Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

## WANT GOVERNMENT TO TAKE TRANSPORT

London Services Do Not Pay, So  
Would Have Country  
Shoulder Loss.

LONDON, Feb. 2.—The traffic combine comprising all the local and metropolitan railroads, including the subways and motor omnibuses, has asked the ministry of transport to take over these traffic systems and administer them, along the same lines as those under which the government is now controlling the main railroads of the country. According to the Mail, the ministry is willing to take over the railroads, but not the omnibuses and is preparing to adopt measures for the control of the former. The application to the transport ministry is said to be in consequence of the prospect of a large loss for the year. This prospect led to the recent proposal to ask parliament to sanction legislation enabling the combine to double the statutory maximum fares. This resulted in a great popular outcry. The combine, with its petition, submitted to the ministry details of revenue and expenditures, and estimated the loss for the coming year at 2,600,000 pounds. The advisory committee of the ministry, after examining the figures came to the conclusion that of this loss 1,600,000 pounds was sustained through running the omnibuses.

## Breaded Chops Without Egg

Mrs. S. has given us a new use for Pacific Milk—Breaded Veal Chops and Cutlets. She first dips the chop in Pacific Milk and then in dried bread crumbs, repeating till sufficient quantity is adhering. Cook in the usual way. This saves eggs and Mrs. S. says the chops are really much nicer this way. Try them.

## LARGE INFLUX OF SETTLERS IN 1920

EDMONTON, Feb. 2.—Advices received by the Canadian National Railway Resources Department from representatives in the States indicate that the movement of settlers from the central, south-western and northwestern States will be larger this year than it has been for the past ten years, declares John Wardrop, general agent of the C. N. R. Resources Department. "Western Canada," he avers, "may look for an exceptionally large influx of settlers during 1920."
