## EARTHQUAKE NORTH: POLITICAL SHOCK SOUTH

### MAYOR'S PECULIAR SYSTEM FOR MAKING APPOINTMENT TO ENGINEERING STAFF

**Asks Likely Looking Man on the Street to Apply for Vacant Post Before Resignation of Occupier is Publicly Accepted.**

Frank Bratt, stenographer and accountant in the City Engineering department, notified the City Council last night of his intention to resign, his resignation to take effect on Saturday. The resignation was accepted, in connection with the matter there arose a good deal of wordy warfare over a recommendation made by the Mayor that Mr. Arthur Cuthbert should be appointed to fill the vacancy. The Mayor had seen Mr. Cuthbert on the street and in the afternoon, as he explained, to expedite matters for the Engineering department and prevent a tie-up of the whole works, he suggested to Mr. Cuthbert that he should apply for the position. Fresh on his interview with Mr. Cuthbert, he came to the council

and made the recommendation. It was variously received. Alderman Montgomery had a good deal to say on the matter. He made a motion that Mr. Mason, the acting city engineer, be empowered to fill the vacancy, but found no seconder for it. Later Alderman Maitland came in and made an exactly similar motion, which Alderman Montgomery promptly seconded.

**Morrissey Condemns It All.**

A committee declared the whole plan put up by the Mayor for engaging Mr. Cuthbert was against the clause in the city bylaw relating to the employment of help. He said the Council would have to rescind this clause before they could adopt the Mayor's idea. "It is an extraordinary situation," he said to the Mayor, "Here we have a recommendation from yourself for the appointment of a man whom you met a short time ago on the street to a position which very few besides yourself knew to be vacant. We are a public body doing the business of the public, and this is not fair to the citizens, others of whom may want to apply for this post. As a rate payer I protest."

**The Mayoral Mind.**

"It has appeared in print that Mr. Bratt was to resign," returned the Mayor. "I have no doubt that you know the occasion to which I refer. There was reference made to there being one last rose of summer left blooming alone which clearly indicates a desire to tie up the department. I want to avoid any tie-up of the work being carried on by Mr. Mason. That is my sole reason for recommending Mr. Cuthbert so as to lose no time."

There followed more desultory discussion. The Mayor refused at first to put Alderman Montgomery's second hand motion, made by Alderman Maitland, and asserted his right to talk. Eventually, however, a motion was passed to have the appointment considered by the acting engineer and the Board of Works.

The modern, high class place for billiards and pool. Seale's, Third avenue.

**KATMAI AT IT AGAIN.**

Gordova, July 8.—Earthquake shocks on Saturday night and Sunday were felt all over Alaska. It is feared that Mount Katmai is again in eruption. Wireless connection with Kodiak Island is broken.

### WALKING RACE OVER AGAIN

**Contest Which Was Subject of Dispute Will Be Walked Over Again Tonight—Course as Before—Jumping Contest.**

On account of disputes over the walking race held on Dominion Day the contest will be walked over again tonight. The course is around the block enclosed by Second and Third avenues, McBride and Fifth streets, for two miles. There will be three entrants at least. The contests postponed from Dominion Day will be held also tonight.

### VANCOUVER'S MOTOR SHOW

**Every Firm in the Province Will Have an Exhibit—Twenty Thousand Feet of Floor Space, All Devoted to Motors.**

Arrangements for the big motor show which is to be held at the Vancouver exhibition in August are now being made, and from present indications it will be a huge success. Practically every firm in British Columbia in the modern power trade will have an exhibit, and the horse show building will be filled to capacity. Twenty thousand feet of floor space will be used by the motor dealers in displaying their different goods.

### STILL IN HIS WARPAIN, NOW AFTER CITY SOLICITOR ALD. MAKES CHARGES

**Ald. Montgomery Aims Pointed Questions at Mr. Peters Last Night Regarding Police Matters and Authority Under Which Premises Are Searched.**

Again Alderman Montgomery proved the big gun at last night's council meeting. He blazed away still on the subject of police authority to raid apartment houses in a severe criticism of the city solicitor. He asked Mr. Peters point blank under what act he was working when he supported the raiding system alleged to be going on, and especially the raid on the Houston Cafe. "You have been reported," said Alderman Montgomery to Mr. Peters, "as having quoted section 99 of a certain act in support of the raiding. To what act, may I ask, did you refer?"

"I don't remember at the moment what act I mentioned," said Mr. Peters. "I would need to

prepare and bring in a report on the matter."

Alderman Montgomery added that Chief Vickers had quoted the liquor act when questioned about the authority for the raids, and that it evidently did not apply to municipalities. It did not authorize any such system of raids as was going on in Prince Rupert. He asked that a report be brought in by Mr. Peters, and that it explain fully the authority for the present police system of inspection of premises.

**Two Questions.**

Alderman Montgomery then fired off two direct questions at Mr. Peters. The first was: "If the recent arrest of an Indian for drunkenness was a Dominion government affair, why did the city solicitor figure as the prosecutor?" To this question Mr. Peters did not deign to reply.

The second question put by Alderman Montgomery was: "What right has the city solicitor to threaten a contractor in this city with cancellation of his contract if he does not discharge a certain employee?"

Mr. Peters declared that he had good reason to demand the removal of the man because this man had on oath testified that he had seen another employee of the scavenging contractor's place a sack full of stolen tools into a wagon at night, yet had said nothing about it.

**Morrissey Defends Peters.**

Alderman Montgomery went on to describe what he knew of a conversation between Mr. Weston, the city solicitor and the Mayor in regard to this man and the other, who is now under arrest. He charged the city solicitor with referring to the man whose discharge was demanded as "a dog of the lowest type."

Alderman Morrissey rose in defense of the city solicitor. "If we have a gang of thieves allowed to prowl around our premises by night, then I most thoroughly approve all Mr. Peters has done to rid us of them," he said emphatically. "I certainly stand behind the city solicitor in this."

The council will await Mr. Peters' report.

### PLANS FOR MEETING PREMIER ARE ADVANCED A STAGE OR TWO

**FORMAL OPENING OF THE GOVERNMENT WHARF MAY FEATURE ON ARRIVAL OF SIR RICHARD M'BRIDE—CITIZENS' COMMITTEE AND SUB-COMMITTEES ARE VERY BUSY.**

A well attended meeting of the reception committee in charge of the arrangements for the welcoming of Sir Richard McBride was held at the new city police court last evening. G. D. Tite presided, and the final plans were arranged in a most expeditious fashion. It was decided that if possible the formal opening of the new government wharf should be coincident with the welcome reception upon the arrival of the Princess May with the government party on board. The whole of the committee is to act as a reception committee, and will present an address specially written up on moose skin by

Morte H. Craig. The committee in charge of this are D. G. Stewart, O. H. Nelson, Cy Peck and J. C. McLennan.

A committee composed of the following will endeavor, if possible, to procure a band for the occasion: David H. Hays, Cy Peck and M. P. McCaffery. The financial end of the arrangements are in charge of M. P. McCaffery, Thomas Dunn, J. G. Scott and Peter Black. A committee that will have very important work on their hands—that of preparing a memorandum of requests from the city—will consist of P. I. Palmer, A. J. Morris, J. H. Hilditch, Fred Stork, David H. Hays and J. C. McLennan.

L. Crippen's name was added to the general committee, and the decorations are in the hands of Peter Black, L. Crippen, J. G. Scott, M. P. McCaffery and J. B. Beatty.

The chairman, G. D. Tite; the vice chairman, Dr. W. T. Kergin; the secretary, O. H. Nelson, and William Manson, M. P., were named ex-officio members of the committee. The committee having charge of the preparation of the memorandum to be presented to Sir Richard, will meet in the office of David H. Hays at 2 o'clock this afternoon.

The Chelohsin, which was due from the south this morning at 5 o'clock, had not arrived at the time of going to press.

### A METROPOLITAN SHOW

**Coming to Westholme Opera House Soon.**

The most important theatrical event in the history of Prince Rupert will be the advent of the famous Del Lawrence Stock Company direct from a most successful engagement of 14 months at George R Howard's Avenue Theatre in Vancouver. This company will open on the 17th inst. at the Westholme Opera House in a splendid list of popular plays. The entire company will be brought here, together with the scenery and wardrobe used in Vancouver, and no expense will be spared in making this engagement a memorable one. Further particulars will be announced in a few days.

### NEW ANGLICAN CHURCH DOINGS

**Synod Will Be Held in Prince Rupert This Fall—Bishop Calls Important Meeting.**

The annual synod of the diocese of Caledonia will be held in Prince Rupert on September 24th and 25th, with a Quiet Day conducted by Rev. H. E. Fox, prebendary of St. Paul's Cathedral, London, on September 26th.

The new church at Upper Masset is almost completed and will be opened for service in a week or two.

Bishop Du Vernet, as the senior bishop in British Columbia, has called a meeting of the board of governors of the Anglican College of British Columbia, to be held in St. Paul's school house, Vancouver, on July 17th. This board consists of three clerical and three lay representatives elected by the four diocesan synods with the bishops. Five acres have been set apart on the university grounds at Point Grey for this Anglican college.

Rev. F. Pelham Thorne, B. A., of Cambridge, is leaving England this week for work in this diocese.

The steamer State of California is due to arrive in this port this evening at about 9 o'clock on her way to Skagway.

### BORDEN HAS NO NAVAL POLICY

**Expected That He Will Make an Important Statement to This Effect Tomorrow at Colonial Institute, London.**

London, July 8.—It is understood that at the Colonial Institute, where he is to speak on Wednesday night, Premier Borden will dispel the idea prevalent here that he has come from Canada with a "cut and dried" naval policy. He has stated that he will stick to his previous policy that all sides of the question must be discussed before any final policy can be announced.

### COUNCIL BRIEFS

City Assessor McLennan has applied for, and been granted, three weeks' leave of absence with pay for vacation, his first in two years.

The day load run by the power plant will be maintained, according to report of the committee, confirmed by adoption by council.

Attorney General Bowser has written the council regarding the desired small debts court, saying that he will give the matter his best consideration.

### HEAT WAVE DEATH ROLL

**Alarming Long Series of Fatalities Due to the Torrid Conditions Back East—Nearly a Hundred Children Die.**

(Special to Daily News.)

Montreal, July 8.—The heat wave which is prevalent has caused the deaths of ninety-two children under the age of five during the past few days. The present hot wave is the worst for many years. The water supply is running short.

New York, July 8.—Four deaths were recorded here from heat today. The weather bureau states that today is the warmest July 8 since 1876. At Boston three deaths and twenty-five prostrations were reported. At Philadelphia eleven deaths are reported due to heat and many prostrations. At Chicago five deaths occurred.

### TIRED OF LIFE AT TWENTY

**Poor Little Telephone Lassie in Vancouver Tries to Find Rest.**

(Special to Daily News.)

Vancouver, July 8.—Maud Harris, a 20-year-old employee of the B. C. Telephone Company, committed suicide by shutting herself in a bath room and turning on the gas, igniting the fumes, today. Her lifeless body was found tonight. She left a note saying, "Tired of life."

### POLICE ARE IN NEW CITY HALL

**Handsome New Premises Now Occupied by the Department—Magistrate Holds Court in a Real Court Room.**

The city police court officials are installed in their new quarters in the city hall building and feel very cheery over the elegance, style, appointments, etc., of their new "Hotel de Vickers."

A tour of inspection made by a News man under the guidance of the urbane city gaoler, revealed unlooked for wonders in the excellence of the accommodation provided the city's compulsory guests.

Everything is most up-to-date and in the latest approved style and should have an ameliorating effect upon those whose business necessitates a sojourn under the wing of the City Fathers.

### KELLY FINED TWENTY-FIVE

**Charge of Wounding Amended to One of Common Assault, and Accused is Let Off with Twenty-five Cents.**

John Kelly, the man charged in the police court yesterday with wounding with a knife Dan McInnis and sent up for trial before Judge Young, was arraigned before the latter this morning. The charge was amended to one of common assault, and after a serious reprimand from his honor he was discharged upon payment of a fine of \$25 and costs.

### RACE BETWEEN MAY AND MARY

**Two Fast C.P.R. Steamers Made an Exciting Event by their Run from Simpson to Rupert—Arrived "Neck and Neck."**

Those who happened to be on the waterfront the other afternoon had the chance of seeing a most exciting race to a finish between the Princess May and Princess Mary. The steamers got in line about Port Simpson and decided to make a dash for it to see which would make the Prince Rupert landing first. They ran neck and neck, and when they made the big turn opposite the wharf, were so close together that they looked like one big boat. The May tied up first actually, but that may have been because she had to leave again in a few minutes.

### FESTIVAL OF MUSIC AND SONG

**On Thursday night at 8:30 o'clock a festival of music and song will be given at the Salvation Army Citadel by Major and Mrs. Green, assisted by Miss Minnie Green, Captain and Mrs. Tuttle, Cadet Laycock and other.** Admission by ticket, 25 cents. Doors open at 8. Tickets may be obtained at the citadel. Phone Black 269.

**Best meal in town at Savoy.**

### CAMORRISTS SENTENCED

**Wild Scenes at Viterbo Over the End of the Two Years' Trial, Which Will Go Down to History—Murder Charge Sticks.**

Special to Daily News

Viterbo, Italy, July 7.—Wild scenes marked the sentencing of the Camorrista found guilty of murder today after a two years' trial. Five leaders were given thirty years' imprisonment and ten years' police surveillance. The guilty man cut his throat with glass when sentenced and lay die.

### PRINCE RUPERT TWENTY MINUTES AGO

Certain strivers after honors in the walked over walking race making tremendous resolves to resist the temptation to run.

Residents near the dry docks believe they can account for Cordova's reported earthquake shocks.

Montgomery's knight errantry for poor down trodden "dagoes" evoking equal shares of approval and attack.

Morrissey's "pack of night prowling pirates and marauders" still sending cold shivers down citizens' backs.

Merely Mabel hopes the Mayor won't read any dark designs to tie up the department in today's mention of Rupert roses.

### SENSATION IN U. S.

Washington, July 8.—A nation wide movement is on foot to petition Taft to resign as Republican nominee in order to restore harmony in the party. The idea is to have Roosevelt also step aside, when a compromise candidate will be chosen acceptable to all parties.

TUESDAY, JULY 9

**ROSE PETALS AND OLIVE BRANCHES.**

More than a few citizens, hearing of the Mayor's generous offer of the first chance for a city appointment to a certain well known resident of Prince Rupert, are charmed by Mr. Newton's winsome way of forgetting old scores and seeking to do good to one whom once through his paper he spitefully used. In his latest horticultural role as pruner of olive trees and distributor of their branches, not to mention his notable botanical discovery regarding the last rose of summer, the Mayor is likely to make many friends and give a good deal of innocent amusement.

**THE CHURCH AND THE LABOR PROBLEM.**

"Had the churches played their part in making us vitally conscious that all our opportunities and talents and possessions should be regarded as a trust, to be utilized not for our own ends, but for the benefit of the community, we should never have heard of labor unrest.

"It is because we have forgotten our trust that labor rises and says to us: 'If neither love nor justice can induce you to share the good things of the world with your co-workers on fair terms, we who have suffered for generations must demand our share by force.'"—Mr. Seebom Rowntree.

**A SUMMER ARGUMENT.**

There are certain problems, particularly associated with hot weather, which are puzzling many these days. For instance, is the straw hat really cooler than an ordinary hat, or is it merely the hotter weather which makes the straw hat wearer suffer more? There is room for a nice scientific enquiry into this point. It is conceded that the straw hat blows off the head easier. Ergo, it must be jammed down harder on the head. Ergo, the ventilation is less, and the pressure of the sweat band creates a discomfort which is unknown except when wearing a hard hat with half a gale of wind striking the forehead. Then is a straw hat really cooler?

**THE PURSUIT OF HAPPINESS.**

The whole trend of human experience shows that there is no such thing as happiness as a right; that, in the individual, the pursuit of happiness as an end is disastrous, and that people who spend their lives searching for happiness do not find it. If that is true for the individual it is true for the state. If we follow happiness we can never overtake it; but if we go our way there is a chance that we may meet it on the road. That is not an individual opinion; it is the teaching of human experience. By steadfastly pursuing it one may attain a certain peace of mind; but happiness, never.

**INSTRUMENT TO RENDER  
 TRAIN WRECKS IMPOSSIBLE  
 IS INVENTED IN GT. BRITAIN**

Interesting experiments have recently been made near Birmingham with a remarkable invention designed by the inventor, Mr. H. von Kramer, with the object of preventing train collisions. The inventor's method is to have earth buried wires laid alongside and parallel with each line of permanent way, which will communicate with the signal boxes all along the line. The guard's coach on the train is fitted with a coil framework whence electricity emanates, connecting with the buried wire. The signal is picked up from either the wire or the train by a "detector" and automatically magnified, so that it is capable of operating a bell, hooter or even a brake.

In the guard's van are several electric "solenoids," erected on a marble slab, which are entirely automatic. When the detector operates, one of these rings a hooter, while another is used for pulling a lever in the van which puts on the brakes and stops the train. On the other hand, the train can signal from station to station, sending out a current which operates alarm bells and lamps.

**Use of Detector.**

If the signalman forgets to pull back a lever after a train has passed from one block section into another, this omission is automatically rectified by the current. If the train over runs a signal at danger it will be automatically stopped, and will not be able to proceed until a seal has

been broken in the signal box, where the incident is recorded. This automatic signal will not be blindly relied upon by the engine driver and signalman, but rather increase their alertness, as they are certain of having their mistakes recorded without the question of doubt. There is a recording instrument in each box which when straight indicates that all is right, but if any trouble occurs it goes up at the exact moment of the incident and remains in a position of danger.

**Collisions Impossible.**

An outstanding feature of the invention is the extreme delicacy of the detector, which can be tuned to any pitch and only respond to a similarly tuned instrument. For instance, one tuned to 400 frequencies (vibrations) per second would not respond to others of even 95 or 105 frequencies. Moreover, the detector is tunable to such an extent that the signalman can distinguish between goods, slow passenger and fast trains.

It is impossible for two trains to collide in the same section. If one gets in legitimately it is all right, but if a second runs over the block both trains are automatically stopped.

The experiments are being carried on over a ten mile stretch of the Stratford & Midland Junction Railway between Stratford and Kineton, and so far have proved a striking success.

**CONDITION OF CANADA'S  
 CROPS FOR THIS SEASON  
 FROM GOVERNMENT REPORTS**

A bulletin of the Census and Statistics office issued reports that throughout the greater part of Canada the spring this year has been cold, wet and backward. Continuous rains, especially in Nova Scotia, New Brunswick and Quebec, have greatly interfered with the spring seeding, and at the end of May large areas in these three provinces, particularly on low lying lands, were still unseeded. It is impossible, therefore, to base upon the data at present available complete estimates of the areas sown to this year's principal field crops, and the following are consequently preliminary figures subject to revision at the end of June, when fresh returns after completion of seeding will be made by correspondents of the office. The area under fall wheat, deducting that which was winter killed in Ontario and Alberta, is placed at 781,000 acres. Spring wheat occupies 9,145,000 acres, and the total wheat area amounts therefore to 9,926,000 acres; oats show an area of 9,486,000 acres, and barley 1,429,000 acres; rye, peas and mixed grains have a total acreage of 894,000, and the area of hay and clover is 7,904,000 acres; alfalfa is sown to 112,000 acres. Conditions at the end of May, as measured against a standard of 100 representing

the promise of a full crop, is high for all the products reported on, excepting fall wheat, the per cent. condition of which, viz., 71.46, is lower than that of any of the three previous years at the same date. This crop suffered from the exceptionally severe winter in Ontario and from the lack of sufficient snow protection in Alberta, whilst the cold, wet spring has been adverse to recovery and good growth. The condition of spring wheat is 94.21 against 96.69 last year; oats, 91.67 against 94.76; barley, 91.08 against 93.49; rye, 87.24 against 90.26; peas, 83.85 against 92.15; mixed grains, 87.72 against 93.84. The condition of hay and clover is 96.10 compared with 74.63 at the end of April and 91.45 at the end of May, 1914. Alfalfa, where grown, shows this year an average condition of 90.65. For the three northwest provinces the areas are, as estimated at May 31, wheat, 9,122,000 acres; oats, 5,097,000 acres, and barley 837,000 acres.

The condition of these cereals in the northwest provinces is over 95 per cent. of the standard, except for fall wheat in Alberta, where it is 76.62 per cent. In Saskatchewan the area under fall wheat is estimated at 53,000 acres, and its per cent. condition on May 31 was 93.28.

**READ RECORDS  
 OF DIVORCED**

Before Methodist Clergymen Will Perform Marriage Ceremony All Particulars Must Be Cleared Up and Legality Assured.

Chicago, July 8.—Methodist preachers of Chicago have agreed that hereafter they will not marry divorced persons who refuse to grant ten days for the examination of their records. These preachers believe that this precaution will tend to lessen the number of divorces.

This was decided on after the Rev. Francis Miner Moody of San Francisco, field secretary of the California State Commission of Marriage and Divorce, had told the clergymen that 100,000 divorces have been granted in the last year, this being seven times as many as were granted in Europe.

Divorce, since 1870, has increased three and a half times as rapidly as the population, said Mr. Moody.

**MEETING BETWEEN CZAR AND THE GERMAN EMPEROR**

**IMPORTANT AND SECRET NATIONAL AFFAIRS SAID TO HAVE BEEN DISCUSSED BETWEEN ROYAL REPRESENTATIVES OF GREAT EUROPEAN POWERS AT RECENT RECEPTION.**

Kaiser Wilhelm of Germany, and the Czar of Russia met the other day, and it was supposed to be a Gaspard Alphonso sort of affair in which royalty simply paid compliment to and fro, and had a little light refreshment in between honors.

It turns out, however, that there were other things done between the Kaiser and the Tzar besides the presentation to one another of insignia and orders of high degree. Weighy affairs it seems were discussed between these representatives of great powers, and it is claimed that an attempt was actually made on the part of the Kaiser to undermine the triple entente cordiale and on the part of the Kaiser the

**PRINCE AUGUST WILHELM**

announcement is said to have caused disappointment to Prince August Wilhelm, whose opinions in the matter have certainly not been consulted.

**TONAPAH IS FIRE SWEPT**

Greater Part of City in Ashes—  
 Damage \$250,000—No Lives Lost

Tonapah, July 8.—The greater part of this town is in ashes today, and the loss will total nearly a quarter of a million dollars. Many of the best buildings in the business section were fire swept, including the Stock Exchange. The only wire working out of town is that belonging to the railway. As far as is known no lives were lost.

Best room in town at the Savoy.

**THE GERMAN EMPEROR**

desire has been expressed to make sure that Russia is friendly to him.

The meeting of the Kaiser and the Czar was announced with the engagement of Prince Adalbert, the Kaiser's third son, and the Grand Duchess Olga, eldest daughter of the Czar. This an-

## FORT GEORGE

Fort George is situated midway between Prince Rupert and Edmonton, being at the junction of the two great waterways in B. C.

FORT GEORGE will be the Hub of British Columbia, because the railways have to follow the rivers for a natural grade.

FORT GEORGE will be a great distributing centre, like Calgary, Edmonton, Winnipeg, because all the grain of the prairies will come through there on its way to the coast.

FORT GEORGE will have miles and miles of truckage facilities, also elevators, flour mills, breweries, etc.

Fort George has a good climate and is a good mixed farming country.

FORT GEORGE district and Cariboo district are rich in minerals.

FORT GEORGE will be connected by train with Edmonton by next spring.

Lots in Fort George are selling fast and advancing in price; take advantage of this disappearing opportunity and call at once at

**COLLART & REYNOLDS**  
Box 805 225 6th Street Phone 381

**Roses Football Team.**  
All members and Englishmen or English Canadians interested in football please meet at the Maple Leaf Cafe tonight at 8 o'clock sharp. Important business.

Warm, clean rooms at Savoy.

## RUPERT ROSES CARRIED BY A PRINCE RUPERT BRIDE

Wedding of Miss Julia Brennan, Popular Member of Hospital Staff to Mr. A. O. Oakley Solemnized by Rev. W. Rushbrook at Residence of D. C. Stuart

A very pretty wedding was solemnized yesterday afternoon at the home of Mr. and Mrs. D. C. Stuart, Eighth Avenue, when Mr. A. O. Oakley of the city engineer's staff was united in marriage to Miss Julia Brennan, one of the most popular nurses of the Prince Rupert General Hospital. To the familiar strains of the "Bridal March" from Lehengrin, tastefully rendered by Miss Froud, the bride, leaning on the arm of the host, who gave her away, entered drawing room, which was profusely decorated for the occasion with white flowers and maidenhair fern.

The bride, looking very handsome in a smart travelling suit of brown with hat to match, was attended by her sister, Miss Florence Brennan. She carried lovely roses grown in Prince Rupert, probably the first bride to do so.

The officiating clergyman was Rev. Mr. Rushbrook. Mr. C. C. Purdy ably attended Mr. Oakley as groomsman. Appropriate solos were rendered by Mrs. Jarvis McLeod and the host.

Amongst those present were Dr. and Mrs. Kergin, Dr. and Mrs. Egger, Mr. and Mrs. F. H. Mobley, Mr. and Mrs. D. H. Morrison, Mr. and Mrs. Reitel, Mr. and Mrs. Jarvis McLeod, Mr. and Mrs. Mallett, Mrs. Parkin, Mrs. Hunter, Miss McTavish, Misses Wark, McLeod, Campbell, Fulton, McDonald and Mr. W. M. Wright.

Mr. and Mrs. Oakley left on the Princess Sophia to spend their honeymoon in the land of the midnight sun.

### THE WEATHER.

For twenty-four hours ending 5 a. m., July 9th: Barometer, 30.030; maximum temperature, 61; minimum temperature, 48.
