

## VIOLENT ATTACKS OF DYSPEPSIA

Suffered Tortures Until She Tried "Fruit-a-tives"

St. JEAN DE MATHA, Jan. 27th, 1914.  
"After suffering for a long time with Dyspepsia, I have been made well by 'Fruit-a-tives.' I suffered so much that at last I would not dare to eat for I was afraid of dying. Five years ago, I received samples of 'Fruit-a-tives' and after taking them I felt relief. Then I sent for three boxes and I kept improving until I was well. I quickly regained my lost weight—and now I eat, sleep and digest well—in a word, I am fully recovered, thanks to 'Fruit-a-tives.'"

### ENJOYABLE DANCE AT SMELTER TOWN

A record attendance enjoyed the dance and supper given last Friday by the Finance Committee of the Anyox Boat Club, in Recreation Hall. This dance was the third of a series of monthly dances being given by the Club for the purpose of raising funds to pay for their new float and slip, and the dancing public showed their hearty approval of the method in the heavy gate receipt which the treasurer recorded.

The music was furnished by Moore's Music (a business orchestra) and was more than usually excellent. The program contained many of the very latest dances as well as the older figures including the hesitation, half-step, pas-ma-la, quadrille and the standard waltz and two-step, the accompaniments to which show that Anyox is right on the musical map. This thriving smelter town is to be congratulated on its good fortune in having such finished artists as those working with Mr. Moore and their efforts are the more appreciated when it is considered that not one of the organization depend upon music for a livelihood; each and every member of the orchestra was recruited from the working force at the smelter and each is an efficient workman in his particular occupation.

For the annual Christmas dance, given by the superintendent to the citizens of the town, Mr. Moore intends to stage an orchestra of between seven and twelve musicians, all workmen in the smelter, many of whom are well known in Prince Rupert.
