FORTY SIX HOUR SPEECH

Sir John Simon, Solicitor-General, Sets Up a New Record

London, Dec. 7.—A new record in forensic eloquence has been set up by the solicitor-general Sir John Simon, in the arbitration between the post office, which has lasted for nine and one-half days, or forty-six hours in all.

This beats the previous record, held by the Attorney-General, Sir Rufus Isaacs, whose speech in the appeal court in the famous financial case of Wylar vs. Lewis, known as "the everlasting law case," extended into the tenth sitting. In the same litigation Sir Edward Carson spoke for eight days.

In the period covered by Sir John Simon's address he also delivered long political speeches in the House of Commons and at Bristol and Manchester. Except for a slight hoarseness Sir John was none the worse for his feat.

KING PUNISHES DRIVER

His Majesty Alfonso of Spain in Role of Dumb Animals' Friend

Paris, Dec. 7.—An interesting anecdote of the King of Spain is now going the rounds of Paris. The other day, it is said, a man was driving on a steep hill just outside Madrid a heavily laden cart drawn by two miserable looking horses, both of which looked to be at the end of their tether.

One of them, dead beat, fell exhausted and was unable to rise, in spite of the blows showered on the unfortunate beast by the driver with the butt end of his whip.

At this point a large automobile came into view over the brow of the hill, driven by a young man, with a lady at his side. The motorist took in the situation at a glance and at once stopped.

Getting down, he skillfully raised the wretched horse to its legs, and then proceeded to box the ears of the driver soundly. "Now," he said, starting his automobile, "you can, if you like, go and complain to the King of Spain."

The motorist was Alfonso himself, with Queen Victoria.

PRESIDENTIAL SHOW

Governor Wilson Willing to Have Formal Inauguration Deferred Two Months.

Hamilton, Bermuda, Dec. 7.—Governor Woodrow Wilson is willing to take the oath of office as President of the United States without ostentation on March 4, and have the formal ceremonies, which every fourth year attract thousands of citizens to Washington, postponed until the last Thursday in April. To that extent he has approved the propaganda in favor of a later inauguration, which has been advocated in and out of Congress in order that the event may be conducted at a time when the weather usually is propitious at the national capital.

DYNAMITE FROZE AND FOILED ATTEMPT TO BLOW UP BRIDGE

TWENTY-FIVE STICKS OF POWDER PLACED UNDER TRENT RIVER BRIDGE, NEAR CUMBERLAND—UNION LEADERS DEPLORE THE CRIME

Nanaimo, Dec. 7.—A dastardly attempt to blow up the Trent river bridge with dynamite has been foiled by the elements and the police department is searching for the person or persons who it is believed intended destroying the bridge in order to prevent the hauling of coal to Union Bay, the shipping point for the Canadian colliers.

Twenty-five sticks of dynamite were placed under the bridge, which is thirty-five feet high and has a span of 120 feet. The point where the dynamite was placed is four miles from Union Bay.

Attached to the dynamite was a long fuse which extended 50 yards distant into the woods, where it was lighted. Being a frosty night, the dynamite, according to the police, must have frozen, and by the time the lighted fuse reached the cap the dynamite only burned up in place of exploding as it would have done under ordinary conditions.

To the fact that the night was frosty therefore can be attributed the saving of the bridge. As it is, one of the uprisings to the bridge was burnt through by the burning of the dynamite.

The chief of the provincial police, Constable Stephenson, believes that the malefactor will be apprehended. All union-miners deeply deplore the attempt to commit such a wicked crime.
