## You Never Know What A Man Will Do

Mrs. Williams has been using Pacific Milk for cooking a long time. Her husband got to using it in his morning coffee so they never buy fresh milk any more.

The other evening Mrs. W. bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."

## PREMIERS WILL MEET NOVEMBER 19 NEXT

The Premier and Prince Rupert's Member Will Represent British Columbia at Ottawa.

It had been the original intention of Sir Robert Borden to call the Convention of Provincial Premiers in accordance with the suggestion of the Premier of British Columbia for Friday, November 16, but on account of the Victory Loan Campaign intervening it has been decided to postpone this important event until Tuesday, November 19. The following wire addressed to Mr. Oliver has been received:

"On account of Federal loan campaign it is thought inadvisable to call the proposed conference of Provincial Premiers before Tuesday, November 19, and it has been summoned for that date. We trust that this slight postponement will not occasion any inconvenience. In view of several important subjects requiring consideration, we have decided to summon the Premiers of all the Provinces for the date above mentioned and formal notice goes out today.

### Broad Policy Wanted.

It will be recalled that Premier Oliver wired to Sir Robert Borden on September 27 last suggesting to the Prime Minister that such a conference should be called in order that a broad Canadian policy might be formulated directed towards an effective settlement in connection with the demobilization of Canada's army.

Mr. Oliver has always maintained that the whole question requires the closest possible uniformity of procedure as between the various Provinces and the Dominion, and to this end the conference is now called. Questions which will be discussed will deal very largely with the development of natural resources, more especially in view of the problem allied with general demobilization and the absorption of the soldier into civilian calling once again.

### Mr. Pattullo Gone East.

Not unconnected with the conference is the trip of the Hon. T. D. Pattullo, Minister of Lands, who left for Ottawa a day or two ago. While important matters of a departmental nature and affecting the future development of the lands of the Province are taking the Minister eastwards, he intends to gather a good deal of preliminary information in connection with his branch of the Provincial administration which may have connection with the subjects to be dealt with by the conference. Mr. Pattullo will meet Mr. Oliver in Ottawa, and discuss with him the result of any investigations that may be found necessary to make.

The Minister of Lands will stay over in Toronto, and go as far east as Montreal. It is understood that Mr. Pattullo will also take up the government matters affecting this constituency.

### ENGINEER APPOINTED

The announcement is made by the Hon. William Sloan, Minister of Mines, to the effect that the Provincial Government has appointed A. G. Langley, Resident Engineer for Mining District No. 5, as its representative to assist the committee selected some months ago, and charged with an investigation into the fairness or otherwise of ore smelting charges at the Trail Smelter.

## Sunlight dispels the shadow that once hung over wash day

IN fact many women do not say "wash day" any more. They say "Sunlight Day". It's a genuine pleasure to use Sunlight Soap because it means an economical wash, it means a quick wash. Why? Because, Sunlight is absolutely pure—you need only half the quantity as compared with ordinary soaps, nor will Sunlight harm any delicate fabrics, or hurt your hands. And it really takes the labour out of the washing in surprisingly little time as you will see by following the directions.
