D. C. Wilson, secretary of the Commission, advising him that the chairman, Thomas Crosby had agreed to a meeting at 10 a.m. April 21.

The mayor plans to leave here by boat Sunday night and Ald. Mike Krueger and Ald. Ray McLean plan to fly down on Monday.

The committee of three was appointed at last Monday's council meeting.

More than two years ago the city asked the power commission to become suppliers of power for this city, replacing the Northern B.C. Power Company, which held the contract from 1929 until last March 31.

Two Former AEC Chairmen Plan To Testify For Oppenheimer

WASHINGTON — The two former chairmen of the United States Atomic Energy Commission plan to testify at the security hearing for pioneer atomic scientist J. Robert Oppenheimer — both of them apparently in his behalf.

David E. Lilienthal, who headed the commission from the time it was formed in 1946 until 1950, said in a statement in New York Wednesday night that he will testify for Oppenheimer.

Gordon Dean, who succeeded Lilienthal and served until last summer, said he had been asked to testify by Oppenheimer's counsel. While he would not discuss what he will say, his acceptance of an invitation by the defence presumably means his testimony will be favorable to Oppenheimer.

Prince George Ends Season From This Port

The Canadian National Steamships' Prince George will pull out of Prince Rupert harbor for the last time of the season tonight, heading south for an overhaul before starting her summer cruise schedule.

The CNS Prince Rupert will take over the regular Vancouver-Prince Rupert-Ketchikan run, leaving Vancouver Monday for her first trip.

The George, which has been on the coastal run during the winter months, will begin her summer cruise sailings with two charter voyages to Alaska, followed by eight scheduled 10-day cruises from Vancouver to Skagway and return.

The first charter run will take Rotarians from Minnesota to Alaska. The second trip will be with members of the United States Presbyterian Church.

Accused Conducts Own Case; Denies Knowing Wife In Danger

Jury Fails To Agree On Verdict

Accused Sent Back to Jail

A 12-man jury was unable to agree on a verdict in the case of Mervyn Edward Schultze, who is accused of assaulting a two-year-old girl at Kemano last Jan. 1, and was discharged late yesterday by Mr. Justice J. M. Coady.

Schultze was remanded to custody and a new trial set over until the Fall Assizes, tentatively set to open here Oct. 4.

Accused is expected to be returned to Oakalla prison where he has been held since shortly after his arrest when he was unable to post \$5,000 bail.

"We haven't reached a verdict. We are unable to agree," said foreman Thomas A. Newton after the jury filed into Supreme Court at 3:50 p.m. yesterday following five hours and eight minutes deliberation.

Asked by Mr. Justice Coady if it was the jury's decision that it would be useless to continue, Mr. Newton answered in the affirmative.

"In that case, I will have to accept your verdict," he said, advising them to report with other members of the panel drawn up for these assizes at 9:30 a.m. Tuesday.

Besides Mr. Newton, other members of the jury were: Marc Cavanaugh, Thomas M. Christie, A. N. Meyer, Mark R. Hill, A. W. Burnip, John Munro and W. G. St. Clair, all of Prince Rupert; A. T. McIntosh, Ocean Falls; Christian Haugland and G. R. Hamer, both of Terrace, and A. H. Dockerill of Telkwa.

The jury returned for further instruction at 2:30 p.m. yesterday but otherwise remained behind locked doors for the full five hours.

Cancer Group Ready For Drive Next Wednesday

The chairman of the Cancer Society drive said today plans have been almost completed for the one-night canvass here next Wednesday.

The various service clubs have again selected teams to assist.

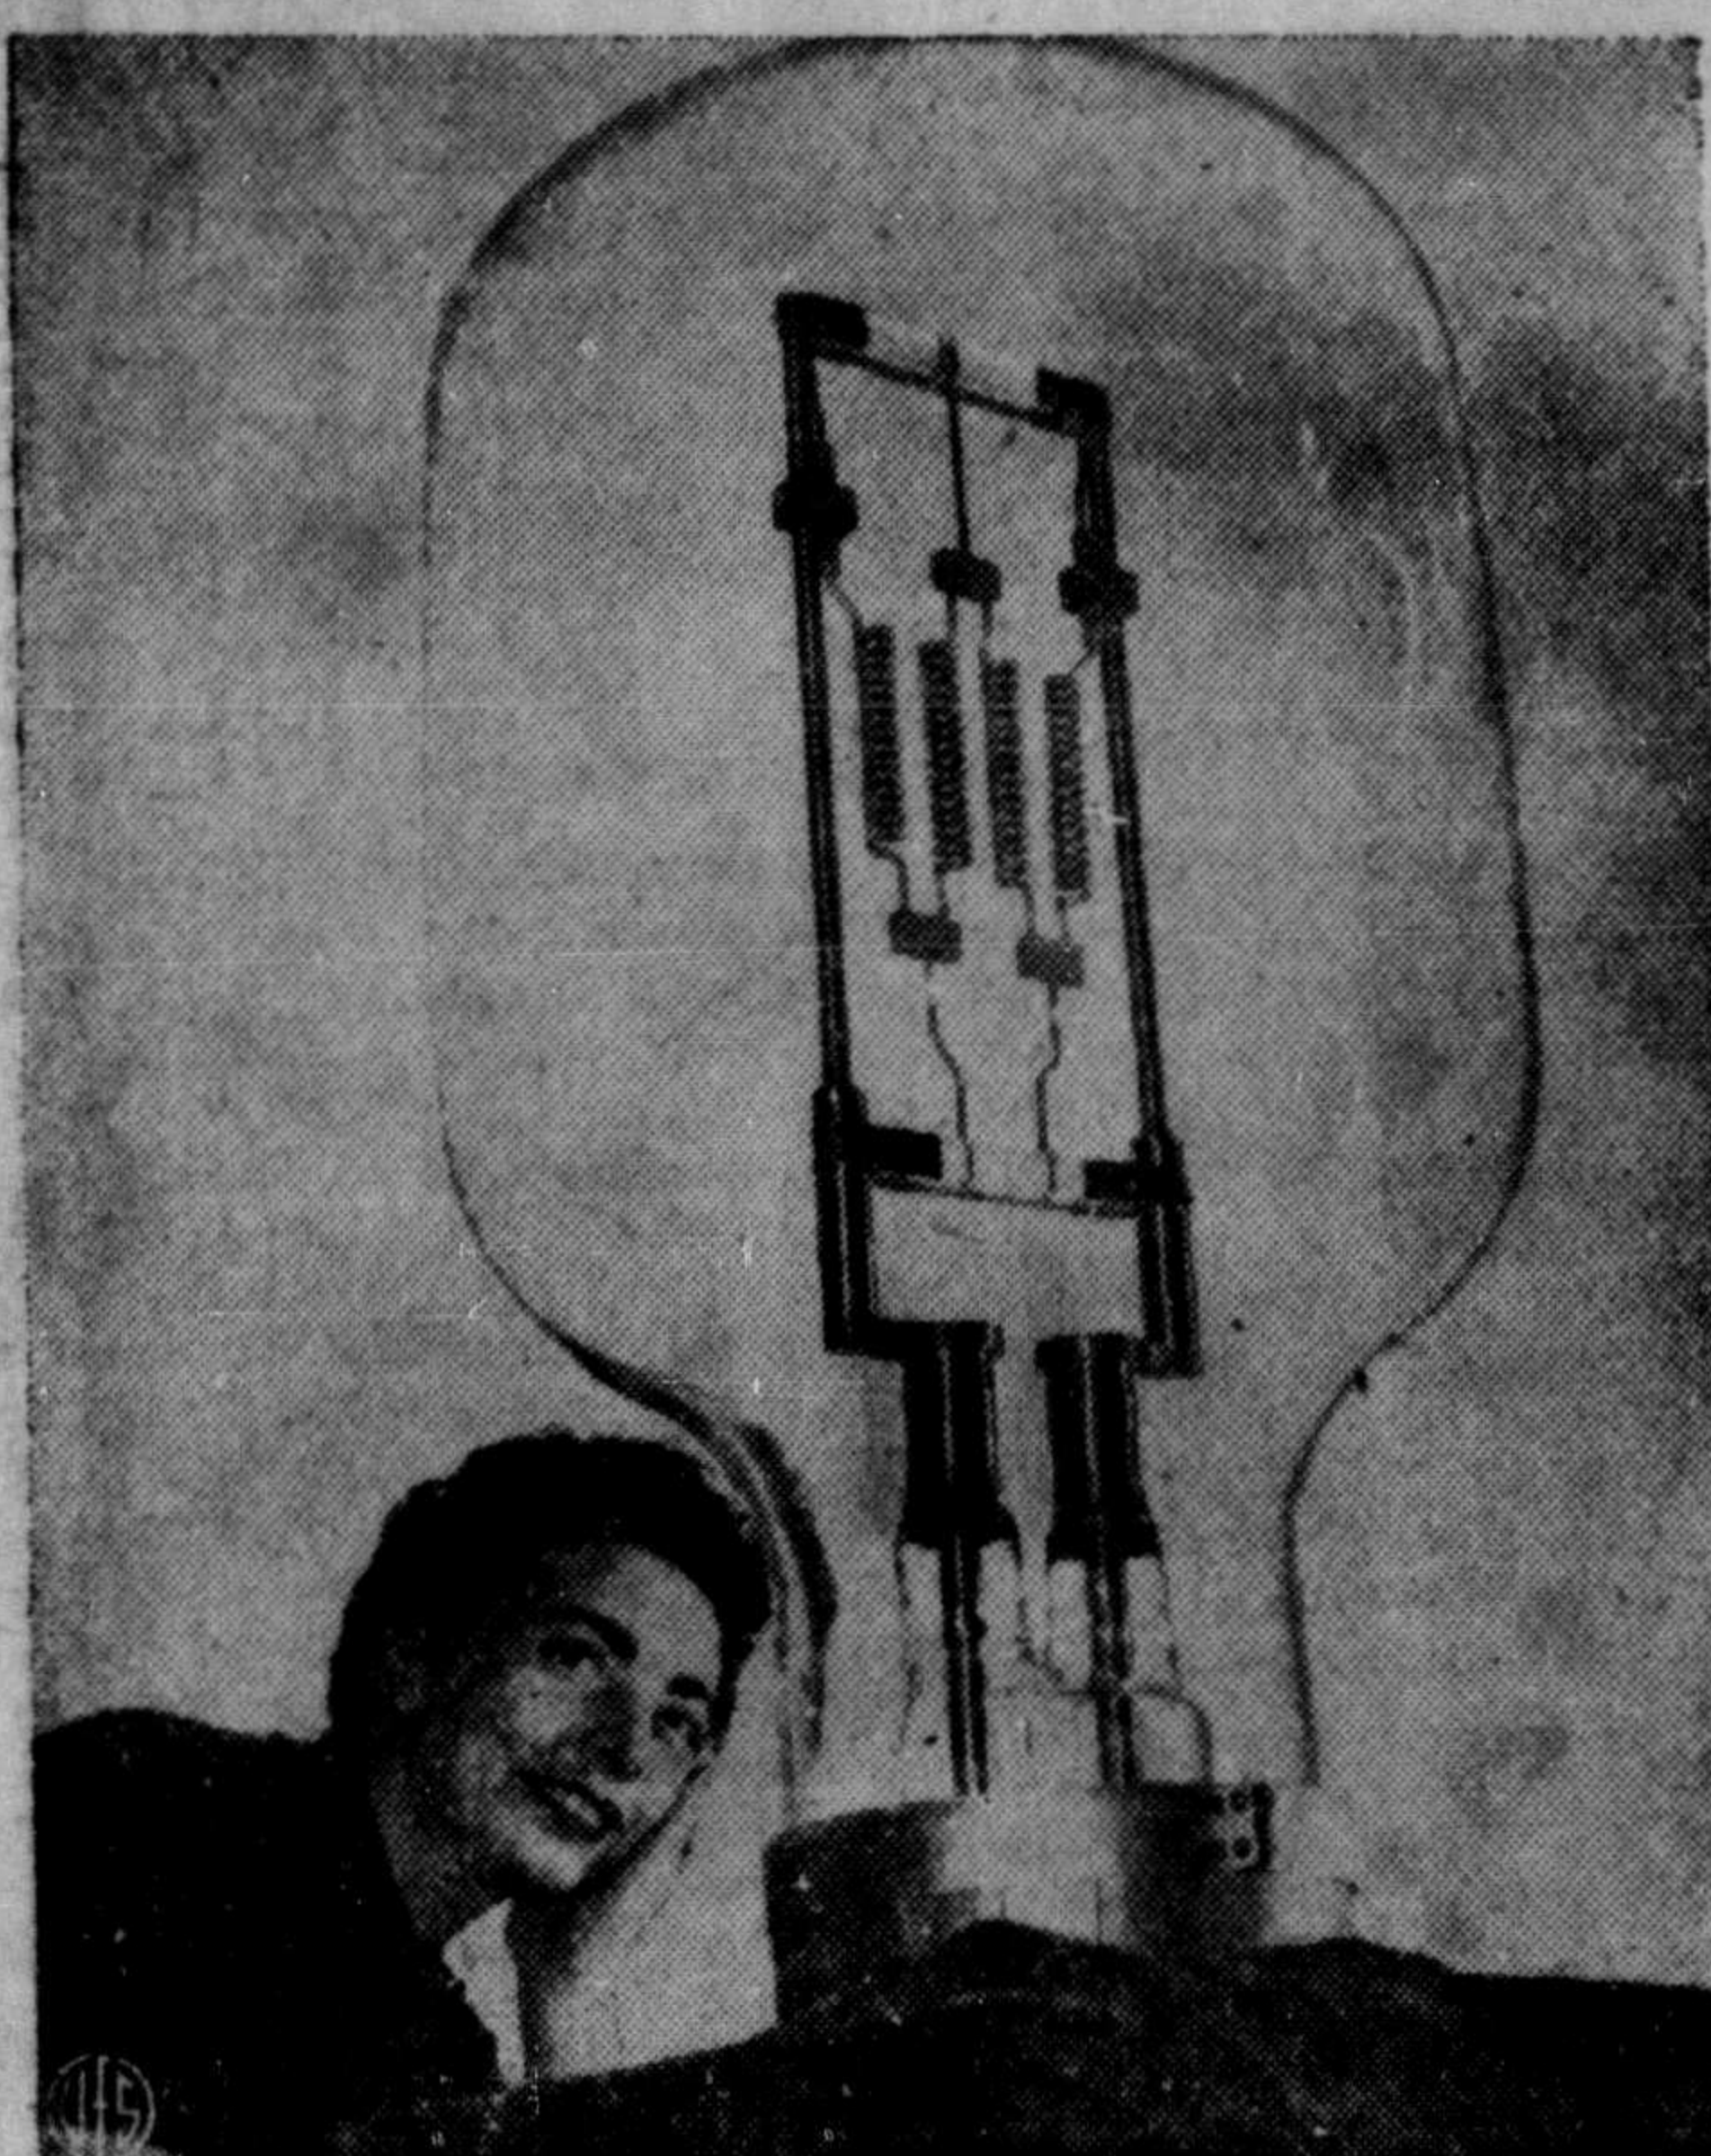

This being pay day for hundreds of citizens, officials expressed the hope that all would save some portion of their earnings to donate to the Cancer Society to help in its fight to beat the disease.

Vietminh Troops Take Part Of Airstrip Near Fortress

HANOI, Indo-China — The French high command announced tonight that Communist-led Vietminh troops had succeeded in entrenching themselves in the northern part of the main airstrip of the fortress of Dien Bien Phu only 2,400 feet from the heart of the bastion.

An earlier announcement said the rebels had been driven off after blowing up the northern end of the airstrip in a night attack.

The Communist-led attackers got within 100 yards of the French defenders in the hard-pressed northwest corner of the fortress where the airstrip lies. With Bangalore torpedoes, high explosives on the end of bamboo sticks, they managed to rip up

THE LARGEST LIGHT BULB in the world inspires awe in the face of pretty Marilyn Saracco, Chicago model. The 75,000-watt incandescent light bulb was produced by General Electric as a feature of the company's observance this year of the 75th anniversary of Edison's most-famous invention. It would take 2,874 60-watt household bulbs to produce as much light as this giant bulb. It uses enough electric energy to light 83 American homes as they are normally lighted today.

\$36,224 Asked by Board For Parks Upkeep in '54

The city board of park commissioners set the sum of \$36,224 as being the amount that will be needed to improve and maintain its parks and play areas during the coming year.

The budget will be presented to the city council at its next regular meeting April 26, for consideration in estimates.

Since last year, when parks board hired its own men and carried out its own work, the city public works department has taken over the actual work and its supervision. The parks commissioners now set the parks policy and control parks programs.

First item on the budget therefore is the \$2,000 the board has to pay the public works department for supervision of parks projects. Another major item, is the city's collection of valuable totem poles presently undergoing repairs and \$2,000 has been asked to complete the job. Repairs to the Rotary tennis courts, also under parks board jurisdiction, call for another \$1,350.

Repairs to park and playground equipment can be cleaned up for \$500 the board feels, while painting, fixing and supplying of benches and seats for the parks will also cost \$500.

Installation of more bleachers for parks where ball games are played call for \$900, and painting of the swimming pools in McClymont park will cost \$400.

Greek Grain Ship Arrives in Port

A grain ship, the Audrey, of Greek registry, arrived in port here last night to take on a load of barley, bound for Japan.

The 9,700-ton ship berthed here at 8:30 p.m. Wednesday and is expected to leave early next week.

Ran All Way Home After Calling Aid

Charles Robinson, 31-year-old fisherman charged with manslaughter in connection with the death of his 27-year-old common-law wife last February 16, today took the witness stand to testify on his own behalf.

In measured tones and carefully chosen words, Robinson related events which led to a drinking party Feb. 12, a Friday, after which he took Violet Sampare to their joint home in an unconscious condition.

On the following Monday afternoon, he called Dr. L. P. Charbonneau. That night the doctor told him, the witness said, that Violet had a fractured skull and her condition was "serious."

"That was the first time I knew she was in danger of her life," Robinson said.

"Had I known it was so serious, I would not have hesitated to take her to hospital," witness said huskily, his voice breaking.

After his wife had not spoken to him on Saturday and Sunday, nor had got out of bed, accused said he decided "that she should go to hospital."

He said he washed her before calling the doctor and noticed for the first time a wound on the left side of her head "beyond the hairline."

"Then I got scared and ran to call the doctor. Dr. Charbonneau told me to get her to hospital in the ambulance. I ran all the way back after phoning the ambulance. I didn't want to leave her alone."

"I hadn't left her alone all the time," Robinson told the court.

CALLED NO WITNESSES

Robinson is conducting his own case in the current assizes before Mr. Justice J. M. Coady. He called no other witnesses. The prosecution, conducted by T. W. Brown, QC, completed its case yesterday.

The case is expected to go to the jury this afternoon.

A crown witness, Lloyd Wilson, gave evidence earlier that he had seen the accused push the deceased down a flight of stairs during a drinking bout at his home the night of Feb. 12, a Friday.

Robinson told the court that he had "no recollection" of happenings after the second drink of wine at the Wilson home.

That Friday, Robinson said, he and Violet went into a beer par-

lor and had six beers. They visited two more beer parlors and in each place had six beers each.

Then he said Violet and he returned to the first beer parlor and had some more beer.

"I don't know how many (beers) I had there. The 13 glasses I had already were taking effect." Then they met Wilson and his wife in still another beer parlor.

GOT GALLON OF WINE

The accused said that he suggested to Wilson they get a gallon of wine together.

In the Wilson home, accused said he remembered "pouring one glass apiece. I remember draining my glass and pouring another one, but I don't remember drinking it. That's all I remember until I woke up about 2:30 in the morning."

Speaking slowly in a moderate voice, accused continued to relate events which followed after he found Violet was "still drunk and asleep." He got a taxi to take them to their own home about "a quarter to five."

"She didn't wake up so I packed her out."

Robinson said Violet made no sound the next day, except to ask for water when he offered her food.

"I thought she was mad at me for something."

In cross examination by Mr. Brown, Robinson denied that he had in the past "been very rough to Violet."

He admitted his wife had complained to him about his slapping her, but "not to the extent of having bruises."

DIDN'T DRAG HER

Mr. Brown asked accused if he had knocked Violet down in a downtown street in August, 1953, then dragged her.

"No."

"In June, did you strike her?"

"Not that I recall," Robinson answered.

"During the Christmas season did you knock her down in a beer parlor?" asked Mr. Brown.

"I have never been rough to her in my memory," Robinson insisted.

"My conscience is clear," he said.

In answer to Mr. Brown's question whether he felt any responsibility for the death of Violet, Robinson said:

"In a way."
(See earlier story Page 4)

Ted Denning Dies in England

Word has been received here by Mrs. W. E. Denning, 218 Fifth Avenue West, of the death of her eldest son, Edward F. (Ted) Denning, in England where he went in May 1953 for a visit.

Mr. Denning had been living with his aunt, Mrs. Annie Hall, in Wallasey, Cheshire, until his sudden death on April 2.

Mr. Denning was born in Rochdale, England, on August 7, 1919, and came to Canada with his parents at the age of seven months. He received all his schooling in Prince Rupert and was well known to many residents.

He is survived by his mother and one brother, John F. Denning of 1126 9th East.

WEATHER Forecast

North coast region — Gale warning in effect. Intermittent rain today, cloudy with showers tonight and Friday. A little cooler Friday. Southeast gales 40 with occasional gusts up to 60 and decrease to southwest 25 Friday will shift to southwest 35 during the afternoon and evening day. Low tonight and high Friday at Port Hardy and Sandspit 35 and 45, Prince Rupert 35 and 42.

"GO AHEAD—GAWK AT ME. Everybody else does. You're no Tyrone Power yourself, you know. Before you say it—the inevitable 'what is it?'—let me introduce myself. I'm Abu Markub, alias the Shoebill Bird, alias the Whale Head Bird. I've lived in the Washington (D.C.) Zoo bird house for 17 years as a bachelor—a lonely but peaceful life. I was born in the White Nile region of the Sudan and brought to this country with three other Abu Markubs by a National Geographic Society expedition. Statistics? Well, my bill is eight inches long and I stand four feet high. And I hate bill collectors. I'm tired now. Good night."

of City Totem Pole Collection Be Decided Soon Says Balagno

Prince Rupert's valuation of Haida totem poles stay upright around the city until they are stored indoors must be the very near future, the board was told last week.

these poles," board chairman Pat Forman said, "and if he leaves in June the poles won't be finished."

Disappointment in the Prince Rupert Senior Baseball association and the Little League baseball group was expressed by the board since both organizations had made requests of the board and had been invited to last night's meeting to discuss them. Although informed of the meeting, neither organization had a representative there.

The parks commissioners decided to hire Fred Jones, Civic Centre general secretary to direct supervision of the city playgrounds' program. The board

will ask Mr. Jones to submit in writing his proposed program for the playgrounds. All applications for playground supervisors will be channelled to Mr. Jones who will make recommendations to the board for the two needed playground supervisors.

The board granted School District 52 permission to build the new Borden Street school on a site adjacent to the Roosevelt Park baseball field but asked that the board ensure that the playing area is left clear at all times. Also asked of the school board was a definition of the school site's confines and a meeting with the parks board at an early date.

Daffodils Deck Legion Hall For Successful Tea and Sale

Cheerful golden daffodils decked the Legion auditorium yesterday afternoon for the annual spring tea and bazaar presented by the Ladies' Auxiliary to the Canadian Legion, Branch No. 27.

A large basket of the bright spring flowers centred the lace-covered serving table and more daffs were on the tea tables.

Auxiliary President Mrs. V. Duncan opened the tea at 2 p.m. and received the many guests throughout the afternoon.

Mrs. J. Andrew was convenor for the affair at which Mrs. M. Simpson and Mrs. A. E. Dickens, sr., poured tea.

Serving were Mrs. J. Wolstenholme, Mrs. P. Downing and Mrs. A. Stannard while in the kitchen were Mrs. G. Hanley, Mrs. W. Field, Mrs. Fred Barber, Mrs. Keith DeWitt, Mrs. W. Osborne,

Mrs. W. Wallace, Mrs. H. Gable, Mrs. R. Gable.

The bazaar featured a variety of sale booths, including fancy-work with Mrs. W. Rothwell and Mrs. H. Graham in charge, knitted goods and novelties, Mrs. J. Gillis and Mrs. Freida Marshall, delicatessen, Mrs. Fred Reich.

Home cooking Mrs. T. P. Pallant, Mrs. A. Gordon and Mrs. R. Roxburgh, candy stall Mrs. Bright and Mrs. P. Fitzsimmons, aprons Mrs. A. Holtz and Mrs. A. Holbrook, jr. and Mrs. W. Osborne, sr.

Country stall, Mrs. L. Butterick and Mrs. C. Michaloff, white elephant sale Mrs. M. Ryan and Mrs. D. Kerr, baby sitters Mrs. F. H. Lewis and Mrs. D. Gomez. Cashier was Mrs. J. S. Black.

English Lay Reader To Lead Hazelton's Anglican Parish

The Church of England parish at Hazelton will have a new incumbent when A. E. Bennett, licenced lay reader of England arrives Good Friday afternoon.

The Rt. Rev. H. G. Watts, Bishop of Caledonia, announced today that Mr. Bennett and his wife and three children were scheduled to arrive at Hazelton tomorrow. Mr. Bennett will be Hazelton's first incumbent since the retirement of the Rev. E. Bird at Christmas time, due to ill health, after 10 years' service in the parish.

The Bennetts sailed from Liverpool March 30, arriving on April 6 in Toronto where they visited for a few days before starting their cross-country trip. Mr. Bennett, a veteran of the Second World War who served in Germany with the British Army, has assisted in several Anglican parishes in England, in a lay capacity. He was employed in the British Civil Service.

While serving the Hazelton parish, he hopes to continue

theological studies with ordainment his goal.

Australia May Allow Envoy To Deny Kidnapping Charge

CANBERRA (Reuters)—Prime Minister Robert G. Menzies said today he will consider letting Vladimir Petrov, fugitive Soviet diplomat, issue a signed statement denying his wife's claim that he was kidnapped.

Menzies said the kidnapping charge by Mrs. Petrov and other Russians at a Soviet embassy conference Wednesday was "ludicrous." He had announced Tuesday that Petrov, the Soviet

embassy's secret-police chief, had rejected communism, asked for political asylum and turned over evidence of a spy ring in Australia.

A Soviet embassy spokesman today said the embassy had asked to be permitted to see Petrov, whose whereabouts have not been disclosed.

At the same time, informed sources said hundreds of documents handed to Australian security officials by Petrov showed the Russians had not been able to crack the security system at Woomera rocket range or at last year's British atomic bomb tests in Australia.

Two Soviet diplomatic couriers, carrying a bulky suitcase, arrived in Sydney by air today and were met by Russian embassy officials. Passengers on the flight from Rome said the couriers spoke to no one, and were never out of each other's sight.

Prince Rupert's Kinsmen Club is sponsoring the show here, with proceeds earmarked for the kiddie camp and other projects.

Crown Completes Case In Manslaughter Trial

The Crown completed its case late yesterday in the trial of Charles Robinson, 31-year-old native fisherman, charged with unlawfully killing Violet Sampare here last Feb. 16.

Robinson, who is defending himself before Mr. Justice J. M. Coady and a 12-man jury, asked before adjournment for the recall of witness Lloyd Wilson. It is not known whether he will take the stand himself.

Wilson told court yesterday of a drinking party Feb. 12 at which Violet Sampare was injured when she fell or was pushed down the stairs of his one-room home and died in hospital four days later.

Evelyn Wesley, Wilson's common-law wife, who was the fourth member of the drinking party, said she passed out before Violet Sampare was hurt and did not know the circumstances.

Rudolph Kitzritsch, taxi driver, told court he was called about 4:30 a.m. on Feb. 13 to take Robinson and Violet Sampare, his common-law wife, from Wilson's Eighth Avenue home to Robinson's own place on Second Avenue.

HELPED WOMAN INTO CAB

In answer to crown prosecutor T. W. Brown, Q.C., he said he helped accused get Violet Sampare into his cab and that she appeared unconscious at the time.

Dr. L. P. Charbonneau who was called by Robinson about 1 p.m. Feb. 15 said Violet Sampare was in a semi-conscious state when brought to hospital. She had serious wound on her left eye and he considered her condition "quite serious."

He and Dr. Anthony Ralline, who performed an autopsy, both told court the woman would have had a better chance of survival had she been given medical aid sooner.

In answer to Robinson, Dr. Charbonneau said it was his opinion that even a lay person would have realized Violet Sam-

pare should have received medical treatment earlier.

Constables Riddell and Weigerling of the RCMP told of being present in the police station when Robinson made a statement which was admitted into evidence by Mr. Justice Coady after the officers testified that it was made voluntarily and accused agreed.

In the statement, Robinson told of the party, which started in downtown beer parlors and ended with the drinking of a gallon of wine at Wilson's home.

In it, he also said he asked Wilson to say that Violet Sampare fell out the doorway and was not pushed.

She suffered the injury about 7 p.m. February 12. The constables' testimony concluded the crown's case.

First Medical Degrees Be Awarded 57 Grads

The University of British Columbia next week will confer on 57 graduates the degree of doctor of medicine.

Dr. Hartwell, 25, will become an army doctor with the rank of captain.

Mrs. Marjorie Jansch who met her husband at the university spent last summer studying "swimmer's itch" with a parasitology expert to help finance her degree.

Red Hader, 25, worked holidays and nights as an ambulance driver. In addition to financial assistance, he earned valuable emergency experience.

Dr. Weaver, silver-haired and soft-spoken, has been a medical student for 25 years. He was a member of the faculty of the University of Chicago when it was founded in 1890.

Dr. Weaver surveyed the University of Chicago where he was assistant professor. Dr. Weaver surveyed his new home.

THE PROUD OWNER of a "violano-virtuoso," John Plasterer of Gettysburg, Pa., poses with his unusual musical instrument. A plaque inside the machine reads that the instrument has been designated by the U.S. Government as one of the "eight greatest inventions of the decade." It consists of a player piano and a violin. The violin is played by small felt wheels which rub the strings. Only six of these machines have been produced, one of which has been destroyed in a fire.

Hitch-Hiking Viruses in Body May Become Active Anytime

ATLANTIC CITY, N.J. (AP)—New evidence that cancers could be caused by viruses "hitch-hiking" rides through our lives, but attacking only some of us, was described today.

We can acquire the virus hitch-hikers early in life, or even before we are born. They ride harmlessly until something happens. Something can make the virus suddenly dangerous, such as aging alterations in hormones or some other event.

Support for this theory was described to the American Association for Cancer Research in a paper prepared by Dr. Ludwik Gross of the Veterans Administration Hospital, New York.

He finds that in mice a virus hitch-hiker can be the cause of leukaemia, the cancer of the blood.

He begins with a strain of family line of mice which get leukaemia spontaneously. He grinds up the spleen, liver and other organs of such mice, and prepares an extract which contains any tiny particles or viruses for leukaemia in those organs.

Then he injects this extract into baby mice of a different strain, a strain which rarely gets the disease spontaneously. He gives them the injection before the baby mice are more than six hours old, a time when their resistance presumably would be low.

Most of these injected mice develop leukaemia by the time they are 10 months old. This indicates that the injection gave them a virus or some agent which lay dormant for a time, until some change occurred.

Gross finds evidence that the virus can be transmitted by either the mother or father mouse of the leukaemia-susceptible family. Even the embryo or unborn baby of the susceptible strain contains the mysterious agent.

Gross also finds that the extract can cause either leukaemia

New Hospital Design Saves Quarter of Cost

TORONTO (CP)—A new concept of hospital design, expected to effect a saving of 25 to 35 per cent in initial capital and operating costs, has been evolved by the Ontario government.

It calls for a one- or two-floor central unit in which are concentrated all main hospital facilities and a ward for medical, surgical, and maternity cases. The design, which breaks away from the trend to multi-storey buildings, will be incorporated in the new Queensway Hospital to be built on the western outskirts of Toronto this fall.

The expected result is a substantial increase in the number of beds for the same amount of money. Branching out from main units are low-cost, one-storey wings in which the main

bed wards are located producing savings in construction and operating costs.

Each wing, with no basements,

would contain 40 or 50 beds. Plans call for a structure of two floors with a maternity ward on the second floor.

Don't be vague... say

Newcombe Gains Revenge With 6-4 Win Over Giants

By JOE REICHLER

Associated Press Sports Writer

Don Newcombe finally rid himself of the shadow that had hung over him for 2½ years when he hurled Brooklyn Dodgers to a 6-4 victory over the Giants at the Polo Grounds in New York Wednesday night.

Although he wouldn't admit it, the triumph must have been in the nature of sweet revenge for the Negro righthander. It was in the same park back on Oct. 3, 1951, that Newcombe suffered the saddest moments of his life.

That was the fateful day when the Giants' Bobby Thomson hammered that heard-around-the-world homer in the ninth inning of the final playoff game to snatch the National League pennant away from Brooklyn.

Newcombe, who had been batted out of the box earlier in that fatal game, soon after served two years in the army.

The Giant-Longer scrap was the only night affair in Wednesday's five-game schedule. In the afternoon, Philadelphia, behind the four hit pitching of Curt Simmons, vanquished Pittsburgh Pirates 6-0. Third baseman Willie Jones, the former Toronto Maple Leaf star, who was moved up from seventh to lead-off in the batting order, drove in three

Philly runs with a home run, a double and two singles.

In the American League, Bob Lemon threw a three-hitter at Chicago as Cleveland Indians whipped the White Sox 6-3 to sweep the two-game series. The veteran ace permitted only one hit after the first inning. Wally Westlake poled his second homer in two days and his Cleveland teammate, Bill Glynn, socked four singles.

A pair of palpable ninth-inning errors by second-baseman Wayne Terwilliger presented New York Yankees with the winning run at Washington as the world champions nipped the Nats 2-1 behind Eddie Lopat. It marked the 12th straight triumph for the veteran southpaw over the Senators.

Baltimore Orioles achieved their first American League victory in 52 years, edging out Detroit Tigers 3-2. Righthander Duane Pillette permitted six hits.

OUTDOORS

With Marty —

Right now the Cloyah, immediately below the falls, is bouncing with steelheads. Their attitude is definitely antagonistic and they are ready to strike at almost any lure that is thrown at them.

However, only the very occasional fish should be taken into the kitchen if captured. These steelheads have won their way so far upstream in the fight to reach the spawning areas in the lakes, they are so far gone in spawning condition that they are strongly marked to black and red, their flesh is not as good as in bright silver fish.

Many of these steelheads are not able to put up the usual slashing battle and good sportsmanship demands that if an off-color, spawn-ripe fish falls to your skill, he should be returned to carry out the urge which brought him out of the salt-chuck.

Now is the time to practice conservation, there is no need to forego your fishing; have your fun, but bring your tired opponent into water where you may release him from the hook without laying hands on him, then take pride in having let a noble scrapper go to his spawning and the provision of more fishing for you another year.

DON CLAY, erstwhile Bella Coola Forest Ranger, missed out on fourth prize in the 1953 Silver Salmon Field & Stream contest. His 17½ lb Coho would have taken that and the second prize in the Canadian contest as well. We reckon he will not fail to enter these competitions in future, and his transfer to the new post in Smithers provides opportunity to fish the famous Moricetown waters which also abound with oversize salmon and trout.

There is a possibility that the Port Edward Rod & Gun Club will join with the Rupert folk to the mutual advantage of both. The latter's ambitious programs are nicely under way, and the acquisition of the leases near Oliver Lake will make the clubhouse and shooting grounds of easier access to the Edward crew.

Kitimat deserves congratulations for the way their Club is growing. Soon we shall have news of the next Challenge trapshoot which is coming up.

The two teams for the trapshoot at Terrace this week-end are short a couple of guns. Will

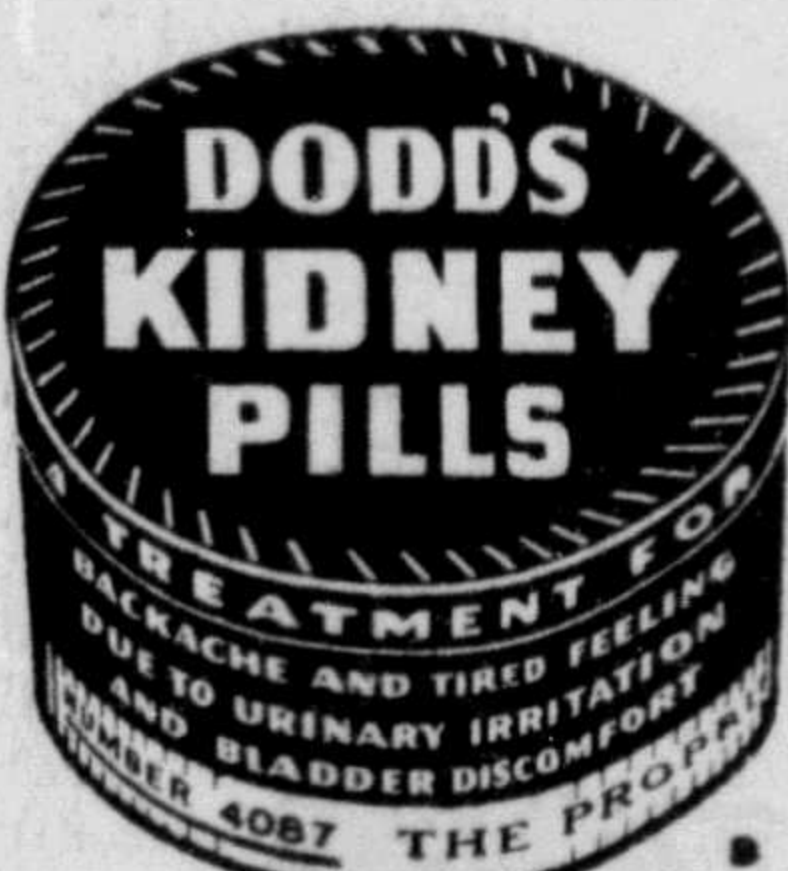

anyone interested and able get in touch with JIM BACON or the Club secretary for transportation and other arrangements?

KISPIX gave up a large number of steelheads during the recent Derby, and at least six of them are worthy international recognition. BUCK MORRIS of SMITHERS reports conditions there still good but fish rapidly darkening.

The Boundary Notices lately posted in the neighborhood showing KATIE ISLAND to be a GAME RESERVE, are a gentle way of pointing out the fact that pertinent laws are due for strict enforcing. This means that illegal traps, firearms, fishing tackle, and running dogs may meet trouble.

There is need for a much closer reciprocity between our Province and certain of the States. In California the very occasional Canadian who would fish salt water there is mulcted \$25.00 license fees, but those Californians who fish our salt chuck may do so without charge, and pay only \$7.00 to fish our fresh water. (This same fresh water providing possibly the finest angling on this Continent.) Over and above all this it is whispered that some guests of our waters reach here by personal airplane, only to depart with a larger bag of fish than even our generous laws permit. Since California sees fit to place a daily limit of 12 on the lowly bullhead, then your columnist believes that our superlative fishing calls for a sizable increase in licence fees, and no limit on bullheads!

Perhaps it will not go very far, nonetheless a bill has been introduced into the Quebec legislature which would entirely prohibit smoking in the woods. Here is food for thought, and a thank you for the wonderful freedom from overcrowding which is still ours.

47 TEAMS SLATED TO ENTER PEE WEE HOCKEY TOURNEY

GODERICH, Ont. —A record 47 teams from Ontario, Quebec and Manitoba are slated to play in the annual young Canada Week pee wee hockey tournament here starting Monday. Last year the tournament drew 32 entries.

Only out-of-Ontario teams are from Winnipeg and Tekiskaming, Que. Also in the tournament are teams from North Bay, Kingston, Toronto and many western Ontario centres.

Wings, Habs Even Steven As Crucial Game Approaches

MONTREAL (CP)—Looking for the Stanley Cup winner on the basis of past performances gets you nowhere and only emphasizes the even length of Detroit Red Wings and Montreal Canadiens.

Both in games and goals throughout the regular National Hockey League season and on into the cup final, now down to the seventh game for settlement, it's virtually a dead heat.

The home-ice advantage that weighed heavily during the NHL campaign disappeared in the cup final, each team winning once and losing twice at home. The deciding seventh game is in Detroit tomorrow night.

In the 14 league meetings each team won six games, Detroit took only one game in seven in Montreal. Canadiens couldn't win at all in Detroit but salvaged two ties.

SCORING RECORDS

In the regular season each team scored 27 goals. The favorable home-ice margin was exactly the same, 13 goals. The Red Wings scored 22 goals in Detroit against Canadiens' nine. In Montreal, Canadiens' total was 18 and the Red Wings' five.

The scoring parity has been almost matched in the cup final. In the six games played, Detroit has scored 12 goals and Montreal 11. Curiously, the visiting team has outscored the home team. The Red Wings have an 8-6 goal edge in Montreal; Canadiens a 5-4 edge in Detroit.

The parallel between the two clubs goes on back into Stanley Cup history. Since the Red Wings came into the NHL in 1926 they have won the cup five times. So have Canadiens, although they were also winners in 1924.

Each team has been a back-to-back repeater once. Canadiens won in 1930 and 1931 and the Red Wings in 1936 and 1937. A win for Canadiens Friday would give them the edge in doubles, since they defeated Boston Bruins in last year's final. Toronto Maple Leafs are the only club ever to win the cup three times in a row, in 1947-48-49.

STILL ON TOP

Montreal's Maurice Richard, who led the NHL with 37 goals

this season, is top man with three. Gordie Howe of the Wings, who had 33 in season play, has scored only once but has been a big threat in every game.

Bernie Geoffrion, a 29-goal man, and Floyd Curry, with 13 during the league season, have each scored twice. Against these two-goal producers, the Red Wings have five—Ted Lindsay, Alex Delvecchio, Johnny Wilson, Metro Prystai and defenceman Red Kelly.

Coach Dick Irvin of Canadiens said he had no lineup changes in mind, indicating that unless something unforeseen happens between now and Friday he is satisfied to stick with the lineup that brought him two wins to square the series.

Stamps Favored To Take Semis After Third Win

By The Canadian Press

The Western Hockey League semi-final between Edmonton Flyers and Calgary Stampede should go the limit with Calgary taking the deciding game.

In the best-of-seven series, now standing 3-2 in favor of Stamps after their 3-1 win last night, neither team has lost on home ice.

The sixth game shifts to Edmonton Saturday night and the seventh if necessary, back to Calgary Monday night.

The fifth encounter was a hard-fought affair, with Sid Finney, Jim McFadden and Max Quackenbush getting in Calgary's locks, while Jim Anderson countered for Edmonton.

Although Calgary enjoyed a wide margin in territorial play all the way, Glen Hall's brilliant work in the Edmonton nets kept the winners from stampeding.

LAST NIGHT'S FIGHTS

By The Associated Press

MIAMI BEACH, Fla. — Billy Kilgore, 164½, Miami, outpointed Jake Lantotta, 177½, New York, 10.

Rookie Gives Sacramento 10-1 Victory Over Rainiers; Portland Edges San Diego

By The Associated Press

It was one of those nights when everything Sacramento did was right, and everything Seattle attempted proved futile. The score, Sacramento 10, Seattle 1, conveys the theme.

Rookie Al Cicotte was in the driver's seat. He allowed the hard-hitting Rainiers only three safeties while his teammates drove out the ace of the Seattle staff, Al Widmar, and continued the attack against Jim Sucheki and Tom Lovrich for 18 hits. Cicotte is a nephew of the Chicago White Sox immortal, Eddie Cicotte, and is on option from the New York Yankees.

Tommy Glaviano, with the Phillies last season, pumped two home runs in the Sacramento game and outfielder Joe Brovia, known more for his hitting than his fielding, started a triple play—the first of the season.

He speared Clarence Maddern's line drive off his shoetops and fired the ball home. Leo Thomas was on second and Ay Zarilla on first. They thought the ball had been trapped and catcher Bud Sheeley fired Brovia's throw to first and it was relayed to second and both runners were called out.

Dick Waibel won his second game as he pitched Portland to a 3-2 decision over San Diego. He bested the veteran Eddie Erault. Both teams got eight hits each but Portland bunched them in the fourth and fifth innings for all their runs. In the matter of statistics, Erault had the edge. He fanned four to Waibel's five, walked only one to Waibel's five.

The Beavers turned in three

fast double plays—and it is no secret that they are going to be tough to score on if their pitchers can keep the ball low with runners on base.

Los Angeles had a runaway against the San Francisco Seals, and won by a 12-2 score. Bobby Usher and Tom Brown hit homers as the Angels collected 18 hits off three Seal pitchers.

Hollywood's Stars finally won another ball game—their second of the season—with a three-run

eight inning against Oakland. The Oaks bowed, 5-4, and Mel Queen got credit for the victory.

Baltimore Takes Day Off To See Orioles

BALTIMORE (CP)—Baltimore baseball fans today stopped talking or listening about the "good old days," and turned to rooting for their own big-league Orioles. There was plenty of excitement in advance of the Orioles' game with Chicago White Sox, first American League fixture here in 52 years. A sell-out crowd of some 50,000 is expected.

Just before the turn of the century the "Old Orioles" won three straight National League pennants and twice took the Temple Cup series, forerunner of today's world series.

Today was practically a holiday in Baltimore. Schools were closed, and most city and court employees were excused from work to watch the game and also the big three-mile-long parade to the stadium, with 33 floats and 22 bands.

Salvation Army Pair Planning To Continue Gospel, Aid Tour
 MONTREAL — For more than a year now two Canadian girls have been driving to out-of-the-way spots in Ontario with their Gospel message and offers of help in all sorts of emergencies.
 Now, Captain Peggy Green and Lieut. Joan Perry of the Salvation Army plan to continue similar missions in isolated parts of Manitoba, Saskatchewan, Quebec and the Maritimes.
 After their present respite in Montreal, they will drive to Winnipeg in May. They plan to be back in Quebec in the autumn, and next spring will go into the Maritimes.
 Known affectionately as the "Salvation Army gypsies," the young women have lived on their small truck and preached from it since it was dedicated in Toronto last year by commissioner William Dalziel, Salvation Army commander for Canada.
 Main object of their venture, say the girls, is to carry the Gospel to settlements where people cannot go to churches.
 They have visited the sick, attended the poor and helped the injured every place they went. Soon after hitting the road last year, the team ran into the Sarnia tornado. They worked among rescue workers and

Ford Output Up 50 Per Cent

WINDSOR, Ont. (CP)—A 50-per cent increase in passenger car production highlighted Ford of Canada operations for 1953, it was revealed in the firm's annual report issued this week.

The company showed a net profit after taxes of \$20,029,513, equal to \$12.07 a share compared to a 1952 net profit of \$15,342,920, equal to \$9.25 a share.

The report said sales of Ford products in Canada were up 26 per cent and a 30-per-cent increase in net profit after taxes was reported for the year ended Dec. 31, 1953.

The company produced more than 155,000 vehicles in 1953, an increase of more than 23,000 over the previous peak in 1952. Passenger car production was 124,185.

Total sales value, \$309,443,029, was highest on record and showed an increase of more than \$41,000,000 over 1952. Canadian sales were \$287,469,995.

Sales of Ford's English vehicles in Canada were up to more than 5,000 in 1953 from a little more than 1,000 in 1952.

That object under the hood is the motor of your car—inspect it regularly—prevent those high repair bills.

LAKE OF WOODS STURGEON ESTIMATED 152 YEARS OLD

FORT FRANCES, Ont. (CP)—Biologists Tuesday estimated the age of a sturgeon caught in nearby Lake of the Woods at 152 years. They said a microscopic examination of a cross section of a fin disclosed the great age of the fish, netted by Harold Johnson of Kenora. What got them curious was the sturgeon's size—it was just under seven feet long and weighed 215 pounds.

BLACKWOOD on BRIDGE

By EASLEY BLACKWOOD

A Good Player Uses His Head

Anybody can win tricks with aces and kings. There is a lot more satisfaction in winning a trick or setting up a winner by more subtle methods, based on sound reasoning.

Today's hand was bid to the hilt to reach a contract of four spades. Mr. Champion opened the king of clubs and, noting his partner's play of the encouraging nine, continued with the ace and a third club. After winning with the queen, Mr. Muzzy looked around for more words to conquer.

The only hole in the enemy's armor appeared (to him) to be the heart suit. Accordingly, he shifted to the jack of hearts at trick four.

Mr. Dale won on the board with the ace, led back a spade and finessed the jack. When this held, he returned to dummy with the ace of diamonds, returned another spade and finessed the queen. He then cashed the ace of spades and spread the hand for 10 tricks.

"Why didn't you lead a club at the fourth trick?" said Mr. Champion disgustedly.

"Because I had counted them," replied Mr. Muzzy defiantly. Pressed for an explanation, Mr. Muzzy explained that he knew he was the only one who had a club after the first three tricks. To lead a fourth round of the suit would give Mr. Dale a discard from his hand while ruffing in dummy.

Mr. Champion snorted. "What could he discard that would do him any good?" he asked. "In the first place he probably had both the king and queen of hearts for his jump bid. Even if he didn't, dummy's cards in the red suits were good enough to take care of his red suit losers."

Mr. Champion was right. The heart lead was pretty hopeless. A fourth lead of clubs, however, would have set the hand neatly. Mr. Dale would have had to ruff with the jack of spades to shut out Mr. Champion's nine of trumps. After that, there would have been no way to keep Mr. Muzzy from winning a trump trick.

No Depression Seen For 1954

UNITED NATIONS, N.Y. (CP)—The head of the International Monetary Fund said this week that the world should not expect a general economic depression this year, though some countries might suffer.

Ivar Rooth, chairman of the board and managing director of the fund, gave this view to the United Nations economic and social council in presenting the fund's 1953 report.

"The recent tendency for U.S. imports to decline has been caused by a reduction of general activity in the United States since the middle of last summer," he said.

While shying away from a hard forecast, he stressed "the importance of the intention expressed by the U.S. government to act rapidly and decisively before the situation tends to deteriorate further."

"The determination of the U.S. government, as that of the governments of many other countries, to take the necessary anti-depression measures should justify the general expectation that, though some individual countries may have special difficulties of their own, there will be no major interruption in the growth of the world economy."

The fund, a U.N. specialized agency, sells governments gold and foreign money to help them to carry on international trade.

Loans For Home Repairs Top Other Bank Lending

By The Canadian Press

A Canadian banker says the figures on small loans made by his bank show that more were floated last year to finance house furnishings and improvements than for any other purpose.

N. J. McKinnon, general manager of the Canadian Bank of Commerce, gave an indication of the borrowing habits and types of borrowers in an appearance before the Commons banking committee in Ottawa. The committee is studying Canadian banking legislation.

Mr. McKinnon's brief, covering the bank's 18 years' experience in the field of small personal loans, showed these things: Loans for house furnishings and improvements in the year ended Oct. 31 totalled 15,145 or 26.7 per cent of the 56,745 loans made. In value, they represented \$6,702,350 or 22.9 per cent of the \$29,200,969 in loans.

Second in number were the 7,782 loans, 13.7 per cent of the total, made to finance automobiles. They were valued at \$6,029,848 or about one-fifth of the total value of loans.

Another big item was the 6,065 loans, 10.7 per cent, valued at \$1,542,933 to finance medical, dental and hospital bills.

Since it entered the small loans field in June, 1936, the bank has made 953,840 loans worth \$248,461,909. In that period, 18.6 per cent have been for house furnishings and improvements, 7.5 per cent to finance autos and 18.7 for medical, dental and hospital bills.

Laborers and artisans have always represented the biggest class of small-loan borrowers from the bank.

In the 18-year period, they represented about 45 per cent of the number of borrowers and they borrowed about 40 per cent of the total loaned.

Office, clerical and non-manual workers represented the second largest group of borrowers both in number and value of the loans they floated.

A large proportion of borrowing was done by persons without bank accounts at any bank.
