## CHARLIE CHAPLIN AT WESTHOLME THEATRE

The management of the Westholme Theatre announces as the headliner for tonight and tomorrow the two-reel Chaplin comedy entitled "A Jitney Elopement." This picture shows Charlie in an auto chase, and he is also seen to advantage using his trusty brick. No one should miss this show as it is one of Chaplin's best pictures.

A fine drama, entitled "The Price," is also shown. This should appeal to the ladies, the dresses shown being very pretty. In addition to this a Gazette will be screened, showing a submarine going at full speed ahead and also submerged. To wind up a splendid program, a two-reel comedy, entitled "Convicts, Costumes and Confusion," will be shown.

## WELSH LADY ADOPTS RELATIVES UNKNOWNLY

A correspondent of the London Morning Post vouches for the truth of the following story: A Welshman and his wife, anxious to adopt a child from among the Belgian refugees, journeyed from Abercrom to Swansea to make their selection. On their arrival they found that there were two young children—brother and sister—who particularly appealed to them and who might be adopted but one could not be taken without the other. In the circumstances, they decided to take both. As the children were being undressed to be put to bed after reaching home a locket was discovered hanging round the little girl's neck. Inside the locket was a photograph which the lady recognized as that of her own sister, who had gone to Belgium as a governess many years before, had married and settled down in that country, and who now turned out to be the mother of the little refugees. She had, therefore, unknowingly adopted her own motherless nephew and niece.—Ex.

## PURCHASING STAFF ALREADY AT WORK

Montreal, June 11.—Though the appointment is one with which the Canadian government is not directly concerned, it is well understood here that Sir Thomas Shaughnessy has been asked to direct in Canada and the United States the purchase of war supplies for the British government.

Sir Thomas' present visit to Great Britain is stated to be at the request of Lord Kitchener. It is understood that before leaving for Great Britain a part of the organization was perfected by Sir Thomas, and that the purchasing of munitions already is being made by a highly competent staff. The British government has had a purchasing agent for months, but the increasing orders and the necessity for better system in the work has led to the selection of Sir Thomas Shaughnessy to direct this important work. To some extent, it is understood, the C. P. R. purchasing organization will be utilized.

## FIERCE RIVER BATTLE FOUGHT OVER DEAD

London, June 11.—The fiercest fighting of the war, as far as the Baltic provinces of Russia are concerned, occurred a few days ago in a battle for the mastery of the Dubysza River, according to The Post's Petrograd correspondent. The river changed hands five times in one day, and at nightfall the stream was completely choked with the bodies of thousands of dead, so a plank roadway for artillery was laid by the victorious Russians across a solid bridge of bodies, the correspondent says.

The Dubysza, although wide, is so shallow it can be crossed on foot at some places. The Russians and Germans met at a ford half a mile wide north of Rossijeny, where they fought all day in the water. There were several bayonet charges in midstream, and all who fell, even though they were only slightly wounded, were drowned. Troops on both sides in their attacks and counter attacks late in the day advanced over the bodies of the dead.

## BRITISH SOLDIER DEFENDS CRATER

London, June 11.—The exploit of a British soldier who lay in the crater made by a shell and hurled back at the Germans bombs which they tossed into the excavation to kill him is related in a dispatch from the front, under date of June 4, from the official observer attached to the British army, as given out in London last night.

"After having got into a German trench and finding he was the only survivor of his party, he managed to crawl deep into a shell crater nearby," the observer says. "The Germans knew where he was, but could not shoot him, and were prevented by our rifle fire from approaching. They therefore contented themselves with lobbing hand grenades into the crater."

"All day long the British soldier remained in the hole, within a few yards of the enemy, picking up and hurling back bombs with which he was pelted. At night he managed to crawl safely back to our lines."

Another incident described by the official observer has to do with an officer and ten men, who, when the Germans stormed and captured British trenches near Ypres, refused to retire. Surrounded by the Germans on all sides, they stuck to their trench in the hope of regaining the lost ground by a counter attack. At nightfall they withdrew, after holding the Germans at bay throughout the day.

### LOCAL BASEBALL.

The Colts defeated O'Reilly's Cubs in a city league game at Recreation Park last night by 12 runs to 9. In spite of rather cool weather for baseball, there was a good attendance of spectators and some really first-rate ball was played after the first inning. In the first, the Colts ran away with 11 runs, but thereafter the game settled down into a very equal struggle, the Cubs striving hard to even up the score.

## MANY REFUGEES LEAVING FAMINE-STRICKEN MEXICO

Washington, June 11.—Ninety Americans, 44 Englishmen, 127 Spaniards and 57 others of various nationalities will comprise the first refugee party leaving Mexico City on the special train which the Brazilian minister, acting for the American government, has arranged.

Other refugees from the famine-stricken capital, who will leave later to join the party at Vera Cruz, will bring the number to more than 600. The British consul had advised American Consul Silliman that many women and children are among the number.

An emergency supply of American food has been ordered to Vera Cruz for the refugees.

The Red Cross has telegraphed Galveston officials to ship 50,000 pounds of corn and 20,000 pounds of beans on an army transport which goes for the refugees.
